DONLEY COUNTY FARMERS REALIZE IMPORTANCE OF THE POULTRY INDUSTRY

POULTRY INDUSTRY RECEIVES MORE OF DESERVED ATTENTION. PURCHASES OF NEW BLOOD AND HOUSING FACILITIES GET A SHARE OF ATTENTION. OUR COUNTY MUST LEAD IN THIS INDUSTRY

Just at this time when we read reports of big poultry shipments from other sections of the state we are forced to a realization of the fact that one of the most important industries of Donley county has been sadly neglected during these times of high prices.

DIRECTORS OF CHAMBER OF COMMERCE MET TUESDAY

The regular monthly meeting of the directors of the Clarendon Chamber of Commerce was held Tuesday of this week. A number of interesting matters were discussed at the meeting, among those was the campaign for increase of membership.

Donley county has not raised enough turkeys this season to supply the home demand. Neither did we produce enough chickens and eggs to supply the home demand. Despite this fact we have one of the best poultry raising sections to be found in America.

Among the better poultry classes of citizens of this county, we find the women folks in the lead. They have gone into the business for far more than mere pin money, too.

The dates set for the next county fair came up for consideration. After much discussion as to the best time for proper display of the agricultural products, the fair dates were finally set at September 22, 23, and 24.

Another matter of vital import to the development of Donley county was taken into consideration. In view of the present condition of the money market, some of the more prominent breeders of high class hog raisers will be forced to sell off their surplus stock.

The death of Mrs. J. L. Davis occurred at Bowie, Monday of this week. The remains were shipped here arriving Wednesday, and were interred in the Citizens cemetery.

In spite of the splendid work done by Rev. Foster and his faithful committee, it was felt that every one who should do so had joined the Red Cross.

PLACES OF BUSINESS TAKE ON CHRISTMAS AIR

The first real evidences of the Yule tide season made their appearance this week with the display of Christmas goods and an artistic array of Christmas decorations.

In the matter of decorations, the confectionaries, naturally lead with the racket stores a close second. The drug stores also have an excellent display of goods accompanied by a display of all that goes with making the purchaser realize the season so far as scenic effects are concerned.

Among the more beautiful decorative effects placed this week, the Rexall store deserves to have taken great pains to arrange beautiful decorations in a manner that will attract the buyer and at once give that place of business a cheerful air.

The Pastime confectionery management has a cunning fire place effect complete with stockings well filled with stockings, hanging from the mantel. The design is unique and attractive thoroughly in keeping with the many other beautiful decorations in that popular place of business.

The Bauer rackets store have gone the limit in expense and labor to arrange a decorative effect consisting of holly, moss, flowers and mistletoe which includes the booths as well as the immediate front. The arrangement is attractive and effective and displays the talent of the trimmer in a manner that is most pleasing to the customer.

The Palace confectionery is confined principally to a festoon style of decorations from the ceiling with Christmas bells properly distributed in the best effect and presents a pleasing effect that is recognized at once as being neat as well as attractive.

J. T. Darnell of Lakeview had business here Wednesday. J. T. is thinking of moving back to old Donley after a year spent in Hall county. In other words he means to get away from a cotton country.

FIRST SERVICE MARKS EPOCH LOCAL CHURCH

NEW PASTOR RECEIVES WARM WELCOME AT BEGINNING OF LABORS IN NEW FIELD. SPECIAL PROGRAM WELL RENDERED

A large congregation greeted Rev. Sam J. White, the new pastor of the Christian church Sunday that being his first effort since accepting the work here. The new pastor preached upon the crucifixion of Christ in a gifted manner that held his congregation spellbound, each intent on hearing each word as they rolled from the lips of the gifted man.

The beautiful tribute to his Master was wonderful though couched in words within the comprehension of the smallest child. Many of those present who long ago chose the straight and narrow way, pronounced this sermon the most spiritual and uplifting within their memory.

As the pastor's words grew more resonant as he in dramatic effect pictured the Christ nailed on the cross, no other sound penetrated the building. Even those who make no pretense of religious living were seen to lean forward drinking in the spiritual-laden words of the messenger.

When it became known some six weeks ago that the new pastor would accept this charge, the membership at once began arranging a program in keeping with the genius of the man who was to lead them. How well they succeeded was attested by the large, enthusiastic congregation that greeted him Sunday morning.

The Christian church had a record breaking attendance at Sunday school as well as at church, making it a veritable beehive of optimism.

NOTICE TO ADVERTISERS

Our issue of next week will come off the press on Tuesday morning in order that the paper may reach our readers before Christmas. This issue will afford an excellent opportunity for our advertisers to have a final word before the Holidays begin. Please get all copy for this issue to us not later than Monday.

DONLEY COUNTY WILL RETAIN HER SWINE

MEETING TODAY EVINCES A SPECIAL INTEREST IN SWINE INDUSTRY OF OUR COUNTY. BANKS TO ASSIST IN MAKING PURCHASES POSSIBLE

At the solicitation of the Clarendon Chamber of Commerce, a number of prominent swine breeders met here Thursday for the purpose of inducing farmers of this county to purchase pure bred hogs.

Special invitations had been given the various bankers of the county to have a representative present at the meeting for the purpose of informing them of the purpose of the meeting and to ascertain their attitude toward the matter.

The Farmers & Merchants Bank of Lella Lake was represented by the cashier, L. A. Byrd, who made an optimistic talk encouraging the breeding of better swine and in the course of his remarks, stated that his bank was ready to assist all worthy farmers in the purchase of good hogs.

In view of the fact that the above named banks are willing to help in placing Donley County's famous swine products among the farmers, and that the First National Bank here also stated that his bank was willing to assist in the purchase of hogs.

CONFERENCE SECRETARY OF EDUCATION HERE SUNDAY

REV. D. B. DOAK, SECRETARY OF EDUCATION FOR NORTHWEST TEXAS CONFERENCE PREACHED AT METHODIST CHURCH HERE SUNDAY

Two splendid sermons were heard Sunday morning and evening at the Methodist Church, delivered by Rev. D. B. Doak, secretary of education for the Northwest Texas Methodist Conference, and who was here conferring with the authorities of Clarendon College about the great campaign for thirty-three million dollars soon to be launched for the benefit of the schools and colleges maintained by the church.

Special music rendered by the choir under direction of Mr. Taylor, dean of music at Clarendon College was a feature of the morning hour and a solo sung by Mr. Bates enlivened the evening service.

Rev. Doak is one of the most successful ministers of this conference and since he was one of the early graduates of Clarendon College and married a Clarendon girl, he has many friends here who were highly pleased to hear him once more and to know of his success in the work to which he has been called.

WOMAN'S MISSIONARY SOCIETY

The Methodist ladies of the Mission Study Class met December 8th at 2:30 p. m. The subject of the lesson was "Home and Housing." Mrs. Shelton directed the study in a very interesting and helpful way.

While rinsing clothing from a basin of gasoline in her home at Plainview Tuesday morning, the clothing of Mrs. M. J. Adams became ignited and she was so badly burned that death came to her relief a short time after the sad occurrence.

J. A. Black and I. S. Henderson were down from Claude the first of the week looking over the situation.

TUESDAY'S LUNCHEON DREW OUT FINE ATTENDANCE

The gathering at Tuesday's luncheon held at the new building of Dick Allen, was, the biggest thing for some time in point of numerical strength. The body was prepared for any eventuality by the culinary artists of the Christian Ladies Aid Society who prepared what was pronounced by many to be the best dinner yet.

After the feast, the body was addressed by an optimistic talk by Rev. Sam J. White, pastor of the Christian church, Mrs. A. M. Holbrook of the Salvation Army with headquarters at Amarillo made an interesting talk outlining her plan for a tax day for the coming Saturday.

COUNTY COMMISSIONERS DEFER ACTION ON CO. AGENCY

At a meeting of the Board of county commissioners held here Monday, the matter of employing a county agricultural agent was passed on, the board basing their action on petitions that came before the board. One petition against the matter contained one hundred and thirty-nine names. Another bore nine names in favor of the employment of an agent.

Mrs. Ida Chitwood was re-employed as home demonstrator for the year 1921. Her record for this year is on a par with that of any other demonstrator of the county and seems to meet with the approval of all the taxpayers.

