## DONLEY COUNTY'S QUOTA IN 4TH LOAN DRIVE IS \$262,800

### COUNTY-WIDE ORGANIZATION TO COMPLETE QUOTA ON OCT. 12

Thursday afternoon of last week Judge J. H. O'Neill called a number of citizens together to discuss the plans for a close organization to put over successfully the Fourth Liberty Loan campaign. The meeting was called together in Tom Conally's Grain office and after an explanation of its purpose it was agreed that there should be a central committee consisting of seven members whose duty it would be to lay the plans and map out the work to be done by the local committees in the several school districts of the county. The committee as named consisted of F. E. Chamberlain, chairman; F. L. Bourland, J. T. Patman, Joe Goldston, Tom F. Connally, W. A. SoRelle, W. H. Patrick. After discussion it was decided to call a meeting of all the district chairmen of the county in conjunction with the central committee, Monday afternoon at 2 p. m. at the court house.

In the interim between the meetings the central committee met and outlined the various school districts' pro rata of the county's quota and named the chairman for each district. Accordingly Monday afternoon practically every school district in Donley county was represented at the citizen's meeting in the district court room at the court house. In the enforced absence of Judge O'Neill, the meeting was called to order by F. E. Chamberlain, chairman of the central committee, and on invitation of the chair, W. H. Patrick stated the purpose of the meeting and outlined the plans as worked out by the central committee for ratification at this meeting. The pro rata of each community was read and discussed and after some alterations the following percentage basis for the distribution of the county's quota was adopted:

Following is the percentages and chairmen of the districts:

- Glenwood, 20; J. C. Talley.
- Giles, 4.00; E. H. Watt.
- Lelia Lake, 9.71; J. C. Christal.
- Hackberry, .50; A. C. Arnold.
- Hudgins, 1.50; M. M. McCracken.
- Smith, 10; Jno. S. Smith.
- Jericho, .74; John Hermesmeier.
- Whitefish, .20; J. B. Thomas.
- Ashtola, 2.30; L. R. Shores.
- Bairfield, .65; Wint Bairfield.
- Martin, 2.05; A. A. Rhodes.
- Naylor, 1.00; T. N. Naylor.
- Bray and Hodges, 1.58; J. T. Bain.
- Sunnyview, 3.60; M. T. Crabtree.
- McKnight, 1.00; T. N. Messer.
- Wilson, 1.50; John Potter.
- Windy Valley, 1.70; J. B. Stogner.
- Chamberlain, 2.27; J. N. Neeley.
- Hedley, 14.08; J. G. McDougald.
- Skillet, .30; R. S. Thompson.
- Goldston and Plainview, 2.00; G. R. Grant.
- Clarendon, 49.09; Fred Chamberlain.
- Boydston, 10; W. S. Boydston.

W. T. Hayter presented the matter of just how soon would the county attempt to complete its quota and after expressions from the several districts it was decided to adopt Saturday, October 12, appointed Liberty Day by President Wilson's proclamation as the day upon which all districts are to complete their quotas. On this day workers will be pressed into service and in a number of communities public meetings will be called and no possible buyer of a bond will be excused from doing his duty. There is a new element in this campaign that has not entered in the campaigns of the past, which is expected to bring about immediate results and the quick bringing to terms of the slacker who is able to buy bonds and will not do so, or else tries to buy less than he ought. The Donley County Council of Defense, an authorized branch of the State Council, has authority to deal with these cases

and from the zeal and interest of its members there can be no doubt of its intentions to get results in the Fighting Fourth Liberty Loan Campaign. The whole military force of the nation is behind the Council of Defense should it be needed—but among red blooded men like the citizenship of Donley County there will be no appeal for outside aid in dealing with the local situation. A summons to come before this body will be no joking matter.

A late wire announces the quota of Donley County to be \$262,800. Hall County's is \$214,000.

### BEST DONLEY COUNTY RECORD

So far as The News has heard C. H. Riley holds the record for the best yield on two acres in Donley county, and we suspect hundreds of other counties. He prepared two acres for the planting of watermelons, cucumbers, canteloupes and sweet potatoes, not to mention a few rows of peas and has already marketed \$735 off the little plot and has enough yet to sell to make the total receipts run over \$800. After he has pocketed this neat little sum he will turn his hogs in on the land to pasture on the peas and his full profits will not be realized until he kills his porkers some frosty winter morning. There may be other Donley county farmers with better records, but if there be this is a standing challenge and The News will be more than pleased to make record of it. There is no use in any other county trying to match it.

