BOUNTIFUL ENTERTAINMENT FURNISHED VISITING MEMBERS MEMPHIS COMMANDERY

Easter Sunday, 1919, will be a day long to be remembered in Clarendon, on account of the presence of so many visiting members of the Memphis Commandery, Knights Templar, who with their families came here for the annual Easter service of their order, and remained through the afternoon for entertainment furnished by the hospitable Clarendon Knights, assisted by many others.

The Easter service held Sunday morning at eleven o'clock at the Methodist Church was a most impressive affair, the elegant regalia of the Knights lending a distinguished air to the service. Sir Knight Henry Reed was Captain General and Rev. R. B. Morgan as prelate delivered the annual address or sermon. Special music was rendered under the direction of Prof. R. Deane Shure, director of music for the Methodist church, it being the consensus of opinion that the music for the entire day was at high tide. After the close of the service the visiting Knights and their families were conducted to the Masonic hall where a most sumptuous feast had been prepared by the local Knights and their wives. During the early afternoon the visitors were treated to some special music by Prof. Shure, Mesdames Adams and Ulm, and the College orchestra directed by Miss Loeffler.

At four-thirty the visitors again assembled at the Methodist church where they were honor guests at a Vesper service presented by Prof. Shure, organist and choir director. Large attendance greeted this service as well as the morning program. service ice cream and cake were served at the conclusion of the Vesper served at the Masonic Hall and after more good-fellowship and a unanimous and enthusiastic vote of thanks the visitors departed to their respective homes in Hall and Donley County. Following is a list of visitors in part:

The News feels itself very fortunate in being able to present its readers with the very splendid Easter address delivered by Rev. R. B. Morgan as prelate of the Memphis Commandery, whose jurisdiction covers Donley County. It will be found on another page.

John Hunt of Stratford is here this week on business. He is a former resident of this county and will come back and locate here again. He has purchased a house from the Wm. Cameron Lumber Company in the southeast part of town.

Mr. and Mrs. J. C. Goodrum have returned from Cordell, Oklahoma.

CLARENDON WILL CELEBRATE JULY 4TH—FAIR ALSO

A mass meeting was held Friday night of last week at the court house for the purpose of discussing plans for the coming Fourth of July celebration and to consider the proposition of a county fair for the fall. There were those in the county who felt that if the celebration was held in July on the scale that Clarendon always does things of that sort that it would militate against the success of the county fair this fall, as it would be hard to raise the necessary money to make them both go. This matter was freely discussed and when the vote came it was decided unanimously to have the Fourth of July celebration in one great day of entertainment and to also hold a three-day county fair this fall.

Clarendon and Donley County people are thus notified that the Fourth of July Celebration is an assured fact and may begin to make their arrangements accordingly. Further they may begin to lay their plans for the County Fair this fall, and get their farm and dairy products lined up for the exhibits. The time for the fair will be set and announced later by the Fair Association, but it is probable that it will occur late in September or early in October. This will give exhibitors opportunity to carry their exhibits from the Donley County Fair to the Texas State Fair at Dallas and the Cotton Palace at Waco.

1919 is to be a banner year in Donley County in every line and winners in the County Fair may be depended on to bring back the blue and red ribbons from the state fairs.

Last week through misinformation The News said that the luncheon to be given to the visiting Knights Templar and their families on Easter Sunday would be served by the Eastern Star chapter of this city. This was in error. The splendid luncheon was prepared and served by the Clarendon Knights and their wives, to whom the Eastern Star desires all the credit to be given. The News believes in credit where credit is due, and flowers for the living.

Miss Alta Johnson after a visit with friends returned to her home in Amarillo Monday morning.

NAVY BOY DISCHARGED

J. O. Thompson, son of Mr. and Mrs. J. O. Thompson of Lelia Lake, arrived home Sunday morning to the great delight of his parents and friends.

He has been absent from home for two years during which time he has done valuable service for Uncle Sam on transport duty, making the trip across eight times. His ship was the Martha Washington.

Mr. Thompson has his discharge of which he is duly proud. We are glad to see him in Clarendon again.

The JA ranch shipped seven cars of cattle to Buffalo, New York this week.

LIBERTY LOAN QUOTA FOR DONLEY COUNTY HAS BEEN PLACED AT ONLY \$171,300.00

NEW COMPANIES ENTER OIL GAME IN DONLEY CO.

H. M. Ellis and T. J. Cothran of Lelia Lake and S. M. Jameson of Wichita Falls, who we understand is a successful operator in the Burk Burnett field, have availed themselves of quite a bit of Geological dope on Donley County's anticlines and after being fully persuaded by at least half dozen geologists that they could make good on certain lands, or rather in and under certain lands, they secured oil leases on 550 acres of that considered most favorable and formed a company capitalized at \$50,000.00 for the purpose of decorating the landscape with derricks over producing wells. The name of the company is the Don-Lea Oil Co.

They are arranging to place a standard California deep well rig on their location and start the well with a 20 inch hole. They claim to be prepared to go 5,000 feet if necessary to reach the pay sand.

We understand that this well will go about one and one half miles South East from Lelia Lake.

These men expect to have the stock placed within a week and begin operations right away.

It is very probable at an early date drilling operations will be begun in the Brice country, however, the exact location is not known. Also developments are favorable for drilling near Red River north of town and that location has not been decided upon.

The Chrystal Lake Oil Company is being organized and activities in the Chrystal Lake country drilling for oil will be of unusual interest.

The Donley-Park Oil Company, which is represented in Clarendon by Erwin and Bain, are expecting to drill soon at Iowa Park. Prospects are fine in this field.

Parties from New York, Wichita Falls and other places have written or wired to oil men in Clarendon the past week for oil leases. The wise ones say they know a good thing.

Our friend, R. E. Montgomery, came in one day the past week and advised us to change the address of his News to Fort Worth. When we approached him asking for the object of his business in that part of the state he readily informed us that that was his business. We suppose he knew what he was talking about.

The state Liberty Loan organization at Dallas has notified County Chairman W. H. Patrick that Donley County's quota in the Victory Loan drive is \$171,300. This sum is quite a bit smaller than was anticipated, as most of those in position to hazard a guess expected not less than \$200,000, especially so in the light of the very prosperous condition of the county.

The county organization is now being very rapidly perfected and there is no doubt expressed but what Donley County will take her quota promptly. No total over-subscription will be accepted by the government, but it is expected that small over-subscriptions by districts or counties will be accepted to make up any deficiencies that may arise in other sections less fortunate.