Mrs. O. B. Stanley, formerly a resident of this city, but who makes her home at present at Brownwood, Texas, is expected to arrive the last of the week for a visit with friends in Clarendon and Hedley through the holidays.

LOYAL BOOSTERS CLASS MET TUESDAY NIGHT

LOCAL MERCANTILE FIRM FEATURES SPECIAL SALE

That it is not necessary to import talent to put on a successful sale was amply demonstrated here last Saturday at which time the big Strickland-Story sale was staged before the public. Long before the opening time the crowd had almost blocked the street.

PLAINVIEW EDITOR LOSES WIFE WHEN HOME BURNS

While rinsing clothing from a basin of gasoline in her home at Plainview Tuesday morning, the clothing of Mrs. M. J. Adams became ignited and she was so badly burned that death came to her relief a short time after the sad occurrence.

Mrs. Adams was the wife of M. J. Adams, publisher of the Plainview News and was prominent in social, church and community work. The residence was almost a wreck before the firemen succeeded in extinguishing the flames.

J. A. Black and I. S. Henderson were down from Claude the first of the week looking over the situation.

SALVATION ARMY TAG DAY DRIVE WILL BE HELD HERE SATURDAY, DECEMBER 18

CAPT. LOUISE HOLBROOK AND CHILD SHE HELPED CHRISTMAS

Capt. Louise Holbrook of the Salvation Army will be in Clarendon Saturday to direct the Tag Day campaign waged by the churches and American Legion post of Clarendon.

Capt. Holbrook was here Tuesday at which time she made arrangements by which each church will have a committee to sell tags. The Legion will also assist in the work.

The Salvation Army is said to have rendered the most effective, sincere aid of all organizations on the field of battle and are therefore most popular with the World War veterans.

At least one local veteran saw Capt. Holbrook on the front firing lines do a noble work where danger lurked at every turn. Her work on the battle fields of France is too well known to require any special mention here.

This campaign for funds to help the "down-and-out" is the last for the next twelve months. Those who are tagged should remember that all these funds go direct to the fund of helping the needy and is not gotten for personal gain.

Capt. Holbrook and husband each receive \$500 per year for their services, though they are accredited with being the most efficient workers in the organization in the South. Give until your conscience tells you that you have done your share to relieve the misery of hungering, ragged, sick, unfortunates whose only hope of relief is through the Salvation Army.

Mrs. Josie Moore passed away at Bowie Monday.

The death of Mrs. Josie Moore occurred at Bowie, Monday of this week. The remains were shipped here arriving Wednesday, and were interred in the Citizens cemetery.

Mrs. Moore is a daughter of Mr. and Mrs. J. L. Davis of this city and for many years made Clarendon her home. A large concourse of friends and relatives followed the remains to the last resting place attesting her popularity.

In spite of the splendid work done by Rev. Foster and his faithful committee, it was felt that every one who should do so had joined the Red Cross.

A new car has been purchased for Miss Yeager, in order that she may continue her splendid work in the schools of the county. It is hoped that the Fort Worth & Denver road will make good the loss of the car that was destroyed in the accident.

At a meeting of the Executive Committee last week it was decided to have the annual meeting at the Presbyterian church on January 13. Plans are being perfected for this which will be announced later. The Executive Committee was glad to have Mrs. McClelland in the chair again after a long absence and Mrs. Burton was asked to take Mrs. McMurtry's place as secretary for the present.

Mr. and Mrs. M. S. Parsons and Mr. and Mrs. S. P. Kutch visited Tuesday.

MAN CHARGED WITH LOCAL BURGLARY GIVES BOND

Arthur Talley, who is charged with being an accessory in the burglarizing of the Little store on the night of October 23, gave bond in the sum of one thousand dollars at Plainview the last of the week to await the action of the grand jury. Talley came over Saturday employing Judge Link to represent him in the case.

Both parties are said to have admitted the crime to officials at the time of arrest.

DONLEY COUNTY DIRT ATTRACTS OUTSIDE LOANS

A prominent loan man spent the most of last week here in the interests of a large land loan company of Dallas. He placed over fifty-six thousand while here and stated that his company had plenty more to place on Donley county lands. His principal objection seemed to be that he did not find as many clients as he anticipated before coming. Donley county land owners are in good shape generally speaking and it will not be necessary to seek outside help in order to reach the next harvest.

RED CROSS NOTES

In spite of the splendid work done by Rev. Foster and his faithful committee, it was felt that every one who should do so had joined the Red Cross. Therefore Saturday booths have been established at the Post Office to continue until at least the first of the new year. About seventy new names were secured by the young ladies on last Saturday, for which we are grateful.

A quota of ten refugee farmers was assigned the Clarendon chapter. The faithful workers of the war time period were called on and at once responded and under the able direction of Mrs. Talley this work is being done.

Miss Yeager, in order that she may continue her splendid work in the schools of the county. It is hoped that the Fort Worth & Denver road will make good the loss of the car that was destroyed in the accident.

At a meeting of the Executive Committee last week it was decided to have the annual meeting at the Presbyterian church on January 13. Plans are being perfected for this which will be announced later.

The Executive Committee was glad to have Mrs. McClelland in the chair again after a long absence and Mrs. Burton was asked to take Mrs. McMurtry's place as secretary for the present.

Mr. and Mrs. M. S. Parsons and Mr. and Mrs. S. P. Kutch visited Tuesday.

DEEP LAKE WELL SHOWS STRONGER GAS PRESSURE

While developments at the Deep Lake test continues to be shrouded in mystery, there is a good gas showing exuding from the top of the casing despite the fact that the drill wash bucket and when tools are resting somewhere in the hole. Just why they were put in the hole during the delayed drilling is not known. The road from Memphis to the well is kept hot by those interested.

Many have gone out from here to satisfy more than a morbid curiosity and each tell the same story as to the gas escaping from the top of the casing.

Rester Green of Omaha, Nebraska, here this week for a visit with his wife, Mrs. Arthur Cross, and family.

THE AMERICAN PRESS ASSOCIATION

Daily papers in the cities are receiving from \$2.50 to \$4.00 per inch for advertising. They are buying their white paper by the car lots at several cents per hundred less than the weekly papers, and are able to produce from twelve to sixteen pages per thousand circulation for the same or less than the weekly paper can print six or eight pages. On the other hand the weeklies are receiving from twenty-five to forty cents per inch for their space. Printers' wages are higher now than in the history of the country and will continue to be so, for there is such a shortage. During the war many printers joined the colors and of those who lived to be discharged, many drifted into other lines of work. For the past five years there has been such a rash of business that printers have neglected to train up apprentices, not caring to undertake the loss of time and material incident to their training. Thus the weekly publishers find themselves in a worse plight than at any time in the memory of the oldest veteran. Not one single item entering into their costs has dropped in cost, nor is there any signs in the heavens which

give promise of near relief. There is just one thing for the publisher to do—act like any other business man in the same circumstances and hold his overhead expenses as low as possible while he sells his product—space, subscription and job printing—for a fair profit. By this means he may hold the respect of his banker, his business connections and his own self-respect.

Anybody can ride through flush times with a smile, but it takes a real man to smile when the adverse winds begin to blow. Anybody can be a friend when everything is lovely but only real friends abide when the storm clouds appear. Let us be real men and smile; let us be real friends today and everyday.

Now comes a Clarendon man with the most powerful argument ever presented for the raising of poultry and eggs. The gentleman reasons as follows: One dozen eggs at present prices equals in value two bushels of corn; two bushels of corn will produce eight gallons of whiskey, which sells illegally around forty dollars a gallon. Thus one dozen eggs, worth two bushels of corn, making eight gallons of whiskey selling at forty dollars a gallon, is worth \$320. Lo, how the humble hen enriches the owner, and at that a dozen eggs is much more innocent than eight gallons of "red-eye."

A few days back we saw a news item announcing that Sam Harben, newspaper magnate of Texas, had gone into Mexico on a hunting expedition with several other hunters of like fame and appetites. Then last week we received a postal card from Denver Chesnut, an editor who can manage and who does manage the Kennedy Advance. This card bore a chill-concarne postmark and brought the news that he had just witnessed the inauguration of President Obregon in the City of Mexico, was having a great time, etc. It is all right to risk one perfectly good Texas editor in Mexico at one sitting but if the Texas Press Association had to raise ransom for two, and the banditti were as hard hearted in these hard times as some Texas bankers, it might be that both would go unransomed and unsung.

