## DELPHIAN SOCIETY ORGANIZED IN CLARENDON

The beautiful home of Mrs. J. L. McMurtry was the scene of a very enthusiastic meeting Monday afternoon.

Business of said meeting was the organization of a local chapter of the Delphian Society.

Mrs. Stella Huntington, field secretary of Fort Worth, presided over the meeting, explaining the benefits to be derived from the study of the Delphian Course. To broaden our vision, promote social progress, to awaken new ambitions and a genuine desire to press forward until we reach the Delphian Goal culture.

Mrs. Emily Louise Garrett, field Secretary from St. Louis acted as secretary.

The following officers were elected:

President—Mrs. J. T. Warren; Vice-President—Mrs. J. L. McMurtry; Secretary and Treasurer—Miss Lucy Story; Advisory Board—Mrs. Arthur Letts; Chairman—Mrs. Tom Kennedy and Mrs. Chas. McMurtry; Parliamentarian—Mrs. Wm. Gray; Reporter—Miss Leta Warren.

The Chapter decided to hold the first meeting in January. The first and third Monday's in each month, at three o'clock, were adopted as the regular meeting days.

It was unanimously adopted by the chapter to leave the chapter open until January 1st.

Let us remember that each individual member is responsible for the success of each meeting, and will personally derive the benefits commensurate with the efforts they put forth.

Following are the charter members:

Mesdames Ellen M. Barnett, Mary C. Bugbee, Geo. M. Bugbee, J. B. Baird, Thos. W. Carroll, Fred Chamberlain, Minnie Dyer, William Gray, Wesley Knorp, D. A. Kelley, Tom Kennedy, A. R. Letts, Frank Letts, J. L. McMurtry, Chas. McMurtry, Frank E. McCrary, W. H. Martin, W. H. Patrick, J. T. Patman, C. C. Powell, Geo. IA. Ryan, Theodore Swift, S. T. Sayer, Robt. Turner, C. N. Taylor, W. D. Van Eaton, J. T. Warren, Clyde Wright, Misses Jennie Dale Powell, Lucy Story and Leta Warren.

## DR. JENKINS DELIVERS ADDRESS AT COURT HOUSE

Last Thursday night according to previous announcement Dr. B. L. Jenkins delivered an address to the citizenship of Clarendon in pursuit of the plans of the War Congress of physicians in the United States. The plan is to inform the people and try to arouse them to a sense of peril that now confronts us as a nation in the debilitating of our manhood through the prevalence of social sin. The speaker made his appeal in a clear, concise and logical manner and The News is of the opinion that deliverances of this kind will be productive of good.

## SOLOISTS SECURED FOR RENDITION OF CREATION

R. Deane Shure, director of the choir at the Methodist Church, announces that he has secured the baritone and tenor soloists for the rendition of Hayden's "Creation" to be rendered during commencement week at Clarendon College next May. The soloists secured are Luther Williams, baritone, and Ivan Bombarger, tenor, of Fort Worth. These artists have been recently brought from Chicago by the Fort Worth School of Music and only recently sang the "Creation" in that city, evoking the highest commendation from the musical critics for their excellent interpretations of their respective scores. The lyric and mezzo solos will be sung by Mesdames Mary B. Adams and J. S. Ulm, respectively, whose work is already well known among Clarendon people.

The choir will sing the choruses with a strength of fifty voices and the progress made on this classic oratorio is most gratifying to the director, who says the choir has already worked at least thirty days ahead of his expectations. This is doubtless the greatest effort every attempted in this city and the final production will be a landmark in musical circles of the Panhandle.

A Box supper and social is to be given at the Chamberlain Community Saturday night at 8 o'clock. Everyone come and bring a box. The proceeds of the supper and social go to the Red Cross.

## THANKSGIVING SERVICES

Union Thanksgiving services will be held at the Methodist Church, Thursday, November 29th, at 10 a. m. Rev. G. E. Burton, pastor of the Baptist Church will preach the sermon.

There will be special music. A cordial invitation is extended to all.

Mrs. Surguy was in town the first of the week shopping.

Miss Ola Murff of Brice was in town the first of the week shopping.

## PRESBYTERIAN LADIES AID

The Ladies' Aid Society of the Presbyterian Church met at the home of Mrs. R. E. Williams on the afternoon of Wednesday, November 14. After the business session, the lesson was discussed at length. The attendance was small on account of the unpleasant weather.

Will Perdue with the 43rd Infantry of Utah is visiting relatives and friends here this week. The 43rd Infantry has been transferred to Camp Pike, Ark., for the winter.

