Eat Better Groceries In

-1918-

Start the New Year Right

It cost you no more to eat the bet-

ter grades of food, if you select the

right store of which to trade. We

are maintaining old prices on many

lines, actually selling lots of stuff

at prices lower than we could buy

them on today's market. We

bought heavily before the advances

came---we have the goods---come

in and let us share the profits with

you. As usual, we will still be

HEADQUARTERS FOR THE BEST

in good things to eat. If you don't

find what you want where you are

now trading, come in and we will

fill your orders to suit you. We

solicit your trade during 1918.

PRECINCT NO. 3 ASKS FOR ROAD ELECTION

NEW SERIES: VOL.29. NO. 2.

Next week when the Donley County Commissioners Court convenes in regular session there will be presented a petition bearing the names of about one hundred property owning citizens who live in precinct number three comprising the Hedley, Lelia Lake and Bray territory and citizenship praying that an election be ordered providing for a referendum as to whether that precinct will issue bonds in the sum of \$30,000 to be expended in the construction and maintenance of good

This is a most worthy move and deserves the support of every progressive citizen in the entire county as well as in that precinct. One of the most notable factors in the building of good roads at this time is the fact that the federal roads fund to be distributed through the medium of the state government is available and on all roads where the improvements measure up fund for every dollar spent. Under The Booth last Saturday, the 5th this sort of an arangement it will took in \$28.00. \$25.00 donations and readily be seen that a road bond issue is worth much more dollar for dollar The successful work done in the fol- than it was in the days before this mail roads are really improved and many citizens living off the main roads feel that they have been discriminated against. This contention will become less and less when the people see the great amount of road improvment possible with this outside aid. This is a movement that will no doubt spread all over the county, thereby insuring spirit of our citizenship.

SEVERAL C. C. BOYS ENTER SERVICE OF UNCLE SAM

Last Monday morning Francis Miller, Foster Anthony and Marion Clary left for Amarillo where they enlisted for service in the navy. All of these boys are well known about town and have been attending Clarendon College for some length of time, where they were expecting to receive their "sheep skins" in the spring. But it seems that they thought the business of making the world safe for democracy of greater importance than the mere acquisition of a diploma.

The News wishes to congratulate the boys on their choice and to wish them God Speed in their mission.

Sheriff's Sales, on the first Tuesday in All the sanitary precautions in the world will not make bad milk good. You must begin your campaign for clean milk with the cow. Insist on having milk from healthy cattle.

Everywhere milk commissions and institutions maintaining their own herds prefer Holstein cattle, because they are the heartiest and most vigorous of all breeds. Besides being practically immune from all diseases, they produce milk that conveys their own splendid constitutional vitality. All young animals, even the calves

of other breeds do much better on Holstein milk than any other. Ordinary milk is too rich in butter fat for young calves and pigs. Is it any wonder babies and invalids do better on Holstein milk?

Visit our farm see our fine cows and the precautions we take to keep our milk clean. You will decide our Holstein milk is the safest and best

WAR TALKS By UNCLE DAN

Number Five

Jimmie and a German Boy Clash-Must Do Three Things to Save Country.

It was a warm evening, so Uncle an went out to a lawn seat under the preading branches of the great tree at suggested the farm's name of Oak Hill. Billie and Jummie had been laying for him, so Uncle Dan was captured by the boys on short order.

"Say, Uncle Dan," Billie began, "We had a red-hot argument at school yesterday with Carl Newman. Carl said that German schools were miles ahead of our schools and that no one could come up to the educated Gorman, Well, Jimmie got hot under the collar and handed it back to him good and plenty. Jimmie said if their education taught them to torpedo Lusitanias, sink hospital ships, murder hundreds of women and children, make slaves of the Belgians, poison wells, destroy fruit trees and commit all sorts of crimes, then we did not want that kind of education here. What do you think about it, Uncle Dan? I told Jimmie and buying, and exchanging by use of you spent a lot of time in Europe and "Word of Mouth" and getting of trade knew all about schools, so give us your

"Well," replied Uncle Dan, deliberately, "the German schools are very thorough; they furnish exceedingly val-When you depend entirely upon your uable and practical instruction. The minion; they teach that it is the desway; that the kaiser as head of the forward the plan of world control. Some of the greatest teachers and committed in this war. Thank God, our American education reaches both the head and the heart. It is an edu-

"Just wait a minute," interrupted Billie. Say that over again slowly, so

Uncle Dan, smilingly, complied. Billie exclaimed: "Now, we will hand "has a very smart father who keeps him posted on the German arguments. advertising must give pertinent facts, asked him if Germany was so mighty Advertised goods are guaranteed good, why they did not go back there

ernment is still in the experimental stage; in fact, It is the greatest experiment ever undertaken, and if popular government is to be successful, a few things must be done, otherwise, to paraphrase the great Lincoln, the government of the people, by the people and for the people, will perish. It is my firm conviction," said Uncle Dan, in a very impressive manner, "that if our country is to go on, as we hope and pray, we must very quickly do at least three things, and I will name

First, adopt compulsory universal military training of all young men hysically at before they reach the e of twenty years.

them in the order of importance as it

appears to me:

'Next, require that every foreigner the comes here to live must, within a reasonable time, say a year, declare his intention of becoming an American citizen and take the necessary steps to do so, thereby, from that moment, assuming all the obligations of citizenship of our country, and that means he must defend our flag upon equal terms willing to do this, he should be sent ack from whence he came."

