County Hospital Opened Tuesday, Oct. 1

Childress Bringing Special Train To Football Game Here

County Hospital is Re-Opened Here Tuesday. Mrs. Ruth Wylie Teat Will Be Matron in Charge of Institution

HOSPITAL IS OPENED TO ALL PHYSICIANS IN CITY AND COUNTY.

Announcement has been made of the reopening of the Adair Hospital, under the supervision of the Commissioners court of Donley county.

Several months ago arrangements were made with the trustees of the property and the county wherein the hospital would be opened as a county institution.

The hospital has undergone a complete re-finishing and re-furnishing and is now practically new throughout.

The opening of the hospital will fill a need that has been very keenly felt during the last few months and inasmuch as the county has a lease on the property for a period of twenty years, it is likely that this will be one of the outstanding sanitariums in this section of the state.

Various useful gifts have been made to the hospital by local citizens that will prove very beneficial to the institution.

Mrs. Teat, nurse in charge is experienced in the management of institutions and under her supervision, with the co-operation of the citizens, no doubt the venture will prove a great success and a very worth undertaking.

'Talkie' Equipment Enroute to Pastime

Homer Mulkey, manager of the Pastime Theatre received a telegram Tuesday from the R. A. C. Photophone Co., of New York stating that they had shipped the equipment for Clarendon's first "Talkie."

Mr. Mulkey stated that installation had been promised by the 10th of October and the equipment has been shipped by express, Mr. Mulkey said. The opening date for the first show has not been set, Mr. Mulkey said but an announcement is expected within the next few days.

R. A. Franklin is New City Editor on Staff

R. A. Franklin is the man who will handle the city news for the News in the future. Mr. Franklin comes to the News directly from Pampa, where he had been for a short time. He has had a number of years experience in this sort of work and has handled this desk for many papers in the state, including those in Ft. Worth, Cleburne, Paris and Electra.

Mrs. W. H. Patrick and daughters, Lorraine and Elgin, and nephew, Jack Carroll, attended the Tri-State Fair Saturday.

Donley Birds Win Recognition at The South Plains Fair

Leslie Stephens returned from Lubbock Tuesday where he has been attending the South Plains District Fair. Mr. Stephens entered 23 S. C. Rhode Island Reds from his flock and received prizes on the fowls as follows: First Cockerel, first old pen; second and fourth on pullets; fourth and fifth on young pen, best cockerel in show of all breeds, best old pen in show of all breeds.

Girl Cagers Report For Practice This Week, Suits Given

Uniforms were issued this week to the members of the high school girls basketball team, according to Coach Stocking. Mr. Stocking reports that there has been a fine lot of candidates already reported for the work and practice has already begun.

Among those reporting are: Gladys Noble, Edna Crane, Mary Slater, Owensby, Frankye Ziegler, Ruth Dunn, Wilma King and others. Five of these reporting made letters on the team last season.

Miss Ella Carter of Ft. Worth, was the guest of Mrs. M. C. Reed the first of the week. Miss Carter was returning home from a trip to San Francisco, Salt Lake, and other points.

Band Director Will Start Work About Oct. 10th

GUS B. STEPHENSON NAMED NEW DIRECTOR OF C. OF C. BAND HERE.

Announcement is made this week by G. L. Boykin, secretary of the Clarendon Chamber of Commerce that Gus B. Stephenson of Albuquerque, New Mexico, has been named the new director of the Clarendon Chamber of Commerce band. Mr. Boykin expects the new director to arrive in Clarendon about October 10th and he will immediately take up his duties.

Mr. Stephenson comes to Clarendon well recommended as a director of bands and he played with the Clarendon band at the West Texas Chamber of Commerce Convention in Fort Worth, two years ago. Many of the members of the Clarendon band will remember him.

Mr. Stephenson will also have charge of the Clarendon High School band. The Clarendon band has about twenty-five pieces at present, but according to a survey of the prospects, several additional pieces could be added.

Mr. and Mrs. D. W. Clappitt and son, Roy, attended the Fair and circus in Amarillo Thursday.

Splendid Report Of Agent Given

Miss Harvey Thompson, Home Demonstration Agent makes the following report on her work for the month of September.

Twenty and one-half days were spent in the field and four and one-half days spent in the office; 74 office calls were made, 108 telephone calls, 321 extension letters were written, 22 farm home visits made, 27 home demonstrations were made with 335 women in attendance at the meeting. 710 miles were covered during the month.

Miss Thompson reports that a splendid interest is being shown in the work and plans are under way for a marketing association for the farm women which means much in assisting them at a higher figure. Reports were made from the office of the state department this week with a splendid showing.

35 Cases Now On Docket of Court; Convenes Oct. 14

THIRD WEEK PETIT JURY IS GIVEN: LIGHT DOCKET FOR FALL TERM.

What perhaps is the lightest docket of any district in the State of Texas faces the opening of the district court here October 14. Only thirty-five cases are filed to try to date, according to A. H. Baker, district clerk.

Three divorce cases have been filed since the spring term of court. Nine civil cases have been filed. Three felonies are on the docket. Hedley Case Slated. Only three felony cases are slated to come up for trial at this term of the court.

One of these is the Hedley case which grew out of the murder of nightwatchman J. H. Ritchie, who was killed on the night of December 31 as he surprised burglars entering a grocery store at Hedley. Three suspects were arrested shortly after the murder of the nightwatchman. They were George Brown, Joe Dunwoody and Bert Hall, all of these have been tried with the exception of George Brown.

Unwoody grew 99 years for the charge at trial in the spring. Hall received 30 years two weeks ago at trial in Memphis. Brown is slated to be tried at the charge here this term of court.

In a statement made to the officers when he was arrested, Brown denied that he was implicated in the murder of the nightwatchman. He was arrested in Borger, where he was in a hospital suffering from a bullet inflicted by a bullet. In his statement he alleged that he was wounded by companions on the night of the murder near Hedley and that he walked to Borger after being put out of the car driven by his companions.

The trial of Brown is the only case slated on the docket that is in any way likely to draw additional veniremen. List of Petit Jurors selected by the Jury Commissioners for the third week of the October term 1929:

J. H. Easterling, G. G. Kemp, Hugh Riley, G. F. Leathers, J. M. Newlin, Henry Wilson, J. R. Dale, T. D. Norred, W. E. Hodges, W. H. Davis, Frank Hardin, L. E. Holloway, Geo. Ryan, Forest Sawyer, J. B. Stogner, Ralph Grady, W. M. Emmons, John Hunt, W. Z. Barron, H. M. Horschler, C. C. Oakley, E. R. Hooker, L. D. McAdams, O. L. Jacobs, Joe Cluck, E. O. Hutton, J. N. Riley, E. M. Ozier, W. E. Davis, Nolle Simmons, Ralph H. Davis, F. L. Goldston, C. B. McDowell, I. O. Nobles, W. B. Ford, Buel Sanford.

EDITOR'S WIFE IS BURIED TUESDAY

GREAT GATHERING PAID TRIBUTE TO CHARACTER OF MRS. BRASWELL

Citizens of Clarendon and many towns of the Panhandle paid their last tribute to the life of Mrs. Olive Clair Braswell on last Tuesday afternoon as the last rites were performed in the Methodist Church. Rev. S. E. Allison, pastor of the Methodist church, voiced the sentiment of the entire gathering and of the many friends of the bereaved family in glowing terms as a tribute was paid to the woman who had "Moved" to another room to there await the coming of her loved one of this earth. Quoting from one of the masterpieces of Robert Louis Stevenson, "Gladly have I lived and gladly will I die; and I am down with you."

Prominent Man Buried Wednesday At Iowa Home

O. L. FINK DIES AT LUBBOCK HOSPITAL SATURDAY FOLLOWING OPERATION.

Funeral services were held in Denison, Iowa, Wednesday for O. L. Fink, who died at a hospital in Lubbock last Saturday following an operation. Mr. Fink had been in failing health for the past several months and was advised to go to a hospital for this operation as the only means of saving his life. Complications set up last Friday and Mr. Fink passed away Saturday morning.

Friends in Clarendon were advised of the seriousness of his condition and rushed to be at his bedside. Mrs. Fink, Kenneth and Florence who are attending school at the State University at Austin were notified.

The body was prepared for burial and shipped to the old home plot where a son who died during the late world war is buried.

Mr. Fink originally came from Iowa, settling at Willis Point, later coming to Wellington and was owner of the telephone exchange at that place. After selling the exchange there he came to Clarendon where he owned and operated the exchange here.

When the present company purchased the exchange from Mr. Fink he went to Frederick, Oklahoma, and bought the exchange at that place, realizing his health was failing he held out his business and came back to Clarendon where he has resided ever since.

Mr. Fink was well and favorably known throughout this section of the state. He was active in business and civic circles in Clarendon and his friends were numbered by his acquaintances. Among those who attended his bedside at Lubbock were Mr. and Mrs. Frank Bourlarian, Mr. and Mrs. Rich Holder, and Mrs. J. G. Sherman.

Crear. Sales Show Farmers Dividend

There has been approximately \$45,000.00 in cash received from the sales of cream since the first of the year, according to a record of the shipments kept by Mr. Green manager of the local express company.

The total number of 10 gallon cans shipped for the entire year is given by Mr. Green as 3545. Several hundred cans of cream have been sold from the Clarendon district that was not shipped by express.

The month of June had the largest number of cans shipped, 587 cans were reported. August showed that 426 cans were shipped while only 200 were shipped in September. The decline in the amount of money that the cream and dairymen of this section have received from the cream is well worth the effort that has been put forth to bring into the community. It is equivalent to approximately 5,000 bales of cotton, harvested ready for the market.

1040 Bales Cotton Received Here Is Report of Weigher

There has been weighed 1040 bales of cotton from the 1929 crop this season, according to Rayburn Smith, public weigher, up until Thursday morning of this week.

Mr. Smith states that this is somewhat behind the figures at this time last year on account of the shortage of pickers, but in thirty days the figures will probably equal those of last season, Mr. Smith said.

Cotton was bringing 17.25 here yesterday, middling basis, according to information given The News.

Mr. and Mrs. J. T. Sims and daughters, Mmes. J. H. Morris, Louie Murrell and children, Cassandra, James, Jr., and Muffett attended the Fair and Circus last Thursday.

Mrs. A. T. Jefferies and son, A. T. Jefferies, were Fair visitors Friday.

Local Minister Announces Fine Program Sunday

REV. C. B. INGRAM PLANS CELEBRATION OF 77TH ANNIVERSARY HERE.

A program of unusual interest is announced this week by the Rev. C. B. Ingram, local minister of the Methodist Church. Mr. Ingram stated that more than a score of churches in this section of the Panhandle would participate in the program which will be given at the First Methodist Church of Clarendon. The program is slated to begin at 2 P. M.

The event is to honor Mr. Ingram on his 77th birthday which was on October 1, but it was not convenient to have the program at this time so it was set for Sunday. Lunch will be served at the home of the veteran minister and all are invited to carry something to make the 'eats' last longer.

Singers from every section of the county will be present and promise one of the most entertaining song services ever given in Clarendon. Welcome addresses will be made to the visitors by W. T. Hayter, Tom Connally and O. C. Watson.

A feature of the program will be the awarding of the blue ribbon and banner to the church that has the best record. The public is cordially invited to attend this program.

Bronchos Ready for Childress Game Friday; Bobcats in Prime Condition Is Report; 250 Visiting Fans Expected

Donley County Will Show Products at State Fair, Dallas

Donley County will be well represented at the Dallas Fair this year, showing several of her products in the Panhandle and South Plains booth, according to G. L. Boykin, secretary of the local Chamber of Commerce.

An exhibit that was shown in Amarillo last week, three samples of corn, one pumpkin, peanuts, cotton, oats, and wheat were taken. Some of these were given first prize at the Amarillo Fair.

1040 Bales Cotton Received Here Is Report of Weigher

There has been weighed 1040 bales of cotton from the 1929 crop this season, according to Rayburn Smith, public weigher, up until Thursday morning of this week.

Mr. Smith states that this is somewhat behind the figures at this time last year on account of the shortage of pickers, but in thirty days the figures will probably equal those of last season, Mr. Smith said.

Cotton was bringing 17.25 here yesterday, middling basis, according to information given The News.

Mr. and Mrs. J. T. Sims and daughters, Mmes. J. H. Morris, Louie Murrell and children, Cassandra, James, Jr., and Muffett attended the Fair and Circus last Thursday.

Mrs. A. T. Jefferies and son, A. T. Jefferies, were Fair visitors Friday.

Local Minister Announces Fine Program Sunday

REV. C. B. INGRAM PLANS CELEBRATION OF 77TH ANNIVERSARY HERE.

A program of unusual interest is announced this week by the Rev. C. B. Ingram, local minister of the Methodist Church. Mr. Ingram stated that more than a score of churches in this section of the Panhandle would participate in the program which will be given at the First Methodist Church of Clarendon. The program is slated to begin at 2 P. M.

