## Soil Conservation Aid For Donley In Voting Stage

Donley County Agent, Charles Reed stated that farmers and ranchers in this county have more than a million dollars invested in land, improvements, livestock and equipment. Every method must be used to hold present production, conserve soil and water, and build up the soil to protect this investment for present and future generations.

Land is an asset of the individual owner but is also an economic unit of the community, county, state and nation. Maintaining or improving soil and water conservation practices with proper land use management is recognized as national and state responsibility in cooperation with the individual landowners.

The Soil Conservation Service, Department of Agriculture, has trained Soil Conservation experts paid with federal funds to help individual landowners in Donley County to develop and carry out good soil and water conservation plans. This includes terraces, tanks, water systems, pasture re-seeding, pasture improvement, etc.

In addition to technical aid and assistance to individual landowners, there is a strong possibility that heavy equipment such as bulldozers, terracing machines, grass drills, etc., may be obtained from surplus military needs after the war.

Landowners of Donley County can have the benefit of Soil Conservation aid. The landowners must convince the State Board that there is a need of Soil Conservation work, and sufficient landowners are interested in carrying out soil and water conservation plans.

Approximately 100 Donley County landowners have petitioned State Board for hearing to prove our need and that landowners are interested.

Every landowner in Donley County is requested to attend public hearings, Saturday, June 30th.

Clarendon Junior College at 3 o'clock.

Hedley High School at 8:30

o'clock (night).  
Howard Goss, representing State Board, will be in charge of hearings, and to take testimonials from landlords to ascertain need of Soil Conservation aid.

### LT. ALTON MARTIN VISITS GRANDPARENTS HERE

First Lieutenant Horace Alton Martin is now visiting his grandparents, Mr. and Mrs. D. W. Clappitt. He was met here by his parents, Mr. and Mrs. W. N. Martin of Amarillo.

Lt. Martin, pilot of a Liberator bomber, was shot down over Austria on Feb. 7th, and taken prisoner. He was released on April 29 and has just returned to the States where he will have a 90-day leave and then report to Miami Beach, Florida.

Lt. Martin wears the Presidential Group Citation ribbon, air medal with two clusters, purple heart and European theater ribbon with two stars.

### SEAMAN MELVIN BAKER BACK ON VISIT

S 1/c Melvin Baker, age 20, is home on a 30-day leave, having arrived in Clarendon June 13th. He will report back to Oakland, Calif. July 18th. He has three stars representing the three invasions which he took part in. The invasions were Tinian, Saipan, and Okinawa. He has been overseas since April 9, 1944.

Seaman Baker is the son of Mr. and Mrs. Ray Todd of Lelia Lake. Melvin has been visiting his sister and family, Mr. and Mrs. J. B. Isaacs of Memphis, Texas, over the week end. He is now visiting his grandparents, Mr. and Mrs. Joe Baker of Turkey.

Mr. and Mrs. J. D. Wood and daughter Evelyn Jean visited Miss Della Wood Sunday.

Mr. and Mrs. Perry Wood and her sister of Amarillo visited Miss Della Wood and Mr. and Mrs. J. D. Wood Sunday.

## Don Tomlinson Arrives Home

Sgt. Don Tomlinson, son of Mrs. M. M. Tomlinson of Lelia Lake, arrived home Monday evening for the first time since he went into the armed service March 1, 1942.

Sgt. Tomlinson has been a German prisoner of war since March

SGT. DON TOMLINSON

31, 1943. He entered the service in March 1942; went overseas in June 1942 and was with an Armoured division of the 1st Army in Africa at the time he was reported missing. He has stated since arriving home that he was very lucky to be alive, for at the time he was captured, the Germans had orders to shoot all captured tank men, but through some type of luck, he and two other men were not shot. He was moved from Africa to Sicily, to Naples Italy and then on to the POW camp 30 miles from Berlin.

He remained at this camp until a few days before he was liberated by the Russians in April. When he was removed from the camp near Berlin, the Germans marched the group for 27 hours before resting, then marched them for approximately 14 hours each day for five more days. They received their first food during the march on the third day when each man received part of a loaf of bread and water.

Don doesn't seem to like to talk about the treatment over there but seems to center his thought and talk on how happy he is to be home again. He arrived in the States on June 12th and will have a 60 day furlough from that time at home. After that he will report to Hot Springs, Ark., where he will enter a rest camp.

Those that visited in the Fred Bandy home Sunday were Mr. and Mrs. Carrel Day of Friona; Mr. and Mrs. M. L. Rattan and children, Billie Ruth Kidd, Dorothy Alexander, Annesse Rattan, Bernese Rattan, Elzie Lewis Adams, Bobbie Ray Kidd, Buster Nance.

Mrs. Theil Drennan and daughters Robin and Judy from Anson and mother, Mrs. M. S. Swinburn of Ashtola visited her sister-in-law and family, Mr. and Mrs. Homer Estlack Thursday.

### FIRST LOAD OF WHEAT TO ARRIVE HERE GROWN BY LLOYD RISLEY

Major Hudson, manager of the Clarendon Grain Co., reported that the first load of wheat arrived here last Friday, June 15th. The wheat was grown by Lloyd Risley who lives about three miles west of town.

The grain tested 59 and averaged around 20 bushels to the acre. Mr. Hudson reported that large quantities of the grain is arriving at the elevator now and that their bins are filling up fast, and unless some rail cars arrive pretty soon the storage problem may become near the acute stage.

Mrs. C. A. Burton and Mrs. Elba Ballew attended the Camp and Hospital council of the Red Cross Thursday at Miami, Texas. Mrs. Ballew is president of this district and Mrs. Burton is a member.

Mrs. A. L. Chase returned home Friday night from Dallas where she had been with her husband, Mr. Chase, who had a very serious operation Tuesday of last week at the Gaston Hospital. He is doing very nicely at present.

