NOVELIST WHO VISITED CLARENDON LAST YEAR WRITES SERIAL ABOUT PANHANDLE COUNTRY

Readers of The News will recall visit of William McLoud Raine, a noted writer, having been in our city and in the Panhandle in search of the setting for a new novel. That visit was productive of all the sett-ing that the writer needed and the story of the Panhandle in the early days is printed as a three-part novel beginning in the June issue of the Blue Book. The story is titled "Oh, You Tex", and is said by the critics to be the very best western to be the very best western story that has appeared in late years. Clarendon people will be especially interested in the story since it's scenes are laid in Clarendon, Mo-beetie, Tascosa, and other nearby points familiar to those who know the early history of this section. The depictation of the cowboys,

'rustlers" gunmen, and early Texas Rangers, is wonderful and will interest every one who knew and loved the romantic days of the long ago.

Since the beginning of street paving construction, have you noted that there is an unusually busy atmosphere up and down Kearney street?

There is absolutely no excuse for any loafing in Clarendon these days, as the construction company is in posi-tion to offer anybody a job that wants one. It is ever thus when progress takes hold of a community. More employment means more money to be spent, more money to be spent means more business for everybody.

ARE YOU GENUINE OR A CAMOUFLAGE PATRIOT ---- WHICH?

Analyze yourself! Are you a real, red-blooded Amercan or are you a camouflage patriot? Do you really appreciate the great victory that our Government and our boys won for you? Do you realize that everything you have would be worthloss or taken away from you and that you would have been little more than a slave if this victory had not been won? Have you stopped to think that thousands of men-big, strong, able-bodied met -have gladly died on the battlefield to give you the blessing of peac and victory? They gave everything -life, home, loved ones. Do you realize that there are thousands of mothers and sisters in our country who are broken-hearted today because they have lost their loved ones, but who proudly gave their sons and husbands to protect you and yours and bring victory?

How, then, are you showing your appreciation? Are you holding your War Savings Stamps and Liberty Bonds? Are you saving your money and lending it to your Government through the purchase of 1919 War Savings Stamps in order that the victory bill may be paid and the boys brought home?

Every time a War Savings Stamp is cashed that much money is drawn directly out of the United States Treasury-money that the Government had counted on using to pay the victory bill-a bifl contracted in order that this would be a safe country for you to live in-money

As an American, a patrlot, one who loves his country, do you think the person is a real patriot, a sure enough American, who at this time of the Government's great need cash es his War Savings Stamps if it is possible for him to hold them? Do you think he shows the proper ap preciation of victory?

It was easy to be patriotic when the boys were in the thick of the fight, when the drums were booming the battle call, but the real test of patrictism is what one does now

Every person who can should hold his War Savings Stamps until the maturity date. Do you think a real American would cash his War Savings Stamps unless be was in dire need of the money?

ALL WAR SAVINGS SOCIETIES URGED **TO KEEP WORKING**

"Official statistics show that there are more than 164,000 War Savings Societies in this country and 17,500 of these are in our district," says Frank M. Smith, Federal District Director for the Eleventh Federal War Savings District, in discussing the nation-wide thrift movement. CHURCHES HAVE BEEN DUPED BY THE SUFFRAGE LEADERS OF THE NORTH

Some of our otherwise loyal and devout church people have been beguiled by the suffrage leaders of the north and east into believing that the whisky interests and the red light districts of the cities are all opposed to woman's suffrage. They knew that the church and prohibition sentiment was so strong here that it would be necessary to trump up some sort of an argument that would offset the bare facts that woman suffrage has proven no enemy to the saloon and the notorious fact that denizens of the city slums are working harder than any other class for woman suffrage to be realized in Texas. The reason for their activity is too apparent for a thinking person to overlook. Votes for women means the opening up of greatest greenest field of graft that has come their way since the manmade laws closed down their beer-In addition to garden theatres their support of suffrage to get gain from the wholesale bargaining of the fallen women's votes, the white slavers are grasping at every gap in the strong fence that American society has erected in defense of the virtue and integrity of its woman-hood. With woman gradually pulled away from her home barriers, it gives these better chance to fatten from the fate of the weak ones who fall in their way. The suffragist leaders in Texas have sought everywhere to ride in on the prohibition and ested in Thrift and the Savings church sentiment, and some of our preachers have had little enough gumption to let them do it. There is no connection of belief between