The event is to honor Mr. Ingram on his 77th birthday which was on October 1, but it was not convenient to have the program at this time so it was set for Sunday. Lunch will be served at the home of the veteran minister and all are invited to carry something to make the 'eats' last longer.

Singers from every section of the county will be present and promise one of the most entertaining song services ever given in Clarendon. Welcome addresses will be made to the visitors by W. T. Hayter, Tom Connally and O. C. Watson.

SPECIAL TRAIN WILL BRING 200 FANS FROM CHILDRESS TO GAME.

Two hundred Childress fans will accompany the Bobcats here Friday afternoon to witness the Childress-Clarendon high school football game. A special train has already been set out at Childress according to information received today. The train will arrive in Clarendon at 2:45. The Childress aggregation are expecting this game to be the hardest on their schedule, while the local fans here predict that the game will be the decisive one in the district championship.

All things will be ready for the Childress-Clarendon game here Friday according to Coach Hutton and the condition of the Bronchos were never better.

The Bronchos have been able to maul the opponents so far this year but are looking forward to their meet with the Bobcats as the hardest contender of the district. Hutton will start the game with a veteran line-up. The condition of the entire squad is perfect and they have undergone a week of hard practice. Perhaps the weakest link in the local team is that of the backfield and special attention has been given that in this week in the practice.

In the Quitaque game last Friday, Dillard was the one player who held out any good cheer to the coaches in that game. He will be in the starting of the game Friday at right-end. Robert Sikes, hefty lad who withdrew from the Childress school last week to enter the Canyon school has changed his mind and will be with the visitors here Friday. Sikes will likely go back on the line, according to reports received from Childress. Sikes is reputed to be a hard tackler and nails his man with deadly precision.

The locals will have a small margin over the Bobcats inasmuch as they play on the local gridiron. However the visitors are a strong aggregation and have won two games from class A schools this year. This will be their first conference game. Childress lost one game to Hollis, Okla., this season.

Pop rallies have been held here Wednesday and Thursday and tickets to the game went on sale Wednesday morning and reports show that quite a lot of interest is being shown in the first game to be played on the home gridiron.

The game will be called at 3:30 and Fullington of Amarillo will call the game, according to Coach Stocking.

The tentative lineup and weights for both teams have been announced as follows: Childress: Johnson, left end, 170; Goff, left tackle, 175; Newberry, left guard, 160; Coleman, center, 152; Bybee, right guard, 143; Sims, right tackle, 181; Cooper, right end, 160; Davis, left half, 150; Teague, right half, 160; Sams, fullback, 165; and Barkley, quarterback, 135.

Clarendon: Estlack, c, 153; Morris, lg, 156; Helton, rg, 145; Behrens, rt, 168; Esterling, lt, 170; Dillard, re, 175; Watson, lb, 140; Baird, qb, 138; Nichols, lb, 159; Nobles, (captain) rh, 125; Tucker, fb, 155.

The next game to be played will be with the Wellington team at Wellington, Friday, October 11.

ATTENDS CONVENTION

Tom F. Connally, H. J. Edington and Secretary Boykin attended the district convention of the West Texas Chamber of Commerce which met in Shamrock Thursday. Owing to a conflict of dates several Clarendon people who intended attending the meeting were unable to go to Shamrock. Miss Dorothy Headrick of Amarillo, spent the week-end with her parents, Mr. and Mrs. M. W. Headrick.

PANHANDLE PRESS ASSOCIATION

## MRS. OLIVE CLAIR BRASWELL

Born July 24, 1887  
Died Sept. 30, 1929

Words as a vehicle of thought come painfully this week for the editor of this newspaper has sustained a great, an irreparable loss. He has lost the light of his home, the mother of his children and the companion of his bosom. He has lost an advisor of fine discrimination and a partner in the joys and sorrows of life, but more than these—speaking personally now—he has lost the greatest pal he ever had. She was cheery smiling, loving—all with a sense of humor and the joy of living that made her the sparkling companion she was. She loved her friends, her home and her family with a tenderness and a great self-sacrificing love beautiful to behold and warming to those within its circle. Likely she had her faults—who is without?—but they were swallowed up in service and love and devotion.

Yes, words might be piled upon words, but they could never express this humble editor's grief at her going, but twice words piled like Ossa and Pelion, could never paint the twenty-two years of wifely devotion lavished upon him as she cheered and encouraged along the way.

Words, yes there's multitudes of words, but they fail this week.

The President of the United States has issued a proclamation to the people of this country that the week beginning, October 6 should be observed as Fire Prevention Week. Governors of the States, Mayors of the cities and other officials will likewise join in issuing a second to the proclamation. The matter is a local affair and it is to the advantage of every person to observe this week in taking the necessary precautions of furthering the prevention of fires.

Trash, rubbish and other hazards should be removed from the premises. These things are not only a fire hazard but are a menace to the health of a community and an ugly spot in the city. Fortunately there are only a few spots of this kind in Clarendon. Strangers passing through the city notice this and make favorable, or unfavorable comment—according to just what they see.

School children are being taught the value of fire prevention methods and prizes are given them by the State department on the best poster made on this subject during the year. Clarendon schools will likely compete in this contest this year.

An unusual record has been made in Donley County in the criminal court docket as announced this week. Only three felony cases are cited for trial at the approaching term of court. Counties much younger than Donley have on their docket several hundred cases at each term of court. Only thirty-five cases are docketed so far, nine of these are to partition a dissolution of the marital vows, seventeen are civil cases filed since the last term of court, nine are carried over from the last term. Either the district judge gets action in his court or this in an exceptionally good county.

Gathering the feed and cotton crops are well under way in Donley County this week and as usual there are not enough laborers to care for the crops. If the crop is short, outside help must be had to gather it. This exceeds the record of many counties anyway. Farmers in the county are in need of laborers and the newspapers have carried stories about the shortage for the past several days, hoping that folk who were looking for work would be attracted this way.

Two well known poultry raisers of this county won an enviable record, and prizes in the South Plains Fair at Lubbock this week. There are great possibilities for everyone who will go out and work for a definite end. These exhibitors not only made an accomplishment for themselves but helped advance and advertise their home county. Not all of us can have prize winners but we all can be boosters and make our county one of the best in the Panhandle.

Before the year is over more than \$50,000 will be realized by farmers in this section of the county from the sale of cream. This is equivalent to several hundred bales of cotton and is a means of ready cash during the entire year. More folk in the county should profit by this method of raising funds for the family and boost the out put of the cream industry for Donley.

Donley County again was in the front ranks last week at the Tri-State Fair held in Amarillo. Agricultural products exhibited by several folk from this county won awards. These awards will be taken to the State Fair at Dallas and exhibited in the South Plains Booth. All this is encouraging and is a splendid advertisement for the county and her possibilities.

Reports from over the state indicate that the cotton crop in every section is below normal. This of course includes Donley, but one can not expect an ab-normal crop every year—even from his own county. Donley will make her average and will be in line with the other counties of the state when the final reckoning is made.

## The Town Doctor

(The Doctor of Towns)

THE NEXT FEW MONTHS ARE BUYING MONTHS

You are going to buy many new things in the next ninety days, but the kind of a buy you make will depend on how well posted you are on that for which you are in the market, and how well posted you are on the various places to buy it. The way to be posted is to know all there is to know about both. Therefore, common sense and good business judgment says, "Study up, that you may get your money's worth."

You do not have to go out of your home, your office, or your place of business to get the best possible information. You can learn all there is to know about everything offered for sale, if you will just read newspaper advertising.

Many people get the wrong idea of advertising. There are dozens of definitions; but regardless of any of them, advertising is to you an opportunity to study, learn, and get posted on the things for which you are in the market. It used to be, "Read the ads and get stung," nowadays it is, "Fail to read the ads and buy blindfolded."

A fraud can misrepresent when he talks to you, but he doesn't dare lie in a good newspaper—that is why a lot of shysters don't advertise in good newspapers. There are some good concerns who don't advertise, but that is no sign they are frauds—it is just a sign they are old-fashioned and behind the times.

If a concern does not invite you to do business with them, give you a reason why you should do business with them, and keep doing both until you become a customer at least once—if they fail to do this, then they have no reason or right to complain if you do not patronize them.

Advertising pays and the fellow that it pays is you. That's not "bunk"—it's facts. The only "bunk" about advertising is the claim that all advertising is good advertising. That "bunk" is the rock on which many a good business ship has been wrecked. Good advertising informs you, keeps you posted on values, market conditions, prices, etc., on all those things which you must buy and those things you would like to buy, and some day will buy.

Read the advertising in your local paper and keep up to date—pay no attention to this advertising, and you will get behind. The truth of the matter is that in any good newspaper there is more valuable reading in good advertisements than in the news columns—in fact, the advertising columns are the real news columns.

Your newspaper—this newspaper—is the catalog of all those things offered for sale by the merchants of Clarendon. Consider it as much. Read and study those columns of each page that tell what you may buy and where and how you may buy it—and remember, that when you do this you are not doing the paper or the merchants any favor—you are doing yourself a good turn, and proving yourself a wise business man.

## FOUR TRAFFIC LANES WOULD CUT CAR JAMS

WIDE HIGHWAYS WOULD PAY FOR THEMSELVES THROUGH SPEED AND SAFETY.

By E. E. Duffy

Motoring towards a large metropolitan center on a sunny Saturday afternoon, when wheeled hordes are bound for the open country, reveals pertinent facts about highways.

The first thing that is forcibly impressed upon the motorist going against the heavy traffic flow is that two lane roads are decidedly not wide enough—usually by two lanes.

Slow trucks, crawling old hulks of cars, hyper-cautious drivers hold back traffic until a jam of cars a quarter mile or so long results.

Drivers driven to distraction by delays then suddenly dart out from their prescribed lanes of travel when on coming traffic permits of a passing. Here, the well known human element enters in, for if a driver misjudges the open spaces a collision may result. A four-hour drive against this wave of country-bound traffic brought several narrow escapes that cannot be recounted without a rise in blood pressure.

In addition to the dangers present in forging ahead on the two-lane road, there is the inability to set speed in keeping with the tempo of modern cars, most of which travel some fifty miles an hour without excessive vibration. Fifty miles an hour is not a dangerous speed, yet it cannot be conscientiously attained on the narrow road when cars are thick.

Another criticism of the rural road, in remote regions as well as metropolitan areas, is that it usually passes through the center of every hamlet and town on the route. One little town in southern Wisconsin, with a single traffic light on the main highway running through on the chief business street, is frequently nothing short of choked with automobiles that have no business there.

Narrow roads must be widened as fast as communities can make finances available, for without doubt congestion and accidents are costing as much or more than wider roads. Two-lane roads are suitable for traffic only where week-day travel is light and week end travel moderate. A heavy volume of traffic demands roads at least four lanes in width. Accidents would be reduced considerably if by road builders.

## Car Insurance

Several car owners have come in and had us to write them a full coverage Policy since reading our Ad in last week's Paper. We know of others that should have this coverage. Your life's savings are at stake when you or your family drive your car out of the garage unless you have Public Liability Insurance. See us and let's talk this over. We write all kinds of Insurance—Fire, Tornado, Hail, Accident, Health, Automobile accident, property damage, Collision, Rain, Rent, Indemnity, Casualty, Bonds, Gas Explosion or in fact any kind of insurance or Bond you should want. We can write it for you. We are strictly Insurance Agents. No other lines to detract our attention. When you think of Insurance, think of us. Our office is handy to you.

magic all congested routes were to be widened. That would mean a distinct lowering of car insurance rates.

The Hilton Hotel Co. is to erect an 8-story, 110-room hotel at Marlin, Central Texas, hot well resort.

Have you figured out the amounts of various feeds the dairy cow will need for the coming year? A cow weighing 1,000 pounds and giving 25 pounds of milk a day testing 4 per cent will require in one year, when the pasture season lasts for 6 months, 5,400 pounds of silage, 2,500 pounds of hay and 2,000 pounds of grain. Larger or high producing cows will need a little more feed, and smaller or low-producing cows a little less.

Carbon black manufacture is a growing industry in Texas. An application recently filed was for permit to install a plant with a capacity of 30,000,000 cubic feet of gas daily. Carbon black, which used to be consumed mostly in the manufacture of printers ink, is now in demand for a number of other purposes, perhaps chief among them in the manufacture of rubber goods, including automobile tires.

The 1929 Texas wheat crop is the largest ever, with estimates ranging from 40 to 45 million bushels.

Texas public school system comprises 1,000 independent and about 7,000 common school districts with school property valued at \$179,200,598.

