ARMISTICE IS SIGNED

HOSTILITIES CEASE AT 5 O'CLOCK THIS MORNING--KAISER IN HOLLAND ARMISTICE TERMS MORE DRASTIC THAN GIVEN TURKEY OR AUSTRIA

JOYOUS TELEGRAM TO NEWS
ANNOUNCES ARMISTICE

(Special By The Associated Press)
NEWS, Clarendon, Texas:

Fort Worth, Texas, Nov. 11, 1918—Armistice signed at midnight. All fighting stopped at 5 o'clock Fort Worth time. Ex-Kaiser and all his flock of Pet Generals now in Holland.

HARROLD HOUGH,
Circulation Manager, Star Telegram.

While the terms will not become public until President Wilson gives them out in an address to the Congress this morning at 11 o'clock the forecast is that the terms are more severe than those given to Turkey or Austria. They include the taking over of the entire German fleet, the disarming of the German army, the occupation of the border fortresses in Germany, the policing of the German empire, the return of all American, French and English prisoners immediately, while the Allies will not release a single German, and many other provisions which will render Germany helpless and altogether unable to again commence the struggle.

THE WAR IS OVER—all but making Germany sign on the dotted line.

Demobilization will be effected within two years after the signing of the treaty

ARMISTICE INTENSIFIES
THE WAR WORK CAMPAIGN

Feeling the immediate immanence of peace the National Headquarters of the United War Work Campaign has issued a most urgent telegram earnestly begging the people of the United States to rally to the call of the campaign which begins today, and provide the comforts and moral safeguards for our boys, made ten times more necessary with the coming of peace and the necessary long months of delay in demobilization. Read the telegram as transmitted here to County Chairman Braswell of the local campaign:

Dallas, Texas, Nov. 9, 1918.

S. M. BRASWELL,

Clarendon, Texas:

National Director General Mott wires to relay following: "Our united conclusion that no matter how near or how distant permanent peace may be the long period of demobilization and the period which will precede demobilization will present greater need than ever for the service of the seven co-operating organizations and therefore that the request of over subscription of fifty per cent is most necessary. Our advisers of the American Army and Navy concur in this judgment. I have conferred on the subject with war department and President Wilson and they strongly emphasize the need and importance of this work for the period to follow cessation of hostilities. NATIONAL BANKS SURPASS ALL RECORDS FOR
IMMUNITY FROM FAILURE AND FOR
LARGE EARNINGS

NOT ONE NATIONAL BANK HAS FAILED IN THE
YEAR 1918

For the first time in Seven Months of 1918, THERE HAS BEEN NO FAILURE OF ANY NATIONAL BANK IN ANY ONE OF OUR FORTY-EIGHT STATES. Never before in the history of the National Banks since 1870 (with the single exception of the year 1881) has there been such immunity from failures.

During these same seven months of 1918, twenty-two (22) State Banks and Trust Companies in fourteen (14) different States have failed—an average of a failure every 10 days.

of peace, which will take place in the early spring.

The above telegram announcing the signing of the armistice between the Allies, the United States and the German people is as one citizen remarked this morning "the greatest news since that announcing the birth of Jesus Christ."

That statement is not an exaggeration since it actually means the redemption of some sixty million souls and the liberating of the entire world from the thrall and menace of militarism. The passing of the Hohenzollern dynasty means more to the human race than did the discovery of America, great as that was. It means that the last stronghold of one-man power, the last blazing example of imperialistic power thinly veiled by the world-old heresy of the divine right of kings has passed in a blood blurred paroxysm of four years duration. This paroxysm though it marked the passing of that awful Thing that has caused the world its greatest terror, is also the horrible birth-pangs of the mightiest advance that has come to civilization since the Babe of Bethlehem.

The peoples of all the world will be emancipated by the peace table at which sits America and the Allies. Wrongs that have menaced the peace of the world will be righted and equitable plans will be projected that shall guarantee unto the lowliest peoples of the earth equality and comity with all nations. No pride will be supported that refuses to give the hands of helpfulness to a neighboring nation. No people, however weak, will be doomed to hear their pleas for justice and protection ignored by the mighty nations of the earth.

America has been the mightiest factor in bringing these conditions about. Without her national conscience, her patriotism, her noble, self-sacrificing peoples, her unconquerable soldiery the earth would yet be plunged into a bottomless abyss of despair and ruin from which civilization—Christian civilization—might have been unable to extricate itself. But in the immortal words of General Pershing as he stood before the tomb of Lafayette, "Lafayette, we are here," we stand on the high prominence we have attained by our duty to ourselves and our neighbors and exclaim to the whole world from pole to pole and from the farthest East to the remotest West, "Suffering humanity, everywhere, America is your friend. Your wrongs shall be righted."