## CATTLE DYING FROM STALK FEEDING

Mr. Van Eaton of the firm of Van Eaton & Ayers reports the loss of fifteen head of cattle and the desperate sickness of some half a dozen others from the eating of Indian corn stalks on a three acre tract near town. Last Saturday there were 96 head turned into the field where the corn stalks were and the effects began to show on Tuesday of this week. It is hard to explain the cause for this sickness and it will be well for others to keep their cattle away from corn stalks for the remainder of this year.

## ELECTION NOTICE

STATE OF TEXAS. COUNTY OF DONLEY.

Be it remembered that at a regular term of the Commissioners' Court of Donley County, Texas, held at the court house in Clarendon, on November 12th, 1917, being the second Monday in said month, a petition duly made and filed praying that an election be held to determine whether horses, mules, jacks, jennets, cattle, hogs, sheep and goats should be permitted to run at large within the terminal limits of Commissioners' Precinct No. Three, in Donley County, Texas, as same has heretofore been duly established by said Commissioner's Court, was presented to said court, and whereas it was ordered by said court that said election as prayed for be held, and that such election be held on Saturday, December 22nd, 1917.

Now, by virtue of said petition, the action of the Commissioner's Court thereon as aforesaid, and the authority vested in me by law, it is ordered that an election by the freeholders, who are also qualified voters within said Commissioner's precinct, be held on the 22nd day of December, 1917, at the various voting boxes in said Commissioner's Precinct, as same have been heretofore established, to determine whether or not horses, mules, jacks, jennets, cattle, hogs, sheep and goats shall be permitted to run at large within the terminal limits of said Commissioner's Precinct No. Three in Donley County, Texas.

Witness my hand and seal of office this the 12th day of November, 1917.

J. H. O'Neill,  
County Judge,  
Donley County, Texas.

## J. H. RUTHERFORD SELLS BUSINESS TO J. B. ANNIS

J. H. Rutherford who has conducted a harness and wagon shop here for a number of years, sold his interests this week to J. B. Annis of Colorado City. Mr. Rutherford will remain with the business for a time after Mr. Annis takes charge about the first of December. While we regret Mr. Rutherford's retirement from the business circles of Clarendon we welcome Mr. Annis among us and feel sure that with his experience the town will be benefitted by his acquisition.

Mrs. Allv of Goodnight was here Tuesday shopping.

## RED CROSS AUCTION SATURDAY, 3:30 P. M.

Donley County citizens have never been known to fail to respond to any worthy cause, and especially is it true, when it comes to looking after the interests of our boys across the waters, who are giving their lives for our freedom. It may be that the contribution you have made in this enterprise may relieve the suffering of your boy anyway you are helping to care for the needs of some mother's dear boy or some father's noble son. There is no cause more worthy and more important at this time than that of the Red Cross, and you know better than anyone else whether or not you have done your part, if you have not, will you not help in making the Auction in Clarendon Saturday the 24th the splendid success it should be?

The following items will be Auctioned off to the highest bidder:

One ton of Kaffir Corn, donated by N. S. Ray of Windy Valley; one ton of Hay, donated by Roy Guffey of Lelia Lake; one Hog, donated by M. N. Nelson of Brice; one Turkey, donated by J. R. Dale of Brice; one Shout donated by T. S. Bugbee of Clarendon; one Box of Apples, donated by John S. Clymer of Clarendon; Half Dozen Hens, donated by Mrs. J. F. Jones, Clarendon; one dozen Eggs, donated by Mrs. J. H. Langford, Clarendon; one Turkey, donated by Mrs. W. W. Moreland, Martin School House Community.

If you never saw a ton of Kaffir Corn bring \$500.00 cash, come to Clarendon Saturday and see it done, and also all other items will bring a price in proportion.

If any one has anything they wish to put in to be auctioned off, please bring it Saturday by 2 o'clock and turn it over to the Red Cross ladies.

The Auction will take place on the street in front of the First National Bank at 3:30. Rev. E. C. Mobley of Amarillo will be the auctioneer.

Lee Sewearingin has very kindly loaned the Red Cross Society his float and it will be decorated and most of the articles to be auctioned will be placed on it, except the Kaffir and Hay.

Do your part, it is your duty to yourself and your country.

Won't some good citizens donate a bale of cotton and a load of corn so that we can raise \$1000.00 cash on Saturday?

## RECITAL NO. 90 MONDAY NIGHT

Next Monday night at the College auditorium will be presented Student's Recital No. 90. These recitals are features of the years work in the fine arts department of the college and are worth much in adding finish to the work of the pupils of the several teachers.

