FULL POWERS TO MILITARY HEADS

The text of President Wilson's reply to Germany follows:

From the Secretary of State to the charge d'affaires of Switzerland, ad interim, in charge of German interests in the United States, October 14, 1918:

Sir: In reply to the communication of the German government dated the 12th instant, which you handed me today, I have the honor to request you to transmit the following answer:

The unqualified acceptance by the present German government and by a large majority of the German Reichstag of the terms laid down by the President of the United States of America in his address to the congress of the United States on the 8th of January, 1918, and in his subsequent addresses, justifies the President in making a frank and direct statement of his decision with regard to the communications of the German government of the 8th and 12th of October, 1918.

It must be clearly understood that the process of evacuation and the conditions of an armistice are matters which must be left to the judgment and advice of the military advisers of the government of the United States and the Allied governments and the President feels it his duty to say that no arrangement can be accepted by the government of the United States which does not provide absolutely satisfactory safeguards and guarantees of the maintenance of the present military supremacy of the armies of the United States and of the Allies in the field. He feels confident that he can safely assume that this will also be the judgment and decision of the Allied governments.

The President feels that it is also his duty to add that neither the government of the United States nor, he is quite sure, the governments with which the government of the United States is associated as belligerents, will consent to consider an armistice so long as the armed forces of Germany continue the illegal and inhuman practices which they still persist in. At the very time that the German government approaches the government of the United States with proposals of peace, its submarines are engaged in sinking passenger ships at sea, and not the ships alone, but the very boats in which their passengers and crews seek to make their way to safety; and in their present enforced withdrawal from Flanders and France the German armies are pursuing a course of wanton destruction which has always been regarded as in direct violation of the rules and practices of civilized warfare. Cities and villages, if not destroyed, are being stripped of all they contain not only, but often of their very inhabitants. The nations associated against Germany cannot be expected to agree to a cessation of arms while acts of inhumanity, spoliation and desolation are being continued which they justly look upon with horror and with burning hearts.

It is necessary, also, in order that there may be no possibility of misunderstanding, that the President should very solemnly call the attention of the government of Germany to the language and plain intent of one of the terms of peace which the German government has now accepted. It is contained in the address of the President delivered at Mount Vernon on the Fourth of July, last. It is as follows:

"The destruction of every arbitrary power anywhere that can separately, secretly and of its single choice disturb the peace of the world; or, if it cannot be presently destroyed, at least its reduction to virtual impotency."

The power which has hitherto controlled the German nation is of the sort here described. It is within the choice of the German nation to alter it. The President's words just quoted naturally constitute a condition

CLARENDON COLLEGE ADOPTED BY NEW MEXICO CONFERENCE

Last week Dr. G. S. Slover, president of Clarendon College returned from Roswell, N. M., where he attended the annual session of the New Mexico Conference. While there he presented the advantages of Clarendon College as their most accessible denominational school and by resolution the conference adopted it as their own school in so far as patronage is concerned. Before the New Mexico Conference may assume a proprietary interest in the school the Northwest Texas Conference must officially indicate their willingness for the interest to be transferred. The Northwest Texas Conference who now owns the college, will meet in annual session, November 6 at Lubbock, at which time the matter will be presented for their consideration and it is predicted by those who know the sentiment and usage of the body that in the course of a year or two the New Mexico Conference will be joint owner of the local school and her financial resources will be greatly enhanced thereby. The significant part of the recent action at Roswell, however, is that the whole state of New Mexico is added as a regular field from which to draw students for Clarendon College.

SCHOOL MONDAY

Clarendon public schools will reopen Monday, October 14. All due precautions will be taken to protect the health of the pupils of the public schools, but it is hardly to be expected that there will be no more cases of contagious diseases in Clarendon. In fact it is generally conceded that the public schools must operate in any town with the existence of contagious disease within its limits. The best course to pursue is to isolate those effected with such diseases and use all means to make the school conditions most healthful.

Wesley Knorpp broke into his vacation in California long enough to come back here to assist in putting the Fourth Liberty Loan "over the top" and to look after personal affairs. He will rejoin his family at Long Beach in a few weeks.

precedent to peace, if peace is to come by the action of the German people themselves. The President feels bound to say that the whole process of peace will, in his judgment, depend upon the definiteness and the satisfactory character of the guarantee which can be given in this fundamental matter. It is indispensable that the governments associated against Germany should know beyond a peradventure with whom they are dealing.

The President will make a separate reply to the royal and imperial government of Austria-Hungary.

Accept, sir, the renewed assurances of my high consideration.

(Signed) ROBERT LANSING.

HOOPE'S WIRES EARNEST APPEAL FOR 4TH LOAN

THE NEWS:

Clarendon, Texas

Dallas, Texas, October 16—Will you be good enough to give the widest publicity to the following message, and feature it? Your city and your county have gone over the top with the Liberty Loan and I congratulate you sincerely. It may be that an impression exists that no further action is necessary. The Loan is about sixty per cent subscribed. The need for patriotic men and women to come forward and volunteer to buy bonds was never so great. I appeal most earnestly to every citizen in your city and county to consider his Liberty Loan subscription and if it is within the bounds of possibility, go to the bank and Buy More Bonds. The situation is indeed grave and the man or woman in your community who will come forward and help at this time is doing the most truly patriotic act that it is possible for any one to do at this time. I appeal to you once more to Buy More Bonds, for it would break the hearts of our boys in France if the Loan failed.

JUDGE HUGH UMPHRES WILL BE ASSOCIATED WITH JUDGE M. M. CRANE

Judge Hugh L. Umphres, judge of the Forty-seventh Judicial District for Texas, Monday morning sent in his resignation to the Honorable W. P. Hobby, governor of the state of Texas, asking that the same take effect October 21, 1918, and requesting that he appoint a successor so that he could take the oath of office immediately upon his retirement.

