Baird FFA Group Begins New Year

The Baird chapter of the Future Farmers of America will, at an early date, elect officers for the new school year, and the chapter will lean heavily upon eight senior boys for guidance and leadership, Edwin L. Reese, vocational and agricultural teacher said.

The eight boys, all of whom will complete their FFA work this year, are James Warren, Robert Parks, George Lambert, Carrol Taylor, Clayton Joy, Claxton Joy, Felton Gilmore, and Kenneth Gleghorn.

The Baird chapter was chartered Dec. 15, 1937, and Reese said the present membership of 49 is the largest since 1945 and the second largest since the organization was founded. Hub Warren, he said, was the first president, and E. E. Jones the first chapter advisor.

Two major activities confront the local chapter, Abilene District Fair and the State Fair of Texas to be held in Dallas.

Rural youth day at the state fair is Oct. 8. More than 100,000 youths from over the state of Texas are expected for this day set aside for them. Orders for FFA jackets need to be in early so that jackets will be here in time for the state fair trip.

Entry deadlines are to be extended for animals and fowls for the Abilene district fair.

Farmers Credit Loans Expanded

Recent changes in the laws governing Farmers Home Administration will enable the agency to serve the credit needs of a larger number of farm families, Walter T. McKay, state director, this week informed Herschel A. Lynch.

The new law provides broader authority to assist family-type farmers with loans to improve and operate their farms. It also authorizes the program loans for operating and developing farms where the farmer has part-time employment off the farm. Included in the broader authority are loans that can be advanced for operating loans.

All county office staffs of the agency have been brought up to date on these changes at meetings held throughout the state, and will begin operating under the new authorities and policies on Sept. 4.

Sept. 21 is the deadline for winter wheat producers to sign agreements for placing 1957 crop wheat acreage under the Soil Bank's Acreage Reserve.

Lions Club Offer Bargain in Bulbs

Members of the Lions Club will be knocking at doors Tuesday to offer a bargain in light bulbs.

Householders will be offered a bag of bulbs containing four 100-watt bulbs, two of 75 watts, and four of 60 watts, Ray Black, president said.

The bag of bulbs will be offered at \$2 which Black said is under the regular retail price.

Callahan Gets Shallow Test

Callahan County has drawn location for a shallow rotary test four miles southwest of Putnam.

It will be John H. DeFord, trustee, of Abilene No. 8 Arthur Beasley, spotting 410 feet from the south and 1,000 feet from the west lines of the southeast quarter of Section 25, D&DA Survey.

Proposed depth is 750 feet with rotary.

Completed in the regular field six miles northwest of Clyde was Fresno Oil Co. of Wichita Falls No. 2-C Aradia Morrisette, in Section 68, Block 14, T&P Survey.

The well gauged 34 barrels of 42 gravity oil in six hours, flow-

Park Clean-up is Project for Monday

The Callahan County Luncheon Club is urging everyone to turn out Monday from 4 p. m. until dark and complete cleaning up Bell Legion Park.

This project was started two weeks ago under the sponsorship of the Lions Club and President Ray Black at that time said work was about three-quarters complete.

The city of Baird has appropriated money for the purchase of fence posts and the construction of a fence around the park is planned in the very near future.

Star, Enterprise Told It First

Other newspapers are gradually catching up with the Baird Star and the Clyde Enterprise.

Two months ago readers of these papers learned that the present system of administering county schools would likely be abolished and districts set up composed of groups of counties. The proposal contemplates the end of the office of county superintendent and the election of a school board which would employ a trained executive.

Prior to publication in the Star and the Enterprise, this story of major importance to the entire state, had not appeared in any Texas newspaper. Three weeks ago a daily publication in a nearby city had a story on the subject. During the past week news services at Austin, the origin of the broke up.

Advocates of the proposal contend that county schools are now administered under laws enacted many years ago and under radically different conditions than those existing today.

Doctor Sounds Rabies Warning

Dr. M. L. Stubblefield, county health officer, this week warned the method in which animals suspected of being rabid are killed.