The quotas assigned to the various school districts over the county by the executive committee are here presented:

"AN HORRIBLE CONSPIRACY"

The people of McLean and Pampa have entered into an horrible conspiracy, so The News is informed, for the purpose of making a new county out of portions of Donley, Collingsworth, Gray and Wheeler. Their plan is to make McLean the county site of the new county (we think the new county ought to be named Eugene Debs) and have drawn Pampa into the net with the bait of that charming city being given the court house for Gray county, now situated at Lefors.

The four counties involved have been living together in peace and harmony for decades and this uprising of territorial bolsheviks comes as a shock, which will be met in all haste with the entire resources of Donley County, most of Gray, Collingsworth and Wheeler counties.

BIRTHDAY PARTY

Mrs. A. B. Nave entertained Saturday afternoon in honor of her daughter, Melvina's seventh birthday.

Twenty boys and girls came to enjoy the good time planned. An Easter egg hunt and contests made them happy for several hours. Miss Melvina was the recipient of many beautiful presents. Assisting Mrs. Nave were Mesdames Dick Allen, Homer Mulkey and Jack Killough.

Bob Stricklin won the prize for pinning the donkey's tail on correctly. A guessing contest was very exciting which resulted in Fannie Gussie Story being the winner, an Easter hen stuffed with eggs. Jane Killough won the second prize a basket of eggs.

The dining room was attractively decorated in pink and white, as well as were all refreshments showed in the colors, which was brick ice cream and cake. At each plate there was a little nest with two eggs and a place card.

PATTERSON-KEEBLE

In the city of Austin, April 15th was solemnized the marriage of Lieutenant Edwin Patterson to Miss Mate Keeble of Fort Worth.

Lieutenant Patterson has only been in the States a very short time from France where he was with a company of Engineers. For seventy four days they were at the front during which time Lieutenant Patterson sustained slight wounds. He went across last May. He is the son of Mr. and Mrs. G. S. Patterson and a very popular young man with Clarendon people, having attended our schools and identified himself with social circles here. Before the war he was attending A. & M. College.

Miss Keeble is a charming Fort Worth girl, and a former C. I. A. student.

The News joins with their many friends in wishing them much happiness. They are now visiting with G. S. Patterson and family.

Clarendon debaters won the district honors at Canyon last week and will go to Austin, where it is confidently expected that they will bring home the state championship. Our city is fertile soil in which to develop first-rate ability in any line. That's why Clarendon is known as the "Athens of the Panhandle."

Donley County will have a County Fair this fall in spite of those who felt that Clarendon's Fourth of July Celebration would mean its abandonment. The progressives of Donley County are in the saddle this year and intend to bring things to pass. The News predicts that both events will be the greatest in the history of the county.

In next week's issue of The News we hope to chronicle in exultant lines the passage by a top-heavy majority of the paving ordinance. It is well to remember that with only a few exceptions every property owner who will pay the burden on account of his frontage on Kearney Street is heartily in favor of the move. It is well to remember that the contract has already been signed by the city council and only needs the majority vote of the election next Tuesday to make it operative. Vote early and make Clarendon safe for progress.

This issue of The News is somewhat of a special Victory Liberty Loan edition. The extra pages were made possible by the work of a special committee headed by Joe J. Goldston under the direction of County Chairman Patrick. It has not been the policy of The News to solicit liberty loan or war savings advertising for the obvious reason that it shrinks from any act that might cause unthinking persons to charge that The News has capitalized the war to secure business. As a matter of fact in every campaign that the government has launched it has been a source of patriotic pleasure for this paper to give largely of its space to publicity, notwithstanding the fact that it actually costs \$2.00 to produce every column of The News. We have given to government publicity over \$500 since we took charge of this paper and the act of the County Chairman in seeing to it the paper received pay for a part of the advertising of the Victory Loan Campaign makes the management feel that The News is located in the midst of the most thoughtful and appreciative people on the globe.

The annual convention of the Panhandle Press Association passed a strong resolution at Vernon last week, advocating the establishment and extension of departments of manual training in high schools and colleges of Texas. The labor situation is growing so acute in the trades of the nation that something must be done to replenish the supply of skilled labor in all lines. The act of the Association is not altogether an unselfish one as there are few trades in which there is such a demand for competent help as in the mechanics of printings. Statistics show that printing and its allied industries ranks third in the world of business and something must be done to keep the ranks of its workers to effective strength. In the old indolent years of the past half century every printing office in even the merest hamlet had one or more "printer's devils", a large percent of whom have made competent printers, pressmen and editors, but in the recent rushing, grinding years the employers have not cared to take the time and responsibility for the development and teaching of the beginner, which has naturally resulted in an ever increasing shortage of help. Schools and colleges are the proper places to train the young for all trades, and every school of journalism even in their early ineffective years have proven the wisdom of their establishment from the standpoint of the printer's craft. Let our schools teach the practical things of life and fit the young for remunerative trades—all trades are remunerative now and will no doubt continue to be for fifty years or more.

The News editor was guest at a dinner party given at the Vernon Hotel at Vernon last Friday at which Hon. Lee Satterwhite, member of the Texas legislature from the Amarillo district and President of the Panhandle Press Association, was host. Those included in the party were Hon. Marvin Jones, Senator W. S. Bell, Miss Laura V. Hamner of Claude, Miss Leta Warren of this place and Ray Carney, local reporter for the Vernon Record. The round table of politics and current events was spicy and enlightening throughout and the dinner was thoroughly enjoyed in spite of the presence of men high up in politics. With all due respect to every one present it is the News's man private opinion that Hon. Lee Satterwhite is as much of an outstanding figure as were the congressman and the senator—and that's no reflection on their ability, either. "A man's a man for 'a' that."

ALLOW EASY TERMS ON VICTORY BONDS

Terms of payment in the new Victory Liberty Loan are the most liberal ever offered by the Government. Deferred payments may be extended over a period of six months, from May 10 to Nov. 11.

It is announced that 10 percent of subscriptions would be due with application on or before May 10, another 10 percent on or before July 15, and four subsequent installments of 20 percent each on or before Aug. 12, Sept. 9, Oct. 7 and Nov. 11. Accrued interest on deferred installments will be due with the last payment.

Payment in full can be made May 20, if desired, 10 percent with application having been prior to May 10. Payments also can be completed on any installment date with accrued interest.

Terms of the fourth Liberty loan permitted deferred payments only over four months and the installments were arranged so that 50 percent became due in two weeks, from Jan. 16 to Jan. 30, 1919.

Thursday night as this editor was enroute to Vernon to attend the Panhandle Press Association we met our young friend, Sam Hilburn, on the train who was going to Camp Travis to join a unit of one thousand men who will leave soon for France. He has enlisted in the army for a period of three years.

THE RESULTS OF CHRIST'S RESURRECTION I COR. 15:20

A sermon preached at the Easter service held by Memphis Commandery No. 50, Knights Templar at Clarendon, Texas, April 20th, 1919, by R. B. Morgan.