The course was made necessary on account of the fact that he had formed a partnership for the practice of law with General M. M. Crane, of Dallas, and had made arrangements to take up his residence in Dallas on October 21.

Judge Umphres recommended the Honorable Henry S. Bishop of Amarillo as his successor. Mr. Bishop is the nominee of the democratic party for the office of district judge of the Forty-seventh Judicial District.

The resignation of Judge Hugh L. Umphres, as judge of this district will come as a surprise to the people of the whole Panhandle country as this jurist has been a resident of Amarillo for the past 28 years and it was not known he was seeking a change. He expresses his regrets that he will leave Amarillo, where he was practically reared.

Judge Umphres is yet a very young man and for one of his age has made some remarkable advancements. He has been practicing law for the past 15 years. He began the study of law in the office of R. H. Buck, in Fort Worth. Mr. Buck was judge of the court of criminal appeals for Texas. Next he studied law in the office of C. R. Bolin, in Fort Worth. Both these lawyers were eminent and tutorship under them was of itself a recommendation and this student has been no exception to the rule. General Crane, the senior member of the new firm of Crane & Umphres, stands as a leader in the legal profession and one of the foremost attorneys of the south. His selection of Judge Umphres as an associate is a recommendation itself of him to the people of Dallas.

Judge Umphres will leave for Dallas next Monday while his family will not go until the first of November.—Amarillo News.

CLARENDON COLLEGE WILL OPEN ON MONDAY

President G. S. Slover of Clarendon College authorizes The News to say that unless there are unusual developments in the influenza scare the College will re-open Monday, October 21, and all students are urged to be on hand for class work at their first period on that day.

Mrs. E. A. Simpson received a wire the first of the week announcing that her husband, Capt. Simpson of Co. H, 142 Inf., had been wounded. No particulars have as yet been learned.

DONLEY COUNTY IS OVER QUOTA

With reports in from nearly every school district in Donley County The News is pleased to report that the county has over-bought her quota something like \$12,000 to \$15,000. There are several districts yet, who have not finished their quotas, notably Lelia Lake, Wilson and Bairfield, but the committees in these districts are working hard that it may not be said that their districts fell down in doing their part.

Clarendon is something like \$10,000 over her part but to the great credit of the nearby school districts, several of them finished their quota ahead of Clarendon.

Judge J. H. O'Neal has ordered honor flags for every district that has gone over with their quota and these will be distributed just as soon as they arrive. The News hopes that in its next issue it can give a list of the districts with every one of them over their quota and the amount of the overage.

Read the urgent appeal of Mr. Hoopes of the Federal Reserve Bank at Dallas, wired to The News this morning, and if you haven't bought yet or if you could buy more bonds, do so at once. The drought-stricken parts of the nation cannot buy, therefore the load falls on the sections where good crops are enjoyed.

Donley County should buy not less than \$300,000 worth of Fourth Liberty Bonds.

HOMER STOCKING DIED AT CAMP TRAVIS TUESDAY

Following close on the heels of the announcement of his illness came the sad news of the death of Homer Stocking, who died at Camp Travis, San Antonio, on Tuesday morning of this week.

The body will be brought here for burial, which will probably occur on Friday. Mrs. Stocking, his mother, and Miss Ruth, his sister, went down Sunday to be at his bedside and were with him when the end came. Mrs. Stocking returned Wednesday night. Efforts are being made to notify all the brothers in the states and all who can get here for the funeral will do so.

Serget. Spurkeon E. Griffia has been detailed as the military escort from Camp Travis. He is well known here.

Homer Stocking was a young man of high character and attainments and the entire community sorrows with the family in his untimely demise.

MRS. WRIGHT BURIED FRIDAY

Friday afternoon, October 11th, at the residence of her father, A. M. Beville, the funeral service was held over the earthly remains of Mrs. Etta Wright, wife of Capt. Geo. M. Wright, Jr., of Camp Funston, Kas. As chronicled in last week's News, Mrs. tan, Kas., Tuesday, October 8th, and Wright died at a hospital in Manhattan was brought here for burial. The body was accompanied here by her husband and his parents, Col. and Mrs. Geo. M. Wright, Sr., of Akron, O.

Rev. J. W. Story and Rev. J. Sam Barcus of Wichita Falls conducted the service at the home and completed it at the grave in Citizen's Cemetery. While the funeral was not announced, yet there were many life-long friends of the family present, who sought to extend their sympathy to the stricken husband and the sorrow burdened family.

The pall bearers were Messrs. Joe M. Warren, R. W. Harvey, W. T. Hayter, Jas. Trent, Jno. T. Sims and Tom F. Connally.

Capt. Wright, with his parents, Col. and Mrs. Wright, left Wednesday for their respective homes and were accompanied as far as Amarillo by the Misses DeLaurel Beville and Myrta Houk.

G. M. Allen, Len Ballew and C. C. Haley of the Sunnyview community, were in town on business Saturday.

THE FIGHTING FOURTH

Has your boy or your neighbor's boy gone to France? Have you done your whole duty in buying bonds?

This is the greatest loan any government in the world has ever raised. America was discovered on October 12. Donley county wants to celebrate that day by raising our full quota by that date.

Hit this loan with your full strength while our boys are hitting the German lines. That's their part of the fight; this is ours.

WILSON'S PEACE PRINCIPLES

President Wilson's program of world peace stated in fourteen terms in his address last January 8 and which the German chancellor now says Germany accepts without qualification, is as follows:

1. Open covenants of peace, openly arrived at, after which there shall be no private international understanding of any kind, but diplomacy shall proceed always frankly and in the public view.

2. Absolute freedom of navigation upon the seas, outside territorial waters, alike in peace and in war, except as the seas may be closed in whole or in part by international action for the enforcement of international covenants.

