CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, AUGUST 29, 1918.

VOL. 29. NO.36.

MASS MEETING FOR BENEFIT OF COLLEGE

Wednesday afternoon a mass meeting was held at the Pastime Theatre for the purpose of considering the best means of assisting Clarendon College in availing herself of the Government Military Training offered in the organization of the Students Army Training Corps for young men between the ages of 18 and 21. After a concise explanation of the plan by Dr. Slover, and report from the citizens committee given by Dr. Jenkins, there was discussion, a unanimous opinion being expressed that now was the time to take an advanced step in regard to the future of the college and take immediate advantage of this remarkable offer of the U. S. Government. The plan as adopted provides for a Central Committee of five with Dr. Slover as chairman, whose duty it will be to outline the plans for the campaign to be made to enroll 100 young men coming within the requirements of the government. This committee will name a strong committee to handle the matter in Clarendon and Donley County, a committee to collect the necessary finances to make the campaign, five committees of two men each who are to make a whirlwind campaign of the Panhandle within the next ten days to enroll the necessary 100 students.

The government's offer is to send a military instructor here to train the students, pay them \$30 per month and furnish them with guns, ammunition and uniform, which gives them the benefit of their schooling almost altogether at government expense. This will maintain the college at full strength through the trying times of war and will be of great financial benefit to Clarendon since it will mean \$27,000 more money to be spent here each year.

When the business men of Clarendon get behind a project as they have done this, its success is assured.

BOYS CLUBS IN CAMP FRIDAY AND SATURDAY

The Boys Agricultural Clubs of Donley County are living in happy anticipation of a great time at their Encampment to be held next Friday and Saturday at the Word Ranch. County Agent P. C. Bennett has perfected arrangements and a great recreational and instructive two days is assured. County Agent Hillam of Amarillo and State Agent French of Austin will be present and assist in making the days rich in help to the boys. Parents are invited to attend.

Saturday the Girls Clubs will arrive and enjoy a picnic in connection and under the supervision of Mrs. Barnes, Canning Demonstrator for this county.

This is great work for our county agent and the canning demonstrator and all are urged to lend their aid in making this event worth much to the boys and girls of this county.

Miss Beatrice Story leaves this week for Amarillo where she expects to teach violin this winter.

GOVERNMENT AID FOR DONLEY COUNTY

Donley County has been especially fortunate in not being forced to need aid from the government or other sources but for the benefit of the few who might need feed for immediate use it can be shipped here with only half-freight charge. Those who will need seed will see County Agent Bennett at once and get him to make the arrangements.

For farmers without collateral the government has arranged to supply money up to \$300 to buy seed wheat for fall sowing. The loan is at six per cent and a mortgage is taken on the new crop or subsequent crops. Those who may need such assistance can receive same by filing their application with County Agent Bennett. No loan is made except for seed wheat.

E. H. Watt, one of the prominent men of Giles, was here Monday with his family enroute to Goodnight where they enjoyed a very pleasant visit with relatives this week. Mr. Watt says this part of the county certainly looks good when compared to the Giles section which has suffered severely for want of rain this summer.

C. B. Harp and family returned Friday night of last week from an auto trip to Johnson County. Mr. Harp reports conditions in Central Texas very discouraging and declares that Donley County has all other Texas counties outclassed. We think so too.

Rev. G. E. Burton left Thursday night for points in central Texas. He has invitations to visit a number of churches and will spend several days in that section.

News dispatches carry the notice of the wounding in France of Corp. Wm. B. Montgomery, who volunteered from the Brice neighborhood last summer.

Joe Inman of Dalhart was in Clarendon this week looking after business interests.

DELPHIAN NOTICE

Beginning Monday, Sept. 2, 1918, the Delphian Club will resume the regular study for the year. The attendance through the summer months has not been so good as was desired, but it is earnestly hoped that the women will all attend from now on, and not loose the

connections of the lessons which we shall study, as all will be very interesting.

The lesson for Monday will be the "Zenith of Athenian Power," Seventh Month, First Program. Mrs. W. H. Martin will be hostess at this time.

J. J. Alexander made a business trip to Amarillo the first of the week.

MISS RUTH PATCHING ENTERTAINS FRIENDS

Miss Ruth Patching entertained at her home, Friday evening with a camouflage party. Piano and Edison music were enjoyed during the evening, also games and contests. The highest prize being won by Miss Carmen Ulm, Miss Annie Myra Bennett drawing consolation. After which dainty refreshments were served to the following Misses Blanche Mann, Carmen Ulm, Lugene Taylor, Ethel Fair, Lydia Belle Ferebee, Pauline Ozier, Ella Clark, Katherine Davis, Annie Myra Bennett and Fannie Florence Sims and Messrs. Richard Bell, Ivan Hudgins, Oasie Fair, Bunk Ozier, Cap Weatherley, Carl Tyree, Estill Smith and Ralph Bourland.

The public had an opportunity last Thursday to witness the beautiful Masonic burial ceremony when the local lodge gave Masonic honors to their dead and honored member, Dr. J. D. Stocking. They attended the services in a body and at the cemetery went through the impressive form of consigning a dead brother to his last resting place. W. H. Patrick delivered the funeral oration in a most feeling manner.

METHODIST CHURCH

Dr. Burkhead will preach at the eleven o'clock hour and at 8:30 p.m. will be given a sacred concert by the Summer Choir, completing their services as an organization for the year.

Miss Ola Beatty of Mineral Wells and a teacher in the Clarendon High School has arrived here for a visit with Misses Annie and Lucile Doizer before taking up her duties on Sept. 9th.

Mrs. V. S. Hilcock of Fort Worth and Miss Lee Kellogg of Dallas were the guests of Mrs. A. B. Nave over the week-end. Little Miss Malvina Nave accompanied them home for a short visit.

SECOND PRIMARY MAKES VERY WEAK SHOWING

The Second Primary of the Democratic party was a weak affair all over Texas, few over \$150,000 votes being cast in the entire State, with a number of counties not holding any election whatever.

The winners in the primary were:

W. A. Johnson, Lieut. Gov.
H. B. Terrell, Comptroller.
C. M. Cureton, Attorney Gen.
O. S. Lattimore, Assoc. Justice, Court of Crim. Appeals.

In Donley County all the State winners carried the county by good majorities considering the very light vote cast. In the first primary there were 1,824 votes cast and in the second there were only 124, as elections were held in only five boxes of the county: Clarendon, Lelia Lake, Ashtola, Jericho and Martin. Of the 124 votes cast, 17 were women.

The county vote is as follows:

For Lieut. Governor:

W. A. Johnson.....113

For Comptroller:

H. B. Terrell.....75

C. C. Mayfield.....45

For Attorney General:

C. M. Cureton.....89

John W. Woods.....33

For Associate Justice, Court of Criminal Appeals:

O. S. Lattimore.....122

PIPE ORGAN BEING INSTALLED AT M. E. CHURCH

A Hillgreen-Lane Pipe Organ is being installed this week at the Methodist Church and will be in operation in a very few days. An experienced erector from the factory is doing the work which is being watched with much interest by those to whom pipe organs are not commonplace.

The organ is the finest in the Panhandle and is worth \$4,800 although it was bought for some less than that figure as the war has depressed the market on such instruments—possibly the only thing in the world that hasn't advanced.

R. Deane Shure, director of music for Clarendon College is a wonderfully proficient organist and will play the big organ until some one develops equal to the task. The organ was bought jointly by the church and the College and students in the College will have the privilege of taking a course in pipe organ from Mr. Shure and already many have signified their intention of taking up the work.

The organ will lend dignity and solemnity to the church services and will greatly enhance the work of the choir.

CANNING DEMONSTRATOR HERE.

The News is pleased to announce that Mrs. Barnes, representing the A. and M. State Department, is here for work in Donley County as Canning Demonstrator and Instructor. She is here for your help and can be secured for aid in canning by calling her at Mrs. Goldston's or County Agent P. C. Bennett's. Mrs. Barnes is very enthusiastic about her work and will be of much benefit to the people of Donley County if they will avail themselves of her services.

Seed Grain Loans To Farmers

Our bank has been designated by the executive committee of the Federal Land Bank of Wichita, Kansas, as agent for the purpose of taking applications from farmers for seed grain loans. A fund of \$5,000,000.00 has been set aside by the president of the United States to be loaned to farmers in drought stricken areas to enable them to purchase seed wheat and other grains for fall planting.

