## Sheriff Issues Warning To All Guilty Parties Breaking Out Street Lights

Sheriff Guy Wright issued a strong warning this week to those who are guilty of breaking out street lights over the city, and stated that all who are caught or reported in the act of breaking out the lights will be prosecuted. The fine for the offense ranges from \$1 up.

A vital war material goes into the making of light bulbs and they are none too plentiful. The light company has reported that they have installed a number of the globes and that they have been broken out before they can be turned on at night.

These lights are maintained as a safety measure and a convenience for everyone living in the city and it is costing the taxpayer everytime one is broken, so it is to your interest that you report to officials when you see someone chunking at them.

## Child Drowns In Stock Tank

Jack Edward Allee, two-year-old son of Pvt. E. C. Allee of San Diego, Calif. and Mrs. Allee of Childress, was drowned Friday in a stock tank on the farm of his grandparents, Mr. and Mrs. L. T. Mays, near Clarendon.

Funeral services were conducted Sunday afternoon at the Baptist church and burial was in citizens cemetery with Womack Funeral Home in charge.

The child, who was staying with his grandparents, was playing in the yard when he fell in the tank and was drowned before the accident was discovered. His mother is employed at Childress.

Also surviving are Mr. and Mrs. E. C. Allee Sr., of Clarendon, his other grandparents.

## VISITING HERE FROM SAN ANTONIO

Mr. and Mrs. Edwin Eanes arrived Saturday to spend a few days with relatives and friends in their old home section.

For the past several months, they have resided in San Antonio and like it very much. They experienced the disastrous hail there last week, their car top being badly damaged.

Edwin continues in the service as radio repair man. Soon after entering the service, he and Mrs. Eanes spent several months in Kentucky where Edwin attended a radio instruction school.

## "Biggest Thrill", Says W. H. Tate

W. H. Tate, who lives south of Clarendon in the Brice community, was working on his windmill Thursday morning when to his surprise two of his neighbors, J. W. Spencer and Curtis Phillips appeared on the scene with tractors to help him list his land. Knowing that Mr. Tate had had some sickness in his family and had gotten behind in his listing, these good neighbors, with their wives, came over to do a good deed for a fellow neighbor.

While the menfolk were doing the field work, Mrs. Phillips, Mrs. Spencer, together with Mrs. Tate had prepared a dinner that would delight any working man with a good appetite.

By quitting time some 22 acres of land had been listed and Mr. Tate was very thankful for this timely help. Mr. and Mrs. Tate both express their appreciation to these good people who came to help them when they were behind in their field work.

In expressing himself concerning the event, Mr. Tate said: "It was the biggest thrill of my life, and believe me when I get the chance I'm going to return the good deed."

Things like this have happened before and will continue to happen as long as free men, big hearted men, continue to till the soil of the great Panhandle of Texas.

## VISITING RELATIVES IN CALIFORNIA

Visiting her son, John Beard in San Diego, California at this time is his mother, Mrs. Johnnie W. Beard. She left the first of the week, and expects to be gone the remainder of the month.

John Beard is seeing service in the Navy. He and his wife are making their home in San Diego for the present.

## Killed In Italy

**S/SGT. DAVID F. HALL** formerly of Clarendon received a telegram April 10th notifying her that her son, S/SGT. David Forest Hall, had been killed in action in Italy March 21st.

Sgt. Hall is a native of Donley County and was born in Clarendon Dec. 1, 1923. He volunteered into the service Oct. 27, 1942 and went across Dec. 1, 1943 as an aerial gunner. By March 5th he had made 10 missions and had won the air medal the last of February.

He is survived by his mother, Mrs. J. L. Hall, one brother, Wayne Hall, and sisters, Miss Dorothy Nell Hall of Amarillo; Mrs. Carl Weller and Mrs. W. F. Wardlow of Artesia, N. M.; Mrs. L. A. Marshall of Amarillo and Mrs. J. E. Doegen of El Paso.