3. The removal so far as possible of all economic barriers and the establishment of an equality of trade conditions among all nations consenting to the peace and associating themselves for its maintenance.

4. Absolute guarantees given and taken that national armaments will be reduced to the lowest point consistent with domestic safety.

5. A free, open minded and absolutely impartial adjustment of all colonial claims, based on a strict observance of the principles that in determining all such questions of sovereignty the interests of the populations concerned must have equal weight with the equitable claims of the government whose title is to be determined.

6. The evacuation of all Russian territory and such a settlement of all questions affecting Russia as will secure the best and freest co-operation of the other nations of the world in obtaining for her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy and assure her of a sincere welcome into the society of free nations under institutions of her own choosing, and, more than a welcome assistance also of every kind that she may need and may herself desire. The treatment accorded Russia by her sister nations in the months to come will be the acid test of their good will, of their comprehension of their needs as distinguished from their own interests and of their intelligent and unselfish sympathy.

7. Belgium, the whole world will agree, must be evacuated and restored without any attempt to limit the sovereignty which she enjoys in common with all other free nations. No other single act will serve as this will serve to restore confidence among the nations in the laws which they, themselves, have set and determined for the government of their relations with one another. Without this healing act the whole structure and validity of international law is forever impaired.

8. All French territory should be freed and the invaded portions restored and the wrong done in France in 1871 in the matter of Alsace-Lorraine which has unsettled the peace of the world for nearly 50 years, should be righted in order that peace may once more be made secure in the interest of all.

9. A readjustment of the frontiers of Italy should be affected along clearly recognizable lines of nationality.

10. The peoples of Austria-Hungary, whose place among the nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development.

11. Roumania, Serbia and Montenegro should be evacuated, occupied territories restored, Serbia accorded free and secure access to the sea and the relations of the several Balkan states to one another determined by friendly counsel along historically established lines of allegiance and nationality; and international guarantees of the political and economic independence and territorial integrity of the several Balkan states should be entered into.

12. The Turkish portions of the present Ottoman empire should be assured a secure sovereignty, but the other nationalities which are now under Turkish rule should be assured and undoubted security of life and an absolutely unmolested opportunity of autonomous development and the Dardanelles should be permanently opened as a free passage to the ships and commerce of all nations under international guarantees.

13. An independent Polish state should be erected which should include the territories inhabited by indisputably Polish populations which should be assured a free and secure access to the sea and whose political and economic independence and territorial integrity should be guaranteed by international covenant.

14. A general association of nations must be formed under specific covenants for the purpose of affording mutual guarantees of political independence and territorial integrity to great and small states alike.

AN URGENT RED CROSS APPEAL

The following appeal is issued by the Gas Defense division of the chemical war service department:

"It should be clearly understood that the American Red Cross has been officially designated as the organization in charge of the campaign for peach stones, fruit pits and nut shells throughout the country. While the closest co-operation of other government departments and organizations of all kinds is earnestly desired, such departments and organizations should understand that the Red Cross is in complete charge. It happens that many organizations and departments were asked to proceed with the campaign while plans for the Red Cross participation were being worked out. The work done by such organizations should be encouraged and commended by Red Cross officials, but a very clear understanding as to the correct status of affairs should be had."

"No more important appeal has been made to the American people than this. Unless this campaign is a success, it will be impossible to furnish the best masks to our men during the next few months. Your earnest efforts will be gratefully appreciated."

"Two hundred peach stones will produce enough carbon for one gas mask. Seven pounds of nut shells will also produce enough carbon for one mask."

Let each person in your chapter jurisdiction be called upon to furnish "Carbon for at least one mask." Save Our Men From German Poison Gas

To make carbon to protect our men from German poison gas, the government needs:

Peach stones, plum pits, apricot pits, olive pits, prune pits, date seeds, cherry pits (native), Brazil nut shells, Walnut shells (English or native), hickory nut shells, butter-nut shells.

Collect all you can of all or any of these and turn them in to nearest Red Cross chapter, which will ship them to proper authorities. You will help save a soldier's life.

This is our first vitally important order for the war industries board. Let our chapter fill its order.

Note—Age does not lessen value of pits or shells—last year's accumulation is desirable.

Receipts for these salvage articles will be found in front of certain business houses on the streets of Clarendon.

POSTPONEMENT ANNUAL CHAPTER ELECTIONS

Because of the influenza epidemic prevalent throughout this division, chapters are hereby directed to postpone the chapter elections scheduled for October 23.

Unless you are further advised to the contrary before November 11, these chapter elections will be held Wednesday, November 27.

If notices of election to be held on October 23 have already been published, please publish cancellation explaining in words to this effect:

"The Red Cross takes this action in co-operation with the health authorities to avoid calling citizens together under present conditions. It is especially desired that the annual meeting when held shall be attended by as many Red Cross members as possible."

HOLDS FIRE OVERNIGHT

The Round Oak Square Base Heater Burns Cheapest Fuel—Prevents Clinkers

The powerful improved Round Oak hot blast converts that 38 per cent. of carbon in the smoke into heat units, which are directly radiated into the room. Ordinarily it goes up the chimney. This saving of 38 per cent. in fuel is very important; but when, on account of other and quite as interesting features, the Round Oak saves an additional 12 per cent., it instantly commands your favorable consideration.

Come and see the stove itself. See that absolute control is built into the stove, not simply assured. Discover why the patent cone center grate and double fire pot prevent clinkers, with cheapest fuel. Examine the extra-heavy cold-rolled boiler iron body. NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The Fourth Liberty Loan is out of the way in Donley County and the decks are cleared for the United War Work Campaign November 11th to 18th.

It isn't so important as to the date when peace will be made as it is to how just a peace it will be when it comes. One doesn't negotiate with a rattlesnake—one crushes it as quickly as possible.