### REGISTRANTS TO DRILL

The local board has instruction from headquarters to organize the registrants who may have to go into training camps into companies for drilling, and preliminary instruction before going to camp, in order that they may be not entirely green rookies, but have some of the bearings of soldier. All registrants desiring to at once enter these instruction companies, will see the chief clerk of the local board and have him list you for the work. The training will not interfere with your present employment.

The committee in charge of this work will be C. C. Powell, chairman, W. T. Link, S. M. Braswell, Frank Tresise and Paul Brown. These men know something of what is required of the soldier, and will be able to give instruction to the men so that they will be able to learn the rudiments of soldiery at least before they leave for training camps.

### CLARENDON GETS HER FIRST BALE 1918 COTTON

J. D. Thomas from the Ed McAdams place north of the river brought in the first bale of cotton for this season Tuesday afternoon. The cotton was ginned at the Clark gin and put on the market here Wednesday morning. The bale weighed 442 pounds and was purchased by M. W. Headrick at \$31.60. A cash premium was made up among the business men of the town to the amount of \$26.50. Mr. Thomas sold his seed also and reports that the proceeds, including the premium, from the lint and seed netted him a little over \$191.

Clarendon will offer, as usual, one of the best cotton markets in the Panhandle this fall and it will pay cotton raisers to bring their products here for marketing.

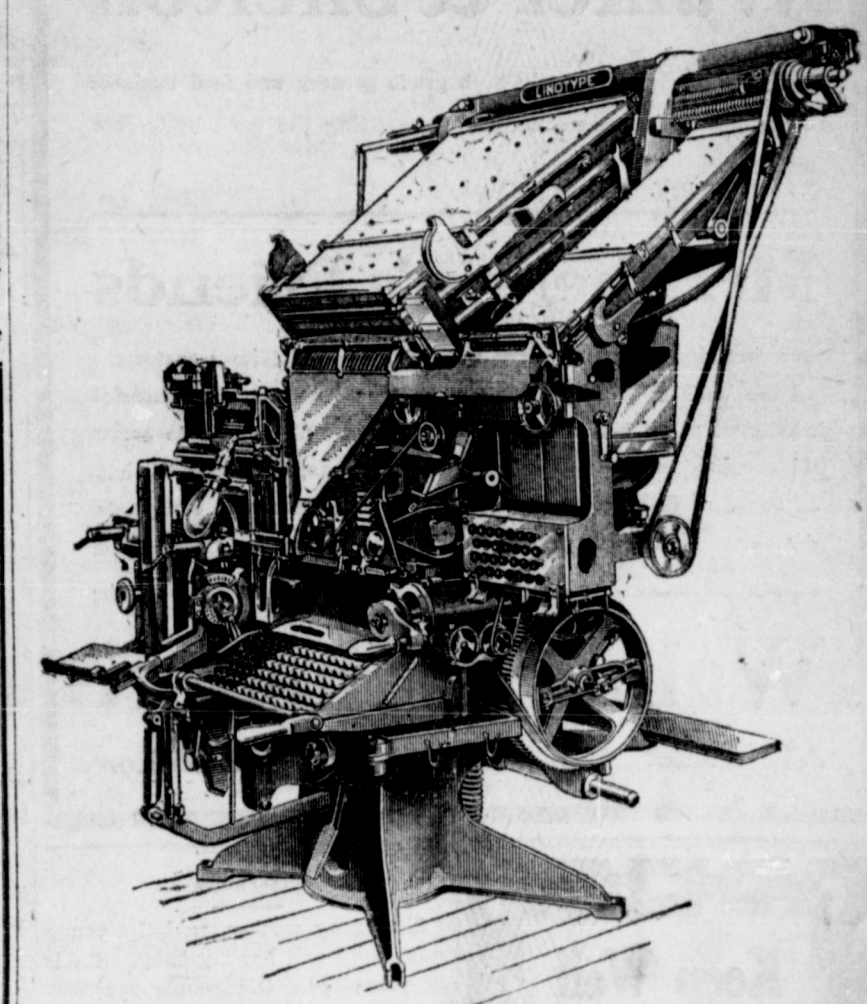

### TAXABLE VALUES FOR DON- LEY COUNTY SHOW GAIN

According to figures submitted by County Tax Assessor Naylor there has been a gain of \$300,412 in the taxable values of Donley county in the past year, with a corresponding increase in taxes for the county of \$1,432.09.