Seventy-five or eighty per cent of the people of Donley County want the commissioner's court to meet the federal and state government less than half way in securing a county farm demonstrator for this county. The plan offered by the federal and state government is as follows: When any county will appropriate one thousand dollars a year to the salary of a farm demonstrator recommended by the department of agriculture, the joint federal and state funds will lay down fifteen hundred dollars to pay the specialist a decent wage. The fact is that the people of Donley County are paying the fifteen hundred dollars whether they get the service or not, and the only way they can get the benefit of that sum is to add one thousand dollars and get the benefit of the man's services for one year. It is true of course, that seventy or seventy-five per cent of the people have been too careless and indifferent to make their wishes known to the court, while those who are opposed to the work because they think it costs money have been active and have made lots of noise. Since this is the case it need not be wondered at that county officials, are a little bewildered and inclined to think the people of Donley County do not want the farm demonstrator. Be that as it may, another hearing on the matter will be had in January, and it ought not require any urging to get those who want the county to progress in the basis of all wealth and progress to be busy with their petitions and word of mouth solicitations that a real state of the popular mind may be laid before the court at the January session. If you believe in the farm demonstration work, say it out loud.

If you have not already been approached for a donation for the local Goodfellows Fund, you will be in the next few days. It ought to be our good pleasure to give as liberally as we can afford to this fund. Remember that times are not as flush as they were twelve months ago. Remember that there is less per capita distribution of cash than a year ago. Remember that many of us have been just a little prodigal in the handling of our means, and that the natural results of this prodigality falls more heavily on the less fortunate. Remember that it is a false happiness that comes to us unless we have done our part in seeing that good cheer is spread among those who have not the means to celebrate the Christmas season. Remember that God has been wonderfully good to us of America, we of Clarendon, and that gratitude should impel us to divide our comforts and happiness with others. Remember the Golden Rule. The 1920 Goodfellows Fund of Clarendon should not skimp in any respect. If we do our duty it will not be, and peace and happiness and good cheer will light up many a precious little face and ease the burden of older hearts here among us.

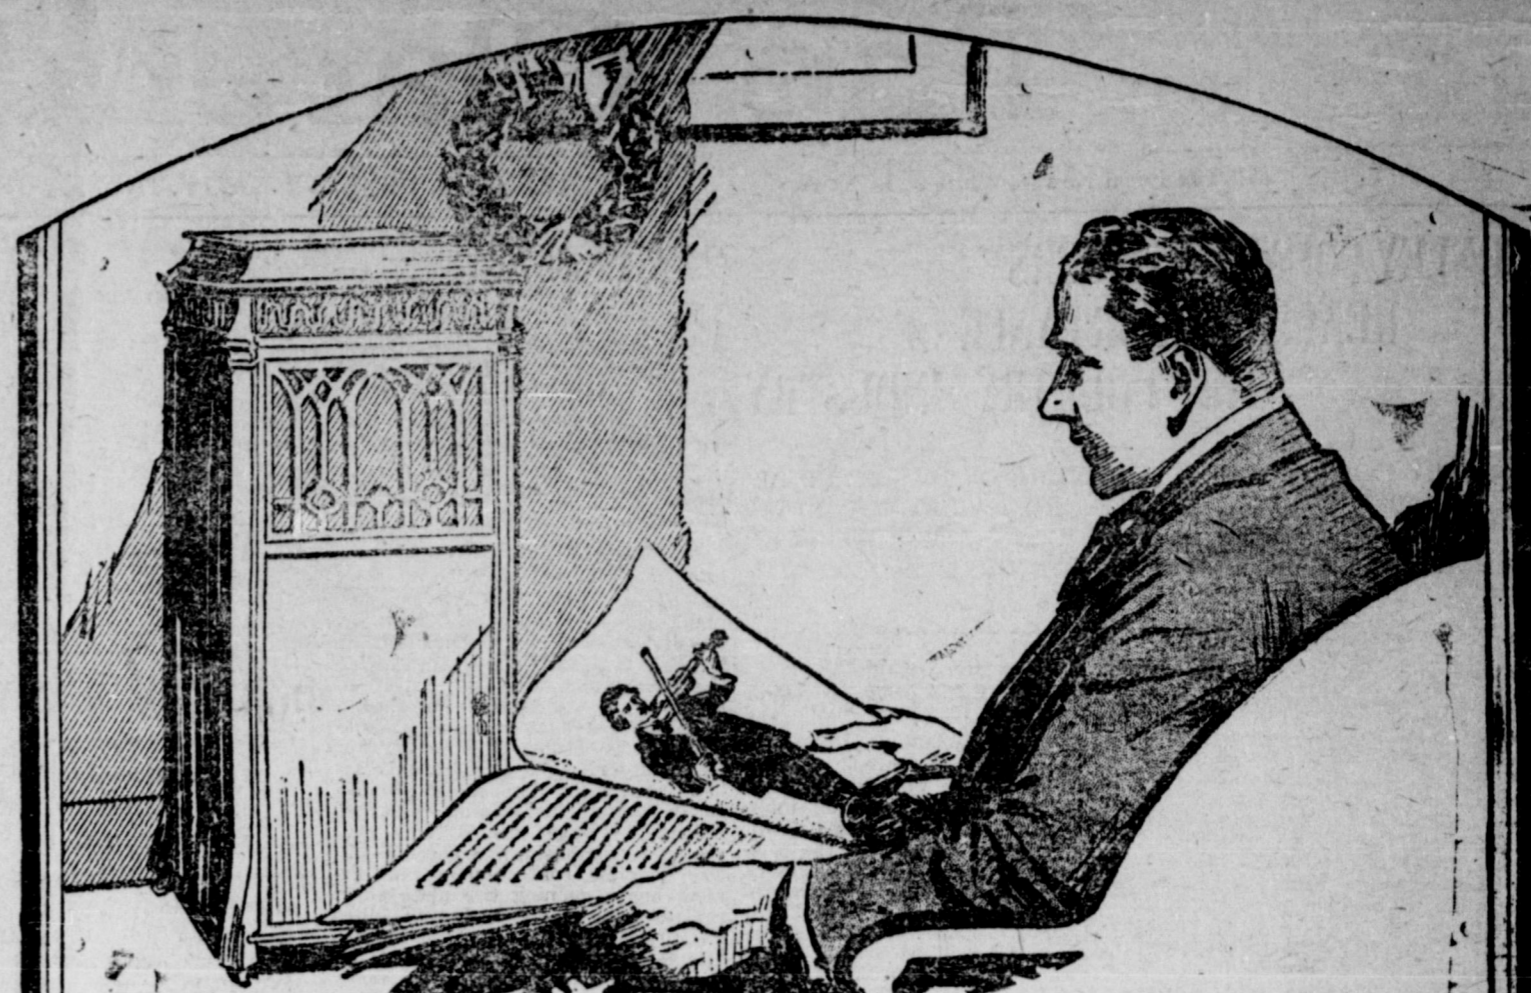

MAIL ORDER GERM SEEKS VICTIMS IN DONLEY CO.

One of the most pernicious germs affecting the social health of the laboring people of the United States is the mail order germ. The News has ever been 'agin' any thing that takes the hard earned money of the toiling masses without a just return. This week The News received an order for advertising space from a Boston firm offering shoes—common work shoes—at the low (?) price of \$6.45. We promptly threw the ad copy into the waste basket. We did so because better shoes can be bought of local merchants for less money. In that Boston firm you never did help in the upbuilding of Donley county and never will. The majority of special bargains advertised by fellows in distant cities are done so by men who have no stock at all and never did have. They simply advertise and get the orders, making purchases of factory cuts and cutbacks with which they fill the orders as they come back. The purchaser simply pays some lazy non-producer a commission for the privilege of buying. Buy from home people who have the best interests of the country at heart. In that Boston firm you have a chance to get a square deal by dealing with merchants who merit your trade and who are ready to render assistance wherever needed.