The animals should never be killed by a blow on the head or by being shot in the head, Dr. Stubblefield said. It is the brain which is examined to determine whether the animal is rabid, and a severe blow or a bullet may destroy the evidence.

When an suspected animal is killed, Dr. Stubblefield said, examination of the brain should be made as early as practicable. Analysis may be made at the Terrel Laboratories in Fort Worth, where a charge is made, or at the State Health Department in Austin where examination will be made free.

As an example of proper procedure, Dr. Stubblefield cited a Callahan County man whose child was bitten by a skunk. The incident occurred about 3 a. m., the doctor said. The father killed the skunk by breaking its neck, at 7 a. m. he was in Austin with the dead skunk.

Last Rites Held For Mrs. Windham

Funeral services for Mrs. Mary Alice Windham, 56, longtime Callahan County resident who died here Sunday while attending the First Baptist Church, were held Tuesday at 3 p. m. at the First Baptist Church.

Officiating was the Rev. Leonard Hartley, pastor, and the Rev. Riley Fugitt, former pastor. Burial was in Ross Cemetery here under direction of the Wylie Funeral Home.

Mrs. Windham was born Jan. 30, 1900, at Mason. She had lived in Callahan County most of her life and had made her home in Baird since the death of her husband in 1950.

Surviving are one daughter, Mrs. George Sadler of Rowden; three sisters, Mrs. Dona Ford of Lawn, Mrs. Temple Purdy of Richland Springs, and Mrs. Dovie Bats of Baird and four brothers, Bill Nobles of National City, Calif., Archie and Jack Nobles, of Baird, and Arlie Nobles of Oplin.

ing through 52 perforations at 3,119-3,160 feet. Casing was set at 3,179.72 feet, with hole bottomed at 3,212. Gas-oil ratio was 225 pounds, and tubing pressure 225.

A VAST NEW HOLIDAY LAND in the heart of Texas will be created under the Brazos River Authority's master plan for development of the river. The map shows how the Authority's Six-Dam Program will provide a chain of lakes 250 miles long stretching between Whitney Dam at Waco and Possum Kingdom above Mineral Wells. This continuous body of water, convenient to virtually all Texas sportsmen, will become a center of a great new recreation industry. This Land o' Lakes of Texas will provide boating, fishing and camping facilities on a scale never before known in the Southwest. They also will assure the Brazos Valley of an ample water supply for irrigation, industry and municipal use far into the future. A by-product will be hydro-electricity. Besides the Six-Dam Program, the Authority plans various other reservoirs for local water supply and for special purposes, such as Allens Creek and South Bend, shown on the map.

Observer Corps To Be Activated

B. H. Walls, Director of the Ground Observer Corps in Callahan County, has announced that the Baird Unit will be activated on Sept. 11 with a series of training sessions designed to teach volunteer observers how to identify and report aircraft.

Walls has asked that volunteers register with him at once in order that the training program may be set up. An observation post will be located on top of the Callahan County Courthouse and a phone has been installed giving the Post direct connection with the Dallas Filter Center.

There will be a series of training sessions after which there will be one practice session each month. The first is set for Tuesday night, Sept. 11 at 7:30 p. m. in the County Court Room. The

Odd Fellows, Rebekah To Meet Here Monday

The West Texas Odd Fellows and Rebekah Association, District 1, will hold their semi-annual convention in Baird Monday. Attendance is expected to reach 100 or more. The meeting will be held in Legion Hall, 301 East Second Street.

Officers of the association are: President, H. V. Vittitow, Rotan; First Vice-President, Mary Green, Abilene; Second Vice-President, Cliff Dunnham, Haskell; Secretary, Callie Robinson, Haskell; Treasurer, Carl Hoag, Rule; Chaplain, Billie Balliff, Abilene; Musician, Ruth Jones, Abilene; Counselor to the President, Leone Fearsey, Haskell; Historian, Dorothy Brusenhan, Abilene; Marshall, Mary Winslow, Abilene; Reporter, Maude Wilburn, Abilene.