We have met at this hour to reassert the reality of Jesus Christ's resurrection from the dead, and reaffirm this fact to be man's only hope of heaven and life hereafter.

Whether the date we observe as an anniversary of this fact be correct or incorrect, has but little to do with the actual fact which we accept and memorialize. The purpose inspiring such a service is to confirm and perpetuate our faith in and dependence upon, this stupendous fact of history as the only hope of heaven and immortality.

I feel justified in this connection in calling attention, with no degree of false praise or superficial pride, to the fact that the Knight Templar order, representing the principles of Masonry in their highest purposes, is the only organization of human brotherhood that memorializes the fact of Christ's resurrection and incorporates this truth in their specific teachings and practice. The subordinate degrees of masonry have to do with teaching men how to live after the noblest and purest ideals of human brotherhood as an organized institution, protecting its rights and perpetuating its principles by secrets sacred to its purpose and kept inviolable by its membership.

The Knight Templars teach men how to die and how to meet God in the judgement. To do this they must put Christ in their faith and life and make him their supreme teacher. Hence the annual service in honor and commemoration of his resurrection. Wherever the Caucasian race has gone, Masonry has been established and preserved as a sacred rule of life and the Knight Templars have followed to emphasize the meaning of death and the reality of the resurrection.

We assume such a right and maintain such a memorial service, not because we represent theology or presume any equality with the church of the Lord Jesus on earth, but because our personal faith accepts this truth, and our tenets and ceremonies are based upon it. If Christ did not rise from the dead then the Knight Templar Masons have but little reason to exist. It is only just to this organization to say, that we in no way think or feel to compete with the church and her right to the first and preferred place of honor in the preaching and teaching of this great truth, and we rejoice that the church is a divinely established institution, eternally and irrevocably set for the defense and perpetuation of this spiritual truth. With humility of heart and preference in respect for the church, we reverently bring our tribute of faith and hope to lay it at the altar of worship, and ask the privilege of joining in earth's greatest anthem, "Bring forth the royal diadem and crown Him Lord of all."

Before I discuss the text of scripture we have for the morning devotion, a word of historical information will not be out of place. The piety and devotion of the 11th century led multitudes of pilgrims to visit Jerusalem for the purpose of worshipping at the Temple and Sepulcher of our Lord. Many were aged, weak and poor and hundreds of them were robbed, tortured and killed by the infidel Arabs. To protect these worshippers and pilgrims and succor them, nine French Knights of Baldwin, King of France, united in the year Eleven hundred and eighteen in an armed military brotherhood. They took solemn oaths of consecration, and entered into a covenant to aid each other in opening the roads, and aiding dependent pilgrims on their journey to the sepulcher for worship.

They were given a place to live in the Kings court, and provided an armory near the sight of the Temple. Their location and activities gave them the name of Templars. James De Molay appears to be the first Grand Master, residing at Jerusalem. When Jerusalem was lost to the Turks he removed to Acre and when that city was captured in twelve hundred and ninety-two by the Sultan of Turkey, Mansour, the Knights and Christians evacuated Palestine and the grand master located at Cyprus. Phillip the fair, King of France in the fourteenth century, secretly combined with Pope Clement the 5th, for the destruction of the Knight Templars and the confiscation of their property. In June 1306 Pope Clement wrote to Molay at Cyprus and asked for an interview in matters of great importance. Molay arrived in Paris early in 1307 with sixty Knights. He was immediately arrested and imprisoned, and on the 13th of October following, every Knight was arrested on the pretended charge of idolatry. Pope Clement presented one hundred and one bills of indictment against them. I mention only three to show the animosity of the persecution. Charge 16, "That they do not believe in the eucharist sacrifice." Charge 20, "That they said the grand master of their lodge had the power of absolution." Charge 30, "That their reception of members was secret." It is needless to say that they were condemned and on May 12th, 1310, fifty-four were publicly burned at the stake and on May 18th, grand master Molay and three chief officers suffered the same fate. Then by the order and energy of Phillip assisted by the spiritual authority of the Pope the Knight Templars were suppressed throughout Europe.

Count Beaujeu, a nephew of Molay is said to have escaped this persecution and carried the degrees and ritual into Sweden where it was incorporated into Free Masonry. So my friends you have in brief the lineage of an order which had its origin

in devotion and protection for the faith of Christ, and was sworn to protect the worshippers of Christ in freedom of conscience. I put now the text of scripture before you, "But now is Christ risen from the dead, and become the first fruits of them that slept." First Corinthians 15:20. In other words, Christ is now risen from the dead and is therefore the assurance that all the dead shall rise. The whole promise and truth of life and its resurrection rests on the facts of Christ's resurrection. If we needed to argue this question I would find no hesitancy in substantiating it as a fact of history, a fact of reason and a fact of experience.

But I am more concerned at this hour with the results of the fact than the proof of it. I maintain that the results of belief in and personal acceptance of Christ's resurrection involves a personal faith in Christ himself as divine, and brings to the human mind and heart the only satisfactory explanation of life and all of its mysteries. It produces a faith and provides a joy, that,

"Shines more bright and clear When tempests rage without, In danger knows no fear In sorrow feels no doubt." The fact of Christ's resurrection reveals the meaning of a NEW LIFE. There is a vast difference between a new meaning of life and the meaning of a new life. This distinction of thought gives rise to the wide divergent lines of philosophy concerning life. Those who adopt one propose to give life a new meaning by outside polish and philanthropy. To use a homely figure they propose to putty the cracks and give it a coat of varnish.

The other doctrine demands a new life created in Christ Jesus and then strives to acquire such polish and usefulness that He may glorify thereby. It is only possible that the last view can stand the test of time and the demands of God. This new life settles faith in God; in things good; in fellowman and in heaven. It is a new life of ideals, things come to have a new meaning for us. We understand ourselves better, our limitations and possibilities. We face outward and upward. Self ceases to be the center of our circumference in thought and action and we are possessed of a deep desire to be of service. The material world is better understood and its treasures are used in our hands as blessings to be shared and freely given for God's glory.

Faith in Christ's resurrection brings a wider fellowship. We have touch with men's souls and this makes us to know divine realities. True fellowship is wider than the sharing of or ministering to, physical needs alone. How narrow and hopeless is the faith that feels no farther than the ministry of the body; true we do well to provide the sympathies and ministrations that ease pain, console the mind and support the body, but how sad if we can go no farther and comfort the soul, that when unclothed from the body goes to a destiny eternal. Now abideth faith, hope, charity, but the greatest of these is charity—that true charity which loves and serves the body and the soul is a distinct creation of faith and hope.