Mr. and Mrs. Albert Graves of Borger visited his aunts, Mrs. J. T. Patman and Miss Mantie Graves over the week end.

## One-Third Quota Yet To Be Raised In War Bond Drive Here In Donley County

### Five Free Picture Shows Next Week

Howard Goss, State Representative of State Conservation Board has notified County Agent Chas. Reed, that public hearings and testimony will be obtained from Donley County landlords to ascertain interest and need of Soil Conservation aid in Donley County.

These public hearings will be held on Saturday, June 30th at the following places:

Clarendon Junior College at 3:00 o'clock.

Hedley High School at 8:30 o'clock (night).

Prior to hearing and to enable all interested parties to understand benefits of soil conservation program the county agent has announced the following community night meetings and free picture show at:

Ashtola—Monday, June 25th.

Chamberlain, Tuesday, June 26.

Lelia Lake—Wednesday, June 27th.

Hedley Lions Club—Thursday, June 28th.

Martin—Friday, June 29th.

In addition to explaining soil conservation benefits, several good soil conservation talking films have been obtained and will be shown at community night meetings. Everyone is invited.

The meetings will be held about dark.

Mr. and Mrs. Frank Bourland announce the arrival of a granddaughter born to Mr. and Mrs. James R. Ross June 19th. The little lady weighed 7 lbs., 6 oz., and has been given the name, Jamie Jean. Mrs. Ross is at the St. Anthony Hospital at Amarillo. Both mother and babe are doing nicely.

Mrs. C. W. Dishman from Memphis visited Mrs. McClure and Mrs. Kendall Sunday.

### PLAINVIEW ATTORNEY IS LIONS GOVERNOR

Charles H. Dean, Plainview attorney, was elected governor of Lions International district 2-T at the annual regional convention held Saturday and Sunday at Lubbock. Dean succeeds Lee Johnson of Wink. He will be installed at the Lions International convention in July.

Dean received 126 votes to more than double the total cast for his two opponents, R. L. Thompson of Hereford received 60 votes and Grady Wilson of Amarillo polled 39.

Among the distinctions accompanying Dean's governorship will be his privilege of presiding during his tenure over the council of Lions Governors of Texas. The presidency of the council is rotated among the seven governors and this year it is District 2-T's turn to be represented in the presidency.

Those attending the convention from here Sunday were Lions Lee Bell, R. E. Drennan, D. Lowry and Dr. K. S. Lowell.

### Stores To Close Part of Time July 3rd & 4th

Petitions were circulated yesterday among all business firms and it was agreed that all stores would close between the hour of 1:30 and 5:00 on both July 3rd and 4th.

This will give employees the opportunity to take in the Rodeo and Carnival. The reason for not closing all day was that there would be a large number of people here and they would need some place to rest throughout the day and not have to sit on the street. Some places of business plan to close for the entire day on the Fourth.

—On Pay Day, Buy Bonds—

Donley County seems to be behind the old eight ball as far as the Seventh War Bond Drive is concerned. There are only eight days yet to go and we still lack approximately one-third of the quota yet, and the critical part is that we still lack nearly 50% of the E Bond quota of \$145,000. According to the latest tabulation, an overall total of approximately \$235,000 has been purchased in all types of bonds.

It looks like Donley County will be in the red list unless most individuals over the county take time out and buy some bonds - preferably E Bonds.

Besides the entire county being in the red, all communities within the county are in the red. The only one promising to go over the top at this time is the Goldston community under the leadership of Cleo Woods. They are holding a rally out there this Friday night and Cleo states that they plan to go over their quota by a fair margin.

Bond buyers will have another opportunity to buy bonds tomorrow night and also enjoy some entertainment as Lee Bell is putting on a Bond Premiere show with the admission price being the purchase of a war bond.

The entire set up is down to a fine point where each individual should feel his own obligation in this drive and make it his own affair to see that his individual part is raised. If each individual would do this, it would be no problem to raise the remaining \$95,000 by Saturday week.

### GUESTS FOR FATHER'S DAY

Guests for Father's Day dinner in the W. M. McBrayer home Sunday were: Mr. and Mrs. A. L. McBrayer of Goldston, Mr. and Mrs. Elvin Phillips and family, and Mr. and Mrs. James Smith. Those who called in the afternoon were Mr. and Mrs. C. L. Mixon and daughters Dorothy and Mrs. J. C. McBrayer of Memphis and Mr. Mauldin, Mrs. J. C. McBrayer and son Gary remained for the week.

## Lions Club Carnival & Rodeo Celebration Plans Complete For July 3rd & 4th

Almost all plans except a few details have been completed for the Lions Club Rodeo and Carnival Celebration here July 2nd, 3rd, and 4th. The program will open with a dance on the night of July 2nd under the direction of R. E. Drennan, Mrs. Mildred Ritter and Mrs. Katherine Bugbee. A concession stand at the dance will be operated by members of O. D. Lowry's concession committee.

Afternoon and night rodeo performances will be held at Broncho Field on the 3rd of July. A parade will be held on the afternoon of July 4th and afternoon and night rodeo performances will be held that day. At 7 p. m. on the night of the 4th an old Fiddler's contest will be held on main street to entertain the people between rodeo performances.

George Trout's carnival committee will have bingo stands, doll racks, and all other necessary carnival stands operating on both the 3rd and 4th. Trout made a trip to Dallas recently to buy a large supply of premiums and supplies for the carnival.

All committees will be contacted this week, and a detailed program of the entire celebration will be carried in the next issue of the Leader.

All service men will be admitted free to the rodeo performances as a special feature through the courtesy of the Clarendon Lions Club.

Capt. and Mrs. Phifer I. Estlack from Perrin Field, Sherman, Texas, left Wednesday after a 2-days visit with his parents, Mr. and Mrs. J. C. Estlack and family and cousin, Mr. and Mrs. Nathan Cox and family.

