## NORTHWEST TEXAS CONFERENCE CLOSED SUNDAY AFTERNOON AT LATE HOUR—VISITORS PLEASSED

### VISITING PREACHERS AND LAYMEN PASS RESOLUTION THANKING CLARENDON FOR HER HOSPITALITY AND PERSONALLY THANK THEIR HOSTS—CLARENDON MINISTERS ALL RETURNED FOR NEXT YEAR

After a very harmonious and brotherly session of five days the Northwest Texas Conference adjourned Sunday afternoon at five o'clock following the reading of the appointments for the coming conference year by Bishop W. F. McMurray and the singing of the "Doxology."

The only point on which there seemed to be any division whatever was the proposal of the educational board to withdraw as a patronizing conference from Southwestern University and Texas Woman's College, both of whom were formerly in the bounds of the old Northwest Texas Conference before the division, and instead of making a separate arrangement serving to any extent the people of this conference. It was finally agreed by the body that the asking of the general commission of education for these two schools in the church-wide campaign would be granted an amount of \$1,000.00 but that notice of withdrawal from further patronage would be served. This means that the two schools will not hereafter receive any money out of the regular collections for the cause of education. This is very proper since this conference is serving the support of the upbuilding and support of our own Clarendon College and the projected school to be built at Abilene.

The reports of the pastors of the conference proved to be most illuminating and showed how great a year's work had been done. The total net gain in membership for the year was 4,280 while on the financial side it was found that the conference had raised about eighty per cent more money for the past year than in the year before. This amounting to \$1,000,000 was \$724,000 approximately as against \$482,000 approximately for the previous year. Preachers' salaries had been greatly increased, much church and parsonage property improvements were quoted and great rejoicing was expressed in the conference. A number of young preachers were received into the conference on trial, four were ordained deacons and seven as elders.

Sunday morning at nine-fifteen the time-honored annual love-feast was held at the Methodist Church. Led by Rev. J. G. Putman, former presiding elder and pastor of this conference but now a supernumerary living at Mexia. This was a great service and much religious fervor was manifested.

Bro. W. Shearer, presiding elder, preached a great heart-searching and feeling sermon, after which he ordained four young ministers into deacon's orders.

At the same hour Presiding Elder Shearer of Lubbock preached a most inspiring sermon, while Rev. J. O. Haynes preached at the Presbyterian Church.

Beginning at 2:30 in the afternoon with a session of the Brotherhood, a mutual insurance order among the preachers, the Methodist Church held its annual conference session of the conference. Following the brotherhood meeting a memorial service was held for Revs. A. B. Roberts and C. D. West, deceased during the year and for Mrs. Sam H. Young, wife of Rev. Sam H. Young of Lorraine. Many touching tributes to the departed ones were heard from those who knew and loved them best.

Shortly after 3:30 Bishop McMurray assumed the chair and proceeded with the ordination of elders assisted by Revs. J. G. Miller and W. M. Lane. The presbytery unanimously thanking the people of Clarendon for their hospitality, thanking the newspapers and all those who had contributed to the pleasure and comfort of the body. Following this the Bishop began his final address to the presbytery before reading the appointments.

At 6 o'clock Rev. J. W. Israel of Sweetwater, preached at the Methodist Church. Rev. J. H. Hamblen of Crowell at the Baptist Church, and Rev. Bascom Watts of Locke at the Presbyterian Church. Following the services most of the ministers left for their homes by the north and southbound Denver trains.

Following are the appointments:

**Abilene District**  
M. M. Lane, presiding elder; Abilene First Church, J. G. Miller; Abilene St. Pauls, E. E. Robinson; Anson, J. E. Eldridge; Albany, W. E. Hazelton; Avoca and Bethel, B. E. Johnson; Baird, P. G. Huffman; Caps Circuit, J. E. Yates; Clyde Circuit, C. W. Foote; Cross Plains Circuit, C. W. Foote; Giddens, G. H. Bailey; Hawley Circuit, H. S. Gwynn; Leuders Circuit, J. S. Van Zandt; Moran, B. W. Dodson; Nel, W. M. Murrell; Ovalo Circuit, A. O. Graydon; Putnam Circuit, J. E. Odum; Trent Circuit, L. E. Northcutt; Tye Circuit, R. L. Bostick; Tuscola Circuit, Audrey Ashley; Tuxedo Circuit, C. M. Kilian; Professor in Government School, Tucson, Ariz., J. E. Carpenter; Editor Texas Christian Advocate, A. J. Weeks; Professor S. M. U. C. M. Woodward; Educational Secretary, D. B. Deak; Commissioner, Abilene College, J. W. Hunt.

**Amarillo District**  
J. W. Story, presiding elder; Amarillo Polk Street, Henry F. Brooks; Amarillo Buchanan Street, G. J. Ruvrin; Canadian, H. W. Terry; Chan-

## TELEPHONE BUILDING IS NEARING COMPLETION

In order to keep pace with the ever growing needs of the city in their line, the Clarendon telephone exchange let a contract for a new exchange building during the spring. That building is constructed of brick and tile with dimensions of twenty-five by sixty feet. The inside is afforded plenty of light and air by proper window locations making it a very agreeable place for the many trying problems of the operators. A basement space of twenty-five by thirty feet affords ample storage capacity for supplies and other accessories.

A new switchboard with a capacity of sixteen hundred subscribers of Kellor make will take much of the strain of the operators and save subscribers a great deal of vexation. An expert is expected to arrive during the week to install the new switchboard. Some ten thousand soldered joints to make will require some two months to complete.

The new building is located just east of the old one, both of which will be used until more space is needed. Manager T. L. Benedict is due much credit for the able manner in which he conducts the exchange giving good service at all times by keeping the most efficient operators possible and by keeping a man looking after the lines. The Clarendon exchange ranks among the best in the Panhandle, and with the installation of the new improved switchboard, will be better able to care for the wants of the public than exchanges in the larger cities using the older models and methods.

## PLANS PERFECTED FOR FOURTH ANNUAL ROLL CALL

Red Cross workers who take part in the Fourth Annual Roll Call of the organization, which will be from Armistice Day through Thanksgiving Day, will wear their uniforms during that period, according to notice received today by the Donley County Chapter from Southwestern Divisional Headquarters in St. Louis.

Every department of the American Red Cross will take part in the Roll Call—the Motor Corps, various branches of auxiliary service and from among the members of each of the chapters will be recruited workers and local officials who will have charge of the call in every community.

The roll call for 1920 is looked upon by Red Cross officials as being of unusually great importance because on its outcome depends to a great extent the success of the Red Cross program of the Red Cross.

This program contemplates the improving of health of people thru-out the United States—a work the need of which was shown during the war when one of every three men examined for service was found to be physically unfit.

How vast the field for public health work is, was shown by Dr. E. A. Petersen at the state conference held recently, when he stated that the Red Cross workers and health experts be imparted generally to the people, an average of 14 years would be added to the people's lives in this generation and that in coming generations this number would be added to.

## ROADS AND TRUCKS BOOST LAND VALUES

Motor trucks and highway development are the economic factors which are responsible for as much as 100 per cent annual increase in land value in various sections of the country, according to a recent report by the Firestone Ship by Truck Bureau, Akron, Ohio.

Officials of one southern community—Hinds County, Mississippi—in campaigning for a \$1,000,000 highway bond issue, claim that motor trucks, operating on good roads, have raised land values from \$25 an acre five years ago to \$100 and \$125 an acre at present valuation.

County supervisors, submitting the issue to a vote of the people, attribute their decision to ask for this sum "to the great agricultural, commercial and educational development of the country due to the use of the motor truck, tractors and passenger cars."

Investigation has developed, according to the bureau report, that the farther away from towns, the improved roads that real estate lies, the greater the percentage of increase in value with the advent of road. Within five miles of an Eastern city where recent improvements in highways were made, the appreciation in value within 5 years was only 68.3. But ten miles out the percentage of increase was 96.7 and twenty-five miles away the ratio of increase was 194.9. It is held that the motor truck is equally responsible with the highways for this improvement.

Farms contiguous to fairly good roads have been known to advance in value within two or three years, after the construction of hard surface highways as much as 114 per cent. The lowest increase reported was found to be .91 per cent.

"With these figures as a basis for estimation," says Ernest Farr, Chief of the Bureau, "it does not require a stretch of the imagination to understand that the increase in land values is in direct ratio to two prime factors. These are the number of miles of improved highway built, and the number of motor trucks added to these already carrying their burdens of produce and merchandise from the farm to the city and the city to the farm."

According to the best report obtainable, the bureau says that up available for expenditure upon the roads to June 30, 1920, \$1,103,800,000 were highways of the country.

## SECOND OIL SHOWING IN BUGBEE TEST

### INTEREST IN OIL DEVELOPMENT FOR DONLEY COUNTY BROUGHT BACK TO FEVER HEAT BY DISCOVERY.

The second strata of oil sand was encountered in the Bugbee well at a depth of 2470 feet the first of the week. The state geologist was called at once and made a careful inspection declaring it as his belief that a good well was near at hand. Drilling stopped pending the arrival of representatives of the company. It is also said that storage tanks have been ordered to take care of the product in compliance with the new state law provided to prevent waste.

Men in the game who claim they have reliable information, state that the Empire company will have crews here soon to begin five tests on acreage already held by that company.

A new company is being organized to take over the Lelia Lake test and put the hole down five hundred feet deeper, or to the four thousand foot level. Some gas showings were encountered in the well, but drilling was stopped by the lack of money.

Several representatives of other companies have been in the field the past week. Oil seeps have been here for samples and though the matter is clothed in mystery, enough facts have leaked out to inform the public that we are on the eve of a sure enough rejuvenation of oil interest in Donley county.

## TUESDAY LUNCHEON EXTENDS THANKS TO STATE FAIR WORKERS

Proving that effort for the town and county welfare is appreciated by Clarendon business men, the Tuesday Luncheonists extended a unanimous vote of thanks to Secretary Roy McFadden, Geo. A. Ryan and Mrs. Ida Chitwood for their splendid achievements with the Donley County agricultural exhibit at the State Fair of Texas at Dallas, when the exhibit from this county attracted the largest number of visitors of the red ribbon. Further approval was registered by an invitation of the luncheon club for the three named representatives to be guests of honor at the regular luncheon next Tuesday. President E. A. Taylor, presiding named as special ambassador to convey the invitation in person.

The luncheon was a little short of the normal attendance from one reason and another, but was very interesting in that two visitors and one member were present. All the members made short talks. Harry Schwartz, associated with the T. M. Little store, was the new member and his assurance of interest was well received by the membership. Mr. Schwartz told of his connection with the State Fair and offered his personal services in any of the work of the organization and at any time.

A full attendance is desired next Tuesday when due honor will be accorded the special guests as noted above.