Cooperative Meet In Clyde Saturday

The annual meeting of the Callahan County Farmers Cooperative will be held at 2:30 p. m. Sept. 8 in the community center at Clyde. Weldon Edwards, president, announced.

Directors for the ensuing year will be elected and the auditor's report will be submitted. Edwards said refreshments will be served to members and their families and to friends of the association.

In his notice to members Edwards said, "Your presence at this meeting and your cooperation in the affairs of your Association will be appreciated by the board of directors and management."

Ray Alderman, manager of the Baird cooperative, said six per cent dividends are being paid on all outstanding stock.

The nation's first billion bushel wheat crop was produced in 1915-16 and the next one in 1944-45. But for the next nine years, except for the 1951-52 crop, the nation's annual harvest exceeded the billion bushel mark.

Heart Attack Hits Call Boy

C. D. Morton, 20, Texas and Pacific call boy who suffered a heart attack early Monday, will be transferred to a hospital at Big Spring Saturday, his father, C. O. Martin said. The younger Martin has been in the Callahan County hospital since was found in a hotel room Monday morning.

A train crew was to be called early Monday. Young Morton, who did not have his car available, had an agreement with the yard master by which Morton would call crew member nearby and yard master would call the others. Morton called the two assigned to him.

Later another train crew was to be called but Morton was not to be found. When the senior Morton went to work at 7 a. m. he learned that his son was missing, and a search began. Morton searched every room of the hotel where he had called the two train crew members, he said, and did not see him.

Volunteer firemen, police officers, and private citizens joined in the search. Later C. C. Morton found his son slumped down beside a bed in the hotel, his position having concealed him when the earlier search was made.

Garden Club Meets With Mrs. Anderson

The Old Fashioned Garden Club met Tuesday Sept. 4, in the home of Mrs. D. J. Anderson with Mrs. C. Z. Anderson and Mrs. W. E. Box as Co-Hostesses.

The president, Mrs. Ace Hickman called the meeting to order and led the group in repeating the Lords Prayer. Mrs. Ben Ross read the Constitution and By-Laws of the Garden Club.

Mrs. D. J. Anderson discussed Soils, plants and other subjects of interest to the Home Gardeners, including insects and pest control.

Mrs. L. C. Cash gave a talk on different varieties of Iris and the varieties best suited to this area.

Two new members were welcomed into the Club, Mrs. V. H. Torrance and Mrs. Harold D. Hart.

Refreshments were served to Mrs. L. C. Cash, Ben Ross, Rod Kelton, Felix Mitchell, E. C. Fulton, John McGowen, Lee Ivey, Dick Young, Clyde White, Leo Tyler, Ace Hickman, Ellis Warren, W. E. Box, C. Z. Anderson, D. J. Anderson, V. H. Torrance, H. D. Hart and one guest, Mrs. Rebecca Curry. The next meeting of the Garden Club will be Tuesday, Oct. 3, in the home of Mrs. Ace Hickman.

Officers are Mrs. Ace Hickman, president; Mrs. E. B. Posey, vice president; Mrs. Ben Ross, secretary; Mrs. D. J. Anderson, treasurer; and Mrs. Dick Young, reporter.

Quarterback Club Sponsors Press Box

The major project of the Quarterback Club this year will be the construction of a press box at the stadium, Tom Barton, president, said following the Tuesday night meeting.

At that meeting a nominating committee was appointed to name nominees who will be voted on for office at the meeting to be held at the school Tuesday night.

TB Association Meeting Announced

The Callahan County Tuberculosis Association will meet at 5 p. m. Sept. 13 at the home of Mrs. W. T. Brightwell, Mrs. H. W. Martin announced. This will be the first meeting of the new season.

City, Utilities Go Back to Court

The old controversy between the City of Baird and the West Texas Utilities has flared up again and will be back in court Sept. 28.

