## GOVERNMENT MAKES SECOND LOAN CALL

The total yearly income of all the people in this Country is estimated at four billion dollars.

During the first year of the war we must find eighteen and one-half billion dollars, or about forty-seven dollars for every hundred dollars that we earn.

These figures are astounding, but we can "get by," and if you will read on you will see how we are going to do it.

There are two ways in which the Government will raise this money—by taxation and by borrowing money from you.

The more the Government will allow you to loan to it the less it will have to tax you right now. Therefore, ease your taxation by buying a LIBERTY BOND.

Arguments about facts which have been mentioned is useless. We are in the war; we MUST win, and to do it the money MUST be found.

This is how we are going to find the money—By Economizing and Saving.

Duty demands it; common sense advises it, and the Government calls upon you to do it.

Waste and Extravagance must go, and the money so saved loaned to the Government or given up to them in taxes to carry on the war.

Give up the money you waste on the "unnecessaries" of life, and buy a Liberty Bond with it. You will be putting by for a rainy day and serving your Country at the same time.

Many people in the Eleventh Federal District have money that they do not need until Spring. They should loan it to the Government at good interest. It is good business and good Americanism.

You do not part with your money when you buy a Liberty Bond. The bond is as good as money; it is yours to borrow on; to sell, or do as you like with. It pays good interest too.

Taxes never come back; they pay no interest; they are a dead expense.

Again we say, ease out of your taxation by buying a Liberty Bond.

Do not be scared at having to find all this money. Billions of it will be paid back to the farmers and workmen of this Country. Billions will be loaned to our Allies at interest and will form a huge National Bank account, which we can draw upon later. This Country is in a position of a man who has to deny himself in order to keep his business going, but who will make a fortune if he has sense enough to put up the money when it is needed.

The patriotic appeal of the Loan is so clear that it does not need to be hammered at.

Our boys are giving their lives; our friends and allies their money and their lives; the whole civilized world is fighting that Right and not Might, shall rule, that the world shall be made a safe place for honest men, women, and children, to live in.

To keep insisting that you, as an American should support such a cause is quite unnecessary. The answer to the call of the Liberty Loan is to be found in your common sense and in your heart.

Think over very seriously and very carefully these few serious, interesting, and simple told facts about our Country, the war, and the Liberty Loan. Then do your duty to yourself and to your Country—Buy A Liberty Bond.

## Lend Your Money to UNCLE SAM Until Next Spring

An organization was effected along the lines of the men's organization including the various towns and communities of the County. ## LIBERTY LOAN MASS MEETING.

Saturday morning at ten o'clock at the Pastime Theatre, there was a mass meeting for the purpose of getting the citizens interested in the second Liberty Loan call which has recently been issued.

Splendid talks were made by Judge J. H. O'Neal, W. H. Patrick, G. W. Medley and Mrs. J. B. McClelland who were very enthusiastic about this great work.

An executive committee for Donley County was elected which is composed of W. H. Patrick, Fred Chamberlain, Homer Glascoe and two bankers of Hedley. These people will do their best that Donley County furnishes her quota for the second call as she did in the first.

Mrs. Arthur Sims returned Monday from Colorado Springs, where she has been since July, for the benefit of her health. She went on to Fort Worth to join her husband.

Bennett Kerbow has purchased the residence property of Chas. Moore this week.

## GOLDSTON.

Everybody is feeling fine. Crops being harvested and the late feed is maturing fine, and if the frost stays off two or three weeks longer, everything will mature.

Mrs. W. H. Smith came home last Sunday. She has been in Jones County for the past month. Mr. and Mrs. W. D. Cooper came back with her. They came back in a car. Uncle Bill says, he sure was glad to see Sallie come home.

The sale at Mr. King's last week was good, but they sure had a bad day for it.

D. A. Castleberry and Ed. Hodes, have been up in Hutchens County prospecting.

Mr. Baker that owned the Lillie place has sold it. A Mr. Pearce of Turkey bought it. It looks like everybody is going to sell out. We sure will have a new community in another year.

