ESTABLISHED 1878

CLARENDOON, DONLEY COUNTY, TEXAS, THURSDAY, SEPTEMBER 19, 1918.

VOL. 29, NO. 39.

862 REGISTER IN DONLEY COUNTY

The local draft board reports that there were 862 boys and men to register in Donley county, 10 more than the government had estimated, three of these being aliens, two Swiss and one German. There were booths at Clarendon, Lelia Lake, Jericho and Hedley. And a remarkable feature is that none of those who gave their services as registrars accepted compensation. Following is a list of those in charge of the various booths: A. M. Beville, chairman of the board; W. E. Bray, chief registrar of Clarendon; W. T. Link, F. W. Taylor, J. D. Sherman, all gave full day; F. H. Bourland and W. T. Taylor gave half day; J. A. Warren, chief registrar at Lelia Lake; C. H. Ellis and T. J. Cothron, O. C. Brown, Jericho; L. A. Stroud, chief registrar of Hedley; M. C. Barnett, T. C. Lively, C. E. Johnson and J. H. Crow.

Questionnaires are being sent out to those between the ages of 19 and 36 inclusive. During five days beginning October 7 complete entrainment for Camp Travis, San Antonio of 7,941 men are to report. As yet the local board has not received the quota to go from Donley county.

HOTEL BURNED AT HENRIETTA

J. B. Fox, age 80 years, lost his life last Saturday morning at 10:30 when his building occupied by him and known as the Fox hotel, was burned.

The fire originated from a vulcanizing outfit in the Dugger & Tinsley garage, located on the first floor of the building. The greasy floor was quick food for the flames, and the fire was soon beyond control. Mr. Fox went into the second floor to warn two guests known to be in their rooms. While he was doing this the flames blocked the front stairway. The rear stairway was already impassable.

The guests, a man and a woman, made their escape by jumping from a window onto the roof of a shed room that housed the light plant, and from there they jumped to the ground without injury. Mr. Fox was urged by his guests to come out, but he refused to come then and went back, supposedly after some of the furniture. He was seen no more until the charred body was dug out of the debris.

The body was located by J. H. Shelton about 2 o'clock at a point some 15 feet from the east end of the building on the north side of the partition wall that divided the building into two rooms.

The feet and hands were burned off, and while the face was not entirely unrecognizable, the whole body was badly burned through and through.—Henrietta Independent.

METHODIST MEETING

The Methodist revival conducted by the pastor is gaining in interest. There has been a fair attendance and the interest of the people is centering upon the work at hand. All Methodists are urged to come and throw all their effort and time into making the meeting a success and saving lost souls to Christ. A cordial invitation is extended to Christian people of every other denomination to join with us in making this a glorious revival of pure religion and a great uplift to the community.

Last week H. W. Taylor sold his splendid home in west Clarendon to J. L. Bain who will occupy it in a few weeks. Mr. Taylor says it takes too much lawn mowing to keep up such a large place so he will choose a smaller place.

E. A. Posern of Shackelford county was here the first of the week looking for pasture for his cattle.

BAPTIST ASSOCIATION MEETS AT MEMPHIS

CHRISTMAS DRIVE DECEMBER 16TH TO 23RD

The Panhandle Baptist association composed of Hall and Donley counties convened with the First Baptist church last Tuesday with something like 50 delegates in attendance. E. E. Walker of this city was elected moderator and R. W. Fawkes of Lakeview secretary of the body. W. P. Blake of Clarendon was re-elected treasurer of the association. The opening sermon was preached by Rev. Fowler of Fort Worth. Rev. W. T. Rouse of Vernon and J. R. Hicks of Claude were among the visiting ministers present. Perhaps the feature of the meeting was the address of Rev. D. M. Gardner of this city Wednesday morning at 11 o'clock. He arrived home Tuesday night from San Antonio where he has been for the past two months engaged in work among the soldiers. His address was in the nature of a report on his work in the camps and was a great treat. The B. W. M. A. also held their annual meeting in conjunction with the association. There was a very earnest consideration of the recent war order prohibiting removing camp pastors. A ringing resolution was passed condemning the order as a direct blow at religious liberty which has been given to the world at such a great price and will not be timely surrendered. The meeting was very enthusiastic throughout and the keynote was anything for the winning of the war and the extension of Christ's Kingdom.

Hall County Herald.

LADIES' AID IN ALL-DAY SESSION

The Ladies Aid and Missionary society of the Presbyterian church met in all day session at the home of Mrs. Robert Turner Wednesday, September 18.

A large part of the day was spent making and mending clothes for some children, in order that they might attend school.

Mrs. F. McCrary was the efficient supervisor of this work.

At noon a delicious buffet luncheon was served by the hostess, assisted by several of the ladies. Each lady having furnished one dish.

After luncheon the sewing was resumed until 5 o'clock. The meeting was then called to order and an interesting Bible lesson was led by Mrs. A. L. Chase.

The meeting adjourned to meet on next Wednesday afternoon with Mrs. Joe Horn.

There were 18 present and all expressed themselves as having spent a most enjoyable day as well as a profitable one.

SON BORN TO LIEUTENANT AND MRS. NAT PERRINE

Mrs. J. S. Perrine has cabled her son, Lieutenant Nat S. Perrine, who is overseas, of the arrival of his little son, Nat S. Jr., on September 14. They live on the Fort Worth-Dallas interurban.

SOUTHWESTERN DIVISION SHORT, NURSE ENROLLMENT

St. Louis, Sept. 17—The Christmas membership drive of the American Red Cross, which will be held from December 16 to 23, inclusive, will have for its object the enrolling of every American in the world. The quota in each district will be limited by the adult population. The total membership in the American Red Cross today is 22,000,000, exclusive of the 8,000,000 members of the Junior American Red Cross. The coming campaign should not be confused with one for money, as it merely is to obtain members. Half of the membership fee of \$1 will be retained by the local chapters for expenses and the care of soldiers and their families, while the rest will be turned over to the national treasury.

RAILROAD COMPLETED TO SEMINOLE

St. Louis, Sept. 17—The southwestern American Red Cross Division, comprising the states of Kansas, Oklahoma, Missouri, Arkansas and Texas, is tenth in the percentage of nurses enrolled for service in military hospitals here and abroad, figures just compiled show. The division has been asked to supply 2,425 trained nurses. To date it has enrolled only 995, leaving a deficit of 1,030, which must be made up before January 1, 1919. In addition the division is behind in the special country-wide call for 8,000 nurses, wanted before October 1. The Pacific Division—California, Arizona, Nevada—leads the thirteen Red Cross Divisions with 87 per cent.

ORGAN RECITAL A POPULAR AFFAIR

Last Friday night at the Methodist church the new Hillgreen-Lane pipe organ was opened with a recital given by R. Deane Shure, director of music in Clarendon College. Mr. Shure made a record as an organist for himself in the east, where organists are plentiful and where he was an apt pupil of Dr. Andrews, dean of music at Oberlin College, regarded as one of the foremost organists of America.

The crew is now working on the track surfacing the newly constructed track into shape. They expect to move the construction crew into Seminole the first of next week and work from this end of the line.

The track south of the present camp is complete and in good shape, and it will only take a few weeks to put this end of the line in good condition.

Plans are now being drawn for the depot at this place, and Mr. O'Donnell stated that they will erect a good, substantial building with passenger and extra large freight handling facilities. Work is to begin on the same in a few days—Seminole Sentinel.

ROAD BOND ISSUE CARRIES

Following a very quiet campaign an election was held over Baylor county last Saturday to determine the will of the people as to the matter of issuing bonds in the sum of \$300,000. It seemed to be the general sentiment that the bonds would not carry, but they did, and with a fair margin.