On that date Judge J. R. Black will hold a hearing in the 42nd District Court to determine whether the utility company should be held in contempt of court as requested in the city's petition.

It is the city's allegation that the utility organization has violated certain prohibitions contained in the order of the court when operations were discontinued in Baird.

In the current litigation, the city of Baird has made the Callahan County Farmers Cooperative a party with the West Texas Utilities.

Beef-Eating Increases In Texas, Poll Reveals

Texas beef eaters broke their own record and set an all-time high for summer beef consumption this year!

Results of a state-wide survey of food chains totalling 767 retail stores in all parts of the state were released this week by the Texas Beef Council. The council is now entering its third year of a state-wide educational program designed to increase beef consumption.

Earp Acting Head Of Callahan ACS

Borton B. McPherson, former manager of the Callahan County ACS left Saturday for Stephenville where he will hold a similar post in Erath County.

No permanent successor has been appointed and J. C. Earp, Jr. has been named acting manager.

Bears Take on Cross Plains In Season Opener in Den Friday

Baird's Bears move into the football wars Friday night quietly confident of taking the district title but with a wary eye on one or two non-conference enemies, including their opening night adversaries, Cross Plains Buffaloes.

The Bears were hit heavily by graduation of four of last year's to-hand gladiators, and Coach Jeffreys has been hoping to develop even two stars to help take up the slack.

As practice began 10 days ago Coach Jeffreys bluntly declared the Buffaloes to be 'two to three touchdown better than any other team on our schedule.

Names, positions, numbers, and weights of the two squads are:

Emma Reynolds Circle Hold Meet

The Emma Reynolds Circle of H. W. Martin. A short business the Methodist Church met Tuesday night at the parsonage with Mrs. James Price and Mrs. J. D. Drennan as hostesses.

The meeting was called to order by the Circle leader, Mrs. Price. The program for the year was completed.

Discussions on the courses of study for the year were given by Mrs. Irvin Cosm, Mrs. C. W. Curtis and Mrs. J. D. Drennan.

Refreshments were served to the following members: Mrs. Irvin Corn, Mrs. Clyde Latimer, Mrs. Ray Black, Mrs. J. D. Drennan, Mrs. J. V. Thompson, Mrs. H. W. Martin, Mrs. C. W. Curtis, Mrs. James Price, Burma Warren, and the Rev. James Price, who was a guest for the meeting.

Mr. and Mrs. Reed Francisco and son Jimmy of Grand Prairie were week end visitors with Mr. and Mrs. W. R. Francisco of Putnam and Mr. and Mrs. Chatham of Baird.

School Enrollment 103 High; 300 Grade

Baird public schools opened Tuesday with a total enrollment of 403. Superintendent Bill Ford announced. The high school registration was 103 and in the grade school an even 300 enrolled.

Ford said construction work in the high school has caused no inconvenience.

"We thought we might have a little trouble," Ford said, "but we didn't. It's working out all right."

Construction work will, he said, be an inconvenience to football fans by reducing the parking area.

Brief Assembly Opens School Year

The Putnam School opened Monday morning at nine o'clock with a brief assembly in the auditorium.

The faculty consists of Superintendent E. W. Reynolds, John Shrader and Mrs. R. N. Cluck. High school teachers, Mrs. A. Loiry, Mrs. Mary Kellner, Mrs. Vernon Northrup, and Mrs. Roland Nichols, grade teacher.

NOTICE!
A hearing will be held Monday, September 10, 1956 at 2 P. M. until 4 P. M. on the 1957 budget for Callahan County. Hearing will be in the Commissioners Court room in the courthouse, Baird, Texas.
Anyone wishing to attend this hearing are cordially invited.
J. L. Farmer, County Judge, Callahan County, Baird, Texas

The ruler of Rei Bouab, a domain of some 36,000 people in Africa's French Cameroons, maintains royal cavalry garbed in chain mail, the National Geographic Society says. So lordly is his sultanic majesty, the Lamido, that his subjects are forbidden to look at his face. Yet he has 400 wives.