Miss Ludeen McAdams of Groom is spending this week with her grandmother, Mrs. J. H. Clark.

### Box Supper And Rally at Goldston Friday Night

Cleo Woods has completed a very interesting program for the Box Supper and Bond Rally at the Goldston school house this Friday night. The main purpose for the get-together is to raise that community's quota in the 7th War Loan Drive. Cleo says there will be lots of good boxes of eats and other merchandise to bid on, and promises a bushel of fun for all those who plan to attend. He also added that "Everyone from anywhere and everywhere is invited to come out and take part."

If you have ever attended one of Cleo's affairs before, you won't want to miss this one. If you haven't, now is the time to take one in.

### BACK IN STATES

Mr. and Mrs. C. M. Peabody received word Sunday, June 17, that their son, S 1/c C. M. Peabody, Jr. was back in the States after 18 months of duty overseas in the South Pacific theater.

### SAVE YOUR WASTE PAPER

### Leader To Be Published Early On Week of July Fourth

Since Clarendon is going to have a celebration here on July 3rd and 4th and in view of the fact that these two days fall on Tuesday and Wednesday, the Leader will be published on Monday of that week instead of Thursday July 5th.

There are several reasons why we plan to publish early. First, we plan to publish our large Fourth of July edition on that date which will help acquaint everyone with the program that has been planned for both days.

Second, since it is sponsored by the Lions club, part of the force here will be serving on committees to help make the occasion more enjoyable for all visitors. Third, all business firms will be closed from 1:30 to 5 on each day which would otherwise cause much trouble in getting up regular ad copy. Thusly, by publishing on Monday July 2nd, we can be of more help to both business man and public.

It will be a much harder task for us to publish three days early and we are asking everyone that has either ad copy or news items, to turn them in by Saturday afternoon June 30th.

With your cooperation, we can get our job done and the paper out early and help make this celebration a greater success. All the proceeds of the Rodeo and Carnival go to the community center fund and we want it to grow as fast as it can.

### SGT. THEO V. NOBLE AWARDED SILVER STAR

Mrs. I. M. Noble of Clarendon received a mimeographed copy of the "Choo Choo Express", a small newspaper published by the 10th Armored Division, recently which contained an item concerning her son, Sgt. Theo V. Noble, as follows:

"A Silver Star Award to Sgt. Theo V. Noble, Service Battery, for gallantry in action at Blaufelden, Germany of 8 April 1945. When in column of supply vehicles was suddenly subjected to intense enemy fire, Sergeant Noble, ammunition non-commissioned officer, disregarded his own safety to personally direct the withdrawal of the column and render first aid to a number of wounded. His gallant achievement reflects great credit upon himself and the military forces of the United States. Sgt. Noble's home is in Clarendon, Texas."

Sgt. Noble was serving at the time with General Patton's Third Army.

Miss Lois McCrary and Mrs. J. H. Clark returned Thursday night, having spent three weeks in Houston and Galveston. Mrs. Clark's granddaughter, Ima Jeanne Clark, returned with them and will attend school here next year.

## Thieves Take Six Wheels And Tires Sunday Nite

For the first time in many months, several Clarendon residents experienced the handiwork of tire thieves Sunday night. The thugs or whatever they might be called, operated in the southwest part of town. They had all the necessary equipment for the job and did their work very quietly as some of the cars were in garages near bedrooms. They used 2x4 timber for props after the wheels had been removed and apparently had handy jacks to make the job faster.

The thieves took two wheels, tires and hub caps from the Bill Mooney car and pick-up; also a tool kit with several wrenches. The following lost one tire, wheel, and hub cap each: Frank Thomas, Miss Iva Davis, U. J. Boston and Simmons Powell.

Sheriff Guy Wright has asked that anyone having any information that would help in comprehending the thieves, to report such to him at once. They left very few clues for the officers to work on. Part of the props were sawed out of the same piece of timber. One was sawed from a painted 2x4.

Sheriff Wright also further extends his warning of several months past, to be sure your car is locked in a secure place if possible and to report any suspicious characters or cars seen any time during the late hours at night.

**Your Congressman Says . . .**

In my report last week I mentioned some of the horrors of the Nazi atrocity camps. Most of the inmates in these camps were political prisoners of various nationalities including anti-Nazi Germans. Apparently, when anyone disagreed with Hitler or opposed him or his policies in any fashion, he or she, and generally with their children, would suddenly disappear from the scene. The Gestapo seemed to work very well indeed in Germany. Every one in Germany was bound to have known of the existence of these atrocity camps because they discussed them furtively over the backyard fence or in secluded spots. Whether all German people approved of their existence seems to be the subject of debate, but certainly the entire nation is not free from blame in permitting or sanctioning the existence of a

government which would stoop to such barbaric depths.

The most notorious atrocity camps were at Buchenwald, Dachau, Belsen and Nordhausen. There were others, of course, but these were the worst.

Now as far as the treatment accorded our own American prisoners of war in the regular Nazi Prisoner of War Camps, there is an international standard which provides for fair and humane treatment. This standard is set up by the terms of the Geneva Convention which provides that all prisoners of war shall be treated in a fair and humane fashion. Both Germany and the United States signed this agreement—Japan did not.

I was about halfway in Germany before the Nazis collapsed and talked to as many American enlisted men and officers as I could find who had been liberated from Nazi prisoner of war camps. It is, of course, impossible to determine exactly how our men were treated in all camps and in all cases, but the following seemed to be the consensus of opinion among the American

boys with whom I talked:

They seemed to think that American and British prisoners were treated better by the Nazi guards than prisoners of other nationalities were treated, especially the Russians. There was ample evidence that the Russians and the Germans have a deep seated and most bitter hatred for one another. Consequently the Russian prisoners of war had a tougher time than the American and British. One officer told me a few instances where German civilians tried to kill some of the flyers who had been shot down over Germany, but he also said the Nazi Army tried to prevent such killings. I personally have no idea as yet of how many of our men were killed by the German civilians during the war. (The Army is at the present time investigating that angle.)

