CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, APRIL 10, 1919.

VOL. 30, NO. 15

CLARENDON WILL CELEBRATE JULY FOURTH—MAY BE THREE DAY AFFAIR—BIG FREE BARBECUE

The Donley County Fair Association directors meeting in conjunction with the directors of the Donley County Progressive Club, on Friday afternoon of last week, unanimously decided to revive the Clarendon Fourth of July Celebrations this year and to make it bigger and better than ever. If a proper racing program can be secured the affair will be made one of three days duration—July 3, 4 and 5. There will be a great free barbecue dinner the first day of the celebration given by the citizenship of Clarendon and other attractions will be secured by the arrangements committee.

Clarendon Fourth of July Celebrations have long been famous throughout the Panhandle and Western Oklahoma and when the news gets out that the year 1919 will witness even a greater event in our city there is little fear that any nearby city will attempt a program. The Donley County Progressive Club has thrown its entire machinery behind the July celebration, which assures its being all the directors of the Fair Association hope for in the way of co-operation.

By that time many of our overseas soldiers will have been returned and discharged and a parade by these veterans of the great war ought to be worth going miles to see. During the stress of war our people have gotten together very little and this great gathering of the citizenship of this and adjoining counties will do much to wipe out the bitterness of war's sacrifices and bring about more good-fellowship.

Tell all your friends and neighbors that Clarendon will celebrate the Fourth of July as it never has been celebrated before and that the necessary funds to make it so, will be gladly contributed by our business men and public spirited citizenship.

DIRECTORS OF D. C. P. C. HOLD MEETING MONDAY

At a meeting of the directors of the Donley County Progressive Club, Monday afternoon of this week, a policy was outlined which will settle the financial budget for the year. It was decided that it was necessary to secure \$3,000 in annual contributions to carry on the work of the club outside of the annual dues of \$1.00 from each member. A committee consisting of J. E. Walker, Tom F. Connally and Frank M. Clark were appointed to apportion this amount to the three districts of the county of which Clarendon, Lelia Lake and Hedley are the centers. Within ten days this apportionment must be secured by the respective districts and report made to the executive board.

Tom F. Connally was made member of the executive board in place of S. W. Lowe, who did not qualify as member, and Crockett Taylor was elected member of the board of directors in place of T. M. Little, who had not qualified.

The D. C. P. C. is working on plans for a series of educational lectures with charts and pictures to the rural schools. These appointments will be made public later and the D. C. P. C. Band will go with the lecturers to afford entertainment. Every part of Donley County is urged to co-operate with the committees in raising the money needed to advertise Donley County and develop her resources.

Yesterday the North Bound Denver was halted here because of the severe snow storm in Amarillo and other points on the plains. The snow had drifted to seven and eight feet which rendered passage impossible until a large quantity could be removed. The South Bound which is due to arrive at 5:52 A. M. did not get into Clarendon until early this morning. We had a large number of visitors in our city all day as a consequence of belated trains.

SERGEANT HARRY WARREN HOME ON FURLOUGH—NOW RECOVERING FROM WOUNDS

Sergeant Harry Warren, who is perhaps the most severely wounded survivor of the bloody fighting engaged in by H Co., 142nd Inf., from Oct. 8th, until the signing of the armistice, arrived here last Friday morning on a furlough from the hospital at Camp Bowie. For a number of days the surgeons thought it impossible for Harry to recover from his most severe wound through the lung, but a good physique, a will to live and superb treatment brought him through and made it possible for him to again walk the streets of Clarendon, to the unspeakable delight of his parents, Mr. and Mrs. Joe M. Warren, and his hundreds of friends in this city.

Harry was hit early in the fighting on Oct. 8th, but only stopped his advance with his platoon when he was knocked out by a machine gun bullet through the chest, which paralyzed him for the time. Before this he did great work with his command and proved himself truly a hero. After lying for months in a Paris Hospital, he was sent to America and transferred to the Hospital at Camp Bowie, whence he secured his furlough and where he will remain until his wounds are fully healed and he is given his discharge.

The News is pardonably proud of this young man, as for years he was an employee in this office, while owned by his father. Of the five former employees of The News, in the war, one was killed (Chas. Baird), two were wounded (Harry Warren and Matthew Lane) and two are still in the ranks, (Milton Moody and Harry Davis.)

Harry will return to Camp Bowie the latter part of this week.

RECEPTION AT THE METHODIST CHURCH

There will be a reception at the Methodist church Friday evening, beginning at eight o'clock to which all of the young people of the town are invited.

LADY DEMONSTRATOR HURT IN AUTOMOBILE ACCIDENT

As we go to press we learn that Mrs. Ida Chitwood was seriously hurt when the car she was driving turned over on her, enroute from this place to Hedley. We hope to chronicle her rapid recovery in next week's issue.

SERGEANT DREW BURTON RETURNED FROM OVERSEAS

Sergeant Drew Burton, son of Mr. and Mrs. C. A. Burton arrived the thirty-first at New York. No more word has been received from him, other than his landing but it is thought he has been sent to the camp where he trained, Camp Lee, Washington, to be mustered out of service. He was with the 91st Division, Headquarters Department. We hope to report his arrival in Clarendon very soon.

Willie Allan and family of Hedley were in Clarendon Monday on business.

SCHOOL TRUSTEES ELECTED SATURDAY

Four trustees for the Clarendon Independent School District were elected last Saturday. Following being the results: Messrs. J. T. Sims, Fred E. Chamberlain, W. W. Taylor and Bennett Kerbow.

All these gentlemen are live wires and energetic in every project for community and city development, and will serve the school patrons well.

