CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, JUNE 10, 1920.

### FIRST MONDAY WAS A RATHER

The First Monday program was reason. In the first place the planes that were scheduled to arrive failed

decorated truck—the details will be announced next week.

"Then the first week in September will come the County Fair. This has not been pushed as yet due to the fact that the July 5th Celebration is the big bet—but it is being kept close in mind and it is expected that Donley County will stage one of the most instructive agricultural Fairs staged in the state and that the winners from this Fair will be carried to Dallas and Waco and some more ribbons brought to Clarendon and Donley County.

"Our first Community Party will be held within a week or so—just as soon as the band gets together a little better—in fact there are a lot of things on program for the sum—then. Albert S. Burleson, Postmaster.

E

al setting on the ocean, within close touch of many beauty spots, are going to be utilized by the entertainment committee in order that delegates and visitors may look book upon their trip here with pleasure.

### MANAGER OF OR-PHANAGE DELIV-QUIET EVENT ERS ADDRESS HERE

quiet last Monday for a number of of Buckner's orphanage near Dallas spoke to a large congregation here to show up. They were in Quanah Saturday, came to Childress Sunday but failed to make Clarendon Monday. Secretary Keen reports that he day. Secretary Keen reports that he has written to find out the trouble described the excellent equipment and has written to find out the trouble and that unless he can get a satisfactory explanation of their failure to be present that they will not be brought to the city again but that he will try another organization more reliable.

"In this same connection did you know that the city of Childress was organizing an Aeroplane Service or Company to handle the demand for rapid transportation out of that city. It is a good move and shows real progress. You can say what you like, but airplanes will be as common as Tin Lizzies before we like folders. It is heared to satisfact the excellent equipment and successful management of the many intricate features in connection with this noble humanitarian work. The congregation received the information with pleasure, many of whom have long been valuable contributors to the institution.

While conditions at the home are all that could be desired at this time, the speaker also announced that some twenty-five thousand dollars must be raised at once to pay off accounts now due for supplies and other outstanding obligations. It will require about a hundred

you like, but airplanes will be as common as Tin Lizzies before we die of old age. It is bound to come.

"The Big Party comes next First Monday—the 5th of July. A number of interesting things are on the days program and are being worked out as rapidly as possible. We hope to be ready to announce them next week. But they will include in general some Horse Races, Slow Races, etc. A ball game of interest, and the Clubs of the county will compete for the most instructive and best decorated truck—the details will be announced next week.

Some Horse Races, Slow Races, etc. A ball game of interest, and the Clubs of the county will compete for the most instructive and best decorated truck—the details will be announced next week.

Contact Say what of accounts now due for supplies and other outstanding obligations. It will require about a hundred thousand to keep the good work going until the end of the Convention year. Rev. Buckner stated that he had no fear of any one failing in their duty except that some height would look after the financial needs just now and let the cause go neglected. This statement of course does not apply at all to those who have been identified with these contributions for a number of years. Others were urged to assist in the

and residence buildings at an aggregate cost of nearly a million dollars. He has given back to the city and He manufactured, introduced and sold one of the first home canners for canning fruits and vegetbles.

He has introduced many improved this representation.

He manufactured, introduced and country a service of far more value than he has taken from it, and I want to ask this question: Has it paid this community to do business. farm implements that have helped farmers make more money, and many household and kitchen furnishings gas, wood and coal ranges, which have proved a blessing to hundreds chant in your town who has not given back to the community as chant in your town who has not given back to the community as He has made it possible for people to look at all these things before purchasing, and when introducing, has placed his personal guarantee belam to the committy as much or more than he has taken from it? If you have such merchants, they are not the kind that I am referring to. How would pount the such as placed his personal guarantee behind them, agreeing to take them back if not entirely satisfactory.