News dispatches say that Hindenburg is the force that sent the first German peace note. With the smashing advances of the Allies it is likely that his plight will cause another with a more humble tone in the next few days.

From the incomplete reports from the various districts of Donley county it is certain that the county is something like ten or fifteen thousand dollars over our quota of \$262,800 Fourth Liberty Loan. There will be honor flags issued to every district that went over and the first one goes to Sunnyview District, where prompt and clever organization put them "over the top" the first few days of the drive.

Several days ago while this editor was in Dallas attending the United War Work meeting, we had the pleasure of spending Sunday with Editor and Mrs. Sam P. Harben of the Richardson Echo, in their magnificent home at Richardson, some dozen miles out from Dallas. No person goes into a home where Christian culture, love and good fellowship are the tenets of life without experiencing a glow of happiness. We had just such an experience on this little visit. Sam Harben is secretary of the Texas Press association and this editor is his assistant.

We see that several nearby towns have raffled off Liberty Bonds in the recent campaign. If the same energy had been expended in selling the bonds as was used in getting up the raffle, the campaign would have been ahead in bonds sold. The reason given for the raffle was to help out the campaign. Raffleing is prohibited by law and The News believes that it is just as much a violation of law to raffle Liberty Bonds as it is to raffle turkeys, diamonds or automobiles. America cannot win the war by law violation and we had just about as well raffle off something to assist in paying a church debt, as to gamble for the Loan campaign.

The report of the wounding of Captain Simpson of the Clarendon company, Co. H, 142 Inf., leads us to believe that our boys are receiving their first baptism of fire. We regret deeply to learn of Donley County blood being shed on the plains of France, but war is hell, and in such a monster struggle we may not expect to come off scatheless. In the course of a week or two Clarendon and Donley County will have to undergo the withering sorrow of news from the war department giving notice of the death of some of our noble boys. Let us as a community be ever ready to give what comfort we can to the parents and loved ones of the heroes who go to their death that the world might be free from the blight of the Hun.

The Clarendon News will charge \$2.00 per year for subscription on and after December first. Nearly every paper in the nation has been forced to raise its subscription price and The News has postponed this raise just as long as we have been able to do so. No argument is necessary to any person familiar with the unprecedented advances in every line of business, and nearly everybody in the world is more or less familiar. Subscriptions up to December 1st will be received at the old price and those who wish to renew for one year in advance before that time, may do so, but The News will not accept two years in advance at the old price. We could cut The News to six pages and still operate at \$1.50 per year, but we believe that Clarendon and Donley County people would resent any curtailment of service and would much prefer the small advance in price. The News management intends to keep up the standard and raise it as we may be able, therefore we deem the raise in price advisable, in addition to being necessary.

President Wilson's note to Germany of Monday, October 14, came as a great relief to the nation at large and the whole world as well. The President has long been noted for his humanitarian tendencies, and there were many in America as abroad who feared that he might be lenient on Germany in approaching the settlement of the world catastrophe. His speech of last year, when he spoke of "force to the utmost" was wholly within accord with the fundamental ideas of justice that prevail throughout our army. These labels will be sent back by the boys to that person in the United States from whom he wishes to receive his Christmas packages. Packages that do not bear this label will not be accepted for delivery by the postal authorities. Families and individuals receiving these labels from France will take them to the nearest Red Cross chapter or branch, where they will be given cardboard boxes, 3x4x9 inches. These boxes will be furnished by the American Red Cross without cost. With each box will be given complete instructions regarding the articles which may be sent. No message or written material of any kind will be allowed to go in the boxes. When the boxes are packed they must not weigh more than two pounds, 15 ounces. If a parcel is over weight some article must be removed. Perishable food, soft candy, liquors or anything in glass containers will not be accepted. Individuals must not mail the boxes themselves, but should deliver them to the nearest collection station designated by the Red Cross, unsealed and unwrapped and ready for inspection. Parcel post zone rates will be charged. No Christmas parcel will be accepted by the American Red Cross for shipment after November 20. The War Department will not allow more than one parcel for each man. It is expected that approximately two million of these packages will be sent abroad, and the amount of shipping space provided for them will not permit of any deviation from these rules. The men themselves will decide who is to send each one his parcel.

Bob Johnson, editor of the Motley County News at Matador, died Sunday of complications resulting from influenza. Bob was a strange mixture of rough philosophy and good-fellowship. He was a "rarin'" American, as he expressed it and had been a great factor in holding up the morale of the people in his community. We regret deeply his passing and pause long enough to say "peace to his ashes."

A CAMPAIGN DEVOTED OF PREJUDICE

In the United War Work campaign which holds nation-wide attention for the week beginning November 11 and ending November 18, for the first time in the history of America—aye, the entire world—all creeds will be in close co-operation in raising \$170,500,000 for the seven great war agencies. Dr. John R. Mott, the great layman and Y. M. C. A. worker is at the head of the unified movement and all division of money raised will be under the auditing of the war department. Something new under the sun occurred when a Catholic nominated Dr. Mott as the campaign head and his nomination was seconded by a Jew. Never before has a Protestant, a Jew and a Catholic joined hands for the raising of funds to be used by the agencies of their respective churches. It bespeaks a new era, when creed will not separate man with a common end in view, and even at the tremendous cost of the great war, the price cannot be complained at if this auspicious beginning is the mud-sill upon which a world-wide brotherhood of man is to be erected. The seven agencies for which the great fund of \$170,500,000 is to be collected and among whom it is to be distributed are as follows: Y. M. C. A., Y. W. C. A., National Catholic War Council, K. of C., Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army. There is not a single man in the uniform of the United States who has not to thank one or more of these great-hearted organizations for some little kindness and for favors of greater measure—kindness grows wonderfully to the man away from home and loved ones. The people of Texas will only be doing for their own when they give to these organizations who represent the great warm hearted American people in the front line trenches and even in No Man's Land. The fires of patriotism and brotherly love only smoulder in the breast of any man who refuses to donate liberally to such a cause. Such men in Texas are few—thank God.