Besides the regular piano, violin and voice selections the audience will be favored by selections from the orchestra and the Girl's Choral Club will also appear. This recital will no doubt surpass the last one, as the students have had vigorous training since then, the benefits of which will appear on Monday evening's program.

## National Shock Absorber Again

People have been asking us how the Federal Reserve System acts as a shock absorber. In the past, whenever a shock came the banks felt it first. Most of our 29,000 banks started to strengthen themselves, stopped loaning money, which slowed up business all along the line. We have strengthened ourselves in advance by joining the Federal Reserve System, and when trouble comes can confidently go ahead with our usual business, knowing that the great resources of this System are at our back. If you are not getting this protection as one of our depositors, drop in and talk it over with us.

### FIRST NOTICE. ON GUARD AT THE READING GATE!

It is a fine thing to guard our homes against alien soldiers of whose purposes we are all aware. But it is also very important to guard them against other insidious foes that creep in under the disguise of friendly entertainers to plunder and destroy the cherished ideals, the lofty standards, the clear views that have given the home its character.

If you will familiarize your young people with the best reading, they will not be likely to crave what is inferior and demoralizing. The Youth's Companion is a powerful influence in awakening a taste for what is best in reading. It is on guard at the reading gate! Nothing cheap, mean or hateful passes its challenge. But neither does the crabbed and dull and austere. Cheery idealism is The Companion's countersign. Put it on guard at your reading gate!

The Companion is \$2.00 a year. If you do not know it, by all means send for sample copies giving a forecast of what the next volume will bring. By adding 25 cents you can also get McCall's Magazine, the best fashion authority for women and girls—both publications for \$2.25.

- Our two-at-one-price offer includes:
1. The Youth's Companion—52 issues of 1918.
  2. All the remaining issues of 1917.
  3. The Companion Home Calendar for 1918.
  4. McCall's Magazine—12 fashion numbers of 1918.

All for only \$2.25.

### SAMMIES SURPRISE ENEMY

Pershing's Soldiers Laying in Mud Most of Night Are Rewarded For Patience—Number of Dead Is Unknown.

American infantrymen have exacted a part revenge for a trench raid during a recent night by ambushing a large German patrol in No. Man's Land, killing or wounding a number of the enemy.

The American patrol, in which there were some Frenchmen, arranged the ambush near the German lines on a shell ruined farm.

After laying in the mud nearly all night the patience of the watchers was rewarded by the sight of a large German patrol, its number more than double that of the Franco-Americans.

The Germans were permitted to pass, when the Americans and Frenchmen on their flank opened a hot fire from shell craters and other shelters where they were secreted.

The Germans were taken completely by surprise and bolted, carrying with them their men who had been hit.

The number of dead and wounded Germans is uncertain, but none of the men in ambush was hit by the bullets the Germans later sent in from a distance.

There were congratulations all around when the Americans and French re-entered their trenches.

Patrol work on both sides is becoming more active, as is also the artillery fire.

### REBELLION IN HELL.

Big sparks flew from old Satan's eyes. "What's this I hear," said he. "They say that when the Kaiser dies, he'll be consigned to me! Ojd hell to me is mighty dear the place is very fine; but if they send that guy down here, believe me, I'll resign! I'll stand for murderers and crooks, and I will not disown that I have now here on my books the worst thugs ever known. But my boys would get sore, I fear; I know they would rebel. The Kaiser cannot enter here for he would corrupt Hell. Our sulphur is too clear for him, our brimstone lakes too pure; and if in one he took a swim, he'd ruin it, I'm sure. Our company is not so swell, vile beasts we don't reject; but keep the Kaiser out of Hell, we have some self-respect.—Ex.

## THE VOGUE

# T. M. LITTLE

As you are aware of the fact we are a little late this season coming out with our store news, but we believe if you have passed our doors during business hours at any time for the last 30 days you will readily agree with us that we have had no spare time to give store news thru the columns of our splendid home journal. This has been the busy end of town surely and there is always a reason, namely, a full house of dependable goods, courteous treatment and prices that appeal to all. Join the throng and come and reap your profit. Special inducements for next 30 days.

## LADIES' READY-TO-WEAR

We have never enjoyed such a business in our ready-to-wear department as we have this season. We made our purchases early, bought the largest stock that we have ever bought and we attribute the business we have had to lines we carry, right styles, fabrics and right prices.

The Palmer Garments are known for their style, fabrics and workmanship. Once you wear a Palmer Coat or suit, you will wear no other make. Our lines are somewhat broken and we cannot duplicate on any garments that we carry today. Yet we want to make a clean-up on all suits, coats, dresses skirts and waists and announce to you here and now that profit making on our present stock is entirely lost sight of. We are going to let them go and if you want a suit or coat, come here for it. They go regardless of cost. This includes every garment in our Suit, Coat and Dress sections. Also any late arrivals.