**\* LELIA LAKE \***

The Study Club was entertained by Mrs. Earl Meyers in her beautiful country home east of town. The subject discussed by them was the Indians led by Mrs. A. B. Bynum on the American Indian and followed by Mrs. S. R. Tomlinson on the Foreign Indian. Mrs. J. A. Tompson concluded the program with a resume on the food products we

received from the Indians. All three ladies presented their subjects in a very interesting manner that made the meeting worth while. The hostess served delicious refreshments to the following members and visitors: Mmes. H. R. King, S. R. Tomlinson, Bert Smith, C. L. Lewis, A. B. Bynum, J. A. Tompson, C. C. Carter, Tom Eanes, H. E. Meyers, and Tom Meyers as visitors.

Mr. and Mrs. Will Mace attended the Fair last Thursday.

**COTTON BUYERS RETURN**

Messrs. C. W. Bennett and J. H. Morris, well known cotton buyers of this section have returned from Corpus Christi, where they have been buying cotton during the season.

Messrs. Bennett and Morris will re-open their office in Clarendon for the cotton season here and invite their friends to call and see them.

**IT CERTAINLY HAS BEEN A BLESSING**

"ORGATONE HAS RELIEVED ME OF NERVOUSNESS AND HAS MADE A NEW WOMAN OF ME", SAYS AMARILLO HOUSEWIFE.

"Since Orgatone relieved me of my nervousness I just can't help praising it to everybody," said Mrs. A. W. Amick, of 1018 Buchanan Street, Amarillo, Texas.

"For over six months," she continued, "I suffered from extreme nervousness and loss of appetite. At nights I was unable to get any sound sleep or rest on account of my nerves. My appetite kept falling off until I finally got so I hardly ate anything at all."

"My first dose of Orgatone seemed to hit the spot and I have been getting better ever since. I can eat with a relish and have no trouble with gas, my stomach is toned up and I feel better in every way than I have in a long time. Orgatone has relieved my nervousness and at night I can sleep as sound as a dollar and my general health has improved since I began taking Orgatone to the extent that I hardly feel like the same person. Orgatone has certainly been a blessing to me and there is no better Orgatone booster in this town than I am."

Genuine Orgatone is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

(Properly Cued Music and Effects.)  
10c and 30c

FRIDAY 4th  
TIM McCoy

### CLUB DEPARTMENT OF FIRST DONLEY COUNTY POULTRY AND CLUB SHOW IS MOST COMPLETE EVER SHOWN HERE

LIST OF WINNING ENTRIES COVERS THOROUGHLY AND EFFICIENTLY. COUNTY IS CONGRATULATED ON SHOWING BY MISS GRUBBS, WHO JUDGED THE EXHIBITS. COMPLETE LIST OF PRIZE WINNERS IS GIVEN THIS WEEK.

The Donley County Poultry and Club Show which was held last week brought the folk of the county into a closer realization of what the work is doing in this county. The complete poultry and agricultural list of exhibits and winners was carried in the last issue of the News. We comply with our promise of last week and give our readers the complete list of the club winners in this edition. The lists follow:

Home Demonstration Club booths: Jericho, Ashtola, Martin, Clarendon, Naylor, Chamberlain, Hedley, Giles, Competing.

Honors divided for first places on different items of score card. 2 qts. preserves, different varieties: Martin, first, Clarendon, second; Hedley, third.

2 qts. relishes, different varieties (fine and evenly chopped): Clarendon, first; Naylor, second; Chamberlain, third.

2 qts. canned vegetables (different varieties): Chamberlain, first; Hedley, second; Jericho, third.

2 qts. canned fruit (different varieties): Naylor, first; Martin, second; Hedley, third.

2 qts. fruit sweet pickles (different varieties): Chamberlain, first; Jericho, second; Hedley, third.

2 qts. vegetable pickle (different varieties): Giles, first; Naylor, second; Chamberlain, third.

2 qts. watermelon rind products: Chamberlain, first; Ashtola, second; Hedley, third.

3 containers jelly (different varieties): Ashtola, first; Martin, second; Clarendon, third.

It was in the articles of sewing called for in the score card that Martin Club won her honors.

Home made braided rug (gunny sack): Martin, first; Jericho, second; Clarendon, third.

Pillow cases, linen: Martin, first; Chamberlain, second; Jericho, third.

Pillow cases, cotton: Jericho, first; Martin, second; Chamberlain, third.

Towel, linen: Jericho, first; Martin, second; Chamberlain, third.

Boy's cotton suit for ages 2-5: Martin, first; Naylor, second; Hedley, third.

Girl's dress with bloomers for ages 7-9: Ashtola, first; Chamberlain, second; Martin, third.

Women's wash dress with set in sleeves and set in pockets or bound button holes: Giles, first; Ashtola, second; Martin, third.

Girl's cotton dress for ages 2-5: Naylor, first; Martin, second; Chamberlain, third.

Women's summer dress of sheer cotton material: Clarendon, first; Martin, second; Ashtola, third.

Dresser scarf: Martin, first; Chamberlain, second; Ashtola, third.

Secretary's record book: Chamberlain, first; Ashtola, second; Hedley, third.

The first prize of \$30.00 went to Martin Club, whose exhibit was only 59 points from perfect.

Chamberlain Club was second getting \$20.00 for a booth 63 points under perfect.

Ashtola Club came third, scoring 87 points below perfect and their prize was \$10.00.

Hedley H. D. Club scored only 92 points from perfect; Naylor, 101; Giles, 103; Jericho, 106 and Clarendon 120.

Miss M. M. Grubbs, District Home Demonstration Agent, said that the booths as a whole more nearly approached perfection than ever before.

She said also that it was the best Fair Donley County had put on since she became District Home Demonstration agent for this District 3 years ago.

She commended the idea of the rural communities furnishing the entertainment at nights during the fair in competition with each other and expressed the hope that such activities would be continued and enlarged upon during the coming year.

Mr. M. B. Oates, Agricultural Agent of the Ft. Worth & Denver paid the women's and girl's Home Demonstration Clubs of Donley County should be complimented on their ability to entertain a crowd of 1500 people as that was the number he estimated that was present at the programs each night of the fair.

He said it was an unusual thing for any county Home Demonstration organization to undertake.

Honor is due the band boys for attracting the crowd with their music at the first of the program

each night. Indeed the band sponsors originated this contest idea to bring the rural communities and Clarendon together during the summer, but when Mr. Lindsey left, the idea was tabled and Miss Thompson and Mr. Boykin appropriated it for the Donley County Poultry and Club Show by an agreement with Mr. Nored of the West Texas Utilities, who was made chairman of the committee to carry out these plans.

Mispopularity, a Gypsy play, and the Old Family Album made up the program given by Goldston, Ashtola and Hedley Rural Clubs Tuesday night.

A negro minstrel and Educated Dolls were the attractions staged by the New Hedley Club and the Martin H. D. Club Wednesday night.

Hedley Rural Club won first and Ashtola second and Goldston third on Tuesday night entertainments. The prizes being \$15.00, \$10.00, and \$5.00 and each Club was placed according to the cheers given them by the audience.

Wednesday night Martin with her educated dolls won first prize and Hedley with the negro minstrel won second prize.

The winnings in the women's open class division were as follows:

### Pleasant Valley

\*\*\*\*\*

Mr. and Mrs. D. C. Shelton and son, D. L., Mr. and Mrs. Sam Robertson spent Sunday with Mr. and Mrs. Loyd Shelton near Ashtola.

Mr. and Mrs. Beach, Otto Beach and Miss Juanita Beach all from Wichita Falls spent several days last week with Mr. and Mrs. Nelse Robinson. Mr. Beach remained this week to help Mr. Robinson build a cow barn. They have some nice Jersey cows and are preparing to give them better care through the winter.

Mrs. Fannie Butler from Garland spent several days last week in the Longan home.

Mrs. Hugh Riley spent Thursday with Mrs. Elmer Palmer in Clarendon, while Mr. Riley and the boys attended the Fair at Amarillo.

Mr. and Mrs. Cannon and Mr. and Mrs. Carl Peabody from Clarendon, spent Sunday with Mr. and Mrs. Loyd Moreland.

Mr. and Mrs. Joe Dilli, Mrs. Lena Dilli and son, Carl, spent Sunday in the Longan home.

Mr. and Mrs. Nelse Robinson and family and Mr. Beach spent Sunday with Mr. and Mrs. Jim Beach at Hedley.

Harold Longan and Charley Herndon attended the Fair at Amarillo Saturday.

We are sorry to report Mrs. John Goldston in the hospital. We hope she will soon be able to be home again.

### Many Freshmen Report at Texas U. for Football Practice

A total of 175 men reported for freshman football at the University of Texas when C. J. ("Shorty") Alderson, freshman coach, assembled his candidates for the first time last week. Weights of the 175 freshman totaled a little over twelve tons, with the men weighing all the weights between 117 pounds and 285 pounds. They averaged 171 pounds each. Backs were the most numerous of the squad reporting, numbering 67. There were 23 ends, 30 tackles, 25 guards, eight centers and 20 men who have never played football before.

Mr. and Mrs. Bennett Kerbow and Mrs. Eva Rhode were visitors in Amarillo Sunday.

callers in the Longan home Sunday night.

Mr. and Mrs. Richard Cannon spent Sunday with Mr. and Mrs. Pool at Ashtola.

Mr. and Mrs. Hendrix from Wichita Falls, came in Tuesday to help Pat Longan pick cotton.

Mrs. Will Lott and Mrs. L. L. Taylor were callers in the Longan home Wednesday morning.

Misses Mary Wood Lane and Mae Dever visited Friday night with Mr. and Mrs. John Blackmon.

Mr. and Mrs. Hardin were callers in the Jones home of Sunnyview, Sunday afternoon.

Mr. and Mrs. Johnston spent Sunday with Mr. and Mrs. Hughes.

Misses Ruth Hardin, Ruby Cearley and Pauline Foster took dinner with Miss Nettie Mae Blackmon Sunday.

Miss Lois Webb and Mr. Olen Cook attended the Fair in Amarillo Saturday.

Edna Helen Blackmon and Buddy Blackmon spent Sunday with Mary Kathryn and Hamer Hardin.

Mrs. Loyd Reid visited with Mrs. Gilbert Mann Thursday.

Mr. W. K. Hardin spent Saturday night with Marvin Jones of Sunnyview.

Miss Pauline Foster spent Saturday night with Miss Ruth Hardin.

Mr. Moon Johnston visited Sunday with Mr. Woodrow Millsap.

Misses Pauline Foster and Ruby Cearley and Messrs. Dan Brazzile and J. T. Cearley visited Mr. and Mrs. Ernest Davis Sunday afternoon.

Mr. and Mrs. John Blackmon spent Sunday with Mr. and Mrs. Dever of Clarendon.

Mr. and Mrs. Barbee and family, Mr. and Mrs. John Adudell, Mr. and Mrs. Loyd Reid, Miss Vera Blackmon and Mr. Cleo Adudell spent Sunday with Mr. and Mrs. Ed Adudell.

Mr. and Mrs. Bayne and daughter, Lena, visited in the Mann home Sunday.

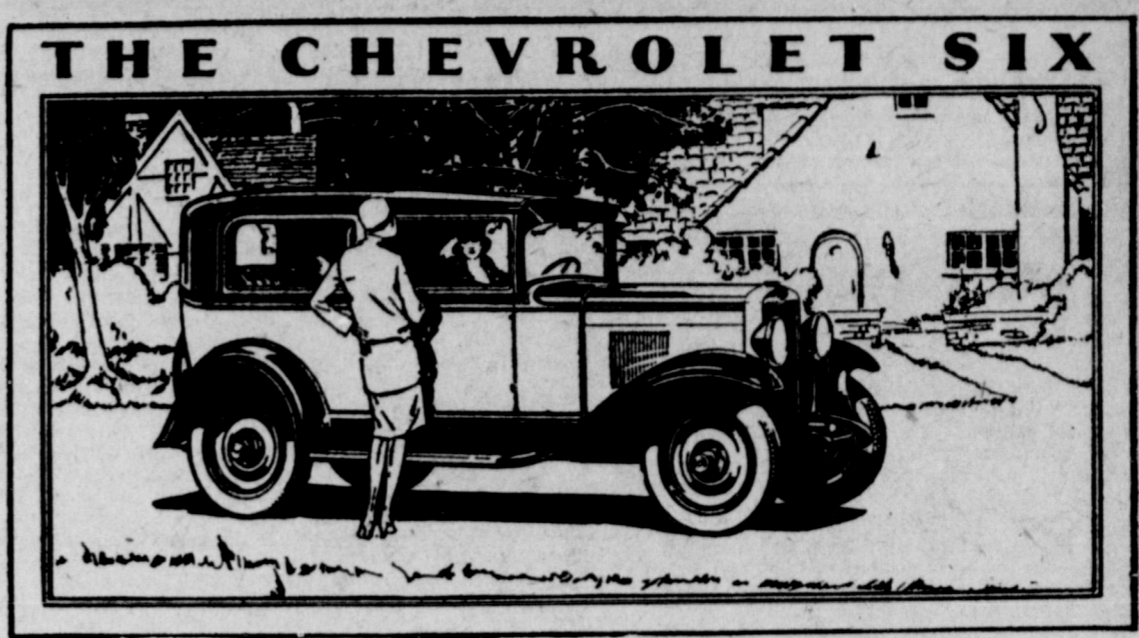

Mr. and Mrs. Roy Blackmon were in the Bogard home Sunday.