Arthur Martin of the firm of N. Martin and Son, gave the club a very interesting discussion of Clarendon's possibilities and outlined several plans whereby the city's progress might be advanced.

## CLARENDON MERCHANTS HELP CUT DOWN HIGH PRICES

Ever mindful of the best interests of the country, merchants of this town have cut the prices of their wares until the price is in keeping with the present prices of other commodities. When cotton fell to a low level, the clothing merchants cut their prices accordingly being keenly aware of the fact that even though they may sell the present stock at a loss as compared with the purchase price, the same stock could be replaced at a saving when bought at a lower level. In that case, the loss would not be so much after all. Merchants all over the country are aware of the fact that they must assume their share of the loss because of the drop in prices. As one merchant stated this week he would well drop his prices now as later because wholesalers were being forced to drop and local prices are bound to come down.

In looking over the bargains being offered by local clothing merchants, one is forcibly struck with the price, it being cut to almost half in many instances and in no instances are they being undersold by those of any other town or city.

Reductions have not been made in a few staples only, but the lower prices have been placed on all kinds of goods even to shoes. In fact, the present offerings of Clarendon merchants affords an excellent opportunity for the people to make purchases for several months ahead. That the people living in this trade territory appreciate the present prices is attested by the fact that merchants have been very busy the past week, people coming for many miles to avail themselves of the opportunity to purchase at pre-war prices.

It is safe to say that Clarendon merchants will not be outdone in their selection for this important part on a program of such merit. His playing of "Rhapsody in G" was truly a work of a master.

The old idea of singers forget to be courteous and pleasing when they "arrive" was certainly torn to shreds in this recital. Never were singers more gracious and more generous than were Mr. and Mrs. Miller. The audience was appreciative that the singers realize the full measure of all the ability and charm they possessed—and that is saying a great deal.

Those who guaranteed and arranged the artists' course for Clarendon were just a little disappointed that the audience was not such a unanimous praise for the first recital Tuesday night has gone forth they now feel that the next recital on Nov. 17th, when Eddy Brown, the greatest of all American violinists, appears will find a heavy attendance and will relieve the financial shortage now existing. Then when Oscar Seagle comes on Dec. 3rd, the season should close with a small balance to apply on a bigger course next year—it couldn't be better. Season tickets for the next two numbers will be sold for \$4.50 which will save the purchaser a dollar on the price of single admission.

The first recital of the first Artists Course ever staged in Clarendon settles for all time one question—Clarendon will be visited every year by the best talent in America.

## CHRISTIAN CHURCH SHOWS MUCH INCREASE OF ENERGY

Two important events of recent date in the life of the Christian Church of Clarendon means much to the moral uplift of this town noted for its good schools, fine churches and excellent citizenship. This congregation will likely accept from the hands of the contractors this week the new parsonage building which is valued at twenty-five thousand dollars. As a church home, it ranks among the best in the entire Panhandle. Not only this, one of the strongest men of the brotherhood in the south has accepted a call to lead the flock the coming year.

The Christian Church in this city came into being in 1892 with sixteen charter members. The present enrollment is one hundred and seventy-five. During this time, some twelve hundred have gone out from this church to bless the world.

The new parsonage building is of brick veneer, metal shingles and has a seating capacity of over seven hundred in the main auditorium alone. A special choir loft adds much to the inside appearance and will greatly facilitate the efforts of that important part of the service. The basement is being fitted up into sixteen rooms, a portion of which will be used for the Sunday school classes. The general building scheme took into consideration modern ventilation, and plenty of lighting capacity, the windows all being of a large type.

The present total valuation of the church property including the new building, parsonage and other lots, is estimated at thirty-five thousand dollars. There is a united membership working for its cause. The financial status of the church is due to the devoted efforts of good men and women who for many years have worked unceasingly in the hope of no reward except in the world to come. The First Christian church of Clarendon has always been in the front ranks in every moral issue for a better Clarendon.

## CLARENDON COLLEGE IS OF AND FOR THE PANHANDLE AND WESTERN SECTION OF THE STATE

Clarendon College is of and for the Panhandle and the Western section of the State. There is need for its development and all of the funds that can be spared for educational purposes by this conference could be used to good advantage by the school. We feel that a remarkable growth for that institution will be the outcome of the action of the conference and we are sure that the people, generally, of the conference, will approve of that body's wise step.

Ample funds are available from other sources for Southwestern and Texas Woman's College—Amarillo News.

## DEMOCRATIC HEADQUARTERS COMMENDS ACTION OF NEWS

The News is in receipt of a telegram from Democratic headquarters at Dallas commending it for its development and all of the funds that can be spared for educational purposes by this conference could be used to good advantage by the school. We feel that a remarkable growth for that institution will be the outcome of the action of the conference and we are sure that the people, generally, of the conference, will approve of that body's wise step.

Ample funds are available from other sources for Southwestern and Texas Woman's College—Amarillo News.

## LADIES AID TO MEET

The Presbyterian Ladies Aid Society will meet with Mrs. Mongole Wednesday evening, November 3rd, at three p. m.

E. L. Kennedy was up from Hedley Tuesday and informs the Clarendon folks that this hard times talk is all bunk.

## FIRST RECITAL IN FALL ARTIST COURSE PLEASURES

### REED MILLER AND MME. VAN DER VEER SWEEP CLARENDON AUDIENCE OFF ITS FEET IN RECITAL TUESDAY NIGHT

If anyone had entertained the least doubt as to the selection of the committee who arranged for the artists course for Clarendon this fall, Tuesday night's program dispelled those doubts with the very first number when Reed Miller, great American tenor, and Madame Nevada Van Der Veer, renowned contralto, sang Wolf-Ferrari's "The Jewels of the Madonna." From this point through the rest of the evening each artist and through the general encore the audience was spellbound by the artistry of the human voice as exemplified by these recognized masters in the art of song.

Without doubt Madame Van Der Veer showed to best advantage in "Song of the Robin Woman" from the opera "Shanewis," and "Serenade" from Carmen. Her rendition of Sidney Homer's "This is the House that Jack Built" was in lighter vein and received thunderous applause.

Mr. Miller's recital was a masterpiece. "Carlo's Lament" from Pagliacci was a work of art, but he went straight to the hearts of his hearers in his singing of "Lindy Lou" and "There's Goin' to be a Lonesome" both by the same author, Strickland.

Mr. Stewart Wille appeared as accompanist for these artists and his work left no room for wonder at his selection for this important part on a program of such merit. His playing of "Rhapsody in G" was truly a work of a master.

The old idea of singers forget to be courteous and pleasing when they "arrive" was certainly torn to shreds in this recital. Never were singers more gracious and more generous than were Mr. and Mrs. Miller. The audience was appreciative that the singers realize the full measure of all the ability and charm they possessed—and that is saying a great deal.

Those who guaranteed and arranged the artists' course for Clarendon were just a little disappointed that the audience was not such a unanimous praise for the first recital Tuesday night has gone forth they now feel that the next recital on Nov. 17th, when Eddy Brown, the greatest of all American violinists, appears will find a heavy attendance and will relieve the financial shortage now existing. Then when Oscar Seagle comes on Dec. 3rd, the season should close with a small balance to apply on a bigger course next year—it couldn't be better. Season tickets for the next two numbers will be sold for \$4.50 which will save the purchaser a dollar on the price of single admission.

The first recital of the first Artists Course ever staged in Clarendon settles for all time one question—Clarendon will be visited every year by the best talent in America.

## AMARILLO DAILIES COMMEND ACTION OF METHODIST BODY

That the action of the Northwest Texas Conference in session in Clarendon the past week represents the spirit of this section of the state, when it voted to sever connection with the Southwestern University at Georgetown and Texas Woman's College at Fort Worth, is reflected by editorials appearing in Sunday issues of the Amarillo Tribune, and the Amarillo Daily News. Read what these papers have to say:

**Assert Independence**  
Methodists of West Texas asserted their independence and their belief that the sons and daughters of the people of this part of the State are entitled to a better education and a more complete development of the remainder of the state, when the Conference at Clarendon voted to withdraw support from Southwestern University and Texas Woman's College.

Young men and women of this section of the State have too long been compelled to travel several hundred miles to get to the best educational institutions. The need for a training school in West Texas for boys who wish to follow agricultural or mechanical lines precipitated a fight for an agricultural and mechanical college in this part of the State, and this fight has been carried on for several years without being yet settled.

If citizens throughout West Texas act as decisively in their capacity as citizens as the Methodist congregation voted, their agricultural and mechanical college is assured.—Amarillo Tribune.

## CLARENDON COLLEGE TO CLOSE AT FIVE P. M.

Because of the fact that darkness is coming earlier in the day now than it does in the summer time, we, the undersigned business men of Clarendon agree with each other that, beginning on the first day of November, 1920, we will each close our places of business at 5 o'clock p. m., on each business day except Saturday, and the Christmas holidays, being from Dec. 15 to Jan. 1st, during the winter months.

## CHILDREN OF COUNTY WILL MAKE PARADE

### ALL SCHOOLS OF COUNTY TO JOIN IN DEMONSTRATION HERE FOR SCHOOL AMENDMENT.

A grand rally will be held in Clarendon Saturday in which all of the pupils and teachers of the county will take part. The rally is to boost for the school amendment that will be passed upon by the voters next Tuesday.

All the pupils and teachers will gather at the high school building, from which place the parade, headed by a decorated truck, will be led. When Kearney street is reached, the float will be stopped and used as a platform for the speakers. A. M. Beville, Tom Connally and W. H. Patrick will act as orators of the day. In addition to their interesting talks, Supt. J. E. Nelson has arranged an interesting program on the part of the pupils and teachers.

All of the pupils and friends of education are expected and especially requested to be present. This is your opportunity to assist in the greatest history making epoch in behalf of the rising generation since the establishment of a department of education in the greatest state in the union. This is your opportunity to put an end to the greatest handicap of the children in the rural districts toward securing an education. This is your opportunity to befriend the child hampered by the pangs of poverty and forever remove the obstacle that stands between that child and a square deal. Every vote in favor of the amendment next Tuesday lessens crime, assists those who are unable to help themselves and removes from your state the stigma of ignorance and indifference.

The parade will start from the High School building promptly at two o'clock in the afternoon. School will be in session up to that time. Tuesday will be observed as a holiday that those connected with the schools may have an opportunity to work for the amendment.

## CLARENDON BULL DOGS MOP UP ON DECATUR 6 TO 4

Last Friday was a great day in football circles in the Panhandle when sports of the game came from other points to witness what is said to have been the greatest game that will likely be played this season. Clarendon College was pitted against the Decatur Baptist College. The Decatur team mopped up on practically everything that came all the way thru. With the winning of this game, coach L. H. Burton and his team have added much to their laurels already with the season only well begun.