One boy with whom I talked had spent 19 months as a prisoner of the Nazis. He stated that the only food provided by the Nazis for several months was one loaf of bread daily to be divided among 7 men and a bowl of very weak potato soup.

All of our men agreed had it not been for the Red Cross packages which the Swiss Red Cross delivered to the Americans that our men would probably have died of starvation or at best would have been so weakened from malnutrition they would have died from disease. While in Germany, I also heard of the Nazi excuses for the shortage of food in the prisoner of war camps, namely, that food was short all over Germany. At the time I was there however, which was in April, I saw no evidence of extreme hunger or food shortage among the civilian population. It seems to me that had the Nazis been fully interested in complying with the Geneva Convention, at least some of the food apportioned to the civilian population could have and should have been diverted to the Allied prisoners of war.

I have been through both camps over here in America in which were confined Germans and Italians our forces had captured in Europe. There is no question in my mind but what

this nation fully complied with the Geneva Convention—in fact many people have the opinion we complied much too well. The Army followed this policy in the hope the enemy would treat our own American captives fully as well.

As pointed out the above opinions seemed to be rather general among the American men with whom I talked. I am informed that the Army is interviewing others and conducting a survey to determine as nearly as humanly possible exactly how all of our men were treated during German captivity, which information I hope will be available soon.

Needless to say, I've never seen a happier bunch of fellows in my life than our boys were when our forces rolled in and set them free. They know, far better than anyone else, the full meaning and blessings of freedom.

**RED CROSS**

**VOLUNTEER SERVICE**

**HOME SERVICE**

By Mrs. C. A. Burton

Again I want to impress the fact that in case of the need for an emergency furlough or for a furlough extension, the Red Cross must verify the need before the request is granted. Just a few days ago a man who was sorely needed by a sick wife was delayed more than a day because the family either didn't know or failed to remember this fact. The first I knew of the case was when a wire came from a far-away camp asking conditions. I try to see that my wire of verification goes with the families wire about the need.

Nothing just now interests us so much as news about the return of the prisoners of war. Often you find yourself choking up over some report: One released POW wrote his wife, "You'll never know what a kick it was when a Colonel and a few men came and told us we were free. I didn't think the colonel would appreciate an embrace so I kissed his jeep instead." Later in his letter he said, "Believe me, there is nothing so highly organized and so well organized as the good old

U. S. Army—that it can evacuate its recaptured personnel at the rate it is doing."

In 127 crossings Red Cross and neutral ships carried for A.R.C. 180,000 tons, including over 28,000,000 food packages.

A letter to the Bulletin from a soldier who has landed at San Francisco says, "It's wonderful to be home again, and I wish to express my sincere thanks to the American Red Cross for all you have done for myself and other Americans interned in the Philippines during these past three nightmarish years."

American officers and enlisted men who have been liberated from enemy prison camps will be assigned to guard camps for German prisoners. Officers will be given administrative duties, and enlisted men will perform office routine.

Educational assistance is now available to certain dependents of AAF personnel through the scholarship fund of the National Association of Air Forces Women. This association has established a student lending fund which advances money without interest or collateral to deserving students who are children of Army Air Forces military personnel. Priority is given to children of deceased prisoners of war.

**TIRE QUOTA CANNOT MEET CIVILIAN DEMAND**

Although the June Quota of passenger tires for civilian motorists is up to the 2,000,000 level, the tire situation is still critical and the allocation is insufficient for current essential needs, OPA announced. The new quota is an increase of 500,000 tires over the May allotment. A heavy backlog of pending applications, estimated at from 500,000 to 600,000 at the end of May, low inventories, and a seasonal increase in tire failures during the hot weather combine to make the new quota inadequate for the needs of all motorists now eligible for new tires, the agency said.

Next time we go to the theatre and one of those cute ushers asks us how far down we want to sit, we're going to up and tell her "All the way!"

**THE TEMPLE OF TRUTH**

By the Apostle

"I'm going to the feed store to pick out a new dress pattern," remarked Ina Fizzle today who had heard that a carload of feed had arrived.

The dog is probably friendly with everybody because he wags his tail instead of his tongue.

The war-time gasoline is bad, if one may arrive at a conclusion

from hearing the average consumer exploit his opinion. There is no fuel like an old fuel, as the old saying goes.

Just when G. I. Joe figures up enough points to get a discharge, he dons his civvies and begins studying how to string out his points so that he can live.

My grandchildren play store these days. It doesn't take much to make a store.

You are no longer a spring chicken if you ever attend a magic lantern show.

Worry kills more people than work because more people worry than work.

Nothing ruins the truth like stretching it.

It is no disgrace to be ignorant, but it IS to stay that way.

In closing to conform to the small space allotted this column, the old Apostle gratefully thanks all those who remembered him on Father's Day. Jewelry, Sox, ties, shirts and traveling bag and many 'hankies' in the list of

smaller items. It is great to be a proud father. It is still greater to be a grandfather to a fine bunch of youngsters. Mix up the whole mess together, it really makes life worth while. All the family got together except Gene's folks down Austin way. After the war, we hope to all get together. And may ALL your folks get together, too, and may you enjoy it as much as does the old Apostle. Thank you.

**LIBRARY NOTES**

By Mrs. C. A. Burton

The John Gunther "Inside" books — "Inside Europe," "Inside Asia," and "Inside Latin America," have become an authority on these countries. And now Mr. Gunther is writing "Inside the U. S. A." He is on a tour of the country, trying to visit each of the 48 states, gathering material. He said recently that he was afraid he would have to have a two volume "Inside Texas," and "Inside the Rest of the United States" because Texas was so big and so interesting.