Miss Ethel King visited with Miss Zada Earrol of Goodnight, Friday and Saturday.

Rev. J. Y. Philley came through our community Friday. He is going to hold a meeting at Allenreed.

Bro. Reavis preached for us Sunday and will preach again next Sunday. That will be his last time with us this year, unless he is sent back, and we sure do want him back another year. Our people ought to make our assessment and come out in the clear. We must do it.

There were quite a bunch of our people went out to Mr. Pat Longton this week to help him gather his bean crop. He is giving one-half to get it gathered. Mighty good way to have beans to eat this winter.

Nealy Veasy, wife and baby spent the day with Oscar Smith and family Sunday.

Well as news is scarce, I will ring off.

Blue Jay.

## METHODIST REVIVAL.

The revival at the Methodist church began last Sunday with Rev. Neal of Amarillo, evangelist, conducting the services. Good attendance is being had at both morning and evening services and Rev. Neal is doing some strong preaching of the practical sort. The backslider and satisfied church member are receiving special attention at every service, much to their discomfort. As soon as the church is worked over, then a great meeting will follow. Bro. Neal nor any other preacher can do much until this is accomplished. Just plain hard facts.

## PICNIC SUPPER.

Tuesday evening a jolly party decided they could not let these beautiful nights pass without having at least another picnic supper at the river, so at an early hour several cars were seen making their way to the lovely spot where lunch was to be spread. Those composing the party were Mr. and Mrs. Will McDonald, Misses Helen Bugbee, Katherine Collinson, Lila McClelland, Mae Lumpkin, Elizabeth Dyer; Messrs. John Sherman Bugbee, Allan Jeffries, Geo. Grogan, Wilfred Collinson, and Dr. T. H. Ellis. A most delightful time is reported.

## INTERESTING DETAILS ON CAMP BOWIE LIFE

The writer of this article having attended the Presiding Elder's meeting in Dallas found himself with half a day's time on hand before he could catch a train out of Ft. Worth home. So without delay he decided that Camp Bowie had more attractions for him than any other spot in Ft. Worth at that time. Taking a car at the corner 7th and Main I sped quickly out to Arlington Heights. The sight which spread out before me there was truly wonderful. Can you imagine a city with a population of 20,000 with scores of large substantial buildings, laid off with perfect order, with up-to-date water supply, with sewerage and well high perfect sanitation, and yet not six months old? This in a sentence is what you see at Camp Bowie. Of course there are a few things a little different from what you see in an ordinary town. For instance, the residence portion is made up of tents of uniform size and in a perfectly regular order of arrangement. Another thing which impressed me was the overwhelming preponderance of the male population. In fact I never saw so many men and so few women living in the same place in my life.

The camp was almost deserted when I arrived, but on the drill grounds one of the busiest scenes I ever witnessed greeted my eyes. Men were being drilled in almost every thing you could think of pertaining to warfare. By inquiry, I soon found myself at the Headquarters of Co. B. of the Seventh Texas Infantry. There Paul Messer, who chanced to be on duty at the time, took me in charge and showed me over the grounds and explained many things of interest to me. While we were looking, there came a long stream of men pouring over the ridge in the most perfect order, and with almost a swing of "regulars;" and with pride he said: "That second bunch is ours." What a wonderful improvement has been made in their looks and movement since they left Clarendon only a few weeks ago! Very soon the tents which had been relaxed from their pegs to allow the ground to sun were quickly stretched and supper announced. In perfect order the boys marched, each with his "mess kit" to the dining hall. Very soon there was as busy a bunch of boys as you ever looked on in your life. Their attack was irresistible, and provisions melted away like snow on sunkissed hills. While the boys were making this bloodless onslaught on the provisions, Captain Simpson was busy showing me many other things of interest about the boys and their work. Among many other things of interest I secured the following itemized list of the provisions consumed for that particular day. I looked over many others and this is a fair sample of what they get to eat. I was struck with the great variety of things provided. But here is the list:

There are some thin-skinned folks who say they wouldn't be for woman suffrage except that they are needed to vote out the saloons, and promote good government. We have always contended that this sort of reasoning was not founded on facts. In Los Angeles, Cal., where women vote, a mayor was elected over clean men, when he, at the time of his campaign, was under indictment for the ruining of his stenographer. The election in Dallas shows the fallacy of the need of women's votes. Men will vote the saloons out and woman's influence is more powerful in the home than it could ever be at the polls.