JOE HOLLAND IN NEW YORK

Joe Holland, son of Mr. and Mrs. Joe Holland of Clarendon wired Saturday advising his parents of his arrival in New York.

ORGANIZATION PERFECTED FOR DONLEY COUNTY IN THE COMING VICTORY LIBERTY LOAN CAMPAIGN

RIG ALL SET AT LELIA LAKE—DRILLING TO START TOMORROW—WEATHER DELAY

The severe weather has delayed the drillers at Lelia Lake from spudding in the first test well for Donley County, but as we go to press we are informed that the rig is all set, that the engine will fire up today, and if nothing further develops drilling will start tomorrow.

Drilling would have been commenced today except for the blizzard we have sustained. It is expected that the first five hundred feet will be punched in record time, but after that some delays may be expected as this is strictly wild-cat territory and no man can say just what kind of formations the drill will strike. The work is being done with a standard rig.

In a few weeks The News confidently expects to adorn this page with blazing headlines announcing the bringing in of Donley County's first gusher, and the establishing forever throughout the world the supremacy of this county in natural resources.

ANNUAL RECITAL MONDAY, APRIL 14th

The annual recital of Mr. Shure's compositions will be given the public complimentary this year, and will occur next Monday night at the college, beginning promptly at 7:30.

Several request numbers will be heard, including "The Twenty-third Psalm", one of Mr. Shure's best anthems, which has been enjoyed so many times as sung by the choir.

Miss Loeffler will play the G Major Sonata, and Mr. Shure will be heard in "French Bells," for piano; and "Into the Woods My Master Went," for voice. Mrs. Adams and Mrs. Uim will sing and a number of the students will play piano numbers.

The public is tendered a special invitation to this recital by Mr. Shure and a record breaking attendance is hoped for.

Heretofore, this recital has been used as a medium to raise funds for some worthy cause, but it is at the special request of Mr. Shure, that the doors be thrown open to everyone without cost, this year. Remember the date, Monday night, April 14th, at 7:30 o'clock, in the college chapel.

Misses Minnie Ferebee and Anna Neeley, teachers of the Bray school are expected Friday to visit with Miss Mable Richards.

Answering a call of County Chairman, W. H. Patrick, the workers in the coming loan drive met Monday evening at seven o'clock, in the directors room of the Donley County State Bank to discuss the work of the campaign and lay plans to the perfection of the county organization. In a general way the method of county organization followed in the last drive will be adhered to with some minor exceptions.

The executive committee for the county is composed of W. H. Patrick, Chairman, W. T. Hayter, Sam M. Braswell, J. T. Patman, Tom F. Connally, Fred E. Chamberlain, Bert McCordle, Fred Story, Mrs. J. B. McClelland and Homer Glascoe. Tom F. Connally is chairman of the campaign speakers of thirteen men besides himself. Mrs. J. B. McClelland is chairman of the women's organization for the county and will perfect her own organization over the county.

The sub-chairman of the various school districts are as follows: John Hermesmyer, Jericho; R. S. Thompson, Skillet; T. N. Messer, McKnight; J. F. Randall, Bray; C. M. Johnson, Bairfield; C. H. Ellis, Lelia Lake; Cal C. Wright, Hedley; J. A. Pool, Martin; G. R. Grant, Goldston; F. D. Thomas, Whitefish; G. M. Allan, Sunnyview; M. M. McCracken, Hudgins; and the remaining few districts yet to be organized.

There has been no quota set as yet for this county, but it is expected that it will be in the neighborhood of a quarter of a million dollars. The campaign starts April 21st and extends to May 10th.

W. T. Hayter is County Sales Manager and Sam M. Braswell is county director of publicity.

PROGRESSIVE FORTY- TWO PARTY

The hospitable home of W. T. Hayter was opened Tuesday evening to a large crowd of young married couples and friends to play progressive Forty-Two. Much interest and enthusiasm was manifested in this splendid game, proving an unusually excellent diversion for the evening. Decorations of green, pink and orange were very attractively carried out. At a late hour refreshments of cake and ice cream were served to Messrs. and Mesdames E. P. Shelton, J. E. Walker, Odus Caraway, Geo. M. Reed, Tom Goldston, Joe Goldston, Dr. G. C. Stricklin, Chas. Baldwin, Bob Strickland, Fred Story, J. T. Patman, Crockett Taylor, John Blocker, Claude McAllister and W. T. Hayter, Mrs. H. S. Swearingen, of Littlefield, Messrs. Wybert Brown, Duff Dean, Dick Walker, and Rodney Baldwin.

MISS HAZEL CLAMPITT DEAD

A great shock visited our city Wednesday morning in the death of Miss Hazel Clampitt.

Miss Clampitt, who was a valued employee of the First National Bank was found dead in her bed early Wednesday morning.

She worked the day previous apparently as well as ever, although she had been in ill health for some months past.

Funeral services were conducted Thursday morning at the family residence and the remains shipped on the North bound Denver to Loveland, Colo., for interment.

Further details will appear in next week's News.

Mr and Mrs. Len Ballew, daughter and son, went to Fort Worth last Thursday night where they met relatives to accompany the corpse of Mrs. M. R. Gibbs, sister of Mrs. Ballew, to Pilot Point for interment. Mrs. Gibbs visited in Clarendon two years ago. Mrs. Ballew will visit in that section of the state a few weeks before returning home.

Every Man's Reason Says "Save"

But every man does not save.

That is where the failures are made.

Are you intending to be a failure?

There always lies in front of every man a sure road to success and that is by the "saving route."

Think of what a fortunate thing it would be if you could walk into our banking institution and find there all the dollars wasted in years past.

That cannot be done now. But you may save and not waste the surplus of your earnings for the years to come.