Mr. Willard Cook of Sunnyview, spent Sunday with Mr. Doyle Brazzile.

There was good attendance at Sunday school Sunday morning and we hope there will be a larger crowd next Sunday.

Mr. and Mrs. Hughes and family attended the Fair in Amarillo last Thursday and Friday.

Farmers are very busy picking cotton in this community.

THE CHEVROLET SIX
Most people realize that the New Chevrolet is a Six in the price range of the four. But not everyone knows what a really wonderful Six it is!
The Chevrolet engineering staff spent more than four years in the development of the Chevrolet Six. Materials are selected from the world's finest markets and, taken altogether, there are nine thousand inspections during the car's production and assembly!
The result is exactly what you'd expect—quality in design, in material and in workmanship that assures years of dependable and satisfactory service!
Come in today. We want you to see and drive this car—for it will give you a new idea as to what the buyer of a low-priced car can now expect for his money!

### TO-DAY and TO-MORROW In The Feminine World

Illustration, Courtesy of Hickson's, New York

#### Choosing the Winter Coat

By Emma Lou Fetta

WE don't recommend ermine capes of this luxurious type illustrated except for gala occasions, but its beautiful manipulation of the fur suggests similar possibilities in heavy satin or transparent rayon velvet. The latter, which has in the fabric field much of the flattering quality of ermine, would be particularly charming in a smartly voluminous evening wrap.

If you can afford it, ermine is a distinguished and high-fashion fur for the coming winter. Now is of course the time to begin shopping for a new fur coat or to carry last year's to the furriers for remodeling. Most of the fur shops and department stores in the larger cities will store, free of charge, until colder weather, garments purchased in September.

Those of us who have children are taking care of their fall wardrobes first—in fact, as soon as we get back from our summer vacations, but once that is accomplished we can turn to our own fall clothes.

It will be immediately discovered that not in a great many years has there been such a truly feminine inspiration in fashion. Lingerie, afternoon and evening dress are all dainty, womanly, and of sufficient variety to suit to every type.

Once more let us send out that eternal warning of ours, do look for the clothes which are smart, simple, appropriate and becoming to you. No inference how much they are the first three of these injunctions, if they miss the last they are not for you.

### Prosperity In The Panhandle Presages Greatest Building Year

#### WHEAT ACREAGE JUMPS TO TWO MILLION ACRES THIS FALL, WHILE CATTLE AND OIL ACTIVITY ADDS TO GENERAL PROSPERITY. DAIRY AND POULTRY INDUSTRY OILS WHEELS OF BUSINESS.

Amarillo, Texas, Sept. 24—(UP)—Prosperity is sweeping the Panhandle as farmers, cattlemen, and oil men continue to reap the flow of gold from the golden grain and black gold.

Crops this year are all record breakers and the production of oil is showing a steady increase and a trend towards the peak days of before pro-ration and the cut in prices.

Thousands of acres of land have been sold to new settlers in the past year, and most of this has been broken out, either for row crops this summer or fall sowing of wheat.

The wheat crop of the Texas Panhandle, harvested this summer, was 45,000,000 bushels from 1,750,000 acres, an average of 25 bushels per acre. Just as the new crop came on the market the price began to go upward, exceeding the dollar mark and adding much to the price gained by the farmer.

Estimates differ on the probable acreage this fall. Conservative authorities say that the increase will be about 250,000 acres, bringing the total to 2,000,000. Others say the increase will be about 25 per cent or over 400,000 acres.

"I am positive that the wheat acreage will be not less than 2,000,000 acres, but it may not exceed that much," Henry Ansley, one of the best informed men in Amarillo reports.

Fall row crops will soon be harvested. An acreage increase of not less than 25 per cent above last year, was put out in the spring. Much of the row crop harvest will not be sold but will be fed to hogs and cattle during the winter.

Natural increase in beef cattle is about \$25,000,000 per year. The fall cattle movement is starting and more than half of this amount is expected to be in the banks within a few months.

The cotton crop movement on the South Plains is now under way. The crop is short, however, experts saying it will not be over 250,000 bales.

An oil price hike several months ago brought additional impetus to drilling and production. The sudden development of Gray County has increased production there to around 100,000 barrels daily. Other counties also are having considerable development.

Rumors of another increase in the price of oil have been heard. This may develop if the present

high gravity of oil is maintained. Leases are changing hands and more acreages are being leased by companies as the field is being expanded.

Wholesale men say that their totals this year will exceed all records. Sales now exceed \$10,250,000 per month, with demand increasing. There is an outlet for goods sold through this territory in 3,313 retail establishments.

Dairying is increasing all the time in the Panhandle. During the past six years over 650 purebred bulls have been added to herds. Production of cream has exceeded all early prospects. One Amarillo creamery has used over 1,200,000 pounds of butterfat the past year while many thousands of pounds were shipped to other cities. This year's dairy industry is estimated at 50 per cent greater than that of last year.

Poultry and hog raising are other new industries. Since 1922 railroads have increased poultry and egg shipments over 300 per cent. There are several hundred thousand hogs on ranches and farms and the spring crop of pigs is now being shipped to market.

There are several hundred thousand hogs on ranches and farms and the spring crop of pigs is now being shipped to market.

### Chevrolet Leads In Production During This Year

The Chevrolet Motor Company announced today that more than 1,200,000 of the new six cylinder Chevrolet cars have been placed on the road since the first of the year.

This achievement accomplished in little over nine months, is three times the best showing of any other manufacturer of six cylinder cars in a calendar year and tops Chevrolet's record total for the entire year of 1928.

It is now certain that six cylinder production will set a world record this year, surpassing for the first time in the history of the industry the output of four cylinder cars. This leadership of the sixes will come about chiefly because of Chevrolet's record showing this year.

Chevrolet factory officials declare that the dominating reason back of the leadership of the six is the public preference for the advantages which this type of construction affords. They point

### Did You Ever Stop to Think?

By Edson R. Waite, Shawnee, Okla.

I interviewed Wilbur B. Foshay, President of the W. B. Foshay Company, who own and operate businesses throughout the United States, Canada, Mexico and Central America, as to the value of newspaper advertising in connecting with the building of their great business. Mr. Foshay said:

"We appreciate the great things that the newspapers of our country have done for us, and I think without a doubt you get more for your money through the purchase of advertising space in the newspapers than you do for any other money you spend."

"There has been a lot of discussion as to the best means of advertising. To say that any one medium is the best advertising medium is an impossibility because of the diversity of things to be advertised, necessitating a diversity of mediums. From the viewpoint, however, of anyone who wants to get to the biggest number of people with something everyone can use, there is no question in our minds that the newspaper is the best medium."

"Our expenditures for advertisements have increased each year, with the exception of 1928, in which year we spent less than in 1927. But we didn't curtail our newspaper advertising in 1928. We curtailed other things and increased our newspaper advertising programme about one-fifth, and will spend about that much additional money over last year. A large proportion of the additional expenditure will go to newspaper advertising."

"We Don't Hesitate To Make The Unqualified Statement That Newspaper Advertising Has Been One Of The Greatest Assets We Have Had In Building Up Our Business."

A visitor to Minneapolis, Minnesota, notices at once the business-like growing spirit of Minneapolis. In looking over this great city, I came to the conclusion that the men who had built this great manufacturing and business center are drawing national attention to their city because they are giving back to their community time and resources in making it a still greater city.

After a visit with Winthrop Chamberlain, editor of the Minneapolis Journal, I went to the Foshay Tower, which is without a doubt Minneapolis' greatest advertisement. This is due to the fact that there is no other building in the world like it. It was

out too that the influence of great volume production, which has enabled the industry to get six cylinder prices down to the lowest on record and has made it possible for Chevrolet through maximum volume to offer six cylinder performance at a price that formerly bought only a four.

With a new yearly record already assured, Chevrolet factories are continuing on the biggest Fall production program ever undertaken by the company. Nine assembly plants and seven large manufacturing plants are facing the busiest final quarter that Chevrolet has ever known.

The heavy Fall factory program was made necessary, it was explained, to bring production up to the level of the demand and make possible quicker deliveries to owners.

designed after the Washington Monument. Standing thirty-two stories above the street level, it has been called the Western Washington Memorial.

This building now covers the entire half block, and construction work is already started on the other half so that the white shaft will rise from about the center of the block with a two-story building facing each of the four streets.

There is a Spectators' Gallery on the thirty-second floor and an enormous government beacon light at the top of the Tower which has been seen a distance of 74 miles—some report having seen it at a much greater distance.

### TO-DAY and TO-MORROW In The Feminine World

#### Intimate College Clothes

By Emma Lou Fetta

IN discussing the matter of lounging apparel for the boarding school and college girl, we can talk, too, with the debutante and young matron. We selected the very practical three piece pajamas shown because they are smart; youthful; ingenious; washable and colorful.

First of all, they are really glorified overalls whose basic material has become a soft but sturdy linen, and right there we depart, of course, from relationship with the "over-all" family. Picturesque but not overly decorative trouser and sleeve cuffs and collar are of a quaintly modern Persian design in an amusing combination of linen and rayon threads. This combination is not so unusual by the way. For the past year we have been seeing the most amazing interweavings of linen and rayon in table cloths, new colorful sheets and pillow cases and particularly in bridge table sets.

Here Persia has given the designer of the decorative fabric a highly modern version of the soft tones and harmonious lines of the Near East. As lucky as practical will be the girl who packs this in the trunk bound for school.

### Winter Suits

For the Boy 12  
to 16

All long trousered suits in styles to please the most exacting taste. Her-ringbones and unfinished worsteds in Blues, Tans and Greys. Sizes 32 to 36.

With Two Pairs  
of Pants \$22.50

### "The Eyes of Texas"

By Kenneth Fink

With the hurry scurry of registration a thing of the past and the first handshakings and greetings over, first classes were taken up Monday morning at 8 o'clock and the old grind started again with the same persistence.

Clarendon is well represented at the University this year by students now living in Clarendon and others who have lived or gone to school there.

Rit Morris who is at the U. of T. for the first time is enrolled as a pre-law. Rit works seven hours a day besides carrying his regular courses.

Jack Crow who attended Junior College at Clarendon is also at the University for the first

time. Jack's home at present is Groom.

Viola and Beulah Belle Joss who went to Clarendon College three years ago have returned to Austin with their mother. Beulah Belle is in the University; Viola is selling insurance.

Alice and Bob Gordon whose home is both Pampa and Clarendon have also returned, taking an apartment for the school term.

Sam Braswell, Rhodin Chase, Carroll Knorpp, Byron Skelton

and Kenneth Fink have also returned to the University.

Mary Katherine Headrick, and Florence Fink are residing in Scottish Rite Dormitory. Bob Birchfield and Orville Wells of Wellington, who attended Clarendon College several years ago are also back in the University.

Mr. and Mrs. Frank Whitlock were visitors to the Fair in Amarillo Thursday.

## MODERN PRISON SYSTEM IS HOPE OF MOODY BEFORE TERM OF WORKS ENDS

**WILL ENTER PRIVATE PRACTICE FOLLOWING RETIREMENT FROM PUBLIC OFFICE AND WILL ATTEMPT TO REHABILITATE FORTUNES FOLLOWING TENURE OF OFFICE AS GOVERNOR OF STATE. HOPE TO GET PLANS UNDER WAY IN NEXT LEGISLATIVE SESSION.**

By Gordon K. Shearer, United Press Staff Correspondent.

Austin, Texas, Sept. 30.—(UP)—Governor Dan Moody hopes to accomplish the establishment of a modern prison system in Texas as the major feature of his administration.

He will then be prepared to step out of public life, at least for a time, and devote himself to accumulation of shekels which have been much too scarce on the governor's salary of \$4,000 a year "and no more" as the constitution puts it.

Prospects that the prison reforms may be completed during the governor's administration are bright. With the survey of the legislative committee completed and practical certainty that action will be taken by the legislature by next January at the latest, the modern prison should be well on its way before Governor Moody retires in January 1931.

The governor was particularly cheerful in announcing recently that funds will be available for immediate work when a plan is adopted. Some hint around Austin that the veto pen was wielded vigorously on appropriations with this end in view. At least the development furnished a check for Senator Thomas Pollard of Tyler, chairman of the Senate Finance Committee, who locked horns with the Governor during the special sessions over appropriations and the States' finances. Pollard maintained there were ample funds in sight for the appropriations bills which the Governor trimmed "to come within the revenue."

That Governor Moody is through with office for a time has been confided to close friends. There is no practical possibility of a third term candidacy.