Following are the figures:  
 Values 1918 ..... \$6,409,453  
 Values 1917 ..... 6,109,041  
 Gain ..... \$ 300,412  
 Taxes 1918 ..... \$30,765.48  
 Taxes 1917 ..... 29,333.39  
 Gain ..... \$1,432.09  
 Our county is rapidly growing in wealth and citizenship and is rated as one of the progressive counties of the state.

## LATE MODEL LINOTYPE MACHINE INSTALLED BY CLARENDON NEWS

### MODEL FOURTEEN LINOTYPE DISPLACES OLD MODEL ONE

After having passed through one of the most complicated and most perfect pieces of machinery in Clarendon. The News decided early in the spring of this year to displace the old Model One Linotype and put in one of the latest and most versatile machines. Accordingly in the last days of April a deal was closed with the Mergenthaler Linotype Co. to ship up a Model 14 machine to arrive here about the first of September. The machine was shipped from the factory in Brooklyn, N. Y., on August 8, via Mallory Line to Galveston and with the expected delays arrived here Thursday of last week. After having completed last week's composition for The News on the old machine, early Friday morning the work of unloading and assembling the new machine began. The News is very fortunate in having a competent machinist as well as a good operator in the person of L. R. O'Kane, recently here from Las Vegas, N. M., and under his direction the great number of parts in the several boxes began to assume their rightful relationship in the making

of the most complicated and most perfect piece of machinery in Clarendon. Sometimes three days' time is required to set up and adjust the new and larger linotypes but Mr. O'Kane had the machine up and casting slugs Saturday afternoon—a record of which a factory man might well be proud.

The Model 14 is the last word in linotype construction. It surpasses the Model One in the ratio of seven to two in point of versatility and a hundred to one in time saving and general satisfaction. The old machine could only set two faces of type without change, but the new one is able to set seven faces with no changes the operator cannot make without leaving his seat. Whereas the old machine was essentially a straight news matter machine, The News is now able to put most of the advertising section of the paper up on the new addition to our plant, as well as do quite a bit of our job work. It is not a light matter to add such an investment to a plant in a town no larger than Clarendon, but The News management has an ambition to give Clarendon the BEST paper in Texas and having won third place with the old machine we fully intend to make it first with this latest and best addition to our equipment. To show the rank of the new machine it is well to remember that it is the latest model linotype between Fort Worth and Denver, except one of the same model at Amarillo and as ours is five months later it has a few adjustments not on that one.

Possibly the next reason we had in deciding to buy a Model 14 is that labor is growing constantly harder to secure and with the new machine the operator is able to do the work of another man over what was in the range of our old model. The News believes in Clarendon. It believes that there is nothing too good for her people and with such a belief and purpose to serve her well we are most happy to announce the

### You Should Buy Liberty Bonds

Nothing in the world really matters except the winning of the war. In order to do his full share toward winning the war Uncle Sam must have an unlimited supply of ready money to provide everything that our soldiers and sailors need.

LIBERTY BONDS will provide this money. LIBERTY BONDS are protected by the entire resources and credit of the United States Government and are therefore the best investment in the world.

Subscribe to the limit of your ability and remember that this bank will help you. Ever since the beginning of the war this bank has done everything in its power to co-operate with the United States government in all its financial activities.

## THE FIGHTING FOURTH

Has your boy or your neighbor's boy gone to France?  
Have you done your whole duty in buying bonds?

This is the greatest loan any government in the world has ever raised. America was discovered on October 12. Donley county wants to celebrate that day by raising our full quota by that date.

Hit this loan with your full strength while our boys are hitting the German lines. That's their part of the fight; this is ours.

## The Turning Point

Can you look back to some time that was a turning point in your life, possibly the turning point that placed you on the road to success?

Many successful people can do so, and nine cases out of ten that turning point came when they decided to start a bank account and save money. If you don't believe this, ask some of the successful men who know. How many prosperous men succeed without some connection with a good bank? Few indeed. We stand ready to help you.

### Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

### Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

### LOCAL RED CROSS NEWS

Please bring all clothing for the Belgians to the former Red Cross work rooms on Kearney street. W. T. Clifford will receive them. See Clarendon News (September 20 issue) for articles wanted and not wanted. All articles are to be sent in during the week of September 23 to 30.

The chapter school committee met Monday, September 23 and outlined the work for the coming year for the juniors. A very comprehensive program has been arranged by the national headquarters at Washington and sent out to all of the divisions with their quotas, which in turn send out directions to chapters with their quotas. There is much work planned for the boys this year and if an instructor or supervisor for them can be secured they can be of much service to their country in making splints, crutches, wooden legs, bed-side tables, tabourettes, boxes, etc.

### Home Service

Home service means courage and confidence to the fighting man—cheer and comfort to his family. While he fights for our homes we must safeguard his.  
Mrs. Burton, home service secretary, is in her office from 1 to 3 o'clock every Saturday afternoon at the Donley County State bank. At any other time phone her. She will be glad to render any assistance.

# The Way to Warmer Homes

## The Round Oak Square Base Heater Burns Cheapest Fuel—Prevents Clinkers

The powerful improved Round Oak hot blast converts that 38 per cent. of carbon in the smoke into heat units, which are directly radiated into the room. Ordinarily it goes up the chimney. This saving of 38 per cent. in fuel is very important; but when, on account of other and quite as interesting features, the Round Oak saves an additional 12 per cent., it instantly commands your favorable consideration.

Come and see the stove itself. See that absolute control is built into the stove, not simply assured. Discover why the patent cone center grate and double fire pot prevent clinkers, with cheapest fuel. Examine the extra-heavy cold-rolled boiler iron body. See the doorframes riveted on—gas tight for life. Ask the weight. When you see it, you'll know why it's the best buy.

### PUBLIC SCHOOL NOTES

A set of new song books for use in chapel are being put into use at the high school. The collection consists of patriotic selections, secular songs of various kinds, and a few sacred selections. The pupils enjoy them very much.

Through the courtesy of the Pathfinder club the superintendent has been enabled to purchase a set of American history maps for the high school. The set was paid for in part by a donation from this club, which has for a secondary purpose the assistance of the public school.

Superintendent Silvey's spare time has been employed during the last two weeks making out entrance credits for graduates of the high school who are entering the various colleges and universities of the country. Surely the country will not suffer in the near future for college bred students.

The senior class of the high school has 24 members, among them some students who have made splendid records heretofore, but it remains to be proven who will win the class honors. The officers of the class are: Leon Lewis, president, and Grace Truman Benedict, secretary.

H. W. Taylor presented the public school with some valuable books the past week. Among them a splendid leather bound set of Encyclopedia Britannica. Let others who have valuable books they do not need at home do likewise, and the public school library will be greatly benefitted.

The afternoon recess period has been changed so that it begins at 2:20 instead of 2:30 as heretofore. This is done so that the time assigned high

school classes can be better equalized.

Report cards for the first month of school will appear shortly. We hope parents will keep up with these during the present term and thus inform themselves as to the progress their children are making in their studies.

Red Cross work is to be begun immediately at both school buildings, as will the Thrift Stamp proposition. We want the children to be patriotic, as well as intelligent.

### LELIA LAKE LOCALS

E. L. Lewis made a business trip to Clarendon Tuesday.

Miss Lucile Ellis was a Clarendon visitor Tuesday evening.

Mr. and Mrs. Buster Conner made a trip to Jericho Monday.

Mr and Mrs. C. H. Ellis were Clarendon shoppers Monday evening.

Mrs. Melvin and Judson Cook and children left Saturday night for a visit to Erath county.

Mr. and Mrs. A. V. Clark and children, and Mr. and Mrs. H. M. Ellis motored to Clarendon Saturday night.

Mr. Jones, Misses Thula Reynolds, Lucile Ellis and Mary Tomlinson attended church at Hedley Sunday night.

Mr. and Mrs. R. E. Mace and little son of Clovis, N. M., are spending a few days with the gentleman's parents, Mr. and Mrs. J. R. Mace.

Rev. Jones of Henrietta, the Baptist minister, preached Sunday morning and Rev. Wade from Hedley Sunday night. Both sermons were enjoyed by a good crowd.

The "Hustler" Sunday school class will serve lunch Saturday. We hope everyone will come around and help "their bit," as the funds go to making a payment on their Liberty Bond.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

If every man buys his quota of the Fourth Liberty Bonds, Donley county will get her quota—\$262,800. That's the truth.