The resurrection of Jesus Christ reveals a new morality. A morality based not alone on the flesh but the spirit, it involves not only the letter of the law, but comprehends the spirit of the law, and is more concerned with the fact that the form of obedience, a morality not alone of physical acts but of inner motives and which supercedes selfish ends. A morality that is to have its final and proving test not only at the bar of human judgement, that looks on the outward appearance, but at the bar of the spiritual God who looketh on the heart. A morality that cannot live in forms and outward show, that cannot be confined by polished creed nor perpetuated by ruling ritual—a morality that projects itself beyond the limits of time and the grave and there becomes a savior of life unto life or death unto death. This new morality accepts the laws of God through Jesus Christ, as the supreme court of final appeal in all human acts. It establishes a world citizenship assuming responsibility for wrong and guaranteeing right at the cost of personal sacrifice. No man can believe and visualize such a morality without a spiritual understanding and belief in life beyond the grave.

The challenge of Christ to prove his resurrection was that one of the disciples reach out his hand and put his fingers in the bodily wounds of the Lord to confirm his faith. A

BE WELL TO WIN

Weak, run-down, tired, listless men cannot compete in the race to win in the work of the world. You must be strong, virile, energetic—physically fit and well—able to take your place, to do your part. You look as you feel, and appearance is everything. Big men of affairs demand employees who are fully up to the mark. Workers must be able to deliver—one hundred percent efficient. —TAKE RICH-TONE— —AND BE EFFICIENT— Efficiency comes of well being—you can't be efficient unless you feel efficient. RICH-TONE makes men efficient because it aids in making them well. RICH-TONE, THE FAMOUS TONIC, was prescribed by a well known physician at his own health resort. U. S. TREASURY.

For one person who has made money quickly there are a thousand who have built up a fortune slowly by means of conservative investments, such as Government Securities.

Any sane man would rather lend money at interest, than have it taken from him. The Government *must* have money. It is a case of lending or being taxed.

Whatever the future has in store, those people who have purchased Government Securities have least to fear and most to congratulate themselves upon.

What you waste will buy a Government Security.

For a person who knows nothing of finance, stocks, shares or bonds, there is one good safe investment—Government Securities.

Place your money with the United States Treasury—the safest place in the world. Buy Government Securities.

Save money, buy U. S. Government Securities, accumulate them, and one day you will be able to buy that "something" you have always wanted.

Last, but by no means least, buy Government Securities because your country needs the loan of your money—and such a demand amounts to a sacred obligation.

**HE ASKS YOU TO
STAND BY HIM**

FRANK M. SMITH
Federal Director War Loans and Savings

On Monday, April 21, we shall have an opportunity of showing to what extent we have caught the spirit of the new and enlightened patriotism that the World War gave birth to.

Selfishness is dead. The sacrifice of money, future, even life itself, has become almost a common-place. Today, one would be ashamed to talk or act selfishly.

The people of the Eleventh Federal District have always lived up to the highest traditions of our race and now they will add to their record the crowning act of a great over-subscription to the Victory Liberty Loan, which of all loans is the true test of patriotism.

The people of this section are well informed. They know that the payment of our just debts is the only course consistent with our dignity. They know that what they are lending money for today is not actually war material but American boys' lives—if it were not for our vast preparation, Americans would be fighting and dying in the trenches today.

I have an abiding faith in my friends and neighbors, and I look for a magnificent response to the claims of the Victory Liberty Loan. I ask only that each individual response be prompt as well as generous.

**GERMAN HELMETS
FOR EVERYBODY**

Everyone will have a chance to get a German helmet for a keepsake of the great war.

Watch for the coupon bearing an order for a helmet. These coupons will be dropped from airplanes which will fly over towns in the Eleventh Federal Reserve District during the Victory Liberty Loan campaign. If you see a scrap of paper fluttering in the treetops shinney up the tree after it. It may be an order for a helmet. It's your chance in a lifetime to get one. These bright, shiny new helmets were never worn. They were a reserve supply to be worn by the boche when they marched into Paris. The boche didn't get there, but the helmets did—by freight. They were shipped in by the victorious allied troops after they marched into Germany.

HELLO, BOYS!

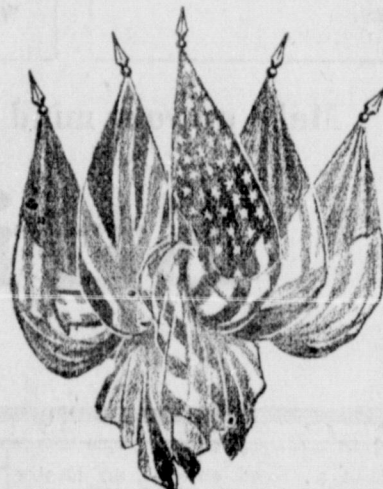

Like every other American you are glad to see the young fellow who is just back from France. You are just as glad to see the disappointed youngster who got no farther than the training camp. Both represent our fighting force to you.

That one failed to reach France doesn't lessen the warmth of your handclasp one whit. Nor the sincerity of your welcome. That was the fortunes of war. It's the willingness to fight that counts.

And you are just as proud of what the army did over there. You like to think of Chateau Thierry, Verdun, Belleau wood, the Argonne forest and all other places where the Yanks clashed with the Hun as samples of American pluck.

Nor has it all lessened your conviction that America is the greatest land under the sun. Breeds the gamest fighters; the most loyal citizens; the truest lovers and real appreciators of liberty.

Live up to your boast. Lend like a man to the Victory Liberty Loan.

DON'T TIE HIS HANDS

If any foreigner was to step up to you and declare that Uncle Sam wasn't sincere, didn't live up to his obligations, failed to make good his promises, you would probably try to knock his block off.

Uncle Sam is sincere, is honorable, tries always to make good, backs up to the letter his ideals and endeavors to attain his ambitions.

And when he fails anywhere along the line it's the folks at home who do not toe the line of duty. Who tie his hands.

Right now Uncle Sam is asking you to help him meet the greatest obligation he has ever faced.

The task of finishing this war job rightly.

He asks it in his name, in the name of every khaki clad soldier in the land.

In the name of every one of those 70,000 boys who never came back!

And the size of your bond measures the depth of your gratitude for all they have saved to you.

BUY YOUR SHARE

The Victory Liberty Loan will yield the funds that are needed to complete the war task of the nation.

The honor of the Government is at stake. The gratitude of the nation to its heroic defenders must be proved. We must show the whole world that we are loyal to the pledged word of the American nation.

The Victory Liberty Loan will be the best investment ever offered by any government. It will have less risk, pay better interest, and have more advantages than any security obtainable. Buy your share!

**BELIEVES TANLAC
SAVED HER LIFE**

"In all my experiences I've never seen anything as good as Tanlac" says practical nurse.