PRESBYTERIAN LADIES' AID

The Ladies' Aid and Missionary society of the Presbyterian church, met at the home of Mrs. C. Y. McDonald, Wednesday afternoon, October 9. A quilt, which had been pieced by one of the Sunday school classes, was tacked by the ladies. A linen shower was collected to send to the Goodland orphanage and many business matters were attended to. The Bible lesson was led by Mrs. Robt. Turner.

Miss Mamie McLean went to Dallas Sunday night in response to a message stating that her sister, Miss Ruie McLean, who is attending S. M. U., was quite ill.

TELLS HOW TO SEND PRESENTS TO FRANCE

Information was received yesterday relative to sending Christmas packages to soldiers who are in France. The information came from the office of the director of publicity of the American Red Cross. It specifies that every American soldier overseas can receive one Christmas package, but only one, and it must not weigh over two pounds and 15 ounces. Labels are now being distributed throughout our army. These labels will be sent back by the boys to that person in the United States from whom he wishes to receive his Christmas packages. Packages that do not bear this label will not be accepted for delivery by the postal authorities. Families and individuals receiving these labels from France will take them to the nearest Red Cross chapter or branch, where they will be given cardboard boxes, 3x4x9 inches. These boxes will be furnished by the American Red Cross without cost. With each box will be given complete instructions regarding the articles which may be sent. No message or written material of any kind will be allowed to go in the boxes. When the boxes are packed they must not weigh more than two pounds, 15 ounces. If a parcel is over weight some article must be removed. Perishable food, soft candy, liquors or anything in glass containers will not be accepted. Individuals must not mail the boxes themselves, but should deliver them to the nearest collection station designated by the Red Cross, unsealed and unwrapped and ready for inspection. Parcel post zone rates will be charged. No Christmas parcel will be accepted by the American Red Cross for shipment after November 20. The War Department will not allow more than one parcel for each man. It is expected that approximately two million of these packages will be sent abroad, and the amount of shipping space provided for them will not permit of any deviation from these rules. The men themselves will decide who is to send each one his parcel.

"If you do not receive a label from your boy you can not send him a Christmas present," the bulletin said.

PEACE WITHOUT PUNISHMENT

Colonel Richard H. Edmonds is the editor of the Manufacturers' Record of Baltimore. He has a contempt for pacifists. He abhors those citizens of Allied nations who would agree to a negotiated peace. He insists that the criminals responsible for the war should be punished. "False to the teachings of God Himself," he says, "false to the history of all humanity, false to every man who has died and to every man who has been wounded on the battlefields in defense of civilization, false to the honor of womanhood and the safety of childhood, false to human liberty now and forever, is every man or woman who utters one word suggestive of peace without punishment." Napoleon was banished to the island of St. Helena. Napoleon never tolerated wholesale enslavement, wholesale massacre, wholesale ravishment, wholesale butchery of prisoners of war or the countless atrocities which have marked the campaigns of the armies of Kaiser Wilhelm and his general staff. There has been a campaign of frightfulness, which found expression in ruthless destruction of every country over which the gray-clad huns marched.—Fort Worth Record.

A citizen of Clarendon who has been a resident for the past fifteen months was heard to remark recently that during the fifteen months he had never been asked about his religious condition. Further he said that in the town where he came from a man couldn't stay there three days without someone inviting him out to some church. That hits every one of us. How many of us will try to do better about it? The churches are the greatest assets our town has to offer its citizenship and our church members ought to take more interest in talking them up—not to mention living up to their vows.—Clarendon News.

This is a temperament that we have often remarked on in this great west and people should strive to overcome this tendency to neglect strangers. But on the other hand people who come to this new country are largely responsible for the situation. They come out here to get rich quick and they leave their church letters back home; they leave their lodge membership back home, and all social ties that do their bit in helping to build up this new homeland, they leave back at the old home town. They expect others who are just like them, tenderfoots in a new country—but who have bigger hearts, to build up their religious and social life for them. They are spongers instead of builders, so they are largely responsible for the growing habit of rather neglecting strangers. One wrong doesn't right another, of course, but human nature will assert itself sometimes.—Slaton Slatonite.

CLUB SHOW POSTPONED

Owing to the request of the city authorities that no public gatherings be held during the present epidemic of Spanish influenza, the Fogarty agent announces to the members of the Boys' and Girls' clubs in Donley County that their club show will not be held on Saturday, October 19, as had been planned.

If health regulations permit, the show will be held on the following Saturday, October 26.

PVT. EDWARD HARVEY WRITES FROM FRANCE

Mrs. Monica Harvey has received the following letter from her son, Edward, on overseas service in France: On Active Service With the American Expeditionary Force, Sept. 12. Dear Mother: Your letter of August 13 came to me today and you can't imagine how glad I was to get it, it was the first one from you for about two weeks and I was sure getting anxious to hear from you. I was very glad to get the \$5.00 and sure glad to hear that everything is looking fine on the ranch and that you have a lot of fruit to can. Wish I could be there to eat some peaches and watermelons. Haven't seen any of those here but have eaten lots of grapes, plums, apples and a few muskmelons here. Sure hope Jay won't have to go to war now that he is just getting started good. Sure it will be O. K. to send him those clothes; never thought of that or would have told you long ago.

It will be all right for you to send me some more money, but I don't really need it, you know I get a little more here than I did in the states. I have been made first class private; that is \$3.00 a month more and we get 10 per cent increase for foreign service, so you see that makes me about \$18.00 a month now and I don't have very much to spend for the army issues us tobacco every few days and we can buy cigars much cheaper here than in the States. I like it just fine here. Sure do feel good; never felt better in my life. The climate is pretty good only it has been raining for the last week. I am in the mountains about 3,000 feet above sea level and I expect to see a lot of snow this winter. I don't think I would like to live here, this country is too far behind, the states are so far ahead of this that there is no comparison.