If these people had waited for the catalog houses to have presented and catalog houses to have presented and stoves, ranges, dry goods, clothing, the catalog houses to have presented and stoves, ranges, dry goods, clothing, the catalog houses to have presented and stoves. WHY IT PAYS

TO TRADE WITH

LOCAL MERCHANTS

(By Hamp Williams, Hot Springs, Arkarsas.)

There is a principle involved in the stock of the stock, and stock of the stock, from the catalog houses? Is it not a fact that a great many of our people use with a No. 8 Avery Plow and cultivations with a double shovel and Georgia stock. They would be cutting the stock of the profit. Arkansas.)

Arkansas.)

There is a principle involved in every transaction, and that principle should be observed. There is a right and wrong position to take. If it is right for the consumers to send their and transaction, and their grain with the old style scythe and cradle.

With a No. 8 Avery Plow and cultivating with a double shovel and Georgia stock. They would be cutting and and send away for the profit-bearing goods because they think scythes, and their grain with the pennies? The truth of the whole matter is the pennie do not think they may be saving a few pennies? The truth of the whole matter is the pennie do not think they may be saving a few pennies? and wrong position to take. If it is right for the consumers to send their money to the catalog houses for their merchandise, they should do so, but if it is wrong, they should not do it.

In the twenty-four years he has been in business, he has introduced and sold a great many mowers and rakes on one, two and three years' time, which encouraged the farmers to increase their meadows and make the cost of their mower in hay before they had to pay for it.

He has sold more than a thousand two-horse wagons at \$10.00 down and \$10.00 per month to men who had teams and no wagons and not enough money to pay all down for a new one. They were enabled to make the wagon pay for itself as the payments came due.

When the government farm demonstrator was trying to introduce

When the government farm demonstrator was trying to introduce

He is a good roads advocate, and is a builder. He is now erecting one of the largest garage biuldings in the south, and several modern ward school buildings.

He is a good roads advocate, and is helping to establish a marketing place and cotton yard, so the farmers may have a place to store their cotton and obtain the highest market prices for their products. Do you know of any catalog houses trying to help anybody except themselves.

What I want is for some one to catalog houses for anything they can buy at home. A person who patronizes the catalog houses is willing to trust strangers word, and will patronize their way on the patronize the

goods to be shipped. One of these fellows would not think of paying a local merchant in advance for any-thing, neither would he take the local merchant's word, but to the contrary, he must see the article and have the local merchant's personal guarantee before he will buy it, and then, to cap it all, will often ask the merchant to charge it for thirty or sixty days. Some difference!

the merchant to charge it for thirty or sixty days. Some difference!

When crop failures come, and you are out of work, who do you go to for help? Catalog houses? Who buys your produce? Who buys your prok, beef, corn and cotton? Catalog houses? Who helps pay your preacher and helps to build churches and schoolhouses? Who helps pay the taxes and who helps you or your neighbor when in distress? Catalog houses? They would laugh you to scorn if you should ask them for assistance. Your local merchant, as a rule, has a family of boys and girls and his employes also have boys and girls, and these boys and girls marry in your community. Have you ever seen any catalog house boys and girls? Your boys and girls would remain single until they were as old as Methuselah if they had to wait for catalog houses to send them a companion. In fact, wouldn't this country be in a fix if we had to look altogether to catalog houses for all our needs? Then why not look entirely to our home merchants to supply our many wants? merchants to supply our many

Question open for discussion.

MEXICO'S ONLY DRAWBACK

A railroad man who had been stationed in Torreon for a number of years was relating some of his experiences in the peppery republic to a few companions in the hotel lounge. Finally one of the listeners asked, "Well, tell me what is the matter with Mexico, anyway." "Oh Mexico is all right," replied the other; "the only trouble with it is that it is so overrun with Mexicans."