We are accepting this appointment cheerfully, being glad of an opportunity to serve our country at large, as well as our immediate vicinity in particular, and we hope those interested will lose no time in consulting us in regard to the particulars concerning these loans. Our services will be absolutely gratis, no charge being made by us either to the government or to the borrower.

The Donley County State Bank

The Bank that Appreciates Your Business

Every Saving Depositor Is Interested

in the new Federal Reserve Banking System, established by the United States Government, of which we are a member, because it makes the banking business of the country safer and sounder than ever before.

But even more because it makes practically impossible another of those currency panics which in the past have caused business depressions, shut-downs and lack of employment.

Part of every dollar you deposit in this bank goes directly into this new system, makes it stronger and adds to the security of your money so deposited.

THE FIRST NATIONAL BANK

Hail Insurance

In Hail Insurance I Represent the Largest Old Line

"TIME-TRIED AND LOSS-TESTED"

Insurance Companies which "Pay if They Lose," and settle "Fair and Square" on all losses and "Do it Now." Such Companies sell Hail Insurance like Fire Insurance, through duly accredited Local Agents upon application of the assured to the agents rather than through transient traveling agents. If you want Hail Insurance on your growing crops see me, for I will appreciate your business. I refer to every customer who has ever had a loss through my agency as to my service and the satisfactory settlements of my Companies.

"At Your Service"

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, and we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's the original and genuine. B 79

ANOTHER CLARENDON BOY IS HEARD FROM

C. C. Manly, the second son of Mr. and Mrs. J. P. Manly, has been in the war zone for sometime, and at the time his last letter was written he was in the trenches for the second time. The letter follows:

France, July 18, 1918.

Dear Mother:

I received two of your letters since I wrote a few days ago, so I guess the spell is broken, and from now on the letters will come more regularly. There has been a great improvement in that respect—one that was badly needed. We are now in the trenches for the second time. We have been here eighteen days this trip, and expect to be relieved during the next few days. We probably will leave this immediate sector with our division then. We are in Alsace, and our division was the first American troops on German soil. This has been printed in the newspapers, so I am violating no censorship rules. Haven't seen or heard of any troops from Texas, but I suppose they must be over here somewhere. There are a million here, so of course we are working and not chasing around the country.

I wish you would tell Bill to write to me, giving me the name and number of his regiment and company. Or better still, you send it to me. Then, when he does get here, I will be able to get in touch with him more quickly. He would probably have a harder time finding me than I would finding him.

The American soldier is somewhat taken aback with the French customs when he first arrives. The custom of farmers getting together in villages and cultivating the land outside—a survival of old feudal days—is very amusing to him. The wooden shoes, the money, their way of eating; all seems very strange to all who have not prepared themselves for it by travel or reading. But they soon become accustomed to it, and most of us are speaking a little French.

Things have been quiet in our sector the last day or two. Several nights ago we made a raid—using an artillery and machine gun barrage. I would like to describe it to you, but the thing baffles me. Irving Cobb saw a raid, he says in the Saturday Evening Post, and he says he did not have enough vocabulary to describe it. At 2:30 a. m. the artillery opened up on the German lines. Shells of all calibres were sent over—thousands of them. Then at a signal our 16 machine guns opened up, the noise chiming in with the big guns. Imagine all the noises in the world gathered together into a space about a half mile wide. Then you will have a faint idea of things. Our guns poured streams of bullets on either side of the sector at the signal, and the artillery raised their fire and dropped shells thickly on the lines back of the German trenches. This left a box, with the end to us open, in which there was no fire. Our infantry went over, killing and capturing what Germans were left, and demolishing their dugouts with hand-grenades. They returned safely—and all the while we were keeping up a steady fire.

During our barrage the Germans sought cover, and made no effort to return to it. It was quite safe. But just at dawn, when our firing stopped, they returned with a counter barrage. I had climbed up on the parapet of the trench the better to watch the show. It was magnificent and as all our guns were running smoothly, I had nothing to distract me. The first thing I knew I heard the rat-a-tat of the German machine guns, and I dropped into the trench. Then their artillery opened fire, it seemed with an especial eye on the machine gun position I happened to be at. They sent over 50 shells, all falling in our immediate vicinity, but at least twenty failed to explode. This didn't make us mad. When the shelling had about stopped I decided to leave the dugouts and go to the Company headquarters where they have the officers' mess. Was a little hungry and by cutting across on the outside of the trench I could save quite a distance. Besides the duckboards make the walking bad. I did this and had gone about fifty meters when some

FROM A FORMER CLARENDONITE IN FRANCE

Following is a letter received from Ben Kilpatrick, who will be remembered here as a former Clarendon boy. He is with the Engineering Corps in France:

France, July 18, 1918.

Dear Ruby:

Want to drop you a couple of lines, but will have to write with a pencil, for am out of ink and none to be had here.

Had a couple of letters from home, not very long ago, and they said sister was improving, which was mighty good news to me. Hope she is up again by the time this reaches you.

Have been having some warm weather here of late and it seems more like summer. Has also been raining every two or three days. Gets awfully muddy but I don't mind it much except when we have to stay in the trenches—and I've only spent two nights in them so far. We do quite a lot of work up to the front lines but generally have a pretty decent place to spend the night—if we are not working. Has been quiet for the past few days, especially during the day time. There is always more or less artillery fire at night, but we say it is quiet, for at times it looks like they burn up enough ammunition in ten minutes to win two or three wars. We found a letter written by a German to his sweetheart, the day before he was captured and he said the sector was a h— of a place and judging from the amount of "iron rations" we send over to him, I think he is right.

We just received our new over seas caps a few days ago and if I ever get where I can have a picture made will send you one. We wear them when around camp, but wear our "tin derbies" when going up to the line.

Am still living in my little dugout and using the same "bully beef" box for a desk.

Came very near moving once on account of Fritz shelling us too often, but he hasn't dropped anything on our camp for about ten days, so we are still holding our own.

Must close as it is time to put out all lights. Hope to receive a letter soon.

Love and best wishes to all,
Sincerely your uncle,
BEN.

Co E, 108 Engineers, U. S. N. G. American Expeditionary Forces via New York City.

KNITTING PROGRAM SOON TO BE ANNOUNCED

Washington, D. C., Aug. 27.—A program for knitting garments for soldiers and sailors will be announced by the American Red Cross as soon as it can determine how much yarn is available for such use. The Red Cross now has 1,400,000 pounds of yarn for distribution to chapters and hopes to obtain additional yarn from wool unsuitable for Government use.

There are 3,674,000 knitted articles in Red Cross warehouses, including 1,600,000 wool sweaters, 134,000 mufflers, 384,000 wristlets, 228,000 helmets and 1,328,000 pairs of socks. From September 1, 1917, to June 30, 1918, the Red Cross distributed 5,875,000 knitted articles to American soldiers and sailors. During the same period 800,000 knitted garments were distributed in France and Italy.

Red Cross knitters used 10,000,000 pounds of yarn in knitting articles for soldiers and sailors, last year.

We want to buy your beans, peas, cantaloupes and water melons. Walker Grocery Co. Phone 186.

machine gun bullets clipped the leaves off of the trees nearby—all above my head. I thought, "don't be a fool" and dropped into a nearby trench. Five seconds later a shell exploded about where I would have been. The shock knocked me down, but I didn't have a scratch. One infantry man was killed and three wounded. I didn't see them in the darkness or I would have made them get into a trench when the machine-gun fire started.

Well, mother, there is not much more to tell. I hope that everyone is well. Give my regards to all if you see them. Don't forget Bill. Lots of love, From your son, CLAUDE

NEWS OF INTEREST IN THE PANHANDLE

SEYMOUR

The body of Mrs. Ben Thomas was brought in yesterday from Burkburnett for burial here. She died of typhoid fever, and one of the children is at the point of death with the same disease. Mr. Thomas accompanied the body. A more detailed account will be given next week of this sad death. Mrs. Thomas was the daughter of Mr. and Mrs. H. C. Streetman.—Banner.

HEDLEY

Mrs. Ed C. Boliver and children have returned from a visit to her mother and sisters at New Castle and Wichita Falls.—Informer.

