LOCAL BOXING TEAM BATTLES MEMPHIS GLOVERS TO DRAW

The Clarendon boxing team, under the direction of Coach J. L. Naylor and Bill Bentley, met the Memphis team in the Memphis gymnasium Thursday night, and to the surprise of many Memphis fans, the CHS glove toters carried away seven of the fourteen fights. The boys all share this with pride, but intend to increase the percentage of victories steadily on other teams they plan to meet in the future. Every single bout was a full night of entertainment in itself. Each of our boys gave his opponent a fight that he will long remember.

Jerry Morgan and Leroy Green introduced the show with three rounds of real scrapping. Green had an 8 lb. margin over Morgan which probably accounted for his winning the bout. Morgan fought continually defensively, but failed to wear his opponent down for issuance of a knock-out blow before the bell ended the fight in Green's favor.

Jimmy Beard and Donald Corley presented one of the best fights of the evening. Beard knocked his opponent to the floor in the first round which marked him with a black eye that appeared in the second. Both were worn out in the third round as a result of bitter slugging and effort, but Beard's superior force won him the bout.

Ed Thomas and Herbert Stinnett offered surprises and suspense in the third fight of the evening. Thomas' bitter offense drove Stinnett to his knees in the first round and weakened him dangerously, but the long-armed, slow-but-sure Stinnett made a comeback in the second round which won him the bout. Thomas suffered a bloody mouth and contact with the mat as he weakened in the third round.

Dudley Trussell vs. Bill Hickman—there was a real fight! Trussell introduced the first round with a hard right to Hickman's face that sent him to the mat with a bloody nose. Hickman was back like a spring to put up some stiff competition, but Trussell's stiff offense quickly weakened him to the extent that his towel was thrown into the ring in the 3rd round.

J. P. Carlike defeated Elmo Sams with a stubborn offense, but took some vicious blows in the act. Carlike displayed a peculiar but very effective guard.

Melvin King fought a losing battle, but his opponent, Adair Gilbert, was nothing short of a master at the game. It was a TKO in Gilbert's favor in the second round.

Brevity marked the bout between Jiggs Mann and Jack Monzingo, who knocked Mann out in the first round. Mann was exhausted because of a vigorous offensive, and Monzingo's first good connection stuck.

Bill Chilton gave his opponent, Benny Godfrey, a terrific beating in the first round. A towel saved Godfrey in the second. It was a TKO for Chilton and a real fight.

Donald Beard had his hands full, it seemed, with J. C. Sams, who was lighter but displayed a marvelous technique. He put up a stiff fight, but Beard put up a better one and took the bout.

BLACKBURN-SHAW of AMARILLO BUYS BUNTIN FUNERAL HOME

Mr. and Mrs. Fred A. Buntin announced this week that they had sold their interests in the Buntin Funeral Home to Blackburn-Shaw Funeral Home of Amarillo. Included in the sale was the Buntin Burial Association, which will continue under the same name. Under the new ownership, the Buntin Funeral Home will be known in the future as the Blackburn-Shaw-Buntin Funeral Home.

Mr. Guy Creamer, who has been with Blackburn-Shaw for the past 6 years in Amarillo, will be the temporary manager here until their regular manager is able to take charge.

W. D. Kidd, who has been with the Buntin Funeral Home for the past three years, will remain with the firm as Assistant Manager.

The Buntin Funeral Home was established here in 1889 by the late P. A. Buntin. Fred Buntin took over the business in 1918, and he and Mrs. Buntin have operated the Funeral Home and established the Burial Association since that time. Due to illness, Mr. and Mrs. Buntin decided to sell, after a lengthy time of deliberation, to Blackburn-Shaw Funeral Home of Amarillo and the main thought in their minds was to select a buyer with a background, that would carry out their old established policy of giving a complete, modern, prompt service to the people of this section. The Blackburn-Shaw Funeral Home was established in 1919 and now operates in Amarillo, Dalhart, Borger and Clarendon.

Read their page advertisement on page seven of this issue of the Leader for more particulars.

RATIONING AT A GLANCE

Phebe Ann Buntin

The Donley County War Price and Rationing Board today cautioned that ration books are property of the United States government and should not be mutilated. Owners should take the utmost care to see that their ration books are kept in good condition.

Owners should paste back in the book with tape or paste on a piece of plain paper any stamps that might come loose, he advised.

"Merchants should not send customers with mutilated books to the Local Board to ask for a replacement," the Board said, pointing out that this would only cause an unnecessary workload on Board clerks.