SHERIFF'S NOTICE OF ELECTION

For Special School Tax

THE STATE OF TEXAS, COUNTY OF DONLEY,

Notice is hereby given that an ection will be held on the 22nd day of June, 1920, at Boydstun school house in Common School District No. 3, of this county as established by order of the County school trustees of this County, of date the 24th day of April, 1920, which is recorded in Book 1, pages 7 and 8, of the Record of school districts of said county, to determine whether a majority of the legally qualified taxpaying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$3,000.00 the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to 30, both inclusive, payable 20 years from their date, with option of redemption after 10 with option of redemption after 10 years, and bearing 5 percent interest per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material within said district and to determine whether the Commissioners' Court of whether the Commissioners' Court of this County shall be authorized levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district suffic-ient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal

And those opposed shall have writ-ten or printed on their ballots the words "Against the Bonds."

J. W. Rhoades has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is missioners court of this county as is required by law for holding a general

Said election was ordered by the County Judge of this County by or-der made on the 12th day of May, 1920, and this notice is given in pursuance of said order. Dated the 24th day of May, 1920.

J. H. Rutherford, Sheriff, Donley County, Texas.

NOTICE IN PROBATE THE STATE OF TEXAS,

one of which shall be at the court house door and no two of which shall of the notice hereinafter set out, and you will also cause to be published Estate of J. S. Stephens, deceased:

| To all persons interested in the ested in said estate are required to appear and answer said application | 242.

| W. E. Bray, Clerk County Court, appear and answer said application | 243.

A Better Price For Your Wheat

"That granary makes me money on every bushel of wheat I put in it. It is built of wood because wood keeps grain in better condition than any other material. It's easy to build with lumber and my granary was built in a hurry. The ship-lap was nailed on the inside of the studding, and I will have the siding on / next month."

Every farm building is a money-saver or a moneymaker. A granary keeps your wheat in good condition until you are ready to sell it. That means a better price for your wheat.

Experience has taught us what kind of lumber is best for each particular purpose.

This service is yours for the asking.

## STRICEIAND-STORYS

We folks here in Donley County ought to be feeling mighty good over the condition of things in our country. You know we can't help having a sort o' sneaky feeling that ours is the best county that Columbus ever discovered, anyway. And now with the best general crop we have ever seen at this time of the year, why shouldn't we all be cheerful? You're not a farmer, you say? Why, bless your heart, it doesn't matter if you are not. If the farmer prospers, all the rest of us will prosper, too-that's what we believe. And if it's so, don't let's "gloom". Cheep up, friend! Cheer up! It's cheering, anyhow, to know that, just as heretofore, we are offering you here in our big stock of goods, values that are well under the present market price and will be when you buy them in the fall. There is nothing to indicate that prices for fall will be less to the merchant, or to the consumer. Production costs are as high as ever-but we will not risk boring you further. We want, however, to impress you with our belief that while prices may have reached the crest, there can be nothing more than a gradual recession of them. In the meantime remember that we can sell you the best goods obtainable at a legitimate, fair price. Call on us.

### Mens' and Boys' Dress Shirts

We have a very large and varied line of Crepe de Chine, Tub silk and silk-mixed shirts to offer the man or boy who would be in vogue. There are striped effects and solid shades in delicate colors, as well as white-all at prices which are very reasonable. They will be worn this summer just as much as ever, so come in and select yours

## "Tom Sawyer" WASHWEAR

It has really been remarkable to note the sales of "Tom Sawyer" Washwear for boys. Mothers have been quick to recognize the wisdom of buying the best there is for the boy. No fading, the best of materials and patterns, with workmanship, perfect combine to produce the best that can be offered. Just say "Tom Sawyer" to us. We will be glad to show you.

### **Wonderful Stocks of Fancy**

Voiles, Zephyr and Tissue Ginghams Are Here

Our sales of these fabrics, so well adapted to home-sewing, have been very heavy, but new arrivals have kept the stocks replenished and you can hardly look them over without seeing something new.

