The daily press ran an item the past week headed "Woman Wants to See Son-In-Law Hung". News must have been a little scarce that day. That state of affairs has existed since Eve.

Pres. Slover of Clarendon College informs The News that the faculty for the coming year at that institution will cost \$10,000 more than has been needed for the year just closing. There will be two extra teachers added to the faculty and salaries will be raised in practically every position. It takes good hard cash to run a school nowadays and Clarendon College is doing what every school pretending to give adequate service must do—put more money into its teaching staff. Teachers are demanding more money and patrons are demanding better qualifications in the teachers. Clarendon is a school town and means to keep her reputation as such.

Gov. Hobby has called a special session of the Texas Legislature for Thursday, May 20th, and has submitted three subjects for special attention. They are the Cotton Boll Worm problem, Financial Difficulties of the school system and Deficiencies in the various departments of state government—three very serious questions involving problems worthy of the best brain of the ablest men of the state. The News hopes that the legislature will look facts in the face and do their duty to their constituencies and the coming generations.

The census announcements are coming in slowly from Washington and from the reports already received from the few Panhandle towns that have been announced, it don't make much difference how long they wait about announcing Clarendon's count unless they can count better for us than they have for some of our neighboring cities. Amarillo's count was depressing, Lubbock got only a few over three thousand and Plainview got 4,027. If Clarendon runs over the three thousand mark after that sort of reports The News will be happy.

UNHEALTHFUL AND INDECENT DRESS

(By Rev. Jas. H. Tate)

I shall say some plain things about some of the modern and extreme styles of dress for women and girls, do not hesitate to say or quote such statements as I shall use in this article, over my own name; for I am perfectly willing—rather anxious—for the public to know my position relative to a matter of such vital and far-reaching significance.

I think I should be untrue to the cause of health and good morals if I did not speak—yea cry aloud in sounding a note of warning against some of the extravagant, indecent, and ungodly styles of dress in all too common use. I do not mean to say that all who adopt such styles, are here alluded to, have any sort of bad intention; I am sure—perfectly sure—that very many do not; nevertheless, the effect is unquestionably bad. No sound defense of such indulgence can possibly be made.

For the most part, I shall let others speak on this weighty subject. Note the following:—"The New York City Federation of Women's Clubs has gone on record as regarding the present style of evening dress indecent, and calling upon Club women to dress modestly. This movement should become nation-wide and result in the abolition of the sleeveless and low cut gowns and extremely thin waists, which latter are fully as indecent as if the wearer were about in negligee from the waist up. Note the following from a body of noted educators in session in Chicago last February: "Deans of 21 universities here in connection with the meeting of national educators have gone on record in demanding that girls wear more clothing. The present dress of girls is entirely too scant. Indorsement was made of the action by the Federation of Women's Clubs of New York City. In the International Conference of Women Physicians, held in New York last September, Dr. Edith Hale Swift, a woman, found the origin of the extravagant and unwholesome styles in apparel in the woman who makes "an exaggerated sex appeal for trade purposes. The models produced for this type of woman, asserted Dr. Swift, "are sanctioned by the unthinking woman of leisure in search of the easiest way to charm and show off her unearned money. Preachers have, for a long time, been going on records in denouncing these outlandish styles but, somehow many have failed to take the hint."

Last November the national training conference of the Interchurch World Movement of North America, sitting in Atlantic City, N. J., stated as follows: "The indecent dress of some women in our churches makes it tremendously hard for a young man to keep his thoughts clean and pure. In public these days you can scarcely tell the difference between a street woman and a church woman." My! My! what a charge! And yet every thinking man in the country knows it is true. I am so sorry we have to admit it.

Writing recently in a national journal, a mother said: "There is never going to be a winning fight against vice in the United States of America until women face the fact that present styles of dress, or to speak more accurately, undress, decreed largely by men designers and manufacturers, are absolutely inimical to purity of thought and action. It should not surprise us to find lax morals among our young boys and girls, when mature women go to the extremes that georgette and similar fabrics have carried them."

