We have had fine growing weather all this week.

TEXAS peaches are now on the market, but the price makes us almost afraid even to look at them.

JACKSON, Miss., is trying to make her negroes good by putting them in a jail inhabited by ghosts.

The fellow who has his own chickens, eggs, milk, butter and vegetables is not affected much by the beef trust.

TIME works wonders. The saloons in El Paso are now closed on Sundays and bill fights are prohibited in Juarez across the Rio Grande.

Five sections of school land in M. Half's pasture, nine miles south of Midland, came on the market last Saturday. There were only twenty six applications for four sections of it. Give the settler a chance and West Texas will soon be populated.

William J. Bryan expressed the opinion that the democrats should elect a southern man for president in 1904. He suggests Senators Benton, McMillin and Edward W. Carmack as persons upon whom the nomination might be worthily bestowed. It is easy for Mr. Bryan to say what the party should do, but he does not intimate in the least that he believes it will do any such thing.

RIGHT on the heels of the announcement that a republic was born in Cuba comes the news of the last death struggle of a republic in South Africa. Never in history has there been a more patriotic or more brave people than the Boers. They certainly deserved a better fate, and the submission of the unconquered will perhaps only be for a time and we doubt very much that the country will ever be worth to England its fearful cost in blood and treasure.

British official reports state the cost of the war to date at about \$715,000,000 and its current expenses at \$22,500,000 a month. The British lost 24,299 officers and men up to Jan. 1 last, and 64,330 men besides were invalided home. The Boer losses can only be estimated. Over 36,000 Boer soldiers were held prisoners by the British government on Sept. 1, 1901, and it is believed that not more than 10,000 Boers are now in arms.

THE vacation season is here and the way in which it is spent will prove to be an indicator as to the future of the youth of both sexes. The girl who lays in bed till breakfast is ready, goes picnicing on wash days and attends all the parties instead of doing a good share of the work and giving the fatigued mother a needed rest, and the boy who spends his nights street loafing and his days in fishing or idleness and blowing the "old man" for cigarette and livery money instead of helping him in his work or hustling a job of his own will never amount to much, no matter how many "commencements" they go through.

WORD comes from Lincoln, Neb., that the fusionists of that state are urging Mr. Bryan to accept the fusion nomination for governor. Fusion leaders, who will have to map out the fusion campaign in the state convention, which assembles June 24 at Grand Island, say unequivocally that William J. Bryan is logically the democratic candidate and the only man who can heal the differences. These men have approached Bryan, who objects strongly to such a proposal, pleading that he has already declared himself in a manner most outspoken that he is a candidate for no office. To accept, even under the stress of political expediency, he says, though over his protest, would injure him considerably. The leaders, however, place no credence in the theory that the gubernatorial nomination would be harmful in this way. They argue that no one else in the state has any hope of success at the polls, the large republican majority being almost great enough to preclude the election of any one else. Bryan finally consented to consider the matter and will make his decision prior to the Grand Island state convention.

THE strike situation in Chicago is giving the police force all they can do, riots being common. The strike of the drivers for the ten State street department stores was settled Wednesday and the men, 1,300 in number, returned to work. The demands of the men in regard to wages was granted, but the strike among the drivers of the butcher's wagons grows worse and more than fifty shots were fired during the day, the bullets passing over the heads of the crowd. It is estimated the total number of injured is between 100 and 150. The coal miners of Pennsylvania are holding out and there is talk of President Roosevelt sending Mark Hanna there to arbitrate the matter.

Last Sunday was the beginning of the Fort Worth & Denver's summer business and it required an extra sleeper and a double header to haul the people. The round trip rate is one fare plus \$2 to any tourist point in Colorado. Stop-over privileges at pleasure will be granted going and coming, and the return limit will be Oct. 31. The Denver officials anticipate one of the largest movements to Colorado in the history of the road. In fact the road deserves a good patronage, as it has finely equipped trains and has the shortest and most pleasant route from the southeast and the trainmen are courteous and obliging.

On our trip to Bowie last Saturday we noticed that the corn and cotton crops are fine. Most farms were too wet, but were fairly clean. Harvest hands are badly needed near Wichita Falls.

Austin's school census shows a falling off in the number of school-children. It is privately said that the enumeration in Fort Worth will, when completed, give us fewer than we had last year. What's the matter with Texas?—Ft. Worth Register.

Nothing wrong with Texas—only Austin and Fort Worth previously padded the returns.

You will find the terms of peace in the settlement of the English-Boer hostilities on our inside pages, and we must admit they are more favorable to the Boers than we anticipated.

The Childress Index man says he don't believe we have heard any such statements made as published, when the facts are we have not repeated ten per cent. of the hard remarks that have come to our hearing, not only from the rail-roads, but from others; if we did somebody would be out with a scalping knife. Since Childress now has water to drink, we hope Haskett's liver will get better.

In the Gainesville, Texas, public schools a rule is enforced with regard to the selection of teachers, that no person who is related within the third degree, by affinity or consanguinity, to any member of the school board can be eligible to a position as teacher. Teachers are also required to have taken a satisfactory normal course. The superintendent regards these two rules as having exerted a potent influence for the success of the schools.

A show management failed to furnish the Higgins News with the usual "comps" and the paper seemed pleased to announce that their wagons bogged and failed to get to town on the day they were billed to show.