Suits Range.....\$10.00 to \$45.00  
Coats Range.....5.00 to 45.00  
Misses and Childrens' Coats at reduced prices.

Be sure and see these garments, we will save you money.

## Blanket Facts

Just at this time merchants are confronted with the most serious problem as to the market conditions on all classes of merchandise that has ever been placed before us. Many items of merchandise have been entirely withdrawn, included in these are Blankets. No concern will accept orders today for Blankets of any kind for next season, having foreseen this, many months ago, we placed our orders for Blankets and through the advice of the Mill Agents, we made larger purchases than we have ever made, and today we have the largest stock of Blankets that has ever been shown in Clarendon at this season of the year. We own our Blankets at comparatively last year's prices, and we are now selling Blankets at prices that cannot be purchased from the Mills. We can only give you a few of our prices in this issue as we have not the space, suffice it to say we have the Blankets, own them right and sell them less than our competitors.

Cotton Blankets  
all sizes.....\$1.50 to \$3.50  
Wool Blankets  
all sizes.....\$7.50 to \$15.00

We will be pleased to show them to you and will save you money if you are in the market to buy.

## GERMAN BOASTS EXPLODED

By Townes R. Leigh, LL. D., Ph. D., F. S. Sc.,  
in the Cincinnati Enquirer

During the last few months I have heard the Germans arraigned as blatant, boorish, barbaric, yet in nearly every case the speakers suffixed to their invectives such an expression as: "But when it comes to brains you will have to hand it to them; they have made science."

Why hand it to them? What epoch-making invention or discovery is of German origin—except a stamp on which is inscribed "Made in Germany?" Their scientists have kicked up a fair amount of spray as they gambled in their pool, but the world has yet to hear a mighty Teutonic splash. Time and again French, English, American, Spanish and Italian inventors and discoverers have sent tidal waves around the globe. Let us now be specific.

The steam engine has been called the greatest of all inventions. It broke the shackles from slaves; it mingled the marks of the world; it made neighbors of the antipodes. Newcome, a native of Devonshire, obtained the patent for the first partially successful steam engine; Watt, a Scotchman, perfected it; Cuyenet, Murdock and Trevithick brought forward the locomotive, not on German soil; Stephenson, an Englishman, was the first to apply the locomotive steam engine to railways for passenger traffic; France, England and America applied it to navigation. When all had been completed Germany pulled

the whistle cord, shouted "Hoch der Kaiser," and tagged it "Made in Germany."

The telegraph, which brings us the daily history of the world, was invented by an American, Prof. Morse, who also suggested the Atlantic cable, which was subsequently laid by that American merchant-scientist, Cyrus Field, assisted in "mooring the world alongside of the old" by Lord Kelvin, the prince of physicists, a British subject. Grabson Bell, the chief inventor of the telephone, was born in Scotland and grew to fame in America. A young Italian, Marconi, gave wireless telegraphy to the world. The house of Hohenzollern has made great use of these inventions in telling Great Britain, America and Italy in arrogant verbiage what the water-land has done for the benighted peoples of the earth.

Cyrus McCormick, a native of West Virginia, produced the reaping machine, which harvests the food of the world; Meikle, of England, brought forth the threshing machine; thus was fame bestowed. Ely Whitney, of Massachusetts parentage, invented the cotton gin; Hargraves, an Englishman, made the spinning jenny; Arkwright, also English, supplied its deficiency with his famous spinning frame; the Englishman Kay introduced the fly shuttle in weaving; Bruney, who devised the knitting machine, and Cartwright, inventor of the power loom, were British subjects. Thus was the

world clothed.

Although Germany is militaristic and worships at the shrine of Mars, what votive offering has she made to the good of war? It was not she who contributed gunpowder, smokeless powder, percussion cap, nitroglycerin, gun cotton, dynamite, torpedo, shrapnel, automatic cannon, magazine rifle, breech-loading gun, Gatling gun, revolver, Maxim silencer, hammerless gun, gunboat, ironclad batteries or ship armor plate, revolving turret, submarine or airplane.

Since Germany borrowed her military appliances from other nations, we are not surprised that she obtained her devices of prosperity from the same source. She did not produce the first aniline dye, vulcanized rubber, liquid gases, gas engine, water gas, thermometer, barometer, piano forte, barbed wire, cut nails, plate glass, circular saw, cable car, electric car, sleeping car, air brake, bicycle, automobile, pneumatic tire, sewing machine, typewriter, calculating machine, cash register, steel writing pen, etc., ad infinitum.