BOARD OF TRUSTEES AND WIVES HONORED

Mrs. J. T. Sims was hostess to the Board of Trustees of the Clarendon Independent School District and their wives last Friday evening. An elaborate four course turkey dinner was served to Messrs. and Mesdames F. E. Chamberlain, Chas. Baldwin, Walter Taylor, J. T. Patman, Fred Story, Whitfield Carhart and J. T. Sims.

Harwood Beville went to Hedley on legal business this week.

Rev. A. V. Neely attended the executive meeting of the Panhandle Baptist Association at Memphis, Monday.

If we in the United States are to have a good market for our agricultural and manufactured products—if we are to keep our labor employed thereby eliminating to a very large extent, strikes and industrial disturbances—if we do our part toward keeping down famine and anarchy in Europe—if we want to feed, clothe and bring our boys back from abroad, we should buy as we never bought before, the bonds of the VICTORY LIBERTY LOAN—for we are the only country in the world today having both the products to sell and ability to finance their movement.

The county organization for the Victory Loan drive is being perfected under the direction of the county chairman, Mr. W. H. Patrick. The terms of deferred payments of this issue will extend over six months and it will be much easier for the county to pay off its quota than heretofore. Uncle Sam needs the money and it is up to us to furnish our part.

As a continued evidence of German propaganda in the United States, witness the word being passed along which would bring about discord between our country and England, our country and France, our country and Italy. Anything that would destroy the friendship of the four great allied powers is sweet music to every Hun, every bolshevist, every I. W. W. and every anarchist.

In January and February of this year, counties and precincts in Texas voted road bonds to the amount of \$12,697,000. Texas people are waking up to the economic waste of poor roads and are beginning to invest in permanent roads, than which there is no better investment. The News hopes in the near future that Donley County can see her way clear to vote a permanent road bond issue which together with state and federal aid will give us the necessary million dollars to secure for us a road system throughout the county.

In last week's issue of The News we gave notice of the opening and closing agreement of the business houses of this city. No town of modern propensities will long neglect to have an agreement of this sort, and no business is lost by its rigid enforcement. The railroads lose no business by running their trains on schedule time, for the public will accommodate itself to any fair arrangement that is put upon it. Besides the need for recreation for the owners, there is a duty which the business of any city owes its employees, in the way of recreation. It has been a long established fact that a little recreation time given to employees improves their service during the hours on duty and makes for more courtesy to the buying public. Since that is true then the public should be glad to co-operate in the matter of regular hours for the employees in our stores and offices. No one but a grouch will complain at the hours as agreed on by the business men and no thoughtful and considerate citizen will seek to nullify the schedule as published. Let's have a happy and contented people, by being willing to allow the other fellow a few privileges which will make for happiness.

It is reported that there is a coterie of hoodlums in Clarendon who are low down to the degree that they will not permit certain of the lady teachers of our public school to come to town at night without having to run the risk of being seriously hurt by a shower of rocks and other missiles. The blame doesn't rest altogether with the boys—their parents are to blame for the defect in their training and the lack of interest in where they are and what they are doing after dark. Such a spirit as these young bolshevists are displaying is the thing that makes thinking men quake about the future of the nation. Such juvenile anarchy now means red rag anarchy, I. W. W. and bolshevism run riot in the generation to come. It has come to a pretty pass if ladies cannot walk in safety on the most used streets of our town, and some parents who smile and say "Johnny wouldn't do such a thing" had better do a little quiet detective work and find out just how far their confidence is misplaced. It is deplorable that such a thing is in our midst which calls for a public mention, as does this blot on our city.

Clarendon ought to give about a five to one majority for the paving ordinance in the election, to be held the 29th of this month. It should never be said that any measure which proposes any sort of constructive progress ever received in Clarendon and Donley County, a less majority. Opponents of the paving measure are busy, but it might also be intimated that without making undue noise the D. C. P. C. are also busy and with the assistance of many who do not belong to the organization will be there with the votes on election day. The year of 1919 will long be remembered as a year in which Clarendon woke up and began making those long overwhelming strides which will make her the city she deserves to be.

When the word gets out over the Panhandle that Clarendon intends this year to resume her great Fourth of July Celebrations, there can be nothing but expressions of "joy unconfined." It has not been decided yet as to how many days celebration will actually embrace but the association is trying to arrange for a three days' affair. The first day will be a great free barbecue and all will be fed who come—and we are expecting ten thousand. The Donley County Progressive Club will cooperate in making the celebration the greatest in history. Efforts are being made to secure a great string of horses and turf-men for the racing events. Write your friends and kinsfolk now, so they can make their arrangements to be here.

No county in the Panhandle has the resources that Donley County is blessed with. No organization has such a wonderful opportunity as the Donley County Progressive Club.

PETROLEUM JOURNAL ADVERTISEMENTS DONLEY COUNTY

Oil developments in Donley County are assuming mammoth proportions. One of the speediest achievements on record took place during the past week when the Lelia Lake Oil Association was organized and all stock sold in a single day. The organization was effected on Feb. 17 and on March 17 the material for the first deep test was on the ground. The contractors are using the Pennsylvania standard rig. Several other prospective tests are to begin at once. The first one is located about three-quarters of a mile from the depot. If it is a productive well, gravity will carry the oil to the railroad, which will greatly facilitate its marketing. Donley County oil men believe this to be a record breaking achievement. —The Petroleum Journal, Wichita, Kansas.

WOMAN SUFFRAGE AMENDMENT

To The News:
Availing myself of the privilege as offered recently by the Editor to print communications from those who differ with the personal views of the Editor, I beg to call attention to the proposed constitutional amendment submitted to the voters at the election on May 24th, granting the right to vote to the women of our state.