MEMPHIS

The election held in the city Monday resulted in the selection of C. R. Webster for mayor of Memphis, to fill out the unexpired term of W. M. Fore, who resigned some weeks ago. The election was very quiet and only a small vote was cast. There was some whispering of opposition, but after "counting noses" it was found impracticable to do this. The new mayor is no doubt the right man for the place. He has been a member of the city council long enough to be familiar with the municipal affairs and is capable as a business man.—Herald.

TEXHOMA

F. W. Blacksten, a progressive farmer of northeast of town sold his 1918 broomcorn crop in Texhoma this week for \$325.00 per ton. Wallace Branch, representing the American Warehouse Co. of Wichita, Kansas was the purchaser. We did not learn the amount of corn Mr. Blacksten sold.—Times.

LOCKNEY

The early maize is being marketed in Lockney this week. The early crop is made and in many cases it is turning out nicely. Mr. Teaff, living west of town reports that he is getting the rise of 1500 pounds to the ton. The price being paid is upwards of \$40 per ton. Dry maize is bringing \$60 per ton. There will be a great deal of maize made this fall, more than it will take to run each farmer who made any crops at all. As stated last week in these columns three-fourths of our trade territory has excellent crops. The best crops are north, northwest, west and east and northeast of Lockney. The south half of the county is badly burned and the crops are failures.—Beacon.

WELLINGTON

After two weeks of interesting services the meeting under the big Methodist tabernacle closed Sunday night with the opening of the doors of the church for new members. There were something like fifty persons who joined that night. It was an impressive sight. Something like seventy-five conversions and reclamations was the outcome of the meeting under the preaching of the presiding elder, Rev. A. W. Hall of Clarendon, and the song leader Evangelist Edd Phillips, with the valuable aid of the pastor, Rev. M. E. Hawkins. Rev. Hall did some remarkable preaching in that every sermon was deep, the result of profound thinking. The sermons were all along practical lines and were not at all visionary. The choir under the leadership of Evangelist Edd Phillips was excellent, besides he did valuable work as a personal worker. He preached again Sunday afternoon to the men only, and had a soul-stirring service when strong men were convicted and responded to the call to lead better lives.—Leader.

ABILENE

Construction work has started on the large dam which Abilene is building on Elm Creek, twenty miles south of that city, and it is estimated that it will require twenty months or more to get the dam ready for impounding water. Abilene has always been short of water but when the new dam is completed it will impound water enough for a city of 100,000 people which Abilene will be some day. The dam will also impound water sufficient for irrigating farms along

the course of its conduit to the city. This dam will become one of the big things of that part of Texas, and particulars regarding it will no doubt be of interest from both an educational and scientific view.—Slaton Slatonite.

Miss Mary Whitesides, age 22, daughter of Mrs. Felix F. Rains, died Saturday night. She had been ill for several months. Funeral services were conducted Sunday afternoon at four o'clock from the family residence, 701 Chestnut, by Rev. J. W. Hunt.—Times.

MIAMI

Mrs. J. H. Hicks underwent a very severe operation Sunday afternoon of this week. Drs. Kelley and Gunn of Miami and Roscoe and Lumpkin of Amarillo were called in, and while she has been very low at times, she is resting well and apparently now is better.—Chief.

DALHART

It is being freely rumored that the Fort Worth & Denver and the Rock Island stations are to be consolidated at an early date, and both roads operated from the Rock Island offices. Plan is, so it is said, to move the Denver depot to the Rock Island and connect it up with the Rock Island freight offices. It is understood that the Rock Island depot is ample to take care of the passenger traffic and the office business of the two roads.—Texan.

HENRIETTA

There is a sufficient supply of water in the city reservoir now to last three months.

The pump at the river was started last Sunday afternoon and has been running steadily ever since, pushing a good stream of water into the reservoir. The gauge shows the water in the river above the dam to have been lowered only six inches, while the pump can pull the water till it gets three feet lower. The quality of the water in the mains is fine now, comparatively, being almost perfectly clear.

The pump will be stopped today to wash out the boilers, but will be started up again and run till the reservoir is filled.—Independent.

C. R. Royer, age 44, took his own life at his residence on North Main street in Henrietta at about 7:30 Wednesday evening. He used a shot gun, placing the muzzle of the gun against the right side of his head just back of the ear. The entire back of his head was blown off and blood and brains scattered over the room. Death was instantaneous.—Independent.

GRAHAM

Roy Hill and Miss Willie Griffin were united in marriage by Rev. Cantwell at the home of the bride's parents, Mr. and Mrs. Will W. Griffin, near Eliasville last Sunday evening at 4:30 o'clock. Quite a crowd of friends and relatives were present to witness the ceremony and partake of the splendid refreshments served after the wedding. The newly married couple, who have been reared in the Eliasville community, are quite popular and possess a large circle of friends and admirers who join with The Leader in extending sincerest good wishes. They will make their home in the Fish Creek community.

Mrs. Willie Cooney, of Ivan, received a message this morning informing her of the fact that her husband who is a member of the Coast Artillery had arrived safely overseas.—Leader.

PLAINVIEW

The indications are that Wayland college will have a very large attendance the coming session. Fifteen new students were signed up Saturday.

Good rains fell Wednesday night from Kress to Happy, so railroad men tell us.

W. C. Ooley of near Providence tells a good rain fell in his community that night.—News.

HASKELL

The residence of J. W. Looney in the east part of the city burned Saturday night about 11 o'clock. The fire had gained such headway before it was discovered that nothing was saved

T. M. LITTLE

SAYS KING GEORGE IS ALL RIGHT

One of the favorite stories among the soldiers overseas concerns a Texas Infantryman who met the King and Queen of England at the noted Eagle Y. M. C. A. hut in London a few weeks ago. The actual event is related in a letter from A. O. McCune, of Roswell, New Mexico to H. P. Demand, now of the Army Y. M. C. A. headquarters at San Antonio, and recently camp general secretary at El Paso. Here is the way it happened:

The King and Queen of England were visiting the Eagle hut where a large number of soldiers were enjoying the usual "Y" advantages. There was more or less formality about the event until a newly arrived Texas doughboy came in.

"Who's the little guy with the lady?" he asked.

"They told him. 'You don't say so! Before anybody knew what was happening the big Texas had wormed his way through the crowd and was gripping the hand of the King of England, and saying; in the well known Texas drawl:

"King George, ——— is my name. I want to shake hands with you, and tell you that since we got over here and got acquainted with you fellers, we think you are all right!"

The King seemed to enjoy the incident very much.

We buy second-hand clothes, shoes, hats, furniture, stoves etc. Also repair your broken furniture. Do your upholstery and mattress work, at reasonable prices. Give us a trial. Phone 400. Williams & Hammer. One block west of First National Bank.

TEACHERS' INSTITUTE

The Teachers' Institute for

Donley County will be held in the District Court Room in Clarendon beginning Monday, Sept. 2nd, 1918.

J. H. O'NEALL,
Ex-Officio Co. Supt.

Build! Build!

The greatest mistake so often made by home builders is to allow the contractor to build the home without accurately prepared plans and specifications. It is too much like making a dress without a pattern.

You will save material and labor and results will be more satisfactory if you avail yourself of the service we have to offer.

Sam M. Braswell, Editor and Owner

Entered as second-class matter November 3, 1909, at the post office at Clarendon, Texas, under the act of March 3, 1979.

SUBSCRIPTION, \$1.50 PER YEAR

Four Weeks Is A Newspaper Month

Subscription Rates:
One Year.....\$1.50
Six Months......75
Four Months......50

The News has received more news items over the phone in the past two or three weeks than it has ever received before in a period of two months. For this courtesy we are deeply thankful and we ask a continuance of such favors. We intend to make The News the best local paper in Texas and we need your co-operation.

The interest rate on the Fourth Liberty Loan will be four and a quarter per cent. But as before this is no time to stop to figure money interest. It's heart interest and self interest that we must all look out for now. Let us gird ourselves for the big drive and see to it that Donley County again acquits herself as she ought. We have been favored above our neighbors this year in crops and it is just that we share their burdens in lending and helping the government.