Your neighbor cannot do your duty to the government. You must do it yourself. He cannot buy your part of Liberty Bonds. You must do it yourself. It's a personal matter and you cannot sidestep it. Also don't forget the Donley County Council of Defense. It will be offensive to slackers.

Donley county's quota for the Fourth Liberty Loan has been set at \$262,800. This is really less than was generally expected, as \$300,000 was thought to be the minimum. In the last drive we subscribed \$237,000, when the nation only needed \$3,000,000,000 and now when she needs twice that amount we are asked to raise only \$25,000 more than before. It's a big job, men, but we can do it. Let October 12 be the day when the news goes abroad that Donley county has gone well "over the top."

A citizen of Clarendon who has been a resident for the past fifteen months was heard to remark recently that during the fifteen months he had never been invited to church or asked about his religious condition. Further he said that in the town where he came from a man couldn't stay there three days without someone inviting him out to some church. That hits every one of us. How many of us will try to do better about it? The churches are the greatest assets our town has to offer its citizenship and our church members ought to take more interest in talking them up—not to mention living up to their vows.

Clarendon is about to receive the biggest fall business in her history. Our crops are wonderful in yield, the prices on everything to sell are fabulous and the farmer will be better off financially even after buying a large part of Donley county's quota of Liberty Bonds, than ever in history. Live merchants are advertising their goods in The News and will reap the greatest returns on advertising ever known in Clarendon. Advertising is the greatest force in America today; without it every issue of the Liberty Loan would have failed. People are reading the papers as never before. No merchant may expect to survive this war who does not realize and utilize this greatest means of publicity.

What do you think I ought to do? Thousands of times this question has been asked by people really anxious to find out how much money they ought to invest in Liberty Bonds.

Ask the question of a dozen friends and you will receive a dozen varying answers.

Here is an honest attempt to give a clear cut answer to the question:

General Pershing's soldiers are allowed enough to wear, enough to eat, and a few dollars weekly to spend on tobacco and little necessities—the balance of their earning power is devoted as a gift to the government.

Here is your standard. In the matter of saving for the Liberty Loan your standard has been set. These men who are making if need be the supreme sacrifice for you, for our country and for humanity, have established a clean-cut standard. They have a right to believe that you will allow yourself enough money to purchase the bare necessities of life, and conduct business essential to the war, devoting the balance of your earning power to your country in the form of subscriptions to Liberty Loans. A man who gives up salary or income in order to fight for you and yours has the right to expect that you will at least lend as he has given.

The man who endures without complaint the heartache of parting from those he loves, has the right to expect that you will at least sacrifice and save, even to the point of discomfort, in order to supply him with fighting necessities.

It calls for some courage. It means working at some productive essential industry harder than ever before, and the giving up of every luxury. But will you not do these things and do them cheerfully, in order to place at the disposal of our fighting men the very substantial sum you will save by adopting such a course? You will gain mentally, morally, financially.

 new acquisition to our modern printing equipment.

Following is the first lines set on the new machine last Saturday afternoon and we respectfully present it to our readers as the reaffirmation of our purpose in commercial life:

The Clarendon News, a progressive newspaper, dedicated to the interests of Donley county and the great Panhandle. Its mission is to propagate the gospel of Christianity as applied to the moral, social and commercial life of our people. It believes that the home, the school and the church are the three foundation stones upon which a great and good citizenship can be reared and maintained. To such a purpose none are too poor or too great to devote their entire energies. With such a purpose this magnificent new Model 14 Linotype Machine is now dedicated and brought into commercial use.

## FOUR-COUNTY MEDICS MET IN MEMPHIS

The Childress-Collingsworth-Donley-Hall County Medical society met at Memphis September 13. The meeting was most instructive. Several papers were read on scientific subjects and a number of cases presented. Those members of the society that were not present were the losers.

Those present were Drs. Barnes, Odom, and Michie of Childress; Ozier of Hedley; W. Wilson, Mayes and C. F. Wilson, Memphis; Carroll, Wilder and Jenkins of Clarendon; Richardson of Brice; Gilmore of Turkey and Miller of Estelline. Mr. Cooke of Childress was a visitor.