The University of Illinois has published the following statement: "Decency is fundamental in dress. Waists so thin that a woman must shave in order to wear them are not decent. Evening dress, described in our fashion magazines as not having much above the waist and very little below, are not rare. Why should a woman desire to show her dress shields and underwear to the public? Why should garments be so thin as to reveal the bare body beneath or as to bring limbs distinctly into outline when a woman steps between a man and the shining sun? Why should the waist be worn so low at the neck that least bending forward exposes organs private and sacred to womanhood? Why should dress be worn in so many ways to rob the wearer of modesty? These are plain questions, but is not the madness of the fashions of the times such as to demand plainness of speech and bravery of action?"

Much more might be said but the space forbids. I wonder if the good women of Seury County will rally the forces of righteousness and organize a campaign against these terrible inroads on common decency and good health. Here is a large field for a noble service. Who will enter it?—Snyder Signal.

—Why rent when you can buy a fine farm and on such easy terms? If you have money to invest, good land is the surest and brings the greatest returns.

—We are exclusive agents here, for the fine farm lands in Lamb and Bailey Counties, close to good railroads, fine water. As good land as can be found in the West.

—We are also exclusive agents for the Santa Fee lands in Gaines, Yoakum and Terry Counties. This consists of 170,000 acres. Fine for feed, corn, onions and potatoes. Ranges in price from \$10 to \$20 an acre. Very small payments and skip a year before you pay any more. This gives two crops before you pay any more. The payment is very small. This is the chance of your life to secure a home. See—

ISN'T IT FUNNY?

That a Business Man; when a circus car comes to town; and plasters column after column of advertising up the sides of every old building in sight; and fills the newspapers with describing the wonders of wonders; and circus day arrives and with it the circus and the paint and brass bands and spangles and tights and everything; and Mr. Business Man can't resist and sneaks down the

back alley of his store, and runs plump bang into Deacon Jones going somewhere; and Sister Mary Smith with her brother's two little Smiths going somewhere; and wonders why in the thunder some folks don't stay at home where they belong; but finally reaches the circus grounds and sees the circus and beats it back to the store—that he will keep on turning down advertising because advertising doesn't pay.

FIRST ANNUAL MEETING PANHANDLE-PLAINS CHAMBER OF COMMERCE

June 3rd, 1920, is the first anniversary of the Panhandle-Plains Chamber of Commerce and on that date its first annual convention will be held at the office of the headquarters in Amarillo, on the third floor in the City Hall.

While this association has been in existence but a single year it is the consensus of opinion it has been worth enough already to warrant its perpetuation for a generation.

Nothing spectacular has been undertaken but a steady policy has been pursued looking to the protection of the interests peculiar to this section of the state, and the progressive field of operation.

The meeting will convene promptly at 10 o'clock a. m. on June 3rd, hearing the address by the president of the organization, Hon. A. S. Stinnett, followed by a report from the traffic manager and executive secretary, showing the accomplishments of the years work.

The executive session will conclude at 5 o'clock in the afternoon and a banquet will be spread at night to which all attendants of the session will be invited and which will constitute the gala event of this annual convention.

A reorganization of the chamber will be effected at this time, which is considered of paramount importance to every business interest of the Panhandle and Plains country.

PARKER-PHILLIPS

Henry Parker of Brice stole a march on his friends the last of the week by slipping away to Lubbock at which place he met Miss Althea Phillips to whom he was married in the courthouse at Plainview Thursday, arriving here Saturday. They will make their home at Brice this year where Mr. Parker is known as one of the best farmers of that section.

Mr. Parker located the lady of his choice some time ago while prospecting for a home in the Lubbock country.

M. W. Moseley of Hedley attended to business interests in the city Saturday.

Cy Richardson was another Hedleyite to transact business in the county seat Saturday.

John Goodrum, who spent several months in the service in Siberia, arrived home the last of the week.