WINNER OF RING GIVES BANQUET AT PERRYTON

James D. Wyman, the successful candidate for the ring at the Shrine ceremonial held at Amarillo, November 24, tendered the Perryton Shriners a banquet recently at his elegant home in Perryton, according to attorney Jack Allen, who was in the city yesterday. This banquet was given by Mr. Wyman in fulfillment of a promise re made when he entered the campaign for the ring and also to show his appreciation of the good work the Shriners of Perryton did for him in the strenuous campaign he waged for the ring. At the conclusion of the bountiful feast Dr. J. C. May, in behalf of the Perryton Shriners, presented Mr. Wyman with a beautiful Shrine pin with a diamond setting. After short talks by Jack Allen, L. E. Brain and Dr. W. J. Brewer, a Shrine club was organized with J. D. Wyman president; Van W. Stewart, vice-president; L. E. Brain, secretary; A. M. Wilbanks, treasurer; W. J. Brewer, L. H. Lance, and H. C. Coffee, trustees.—Amarillo News.

Mrs. Frank Pyram returned Tuesday from near Fort Worth where she was called to the bedside of her father who was real sick, but is better.

HERE'S A HINT HOW TO SAVE LOW GRADE COTTON

M. Zeischang was in the city Tuesday and told a Ledger man how he has saved his bad grade cotton and made a good grade of it, and he is doing the same thing this year. Mr. Zeischang's statement is verified by others who have tried the plan and vouch for its value and those who have tested the plan say adopting this method of picking their

stom and weather damaged cotton. "I discovered this thirty-one years ago," said Mr. Zeischang, "and it has saved me a great deal in the past years. Thirty-one years ago we had such a storm as we had this year. I picked my cotton and stored it away in a house. To my surprise, when the cotton was ginned it made a good sample and classed out what our buyers call a No. 3 grade." Mr. Zeischang says that he picked the cotton from the stalks and piled all the cotton in a dry room. It went through a sweating process and turned out a pretty good grade, while neighbors who picked their cotton and carried it direct from the field to the gin, got a low grade and lost about \$20 a bale. Mr. Zeischang says that he will vouch for a saving of at least enough to pay for the picking, if the farmers will store their cotton and wait for some time before taking it to the gin.—Ballinger Ledger.

After a month without any meeting the Music Club met Thursday evening, December 9. There were not very many in attendance but the following interesting and entertaining program was given:

Piano solo, Viola Swman.
Violin Solo, Jackson Cagle.
Vocal Solo, Edna Daly.
Piano Solo, Irma Lewis.
Piano Solo, Mary Ethel Barnes.
Vocal Solo, Lelia Rorex.
Piano Solo, Ruth Garner.

Piano Solo, Josephine Pounds.
Vocal Solo, Tea Allen.
Piano Solo, Erma Russell.
All the numbers showed that the students had been working hard. The Club will not meet again until after the Christmas holidays when more program will be given.

BANQUET FOR FOOTBALL BOYS

Domestic Science Girls Prove Real Hostesses

Last Saturday evening at six o'clock, in the Domestic Science Department, the Clarendon College football teams were treated to the greatest favor of the year, a banquet, the best cooked eats, served so nicely, it is half a crime to bring it back to memory.

Quite willingly the boys refrained from going down to supper in the Hall, and at six, when Miss Fincher announced all was ready, when the fellows passed in, the souls of thirty one football boys, the gentlemen faculty members, and several other guests, smiled in pleasure. That long table, with a football—the one used in the last game—teed up as for the kick-off on a mound of green ferns and white carnations. Two China Bulldogs one at either end of the table, facing each other, place cards, with a bulldog and a football tied to his neck daintily painted upon each; miniature footballs dangling—later to be taken away as souvenirs—from the table cover, together with a dozen other details, served to make everything most pleasing and appropriate for the occasion.

After the invocation, the first course, soup—croustons, was delicious, the girls individually serving. But we had hardly made way with that when the most tempting turkey meat was placed before us ever tasted, the dressing was of a flavor, and rich fineness, most delightful; biscuits like mother cooks, cranberry sauce, potatoes, celery, turnips, peas, coffee with cream and sugar, and toasted marshmallows. The nut sandwiches and fruit salad, following, were especially palatable, pleasing every taste. The sherbet, with white cake, the green C. C. on top—was pronounced the best ever and we were ready for the grape juice.

Coach Burton, from request, was acting as Toastmaster, and he gave a toast to the Captain, Avis Maples—in turn, Glenn Lewis toasted Coach Burton, in which he endeavored to point out some reasons for the coach's success in putting out a winning team. Then—each of the toasters were introduced with some short history, real or mythical, of their lives up-to-date, and Mr. Howard C. Taylor offered a toast to the team, with the fighting, team-working spirit, and we were carried back to the gridiron, to again hear the yells and songs on the sideline. Matt Noble proposed a toast to the Rooters, sine of a football team, and the fellows cheered. Dr. Taylor then explained that his heart had been fully reached via la stomach and offered a toast to the cooks, wholeheartedly drank to by every man. Mr. Hayter, who has been and is one of C. C.'s most substantial supporters toasted to President Slover, who has ably and willingly served Clarendon College for thirteen

WESTER DEDICATED TO MISS McLEAN

1921 Year Book To Be Dedicated to Miss McLean.

The Student body will be interested in learning that the forth coming volume of the Wester will be dedicated to Miss Mamie F. McLean, head of the English Department.

Miss McLean, we believe, has proven herself quite deserving of the honor given by the Wester Staff. In times past, if a thing had the stamp of Miss McLean's approval the school accepted it as true and that condition still remains. She is a sort of Supreme Court of the school. If any one desires some information and cannot find it in the library, one instinctively says, "See Miss McLean," and Miss McLean supplies the information comments heard around, and about the campus indicates the fact that the students heartily approve of the Staff's selection.

SLUMBER PARTY

Nine girls were invited to room—last Saturday night to enjoy a feast? and Slumber party.

After the lights were turned out many ghost stories, jokes, etc., etc., were told, and we all had a lovely time until about 12 o'clock. One of the girls happened to a sudden attack of "heart failure"—causing much excitement, but after all we had a great time. Those present were: Miss Gladys Carhart, Josephine Pounds, Helen Martin, Margaret Myers, "Bess" King, Merle Bailey, Ruth Ferguson, Jessie and Grace Bryant.

Melvin and Hubert McCallum left for their home in Paducah last week, but they expect to come back after Christmas.

years, through great advancement. Mr. White, head of foreign language department, then closed the toasting in a wish and desire for the Long Life of C. C., and may she always have good teams.

After going into the hall and music rooms, the boys talked a short while with their fair hostesses, every-told as best he could his enjoyment and bade Miss Fincher, good night.

For over two weeks we were expecting the Domestic Science Girls to treat the football boys to cats, but hardly dared hope for such as it really was. Most of the fellows had only been introduced to Science in its crude and somewhat wild state, not having had so much to do with Domestic Science, but now we say "Long May It Live."

ADDS ELECT OFFICERS

The Adds met in regular session Thursday night. Although it was necessary to make a few substitutions, the program was well rendered. Victor Pyeatt told a "huge, dry-land volcanic" Alaskan fish tale. One of the most entertaining numbers of the program was the story of an O'possum hunt, which was related by Vestal Lott. Jack So Relle imitated a United States Senator, who was advocating government appropriation of money for C. C. The measure was opposed by Senator James Stubblefield. Carter, according to custom, related a couple of jokes. The debate followed. The subject was: "Resolved, that a permanent and universal copyright should be granted." Cecil Peoples spoke in behalf of the measure and Glenn Brahear represented the negative. The decision was rendered in favor of the affirmative.

After the program was rendered, the term elections were held. The following officers were elected: President, Cecil Peoples; vice-president, James Stubblefield; secretary, Andrew Smalley; critic, Harold Boehning; prosecuting attorney, W. H. Rice; treasurer, Jeff McMurry; censor morum, Victor Pyeatt; sergeant-at-arms, Monteith Warren; chaplain, Orion Carter.