For instance, we have just received a beautiful lot of silk striped and plaid tissue ginghams, which are positively worth a dollar a yard but we have put them out to sell at per yard \_\_\_\_ 89c

### Needlework Lovers Will Find Here The Largest Stock of Supplies

Our sales of "Royal Society" package outfits, separate stamped pieces, and threads of all kinds and colors continue to demonstrate to us that the ladies of our county appreciate our stocking

New things come in all the time, so be sure always to look over the stock. We will gladly order for you anything not carried in stock.

### Your Suit, Has It Been a Good One?

You can walk into any store and buy a suit, but will you know it is a good one?

That's the satisfaction in buying the kind of clothes we've been selling so long-we mean

### Society Brand Clothes

Durability of fabric—perfection in fit—style in design, all are built into these famous suits. And they're priced most moderately.

SPECIAL:—We have a few summer suits on which we are making interesting reductions. Ask to see the reduced-price suits.

### Your Dress Fits No Better Than Your CORSET

To be properly gowned you must be correctly corseted. Because we know this so well, we remind you of it frequently and carry for your selection, a large stock of

### SALTS FINE FOR **ACHING KIDNEYS**

ley County will meet as a board of Equalization on Monday, June 14th, We Eat Too Much Meat Which Clogs Kidneys, Then The Back Hurts.

> Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headahes, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

> all sorts of bladder disorders.
> You simply must keep your kineys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids tivity. It also neutralizes the acids

in the urine so it no longer irritates thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithiawater drink which everybody should take now and then to keep their kid-neys clean, thus avoiding serious

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

### To All Business Houses on Main Street

We have just completed our lines in the alleys on both sides of Main street and are ready to start tearing down the lines on the street. Therefore, we insist upon you wiring your building out at once. We will start tearing down Monday morning, rain or shine, therefore it is to your advantage to be ready to tie on to the alley

By Frank Houston, Division Manager for Receiver

## There Is No Let Up In Our

# DRIVING PRICES DOWN!

We are LEADING the way to Lower Prices to the lowest possible level where a reasonable sum of money will buy an equally reasonable amount of goods. All the leading retail dry goods merchants from Maine to California are in this campaign against high prices. They all are driving prices down by the sacrifice of profits for a period of time.

No matter what you want you can buy it here for less. No store can make greater reductions than this store is making for we are out of sympathy with these high prices and doing all in our power to meet you 50-50, even to cutting off the all important end of our business---THE PROFIT

We know that production is catching up with the demand and in a good many cases has already passed it. This store is refusing to buy merchandise at the high prices and we know that goods in the eastern market are pointing downward. So we ask you to co-operate with us by refusing to buy this high priced merchandise. There is no let up in our Driving Prices Down. This store will continue to Drive Prices Down-to Shoot Prices Down-to Hammer Prices Down until a reasonable amount of money will buy a reasonable amount of goods.

## The Store where you can always depend on getting the best T. Quality of goods at the cheapest prices. The Store that always leads in low prices

### We Both Lose Money

When you do not let us figure on your bill for Flour, Bran and other feedstuff.

#### Seeds

Don't forget that we sell the best quality of field seeds of all kinds. Our prices will make you a steady customer.

flint arrow heads and war points, and several small ornaments made of mother of pearl beautifully draped and of excellent workmanship.

In the ruin five "ash-pits" were found, and from these places where the aborigines built their fires, to

Columbus sailed across the unknown waters of the western sea.

Most of these ruins, which consist only of the lower walls, are located on the Handly place, the rest being scattered along the valley of Wolf Creek at widely separated locations.

Beyond locating the ruins at other

Most of these ruins, which consists of the aborigines built their fires, to cook their food and warm-themselves, the bulk of the finds were made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent limits of the aborigines built their fires, to cook their food and warm-themselves, the bulk of the finds were made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; yet determine whether the dwellers of the cliffs of Wolf Creek were the forerunners of the cliff dwellers, or this water dishible the cliff dwellers, or this water dishible the cliff dwellers. forerunners of the cliff dwellers, or this-water drink which millions of those that came after that ancient men and women take now and then

race of people.