## REDUCED RATES GRANTED FOR SHRINE CEREMONIAL

Special rates will be given on all railroads for the Khiva Shrine ceremonial, which is to be held November 24, at Amarillo. The reduced rates will be given from all points on the P. & S. F., and from Chihuahua to Texline on the F. W. & D., and from Glen Rio to Benlone on the Rock Island.

One and a half fare will be charged for the round trip for the ceremonial. The reduced rates will be for 250 persons to make the trip. It is thought that the number will exceed this minimum, and present plans are to run a special train on the Santa Fe from Slaton to Amarillo.

Printed statements about Khiva Shrine, the show that is to be staged by Khiva Shrine, on November 22, 23 and 24, are being mailed out, together with the announcements of the reduced rates on the railroads. The night of November 24 will be for Shriners and their families exclusively.

## CLARENDON CITIZEN IS KINGS MILL MERCHANT NOW

Tuesday of this week Mr. and Mrs. W. W. Massey and daughter, Miss Ruth, bade goodbye to their many friends and left for their new home at Kings Mill in the Pampa country. Their leaving is universally regretted by their many friends here. Mr. Massey has been connected with the Ozier grocery since coming to this town from Texarkana some three years ago. No man has more real friends in either the business world or private life. Despite his years, he is yet young and active and will be a valuable asset to the section to which he has decided to cast his fortunes. Miss Ruth has been in the employ of the Baldwin brothers dry goods store and, like her father, met many people who will miss her very much. Our good wishes go with these esteemed citizens, and may they at least visit us often even though they never again call the City Beautiful their home.

Mr. Massey has bought a general merchandise business and Mrs. Massey will be postmistress.

## A Delightful Answer to "What shall I give her?"

TENS of thousands of people have found that our suggestion solves the gift-giving problem. They know that the utmost in chocolates, so daintily packed in artistic redwood boxes, meets an enthusiastic reception on all gift-giving occasions, no ordinary chocolates could receive.

For Quinby's California Chocolate Shop Chocolates are fast becoming the preferred chocolates of fastidious Easterners. And many Foreign lands are coming more and more to know this famous brand as the gift which expresses the utmost compliment.

Such a gift will prove an ideal solution to your gift-giving problems.

Foreign Advertising: Representatives THE AMERICAN PRESS ASSOCIATION

It was with a great deal of pleasure that we read of C. W. Warwick having purchased all outstanding stock in the Randall County News at Canyon. Editor Warwick is one of the most thorough business men in the game in the Panhandle of Texas, and while the old stockholders will lose some dividends by disposing of their stock, yet they are winners by being able to retain such an efficient newspaper man in their community. The News feels that congratulations are due both ways, and we are mighty glad that C. W. Warwick remains in the Panhandle.

Good roads for Donley County should become the chief train of thought, the chief topic of conversation and the greatest aim of every thoughtful citizen of this county. Statistics have shown for years that the county without good roads is the county that pays for good roads—that good roads investment is the only investment that pays back the principal and interest time and time over, without impairing the initial investment. It isn't hard to convince one of ordinary intelligence that the upkeep on a system of permanent highways is less or at least no greater than required where there is the usual graded roads. Several plans have been advanced for the solving of the good roads question for Donley County, but The News is firm in the belief that the plan for setting apart a road district four miles wide along the Colorado-to-Gulf highway through the county is the best and most practical plan yet suggested. There would be several advantages from such a course. First, the highway through the county traversed by the Colorado-to-Gulf, and Ozark Trail route is by and large the most used road in the county. It is used by practically every citizen of the county to a greater or less degree. Secondly, this plan would put the burden of cost upon those who would profit most in the use of the road and in the advance in property values along its route. Thirdly, it would bring bond tax from the Denver railroad on every mile of its right-of-way in Donley County, as it would also the Western Union telegraph lines. The permanent road being built on designated highways would insure federal and state aid in the cost of construction, which would save the people of the road district approximately one-third of the total cost. The state highway commission has already tentatively agreed to put down \$200,000 in round sun when bonds to the amount of \$400,000 has been voted. This is a wonderful opportunity for the people of this county and will mean in addition to the service of good roads winter and summer, wet or dry, enhancement of property to the amount of at least one million dollars within one year, from completion of the thirty-odd miles of good road. We cannot afford to forego the opportunity of such an investment and such continuous dividends.

At a meeting of the executive committee of the Texas Press Association recently held in Dallas, it was voted that the meeting of the association should be held next June at McAllen. The News thinks this was a very wise move and right now predicts that the 1921 meeting of the Texas scribes will be one of the most enjoyable in the history of the body. A large delegation of Panhandle editors will avail themselves of this opportunity of seeing the great southwest. McAllen is a little city down in the Rio Grande Valley—a spot which in the past few years has been made to blossom as the rose. The people of the Valley have united in bidding for the next convention of the association, and they have offered a tentative program that promises to eclipse anything the editors have yet experienced. A trip to Matamoras, Mexico, will be one feature, while a special train of Pullman cars will be placed at the disposal of the editors, Dallas to McAllen and return, at the expense of the citizens of that section of the state. Secretary Harben of the Association, has also been assured by the railroads that cash advertising contracts will be given to cover round-trip tickets for two representatives from each publication. Altogether, the prospects seem mighty bright for the members of the Texas Press Association to have the most enjoyable trip since the El Paso convention in 1916. The Program Committee will not neglect, and there will be some red hot numbers.

The News has not strutted and crowed unduly over Donley County winning second place among the counties of Texas at the State Fair agricultural exhibit, but some of our neighboring counties are making such a fuss over winnings so much lower than second that we feel inclined to go on a regular cockadoodle-doo parade. It is painful to us to know that we had so much better stuff in the county than we exhibited at Dallas—rightfully we are the first grade county of Texas and the entire southwest. Of course we are also willing to admit that some of our neighboring counties did not show to the advantage they might have shown, and since we are confident in our rank of first position among the great counties of Texas yet we also know that the Panhandle of Texas as a whole so far outclasses the other sections of the state that we get genuinely sorry for the lack of information which keeps so many people away from this glad, golden strip of nature's heaven.

One fact that stands as a black mark against Donley County is the fact that for nearly a year we have been without a county agricultural demonstration agent. In some measure his place has been filled by the secretary of the Clarendon Chamber of Commerce and other agencies. But what The News is interested in is that this county with all her possibilities should not

be without this mighty agency for advancement. The Federal government, through the wisdom of its department of agriculture, has provided an annual sum of money available for any county which does her part in securing an agent. If we are not getting what is coming to us it is our own fault. An agent could be of incalculable service this winter to our farmers and stockmen in the handling of their problems and the fact that some farmers and stockmen look on an agent with derision is no excuse for the balance of ambitious, forward-looking men of our county being left without his aid. Let's demand the things that make for our betterment.

The annual session of the North-Texas Methodist conference was adjourned Sunday afternoon after a five-day convention of much moment. The pastors and laymen, who go to make up this great body came here with great reports and much optimism. Clarendon people entertained them in such a manner that they went to their homes with outspoken praise for the hospitality of this city. The resolutions of thanks which were so heartily passed at the last session was but the formal echo of what was evident in the heart and mind of every visitor and The News believes that Clarendon will receive accumulated good from these visitors for years to come. Many were kind enough to say that the entertainment afforded by the good people of this city was the best that they had ever been accorded, anywhere. The News hopes this statement is true. We are glad to say that our people did their duty, irrespective of church affiliation, which means that we are arriving at that state where we can do our greatest good by community co-operation in every line of endeavor. Methodists say they appreciate this spirit among the memberships of other churches and say they will reciprocate when occasion offers. It is as it should be.

### A DRIVE FOR POLISH RELIEF

At a called meeting of the Board of Missions of the S. Methodist Church on September 15th, the following resolution was passed: "We, therefore, request the Board to authorize the Secretary for Europe to undertake this special fund of relief and to set up at once such organization that will secure the co-operation of our constituency throughout the church to make effective this specific plan for relief work in Poland."

Immediately the matter of Polish Relief was taken up with the Executive Committee of the Woman's Council. This body voted to undertake through their organization to carry out this program for special relief in Poland. We are asking the co-operation of the entire Southern Methodist church in carrying through with greatest possible success the relief program for Poland. The stories of suffering in Poland arouse the most intense sympathy wherever told. No words are adequate to make real the actual distress. "The suffering here this winter is going to be unspendable. People are starving now, so you can imagine what winter will mean. Please send us warm clothing, especially underwear and shoes. We must have supplies—clothes, clothes, clothes! Put on a campaign in the churches for old clothes." A Polish priest said: "My people would rejoice to have the piece of cloth you use to scrub your floor, and the shoes you cast away as worn out." Hospitals are without gauze or materials for bandages or surgical cases. Little children, orphaned by war, are herded together in institutions. Many of them are without any clothing. Native Protestant workers, themselves without sufficient clothes, are unable to go among the people to minister or comfort. In closets and trunks in every community are good, warm clothes and covering, partly worn shoes, outgrown coats and children's garments, cuffs and quilts and blankets that we can do without. In storerooms of merchants and manufacturing plants are shop-worn, out-of-style garments which they will gladly contribute if they know the need. Soap for bath and laundry is desperately needed for cleanliness that will prevent disease. We urge you to collect every article that can cover naked, barefoot, starved men, women, children and babies, that it may be shipped to Poland before the bitter cold of winter causes indescribable suffering and death. The needed articles are: 1. Clothing for men, women, children and babies—New and used suits, dresses, coats, underwear, shoes and stockings (the shoes in pairs), caps and soft hats, warm gloves. 2. Household supplies—Quilts, comforts and blankets, sheets and pillow cases, soap—bath and laundry; talcum powder, thread, needles, pins, safety pins, towels. 3. Hospital supplies—Gauze, soft cloths for bandages. 4. Miscellaneous—Remnants of all kinds of material and bolts of cloth, outing flannel cloth and garments most useful. The Methodist ladies of Clarendon will begin this work at once. All help given will be appreciated. MARRIAGE LICENSE RECORD Marriage licenses were issued the past week to Albert H. Ferguson and Miss Janie Wilson; R. C. Dimmick and Miss Sophia Wells; Theodore Razzell and Miss Maggie Moffitt.

T. J. Lyle of Shamrock, Texas, will hold a big registered Hereford sale at Shamrock on Monday, December 6th. Sixty head will be sold at auction by Col. P. M. Gross of Kansas City, Mo. Barbecue dinner. Sale starts at 1:00 p. m. Remember the date and write for a catalog.

Slip your feet into a pair of beautiful Dorothy Dodd Shoes and see how uncommonly small they appear. Feel the delightful ease of Dorothy Dodd Shoes. They will solve your footwear problem. They are not only an exquisite shoe in appearance, but have other qualities of greater excellence. There is a subtle something that gives the wearer a distinguished carriage. Come to our store and permit us to demonstrate the above facts to your entire satisfaction.