I am sure that it is not necessary to urge any arguments in favor of this Democratic measure, but if it were necessary I feel sure that the argument so often made against granting the vote to the women, alleging that it would take from their interest in the home and of their place to make the home what we think it should be is fully met with the fact that we demand that they should care for the home and our children and yet deny to them the right to say who shall teach their children in school and direct our school affairs. Recognizing this great injustice, many states years ago gave the right to vote to women in school matters, and as far as I know without exception, every state that tried this, perhaps as an experiment, has now gone all of the way and granted full suffrage to the women of their state. While I feel that Texas is in favor of this measure and will so say on May 24th, yet apathy may cut the vote below what it should be and I suggest that those who favor the measure get together at an early date and make some County Organization to bring out the vote in behalf of the measure.
A. M. Beville.

10,000 TONS OF CLOTHING NEEDED

Ten thousand tons of clothing, shoes and bedding for the destitute refugees of America's Allies is such an enormous quantity of apparel and equipment that it can scarcely be realized just how great an undertaking it is, and Red Cross officials find it necessary to prompt Americans to the role that it is one of the greatest single undertakings of the organization. As great as the quantity is it is barely possible that more than temporary relief will be afforded the millions of Europe's sufferers.

To the successful handling of this clothing collection campaign must be added the detail, expense and organization of packing, centralizing, delivery to trains and to ships of the clothing collected. The funds and assistants of the American Red Cross will be efficiently used, but much saving can be made by individuals bearing in mind that only useful articles should be sent.

Only durable, warm clothing, soft hats, shoes of any size, under clothing, pieces of cloth, flannel, sheets, blankets, scraps of leather and articles of apparel should be donated that Americans would consider useful to themselves, were they in condition of privation experienced by the people for whom this clothing collection is made.

Fully 2,000,000 people in France and Belgium are dependent upon their governments and the American Red Cross for food and clothing; in Italy at least 1,000,000; in Serbia, 3,500,000; in Greece, Czechoslovakia, Albania, Montenegro, Poland, Southern Slav countries, Armenia, Syria, Palestine, at the very least 5,000,000 or a total of nearly 15,000,000, who are totally dependent for the plainest essentials of food, clothing, bedding, shelter.

The problem would come home directly to Americans if we could contemplate 15,000,000 of our population living in huts, in the open fields, thousands of children orphaned by the war rambling about, nearly naked, crying for food, lying in the streets and roads dying of sicknesses due to the lack of food, clothing and shelter; men and women in prosperous or comfortable circumstances two years ago but now reduced to scraps of food and literally a collection of rags and tatters of carpet, burlap, blankets, or any material that could be held together to cover their bodies.

The American Red Cross has stations in all these countries, even penetrating to the wild passes of the Balkan Mountains. But clothing must be had before these stations can distribute it, and America is the only country that can furnish it. America is the only country that has not been drained of men, money and resources of manufacture and supplies. A surplus of clothing among individuals in Europe does not exist. It exists in America in abundant quantities to comfortably care for these refugees until they can care for themselves, and Americans are asked to only give of their surplus—used, out-of-style, out-grown, needing repair clothing, shoes and bedding. Such gifts will be priceless to the people of Europe.

The Informer wishes to compliment the D. C. P. C. Band on the excellent quality of music they make, which has probably never been equalled by an organization of its age. The director, Mr. Dean, undoubtedly knows his business, and Editor Braswell, as manager is a wheel horse in the Band—as well as anywhere else you put him. Hedley people appreciate their visit and their music last Saturday, and hope they'll come often.—Hedley Informer.

EFFECT OF GOOD ROADS ON COMMUNITY LIFE

It is a mistake to consider farming merely from the point of view of work done; of gross income, labor cost, and profit and loss. There is more to living than toil; pleasure also has its place. Farmers and farmers' wives and children like the pleasures of friendship and social intercourse as much as the city dwellers. One of the main causes of the flight to the city, and especially of the young people from the farms going into other professions than farming, is the deadly lonesomeness and drudgery, and lack of mental outlet incident to farm life. Ordinarily, farm life should be more healthful because it does not have to reckon with the diseases that spring from bad housing, alcoholism and make-shift rationing, common to city families having a corresponding annual income. The United States census has not classified the insane in institutions by the annual income which they produced prior to their admission, so it is a little hard to make a comparison that would serve to show how far the hard work and the few pleasures of farm life are a contributing factor to insanity in comparison with other walks of life. However, it may be stated that out of 29,428 men and 7,061 women in the insane institutions of the United States 7,335 men and 227 women come from the farm. This is about one-fourth of all the men and one-fifth of all the women. Inasmuch as farming occupies about one-eighth of the men and furnishes about one-fourth of the insane men, without the city factors of alcohol and general paralysis entering into the calculation, it will be seen that any change that will improve the conditions of rural community life, making far larger profits and better living standards and more happiness and comfort, should at least be reflected in a change in insanity records.

Col. Henry Exall in a speech on good roads once said: "Easy communication means greater co-operation, more intimate association and a better knowledge of conditions; this brings greater consideration for the rights and feelings of others, a higher order of human interest and a better civilization. Everything that tends in this direction is uplifting and beneficial."

With better roads there is also more tourist travel and families insensibly become more interested in having neat, pretty homes, and take to paint for their houses and flowers for their yards. Thus the community life not only is better, but it looks better.

Texas is already too far advanced in community development to do without good roads.

M. W. HERRICK SAYS HE ENJOYS BORDER VISIT

Mission, Texas, 4-1-19.