Clarendon College opens her doors next Tuesday, September 3, and Clarendon Public Schools open their doors on Monday, September 9. Let our people get ready for the openings, have the children ready to enter the first day, and be on hand themselves, resolving that this year to take more interest in the local schools as parents and patrons than ever before. Never has so much stress been laid upon education and the best results can only be attained by the full co-operation of parent, teacher and pupil.

Funds for the relief of drouth sufferers are being collected all over Texas and placed in the hands of Governor Hobby for proper distribution. In a few days a subscription list will be circulated here in Clarendon and The News knows our people well enough to say that the offering will be liberal and freely given. Drouth sufferers need help and they need it NOW. We may sympathize with them but unless we back that feeling up with cash they will continue to suffer and our sympathy becomes an empty claim. The need and despair of the people in drouth stricken areas is just as keen, just as vital as was the sore distress of Galveston at the time of the storm. Let us do our part to bring a silver lining under the black cloud of financial distress and a rainbow of promise in the sky of famine.

The Second Primary in Donley County was a farce in so far as being an expression of the majority of our citizenship. We have always believed in majority rule, but we reject the second primary as the correct way in which to attain it. Some counties held no second primary at all and in many counties as in our own, there were many boxes which held no election. If the people are not interested they cannot be forced to vote and the fact that every candidate on the ticket received more votes in the first primary than he did in the second proves the inadequacy of the plan. Of course all systems have their defects but in the light of recent events in Texas we almost conclude that the old convention system was the best and safest after all.

U. C. V. NOTICE

A meeting is called of the Sam Lanham Camp, U. C. V., on Monday, September 2nd, 2:30 o'clock sharp, at Kerbow's Hardware Store. All members are urged to be present. On account of the shortness of time before the Reunion at Tulsa it is necessary to hold this meeting before the regular day and all veterans and sons and daughters of veterans who expect to attend the reunion must be present and receive their permits if they expect to get the 1-cent rate to the Reunion.

T. N. NAYLOR, Adj.

BAPTISTS TAKE NOTICE

All members of the Baptist Church are very urgently requested to be present Sunday Morning, September 1st, at 11 o'clock for the purpose of considering the call of a Pastor.

You will find the prettiest hats at Harned Sisters.

For Fresh Milk, phone 120. Dubbs Dairy.

If you have watch or clock troubles take them to Stanley.

Miss Maude Clark returned Saturday from a visit in Wichita Falls.

FOR TRADE—2 good Durham cows to trade for fresh cows. C. D. Moore. 38p

Mrs. Ed Pracher and children of Claude are visiting her mother, Mrs. W. A. Davis, this week.

We want to buy your beans, peas, cantaloupes and water melons. Walker Grocery Co. Phone 186.

Fred Johnson has bought J. F. O'Rourke's tailor shop and gent's furnishing store on the west side. Mr. O'Rourke will devote his entire time to his trade as barber.

Dr. and Mrs. Hearn and children left Wednesday for their home in Seattle after a pleasant visit here with Mrs. Hearn's parents, Mr. and Mrs. Thos. S. Bugbee.

Mrs. M. A. Bennett is here this week visiting her son, County Agent, P. C. Bennett. She is enroute to her home in Amarillo after an operation in a Fort Worth hospital and is accompanied by Mrs. A. T. Head of Dallas.

RIPPEY-PATTERSON

On Tuesday evening at the home of the bride's parents, Mr. and Mrs. G. S. Patterson, was solemnized the marriage of Mr. M. Leo Rippey and Miss Minnie Laura Patterson.

After a solo by Miss Lucy Story, the bride and groom entered while the strains of Lohengrin's wedding march were softly played by Miss Maude Thompson. They were met by Rev. G. S. Slover who, using the beautiful ring ceremony, made them man and wife.

After congratulations the wedding cake was cut and served with punch. Miss Hattie Thompson was the lucky recipient of the ring.

The bride wore a beautiful traveling suit of taupe broadcloth. She is well known in Clarendon having lived here since her childhood and having gone to school both in the public school and the college. After finishing in C. I. A. at Denton she was teacher of Domestic Science in Clarendon College during the year 1916-17. In June 1918 she took a degree at S. M. U.

Mrs. Rippey is loved by all who meet her and she will be greatly missed by her many friends here.

The groom is also known by many Clarendon people. He graduated in Clarendon College and is a graduate of S. M. U. For the past year he has been engaged in army Y. M. C. A. work and is one of the most popular and efficient Y. M. C. A. Secretaries at Camp Gordon, Atlanta, Ga. He is indeed a worthy young man and more than fortunate in having won such an accomplished and lovely young lady.

They left by auto for Amarillo where they took a train for Colorado, for a visit with the groom's parents. After September 20th they will be at home at 726 Spring street, Atlanta, Ga.

Only a few relatives and intimate friends of the family were present. Out-of-town guests were Mr. and Mrs. J. W. Collins, Amarillo; Mr. A. C. Rippey, Hobart, Okla.; Grandma Rogers, Wheeler; Misses Katie and Maude Thompson of McLean.

La Verne Smith and Lloyd Stallings left Tuesday night for Austin where they will enter the Students Army Training Corps under the direction of the State University. LaVerne has been a valued member of the News force for the past few months and Lloyd is another of our deserving young men. We wish them much success in their new work.

CLARENDON COLLEGE OPENING

The opening exercises of the College will be held at the College chapel Tuesday morning at ten o'clock. Rev. C. N. N. Ferguson of Amarillo will deliver the main address. Several other short addresses will be made. Announcements about Military Training and other important matters will be made at that time. The public is cordially invited to attend.

Business Course.
Provision has been made for the teaching of a business course. Stenography, typewriting and bookkeeping will be featured.

French
No doubt the young men who are likely to have to go to France will want to study French. Provisions are being made to have a good course in this.

Military Training
We have the following official statement to make about Military Training:

First: That all schools giving as much as two years of college work have been designated as schools where units of the Students' Army Training Corps can be established.

Second: Clarendon College gives this amount of work and has been officially designated as eligible.

The following telegrams and communications give the status of the Student Army Training Corps to date:

President Clarendon College,
Clarendon, Texas.

Under authority from Washington you are hereby authorized to give publicity to the organization of Student Army Training Corps units in all institutions doing two years or more of standard college work. Students who register for the draft on date to be fixed probably September 10th, will enter S. A. T. C. units by voluntary induction on or about October 1st. Modified regulations touching organization will probably be received today and will be transmitted to you immediately by mail. See Associated Press Reports for fuller information.

ROBT. E. VINSON, Regional Director.
Austin, Texas, 10:20 a. m., August 27, 1918.
President Geo. S. Slover, Clarendon College,
Clarendon, Texas.

You are hereby authorized to announce that Military Training will be given in Clarendon College upon the basis of a matriculation of one hundred male students in college classes eighteen years old and up, physically fit.

ROBERT E. VINSON, Regional Director.

General Peyton C. March, Chief of Staff, today approved by order of the Secretary of War, a plan for the organization of a Student Army Training Corps in the educational institutions of the country to train men as officers and technical experts in the army. The plan for the SATC, as altered to conform to the plans of the War Department for lowering the draft age, will utilize the plant, equipment, and organization of the colleges to maintain a reservoir of officer material for training, from which it will be possible to meet the enlarged needs of the various branches of the service.

The length of time during which men will be trained in the colleges will depend upon the needs of the service. As fast as one group of trained men is drawn from the colleges into the service their places will be taken by a new quota obtained by voluntary induction or through the draft. In this way the educational facilities of the country will be used to maintain a constant supply of men who are trained to meet the needs of the army.

Under the regulations provided for the SATC selected young men who are physically fit for military service, who are 18 years of age or over, and who have had a grammar school education may be voluntarily inducted into the army and enter upon a course of special training. Those who have had a grammar school education but no more will ordinarily enter Special Training Detachments to be trained along mechanical lines of military value. These Detachments will become a part of the SATC and young men who prove in the course of their training that they are officer material may be transferred to a unit in one of the colleges to be prepared to enter a Central Officers' Training Camp.

Young men who have had at least a High School education will be allowed to enter the colleges for more advanced training as officers and as technical experts of various kinds, according to their experience and abilities. Those men who show promise under this training will be kept in college until qualified to enter Central Officers' Training Camps or to go directly into the service as technical experts. Those who do not will be sent either to Non-commissioned Officers' Schools or to the nearest Depot Brigade, or in case they show special technical or mechanical ability, to the detachments where men are trained for such work.