## Rathjen's Shoe Store

"Shoes That Wear"

### CATTLE ACTIVE, HIGHER; HOGS LOWER; SHEEP STRONG

Kansas City, Oct. 25, 1920—With cattle receipts here about 7000 less than a week ago, and prospects that receipts next week will be light owing to the National election, trade ruled active at strong to 25 cents higher prices. Fat cattle were in light supply and there was a good demand for stock and feeding grades. Hog prices were 15 to 25 cents lower and the lowest since early February, 1917. Sheep and lambs sold readily at strong prices.

**Today's Receipts**  
Receipts today were 22,000 cattle, 9,000 hogs, and 5,000 sheep, compared with 29,000 cattle, 1,000 hogs, and 5,000 sheep a week ago and 32,500 cattle, 5,200 hogs and 7,874 sheep a year ago.

**Beef Cattle**  
Killers were fairly anxious for all classes of fat cattle at strong to 25 cents higher prices. The market showed the first activity in several weeks past. The improved condition here was more noticeable as Chicago quoted a dull and lower market. Some short fed steers sold at \$12.75 to \$13.25 and better steers at \$14.00 to \$15.00. Nothing choice to prime was offered. Most of the common light weight grass steers sold at 78.00 to 69.00 and the better grassers brought \$9.50 to \$12.75. Killers had to meet feeder competition on the good quality 1050 to 1100 pound steers. Cows and heifers were quoted strong to 25 cents higher, and calf values were steady.

**Stockers and Feeders**  
The per cent of stockers and feeders in proportion to total receipts of cattle was liberal, but there was

### EAST, WEST, HOME'S BEST

It has been said that The Youth's Companion has had more readers per copy than any other publication in America. There is good reason to believe this to be true. But the important thing is that the influence of the paper upon its millions of readers has always been directed to building character. "East, west, home's best," has been its unaltered slogan. In its articles, editorial and otherwise, it has dwelt upon the importance of good citizenship. In all its contents it has aimed to give not only entertainment but "stepping-stones to higher things."

A year of The Youth's Companion brings a tremendous tide of delightful and diversified reading that cannot be found elsewhere. The 52 issues of 1921 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1921.
2. All the remaining issues of 1920.
3. The Companion Home Calendar for 1921.
4. McCall's Magazine for 1921. The monthly authority on fashions, \$1.50 a year. Both publications, only \$3.76.

THE YOUTH'S COMPANION, Commonwealth Ave. & St. Paul St., Boston, Mass. New subscriptions received at this office.

Attorney R. H. Beville and "Dad" Herrington had business in Memphis Wednesday.

#### BETTER SPEECH WEEK, NOVEMBER 1-8, 1920

November 1-8, 1920, is Better Speech Week throughout the United States. What will you do for it? It is a drive which asks no money, but urges you to increase your own capital. How? Improve your speech. Good English is largely a matter of habit. Get the habit. Stimulate a love for your national language. Write a desire for personal improvement. Speak the language of your flag.

The Clarendon public schools are going to observe the week with suitable exercises and work; and they ask every civic organization, every club, and every home in Clarendon to assist in this drive during that week by "conserving our melodious English tongue," and ridding

it of the many slang and meaningless expressions which of late have marred it.

#### POSTED NOTICE

All persons are hereby warned against hunting, wood hauling and trapping in the C. T. Word & Son pastures in Hall and Donley Counties. All violations will be prosecuted promptly.

—C. T. Word & Son. 44p

#### WARNING

This is official notice that all trespassing upon the grounds of the Clarendon Country Club will be rigorously prosecuted from and after May 6th, 1920. t.f. Clarendon Country Club.

### LOCAL & PERSONAL

F. J. Mahaffey this week sold his farm near Ashtola to J. T. Baldwin.

Jim Wise of Amarillo was a business visitor here the first of the week.

Rev. H. G. Finley visited with his son, A. H. Finley in Shamrock over Sunday.

Mrs. Chas. Killough is visiting friends and relatives in Fort Worth for the week.

L. L. Johnson sold half of his farm north of town to his son-in-law this week.

Mrs. R. A. Long is visiting with her father near Stephenville, who is seriously ill.

Dr. and Mrs. Oscar L. Jenkins returned home Monday from a wedding tour of South Texas.

Mrs. Geo. A. Ryan and little daughter returned home the last of the week from an extended visit with relatives at Greenville.

Mr. and Mrs. Jonah Couch, who have been making their home in Bartlettville, Oklahoma, arrived here the first of the week and will make their home here.

Many Clarendon Masons received invitations the first of the week to attend the yearly "get together" of the Shamrock lodge on last Tuesday night at the Liberty theatre in that town.

R. E. Williams is back from Dillon, Montana, this week looking after business interests. Mr. Williams moved out to that section in June and is well pleased with the country.

H. L. Alcorn and family are expected to arrive this week to make their home here. Mr. Alcorn purchased a home in Clarendon several days ago and returned to Brownwood for his family.

O. C. Hill, prosperous farmer and one of the best men in the country, marketed a fine load of pumpkins and turnips Tuesday. As a producer of the filling that makes the Thanksgiving pie famous, Donley is in the lead.

J. A. McKillop spent a few days in the city the first of the week to be present at a minor operation of his daughter, Miss Marjorie, who had her tonsils removed. He returned to his home at Claude Wednesday.

Mr. and Mrs. G. W. Antrobus returned from Dallas Monday night. Their principal mission of the visit was to consult a specialist regarding the health of Mr. Antrobus. While there they took occasion to visit the fair exhibits.

H. H. Taylor sold his interest in the old Muir ranch south of town to his brother, Jim, this week. Jim Taylor also owns a fine ranch property in Gray county on which he recently had a fine home built. Since buying the ranch over there, he will likely make his home in Clarendon and build a home in keeping with his ideas which means a dandy good one.

Jim Woodward of Claude was in town Wednesday.

Sid Yale, deputy sheriff of Wise county, was in town on business Monday.

Mr. and Mrs. Oscar Caldwell of Hedley visited over Sunday with the family of Ed Morrow of this city.

Mrs. Dr. Gray, who went as a delegate to the Eastern Star convention at El Paso, returned home Monday.

Mrs. I. S. Mullins, who was called to the old home at Alvord last week on account of the death of her father, returned here Monday.

Mr. Love, representing the Tribune of Amarillo, passed around the glad hand and listed up the folks in our city the front end of the week.

Mrs. Ida Chitwood, county demonstrator, who has been assisting with the county exhibit at the Dallas fair, returned home the last of the week.

S. A. Porter of Emporia, Kansas, was a business visitor in our city this week. Mr. Porter is much pleased with this section and may locate here later.

Mrs. L. L. Taylor returned home Monday night after being absent for several days during which time she visited San Antonio and other Texas towns and as far north as Rochester, Minnesota.

Mr. and Mrs. T. J. Wilson of Wichita Falls left Tuesday night for California after a short visit with their parents and other relatives here. They expect to make their home in California in the future.

M. P. White this week traded his town property for improved farm property in Wheeler county. He has not announced his intentions as to whether he will move to his newly acquired property or not.

Rev. H. Bascom Watts and family left for their home at Lockney Tuesday after a short visit with parents and other relatives. Rev. Watts attended the conference and was returned to the same charge.

Rev. and Mrs. Walt Bryant of Macon, Missouri, were among the visitors at the conference in Clarendon last week. They are doing evangelistic work for the present and will likely go from here to Colorado.

Claude Bird of Alvord, spent a few days here the first of the week and liked the country so well that he returned home for his family and will make this place his headquarters in the future. Mr. Bird is a real farmer.

E. O. Hutton is building a nice home on his farm northeast of town. The structure will include six rooms and is of the stucco type. When completed, this will be one of the best homes to be found in the rural district of Donley county.

Rev. L. A. Reavis will be located in Clarendon permanently in the immediate future where his children will attend school. He has been appointed an elder in the local church and will look after his farming interests near town.

### SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

#### GOLDSTON GLEANINGS

We have had a bit of rain lately which has stopped the farmers from gathering crops.

Quite a number from here attended annual conference at Clarendon last week.

The school here will start next Monday, Nov. 1, with Miss Richards of Clarendon as principal; Miss Bass of Memphis, intermediate and Mrs. Craig of Wheeler, primary teacher.

Jessie Shannon who was severely injured last Tuesday by his horse falling with him while on a wolf chase, is improving slowly.

Mrs. Elmore was visiting in town with her daughter, Mrs. Garrison, last week. She was also taking No one from here attended the singing convention at Lelia Lake last Sunday on account if the rain.

#### PRICED TO SELL

One eight room house and three lots. Two blocks south and two blocks east of depot. Known as the M. P. White place. Will accept Ford or truck as part payment. Write D. G. Sims, Moberlie, Texas, or see Fred Rathjen, Clarendon. 46p

Come in and look over the list of new Columbia records and hear them played.

Peoples Pharmacy.

## Service Plus Groceries

When we entered the grocery business in Clarendon we determined upon two things:

First: That above all things we would give our patrons the best obtainable in groceries, both from the viewpoint of food value and the viewpoint of fair prices.

Second: That service would be our watchword. We wanted our customers to feel that when they traded with us that we were giving them every possible service in caring for their wants.

We still adhere to these business policies and will be pleased to convince you that they are foremost in the operation of our business.

At any time you see where and how we can improve our service we will appreciate your suggestion and your help.

If our efforts appeal to you then we solicit at least a part of your patronage.

### Parson's Market

#### SEEK TO PLEASE

There is not a paper printed in Texas but what would like to be able to print everything sent it—would like to give everything sent for publication provided it was all good, and most of it is good, if all these papers had the room and the time to make such publications. But, it is simply impossible to do

that. It would require a paper much bigger than any of the city papers are at times, and a lot of the matter sent to the country papers from Washington and Austin interests only those who are sending it and a few others, which would not justify the printing of the same. In spite of the fact, there are a great many people who get furious with the newspapers and want them put

out of business because they are not run exactly like they want them run. They never stop to think that the newspapers object to some things they do. Not long ago we noticed a man sit in his easy chairs for about two days. Finally he awoke and proclaimed that a lot of things were not running right; that there was so little production going on that one could hardly see the wheels of commerce creep. Of course, that man had not stopped to think of the many happy hours he had idled away while the rest of the folks were trying to make a living—were actually producing something. This fellow jumped on most everything and naved. Finally he sat down and sat still for about two hours. Suddenly he said: "Well, hang it all; I can't help it! Let her rock; let her rock along like she wants to!" Then he lay down and went to sleep.—Stanford Leader.