A CALL TO PRAYER

"Come ye that love the Lord And let your wants be known; Join in a prayer with one accord And thus surround the throne."

This is a last reminder of the World Day of Prayer at the Methodist Church on Friday, the 16th—at which time the Christian women of Clarendon join the Christian women of the world in prayer for a war-torn, weary world—a world whose only hope is in God. There are no sectarian or denominational lines—the invitation is just to "ye that love the Lord."

The main work committees of the Chamber of Commerce are progressing rapidly in their work according to J. R. Gillham, secretary of the local chamber. The highway committee met last week, and representatives of the committee met with the Commissioner's Court Monday. The court passed orders completing the county's agreement to furnish the right of ways on Highway 203 from Hedley to the Collingsworth County line and additional right-of-way on Highway 18 north to Highway "66". Over two-thirds of the right-of-way on the road to the airport has been agreed to by landowners, and the court gave instructions to complete the signing of the deeds and the securing of the remainder of the right-of-way.

The membership committee is holding its annual drive this week, and the goal is for the raising of the membership from the present total of 53 to at least 75. Dale Hill is chairman of the committee, and Wendell Smith, Carroll Knopp, and R. E. Drennan are other members.

The band committee composed of R. E. Drennan, Rayburn Smith, C. B. Morris, Van Kennedy, Tom Roberts, O. D. Lowry, and Bandmaster Stanley met Tuesday evening and laid plans for securing more instruments and providing more opportunities for junior high and beginning band students. Plans for a drive on the band list was completed for next week.

The agricultural committee has completed arrangements for the Annual Donley County Fat Stock Show for Donley County 4-H and Clarendon F.F.A. members. The event will be one of the largest county junior boys show in the entire state. The committee will meet in the County Agent's office at 3 p. m., February 24th to outline its program for the year.

The airport and special projects committee has completed all work necessary to secure official designation of the municipal airport and is working on other special projects at this time. The committee will meet again Friday night at 7:30 p. m.

T/5 Mildred Martin of the WACs, who has been stationed in England with General Eisenhower's Supreme Headquarters, is here on furlough visiting relatives and friends. She has been in England 18 months including one month in France doing stenographic work. Miss Martin states that she likes her work very much and that her stay in England has been very pleasant despite the "buz bombs" which are always a threat to property and lives.

In answer to the question of British attitude toward Americans, Miss Martin stated: "The British people were very nice to us and were tolerant of our customs and ideas, but they have many old customs of their own which they love very dearly and are reluctant to change them to meet modern ideas."

According to Miss Martin the people of England and especially of London itself are very calm and determined despite the havoc of war and the loss of loved ones. Their morale is high and their spirit to carry on seems not to quake in the least when they see their homes blown to pieces. They immediately begin building back, and trying to remember only the funny things that happened when death and destruction came their way.

Miss Martin lived here several years ago and is known and loved by many of our people. She was a guest speaker at the Lions Club this past Tuesday noon.

When her furlough has expired, Miss Martin will return to her base here in the States to be reassigned.

LIBRARY NOTES

By Mrs. C. A. Burton
The Pathfinder Club sponsored the library 21 years ago and wrote into its constitution that one dollar per member should be paid annually from the dues of the Club to the library. This check for \$48 was given us a few days ago. This means many new books for our spring reading. Each club in the City always makes us a gift of varying amounts, and every dollar is appreciated. We often wonder where we will put another book because we are so crowded, but every dollar we get

goes into one just the same. Almost every week some of our friends bring us a few books; all of which we appreciate. From the Carnegie Public Library at Hemet, California comes an article in a library magazine entitled "Memorial Books Instead of Flowers" and stating that recently 25 memorial books had been placed in their library in honor of loved ones, and the statement that a book as a living memorial instead of flowers that fade in a day is a beautiful idea. We at once thought of our three books in memory of Robert Powell, and we hope others may follow this lovely plan. More and more the thought of Living Me-

morials is appealing to people. "Books were never more important to this country than they are today. The questions which must be decided, the issues which must be resolved, are, many of them, questions and issues which only books can properly present. The profoundly searching questions, of for example, the order and form of the postwar world are questions for which books and books alone provide an adequate forum." From Archibald McLeish, Librarian of Congress, reappointed Secretary of State in charge of Public and Cultural Affairs.

John Masfield, England's poet laureate, has expressed a conviction that Russia will be one of the strongest forces for peace in the postwar world. He thinks she seems determined that there shall not be another European war.