The greatest thing, that Germany has done is to falsely advertise herself as the light of the world. Her son of hers invented the electric light, the gas light, the acetylene light, the kerosene light, the searchlight, the flashlight, the safety lamp, the candle dip or the friction match. America, France, England and other "untutored" nations performed these tasks. The sun, moon and stars are the only lights left for Germany's contention, and according to the Mosaic account, the Lord and not the kaiser made and placed them in the firmament.

Daguerre, a Frenchman, presented us with photography. Our own Edison brought forth the motion picture to delight and instruct the eye and the phonograph to please and teach the ear. The Germans enjoy our reels and records, and lifting high their steins, drink a prolonged toast to the achievements of the Vaterland, "Deutschland über Alles."

Galileo, who first saw the heavens with a telescope, was an Italian. The men who first saw the earth and its teeming life with a microscope were not German origin. Yet many telescopes and microscopes in our colleges, being marked "Made in Germany," have led students to believe that these wonderful instruments were devised by German brain. The Germans are merchants, not inventors.

By use of the compound microscope Pasteur, the French biologist, as early as 1857 demonstrated a connection between microscopic organisms and disease. This was nine years before Dr. Koch, the German bacteriologist, had graduated. In this connection the important antiseptic surgery of Dr. Lister of England should be recorded. Edward Jenner, the discoverer of vaccination, and Harvey, the discoverer of the circulation of the blood, were Englishmen. An American taught the world the use of anaesthetics. Our dentists excel all others. They are employed by many crowned heads—even the kaiser has his.

The Teutons have not shown the engineering skill of the French, who cut the Suez Canal, or of the Americans who joined the Atlantic and the Pacific at Panama. The decimal or metric system by which the Germans make their measurements is a gift from France. The method by which they make their steel is that of Sir Henry Bessemer of England. Many of the fruits and vegetables for which they eat an enormous quantity were brought forth by our own peerless Burbank. No wonder that the Germans can "goose-step" so high, for what else have they practiced?

Lavoiser, the father of modern chemistry; Linnaeus, the founder of botany, was of Swedish origin. To Hut-ton of England we are indebted for geology; to Maury of Virginia for the physiography of the sea; to Descartes, of French parentage, for analytical geometry; to Comte of France for sociology; to Germany for sauerkraut and pretzels. Germany has not contributed her quota toward the world's advancement. How she struts in her foreign plumage! She is neither inventive, resourceful nor original.

She has made no geographical discoveries of importance. Her neighbors have. What role did she play in discovering various portions of the new world? Did she establish any colonies? I thank God she did not. Her sons did not compose the crew of Magellan's fleet, the first to circumnavigate the globe. A German did not discover the North Pole nor lead the way toward the South Pole. It is high time to cease talking of Germany's achievements unless one wishes to indulge in satire.

History and study will reveal that the world's greatest teacher, scientist, inventor-discoverer, statesman, general, philosopher, preacher, painter, poet, architect, novelist or singer was not "Made in Germany."

## GENERAL RED CROSS NEWS.

The general change contemplated is to reduce the age limit for specially qualified nurses and to place on the eligible list training schools for nurses which are recommended by state boards of registration even tho' the schools have a daily average of less than the required fifty patients. In the schools giving a three-year course it may be requested to advance the date of graduation to the end of the second year of study should the exigencies of war make such action desirable.

The Southwestern Division is asked to provide 150,000 Christmas packets. This averages 200 packets per chapter. The Division Bureau of supplies will provide as many packets as the chapters will send money for at \$1.50 each, if the chapters are not in position to get these packets up to an advantage. All packets whether purchased from Division Bureau of supplies or prepared by the chapters, should contain a card giving the name and address of the individual donor, if the donor so desires. The Division Bureau will furnish chapters a supply of these cards (no charge) upon request. Most of the packets received from now on will be sent to our soldiers and sailors in this country. Everyone is asked to help to send Christmas Cheer to the soldiers and sailors.

## \$1,000,000.00 COMPANY BEING ORGANIZED

To Build One Hundred Peanut Warehouses Over the State and One large Centrally Located Factory to Manufacture All the By-Products of same

When you hear one speak of a peanut proposition of any kind, you naturally think of an insignificant little proposition scarcely worthy of notice. But M. Harding of Dallas, Texas, has taken it upon himself to change this general sentiment and is fostering a Million Dollar association for the purpose of building one hundred peanut warehouses, scattered over the State at different railroad concentrating places where shipping facilities are ample for the localing of seednuts to the surrounding country for seed purpose, and a large centrally located factory to manufacture all the by-products of the peanut, which are as follows: Peanut Flour, Peanut Butter, Peanut Meal and Cake, Peanut Cooking Oil, Peanut Salad Oil, Peanut Lard Compound, Roasted Peanuts, Salted Peanuts, Peanut Picks for Chickens, Hog Feed, Pigeon Feed, Peanut Candy, Peanut Soap, Fertilizer, Prepared Dairy Feed, etc.