### Bartlett's Art Studio

### EDDY BROWN GREAT AMERICAN VIOLINIST, HERE IN RECITAL, NOV. 17

Eddy Brown, the violinist who will appear in recital in Clarendon's Artists' Course for the Fall Season of 1920 on November 17th, at College Auditorium, made much profit. According to the dramatic review-both artistic and financial, out of "Roly-Poly Eyes", the musical comedy which ran nearly seven months at the Knickerbocker Theatre, New York, last winter; for Mr. Brown the music for the piece, the other being Louis T. Gruenberg, the pianist. Though it was the collaboration of two composers, the music was far more difficult of success than the average theatre-goer imagines. This piece was an instant hit and played to capacity houses throughout the fall and winter and was only finally withdrawn to make room for an attraction that had been booked far in advance.

According to the dramatic review-both artistic and financial, out of "Roly-Poly Eyes", the musical comedy which ran nearly seven months at the Knickerbocker Theatre, New York, last winter; for Mr. Brown the music for the piece, the other being Louis T. Gruenberg, the pianist. Though it was the collaboration of two composers, the music was far more difficult of success than the average theatre-goer imagines. This piece was an instant hit and played to capacity houses throughout the fall and winter and was only finally withdrawn to make room for an attraction that had been booked far in advance.

### LOCAL & PERSONAL

Mrs. Alton Andrews is visiting relatives and friends in Oklahoma City.

Mrs. Ben A. Wooten is a guest of her cousin, Mrs. Maggie Estlack for a few days.

Misses Lena and Aileen Evans spent the week end visiting relatives and friends at Vernon.

The Delphians will meet with Mrs. J. T. Patman at three o'clock on the first Monday in November.

Rev. J. R. Rich has moved to Lelia Lake to take charge of his work as pastor of the Methodist church at that place.

Mrs. Della W. Ferruson is ill with typhoid fever. She is said to be getting along as well as could be expected.

Mrs. Mamie Sturges of Longview, who has been visiting with her brother, E. R. Tatum, returned home the first of the week.

Mr. and Mrs. W. J. Sherwood of Shamrock are visiting their niece, Mrs. Maggie Estlack and family in this city for a few days.

Mr. and Mrs. G. C. Cunningham are making an enforced visit in Oklahoma City due to the bad roads preventing their return just now.

Miss Mad's Thornton, formerly with the Andrews abstract company, has accepted a position as stenographer with an Oklahoma City law firm.

Mr. and Mrs. John Curley and little son, Steve, of Bridgeport, Tex., are visiting with their cousin, Mrs. Maggie Estlack, having arrived here Wednesday.

Roy B. McFerrid, secretary of the Clarendon Chamber of Commerce, who has been looking after the county exhibit at the state fair, returned home Tuesday.

Otto Morrow, son of Mr. and Mrs. Ed Morrow of this city, underwent operations for the removal of his tonsils and adenoids at the Adair hospital Wednesday of this week. He is reported to be doing nicely at this time.

W. H. Foster went to Gray county to fill a pre-arranged appointment at the Eldridge school house, in a community where there is an organized Presbyterian church. Mr. Foster preaches there once a month, two nights each trip.

The dairy firm composed of J. T. Warren, W. D. Rumble and W. H. Greer, have leased the G. S. Jackson place in the northeast part of town and will at once begin the erection of stalls and other housing facilities for their business.

Mrs. N. W. Eakhet, has spent a happy week on account of the visits of her daughters, Mrs. F. A. Paul of Panhandle and Mrs. C. E. Redwine of Mountain View, California. Mrs. Redwine was accompanied by her little daughter, Miss Anna Jane, who also helped to gladden grandmother, Mrs. Paul left for her home Wednesday.

Miss Mamie Harrington, stenographer in the office of Ryan Bros. and mother, Mrs. Frank Harrington, will leave the last of the week for a hunting trip in the Black range north of Silver City, New Mexico. They expect to be away for several days. That they may secure the prorate of deer prescribed by the laws of that state, is the wish of their many friends here.

Come in and look over the list of new Columbia records and hear them played. Peoples Pharmacy.

### CHECK ARTIST COMES TO NAUGHT IN ARKANSAS

The sheriff's office received a message the first of the week with information that one A. J. Harris, formerly in the employ of the Little dry goods store here, had been intercepted at Mansfield, Louisiana. It is alleged that this party left several dry checks among local citizens at the time of leaving here some weeks ago. He later, according to information received here, was charged with the theft of goods from a grumble about. Trucks and tractors store in which he was employed at of the better grade are arriving Marianna, Arkansas. He jumped his almost daily in car lots. They are bond at that place and was later being sold about as rapidly as they taken in custody at the Louisiana arrive. Farmers and those who haul town. Sheriff J. H. Rutherford has gone for his prisoner this week. very much, have learned that the work may be done a great deal cheaper with the aid of machinery. In fact if there is anything new, the Donley county people are willing to give it a trial at least and by the purchases made. Donley county folks have nothing to while.

### TRACTORS AND TRUCKS ARRIVE IN CARLOAD LOTS

If one may judge of the prosperity of the citizens of a country by the purchases made, Donley county folks have nothing to while.

No depositor ever lost a penny by depositing in a State Bank in Texas

## Majestic Ranges

### Why Majestic Range Prices Cannot Be Lowered

There are two kinds of prices—honest prices and inflated prices. Sound reasoning will convince anyone that honest prices on ranges cannot be lowered until material and labor is lowered. Only prices that are inflated (too high) can be lowered today, and have an honest profit for the manufacturer. Majestic Range prices are honest prices, they have always been based on actual costs of material and labor, plus an honest living profit. To lower the price of Majestic Ranges today would be the same as saying our prices WERE inflated, because, material that goes into our range, and labor, is not one cent less than it was when we made our last price—in fact, material is higher right now! Iron, Steel and Copper, of world-wide demand now, show no indications of a decline. Skilled workmen who make Majestic Ranges, have never been paid inflated wages, but have always been given honest wages based on costs of honest living. Remember this—the lowering of inflated prices and inflated wages should never be confused with honest prices and honest wages. Majestic Ranges may seem high—and on the surface they are higher than many other ranges, but, in the long, economical service they give. THEY ARE THE LOWEST PRICED RANGE ON THE MARKET TODAY.

MAJESTIC MANUFACTURING COMPANY  
St. Louis, Missouri

# GREAT MARK DOWN SALE

Price Reduction from our Regular Low Prices. Come in and see for yourself. You will be convinced that Low Prices are Back Again, in Every Department of this Big Store.

Cotton fabrics almost half the old price. Gingham in a good assortment of patterns, formerly priced at 35c, new marked down price, 19c. Red Seal Gingham bought to sell for 50c, new marked down price 29c. Bleached Domestic sold at 35c, new marked down price 19c. 36-inch Percale, new marked down price 29c. No one could ask for greater values. All new, fresh merchandise. If you have been waiting for lower prices, you need wait no longer. Now is the time to buy men's union suits, values up to \$3.50, marked down price \$1.98. Men's socks—black and tan, 19c. Children's and Ladies' hose, 25c. Canvas gloves, 15c.

Hundreds of new winter coat suits and dresses at greatly marked down prices; make you think of 1914 prices. Back to low prices. Women's suits, women's coats, women's dresses, misses' coats, sizes 13 to 17. Children's coats, 3 to 5—6 to 12.

## Sale With Out A Rival

at 35c, new marked down price, 19c. Read Seal your good news. Men and young men suits made of all wool fabrics, season's very latest styles. All going at maker's cost. We fearlessly take the great loss; by reason of the great price reduction, we are taking losses that most stores could not afford to take.

## Blankets, Blankets, Blankets

Extra size—the biggest value you ever saw:  
\$5.00 Value, marked down price -----\$2.98  
\$8.50 Wool Mixed Plaid ----- 5.50

## Mark Down Prices In Every Department

We have not spared any department in this general mark-down sale—A visit will show just what this means.

### Special In Boys Suits

Each with two pairs of pants. To buy good values is the secret of true economy.

### Shoes Of Quality

Everybody that thinks shoes are high are invited to visit this store. The sooner you come, the better off you will be. Two real bargain tables of men's and boys' shoes.

# T. M. LITTLE

"THE STORE THAT VALUES BUILT"

### TEXAS OPPOSED TO GOVERNMENT OPERATION

The Texas public is not as ready to try radical government experiments as many residents of other states imagine, according to the results of a questionnaire on the subject of government operation of industries sent out to the editors of this and the other states of the country. Of the 244 editors who received it, 244 editors who re- it is as their opinion that the citizens of their communities were opposed to the government going into business in competition with its citizens.

The questionnaire was sent out by the Press Service Company of New York City. While the inquiry was based on the general principle of government operation, the so-called Muscle Shoals bill now before Congress was used as a concrete example. Under this bill a government-owned corporation would be given power, among other things, to produce at Muscle Shoals various fertilizer products and sell them in

competition with private manufacturers and dealers.

As to the wisdom of the government adopting this policy toward the fertilizer industry the editors were asked for their personal opinion. Of the 226 editors who gave an opinion on this point, 188, or 86 per cent, were unqualifiedly opposed to the scheme.

The political affiliations of the Texas papers whose editors answered the questionnaire were: Republican, 3; Democratic, 180; Independent, 35; and miscellaneous, 26. A summary of the results of the questionnaire from the country at large shows that this opposition to government operation is general. Out of 5254 editors replying 4466 or 86 per cent, voted their communities against the proposition. This is an increase of 3 per cent in the opposition as compared with the results of a similar questionnaire sent out by the Press Service Company a year ago in connection with the question of turning the railroads back to their owners.

The papers heard from in the

present poll are 1857 Republican; 1350 Democratic; 1458 Independent and 462 miscellaneous. Not only did political bias play no part in the replies but sectional differences seem to have no appreciable effect on the result. The combined circulation of the papers whose editors replied is 11,428,817, which means a constituency of at least 44,000,000 readers.

### Bizzell Urges Support of Proposed Educational Amendment

That far reaching consequences are involved in the proposed educational amendment to the constitution, which proposes to remove the tax limit that local communities can vote in independent or common school districts, is a matter of far reaching importance to the people of Texas," says President Bizzell.

"We are just now getting sufficient census data to indicate the seriousness of the rural problem in this country. Approximately one-tenth of the people of the United States now live in three cities, according to the latest estimate of the census bureau, while more than one-fourth live in sixty-eight of the cities of the United States. A recent press dispatch given out by the census bureau states that the urban population has gained seven and one-half times as fast as the rural communities within the last decade. The growth of rural communities was but one-third as great as in the preceding decade.

"The exodus from the country to the city is attributable to many causes, but inadequate rural facilities has certainly been one of the most obvious and impelling of these. If we are to maintain our rural civilization and provide for the future basic needs of our people we must give intelligent concern to maintaining our rural institutions, and the rural school is certainly one of the most essential of these.