During Antarctica's summer, microscopic forms of sea life coat the underside of bay and ocean ice in a dark-brown layer like peanut butter. This plankton layer soaks up the heat of sunlight filtering through from above, melting the ice faster from the bottom than on top, the National Geographic Society says.

Home Folks And Visitors

Linda, Skippy, and Terry Bilhartz, children of Mr. and Mrs. H. L. Bilhartz of Dallas have spent the past week with their grandparents, Mr. and Mrs. O. L. Bilhartz.

Mr. and Mrs. J. R. Bilhartz and baby, Jimmy were also visitors over the weekend.

Mr. and Mrs. Buddy Hart of Midland are spending the week with their parents Mr. and Mrs. Fred Hart and Mr. and Mrs. E. P. Miller of Eula.

Mr. and Mrs. Fred Hart had as visitors over Labor Day weekend Mr. and Mrs. Bill Hart of San Angelo.

Visitors in the home of Mrs. F. E. Mitchell and the A. A. Mansions last week were: Bonnie Rouse, Fort Worth; Ann McElrath of Abilene; Sgt. and Mrs. McElrath and family of Abilene Air Base; Kenneth Rouse and family of Fort Worth.

Mr. and Mrs. A. A. Manton and Cleo Ivy spent the weekend visiting relatives in Waxahachie and Fort Worth.

Sgt. and Mrs. McElrath and family of Abilene and Mrs. F. E. Mitchell visited Sunday with Mr. and Mrs. Dan Mitchell in Cottonwood.

Charlie Young is in a critical condition at Hendrick Memorial Hospital.

Mr. and Mrs. W. L. Bowling and Mr. and Mrs. Walker, visited in McLane (Gray County)

Texas over the weekend, at the homes of former residents of Baird, Judge and Mrs. C. S. (Vet) Rice and family, Mrs. Laura Stratton and Mrs. Otho Carter.

Callahan County isn't the only dry spot in Texas, according to these wanderers—the only really ice crops seen on the 500 mile trip were those in the irrigated belt of the Panhandle.

Mr. and Mrs. Ernest returned Saturday after spending last week in Abilene with their son, E. J., who underwent surgery at Hendrick Hospital on Monday. They report that he is recovering nicely, and is now at his home, 334 Fannin Street.

Mrs. E. L. Wood has just returned from an extended visit in East Texas with her daughter and husband, Mr. and Mrs. O. V. Murphy at Longview, relatives and friends at Kilgore. Tyler and Dangerville, while there her son and family, Mr. and Mrs. Milton Wood of Fort Smith, Ark. Came also her daughter and husband, Mr. and Mrs. L. W. Randall of Beaumont.

Mr. and Mrs. Floyd Lee Wood of Houston, Mr. and Mrs. Floyd Wood and family were dinner guests Saturday in the home of their mother, Mrs. E. L. Wood.

Mr. and Mrs. D. L. Blair of Los Angeles arrived in Baird Sept. 1 for three weeks visit with friends and relatives, including Mr. and Mrs. Rob Walker and Les Walker of Admiral and Mr. and Mrs. Vernon Walker of Abilene.

CARD OF THANKS
We wish to thank our many friends for all their kindness during the illness of John Adair; for the flowers, and the sympathetic cards; for the visits and the phone calls.
Mr. and Mrs. John Adair.

Ermine, prized for centuries as royal raiment, is actually the winter coat of weasels, which turn from brown in summer to pure white in snow season, except for jet-black ends of their tails.

The basis of mankind's clocks, the turning of the earth itself, varies slightly. It sometimes speeds up, then slows down. These differences are minute. From 1680 to 1800 the earth "lost" 37/100ths of a second, the National Geographic Society says.

While it is not practical to make farm buildings strong enough does, W. S. Allen, extension agricultural engineer, says the cost of making new or existing buildings strong enough to resist winds of hurricane force is not great.