W. B. Weston came to town early Monday morning to get a supply of cabbage and tomato plants. Bill will plant out a nice lot of tomatoes that the 'good lady' may do some extra canning on account of a short fruit crop and thus aid in warding off the H. C. of L.

LANHAM-MAJORS

Gilbert Lanham and Miss Abbie Neta Majors were united in the holy bonds of wedlock at the home of the bride at Goodnight at three p. m., Sunday, Rev. Warren officiating. Mrs. Lanham is the daughter of Mr. and Mrs. John Majors, highly respected citizens of Goodnight and by reason of her many accomplishments has a host of friends. Mr. Lanham is an industrious farmer residing some two miles east of town and is held in high esteem by all who know him.

A CORRECTION

For some reason some parties seemed to think after reading our article in our last issue, that the new filling station and sales room being erected for Odos Caraway would be a garage. This is not the case, however, as only minor adjustments will be made on new cars during the insurance or trial season. We did err in that we stated Mr. Chase would be interested in the new project. We were misinformed as to that as Mr. Chase will continue in the same line of business that he has been engaged in for the past several months.

"One of the greatest pleasures which is offered to a little child is that of being allowed to 'help' somebody. To be a 'little helper', whether he is assisting his companions or the grown up people about him, grows to seem the highest honor within his reach. He knows the joy of ministering unto others, and he feels that 'to help' is to do the work of the world."

Thus speaks Kate Douglas Wiggin, in Children's Rights. And she is right. Give the kid a chance. Let him have an idea that the companionship and fellowship of the HOME mean something in this great life, and that he is sharing in all parts of it because it is his to have and to hold; his, to enjoy and play in; his, to do and to work in—his home. You have heard of a mother who was 'making' her boy churn in helping around the house. The boy was not happy. But the visiting Uncle said something to the mother and then said to the boy: "Here, I'll do the churning for you." Taking the dasher in his hand, he spoke to the boy again: "Now, I'll tell you what I'll do; I'll give you a dime if you will do this churning for me." And the boy took it. Why? Why? Because he was a 'partner' in the matter. Grown up folks are just like children, anyhow; let 'em continue to act so with the kids.

**KINDNESS OF NEIGHBORS
MATERIALLY ASSISTS WIDOW**

Citizens of Donley county are thrifty. They are "big-hearted" as we westerners term it. No deserving one is allowed to go in need of help. Last week a widow, Mrs. J. P. White, who lives near Ashtola, suffered the loss of her home with contents due to a fire. Her neighbors were ready to act in the emergency and immediately saw that she was supplied with very necessary need. They did not stop at small things, in addition to household goods, cooking utensils and numerous other things the good people made up a cash donation of \$810.65. With this kindly assistance, she will be enabled to go ahead with her home building. Mrs. White is indeed grateful to those who have helped her while in distress. The citizens did their duty and are an honor to their country.

CLARENDON BOY SEES SERVICE IN MANY CLIMES.

Lieutenant Haskell Belew, brother of Mrs. Y. E. McAdams, is expected to arrive here the last of the week, his sister receiving a message to that effect dated at San Francisco Tuesday of this week. Lieutenant Belew left here with Company H and saw service in France. He later transferred to the 27th Infantry and spent fourteen months in Siberia. Later still his company was sent to the Philippines, from which place he returns home. All Donley county is proud of the record made by one of her sons in the service in foreign lands and welcomes him home with open arms.

Mrs. Gordon McMurtry, sister of Mrs. Dr. Wilder, and children, Florence and Caroline, arrived the last of the week from Sault Ste Marie, Canada for an indefinite visit with relatives at this place.

**Now Comes The Season Of
White Filmy Garments**

—The time is here when the cool, dainty cotton frock becomes a subject of paramount interest. Whether it be of voile, or of organdie or of any of the other favored materials, all are here to choose from, in charming and exclusive designs.