"Do you know, I have gained at least fifteen pounds, and I honestly believe that Tanlac has saved my life," was the statement made recently by Mrs. E. F. Milner. Mrs. Milner is a practical nurse and is known and respected by everybody in Corsicana, Texas, where she has lived for the past twenty-six years.

"My health has been broken," she continued, "and I have been steadily going down hill for ten years. I had constant headaches and was in a year I was taken down with some kind of trouble and I have never been able to find out just what it was. I was confined to my bed and was not able to stand alone, much less walk. It seemed to me like there were thousands of pounds of pressure around my waist and in my chest. When I lay down I felt like I would smother to death, so I had to sit up to breathe and prop myself up in bed to be able to sleep and get any rest at all. I was told I would never get over my trouble and of course I felt discouraged and despondent.

"After reading about the good Tanlac was doing others I bought a bottle hoping it would help me, and I am obliged to give it all the praise. In my long experience with medicines I have never seen anything as good, and I firmly believe it has saved my life. Not only that, I am feeling better than I have in over two years already and have just finished my second bottle of Tanlac. My headaches have disappeared and I am strong enough to walk anywhere I want to go and can do all my work about the house. As I have already said, I have gained at least fifteen pounds and am so happy over my recovery that I want to tell everybody about Tanlac."

Tanlac is sold by leading druggists everywhere.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

Outfitters to The Whole Family

Last week marked the close of our first year of business in Clarendon—a volume of business highly satisfactory to us and for which we are truly grateful to the friends who helped roll it up.

Though seriously handicapped by beginning at a period of high prices, we believe we have consistently offered good values to our trade and the fact that our earliest customers are still buying our merchandise, and that we are constantly adding new customers to our list, convinces us that we HAVE been RIGHT IN PRICE. Quality and price go hand-in-hand and one should never be considered without taking into account the other. On that basis—"Quality and Price"—we always welcome comparison.

We have secured for our trade, exclusive selling privileges on a great many well-known and high class lines of merchandise, and believe it worth while to call your attention to a few of them. We are proud of these lines and expect to add other high class lines all through the store from time to time. If you are not already a customer, we extend you a most cordial invitation to visit our store and ask to see anything you are interested in.

Nuff-Sed

The proven fields now spouting oil Were wildcat once, just common soil, Until a man who had the nerve And from his purpose would not swerve

For all the knockers in the land Until the drill had found the sand That put the field upon the square And made the man a millionaire.

Then all the knockers, great and small, Their rotten luck began to bawl, And every mealy tight-wad hog Saw in the man a "Lucky dog" They couldn't see it wasn't luck But common sense and bulldog pluck. He took the chance he thought was fair And thus became a millionaire.

For you the same chance stands today To make the liquid gold sands pay, If you've the nerve to take a fifier, To boost your bank account up higher We'll try to make your pockets fill If you will help us push the drill. "Faint heart ne'er won a maiden fair" Nor cold feet made a millionaire.

THE RESULTS OF CHRIST'S RESURRECTION I COR. 15:20

(Continued From Page Two)

morality that has no wounds of self crucifixion, bears no scars of suffering, the just for the unjust, has no marks of faith in Christ is a sham and a pretence. It is hollow mockery that honors God and a disease that spreads death and destruction over all the earth.

The resurrection of Jesus Christ reveals the merciful purpose of death. Death is the final peace conference that stills the strife of pain and bodily suffering, reveals the boundaries of a new world and signs the league of future realities. It is a part of the natural laws and conforms to them under the providential hand of God. Interpreted by the Christian faith it is a servant of life, a messenger kept in the shadows of the finite realm abiding its time of service until summoned by the wisdom of the eternal maker of the universe. It comes without pomp or splendor, but with a swiftness and certainty that no human power can deny or postpone. Death is revelatory in the light of Christ's resurrection.

It shows who we are and what we are. It reveals the hope and promises to which all human hearts cling and without which life is vain and lost. It reveals the home of souls and the happy rest in the paradise of God. It is but a change of relationship, wherein we leave the walks of men on earth and enter the golden pathways of God's blessed spiritual home.

We shall never find a better expression of death's meaning than in words of the great Southern Christian General, "Let us pass over the river and rest under the shade of the trees."

But death is more than all of this it is constructive. It reconstructs the body through the resurrection and fashions it after the glorious body of Jesus Christ. Spiritual vision is cleared of its human shadows and we see God face to face. Spiritual ears are relieved of earthly clogs and may hear the eternal music of Angel choirs who sing the melodies of heaven's Temple, "Holy, Holy, Eternal Lord God Almighty". Spiritual tongues are loosed to whisper the secrets of the unspeakable forever. Death widens and reconstructs our ministry. We serve our fellowmen on earth after death, through a memory and influence that life gave us in Jesus Christ, and in the world we leave, our faith lives on in the lives of others. This ministry on earth, after death is undimmed by the failures we suffered in physical body, is forgiven of its faults by the mercy of God and is sanctified by the ever living spirit of God for his glory and the blessing of the world. We minister in heaven with the other saints in the pure worship of God waiting the time when our loved ones shall join us and the whole family on earth and in heaven shall be one.

This my friend is the result of the resurrection of Jesus Christ and the faith in which I trust this congregation worships today.

EUGENE LAURANT

One of America's greatest magicians will appear here at Chautauqua.

Eugene Laurant, known all over the United States as "the man of many mysteries," is one of America's greatest magicians. He is one of the three men who have been awarded medals by the American Society of Magicians, and the national magazines and big metropolitan dailies have published many stories regarding him and his work.

Laurant could have made a big or as a magician and it is seldom reputation either as an entertainer that these two important characters are found to such a high degree in one man.

Many of his trick features were originated by him. He has his own work-shop, elaborately equipped, where he is continually devising new features for his program.

Laurant is a man of magnetic personality, recognized everywhere as pre-eminent, both as an artist and as a man. An evening spent with him is an evening full of real enjoyment, particularly for the children with whom Laurant is a great favorite.

BAIRFIELD SCHOOL CLOSES

The Bairfield school had a very successful closing, April 18. On Friday night a program was given by the pupils under the direction of the teacher, Miss Sara Thompson. Each part was well done and was enjoyed by the parents and friends who were present. The room was prettily decorated, giving it a very spring-like and festive air.

On Saturday the annual picnic was enjoyed at Troublesome canyon, at the Old Picnic grounds. Quite a number of patrons and friends enjoyed the splendid picnic dinner of baked chicken and dressing, boiled ham, sandwiches, potato chips, salad, pickles, cakes, pies and custards. In the afternoon a surprise Easter egg hunt was enjoyed by the children. After this cake and cream were served, the treat of Mr. and Mrs. Bairfield. Late in the afternoon the picnickers departed loath to leave the good time and the beautiful place.