Commissioners court met in regular session on Monday, and it was the purpose to have canvassed the vote at that time. However, the last two boxes came in only yesterday, and court is in session today for the purpose of canvassing the vote. When this is done Hon. D. L. Kenan will be provided with all the papers and sent to Austin to get the bonds approved. He proposes to camp with the attorney general's office until he gets this approval.

In bond issues over \$100,000 it is now necessary to secure government approval, and a wire has been sent for that purpose. Dispatches in the papers this week in regard to the government taking over road and street improvement caused uneasiness as to the attitude which might be taken towards our bonds, but the fact that Wilbarger county's bonds have recently been approved leads to the belief that similar action will be taken with regard to Baylor's bonds. It will be urged that this county sorely needs the money as a drought relief measure.—Baylor County Banner.

NOTICE TO NOTARIES

Every notary public and those who do clerical work are expected to assist registrants in filling out their questionnaires.

LEGAL ADVISORY BOARD,

Denton County, Texas.

Dr. B. L. Jenkins attended a professional convention at Lubbock on Tuesday of this week.

IMPORTANT TO REGISTRANTS

First: Read carefully every word in your questionnaire before you ask anyone to help you fill it out.

Second: Before asking help to answer any of the questions figure out the exact value of all your property, both real and personal. Learn exactly what you expended during the past 12 months upon the support of your wife and children. Learn as well the exact amount of your income in money and anything else of value, the full amount of taxes you paid last year on real estate, personal property and income tax. Put all figures on paper so you will have them ready when you ask for help in answering your questionnaire.

REMEMBER, THIS IS IMPORT- ANT.

LEGAL ADVISORY BOARD.

NEW FIRM IN TOWN

Last Saturday night the Walker Grocery Company ceased to be and Monday morning the firm of Walker and Shelton took its place. Mr. Paul Shelton, who has been head clerk for E. M. Ozier for a number of years bought a half interest in the Walker Grocery Company, hence the change of the firm name. Mr. Walker has made a splendid success of the grocery business here since his coming, but has several other interests which demand his time, therefore he considers himself very fortunate in having secured so able and experienced a partner.

The News wishes the very best of success for the new firm which their efforts will no doubt secure.

Rev. A. W. Hall left Monday for Dallas where he will attend the centenary meeting of the Methodist church and the fall meeting of the presiding elders of Texas and New Mexico.

E. M. OZIER

The Turning Point

Can you look back to some time that was a turning point in your life, possibly the turning point that placed you on the road to success?

Many successful people can do so, and nine cases out of ten that turning point came when they decided to start a bank account and save money. If you don't believe this, ask some of the successful men who know. How many prosperous men succeed without some connection with a good bank? Few indeed. We stand ready to help you.

The Farmers State Bank

Clarendon, Texas

Announcing a New Firm

Effective the middle of this month J. E. Walker sold half interest to Paul Shelton, well known in business circles of Clarendon as one of the most efficient grocerymen of this section. The new firm will be known as

Walker & Shelton

and will conduct a strictly high grade grocery and feed business along the most modern lines and practicing the most up-to-date methods.

Mr. Shelton's Friends

are cordially welcomed to the new business and former customers of the Walker Grocery Company will receive their usual careful attention. We believe that the new firm will be able to serve the community in even a more satisfactory manner and with that as our aim we solicit your patronage. We guarantee our goods and our service. Our prices cannot fail to please.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. [name] about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 76

NEWS OF INTEREST IN THE PANHANDLE

Over \$200 for First Bale

A premium for the first bale of cotton of forty dollars was made up last week, two-thirds of which was handed to J. H. Marler of Elba, the balance going to M. A. Hurst.

Mr. Marler sold his bale of over 500 pounds to Tom Tanna receiving 33 cents per pound. He says besides the premium he got over \$200, which was the most he ever received for one bale.—Quanah Tribune Chief.

Received Interesting Information

J. B. Goodlett who sometime ago was informed that in the competitive examination for postmaster of Quanah he had stood the best test, and that the office would go to him, received a letter from a New York bonding company last week informing him that the senate had confirmed his nomination. No news regarding this confirmation has as yet been received from Washington, neither has it been reported in the daily newspapers.—Quanah Tribune Chief.

It is learned that Rev. D. M. Gardner has offered his services to the government as a chaplain in the army. He may be called into active service at any time. He is young and capable and will be a valuable man in this capacity. The local Baptist church will regret to lose him as pastor.—Hall Co. Herald.

B. F. Shepherd has been reappointed postmaster of Memphis for another term of four years. Of course he expected the re-appointment, but all the same it made him feel good to have the matter settled.—Hall Co. Herald.

Wolf Flat school district has issued bonds and let a contract for the erection of a modern school building. Material is now being put on the ground for the structure. That is a fine farming community and while dry this year, usually raises splendid crops. They will have one of the best rural schools in Hall county when the new building is completed and put into service.—Hall County Herald.

Tuesday a deal was completed by which the Leach drug store again passed into the hands of the Lon Alexander Drug Co., manager Lon Alexander taking charge this morning. Mr. Leach has not announced just what he will do but he will probably resume his novelty store business at Floydada, which he still owns.—Childress Post.

Deep Lake district is erecting a new and comfortable frame school house. The work is well under way and they expect to occupy it by the time the fall term opens. Hall county schools certainly class well to the top and the new school laws are bringing results in the way of an educated rising generation.—Hall County Herald.

Lakeview Boy Wounded in Line of Battle

A letter from Conie McMurry to his parents, Mr. and Mrs. J. R. McMurry, living west of town, to the effect that he had been wounded and would be compelled to stay back of the firing line for at least two months.—Lakeview Promoter.

Oklahoma Man Will Make Nine Bales

T. Zoch of route 1, Oklahoma, was in Vernon yesterday, and says that he and his father will make nine or 10 bales of cotton on about 60 acres of land. The rain helped their late cotton. Most of their feed had been cut, and the crop is short. Both Mr. Zoch and his father registered yesterday under the new selective service law, which required men 18 to 45 years, inclusive, to sign up.—Vernon Record.

City ordinances No. 363 and 367 authorizing the issuance of bonds to the amount of \$35,000 for street improvement and water extension were passed by the city commission Tuesday night. As soon as the record is completed it will be forwarded to Austin for approval, and the bonds will be issued.

The city government plans to go ahead with the sale of water and sewer extension bonds, so that work can be started at an early date. It is thought that the street paving bonds will be held until the market gets more attractive.—Vernon Record.

William Ross of the Gageby community suffered a very severe and painful accident Sunday morning. His left thigh was broken near the hip and he was removed to Canadian for treatment and reduction of the fracture. Mr. Ross is not a young man and gets more attractive.—Vernon Record.

and considerable anxiety was expressed at the time of the accident. At present, however, his improvement is very satisfactory and well defined hopes of his recovery are expressed.—Canadian Record.

Newcastle's Reservoir Broke Wednesday Morning

The reservoir here, which was nearly completed, was washed away Wednesday morning by the big rain which fell Tuesday night.

The fill was new, and the rain which fell filled the reservoir nearly

as full as it had been at any time in the past.

Work will be begun soon to replace same, and we will soon have another water supply.—Newcastle Register.

Sterling M. Peek Killed in France

Last week Claude C. Peek received word of the death of his brother, Sterling M. Peek, in France. The date of his death was given by the government as July 25. Mr. Peek was a member of the Ambulance corps and it was while on duty in that department that he paid the supreme sacrifice, of giving his life for the defense of his country.—Lubbock Avalanche.

Bird Man Marries

Ted Reid, son of Mr. and Mrs. Geo. Reid, who live 12 miles southwest of town, was married last Sunday at 9 a.m. at Tulia to Miss Ruby Fowler who live between here and Lockney.