—We are rapidly building up one of the largest white goods departments in Clarendon, and urge you to look it over at any time. In addition to those already mentioned you will find daintiest batistes, nainsooks, French mulls, "Lin-weave" fabrics of all kinds, nurse's linens, pure linens, genuine Indian Head domestic, and in fact, almost anything one could call for in white goods.

AND COLORS, TOO

—And in colored cottons, foremost in milady's fancy, just now, are colored organdies. And exquisitely beautiful they are, too. Here you will find a wide assortment of the best colors, in 44 inch widths, and most reasonably priced.

—Figured Voiles continue very strong sellers, as predicted early in the season. We bought heavily of figured voiles, and our sales prove the correctness of our judgment. While, of course, not as complete as earlier in the season, our voile stock still affords a wide range of colors and patterns for your choice.

—Worthy of special mention is a new embroidered ribbon trimming which we have just received—especially suited to trimming voile dresses. Be sure to see it.

Silk Sales Continue Heavy

—While we have seen more gingham and fancy cotton dresses this season than ever before, silk sales in our silk department prove that feminine first choice turns to silk, the aristocrat of dress materials, no matter what Mr. Fad has to say. Dame Fashion decrees silk as supreme. Our enormous silk stock has depleted rapidly in the last few weeks, in spite of the constant new arrivals. And we cordially invite your inspection of them at as early a date as possible. And while we are thinking of silks we must mention to you our

THE PRESBYTERIAN CHURCH

"This Church May Be Your Church."

Not rained out completely, but almost was the condition of affairs on last Sabbath morning; most of us heard the desired rain-fall, and maybe, the prayed-for-rain-fall and we immediately pulled the covers a little closer, gave the pillow a softening jab and went back to sleep, and tried to forget that it was the Lord's Day, and the Lord's rain; and oh, such a good time to sleep. And that condition didn't get off of us until Monday morning.

Services will be conducted at the usual hours, and visitors will be welcomed as last Sunday by somebody anyhow. Your presence is appreciated.

Services as usual at the church on the corner.
Sunday School at 9:45 a. m.
Morning Worship at 11 o'clock.
Evening service at 7:00 o'clock.

J. A. RANCH DANCE

On May 7th, there was pulled off at the J. A. Ranch the regular annual dinner to employees and platform dance, which has been a feature of this establishment for a number of years and marks the starting out of the "cow wagon" and the beginning of the spring work on the ranch.

The dinner was given to the employees by Mr. T. D. Hobart, the general manager, as has been his custom for a number of years. Those present and participating were: Mr. and Mrs. T. D. Hobart, Mr. and Mrs. J. W. Kent, Mr. and Mrs. Whit Carhart, practically every camp man with his family and all employees who could possibly attend. One unique feature was an entire table of the "J. A. children" and this group was afterwards photographed by Roy Hickman to be sent to Mrs. Adair.

When all were seated full justice was done to the dinner, which was a bounteous demonstration of the skill and altruism of the jolly and efficient presiding genius of the Mess Hall, Mr. Ed Carlson, who was very ably assisted by his estimable wife in its preparation.

A short address was made by Mr. Hobart and a message of greetings was cabled to Mrs. Adair and to Senator J. W. Wadsworth by Mr. Hobart, and the friends and outside guests began to arrive for the big dance, which took place on an immense platform in the open air. The platform was lighted by electric lights grouped around it and the music was furnished by Joe Romeo of Clarendon and Jessie's Orchestra of Amarillo.

It was estimated that there were present from four hundred to four hundred and fifty persons and all appeared to enjoy the occasion (despite a shower which occurred early in the evening) and left the ranch with the satisfaction of having spent a pleasant day and night, when the dancing stopped at 5 a. m. the next morning.

Everybody Economize

NOBODY knows just how long the high prices for clothes are going to last; these prices are due to so many different causes all along the line from the raw wool to the finished product. The high cost of clothes isn't our fault, or yours, or any one person's fault; it's everybody's fault; it springs from causes that started long ago

Now comes the overall club

It's a good thing because it shows that people want to economize; they want to reduce the cost of clothes

But just wearing overalls won't do it; people have got to save, they must buy only what they need and when they do buy--get the best because it saves and lasts longer

We've been telling you for the last year how you could reduce the cost of clothes; get good ones; the all-wool kind that Hart Schaffner & Marx or Style Plus make. They last longer; you save because you buy fewer clothes.