The newly elected officers will be installed at the next regular session. An amendment

to the constitution was proposed which provides for the office of a parliamentarian. This amendment will be presented at the next meeting. Having concluded all further business the Society adjourned.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Donley County—GREETING:
You are hereby commanded to summon the unknown heirs of Mrs. Essie Warlick, Mrs. L. C. Warlick and Mrs. Essie Hart, by making pub-

lication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, to appear at the next regular term of the District Court of Donley County, Texas, to be held at the Court House thereof, in Clarendon, on the second Monday in January, A. D. 1921, the same being the 10th day of Jan. 1921, then and there to answer petition filed in said Court on the 4th day of December, A. D. 1920, in a suit numbered on the docket of said Court, No. 1118, wherein George W. Kemp and C. D. McDowell are plaintiffs and the unknown heirs of Mrs. Essie Warlick, Mrs. L. C. Warlick and Mrs. Essie Hart are defendants alleging in substance as follows: That Mrs. Essie Warlick, Mrs. L. C. Warlick, Mrs. Essie Hart is one and the same person and was a widow, under the name of Mrs. L. C. Warlick (otherwise Mrs. Essie Warlick), at the time of acquiring title to all of lots numbers one (1), two (2), and three (3), and the East half of lot Number four (4) in Block Number Sixty-two (62) in the original town of Clarendon, Donley County, Texas; that she afterward intermarried with Martin L. Hart; that she, joined by said Martin L. Hart, by general warranty deed, conveyed said premises to plaintiff McDowell, who in turn, by general warranty deed, conveyed to plaintiff Kemp said property; that a cloud rests upon the title and praying for its removal.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.
Witness my hand and official seal at my office in Clarendon, Texas, this 4th day of December, A. D. 1920.

FORMER PANHANDLE MAN IS SOUTH AFRICAN RANCHER

A former Panhandle cowpuncher of the old days in the person of Richard Walsh, familiarly known as "Dick", paid his respects to the folks at the J A ranch headquarters the past week. Mr. Walsh was general manager of the J A ranch interests from 1890 to 1910, being succeeded by Senator Wadsworth. After leaving the Panhandle of Texas, Mr. Walsh wandered around over the world considerably looking for the "honey pond and fritter tree," finally deciding to cast his fortune with the ranchmen of South Africa, where he owns extensive interests at the present time, in addition to looking after the ranching interests of a London syndicate, some 100,000 head of cattle being maintained on the ranch.

The present visit is being made primarily on business matters, but after reaching this country, the desire to visit old friends and old scenes got the best of the subject of this sketch, hence his visit back to his old haunts in our section. Mr. Walsh is an interesting talker and relates some interesting as well as surprising facts in regard to the South African country where he is now making his home.

"Lions and crocodile, are the chief sources of annoyance to stock raisers in South Africa," said Mr. Walsh. "Our men killed seventy-seven lions this year and fifty-five last year, and more than 800 head of cattle were lost to the crocodiles, from our ranch, he continued."

In explanation of the dangers from the wild beasts, Mr. Walsh said that the ranchmen split their cattle into herds of two hundred each, and two African natives are placed in charge of each herd. These natives are armed with spears and are required to sleep with the cattle, keeping close lookout for the appearance of lions. At night the herds are penned in high corrals, constructed of brush, timbers and thorns, and made impenetrable. Two herdsmen have been eaten alive by the beasts since Mr. Walsh's residence there. When the lions are unable to prey upon the cattle or other game, they will attack human blood, they apparently go mad and cause no end of trouble. For the service of guarding the cattle and exposing themselves to the dangers from the beasts of the forests, these native herdsmen are paid the sum of \$4 a month, and two pounds of meal.

Innumerable cattle are lost by being devoured by crocodiles, said Mr. Walsh. The cattle will go to a watering place and while drinking, the crocodile will grab them by the nose and carry them under the water.

One of the most interesting features of South African life is its romance, according to Mr. Walsh. The matrimonial market is also a business barometer, and a method of determining a man's financial standing. It costs five dollars to procure a marriage license, and once procured the bride-groom bargains with the father of the bride, paying eight head of cattle for his wife. If he is fortunate enough to own one wife he is considered in fair circumstances, financially. If, perchance, he owns two wives, he is considered to be extraordinarily well to do, while if he has three wives, he is looked upon by the natives as being a rich man.

Mr. Walsh declared that the type of cattle best adapted to the South African country are very small, and when dressed will weigh about 800 pounds. He said that when cattle are secured to restock their ranches they have to select a country as nearly like South Africa as possible. The corporation which he represents has lost many cattle, imported from sections of the world where the climate and altitudes are entirely different.

DOUGHTY-FLOWERS

The marriage of Marvin Doughty and Miss Mary Flowers, was solemnized at the home of Mrs. A. J. White the evening of December 8th. in the presence of a few friends, Rev. C. N. N. Ferguson, pastor of the Methodist church officiating.

Mrs. Doughty is the accomplished daughter of Mrs. Annie Flowers, both of whom have made Clarendon their home for the past four months, coming to our city from Conroe, Texas, where they enjoyed a wide circle of friends. The groom is well and favorably known to many here as being an industrious young man of cleanly habits. He is connected with the Lane tailoring company of this city. The newly weds left immediately after the ceremony to visit with the parents of the groom near Happy, after which they will return to make their home here.

Miss Ruby Harrison will spend the holidays at Corpus Christi with home folks. Miss Ruby is an efficient member of the high school faculty.

R. W. Ratcliff received news of the death of his sister, Mrs. B. G. Gammell of Hubbard City, on Monday. Mr. Ratcliff visited with his sister during the past summer, who was ill at that time.

Dr. Geo. S. Slover, president of Clarendon College, was a passenger on the early morning Denver going down to Quahang where he will address a teachers' institute composed of five counties, and now in session at that place. Dr. Slover will go on to Dallas before returning to meet with other educators for the purpose of making an educational survey of the present situation.

Ed Carlson, old time "chuck ruster" of the J A ranch and said to be one of the most expert culinary artists of the Panhandle, was in town Wednesday for a short time, due to the nature of his duties at the ranch. Once in a while he breaks away long enough to mix with the outside world for no man in the Panhandle has more friends than Ed.

**MORE OIL, BRETHREN.
POUR ON MORE OIL**

After taking a careful survey of conditions in the Panhandle last week, our bosom swelled with pride. Yea, we dipped our trusty quill deep into inky depths and proceeded to tell it to the world, only to be called down by two different apostles of the profession; neither of whom ever dared tell the glad tidings to the world on their own books; not even as to the development in their respective sections. Now comes these devout pencil pushers calling our attention to the report of the last census returns. We have never been satisfied with our local census, and judging from the noise made in other sections along the same line, we naturally did not expect either of our esteemed contemporaries to use census figures as a mallet upon our defoliated pate. Brother Smith of the Pampa News takes us severely to task for praising the quality of the roads in his county. As a matter of fact the roads around McLean are as a pavement as compared to our roads in Donley County. In fact, we have speeded our old buzz wagon up to fifteen miles an hour on Gray County roads near McLean without a mishap. We dare any man to bore a hole through space at that rate on a Donley County road in broad open daylight on a cloudless day. In the final windup, Bro. Smith has the temerity to state that "We believe the article in question is all warm ozone." If that be the case, we are frank to say that we are pleased to learn that frigid atmosphere of the "bal-lies." Summing the matter all up we are glad even yet that we gave space to the article since we woke up two editors to the realization of their many valuable resources of their home sections. We appreciate the fact that Smith and Moody are both good newspaper men, each have a good paper and live in sections endowed with a wonderful lot of natural resources. ay they continue to reap a harvest of appreciation from their patrons in a form that counts for something.—Clarendon News.

After a Careful Survey? How do they get that way? After Uncle Sam has gone to the trouble and expense of taking the census of the United States, his nephew and namesake, Sam Braswell of the Clarendon News isn't satisfied! Think of it. He is so dissatisfied with the returns that he made "a careful survey" of the census in Gray county and found McLean the largest therein. He admits it in the article above. When he dipped his "trusty quill into inky depths," he pushed down too hard, bogged up and in the excitement of coming out of it got his statistics all balled up.

Both papers of the county published the returns and commented upon the same, but Bro. Braswell says in speaking of the same two papers:—"neither of whom ever dared tell the glad tidings to the world on their own hooks; not even as to the development in their respective sections." Pampa, the Wheat City of the Plains is satisfied with the census figures. It did not expect too much, and when the returns showed that from a village of less than 300 inhabitants in 1910, it had grown to a thriving place of 987, and the metropolis of the county, she was satisfied. Of course we are not content that these figures shall remain stationary in the future. We hope that every city and town, whether located in the brakes or on the "bal-lies" in the entire Panhandle will show at least 100 per cent increase when Uncle Sam next counts noses. And why should this not come true?