## Pioneer Shriners To Be Honored

Khiva Temple, Nobles of the Mystic Shrine, will honor the pioneer Shriners of the Panhandle at its Pioneer Ceremonial in Amarillo on May 22. A special invitation has been extended to all charter and early members of the Temple to attend the ceremonial.

A John Snider barbecue will be held at noon and the entire ceremonial will be held in the Masonic Temple building which the Shrine purchased a few weeks ago.

John McCarty is the illustrious Potentate of Khiva Temple and Fred Galie is Recorder. The Potentate's aides of Donley County are Simmons Powell and Thomas M. Shaver, both of Clarendon.

## H. W. Lovell Jr. Writes From War Area

The following letter was received recently from Sgt. Howell W. Lovell, Jr. by his parents, Mr. and Mrs. H. W. Lovell of near Ashtola. Sgt. Lovell is serving somewhere in the South Pacific area.

Dear Folks:

I am well, happy and safe. In fact, I am in better spirits than at any time since being in the Army. I arrived here one month after Daddy's birthday. I have been in the scrap and I love it. We have taken the air strip and in just a few days this island will be ours. This is just a small stepping stone to the more serious and bigger and better battles to come.

My fox hole is pretty deep but this afternoon if I have the time, I am going to make it deeper and much bigger. I want it to be quite comfortable if it is to be my home for sometime to come. We have all the coconuts we can eat and many more. In fact, there are so many we use them to put on the top of our holes to keep this rain out. Last night it rained and this morning I was soaking wet. I didn't dare get out of my hole as it is strictly against the rules.

I am typing in the back end of a truck at present. Ten minutes from now I will probably be working under a palm tree that doesn't give a bit of protection from the rain and sun.

Must close and get things in shape for the nights sleep. I hate to sleep underground but that is the only place for one to sleep. Tell Ben, Rita, Jim, and Joe I will write sometime before long. I can't give you any approximate time to write letters. But no news is the best news in the world in times like these.

Lots and lots of love,  
H.

## RED CROSS VOLUNTEER SERVICE

**HOME SERVICE**  
Mrs. C. A. Burton  
The friends of Mrs. Marissa Tomlinson rejoiced with her when the news came from her son, Don Tomlinson, who has been a German Prisoner of War for many long months that he had finally heard from her. She had received his letters for quite a long time, usually four or five months after they were written, but in every letter he would say he hoped he might hear from her soon. So we were all happy when he wrote that letters and packages were reaching him at last!

That same complaint is voiced in many of the letters from men who are P.O.W., if they could only hear from home and constantly there is the assurance that the International Red Cross is trying to bring about better communication.

From the March P.O.W. Bulletin comes the statement that we have 25,000 citizens in Japanese prison camps, and that until our own forces penetrate the heart of Japan and reach the Americans held in these camps, there is no way of imposing on the Japanese government our will to effect the appropriate care and protection for them. Swiss delegates of the International Red Cross have worked unceasingly in Japan, Shanghai, and Hong Kong under the provisions of the Geneva Convention to bring about alleviations (See RED CROSS, page Eight)

## VISIT MOTHER HERE

Mr. and Mrs. Ansel Barton and daughter Linda of Houston and Sgt. Russell Barton of the Aleutian Islands are at home to be with their mother, Mrs. Frank Barto, who is ill. Sgt. and Mrs. Russell Barton and Ansel will take Mrs. Barton to Denver Thursday (today) for medical treatment.

## SUMMER WATER RATES NOW IN EFFECT

Mayor Tom F. Connally announced this week that the annual summer water rate had taken effect April 1st, thus making the cost to early garden growers more reasonable.

The summer rate is \$1 for the minimum of 2,000 gallons compared with the winter rate of \$1.50 for 3,000 gallons.

At the summer rate, the next 3,000 gallons is at 30c, next 25,000 at 20c, next 50,000 at 15c and all above that amount is 12½c per thousand.

