WES HENSON, his daugh ter, Suzette and his sister Sharon's children Kristi and Ron Winfrey of Dallas enjoy the Shriners bar-be-que.

Art show is big success

Members of the Clarendon Artist Studio were complimented by Robert Chennault, Lubbock artist who judged the 1980 art show for their fine display. The organization, said

Chennault, of a good show is not an accident. Only those who have worked such a show know how much planning, co-operation and down right hard work it takes to put such a display together. Considering the size of the town and the number of members of the organization Chennault had only high praise for the excellent results.

The Artist Studio members and art lovers are indebted to Chennault for his generousity and assistance with their largest presentation to date. Results of the show are as

the campus of Clarendon College on June 17 and is scheduled to run through September 23, 1980. Fourteen students are presently enrolled in the course which consists of 90 classroom hours and 40 hours of in-hospital observation. Additionally, each student will be required to make at least two emergency ambulance

TOO NICE NOT TO print - they are who?

The class in Emergency

Medical Technician began on

runs during the course. During the course which meets on Tuesday and Thursday nights from 6:30 to 9:30 p.m. in room 102 in the college administration building, students are trained in all phases of emergency situations including medical emergencies such as heart attack, diabetes, stroke, heatstroke, etc., and how to handle trauma patients by learning all about bleeding, shock, fractures, spinal injuries, burns, splinting, vital signs, respiratory prodoor Entertainment Associablems, etc. The students also learn cardiopulmonary resusitation (CPR), emergency childbirth, extrication, and much more. In addition to the lectures, much emphasis is placed on the practical application of skills where the students are required to successfully perform all skills. During the in-hospital training, students will spend 16 hours at the Amarillo

Department at Northwest Texas Hospital, Amarillo. By the end of the class, each student will possess the knowledge and ability to handle all phases of Emergency Basic Life Support. Each student will be required by the Texas Department of Health to successfully complete a written and practical examination before they can become certified as Emer-

Emergency Receiving Cen-

ter, 8 hours each in the

Intensive Care and Coronary

Care Units and 8 hours with

CLARENDON JULY 4, 1980 on the Courthouse square.

Center Ratification of GTE contract

Communications Workers of America Saturday (June 28) announced ratification of a three-year contract with General Telephone Company of the Southwest.

Tentative agreement on the new contract was announced June 9 by Federal Mediator Vincent Guy of Dallas. The union terminated a 26-day strike June 11 with employees returning to work beginning June 15.

The agreement increases wages and benefits by over \$42 million over the three-

McLean. "We had a wagon and some extra horses', Russell said, "and when we got down to the river in Palo Duro Canyon it was late in the evening. The fall weather was purty cool. I was driving the extra horses and trying to miss the quicksand places in the river. I got in one and my horse got down in the quicksand.

The water was about a foot or a foot and a half deep and cold. I got wet and didn't have any other clothes. We made camp that night behind a big bluff out of the wind, built a big fire and I dried out by the fire."

"Next morning we left the wagon and went up the Cap Rock on the south side of the canyon. It was too rough to take the wagon."

By the time Thompson's crew had gotten the cows and made it back to the camp it was night. The stock was put in a corner of a pasture with a fence on two sides. To keep them there the crew had to stand night guard and Fred's turn was from 10 p.m. to 1 a.m. "It was a dark night," Fred said, "with no moon and about a mile from where we were camping. That was a long three hours when there were coyote, bob cat, rattlesnakes and a few little brown bears. I didn't see any bears that time but several years later when I was working for the JA ranch I did see some. That night guard was made on the JA ranch." Doing a mans work seemed to be easier than facing the dark advertise the following event night alone and away from in your newspaper next other persons but perhaps in week. the presence of wild animals, for a thriteen year old.

By the next night the stop was made in a lane about three miles south of Clarendon. All four members of the crew were up the entire night on guard. There were fields partment. of feed on both sides of the cattle. The third night was spent on the RO Ranch where the stock was turned

"We turned them loose", Russell continued, "and went to bed. I was ready. Up all one night and part of the one before that is part of the reason cowboy life 65 or 70

By JEANICE WEATHERLY years ago wasn't all fun." said, 'If you don't get up I'll With a grin and a twinkle in Fred Russell, quit school his eyes, Russell added, "I wouldn't take anything for water bucket and I reached

my experiences." Emmett Thompson had a twin brother and they both had the pitch fork brand, Emmett's was the with the handle up and his brother's brand was the with the old big work shoe. His gun handle down. Emmett farmed some of his land with all of the farm land in feed. He hired a farm hand to help head feed and Fred ran afoul of the fellow.