Ted is a bird man, having been in training at West Point, Miss., for some time and recently received his commission. He came home the first of the week and visited relatives and friends all week and he and his bride left immediately after the ceremony for West Point to reside. He expects to be kept there for some time to assist in instructing airmen for the service.—Silver Star.

Mrs. D. T. Ewing received word this week that her brother had been killed in France. The people of Lockney sympathize with her in her bereavement, and offer the consoling thought that he died in defense of his country.—Lockney Beacon.

Tom Bridges who sold his farm southwest of town bought 100 acres of the Wofrel farm southeast of town. Consideration \$45 per acre and a good buy at that for when the west "comes back" and its sure to do the land will double in value.—Rule Review.

Lamb County to Build Road

Roy Irick, contractor, of this city, has secured the contract from the commissioners court of Lamb county to build five miles of first-class road across the sand north of Sudan to connect with that village. The cost of the five miles will be about \$3,500 and will be of great convenience to the people.—Plainview News.

The pastures are greening up in fine shape since the rain. While they have been good all summer and the stock is in fine shape they will now be better than ever and remain fine until late in the winter.—Stratford Star.

Lipe-Hidden

Last Saturday evening at Clarendon A. V. Lipe of Hedley and Mrs. Miria Heden of Ducktown, Tenn., were united in marriage, Elder E. Dubbs officiating.

Mr. Lipe has been a citizen of Donley county many years and is well and favorably known. His bride is a stranger here, but the people of Hedley are glad to welcome her.—Hedley Informer.

Four Acres of Cantaloupes

W. D. Muney, the extensive truck raiser of Tascosa, was in Amarillo attending the disposal of his products the latter part of last week. Mr. Muney stated to a Plainsman representative that he had four acres of cantaloupes which have just begun to ripen and he is now selling about \$25 worth of melons a day from his patch.

He also has an excellent field of watermelons, which crop has generally been a failure in this section, this year. Owing to this fact, Mr. Muney will doubtless make a very good thing out of his melons, also.—Randall County News.

First Bale of Cotton Received This Week

Lockney's first bale of cotton was received this week. It was grown by L. V. Ray of the Sand Hill community and was ginned by Ben Whitfill. It was sold to Less Floyd for 34 1/4 cents per pound. The cotton and seed brought \$186.10. The bale weighed 395 pounds. Seed brought \$60 per ton. A purse was made up in town as premium which amounted to \$31.50. C. F. Ramsey circulated the list which was liberally subscribed by Lockney business men.

There will be quite a good deal of cotton marketed here this fall. The acreage is larger than for a number of years, and the price the staple is worth will put a great deal of money in circulation. Our two gins are in excellent shape, and can handle all the cotton that is brought here.—Lockney Beacon.

A Splendid Crop Outlook in this Section

The rain of last week has put season in the ground that is doing the country lots of good. The feed crops are coming out of the kinks, broomcorn is turning out fine, the grass has been helped and never before has the ground been in better condition to prepare for wheat, and from all reports there will be a large acreage planted here this year. The total precipitation of rainfall last week was 1 3/4 inches and it all came down in good style, in a slow, drizzling manner and we don't believe a drop went to waste, and from reports over the country the rain extended over the entire southwest. The country is looking prosperous, good crops are assured, and the war situation is looking better all the time. "The

as full as it had been at any time in the past.

Work will be begun soon to replace same, and we will soon have another water supply.—Newcastle Register.

goose is hanging high" with the Panhandle folks.—Texhoma Times.

Syndicate Will Farm 5,000 Acres

The Texas Land and Development company, which owns nearly 60,000 acres of land in the Plainview district, considerable of which is under pump irrigation, will take over all irrigated farms that it has had out on lease, and will operate same the coming year. There is about 5,000 acres of land under irrigation available under this plan.

The syndicate will hire white American labor, and will plant and grow proven successful feed and food crops—alfalfa, maize, kaffir, beans and such crops, and under irrigation and intensive cultivation the five thousand acres should make a tremendous yield next year. This will give employment to from 50 to 75 additional men.

The farms will be equipped with the best tools, implements and animals for farm work.—Plainview News.

Mrs. T. H. Harper Poisoned

Thursday morning Mrs. T. H. Harper, aged 45, was poisoned at her home in Carey. Mrs. Harper took a dose of salts, and in a few minutes began to feel sick. She ran from her home and began to shout that she was poisoned.

Friends rushed her to Childress in an automobile, and within a few minutes after reaching town she had the first convolution.

She was carried to the Morgan sanitarium and after an antidote had been administered she began to improve. Dr. Morgan stated the convulsions numbered more than a hundred and very severe.

It is not known how the poison got into the salts. It is said that her husband had taken a dose of the medicine a short while before and that he was not poisoned. Mrs. Harper is still confined to the sanitarium and will be for a few days.—Childress Independent.

HOW GOSSIP ORIGINATED

An adequate sub asks, "Can you give me the origin of gossip. Yep. It all came about this way: Once upon a time a biiiiiiiiii old maid who had lost out in the lottery of love because she was so all-fired mad when the man she loved committed suicide in self-defense rather than marry her, that she grabbed a growler and rushed into the long sugar bush to hang it on the maple tree to catch some sap. This she vowed by the horns of Cornet would sweeten her disposition and help her rope in another masculine hero. But in her mad rush the old maid hung the bucket on a telephone pole instead of a maple tree, and when she boiled down the sap it was nothing but telephone gossip extract. This soured on her system and he has been trying to get it out ever since. Thank you.—Ex.

GOLDEN TONGUED SALESMEN AND SILVER TONGUED POLITICIANS

A widow who had three thousand dollars laid away which she intended investing in "Liberty Bonds at the next drive," says: "But I became dazzled by the great income promised by these agents on investments with them, and took 300 shares of their stock, turning over to them my three thousand dollars."

Now she desires a lot of information about the company, its reliability, and if it is a safe investment, etc. There are among the company's stockholders and officers the names of many well known business men as well as others, and so far as I know they have real confidence in the outcome, and hope to pay enormous dividends. Because a great many confiding people have invested their money I hope they will conduct the affairs of the company in an honest, business like way, and if possible make money for all interested, but there is an element of speculation in every business of this character, and no one should take chances unless he is able financially to lose all his investments, because in a majority of cases loss is surer than profits.

In the case above it would have been the part of wisdom to have invested in Liberty Bonds. Of course if the widow is able to lose three thousand dollars without inconvenience or tears, it was all right to be "dazzled." If she really needed the money to get along comfortably on she should have sought "wise counsel" sooner.

However, everyone is "dazzled" over the "get-rich-quick-easy" idea, and that is the reason that promoters of lotteries, when they were allowed to operate got rich, while those who took "a chance" had to work for a living or sponge on some one with better judgment.

A farmer that I know rises before sun-up and retires pretty late every day in the year, and puts in every hour—yes, almost every minute—doing real honest-to-God, productive work, recently dug up \$200 of his savings and bought with it stock in a company which the agent said was going to make automobiles in Texas so cheap and sell them so fast for big profits that everyone who bought even one hundred dollar's worth of stock would get dividends so big and so fast that at the end of the first year he would be so rich that in comparison Henry Ford would be a pauper, and the man buying two hundred dollar's worth could pay all of our war expenses and still be unable to get rid of all his money as fast as his dividends came in.

When the time came to make automobiles and multiply dividends the promoters said that because of war conditions material could not be had, etc. The farmer is still working in overalls and Henry Ford is running for U. S. senator.

None is too old or too smart to be caught occasionally. In fact, the golden tongued stock or share salesman and the silver tongued politicians hook every man, and since they got suffrage, every woman that has money enough to be worth the time necessary, the golden-tongued agent and the silver tongued politician hooks her, too.

Candor forces me to admit that I am the biggest sucker in the pond—P. Green in Farm and Ranch.