It seems inevitable that the campaign this year will be fought on the tariff issue as largely as was that of 1890 which resulted in the election of a democratic house of representatives and opened the way for the sweeping democratic victory of 1892.—Atlanta Journal.

And, pray, what good did the "sweeping democratic victory of 1892" do the people? The tariff remained the same old robber, and his power was increased by making his stealings payable in gold alone. Oh, ye hypocrites and deceivers of men.—Dalton, Ga., Herald.

An eastern paper steals this western item:
"So this is a healthy town?" interrogated the new arrival.
"Healthy ain't no name for it, stranger," said the native. "Why, we have only three patients in the hospital."
"Who are they?"
"Why, the doctor, the undertaker and the tombstone man. They are there for lack of nourishment."

Nature's Wrath and Man's Carelessness Blotting Out Human Lives.

Nature has not been so busy with her forces of devastation for many years past as she has during the past five months of the present year. Volcanic eruptions and earthquakes have destroyed 48,450 lives, storms 704, tornadoes 416, cyclones 220, floods 333, avalanches 228, tidal waves 103, snow slides 39, and water spouts 12, a total of 50,505 lives destroyed by nature's elemental disturbances. If to this total were added the lives lost by agencies over which man has more or less control, such as fires, mine disasters, explosions, railroad accidents, and vessel wrecks, it would be increased to 60,000, and this takes no account of individual lives lost in this country, which would bring the grand total up to about 100,000 lives lost in the short period of five months.

If we add to this the lives destroyed by the brutality and wickedness of governments and men, the number would be increased by 100,000 more. How many men, women and little children have been slain or died of exposure and starvation in the Philippines and South Africa, we do not know, but the number is very large. In China thousands more have been slain in the recent rebellion. The volcanoes are still spouting fire and lava, the wars still go on in the orient and Africa and how much the population of the world will be reduced during the year 1902 is hard to tell.—Ex.

Program for Northwest Texas Press Association.

The following is the program adopted by the executive committee of the N. W. T. P. A. who met at Bowie last Saturday for that purpose:

Presidents address.
"Getting Business and Keeping it," Harry Koch, Tribune-Chief, Quanah.

"Best System of Collecting," A. M. Beville, News, Clarendon.
"What a Newspaper owes to the Public," W. A. Johnson, Herald, Memphis.

"What the Public Owes to the Newspaper," T. W. Davis, Republic, Weatherford.

"Premiums and voting contests," N. W. Holcomb, Messenger, Decatur.

"Should Entertainments that are charged for have press notices free?" Orion Procter, Index, Boyds.

Should we charge Advertisers a Flat Rate? J. N. Rogers, Gazette, Jacksboro.
"Price to charge for Foreign advertising," J. F. Lockney, Advocate, Amarillo.

Report of delegates to the National Editorial Association.

Question box.

Cloudford and Los Angeles, and the Mammoth Cave were discussed as places to visit at the close of the meeting, and the president was instructed to take up the correspondence in reference to the trip. Every member of the Association is requested to notify the president at once whether or not they can go on the excursion and their choice of the above two places to go. Don't fail to do this, for if an extended trip is taken, the railroads will require a representative body before they will make a contract. All who intend to become members and go on the trip should also notify me. It is my desire that all the papers in the bounds of the Association—north of the T. & P. Ry., and west of the H. & T. C. Ry.—be represented at the Jacksboro meeting the 2d Tuesday in August.

Respectfully,
W. P. BLAKE, Pres.

The little 2-year-old child of C. Armstrong, living two miles north of Vernon, was bitten by a small rattlesnake only about twelve inches long, and died about six hours after being bitten. The child was playing around an old dugout and the fangs of the deadly reptile pierced its flesh about the ankle seven times.

Schwab makes the statement that the steel trust makes \$702 a year out of each employe. Pretty profitable slavery. No chattel slave ever made one fifth as much net profit. What a change in the condition of living and life that much would make if given to the workmen! Which is better for the nation—that the men get this or that it go to build up a set of millionaires?—Ex.

Another Public Ownership Success.

The Duluth Board of Water and Light Commissioners in its third annual report makes a showing highly favorable to municipal ownership.

The board figures out a saving under public management of gas and water plants of \$273,546 78 in a period a little more than three years—Aug. 1, 1898, to Jan. 1, 1902. The saving is effected in a reduction of charges and economical management.

The water meter rate has been steadily reduced on a sliding scale. Starting at five cents for 100 gallons for a certain quantity, a reduction to four cents was made Jan. 1, 1899. Jan. 1, 1901, the rate was reduced to 3½ cents, which is two-thirds the old five cent rate. The annual, or flat rates, have been reduced 33 1/3 per cent.

At the same time the municipality has expended \$1,000,000 in improvements, and the additional interest charge is met out of the revenues, notwithstanding the reduction of rates.

The gas rate under private ownership was \$1.90 for illuminating gas and \$1 for fuel gas. The illuminating rate is now \$1.15, the fuel rate remaining unchanged.

Under private management the gas plant never paid expenses and fixed charges, notwithstanding the reduction in rates.

Last, but not least, there is no boodling and the efficiency of the service is vastly improved. Facts like these are answer enough to arguments from interested sources. The purification of politics alone is reason enough why the corrupt influence of private management should be removed.—Post Dispatch.

Roosevelt on Unwilling Citizens.