Clarendon News, Clarendon, Texas:

I have been here about ten days having a good time visiting with my daughter and son-in-law. Everything looks prosperous and green down here. Corn and cotton look fine. Cabbage, onions and all kinds of garden truck looks good. Sunday morning we took a spin west up the Rio Grande River, about sixty-five miles to the oil field. Saw the big drill in operation.

I have no big fish tales to tell yet, so I will have to content myself with a hunting trip. Three of us boys went out about thirty miles in the back woods to hunt Mexican Lions. We struck camp about five o'clock in the afternoon. We had not been out more than an hour when my son-in-law, W. Drummond, killed four in five shots.

We came back to camp, had a good night's rest. About nine o'clock we broke camp and returned home feeling that we had been successful on our hunt.

I will return next week and tell the rest.

M. W. Headrick.

The Executive committee of the Y. M. C. A. had a meeting this week for the purpose of making assessments, the funds of which will be used to complete the Y. M. C. A. at a very early date so that it will be ready to receive the sailor and soldier boys as they return home. They hope to meet with much generosity and the hearty co-operation of the people in this work.

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germ-laden channel of disease, one or the other.

The new remedy for the blood is

RICH-TONE, The Famous TONIC

the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick.

RICH-TONE, The famous TONIC, is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects cures that no other can.

Mr. Wimsott says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

This famous tonic is for sale at our drug store at only \$1.00 per bottle.

MISSES POWELL AND McLEAN HOSTESSES

Misses Jennie Dale Powell and Wilma McLean were charming hostesses to the Philatheas of the Methodist church Tuesday evening at the home of Miss McLean.

Sir Hinkum delighted the guests during the evening. An excellent salad course was served to Misses Locky Dennis, Dixie Moore, Estell

Hudson, Mabel Claire, Zoe Glenn, Lena Miller, Pansy Lane, Irene Baird, Fannie Grogan, Crickett Talley, Carolyn and Mamie McLean, Mrs. Gordon Jordan, Misses Jennie Dale Powell and Wilma McLean.

Mrs. J. A. Maples and children arrived this week from Greenville. The household effects were received Monday and the Maples are now at home in the Baptist parsonage.

"NO CREED" IN DRIVE FOR JEWISH RELIEF

"Humanity that knows no creed" has been adopted as the slogan by the Executive committee of the Jewish War Relief Board, who will wage a campaign throughout the State of Texas during the week of April 7th for the purpose of raising \$600,000 in the state toward the relief of the war sufferers in Asia Minor. Every dollar subscribed to this fund goes toward the relief of sufferers in the stricken zones, all expenses necessary to the campaign being paid from private funds and sources.

Alex Sanger of Dallas, State Chairman of the Jewish War Relief Committee is organizing county forces in every county of the state, and over half of the counties of the state have reported their organization complete.

The greatest suffering at this time in all the stricken war zones exists in Palestine, Galacia, Lithuania and Poland, where six million people, men women and children are dying from want of food and shelter. Conditions in those countries are beyond description and help must be given. The population in these countries are largely of the Jewish race, and it is because of this reason that the Jewish War Relief Committee is campaigning for \$35,000,000 in the United States to relieve their sufferings and prevent the practical extermination of the race in those countries. Texas has been given a quota of \$600,000 and according to Chairman Sanger, this amount should be easily raised. It is the first effort ever made by those of the Jewish faith to call on others for such assistance, though they have always been heavy contributors to all charitable institutions, funds for charitable purposes, Liberty Bonds, War Savings Stamps, etc.

From the organization charts being received from the various counties throughout the state who have completed their organization, it is evident that the non-Jews are whole heartedly behind the movement and lending every assistance and cooperation.

GILES ITEMS

Sure enough winter time down our way and the fire is very much appreciated.

Mr. Robinson and family of Arizona were here Sunday visiting the family of J. T. Alley.

Lee Nanny came in from east Texas with his bride one day last week. They will reside here.

Mr. and Mrs. W. Z. Haggard of Hedley Sundayed at the home of Mr. and Mrs. J. M. Curtis.

J. D. the little 6 year old son of Mr. Jno. Curtis has been real sick for several days, but is better now.

Mr. Limer, one of our citizens moved his family to Memphis one day last week where they will reside in the future.

Mrs. Charles Crow and little son Chas. Jr., from Smith neighborhood, were guests at the home of her sister Mrs. Sid Bush last Sunday.

Mr. and Mrs. D. Robinson and children of Lelia Lake and Mr. and Mrs. Roy Butler of near Hedley were visiting the ladies parents, Mr. and Mrs. J. T. Alley last Sunday.

It is with regret that we learn that our good friend and citizen, E. B. Davis and family will leave shortly for Oklahoma, where they go to make their home. Good luck and good wishes to them.

The Tackey party at Mrs. Roy Haggards' last Saturday night was voted a great success. Every one tried hard to win the cake but it fell to Miss Vera Sturdevant, the booby prize was taken by Odell Cope, but C. O. Thaxton vows that he should have had it. Really he needed it very badly (a pair of socks). At a late hour they bade their hostess good night wishing another good time soon.

Suzanna.

Some sickness around Giles, but none serious.

Clay Ackers was up from Burkholder a few days last week visiting home folks.

F. C. Johnson has lost several head of cows the past week from eating cuckle burrs.

A E. Ransom has gone to Texline to visit his little son who lives with his grandparents there.

Floyd Hanks has returned home after spending several months in Arizona recovering his health.

Miss Bess Thaxton, who is now a trained nurse of Dalhart, is home for a few days visit with home folks.

W. I. Raines family and Mr. Clyde Bridges of Hedley were visitors at home of E. H. Watt and family last Sunday.

We are very glad to report the little baby of Mr. and Mrs. F. G. Watt, who was painfully burned with hot grease some 10 days ago to be doing fine.