PANHANDLE EDITORS ENJOY GREAT CONVENTION GUESTS OF VERNON

The tenth annual convention of the Panhandle Press Association met Friday morning, April 18th, at Vernon with a total attendance of forty editors and allies of the printers' craft. The meetings were held in the public library and under the administration of Pres. Lee Satterwhite the meeting was one of the best in the entire history of the organization. The program was of especial interest and the pen pushers discussed some very timely questions that are perplexing the entire craft, out of which came some splendid thoughts and suggestions. Possibly the most interesting paper of the entire meeting was "Reminiscences of the Panhandle Press" by Miss Laura V. Hamner of Claude, which dealt in a charming manner with the notables of the press in by-gone days.

After the afternoon session the Vernon Chamber of Commerce provided cars for a sightseeing ride over the city and out to the "oil fields" southeast of town. From the vast acreage of waving wheat, Wilbarger county is certain to make a million dollars this year. It has never been the privilege of this writer to see better grain at this season of the year. At eight o'clock the meeting was called to order in the Christian Church where in addition to the regular program, the association was favored with violin music by that talented young lady, Miss Kahterine Pierce of Vernon. Following this came a trombone solo by Master Weldon Teagarden, who displayed such extraordinary ability he was forced to answer to two encores. His rendition of "Silver Threads Among the Gold" was so appealing that many a hard hearted editor felt the flow of tears upon his furrowed cheeks. This editor believes he knows artistry on band instruments and without hesitation he pronounces this youngster the coming Arthur Pryor of the nation.

The Bailey Hotel was host at the close of the evening at a luncheon, highly pleasing to the appetite of mere man, at which Pres. Satterwhite acted as toastmaster in a most happy manner. Final adjournment came shortly after midnight.

Amarillo won the 1920 convention over Clarendon, but in so doing pledged her support to Clarendon for the 1921 meeting. B. O. Brown of the Vernon Record was elected president, J. W. Cheney, Southwest Plainman, vice-president, Sam M. Braswell, Clarendon News, re-elected secretary, L. P. Loomis, Canadian Record, re-elected poet.

Saturday was given over to a tour of Frederick, Okla., Burkburnett oil fields and Wichita Falls, compliments of the supply houses. Wichita Falls had prepared a luncheon but on account of the late train most of the Denver editors were forced to catch their north-bound train for home and miss the eats.

Congressman Marvin Jones, Senator Steve Bell, and Sam P. Harbin, secretary of the Texas Press Association were among the notables who visited the meeting, and all were fulsome in their praise of Vernon for her hospitality and her city-like development.

FORTY-TWO CLUB

Mrs. Chas. McMurtry was the lovely hostess to the Forty Two Club Tuesday afternoon.

The rooms were beautifully decorated with cut flowers of roses, tulips, flued de lis and ferns.

There were six tables of players. The Club prize being won by Mrs. C. W. Bennett, the guest prize by Mrs. W. H. Martin, and the consolation by Mrs. Whitfield Carhart.

An elaborate two course luncheon was served to the following members: Mesdames Geo. Bagby, F. E. Chamberlain, A. L. Chase, C. W. Bennett, James Trent, A. R. Letts, F. B. Letts, Jim McMurtry, W. C. McDonald. Guests: Mesdames R. A. Chamberlain, J. D. Browder, of Memphis, Whitfield Carhart, Bob Younger, W. H. Martin, W. H. Cooke, Mary Bugbee, W. H. Patrick, J. B. McClelland, Frank Collinson, A. N. McCordle, M. L. Kelley, Jr., J. R. Calhoun, J. F. Blocker.

A GOLD STAR in a Field of Black. All through the nation men and women wear that symbol of proud grief for the lad who died. And we who share their sorrow and envy them their pride, bow our heads in silent reverence for the brave who gave their lives that Liberty might live.

Sixty thousand Americans died in this war. The bravest and the best we had.

They gave all they had for their country. Our country. They gave it gladly.

It is our sacred duty to see that these dead shall not have died in vain. We must carry on the task they left for us.

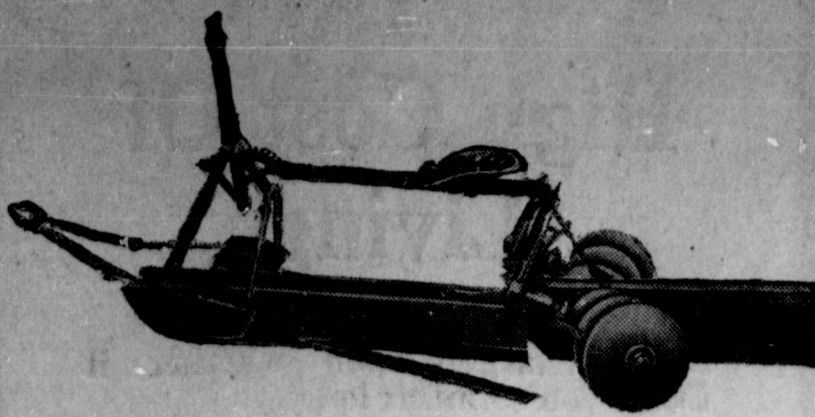

We must pay our share of the cost of Victory.

Their share is paid.

HAZEL A. CLAMPITT

Born December 9th, 1891 at Loveland, Colorado, died April 9th, 1919, at her home in Clarendon, Texas, at the age of 27 years, 4 months. She leaves father, mother, one sister, Mrs. W. N. Martin, and one brother, W. L. Clampitt, in service now in France, and a host of friends to mourn her loss.

She was a graduate of Loveland High School of Loveland, Colorado, and Colorado State University of Boulder, and recently graduated from Draughans' Business College of Dallas, Texas. She was an efficient teacher, having taught some five years. At the time of her death she was an employee of the First National Bank of Clarendon, Texas. Her one ambition was to become a journalist and showed quite a bit of talent in this direction and during life had written a number of popular short stories.

She moved with her parents to Clarendon in 1908. She joined First Christian church some nine years ago and was a consistent member during these years. She was very ambitious, generous, of profound thought and a great lover of children. Suffering a nervous breakdown some two years ago, she never fully recovered, always suffering without complaint.

Funeral services were held at the home of her parents Thursday morning, April 10th, conducted by her pastor, P. R. Huckleberry. The many beautiful floral offerings, and the gathering of friends only faintly attest the esteem in which she was held by all. She was taken by her parents to Loveland, Colorado, where additional funeral services were held Saturday morning for the benefit of relatives and friends of her childhood days. Interment was made in Loveland cemetery beside a brother who died in infancy.