Mr. Harding informs us this association is to be financed by the corporate plan, which plan, handled honestly and judiciously, is the best organization plan known. It has proven so by the success of so many of the large nationally known concerns who have cut their capital stock up into small shares and scattered them

broadcast all over the nation.

Mr. Harding says, owing to the increased popularity of the peanut and the world-wide demand for food and cooking fats that he expects to have the support of every bank and business organization in Texas.

Mr. Harding's enthusiasm is plainly visible and he says there are ten thousand reasons why Texas people should get behind this organization and push it to its thorough completion. The principal reasons are that it will put millions in the pockets of Texas farmers and enhance the value of Texas land fifty per cent, aside from being a big factor in replenishing this old war-ridden world with edibles. We can bring it closer home by saying peanuts can make Texas a hog-growing State like Iowa, a poultry State like Indiana, and as little as you think about it, fifty acres of peanuts planted to every section of grass land in the drought-stricken section of Texas would have saved every cow that died from starvation and none would have had to be shipped away.

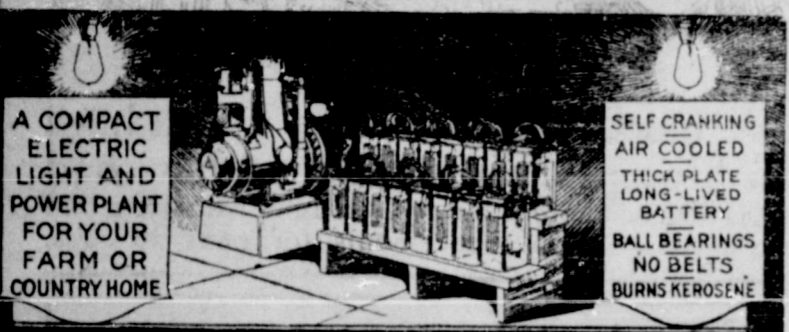

Mr. Harding says that in order that everybody may become familiar with this association he has decided to call it THE TEXAS PEANUT WORKS with its domicile in Dallas, Texas, office in the Slaughter Building.

### PATTERSON-KELLEY.

The marriage of Miss Jimmie Kel-  
ley and Mr. Orin C. Patterson was  
solemnized this morning at 6:30  
o'clock at the Main Street Methodist  
church, Rev. A. D. Porter officiating.

In keeping with the wish of the  
bride, the church was simply decora-  
ted, only ferns being used. The  
Woman's Missionary Society of the  
church, arranged the decoration as  
a tribute to their love for the bride.

The bride wore a taupe grey coat  
suit, with large velvet hat, tipped  
with tiny ostrich feathers at three  
points of the brim. Her boots and  
gloves were harmonizing in color.  
She carried a lovely arm bouquet of  
great white chrysanthemums tied  
with bridal maline, the gift of the  
Helping Hand and Bible Study class  
of the church.

Rev. A. D. Porter performed the  
service, which was the ring cere-  
mony, and a number of the friends  
of the bride and groom were assem-  
bled in the cool and beautiful morn-  
ing for the pretty wedding. The  
wedding march was artistically  
played by Miss Tera Bartley.

The bride and groom left at once  
for Kansas City, Chicago, Cleveland,  
Ohio and Grove City, Pennsylvania,  
and at the last place will be the  
guests of his parents, who reside  
there.

Coming back through Cleburne on  
their return trip, Mr. and Mrs. Pat-  
terson will be at home in Galveston  
after December 1st.

Many lovely and useful gifts were  
sent the bride and groom by their  
many friends, and will be forwarded  
to them when they are in their own  
home. These pretty gifts include cut  
glass, silver, hand-painted china,  
linen, etc., etc.

The bride, the lovely daughter of  
Mr. and Mrs. James H. Kelley, is one  
of Cleburne's finest young ladies,  
and has endeared herself to everyone  
who knows her as a sweet, lovely  
and altogether charming girl. The  
groom, who is an architectural en-  
gineer in the Santa Fe general of-  
fices at Galveston, is a young man  
of unusual ability and interesting  
personality. He has been in Cle-  
burne now and then in connection  
with his work, but is located in Gal-  
veston, where the young people will  
make their future home.

tire community in extending to the  
bride and groom every sincere wish  
for all possible happiness.—Cleburne

### HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and  
Nervous, Says Florida Lady.  
Five Bottles of Cardui  
Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine,  
of this place, says: "After the birth  
of my last child...I got very much  
run-down and weakened, so much  
that I could hardly do anything at  
all. I was so awfully nervous that  
I could scarcely endure the least  
noise. My condition was getting  
worse all the time..."