Arrangements will be made for the transferring from the Depot Brigades to units of the SATC men whose ratings in the cantonments indicate them to be officer material but not yet ready to enter Central Officers' Training Camps. Every effort will be made to give every young man who enters the service under this plan opportunity for the training best suited to his natural ability and preference in order to enable him to serve the country in the most efficient way.

Washington, D. C.
August 20, 1918.

Under advice from the regional director of the S. A. T. C. for Texas, Clarendon College is making all of the preparations necessary for the installation of this work. It will be about October 1st, before this will be organized, but it is very important that every student shall enter school at the start, September third, in order that he may get an even start with his classes.

GEO. S. SLOVER.

LATER—A late telegram from Washington permits boys over eighteen with a grammar school education to be enrolled in the Students Army Training Corps. This latitude in requirements assures the SATC for Clarendon College.

TO THE CITIZENSHIP OF CLARENDON

We take this opportunity to express our appreciation for the liberal patronage you have given us during the thirty-odd years of our business in Clarendon. Each succeeding year has shown a satisfactory growth in business and the year 1918 bids fair to top all preceding years.

We wish to assure you that the business will be conducted on the same general plan in the future that it has been in the past, the same courteous treatment will be extended to all, the same cordial welcome. We solicit a continuation of your patronage and invite new friends to our business.

Sincerely,
STOCKING'S STORE.

"OVER THE TOP" COMING

"Over the Top," Sergt. Guy Empey's wonderful war picture is to be shown in Clarendon through the enterprise of Manager Mulkey of the Pastime Theatre. It will be here for one day only, Saturday, September 14th. Clarendon people generally will welcome this great picture.

TEACHERS EXAMINATION

An examination for teachers' certificates will be held at the Court House, Friday and Saturday, September 6th and 7th.
J. H. O'NEALL, Co. Supt.

What is the Cool, Clean Klenzo Feeling?

IT IS a freshness like a spring morning on a mountain peak. It spreads over your teeth and tongue. But it's more than a flavor—it's a testimony of thorough cleanliness—cleanness that has extended to the countless little taste nerves and has freed them of the sticky mouth secretions. Any wonder your breakfast tastes better after you use Klenzo? Get a tube to try today.

The Coolest Place in Town

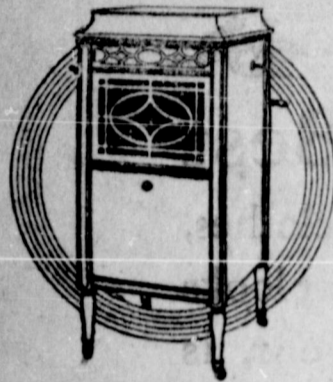

"Someday"

Someday you are going to build that new home—someday you are going to get that new car—someday you are going to take that trip—someday you are going to purchase that

NEW EDISON

"The Phonograph with a Soul"

But your "somedays" will never come until you turn them into *today's*. Every day you say "someday" you lose twenty-four hours that can never be regained. You have but one life to live. If you would live that life to the full, you should do as much today as possible because you know not what tomorrow will bring.

Then, why not make TODAY your "someday?" Then, perhaps tonight, or at the latest, tomorrow night, you can be listening enraptured to the most exquisite music re-created by the New Edison right in your own home. We are ready to send up one of Mr. Edison's marvelous new instruments without the slightest cost or obligation to you.

Gratify your anticipation TODAY—know the delights of possession, not in the vague future but NOW.

CITY DRUG STORE

LOCAL AND PERSONAL

Mrs. Welch of Panhandle visited Mr. and Mrs. Tom Smith here the past week.

J. S. Hayter and Harry H. Sitner motored to Amarillo Tuesday on business.

Mr. and Mrs. Robt. Patton visited friends and relatives at Panhandle the past week.

Mrs. Margaret Mann of Decatur is visiting the family of her son, R. E. Mann of this city.

Mrs. Sam Roarex of Panhandle is the guest of her parents, Mr. and Mrs. Tom Smith this week.

Mrs. J. B. Annis and little daughter are visiting Mrs. Annis' people in Mangum, Okla., for two weeks.

Mr. and Mrs. Behrens of Dallas are visiting their son, F. L. Behrens and family of near Ashtola this week.

Mr. and Mrs. F. L. Behrens and daughter of the Ashtola community were trading in Clarendon Monday afternoon.

John Beverly and wife left Monday for Denver and other points in Colorado, where they will enjoy a short vacation with friends.

Homer Stocking has returned to his duties at Camp Travis after a short leave of absence occasioned by the loss of his father.

Mrs. W. F. Sims, son, Minor, daughter, Glenna, enjoyed a pleasant visit at the home of Mr. and Mrs. A. H. Baker in this city last week.

Mrs. R. I. McGowan was accompanied home from a recent visit to Tyler by her father, A. H. Lockheart, who will spend the winter with her here in Clarendon.

J. Q. Sewell and Mrs. Hinton were married in Oklahoma the first of the week and arrived here Monday night. The best wishes of their friends are in order after this happy event.

Rev. C. H. Booth and family left Wednesday for their home in Corsicana after a pleasant vacation here with Mrs. Booth's parents, Dr. and Mrs. Eddins. They made the trip by motor.

Joe M. Warren returned the first of the week from Brownwood where he has been looking after his oil interests. He reports the drouth as very disastrous in that section but says the oil business keeps booming.

C. C. Stewart, formerly of the Clarendon country, but now of near Amarillo, was here the first of the week for medical attention to his baby boy. While here he visited *The News* and had his figures pushed up another notch.

10 COMMANDEMENTS FOR MODERN WIVES

Los Angeles, Cal. Aug. 1.—"How to hold a husband" is condensed into ten commandments for modern women by Rev. P. R. Knickerbocker, who recently gave Los Angeles women the benefit of his experience in this decalogue.

1.—Thou shalt have no other man except thy husband; neither shalt thou eye another.

2.—Thou shalt not neglect thy home for a bargain sale or club or suffrage propaganda.

3.—Thou shalt not be a peach on the street, a pippin in society and a lemon in the home.

4.—Thou shalt not wear \$50 bonnets and imported lingerie when thy husband wears 5-cent socks and hard-me-down trousers.

5.—Thou shalt not play bridge, whist for gain, neither shalt thou sip the sparkling glass.

6.—Thou shalt use the same blandishments on thy husband and thou didst use on thy sweetheart and he shall always be thy lover.

7.—Thou shalt not nag thy husband nor thy son nor thy daughter nor thy servant.

8.—Thou shalt suffer little children to come, for thy greatest name is Mother.

9.—Thou shalt not neglect to pray for thy children; neither shalt thou neglect to spank them.

10.—Thou shalt not rear thy children by proxy, but thou thyself shalt be their mother.

HOMEMADE VINEGAR

A reader has sent in, for the benefit of others, a description of her method for making vinegar without cost.

First of all select a stone crock, then, from day to day, put into it the fruit parings, especially those of apples, always keeping the whole covered with water. At the beginning add a handful of brown sugar.

A few unripe grapes, if added to the whole, will help to give an acid taste. Keep the stone crock tightly covered, in a warm place. If whole apples have been added, these should have been crushed first. When the crock is filled and the contents strained through a cheesecloth, set aside to ripen. If "mother" can be secured from vinegar which is on hand, this added, will hasten the process; but even without this addition, the acid taste will come and the new mixture will form "mother" of itself. The result will be pure cider vinegar, unexcelled for table use.

DUFF DEAN IN NAVAL TRAINING IN CALIFORNIA

Duff Dean, son of Mr. and Mrs. C. H. Dean of this city, writes the *News* editor from the Naval Training Station at San Francisco, California:

Naval Training Station, Co. D-7, Camp D, San Francisco, California, Aug. 16, 1918.

Dear Mr. Braswell:

I am now at the Detention Camp at San Francisco enjoying life. Everything is going fine. There are about five or six thousand boys here now waiting for vaccination. We only stay here about three weeks so the boys are changing all the time. I will stay here three weeks then go to Camp Sims and from there to Harvard University for Radio schooling.