### GOLDSTON CANNING CLUB.

Last Friday, Sept. 28, was our regular meeting day. We had no meeting on that day as Mrs. Hightower, our good president and Mrs. Anderson one of our best members entertained the Club at Mrs. Hightower's home, Thursday afternoon, Sept. 27th. Some 65 people being present. First Mrs. Guillot gave a demonstration on canning corn, which was very instructive. Then all were called to the front yard, where a spelling contest was engaged in, which was very amusing to all. The children's contest was very exciting, seeing who would be first to bite their apple from the string. A nice box of candy was awarded to the winner in each contest. After all this all were called to the back yard, under the beautiful shade trees, where delicious ice cream and cake were served. The Club certainly appreciates the kindness of these ladies. At a late hour all departed for their homes declaring Mrs. Hightower and Mrs. Anderson fine entertainers. It was a treat to take a peep into Mrs. Hightower's cellar, where she has 400 quarts of canned fruit and vegetables. Reporter.

The Ladies Guild of the Episcopal church met in regular session Sept. 26 at the home of Mrs. Grueben. Numerous business matters were disposed of after the lesson. A salad course was served during the social hour. After which the meeting was adjourned to meet the following week with Mrs. Whitfield Carhart.

STATE FAIR OF TEXAS THE FAIR WITHOUT AN EQUAL DALLAS OCT. 13-28, 1917

The present term of the Public Schools closed its first month Friday. So far the term has been very satisfactory to the faculty. The organization of classes was easily arranged as many of the teachers were already familiar with the organization of last year. All of the classes contained new pupils, while some who were prominent in class work last year have located in other parts of the state.

If an auspicious opening forecasts a satisfactory completion of the school term as some people have said, the present term should be a splendid success. A full corps of high school teachers to begin with, removed most of the difficulties that confronted the opening months of last term. But however efficient the teachers may prove to be, it will require the earnest, sympathetic, co-operation of the patrons of the school if great things are to be accomplished during the coming year.

The present movement by the teachers from the high school to supply the building with some very necessary equipment, should meet a hearty response from the patronage of the school. A school plant, however comfortable and attractive needs many other things, as libraries, a musical instrument and song books, to give it the touch of home life.

Some splendid chapel talks have been made during the past month. The pastors, J. W. Storey and G. E. Burton both favored the high school with interesting talks last week. Chapel is held on Tuesdays and Thursdays at 10:45. Patrons and others interested in the progress of the school are cordially invited to attend the school at these hours.

Miss Lila McClelland gave the girls of the high school full explanation of the Red Cross work, and an invitation to join in the movement, in a chapel talk recently.

Mr. J. C. Patterson, representing the agricultural department of the state spoke to the pupils of the 6th and 7th grades, recently, and featured the work they were studying in school.

Our high school foot ball team has not won many victories yet, but we are proud of them just the same. Of the three games played, they won one, tied one and lost one. Prof. Lane has scheduled a series of interesting games for his team. Although many of the boys are playing for the first year, the squad as a whole, has some good material in it when it is developed.

The teachers and pupils of the New building are much pleased with improvement of the street leading up to the building by the city fathers. Now if only a cement sidewalk and a foot bridge could be built on the other main street, a much felt want would be met.

The enrollment of pupils in the department of music and expression has been unusually large this year. In fact, Miss Hank the teacher, says her work gives full employment to all of her time.

The usual monthly reports sent out to parents by the teachers were delayed one week this month, as the pass books themselves were delayed from the publishers. We hope parents will study these each month as they are sent out; this will keep parents informed as to the progress their children are making in their studies.