"The people of Texas have been given an opportunity to contribute to rural welfare by making better rural schools possible. This proposed amendment merely gives the people of the rural communities the same advantages now enjoyed by the incorporated cities and towns to provide more adequate support for these schools.

"It has been repeatedly emphasized that this amendment does not increase taxes or impose additional financial burdens upon the state or local communities. It merely gives the people of a rural community the same powers now enjoyed by towns and cities to vote on the question of increasing their available funds for school purposes. As the law now stands the rural communities are discriminated against because the cities already have this power, which is at present denied to the independent or common school districts in the open country. It seems the obvious duty of every

friend of rural betterment in Texas to not only support this amendment but to actually aid in disseminating correct information concerning it."

## OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub pain from back with small trial bottle of old "St. Jacobs Oil."

\*When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, rub a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

### THE PRESBYTERIAN CHURCH "This May Be Your Church"

It's about time you were being seen at church again, isn't it? Oh, you were there last Sunday? Anyhow, next Sunday will be time for you to come again.

You know about the services—Sunday School at 9:45 a. m. Do you know about that fine class for adults under the instruction of Mr. Morris? Better get in.

And there is a dandy live wire class for young people, organized and working. Good class. Good time.

And the other departments: Get in your class. Morning service at 11 o'clock. Sermon by the pastor. Evening worship at 6:30. Prayer meeting Wednesday evening at 6:30.

You are welcome. Come in. —W. H. Foster, Pastor.

### MARTIN NEWS

There was Sunday School last Sunday evening.

The last week's wet weather kept the people from gathering their crops.

Misses Ruby May, Willie Mae Moreland and Clarice Hodge returned Friday from their trip to the Dallas Fair, where they had a nice time.

Ruby Mosley spent Sunday with Lucille Allen in Clarendon.

Mr. and Mrs. M. M. Mosley attended the all-day singing at Lela Lake Sunday.

Miss Ocie May, who has been spending the last few weeks in Chamberlain community, has returned home.

Miss Lela Cannon was out with home folks Sunday afternoon.

M. E. Hodge and family, and J. D. Wood and wife, spent Sunday with J. C. Wood.

## Our Stock Is Clean And Fresh

as we keep it moving all the time, and you can always get the best the market affords at a price you can afford to pay.

We make deliveries and it costs you no more.

We want your butter and eggs.

## CITY GROCERY

# Fourth Annual Thanksgiving Sale

## Begins Friday, October 29th, 1920

It has been our custom since we opened up for business to hold a Thanksgiving Sale every fall. This is our Fourth Annual Sale, and in price reduction we are going to eclipse all our previous sales. If money means anything to you, you should not miss this sale.

Just as soon as prices are lowered in the Eastern markets you get the benefits here. Our New York representative keeps us posted as to conditions at all times and we are ever ready to take advantage of any changes in the market.

### Compare

Don't pay out your good money for clothes until you find the best place to buy. If we cannot offer you better advantages, newer styles and greater values we certainly do not expect you to buy from us.

## PUBLIC OPPOSES GOV'T OPERATION

Canvass of 5,154 Editors Shows 4,466 Communities Against Socialistic Experiment.

### OPPOSITION GROWING

Eighty-seven Per Cent in 1920 as Against 83 Per Cent in 1919  
Think Public is Opposed to Radicalism.

The American public is more intensely opposed to Government operation than it was a year ago, according to the newspaper editors of the country. Out of 5,154 editors replying to a questionnaire sent out by the Press Service Company of New York, 4,466, or 86 per cent, gave it as their judgment that the people of their communities were overwhelmingly against the Government competing in business with its own citizens.

In 1919 the Press Service Company conducted a similar canvass of editors on the government operation of railroads. That questionnaire showed that 83 per cent of the editors considered their communities against Government operation of public utilities.

Apparently, then, if editors estimate public opinion accurately, that opinion in a year, considered by communities, has swung 3 per cent further away from socialistic experiments.

Eleven Million Circulation.  
The combined circulation of the papers whose editors replied is 11,428,817, which means, according to the usual estimated ratio between circulation and readers, a constituency of at least 44,000,000. And this constituency is pretty evenly scattered throughout the country, no considerable section of any state being unrepresented. The estimate of opinion based on this thoroughly diffused 44 per cent of the country's population may, therefore, be considered a fair representation of the people as a whole.

Another feature of the result is its evident lack of partisan bias. The major political affiliations of the papers represented are fairly evenly divided, being 1,857 Republican and 1,350 Democratic. There are also 1,482 independent and 402 miscellaneous, including labor organs, etc.

How little the results are affected by the politics of the papers is shown in an analysis by sections. In the Southern section, for instance, where replies came from 65 Republican papers and 389 Democratic, the percentage against Government operation was 88; in the Great Lakes section, with conditions reversed, 478 Republican and 155 Democratic, the opposition was 87 per cent.

Replies from the West, Middle West and Southwest show that it is a mistake to consider those sections vastly more favorable to radical Government experiments than the East. The radicals can get little comfort out of the 89 per cent of thumbs down—2 per cent above the average—in the Southwest, including Arkansas, Louisiana, Missouri, Kansas, Oklahoma and Texas.

Texas, once supposed to be much given to Government regulation experiments, returned 82 per cent of unfavorable replies. Out of the 244 editors replying from that state only three edited Republican papers. The 82 per cent opposition of the North-west, including Iowa, Minnesota, Montana, Nebraska, North Dakota, South Dakota and Wyoming, and the 83 per cent veto of the Far West group, including Arizona, California, Idaho, Nevada, New Mexico, Oregon, Colorado, Utah and Washington, are significant of the prevailing conservative sentiment on this question even in the more radical sections.

Judgment Apparently Unbiased.  
The questionnaire closes with a request for the editor's personal opinion on certain concrete cases as follows:

"Do you personally believe that the Federal Government should own and operate competitive industries to provide: (a) Fertilizer? (b) Clothing? (c) Automobiles? (d) Farm implements? (e) Foodstuffs?"

Substantially all the editors who gave estimates of their readers' opinions also expressed their own by replying to this last question. Proof of considerable effort to avoid personal bias is found in the fact that in many cases the editor differed from the opinion he credited to his community. The percentage of "nos" ran: (a) 76; (b) 83; (c) 86; (d) 82; (e) 79.

While the questions were based on general principles involved in the Government participating in competitive business, the so-called Muscle Shoals Bill now before Congress was used as a concrete example of a Government operation scheme. Under this bill a Government-owned corporation would be given broad powers to operate and develop Government plants and properties. It would produce at Muscle Shoals various fertilizer products and sell them in competition with producers and merchants in the fertilizer business.

The strength of the opposition to Government operation is indicated by the replies from Alabama, where the Muscle Shoals war plant is and where, of course, there is intense interest and local pride in getting its expected peace-time operation under way at the earliest possible date. Fifty editors from that state replied, of whom 38 were opposed to Government operation, 6 in favor and 4 doubtful.

### DONLEY CO. PUPILS IN CANYON NORMAL

Miss Willie Pearl Hall, Miss Eleanor Hefner, Miss Hattie Holland, Miss Sara Virginia Thompson, Miss Lillie Ruth Thompson, Miss Mary Ruth Williams, and Mr. Ivan C. Baucom of Donley county, are students at the West Texas State Normal College during the session of 1920-21.

### HYGIENE AT MIDDLE LIFE

In both men and women, the period between 45 and 55 is a critical period and, unless certain important principles of living are observed, may lead to early bodily weakness or even death. Hard work and over-exertion should be carefully avoided as the strain on the heart and circulation is likely to be injurious. And as age advances, the consumption of meat and all flesh foods should be decreased and that of character, such as lettuce, tomatoes, carrots, turnips and celery should be increased. Constipation should be avoided by such a diet and there should be plenty of exercise, and the regular use of water between meals, especially before breakfast. Water at meals may prove constipating.

As we grow old it is also necessary for us to practice mental hygiene in order to learn how to avoid nervous worry, especially worry over trifles. During the middle period of life men and women break down most frequently from small worries and mere trifles which they allow to constantly irritate their brain, rather than from heavy cares and serious troubles. The avoidance of such a calamity is had by adopting a habit, in developing some hobby aside from our work to give physical and mental relaxation, in taking a healthy interest in our work as if it were a game, and in acquiring the habit of sleeping well. Temperance, patience, avoidance of narcotics, such as alcohol and tobacco, are effective preparatory measures for putting the body in shape to pass through the perilous stages of middle life and prepare for the enjoyment rather than the dread of old age.—B. E. Washburn, M. D., in The Progressive Farmer.

My lands in Briscoe county, known as Sink Lake and Timber Lake pastures are posted according to law and any hunting or trespassing will be vigorously prosecuted. M. E. Bell.

Send us your material for covered buttons, all styles and sizes to suit your particular garment, at the old prices. Write for price list. Mrs. T. F. Benton, Memphis, Texas. 44c

## Lelia Lake

---is now---

## Economy Center

FOR DRY GOODS, CLOTHING, LADIES' READY-TO-WEAR AND SHOES

The new store of the Cross Dry Goods Company at Lelia Lake is now open for business with a large stock of shoes, clothing, ladies' ready-to-wear and miscellaneous dry goods.

Bad weather of last week interefered with deliveries of stock and as a consequence we did not have as large and complete stocks on the opening days as we expected. However, we are receiving new shipments every day and gradually rounding out a complete stock, and within a short time hope to have everything you expect to find in an up-to-date dry goods store.

You will find our prices very reasonable; in fact, much lower than would be asked for first class merchandise in the larger towns. Our expense is less—we sell for less.

We are fortunate in having Mr. Jimmie Roberts and Mrs. Woliford in the new store with us. They will be glad to welcome their friends and neighbors there at all times.

### DEMOCRATS KICK IN

Democrats should "kick in" for the National Campaign Fund during the closing days, and help back up the magnificent fight Governor Cox and Mr. Roosevelt are making for their nomination. Don't let citizens have not done their part in contributions and although that which has been done. So come some individuals have come across very nicely, many have not given

a cent who ought to. They are much interested in the campaign and stand around and talk about it, but do not help support their nominees. I have a telegram from Mr. Kemp, state campaign manager urging contributions during the last days to keep the fight going and to pay for that which has been done. So come across Democrats, and kick in. Leave your contribution at the

News office or with me.  
—R. H. Beville, County Chairman.

## Why hens go on a strike!

The feed elements that make whites of eggs are entirely different from those that make yolks. When hens aren't fed both the white and yolk making elements, they can't lay.

Missouri Experiment Station tests prove that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks to 154 whites. Based on data from the same experiments, Purina formulas produce, (above bodily maintenance), as follows:

Purina Scratch Feed	247.49 yolks	142.11 whites
Purina Chicken Chowder	182.05 yolks	282.55 whites
Combined Ration	429.54 yolks	424.66 whites

These Purina feeds not only make a practically equal number of whites and yolks but more of both than ordinary feeds.