I knew I must have some relief or  
I would soon be in the bed and in a  
serious condition for I felt so badly  
and was so nervous and weak I could  
hardly live. My husband asked Dr.  
about my taking Cardui. He  
said, "It's a good medicine, and good  
for that trouble," so he got me 5 bot-  
tles. After about the second bottle I  
felt greatly improved...before taking  
it my limbs and hands and arms  
would go to sleep. After taking it,  
however, this poor circulation disap-  
peared. My strength came back to  
me and I was soon on the road to  
health. After the use of about 5 bot-  
tles, I could do all my house-work  
and attend to my six children be-  
sides."

You can feel safe in giving Cardui  
a thorough trial for your troubles. It  
contains no harmful or habit-forming  
drugs, but is composed of mild, vege-  
table, medicinal ingredients with no  
bad after-effects. Thousands of women  
have voluntarily written, telling of  
the good Cardui has done them. It  
should help you, too. Try it. B-74

### CADET HOSIERY

For Men, Women and Children

These hose are produced in the Old quality, same as you bought before the war, and have reinforced knee, heel and toe, with linen threads and you can purchase them most as cheap as the common ones and quality considered a great deal cheaper.

## Next Thursday, November 29th, Has Been Set Aside by Our President of These United States as a Day of Thanksgiving

And on this day let us unite in giving praise to our Maker for the many blessings we are permitted to enjoy while many of our homes are sad on account of the war clouds. Let us hope for the best, and we would not forget to thank those who have made it possible for us to succeed in our business, as we realize it has been through the spending of your dollars and dimes and the kind words spoken in our behalf that our business has continued to put on satisfactory growth. YOURS FOR FAIR DEALINGS.

### The Clarendon News

Published Thursday of Each Week  
Sam M. Braswell, Editor and Owner

Entered as second-class matter November 3, 1909, at the post office at Clarendon, Texas, under the act of March 3, 1879.

Thanksgiving in 1917 is approached by mingled feelings by American people. Feelings that are an admixture of heavy responsibilities and thankfulness for the strength to do our personal and national part in the world struggle. People of small vision are apt to conclude with heavy heart that there is little to be thankful for this year but—another reason for thankfulness—there are those who look out with a broad concept of the great opportunities that this huge war has brought and thank God that there has risen in America a people with humanity and character enough to shoulder the burdens of other peoples throughout the world. A hundred years ago no nation would have thought of mixing in a remote war

for the sake of righteousness and humanity, yet there are those in sufficient unison with the spirit of free America who know that this nation would finally have gone into the war whether or not direct attack had been made on our citizens and our commerce. Years ago we fought Spain that Cuba might be freed from her despotic yoke and it is indeed the spirit of Christ and the love for humanity which has caused us to draw the sword against the brutish element of central Europe. We are thankful for health, strength, and prosperity, but more than these we are thankful for this opportunity of proving our victorious enmity to wrong and our undying fidelity to humanity and right.

One of our exchanges remarks on the disparity of the sight common around the army camps of the cities of women with diamonds lavishly displayed asking poor devils with small soldier's pay to donate part of their wages to charity. Reversing an old saying, "Heaven help the poor, the rich can beg."

While we ought not to lay it all up against Hoover, but we are some opposed to having the taste of cabbage and corn bread recur to our sensitized palate on the same evening while we are enjoying a high class musical program. Huh?

An application for writ of error in the Supreme Court of Texas was refused last week in a case of much interest to Donley County, being the Trustees of Lelia Lake School district No. 2, vs. H. C. Kerbow, et al, being the suit upon the contractors bond in the building of the new school house in that district. It will be remembered that the sureties lost the case by an instructed verdict in the district court here, and the case was reversed by the Court of Civil Appeals at Amarillo. The School District made application for a writ of error to the Supreme Court which was refused.

**Deputy Sheriff Now Endorses It**

J. D. Patton Says Tanlac Ends His Troubles of Twenty Years Standing.

"I suffered for twenty years with rheumatism, indigestion and a chronic liver trouble, and spent hundreds of dollars for different kinds of medicine trying to get well, but it only took three bottles of Tanlac to straighten me out and make me feel like a different man," said J. D. Patton, of Keefton, Okla., a man well known in that section and also in Rains County, Texas, where he served as deputy sheriff for several years. Mr. Patton is now deputy sheriff of Muskogee County, Okla., and holds large farming interests here.