I haven't seen the priest that was there yet but sure hope I will get to see him. I haven't seen any American priest yet. You know this is the only company in this village and there hasn't been a priest here only the French priest that is stationed here. I go to mass nearly every Sunday. Sure do see a lot of German prisoners here. Saw about 50 this morning while we were out repairing a phone line. They seem very well contented they were working in a rock pit breaking rocks to build roads with. I talked to one of them. He could talk a little English. He told me he had a brother in Dallas, Texas.

I will try to write to you twice a week even if I don't know much to write, and I sure hope you can write to me often for there is nothing so cheering as letters from home. I am learning a few French words every day. If I am here six months I will learn to talk pretty good. I sure wish I could talk it now.

I got a letter from Katie Paetzold at Groom today so I will quit now and write her a few lines. Your loving son, EDWARD.

A BIRTHDAY SURPRISE

Quite a pleasant surprise was given the home of P. R. Huckleberry on Tuesday evening when the membership of the Loyal Young People's class of the Sunday school of the First Christian church, serenaded them singing patriotic and religious songs. After a few songs they were invited inside and the evening was spent happily in games, music and song. The occasion of the surprise was the fifteenth birthday of Ralph Huckleberry. The teacher and pupils of this class are wide awake and the membership is steadily increasing. We cordially invite many visits from this happy band of young people and may each one of them live to enjoy many happy returns of their own natal day.

A MERCILESS JUDGE

One Who Shows No Favor

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Clarendon resident has withstood this sternest of all tests.

L. L. Taylor, Clarendon, says: "I had a lame back and it was hard for me to straighten up. I couldn't bend over, but what sharp twinges shot through my back. I used Doan's Kidney Pills, procured at McKillop's Drug Store, and they removed the pain and lameness from my back and I was able to go to work again."

Lasting Results

Over four years later, Mr. Taylor said: "I have never had any trouble with my kidneys since Doan's Kidney Pills cured me and I believe the cure is permanent."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taylor had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Military Music

The predominating note in the world today is military. Always, through all the history of music, martial measures have inspired men to battle and steeled their women with the courage to send them forth to win.

These are stirring times and the music of today is stirring. Many of the songs we hear now for the first time are destined to become immortal—to stand forever as monuments to our glory and the glory of our Allies. "Over There" is such a song—"Tipperary" another.

ALBERT SPALDING "OVER THERE"

Then there are the tunes of past struggles—"Dixie" and the rest. Or the great, wonderfully inspiring marches of Sousa. All these and many more will thrill your senses if you will let

bring them to your hearth-stone. It will RE-CREATE them all for you—and, as you listen, you will see before you long lines of men—you will hear the muffled, steady tread of their feet as they march to victory.

We will gladly RE-CREATE for you music that will thrill you to your soul

GRANDSON OF CLARENDON WOMAN COVERS HIM-SELF WITH GLORY

One of the most heroic deeds yet chronicled of American soldiers on French soil was performed by Walter Fant, a Texas lad only 22 years old, and the grandson of Mrs. D. J. Murphy of Clarendon. Walter Fant has visited here several times and is the son of a well-known banker of Weatherford. Texas boys are bearing up under every hardship and the Lone Star State will have a wonderful array of heroic deeds to the credit of her sons ere the Hohenzollerns have fallen. Following is the record as taken from the Fort Worth Record:

Lieutenant Walter Fant is a Texan, a son of proud old Parker county. He is a marine and his people should be proud of him. With two others, young Fant captured a German tank. The Texan was wounded and without ammunition, but the three marines entered the tank armed with knives and when the fight was over every man within the war machine was a dead Hun. A bank of marines, 58 strong, charged five German tanks. These soldiers of the sea were commanded by Fant. There was hand to hand fighting to be done and only three of the marines reached the inside of the first tank. The incident of the world war occurred near Soissons on July 19 and the colonel of the regiment recommended Fant for decoration for distinguished service and most heroic conduct in battle. Speaking of the valor of the young Texan, the colonel of the regiment declared "that he believed that it was the most heroic act that he had witnessed during the war." There are flags flying everywhere for the boys of Texas. They are making history under the skies of France and Flanders.

LELIA LAKE LOCALS

Mr. and Mrs. Louie Gerner are the proud parents of a fine baby boy born Tuesday afternoon at 3 o'clock.

Misses Gladys and Vera Taylor and Faye Bynum are home from Clarendon College until after the influenza scare is over.

The people of Lelia Lake offer their heartfelt sympathy to Mr. and Mrs. F. P. Dunkle and family in the sad news of Paul Dunkle being wounded in France and trusting God that He has spared him through the fight for his country.

We were indeed sad to hear of the death of our old friend and neighbor Fred Snodgrass, who died from pneumonia in training camp at Houston. Fred was well known in Lelia Lake and everybody was his friend and wish to offer their sympathy to the bereaved ones.

We are sorry to report A. V. Clark on the sick list this week. Hope he will soon be well again.

Mrs. L. A. Byrd and little son of Childrens are visiting the lady's mother, Mrs. G. T. Adams.

Miss Geneva and Fay Bynum made a trip to Clarendon Saturday.

C. H. Ellis and children spent Tuesday in Hall county.

Saturday was a big day in Lelia Lake. Everybody sold as well as bought Liberty Bonds. Lelia has not bought up her quota so far, but hopes are she soon will.

H. D. Burriss spent Saturday and Sunday with homefolks.

ASHTOLA ITEMS

A good many people sick near Ashtola, supposed to be influenza. The school has been closed for two weeks in order to keep this from spreading.