## Local Gilt Show Changed To Friday 14th

Due to a conflict in dates of Judge C. L. Franz of Turkey, the date for the Donley County F.F.A. and 4-H Club boys show has been changed to Friday, April 14th, according to J. R. Gillham, local F.F.A. adviser. The youths will bring their gilts to Clarendon by ten o'clock Friday morning and Franz will place the gilts at 12:00. Approximately 25 gilts will be shown from youths over the entire county. Special awards will be given to the champion chester, duroc, berkshire, Poland China, and Spotted Poland China gilts. The exhibitor of the grand champion gilt will receive a registered Jersey Heifer, and all boys with creditable gilts will receive cash awards.

According to Gillham and County Agent C. O. Reed, the youths have done outstanding jobs in fitting their gilts and these animals will be the foundation stock for the 1945 Spring shows.

## Reported Missing

**LIEUT. M. L. SIMS, Jr.**  
Lieut. M. L. Sims Jr., son of Mr. and Mrs. M. L. Sims of Hedley, has been missing in action since a bombing mission over New Guinea on February 26. His parents have been advised by the War Department.

Lieut. Sims was a pilot of a Liberator bomber. He was a graduate of Hedley High School.

## MINISTER'S WIFE ACCIDENTLY HURT IN A FALL

Last Saturday afternoon while Mrs. L. Guy Ament and Mrs. G. A. Anderson were doing some decoration for Easter Sunday, Mrs. Ament fell from the pulpit floor to the main floor and broke her right arm just above the wrist joint. The shock was severe and Mrs. Ament has been suffering very severely. She was taken to the doctor's office and X-rayed, then to the hospital and had the arm set and put in a cast. She spent the night in the hospital and Sunday afternoon she was moved back home to the Christian parsonage.

The fall also bruised her body and caused her much suffering. It will be several days before she can be out, or it may be weeks.

## Donley County Represented At Highway Meeting

Donley County is well represented at a six-county highway meeting at Silverton today. The entire commissioners court composed of County Judge R. Y. King, commissioners, Marvin Hall, G. G. Reeves, Slayton Mahaffey, and T. J. Tollett, and J. W. Noel, Hedley; Lee Bell, Joe Goldston, J. R. Gillham are attending the meeting.

The meeting is in the interest of the North-South highway.

## Local Red Cross Drive Passes Quota In Final Check-up Over County

Lee Bell, chairman of the Donley County Red Cross War Fund Drive, proudly announced that good old Donley had come thru again by raising the Red Cross Quota of \$4,800 and with eleven dollars to spare.

The final tabulation as to districts are as follows: Clarendon business district \$1,400; Clarendon residential and voluntary contributions \$1,630; Donley County Rural by War Board \$1,243; Hedley city limits \$427 and Lelia Lake city limits, \$111.

Mr. Bell wishes to thank all workers and contributors on their splendid work of putting this quota over. It was a large amount of money to be raised purely through contributions and the people of this county fully showed their appreciation for the fine work of the Red Cross by giving generously.

Each of you will probably receive more thanks and see more signs of appreciation when our boys come back from the battle fronts and tell you how much the Red Cross meant to them there.

We wish to say here too, that Mr. Bell is to be complimented for taking on this big task and seeing it through until the full quota was met.

**Peanut and Potato Loans**  
The Regional Agricultural Credit Corporation will make loans in 1944 in Texas to finance the production of Irish potatoes, peanuts, and rice that otherwise would not be produced, according to an announcement made today by B. F. Vance, Chairman of the State U.S.D.A. War Board. "Although loans will be made primarily to produce Irish potatoes, peanuts, and rice," stated Mr. Vance, "if farmers' programs contemplate diversification, they may be financed for their total production, provided not less than 50 per cent of their total acreage is in these three crops."

In announcing this decision, Chairman Vance said that some time ago the board reported to the War Food Administration that credit of the kind requested is necessary to needed production. Following the recommendation of the Administrator, the Secretary of Agriculture designated the state as a region in which the making of RACC loans is necessary.