"It's an actual fact," he continued, "I was hardly ever free from rheumatism and was so full of misery most of the time I couldn't rest or sleep at night to amount to anything. The main trouble seemed to be in my shoulders and the awful pains were due, I think, to the condition of my liver. I couldn't eat to do any good and had to be very careful about the little I managed to force down or I would have hours of suffering afterwards. I fell off twenty pounds in weight and got into such a bad shape it was a burden to look after the work on the farm and attend to all of my other business. I kept getting worse all the time and had just about given up hope of ever getting anything to relieve me.

"But three bottles of Tanlac have done me so much good I haven't had an ache or a pain since I finished taking them, and honestly I don't feel like the same person. I have a good

appetite and I can eat anything I want and it all agrees with me, too. I have gained back all of my weight, sleep like a log at night and when I get up in the morning, I am full of energy and attend to my business without a bit of trouble.

"My wife is so pleased with the results that I have gotten from Tanlac that she bought a bottle for herself today. We know just what it will do and feel satisfied that there isn't another medicine in the world just as good."

Tanlac is sold in Clarendon, by Stocking's Store, in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

## LEGAL PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Donley County Greetings:

You are hereby commanded to summon by making publication of the citation once in each week, for eight consecutive weeks previous to the return date hereof in some newspaper published in your county, the unknown heirs of Thirsa Austin Gardiner, deceased, and Angeline Douglas, deceased, to be and appear at the next regular term of the District Court of Donley County to be begun and held at the court house in Clarendon on Monday, the fourteenth day of Jan. 1918, then and there to answer the petition of Mary Austin Williams and husband, J. A. Williams, Clara Austin, Mariam Austin, Thirsa Austin Henderson and husband, Fred Henderson, in cause No. 991 pending in said court wherein the said petitioners are plaintiffs, and the unknown heirs are defendants, then and there to make answer, if any they have to plaintiff's demands; for cause of action petitioners say as follows:

That Albert Austin is dead: that at the time of his death he owned all of section No. 23, in Blk. C-8 in said county and state, and all of the north half of the northeast quarter of the northeast quarter of section No. 2 Blk. C. 3, C. D. Ferris, in said county; that Frank Austin, Caroline Wheeler, Thirsa Gardiner and Angeline Douglas during their lifetime, for a valuable consideration, conveyed to the said Ralph and Frank, their inter-

est in said lands: that said Ralph and Frank and plaintiffs claiming under them have controlled and used said premises exclusively for more than twenty-five years; that all the immediate heirs of Albert Austin are dead save Caroline Wheeler. That the said Ralph Austin conveyed to plaintiffs his interest, and that they are the sole owners thereof, and pleading the statute of three and ten years limitations, and asking that plaintiffs be adjudged to be the legal and equitable owners of such lands, and that defendants be adjudged without interest therein. Said petition filed October 31, 1917.

Herein fail not, but have you this writ before said court at the first day of the next term thereof showing how you have executed the same.

Given under my hand and seal of court, this thirty-first day of October 1917 at office in Clarendon.

J. J. Alexander,  
 Clerk of District Court of Donley County, Texas. 51c.

## GOOD ADVICE

A Clarendon Citizen Gives Information of Priceless Value  
 When you suffer from backache, headaches, dizziness, nervousness, feel weak, languid, depressed, have annoying urinary disorders: Do you know what to do? Some Clarendon people do. Read the statement that follows. It's from a Clarendon citizen. Testimony that can be investigated. Mrs. L. Howe, Fourth street, says: "I got Doan's Kidney Pills at Dr. Stocking's Drug Store three or four years ago and from the results I got from their use I think they are good and reliable medicine. I gladly advise everyone to use Doan's Kidney Pills when troubled with their kidneys." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Howe had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## PLUMBING

Has advanced out of proportion to other necessities owing to the great war demands made on brass, copper, lead and iron. Anticipating prices would advance so we bought heavy sometime ago, and are still able to quote you reasonable prices. Do not put off having that job done expecting cheaper prices next year or the next. Europe will have to be reconstructed after the war. The United States will be the chief factor in doing so. Your auto proved to be a necessity, instead of a luxury, yet it's a cost to maintain. Your plumbing will prove a necessity and costs you practically nothing to maintain. A last word—take notice of the number of steps your wife makes each day carrying fresh water and also the waste-water. The total will surprise you. Come around and talk it over with us.