Yes, indeed i tmost certainly does rain in the Panhandle, if it ever gets a good start like we have at present, and right now we would sure like to see some sunshine.

The people of Giles were saddened to learn of the death of Grandpa Burkholder at his home in Dallas one day last week. He was one time a resident of Giles and made many friends while here. The entire community joins in sympathy with this estimable family in the loss of their dear one.

GET RID OF CONSTIPATION

Every day you allow yourself to be troubled with constipation you lessen your physical strength, your resistance to disease, and your ambition to succeed.

Constipation is the forerunner of 85 per cent of all human ills. It brings on more suffering, more sleeplessness, more ill-temper than any other single cause!

But YOU CAN GET RID OF CONSTIPATION. You can BE WELL,—STRONG,—AMBITIOUS! You can be SUCCESSFUL!

Nor do you have to take any nauseating, griping medicines to do it. Take

RICH-LAX according to directions and constipation has got to go. It cannot remain,—nor will it return if you follow this scientific treatment.

RICH-LAX cleans the system, removes the bodily poisons—puts you in shape to accomplish things. And RICH-LAX does this without leaving you weak and half sick, as you always feel after taking ordinary laxatives.

That's why RICH-LAX is becoming the most widely used, most successful treatment for CONSTIPATION that has ever been made. YOU try it NOW,—and you'll be glad you did.

BOY OF THE 133rd FIELD ARTILLERY IS HOME

Thursday evening many friends gathered at the Denver station to welcome home Roy Kutch, son of Mr. and Mrs. S. B. Kutch.

Roy went into the service early in the war, going to Camp Bowie where he received training with the 133rd Field Artillery regiment of the 36th Division. When the Division was ordered to Europe he went with them and remained for several months. Though his contingent did not get to the front they would have gone up soon had the armistice not been signed.

He is in excellent health and from the smile which illuminates his face he is perfectly delighted to get back to Clarendon.

Roy with a number of his friends who had served overseas were seen together one day this week, all happy to be reunited, and chatting over the days spent in Camp Bowie and in France. "Poncho" the mascot of H Company while at Fort Worth was with the boys that morning, seeming to recognize each one, and apparently as elated over their return to Clarendon as were parents and friends.

FOUGHT AT CHATEAU THIERRY AND BALLEAU WOODS, BADLY WOUNDED.

Jessie Moore, a Clarendon boy who enlisted with Company H, and trained at Camp Bowie until April, when he was selected with several others to go early to France, being identified with the 42nd Division, Infantry.

His activities were at Chateau Thierry and Balleau Woods, and until he was wounded in July his division had had but little relief, until the marines were sent up.

Jessie sustained a painful wound in the left arm, which is still being treated. He was sent to the States immediately after the signing of the armistice, landing at Newport News, Va., later being transferred to Camp Bouregard, La., where he remained until recently going to Fort Sam Houston.

He has a furlough of twenty days and is visiting his parents and friends all of whom are overjoyed to see him. When he returns to camp he will study architecture.

NAYLOR-CLAYTON

Last Wednesday evening at the home of the bride's parents, Mr. and Mrs. S. T. Clayton, occurred the marriage of Mr. Otis Naylor and Miss Erna Clayton. Dr. Burkhead pronouncing the impressive ceremony.

Miss Clayton has lived in the Sunnyside community for a number of years, and visited in Clarendon frequently, and by her winning personality made innumerable friends. She is very accomplished and attractive.

Mr. Naylor has recently come home from Fort Sill, Oklahoma, where he was with the First Field Artillery. He is the son of our prominent county tax assessor, B. F. Naylor.

Only the immediate families were present.

This happy couple will reside on the Clayton farm where Mr. Naylor will grow a crop this year.

The best wishes of friends everywhere is offered them. May happiness and joy be theirs.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

A NEW CREED FOR AMERICANS

I believe that the American republic as instituted by the fathers constitutes the finest system of government ever ordained among men and affords the machinery for the righting of grievances without resort to violence, tumult and disorder.

I believe that every inequality which exists in the social economic condition of the American people is traceable to the successful demands of the interested classes for class legislation, and I believe, therefore, that practical equality can be obtained under our form of government by remedial legislation in the interest of the American people and not in the interest of any body thereof, large or small.

I believe there is no justification in a government, where officials are elected and laws made by the people for a minority to threaten bloodshed and anarchy unless the majority shall submit to the will of the minority.

I believe that America belongs to American citizens, native and naturalized, who are willing to seek redress for their grievances in orderly and constitutional ways, and I believe that all others should be taught, peacefully if we can and forcibly if we must, that our country is not an international boarding house nor an anarchist cafe.

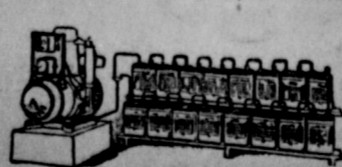

I pledge myself to the support of these principles by my voice, my vote, and, if need be, by my fortune and my life, and I promise my country to train my children in this most holy faith.—Vice President Marshall.

MANY TEXANS REPORT BIG GAINS IN WEIGHT

Thousands of Thin, Frail People Are Restored to Health and Strength By Tanlac—Amazing Gains in Weight Are Related—Powers of Medicine Conclusively Proven.

One of the most noteworthy features in connection with Tanlac and one which stands out more prominently than any other, perhaps, is the large number of well known men and women from all parts of Texas who have recently reported astonishing and rapid increases in weight as a result of its use.

Thousands have testified that this famous medicine has completely restored them to health and strength after every other medicine and the most skilled medical treatment had failed.