The Vase if you will,
But the scent of the roses,
Will cling to it still."

CHORAL CLUB HOSTESS AT MUSICAL HONORING MRS. R. DEANE SHURE

Honoring Mrs. R. Deane Shure who leaves Clarendon for her new home in Pennsylvania early in June, a musical was given by the Thursday Matinee Musical Club at the home of Mrs. Jim McMurry last Friday afternoon, which proved to be one of the most elaborate social functions of the year.

The lower floor of this beautiful home was converted into a conservatory for the afternoon and with its cut flowers and ferns was indeed a place of loveliness.

Mrs. McMurry greeted her guests and presented them to Mrs. Shure. The Club girls, who were acting as ushers for the afternoon, then escorted them to the punch bowl, which in its lilac bower was graciously presided over by Misses Ruth Norwood and Marjorie Turner.

A most interesting program had been arranged by Mrs. Adams, director of the Club, and each number very successfully rendered to the enjoyment of all present.

During the arrival of the guests and after the program many pleasing numbers were played by the college orchestra.

To close a very delightful afternoon sandwiches and coffee were served to more than one hundred who shared the pleasure of this hospitality and complement to Mrs. Shure.

BAPTIST CHURCH IS BOOSTING THE PAVING

As a further proof that the Clarendon Baptist people are standing for every community development as well as the moral welfare of Clarendon, The News is happy to submit the work they have done looking to the extension of paving from the main business street to their property just one block east on second street.

Their leaders have interviewed property owners on the nearby block and if there is no hitch in the plans of the city for paving it is practically assured that paving will be laid on second street as far as the Baptist Church property extends and around on the west side of the church also. Other property owners up the street to the Trail have been interviewed and it is thought that it will be possible to arrange for the paving to connect up with the paving on first street, giving the block on Kearney street between first and second paving on all sides. The Christian Church has signified their desire to see the measure go through and express themselves as anxious to do their part in making it go.

Every progressive element in Clarendon is working for the paving and hope to roll up an overwhelming majority in the election, Tuesday April 29th.

What Brought Victory

The Allies were better men—that's all there was to it. They developed better ways of fighting; better equipment; better guns. They were fighting for the best principles; and the "best" won as it always does.

The "Best" wins in peace time, too—whether it's men or clothes. That's why we sell the best clothes we know of; they are the best clothes we know of; they are the best for you because they wear longer than others; they look better and save more; they're the best for us because they do those things for you.

We are the Home of the "best" clothes for Men and Boys in Clarendon, and the best way for you to save on your clothing bills is to patronize us.

"THE PRICE OF PEACE"

BIG \$5,000,000 WAR FILM COST BILLIONS OF DOLLARS AND THOUSANDS OF LIVES TO PRODUCE

DESPERATE REALITIES OF FRONT LINE TRENCHES

ACTUAL GAS ATTACKS; ARMY RAILROADING UNDER FIRE; BATTLE BETWEEN AIRPLANES

"The Price of Peace," the greatest war film ever made will be shown here during the Victory Loan Campaign absolutely free of charge.

This picture would be worth \$5,000,000 to any movie company that could secure the rights to run it. But it can't be done. The film belongs to the United States Government. It was made by United States Signal Corps photographers and the actors were United States soldiers—only they were not acting; they were doing honest-to-goodness fighting. One of the photographers was killed while turning the crank of the camera. See this picture and you will understand where the Liberty Loan billions went.

SEE THE BOYS

See what actually happened to our soldier from the time he enlisted until he marched across the Rhine into Germany. Our boys landing in France; the desperate realities of the front line trenches, gas attacks, army railroading under fire, a portion of the tracks blown up by an exploding shell and the engineers ducking for shelter; the great attack at Chateau Thierry, infantry and artillery under heavy bombardment, a German airplane shot down, falling like a twirling leaf from the sky, observation balloons under fire, prisoners and captured guns, our troops marching into Germany, General Pershing and his men in Prussia, Christmas Day with the Army of Occupation in Germany, and the homecoming.

A BIG THRILL

One of the big thrills of the picture is the scene where our boys go over the top into the wheatfields at 4:35 o'clock in the morning. The dim, misty light of dawn suddenly flares up with the angry red fires of war and gives the scene a peculiar and fascinating intensity. Every scene run off will stir you and thrill you as no other war story has done. It's all so real; it's the only official story of the war. When a doughboy crumples up and falls or is blown to bits you know he is not pretending. The scenes jar the nerves with their reality, and you will watch them breathless—fascinated.

FREE OF CHARGE

You will see free of charge a picture that has never been publicly shown. The film has been held back by the War Department until now, because it contains secrets of the war, and the Treasury Department has exclusive use of it for the Victory Liberty Loan campaign. "The Price of Peace" will show you why you bought Liberty Bonds, and why you must buy more. It will show you that though the war is won, the work of the people at home is not done, and won't be until the price of peace is paid.

COMING!

Medals made from captured German cannon will be given to every worker in the Victory Liberty Loan campaign. It just goes to show that the Government appreciates what its soldiers at home have done toward winning the war. It will mean to the Liberty Loan worker what the Distinguished Service Cross means to the American soldier.

WANT A GERMAN HELMET?

Bona Fide Victory Loan workers will have a chance to win one of these trophies to be distributed among patriotic Americans who kept the home fires burning. About 3,000 of these souvenirs of the greatest war in history have been allotted to this District, to be distributed among Liberty Loan workers by their County Chairmen.

HERE COME THE TANKS

Tanks played an important part in the big battles of the war. Twenty of these armored vessels will visit this District, manned by boys who actually handled the tanks in France. They called these boys the "Treat 'em Rough" boys, because that's what they did to the boche. The tanks are fully equipped with guns and ammunition just as they went onto the battlefields, and you will get a real taste of war when these guns are fired. Eloquent speakers will accompany the tanks to tell you all about them, and what it cost your Government to "Treat 'em Rough." Your Victory Liberty Loan County Chairman will have charge of the routing of these tanks in your county. Don't fail to see them.

SEE GREAT WAR FILM

Among the pictures which will aid in floating the Victory Liberty Loan is the remarkable film, "The Price of Peace," in the taking of which one of the photographers was killed. The film tells the animated story of the great attack at Chateau Thierry; shows a German airplane being destroyed in the air; shows a field gun and its crew being destroyed by a high explosive shell, and concludes with scenes of the American Army in Germany. The film is 5000 feet long. This picture will be shown without admission charge in as many theatres as can be reached during the Loan campaign.

WATCH THE SKIES

Probably every one of you has seen an aeroplane in flight. But how many of you have seen it make a landing? How many of you have seen its pilot at close range and have talked with him about it? You will be given the opportunity to see these boys and to talk with them. Arrangements are being made to secure planes to visit the majority of the towns in the Eleventh District during the Victory Liberty Loan drive. Remember the aeroplane, the "eyes of the Army" played a big part in winning the war. Watch the skies.