Attorney-General Pollard's recent resignation and acceptance of the post of railroad attorney takes him definitely out of the coming gubernatorial race also. Lee Satterwhite, prominently mentioned as another possible candidate, is also out of that race positively, though he has been voluntarily tendered a general support in west Texas if he enters. If the lieutenant governorship race shapes up properly it will be no surprise to find Satterwhite in it. He has a feeling that he would like to preside over the State Senate as he did over the House of Representatives. It is a post that would have its duties at Austin at a time that would not interfere with Satterwhite's ranching business.

Satterwhite would be a logical West Texas candidate, especially as he would have big support in the Panhandle country where he formerly lived. Mayor Ewing Thomason of El Paso, once mentioned as a likely West Texas candidate, is definitely launched on a campaign for Congress so there would be little likelihood of divided support from that section of the state.

Rapid development of West Texas through oil discoveries makes it a much bigger vote stronghold than it formerly was.

It is now pretty definitely established that R. L. (Lee) Bobbit, another speaker of the house will be in the race for governor. While unconfirmed by the Governor, a report that Bobbit was tendered the Attorney-Generalship and declined the office, would indicate that he has another program mapped out.

The reported declination caused former State Senator H. L. Brensford to recall that if Bobbit had accepted he would be the second man from Hill County to become attorney general. Tom Smith was the first. When Smith's election to the post was celebrated by a county wide demonstration, Bobbit was a small boy on a little farm in that county.

## Dr. C. H. Smith Buried Wednesday

Funeral services were held Wednesday morning at the cemetery for Dr. C. H. Smith, who died at the home of his daughter, Mrs. M. L. Mangum, six miles north of town.

Dr. Smith was born in Arkansas, December 12, 1847 and came to Texas several years ago. He has been living near Clarendon for about six years.

The Rev. S. E. Allison, pastor of the First Methodist conducted the services at the cemetery. Dr. Smith was a life long member of the Methodist Church and lived a consecrated christian life.

He is survived by one daughter and one sister.

Interment was made in the local cemetery.

Altho its development is comparatively new, Texas is fourth State in the production of gypsum with total sales value of \$3,094,145 last year. New York, Iowa and Michigan led Texas.

## MRS. RICHMOND BOWLIN REPORTS LITTLE IMPROVEMENT

Friends of Mr. and Mrs. Richmond Bowlin in the Naylor community will be grieved to learn that Mr. Bowlin is showing little improvement from the first operation. Mrs. Bowlin was here the latter part of last week, leaving here Monday after attending to business matters. Mr. Bowlin was carried to Fort Worth some time past for medical attention and Mrs. Bowlin stated that he was showing little improvement from the initial operation.

## Splendid Meets Of H. D. Clubs Held Last Week

The members of the Naylor Home Demonstration club met at the home of Mrs. Robinson last Wednesday afternoon and discussed the importance of "Emergency Pantries" relative to food requirements, daily nutrition, the number of quarts of food one should have in the home to meet emergencies.

"Emergency Pantries" was the interesting topic discussed by the members of the Giles Home Demonstration club last Thursday at the meeting held at the home of Mrs. F. G. Watt of Hedley. A good attendance was had at this meeting and an interesting discussion was held. Miss Thompson, home demonstration agent was present and led the discussion.

Mrs. A. G. Huffman was appointed special poultry demonstrator for the Giles community.

Members of the Girls 4-H club of Giles met last Thursday with Miss Thompson in charge of the meeting. The session was held at the Giles school house and several members of the club was present. Plans were discussed to further the interest of the club.

Messdames Johnnie Wood and Harley Skinner had charge of the Saturday Home Demonstration Market last Saturday and report a successful day. The market is held each Saturday in the West Texas Utilities Building and is being conducted as an experiment by the members of the Home Demonstration clubs of the county in an effort to further the market of products raised by the members.

A meeting of the Home Demonstration council was held last Saturday in the office of the county agent for the purpose of further organizing the Club Market, and forming a marketing association for the members of the H. D. clubs of Donley county.

The number of members present at the meeting was not sufficient to perfect the organization and Miss Thompson stated that the council will meet again next Saturday and if a quorum is present the matter would be discussed and if seen fit the organization would be perfected.

Miss Harvey Thompson and Ruby Adams, of Memphis, attended the Amarillo Fair last Friday.

## Smith Car Turns Over Sunday On Amarillo Road

Phillip Smith received severe cuts and bruises about the face and head Sunday afternoon when the car in which he was riding turned over on the Amarillo road, four miles north of Goodnight. Other occupants of the car escaped injury with the exception of Miss Dewey Mitcham who received minor cuts.

Mrs. B. G. Smith was driving the car, a Tudor Sedan and was reported to be going about thirty-five miles per hour when she lost control and the car overturned.

Clarendon people returning from Amarillo happened along about the time of the accident and the occupants of the overturned car were brought to town.

Beville is to have a combination milk and sweet cream butter plant to cost \$200,000, according to announcement there. It will handle the output of 7,500 cows and 2,500 cows are necessary before the plant will be instituted.

Approximate value of Texas production in different lines is: Farm crops \$800,000,000. Live-stock \$200,000,000. Minerals \$400,000,000. Forests and other natural resources \$60,000,000.

Texas expects to ship 5,000 cars of citrus fruit this year against 2,000 last year, with a shortage expected in other citrus areas by reason of freezes and the Mediterranean fly outbreak in Florida.

## Bulbs Should Be Set Out Now to Brighten Gardens Next Year with Colorful Early Spring Bloom

Set out bulbs this fall if you would brighten your premises early next year with colorful spring bloom. Cheerful flowering bulbs are the home gardener's annual inspiration, the first encouraging sign that Old Mother Nature is ready to help us make our grounds beautiful thru the growing season.

Winter leaves the average yard a somewhat dreary prospect. The tulip, hyacinth, narcissus and crocus, dispel the gloom. It is these bulbs particularly which should be planted before the end of October.

After September the bulbs will keep well in the ground. They will at once begin to root and at the outbreak of spring growth will recommence. Tulips may be planted a little later in the fall than either the narcissi or hyacinths.

A way to keep the ground suitable for planting, if your bulbs are delayed in arrival until after hard frosts, is to cover the space where they are to set out with a thick layer of leaves or straw. Late planted bulbs should be immediately well mulched, except in the Southern States or early in the fall should not be covered with a mulch until after the ground has been frozen. Summer and fall flowering bulbs such as gladioli should not be set out until next spring, unless the gardener is quite experienced.

Appearance of bulbs is indicative of vigor. They should be plump, solid and of full size. They should be moist rather than dry.

Soil should be well drained and rich. Sand and leaf mold can be used to advantage around the bulbs if the soil is heavy.

Well rotted manure not touching the bulbs but available to the roots, likewise bone meal, are the fertilizers usually recommended.

Uniform depth of planting will insure blooming at the same time. The larger the bulb, as a rule, the deeper it should be planted. In sandy soil the depth may be greater than in heavy soils. Three times the diameter of the bulb is an accepted planting depth. A practical table of bulb planting depths is:—

Anemone—3 inches; bulbous iris, crocus and snowdrop—4 inches; grape hyacinth—5 inches; tulips—6 inches; hyacinth and narcissus—7 inches and lily—8 inches. Crocus, snowdrop and

grape hyacinth should be planted 3 inches apart; bulbous iris, 4 inches apart; narcissus, tulip and anemone, 6 inches apart and lilies, 12 inches.

If the bulbs are planted in beds the surface of the beds should be slightly higher at the center so that the water will run off. Bulbs are apt to rot with water standing in the beds.

All gardeners wish to have the largest flowering varieties, but if bulbs are left in the ground year after year and are not removed after flowering, the size and quality of the blooms will be decreased.

Next spring, about a month after the bulbs have flowered, when the tops have turned yellow they should be dug up and the tops cut off within an inch of the bulb. The roots should be left on in a dry airy room for about 12 days, at the end of which time they will have become dry. Then they should be wrapped in paper or packed in dry sand and stored in a dry cloth, cool place.

If the home owner's garden plan calls for a rapid succession of bloom, the early flowering bulbs can be dug up after flowering and "heeled in" elsewhere until the tops turn yellow.

For varieties of bulbs the amateur will find many valuable suggestions in the current magazines, the plantsmen's catalogues or at nearby nurseries. Last spring most Yard and Garden Contest entrants did not have the advantage of fall planted beds of bulbs. Next spring a much more widespread evidence of this type of yard beautification is expected as the result of interest aroused by the contest.

A GROUP OF TULIPS

## Promotion Day Is Observed at First Baptist

Last Sunday was observed as promotion and rally day at the First Baptist Church and a splendid program was given at the Sunday school hour.

The pupils met with their classes and the reports of the year's work was given after which the entire membership of the school assembled in the church auditorium for the exercises.

Pupils from Cradle Roll, Beginners, Primary and Junior Department were awarded diplomas and had part on the program. Graduates from the Intermediate department were given diplomas but had not part on the program.

At the evening hour the B. Y. P. U. observed promotion day and also installed officers for the ensuing year. Before the diplomas were presented to the graduation class the pastor asked the question, "Why do you serve in the B. Y. P. U.?"

Representatives from each group of the organization answered the question. After this dis-

cussion the diplomas were awarded and the officers were introduced.

The Rev. McClung offered the prayer of dedication.

Mr. McClung linked the evening church service with the services held during the day and appropriately made the theme of his message "that all christians should study to show themselves approved workmen for Christ." A good attendance was reported at each service.

Texas stands eight in production of electric power for the first six months of 1929 with an increase of 25 per cent over the same period in 1928, a rate of growth which promises to give it much higher ranking within the next few years.

Texas advanced to tenth place in portland cement production with an increase of 12 per cent over 1927 as compared with a 2 per cent increase the country over.

Various experiments on the use of alfalfa meal for livestock show that the grinding of alfalfa hay into meal has little effect on the feeding value, the chief advantages of the meal being that it can be fed with less waste than hay, is in more convenient form, and can be shipped at less expense.

## Fine Cattle Will Be Auctioned Here Saturday Afternoon

A sale of unusual interest to those who are in the market for pure-bred jersey cattle has been announced to take place here Saturday, October 5.

The announcement states that fifty head of Jersey cows and heifers will be offered at the sale. Twenty-five head of the herd are milking cows and heavy springers while the other twenty-five of the lot are bred heifers and heavy springers.

All of these cows are native to the Panhandle and are T-B tested. Buyers of the cattle may take them home immediately after purchase. C. L. Knight and J. P. Parks are the owners of the cattle. The sale will begin promptly at 1:00 o'clock and will be held at Nat Woods Mule pen.

In Randolph Field, San Antonio, Texas is to have the largest and most modern airport and flying school in the world. Plans have been accepted by the War Department for its construction.

Not including express and local shipments, East Texas shipped over 500 cars of peaches this season with returns ranging from \$1.25 to \$1.75 a bushel.

# BEAUTIFUL COATS

Black coat of ARISTO-LAINE cloth—Collar, Cuffs and trim of beautiful Black Caracul Fur. Grey lining of extra heavy quality flat crepe. Price—

\$85

## Many Novel Features In System Give Pastime Uniform Reception

MILES OF WIRE, SPECIAL LOUDSPEAKERS, AND OTHER INTERESTING TECHNICAL FEATURES, PART OF INSTALLATION WORK.

Uniform sound distribution in the Pastime Theatre when it opens its talking picture policy with the RCA Photophone system, is promised by the special features in the installation. The Theatre will be literally "sprayed" with a blanket sound, according to the engineers and acoustical experts in charge of the installation.

The special dynamic cone loudspeakers now being installed have been developed in the laboratories of the Radio Corporation of America, General Electric and Westinghouse companies expressly for sound motion picture reproduction. They are designed to project the reproduced sound to all parts of the Pastime Theatre, affording perfect reception of speech and music to all patrons.

From 4 to 24 of these loudspeakers are employed in RCA Photophone installations in most of the larger theaters in this country, the installation here declared. These loudspeakers represent years of research in radio work, and have been developed to the stage where they offer the most highly perfected method of reproducing sound from electrical impulses.

"By means of these loudspeakers and the manner in which we will place them in the Pastime Theatre, spectators sitting in the rear, or in the balconies, will hear just as well as those in the front of the orchestra. In addition, listeners close to the screen need have no fear of excessive volume or "blasting" of sound.

"The method of arranging the loudspeakers to direct their sound to all quarters of the theatre prevents any uncomfortable volume

in the front of the orchestra, and results in a 'fan beam' distribution giving uniform intensity everywhere."

Discriminating audiences in the great cities of the world are finding that the experimental days of the talking picture are over when they hear reproduction on the RCA Photophone system.

"Our audiences demand good music reproduced with rare fidelity, speech with lifelike naturalness, and perfect synchronization of sound and action," declared Mr. Mulkey, manager of the Pastime Theatre.