Tom Major made a trip to Clarendon Saturday.

J. A. Johnson made a trip to Claude with a load of turnips and returned Saturday.

Ed Harvey and Mike Day made their regular visit to F. L. Behrens Sunday.

A. D. Major has been working on his ranch north of Clarendon this week.

F. L. Behrens entertained the young people with a musicale Friday night. Ashtola string band furnishing the music. A large crowd was present and a good time enjoyed.

Leota Harvey visited Floy Johnsons Saturday night and Sunday. It is reported that Ashtola went over the top with the Fourth Liberty Loan.

Misses Cleo and Maybel Hanson visited G. A. Anderson of Clarendon Saturday and Saturday night and returned Sunday.

On account of influenza there was no Sunday school Sunday.

All articles solicited for Red Cross hospitals in France were collected and shipped last week. Our thanks are tendered Goldston juniors for a voluntary gift of 22 towels for the Red Cross linen shower.

SPANISH INFLUENZA RAPIDLY SPREADING

PERSONS WEAK AND RUN DOWN EASY VICTIMS — FORTIFY YOURSELF AGAINST IT BY TAKING TANLAC

According to late reports issued by state and federal health authorities the Spanish influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to public health but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the shipping board has announced that ten per cent of its workers had been affected.

The disease has made its greatest progress in the east where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theatres have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and run down are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger—because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germ. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, gripe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tolinson Drug Co.; and in Jericho by O. C. Brown.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sickness, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Phillips, of this place, writes: "Five years ago I was taken with a pain in my left side. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of my getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been well years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

KEEP WELL!

How to Avoid Influenza and Other Sickness

Rules for Those at Work

Avoid the person who coughs or sneezes.
Wash your hands before eating.
Make full use of all available sunshine.
Do not use a common towel. It spreads disease.
Should you cough or sneeze, cover nose and mouth with a handkerchief.
Keep out of crowded places. Walk in the open air rather than go to crowded places of amusement.
Sleep is necessary for well being—avoid over-exertion. Eat good, clean food.
Keep away from houses where there are cases of influenza.

If sick, no matter how slightly, see a physician. If you have had influenza, stay in bed until your doctor says you can safely get up.

Rules for Those at Home

Keep out of the sickroom unless attendance is necessary.
Do not handle articles coming from the sickroom until they are boiled.
Allow no visitors, and do not go visiting.
Call a doctor for all inmates who show signs of beginning sickness.
The usual symptoms are: Inflamed and watery eyes, discharging nose, backache, headache, muscular pain, and fever.
See to it that your children are kept warm and dry, both day and night.
Have sufficient fire in your home to disperse the dampness.
Open your windows at night. If cool weather prevails, add extra bed clothing.

CLARENDON'S HONOR ROLL

The News is giving as full a list of bond buyers in the Clarendon district as the committee has been able to provide at this time. There will be a few names yet to follow next week at which time the slackers list will be published if the committee deems it advisable. If there are any errors in this list do not bother The News with it but report the error to the committee, W. T. Hayter, chairman.

The News will be glad to print the list of bond buyers from every district in the county if the local committees will furnish us the list and amounts.

Following is the Clarendon list up to the time it was turned in by the local committee.

ITEMS FROM OVER THE PANHANDLE

Odos Caraway and A. L. Chase were business visitors from Clarendon Tuesday.—Hedley Informer.

S. C. Richerson has purchased a bunch of fine registered cattle from Allen Jeffries of Clarendon. He traded his Case car in on the deal.—Hedley Informer.

Frank Silcott, son of Mr. and Mrs. J. S. Silcott, sustained a broken leg by a horse falling on him while at work at the 6666 ranch, a week ago last Sunday. While it was a compound fracture and quite painful Frank is getting along very well and will soon regain his usual good health.—Panhandle Herald.

CHURCH DAMAGED SATURDAY NIGHT

The local German Lutheran church suffered considerable indignities during the patriotic celebration Saturday night. Three windows were shot out and the building was peppered with shot. No clue has been found as to the offenders.—Vernon Record.

TWO YOUNG LADIES TO DO NURSING

Misses Lillie Coleman of Henrietta and Emma Pope of New London, left last night for Camp McArthur, Waco, where they will begin their course of training as Red Cross nurses. Both young ladies are teachers and are well known in the county.—Henrietta Independent.

POSTMASTER WHAT-LEY RESIGNS

Postmaster J. W. Whatley sent in his resignation as postmaster at Miami, Texas to take effect as soon as he could be relieved. Mr. Whatley has been our efficient postmaster for the past four years, but the work is getting so heavy that he is hardly able to do it, and is anxious for his successor to be named.—Miami Chief.

Jim Hill has finished filling his third silo, the one in southwest Claude. This gives Jim three 300-ton silos filled to the brim. Mr. Hill believes in silos and has never failed to make them pay big dividends. He knows how. Underground silos have proved to be a success in this country, as air and other damaging elements do not get to ensilage where it is properly handled.—Claude News.

FINDS DIAMONDS IN MELTED GLASS

After the fire at the S. L. Fife home, the Davenport place, near Chamberlain, Mrs. Fife was hunting in the ashes and found what had been a glass jewel case melted into lump by the heat from the fire. She broke it open and found her jewelry all in good condition. There were several articles in the jewel case including diamond rings, gold beads, gold necklace and a number of other articles.—Dalhart Texan.

BAPTISTS CLEAR CHURCH OF DEBT

The Baptist church on last Sunday raised \$1200 at the morning worship and during the afternoon for the purpose of paying a balance due for money borrowed to complete the church building, and to make some repairs on the church property. The amount necessary to pay the debt for money borrowed is first to be invested in Liberty Bonds, which will be given to the party holding the note in exchange for the note.—Henrietta Independent.