Chairman Vance said, "Loans will be limited to worthy farmers who are found unable to procure from other sources the credit necessary to finance the full production which they plan and are capable of carrying out. These sources include commercial banks, agricultural credit corporations, production credit associations, and Farm Security Administration, and the emergency crop and feed loan offices.

"A farmer, to qualify for this credit, should show reasonable probability of successful production in his farming operations. Security for the loans will be a first lien on all crops financed, with such additional security as may be needed to give reasonable assurance that the loan will be paid. Loans will carry full personal liability. Limited liability loans, similar to the F-2 advances made last year for the production of certain crops, will not be made this year.

Chairman Vance explained, "It will not be the policy to make loans to borrowers of direct government lending agencies or those sponsored by it making production loans. No loans of less than \$400 for crop production purposes will be made where the needs can be met by emergency crop and feed loans.

"Interest on RACC loans will be at 5½ percent for the actual time the money is outstanding on the actual amount of money used. In addition, one-half percent will be outstanding on the actual amount of money used. In addition, one-half percent will be available for farmers in County War Board Offices."

For additional information, contact Mr. Anderson, Seed and Feed Loan Representative, when he visits County Agent's Office, Clarendon on Wednesday afternoon of each week.

Mrs. Joe Holland was an Amarillo visitor Wednesday.

## GRANDSONS VISIT CLAMPITT'S HERE

Billy Martin spent Friday night with his grandparents, Mr. and Mrs. D. W. Clampitt. He is a designing engineer with General Electric and stationed at Ft. Wayne, Indiana. He was accompanied by his parents, Mr. and Mrs. W. N. Martin of Amarillo.

Another grandson, Lt. H. Alton Martin recently visited Mr. and Mrs. Clampitt just after receiving his wings and commission as 2nd Lieutenant in the Army Air Corps. He is now in training at Maxwell Field, Alabama as pilot of a B-24.

## Geo. A. Little Buried Here

The body of Geo. A. Little, an old timer of years past of Clarendon, arrived here Tuesday morning from Waco to be buried by the side of his wife.

Mr. Little lived here for a good many years, leaving here some five years ago to make his home with a grandson at Waco. He was 74 years old. Mr. John Rhodes, a nephew, is the only relative here surviving. Buntin Funeral Home had charge of the burial.

## HOME ON LEAVE AFTER RECEIVING WINGS

Ensign and Mrs. Robert W. Boston are visiting their parents here. Ensign Boston has just completed the Flight Instructor School in New Orleans where he received his wings of gold. He will be stationed at the Dallas Naval Air Station as a Primary Flight Instructor.

M. W. Mosley of Azle, Texas, Mr. and Mrs. Vestal Mosley and daughters, Betty and Katherine of Pampa and Bob Mosley of Vernon spent the Easter holidays here with Mr. and Mrs. Bill Bromley and family.

## Draft Orders Are Revised Again

All Donley county men previously ordered to report to their Selective Service Boards for induction or for pre-induction physical examinations now must report according to original orders.

The local draft board received a telegram Wednesday from J. Watt Page, state director of Selective Service, rescinding his telegraphed order of Tuesday, which stopped induction of all men 26 years old and over, and returned to induction of men 26 and over who are not in essential industries.

LIBRARY NOTES

By Mrs. C. A. Burton

A new appreciation of our libraries comes to us when we read what books have meant in the lives of the men in the service and particularly for the men who are in Prisoner of War Camps "over there." In a recent letter to his wife from one officer he said, "Drew out three more books today—"The Green Light," "Honey in the Hoen" and A. J. Cronin's "Grand Canary." I rejoiced that those books were available in that

German camp, because I realized how many of our readers here had enjoyed them.

Already since "The Robe", people are inquiring when will Lloyd C. Douglas have a new book. We can't tell but all his others are on our shelves. "The Robe" is to be screened in technicolor. His new book is to be based on the life of Simon Peter.