When it comes to "warm ozone" penetrating the frigid atmosphere of the "bal-lies" we can cite Southern California as our own rival balmy weather so far this season. The "bal-lies" are worth seeing, Bro. Braswell, and it would no doubt do

you good to take a spin up in this end of Gray county. We will show you many interesting things, which would probably equal any of your previous careful surveys. We would show you a thriving little city which traveling men unanimously proclaim "the best town of its size in the state." You would have the opportunity of seeing a beautiful depot served by trains of the very best; a postoffice second to none in the entire country in appointments, conveniences, and efficiency; two drug stores which would be a credit to towns of thrice the population of any Panhandle town; a new high school building nearing completion which is unsurpassed in the Panhandle, not even excepting Amarillo or Clarendon. You would be welcome to make your headquarters at one of the best housed and equipped printing plants in this section; we would expect you to dine with us at a local hotel which has a reputation extending for hundreds of miles. Furthermore, we will take you for a spin around to see thousands of acres of beautiful green wheat, and more thousands of head of sleek fat Hereford cattle, and we will not jog along at 15 miles per hour on the trip either. Whenever a gas wagon reaches the stage that it can't do fifty-five in the Pampa country, they just naturally take off the two best casings and consign the balance to the junk heap.

When you get back from this interesting and instructive little jaunt you can tell the people in your home town that you have been up to see the little burg that shipped more wheat the past three years from the farms than any town in the Lone Star state; that also you had the pleasure of seeing a speedometer go clear around and camp. Come to Pampa, Bro. Braswell, the next time you want to make a "careful survey."

You'll be surprised and more than welcome.

LET'S THE WORLD KNOW IT

Now you are coming along nicely, Bro. Smith. Tell it to the world. In fact there is more information relative to your section in this reply than I have been able to glean from your publication during the past twelve months. Your description of the hotel accommodations is "some" inducement to the writer who has ever fallen for that which satisfies material man. The very thought of those sleek cattle and well filled wheat elevators is enough to make any man's mouth water. It beats "hog and hominy" all hollow. And you never mentioned duck shooting on the lakes and bird hunting in the brakes either. But they are there—we've looked it up. We were just on the verge of heading our old boat north but we couldn't swallow that "balmy" California weather description. Not us. Possibly you have heard how your section got the name of Panhandle. In fact you are not entitled to the name at all for the party who claimed to have seen a pan handle sticking out of the ground was mistaken according to modern authority. Upon closer inspection by modern scientists, it was found to be the north pole instead of a pan handle. Lay off that California stuff. You have a more invigorating climate than California ever dared to dish up to the tourist. It may get a little frisky in the winter, but "oh, you summer time." We won't let the weather cheat us out of a chance to visit and enjoy your hospitality for a few days at least. We're comin' up, that's all there is to it.

Make your selection for Christmas today at Goldston Bros. 51c. Have you seen the inexpensive Goldston Bros.? 51c.

CARD OF THANKS

We wish to thank the good people of this city for their kindly sympathy and beautiful offerings at the death of our dear one, and for the many other evidences of the christian spirit shown us in our dark hour of sorrow. May God's richest blessings be yours, is our prayer.

L. A. Moore,
Mr. and Mrs. J. L. Davis and family.

B. T. Lane, familiarly known to his many friends as "Daddy Lane," was here the front end of the week meeting with old friends. Daddy Lane was proudly wearing the Confederate gray in the form of a new suit, he being one of fifty to receive new suits as gifts from the Daughters of the Confederacy of Wichita just before leaving for the reunion at Houston this past fall.

Let Goldston Bros. show you the gift for Christmas. 51c.

Flowers Are Best Of All For Xmas Giving

LADIES AND GENTLEMEN BROTHERS AND SISTERS

Through the kindness and courtesy of your editor I take this method of introducing myself and business to you all. I am a man—just an ordinary man—of like passions as you are. A minister of the gospel, with the Church of Christ, worshipping at the new brick church. We have nothing new, startling, nor sensational to offer. We do not expect to "turn the world upside down" Not this winter anyway. We have a small membership in your splendid little city. Our aim is to do all the possible good to all possible people, in every possible way, that we possibly can.

We hope to make Clarendon better by our having lived in it. We are greatly pleased already with the town in general, and the big-hearted people in particular.

I will preach here the first, and

third of each month, and at Lelia Lake the second and fourth. We earnestly urge all who conscientiously, and consistently can do so, to meet and worship with us.

We are now beginning a bible training class for every Wednesday night. All are welcome who can come. If I can serve you in any way at any time, any where, command me and I shall do my best.

With kindest regards to everyone I am, your humble servant.
Thos. E. Milholland,
Minister of the Church of Christ, Clarendon, Texas.

MONEY OR BUST!

Must Raise \$30,000 By January 10th

ONE HALF PRICE

Our Entire Stock of Merchandise---Nothing Reserved

There's no use of mincing matters. We might as well tell you the truth about it. We must raise \$30,000 by Jan. 10th to meet our bills, or permit the wholesale houses and manufacturers to "close our doors." We have "pulled the bottom out of prices" on every article in this immense stock of clothing for men and boys, and offer you unrestricted choice of every article in every department at exactly ONE-HALF of regular price.

This is the most sensational price reduction we ever heard of, even at the end of the season. There never was a sale like this in the Panhandle before—never such values. We're doing it to raise money to meet our bills. Such values as these ought to do it. You get the benefit.

This is a strictly bona-fide Reduction Sale. Every article has the original price tag on it, marked in plain figures, and was marked to sell at a very close margin of profit. Just take ONE-HALF of the original selling price. Only nationally advertised lines in the entire stock—fully guaranteed to give satisfactory service. Be sure you attend this SALE.

John Clymer, who recently embarked in the chicken ranch business on his farm in the east end of town states that the report that he gets three eggs a day from 600 hens is a mistake—he gets five.

Mr. and Mrs. Earl Cayton of Claude spent the week end with the I. S. Mullins family here. Earl was for a long time county clerk of Armstrong county but is now connected with a bank of Claude.

The Gleaners met with Mrs. G. A. Anderson Thursday evening, December 9th with sixteen present. One new member was added. At the close of the meeting, delicious refreshments were served. The next meeting will be held with Mrs. John Beverly Thursday evening.

J. Cobb Harris reports a deal this week made for C. D. Ardery by which Mr. Ardery exchanged his Clarendon home and a half section near Claude for a whole section about seven miles southeast of Claude. The deal involved a consideration of about thirty-six thousand dollars.

Jasper Baldwin arrived home Monday, walking in on his folks before for the first time. He has been in a sanitarium at Dallas for the past few weeks following an operation and returns home feeling like another fellow, all of which will be good news for the many friends of the young man.

A. O. Bauer, proprietor of a racket store on Kearney street in this city, played Santa for the kiddies Saturday morning by giving away a number of suitable presents in front of his place of business. Each little one who came was supplied with his quota. The little fellows were enthusiastic in pronouncing Mr. Bauer the best friend yet.

Mrs. Thos. Bugbee and Miss Katherine Patricia left Saturday for a trip this fall to them away until well into the spring. They will be joined at Kansas City by Mr. and Mrs. Ego, Cook and will sail from New York the 21st bound for South America. While away they expect to visit Mr. and Mrs. H. F. Officer, who make their home in the southern clime. Mrs. Officer being a daughter of Mrs. Bugbee. The visit will also include sight-seeing trips in Cuba, Panama, Chili, Peru, Argentina and Brazil.

PRESBYTERIAN CHURCH

"This Church May Be Your Church"

There is still a warm welcome for you as there always has been, if you will come to find it. We are glad to have visitors—as our guests and all not connected with any other church or Sunday School are invited to attend its services.

Sunday School December the 19th. at 9:45 o'clock.

Morning service at 11:00. Sermon by the pastor on "Preparing God's Highway."

Prayer meeting, Wednesday evening at 8:30. We are yet hoping that you will come bring your Bible and manifest your interest in religion in the middle of the week. We are studying the Book of Philemon.

Get ready for a Merry Christmas, every day coming nearer. Forget your troubles and think of Christmas Day two thousand years ago, and then think of what it means to you NOW: What it ought to mean: What does it mean?

FARMERS CONTINUE TO GATHER FLEECY STAPLE

The local gin reports that 2240 bales of cotton have been ginned up to Wednesday noon. The gin continues to operate every day. Very few farmers of Donley county have refused to gather their cotton crop despite the low price of the staple. The majority of the cotton is being held in hopes of a higher price.