Note that Purina's Chicken Chowder contains the necessary white-forming elements to balance up the yolk-making grain ration. That's why it makes hens lay so heavily. Instead of the yolks being absorbed by the hen's system, Purina Chicken Chowder makes the whites to complete the egg and they are laid. Thus we can absolutely guarantee

more eggs or money back

on Purina Chicken Chowder if fed with Purina Scratch Feed as directed. You take no risk.

## GOV'T OPERATION OUT OF POLITICS

Party Leaders Convinced by Results of National Canvass of Editors.

WINDICATES FORMER POLL.

Overwhelming Veto Like That of Year Before From Both Sides of Political Fence.

Washington.—Inner circles of both political parties here are greatly interested in the results of a national poll on the question of government operation among over 6,000 newspaper editors throughout the country. With 80 per cent of these editors, regardless of political faith, giving it as their impartial opinion that the public is more than ever opposed to the government going into business in competition with its citizens, observers here see little chance that either political party will find it a profitable campaign issue.

In the opinion of party leaders this sort of a canvass among newspaper editors is the best possible index of public opinion. They recall a similar questionnaire sent out a year ago in connection with the proposition that the government take over the railroads permanently. Replies at that time from approximately the same number of editors showed 83 per cent against the principle of government operation. They recall also that within ten days from publication of the result of the former questionnaire the sentiment for return of the railroads to their owners had definitely crystallized.

Comparison of present results in detail with those of a year ago convinces the political student not only that these editors have been accurate in their judgment, but that party considerations played no part in forming it. From the Democratic and supposedly radical Texas, for example, the present questionnaire brought replies from editors of 244 papers, only three of which are Republican. Yet the percentage against government operation was 92, which is exactly the same as that given by 200 editors from Republican Michigan, among whom were representatives of only three Democratic papers. Other states that put percentages significantly are Massachusetts and Nevada, with 100; Connecticut and South Carolina, with 97; Maine and West Virginia, with 96; Kentucky and New York, with 91; Missouri and Pennsylvania, with 89; Ohio and Oklahoma, with 87.

The result of the present poll as to government operation in each state are graphically shown by the following chart:

STATE	% OPPOSED TO GOVERNMENT OWNERSHIP	% IN FAVOR OF GOVERNMENT OWNERSHIP	% DOUBTFUL OF FAILED TO REPLY

NO TRAPPING

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above J. W. Kent, Superintendent.

Arthur S. Martin left the middle of the week for Rochester, Minnesota, where he goes for medical treatment. That this estimable young man may find the desired relief is the wish of all who know him in his home town.

## FIRST CHRISTIAN CHURCH SECURES VERY ABLE MINISTER

Immediately following the sermon at eleven o'clock Sunday morning, the membership of the First Christian Church of Clarendon extended a call to Rev. Sam J. White of West Point, Miss., who had preached such a powerful sermon.

Rev. Mr. White is regarded as one of the very ablest ministers of the Christian Church in the entire south and the Christian Church of this city and the entire community are most fortunate in having secured his services. There was just a little difference in the securing of this new preacher than is ordinarily the case. In most cases the church has the minister come before it that it may decide if he seems to suit the membership; in this case the membership knew it wanted Bro. White and arranged for him to come here to see whether the church suited him. The contracting for such an able man calls for a much larger financial budget than the local church has ever had but the officials are of the opinion that with such a preacher of recognized ability it will require no greater effort than is usually experienced in raising the needed funds.

Bro. White will move his family here early in December and will begin his regular work here on the second Sunday in December. With the new church just now completed and a minister with the rank of Bro. White The News feels certain that the First Christian Church of the city is now entering upon a career of enlarged usefulness and will soon be known as one of the very strongest churches of that denomination in the Panhandle.

## RIDDING PIGS OF WORMS

Turpentine is a popular remedy for worms in pigs, being given in the slop for three successive mornings at the rate of one teaspoonful for each 80 pounds of body weight of the pigs. Copperas is an effective remedy when dissolved in warm water and mixed in the slop at the rate of one dram for each 100 pounds body weight of the animals and continued for five successive mornings. These treatments should be repeated as required. Either turpentine or copperas may be given occasionally as a preventative in herds where worms have been prevalent, but breeders are advised against giving either to pregnant sows.—Poland-China Journal.

John Beverly disappeared from this city some days ago. He left no address and all traces were totally obliterated. His friends finally located him at Mineral Wells where he is said to have been hitting the high places. Knowing his reckless disposition, those most interested in him, prevailed upon an immediate return. After escaping the gamut in several notorious "forty-two" games and several over doses of that noted gyp mineral water, he hit the hay for home. He failed to arrive in due time and the alarm of friends was even greater than ever. Their feelings were somewhat relieved Wednesday when it became known that John had wired for his wife to come to Wichita Falls at once. Now did John smell some real "white mule" stuff as he passed that burg, or did he get off to celebrate in his usual custom and get in hock? Mrs. Beverly has gone to bring him home if at all possible. In the meantime, a large delegation is anxiously awaiting his arrival by watching all incoming trains from the south.

## NOTICE TO CREDITORS

Estate of J. S. Stephens, deceased.—Administration pending in the County Court of Donley County, Texas.

All claims for money against the estate of J. S. Stephens, deceased, must be presented to me for allowance at Clarendon, Texas, it being my place of residence and post office address, within one year from the 24th day of June, A. D. 1920, the date of the letters of administration issued to me. If not presented within the year as aforesaid, payment of the same will be postponed until the claims presented within that time are paid.

Witness my hand, this the 24th day of June, 1920.  
C. T. McMurtry, Administrator of the Estate of J. S. Stephens, Deceased.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, cold, rheumatism or fatty, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you catch before your blood, nerves and muscles become saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## IN MEMORIAM

A pall of sadness fell over our little city Sunday morning when word was received that Dr. G. S. Jackson had passed away at his home in Clarendon. Although he had been ill several days, no apprehension was felt until Friday when his son and daughter-in-law, Mr. and Mrs. J. C. Jackson and daughter, Mrs. R. C. Lawver of this place, were called to his bedside. All that medical skill and loving hands could do was done, but God saw fit to call him and he passed on to the reward that awaits those who believe and trust in Him.

The remains were brought to the home of his son here Monday, and the funeral was held Tuesday morning at the Presbyterian church. The services were conducted by Rev. Thomas of White Deer. The mass of beautiful floral offerings and the large attendance attested the high esteem in which Dr. Jackson was held by all who knew him. Interment took place in the local cemetery. The pall bearers being friends and associates of Dr. Jackson, who knew and esteemed him so highly from the time he moved here nearly fourteen years ago. They were J. B. Overstreet, Thomas Van Biber, E. H. Grimes, J. D. Edgar, John Gores, J. M. McCoy, G. B. Moss and J. W. Millhoan.

George Stoner Jackson was born in Ohio, August 3, 1857. He spent the early years of his life in Iowa and Missouri, having moved to White Deer in 1908. He joined the Presbyterian church in 1896, and lived a consistent Christian life since. In 1879 he was united in marriage to Miss Ada Umphrey who remains to mourn his loss. He is also survived by three children, J. C. Jackson and Mrs. R. C. Lawver of this place, and Mrs. R. L. Williams of Pueblo, Colo., ten grandchildren and a number of relatives. The many friends of the family here extend their deepest sympathy during the sad hours of their bereavement.—Contributed.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon

to restore natural color and beauty to the hair. A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

### AT THE BAPTIST CHURCH

I will be at Martin school house next Sunday, 11 a. m., attending 5th Sunday meeting. Will have no preaching here. We will have preaching Sunday night at 6:30. —J. A. Smith, Pastor.

## WHY WEST TEXAS SHOULD VOTE FOR THE BETTER SCHOOLS AMENDMENT

There is a reason why West Texas should be for the Better Schools Amendment that does not apply to other parts of the state. That reason is this: If the public schools of the state are supported by state taxation, West Texas will have to pay into the state treasury about twice as much as she will get out. For instance, we pay now our pro rata of the present state school tax of thirty-five cents on the hundred dollars worth of property for the state available school and text book fund and, because of the fact that the per capita wealth in this part of the state is much greater than in other parts, we get back, in the way of a per capita apportionment for our school children, not much

more than half as much as we pay in. In other words, to support the schools by state taxation will cost West Texas about twice as much as to support them by local taxation. Last spring, the Legislature appropriated four million dollars out of the state treasury for the support of the schools and of this four million dollars, West Texas will pay into the state about twice as much as she will get back in a per capita apportionment for her children and is thus helping educate the children of other parts of the state when she ought to keep her money at home for her own schools. If other parts of the state were unable to educate their children, West Texas would not hesitate to help them do it, but when they are just as able to educate their children as we are ours, we do not believe it is right to force us to help them.

If this Better Schools Amendment carries, it will be possible for us to vote what we need for our schools without having to help others that do not need our help. The passage of this amendment will mean that each community in the state will have to support its own schools. It will mean that West Texas can make her schools the best in the country without having to burden herself in the support of the schools of East and South Texas Texas as she is now doing.

John Clymer, formerly in the produce business here and one of the best citizens Donley ever had, has again returned from Loveland, Colorado, to make his home in Clarendon. He will likely engage in a business similar to that followed in the past.

## A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are recommended by Clarendon people. Ask your neighbor!

Mrs. Ellen Andreas, E. 4th St., Clarendon, gave the following statement on November 29th, 1913: "I have used Doan's Kidney Pills with good results, getting them at Stocking's Drug Store. I advise anyone troubled with a weak back and bothered with kidneys acting irregularly to try the Doan's Kidney Pills. They proved satisfactory for me, and I don't think there is a better kidney remedy."

Gone For All  
On April 21st, 1919, Mrs. Andreas

added: "I have not had any signs of kidney trouble since Doan's Kidney Pills cured me. The cure has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Andreas had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## POLL TAX PAYMENTS WERE VERY LIGHT

Contrary to general expectations, the poll tax payments under the special ruling was very light in this county. Twelve polls were paid, eleven of which were ladies. Very little interest in general is being taken in the state election and little more in the national election.

City property to trade for farms. Dubbs-Hayter Land Company.

# The NEW EDISON

"The Phonograph With a Soul"

No doubt you have heard several different kinds, styles and makes of phonographs, talking machines, etc. Suppose, when you had listened to a record of some great singer, some one should have asked you if you thought you could distinguish between the record you had just listened to and the singer who made the record, if you heard them side by side. You would be highly indignant, would you not?