The life out here is great fun for each man has to wash his own clothes and this every day because you have to clean up and change clothes once a day. They sure make a man keep clean and they have inspection every day at noon to see that he is clean.

We have a fine Y. M. C. A. building here and there is always a large bunch of fellows here. They have shows about three times a week and the other nights they have lectures or music, so that there is always amusement for every one. Any and everybody is welcomed and they make you feel at home.

I am first lieutenant of Co-7 which is composed of one hundred men. They form a new company almost each day as there is about that many come in each day. They send from one to three companies out each day.

And best of all we get plenty of beans, hash and clothes. They see that each fellow has enough each meal and they give you plenty of clothes.

Hurrah for the good old U. S. A. Everybody stand behind it.

Yours truly,
DUFF L. DEAN.

THE NEXT DRIVE

The daily papers for some time have been eloquent with the story of this or that general's drive. A new drive has been started, or is about to be begun on a certain sector, or on the eastern or western front. It is reasonable and right that readers should be interested in these, for we are all profoundly interested in the war and the restoration of peace as soon as it can be had honorably. But what about the farmers' drive?

Each season finds farmers with whatever reserves they can accumulate and assemble, ready to "throw them in" on their various sectors for larger crops and better profits. Seed time and harvest, then seed time and harvest come again, often before the reserves can be brought up and the equipment put into action. There is need of artillery, infantry and cavalry if we carry the analogy to tractors, reapers, mowers, balers, riding plows such as sulkeys, cultivators, harrows, discs, etc.; hoes and other hand tools. The drive may be greatly handicapped for lack of man-power, yet when the time comes to begin it must be launched, or the Allied drives and defenses cannot be made.

There was never a greater need for skillful, determined, strategic generals (farmers) who are able to take advantage of their enemies and drive forward in spite of every unfavorable obstacle. That many are able to do this insures victory in the fields of the farm as well as the battle fields of France, Flanders and Italy.

Let us accelerate the next drive on our farms. Let us start the drive early and keep everlastingly at it till the victory is won and the people of other countries have a chance to live under their own government with sacred rights of their own.—Farm and Ranch.

GET READY

Now is the time that your hens will moult or shed their feathers. This process is rather slow and Nature should be assisted. B. A. Thomas' Poultry Remedy will help your hens to moult causing them to shed earlier and be ready to lay when eggs are highest in the winter. If this remedy does not make good, we will. Central Grocery Co.

ANNOUNCEMENT

Those who contemplate enrolling in music and expression with Miss Myrta May Houk, will please phone 325 for entrance.

NEWS OF INTEREST IN THE PANHANDLE

CONTINUED FROM PAGE 3

except one trunk which was carried from the burning building. Mr. Looney was away from home and a wire was sent to him of the loss. The origin of the fire is unknown. The building, we understand, was covered by small insurance, but we have not learned whether the contents were insured or not.—Free Press.

SHAMROCK

Kenneth Pope, of Anson, who is visiting his sister, Mrs. R. E. Smith, is the young man who received admission into the District Conference which was held here last spring. He preached Sunday morning and evening to an appreciative audience. It was a treat to his old friends to hear him in his youthful efforts. His earnestness and mastery of his texts was highly complimentary to one of so little experience, all of which indicates the splendid possibilities which are predicted for him if he remains true and loyal to his work.—Texan.

Clipped From the Southwest Plainsman

Maize will Make a Ton

Mr. J. F. Teaff was a pleasant caller at the Beacon office Tuesday afternoon. Mr. Teaff says he will begin heading his early maize next week, and that he will get from around a ton to the acre. This is his early maize. He lives a mile from town, west on the Plainview road and has a good stand of feed and cotton.—Lockney Beacon.

Record Price for a Good Hog

C. L. Sanderson, who is farming on S. B. Dinwiddie's farm southwest of Tulla, was in Tulla Thursday and sold a splendid hog to J. C. Cowan. Mr. Cowan said that this is the highest price that he has ever paid for a hog, and he believes that it is about the highest price ever paid on the Plains.—Tulla Herald.

Has Ten Grandsons in Service

Dr. J. C. Dial returned Monday from a visit to his mother at Rule. Dr. Dial says his mother is 84 years old and has 10 grandsons in the service of the United States.—Lockney Beacon.

Moving Cattle to Hale County

L. G. Wilson left this morning for his farms near Goree, in Knox County, for the purpose of moving one hundred head of cattle to a pasture west of Plainview. The cattle are about to starve down there as there is no grass and feed. The range in the western part of Hale county is good.—Plainview News.

Fatal Shooting in Jones County

Otto Smith, age about 28 years was shot and instantly killed about 4 o'clock Saturday afternoon at the Gooding place on the Tuxedo and Hanna school house road, about 7 miles northwest of Anson. Following the shooting Ray Anderson and his father, W. F. Anderson were arrested by Sheriff Register and City Marshal Tom Holland, and are held in the Jones County jail.—Anson Western Enterprise.

PANHANDLE

Frank Simms, S. W. Weatherly and J. I. Wynn bought 1800 steers last Saturday out of the Dixon Creek herd. J. M. Sanford put the deal through as Capt. Burnett's representative, the delivery will be made about September 5th.

This is a very fine string of steers and the deal represents a money value around \$150,000.00.

Sid Williams, manager of the Dixon Creek ranch brought in 341 cows and 228 calves last Saturday and shipped them to the Kansas City market.—Herald.

VERNON

Individuals must keep off the landing field selected for airplanes on E. Warren's property east of Vernon. Orders to this effect have been issued by the United States government.

The primary idea of the army officials in prohibiting people from coming on the field is to protect the airplanes. However, they are anxious to take as good care of a man's ground as possible, and indiscriminate tramping would soon ruin a field

"More Value" Groceries

You can buy Groceries anywhere, but—

You cannot buy Good Groceries Everywhere.

In this store our every energy is toward securing Groceries of "More Value."

We sell the purest flour, the sweetest hams and bacon, the freshest Vegetables; our Coffees must have the most fragrant aromas, and our Teas the finest flavors.

PRISONERS TO COMMUNICATE THROUGH RED CROSS

Mrs. Bell Edwards, aged sixty years, died at the home of Mr. and Mrs. Geo. Weltzheimer Tuesday about 5 p. m. The funeral took place Wednesday, interment being made in East View cemetery. Rev. Gaines B. Hall, pastor of the Presbyterian church, officiated. The deceased formerly lived in Vernon, her husband dying here about three years ago. She had no immediate relatives, except a son who lives in East Texas.—Record.

St. Louis, Aug. 20.—American soldiers about to enter the trenches have been ordered by their officers to send their first prison camp post cards to the American Red Cross in Berne, Switzerland, in the event of capture. By so doing they immediately begin receiving a twenty-pound package of food each week which the American Red Cross sends prisoners because of the scant rations allowed them by Germany. On receipt of the post card the machinery necessary to notify relatives of the fate of prisoners is put in operation.

ANNOUNCEMENT

Those who contemplate enrolling in music and expression with Miss Myrta May Houk, will please phone 325 for entrance.

NO TRAPPING

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above. J. W. Kent, Superintendent. tf

After September 1

I Will Sell For CASH Or Coupons ONLY

By the urgent appeals of the Government to cut down expenses. I will adopt the Cash and Carry System and will cut down the delivery and bad account expenses.

We all know that everyone that runs a Credit System gets some bad accounts and the people that pays their bills has to pay the bad accounts in the long run if we stay in business, therefore I will save these expenses and give it to the people that trade with me by giving them

Better Prices on Most Everything I Sell

If there ever was a time the people need to save, it is now. Don't take my word for it, but give me a trial and let me prove my statements. I am doing my own slaughtering now and I can save you money on your meats as well as other things too numerous to mention.

Cattle Exchange Market

Program For Teachers' Institute To Be Held in Clarendon Sept. 2-6

DAILY SCHEDULE

8:45-9:00—Opening Exercises.

3:10-3:50—Correlation of English With Other Subjects.—Alma Swift.
3:50-4:30—Proper use of Source Books, Maps, Atlases, Charts and Pictures in Teaching History.—Lucy Marsh.