Among the books written by Theodore Roosevelt none are more interesting than that entitled "Life Work of Thomas H. Benton." On page 235 of this book will be found this:

"Not only the Columbia, but also the Red river of the north and the Saskatchewan and Frazer as well, should lie wholly within our limits, less for our own sake than for the sake of the men who dwell along their banks. Columbia, Saskatchewan and Manitoba would, as states of the American union, hold positions incomparably more important, grander and more dignified than they can ever hope to reach either as independent communities or as provincial dependencies of a foreign power that regards them with a kind of tolerance akin to contemptuous indifference. Of course, no one would wish to see these or any other settled communities now added to our domain by force; we want no unwilling citizens to enter our union. The time to have taken these lands was before settlers came into them. European nations war for the possession of thickly settled districts, which, if conquered, will for centuries remain alien and hostile to the conquerors. We, wiser in our generation, have seized the waste solitudes that lay near us, the limitless forests and never ending plains, and the valleys of the great, lonely rivers, and have thrust our own sons into them to take possession, and a score of years after each conquest we see the conquered land teeming with a people that is one with ourselves.

Now, if it was true as Author Roosevelt said that no one would wish to see these or any other settled communities now added to our domain by force, if it was true as Author Roosevelt said, "We want no unwilling citizens to enter our union," why then does not President Roosevelt act upon the well settled principles which Mr. Roosevelt, the author, indorsed in his "Life of Benton?"—Commoner.

The National Live Stock Association is out in a circular to induce people to use their influence upon their congressmen in behalf of a bill to provide for "Federal Inspection of Mixed Goods and the Proper Making of the Same." It says:
"There are several classes of shoddy. The best is made from the sweepings of tailor shops and the emptying of rag bags in civilized countries. The worst, which constitutes the greater part used in America, is from the rotten, castoff rags of beggars and the lazar of pest houses of Europe, having in them all kinds and amounts of filth and disease. These are gathered by ragpickers from the slums and alleys and sent to America by the shiploads, where they are purchased by a certain class of manufacturers, who, in order to take the curse off the name, term the stuff "re-used wool fibre." It must be remembered, however, that in most instances when tearing this shoddy to pieces preparatory to again weaving into cloth, it is found to be so rotten and dead that nothing is produced but dust, and in order to get two ends so that it can be spun a minimum portion of wool or cotton is mixed with it in order that it may be held together. The next step after weaving carries it to unscrupulous dealers who sell this production to laboring men, and in fact all classes of society, for "pure wool," thus getting for a suit worth but three or four dollars, more than three times this amount. To encourage such a fraud is simply putting the lousy rags of European paupers in competition with the sheep and wool growers of America, and robbing the American people who wear woolen garments by selling them the stuff under a misrepresentation. It is because of this we are asking Congress to pass H. R. 6565.

"To show the rapid increase in the use of shoddy in this country, it is only necessary to quote census figures. In 1880 the census showed that there were thirty establishments, and the value of the products for that year was but very little over \$400,000. War created a large demand for woolen goods, and it is a well known fact that there was a large demand for shoddy in the manufacture of army clothing and blankets.

"By the census of 1870 the number of establishments had increased to fifty-six, nearly 100 per cent., and the product had increased to a value of \$1,768,592.

"In 1880 the census showed the number of establishments to be seventy-three, and the value of the product \$4,989,615. While the increase of factories was not so great, the increase of the product was as \$1,700,000 to \$4,900,000. In 1890 the census showed ninety-four establishments, and a product valued at \$9,208,011.

"The total production of wool in the United States in the year 1900 amounted to 305,000,000 pounds in the grease, equal to about 107,000,000 pounds when scoured and ready for the manufacturer. The shoddy used during that year amounted to 74,000,000 pounds, and as each pound of shoddy represents, in the mill, three pounds of unscoured wool, it will readily be seen that it took the place of 222,000,000 pounds of American wool, or 72 per cent. of all the wool grown in the United States during that year. In other words, it took the place of the wool from 42,900,000 of the 61,413,000 head of sheep which are owned in the United States.

Summer Rates will be on June 1st. We believe we can give you inside information regarding Kool Colorado, including the prices of living there (as low as \$1 a week) at hotels, ranches and boarding houses, which you will consider worth while. Get your name on our list (10c. in unused stamps puts it there in ink). If you read LETTERS FROM O. B. COMFORTABLE you'll find some things you'd like to know. That's our book that gives the prices—not a picture in it—needed the space for real information. But we have some very select stuff, with handsome illustrations, which we have had printed just to give away to those who appreciate it and are interested in Kool Colorado, and Ticket Agents, all over the State, have supplies. They will be glad to give you these books, also to sell you your tickets; and, if you tell them you want to go so that "You Don't Have To Apologize," on the "Only One Road" with direct line and thru trains (people enjoy our service after traveling in the ordinary way) they will recognize that you are wise and discerning. We'd be glad to hear from you, too.

TERMS OF PEACE

They Were Officially Announced in the House of Commons.

CAPE REBELS HAVE BEEN BARRED

The Oath of Allegiance to King Edward Must be Taken by All Boers Living in the Transvaal.

London, June 2.—Following peace terms were read in house of commons: "The burghers forces in the field will forthwith lay down their arms and hand over all guns, rifles and munitions of war in their possession or under their control and desist from further resistance and acknowledge King Edward VII as their lawful sovereign. The manner and details of this surrender will be arranged between Lord Kitchener and Commandant General Botha, assisted by Gen. Deloray and Chief Commandant DeWet."