From what the writer saw, when on the ground some ten days ago, it seems to be quite evident that this tribe of the ancient residents of the YOUTH Panhandle was destroyed either by enemies, or by some cataclysm of nature. It is likely that enemies did the work. Had it happened from a landslide from the cliffs above the supple knees; it is a temper of supple knees; it is a temper of upper walls of the builing would have been scattered through the ruins and in the same state of preservation as the wells that are now to be found is the freshness of the emotions. It as the walls that are now to be found buried beneath the soil.

human skeletons have been found; it in a man of lifty more than in a boy of twenty.

Nobody grows old by merely living a number of years. People grow old only by deserting their ideals.

Years wrinkle the skin; but to give up enthusiasm wrinkles. three feet, six inches above the give up enthusiasm wrinkles the

At the same time the bodies of At the same time the bodies of the dead, and whatever else had been years that bow the heart and turn years that bow the heart and turn the dead, and whatever else had been left by the marauders, was covered by the soil, and is now being dug up the soil, and is now being dug up the greening spirit back to dust.

Whether sixty or sixteen, there is in every human being's heart the lure the sweet amazement at

people of today.

It is quite likely that in the years of wonder, the sweet amazement at the that have elapsed, those portions of the stars and at star-like things and thoughts, the undaunted chalthat have elapsed, those portions of the stars and at star-like things and thoughts, the undaunted chalteness, the touch of time, and are now mingling with the sands of the joy of the game of living. You

mingling with the sands of the creek below.

Whoever these ancient people may have been it is quite evident that they were far more advanced in the have been it is quite evident that they were far more advanced in the arts of civilization than any of the Indian tribes known after the arrival of the people in the new world. The erection of a building, such as the largest ruin implies, indicates a civilization far in advance of the plains Indian, or any of his contemporaries. Whom these ancient people may have been we know not. Like many people in the history of the world they lived their allotedtime fulfilling whatever destay might have been theirs, and they passed away been theirs. world they lived their allotedtime fil-filling whatever destny might bave been theirs, and they passed away into the darkness of the oblivion of the ages that have gone.

The News man obtained some few little relics of these people that are highly prized.—Higgins News.

# Dry Goods Market Conditions

AS WE

SEE

THEM

### SILKS

-Both raw and finished products are lower.

### **WOOLENS**

-The raw material seems and is quoted much lower, but the wholesale houses selling piece goods, and manufacturers producing Mens and Boys Suits, are still holding stiff prices.

### SHOES

-We will say that in our last report on the market we made the state-ment that shoes would cost more money for fall than present prices, for the fact that at least 90 per cent of the retail merchants had their orders booked for fall at higher prices than the spring prices, and we did not see any decline in sight, but these orders were booked at guaranteed prices against decline to date of shipment, so this week brings us good news from two of our shoe houses, giving us a small discount from ten to ninety cents a pair on some of our shoes, this is very small decline and will not lower prices on the shoes booked for fall down to present prices, but let's rejoice that the top has been reached and the tide is seeking lower and more stable prices.

-We see that our Star-Telegram gives shoes off 25c to \$2.00 but the above reductions is all that we have received.

### **COTTON GOODS**

-Much higher prices are quoted for fall piece goods, and we see that spot and future quotations looks as though we would receive good prices for what we raise, and as this is our country's product, we can stand