"He hired a big red headed man to help head feed and he carried a big six-shooter all the time. We didn't know where he was from or what he was afraid of. We lived in a two room house with two beds in one room. Red slept with me in one bed and Emmett slept in the other." Russell went on, "It came a big snow and was real cold. Red got up early and told me to get up. I said 'It's too cold to work,' Emmett was still in bed. Red

Lions Elect New International President

William C. Chandler, of Montgomery, Alabama, was elected president of The International Association of Lions Clubs at the organization's 63rd annual convention, held July 2-5, 1980 in Chicago.

As president of the world's largest service club organization, with 1.3 million members in 150 countries and geographical areas, Chandler will act as Lions Clubs International's ambassador of good will, traveling worldwide to observe the many service activities sponsored by Lions Clubs and meeting with heads of state and communities to promote Lionism and the theme of his own presidential program, TOUCH A LIFE WITH

A member of the Montgomery Lions Club for more than 30 years, Chandler is general director of Montgomery YMCA and vice president of an agricultural limestone manufacturing

Tax news

During the next two newspaper advertisements "Notice of Tax

The notices, which include the percentage of proposed tax increase, are required under the state's "Truth in Taxation" statute. They are intended to insure that taxpayers have notice that a jurisdiction's tax revenue is likely to increase, and that they have a right to appear at a public hearing to speak either for or against the

According to Kenneth E. Graeber, executive director of the State Property Tax Board, the notice is required whenever a jurisdiction proposes to adopt a tax rate which is three percent or more above a maximum tax rate calculated by the jurisdiction's assessor. This maximum tax rate is a rate which whould provide sufficient revenue for the current year's debt service and provide operating revenues equal to those of the prior

Graeber pointed out that some confusion exists due tothe calculation and wording of the "Notice of Tax Increase". For this reason, many jurisdictions have chosen to run explanatory advertisements adjacent to the notice required by law.

"It is important that taxpayers be aware that the percentage of increase shown in the notice relates to the jurisdiction as a whole. A specific individual's taxes may increase at a greater rate, may remain the same, or may decrease," Graeber

"The tax bill on an individual piece of property will depend upon the value of the property less any exemptions, multiplied by the jurisdiction's assessment ratio and tax rate," the SPTB official added.

In jurisdictions throughout Texas, compliance with truth in taxation will follow this sequence:

-- After the board of equalization certifies the jurisdiction's total assessed valuation, the tax assessor will calculate the maximum tax rate and publicize it by publication in a newspaper of general circulation in the iurisdiction.

-- If the governing body chooses to adopt a tax rate which does not exceed the calculated rate, it may do so at any meeting. Other items of business may be on the agenda but the tax rate jurisdiction's budget.

--If the governing body determines that a rate which exceeds the three percent limit must be adopted, the members must give notice of a public hearing on the intent to adopt a higher rate. The jurisdiction must publish a notice no smaller than onequarter page of a standard-

and must set the date of the public hearing at least seven days from the date the notice is published.

The date, time and location of the public hearing must be stated in the notice. The date must be on a weekday and not a public holiday. The hearing must begin after 5 p.m. and before 9 p.m. The location must be in a public building in the jurisdiction's boundaries.

Names of all members of the governing body, showing how each voted on the proposal to raise the tax rate and indicating those absent, must appear in the notice.

As an option, the jurisdiction may mail the notice by firstclass mail to each registered voter. If published in a newspaper, it cannot be in the section with legal notices and classified ads.

At the public hearing, should be adopted as a the discussion of the tax rate separate item from the should be the only item on the agenda. Taxpayers should be given ample op-portunity to express their opinions and discuss the issue with members of the governing body.

At the conclusion of the hearing, another record vote must be taken for the purpose of a second public notice. In addition, the size or tabloid newspaper, officials must orally give the date, time and place of the meeting to adopt the tax rate. The second notice will be identical in form to the first except it will include a statement that "a public meeting to vote on the proposed increase will be held on (date), (time) at

(meeting place).'

LINDSEY CHILDREN, Kidd children and Ellis children watch the parade.

The second notice must specify a date which is not sooner than the 3rd day after the public hearing and not later than the 14th day. If the meeting to adopt the higher tax rate is not held within 14 days after the public hearing, then a new public hearing must be held and notice properly given.