"2. All burghers outside the limits of the Transvaal and Orange River Colony and all prisoners of war at present outside South Africa who are burghers will, on duty declaring their acceptance of the position of subjects of his majesty, be brought back to their homes and soon as means of transportation can be provided and means of assistance assured.

"3. The burghers so returning will not be deprived of their personal liberty or property.

"4. No proceedings, civil or criminal, will be taken against any burghers surrendering or so returning for any acts in connection with the prosecution of the war. The benefits of this clause do not extend to certain acts contrary to the usages of war which have been notified by the commander-in-chief to the Boer generals in which shall be tried by court-martial after the close of hostilities.

"5. The Dutch language will be taught in the public schools of the Transvaal and Orange River Colony where the parents desire it, and will be allowed in the courts of law for the better and more effective administration of justice.

"6. Possession of rifles will be allowed in the Transvaal and Orange River Colony to persons requiring them for their protection, on taking out a license according to law.

"7. The military administration of the Transvaal and Orange River Colony will, at the earliest possible date, be succeeded by a civil government, and so soon as circumstances will permit representative institutions leading up to self-government will be introduced.

"8. The question of granting the franchise to natives will not be decided until after the introduction of self-government.

"9. No special tax will be imposed on landed property in the Transvaal or Orange River Colony to defray the expenses of the war.

"10. As soon as the conditions permit, it is a commission on which the local inhabitants will be represented will be appointed in each district of the Transvaal and Orange River Colony, under the presidency of a magistrate or other official, for the purpose of assisting in the restoration of the people to their homes, and supplying those who, owing to war losses, are unable to provide for themselves food and shelter and the necessary amount of seed, stock and implements, etc., indispensable to the resumption of their normal conditions. His majesty's government will place at the disposal of these commissions sum of \$15,000,000, and will allow all the notes issued under the law of 1900 of the South African Republic, and all receipts given up to officers in the field of the late republic, or under their orders, to be presented to a judicial commission, and if such notes and receipts are found by the commission to have been duly issued in return for valuable considerations, they will be received by the first named commission as evidence of war losses suffered by the persons to which they were originally given.

"In addition to the above named grant of \$3,000,000 his majesty's government will be prepared to make advances or loans for the same purposes, free of interest for two years, and afterwards repayable over a period of years, with 3 per cent interest. No foreigner or rebel will be entitled to benefit under this clause."

They Continue in One of the States of Mexico.

City of Mexico: Earthquake shocks continue in that portion of the state of Guerrero where seismic activity has long been a matter of observation and record and where the government engineers have studied it.

There was a renewal of earthquakes Sunday in Chilpancingo, which is just recovering from the previous shock that ruined the city, which is the capital of the state of Guerrero.

There was also a strong up and down earthquake shock at Taxtco.

A recent examination of Cerro del Coli, an extinct volcano near the city of Guadalupe, shows that the matter inside the crater is composed of a gelatinous mud which slides about but without breaking or exploding. There is no apprehension regarding this volcano.

AFTER BEEF TRUST.

An Acute Stage Has Been Reached in the Matter.

New Orleans: The Federal investigation of the beef trust reached an acute stage Monday when it became known that the United States marshal had been unable to locate three of the men wanted and had been unable to serve the papers on them. It is alleged that they left the city, carrying with them certain important books and documents which the Federal authorities had been chasing all the way from New Jersey.

It further developed that the sudden call for the assembling of the grand jury by Judge Parlange of the United States court was to find certain documents that disappeared from New Jersey last week when the investigation was started. It was learned by the department of justice at Washington that the books had been shipped to New Orleans in the hope of keeping them out of the way of the United States marshals.

The ultimate scheme was to ship them to a foreign country, by steamer from here, but the sudden move last Saturday was too quick. Since then the fleeing men have been carrying their offices under their hats, and no one is able to locate any of the trio.

Another new turn was the subpoenaing of the manager of the cooler department of the Swifts in Kansas City. About one month ago he decided to take a vacation and went to Canada; then he journeyed about, until a few days ago he landed in this city. It is said that he has in his possession some very important documents.

HAY THANKED.

Joint Resolutions Passed by the House of Representatives.

Washington: The house Monday, but a vote of 129 to 46, suspended the rules and adopted the joint resolution extending the thanks of congress to Secretary of State John Hay for his address on the occasion of the McKinley memorial exercises last February. Unanimous consent for the consideration of this resolution was objected to by DeArmond of Missouri some time ago, and Mr. Clark of Missouri opposed its adoption on the ground that Mr. Hay had abused the occasion by injecting a "Republican stump speech" into the address.

Gen. Hooker of Mississippi, a one-armed Confederate veteran, delivered an eloquent eulogy of Mr. Hay's address, denying that it contained anything that was objectionable from a political standpoint.

Mr. Grosvenor of Ohio, who was in charge of the resolution, argued that Mr. Hay, in eulogizing the martyred president, could not divorce the man from his achievements and his record as a manly patriot.

Only forty-six Democrats voted with Mr. Clark against the resolution.

Fight With Yaquis.

Tucson, Ariz.: A battalion of Mexican soldiers, commanded by Gen. Torres, head of the army in Sonora, fought a desperate battle with 300 Yaqui Indians on the afternoon of May 29 at El Tanque, a small place not far from Hermosillo.