Tuesday, September 3

9:40-10:20—Thorough Treatment of Fewer Topics, Chapters IV and V, Parker.—Prof. Gilbert.
10:35-11:15—Correlating Algebra, Geometry and Arithmetic.—W. R. Silvey.
2:20-3:00—Chapter VIII, Parker; Chapters IV and V, S. and N.—W. A. Lewis.
3:10-3:50—The teaching of Oral English.—Mary Ray Sligar.
3:50-4:30—Teaching Current History.—Jessie Cook.

Wednesday, September 4

9:40-10:20—Chapter IX, Parker; Chapters VII and VIII, S. and N.—W. A. Lewis.
10:35-11:15—What Modern Languages should be Taught in Texas high schools?—Ola Beaty.
2:20-3:00—When is a school well organized?—W. A. Lewis.
3:10-3:50—A Working Library for English Department, (a) For the Teacher, (b) For the School.—Florence Douglas.
3:50-4:30—Proper Use of Outlines and Reviews in Teaching History.—Lucy Marsh.

Thursday, September 5

9:40-10:20—Chapter 12, Parker.
10:35-11:15—Science Teaching and Note Book Work.—W. R. Silvey.
2:20-3:00—(a) How can we, as teachers, best serve the cause of education during the war?
(b) How can we help win the war?—Elizabeth Stevens.
3:10-3:50—Points to Stress in Teaching History.—Miss Jamie Smith.
3:50-4:30—Themes in English—Number Subjects, Length, Method of Marking and Grading.—Rosie Lee Moore.

Friday, September 6

9:40-10:20—Chapter 15, Parker; Chapter 10, S. and N.—Prof. Gilbert.
10:35-11:15—Managing of Debating and Library work.—Florence Douglas.
2:20-3:00—The Use of Books, Chapter 18, S. and N.—Mary Ray Sligar.
3:10-3:50—Topics to Be Emphasized in Algebra.—W. R. Silvey.
3:50-4:30—What Sciences Should Be Taught in the various Classes of County High Schools.—W. A. Lewis.

ELEMENTARY SCHOOL SECTION

Monday, September 2

9:40-10:20—Chapters 1 and 2 to page 30, Kendall and Mirick's How to Teach the Fundamentals.—Elizabeth Stevens.
10:35-11:15—How to Proceed With a Beginner.—Susie Patterson.
2:30-3:00—Chapter 2, page 30, English Teaching.—Bonnie Hutchins.
3:10-3:50—Danger of Too Rapid Advancement.—Pansy Lane.

3:50-4:30—Importance of Proper Lesson Assignment.—Myrtle Leverett.

Tuesday, September 3

9:40-10:20—Teaching English, Chapter 2, page 60-94, K. and M.—Clara Bates.
10:35-11:15—Merits and Demerits of the Departmental Plan of Teaching in the Grades.—Mrs. Daisy Kennedy.
2:30-3:00—English, Chapter 2, pages 94-122, K. and M.—Frankie Friendly.
3:10-3:50—Busy Work, Kind and Amount.—Minnie Ringold.
3:50-4:30—Purpose and Plan of the Recitation.—Francis Cook.

Wednesday, September 4

9:40-10:20—English, Chapter 2, pages 122-163, K. and M.—Modena Anthony.
10:35-11:15—Ten Good Stories and How They Should Be Told.—Wilma McLean.
2:20-3:00—Mathematics, Chapter 3, pages 163-195, K. and M.—Minnie Ferebee.
3:10-3:50—When and How to Use Maps, Globes and Charts.—Mary Bell Myers.
3:50-4:30—How May a Library Be Used to Best Advantage With Primary Pupils.—Bertha Killough.

Thursday, September 5

9:40-10:20—Mathematics, Chapter 3, pages 195-224, K. and M.—T. N. Holloway.
10:35-11:15—The School as a Center of Community Activity.—Neva Tyree.
2:20-3:00—Geography, Chapter 4, K. and M., pages 224-253.—Chloe Rector.
3:10-3:50—Games for Primary Grades.—Miss Patterson, Patricia Staton.
3:50-4:30—The Value and Use of the Monthly Examination.—Annie L. Richards.

Friday, September 6

9:40-10:20—History and Civics, Chapter 4, pages 253-287, K. and M.—Nell Johnson.
10:35-11:15—How to Secure School Exhibits and How to Use Them.—Ida Barnett.
2:20-3:00—Hygiene, Chapter 5, pages 289-315, K. and M.—Lila Clifford.
3:10-3:50—Supervised Play.—Elsie Webb.
3:50-4:10—How to Teach Morals and Manners.—Elizabeth Stevens.

Monday, September 2.—General Session

9:00-9:40—Organization of the Institute. Address.—J. H. O'Neill, County Superintendent.
11:15-12:00—Address.—Dr. G. S. Slover.
1:40-2:20—Address.—W. A. SoRelle.
9:00-9:40—The Public School as an Agency to Meet the Needs of the Community.—Ruth Thompson.
11:15-12:00—Address.—E. A. Peden.
1:40-2:20—Conduct of a Model Recitation in History.—Lucy Marsh.

Wednesday, September 4

9:00-9:40—Address.—Representative State Department of Education.
11:15-12:00—Address.—The Power of Small Things.—Dr. S. E. Burkhead.
1:40-2:20—Duties of the Teacher (a) to Himself, (b) to the School, (c) to the Officers of the School.—W. R. Silvey.

Thursday, September 5

9:00-9:40—(a) Physical and Sanitary Conditions of School Rooms, (b) How the Teacher May Improve Them.—J. H. O'Neill, County Superintendent.
11:15-12:00—Address.—Rev. J. W. Story.
1:40-2:20—The Importance of Public School Music.—Myrta Houk.

Friday, September 6

9:40—Cultivation of Initiative in Pupils.—Mary Fair.
11:15-12:00—The Teacher's Civic and Moral Obligation to the Community.—Mrs. Burton.
1:40-2:20—What Information Should the Teacher Have Relative to the District Before Opening School, and How Is He to Get It?

The professional books to be used in County Institutes for the year 1918-19 are "How to Teach the Fundamental Subjects" by Kendall and Mirick, to be used in the Elementary Section. Those to be used in the High School Section are "Methods of Teaching in High Schools" by Parker, and "How to Teach" by Strayer and Norsworthy. These books may be purchased at Stocking's Store, or from the Southern School Book Depository. It is the duty of every teacher in Donley County to purchase the text adopted to his school work, to use in the county institute.

J. H. O'NEALL,
Ex-Officio County Supt. Schools.

LOCAL RED CROSS NEWS

The American Red Cross is calling for 25,000 student nurses to enroll by January 1st to take the places of the graduate nurses who enroll for military service. Young girls between the ages of 19 and 35 are urged to answer this call and to enter the hospital training schools or the army schools of nursing.

Nursing service is the essence of the Red Cross spirit. Without the trained nurses the Red Cross must fail and all of our efforts will have been in vain. Shall we leave our men to die for lack of nursing when there are so many of us who could help? Or shall we save lives and shorten the casualty lists and help win the war?

Young women enroll! Take your part in this tremendous strife. Enter training to become a nurse or go as an aid to help. Answer your call to arms!

The nursing service committee met on the 17th and made arrangements to carry

on the Nurses' Enrollment Campaign.

The Executive Committee of the Donley County Chapter met in regular session, August 13th in the Red Cross rooms with nine members present. The reports were very good as usual and much business was transacted.

Mrs. T. E. Bugbee has been appointed Captain of the motor corps service. She will appoint her lieutenant and select her twelve privates in consultation with the chapter chairman at an early date.

The chapter school committee is preparing the program for the Juniors, who are asked now to organize at once and rejoin at the beginning of the school year.

Another Auxiliary of this chapter has been organized at Bray with 19 charter members. Mrs. Ruth L. Duncan is chairman, Mrs. J. L. Allison, treasurer and Miss Emma Kyser, secretary.

It is gratifying indeed to have the county awaking to a sense of its duty in this way and com-

ing forward and taking its part in this noble work as well as helping financially.

It is earnestly hoped that other communities will soon follow the examples of McKnight and Bray and organize for work.

Mr. W. T. Hayter has been appointed chairman of the Salvage Department in place of Mr. J. T. Patman who resigned. Mr. Hayter will be absent for a few weeks, but will develop the work immediately upon his return.

The committee on nursing service met last Saturday afternoon and plans were formulated for renewed efforts towards enrolling all registered nurses in the county in some form of Red Cross service, either as Home Defense Nurses, Public Health Nurses or Nurses for Foreign Service.