-- At the final meeting, at which the vote to actually adopt the tax rate is taken, other items of business may be on the agenda. Again, however, the vote on the tax rate must be separate from the vote on the jurisdiction's

TOTALS

Copper Breaks

In the book of The Revelation 2:3 John saw in his vision that the Church at Ephesus had left her "first love". This was not such a bad situation except that every situation which turns God against us is bad. Let's look at the verse. "Nevertheless I have somewhat against thee, because thou has left thy first love."

In Pulpit Helps there is an article by Larry D. Farthing that may answer the question of why we leave our first love better than most that I have heard or read. The title is "What Killed It?"

0

R

PER

NT,

"Take a glowing coal from the fire, and lay it aside from the rest of the coals and watch as it gradually dims, then turns gray, then black. What killed it? Why did it lose its glow and heat?

Take a leafy branch from a tree, lay it carefully aside and watch as the color slowly fads and the leaves go limp, then curl and dry. What killed it? Why did it lose its color and life?

Take a fish out of water, and lay it carefully in the grass. Watch how it frantically twists and struggles. Why does life ebb away? Why do the gills work slower and slower? Why does it soon lie still and lifeless? What kills it?

Take a child of God and carefully separate him from God and his Christian brothers and sisters. Separate him from prayer, Bible study and Worship assemblies. Watch as his conscience quivers less and less. Listen as he rationalizes his neglect more and more. Listen as he tries to shift the blame away from himself by complaining about his circumstances and finding fault with the church. Why does spiritual life wane? Why does the church become less and less important? What kills a once

STATEMENT OF CONDITION

Board of Alderman meets

The Board of Aldermen of the City of Clarendon met in regular session on June 24, 1980, in the Board Room, City Hall, at 7:30 p.m.

Members present: Mayor Leonard Selvidge, Aldermen James Kuhn, Shirley Clifford, B.L. Graham and W.W. Lovelady.

Members absent: Alderman Lloyd McCord. Others present: Paula

Lowrie. Minutes of the June 6, 1980, meeting were read. Motion was made by Alderman James Kuhn, seconded by Alderman W.W. Lovelady, to approve said minutes. Motion carried.

A plat application together with metes and bounds decription and restrictions, was submitted for approval. The land decribed in the plat belongs in its entirity to H.L. Bond. Motion was made by Alderman Shirley Clifford, seconded by Alderman James Kuhn, to approve said plat application. Motion carried.

An ordinance fixing the time for the Board of Equlization meeting was presented. The ordinance reads as follows:

(Ordinance) Motion was made by

DIESEL

Alderman James Kuhn, seconded by Alderman Shirley Clifford, to pass said ordinance. Motion carried.

Mayor Selvidge brought up the possibility of employing some people part time to read water meters and take care of other miscellaneous chores. This would enable the regular employees to devote their time more fully to streets and waterline problems. It was decided to try to find someone who would be interested in the

A resolution electing not to exempt automobiles, pickups and trucks from taxation in 1980 was introduced. The resolution reads as follows: (Resolution)

Motion was made by Alderman W.W. Lovelady, seconded by Alderman B.L. Graham, to approve said resolution. Motion carried. There being no other

Collins cites government waste "On July 4, 1980, the The Texas Congressman is

spending.

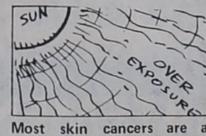

President plans to sign into law the worst example of government waste created by the Carter Administration -- the Synfuels Act," stated Congressman Jim Collins of Texas. "What began as a Billion dollar bill grew into an \$80 Billion give-away for synthetic fuels projects. This law will create yet another Federal Bureaucracy, the United States Synthetic Fuels Corporation."

Collins noted the recent findings of a synthetic fuel advisory panel composed of representatives from industrial, consumer, academic and environmental groups. This study concluded that the Department of Energy's synfuels efforts were ineffective due to project delays, cost overruns and poor manage-

"In effect, this program guarantees Presidentiallyappointed millionaires,' stated Collins, member of the Energy and Power Subcommittee. "By awarding specific financial assistance, this Federal Corporation assures a profit to whomever it chooses as recipients. While the nation is struggling under 18% inflation and a \$69 Billion federal deficit, the Administration adds the Synfuels Act. We should be placing this money where it is best spent--to meet current Social Security commit-

IRS. HAWLEY HARRISON

We hope everyone had a appy July 4th. Frank and lary Cannon and Lisa made a joyous time for the arrisons. They visited his ther, Mr. and Mrs. Cannon route home.