"That's the stuff," exclaimed Billie. "And, finally, enact such legislation as will make voting compulsory. Popular government is based upon the participation of all and the rule of the majority, and democracy cannot continue and be successful unless we live up to the spirit of the institu-

"The first step, however, is the passing of the Chamberlain bill for universal military training. If you will get the leading citizen, and especially the editor of your paper, to write personal letters to your congressman and both senators, urging their support, it will

"I see by the morning papers," said Uncle Dan, "that the Rotary clubs of the entire country, the livest, most efficient organization to be found, have unanimously decided to get back of the Chamberlain bill and give it loyal and enthusiastic support. They will work with the Universal Military Training league to accomplish this important piece of legislation, which will do more than anything else to make us a real nation with a common view-point, bring us back to sane living, and teach us the patriorism of service."

SNOWED UNDER.

Mr. Stanley has simply been snowed under with watch and clock work, at Stocking's Store, since Christmas. That is the reason why he has not been able to deliver the repaired work more promptly. It is arranged so he will be able to spend more time at his bench. He is getting out from under the "drift." He likes the snow Bring on your work he will smile and do his level best to get your work

Persuaded by wife to take Tanlac; He Gains 17 Pounds and Troubles are Gone

"My wife was determined that I should try Tanlac, so one day while I was away from home she bought a bottle and simply made me begin tak-

'I had suffered from indigestion and stomach trouble until my health was so shattered I couldn't enjoy livyears until Tanlac straightened me out. I had gotten to where I couldn't eat anything or even drink water without suffering from it. I lived for months on nothing but milk and other liquids and these also caused me all sorts of trouble.

"I often got so weak and dizzy I would fall on the streets unconscious and when I came to myself I would be at home in bed. I was very nervous all the time, Could scarcely sleep and had awful headaches. No one knows how I did suffer and al. though I spent lots of money and tried everything I knew of, nothing seemed to reach my case or do me any good.

"I kept falling off in weight and the day I started on Tanlac I weighed only one hundred and nineteen pounds. I commenced to feel better in a few days after I began taking Tanlac and LEON O. LEWIS WOULD LIKE TO have gradually picked u pever since. gained in health and strength is more HE WOULD ALSO LIKE TO LOAN than I can tell. I can now eat what log and simply feel like a different

Engineer Students May Stay in School to Complete Courses

The next examination through which graduates of approved engineer schools may apply for commissions as provisional engineers, corps of engineers, will begin January 21. Another will probably be held about the middle of the coming summer.

Students in approved technical schools who are considered as rating in the upper third classes may enter the enlisted reserve corps, and so enlisted will be permitted to remain on pleted their college courses. When they leave their colleges these students will be called for active service in some branch of the engineer service of the Army or will be discharged to take their chances under the selective service law.

A WORD OF EXPLANATION.

As Division Manager for the Texas Gas & Electric Co., I feel it my duty to explain to the patrons of the car of distillate that contained about light plant as near as I can the casue of so much bad service in the fuel oil in with the distillate. This past few months. To begin with in amount of fuel oil was sufficient to the year 1917, Mr. A. L. Chase at that make it impossible for us to use it time manager for this company at all and I therefore refused to re-MARGURITE CLARK IN, "THE could see that our machines would soon be overloaded and asked the com- all the kerosene we could get we pany for another machine. The com- were compelled to unload this car of pany immediately took this matter distillate and make the best of it we The Pastime up with the manufacturers and was could, we are adding about two gallons of kerosene to one of distillate advised by the manufacturer that dedid not believe at that time that it and then get dim. For all this bad would be possible for us to make it through the fall of 1916. So the blame. company advised that they had at Beeville a producer Gas Engine that was not in use and would ship that to Clarendon if we thought we could use it, a distillate engine. At that time this looked like the best thing to do, so the machine was shipped, but owing to slow transportation the engine was not delivered until about Dec. 31, 1916.

In changing this machine over from producer gas to a distillate engine it was necessary to have some part cast at the foundry and also some new parts ordered from the

The parts were very slow coming in . All this time the load has been getting heavier which made the machines we already had in operation hard to keep up. This however could not be done without the people knowing very much about our trouble until it came to a point where dered. To add more to our grief before we could get the New Mac-Miss Kittie Fleming is up from Fort hine in operation a coil burned out burn. Worth spend a few days with her of our large dynamo that has been We wired an order immediately for

have not arrived.

On or about that time to add doubly to our hard luck, we received a seveen or eight hundred gallons of lons of kerosene to one of distillate livery on a new machine could not and at that the machines will miss be made before March, 1918. We and cause the light to brighten up service of course some body is to

Some are blaming the company, as for the Light Company I believe they are doing all they can to have the necessary repairs delivered to keep the machines in repair. Also to keep this plant supplied with a good grade of distillate. Some are blaming the boys at the station. I Tish to say for the boy at the station that they are doing all they can to keep up the service. I do man for the place than Mr. Cyrus Cope, and they have all been as untiring as the sun. Some are blaming the manager as to him you will have to be the judge. I have been with this plant since April 1, 1916, been through all of the service good and bad since that time.

I wish to thank the patrons of the plant on behalf of the company as well as for myself for the splendid patronage you have given the plant and, can promise you good service again as soon as we can get the necessary's for keeping this plant in repair, and fuel that our engines will