Classes in Elementary Hygiene, Dietetics and First-Aid will be formed from time to time during the coming months and those wishing to render true service to their country,

can find no more valuable way of doing so than by registering early and taking as many of these courses as possible.

Knowledge of nursing is of vital importance during these critical times and at least one member of each family should avail herself the exceptional opportunities now offered by the Red Cross along these lines. Fees for all courses will be kept as low as possible, and in some cases, expenses may be paid with committee funds.

The influence of parents and of the community at large is urgently needed to impress upon women the necessity of entering hospital training schools or volunteering as Nurses' Aids.

No nobler service could be undertaken by the girls of today. It is their privilege to be allowed to give of their time and strength and is the least that they could do in return for the sacrifices made for them. Information along all lines above mentioned will be gladly furnished at any time by the Committee

ROY KENDALL, PROP.

A TWICE-TOLD TALE

One of Interest To Our Readers

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Clarendon man is confirmed after four years.

I. W. Carhart, Third and Jefferson streets, Clarendon, says: "I have used Doan's Kidney Pills and have always found them fine for lameness across my loins and kidney trouble. I heartily recommend Doan's Kidney Pills, procured at McKillop's Drug Store, for uric acid in the system, rheumatic and bladder trouble."

Over Four Years Later, Mr. Carhart said: "I haven't had to use Doan's Kidney Pills since I endorsed them before. I think just as highly of them now as ever."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carhart had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

in charge, chairman, Lila E. McClelland.

The allotment of the garment work of the chapter has arrived and as soon as possible the Branch and Auxiliaries will receive their share of the work.

The yarn has not arrived, but as soon as it does knitters will be informed.

Attention surgical dressings workers! The work rooms are again opened for work by order of Division Headquarters, on Tuesdays and Thursdays from four to seven p. m.

The change in the hours is made on account of the heat.

Chairman of Women's Work.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

Century-Plainfield Tires

In buying tires, exercises the same good judgement you would in other affairs.

There are two very distinct ways that a manufacturer can build tires. One way is to put in plenty of good strong fabric, combined with the best rubber, which after 6,000 to 12,000 miles will wear out. This plan is known as **MADE UNDER THE WEAR OUT SYSTEM**. The other plan is to use material not so good and put in less fabric and rubber, which will cause the tire to blow-out in stead of wear out. This is known as Made Under The Blow Out System.

Century-Plainfield

6,000 Miles

Extra Size—Hand Made

"Tires Made Under the Blow-out System"

This plan is adopted quite general and with fairly good success, as the party using a tire when it blows out naturally thinks that it has hit some obstacle and takes the blame upon himself. This plan also covers a multitude of sins in the "Tire Field," as the tire is blown out and out of service on account of being too thin and weak in general, long before you have had a chance to find out how the Beads, Tread and other vital parts of the tire would really perform, had you been able to give them sufficient mileage to bring out the unseen defects or weaknesses. In general the skeleton of the tire is not strong enough to serve its purpose, and being absolutely contrary to the laws of nature.

"Tires Made Under the Wear-out System"

This plan is quite different as the tire is built for service and durability. The construction of such tires is heavy and strong not sparing the good fabric and tough rubber in any way. No doubt you have seen or had tires yourself that after they had run 5,000 to 1-2,000 miles, looked as they were worn out, tread peeled off in spots, fabric exposed in some places, and still you are able to run this tire 2,000 to 3,000 miles in addition or have it retreaded with good success. Century-Plainfield tires are made under the Wear Out System, of high grade material and workmanship, the common performance being from 6,000 to 12,000 miles of service and are fast becoming very popular among experienced automobile dealers and owners who have had more or less trouble with weaker and cheaper tires that are made under the "Blow Out System," blowing out after being run only a short distance.

REPORT OF DIRECTOR OF WOMAN'S WORK FOR MONTH OF JULY

To the Chairman and Executive Committee, Donley County Chapter, American Red Cross: Ladies and Gentlemen:

I beg to submit the following report for July 1918:

Purchasing Committee has contracted bills during the month totaling \$214.82, which are inclosed with report.

Surgical Dressings reports as follows: Chapter work, 4,370 gauze dressings. Chapter work, 363 muslin dressings. Total 4,733 dressings. Lelia Lake, 556 gauze dressings, 85 muslin dressings. Giles, 1,300 gauze dressings, 137 muslin dressings. Total dressings for Donley County Chapter, 6,821.

Report of Garment Committee: Garments listed, 85. Garments returned, 145. Refugee Garments, 145. Garments inspection Committee report 261 finished garments, brought in, and 24 garments cut during the month of July.

Knitting Committee reports no yarn received, but two shipments of finished garments were made; those shipments included: 135 pairs socks, 52 sweaters, 7 scarfs, 2 wristlets, 2 helmets.

Packing Committee reports having shipped 10 boxes: 8 boxes surgical dressings and 2 boxes knitted articles.

Respectfully Submitted,
Mrs. Tom Kennedy
Director of Woman's Work.

PROF. MORRIS SAYS TANLAC IS SUPERIOR TO HEALTH RESORTS

"It's The Best Medicine I Ever Tried" He Says—Gains 24 Pounds and His Troubles are Gone.

Among the hundreds of thousands of statements made by prominent men and women who have been benefited by Tanlac, none is of more interest than the following letter received from S. R. Luton, of Bumpus Mills, Tennessee:
Tanlac Office, Atlanta, Ga., Gentlemen:—

You will find enclosed a testimonial from Prof. Elmer Morris, a public school teacher, well known throughout this section, residing at Southside, Tenn., R. F. D. No. 1. Prof. Morris, who is a customer of mine, declares he has gained twenty-four pounds on three bottles of Tanlac, and here is what he says:
"I have suffered terribly from stomach trouble for nearly a year. I went to a health resort and tried other means, but I could get no relief. I only weighed one hundred and seventy when I began taking Tanlac, and since I finished my third bottle, I have not only gained twenty-four pounds, but my troubles are gone. Tanlac is certainly the best medicine I have ever tried."

Yours Very truly,

Elmer E. Morris.

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

CARD OF THANKS

We cannot allow the opportunity to pass without giving expression to our heart-felt thanks for the many acts of friendship and kindness rendered us by our neighbors and friends. To those who thought to lay flowers on the casket of our dear departed husband and father, we wish to return especial thanks. May a kind providence reward you.
Mrs. J. E. Lyon and Children.

CARD OF THANKS

We wish to express to our friends our deep appreciation for their many acts of kindness and sympathy during our recent bereavement in the loss of our husband and father. Your words of sympathy and acts of kindness will linger long in our memory and cheer us in our after life.
Very Sincerely,
Mrs. J. D. Stocking and family.

BIDS WANTED

The Trustees of the Lelia Lake Independent School District, will receive bids for the deposits of its funds for year beginning September 1st, 1918, and ending August the 31st 1919. Bids will be opened Monday, September 9th, 1918. Mail bid to C. H. Ellis, Secretary of the board at Lelia Lake, Texas.

Keep Your Liberty Bonds

HOLD to that bond. You invested to help send the boys across. They are over now, at grips with the German monster. You expect them to hold on—hold on till the last vestige of autocracy is crushed out of him. Then you, too, must hold on—must keep your enlisted dollars invested on the fighting line.

It isn't the hooray of a campaign that wins a war. It's the will to hang on, to make sacrifice today, that tomorrow may bring victory.

And your investment. Those bonds are the safest investment you ever made. Don't be lured into exchanging them for the "securities" of some suave get-rich-quick operator. Big returns may be promised, but the bigger the promised returns the bigger the risk.

If you have to have money, take your bond to any bank and use it as collateral for a loan. There is no security the banker would rather have—nothing on which he will lend more willingly.

Don't use bonds to buy merchandise. The average merchant, accepting your bonds in trade, sells them immediately, thus tending to lower their market price and taking away from the buyer of your bonds the ability to lend a corresponding amount of money to his Government. Liberty Bonds are meant to help your country at War; are meant for investment and to provide an incentive for saving and a provision for a rainy day.

Hold fast to your Liberty Bonds. Hold fast for the sake of the boys "Over There." Hold fast because it is good business.