Mr. John Lovell visited fr. and Mrs. Hawley Harrion last Tuesday evening. Mrs. Fannie Daugherty of hula Vista, Ca. visited her other, Mr. and Mrs. C.A.

Bud) Wright for the 4th of lly celebration, and won the rize for the one who traveled the furtherest for the holiday celebraton.

Mr. and Mrs. Ernest Barbee visited his mother, Mrs. Tom Barbee Thursday in Quitaque. She was able to come home from the hospital. We hope she continues to

Bill and Nancy Hall and Rhonda and Frank of Amarillo visited Mr. Alford Ivey during the 4th of July

Mary Ann Albert of Dallas spent the 4th of July holiday with Mr. and Mrs. Dennis Harrison and Anna.

Mr. and Mrs. James Morgan and family of Wichita Falls, Mr. and Mrs. Roy Lee Helms and family and Mr. and Mrs. Jerry Koontz and family spent the 4th of July with Mr. and Mrs. D.R. Koontz and attended the rodeo Thursday night.

Vada Morrison, Clara Mae Carter and Bradis Ballew visited Ruth and Nell Corbin

Mrs. O.V. Lytle and Mrs. Pauline Kyle and family of Garland visited her nephew, Mr. and Mrs. Ernest Barbee Saturday night and attended

Mrs. Dan Tims visited Mr. and Mrs. Otto Elliott Thursday afternoon.

Mrs. Florence Harp and Sid and Doris Harp of Lubbock attended the Jacobs family reunion in the home of Mr.a nd Mrs. Rick Perdue of Amarillo. There were fifty one in attendance.

Mr. and Mrs. James Ivey and daughter of Longview, and Mrs. Evelyn Hicks and Shelli visited Mr. and Mrs. Dennis Harrison and Anna

Teresa Risley of Amarillo spent all last week with her grandparents, Mr. and Mrs. Charles Blackburn, and Mrs. Marie Risley spent Thursday with them.

Mr. and Mrs. Clyde Morgan of Levelland spent the weekend with Mr. and Mrs. Otto Elliott.

Mr. and Mrs. Grover Wilhite of Elk City, Okla. visited her brother, Mr. and Mrs. Frank Thomason Tues-

Mrs. Wanda Cornell and Cara spent Saturday with Mr. and Mrs. Otto Elliott.

Those attending the 4th of July supper at Dennis, and Loretta and Anna Harrisons were: Frank and Mary Cannon and Lisa of Navastoa; Mike, Mary Kay and Jeremy Jones of Dalhart; Kerry Cannon of Oklahoma City; Mrs. Richard Cannon, Mr. and Mrs. Olace Hicks and Mr. and Mrs. Hawley Harrison and we celebrated Mary Cannon's birthday, too.

Mrs. Pauline Koontz and Judy Morgan of Wichita Falls visited Mrs. Cora

Elliott Friday afternoon. Mrs. Gladys Blackburn and Teresa Risley attended a birthday supper for Mrs. Ed Speed Saturday night.

Renee and Carrol Deencare of Greeley, Colo. visited Mr. and Mrs. Frank Thomason Wednesday, and his mother Mrs. Duncan who has been ill. We hope she's much better.

Donald and Bradis Ballew visited Richard and Ethel Dingler Sunday afternoon. Red and Louise Carter of Dumas visited with Mr. and

Mrs. Henry Mann and Mrs.

Clara Mae Carter for the 4th

of July celebrations. Mr. and Mrs. Henry Mann visited Mr. and Mrs. Hal Riley Sunday afternoon.

Those attending the Dolman reunion in Austin were: Bill and Martha Dolman, Susi and Paul Guyton, Angela and Erica, Paula and Ed Berg and girls formerly of Norway, Ron and Carol Dolman and Robbie and Mrs. June Chase of Odessa and Debbie and Aaron Morris

Vaction to the **Holy Land**

Everyone enjoys pleasant surprises and much to our surprise, we learned (at the 11th hour) that there was an excellent opportunity for us to go to Egypt, Israel, and

The departure date was near, so no time was wasted in packing our bags, and completing all necessary preparations for the journey. May 5, 63 persons boarded

an American Airlines 747 in Los Angeles en route to New York. At JFK airport we transferred to the Royal Jordanian Airlines for the long flight to Cairo, Egypt. After about 20 hours of flying time, the tired group reached our destination.