Oplin Observations

By Daphne Floyd

Mr. and Mrs. Clint McIntyre
announce the arrival of a grand-
son, born to their daughter and
her husband, Mr. and Mrs. Ram-
ond McNeice. The baby has been
named Billy Jim.

Paula Windham left Tuesday
of this week with a group of
girls as a delegate to the Deak
and Derrick Oil convention being
held in New Orleans. The group
plans to be gone 10 days.

Mr. and Mrs. J. B. Pierce and
son, Darrel visited Sunday in
Baird with her brother and fam-
ily, Mr. and Mrs. Clint McKinley.
Darrel Pierce who has worked
during the summer months in
Odessa as a carpenter's helper
has returned home to enter
school and Darrel brings back
proof of his labor, a '49 Mercury.

Sue Pierce was a bridesmaid
for a school chum, Barbara
Jones McCollum who exchanged
wedding vows with Billy Don
Willis last Friday night.

Mr. and Mrs. John Jordan
have had an extra bedroom,
back porch and another bath-
room added to their home.

Mrs. Mane Johnson and son,
Frank Edward have had their
home place torn down and are
building on to the little rock
house formerly belonged to an-
other son, Maurice Johnson.

The highlight of the week for
youngsters at Oplin is the
opening of schools at Clyde and
Lawn.

**Rain You Keep
Is What Counts**

It is not the rain you get but
the rain you keep that counts,
G. O. Hoffman, extension range
specialist, asserted.

It is going to take a lot of
good soaking rains to break the
present drouth but if history re-
peats itself, he adds, heavy
downpours usually follow long
dry periods and unless provi-
sions have been made to hold
such rainfall, too much will be
lost.

Hoffman offers several sug-
gestions for holding a maxi-
mum amount of these heavy
rains should they occur this fall.
Don't, he cautions, go out and
buy expensive equipment for do-
ing the necessary work, but do
use what is available on the
farm or ranch. Net wire spread-
ers do an effective job of slow-
ing down runoff water. They
stop drift and hold water well
even on slopes. Too, says Hoff-
man, they are cheaper to build
than dirt spreaders and there
is no dam to be washed out or
blown away.

Trees and brush thrown into
the heads of gullies will greatly
aid in slowing down and spread-
ing runoff water. Brush piles
placed in gullies at intervals
will tame running water and also
catch soil and cause much more
of the runoff to be soaked into
the soil. Fallen brush scattered
over the pasture holds water and
helps grass seedling get started
by giving them protection.

A range which is dotted with
wire spreaders, pits and piles of
fallen trees and brush holds
many times more water than a
range which is bare of vegeta-
tion or man-made constructions.
The bare areas should be plit-
ted, says Hoffman, for little water
will be absorbed if measures are
not taken to break the surface
crust which will shed water, es-
pecially if the rain comes as a
downpour.

Many good soakings will be
required to get drouth ravaged
ranges back in good shape and
because most ranges and pas-
tures are now bare, any
device, construction or prac-
tice which can be put on the
land to hold water will help the
comeback, says Hoffman. Most
of these jobs, he adds, can be
done piece-meal and with avail-
able equipment and labor. They
will not cost much money but
can be great aids in shutting
the gate to keep water where it
falls.

CARD OF THANKS

I wish to thank the volunteer
firemen of Baird, law officers
and all others who generally
aided in the search of my son,
C. D. Martin.

C. O. Martin.

Bands of male baboons, bark-
ing loudly, have been known to
charge hunters in a body, the
National Geographic Society
says. Africans experienced in
bush hunting claim they would
rather let their dogs bait a lion
than try to corner a troop of
these crafty monkeys, which
rank among the most savage of
African mammals.

"It was individual freedom
and the right of free choice
which contributed most to the
growth of America." — NAM
President Cola G. Parker.

Atwell News

Mrs. Roy Tatom

Mr. and Mrs. E. W. Foster of
Cross Plains were honored with
a wedding shower Saturday
night at the home of Mr. and
Mrs. Roy Tatom. Cake and

where they spent a week vis-
iting Mr. and Mrs. Harvey Kend
and Robert Griffin. Enn
home they visited relatives
Big Spring and Snyder.