Mr. Gunther is described as a big, energetic, blue-eyed man. He was born in Chicago in 1901—has spent his life as a newspaper correspondent, both in Europe and the Orient and later in visiting Central and South America. In addition to his "inside" books, we are told that he has recently written a novel of international intrigue—"The Troubled Midnight"—with Constantinople as its setting.

Lt. Col. Robert Hendiques, author of "No Arms, No Armour" which many have read from our shelves, became liaison officer between Gen. Patton and Marshall Montgomery and is now in the U. S. to help the War Bond Drive.

Booth Tarkington was recently awarded the William Dean Howells Medal, given by the American Academy of Arts and Letters. He was the first man ever to receive this medal, and the presentation was made by Walter Damrosch. The 83-year-old musician said, as he presented the medal to the 74-year-old author that the country expects many more works from young Tarkington.

MacKinlay Kantor who has just finished a long book in free verse entitled "Glory for Me," has again gone to England, this time as correspondent for Coronet and Esquire.

Edna Ferber says that "Great Son" will be her last book in historical fiction, that she has been absorbed in certain phases of the development of America, but that now she wants to live in today, and is through with history.

The fourth annual Thomas Jefferson Award offered for the best manuscript by a southern author has been given to Ben Lucian Burman for his novel, "Rooster

Crows for Day." The last one was for "Taps for Private Tussil."

The fifth award contest is now open to authors born in the South, or who have lived there for at least five years.

162 books were checked out of the library Saturday afternoon; an indication of how our people are appreciating and using the library.

Visiting their parents, Mr. and Mrs. R. C. Weatherly of Clarendon this week, are Mr. and Mrs. C. L. Smith of Glendale, Calif., Cap Weatherly and Miss Lee Arconti of Los Angeles, Calif., and Cpl. and Mrs. R. C. Weatherly, Jr. of New York, N. Y.

The most we have ever weighed was 185 pounds; the least, six pounds, nine ounces.

**"HOW'D THE UMP GET IN THE GAME?"**

**WHETHER** it's baseball or business, Americans expect fair play all the way.

In baseball, the umpire sees to it that the game is played according to the rules. But he is *not* a player.

In business, government should be the umpire who enforces fair rules.

But when government goes into business and competes with its own citizens, the American tradition of fair play is set aside. The umpire then becomes a player, and he enjoys advantages that are denied to all the other players.

For example, government and municipal power-plants are not required to pay federal taxes; often get money from the U. S. Treasury at little or no interest; make up losses out of the pockets of the taxpayers.

Maybe you run a store or service station or beauty shop. Would you like to have a next-door competitor who has little or no rent, or taxes, or interest to pay, and who is kept in business partly by your tax money?

Fortunately for America today, over 80% of the tremendous electric power in this country is produced by tax-paying, self-supporting electric light and power companies, owned and operated by several million folks like you.

These business-managed companies are a big reason why there is enough electricity to meet even the gigantic demands of war—and why, when most things cost more, electricity is still delivered at low pre-war prices.

## ARMSTRONG—ALLEN

Mr. and Mrs. W. B. Armstrong of this city have announced the marriage of their daughter June Lavoise to T/Sgt. Robert A. Allen, son of Mr. and Mrs. J. Edward Allen of Victoria, Texas. The couple was married Sunday afternoon at 3:00 o'clock in the home of the brides parents, Rev. H. W. Hanks, pastor of the Methodist Church performed the double ring ceremony.

The bride was attractively dressed in a frock of white crepe with which she wore accessories of white. Her corsage was an orchid.

Miss LaRue Shadle attended as maid of honor and was attired in a frock of blue sheer. Her corsage was of pink carnations.

Best man for the groom was Billy Ray Armstrong, brother of the bride.

Mrs. Allen is a graduate of Clarendon High School and Clarendon Junior College. At present she is employed by the Farmer's State Bank.

Sgt. Allen was reared in Victoria, Texas and was employed by the Victoria National Bank prior to his entering the service in 1942.

He served nine months overseas as a radio operator gunner in the Eighth Air Force. He is now in the First Troop Carrier Command stationed at Bergstrom Field, Austin, Texas.

The wedding was followed by an informal reception during

which the guests were served slices from the handsomely decorated wedding cake which was topped with a miniature bride and groom. Miss Shadle served the cake while Miss Hazel Bingham presided at the punch bowl. Relatives and close friends of the couple who attended the wedding remained for the reception.

Sgt. and Mrs. Allen left shortly for a two weeks wedding trip.

## HARMONY CLASS

The Harmony Class met with Mrs. Cap Morris Thursday afternoon with the assistance of Mrs. A. B. Turner. The meeting opened with the president, Mrs. D. Lowry, presiding in a short business session. Mrs. L. N. Cox gave the devotional. The remainder of the afternoon was spent in playing forty-two.

Lovely refreshments were served to eleven members and three guests. Those who enjoyed the occasion were the members: Mesdames Homer Bones, B. G. Watson, O. D. Lowry, L. N. Cox, O. C. Watson, Walter Hutchins, Bill Ray, Frank Phelan, M. R. Allensworth, and the hostesses Cap Morris and A. B. Turner, and the guests: Miss Maurice Berry, Mrs. Ralph Porter, and the daughter of Mrs. Cap Morris, Mrs. Horace Green.

## 1930 NEEDLE CLUB HAS PICNIC

The Needle Club entertained their husbands and families with a picnic at the City Park Tuesday evening. A regular picnic supper was served at 8 p. m. Those present were Mr. and Mrs. Vada Carpenter, Mr. and Mrs. Pud Bain and son, Mr. and Mrs. Bill Larimer, Mr. and Mrs. Guy Wright and children, Mrs. Marie Bell and children and Mrs. Reed and son.