DONLEY COUNTY GIVEN TWO HIGHWAY TRUCKS

Knox Williams, truck inspector for the state highway department yesterday turned over two of the trucks being distributed by the Federal government for road building purposes to representatives of Donley county. Thirteen more of the trucks will be delivered to county representatives today. The county judges of the counties to receive their allotments today have been notified and are supposed to send them.

Mr. Williams will return to San Angelo the latter part of this week and complete some work there, after which he will come back to Amarillo. By that time he thinks the remainder of the trucks will have been assembled and ready for distribution. A total of 24 F. W. D. 3 ton trucks are being distributed by Mr. Williams in the Panhandle.—Amarillo News.

TEXAS FARM BOYS HAVE CHANCE AT TRIP

How Texas farm boys may compete for berths on the Texas Farm Boy Special which will tour eighteen states and part of Canada during the first three weeks of August is told in information which has been furnished all farm agents and commercial organizations of the state by Walton Pezet, manager of the agricultural department of the Texas Chamber of Commerce.

Any one of the 50,000 Texas farm boys affiliated with the extension service of the A. & M. College may compete for a free ride over the 4,000 mile route through corn or peanut growing, pig raising, fruit stock raising or any other of the farm boy club activities.

The special train of five or more pullman cars will leave College Station, July 31, at the close of the Farmers' short course and farm agents meeting, and will be conducted under the joint auspices of the Texas Chamber of Commerce and the A. & M. College.

Steps will be made at the best cotton, corn, wheat, alfalfa, vegetable and livestock farms, cooperative creameries and dairies, fruit and vegetable packing plants, agricultural colleges and experiment stations and all other points of agricultural interest. The special train will also stop at big market centers and many places of scientific and historic interest will be visited such as Niagara Falls, the national capitol, Smithsonian institute, the National Bridge in Virginia, and the farm of U. S. Secretary of Agriculture Edwin T. Meredith in Iowa.

The tickets are sold for \$300, which includes all expenses of travel to commercial organizations and business firms of the state to be presented to the prize winning farm boys. No farm boy will be allowed to purchase his way with the special.

A map of the United States showing the eighteen states which will be visited has been distributed among farm agents and commercial organizations for the inspection of boys who wish to compete.

OPTIMISTIC INDICATIONS

"When crops are good, it is a sign of prosperity,"—the crops have been good.

"Good business in steel is generally an indication of active business"—the steel business has been good.

"When the railroads are fully employed, it usually reflects the status of the nation's business"—the railroads certainly have all they can do, today.

This is the first time in a great many years, if it has ever happened before, when all three of these barometers have agreed simultaneously.

LATE FREEZES DID NOT GET ALL OF DONLEY CO. FRUIT

While in town Saturday, F. M. Gwinn, prosperous farmer on a modern, diversified scale in the Bries country, informed us that he had a good crop of dew and black berries, cherries, peaches, apples and plums yet, despite the late freezes. There has been much speculation over the Panhandle country as to how the people would get by with no fruit crop. While this is not strictly a fruit producing section on a commercial scale, there is no reason why it could not be made a very remunerative source of asset. Most every kind of fruit is grown in this section that will grow in the temperate zone, but it seems that no one person has yet seen fit to plant out a general orchard variety on a commercial scale. Many varieties of wild fruit grow in abundance which fact alone would justify any home owner in making an effort to supply his home needs, but also a ready cash market.