CARDS OF THANKS

We wish to express our sin-
cere thanks, and appreciation to
many friends, who aided us
any way during the illness
death of our loved one. For
lovely flowers, cards, and
expression of sympathy, which
helped to make our loss ea-
sier. May God bless each and all.

Gasolines - Motor Oils

For big jobs, small jobs, all jobs —

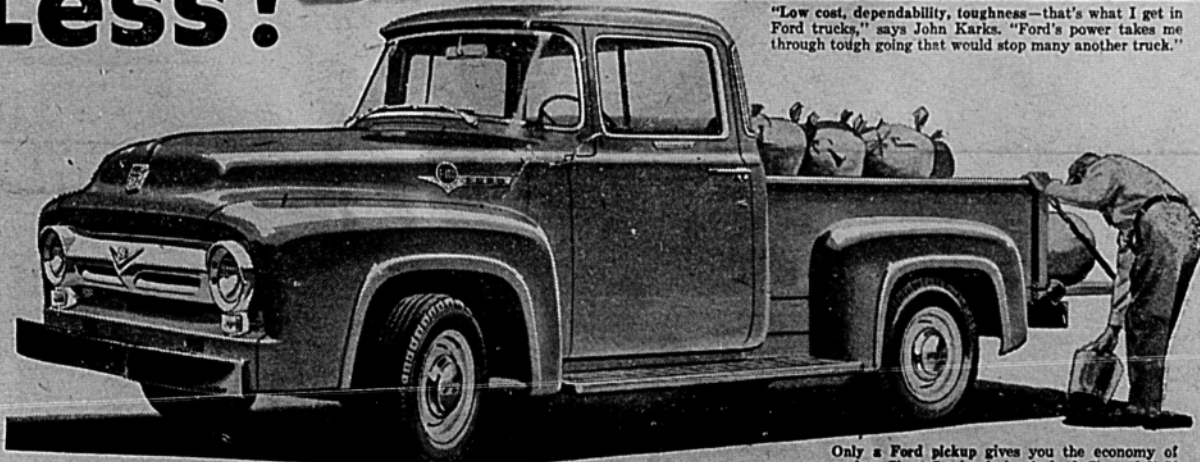

**Ford
Trucks
Cost
Less!**

"I earn as much as \$30 a day more because my Ford T-800 tandem job can carry more payload than comparable trucks," says timber-hauler Clarence Landwig.

"Low cost, dependability, toughness—that's what I get in Ford trucks," says John Karkis. "Ford's power takes me through tough going that would stop many another truck."

Only a Ford pickup gives you the economy of modern Short Stroke design in both Six and V-8!

Ford's low initial prices mean real savings, to be sure. But the on-the-job savings you get in Ford trucks count even more!

Take running costs; they're downright low. Because only Ford gives you the gas and oil economy of modern Short Stroke power in every truck. Only Ford offers Short Stroke engines backed by over 5 billion miles of on-the-job experience.

Upkeep costs are low because Ford trucks are built extra strong. They outlast all other leading makes—a fact certified by independent insurance experts. That same stand-up ruggedness means greater dependability, too.

And when it comes time to trade—you'll gain from Ford's traditional high resale value, too. You'll find that, from start to finish, Ford trucks cost less.

THE BIG FLEETS BUY MORE FORD TRUCKS THAN ANY OTHER MAKE

**Ford Trucks
last longer**

Using latest registration data on 10,502,351 trucks, life insurance experts prove Ford trucks last longer.

"When you figure low running and upkeep costs, high trade-in and low price, we feel that nothing can beat Ford trucks for value." Charles Sofer, president of I. Hart & Co.

"Ford's Short Stroke engine design and rugged chassis mean low operating and maintenance costs," says John Coleman, whose firm operates 45 Ford C-750's.