By Christmas, 1921 the boys from Clarendon and Donley County may be expected home. On this Christmas shall Clarendon celebrate their return and their valor in the most remarkable public demonstration ever thought of in this end of the world?

The News says "yes"—and no expense or trouble will be spared.

Amsterdam, Nov. 9—Latest advices received here confirm reports that the revolutionary movement at Cologne is gradually spreading throughout the entire western part of Germany. Thus far the revolt has been orderly, with no bloodshed.

Copenhagen, Nov. 9—Rebellions have occurred in Hanover, Cologne, Brunswick and Magdeburg, according to official announcement at Berlin. These cities, however, are not wholly in the hands of the mutiners, the statement adds. At Magdeburg the garrison resisted.

Six German battleships anchored outside of Flensburg have directed their guns against the revolutionists and a bombardment is expected. The battleship Koenig, which refused to surrender, was taken after a hard fight.

London, Nov. 9—British Wireless Service.—It is reported from Amsterdam that a revolution is now spreading all over Western Germany. It is reported to have reached Cologne.

Another dispatch from Amsterdam says that owing to the rush on the banks in Berlin these institutions have stopped payment.

A general railway strike has begun in Germany, according to a Copenhagen dispatch to the Exchange Telegraph Company, quoting Berlin advices to the Social Demokrat of Copenhagen.

The population of the Polish Province of Plock have risen against the Germans and there have been conflicts in which a number of persons on both sides have been killed, according to a Zurich dispatch to the Exchange Telegraph Company. The Germans have arrested and shot numbers of the Polish military organization and the whole male population is being deported to Germany.

THREE IMPORTANT QUESTIONS TO ALL INDUSTRIAL TAX PAYERS AND BOND BUYERS

One. Do you realize that income which is now taxable from holdings of 45,000 or less of four per cent and four and one quarter per cent Liberty Bonds, may be totally exempt from income taxes, excess profits taxes, and war profits taxes during the period of the war and for two years thereafter, in case you file a subscription to 30,000 bonds of the Fourth Loan and retain your bonds? (A proportionate exemption is accorded on smaller subscriptions to the Fourth Loan.)

Two. Do you realize that to all these paying surtaxes under the proposed revenue bill (beginning with those having taxable incomes of 5,000) it will be necessary in order to secure the same result in dollars to obtain a yield from taxable securities on an investment of 30,000 varying from five and nine-hundredths per cent to 36½ per cent, depending upon the rate of surtax to which the taxpayer is liable?

Three. Do you realize that Liberty Bonds are totally exempt from all normal income taxes, which, under the proposed revenue act, will be levied at the rate of 12 per cent and that no state or local taxes may be levied on them as personal property?

The lack of full understanding of the tax-exemption features may well mean a loss in dollars to you.

Christmas Gifts And Good Will

You know the value of a gift isn't in what it costs, but in the good will it represents. Just now, when the world needs it more than anything else, it is a good idea to put extra emphasis on the "Good will."

For reasons of economy, all gifts this year should be useful gifts: find out what your

friends and loved ones really need; something he or she will have to buy sooner or later; give something like that.

There are plenty of such gifts. You will find lots of them here in our store—gifts suitable for men. Buy Christmas gifts early; it's a government's request.

Here Are a Few Suggestions:

- POSIERY
- MUFFLERS
- BELTS
- COLLARS
- SHIRTS
- HATS

- UNDERWEAR
- GLOVES
- NECKWEAR
- SWEATERS
- PAJAMAS
- SHOES

Now is the time to buy. By doing your shopping early, you are serving the nation. Labor is badly needed by the government; no merchant, or railroad or postoffice should need to take on extra help to care for the Xmas shopping and shipping. They won't have to if you buy and send now.

(Continued from Page One)

President Wilson will appear within two days, expressing his satisfaction that our plans have been enlarged to render this great patriotic service.

"The months following the victorious ending of the war will be accompanied with special dangers. We need not be solicitous for our soldiers when they are drilling and fighting and confronting the great adventure of the life and death but rather when this great incitement is withdrawn and discipline relaxed and hours of leisure multiplied and temptations are increased the seven organizations will then be more needed than ever to prevent period of demobilization becoming period of demoralization.