One got elbowed out, and then there were nine.

Nine Christmas shoppers, shopping very late.

One fell asleep, then there were eight.

Eight Christmas shoppers, shopping till eleven.

One fainted dead away, then there were seven.

Seven Christmas shoppers, cross as two sticks.

One founced herself away, then there were six.

Six Christmas shoppers, only just alive.

One remembered baby! Then there were five.

Five Christmas shoppers, pawing bargains o'er.

The salesgirl snubbed one, and then there were four.

Four Christmas shoppers, nervous as could be.

One spilted smoke, then there were three.

Three Christmas shoppers, making great to-do.

One had hysterics, then there were two.

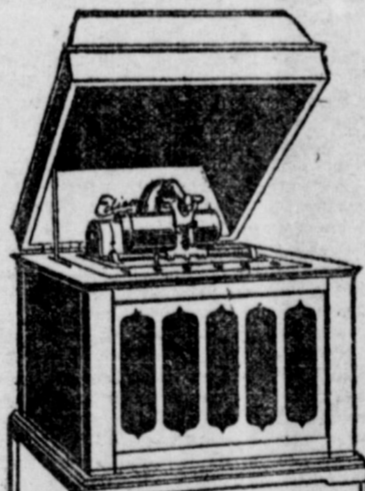

Two Christmas shoppers, with shopping not half gone.

One thought she saw a mouse, then there was one.

One Christmas shopper, who'd spent all her moolah.

Her husband came for her, then there was none.

The World's Greatest Phonograph VALUE!

Every day the superiority of Edison's wonderful Amberola phonograph over much higher-priced "talking-machines" and commercial phonographs is becoming more widely recognized.

We don't ask you to buy an Amberola without investigating other phonographs—we welcome comparison. But we do ask you not to buy any phonograph before you have listened to

Edison's New Diamond AMBEROLA

Compare the pure tone of the Amberola with the shrillness and metallic sound of commercial phonographs. Compare the Amberola's permanent Diamond Field Reproduction with the cost and bother of changing needles. Compare the long-lasting Amberola Records with fragile "talking machine" records. This makes your choice. That is all we ask.

Why Big Dairies feed Cow Chow

You can understand why Purina Cow Chow has been adopted as the standard ration on the D. W. Field Farms, the Allamuchy Farms, and hundreds of others that head the list, when you realize that Purina Cow Chow is

24% protein

of which 85% is digestible. This means 20 lbs. of digestible protein in every 100 lb. bag.

It is a pure feed that balances home-grown roughage and reduces the cost of production. More milk from the same number of cows means a larger profit per gallon.

Purina Cow Chow Feed—sold only in checkerboard bags. Let us put your herd on a test.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Donley County—GREETING:

You are hereby commanded to summon Mrs. P. L. Luce by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Donley County, to be held at the Court House hereof, in Clarendon, on the 2nd Monday in January, 1921, the same being the 10th day of January 1921, then and there to answer a petition filed in said Court on the 29th day of October, 1920, in a suit, numbered on the docket of said Court No. 1106, wherein Kinbrough, Underwood and Jackson are plaintiffs, and Mary Waller Rea and husband B. M. Rea, John A. Rea, Henry Holmes, T. M. Dickey, Mrs. P. L. Luce and husband, R. G. Luce, A. F. Luce, F. R. Carl and Charles Molter are defendants and said petition alleging that on the 30th day of October, 1917, the defendants Mary Waller Rea and her husband B. M. Rea executed and delivered to them a promissory note dated the date last written for \$1500.00, payable to plaintiffs at Amarillo, Texas, one day after date and providing for 10 per cent attorney's fees on the principal and interest, so that plaintiffs say the defendants last named are bound to them for said sum. Plaintiffs further allege that on the same date the two defendants last named for the purpose of securing the payment of said note executed and delivered to plaintiffs a deed of trust dated the same date and covering Lots Nos. 1, 2, 3, 4, 5, and 6 in Block No. 19 and Lot No. 7 in Block No. 18 of the original town of Shamrock, Wheeler County, Texas, as shown by the map or plat of the town of record in the office of the County Clerk of Wheeler County, Texas; and also covering Lots Nos. 5, 6, 7, and 8 in Block No. 1 of the Grant Addition to the original town of Clarendon, Donley County, Texas, as shown by the recorded map or plat of said addition of record in the Deed Records of Donley County, Texas. That said deed of trust was recorded on the 10th day of November, 1917, in the Deed Records of Donley County, Texas and was filed for record with the County Clerk of Wheeler County, Texas on the 27th day of November, 1917, and recorded in the Deed Records of said county; so that plaintiffs have ever since said date and now have a valid and subsisting deed of trust lien against the property above mentioned.

Plaintiffs allege that about the 14th of September, 1917, and before the execution and delivery to them of the deed of trust above mentioned defendants Mary Waller Rea and her husband, B. M. Rea executed and delivered to defendant John A. Rea, a warranty deed dated on the date last written by which they attempted to convey to the defendant John A. Rea the property above described as being in Shamrock, Texas; but plaintiffs allege that the deed to the said John A. Rea was without consideration and was a voluntary conveyance upon the part of Mary Waller Rea and her husband B. M. Rea to John A. Rea for the purpose of defrauding creditors, so that plaintiffs say the title to said property did not pass to the said John A. Rea and that their deed of trust against the same is valid.

Plaintiffs further allege that during the early part of the year 1917 a suit was pending in the District Court of Deaf Smith County, Texas, being cause number 1694, wherein Mrs. P. L. Luce, joined pro forma by her husband R. G. Luce, and A. F. Luce were plaintiffs and the defendant Mary Waller Rea and her husband B. M. Rea were defendants; that on filing this suit, Mrs. P. L. Luce sued out some sort of a writ of attachment and said writ of attachment was issued and placed in the hands of the Sheriff of Wheeler County and in the hands of the Sheriff of Donley County, and the Sheriff of Wheeler County levied the writ so issued upon Lots 1, 2, 3, 4, 5 and 6 in Block No. 19 and Lot No. 7 in Block No. 18 of the original town of Shamrock, Wheeler County, Texas, on the 30th day of August, 1917; and the Sheriff of Donley County, Texas, levied said writ of attachment on Lots 5, 6, 7 and 8 in Block No. 1 in the Grant Addition to the town of Clarendon, Texas, on the 23rd of August 1917, so that by virtue of said levy of said writs Mrs. P. L. Luce and A. F. Luce have heretofore been claiming and are now claiming and asserting some sort of claim against said property. But plaintiffs allege that after the issuance and levy of said writs of attachment said cause number 1694 in the District Court of Deaf Smith County, Texas, went to trial and the plaintiffs therein, Mrs. P. L. Luce and her husband and A. F. Luce, were denied any sort of judgment against Mary Waller Rea and her husband B. M. Rea and in truth and in fact the said Mary Waller Rea and her husband B. M. Rea in said cause 1694 on a cross action secured a judgment against Mrs. P. L. Luce and her husband R. G. Luce and A. F. Luce, so that these plaintiffs say that Mrs. P. L. Luce and her husband R. G. Luce, and A. F. Luce's right to the writ of attachment failed and levy of said writs as above set out became void and no lien in favor of the said Luce's above named was created by virtue of the levy of same and no such lien now exists; that plaintiffs are entitled to have the said writs of attachment and the pretended lien against the above described property canceled and set aside.

Plaintiffs further allege that in cause number 2656 pending in the District Court of Potter County, Texas, during the month of October 1917, the defendant Charles Molter secured a judgment for the amount of \$527.85 against Mary Waller Rea and her husband B. M. Rea and the said Molter caused writs of attachment in said cause to be issued and placed in the hands of the Sheriff

WATCH THE LABEL FOR SUBSCRIPTION EXPIRATION

Our readers are requested to look at the figures on the wrapper or on the margin of their paper that they may learn just when their subscription expires. This avoids the expense of notification by letter, a practice that would force up the price of subscription to cover an added expense if we were to follow the system. The method now in use gives each subscriber notice of the time of the expiration of the subscription 62 times each year. If the last figure following your name is a "0", your subscription expires this year. If a "1", it expires next year. The month and day of the month is given in figures. For instance if the figures following your name happen to read, "5-2-1" that means that your subscription will expire May 2, 1921. Send a subscription to a friend or relative as a Christmas present.