Rev. G. E. Burton, formerly of Clarendon, is pastor at Henrietta.

CITY OWNS FAIRGROUNDS

A deal has been consummated whereby the city of Dalhart has become the sole owner in fee simple of the fairgrounds and all improvements. It is proposed to turn the property into a park for city purposes through the spring and summer of each year. This will in no way interfere with the holding of the fair in the fall. In fact it is thought that under the new ownership Dalhart will be in position to pull off a bigger and better fair as the ownership guarantees that the property will at all times be kept up in a better condition.—Dalhart Texan.

NEW SUPERINTENDENT IN CHARGE OF SCHOOL

W. A. Stiegler, of Pampa, has accepted the position as superintendent of the public schools. Mr. Stiegler is not a stranger in Canadian as he was a teacher in the public schools a few years ago. He brings with him his wife and a baby and doubtless expects to be a permanent citizen of our city. He has purchased the beautiful new home of Mr. and Mrs. J. W. Sanders on Washita avenue.—Canadian Record.

J. I. Steel is very critically ill at the sanitarium as the result of having been bitten on the leg by a mule. He is being treated with serum for blood poisoning and it has not been determined yet whether the bone is injured or not. Last week when the accident happened, Mr. Steele was helping shear some mules at the stock

pens and had one tied, that got loose and bit Mr. Steele on the leg dragging him around the pen until the men forced the mule to let go by beating him over the head. Mr. Steele's condition has been improving the last two or three days.—Dalhart Texan.

MAGNIFICENT RAIN VERY OPPORTUNE

After the rains not long since it seemed the weather man considered he had done a plenty for us and quit the job. The dry ground and the dry air drank up the moisture quickly and our need was becoming as imperative as it was before.

This situation was changed by the magnificent rain that fell on last night. Wheat that is up will grow off and more will be sown.

If prospects are all that we live on in this country, we are all o. k. for a little while.—Baylor County Banner.

SOME KITTEN

While on the way to town Monday James Lutes, who lives in Elm Creek valley, shot and killed a large bob cat, the first one to be bagged in this country in quite a while. The cat was crouched behind a rock near the road on Elm Hill. Mr. Lutes shot it through the neck with a Winchester rifle at a range of about 320 yards. He states that it was only a "kitten" but if this is the case we would not like to meet a full grown "cat."

Mr. Lutes brought the cat to town and skinned it. O. T. Nicholson sent the hide to Amarillo to be mounted.—Shamrock Texan.

HAD FINE CROP OF BROOMCORN

A. F. Kimbrel who with his father, J. M. Kimbrel are farming their places north of Texhoma was a visitor to this office Tuesday of this week and incidentally told us of the splendid broomcorn crop they raised this year. They had 30 acres planted to broomcorn and of the first pulling from this 30 acres they have sold broom corn that aggregated in the amount of \$1,520.10 and 15 acres of this crop will be pulled the second time. Aside from the second pulling this crop has averaged \$50.67 per acre. You can't go wrong when you buy land in the Texhoma country. Your first crop will pay for the land and then some.—Texhoma Times.

KILLED BY A HORSE

Sunday the news reached Childress of the accidental death of W. H. Cunningham at Tarrington, Wyo., his death occurring Sunday morning. Full particulars of the accident are not known in Childress but it is said to have been caused by the falling of a horse in some manner, deceased having been employed on a ranch. He was the son of Mr. and Mrs. D. Cunningham of Chillicothe, and a brother of Mrs. W. W. Fagg, Sr., Mrs. Henry Bellah and Mrs. J. W. Cochran of this city. Funeral services will be held in this city as soon as the body arrives, probably Wednesday or Thursday.—Childress Post.

Miss Dolly Cook, of the Conway community, after suffering severely with an attack of hiccough for 15 days and a failure of physicians to check it, was brought to Panhandle Wednesday night with her life almost exhausted, but after treatment by a chiropractor, was relieved and today her condition is normal. The young lady came near drowning a couple of weeks ago while in bathing with some friends in a pool of water near Memphis, her life being saved by a trained nurse who happened to be with the bathing party, but as a result she was attacked with a severe hiccough, resulting as above stated.—Panhandle Herald.

There was almost a hundred yards of barbed wire laying on main street Monday morning, left there the night before presumably by some joy rider on Sunday night without lights and running through fences that he couldn't see in the dark. It's lucky he hit the fence instead of a human being, for the fence can be fixed. Some day the officers will start to make a cleaning of the joy riders who violate every known highway law, and the fines they will have to pay will pike the road from Slaton to Lubbock. A few fines collected is better than some person run over and killed in the dark.—Slaton Slatonite.

For Sale

The Bugbee farm lands, consisting of about two thousand acres of the choicest farm lands in Donley County. This land is situated just west of the town of Clarendon and on account of its nearness to market and to good schools together with an abundance of pure fresh water, makes this one of the most desirable propositions in the county and any one who is wanting a nice country home.

This land is now being offered for sale at a less price than adjoining lands of equal value and upon extremely easy terms with long-time payments. Small cash payment, balance on long easy terms. Why continue to rent when you can now buy and own your own home. It is the opportunity of a life. Don't miss this chance. Come at once and let

--Quaker-- --Tires

5,000 Miles

This is the basis of adjustment on Quaker casings. But the basis of service is double, triple or more. Reports of users prove it. By no means does the 5,000 mile adjustment guarantee represent the potential mileage latent in these tires.

That a high grade automobile tire is something more than so much of even the best fabric and the finest rubber is a fact to which the careful buyer of tires is now thoroughly awake. The real secret of tire durability and the comfort a particular make affords is a matter of how the materials are prepared and the method of construction followed. Quaker tires are made of the very best fabric and toughest rubber and with full measure of materials.

Give me just a part of your tire and tube trade. You will find the Quaker Tires at the