The Literary Guild selection for February was "Winter Wheat" by Mildred Walker—a story of the great wheat growing northwest—of Montana in an earlier day. It has been compared with Rachel Field's "Time Out of Mind" and the author is spoken of as a wor-

thy successor of Rachel Field.

We appreciate being remembered by our friends. Mrs. Wadsworth recently brought us several books for our girls. Mrs. Hutchins brought us "The Federalist", and Fred Clifford has brought us a lovely copy of "Happily Ever After" for the small people.

That "like attracts like" is often illustrated in marriage as elsewhere. In looking up facts about Sinclair Lewis for a student, we were again reminded that his last wife is or was Dorothy Thompson, as well known in the literary world as he and a review of "Liana" by Martha Gellhoen tells us that she is Mrs. Ernest Hemingway and that means "For Whom the Bell Tolls."

Margaret Mead, the writer, is less sanguine than George Bernard Shaw in her interpretation of the feminist outlook. She says, "Every step a man takes forward in his career makes him more desired as a husband; every step a woman takes in her career makes her less desired as a wife." True? Perhaps. But what of the effect on the output of books?

An Amarillo teacher is getting much favorable comment on her new novel, "Separate Star." The author is Miss Loula Grace Erdman, teacher of English in Sam Houston Junior High. It is described as a simple career story, based on the teaching profession, and has been published by Longmans, Green and Company of New York.

We are always pleased at the success of any Texas author, but particularly one from the Panhandle.

We are told that President Roosevelt, with fictitious quotes, will be one of the characters in Upton Sinclair's new novel,

"President Agent." Upton Sinclair will be recognized as the reactionary fighting author of California.

A larger number attended Sunday school Sunday morning. We want each and everyone to come back. Immediately following Cunday school the Easter program was given by a number of children and adults. The program consisted of a number of readings, songs, Scripture reading and a short play entitled "Father Forgive Them". Dinner was served to everyone following the program. An enjoyable evening was spent by everyone while singing. Our visitors for the occasion were Mr. and Mrs. Joe Willis and family of McLean, Mr. Waldron of Lelia Lake, Mr. and Mrs. Nath Helton and daughter and Mrs. Charlie Fields and daughter of Groom, Mr. and Mrs. Coleman Howard and son of Granview, Mr. and Mrs. Willard Higdon and family of Claude, Mr. and Mrs. Carl Tucker and sons of Pampa, Mrs. Glen Brock and Mrs. Almeda Pope of Clarendon, Mr. and Mrs. Roy Blackman and son of Chamberlain, Mr. and Mrs. Clyde Hudson of Goodnight, Mr. and Mrs. Howard Stewart and family, Mr. and Mrs. Al Dever, Mr. and Mrs. Grant, Mrs. Elmore, Mrs. Mattie Hudson, and Mr. and Mrs. H. **THE TEMPLE OF TRUTH**  
By the Apostles

Just think! There was a time when installment buying was considered to be a disgrace by a large number of folks who generally never had anything.

A clever girl, my boy, is one who makes you feel that she is taking dinner with you; not from you.

A gal isn't necessarily an artist just because she paints and chisels.

Our greatest glory is not in never failing, but in rising every time we fall.

If you get there on time, you have to wait. Funny, ain't it?

We feel sorry for a lot of folks who are so skeptical about everything that they go around saying "I think that is a lot of hooie!" Of course, we've been fooled a few times in our life, but it's fun—kinda.

Why not start a movement to

quit building dams, and begin building mountains. We need a chain across the north plains north of Amarillo. They need a windbreak and we need some scenic spot for loafing. Great idea, ain't it!

Honesty is a great thing, but when I was a small kid and came along to where the Salvation Army contribution pot was locat-

ed on the sidewalk, and saw it covered with chicken wire, it made me think that I still was living in a christian nation. An old uncle had said many times that the christian people use locks—the heathens never do.