### Couldn't Tell Voice from Edison Re-Creation

Would you feel indignant if we were to tell you that you cannot distinguish the voices of living artists or the music of human-played instruments from the New Edison's Re-Creation of them? You might be justified in feeling so until we confirmed the statement with the information that almost four million music lovers and the music critics of several hundred representative American newspapers have admitted that they could not discover the minutest difference between living artists and the New Edison's Re-Creation of their art. These music lovers and critics have heard over fifty Edison artists put the New Edison to the supreme and conclusive test of direct comparison by singing or playing side by side with its

OFFICIAL LABORATORY MODEL  
(Chippendale Design)

Re-Creation of their voices or the music of their instruments.

### Come—Hear For Yourself

If such testimony does not convince you, come to our store and hear the New Edison for yourself. If it does not convince you, come and let the New Edison confirm your conviction. Edison Re-Creations cover a magnificent range of music; the musical masterpieces of the world rendered by the supreme artists of the world; immortal melodies played by individual artists of renown or by famous organizations of musicians; old favorites and new favorites of all kinds and classes of music—all of these are found among Edison Re-Creations.

### New Edison Stands Alone

Discriminating musicians and music lovers of the highest culture and refinement acknowledge that the New Edison is without a peer among sound-reproducing inventions.

Music lovers of Clarendon are most cordially invited to attend demonstrations of the New Edison which will be given daily in our Edison Department commencing Friday, the 29.

# STOCKING'S DRUG STORE

Vertical text on the right edge of the advertisement, likely a page number or reference code.

# Big Tire Sale

Since we have quit working on any cars except Fords, we are going to close out on all sizes of tires except Ford sizes. We have several 31x4, 32x4, 33x4 and 34x4, both in fabric and cords, that we offer away below regular cost. If you contemplate needing any of these sizes in the next six months, it will pay you to get one now. Have 2 sedans and some Ford trucks on hand. Can make prompt delivery on any model you wish. In these times it pays to economize. The Ford has been proven the most economical car made, both in first cost and upkeep. Touring car with starter now \$615.00 delivered; sedan \$886.00. We now have the best machine-equipped Ford shop in the Panhandle. Bring us that Ford when it needs repairs. Nothing but genuine Ford parts used. Beginning Nov. 1st., storage charges by the month will be \$7.50.

**Clarendon Motor Company**  
FORD AND FORDSON AGENTS

## REPRESENTATIVE HILL URGES AMENDMENT

The better school amendment to be voted upon November 2nd, should by all means be adopted by the people, and it will be if they rightly understand it.

When the Texas Constitution was adopted in 1876 it did not provide for any local taxation or local districts, and did not give the people any right to rate a tax for school purposes. The result was deplorable and several years later an amendment was adopted allowing 20 cents on \$100.00 valuation, which was the extent of the local support until 1908, when it was raised to 50 cents on \$100.00 valuation, which is the present provision.

The people saw the need of better schools in 1883 and again in 1908, when our school system was threatened but not as it is now when we compare Texas with other states. One half of the states have

no limit for local taxation except what the people to be taxed may vote themselves. Texas and Virginia are the only two states out of the forty-eight that are limited to the low figure of 50 cents on the \$100.00, and both of them rank near the bottom, in an educational way. Texas is first in size, first in agriculture, third in oil production, fifth in population and seventh in wealth, while we have to admit that she is thirty-ninth in education and fourth in amount raised by local taxation for schools. Surely the people will not allow this gross difference in rank to remain longer.

As a member of the Legislature, I am sure that the attitude and sentiment of that body in appropriating the four million dollars for rural schools, was only temporary relief. It was the intention of both the House and the Senate to give the schools relief for this year, and by the end of the year the constitutional amendment would be effective, under which the people in the local districts could take care of each individual case, voting such amounts as they might want under the new constitutional amendment. The legislature, in case the amendment fails will likely not be favorable to such a program for they will feel the people have had an opportunity to help themselves but didn't do it, and even if this body were so inclined the funds will in all probability be insufficient.

Every person should remember that the amendment does not raise the taxation but only gives the people in each district the right to determine for themselves the amount to be raised for schools and thereby to maintain the character of school they want. The cities have long had this right and have splendid schools. Why are the country people denied the same right? Give us better schools and help keep boys and girls on the farm. Vote for better schools better communities and better people. Help Texas and Texas people to be great.

H. B. HILL.

Go to the polls Tuesday and vote the ticket straight—and don't forget the school amendment.

## SAVE THE ANCIENT GOVERNMENT PALACE

The Daughters of the Heroes of Texas and the Texas Historical and Landmarks Association are endeavoring to save to the people of Texas and America, the old administrative building of the Province of Texas, with walls four feet thick, and which bears over the entrance the ancient coat-of-arms, and still has the old iron ring, near at hand, to which good hitched the commanding officer's Arabian steed ready for emergency.

This building is connected with all the principal history of Texas, dating from its completion in 1749. It was headquarters for the army of Texas after the capture of San Antonio in 1835, and after the battle of San Jacinto. From its doors Seguin went with his small escort to collect the charred bones of his friends, the Alamo heroes. In this building these relics lay guarded in solemn state until ready for burial.

All the great men of Texas were quartered in this building at one time or another, or were entertained there, as well as prominent visitors to the Province of Texas.

It would be a disgrace to the State of Texas to permit the destruction of so important a building. It is heavily mortgaged and must be sold or torn down to make way for a modern structure. These necessities cannot save it without assistance. It belongs to all Texas—

to America—not alone to San Antonio—and all should gladly render what aid is possible.

Do you wish your name enrolled with the heroes of Texas for all time? If so, show yourself a hero by coming to the relief of the history of Texas. Assist the patriotic men and women of San Antonio who are trying to save the Ancient Government Palace, to make of it a Texas Hall of Fame and a Museum of History, Art, Relics and Literature. As a memorial to the heroes who died in the late war as well as to the heroes of the early days, it is intended when this building is saved to devote it to the needs of the people; to care for the history of Texas, past, present and future and to preserve the relics of Texas. To serve city, county, State and Nation in the highest form is the aim of the promoters. The building will also be used for a downtown Community House, and other suitable purposes. The plans are not limited, but unlimited service, where Highest Duty calls, where service is most needed, according to the ability of those in charge.

The names of all contributors to the fund will be placed in a book to be inscribed, "The Roll of Honor," and be placed in the building. All persons collecting or donating as much as one thousand dollars shall be designated as "Promoters," and their names or a name designated by them shall be placed on a bronze tablet on the outside of the building. Those donating or collecting ten thousand dollars shall be styled "Benefactors," and a room shall be called in their honor, as designated by them. The building shall be known as "The Ancient Government Palace; The Texas Hall of Fame and Museum of History, Art, Relics and Literature."

If there is some one living you much desire to honor, have a room named for him or her by contributing ten thousand dollars.

If you have lost a dear one, how much more appropriate and how much finer and more lasting will be the tribute of a room in the Texas Hall of Fame, than a monument in a cemetery where only a few go, and then, on a sorrowing journey of their own, too heart-broken to notice your fine monument. Name a room for your dear one, and there you will find them everlastingly remembered as long as Texas remains.

The rooms may be a testimonial to the living or the dead.

Help save the old Palace, and the memories of the heroes, and of your own dear ones!

Let all who read this message send a donation, and send it to: Miss Anna De Zavala, Trustee, Ancient Government Palace Purchase Fund, 141 Taylor Street, San Antonio, Texas. The other trustees are, Miss Sarah D. Adams, Montell, Mrs. B. Gaenslein, San Antonio.

## Little Life Lines

If you are impatient, sit down calmly and have a talk with Job.

If you are just a little headstrong, go to see Moses.

If you are getting weak-kneed, take a look at Elijah.

If there is no song in your heart, listen to David.

If you are a "policy" man, read Daniel.

If you are getting sordid, spend a while with Isaiah.

If you feel "chilly" get the beloved disciple John to put his arms around you.

If your faith is below par, read Paul.

If you are getting LAZY, watch James.

If you are losing sight of the future, climb up to Revelation and get a glimpse of the Promised Land.—(Author Unknown.)

**HEAD STUFFED FROM CATARRH OR A COLD**

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

## HELPING THE FARMER

Many people do not realize that the A. and M. College through its representatives is doing much more for the farmers of Texas than educate their boys. A knowledge of the laws of increased production is valuable, but a knowledge of how to obtain a fair price for this increased production is exceedingly important.

Every farmer and his family in Texas is thoroughly conversant with the slump in the price offered for cottonseed, and Henry Gentry, county agent in Navarro county, felt that the farmers were not getting all that was coming to them, so he entered upon a plan to assist the farmers in getting a better price for their cottonseed. In order to do

this co-operative effort was necessary and the machinery was found in the community councils of agriculture in Navarro county consisting of something like forty community councils. The matter was presented to these various community councils and arrangements were made to hold at least fifty per cent of the cottonseed off the market. The next step was to locate outside buyers who would buy direct from the farmers. The Black Hills Community Council by common consent of the other councils appointed a sales agent who found two mills—one at Fort Worth and one at Dallas—which offered \$30 a ton f. o. b. cars and \$1 a ton on commission. As a result of this offer the local buyers immediately increased their prices from \$25 to \$28 a ton at the gins and \$30 at the local mill. After consultation with Mr. Gentry it was decided that it would prove more profitable to sell to the gins at \$28 rather than the mill at \$30 a ton on account of the time, labor and expense involved between selling at the gin and at the mill.

Navarro county produces between eighty and ninety-five thousand bales of cotton a year, and it is estimated that at least eighty thousand bales will be produced this year. Of course some cottonseed has already been sold, but it is believed that at least sixty-five thousand bales will receive the benefits of this increased price because of which the farmers of Navarro county should reap a profit of over one hundred thousand dollars as a result of this movement.

It was necessary to know how to do this and it was necessary to know how to secure organized effort to carry the program into execution. Education paved the way, and the A. and M. fighting spirit inspired the participants on to victory.

A trained mind is one of the most profitable assets within the grasp of an American youth. Does it pay? Read the records of achievements of successful men. The price may seem prohibitive, the road may seem rough, but victory brings its reward.

**OWNERS SHOULD GET ANIMALS FROM POUND**

In the city pound at the old Drew wagon yard are the following animals. If they are yours come and pay the fees and get them out.

1 pale red cow, 7 to 10 years old, no brand, no marks.

1 deep red heifer, 2 years, no brands, no marks.

1 white-face steer, yearling, no brands, no marks.

—Claude McAllister, City. Sec.

# We Have Lowered The Cost Of Clothes For You

The prices on fall suits and overcoats are marked on the lowest possible basis.

We have made prices on our Hart Schaffner & Marx clothes very low because people expect it.

That's all there is to it; we're going to lose some profit but we're going to make so many friends that we don't have to worry about that.

If we can render the men of this town a big service, we're done a valuable work.

Here are the values.

**\$37.50, \$48.50, \$50 And Up**

Every article we sell is the known product of a standardized manufacturer—Look for the label.