Roscoe Dunjee, Negro editor of the "Black Dispatch," Oklahoma City, addressing an inter-racial conference sponsored by the Committee of Editors and Writers of the South at Atlanta, Georgia, asserted plainly that a removal of poll-tax restrictions in the South would not be followed by any Negro attempt to dominate elections. Affirmatively, he put it this way: If the voting curbs are removed, "the Negro will join with the white people in the South in doing the things that ought to be done in a Democracy."

George Bernard Shaw denies the rumor that he is planning to attend the American premiere of his "Anthony and Cleopatra," filmed in England and directed by Gabriel Pascal, who made Mr. Shaw's "Pygmalion" also.

Mary Alice Allison returned home Sunday after spending 10 days in the Clinic-Adair hospital where she underwent an appendectomy.

UNITED WAR CHEST OF TEXAS

Represented in Donley County by the following County War Chest officers:

C. M. Lowry, Chairman; Bert Smith, Special Gifts Chairman; C. M. Lowry, Publicity Chairman; M. R. Allensworth, Treasurer.

Here is good news for Texas relatives of men in Japanese prison camps:

The Japanese government has at last announced that a full shipment of U. S. relief supplies has been delivered to prisoner-of-war camps where American soldiers are held. If the announcement is true, it means that for the first time in many months, our men in the hands of the Japanese are receiving recreational supplies, books, study courses, sports equipment and other material designed to ease their prison boredom, as well as food and cigarettes.

The ship carried a large shipment of supplies sent by War

Prisoners Aid, the National War Fund agency which looks after the welfare of our boys in enemy prison camps. The supplies were purchased with contributions of millions of home-front patriots who gave to their County War Chests during the annual National War Fund campaign.

For months, the Japs have held up shipment of the relief goods. Persistent negotiations by War Fund and War Prisoners Aid representatives, however, finally forced delivery of the shipment. The War Fund agency is represented abroad by Swiss and Swedish neutrals, who have done a good job in supervising delivery of relief to Americans in both Germany and Japan.

If the delivery reported this week indicates a new Japanese policy, National War Fund agencies will continue to send relief supplies to our men on a regular schedule.

A Marine officer recently dropped a tip as to why that famed corps has been able to set such a fine fighting record—a large proportion of the corps is made up of Texans!

At one time, 27 per cent of all Marine volunteers came from the Lone Star state. Even now, Texas contributes far more than its per

capita share to the ranks of the fighting leathernecks!

Two residents of West, Texas, have recently been wounded in fighting abroad, but both are expected to recover. They are Pfc. Ernest Hutya, 22, who was hit while fighting inside Germany, and Pfc. Leo Klimitchek, 20, who was wounded in Luxembourg.

Mr. and Mrs. S. T. Meritt are moving to Amarillo where their daughter works at Pantex. They have been residents of this city for the past 17 years and Mr. Meritt has been connected with the cotton business. They regret leaving Clarendon but plan to come back on frequent visits.

GALL AND GULLIBLE.
Of course you recall the 'smelly' gasoline lamps on the poles and the big crowd that gathered to the fakir where medicine was sold in gobs that cured all ills. It was a great game until the picture show took his crowd away from him. Up on the corner where the large Shamburger sign now reposes, a large tent was pitched about 1896, late in July. The patent medicine

quack had a long, flowing beard, hair still longer and had a voice that, carried well over across the lake north of town. "He had come to save!" When he got down to unwinding his verbal barrage, he yelled: "I a mover 200 years old, and an hale and hearty as you well see, with a sharp eye for a pretty woman and the glandular facilities to give an excellent account of my prowess in the deathless pantomime that carries the precious aroma of romance and love—all from taking this miraculous potion right here in this bottle." He held the panacea of all ills incarcerated in a colored bottle well above his head and flowing mane. A widow who was always out looking for bargains and balm, edged up to the younger looking fellow who was making the deliveries from the headquarters of gall to the gullible. She asked the younger man if that "doctor" was really over 200 years old. "Lady, you will have to ask some one else," said the "lad" with a fine display of candor, "because I have only been working with the doctor for 92 years."

ASHTOLA SCHOOL NEWS

The Citizenship Club held its regular weekly meeting Friday with President Alwyn Barker in the chair. We voted to have a Valentine party Wednesday night. Besides having a very interesting meeting we are learning our parliamentary laws right along. In the fourth, fifth, sixth and seventh grades, we just completed units on cotton and on oil. Both rooms are gaily decorated

with Valentine hearts and posters, and we are now working on the long awaited Valentine box. Although sadly disappointed because Mrs. Hickey did not get back in time, we are planning a nice program to go along with our box. Mrs. Graham surprised us Friday at noon and bought us all a coca-cola. We enjoyed it with our lunch.