PROSPERITY SMILES ON MAN WHO PUTS FORTH THE PROPER EFFORT

One of the means by which we may judge a prosperous farmer is by the manner in which he employs his time and the amount of products which he has to sell. There is a dull marketing period in the year for some farmers, but not every one of them, and especially those who are making farming a business. Saturday was market day for G. R. Grant who makes his home northwest of town. He brought in a load of feed, a ham of chickens and a big batch of butter and eggs. Clarendon is a good market town for that kind of stuff so he disposed of them without any trouble. Why don't other fellows get busy who have not been following this plan of raking in the coin while the raking is good?

MEMPHIS BUILDING PROGRAM GOES STEADILY ON

The thriving metropolis of Hall county has never had a building boom—the building program goes steadily on most all the time due to the progressive citizen body and keen business acumen of those who have the best interests of the little city at heart. The latest in the way of civic improvement—if it may be termed as such because of the public nature of the business—is a bank building to be occupied by the First National bank, such building to cost approximately \$92,000. The Young Mens Business League is having plans drawn for the erection of a modern hotel building, the erection of which is being planned for early summer. Memphis is backed by a live bunch of folks and is strictly on the map.

L. A. Pitchford of Weatherford is visiting at the home of his brother-in-law, M. S. Parsons and other relatives in this city this week. Mr. Pitchford is very favorably impressed with the many advantages to be found in this progressive little city as are almost all of those who visit here.

E. B. MACE ANNOUNCES AS CANDIDATE IN 3D PRECINCT

E. B. Mace announces in this issue as a candidate as commissioner for the third precinct of Donley county. Mr. Mace is too well known in our county to require any special introduction. Suffice it to say that he is a public spirited citizen, believes in conservative taxation and is an adherent of democratic principles.

PRESENCE OF MIND

A commercial traveler, during an extensive visit in the provinces, took his wife with him. Being nervous about fires, he frequently impressed upon her the necessity of keeping a "cool head" should ever the danger occur, says the London Tit-Bits.

At one hotel they were staying a fire actually broke out. The commercial traveler roused his wife, assisted her to dress and to demonstrate the value of presence of mind reached for his frock coat and silk umbrella, and accompanied his wife into the street. There they watched the firemen in their work of subduing the outbreak.

"And now," remarked the husband to his wife, "you see the advantage of having a cool head?"

"Yes, John, but you might have put your trousers on."

SPEAKING DATES OF THE HON. ROBT. E. THOMASON

Honorable Robert E. Thomason, procer speaker of the House in our State Legislature and candidate for Governor will fill the following dates in the Panhandle of Texas:

Arrive in Amarillo at 12 o'clock noon on May 17th, he will speak in Canyon in the afternoon at 2:30, on the night of the 17th he will speak in the city of Amarillo. Tuesday morning the 18th at Tulia 10 a. m. Tuesday afternoon the 18th at Plainview and Tuesday night of the same date at Lubbock. From the latter place Mr. Thomason will go to Austin for the special session of the legislature which convenes on the 20th of the current month.

It was Mr. Thomason's intention to spend the entire week in the Panhandle but is compelled to forego further appointments here at the present time, on account of the special session above referred to. He has a specially strong following in the Panhandle and it is our opinion that the citizens of this portion of the state will avail themselves of the opportunity afforded by his visit of the 17th and 18th to hear the discussion of the affairs which are of such vital importance to this entire district.

THE HOODOO

The Senior play for this year is full of fun and humor from start to finish. The 'Hoodoo' is a pin that Professor Spiggot brings to his cousin, Brighton Early, who is about to be married, for a wedding gift. The pin, to bring the good luck, is supposed to be buried in the ground 'it's nature element' for twenty-four hours. Brighton, because he is not superstitious and because Professor Spiggot wants to see the efficiency of the fable tested decides not to bury the pin. Trouble begins to come to Brighton—"It did not rain, but it poured". Finally he discovers he is wearing the 'Hoodoo' and immediately throws it away. Aunt Paradise finds the pin and then trouble descends upon her, it seems in torrents for she is naturally superstitious. During the play several of the members wear the pin and immediately their troubles begin. But this only starts it.