## KILL KARE KNEEDLE KLUB

The Needle Club met in the home of Mrs. Ed Speed Thursday, Mrs. Speed and Mrs. Major Hudson as hostesses. Cut flowers were used to decorate the guest rooms. The members drew names for Pollyanna gifts. The usual needle work and pleasant conversation was enjoyed until an ice course refreshment was served to Mesdames Eva Draffin, W. A. Land, Sam Lowe, E. H. Noland, Frank White Sr., W. D. Kidd, Homer Mulkey, Grover Heath, R. R. Dawkins, Misses Ida and Etta Harned and hostesses Speed and Hudson.

## CLARENDON H. D. CLUB

Mrs. Ed Speed entertained this club at her home Friday afternoon. The club was opened, by president Mrs. Estlack. "America" was sung by club. Mrs. Watson accompanied at the piano. Mrs. Darden read the Club Collect, Roll call was answered with "the work which I have been doing" and an all round table discussion. After an hour of pleasant conversation and visiting a delicious ice course refreshment was served to guests Mrs. Major Hudson, Mrs. Horn; club members, Mesdames G. A. Anderson, A. H. Baker, Clyde Butler, Claude Darden, J. C. Estlack, Grover Heath, McDowell, Van Eaton, A. W. Simpson, O. C. Watson, Henry Williams, Misses Ida and Etta Harned and hostess, Mrs. Speed.

Beautiful delphiniums and roses and dahlias were used to decorate the guest room. The club will meet in an all day covered dish luncheon July 27 at the home of Mrs. Clyde Butler.

## Supply of Coca-Cola To Be Affected Here By Sugar Shortage

The supply of Coca-Cola in Clarendon definitely will be affected by the further curtailment in the supply of sugar after July 1st because the manufacturer of that popular drink will not compromise with the use of substitutes.

However, an equitable system of rationing will be maintained in Clarendon during the shortage, according to Frank Phelan, President of the Memphis Coca-Cola Bottling Co.

The OPA has announced that the allotment of sugar to industrial users would be cut to 50% of the sugar used in the Third Quarter of 1941, effective July 1st.

"I am informed that this sugar shortage is world-wide and not merely national and is directly attributed to the confusion in the production and distribution of sugar occasioned by the war," said Mr. Phelan.

"Sugar is absolutely necessary in the manufacture of Coca-Cola. We cannot and will not use sweetening substitutes, and therefore when sugar is short, there must be a shortage in the amount of Coca-Cola, but you can be certain that the quality of Coca-Cola will remain unchanged.

"My Company is committed to play fair with our Government and obey its regulations in both letter and spirit; to maintain the quality of our drink and to maintain an equitable distribution system to serve all our customers equally and that we will do.

"We still have a war to win and that comes first, but we will attempt still to get you all of the Coca-Cola that is possible and what we have will be available to all. I only ask that if your dealer does not have Coca-Cola available on the day you seek it, ask him another day because we will keep our distribution up on a regular basis although the supply will be curtailed."

Mr. and Mrs. W. McBrayer and Mrs. Dennis Rattan of Clarendon and Mrs. J. C. McBrayer of Amarillo enjoyed supper with Mr. and Mrs. M. L. Rattan of Lelia Lake Sunday night and attended the evening Bible school program.

Wanda and Marilyn Wood of Amarillo are visiting their grandparents, Mr. and Mrs. C. L. McCrary this week.

## Home Economics Summer Course Nears Successful Conclusion

The summer course in Home Economics, sponsored by Miss Maurice Berry, has only one more week of class work.

During the five weeks of work the twenty-one students taking the work, have written plans and organized the project work that they may continue through the summer and be ready for evaluation day in September.

The purpose of this project work is:

1. To train girls to organize work, so they may become more efficient.
2. To help girls accept their place in the home.
3. To aid the student in developing independence and confidence in her ability to do a thing.
4. In becoming a better member in her family she becomes a better citizen.
5. To earn 1/2 affiliated credit.

A variety of projects were chosen this summer and much of the work has already been completed. The class project was planned so that the work done would be a fore runner of the home work. Result, an improved laboratory.

The floors in the bed room were refinished. In the living room and dining room the draperies were ripped, lined and remade, and the floors were refinished.

In the foods laboratory a touch of ivory paint on the stools, canisters, match boxes, bread box and work tables added much to their appearance.

Two flower shelves and a magazine stand were new pieces added to the clothing laboratory.

A quick way of cleaning silver was tried on 569 pieces of laboratory silver and proved very effective.

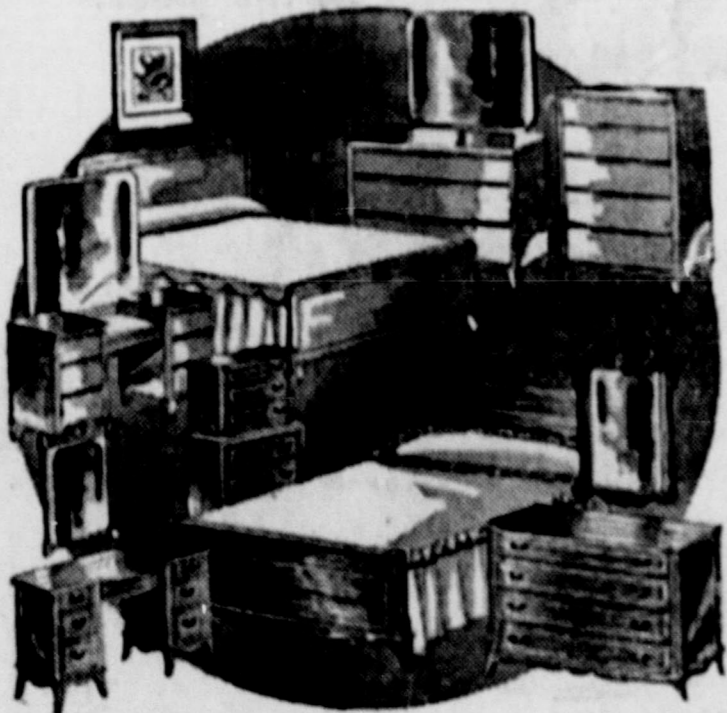

Each class meeting, four girls were selected to get a little experience in quantity cooking. The finished product was tested and welcomed by the entire group at the end of 2 1/2 hour class work.