"It took over two years to complete demobilization at the Franco-Prussian war; eighteen months after Turkish-Russian war; sixteen months after Spanish-American

war; ten months after South African war, and thirteen months after Russo-Japanese war. All with whom we have consulted agree that it will require more than one year to demobilize American forces. For this period of gravest danger our organizations are planning to enlarge greatly our physical and social program by presenting such helpful counter attractions as to keep men from wrong associations and practices. We are also extending great educational program involving using of thousands of teachers and spending millions of dollars on text books and reference books. Remarkable religious program will be conducted including using of religious program will be conducted including using of leading religious preachers and teachers of America to occupy all of the time of our men in these useful ways.

"It will cost much more than to help them during fragments of their time. We

therefore call upon the entire American people to subscribe generously in grateful recognition of the marvelous service rendered by our men and with the firm purpose to make the period of demobilization not a period of physical, mental and moral deterioration, or awakening but rather a period of character building of growth in useful knowledge and working efficiency and of preparation for assuming larger responsibilities as citizens on their return home."

"Please give this message immediately to the press.

"L. A. COULTER State Campaign Director.

PLENTY TO DO AND EVERYBODY DOING IT

Every man for himself and devil take the loneliest, is, apparently, the philosophy of Uncle Sam's soldier boys in the great military camps where they are undergoing intensive training for the real thing "over there." Here is a typical scene in an army Y. M. C. A. building an hour or two before the formal entertainment begins. On the stage one of the boys in khaki is leading an informal "sing song." About two score of the fellows are up there with him, and it must be a pretty good song, for it can be seen that about half the crowd in the building is facing the music. But this doesn't disturb the nine or ten checker games, seen in the foreground, in the least, nor does it get the goat of the scores of fellows who are grabbing a few minutes in which to write to the folks at home. The man in the extreme right front of the picture has received a newspaper from "the little old town back there," while the boy seen standing in the very center of the picture plainly admits himself to be either on a "point" or on a "pose"—it's nobody's business which. The Y. M. C. A. huts are the soldiers' clubs, churches, homes and whatever else they want to make them. The principal cantonments of the country contain from ten to twenty large "Y" buildings, to say nothing of the huts overseas and outposts on the Mexican border.

THE ARMY MAN'S BANK

A banking hour in a Y. M. C. A. building of a Southern department camp. The army "Y" is the soldier's financial agent; it takes his savings and deposits them for him in a local city bank; it sells him Thrift stamps; it issues him express money orders, and in certain cases keeps money and valuables for him temporarily in the building. One "Y" man in each building is authorized to act as the agent of the express company to issue money orders to the soldiers. The banking service and the Thrift stamp sales encourage the army man to save his money, and this is made more possible by the free comforts, conveniences and entertainments offered by the Y. M. C. A.

HOT BROTH FOR "BUDDIE"

Hot broth is always welcomed by our men "over there," but when it is served by a "regular American woman" it is doubly welcome. Photo above was taken at a French field hospital "somewhere in France," and shows two Y. M. C. A. canteen girls serving the convalescents. "Something to warm you up a bit, buddie," heard at the outer edge of a tent is sure to bring instant response from the inside of the tent. The American Red Cross nurses, Salvation Army lassies and Y. M. C. A. canteen girls hold themselves in readiness for any and every kind of service. "Buddie" is glad to see them, whatever their mission, for, being Americans, it is good just to feast one's eyes on them.

HAS A BIG JOB

G. S. Bilheimer of Denver, Colo., has been appointed Southern department campaign director for the next big drive for funds to continue the war work being done by the Red Triangle forces in the army camps of the United States and overseas, army Y. M. C. A., the Y. W. C. A., the War Camp Community Service, the Salvation Army, the National Catholic War Council, the American Library association and the Jewish Welfare board. Mr. Bilheimer is one of the foremost men in the Y. M. C. A. movement. He is a member of the international committee of the organization, a member of the National War Work Council and a master organizer and executive. He successfully directed the last army Y. M. C. A. drive for the Southern department, comprised of Texas, Arkansas, Oklahoma, Louisiana, Arizona and New Mexico, and was chosen for the larger responsibility of the approaching campaign, during which the country will be called upon to support the Y. M. C. A. and other important war work agencies. Mr. Bilheimer will be located at Dallas during the campaign period. He will have an able corps of assistants and specialists on his staff to carry out the various activities connected with a campaign of the magnitude of the forthcoming financial drive. Mr. Bilheimer was chosen to direct the entire United War Work campaign for funds to finance the work of the seven war work agencies because of his successful experience and his unusual ability. His selection came direct from the New York headquarters of the consolidated campaign, with the solid approval of the people of the six Southwestern states, who are under his leadership, to furnish their part of the \$170,000,000 for the nation.