SEED SWEET POTATOES

We will open our dry-kiln seed sweet potato cellar for the storage of sweet potato seed on the shares—Any size potato is a seed potato—Seed not accepted after October 31. 42c T. JONES & CO.

Mrs. John Lofland, sister of Mrs. Frank Johnson, was operated on at a local sanitarium at Memphis Monday. She is reported as doing nicely.

CAPT. SIMPSON WRITES FROM HEADQUARTERS IN FRANCE

Through courtesy of Mrs. E. A. Simpson, we have the pleasure of presenting to the readers of The News a letter written to her by Capt. Simpson since the arrival of the Clarendon company in France. The best supposition is that the Clarendon men are in camp about 30 miles from the front line, although at present the line seems to be moving further away.

In a Little Country Village in France, Aug. 10, 1918

My Dear Wife:

I mailed you a letter yesterday but as the time will soon be here when I may be unable to write you for many days I will use this time to write you again. I desire that you write mamma a letter and tell her this letter is for her also, I will write her tomorrow and the letter will be for you also. You two must learn that if I can find time to write one letter to you both I will be doing exceptionally well. The rest of the regiment has come in and I am still in command of the battalion. I am about eight miles from regimental headquarters, and 10 from Div. Lt. Fields has been returned to duty with Company K and Lt. G. R. Smith who was assistant adjutant, at our training camp, is assigned as my adjutant. I like him much better. We have our headquarters established in a nice little house on the main road in the village and have uncased our battalion flag and Old Glory and have it flying above our door. We have to send all reports by foot messenger but are beginning to do business on a nice scale. Next week we are due to get a motorcycle with side car then we can fly.

Last night Capt. Staniforth and I with Lieutenants Fields, Beverly, Thompson and Taylor all gathered at my house and sang awhile with that quartet from K. company. The old Frenchman with his wife and 20-year-old daughter and her cousin of the same age sat with us on the lawn. After we had sung awhile the young lady went into the house and played the Star Spangled Banner and The Marseillaise. I went over to the window to listen better and the mother asked us all into the parlor. We had a lieutenant from a signal battalion located here with us. He could speak French and we had a nice time. The girl proved to be a wonderful musician. She played some very difficult pieces. The music is my kind, soft, slow and dreamy. She played one piece and the old man got up and said "boche, boche no good but very fine music." The lieutenant explained he meant a German wrote it, that he hated the Germans but said they wrote good music. We had a most enjoyable evening. The other young lady had a very fine voice and she sang the Marseillaise. Smith sang it in American also the Star Spangled Banner. It is funny to see how anxious these people are to please the Americans and how hard they try to make us understand them and vice versa. The old man said last night after I had picked up a rather long phrase "Bon bon et commandant" due instruction parlez vous Francaise," meaning "Good, good, the commander will learn to speak French in two weeks." They are all Catholics here. They have a beautiful church constructed in 1822. I am going to church tomorrow.

You should see these people harvest their crops. They have big two-wheeled carts and work two horses tandem. They walk and lead the horses. Dairies are the funny things. They mostly milk goats and they start a herd of goats down a village street. When they get a call for milk they ring a bell and the herd stops. The dairy man milks one and delivers the milk and starts his herd on.

Colonel Bloor is quartered in a wonderful old chateau or castle. It belongs to a Count Etenne who is one of the supreme judges in Paris. It has the most marvelously furnished rooms. An artificial lake filled with fish of all kinds. Lots of water fous, a built up bathing beach and surrounded by a thousand acres of dense forest used as a private hunting reserve. Major Test killed a deer since coming here. Wonderful paintings in the house and costly tapestry and the most peculiar custom of all is the absolute multitude of servants, male and female. All they had to do is to draw their own breath and swallow their food.

An order is out here that all officers now wear the regular insignia U. S. so that there are no longer any distinctions between National Guard, National Army and Regulars. This is the wisest thing that has been done. It will do away with much jealousy and bickering.

I am near the largest railroad centers in France. Many German prisoners are cleared through here and we see many interesting sights. Prisoners recently captured told their captors that Paris had been blown off the earth, that there were only 500 Americans in France and it took a convoy of 24 battleships to get them past the submarines. That these 500 were starving and that America was demanding their return and that the submarines had complete control of the sea so that thousands of people in England were starving. They were taken through Paris and down the American lines and shown the masses of white bread and other foods and the thousands of troops and then taken to a port and saw an American convoy come in and when they saw

There Is a Reason Why

Reason No. 1

At the Little Dry Goods Store you find quality, Style and Low Price. Goods of national reputation.

Reason No. 2

We Sell for Less and Spot Cash. You don't pay for credit extended to some fellow who did not pay his bill. Pay Cash, Pay Less.

Reason No. 3

Your dollar is more thrifty in our store. You get your full money's worth.

Reason No. 4

After buying your goods at the Little Dry Goods Store you have money left to give to the Red Cross, buy Thrift Stamps and Liberty Bonds. You will be able to do your bit to win the war.

Reason No. 5

Where your hard earned dollars will buy more goods. We have bought for Less, we sell for Less.

Reason No. 6

We bought 6 to 12 months ahead. We have our goods bought for Less, our Spot Cash, One Price System, our Small Profit enables us to Sell for Less.

Reason No. 7

We treat everybody alike. Spot Cash to all.

Reason No. 8

Little Dry Goods Store is the place most people trade.

Reason No. 9

Little Dry Goods Store is Clarendon's only One Price, Spot Cash. Dry Goods Store, where everybody is treated alike, Spot Cash to all.

Reason No. 10

We are selling our goods for less money than they can be bought at the present market price. Visit our store and be convinced. We bought for less, we Sell for Less and Spot Cash to all.

Little Dry Goods Store

WHERE MOST PEOPLE TRADE

MARTIN CLIPPINGS

This vicinity has been blessed with another rain.

A great revival meeting has just closed which was conducted by Rev. Kenneth Pope. My, what a great preacher he will make, as he is now only 16 years of age. We think him a God sent, a preacher not daily sent. Also Brother Fisk and Brother Foote, Jr., such great soul seekers. Martin will never forget about 21 souls having been saved under their great work. So you other college boys step forward and work for the Master. I think if all of the preachers were so gifted and co-workers for the Master as these little boys the kaiser would soon call for peace as his heart and soul would be full of religion.

C. A. Burton and wife, Misses Mena and Pansy Lane, and Miss Mabel Betts, motored to Amarillo Sunday to visit Miss Mattie Eva Lane, who is rapidly recovering from an operation in the hospital at that place.

at home and giving these ruinous parties, our country will soon be filled with great workers for the Lord. I think that a nice singing and prayer meeting, a musical entertainment or something of the kind, that is for all church workers will do for the young people as well as the older christians. Let our light shine. Now is the time for parents to lead their loved ones on the right path, so let us all step forward and worship together.—Contributed.

ATTENTION

All parties who have signed monthly pledges to the Second Red Cross War Fund please pay same to Mrs. B. L. Jenkins, treasurer of the Donley County chapter of the American Red Cross. She may be found in Dr. Jenkins' office any day in the week from 8:00 a. m. to 7:30 p. m.

An Order of Groceries

means that you are paying out good, hard money. An order of groceries should always give satisfaction. And if you buy your groceries at our store we know that you will be pleased with every order, for that is the way we do business. Try us with the next bill.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The merchants who are advertising in The News are getting the first fruits of the big fall business they are beginning to enjoy. They'll get the last fruits, too.

September 28th is the beginning of the Fourth Liberty Loan campaign. Have it all figured out, just what you intend to buy and be sure you are willing to do your full duty to the boys who have risked their all on the bloody fields of France. Let's finish our quota the first day.

Last Friday was another "Friday the Thirteenth," but for The News man, he has always considered it a lucky day. Just an example—it was on Friday the thirteenth of July, 1917 that he arrived in Clarendon to make his home among this good people. Of course others might claim that it was still "Friday the Thirteenth."