Some splendid furniture has been installed in the laboratory lately, and some other has been ordered, together with some additional apparatus. An effort is being made to so strengthen the laboratory equipment that additional credit in science may be obtained for the high school.

If the school system of a country is to be judged by the conduct of its citizenship in times of war, then the great public school system of this country is to be commended. With the traditional courage of their ancestors, the boys who filled the public schools of a few years ago, are now filling the training camps of the country preparing to defend its honor. It should be borne in mind that the public schools are training "all the children of all the people" to love, honor and defend their country, if need be with their lives, and judging from passing events, right well is the work being done.

G. R. Grimes of the Goldston community was in town Tuesday with his father C. R. Grimes, and sister and brother, Mrs. Park Stedham, and F. S. Grimes, who left for Parksburg, Texas after an extended visit at his home.

Mrs. Dave Mendenhall of Hedley died at her home Friday and was buried Sunday. She is survived by her husband and two children, also her mother and father, Mr. C. B. Battle and wife and brother, Marvin, who live at Hedley. Mr. and Mrs. O. B. Stanley from Clarendon attended the funeral.

## WHO DARES DEFEND GERMANY NOW?

America mourns her first dead in the great war. Four Americans have been killed and ten wounded in German air raids upon DEFENSELESS AMERICAN HOSPITALS in France. With characteristic ruthlessness Germany has begun her part in the war with America by committing murder. She begins deliberately by putting us on notice that we have for a foe a wild beast run mad. Not in the trenches, not in battle facing us with equal bravery and determination, but like a midnight assassin she has crept upon our sick and those we have sent to France to care for the sick and wounded—the German wounded as well as our own and those of our allies—and sent four of our men to death without warning.

By some strange destiny it was decreed that one of the four should be a German-American. As if to emphasize the fact that all Americans of whatever blood are now face to face with this enemy of mankind, the message of horror finds its way into the home of a father who was born in Germany. That father cursed the land of his birth when he heard the horrible tidings. Had the boy died in battle he should have felt only that the lad had given his life for the new land of liberty for which he forsook the Fatherland. But now there is added to this feeling the consciousness that the land of his birth deliberately murdered his boy. It is no wonder that the boy's mother cried out with him in anguish: "Father, father, I never would tell anyone I was born in Germany!"

Is any greater lesson to this nation needed than this despicable crime? Is there an American who does not draw the dual message from it that war with such a foe must go on until that foe is crushed, and that at home no manner of sympathy with Germany must be tolerated? A certain so-called pacifist said in a public address recently that half of what is said about German ruthlessness in Belgium and Northern France is piffle. Can we longer tolerate such utterances in the face of such a demonstration of the beastly frightfulness of this common foe of humanity? About a week ago the New York Staats-Zeitung sneered at the declaration of former Ambassador Gerard that the mothers of the first American soldiers killed in France would feel inclined to burn down the plants of the disloyal news-

papers in the country. Will the Staats-Zeitung sneer now? Will it and its kind be permitted to sneer any longer.

America mourns its first dead, and the heart of every true American goes out in sympathy and fellow feeling to the mothers, fathers and loved ones of those young men. But more than this, every true American is filled with indignation at the spectacle of this crime. THESE YOUNG MEN ARE OUR DEAD. Those who are responsible for their death stand convicted of committing a crime against us, all of us, and each of us. Henceforth let it not be said that we shall countenance the utterance of one word of extenuation or defense by anyone in this country, no matter under what cloak he seeks to hide his treason and treachery. Henceforth let it not be said that we shall permit any newspaper, whether printed in the German language or any other language, to apologize for this international criminal. THE BLOOD OF THESE DEFENSELESS ONES, FELLOW CITIZENS OF OURS, BE UPON THE HANDS OF THE MURDERERS AND OF THE GOVERNMENT THEY SERVE.—Fort Worth Star-Telegram.

## WORKING PLAN FOR SECOND LIBERTY LOAN CAMPAIGN

The county or district organizer will kindly advise the Liberty Loan department of the Federal Reserve Bank on the name and address of the county or district sales manager.