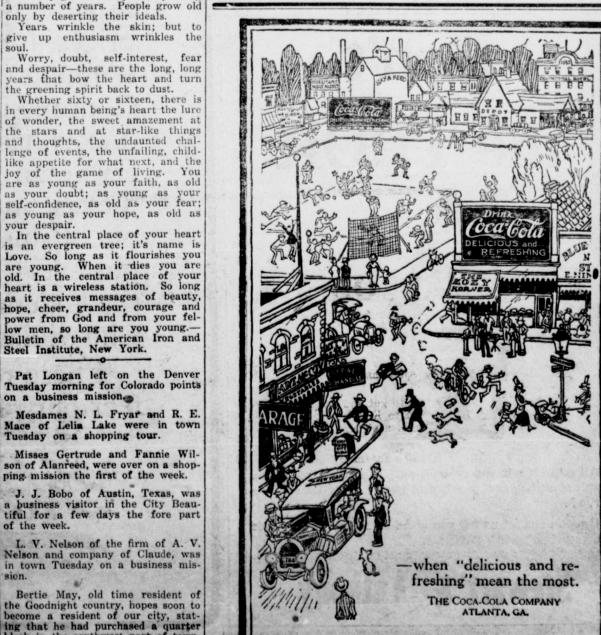

-We need not expect pre-war prices until we can have pre-war conditions. Our goods will at all times be based on market conditions. We are just as glad to reduce our prices where conditions permit, as we were reluctant to advance them, when it seemed necessary., but you may be assured that this store will never lower the grade of goods sold in order to make a cheap price, for quality first is the policy of this

Baldwin Bros.

"THE ONE PRICE STORE"

Assuming that enemies did the habitants of the village, as is evidenmurderous work, killing all the inced by the fact that at least six human skeletons have been found; it is more then method the property is not an an of fifty more than in a boy of twenty.

J. M. Erwin purchased the home Tuesday where he has been living for some time. Property is getting higher all the time. This is the advice of a realty dealer himself-buy in a man of the heavy of twenty.

high prices for both cotton and cotton goods. So, taking the situation as a whole it looks very good to us, as we see it, advances from now on are a thing of the past and we will gradually seek lower and more stable basis upon which to do business.

### Plain Statement of Facts

We are NOT reducing prices on our clothing.

Our goods were marked at the beginning of the season to sell at a closer margin than ever before at a profit less than that exacted by most stores, and the values we offer compared with the wholesale prices of to-day's market are very remarkable.

If a merchant has been asking too much for his merchandise, he is perfectly justifiable in lowering prices, for the United States Government thru the "Fair Price" Commissioner of the State of Texas has fixed the profits of every retail clothing merchant in Texas, and has promised the people of this state that they would put every clothing merchant in the Federal prison for profiteering who violated these regulations.

These regulations did not effect our regular prices.

# Dubbs Brothers REALTY BROKERS

The members of the Dubbs Bros. Realty Company have been closely identified with this section of the Panhandle for over thirty years and know every advantage and the very few disadvantages. We have made our homes in Clarendon for a number of years and expect to continue living right here in the best part of Texas. When we deal with our patrons, we do so on an honorable basis that makes them our friends and clients afterwards. We often handle property over and over again for the same client. We want your business on the basis of a square deal only and YOU must be satisfied as past patrons are in order for us t ocontinue in business. to the second se

We recently sold the Bennett & Sims farm of 2,080 acres about two and a half miles northwest of town to R. F. Morris of South Carolina. Mr. Morris is cutting this land up into small tracts of forty acres up and offers to give the man of small means a chance to secure a home at a reasonable price and be within reach of a college town where he may educate his children. Mr. Morris has placed the sal of this land with us and we want you to see it before investing in a home. No better farm land can be found, a large percentage will grow alfalfa that will cut from two to three times a season at from one to three ton per acre. This statement may be verified by the experience of Chas. H. Bugbee on his excellent farm near it. In addition to the fact that crops of all kinds have been grown on this land, a part of which is now under cultivation, the soil is of such a nature that the best quality of apples may be grown.

Mr. Homeseeker, don't let this chance slip by you. If you can't buy more than forty acres, get that much. Remember the terms are easy.

### Other

### Special Bargains

5 SECTIONS in one of the best stock-farms in Donley county. Well improved, well watered, big hay meadow and plenty of tillable land. See us for special price before it is taken off the market.

6 SECTIONS close to Clarendon at \$22 per acre offers a good chance for an investmet or a foundation for a stock-farm to keep. Don't miss

800 ACRES about three and half miles from Clarendon. Plenty of running water on this tract. The price now is only \$35 per acre.