"With my installation of the RCA Photophone system, I am confident that the severest critics here will be satisfied that the talking picture is a well-perfected development. There will be no scratching, no metallic noises, hissing, monotonous boomings and other incongruous and unharmonious sounds, but clear, faithful reproduction that will bring the voices of the greatest entertainers, the music of the most celebrated soloists and orchestras, to the sound screen of the Pastime Theatre."

"I intend to give my audiences the best talking pictures have to offer. Dramatic stories taken from Broadway stage plays, musical comedies on the screen, interesting skits, will be presented in the Pastime Theatre with the completion of our RCA Photophone installation."

More than 80 miles of wire, two truckloads of accessories and a crew of installation engineers are working at high speed to complete the Pastime Theatre installation for its first sound and talking picture program to begin in the near future.

### MARTIN

Most all the farmers are busy gathering crops now.

Mr. and Mrs. J. Loyd Hood, Mr. and Mrs. Dave Patterson and children and Mrs. Della La Fon and children spent Sunday with Mr. and Mrs. J. G. Powell.

Mr. and Mrs. Lee Wood, Ina Fay and Mildred Pittman spent Saturday and Sunday night at Amarillo.

Mr. and Mrs. Clyde Easterling from Alameda, spent Sunday with Mr. and Mrs. Easterling.

Mr. and Mrs. Oscar Kempson spent Saturday in Amarillo.

Mr. and Mrs. Ralph Nichols spent Saturday with Mr. and Mrs. S. L. Nichols at Clarendon.

Mr. and Mrs. W. D. Peabody, and daughter, Mary, and Tina Pittman were guest in Mr. and Mrs. Henry Easterling home Sunday afternoon.

Mr. and Mrs. Grady Parson and children of Claude, spent Sunday with Mr. and Mrs. J. A. Pool.

Mr. and Mrs. O. D. Hearn and children spent Sunday with Mr. and Mrs. Walter Morrow.

Mr. Royce Turnbow spent Sunday with J. R. Cox at Clarendon.

Mrs. S. M. Acord and Mrs. Will Johnson of Hedley spent a few days with Mr. and Mrs. J. M. Acord.

Mr. and Mrs. Olson Blankship spent Tuesday night with Mr. and Mrs. J. B. Turnbow.

Mr. and Mrs. Sam Tankersley and children spent Friday with Mr. and Mrs. A. L. Bruce at Amarillo.

Mr. Roy Pittman and friend, Velton Smith, from Anton, Texas, spent Sunday night with Mr. and Mrs. U. G. Pittman.

Mr. and Mrs. Ralph Nichols spent Sunday with Mr. and Mrs. J. M. Ruskon at Clarendon.

Mr. Carl and Brady Pittman and Roberta Adkins and Inez Tidwell spent Sunday afternoon at Hedley.

Mr. S. Clark and niece, Allene, spent Sunday at Groom, Texas.

Mr. and Mrs. T. R. Adkins spent Sunday with Mr. and Mrs. W. B. Holtzclaw.

The people of this community reorganized Sunday School and elected new officers Sunday.

The young folks started a contest. The contest will end ever two weeks. The losing side will entertain the winner. All the young folks are invited to come out to our Sunday so it will be a success.

The Women's Club met with Mrs. A. J. Sibley Thursday afternoon. Their subject was: "The thing that they fail on at the Fair." After the business was over the Club members were served. They had two visitors from Hedley.

Mr. Byrd Adkins spent Saturday night with Raymond Nichols at Clarendon.

Miss Mable Sibley spent the weekend with home folks.

Mr. and Mrs. V. G. Pittman spent Sunday with Mr. and Mrs. Alvin Pittman.

School closed last Friday for two weeks so the children can help gather the crops.

Prof. and Mrs. H. T. Burton and little daughter, Melba Sue, attended the Tri-State Fair Saturday.

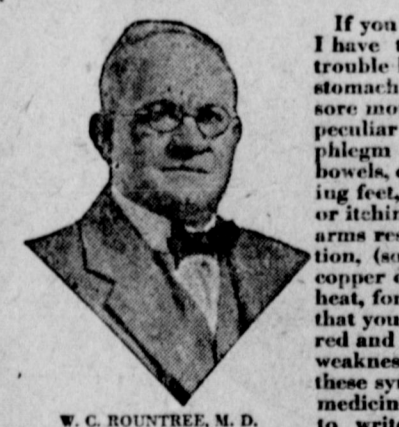

Mr. and Mrs. T. M. Pyle and Mrs. W. A. Massey "took in" the Fair and circus Thursday.

Mrs. W. H. Martin visited her daughter, Mrs. Bob Younger, in Amarillo last week and attended the Fair.

Mr. and Mrs. Charles H. Dean Jr., of Demmitt, spent the weekend here with Mrs. Dean's parents, Mr. and Mrs. C. M. Lane.

Mrs. Clay and daughter, Miss Eleanor of Lexington, Ky., are guests of Mrs. John S. Bugbee.

D. O. Stallings was a visitor in Amarillo Sunday.

W. C. ROUNTREE, M. D.

Mrs. Katie Carmel Stroud, Box 479, Pittsburg, Texas, whose picture appears here, writes: "In the Spring of 1927, my hands, arms and legs broke out with something and I went to see the doctor and he treated me for some time, but did not do me any good. A friend of mine told me about you and your wonderful treatment. I only took two treatments and I haven't been bothered with that sickness any more. I can eat and drink anything I want and it does not hurt me. I wish everybody could know about your wonderful treatments and know what relief they would get after taking them."

### CLARENDON IS INCLUDED IN LEADING DISTRICT

In a friendly contest organized throughout the United States, over 26,000 Firestone dealers are competing for prizes aggregating \$25,000.00 in gold and free vacation trips to the north and east. The prizes are to be divided among the dealers rendering the best tire service to their communities and the sale of Firestone, Firestone-Oldfield and Courier tires, count as hits in this game, and the dealers having the largest number of hits are the winners.

The Clarendon Motor Co. of our town, local Firestone Dealers, are entered in this contest, and are hot after the pennant and their share of the prizes. They feel they have an excellent chance, as a very fair quota has been allotted for this section. Providing our Dealer is listed among those having the largest number of hits each week throughout September and October, the dealers' name and the name of our town will be broadcast to 26,000,000 radio listeners throughout the world, over the National Broadcasting System, during the Firestone hour six to six thirty o'clock, Central Standard time, each Monday evening. The Oklahoma City Branch of the Firestone Tire & Rubber Company is ahead in this contest at the present time, and this information was broadcast to the world Monday, September 9th.

To quote G. G. Kemp, local Firestone dealer: "We are going right after the first prizes in this game, and so far have a fine chance. We have always tried to make our service good, but believe us, it is going to be extra good these next two months, and also we are dividing our anticipated prizes with the public in the form of special low prices on everything we sell during September and October. We need the support of all car owners in this whole district to bring home the bacon in this Ball Game, and anyone trying our service or buying our merchandise will certainly see that we are deserving of this support. Thru our efforts in this Game we hope to have our name and the name of our town broadcast over the Firestone chain to the 26,000,000 listeners. We need the business—you need the tires—we want the prizes—our town needs the publicity. Let's go!"

### FAME OF SARGON NOW NATION-WIDE

When Sargon was first given to the world, well known authorities predicted it would become one of the great outstanding health-giving remedies of the age, but the men of science who labored for years to perfect it little dreamed it would become a household word in so short a time.

According to the statements of people everywhere who have actually put it to the test, it is restoring literally hundreds of thousands of weak, run-down, half-sick, discouraged men and women by some of the latest and most advanced methods known to Medical Science.

The demand for Sargon is probably without parallel in the history of the drug trade. In the State of California alone, it will require over one million bottles to supply the people of California during the first twelve months after it was placed on sale.

One big New York firm, with wholesale house in leading cities, have sold and distributed 908,184 bottles in the past eight months, or at the rate of one million and a quarter bottles per year.

Kansas City wholesale and retail firms have sold and distributed over 300,000 bottles within twelve months, or an average of

### First Presbyterian Church

Robert S. McKee, pastor.  
Sunday School, 9:45 a. m. Decision Day.  
Morning worship, 11 o'clock. This service will be given over to a Rally Day service for Sunday School and Church. A dramatization of the theme, "What Manner of Child Shall This Be," will be given.  
The Senior Young People's Society will meet at 6:45 p. m. Evening worship, 7:30 p. m. Note the change in hour.  
Sermon by pastor, "In the Cross of Christ I Glory."  
The Circles of the Woman's Auxiliary will both meet in the Church, Mrs. G. L. Green and Mrs. W. G. Word, hostesses.

Mr. and Mrs. Hugh B. Lusk and children visited in Amarillo Sunday.

almost one bottle for every family in the State of Kansas.

Texas dealers required nine carloads the first four months. In the Northwest, the Twin Cities of Minneapolis and St. Paul have been selling at the rate of over \$100,000 per year, to say nothing of the immense wholesale distribution. Sales in other sections have been correspondingly large.

Back of Sargon's triumph in the drug stores is Sargon's triumph in the homes. When a suffering man or woman finds a medicine that helps them, they invariably tell their friends about it, and in this way the fame of Sargon is spreading from coast to coast, sweeping the country like a great tidal wave.

No matter where you go—North, East, South or West—Sargon is bringing health to thousands, and many foreign countries are now clamoring for it.

Douglas & Goldston, Agents.

# AUCTION SALE

## 50 JERSEY COWS 50 AND HEIFERS

Nat Wood's Mule Pen, Clarendon, Texas  
One Block East of Antro Hotel

## THE C. H. S. BRONCHO

Edited Weekly By Pupils of C. H. S.

### Noble Named Captain of Broncho Eleven

Joe Noble, star half-back of the Broncho Football Squad was named captain of the team at a recent meeting held at the school. Noble is a third-year man and is popular not only with the members of the Broncho squad but throughout the entire student body. Under his captaincy the local eleven will have an experienced and well qualified man to lead them and no doubt the selection of Joe was a very wise move on the part of the members of the team.

### PEP SQUAD REORGANIZED

After a pepless pep-meeting Wednesday afternoon, the pep-squad met and organized. They elected a sponsor, president and secretary and treasurer. Besides practicing some yells, it seems to be the opinion of the student body that the pep-squad can do all the yelling, and it seems that the pep-squad are of the opinion that the yell-leaders can do it all. Don't think a yell leader can do it all—it takes co-operation from all the students. Follow your leaders—do not try to yell an individual. If we don't give our team any better support than we did this afternoon, they'll walk off the field beaten Friday. Wait and see! It all depends on you.

### Pep-Squad Entertains Football Boys Friday Night

On Friday night, September 27, the pep squad girls entertained the football boys with a party at the home of Viola Jones. The color scheme was maroon and white which are the high school colors and white crepe paper was strung from the corners of the room to the light in the center from which hung a football.

As the crowd gathered, games of bridge and forty-two were played while some of them enjoyed dancing. The game of the previous afternoon which was at Quitaque was discussed and at nine thirty punch was served to everyone.

### PEP SQUAD MEETING

The Pep Squad met last Thursday night at the College Ball Park with about fifty attending. All of the Pep Squad and leaders were there, also the football boys and several others. The purpose of the meeting was to cheer the Bronchos to such an extent that they would be sure to return from Quitaque the following day with victory. Under the leadership of Betty Walker, Kitty Speed and Willie Vineyard, all of the old yells were practiced, and several new ones were learned.

The pep meeting was made pepier because the squad knew that they were not going to be allowed to go to Quitaque with the boys on Friday. They wanted the team to take the memory of the meeting with them to cheer them on in the Pep Squad's absence during the game.

### Clarendon 18—Quitaque 0

Showin—some improvement over the last week the Bronchos defeated Quitaque, at Quitaque Friday 18-0.

The progress however does not offset the disappointment felt by the coach at the slowness of the boys to round into form. The swap is still lacking. Two minor injuries are still evidence of lack of proper training.

The of the line was far superior to that of the backfield. Time after time holes were opened by the forward wall only to have their efforts nullified by the laggardness of the backs. Behrens, Easterling and Morris did well as defensive line even at intervals, their play was not at all consistent however. As an offensive team the blocking was poor—assignments were carried out in a very haphazard manner. Offensive Dillard stood out as the one man to cheer the heart of the coaches. Showing a dash and fire that has not before been apparent in his football. He did most of the gaining for the Bronchos.

The improvement in our team over the previous week has led the coaches to hope for a victory over the highly trained Childress team this Friday.

### A WEEK WITH THE JUNIOR CLASS OF '31

Ruth Price  
The Junior Class, as perhaps most everyone has heard, is the peppiest class in school. We have a splendid sponsor, officers, and pep leaders. It certainly will not be long now until it will be a recognized fact that the Junior Class has more pep than any class in school if it is not already known. We do not feel that it is necessary to let the people know what we are doing by putting it in the newspaper, because we fully believe they have already heard. Monday afternoon the Junior Class was called together by our President Raymond Nichols, in order to see how many wanted to honor their class by wearing the well known Junior pin. The majority of the class wanted pins and after each name had been taken the class adjourned. The pins have not as yet been selected, but will be as soon as the agent comes. A meeting was scheduled for Tuesday afternoon, but there had

been two meetings of other organizations already called, so it was postponed until Wednesday.