METHODIST CHURCH

H. W. Hanks, Pastor

Sunday school at 9:45. Preaching at 10:50. Subject, Christ has the Key to the World Situation. The Intermediates meet at seven. Preaching at 7:45. Subject, "The Faithful Servant." We are trying to build up the attendance in all our services. There are 12 classes and departments in our S. S. So if each class or department secures 5 new members each that will increase the attendance considerably. So let each class and department resolve to secure 5 more to attend regularly. Then you who are not attending, we want you to help us. Our boys in the service would fall if only 40% of them show up for duty. We are in a battle here at home. Each member has a responsibility. So let each one do his part. As your pastor, I need you in the service. Then other members need the inspiration that your presence will bring. Then you need the help the services will give. I will preach at Goldston at 12. Visitors are always welcome. If you have not made your pledge to the Crusade please do so as soon as possible.

Rev. H. W. Hanks has returned home from Dallas where he attended a preachers meeting.

Mr. and Mrs. Neely Hudson have moved to town from the Goldston community and are at home in the Bill Word home.

Mrs. W. L. McConnell of Perryton is spending the week with her mother, Mrs. Sarah Stocking.

CIVILIAN SUPPLIES WILL BE LOW

Supplies of meat, butter, sugar, canned and packaged foods, clothing, and many durable goods will be smaller in 1945, OPA advises. Record buying and increased military demands in 1944 greatly reduced reserves, which have so far helped meet demands. The present scarcity of metal household equipment and appliances will remain acute until peacetime production can be resumed. At the same time more people will be eager to replace equipment and household furnishings that are now more nearly worn out. Shortages always generate an urge to pay higher prices to get more. This increases the dangers of inflation. In 1945, OPA states, supplies will be large enough to meet essential civilian needs but much smaller than the amount people could buy with the money they will have to spend the OPA program to meet this situation asks rigid compliance with rationing regulations and price ceilings, plus restraint in buying and a high level of savings, including war bond purchases.

Who seems to be an interesting subject to two male clarinet players?

We heard that some of the girls had a swell time at the River Sunday afternoon.

There was another long distance telephone call. This one from San Diego, Calif., eh, Beverly??

Douglas Lowe, Billy Bogard, Wayne Lowe, were seen in town last Friday night in Billy's car. Where were the girls, boys?

Shame on the nasty ol' boys that tried to interrupt the hen party at the river Sunday.

Better watch your step, Bentley. Some day all of your bridges will come tumbling down!!

Nova Lee seems to be mixing things up somewhat around CHS.

What was the blunder that Jiggs made at Klyda's house Sunday- Ask Sophie!! She knows!!

Have you heard? Shorty Parker's new name is John Doe. How come the sudden change, Parker?

Coach is very grateful for his cagers, but please girls next time not so much sand.

We are very proud of our FFA boys and Mr. Gillham. They did a swell job at Houston.

There seems to be a new fad at CHS. Six girls had on some red make-up at school Monday—or was it sunburn?

CONSTITUTION OF THE RECREATION HALL

We, the members of the recreation center in the City Hall of the City of Clarendon do hereby establish and ordain this Constitution in order to acquaint the club with the laws and statutes drawn up to promote its welfare, safeguarding, and betterment.

Article I
The said recreation center shall be open two nights of each week—Friday and Saturday.

The time of opening shall not be earlier than eight o'clock; the closing time not later than twelve o'clock of the same night.

Any changes in the foregoing rules which might be suggested by the American Legion, faculty of CHS and CJC, or private citizens will be made and recognized.

Article II
Laws and Limitations

Members will be recognized upon the presentation of his or her membership card which he

will hold by paying 25c to the treasurer on or after the first day of each month and not later than the tenth of that month. Otherwise, a fine of 50c in addition to the original price will be paid for readmittance to the club's facilities. A record will be kept to that effect.

There shall be no alcoholic consumption prior to the member's admittance into the Hall or during his presence there. Drinking will definitely not be tolerated.

Strict maintenance of order must always be emphasized. Unruly actions of any member will be checked by the committee in charge to any end that it might see fit.

The furniture and decorations in the hall are not the property of the club. They must not be damaged in any way. The use of the Hall will be forfeited to protect its facilities.

There shall be no profanity. Gambling in any form will be strictly prohibited.