The play is progressing rapidly under the capable direction of Miss Galey and we are sure that with the caste of characters the play will be a success. Everyone in it is doing his best to make this the best Senior play ever given in the College and we are sure we will.

You must see the Hoodoo by all means. I know you are wondering what Mrs. Spiggot, Professor Spiggot, and their children—Hemachus, Eupespa, Rameses, Isis, Osiris, Ptolemy, and little Cheops, have to do with the play so come and see. You can't afford to miss it.

TO PROVIDE CAMP SITE

At a meeting of the Directors of the Young Men's Business League at the city hall Wednesday night, several matters for immediate action were taken up and discussed.

It was decided that the league would arrange for and equip a free camp ground for tourists passing through this summer. A tract at the edge of town, on the Colorado to Gulf Highway, will be secured. A high board fence will be built around the grounds, with an attractive entrance, and an arbor erected in the center of the tract. Facilities will be provided for tourists to prepare and spread their lunches and water connections will be placed in the arbor. This will be a great convenience to tourists and a great advertisement for the city.

In the hotel matter, the hotel committee was instructed to get in touch with architects and contractors and secure an estimate of cost, as a basis on which to work. Assurances of financial support almost sufficient to put the project over have been received by the league and the directors feel assured that something definite can be announced soon. The plans now on foot contemplate hotel of about seventy-five rooms, with a bath for each two rooms, all outside rooms. It is also planned to arrange for the hotel to run its own heating, lighting and laundry plants. This will cut down the expense of operating, to a great extent.

Several other matters of minor importance were taken up and disposed of.—Hall County Herald.

COLLEGE ENTRANCE EXAMINATIONS

The College has just received from the Department of Education, instructions and questions for holding College Entrance examinations. Students may apply to the College for these examinations and either have the papers examined here or sent to the State department of Education for examination. These examinations meet the entrance requirements for College admission in any College in Texas. Students doing unaffiliated work or from unaffiliated schools should avail themselves of this opportunity. A fee of one dollar is made for the examination but considering the value to the student this is an opportunity that no student who contemplates entering College this fall, should miss.

What Factors Do You Consider when deciding where to buy your GROCERIES?

—Do you buy for Cash to save the difference between Cash and Credit prices?

—If you do, Clayton & Dean can serve you to splendid advantage?

—Do you prefer to buy where everybody pays the same price?

—If you do, the Clayton & Dean store is the one you are seeking.

—Do you desire to buy where the prices are all marked in plain figures?

—If you do—remember every article in the Clayton & Dean store is so marked.

—Do you prefer to carry home the articles you buy to save paying delivery charges?

—If you do—remember nothing is added to our prices for delivery expense. We do not deliver, the saving is yours.

—Do you know that you are required to pay the added expense where collectors are employed?

—If you desire to avoid paying such unnecessary expense—buy at our store.

—Do you desire the assurance that every purchase will prove satisfactory to you?

—If you do—that is sufficient reason for you to buy confidently at this store.

PROMINENT HEDLEY CITIZEN LOCATES IN THE CITY BEAUTIFUL

As announced in our last issue, Mr. R. F. Morris of Hedley was casting around in our city with a possible view of locating here the last of the week and the more they looked the more they decided that Clarendon would be a choice place for the establishment of a home. Monday Mr. Morris purchased the beautiful home of J. E. Walker near the girls' dormitory. We congratulate the new owner for his judgment in selection and the acquisition of this valuable piece of property. We are also glad to know that these estimable people have decided to cast their lot with us and bid them a royal welcome.

John Majors who farms on an extensive scale near Goodnight was here on business Monday and reports late wheat in fine shape since the rain, though it is his opinion that early wheat will make only about a half crop due to the dry spring.

Kind of Old Style

But it lasted a long while because it was built of the best lumber obtainable in its time. Why not build with the same lumber? It does not pay to put up crumbly frame works. Come and look through our display yards where there are piles of good lumber. We also handle the best Paints, Posts, Sash, Doors, Glass, etc.