Some poor sports down state who entered the July primary with full knowledge that women would participate are now going into the courts to contest the selection of their opponent, claiming that women had no right to vote. The News man has made known his position on suffrage for women time after time and without any qualifications whatever, but right here we "raise up" to say that we have open contempt for a fellow who entered the primary with his full sense and with his eyes open and now does the baby act by going into the court to try and prove that "it wasn't fair." Men gave primary suffrage to women and whether we like it or not, it is as fair for one candidate as another. With the records that some candidates have they are not fair to themselves when they offer for office, anyway.

If you hear of a neighbor who didn't get his usual copy of The Clarendon News, ask him if his time isn't out. Under the new government order we are discontinuing subscriptions when they have expired and following another injunction from the government to save paper, we will not give notice of expiration hereafter. The best notice that can be given is for the paper to stop. We believe that the home paper is entitled to the same treatment as the city papers. When your time is out you don't get any more. We appreciate our large list of readers, but unless they appreciate The News enough to come in and pay for it, we will worry along without them somehow. Don't get sore if the paper stops when your time is out, any more than you do when the grocer refuses to let you have over two pounds of sugar per month.

After December the first there will be no more beer manufactured in the United States. The News believes that the beer made on November 30, 1918, will be the last beer ever made in this nation and our satisfaction over its suppression is only exceeded by our wonder that it has taken an enlightened people so long to stamp out such an evil from this land. Recently a great scientist accounted for the brutishness and cruelty of the German people by the long years of beer drinking in that nation. He said that no other intoxicant so completely brutalized the drinker as beer, and cited the difference in the worst natures of other nations who drink wine, whiskey, etc., to prove that the German's beer is largely responsible for his brutal and inhuman crimes. America is finding herself. She is putting away those things that have robbed her peoples of joy, strength and the inheritance of clean manhood. She is exalting those virtues of thrift, unselfishness and brotherly love. She is preparing plans that shall vouchsafe every boy and girl a fair education. She is approaching that goal of humanity when the lion and the lamb shall lie down together, when the hellish works of the Devil as exemplified by the house of Hohenzollern shall be confounded and scattered to the four winds of heaven—when all activities of man shall look to the betterment of the race and the happiness and welfare of all mankind.

Sam P. Harben, editor of the Richardson Echo and secretary of the Texas Press Association was here Wednesday morning en route home from a six weeks' vacation in Colorado. He was accompanied by Mrs. Harben and their son, Carson, and all seem full of "pep" after their stay in the mountains. Sam is the only newspaper man who runs a drug store, a telephone exchange, has bank stock, owns black land farms, supports the latest model speedster auto and brags of an occasional attack of the gout. With all that he is the most popular man in the entire association and a prince of good fellows. As assistant secretary of the Texas Press Gang, The News man has been most intimately associated with him and in an organization where Sams are plentiful, Sam Harben is the biggest and best of the bunch. During his stay in the mountains he grew to the size of a papa grizzly.

County Agent Bennea has gladly agreed to assist in making preparations and arrangements for the Donley County Agricultural Exhibit at the Cotton Palace this fall. If you have any extra special specimens, tell him of them and save them for the big exhibit. It will mean hundreds of new settlers here and thousands of dollars for Donley county.

The rain Sunday night was the finishing touch to our wonderful crops in Donley county. Travelers who come this way are enthusiastic over the heavy crops of this county and it is well for us to be thankful that we live in such a blessed land when others so near are suffering from the ravages of drought.

FORGOTTEN

There is one thing that a quitter should never begin, and that is advertising. Years ago Kendall's Soapine, Pyle's Pearline and Dobbins' Electric were about the best known soaps on the market. Today they are practically forgotten.

As lads we wore Mundell's Solar Tip Shoes. We couldn't stuff them out. They were well advertised—but how many shoe dealers know of them today?

How many remember Hecker's fat boy and the famous self-raising pancakes.

Athloporos, Brown's Iron Bitters, St. Jacob's Oil—only old timers ever think of asking for them. And the old timers are dying off at their predestined rate.

Bull Durham is now off the market—for how long no one knows.

It's chief asset is good will.

Suppose the war lasts five years more. Suppose not a dollar were spent for Bull Durham publicity in that time—how many are likely to ask for "Bull" five years hence?

It is entirely possible for some other, by advertising, to usurp its popularity in the meantime. What, then, would be the shrunken value of its tremendously valuable name?

It will be interesting to watch the strategy of Bull Durham from now on. It is unlikely that the owners of "Bull" will permit it to sink into complete oblivion.

Any business that was well known yesterday undermines its future if it quits advertising today. There is tomorrow to be provided for and, no matter how big a business may be or how well it may have been advertised tomorrow is no time to resume. The current is too swift for anyone to think that he can pick up anything that has been allowed to drop overboard.

More than that, stoppage effectively helps the insidious German propaganda for commercial supremacy after the war. In this light it means that either Germany's business must be crushed or yours will be.

Think it over—from "The Eclipse," house organ of the Eclipse Electrotype and Engraving Company, Cleveland, O.

IF—WHY NOT?

If coal will win the war, why not save the 60,000,000 tons used by the saloons last year?

If food will win the war, why not save the 3,150,000 bushels of grain used for brewing last year?

If transportation will win the war, why not save the 157,915 cars used to transport beers, wines and liquors last year?

If ships will win the war, why not quit sending abroad the 1,677,777 gallons of whiskey we withdraw for export last March?

If labor will win the war, why not put to work at some essential industry the 100,000 bartenders and 54,000 brewery workers now in this country?

If money will win the war, why not spend on something useful the \$2,000,000,000 we spent on drink last year?—The Independent. (New York.)

NEW PASTOR HERE
FOR LUTHERANS

Last Sunday was a joyous day for the Lutherans of our community. Their new pastor, Rev. J. H. Kollmeyer was installed as the regular minister here, succeeding the Rev. H. Kilian, who left some six weeks ago. They will have services every Sunday in the English language. They extend a cordial invitation to all to come and worship with them.

A HURRY UP CALL FOR BELGIANS

Here is a chance for the Southwestern Division's chapters to demonstrate their usefulness and efficiency in prompt and hearty response. The destitute of Belgium and northern France need your share of clothing.

Back of the German wall that has hemmed in Belgium and a part of northern France, 10,000,000 human beings look to us for clothing as well as food. We, who are well clothed, can hardly appreciate in what dire need these people are for lack of necessities. Stocks of clothing and raw material are long since exhausted. There are no imports other than those the commission for relief in Belgium has been permitted to make and these never have been sufficient. The world is now short of both clothing and raw material, so the commission can no longer purchase what is needed. But YOU can GIVE it.

Every household in the land has some spare clothing, worn or outgrown, of little use here, but desperately needed by the destitute over there. This extract from a letter of a well-to-do lady of Brussels shows the conditions exactly.

"Perhaps you will laugh when you hear that I wear a cloak made from my husband's garde civique overcoat, a waist made from his football shirt, and a skirt made of a dyed bed sheet. Mother had a suit made of the tablecloth. J. and M. have cloaks made of woolen blankets, and S. a dress made of burlap. But all this is only amusing in comparison with the wretchedness of the population. After all, we remain calm and confident of victory."

A recent Brussels advertisement says: "I will give up to 125 francs (\$25) for new or worn bed sheets." There is an immediate need for every sort of garment, blankets, sheets and shoes.

The very wonderful results of the clothing campaign of last March assisted in helping to meet the demands, but when we realize that there are 10,000,000 inhabitants in the occupied regions, most of whom must look to the outside world for protection against the rigors of winter, it is seen that we cannot send too much. As long as the war lasts, Belgium and occupied France must depend chiefly on America for aid. To insure the steady supply of garments which are so much needed, we appeal again to the generosity of the American public to give and give largely.