This constitution has been established for the protection of the American Legion Hall and benefit of the members of the club that is so fortunate in obtaining it. This means that it must be rigidly enforced. The person or persons who break the laws set forth in this constitution not only will be compelled to turn in his resignation, but will also be depriving the entire club of its use, because, as you all know, it isn't written in the books that we must absolutely use it.

This group of laws in the form of the constitution that it is has been duly established and published this eleventh day of February, 1945, by the committee in charge of the Hall.

WATCHING OUR LIBRARY GROW

Two new shelves were recently built in the only vacant corner in the Clarendon Junior College Library. The shelves are used for the increasing bound volumes of magazines.

The college magazine collection was recently declared by the State Supervisor to be the most complete and outstanding of any school of this size in the State of Texas.

At the present time, the library has 424-bound volumes of the leading magazines of the nation dating from 1925 to 1945. These volumes are used daily by both high school and college students for leisure reading and research work.

Besides the bound magazines, the books in the library have lately increased to 8,085 volumes.

Layma was awfully sad Thursday and Juanita was awfully angry. What's the matter girls? Could it be love trouble? Could be.

Why is it that Layma would like to set on the next to the back seat on the third row in the study hall? Could it be a boy?

Why is it that all the homemaker girls are asking boys to go to a party with them? Girls backward week has already passed.

Why is everyone proud of Dudley? Could it be the fight Thursday night? Could be.

Friday Miss Darden's class gave us a very interesting chapel program.

Elba Jean gave a reading, Doris Wallace played a piano solo, Sidney sang two songs, "Together," and "Making Believe."

We regret that Oscar is not with us anymore. Must have gotten tired of us, eh?

We don't blame him because we must have looked pretty fat to him.

I wonder whose horse was in front of Arvazene's house last Monday? Rex, could you tell us? Some people are so nosy? Dot and Frankie.

CHAPEL

For chapel Friday the fourth period, the students of CJC and CHS had a "sing-song." Mrs. Bryan contributed as pianist and Mr. Kidd as a leader. After the entire student body sang several songs, Mr. Drennan, Mr. Kidd, "Tuffy" Ellis and Lee Shelley sang "Sweet Adeline," which was enjoyed by everyone. Then Mr. Burton gave an interesting talk on the war and post-war problems. He gave many interesting points about the war at present and of our status in the post-war world. Last on the program were two numbers played by the "Hungry Seven." It was composed of Manly Bryan, Bill Lowe,

SUPPOSE THAT YOU COULD FLICK A SWITCH

AND GET A SIZZLING STEAK!

Be wonderful, wouldn't it? Sizzle... sniff... m-m-m... a-a-ah!

"But," you say, "steaks are scarce and expensive. Steaks are rationed. Steaks have gone to war."

That's right—and there are good reasons why.

But is it any less wonderful that you CAN still get electric service at the flick of a switch—without shortage or rationing—at low pre-war prices—when vast amounts of electricity have gone to war plants?

Our folks have done their war job so quietly and well it's easy to take 'em for granted. We hope you won't—that you'll remember their hard work as you use radio, range refrigerator, washer, cleaner and other electric servants that make wartime living so much easier.

What you can take for granted is the fact that your friends in this company will provide plenty of low priced electricity to run the mechanical marvels in your post-war home.

ris fought a series of clinches. Morris had the reach on Bulman, however, and managed to hold Bulman off as well as throw some effective punches that gave him the bout.

Bob Bentley displayed boxing ingenuity aplenty in his bout with Dan McMillan, Memphis' "blonde bomber." He didn't fall short of the title, as Bentley will doubtlessly confirm. Bentley weakened him in the second round by some beautiful offensive and defensive tactics, and took the bout.

Rex Bradford and Arlie Young presented a good fight with Bradford fighting defensively. He weakened under Young's persistent punching in the second and third rounds, however, and the judges gave the bout to Young.

Raymond Adams lived up to his boxing tradition when he defeated Weldon Jesters in another of the best fights of the session. He displayed about the best form in the group. A towel sailed into the ring in the third round to save Jesters any more of the beating that Adams was handing him. As you will remember, Adams fought in the Golden Glove Tournament in Amarillo last year and again a few weeks ago. He defeated a veteran fighter by the name of Hargroves in the latter, but was unable to compete in the finals because of a bad eye.

Billy Roy Blackman and Donald Hanson fought the last bout, but Blackman was forced to quit before he got a good start because of a weak side. Had it not been for this mishap, he stood a good chance if not a cinch on winning the bout.