The work done in class was rather varied, but variety is the spice of life and it kept the work from becoming monotonous, yet it laid the foundation for the home work that will be continued until September.

In addition to this work Miss Berry has sponsored a pressure cooker clinic in Donley County, and has tested 24 pressure cooker gauges. This is a very important work especially since many families can their own food, so that the armed forces may have the commercially canned products.

Mrs. Joe Terry accompanied her sister, Mrs. Bob Harvey to Amarillo Monday where she underwent a minor operation at the Osteopathic hospital.

When honoring wartime heroes, it is fitting and proper to pay homage to the "Kitchen Commandos"—the home front heroines of this war. They're the women who keep their families well-fed and healthy in spite of many obstacles: who conserved foods for Victory; who saved kitchen fats; who carried their own bundles; who performed many community services beyond the call of duty. We SALE-ute them with these fine values in fine foods for decorating holiday tables with deliciously different dishes.

B-6, B-7, B-8, C-6 C-7, and C-8 rations have a value of 5 gal. each. R-2 and R-3, 5 gal. (Valid for bulk delivery only); T coupons designated "Second Quarter" good for 5 gal. through June 31; D, one and one-half gal.; and E-2 and E-3, one gal. each.

**Consumer Prospects Today**

Household articles to be produced in the coming months, as manpower and materials become available, are the following: Table flatware and hollow ware, aluminum cooking utensils and kitchen ware, water heaters, enamelware, including pails, buckets, tubs, infants bathtubs, dish pans and cooking ware; carpet sweepers, hand clothes wringers, can openers, garment hangers; such items containing metal as bread boxes, canister sets, dust pans and wash boards. WPB may permit limited production of sewing machines in the near future. A slight improvement in the supply of wash tubs and wash boilers is noted. No great increase in the quantity of farm machinery can be expected for several months because of the time required to step up production, reports WPB. The reason more tractors are not going to farmers and loggers despite the high production level is that shipments are going to the Army and Navy.

**New Plan Effects Issuing Farm Gasoline**

A new plan for issuing farm and other non-highway gasoline rations went into effect May 1, designed to cut down any possible overissuance of non-highway gasoline. The public, however, is in need of additional information concerning the plan, according to the District Office of Price Administration which makes the following announcement:

The plan which is being tried nationally is the result of a test in Lancaster County, Pa., resulting in a reduction in farm and other non-highway issuance of gasoline rations by an estimated 28 percent.

Delivery records must be maintained to account for every non-highway purchase of gasoline with "E" or "R" coupons. Formerly a person was given his individual allotment of "E" (good for one gallon) and "R" (good for five gallons) coupons, and no record was kept of how many of these he used.

In the future a delivery record (Form R-585) will be issued to each non-highway consumer who is issued "E" or "R" coupons. The coupons each consumer receives will be noted on the form by the local War Price and Rationing Board. Each purchase the consumer pays for with "E" or "R" coupons will be entered on the record by the supplier.

The delivery record will enable the Board to tell at a glance how much gasoline the consumer has bought during the ration period and how much remains in his ration. If a surplus is outstanding at the end of a ration period it will be deducted from his next issuance.

Mrs. Polly Smith from Amarillo visited the week end with Mrs. Tom Connolly.

Billie Ralph Andis visited friends in Clarendon the last of the week.

STATE SOIL CONSERVATION  
BOARD OF TEXAS**

Notice of hearing upon organization of proposed Donley County Soil Conservation District, embracing land lying in Donley County, Texas.

WHEREAS, on the 9 day of June, 1945 there was duly filed in the office of the State Soil Conservation Board, at Temple, Texas, a petition signed by fifty or a majority of land owners pursuant to the provisions of the State Soil Conservation Law, as enacted by the 47th Legislature, known as House Bill No. 444, requesting the establishment of Donley County Soil Conservation District; and

WHEREAS, the lands described by said petition, and other lands which will be considered for inclusion in said district, are located in Donley County, described substantially as follows:

All the lands lying in Donley County, Texas.

Now, therefore, notice is hereby given that a public hearing will be held pursuant to the said

petition, on the question of the desirability and necessity of the creation of such district; on the question of boundaries to be assigned to such district; upon the propriety of the petition, and of proceedings taken under the said Act. The said public hearing will be held by the State Soil Conservation Board on the 30th day of June, 1945, beginning at 3 o'clock p. m. at Clarendon in the county of Donley, and on the 30th day of June beginning at 8:30 p. m. at Medley, Donley County, Texas.

All interested parties are invited to attend and will be given opportunity to be heard at the time and place hereinbefore specified. State Soil Conservation Board

**June Meat Rationing  
Change Slight**

The point value of practically all meats, and oils will remain unchanged for the June rationing period ending Saturday, June 30. Price Administrator Chester Bowles announced. Fatbacks, clear and regular plates were increased 3 points, making the new value 8 points a pound; bacon (plate) was upped 3 points to 8 points a pound, and pork sides, aged and dry-cured, were increased one point making the value 9 points a pound. All other pork cuts, beef, veal, lamb and mutton, and all koshered meat point values are unchanged. The weekly supplies of meats available for civilians during June will be about 7 per cent less than in May, Mr. Bowles added.

## BEEF CATTLE PRODUCTION PAYMENTS TO FEEDERS

Cattle feeders in Donley County can now apply to the County AAA office for beef cattle production payments under the Government's new program to increase the production of meat. Feeders are encouraged to feed more cattle, including those he purchases and those he raises, to good and choice grades under the new program. The method of payment is similar to the dairy payment program also handled through the County AAA office, according to County AAA Chairman, Mr. Simmons.