Resolutions were passed on the death of Dr. J. D. Stockings of Clarendon as follows:

Whereas it has been announced that Dr. J. D. Stockings, a member of this society, passed away on the 18th of August. Since Almighty God in His wise providence has seen fit to call from our midst our esteemed brother practitioner and citizen, be it therefore

Resolved, first that this society greatly deplore his death realizing in him they have lost an honored and useful member. Second that the citizenship in general and his friends, who were measured by his acquaintance, have sustained a great loss of loyalty and devotion. Third, that this resolution be spread upon the minutes of the society, a copy be mailed to the several papers of the several counties and a copy be mailed to the family at the same time expressing to them our sincere sympathy in their great and irrevocable loss.

## NEW BARBER SHOP FIXTURES

Frank Whitlock, who established the West Side Barber Shop some weeks ago, after having been forced to move on account of the fire some days ago, to the Palace Confectionery, No. 2, has received a new up-to-date set of shop fixtures and has changed the name of his business to that of "The Palace Barber Shop."

#### THE FOURTH LOAN IS THE FIGHTING LOAN

As the campaign for the Fourth Liberty Loan approaches the American Army in France moves on toward Berlin. Under our own leaders the great American army has won a notable victory.

The Fourth Loan must be a great success. The Fourth Liberty Loan is a fighting loan.

When our soldiers on the battle front are braving death, each one offering to make the supreme sacrifice for his country and the great cause, we who remain safely at home surely should give them every support,

should make every sacrifice to strengthen them. If we can not fight ourselves we can make our dollars fight.

It is a great cause for which America is engaged in this war; it is a great struggle in which the very hope of the world is bound up that is being waged in Europe and on the high seas. It is an honor to have a part in it and all Americans, all of their lives, will be proud of the part they had in it or ashamed of their failure to do their part.

The Fourth Loan is a fighting loan. Every subscriber to the Loan strikes a blow for Liberty, for Victory.

Something of far more importance to us than business.

## PREPARE TO BUY BONDS

Do not swap our brave and noble boys for money. Swap your money for bonds. "The bonds you buy may rescue your boy or your neighbor's boy from death."

Our boys are giving their lives for us; what will you do for them?

The war clouds float so heavy over our heads—until we have not felt like attempting to write an ad telling of all the good things we have in store for your inspection and purchase, but we will promise you that we have the most complete stock of well assorted merchandise that we have ever shown in Our Store.

## Ladies Ready-to-Wear

Our Silk department speaks for itself. We do believe that we will show the most complete line of Silks in the city. When calling to see Silks, ask to see our \$2.50 Satin, feel the weight and finish and the pretty shades we carry. We are sorry we can't tell you of all the good things we have in store for you but will invite you to our store to get our prices; if we do not meet all competition—"Quality of Goods Considered"—then do not spend your money with us, for as above stated, our first aim is winning the war and saving our boys—**Save and Serve**—but if our goods and prices meet with your approval we will appreciate your patronage.

We have a very efficient sales force competent to assist you in dress planning, and you will find they never tire of showing you Our Pretty Goods. Our sales for 1918 are showing a nice gain over last year; there is a reason. If you are a patron of this store, you know, and if not ask your neighbors—they know. We are trying to make our store a mutual benefit to Clarendon and adjoining territory.

## DETROIT WOMAN'S LONG SEARCH HAS BEEN REWARDED

IN THE YEARS SHE SUFFERED NOTHING RELIEVED HER UNTIL SHE TOOK TANLAC—FIVE IN FAMILY PRAISING IT.

"When my wife showed a gain of six pounds on her first bottle of Tanlac, another member of my family started taking it and now there are five Tanlac boosters at my house," said Will Prentiss, who lives at 135 Porter Place, Detroit Michigan.

"For several years," he continued, "my wife suffered terribly from stomach trouble of the worst kind. She had no appetite and what little she forced herself to eat, formed gas that kept her constantly belching up sour, undigested bits of food and made her miserable night and day. Her head ached most of the time, she was too nervous to sleep well at night and felt tired and worn out in the morning."

"After trying many other preparations searching for something to relieve her, I finally got a bottle of Tanlac and she is like a different person already. She is entirely relieved of that gas trouble, her headaches and nervousness are gone and she sleeps like a baby all night. She says she feels better than she has in a long time, and she sure looks it."