More dual meets of this sort are being scheduled with other schools for the future. However, they will probably all take place at the other schools, because of the lack of a ring and ample seating capacity in the gymnasium here.

RED CROSS VOLUNTEER SERVICE

HOME SERVICE

Home Service is called the two-way communication system that stretches around the world. Many a Donley County boy has found it to be just that—a message to him in the frozen North or the torrid South has brought him home because of sickness or some other trouble. Since March, 1944, there have been 2 million communications handled by Home Service; 3 1/2 million servicemen and their families have been assisted by Home Service and 375,000 ex-servicemen and their families have been assisted; 350,000 families have received financial aid.

But Home Service is only one part of the service maintained by Red Cross. The Surgeon General of the Army and Navy say that blood plasma is the foremost life saver of the war. This plasma is the clear, colorless part of the blood; minus the red and white corpuscles. Processed into a powder, it can be mixed quickly with distilled water and administered to wounded men dying of shock. Recently the Army and Navy have asked Red Cross to supply typed whole blood for shipment by plane for special transfusions.

Red Cross establishes its and maintains all blood donor centers at its own expense. Blood must reach processing centers within 24 hours, so not all of us can help in that way. But five million pints of blood have been donated since last March. "I could actually feel my life coming back" has been said by many near-dying men when given blood or blood plasma.

Since March, 1944, the Production department has made 775,000,000 surgical dressings, 13,000,000 garments—and when you see the great mass of garments produced by Donley County women, you are not surprised at the grand total; 3,240,000 Kit bags have been supplied; 15,000 nurses have been recruited for the Army and Navy; 300,000 home nursing certificates issued, and 600,000 first aid certificates issued—all since March, 1944. The Jr. Red Cross during the past year has made 15,000,000 articles for the armed forces and has collected 50,000 tons—not pounds but tons of salvage. So the Red Cross goes on.

The American Red Cross has more than 7,000,000 Prisoner of War packages—largest reserve ever built up in Europe—ready for distribution to American captives of the Germans. Besides food, there has been shipped enough clothing for 100,000 American prisoners. A reduction in Red Cross activities in Europe will not be possible for at least a year after the war.

Mrs. Mary Colville of Amarillo is visiting her aunt, Mrs. J. E. Mongole who is ill.

Mrs. Bob Ayers of Memphis spent Sunday here with Mrs. J. R. Ayers and Mrs. Gilmer Ayers.

WORTH WHILE COMMENTS
 BY COUNTY AGENT
 Charles O. Reed
 YOU NEED TO MANAGE PASTURE, TOO
 Stockmen in the Plains area

long have recognized the value of plenty of grass, but good pasture management also is essential to most economical gains.
 R. R. Lancaster, pasture specialist for the A&M College Extension Service, says recent studies by the Agricultural Experiment Station and the Soil Conservation Service bear out this idea. Experiments carried on over a year's

period with 59 Hereford steer calves near Amarillo, showed that reseeded pasturage offers some definite advantages over native pasturage in that vicinity, especially during the spring and summer months.
 Re-seeded pasturage consisting of Western wheatgrass and blue grama seemed most desirable, closely followed by a combination of Western wheatgrass and wild rye, plus sudan in September. Steers grazed on these re-seeded pastures sold at higher prices and provided carcasses of greater weights than the animals grazed on native grasses. The lot grazed on Western wheatgrass and blue grama gained an average of 310 pounds per steer in 213 days. Western wheatgrass appeared to have a definite relation to both gain and finish of the steers.

Lancaster says county agricultural agents report considerable land in the Panhandle and South Plains is being re-seeded to range grasses and stockmen might profit from careful study of the winter grasses such as the wild rye and wheat grasses.
 Another pasture of blue grama, buffalo, lake weeds, and wheat grass led native blue grama and buffalo grass in their studies. Regardless of the type of pasture, however, maximum gain and finish proved impossible without proper management.

A good plan to follow, Lancaster says, is to graze cool-season grasses in the spring and fall, utilizing native pasture and sudan in the hot, dry months.

The 1945 AAA program includes cash repayment for planting native grass seed. Native grass seed must be planted in March. For additional information and sources of seed, contact county agent at Clarendon.

Mr. and Mrs. Robert Linders and two children came down from Amarillo the week end to visit her parents, Mr. and Mrs. C. C. Powell.

Mr. and Mrs. E. B. Ozier spent the week end in Amarillo with his brother, Mr. and Mrs. Manley Ozier.