When their first born arrived, they naturally wanted to weigh it just like other folks. The dotting young father stepped over across the vacant lot and brought the butcher's scales in. The baby weighed exactly 46 pounds, and were the parents proud!

Mrs. Skeet Brown and children of Memphis visited her parents, Mr. and Mrs. Austin Rhoades over the week end.

Grady Henson and family left Saturday for Wichita Falls where they visited their son Redell who is in training there. They will also visit relatives at Denton before returning home.

Mrs. Springer who has been a patient of the Clarendon Clinic was brought home Monday.

Guests in the W. A. Poovey home over the week end were J. F. Boles and family of Phillips, Earl Butler and wife of Borger, Tate Poovey and family of Stinnett, Mrs. John Dial of Channing and John Poovey of Garland, Tex.

Mrs. Delene Bagby of Clarendon was a visitor in the Francis Brown home Sunday.

Johnnie Rex McClellan and family were here Sunday visiting relatives.

Mrs. E. C. Dewey left Friday for Breckenridge to visit her mother, Mrs. Kitchen.

Mary Charlotte Word of Dimmitt spent the week end with her parents at S. J. Ranch.

Mr. and Mrs. Jack Killough visited the Joe Bownds Sunday.

Elmer Hunsucker and wife were guests of Mrs. A. L. Allen Sunday.

Mrs. Dollie White suffered severe back injuries when she fell the past week. Her condition is some what improved.

**ANGEL ON EARTH**  
By Lewis E. Underdown

Some say all angels are in heaven. Some say, on earth, none reside. But, I happen to know of an angel That in a nice home does abide. And there is not an angel in heaven That compares with this angel of mine. She's as sweet as the fine rationed sugar. She's as pure as the purest of wine As I say she is not up in heaven. No, she is still on the ground, But there is not, of ladies, another As good as her to be found. I'm proud to say that I know her. I am prouder, much prouder, divine Cause not only do I happen to know her, She's that wonderful MOTHER of mine.

# I can TASTE it ain't real

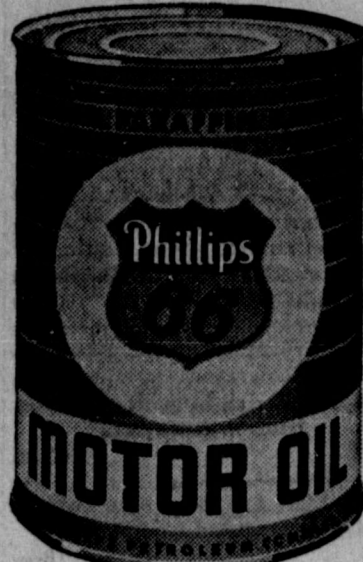

**IT'S NEWS**, said a famous editor, when boy bites dog but commonplace when dog bites boy.

It is not quite clear why our young inquiring reporter had to sink his teeth into the subject to discover that it isn't the genuine article. But many a motorist would like some similar way of quickly discovering the real thing when he wants high quality motor oil.

The difficulty is that he can't detect quality in a lubricant by taste, smell, sight, or feel. Yet there is an easy solution to the problem. Just remember that to end confusion and doubt, Phillips makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

The recommended oil change period used to be every 1,000 miles. With today's reduced driving, experts say motor life is lengthened by changing oil every two months. And now is the time for seasonal change to replace winter-worn lubricant. So be sure to get quality by asking for Phillips 66 Motor Oil.