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

## CLARENDON MAN HEADS "VICTORY BOYS" IN DISTRICT

### "LAFAYETTE—WE ARE HERE"

The above saying of General Pershing, the commander of the American forces in France on his visit to the tomb of LaFayette are never dying words and will live as long as the republics of America and France.

It meant that the American people were there with their army to pay the debt with interest to the French people for the small volunteer French army that came under the great French general, LaFayette, to the aid of the American colonists in their struggle for freedom.

Since the utterance of the above words the American soldiers have won the admiration of the Allied forces and struck terror to the Hun forces and daily epoch making war history of deeds both brave and chivalrous are recorded of our boys "over there."

The victory of Chateau Thierry in which the Americans had such a brilliant part and the complete, all-American victory at St. Mihiel was fittingly celebrated in Paris, France, before the LaFayette monument and there is some pleasing history about that monument to every American, but so many of our people seem not to know of it that it prompts me to write of it.

The monument is situated in the principal square of the great city of Paris and was erected less than a quarter of a century ago and the funds were provided by the school children of America, each being asked to contribute a penny. It stands there an enduring monument of the remembrance of the American school children and people of the help to the American colonists of LaFayette and his volunteer army in the cause of American freedom. Likewise the Statue of Liberty at the entrance to the harbor at New York City, is the gift of the French Republic to America and has been characterized as "Liberty Enlightening the World."

Since the great American victory at St. Mihiel the daily papers show that the American army has begun a bombardment of the city of Metz. This city is in the province of Lorraine which was a part of France until it was taken by Germany from France following their war in 1870. It is now said to be the best fortified city in the world. It was in this city of Metz that General LaFayette was stationed as a soldier of France when he conceived the idea of rendering assistance to the American colonists and he resigned his position and raised a volunteer army to come to America to the aid of the struggling colonists in their fight for freedom.

Most of his volunteers came from around this city of Metz. Therefore to all Americans much interest should center about Metz, besides the presence of our army now before its city. It may so happen that war results thereabouts may seal the doom of the idea of divine right of emperors and kings to rule people instead of people being free to rule themselves. Personally it is with some pleasure that I recall the above history.

My own ancestor was one of that volunteer army that fought for American independence. My own son is a volunteer in the great American army stationed "somewhere" in France, perhaps within hearing of the great American guns now bombarding this now German city of Metz—that army about which General Pershing had reference when he said: "LaFayette, We Are Here."

Very respectfully,  
A. M. BEVILLE

### REGISTRANTS ATTENTION

Those desiring to apply for admission to officers' training camps may now do so through the army officers stationed at University of Texas, A. & M. college at College Station and Rice Institute at Houston. All registrants between the ages of 18 and 46 are eligible to apply to the commanding officer of one of these schools mentioned, except that no application will be entertained from civilians who are in deferred classes on account of industrial or agricultural claims, he must first waive his deferment and be reclassified by the local board, if he has such a deferment. No registrant can apply until he has received his questionnaire and been classified, but upon request he may get this and be classified at once if he desires. Civilians in deferred classes if not found eligible for commissions may be discharged and returned to original classification if they desire. Men in Class A1, will be required to enlist for duration of the war, and if not qualified for a commission as officer, will be required to go into the service.

Do not make application to your local board, but only to one of the schools mentioned, the commanding officer thereof.

R. H. BEVILLE,  
Chief Clerk.

#### GARMENT DRIVE FOR BELGIANS

Washington, September 24—In an effort to obtain garments to clothe 10,000,000 people in occupied France and Belgium this winter, the American Red Cross will conduct a drive for old and discarded clothing the week of September 23. While it has been estimated that at least 10,000 tons of garments will be necessary the Red Cross hopes that at least 5,000 tons will be collected during the one week. Every kind of garment for all ages and sexes is needed.

Herbert C. Hoover, chairman of the Belgium relief commission, in a cable to the American Red Cross, said that millions of men, women and children are facing shame, suffering, disease and some death, for lack of clothing this winter.

Filmy garments, ball room dresses high heeled shoes, etc, will not be ac-

cepted. The garments wanted are those that will give the most service and keep the people warm. The Red Cross chapters throughout the country will collect the garments as in the previous campaign.

We solicit your patronage and will do our best to make it profitable, to your advantage and our mutual satisfaction. Upstairs in H. B. White building, E. Dubbs & Co.

Ladies, a new lot of Fisk and Elzee hats have just arrived and be sure to see them at Harned Sisters.