A messenger arriving at Hermosillo brought only meager details of the fight. Forty Yaquis were killed; and eighty were wounded. The Mexican army lost fifteen men. The Yaquis escaped toward the Mazatlan mountains, leaving their dead. A large supply of arms and ammunition was captured.

Excitement is running high in Hermosillo, and business is practically suspended, many of the merchants joining the volunteer army.

Strike Order Obeyed.

Wilkesbarre, Pa.: The order of the United Mine Workers of America, calling on to strike all engineers, firemen and pumpmen employed at collieries where the eight-hour workday was present wages was not granted, went into effect Monday, and, as has been predicted, a majority of the men obeyed the order.

The coal field was very quiet. Reports came in from several sections telling of disturbances.

Against Commission.

Washington: Supreme court of the United States decided the case of the Interstate Commerce commission against the Chicago, Burlington and Quincy Railroad company and others, involving right of committee to reduce the terminal rate made by railroads in Chicago on cars containing livestock. The opinion was presented by Justice White, and affirmed the opinion of the circuit court of appeals for the Seventh district.

Riot at Chicago.

Chicago: Riot and bloodshed marked the progress of the teamsters' strike Monday. There were numerous fights between the police and the strikers and their sympathizers.

The most serious trouble of the day occurred in Crosby street, the district which is known in police circles as "Little Hell." Several officers and sympathizers with strikers were hurt.

Tour of Texas.

New Orleans Merchants Who Went Make Their Report.

New Orleans, La.: A big mass meeting of New Orleans merchants and business men was held at the Progressive Union club room on Monday night to receive reports from the commercial missionaries who made the tour of Texas. There was but one spirit in the meeting, and that was that the Texas reception, taken as a whole, was one of the most magnificent on record and that the great state was willing to enter into close trade relations with New Orleans, provided the proper steps are taken to secure the trade. Good men must be sent to the state to drum for the trade and railroads must be induced to give rates equally as good as are provided for other points. There were fourteen speeches made and every one was in commendation of Texas.

WAR IS AT AN END

Gen. Kitchener Cables This News to British Government.

TREATY OF PEACE WAS SIGNED

On the Afternoon of Sunday and Information at Once Transmitted to London. Great Enthusiasm There.

London, June 2.—Peace has been declared after nearly two years and eight months of a war which tried the British empire to its uttermost and wiped the Boers from the list of nations. The treaty of peace was signed Sunday at 3:30 p. m.

The war has come to an end with Lord Kitchener's announcement from Pretoria that he, Lord Milner and the Boer delegates signed "terms of surrender."

This announcement had been anticipated for several days; but its receipt Sunday afternoon took the nation by surprise, as everybody had confidently believed that the house of commons would hear the first news Sunday.

The edge of anticipation with which Great Britain awaited the promised statement in the house of commons from Balfour, the government leader, was still further dulled by the following message from King Edward to his people, which was issued after midnight:

"The king has received the welcome news of the cessation of hostilities in South Africa with infinite satisfaction and his majesty trusts that peace may speedily be followed by the restoration of prosperity in his new dominions engaged by war will give place to earnest co-operation on the part of his majesty's South African subjects in promoting the welfare of their common country."

How greatly King Edward's insistence that peace in South Africa be secured prior to his coronation influenced the present agreement will probably not be known until the private memories of the present regime are given to the public.

According to a dispatch to the Daily Express from Utrecht, Holland, Mr. Kruger was informed shortly after 9 o'clock that peace had been declared. He had been asleep, and upon the announcement said: "My God! It is impossible!"

Mr. Kruger and his entourage, the dispatch continues, hope to be permitted to return to the Transvaal. This, however, is quite unlikely.

The news which Great Britain was so anxiously awaiting came characteristically on an entirely pacific and uninteresting Sunday afternoon, when London presents a deserted appearance. Very late Saturday night a dispatch was received from Lord Kitchener, in which he said the Boer delegates were coming to Pretoria, that they had accepted Great Britain's terms, and that they were prepared to sign terms of surrender.

British Embassy Delighted.

Washington: The officials of the British embassy here share the jubilant feeling existing in London over the termination of the war in South Africa. They view with much satisfaction the close of the long struggle. Official notice of the signing of the terms of surrender came to Mr. Balkes, the British charge here, in a cablegram from the foreign office. It was very brief and was in accord with the statements made before.

Floods in Oklahoma.

Guthrie, Ok.: The rivers throughout Oklahoma territory are again on a rampage and are assuming dangerous proportions in many places. The Santa Fe bridges over the North and South Canadian rivers on the Panhandle divisions were washed out and 600 feet of the latter is gone entirely. Every wagon bridge over the Cimarron river along its entire route of 200 miles in Oklahoma is washed away.

Bocas Besieged.

Kingston: British ship Atrato, Capt. Panger, arrived here from Colon. She reports that there was heavy fighting at Bocas del Toro last week. The revolutionists are said to have mined the town of Bocas. While the government troops in the mines into Bocas to recapture it the mines were exploded and most all of the government soldiers were killed. The revolutionists will remain in possession of Bocas.

Sang "God Save the King."

Montreal: The press dispatch conveying the welcome news of the end of the South African war was sent to all the churches in the city, and it was read at the evening services. The congregations sang "God save the King" and the national anthem was also played on the chimes for hours.

Crucified a Farmer.