The News sent as a Christmas gift will be appreciated every week for a whole year. Can you beat it at the price?

The family of J. A. Cox spent Sunday in the Naylor community visiting at the Turnbow home.

Mr. Cox has many compliments for the excellent dinner served them, all of which he states was enjoyed very much.

Willie—"Pa, are there any female aviators?"

Pa—"Yes, my son. The married ones are always going up in the air."

Ma—"Willie, if you ask that old fool another question, I'll beat you within an inch of your life."

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Donley County—GREETING:

You are hereby commanded to summon the unknown heirs of Nona Ramsey (a femme sole) deceased, if any there be, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein; to appear at the next regular term of the District Court of Donley County, Texas, to be held at the Court House thereof, in Clarendon, on the second Monday in January, A. D. 1921, the same being the 10th day of January, A. D. 1921, then and there to answer a petition filed in said Court on the 7th day of December, A. D. 1920, in a suit numbered on the docket of said Court, No. 1093, wherein J. B. King is plaintiff and Effie L. Dunn and the unknown heirs of Nona Ramsey (a femme sole), deceased, if any there be, are defendants; the plaintiff alleging that he and his mesne grantors have holden the exclusive possession and use of all of Lot No. twenty-one (21) in Block No. two (2), in the original town of Hedley, in Donley County, Texas, since December 23rd, 1907; that by reason of certain co-partnership conveyances it is not made clear that Nona Ramsey, a femme sole, did not have an interest in the said premises, except as they may be barred by the Statute of Limitation; that the said Nona Ramsey died about the first day of July, 1920; and vouching the statute of ten-years limitation.

Heretofore said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness My Hand and Seal At my office in Clarendon, Texas, this 7th day of December, A. D. 1920.

W. E. BRAY, Clerk, District Court, Donley County, Texas.

By S. Hightower, Deputy.

of Donley County, Texas, and the Sheriff of Wheeler County, Texas, and said writs were levied by the said Sheriffs upon the property above described and thereafter the said Molter caused said property to be sold under his said writs of attachment and on the 7th of February 1920 the said Molter caused Lots 1, 2, 3, 4, 5 and 6 in Block No. 19 of the original town of Shamrock, Texas, to be sold under a foreclosure of said writ of attachment lien, said sale being made by the Sheriff of Wheeler County, Texas, and said property was bought in by defendant Henry Holmes; and plaintiffs allege that defendant T. M. Dickey also claims some sort of a title to the property last above described. And the said Clarendon property was sold in the same manner and bought in by the defendant Charles Molter; but plaintiffs allege that said sales were void and of no effect and did not pass title to the said Molter, nor the said Holmes or Dickey, because the writs of attachment of same were void and the levy of same were void, because no proper notices of said sale were given, so that plaintiffs are entitled to have said deeds canceled.

Plaintiffs further allege that the defendant F. R. Carl secured a judgment against Mary Waller Rea and her husband B. M. Rea in the County Court of Potter County, Texas, on the 20th day of April, 1918, for \$205.98 and caused a writ of attachment upon all of the Wheeler County property above described to be levied on the 20th day of April, 1918; but plaintiffs allege that said levy was made long after their deed of trust was given and recorded, so that it cannot affect their deed of trust lien.

Plaintiffs pray for judgment against Mary Waller Rea and her husband B. M. Rea for the amount of the said \$1500.00 note with all interest and attorney's fees; for a foreclosure of their deed of trust lien against all of the property above mentioned; for a cancellation of all of the claims of the above mentioned defendants against said property, and for a sale of same in satisfaction of their debt, and for costs of suit.

Heretofore said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Clarendon, Texas this 4th day of December, 1920.

W. E. BRAY, Clerk, District Court, Donley County, Texas.

NEW MEXICO BUFFALO HERD INCREASING RAPIDLY

The bunch of buffalo owned by the McKenzie brothers, prominent ranchmen of near Fort Sumner, N. M., is increasing at a rapid rate, the herd now numbers sixty-one head. Seventeen calves was the unusual increase the past year. Buffalo are not near so prolific as cattle.

W. J. Sowder, on his way back to his home in east Tennessee after a visit with his father at Amarillo, stopped off here the first of the week to visit with his sister, Mrs. Rich Holder. Mr. Sowder is also a boyhood friend of W. P. Cagle who happened to learn of the presence of the visitor in time to get in a few words before his departure.

Feeding the Ghosts

When a stockman feeds a scrub, ghosts of the scrub's neglected and starved ancestors share his food with him. Fanciful as this may sound, it is none the less true.

A pure-bred shows *more gain* in tender, well-flavored meat *from 100 pounds of feed*, because, with generations of good breeding and good feeding back of him, he is haunted by none of the scrub's ghosts.

The pure-bred in the feed pen is an economy to the stockman. From the pure-bred come *choicest steaks, juiciest roasts, at lowest cost to the consumer.*

You've noticed how a grass-fed steer of good breeding will often outweigh and outsell a corn-fed scrub of the same age.

With the present narrow margin between the growing cost and the market price of beef, it is your duty—to yourself, to your family, to your community—to raise only the animals that make the beef that brings a price that pays you a profit on your investment. Don't waste good corn on poor steers.

If you're not yet convinced that pure-breds can make you money, you should read THE COUNTRY GENTLEMAN and learn what registered cattle are doing for farmers all over the country. Successful breeders and feeders everywhere are enthusiastic readers. It's not preachy, but it's accurate, fair and interesting, and it does a thorough job of presenting opportunities for greater profit. Just \$1.00 brings 52 issues, full of practical helpfulness and wholesome inspiration.

FACULTY RECITAL, IN MUSIC

Recital Well Attended Despite Adverse Conditions.

Tuesday evening, in spite of the mud, a well-filled auditorium gave evidence that the town people appreciate the artists in our faculty as well as those who come to us through the lyceum and artist's course.

Those who were so delighted with the recital given by Mr. Taylor, Mrs. Schulze, and Miss Koontz, in October, were no less pleased with the one rendered by Miss Reed, violinist and Miss Britain, pianist, who delighted their hearers with the following program:

- Romance ----- Beethoven
- Miss Reed
- Cradle Song ----- Polmgren
- Etude Japonaise ----- Poldini
- Miss Britain
- Walther's Prize Song --- Wagner
(From "Die Meistersinger")
- Miss Reed
- Polonaise in E flat minor ----- Chopin
- Polonaise in C sharp minor ----- Chopin
- Rhapsodie Hongroise --- Hauser
- Miss Reed
- Concerto in A minor ----- Greig
(First Movement)
- 1st Piano ----- Miss Britain
- 1st Piano, Miss Britain
- 2nd Piano, Mr. Taylor.

While each number was well received, evincing true ability and marked interpretative power, Miss Reed won her most enthusiastic applause by her remarkable rendition of Hauser's "Rhapsodie Hongroise," and Miss Britain fairly cultivated her audience through her two selections from Chopin.

Closing with a Concerto, Miss Britain at the first piano, Mr. Taylor, the second, the program seemed all too short; but it served to further convince every one present that Clarendon College was indeed fortunate in its selection of instructors for the School of Fine Arts.

CHEERFUL WORDS

For Many a Clarendon Household

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove help to hundreds of Clarendon readers.

Mrs. S. H. Lovell, E. Third St., Clarendon, says: "I used Doan's Kidney Pills several times with the best of results and I am only too glad to recommend them. Whenever my back gets weak or my kidneys act irregularly, I use Doan's and they never fail to relieve me. I get Doan's Kidney Pills at McDonald's Drug Store." (Statement given November 29th, 1915.)

On April 21st, 1919, Mrs. Lovell added: "Since I recommended Doan's Kidney Pills several years ago, I

J. A. Crow, chief accountant for the C. D. Shamburger lumber company, arrived here today.

In about half of this issue is an error appearing in the Pastime Theatre advertisement of "In Old Kentucky". The admission is 40c for adults and not 30c as it reads in some papers by error.

The report of the sale of the McDowell nine section ranch near Goodnight for a cash consideration of \$125,000 is the biggest realty deal to occur in this section of the Panhandle for some time. The name of the purchaser could not be learned, but he said to be an oil operator in the Burk field.

have not needed a kidney remedy. The cure Doan's made has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lovell had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