The class meeting Wednesday afternoon was very short. The class gave suggestions for entertaining the "Seniors."

Thursday afternoon the class was called to order and it was decided that we would entertain the "Royal Seniors" with a hay ride, October 5, and probably we can take some of the dignity out of them.

The Juniors find in their room these following: "Juniors! would you have the Bronchos for District Champs?" We truly would, and feel assured that we will, so come on and fight! We are backing you.

### GASOLINE "CHEF" CONTROLS DIET OF YOUR CAR

Vitamins, calories, roughage, mineral salts—for your car? Not exactly. But, according to experts on automotive fueling, your car has dietary problems just as surely and equally as important as your body. And it is the business of the "gasoline chef" to see that the car gets the type of diet that will give it the ambition, pep and resistance it needs to keep on the job, refrain from catching cold, and stay out of the class of sluggish auto dispeptics.

Who is the gasoline chef? He is a scientist who spends his days and often his nights, working, studying, testing, and discovering better ways to feed your motor. His kitchen is a great research laboratory maintained by the concern whose motor fuels you buy at the filling station.

"Yes," says R. C. Jopling, of the Phillips Petroleum Company, Bartlesville, Oklahoma. "The research man in the motor fuel industry is really, among other things, a 'gasoline chef.' In our laboratories we have experts who are continually studying the dietary needs of the motor car and producing fare that meets those needs.

"For example, our experts realized that the gasoline in use a few years ago would not adequately fit the requirements of modern high compression motors. They knew too, that a gasoline 'diet' upon which a motor could thrive in winter or in a cold climate was not necessarily the correct diet for that same motor during the summer or in the warmer summer climates.

"It was the knowledge which prompted our 'gasoline chefs' to discover how literally to take gasoline apart—then to combine and recombine its various parts so as to meet different seasonal and climatic requirements of the modern motor. The motorist naturally wants his car to start easily in any kind of weather, to accelerate quickly, to have plenty of pep for the open road, to deliver real mileage, to have a vast reserve of power and to run smoothly and quietly at all times of the year. Thanks to the 'gasoline chef', who not only knows a motor's needs but knows how to supply those needs, the careful motorist is now in a position to keep his car on a healthful diet that assures uniformly high standards of performance.

### Lions Club Name Committees For Resolutions Tues.

The regular meeting of the Lions Club was held Tuesday with President Douglas presiding. Claude Wells of Memphis was introduced and paid a tribute of appreciation to Lion Braswell. A committee was named to draw up resolutions on the death of Mrs. Braswell and O. L. Fink. The following compose this committee: O. C. Watson, T. F. Connally, A. L. Chase and Homer Mulkey.

### REDFEARN IS SOLE OWNER OF NEW ELECTRIC SHOP

J. B. Redfearn is to be the sole owner of the newly established Radio Electric Company which has its headquarters in the rear part of the Goldston Building. Mr. Goldston stated the fore part of the week that he had no connection other than renting Mr. Redfearn the location for the establishment. Redfearn is well known here, having been connected with the Texas Utilities Company in the line of electrician and is equipped to handle electrical contracting of all sorts aside from the radio end of the business, which he will handle personally.

## Society

### Weatherman—Carlson

Sunday morning at nine o'clock Miss Gladys Weatherman and Mr. Charles Carlson were united in marriage at the Baptist parsonage by Rev. McClung.

The bride's mother, Mrs. Nelbreta Jones was the only guest. The groom is the son of Mr. and Mrs. Ed Carlson and is well known here.

The bride was very attractive in a frock of white georgette. After a short honeymoon trip to Eric, Okla., Mr. and Mrs. Carlson returned to Clarendon to make their home.

### Pathfinder Club Has First Meeting of The Year

The Pathfinder Club met Friday afternoon in the first meeting of the Club year in the home of Mrs. J. T. Sims with Mrs. C. A. Burton as assistant hostess.

Many items of old businesses were brought up among which was the report of the library committee which stated that the library that the Pathfinder Club had been sponsoring for many years and known as the Pathfinder library had been accepted by the city and would hereafter be a city library.

Five vacancies in membership were filled by Mrs. J. W. Evans, Mrs. J. Sherman, Mrs. U. J. Boston, Mrs. B. G. Smith and Mrs. W. C. Stewart. Two names were added to the waiting list.

The retiring president, Mrs. H. T. Burton, gave an interesting review of the past year's work, after which the incoming president, Mrs. J. L. McMurtry gave her hopes and ideals for the club for the present year. Mrs. McMurtry especially expressed her desire to see the club sponsor a Little Theater in our city.

After delightful musical numbers, consisting of piano solo and violin solo furnished by Miss Fray Stallings and Mrs. Boykin respectively, refreshments were served to the members present and a few invited guests.

### Thursday Evening Bridge Club

Mr. and Mrs. P. B. Gentry entertained members of the Thursday Evening Bridge Club and a few guests Thursday evening at their home.

After a two-course dinner, bridge was enjoyed several hours. Mr. and Mrs. M. P. Gentry received high score club prize, Mr. and Mrs. Dorr Ellis were recipients of guest high score. Mrs. G. C. Stricklin drew consolation. Club members present were: Messrs. and Mmes. M. P. Gentry, Seldon Bagby, F. W. Taylor, H. Kennedy, Sam Dyer, Dr. and Mrs. O. L. Jenkins.

Guests were: Messrs. and Mmes. Dorr Ellis, Clarence Miller, P. L. Chamberlain, Cleo Norwood, Ira Merchant, Dr. and Mrs. J. C. Stricklin.

### Kill Kare Needle Club

Mrs. U. J. Boston entertained members of the Kill Kare Needle Club Thursday afternoon.

Mrs. Eva Draffen was elected President. Conversation and needle work occupied the rest of the afternoon, and the hostess served a delicious ice course at a late hour.

Those attending were: Mmes. G. W. Kemp, Geo. McCleskey, Buel Sanford, Eva Draffen, H. Brumley, Floyd Keener, Joe Cluck, John Bass.

### Kongential Kard Klub

The Kongential Kard Klub was entertained by Mr. and Mrs. Richard Bell at their attractive home Friday evening.

Roses and asters featured in the decorative scheme. A two course dinner was served before the games of bridge.

Mr. and Mrs. Chas. Bell received high club prize. Mr. Phillips Gentry drew gentlemen's consolation, Mrs. C. W. Bennett, Jr., ladies consolation and Mrs. Ira Merchant was presented low score prize.

Those attending were: Messrs. and Mmes. Dorr Ellis, Clarence Miller, Chas. Bell, P. B. Gentry, Seldon Bagby, Don Grady, C. W. Bennett, Jr.

### Intermediate B. Y. P. U.

Sunday, October 6th, 1929. Subject: What is a real B. Y. P. U.?

The program is in the form of a play. The scene is the pastor's study. A group of Intermediate have come to talk to him about helping them to organize a B. Y. P. U. in their church.

The characters: Pastor Thomas, Mrs. L. L. Corneilus; George, George McCleskey; Fred, Frank Holtzclaw; Sue, Ruth Cautchen; Jack, Floyd McClung; Ann, Frances Parker; Harvey, Euia Miller.

### Building Permits in 33 Cities Passes Nine Million Mark

Building permits in 33 cities of Texas reporting to the Bureau of Business Research of the University of Texas for August amounted to \$9,822,000, against \$7,834,000 in July and \$10,654,000 in August, 1928, according to Bevard Nichols, editor of the Texas Business Review, issued monthly by the Bureau.

### FUNERAL SERVICES HELD FOR S. B. SCOGGINS

Olahee, Okla., Sept. 20.—Funeral services were held Wednesday afternoon in the Baptist church at Olahee for S. B. Scoggins, age 53, who dropped dead Tuesday afternoon at Creta. Burial was made in the Altus cemetery.

Scoggins leaves a wife and nine children, Thelma, Mabel, Albert, Fred, Jewel, Irene, Noralee, Lester and Norma Jean.

Mr. and Mrs. Lindsey Taylor and little daughter, Mary Lee, attended the Fair in Amarillo Tuesday.

## Fire Prevention Week—Oct. 6-12

The week of October 6-12 has been designated by President Hoover as Fire Prevention Week. The annual observance of this week, says Secretary of Agriculture Arthur M. Hyde, undoubtedly has contributed materially to the cause of human safety and well-being.

Following the President's announcement on fire losses in general, Secretary Hyde called attention to farm fire losses in the following statement:

"The farmer has as much reason as the city dweller or any other owner of property, to interest himself in these special annual campaigns against fire. The loss on farms and in rural communities due to fires has been estimated to have been as high as 3,500 lives and \$150,000,000 worth of property in a single year. The rural population of our Nation should give serious and constructive thought to this problem and make special efforts to eliminate needless fire losses.

"Lightning, defective chimneys and flues, sparks on combustible roofs, matches, smoking, spontaneous ignition of agricultural products, careless use and storage of gasoline and kerosene, faulty wiring and improper use of electric appliances, continue to be the principal known causes of fires on farms.

"The individual has it in his power to combat these hazards, and I urge that he do his utmost to safeguard his family and property against the fire menace. Periodic clean-up and inspection of premises will remove many serious fire hazards.

"The U. S. Department of Agriculture has a special committee on farm fire protection, which is actively cooperating with interested national organizations in an effort to reduce the losses from fires on farms and in rural communities.

"Rural volunteer fire departments, equipped with modern motorized apparatus, are receiving merited and widespread atten-

tion and represent investments which pay dividends in fire protection, especially where good roads have been provided.

### HELPING TO BUILD TEXAS

Another relatively new export crop for Texas is garlic. From Moulton, South Texas Incorporated reports the shipment of six carloads of that odoriferous vegetable—200,000 lbs. of which ought to be enough, some will think, to flavor all the edibles in the world.

The perishability of Texas-grown figs under shipping conditions has been a serious obstacle in the development of that industry. The Texas City cannery, which has been successfully shipping frozen strawberries and other fruit, is now shipping frozen figs, and expects to ship its first carload to New York in the present season. By the process the figs are washed and skinned and then subjected to sub-zero temperatures, rendering them hard and impervious to bruising. It is claimed in that state they keep their flavor for an indefinite time.

Increasing demands for electricity by Dallas industries have necessitated expansion of the generating power of the Dallas Power and Light Co. and work on the additional \$3,000,000 investment in the plant is to be completed about the end of the year. The addition will give a generating capacity of 110,000 horsepower. The spray-pond enlarged because of the new plant will handle 120,000 gallons of water a minute or more than the requirements of the entire City of Dallas.

The experience this year of a group of Lamar County farmers who grew cucumbers is of interest. The acreage was not extensive, but farmers in the Powdery community produced 10,000 bushels, which they sold on a contract basis made before they planted or even bought the seed. Claude Pollard of Chicota cleared \$380 from two acres. As a result

of the experience this year, a larger acreage is expected to be planted next year.

Altho even after the recent long drouth Abilene had enough water in its city lake to carry it for eighteen months, it is preparing largely to increase its water supply and next year will start work on a new reservoir on Elm Creek, northeast of the city.

Lampasas, one of the most attractive of the smaller Texas cities and with large possibilities as a resort, is experiencing the greatest building activity it has had in several years, according to a report, which says a new \$80,000 hotel is one of the projects for early construction. San Antonio will extend its limits a mile and a half in all directions annexing several different suburbs.

Anahuac, county seat of Chambers County and one of the oldest towns in the State, has petitioned the Gulf States Utilities Co. to build its transmission lines and furnish it with electricity. Matagorda, after 101 years' existence, is another old Texas town now served with electricity, the Central Power & Light Co. recently extending its lines there.

Texas ranks first in wool production in 1929, leading Montana by 10,000,000 and California by 15,000,000 pounds. Total Texas production, including the fall clip, is estimated at 40,000,000 pounds out of a total American clip of 300,000,000.

The Texas Highway Department appropriates \$8,403,930 for maintenance of 18,000 miles of designated highway, nearly 5500 a mile.

**SATURDAY MARKET**

The Presbyterian Auxiliary will hold a Fourth Saturday Market at the Allmond Chevrolet Company on Saturday, September 28th. Your patronage is invited. (40c.)

Mr. and Mrs. Fred Rathjen and son were Amarillo visitors Sunday.

Mr. and Mrs. G. L. Green and family were among those present at the Tri-State Fair Thursday. Joe Walters and family were among the Clarendon people who attended the Fair at Amarillo Saturday.

Mr. and Mrs. W. C. Stewart and family were among those who went to Amarillo Thursday and "took in" the Fair.

**Architects Favor Duplex For Homes**

By Wyatt Brummitt

Old fashioned double houses had a good idea behind that is, to make two houses grow where one grew before—but few of them had anything else in their favor. They were, to put it plainly, ugly.