One of the most interesting cases noted is that of Robert T. Kelley, a well-known former alderman and for three years in charge of the county farm of Falls county, who lives at 1209 North Commerce street, Fort Worth, Texas, who says:

"Eleven years ago I was a well and healthy man, then something went wrong, I lost my appetite and fell off in weight. My nerves were shattered, my whole body was racked with pain and I took to my bed where I lay for several months almost helpless.

"I decided to try Tanlac and before I had finished my first bottle the pains began to leave me and as I kept it up I improved steadily, gaining twenty pounds in weight and now feel in better shape than I have in many years."

Houston Woman's Gain

Mrs. Joseph Swartz, living at 3408 Capitol Ave., Houston, Texas, says: "I have actually gained over twenty pounds by taking Tanlac, and my recovery has made me one of the happiest women in Texas. I suffered for two years with stomach trouble and could hardly eat a thing. Treatment and medicine did me no good, and I fell off until I was a complete physical and nervous wreck.

"Since taking Tanlac my troubles have entirely gone and I haven't had a symptom of my old trouble in nearly a year."

Dallas Woman Makes Gain.

Mrs. Martha M. Allen, who lives at 820 North Pearl street, Dallas, Tex., says:

"When I began taking Tanlac I had been suffering a long time with rheumatism that pained me so I could hardly walk; I was dreadfully nervous and was in misery nearly all the time.

"After taking Tanlac every sign of rheumatism disappeared; those nervous spells left me and I actually gained thirty-three pounds and sleep and feel better than I have in years."

El Paso Man Gains 32 Pounds

W. D. Jones, foreman in the feed floor at the El Paso (Texas) Smelter, says:

"I have already gained thirty-two pounds by taking Tanlac and everybody is amazed at my wonderful recovery. My stomach got in such an awful fix that I could hardly eat a thing and I would go for three days at a time without taking more than a glass of milk. I had rheumatism so bad I couldn't dress myself and fell off dreadfully in weight.

"After taking a few bottles of Tanlac I was a well man once more.

I went up to 140 pounds and am still gaining some every day."

Gained Twenty Pounds.

Harry Wilson, an employe of the Humble Oil Company at Goose Creek Texas, says:

"A gain of twenty pounds on two bottles of Tanlac is what happened to me. My system was badly run-down, I had no appetite and many times my stomach would feel all torn to pieces. Rheumatism made me miserable and my system was all clogged up with malaria.

"Tanolac soon put an end to my troubles, and my appetite has grown so I am actually ashamed to eat all I want. My weight has increased and I feel fine in every way."

Farmer's Wife Makes Gain.

T. C. Abernathy, a prosperous farmer of Olif, Texas, says:

"My wife actually gained twenty-five pounds on six bottles of Tanlac. She had suffered from stomach trouble for more than twenty years and her whole system seemed out of order; she could hardly eat anything and was so nervous she could hardly sleep at night.

"She was actually on crutches when she began taking Tanlac and I thought she would never be able to walk again without them. Her nervousness is now gone, she has not used her crutches in some time and walks all about without any assistance."

More Remarkable Gains

The foregoing statements from these well-known citizens of Texas, while astonishing are not really as remarkable as they seem, as thousands of people all over the country have taken Tanlac with the same results and, in some cases, far greater. Take for instance the case of D. S. O'Neil, 1647 Perry St., Denver, Colo., who gained forty pounds; or that of Mrs. Mary Wilson, of 211 E. 1st St., Fort Worth, Texas, who gained thirty-four pounds; that of Mrs. Emily McKenzie, of 604 E. 2nd St., Fort Worth, who gained thirty-four pounds; or that of V. H. Robinson, 3314 Live Oak St., Dallas, who gained twenty pounds; Mrs. L. H. Jacques of 1113 W. 19th St., Oklahoma City, Okla., who gained twenty-five pounds Harry Lilly, 4255 Clayton St., Denver, Colo., thirty-two pounds; J. C. Fischer, Edmond, Oklahoma, gained thirty pounds; Mrs. E. M. Linam, 2310 Cheater St., Little Rock, Ark., twenty-seven pounds; Mrs. Anna Vullato, 3227 Lipen St., Denver, Colo., thirty pounds, and thousands of others too numerous to mention.

Tanolac is sold by first-class Drug-gists everywhere.

FEED CONTROL MAN HERE LAST FRIDAY

Some Texas Cotton Oil Mills are endeavoring to lower the standards for cake and meal and have taken some rather peculiar methods to accomplish this according to Ed E. Talmage, inspector for the Feed Control Service, College Station, Texas, who was here Friday.

"The mills who are doing this," said Mr. Talmage, "are located principally in South Texas and do not constitute the majority. Most millers obey the Texas feed law and regard it as a bulwark against chicanery and harmful adulterations, and a protection to consumers and honest dealers alike. This law was passed in 1907 and gave to the director of the Texas experiment station authority to fix standards for cake and meal being that 'ordinary' contains not less than 43 percent protein, 'prime' 45 per cent and choice 48. Cottonseed feeds Nos. 4, 5 and 6 were the designations chosen for the next lower grades, and anything below these is called cottonseed meal and hulls. These protesting mills object to calling their lower grade products 'cottonseed feeds' and have long endeavored to get a change.

"Last fall they made an effort to have new designations made, but the Cattle Raisers objected. A little later they sent a circular letter to the trade urging that no cake or meal be sold in Texas, notwithstanding we were at war, the government was urging the maximum of beef production and cake and meal were in great demand by feeders for producing beef, especially in the Texas drought regions. This failed and they went to the legislature with a proposed amendment to the feed law that would have put the Texas standards on a level with those of United States government. The federal government, in establishing standards, was forced to do justice to all states and make the standard only as high as the lowest state, North Carolina, whose seed produces only 36 protein, while Texas seed is highest in protein. The legislature failed to pass the amendment, but if the feeders do not watch, these mills may in time succeed in reducing the standard and thereby be permitted to sell their hulls under the name of cake or

meal. You understand that the more hulls contained in cake or meal the lower the protein. Hulls are slower sale than cake or meal hence the mills are trying to force their sale under false names."