**GOSSIP**  
 A party was given by Lou Ella and Earnestine White last Tuesday night. Those who were present were: Lois Marie Williams, Martha Ann Clark, Beth Davis, Catherine McElrath, Tula Mae Hoggard, Frankie Woods, Lois Reynolds, Reba Usrey, Dorothy Alexander, Margaret White, Welma Watkins, La Vern Usrey, Doris Morton, and the hostesses Lou Ella and Earnestine. The boys were Warren Neighbors, Lester Myers, Buster Nance, John Nance, Elzey Adams, Forest Morton, Harold Usrey, Bobby Parker, John Smith (from Childress), and Phalen and O'Neill Weatherly. After the boys went home the girls remained for a slumber party. There were ten girls who stayed all night. They all had a very nice time.  
 Tula Mae Hoggard gave a party last Wednesday night. There weren't very many Lelia kids present because of the party the night before.  
 The tournament was a success. There were eight teams here. Lakeview A won first place, Esteline second, and Lakeview B third. Six players who were chosen will receive gold volley balls. There will be a tournament at Claude two weeks from now. We hope it will turn out as well as ours did.  
 Jack and June have really got up a bad case, eh, kids?  
 Say, boys, don't you know you will catch a bad cold going in swimming at 2:00 o'clock in the morning?  
 Say, Earnestine and Lou Ella, why didn't you go to Tula Mae's party with O'Neill and Warren

Wednesday night?  
 The Juniors and Seniors have set the date for their Junior-Senior banquet.  
 The Juniors received their Senior rings last Tuesday. They were surely proud of them. We will admit they are pretty. Won't we kids?  
 Laura Jean Clark, from Channing, was here for the tournament. Everyone was very glad to see her.  
 We heard Dixie Lee and John were seen together one night last week. What about that Catherine? Was she second choice?  
 Alice and Dudley were seen together Saturday night.  
 Harold and Sylvia Fayé went to church together Friday night.  
 Say, Williams, who did you see in Clarendon Sunday evening?

**Passenger Car Tire Inspection Ends April 20**

Compulsory periodic inspections of tires on passenger cars will be discontinued after April 20, J. Doyle Settle, District Rationing Executive, has announced. Motorists must continue to have inspected any tire they wish to replace.

Inspection of truck tires will continue as before.

It is important that motorists retain their tire inspection records because OPA will continue the use of them in issuing gasoline rations, Settle stated.

Discontinuance of these inspections does not mean that the tire picture has become any brighter. It simply means that the inspection program has fulfilled its primary objective—to make motorists conscious of the extreme need for tire conservation and care, the official said.

Settle also pointed out that a shortage of civilian passenger tires still exists and production this year will run below civilian needs. According to latest estimates of the Office of Rubber Director, 22 million tires will be produced for civilians this year as compared with more than 34 million new replacement tires produced in 1941.

**Vitamin News**

Charles Reed, Donley County Agent, has received the following information from College Station: There's a lot of interest in vitamins these days, and every day there's more to learn about them.

For instance, did you know that the greatest concentration of Vitamin C in a sweet potato is in the stem end? And the greatest concentration of that vitamin in Irish potatoes is around the eyes. That's what a nutritionist said at a recent food preservation conference sponsored by the Texas State Nutrition Council. The speaker was Dr. Nina W. Lamb of Texas Tech, Lubbock.

Here's one more vitamin fact: In leafy vegetables, you'll find the greatest vitamin content in the outer leaves, but you'll also find the greatest number of harmful micro-organisms.

What do these facts mean to the homemaker? Well, here are some general rules from Hazel Phipps. She's the specialist in food preparation for the Texas A&M College Extension Service.

First, gather your vegetables from the garden just before you prepare them. And if you must harvest them a few hours in advance, put them in the refrigerator immediately. Refrigeration reduces vitamin losses, but it doesn't prevent it.

Second, wash all vegetables

most carefully before using them. Third, as often as you can—cook potatoes in their jackets. That assures your family's getting a greater amount of food value. Particularly if they eat the potato peelings.

Fourth, plant the varieties of vegetables which offer the most nutritive value and which are adapted to your local conditions. You can find out what these varieties are from your local county Extension Service Agents.

**Electric Power!**  
 is  
**Fighting Power!**

WHEN our soldiers go into battle they carry with them little packages of food—each one a square meal. Those packages contain very special foods—dehydrated and concentrated—calories and vitamins carefully counted, but complete from soup to coffee. It gives fighting men reserve power they need to keep going when other supplies are cut off.