IN TOUCH WITH THE WORLD EVERY DAY OF THE YEAR

Some years ago the United States Department of Agriculture took a census of farmers in certain counties of Maryland and Pennsylvania to find how many read government bulletins and farm papers. The people of these counties were above the average in intelligence and were fairly prosperous. It was found that less than fifteen percent read any kind of agricultural literature.

Those who live in towns and cities with free delivery or the post office near at hand and with book stores and magazine stands available, do not realize just what the isolation of the farm really is. Generally the farmer has little time for reading, unless it is in the dead of winter, or when by reason of bad weather he is kept out of the field. If the road to town is a bad one, he cannot read when he has the time because he cannot get the reading matter. The bad road is like the man's house with a hole in the roof. He did not patch the hole when the weather was good because he did not need it and he was busy elsewhere; he did not patch it when the weather was bad because it was raining.

The rural mail delivery service has been a God-send to the farmers and their families. It has made them citizens of the world. This service depends for its efficiency and regularity upon the condition of the roads. If the road is good the farmer can have his reading matter when he is able to make use of it, and though improved ways of communication his family begins to develop an interest in the community and in the great world from which, it is completely barred.

There is no spur to mental growth so great as the opportunity to grow, to be in touch with the world every day in the year, is worth the added road tax, if the farmer should derive no other benefit from paying it.

Good roads in Texas mean a greater Texas.

HIGH SCHOOL WINS IN INTERSCHOLASTIC MEET

On last Friday the Clarendon High School representatives went over to Canyon to take part in the district interscholastic meet. Practically all the High Schools in the Panhandle were represented in the various athletic and literary events. The Clarendon school had contestants in debate, declamation and in spelling. The contests were all close and intensely interesting, and whether a contestant won or lost the decision he can justly feel that the race was worth the running, for the value received is not in the winning but the progress made. So these contestants from all over the Panhandle may feel that in any event they were real winners, for anyone who runs a good race wins something.

Clarendon was represented in debate by Leon O. Lewis and Oswald Coleman; in senior girls' declamation by Oma Griggs; in Junior girls' declamation by Thelma Parsons; in junior boys' declamation by Carl Miller; in spelling by Mary Cain; and Donley county was represented in rural division of junior declamation by Verna B. Goldston from the Goldston school. As we were well represented in all of these events, Thelma Parsons brought home the Loving Cup for the school as winner of first place in junior girls' declamation. The debating team was successful in winning first place against three other teams. They received a loving cup for the school. Verna B. Goldston carried off second honors in the rural declamation contest for girls, and Mary Cain, while not winning the spelling contest, was the champion among the junior spellers and went down only before the seniors. The debate was especially closely contested, Miami having an unusually strong team. This team consisted of a boy and a girl, both of whom proved themselves worthy opponents. Miami was represented in all the contests by strong contenders for first honors.

The winning of first place in debate and junior girls' declamation gave Clarendon 15 points. This was more points in the literary events than any other school received, and we had no contestants in the athletic events. This is a record we can well be proud of, competing as we do with a great many high schools of the first class.

Our winners of first place in this meet, Leon Lewis, Oswald Coleman and Thelma Parsons will leave next week to represent this district in the state contest at Austin. This is an honor well worth the winning, and these young people are to be congratulated. We feel sure we will be well represented.

RAILROAD MECHANIC ALMOST IN DESPAIR

Went Down Hill So Fast He Had To Quit Work--Tanlac Ends Troubles

"I have already gained seven pounds since I began taking this Tanlac and am still gaining at the rate of a half pound a day," said Sam Cook, a well-known mechanic for the Texas & New Orleans railroad, living at 1815 Keene street, Houston, Texas, recently.

"For more than a year," continued Mr. Cook, "I had been suffering with catarrh of the stomach and was going down hill so fast that I was almost in despair. My food would sour soon after eating it and seemed to roll up into my throat, and I would puff up with gas until I was miserable. I had a cough that worried me a great deal, and especially in the mornings. I would cough up quantities of phlegm. I was given to understand by those who examined me that my condition was very serious and was put on a diet of raw eggs and sweet milk. I kept going from bad to worse until I was almost a nervous and physical wreck. I got so weak and lifeless that I felt I could go no longer and asked for a lay off from my work, fearing I might not be able to take up my job again.

"I had heard the boys about the plant talking about Tanlac and some of them said to me, 'Sam, why don't you try Tanlac?' So I did, and do you know it has acted almost like a miracle with me. I am just now on my third bottle and my wife is

making all my clothes larger so I can wear them. I feel as young and hearty as I did twenty years ago and am gaining in strength and energy rapidly. I'm eating everything on the place and if my wife didn't yank me out of bed in the mornings I would oversleep myself. Tanlac is simply wonderful and I can't praise it enough for giving me back my health."

Mrs. Cook witnessed her husband's statement and said: "When I heard what Mr. Cook's trouble was called after he was examined, I was distressed nearly to death. I felt if it was so, he would soon be taken away from me, and then what would me and my little children do. But Tanlac soon dispelled all my fears and my husband's wonderful recovery has made me the happiest woman in Houston."

Tanlac is sold by leading druggists everywhere.

THE PARENT TEACHERS ASSOCIATION

On April the seventeenth the Parent-Teachers Association met at the High School Building and after several selections given by Miss Houk's pupils, Mr. White gave a very interesting talk on the "Value of Home Study," which every parent should have heard.

The report of the soliciting committees was given and they had raised \$400.25, besides several good books, some material for playground equipment and a promise from the Cement Co. of Clarendon to donate the work needed to make a wading pool for the smaller children.

Then the representatives to the State meeting of the Parent-Teachers' Association, Mrs. J. T. Sims and Mrs. Teb Bugbee, who substituted for Mrs. Stocking, gave their reports of the gathering which they attended

in Fort Worth and the information which they brought and the manner in which it was given were an inspiration and encouragement to all.

The membership was divided into two divisions for the purpose of a contest in getting new members and for regular attendance. Mrs. Story is the leader of the side designated by gold and Mrs. Bennett Kerbow is leader of the purple side.

The next meeting will be on May the first and the following ladies are the social committee for that occasion. Mesdames Bob Strickland, Dick Allen, John Blocker, M. J. Johnson, A. L. Chase, Crabtree, Watts and McDowell. The following program will be given and the subject for this meeting will be "the Home Garden." Mr. P. C. Bennett, county demonstrator, will address the organization. Let every parent hear this address, and get your child enrolled in Uncle Sam's School Garden Army.