The idea is still good, but nobody today wants to own or live in an unattractive house, so architects have turned their attention to the problem of making the duplex or semi-detached house a thing of beauty and a joy for as long possible.

Economy is the fundamental idea behind the building of a double house. Although there are essentially two individual homes involved, there is but one excavation, one heating plant, one roof and, in many cases, there are money saving arrangements of plumbing lines, fire-places and chimneys.

In general, there are two types of the double house, the duplex, which is arranged apartment-style, with one unit directly above the other; and the semi-detached, in which a common central wall unites two otherwise separate houses. The problem of designing a duplex house, as the architects see it, is to keep it from looking like a two-story apartment house; the trick in planning a good semi-detached double house is to keep it from spreading over too much expensive territory.

A good plan is the first step toward the achievement of building economy. Architects have now raised the status of the two-unit house so that it is on a par with residences of the completely detached type.

The second step is the wise selection of building materials. It is poor economy to build a double house cheaply, that is, with inferior, short-lived materials. For the swift depreciation of such a house and its high maintenance costs combine to rob the owner of the profit he has every reason to expect from his investment.

The interesting thing about high class construction is that it costs very little more than shoddy construction. In fact, experience has shown that the cost of repairs and extra maintenance demanded by a poorly built house during the first few years is greater than the added cost of permanent, maintenance-free construction. And as time goes on, the inferior house becomes a highly expensive proposition.

Properly used concrete, in monolithic or masonry form, insures the needed structural strength. Also, it's fire-safe. Incidentally, there are various other uses of cement and its products, from cellar to chimney-cap to make fire-safety certain and to provide beauty and protection for a very long time.

**NEW FOUNTAIN INSTALLED AT DOUGLAS-GOLDSTON**

One of the most up-to-date soda fountains in this section of the state has been installed at the Douglas-Goldston drug store. The fountain is frigidaire equipped and is in harmony with the fixtures of the store in color and style.

This popular store has served the people of this city for several years and about a year ago moved into their new home. No fountain had ever been used in the store but the management saw that there was a demand for such an addition to the store and they spared no expense in filling the requirements of their customers.

**CLARENDON SALESMAN GETS HONOR IN SALES CONTEST**

A contest staged by the employees of the West Texas Utilities Company was ended the latter part of last week and one of the salesmen for the Clarendon office was listed among the winners in the more than one hundred towns comprising the territory of the company mentioned. R. S. Cope scored 21 points more than the quota assigned him, making a total of 501 points in the three months campaign for sales of Frigidaires. The quota is arrived at by giving 25 points for each sale of a machine, rating these as B. T. U's. Mr. Cope was one of the first men to reach his quota in District "J," and is in line to receive a trip to the convention of salesmen at Dallas or Fort Worth, in addition to the cash bonus of \$50.00, which is his whether he receives the trip or not. A decision had not been reached early this week as to whether Mr. Cope would be allowed to make the trip.

**LEGIONAIRES WILL HOLD ELECTION OCTOBER 8TH**

Much interest is being shown in the election of officers for the Aubyn E. Clark Post of the American Legion which is scheduled to take place October 8th at the Legion Hall.

A Post Commander is to be elected at this meeting and it is very important that all members of the post be present. Many nominations have been suggested and very likely a hot campaign will be staged the last few days before the election takes place. C. J. Douglas is the retiring Post Commander.

J. E. Southwood and Frank Paul of Panhandle, were business visitors here Tuesday.

Attorney J. R. Porter transacted business in Amarillo Thursday.

**SOCIETY NOTES**

Episcopal Auxiliary

The Ladies Auxiliary of the Episcopal Church met at the home of Mrs. W. H. Patrick Wednesday afternoon. After a brief business session a short program was given at the conclusion of which refreshments were served and a social hour enjoyed.

Presbyterian Auxiliary

The Presbyterian Auxiliary met in the church parlors Wednesday with Mrs. R. A. Chamberlain and Floyd Lumpkin as hostesses. The Bible lesson on the book of Acts was read by Rev. Robt. McKee. A short business session was held after which refreshments were served.

Missionary Society 1st Christian Church

The ladies of the Missionary Society of the First Christian Church met with Mrs. J. A. Thompson of Lelia Lake last Wednesday afternoon with fifteen present.

During the business session plans for the year were made. The Bible lesson on the 4th Chapter of Luke was led by Mrs. F. C. Johnson.

Delicious refreshments were served during the social hour.

Mr. and Mrs. Richard Wilkerson Entertain

Mr. and Mrs. Richard Wilkerson entertained with a forty-two party last Thursday evening at their home. The entertaining rooms were decorated with garden flowers and ferns placed in every vantage point. A number of games were enjoyed in which Mrs. John Watts won high score.

Miss Lotta Bourland, Mrs. Josephine Ball Entertain

Miss Lotta Bourland and Mrs. Josephine Ball were charming hostesses to their bridge club at the home of Mrs. Crabtree last Thursday afternoon. The decorations were lovely cut flowers and a delectable one course luncheon was served to the following guests: Mrs. B. E. Kirtly, Lillian Brady, Cleo Norwood, L. C. Parker, Jr., Fred Stegall, Bascom White, B. C. Antrobus, Kelly Chamberlain, Sam Darden, Carl Bennett, Roy Ingram and Misses Lorraine Patrick and Leta Verne Martin. The guests of the club were Mrs. S. J. Earskin of Hubbard, Texas Mrs. Earl Alexander, and Miss Leta Mae Kerbow.

Methodist Missionary Society

Ladies of the Methodist Missionary Society, about fifty in number, met in the auditorium of the church Wednesday afternoon and a special program was given as follows: Song by Society. Devotional led by Mrs. R. Y. King.

Tolln solo—Miss Harvey Lou Strava.

What shall I tell my children about God?—Mrs. U. J. Boston. Reading—"Mr. Master"—Mrs. C. W. Bennett, Jr.

Story—Teresa—Mrs. Fred Bunting. Vocal solo—Mrs. Rolla Brumley.

Objective of the Missionary Society from the Mission study standpoint—Mrs. G. L. Boykin.

From Bible study standpoint—Mrs. G. J. Sherman.

The Bible study for the year was announced, which is to be "Outline of the Book of Acts," by Mrs. Mary Lipscomb Hargrove.

Baptist Missionary Society

The Baptist Missionary Society met in the church parlors Wednesday afternoon in a business session. There was an excellent attendance.

The following officers were installed: President, Mrs. Wm. Gray; 1st Vice-Pres., Mrs. Couch; 2nd Vice-Pres., Mrs. W. C. Stewart; 3rd Vice-Pres., Mrs. Simpson. Two entertaining visitors of the Society were Mrs. Hughey of Arkadelphia, Arkansas, and Mrs. Conaster of Fort Worth, both sisters of Mrs. W. S. Lowe.

Mrs. Hughey made an interesting talk on the Missionary work in her home town.

It was decided at this meeting to hold the Bible study on the 1st Wednesday in each month at the church with the pastor leading same.

It was also voted to entertain teachers of all the public schools at the church parlors Thursday, October 10.

The announcement was made that the East Circle will meet next Wednesday with Mrs. J. H. Reeves and the West circle with Mrs. W. Z. Borron.

**Church Board Pays Tribute to Mrs. Braswell**

At a called session of the Board of Stewards of the Clarendon Methodist Church, September 30, 1929, the members of the Board passed the following resolution upon the death of Mrs. Sam Braswell:

Whereas God in His infinite wisdom has taken one of our most beloved and faithful members and whereas by faith, word and action, she was loved, honored and cherished by the membership of this church and whereas our loving Father having taken her home to His own, where her sweet voice shall sing the glories of heaven and its angels, and where even yet her love care and affection will be extended more than ever to her loved ones and she shall never more feel pain or sorrow. We bring our tribute and honor to the memory of Mrs. Sam M. Braswell.

To her husband Sam M. Braswell, a member of our board and to the children and loved ones, we pray the sustaining peace and grace of our God keep you and make you His own.

Board of Stewards of the Clarendon Methodist Church.

**CLARENDON MAN PLAYS ROLE OF BENEFACTOR**

While returning from Oklahoma City a little more than ten days past, G. G. Kemp picked up Tommy Shannon, an orphan boy about fifteen years. The lad was hungry, ill clad and was practically starved when he was picked up by the local man. The boy was brought to Clarendon and fed, Mr. Kemp furnishing him with a complete new suit of clothing more suitable than when he was found. The lad was questioned and it was learned that he had lost his father some four years past and that his mother had died two years ago. He is quite a cosmopolitan citizen, having lived in New York City, Chicago and Nashville, Tennessee. He was starting from Nashville to Southern California when he was picked up, stating that he knew that he would not freeze to death if he could reach that place.

First Methodist Church

Sam E. Allison, pastor. Announcements for Sunday, October 6.

Sunday School meets in all its departments at 9:45 a. m. J. Ralph Porter, general superintendent.

Preaching services conducted by the pastor at 10:50 a. m. and 7:30 p. m.

Senior, Hi and Junior Epworth Leagues meet in their respective places at 6:45 p. m.

The mid-week service Wednesday at 7:30 p. m.

**To-Day and To-Morrow In The Feminine World**

**The College Girl**

By Emma Lou Fetta

THE Home and Fashion Institute is much interested in the college and boarding school girl at this particular season, not only because the month for her departure for school is here, but because fashions have taken so decisive a turn toward simplicity and a new femininity. Gone for the time being is the fashion flare for "looking boyish." The smart young girl will this year be truly feminine. We can't help but think this a very good idea. Particularly so because a classic simplicity is present in the mode.

Many of the smartest school dresses may be made by a practical dressmaker, but the stores, too, offer certain garments in particular which to be right must be made by professionals. The golf ensemble pictures is one of these. It is a firm boucle knit of strong rayon yarns and will have many uses for the college girl. Its colorings are smart—Robinhood green piped with black. The practical golf shoes created by Delman combine the same shades in handmade sturdiness and charm of workmanship.

We find that well knitted rayon sport clothes can be satisfactorily washed in lukewarm water, plenty of soap suds, several rinses are used. The garments should be carefully, but practically handled; patted in Turkish towels and allowed to dry on a flat surface instead of being permitted to drip from a line.

**HOSPITAL OPENED TUESDAY**

The Adair Hospital was re-opened Tuesday to the public under the supervision of the Commissioners court and by a board of directors appointed by the court.

**Irven Alderson is Winner in Contest**

Irven Alderson, popular salesman at the Kerbow & Sons Furniture store received a telegram Wednesday announcing that he was winner of first prize in a contest sponsored by the Mohawk Rug Co., for the benefit of rug salesmen over the United States. The contest was carried on in pictures, offering the salesman a problem each issue and the motive of the pictures was to solve the problem that faces the average rug salesman.

Mr. Alderson received notice that he had won over all other contestants and a check will be mailed him immediately the telegram stated. This is quite an honor for Mr. Alderson and the firm and all Clarendon rejoices in his good fortune.

**PAMPA MINISTER HERE**

Rev. Jas. Todd, Jr., of Pampa, was in Clarendon Tuesday and Wednesday of this week looking after business matters. Mr. Todd resigned his pastorate of the First Christian Church at Pampa and is now doing Okla. work. He was to have preached at the First Christian Church here last Sunday but was called to conduct a funeral which prevented him from filling his engagement.

**INFANT CHILD BURIED WEDNESDAY AFTERNOON**

Bonita Eunice, infant daughter of Mr. and Mrs. L. D. Carlisle died at the family home Tuesday afternoon, living only five days. Funeral services were held Wednesday afternoon at the First Baptist Church, the Rev. S. E. Allison, pastor of the First Methodist church conducted the services.

Interment was made in the Citizen's Cemetery with the Buntin Funeral Home in charge of the arrangements.

The infant is survived by its parents, and one small brother.

Misses Eula Mae and Mary Naylor and Ruth Price were present at the Fair in Amarillo Saturday.

Messrs. Homer Mulkey, A. L. Chase, J. G. Sherman and O. C. Watson were in Amarillo Sunday.

Mr. and Mrs. Albert Reed of Ashola, visited in the M. C. Reed home Saturday.

Mrs. E. P. Shelton returned Thursday from a few days visit in Dallas.

F. G. Sloan and family of Lubbock spent Sunday with Mr. and Mrs. E. A. Sloan of this city.

Mrs. J. D. Cook of Lelia Lake, mother of our townsman, M. W. Cook, is quite ill at her home.

**"These aren't mine— I wear FLORSHEIMS!"**

Once a man has the Florsheim habit, there's no such thing as depriving him of Florsheim Shoes! And for good reasons: What else can adorn a foot with such smartness? Or gratify it with such comfort? Or serve it so long and faithfully? If you don't know Florsheim Shoes, it's time you got acquainted! P. S. We'll be happy to manage the introduction.