Reserve power is just as vital in war production as it is in military operations. Tank factories, plane plants, and ordnance works are eating up more and more electricity every day, and the "reserve rations" to keep them going have been ready. Why? Because those reserves were built up in advance by the trained men who manage America's Electric Power Companies, such as the West Texas Utilities Company. The reserves are more than enough to meet every essential need. Because of carefully planned inter-connected systems large quantities of electric power are available almost anywhere.

Electric power is able to do its job promptly, efficiently, and economically. Electric power is the reserve power that keeps our fighting power going.

### THE GIRLS TAKE OVER!

What happens when the girls take over? Well, for one thing they create gales of merriment and it all takes place in Peggy Fernway's sparkling new comedy entitled "The Girls Take Over," which is to be given on the evening of April 14 at the College Auditorium and presented by the Senior Class. Not only do audiences rave about this hilarious comedy but directors and critics alike are sincere in their praises. It is easy to figure out the reason for the great popularity of Miss Fernway's grand play. For one thing, it deals with a subject that is so very timely and one that is of general interest to everybody, for the scene of the play takes place in a boarding house in Washington, D. C., where there are eight girls for every boy in the town! Yes, the boys are scarcer than hens' teeth in the nation's Capital

and the girls certainly get tired of each other and long for male companionship. One screamingly funny scene follows another and for three entire acts you'll be convulsed with laughter. There are fine parts of the large cast and you'll be astonished at the brilliance of the acting, for under the able direction of Miss Smith and Mrs. Turner our local boys and girls are being shown how to disport themselves as real actors and actresses. Who are going to give the best performances, the boys or the girls? Well, we'll let you be the judge of that, so be sure that you don't miss being on hand on the evening of April 14 to witness this side-splitting comedy, "The Girls Take Over."

You will find a list of the characters below:

Libby Salisbury, who runs a boarding house—Lucille Wallace, Goldie, colored maid of all work

—Imogene Wilson.

Nalda Darby, a boarder at Miss Salisbury's—Helen Jo Bulman. Mirella Lyns, a boarder at Miss Salisbury's—Lois McCrary.

Lana Atworth, a boarder at Miss Salisbury's—Marilyn Maher. Bunny Hatton, a boarder at Miss Salisbury's—Johnnie Johnson.

Patience Lassiter, a boarder at Miss Salisbury's—Laverne Marshall.

Ursula Lassiter, Patience's aunt—Shirley Smith.

Hugo Prescott, a young inventor—Muri Holland.

Lansing Quigley, an important dollar-a-year man—Tommy Saye. Sherwin Maddox, a promoter—James Lovell.

Clem Spears, a detective—Pete Bromley.

Publicity Manager—Marilyn Bartlett.

Stage Manager—Billy Jack Land.

Have a Coca-Cola = ¿Qué Hay, Amigo?  
(WHAT GIVES, PAL?)

... or making pals in Panama

Down Panama way, American ideas of friendliness and good neighborliness are nothing new. Folks there understand and like our love of sports, our humor and our everyday customs. Have a "Coke", says the American soldier, and the natives know he is saying *We are friends*... the same friendly invitation as when you offer Coca-Cola from your own refrigerator at home. Everywhere Coca-Cola stands for the pause that refreshes,—has become the high-sign of kindly-minded people the world over.

## Red Cross—

(Continued from Front page) of the conditions of our prisoners. They have not, however, been allowed to penetrate the Philippines.

There is only one solution to this problem before the end of the war and that is the awakening of Japanese self-interest to the realization that every prisoner we lose through neglect is an encumbrance black mark on Japan's future for all time.

From the German P.O.W. camps come reports of the most humane care and treatment. From one camp the statement comes that many aviators reach there with wounds, and some with the minimum amount of clothing. Upon arrival all prisoners are examined by German doctors and the wounded sent to military hospitals where they receive excellent care. From U.S. army stocks American prisoners are issued new clothing.