ONLY SNOW SEEN IN A. E. F. KODAK FROM CLARENDON

Roy Britian, son of Mr. and Mrs. E. C. Britian of Amarillo, but formerly a popular Clarendon boy writes to his cousin, Miss Fray Sallings: Pavillac, Feb. 24, 1919.

My Dear Little Cousin: I think I am due apologies for not answering your letters sooner. I received your letter just before going on another leave in Southern France. Since returning have been busily engaged making preparations to go aboard German vessels. So have very sorely neglected my correspondence. But I appreciate your letters very much. The picture of you and Loyd was very good. That is the only snow that I have seen this winter, here, is in the little kodak you sent to me. But when down among the Pyrenees I saw "beaucoup" snow on the summit of the peaks. I visited Pan, Laurdes, Pierrefette, Bayonne, Biarritz and Hendayo. Hendayo is on the French-Spanish frontier, here I saw the international bride that crosses the Bidassoa River which divides France and Spain. Even though I was within a rocks throw of Spain, I could not enter for her present neutrality. Biarritz is located on the Atlantic sea-coast, near Spain. The rugged sea-coast, the mountains in the distance, the warm sunshine and the balmy air, makes it a spot of surpassing beauty to an eye that is a lover of natural picturesque scenery. The little trip was an educational one as well as a scenic one.

Yes, I will be glad when I am on my way home, but that will probably be sometime yet. We have formed here on this station, three nucleus crews, each one is now standing by for further orders, which as far as we know will be to go aboard some of the German boats. It is thought that we will go aboard these ships in England or Brest, France.

We are now on army rations which are not nearly as good as the Navy. Soldiers are leaving this camp every

PURITAN OIL COOK STOVES

"EVERY housewife will appreciate the convenience of this reversible glass oil reservoir. It's a clean, quick way to handle the ideal cooking fuel—kerosene oil."

From Puritan advertising—Saturday Evening Post—March 8, 1919.

The Puritan Oil Cook Stove keeps your kitchen clean, and makes work easy—for you set the utensil in a clean hot flame that comes up through the grate—like gas.

You change the heat from simmering to boiling as readily as you turn the indicator on the burner from "low" to "high"—steady always—and at full heat the indicator's automatic wick stop prevents smoking. Burners are brass and last for years.

Puritan stoves are sold by reliable dealers everywhere. Look for the Triangle trade mark.

THE PARENT-TEACHERS' ASSOCIATION

On Thursday night, March 27, at seven-thirty the Parent-Teachers Association had a special meeting for the benefit of the fathers whose business prevents them from attending the afternoon sessions. Quite a large crowd was present and was entertained first by a splendid program given by Miss Houk's pupils. Then Judge Link delivered a most helpful lecture on "The Benefits to be Derived from a Parent-Teachers Association," and Mrs. Cole gave an enlightening talk on "The Value of Play."

This part of the evening was helpful and educational but was varied when the members were invited into Miss Houk's studio which was lined with beautiful ferns and pot plants over which the shaded lights cast a restful glow. Everyone was seated and sumptuous refreshments were served consisting of sandwiches, salad, pickles, cake, and coffee, while the delicacies were being enjoyed a number of business men gave helpful suggestions about the needs of a good school and what should be done in Clarendon to make its school more efficient in the future.

At a late hour after general exchange of ideas each one went home well pleased with the entertainment and association. The next meeting will be held at the High School Building at three P. M., April the seventh and everyone is cordially invited.

WILLIE RUMPLE DISCHARGED

Willie Rumble, son of Mr. and Mrs. J. T. Warren, reached our city Sunday evening on the belated south bound Denver from El Paso, where he has been stationed since May, 1917, except for a short while spent in Camp Bowie doing special study in blacksmithing. Willie feels somewhat despondent that he did not get over and be in the big fights with Fritzie, however, it is no fault of his because he made every effort to transfer into some contingent that was going over but to no avail. He trained with Troop L of the seventh Cavalry, which is a regular regiment.

He will remain in Clarendon but has not decided definitely what he will engage in.

Every Woman Wants to be Pretty, Healthful and Shapely

Have you ever thought what an important bearing your corset has on these most desirable attributes?

WHEN a young girl puts on her first corset her figure has a tendency to grow into the line of her corsets whether the lines are good or bad. If her first corset is a bad one and she obtains a bad figure from it of course a new corset of the same model will fit better than any corset of superior lines or design, for has she not allowed her figure to take the imperfect lines of the poor corset?

Beauty is an asset not to be despised and yet very few women have it. In many cases it is the result of their own carelessness.

We make this suggestion. Try on a—

MODART Front Laced Corset

making special note of how it feels and how it looks. Compare it with any other corset you have ever worn and you will find that the good design, the clock spring boning, soft top clasps, in fact, the good materials which are used throughout will not only make it a comfortable, healthful corset but it will retain its lines until worn out. Regardless of the universal increase in prices for materials, MODART standards for style, comfort and workmanship will remain at their usual high level. Prices are raised when necessary but their quality remains undisturbed.

It is well worth your while to try this trial fitting. It costs nothing and may produce a world of benefit.

Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter . . . suffered terribly. She could not turn in bed . . . the doctors gave her up, and we brought her home to die. She had suffered so much at . . . time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at . . . Cardui cured her, and we sing its praises everywhere." We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui. E-77