Donley county's quota is 500 pounds, and this is to be collected and sent in during the week from September 23 to 30 inclusive.

The Kind of Garments Needed

Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm, canton flannel and other kinds of cloth from which to make garments for new born babies, ticking, sheeting and blankets, woolen goods of any kind, and gowns of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

Garments Needed—Men's Wear
Shirts (preferably of light colored flannels.)

Undershirts, underdrawers, trousers, coats, work suits (overalls), suits (three-piece), pinafors, shoes, overcoats, jerseys, sweater-vests, socks (size 10 to 12 and 11).

Women's Wear
Skirts, drawers, corset-slips, petticoats, blouses, skirts, overcoats, suits (two-piece), pinafors, shoes, cloth hats, knitted caps, stockings (sizes 7 and 8).

Boy's Wear
Shirts, union suits, undershirts, trousers, coats, suits, shoes, overcoats, jerseys, socks (sizes 1 to 9).

Girl's Wear
Dresses, skirts, overcoats, night-dresses, drawers, stockings (sizes 1 to 6), undergarments, petticoats, suits (two-piece), blouses, shoes.

Boys' and Girl's Wear
Hooded caps, pinafors, woolen union suits.

Infant's Wear

Swan-skin swaddling clothes, cradle chemises, bodices, cradle dresses, sweaters, bonnets, bibs, neckerchiefs, diapers, shoes, baby dresses, hooded cloaks, jacket, shawls, socks.

Miscellaneous

Bed-ticks, bed sheets, pillow cases, blankets, muffers.

Woolen goods of any kind whatsoever are acceptable; soft hats and caps for all ages, and sweaters of any kind and size.

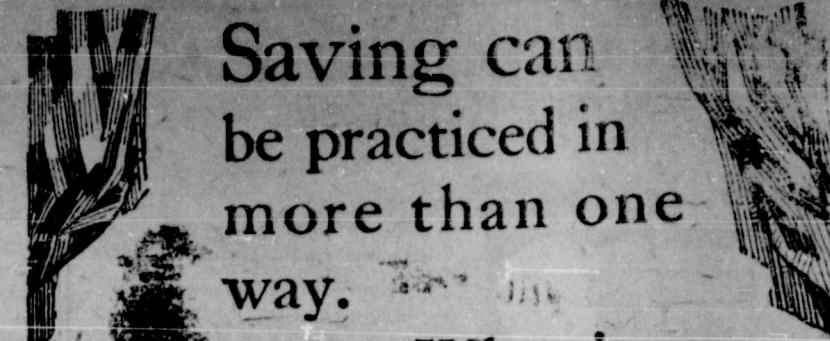

Do Not Send

Garments of flimsy material or gaudy coloring, ball dresses, high-heeled slippers, etc.

Stiff hats, either men's or women's

"Marquette" Suits For Ladies

Embody everything "good" in suits—both model and fabric. Scores of ladies have already seen them and many good models are gone. But we are still showing a beautiful assortment. If you have not seen them, pardon our insisting that you see them—we know you'll like them.

Saving can be practiced in more than one way.

When it comes to clothes for boys, the best way we know is always to buy XTRAGOOD

There's more value to the square inch in one of those suits than any other we've ever seen.

Priced up from \$12.50

And as to clothes for young men up to 45 years, we are at a loss for superlatives to use in talking about

"Society Brand Clothes"

There is a particular type to meet the proportions and age of every man. Let us show you yours.

Miss Grace Bugbee left Saturday night for Blue Mountains, Miss., where she will reenter school. Miss Bugbee spent Sunday in Fort Worth with her aunt.

Mr. and Mrs. Paul L. Maricle were here from the ranch near Hereford, Fourth and Parks Sts., Clarendon, the first of the week, visiting at the homes of their grandmother, Mrs. J. R. Letts, and Arthur Letts.

J. E. Watson and family of Hobart, Okla., visited here the past week with his brother, O. C. Watson of the firm of Watson and Antrobous. Mr. Watson is wonderfully pleased with this part of the country.

B. F. Maricle of Boston, was a guest at the home of Mrs. J. R. Letts the past week. Mr. Maricle will spend several weeks on the ranch near Hereford with his son, Paul Maricle, before returning home.

Fire was discovered Monday night just before 11 o'clock in the rear of Fred Johnson's tailor shop and the feed storage room of Leathers & Ledbetter. The fire caught under the floor of the feed storage room and evidently was the result of spontaneous combustion. The loss from fire and water is reported as pretty well covered by insurance.

The News regrets to chronicle that last week Miss Mattie Eva Lane, who left here a few weeks ago to teach music at Hereford, was stricken suddenly with appendicitis and was being brought back here for the necessary operation, when her condition became so critical the physicians were forced to stop at Amarillo and do the operation there in order to save her life. Miss Mattie Eva is recovering nicely and will be home in a few days. She will not return to Hereford and will spend the winter here among her many friends who are glad to have her home again.

A UNIQUE RECORD

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Clarendon acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

W. H. Martin, retired merchant, Fourth and Parks Sts., Clarendon, says: "I began using Doan's Kidney Pills, which I procured at McKillip's Drug store about two months ago and they relieved the pain and lameness in my back. I think my experience warrants my recommending them. They certainly are a good kidney medicine."

Lasting Benefit
Over four years later, Mr. Martin said: "I have the same faith in Doan's Kidney Pills today as when I first gave a recommendation for them. I haven't had occasion to use them since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Martin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

CHRISTIAN MEETING CLOSES

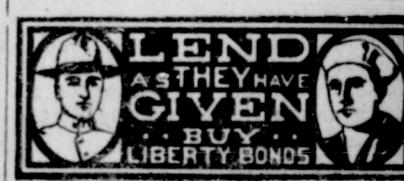

The meeting at the Church of Christ conducted by Elder J. W. Chism, closed at the church house of the First Christian church at 4 o'clock last Sunday evening when four were baptized. There were nine baptized during the meeting. Elder Chism is an able speaker and his sermons were enjoyed by all who heard him.

PATHFINDER CLUB

The Pathfinder club will hold the first meeting of the year with Mrs. Burton, Friday, September 27. All members should make an effort to be present.

THREE RED CROSS MEETINGS IN TEXAS

Conferences on Red Cross activities and policies will be held in three Texas cities this week. All Red Cross chapters in Texas will send representatives and all division directors will attend. On September 16 and 17 a conference will be held in Galveston, on September 17 and 18 in San Antonio and on September 18 and 19 at

Dallas. On September 20 and 21 a similar conference will be held in Little Rock.

Price Interpreting committee for Donley County

Traveling by Music

Do you ever yearn to visit strange lands? Does the unrest, the longing for adventure ever seize you? Do you pine for the tropics' starry night, the waving palms and the trade-winds blowing cool against your brow? Or the magic mystery of the East, the crowded bazaars where the treasures of the Orient are spread before you—do you ever feel their call?

Music will transport your soul wherever you desire to send it. The lilt of the danza will take you South in an instant, laying before you the gay romance of the pleasure-loving Latins. Or the haunting, hovering chant of the Hindu will bring to your senses the calm inscrutability of the Temples, the scent of sandalwood, and the riotous color of the markets.

Music, in its appeal to the emotions, knows neither the limitations of time nor space.

You may travel in music if you wish. The entire realm of musical art is at your disposal through the medium of

The NEW EDISON "The Phonograph with a Soul"

The music it yields is the Re-Creation of the living music of the world's greatest artists. It will open to your soul the secrets of the peoples of the world. Its language is universal—you will understand them all through music.

Come and we will freely demonstrate the New Edison at your pleasure.