Birmingham, Ala.: A special from Huntsville, Ala., to the News says the news reached Huntsville of a terrible outrage committed upon Tom Harley, a white farmer, who lives on the Esslinger place, near Berkeley. Harley had been plowing, and was eating his dinner at a spring on the place when he was confronted by two strange men with pistols, who demanded that he throw up his hands. The farmer's pockets were then rifled of what money he had, \$4, and the robbers then backed him up against the tree and the loose folds of flesh on each side were pulled out and nailed to the tree with wire nails. His hands were stretched above his head and nailed to the tree, and in this condition the man remained until dark, when he was rescued by a farm hand.

The grand encampment of Georgia Odd Fellows was held at Atlanta. It was the largest in point of attendance ever held in the state, there being over 4000 on hand. The order has had an unprecedented growth the past year.

Rector Resigned.

Galveston: Rev. James R. Carter, for twelve years rector of Grace Episcopal church, preached his farewell sermon, having accepted a call from the chapel of All Saints at Austin, Dr. Carter is very popular in Galveston.

Mrs. Carter has been identified with all the public charities in Galveston for many years, and was one of the founders of the Home for Homeless.

Another Eruption.

Kingston, Island of St. Vincent, B. W. I.: La Soufriere volcano is still active. Another eruption occurred at 3 o'clock on the morning of the 30th ult. It was accompanied by a thunderous noise and a shock of earthquake while volumes of dense vapor ascended to such a height that they were visible from Kingston. The vapor formed a thick cloud over the crater of the volcano and this cloud was illumined as if by fire.

Farm hands are badly needed in Wichita county.

Brazos river was bank full on the 1st inst.

Canada rejoices over peace in South Africa.

The Chilean parliament is now in session.

Willing to Return.

Washington: Greene and Gaynor have notified the attorney general they are willing to return to the United States to stand trial before any judge in the United States court except Judge Spear.

The census bureau has issued a report on agricultural conditions in Hawaii. It shows that the 2273 farmers enumerated in 1900 were valued at \$11,484,890, of which valuation 65 per cent were in buildings. Farm implements and machinery that year were valued at \$60,029,936.

Wheat around Crawford is turning out better than was expected.

Silver Nuggets Found.

Bremont, Tex.: About three miles from Bremont on a high, rocky point where gas has often been observed escaping from the ground at times with a rumbling noise like an earthquake, and all unaccounted for, the owner of the place a few days ago picked up a piece of solid silver which had been melted and apparently an effort made to mold it. The weight of the silver was about equivalent to \$2.

Since then he has investigated and found another piece, similar, but pure silver. The question agitates the people. There are indications that in a former day there was a shaft sunk at this place and the oldest settlers often have spoken of the old forge on this rocky hill, but there is no idea on which to base any facts, only that Mexicans, years ago, had an eye on this locality, and the evidence is plain that the silver was melted on the ground, while it is also a fact that no house has been known to have stood on the place.

Two Negroes Have a Terrific Encounter in Chicago.

Chicago: A couple of colored men fought a duel to death with knives Saturday night at Twenty-second and Dearborn streets. As they slashed and plunged the weapons into each other's bodies a crowd of more than fifty persons formed a circle around them and cheered combatants when one or the other drove the knife to the hilt.

After ten minutes of fierce fighting Alexander Shirley staggered and fell, with his adversary's weapon sticking in his body. The long, keen-edged blade had pierced his heart. He was dead when the police arrived. His slayer, Charles Thomas, was bleeding from several wounds. The police hurried him to a hospital, and after his wounds were dressed, locked him up. He will be charged with murder.

WHAT WOMEN NEED.
The work and worry that attends the life of the average woman are so trying on the system that at times it seems impossible to stand up under the strain. She becomes nervous, irritable and cross, and has an indescribable feeling of heavy heartedness that seems impossible to bear. It is a generally "run-down" condition that causes this feeling, and neglect at such times brings on many forms of chronic disease. A general tonic is what is needed.

G. F. P. IS JUST SUCH A TONIC.
It is a tonic that was intended to reach just such cases. It builds up the system of woman as no other medicine can. That it reaches such cases as described above is proven over and over by the thousands of grateful letters received from women who have been relieved of distress and cured of disease by its use, even after all other means had proven failures. G. F. P. will relieve all catarrhal conditions of the womb and ovaries and acts as a general tonic on the genital organs of woman. Don't delay in commencing the use of this greatest of all Female Tonics. Get a bottle to-day. Price \$1.00.

SKIN TORTURES
And every Distressing Irritation of Skin and Scalp Instantly Relieved by a Bath with CUTICURA SOAP.

CUTICURA SOAP
And a single anointing with CUTICURA, the great skin cure and purest of emollients. This treatment, when followed in severe cases by mild doses of CUTICURA RESOLVENT PILLS, to cool and cleanse the blood, is the most speedy, permanent, and economical cure for torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humours, with loss of hair, ever compounded.

MILLIONS OF WOMEN
USE CUTICURA SOAP, assisted by Cuticura Ointment, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itching, and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women and mothers, and for all the purposes of the toilet, bath, and nursery. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. It unites in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and baby soap in the world.