1760 ACRES well improved, near town, a nice lot of it under cultivation and can be bought right now for the small price of \$40 per acre. 1000 ACRES well located close to Clarendon with plenty of it tillable and the price now is only \$25 per acre.

5100 ACRES in a good stock-farm and a dandy good buy at \$15 per

4863 ACRE ranch with running water, plenty of wood and a big lot of it subirrigated land, a part of which is already set in alfalfa. This fine bottom land is well improved with two sets of houses, large new barn and corrals. This tract is located within six miles of a railroad point. Think of the bargain-only \$20 per acre.

1280 ACRES, well located, all tillable except about 40 acres. A good buy at only \$27.50 per acre if you act now.

2200 ACRES of dandy good farming land, well improved, near Clarendon, the best school town of the Panhandle. Let us show this to you at a special price. Don't wait—the price is bound to advance soon. \$45 per acre will take it now.

640 ACRES well improved with plenty of living water and plenty of wood. One of the very best sections within 12 miles of Clarendon. Let us show it to you at \$25 per acre. It won't last long at that price.

640 ACRES with about 350 under cultivation within 12 miles of Clarendon. This is good cotton land and is well improved. The price now is only \$50 per acre and you can easily make it pay for itself. See us at once for this bargain.

640 ACRE tract with school on the line. Ninety acres under cultivation and 300 acres more is tillable. The price is only \$20 per acre with terms that you can handle it.

188 ACRE Swithin a half mile of Ashtola in one of Donley county' best all-round farming sections. All under cultivation, smooth, well improved and plenty of good well water. A bargain price is put on this place to move it and the terms are right. Ask us about it.

160 ACRE well improved country home within 2 miles of Clarendon with about 150 acres in a good state of cultivation. This is one of our best farms and the price is right for the quality of land considering the class of improvements. Let us show it to you at \$125 per acre.

120 ACRES within a half mile of Ashtola where they have as good a school as can be found anywhere. Ninety acres in cultivation and all of it is fine, tillable land. The price now is only \$100.

320 ACRES corners with the townsite of Ashtola. Will sell all or half. Fine farming land with every acre smooth. Worth every dollar asked. The terms are right. This offers a rare chance as an investment.

700 ACRES most all of which is being cultivated. On the public highway with good improvements. No better land in Donley county and priced right. You lose if you fail to look at it.

123 ACRES within 2 miles of Lelia Lake in the famous cotton and alfalfa belt. Seventy acres in cultivation and yet it can be bought now for only \$65 per acre.

320 ACRE farm with 190 acres under cultivation and the whole thing can be put into a field. Moderate improvements and worth the price of \$65 per acre asked to make a quick sale.

160 ACRES near Clarendon, about 140 acres tillable. This is a fine body of cotton land. Can be bought right now at \$105 per acre.

158 ACRE farm close to Clarendon on public highway. All of it can be farmed. Good cotton land. Worth every dollar asked for it. Look

90 ACRES within 4 miles of Clarendon, All good farming land. A rare bargain at \$125 per acre.

140 ACRES of good cotton land right near Clarendon with good improvements. Easy terms and the price is only \$135 per acre. A chance to get a good home and make it pay for itself.

160 ACRES a part of which is good cotton land. Located near Lelia Lake in a good water belt. Can show this to you at only \$60 per acre. Now is your chance.

160 ACRES corners within 1-4 mile of the Martin school house. A good bargain and worth more than the price asked.

This list is gotten out to show you what we have and is only a sample of the many bargains we have to offer. Space is too limited here to give a complete list.

Crop failures are unknown in Donley county. We refer you to any old residents as to the truthfulness of this statement. When you pitch a crop in this section, you know that you will make a crop. This record goes back to the days of the buffalo when the Indians termed our section the "green streak" because of the fine growth of grass when other sections were drouth stricken. In addition to the list above, we can show you a number of other tracts, some of which will be sure to please you.