Rupture can be cured by wearing the Brooks appliance. See J. J. Stanton, Agent.

Ladies, come in and see our line of toilet articles. Kendall's Drug Store.

#### CONSERVATORY NOTES

The annual faculty recital has been postponed this year because of the opening organ recital, and the meeting which is being held in the church. The exact date will be, October 11.

A new feature will be introduced at the recitals this year in the way of a "Sing-Song." At the close of each recital, the patriotic war songs that are being used by the boys at the front will be sung by the audience. The first one will occur on the night of the faculty recital.

Mr. Shure is planning one of the biggest events that has ever been given in Clarendon, to take place some time in October. "To Arms for Liberty," is the title of the event, and it is given in the form of a tableau. The whole history of the war is depicted, from the very inception of the conflict, which took place more than four years ago when Germany devastated little Belgium. Each nation is entered in the order in which they came into the war, and as they appear on the stage, carrying their national flag, the national anthem is sung. Finally, as a grand climax, America appears, after being earnestly entreated by the Allies to do so, and as she marches off to France singing "Over There," pandemonium reigns, for Columbia appears, carrying the flag of freedom, and bearing the emblem of truth, purity, and victory. More than 100 people will take part in the pageant, and many folks from all over the Panhandle are expected to attend. The flags will be presented to the college at the conclusion of the performance, which feature will enable all to become familiar with the 22 flags of those countries with whom we are fighting, to make the world a fit place in which to live. A grand parade will precede the performance, and living war posters will be on display during the evening.

Miss Helen Martin of Claude, Tex., comes to Clarendon each Saturday to study harmony and piano at the Conservatory on College Hill. Her sister, Miss Mildred, who was graduated with the class of 1917, has gone to Oberlin, O., where she is continuing the study of music with some of the foremost masters of the east.

Mrs. Rollins, who is known to Clarendonites as Miss Lois Miller, has entered the school of music, and makes a fine addition to the senior class. She studied in the Woman's college at Fort Worth, and we shall hear a fine recital by her some time in the spring for she has an abundance of talent, as those remember who have heard her play in the auditorium some 10 years ago, as a little child. Her husband is at the front in France.

#### SEWING CLUB ENTERTAINED

Mrs. R. A. Chamberlain delightfully entertained the Sewing club last Friday afternoon. The time was spent at sewing, knitting and conversation.

The rooms were decorated with beautiful asters and zinnias, which lent a charm to the occasion.

A delicious salad course was served to the following members and guests. Mmes. J. T. Patman, W. T. Hayter, W. H. Martin, Chas. Bugbee, A. L. Chas. H. Glascoe, C. W. Bennett, Bob Younger, F. Letts, F. McCrary, A. N. McCardell, Whitefield Carhart, M. L. Kelly, Jr., J. D. Browder of Memphis; W. C. McDonald, F. E. Chamberlain, C. T. McMurtry, J. L. McMurtry, John Chamberlain, C. J. Lewis and R. D. Shure.

## REV. G. E. BURTON GOES TO HENRIETTA

Following is a news item from the "Independent" published at Henrietta, announcing the call of the Baptist church at that place to Rev. G. E. Burton of this city:

"On last Sunday evening the Baptist church called Dr. G. E. Burton of Clarendon, as its pastor, and he has accepted. Dr. Burton is a native of Oklahoma, 37 years old and has been preaching about nine years, filling a pastorate in one of the churches at Houston before going to Clarendon a little more than a year ago. His family consists of his wife and two small children. He was invited to preach here last Sunday and the call followed the evening sermon, and he will take up the work at once. He will preach next Sunday at 11 a. m. and 8 p. m."

The News regrets the loss of Bro. Burton from our town very much. He is one of the most popular pastors our city has had in past years and his work with the local church will long stand as a standard of accomplishment. During the past year under his ministry the Clarendon church has raised for missions and benevolence \$3,000 and in addition to the pastor's salary and incidental expenses of running the church a payment of over \$1,000 on church indebtedness has been made. In the meetings Bro. Burton has held in other towns by invitation there was over 50 professions and additions to the church. He also did much work at the nearby school houses and was considered one of the strongest men of the Donley-Hall County Baptist association. Bro. Burton has many friends here who will miss him very much and Clarendon people generally commend him to the citizenship and church at Henrietta, who will no doubt receive him with open-armed hospitality.