Report of director of woman's work, , August, 1918:

I beg to submit the following report for the month of August, 1918:

Woman's Work for August

Surgical dressings made in chapter work room, 2,594; gauze dressings made by Hedley branch, 38; muslin bandages; total, 2,627.

The garment committee inspected 51 garments during the month.

Report of refugee garment committee: Made and donated by the Catholic ladies, 28 aprons and 13 petticoats.

Made by Miss Helen Bugbee, 30 children's sets.

Martin junior work, 12 child's skirts and 4 aprons.

Hedley branch refugee work: Fifty children's petticoats, 10 C-skirts, 40 women's aprons, 2 W, petticoats.

Junior box—9 pillows, 8 pillow cases, 2 quilts, 6 diapers, 4 boxes gun wipers, 1 box tinfoil, 12 small shot bags, 6 large S. B.

Report of knitting committee:

No yarn received for distribution. Two shipments of finished garments were made including 34 sweaters, 104 pairs of socks, 1 helmet and 1 pair of wristlets; total, 140 garments.

Report of packing committee:

Packed and shipped, 3 boxes of surgical dressings, 2 boxes of knitted articles, 1 box hospital garments and 1 box of refugee garments.

MRS. TOM KENNEDY,
Director of Woman's Work

INQUIRY FROM FIVE STATES IS AROUSED BY HER STATEMENT

People from Florida, Texas, Georgia, Alabama and North Carolina Write Mrs. O'Connor Regarding Tanlac

"If anybody had told me that there was a medicine that would make me gain eight pounds in 10 days I could not have believed it, but that is exactly what Tanlac has done for me," said Mrs. John O'Connor, 338 East Oldham street, Knoxville, Tenn., a few months ago.

"For the past five or six years," she continued, "I have been in a rundown condition from nervous indisposition. I had no appetite and lived on the lightest diet. My head ached most of the time and I had awful dizzy spells. My nerves were worn out so I could get very little restful sleep. I was troubled with a bad case of catarrh that I couldn't get rid of and felt miserable day in and day out."

"I began to feel better right from the time I started taking Tanlac. My appetite is fine now, I can eat and digest anything and am gaining in weight. My nerves are quiet and I sleep like a child at night. The catarrh does not bother me like it did and I am strong enough to work every day."

In another communication received recently, Mrs. O'Connor says: "People from Texas, Florida, Georgia, Alabama and North Carolina have written me asking about Tanlac and it has been a pleasure to me to recommend it."

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by F. T. Tomlinson Drug Co., and in Jericho by O. C. Brown.

When "Big Chief" Henry Wolf went into the army from his Cherokee reservation in Delaware county, Oklahoma, he did not know a word of English. That was last March. Now he carries on a fair-sized conversation with his pale-face brothers in khaki, for he has been studying English in one of the army Y. M. C. A. classes.

THE NURSE'S KISS

An Indianapolis officer, writing from a hospital in France, tells how

a French officer pinned a war cross on his pajamas, and how, without any warning, one of the nurses hurried to his bedside and planted "a nice rosy kiss on the ugly mug of yours truly."

There is no reason to believe that this is a love affair. Doubtless it was a proxy kiss—it represented the feminine members of his family.

Fiction nurses have been of one kind. In the illustrations they were strangely beautiful. Always their hands were cool and their uniforms fresh.

Some young millionaire had been picked up and carried to the hospital, where the nurse fought for his life—grim death stalking just behind the door. His identity was not known, but he was a man, wide of shoulder, and small of girth. He had a flat back, and his close-cropped hair was inclined to be curly. By and by he became rational. The first thing he realized was the cool touch of the nurse's hand on his feverish brow.

But why continue? He always married her and they lived happily ever after.

Much has been heard about the splendid service of American nurses in France. They have worked in dangerous territory and under conditions that would appeal to the average man.

They have had the courage to do what they went over there to do, and they have made a grateful country their perpetual debtor. There was so much discipline and so much need for haste about their work that romance has not had much chance.

Military etiquette does not provide that a kiss shall be given with each hot water bottle.

Yet there is nothing so soothing sometimes, and nothing better calculated to take a patient's mind away from his aches and pains. Perhaps the future will bring forth the story from France that some of the nurses have

been decorated for distinguished services because they knew when it was proper to kiss a patient and when it was needful to give him a dose of medicine.

Much has been heard about the splendid service of American nurses in France. They have worked in dangerous territory and under conditions that would appeal to the average man.

They have had the courage to do what they went over there to do, and they have made a grateful country their perpetual debtor. There was so much discipline and so much need for haste about their work that romance has not had much chance.

Announcement To My Friends and the Public Generally

I take pleasure in informing all my friends in Donley County and the Panhandle, and all that may be interested, that I have opened a real estate office in the H. B. White building, up stairs, and have also moved the County Treasurers office to the same place until the expiration of my term of office. I do not need to tell you that any and all business that you will give me will be fairly, promptly and honestly attended too.

If you have any land, houses or lots to sell or trade come to me, and we will do business.

E. DUBBS & CO.

TEXAS UNIVERSITY FIRST IN WAR ACTIVITIES

UNIVERSITY BUILDING—RADIO STUDENTS

Austin, Tex., Sept. 19.—The war activities of the University of Texas, have progressed until they are now far greater than those of any other educational institution in the United States. This statement is borne out by the official records of the universities and colleges in the matter of training men for the army. President R. E. Vinson of the University since the declaration of war has devoted his time and energy constantly toward building up a military training establishment here. Many of his ideas along these military educational lines have been adopted by the war department and are now in practice by educational institutions over the country. It is stated by Dr. Vinson that notwithstanding the big scope of its military schools all departments of the university will be open and conducted as usual at the coming regular session. There may be a modification or readjustment of some of the courses to meet existing war conditions. The constructive ideas of Dr. Vinson which paved the way to the establishment of the different military schools at the university met with the hearty support of the board of regents of that institution. He devised the plan by which an expenditure of nearly \$1,500,000 will have been made for buildings and equipment for these military schools, reimbursement for this expenditure to be obtained from the federal government by the feeding, housing and instruction of the students by the university.

The latest addition to the military vocation schools of the university will be situated just south of Austin upon a tract of 310 acres of land, where there is now being erected an administration building, six barracks buildings and a mess hall. All of these will be of brick construction of permanent type. They will be occupied by the radio school which the university is now conducting. Besides these buildings four hangers for airplanes will be erected. The cost of the improvements will be approximately \$450,000, it is stated. This will be borne by the university which will be reimbursed later by the government for the outlay. The radio school of the university was established several months ago and has been conducted in the engineering building of that institution. When the new plant is finished the attendance will be increased from 400 to about 4,000 and the course of training will be enlarged.

In addition to this war work, the university recently completed the construction of a number of brick barracks, administration, shops and lecture buildings, and mess hall at Camp Mabry, for the accommodation of the school of automobile mechanics which it is conducting for the government. These buildings were erected at a cost of about \$500,000, and plans have just been adopted for the enlargement of the school by additional buildings and equipment which will cost about \$130,000. The attendance at the school of automobile mechanics is now about 3,000 and it will be increased to about 6,000 when the new buildings are finished.

The university is also conducting a school of military aeronautics, with an attendance of about 1,200, for the government. It expended \$167,000 in buildings and equipment for that school. Advices just received from Washington are to the effect that the school of military aeronautics here is to be greatly enlarged. This may necessitate the erection of additional buildings by the university. A tie plant to cost \$50,000 is to be built at that school.

The university has also taken over the theological seminary at Austin and is converting it into a modern military hospital at a cost of about \$100,000. Besides its other war work, the university will conduct a student's army training corps, beginning with the opening of the coming regular session of that institution. More than 2,700 students and former students and about 50 members of the faculty of the university are in the army. Most of them are already in France. Several hundred of these young men went through officers' training camps and received commissions as officers.