The county or district committee will distribute to the sub-committees literature, posters, etc. sent from the Federal Reserve Bank at Dallas. A most earnest request is made that all literature be distributed promptly.

Wherever chambers of commerce or commercial associations are in existence they will be approached and asked to co-operate to the fullest degree with the county or district organizers and committees. During the last campaign the services of the business associations proved to be of the greatest possible value. It is the hope of the Government and its agents that the business men referred to will excel even their last splendid record in personal solicitation for the sale of bonds.

Ways and means will be devised at the chief and sub-committee meetings to further the sale of bonds, and it is the desire of the Federal Bank officials that every committee use the widest discretion in adopting policies and means. They ask, however, that the general plan of campaign outlined in this communication be used as a working basis. The plans outlined were successful last time and will be still more successful this time.

### FIRST NUMBER ON LYCEUM PLEASING ENTERTAINMENT

Friday evening, September twenty-eighth, Miss DeVault, the charming reader, opened our lyceum course for this school year. She is a reader of wide reputation, having engagements with bureaus all over the U. S.

Upon request she gave as her principal number "Peg 'O My Heart." Every character was so distinctively drawn, and every situation was so vividly conceived that the audience lived with her from first to last. While the rough exterior of Peg was cleverly shown yet you felt beneath that the real elements that make for happiness and genuineness—so vividly contrasted with the Chechster family. Peg's bright sparkling Irish wit kept the audience in a roar of laughter.

Miss DeVault's shorter numbers were heartily received and the negro dialect numbers should receive special mention. One mark of greatness in a reader is to be able to make the audience lose sight of her and see the character instead. Especially in the negro dialect pieces was this true. Many of the audience carried away pictures that will never be erased from their memory.

From a technical standpoint she was wonderful. The co-ordination of mind, voice, and body could scarcely be excelled. She is an example of what training coupled with ability can do for one.

A well filled house greeted her and when she comes again no doubt a larger audience will be present. Since the opening number was so successful it is to be hoped that all the other numbers will be well attended.

### Texas Folks

It's pretty hard to be homesick,  
And I sure have had my share.  
But now I am feeling better,  
And I am glad I am here.

This spring I left Virginia,  
The dear "Old Dominion State,"  
Left friends and kindred and loved  
ones,  
And came to seek my fate.

At first all was dark and lonely,  
All were strangers to me.  
I longed to be back in Virginia,  
Where all was happy and free.

I missed my own dear mountains,  
As over these Plains I roamed;  
I missed my dear old home town,  
I missed the old folks at home.

But later I got acquainted;  
The people were simply fine,  
All were so nice and friendly,  
I forgot to be "blue" for a time.

I found as I knew them better  
That they were ideal folks;  
They make me feel they like me,  
And I feel that it isn't a joke.

Virginia is my own home state,  
And I love her, never fear.  
But these Texas people beat her's,  
And I'm glad I'm here.  
—The Girl From Virginia.

Don't neglect your eyes. You'll  
never have another pair. If they  
are failing have Stanley test them  
and fit you with glasses.

Supper over, every dish is washed, every table is scrubbed, the floor is thoroughly cleaned, every fly is swatted and all waste either burned or moved from the grounds in closed cans and destroyed. Not even a cigarette stub or a match that has been used is allowed to be thrown on the ground around the tents. They must all be collected and burned.

After supper I mingled freely with the boys of the Camp and talked with many. Not one single complaint did I hear while I was there. Very many sent messages to the home folks and friends, and the substance of them all was: "Tell them we are all O. K. and doing fine."

After 6 o'clock 15 per cent of each Co. are allowed to go to town to remain so he can report at the Camp by 11 o'clock. This gives each one leave of absence once per week. Those going to town are lined up and inspected, and only after each individual is found to be faultless as to dress and personal appearance, and has shown himself to be able to repeat the orders of the day, is allowed to enjoy his coveted trip to town.

We boarded the car with the boys and sped swiftly towards Main street where we were emptied into that surging stream of humanity on pleasure bent, that nightly rolls up and down that busy street.

A. W. Hall.