COMPLETE EXTERNAL AND INTERNAL TREATMENT FOR EVERY HUMOUR.
Cuticura consists of CUTICURA SOAP, to cleanse the skin of crusts and scales, and soften the thickened cuticle; CUTICURA OINTMENT, to instantly allay itching, inflammation, and irritation, and soothe and heal the skin; and CUTICURA RESOLVENT PILLS, to cool and cleanse the blood. A SINGLE SOAP is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly skin and scalp humours, with loss of hair, when all else fails. Sold throughout PAIX, PARIS. PORTER, PROCTER AND GILBERT, SOLE IMPORTERS, LONDON. French Depot: 8 Rue de la Paix. CUTICURA RESOLVENT PILLS (Bottle and Box) are a new, tasteful, advertising, and beautiful substitute for the celebrated Liquid CUTICURA RESOLVENT, as well as for all other blood purifiers and humour cures. Each PILLS requires to one teaspoonful of liquid CUTICURA SOAP, to be used after the skin has been cleansed with CUTICURA SOAP. Put up in antiseptic, glass, and aluminum cases, price, 25c. CUTICURA PILLS are absolutely economical blood and skin purifier, humour cures, and toilet-digestive yet compounded.

Childress voted Anti by about 70 votes—majority.

H. B. White went to Quanah, Wednesday, on business.

Roy Carhart, of Panhandle, spent yesterday in town.

Chas. Tolleson, of Childress, spent Monday in Clarendon.

Charley Jewell was caught north of the Canadian last week during the wash-out.

T. S. McClelland and wife and Dr. H. J. Winn, returned Sunday night from a trip to Fort Worth.

Mrs. Emma Mahan, sister of Commissioner Williams, and her children left Wednesday for her home at Arlington, Texas.

Rev. W. P. Diekey and family, formerly of Clarendon, arrived Wednesday night and will make this their home for a while.

George Tipton, of the Hall County News, spent Tuesday night in town and found it with more life and business than he expected.

Miss Mae Kight came down from Claude, Tuesday morning, to visit Grace Anderson and other friends, and returned home Wednesday.

John Farris, of Floyd county, was in town Monday delivering 544 two-year-steers to W. D. Driskill, to be shipped to Wyoming. The price was \$22.

Jack VanHorn, a son of the late Major D. W. VanHorn, formerly of the Bank of Clarendon, arrived here Sunday night from Wellington, Kansas, and has taken a clerical position in the First National Bank.

Mr. John Scott and his children were here from Goodnight, Tuesday. The children attended the closing exercises of Clarendon College, while Mr. Scott was seeing after business. He still has some fine Hereford bulls for sale.

J. W. F. Smith was in town Wednesday from Gray county after his daughter, Miss Fannie, who has been attending college here. Mr. Smith informs us that his father is very low with dropsy and cannot live much longer.

Mrs. Maggie Johnson, daughter of Rev. Skinner, left Saturday morning for her home at Brownwood. Miss Norma Skinner, also left at the same time for Denton, as we announced last week, but stopped off at Iowa Park for a few days visit.

A large 200-barrel tank of W. C. Morgan's fell Tuesday, caused by the giving away of a full tank of water. It was completely wrecked. In the absence of all the men, Mr. W. B. Terrill connected the pipes so the family could be supplied

Rosenfield is making a clearance of all summer goods. Be sure and call on him if you want a bargain.

There will be an "Old Fiddler's Contest" at the Opera House next Friday night—one-half the admission fees going to the winner. Admission 25 and 35 cents.

A. M. Ramp made a business trip to Wichita Falls Wednesday.

Dr. Morris reports a boy born Monday at the home of E. S. Morford.

Miss Hallie Ray left Saturday to visit relatives at Rayland, Wilbarger county.

Revs. Skinner and Thornton and families went to Lelia on a fishing trip yesterday.

A. D. Hodge, representing a printer's supply house in Dallas, spent yesterday here.

Mangum has had another \$20,000 fire, starting in the Jackson & Wilson drygoods store.

Tom Buntin, a Childress railroader, is laying off this week and spending his time in Clarendon.

Bugbee & Knorp will ship 3,000 head of cattle next Tuesday to Ed H. Reed, Spearfish, S. Dakota.

Dal Driskill bought 700 head of cattle from Richard Walsh and Motley county parties this week.

A. J. Nesbit shipped a train of cattle from Estelline, also 60 cars from Quanah, to South Dakota this week.

W. H. Oliver left this week for Childress where, it is reported, he will be engaged to attend bar in a saloon.

The boys can go most anywhere swimming now, but Old Sol gets a whack at them through the clouds enough to blister a hide now and then.

Attorneys Hill and Barrett spent yesterday at Claude in a suit between Harry McCurdy and R. C. Rogers over a section of school land. Messrs Hill and Barrett won out in favor of McCurdy.

H. W. Criswell shipped 3,000 1-year-old heifers from Giles to Billings, Mont., from where they will be driven overland to Canada where Mr. Criswell holds a 20-year lease on a large body of land.

Prof. Silvey finished enrolling the names of the scholars in the district and finds the number to be 375; four more than last year. It is easy to be seen that Childress is not making much speed towards depopulating Clarendon.

Cards are out for the marriage of Miss Julia Wright, of Clarendon, and Prof. W. K. Hollifield, of Greer county. Ok. A paper in an adjoining county had them married several weeks ago, but the important event is not to come off until June 18.

Mrs. J. S. Morris and son, John Scaf, and Lotus Morris left yesterday for a visit; the two former will visit in Fort Worth and Itaska and Lotus will visit a brother at Breckinridge. Dr. Morris says he will remain at home, but we did not quote him as to how much of the time he would remain at home.