We invite an inspection of these lands at any time. Right now the golden grain is ready for harvest and the market price is high enough to make a big payment on the land. This fall the cotton raiser will gather from one-half to a bale to the acre and the price of the fleecy staple will also make it possible to make a big payment on the land. In some instances the cotton crop on some of the smaller places have paid for the land with one crop. We might mention further the corn, maize, kafir and other numerous crops that are raised in abundance, but we would prefer to show it to you. "Seeing is believing." Land back east that produces no with one crop. We might mention further the corn, maize, kafir and other numerous crops that are raised in abundance, but we would prefer to show it to you. "Seeing is believing." Land back east that produces no more than our best land here sells for \$300 per acre and up. Land has doubled in price in Donley county within the past three years. It will beat that record during the next three years. Landowners in the high-priced counties are just now learning of this fine body of land tucked away in the rain belt of the Panhandle. This land continues to advance in price. No purchaser within our knowledge has ever lost in a purchase and on the other hand. the other hand, so far as we can learn, every man has made a good profit on his investment.

We have an excellent class of law abiding citizens, good schools, all the leading fraternal orders, good church houses with all denominations represented, a nice cool summer climate with mild winters, fine, pure soft water and soils suited to every need. We want more people. We want home ownrs. Quit rnting and buy a home. If you can make a payment and have the grit to work, our good crops and the hogs and milk cows will lift your place out of debt and give you a life of ease in your older days.

There is no better hog country in the world than Donley. Some of the highest priced hogs in America are produced right here. We would be pleased to show them to you. Hogs are a winner. Country produce finds a ready market at a good price the year round. Our farmer friends are a thrifty, industrious set of folks with most of them out of debt and money to lend. We want to prove every assertion made in this advertisement. We want you to come and be one of us. It is worth your while to look at the bargains in homes. If you can't come right now, write us when you can and we will meet you and show you over the country free of any charge. If we can't sell you something, we are friends just the same—you are under no obligations to us.

Woman's Society Wednesday af ternoon at 2:30. W. H. Foster.

WATER WARNING

Unless the patrons of the City Water Works refrain from using water on lawns and gardens until we are able to increase our supply it will be necessary to keep the water cut off a large portion of the time, in order to maintain our minimum amount for fire protection and sup-ply a reasonable amount for absolute necessities.

We are putting another well into operation at the earliest possible time and as soon as the light plant gets their new engine installed we will be able to supply all that is

Kindly be considerate and help protect your own interest as well as the interest of others, and be conservative for a few days, of course we want to sell you all you can use as soon as the supply permits.
O. C. Watson, Mayor.

NOTICE

A six o'clock dinner with program will be given to the members of the Masonic order, their wives and members of the Eastern Star at the ball Frider. and members of the Eastern Star at
the hall Friday evening, June 11th.
The Most Worshipful Grand Master,
George F. Morgan will be with us.
Every member of the local lodge is
urged to be present.
R. C. Weatherly, W. M.

### Take a Real Ride in the Cleveland, and You'll Know What a Car It Is

The Cleveland Six, the sensation of the year among light sixes, is selling itself to thousands who use discrimination in picking out the car they want.

To attempt to describe the qualities A real ride will show you, better than of the Cleveland Six is no easy task. can be told you, that the Cleveland a real ride and you begin to understand that here is a better light six, very much better. It has an enclosed over-head valve motor, of exclusive Cleveland design and manufacture and tested in road work for three years

You must ride in it to know it. Take has power and pick-up and flexibility a real ride and you begin to under- and ease of driving that do not come with many other cars. Low-hung spring suspension and splendidly upholstered cushions wipe out the roadbumps. Beautiful body lines place the Cleveland above the usual plane before being offered the public, that in appearance. Upholstery is of gives performance unsurpassed. genuine hand-buffed leather.

Come let us show you what a car the Cleveland is