the church and woman suffrage except where some people who hold membership in the church refuse to be bound by the teachings of the Bible as to the duties of the sexes and embrace enthusiastically the heresey of "feminism." About twelve years ago this writer lived in Fort Worth and in the heat of a prohibition election saw the leading society women of that city parade under the "wet" banner. many of the same women are at the head of the suffrage movement in that same city. A similar thing happened at Dallas. Many women in Texas feel that it is the proper thing because many rich and club women are taking the lead. CIALISM BASED UPON WOMAN SUFFRAGE—FEM-INISM SUFF DOCTRINE

The News has said before that woman suffrage was born in socialism as expounded by Karl Marx, (more German stuff) and that its rise in this country was based wholly upon the advance of socialistic ideas. This is proven by the fact that in every state where woman suffrage has made a gain, socialism has made a corresponding gain. New York never could have been carried by the suffs until the socialists made a gain of 300 percent.

The New York Call, official socialist organ says "Suffrage is a means by which to obtain Socialism. Socialism is an impossibility without woman suffrage" Well, well-didn't we say so?

What is Feminism? A world wide revolt against all articiflicial barriers which laws and customs interpose between women and human freedom."---Mrs. C. C. Catt, President, National American Woman Suffrage Association.

The nature of the "revolt" and the "laws and customs" which feminists regard as "articificial barriers" to the "human freedom" of women, are revealed by Inez Milholland-Boise vain, a former suffrage leader. Writ ing in McClure's Magazine for Mar. 1913, this feminist authority forsees with delight "the beginnings of a break-down of the articificial barriers in the way of a more natural observance of mating instinct."

In other words, "Free Love." Mrs. Stanton the agnostic suffragist called upon women to forsake church work and devote themselves to suffrage agitation.

"Instead of any further efforts i behalf of a pin-cushion ministry, conjure my country-women to devote themselves from this hour to the the presidency of Miss Shaw, we education, the elevation and the en- read: franchisement of their own sex. If the same amount of devotion and self sacrifice now poured out in the CHURCHES could be given in this direction, another generation would give us a nobler type of womanhood than any yet molded by any Bishop, Priest or Pope."

At the Woman's Rights Conven-tion of suffragists at Philadelphia in 1854 the following resolution was adopted:

"Resolved, that * * * in regard to the sacred cause which has brought us together, that the most DETER-MINED OPPOSITION it encounters is FROM THE CLERGY, whose TEACHINGS OF THE BIBLE are intensely inimical to the equality of woman with man."

In a signed article by Rev. Anna Howard Shaw in the New York Evening Post, February 25th, 1915, we read

"I believe in Woman Suffrage whether all women vote or no women vote; whether all women vote right or all women vote wrong; whether women will love their husbands after they vote or forsake them; whether they will neglect their children or never have any children."

Here is a confession of faith in the "sacred cause" of woman suffrage which reveals its most illustrious leader as believing woman suffrage February, 1916. more important than right or wrong,

COAL FAMINE THIS WINTER

Unless people store their winter coal during the early summer months this country will experience the worst coal famine in its history. The mines have not pro-duced 50 percent of the coal they did up to this period of last year and it will be impossible to supply everyone if we all wait until late summer to put in our coal.

LADIES AID

The Ladies Aid and Missionary Society of the Presbyterian church met at the home of Mrs. D. A. Kelly, Wednesday afternoon, May 14th. The meeting was well attended and much interest was manifested.

The Bible lesson on 2nd chapter of Acts was led by Mrs. Chas. McMur-try. Everyone was kept busy sew-ing on refugee garments and many business matters were disposed of. During the social hour, the hostess served a dainty ice course after which we adjourned to meet in two weeks, May 28th with Mrs. W. C. McDonald. Next week's meeting was postponed on account of the Chau-tauqua. Press Reporter.