N. W. Arnold, of the Wellington Times, was here Tuesday night for the purpose of buying an outfit and hiring a printer so as to hereafter get out his paper in his own town. He has bought out his partner, Mr. W. A. Dunn, and is now sole proprietor. The Times has a good patronage and is a good paper for an inland town.

Barrow and Lee Bros. from Rayner, brought in some 1,200 head of cattle the first of the week. Of these they sold to Boran & Shannon 678 head of 3-year-old steers at \$24, which were shipped to Butler, Kansas. The latter parties also bought 300 head from J. Wright Moore and shipped them from Southard to Kansas.

Master Ralph Collinson and his sister, Cathleen, aged 14 and 8 years, respectively, returned home Sunday night from a nine months stay in Chicago, having traveled the entire distance with strangers. They have been staying with their uncle and grandparents. Ralph seems to travel with as much self-confidence and ease of mind as the oldest drummer and Cathleen was as well satisfied with her custodian as if he had been full grown.

Dr. Westbrook and family, Dr. O'Neal and family and J. H. O'Neal and family, composed a fishing party that spent the day Tuesday at Lelia Lake. A most pleasant and happy time was had by all, feasting on fish till it didn't taste good. To make the most of a good thing and to lighten the load Dr. "Smythe" suggested supper at five. So after a sumptuous feast again, at six the homeward journey was in order. It is said Dr. Westbrook ate four pounds of fish, two pounds of beef liver (carried along for bait) and a pound of salt pork, but he is still in the ring. An Arkansas doctor is hard to down, any how.

Commencement.
Silence resounds through the quiet halls of Clarendon College. The closing exercises came to an end Tuesday morning, and students and teachers, with many fond goodbyes, returned to their homes in various parts of the Panhandle and state. This has been the best year of the school and the commencement exercises were much enjoyed by all. All of the speakers from a distance were on hand and filled their places to the satisfaction of all. Rev. French, of Roswell, besides preaching at 11 o'clock, delivered an interesting lecture on "China Town," to the League at 4 o'clock. The entire series of exercises passed off admirably. The recitation contest was won by Miss Minnie Young, and the essay medal by Miss Lena Parker, of Cadyan City. These medals were presented Tuesday morning. Diplomas from the Business Department were issued to Miss Effie Ferguson, Messrs. B. E. Cole, Wilson and Arthur Gray and James Hall. The exercises have been very interesting and Clarendon showed its appreciation by filling to overflowing the chapel at all the exercises.

The scholastic census of Memphis foots up 185.

About 500 feet of the Canadian bridge on the Santa Fe was washed out last week.

A heavy storm at Silverton last Friday wrecked the Methodist church, number of windmills and several residences.

The Gray county officers as given by us last week are correct, except for clerk, Faulkner being elected over Wolf by one vote.

The scholastic census of Abilene shows a total of eight hundred and thirty-one, which is thirteen less than the number returned last year.

A storm last Friday night unroofed the roundhouse at Childress and damaged it to the extent of \$3,000. The small houses moved from here to that place were blown from their foundations and one of them about demolished.

The Seymour News says: "Clarendon offers the distinction of being the city of schools of the Panhandle and its public school ranks high in the list of its educational institutions. This has probably been instrumental in making this town what it now is."

Bob Jordan, fireman on the Ft. W. & D. Ry., who was so seriously hurt in an accident that happened about March 1 to the southbound passenger train as it was coming down the Wheatland hill, was in the city two or three days this week on a visit to his sister, Mrs. W. C. Heath. Bob has entirely recovered from his injuries and will go back to work on the first of the coming month.—Wichita Falls Times.

The heavy rains have damaged crops some.

Mr. Jake Stubbs went to Clarendon Thursday and returned Friday.

Mrs. Vinyard, of South Armstrong, is visiting her daughter, Mrs. Baker, at this place.

Mr. and Mrs. Willie Brooks, of Rowe community, are visiting the former's parents at this place.

The election at Alnreed, with few exceptions, passed off very quiet.

Mr. McCracken and daughter, Miss Beatrice, attended commencement at the Clarendon College.

Mr. Ira Hill, son of Mr. J. R. Mill, of Alnreed, returned home Thursday from Fort Worth where he has been attending college.

It is now warm enough for soda and ice cream, try ours. Simpson & Ramp.

The late freshet wrecked the Pease river bridge north of the load Dr. "Smythe" suggested supper at five. So after a sumptuous feast again, at six the homeward journey was in order. It is said Dr. Westbrook ate four pounds of fish, two pounds of beef liver (carried along for bait) and a pound of salt pork, but he is still in the ring. An Arkansas doctor is hard to down, any how.

Watch for Odus Caraway, he runs our bread and vegetable wagon, Simpson & Ramp.

World's Fair Notes.

The headquarters of the American Hereford Breeders' association that have been at Independence, Mo., and in Kansas City for more than eighteen years will be moved to Chicago June 15.

A Splendid Remedy.
Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00. Sold by H. D. Ramsey, druggist.

Otis and Webster Smith, aged 11 and 13 years, and another boy, Forest Wyman, were killed by lightning at a camp in Lipscomb county, Sunday evening. They were sons of Tom Smith, a cattleman. Their mother was away from home visiting in Missouri at the time.

Hot Weather Weakness.
If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Propr., Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it." It was recommended to me by Dr. Newton, Newton, Kan. 50c at H. D. Ramsey's.