Cairo is a city of nine million population. Our hotel dining room on the tenth floor overlooked the Nile River. Can you feature camels vs Mercades on the same street? Clothing designed centries ago vs our modern styles? And nomads tents vs modern apartments? Here in Cairo the past and present meet. Old and new worlds merge into one large city of contrasts. What a thrilling experience to ride a camel and visit the pyramids.

The next leg of our journey took us via bus through the Sinai Desert Area where Moses and the Israelites wandered to the promised land. As we reached the Israeli border, our luggage was checked. Next it was checked by the US authorities. Last, and certainly not least, it was checked via the Israeli officals. After all the ordeal, we were permitted to board an Israeli bus. This was the beginning of our marvelous tour of the Holy Land.

Can you visualize the conversion of Cornelius at Caesarea? We did just that as worship services were held in that area. Our next stop was on Mt. Carmel to view the beautiful city of Haifa below. Did you ever dream of seeing the Valley of Aramgeddon? After our visit there, we journeyed to Cana and Mary's Well in Nazareth (the place of the Annuncia-

Please continue to travel with us now as we reach the area where the Sermon on the Mount was given. From this point we could see the Sea of Galilee below and Golan Heights in the distance. Imagine how thrilling it would be to have a 40 minute ride on the Sea of Galilee from Capernaum to Tiberias. After the boat ride, we returned to the beautiful setting surrounding our hotel on the banks of the Sea of Galilee.

Our journey takes us from one interesting place to another..the next one was the Jordan River and what a pertect setting for our Baptismal Service. The next day found us along the Jericho Road-the Land of Milk and Honey where we viewed the Mt. of Temptation. After a visit to the Garden of Gethsemane and viewing the Mt. of Olives, worship services were held in the Upper Room. Everyone enjoyed the shopping trip to Bethanyplus a guided tour through the Church of Nativity. Other highlights were Lazarus Tomb, Old City Market Place, Wailing Wall, and Mt. Nebo where Moses viewed the Promised Land.

No trip to the Holy Land would be complete without a visit to Calvary and the Garden Tomb. What a truly indelible experience this proved to be. A worship and communion service was held here. Our olive wood communion cups were given to us as a souvenir.

After following the paths that Jesus trod, we have a much more vivid picture of his life and teachings. What a wonderful experience every Christian should have. It was truly one never to be

WILLIAM WITHERING'S INFUSION

In 1785 William Withering published his now famous book on the foxglove plant. Withering found that extract of foxglove, [Digitalis purpurea], was helpful to many people having failing hearts. The extract came to be known by the name of the author...Withering's Infusion.

Has his observation been lost to history? No. In fact, the medicines derived from the foxglove and related plants continue to help many patients with heart failure today.

Researchers have extracted the medicines from these plants and made them available in the pure form as tablets, capsules, elixirs, and injections. The generic names of two of the more common agents are digoxin and digitoxin.

It has been found that these naturally occuring compounds are useful in certain conditions where the heart loses its normal rhythm. Part of the heart, for example, may beat too rapidly. The medicines produced by the foxglove plant may help regulate the heart beat.

The major use for these medicines remains in treatment of heart failure. This occurs when the heart is not able to pump enough blood to meet the needs of the body. Medicines derived from foxglove cause the heart to beat more efficiently thus pumping more blood through the body.

We are indebted to William Withering and others who observed the effects of plant medicines and recorded their findings for our use today.

Coleman recalls products

The Coleman Company, Inc. reported today that approximately 7,000 onegallon containers of liquid camping fuel marketed by it in Texas and areas of Oklahoma, Louisiana, Arkansas and New Mexico bordering on Texas may leak. Leakage of the fuel, which is extremely flammable, could cause a fire hazard.

ederal

tank of

The fuel was packaged during early February 1980. Each container may contain a few drops of water which could eventually cause rust and leakage from the affected containers. Affected containers are identified by the brand Coleman and by the code L020 stamped in ink on the container bottom.

Persons who find they have these fuel containers should remove them to the outdoors and call their local fire department for disposal instructions. The containers should not be returned to place of purchase or transported in motor vehicle until emptied. Empty containers marked as mentioned above will be exchanged free of charge if returned empty to the place of purchase.

Contact The Coleman Company, Inc., 250 N. St. 67201 or telephone toll free (800) 835-3278 for further