Agent C. H. Wisdom was in Childress Monday of this week attending the regular monthly meeting of the Safety First committee of the Denver Railroad, of which he is a member.

Military Training In The West Texas State Normal College

President J. A. Hill and Professor D. A. Shirley of the West Texas State Normal College have just returned from Fort Sheridan, Ill., where they attended a conference of U. S. army officers and college officials. As a result of that conference the state school at Canyon makes the following announcement to the public:

1. The West Texas State Normal College has been designated by the United States War Department as a station for military training and will proceed to provide equipment, barracks, etc.

2. The War Department will detail a United States army officer to open a training camp here about October 1, and continue same indefinitely.

3. The United States government will furnish free tuition, board, clothes, and pay \$30 per month to all who enter.

4. All men who are 18 years of age or more and have completed a standard high school, or who can pass college entrance examinations are eligible.

5. Boys under 18 years of age who have finished the high school course will receive free military training. Further remuneration can not be promised at this time.

6. Boys over 18 years of age who have not finished high school and who can not pass college entrance examinations may take the military training free of cost, but the government will not now make any promise of other remuneration. In case this institution should be designated as a vocational training school, such boys might then be placed upon exactly the same basis as others.

7. Boys will all live in barracks and will be under military discipline 24 hours per day, seven days per week.

8. Boys will be required to do 13 hours per week of military work, and three hours of recitation on our "War Aims." It is desirable that all boys take French and technical English. Military instruction will consist of rifle shooting, bayonet training, physical drill, and close order drill.

MARRIED AT HEDLEY

his definition of war, and we also agree with Mr. Wrigley in his statement that WE MUST WIN THIS WAR and that until we do nothing else really matters.

In this connection, we may be permitted to remark that newspaper space is receiving earnest attention in these days of momentous news, and that the columns of The News are more valuable than ever, in stimulating good will and in maintaining the prestige of the goods, the trade marks and names set forth therein.

Selah!

We agree with General Sherman in Rev. E. G. Burton preached at Henderita Sunday morning and night.

Save 25 Per Cent On Your Machinery

HOW?

Build an implement shed. Paint your implements. Uncle Sam needs all the material and labor for airplanes and submarine chasers and other war machinery. Don't add to the load by letting your machinery GO TO THE BAD for lack of paint and shelter.

NECESSARY IMPROVEMENTS FIRST

CLARENDRON DRUG COMPANY

THE PUBLIC SCHOOLS

As was stated by The News last week, the opening of the public school was unheralded by any public speaking or demonstrations at the buildings further than the simple business proposition of classifying pupils properly and starting the school with the proper organization. Splendid progress has been made so far as to the organization and distribution of pupils and the assignment of work.

It is not the intention of the superintendent or any one in authority to allow the efficiency of the school to decline in any manner. In fact the intention is to make the school work more effective than ever before. The public school system of Clarendon is probably the largest business enterprise in the town. More people are employed, more money expended, and more people effected by the public schools than any other enterprise in the town and as such should receive the most careful attention of the people.

In point of ability and experience the teachers of the high school are a strong line up and they have the work of the school at heart. In the intermediate grades, the teachers are poring themselves good workmen, although of fewer years experience. In fact the enthusiasm of the young teacher often offsets the experience of the older teacher.

In the grammar school building the work is already well organized under the management of a careful well trained principal, and body of teachers. Everything seems to indicate a successful term. In this building the attendance is large, some of the rooms are already full to the limit. This is also true at the high school building.

Owing to the fact that it has been necessary to transfer pupils from room to room it has not been possible to get the exact number enrolled which will probably reach 600.

In the high school some unusual conditions exist. Both the senior and junior classes are unusually small while the freshman and sophomore classes are unusually large. Both of the last named classes are so large that the best interests require them to be divided into sections. Large boys in the high school are fewer than heretofore.

In point of efficient work the public schools of Clarendon probably never were in better condition than at present. The matter of making the public schools effective during the war has been receiving much attention from the national commissioner of education. Clarendon school authorities are not unmindful of this matter and will endeavor to keep the schools up to the best ideals of the profession.

CALL FOR WOMEN WORKERS

The new man power bill has been signed by the president and notice has gone forward that on September 12, 1918 approximately 13,000,000 males between the ages of 18 and 45 inclusive registered for the purpose of being drafted into the military army. Out of this number only 2,500,000 men will be used on the fighting line; the balance, approximately 10,000,000, will be given a furlough in order that they may join the industrial army and engage in war work consequential to maintaining and equipping our military forces with the necessary pre-requisites of war. This furlough will, in all probability, be for the duration of the war unless the conditions upon which the furlough was granted are abused by a refusal to do war work or quitting war work without leave of absence. In either case the industrial soldiers will be recalled, inducted into the military army and sent to the fighting line.

Men accepting war work under these provisions will be allowed civilian pay, at wages prevailing in the particular trade or industry they engage in.

From this proposed new industrial army of 10,000,000 must be deducted for calculating purposes those that are now engaged in war work together with those that will be excused on account of physical disability, an estimate, difference of 50 per cent, leaving only 5,000,000 new war workers for the industrial army; whereas, it will require a minimum of 15,000,000 to maintain the 2,500,000 additional military force to be inducted into service through this draft—a shortage of man power beyond the 10,000,000 mark. What is the answer? A woman's working reserve corps.

15,000,000 to 20,000,000 women will be required to fill the shortage in war work and semi-essential industries vacated by men who have been inducted into either the military or industrial army.

Every able-bodied female, without encumbrances more vital to humanity than war work, should be induced to take up war work according to their physical resources and educational qualifications. This can be accomplished only through organization. Are you willing to make a few personal sacrifices in assisting the government to organize in your community a branch of the women's working reserve corps?

H. W. LEWIS,
Federal State Director U. S. Public Service Reserve.

To Lend the Way They Fight.

Dedicated to Our Boys "Over There"
By the Central Liberty Loan Organization Eleventh
Federal Reserve District.

To lend the way they fight—for me,
What splendid lending that would be!
Such radiant strength of heart and hand
Lights up the waste of No Man's Land!
Such scorn of danger as they go
With smile and song to meet the foe,
Such zeal to know the VICTORY won,
To know a soldier's duty done;
To lend the way they fight—for me,
What splendid lending that would be!

To lend the way they fight—for me,
What selfless lending that would be!
For ever through the battle's haze,
The bullets' hail, the field-guns' blaze,
They dream of home and love and life,
Of child and mother, sweetheart, wife;
For these they fight and laugh at pain,
And blind with blood fight on again;
To lend the way they fight—for me,
What selfless lending that would be!

To lend the way they fight—for me,
What glorious lending that would be!
For ever with them as they fight,
Flames out the great white sword of Right;
And up above the bursting shell
The pall of smoke, the war's red hell,
It writes some message in the sky,
That makes it even sweet to die;
To lend the way they fight—for me,
What glorious lending that would be!

CASH AND CARRY

We are still making attractive prices on most everything in the Grocery and Fresh Meat line and will save you some money.

Miss Lois Reavis was in Clarendon shopping last week.

J. F. Banner of Rotan has accepted a position with J. B. Annis.

RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this line of Red Cross Remedies.

This is an age of Specialists, and while one may have distinguished achievements to his credit in one particular line, another is excelling in something else. That very thing makes it possible for us to have a Red Cross Remedy for each ailment, and enables us to give the consumer more than we promise or charge for.

Each formula is compounded with as much care and precision as if our entire success depended upon that one Remedy. That's why NEUROTONE repairs shattered nerves, and Red Cross STONE ROOT and BUCHU puts your kidneys in a normal and Healthy condition.

Red Cross Remedies are not Patent Medicines. The formula is printed on each carton in plain English, so that you know what they are composed of and what you are taking. More than one hundred Red Cross Remedies and Toilet Preparations are sold and guaranteed only by