AN EXPLANATION

In justice to Manager Fletcher of the light plant the following explanation is offered. The blame for the apparently poor light service at the Senior Recital in expression last night at the high school auditorium can in no degree be laid at the door of the light company. Some of our local young bolshevists, (with apol-ogies to the Russians for such use of the term,) took occasion to break into the engine room in the basement in the midst of the young ladies recital, and pulled off the switch. It some time to locate the trouble. George W. Stocking.

ASSISTANT HOME DEMON-STRATION AGENT FOR DONLEY COUNTY

Miss Mattie Palmer of Denton will arrive here Saturday to assist Mrs. Chitwood in the home demonstration work.

Miss Palmer comes with a very high recommendation. She is a graduate of C. I. A. and a very active worker and under the supervision of Mrs. Chitwood we feel that she will render excellent service.

Fathers and mothers should encourage their boys and girls to enlist in some form of club activity this season. Boys and girls are learning new ways of doing things; scientific knowledge of the foods, cocking, canning, sewing and standard bred poultry raising. These club members are learning about the various kinds of human

foods, how they should be prepared and served, and how they should be balanced to promote hu-man health and well-being.

These clubs are stepping stones to better wives and home builders, in fact it brings any girl's efficiency up to standard.

MRS. HARRINGTON, AGED 83 DIED HERE SATURDAY

Mrs. Mary E. Harrington died at the home of her son, F. E. Harring-ton, last Saturday after a lingering illness of some weeks. She fell about

six weeks ago injuring a hip which with age assisted in shortening her stay here on earth. Every attention obtainable was used to make last days as pleasant and as comfortable

as possible. She with her husband came to Clarendon in the early nineties from Missouri.

Funeral services were conducted at the Baptist church Monday afternoon by Rev. Morgan, pastor of the Baptist church of Memphis. Interment was made in the Citizens' Cem-etery. Her sons, Selwin of Amarillo and Del W. Harrington of El Paso

were present for the services. The News extends its sympathy to the relatives and friends in their sorrow.

So pronounced in this fact that the leaders of the suffrage moveexcusing the blame that lies upon the ment were hard put to it to reason manhood of that city. We propose to prove that woman's vote don't help matters. It's no trouble to get against the divine writings, therefore Mrs. Cady Stanton, one of the founders of the suffrage movement an analysis of the Chicago vote since in the United States, wrote "The Woman's Bible" in two volumes, the purpose of which was discredit the women's ballots are marked and counted separately. 48,406 women inspired Word of God. The Woman's Bible denied the divinity of Christ and says "The Jewish idea that Jesus was born according to natural law is more rational than the Chris-tian record," and adds "These Bible mysteries and inconsistencies are a great strain upon the credulity of the ordinary mind." Matilda Joselyn Gage, one of the revising committee of the Woman's Bible wrote, "The Christian theory of the sacredness of the Bible has been at the cost of the world's civilization." This travesty on the Christian religion had its echo in England and after reading the book Mrs. Pankhurst said her "object was to demoralize the world of society, shame the churches and upset the whole order-ly conduct of life." In the preface of her bible, Mrs. Stanton waxes impatient with the old time family Bible and shamelessly asserts "We have made a fetich of the Bible long enough, and it has been the great block in the way of civilization. A MERCILESS JUDGE One Who Shows No Favor

A merciless judge is Father Time. Before him the weak and the warting go to the wall. Only the truth can stand. For years the following statement from a Clarendon resident has withstood this sternest of all tests. L. L. Taylor, Clarendon, says: "I had a lame back and it was hard for me to straighten up. I couldn't bend over, but what sharp twinges shot through my back. I used Doan's Kidney Pills, procured at McKillop's Drug Store, and they removed the pain and lameness from my back and was able to go to work again."

Lasting Results Over four years later, Mr. Taylor said: "I have never had any trouble with my kidneys since Doan's Kidney Pills cured me and I believe the cure s permanent."