The beef cattle production payment amounts to 50 cents per hundredweight on Good or Choice cattle weighing 800 pounds or more and selling for at least the minimum stabilization price, which for sales in this county is \$13.60.

This is the first meat production payment made directly to livestock feeders. The program is

designed to help hold the line against inflation by preventing sharp increases in retail prices which might lead to uncontrolled increases in wages and other economic factors.

The beef cattle production payment is available to all feeders, including slaughterers who also are feeders, provided their cattle meet the program requirements.

To be eligible a feeder must certify on his application (1) that he owned the cattle at least 30 days before their sale, (2) that the cattle weighed at least 800 pounds when sold, (3) that the cattle brought not less than the minimum price for good grade, and (4) that the cattle, were sold for slaughter to an authorized slaughterer.

An authorized slaughterer is any slaughterer who operates under Federal inspection or under an OPA permit at the time he

slaughters the feeder cattle on which the payment have been made.

A feeder-slaughterer, is eligible to receive payment provided payment has not previously been made on his cattle. He may also receive payment on cattle he raises provided they are eligible under the program. To collect payment he must substantiate the date of purchase, the price he paid, and the weight at the time of purchase. He must also certify the grade and weight of the carcass after slaughtered to further determine the eligibility of the cattle.

A feeder other than a feeder-slaughterer must present sales receipts, invoices, scales tickets, or other written evidence from the buyer to verify (1) date of sale, (2) the name of the buyer, (3) the point of sale, (4) the number of head, (5) the total live-weight, (6) the price received, and (7) the name of the legal authorized slaughterer to whom sold.

In addition the feeder, if he did not raise the cattle, must show the status of the cattle at the time he purchased them by furnishing the name of the person from whom purchased, and the date of the purchase. The feeder may also be required to furnish evidence that the payment has not been made previously on these cattle.

Payments will be made from funds of the Commodity Credit Corporation of which \$40,000,000 has been authorized.

Farmers may obtain details of the program from their local AAA office as soon as the necessary forms are received.

Mr. and Mrs. E. B. Allen and Tuffy Ellis spent Sunday in Amarillo.

Mr. and Mrs. Geo. Bulman and Mr. and Mrs. Pete Land visited Mr. and Mrs. Lloyd Moreland Sunday afternoon.

Margie N. Crofford spent the week in Amarillo visiting relatives.

Mr. Cartwright of Vernon visited Richard Cannon Sunday.

Pvt. and Mrs. Maynard Lawson of Temple visited last week with his sister, Mr. and Mrs. W. D. Higgins.

Mrs. Lee Christie and small son of Rogers, Ark. is visiting relatives in this community.

Mr. Jack Roberts suffered a severe head injury last week when he was knocked off his tractor near Conway. He was rushed to the Adair hospital. His condition is improved and he was brought home Wednesday.

### CEILING PRICES FOR PASSENGER CARS REDUCED

Ceiling prices for used passenger cars—sold by either dealers or private owners—will be reduced four percent on July 1 in accordance with the "Rollback" provisions of the used car price regulation, Price Administrator Chester Bowles announced. Also to be reduced four percent on July 1, are charges allowed for extra equipment on used cars such as heaters, radios and other inbuilt items having additions to base ceiling prices.

### MEMPHIS PRODUCTION CREDIT ASSOCIATION INVESTS IN WAR BONDS

The Memphis Production Credit Association has invested \$20,000 of its member capital and surplus in war bonds during the 7th War Loan drive, according to Ralph Howe, secretary-treasurer. "This makes a total of \$71,700 the association has invested in war bonds to date," he said.

The current \$20,000 purchase is credited on county goals in the association territory as follows: \$4,500 to the Cottle county quota, \$4,000 to Hall county, \$3,000 to Collingsworth county, \$2,500 to Motley county, \$1,500 each to the Childress and Hardeman county quotas and \$1,000 each to the Briscoe, Donley and Foard county quotas.

Production credit associations in Texas are investing \$863,000 of their own funds in war bonds during the current drive. This represents practically all of the net increase in member-owned stock and earnings since the end of September, 1944.

The 1945 goal in milk production for Texas, is nearly four and one billion pounds of milk.

THEY tell us that the fat salvage problem has got to be licked in the small cities, the towns and on the farms.

Our country has to have one hundred million more pounds of used fats this year over last. And we're the people who must save it.

We've rolled up our sleeves! We'll save every drop and bit it is possible to scrape—and keep on doing it till the last Jap is licked.

**HOW TO DO IT:** Save all used fats in a tin can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soups and gravies, for every drop counts. Keep solid pieces of fat, such as meat trimmings and table scraps, in a bowl. Melt down when your oven's going, add the liquid fat to the salvage can. Take the can to your butcher as soon as it's full. He will give you four cents and two red points for every pound. Your County Agent or Home Demonstration Agent can give you full particulars.

#### KILLING SAGE BRUSH

The Woodward Experiment has repeatedly killed 90% of sage brush by mowing one time between June 15 and July 1st. Their records indicate that mowing any other time is not as effective.

Power mowers equipped with short 5 foot bar with stub guards and heavy duty sickle sections will do the best job in brush and thick stands of sage brush.

Sage brush several inches in diameter can easily be mowed with power mower. If sage brush

is not too thick, growth is small, and pasture does not contain any brush an ordinary power mower with heavy duty sections will do a good job.

Mow sage brush as close to ground as possible.

1945 AAA programs pay 50c per acre for mowing pasture.

The 1945 AAA program pays \$1.50 to \$5.00 per acre for eradicating noxious shrubs and plants. Since sage brush is classed as a noxious plant and if mowing between June 15 and July 1 will kill 90% of sagebrush, it will be to your advantage to contact AAA office at Clarendon for prior approval and inspection of pasture before mowing.
