New Series, Vol. 31, No. 42.

POPULATION OF UNITED STATES IS 105,000,000

TEXAS TAKES SAME RANK WITH STATES OF TEN YEARS AGO.

Washington, Oct. 7.—In the announcement of the population of Continental United States as 105,683,108, a gain of 13,710,842 or 14.9 per cent, Texas holds fifth place in the rank of States, the same as ten years ago. The States leading Texas are in the order named: New York, Pennsylvania, Illinois, and Ohio, which has been their position for twenty years. New York, with more than 10,000,000 and Nevada, with 77,407, are largest and smallest states in point of population. Oklahoma, which ranked twenty-third ten years ago, now ranks twenty-first.

The increase for the last decade, however, fell 2,266,349, or 81 per cent below that of preceding decade. Director Rogers of the census Bureau, in a formal statement, attributed this reduction to the almost complete stoppage of immigration during the world war, an increase in immigration during the same period, deaths in the influenza epidemic of 1917-18, and war casualties. The statement noted the trend of population from the country to the city has been greatly accentuated since 1910. For the first time in the country's history, it said, more than half the entire population is now living in urban territory.

The number of farms in the United States, according to a bulletin issued today, is 6,459,998, an increase of 98,469, or 1.5 per cent. A farm for census purposes is all the land directly farmed by one person, either by his own labor or that of his family and hired help. The greatest number of farms is recorded for Texas, which is 435,696, a gain of 17,972, or 4.3 per cent, compared with ten years ago and an increase of 83,476 compared with 1900.

Oklahoma's farms number 191,791, an increase of 8 per cent, compared with a 76 per cent for the previous ten years.

Lamar leads Texas counties in the number of farms, being 6,831. Other large farming counties and the number of their farms are as follows: Anderson 4,400, Bastrop 3,225, Brazos 3,023, Caldwell 3,644, Cass 5,355, Cherokee 5,650, Collin 6,061, Dallas, 5,379, Denton 4,200, Ellis 5,744, Falls 5,194, Fannin 4,338, Galveston 723, Grayson 5,569, Harrison 5,789, Hunt 5,135, McLennan 5,709, Navaro 6,293, Red River 5,832, Rusk 6,059, Tarrant 3,336 and Van Zandt 5,148.

Proclamation by the Governor Of The State of Texas

The better schools campaign has for its purpose the adoption of the proposed constitutional amendment to remove the present limit on local taxes for school purposes:

The adoption of this amendment is of utmost importance to the public schools and the people of the State. The very life of the schools and the benefits of an enlightened citizenship depending upon its adoption:

Now, therefore, in line with the policy pursued throughout the course of my administration, I, W. P. Hobby, Governor of Texas, urge all loyal Texans to exert every possible effort in bringing about the adoption of the proposed amendment and in order to give greater publicity to this all important subject, I hereby designate the week of October 24-30 as Better Schools Week in Texas.

Throughout the week of October 24-30, the people of cities, towns and rural communities are urged to assemble in mass meetings for the discussion of the proposed amendment. Newspapers throughout the State are requested to give publicity to the purposes of the amendment and to advocate the cause of its adoption for the betterment of education in their daily and weekly editions.

Let all loyal and public spirited citizens respond to this call to the end that the constitutional shackles be stricken from public education and the schools of Texas take a higher rank among the schools of the nation.

In witness whereof, I have hereunto signed my name and caused the Seal of State to be hereon impressed at Austin, Texas, this 5th day of October, A. D. 1920.

W. P. HOBBY, Governor of the State of Texas.

By the Governor—Edwin Spencer, Acting Secretary of State.

COX AGAINST USING AMERICAN SOLDIERS

Terre Haute, Ind., Oct. 9.—Governor James M. Cox declared before a large open air audience here tonight he would not send American troops into Mexico to enhance the value of oil properties there.

"As President I am not going to turn the blood of American soldiers into the coin of the realm for the purpose of aiding a lot of oil crooked plotters," he said as his audience broke into a big cheer.

TOWNS IN NORTHWEST TEXAS SHOW GREATEST GAINS IN POPULATION

Washington, Oct. 11.—Towns in Northwest Texas, once the home of big cattle ranches and the wily longhorn, made the greatest aggregate percentage of gain of any section of Texas, census bureau figures today showed.

There are now forty-four incorporated towns in Northwest Texas having an aggregate population of 88,662 as against twenty-nine ten years ago having 59,232. The increase therefore, is 29,932, or a fraction more than 50 per cent.

Amarillo, with 15,494, is the metropolitan place, having 3.1 times the population of Vernon in second place. Twenty-three towns in this section, running from 200 to 2,000, are yet unincorporated and hence no comparison of their population today and a decade ago is possible.

Big increases in population were made by Amarillo, Vernon, Childress, Lubbock, Plainview, Memphis, Wellington and Floydada. The leading twenty towns in Northwest Texas in the order named are Amarillo, Vernon, Childress, Sweetwater, Big Springs, Lubbock, Plainview, Quanah, Memphis, Dalhart, Clarendon, Canadian, Snyder, Wellington, Hereford, Canyon, Slaton, Post City, Floydada and Paducah.

In addition to these twenty largest towns, Chillicothe, Shamrock, Tulla, Lamasa, Crowell, Lockney, Big Spring, Roscoe and Rotan have above 1,000. Incorporated towns having less than 1,000 are Pampa, Miami, Claude, McLean, Crosbyton, Matador, Higgins, Roby, Panhandle, Hedley, Stratford, Texline, Silverton, Estelina and Texhoma.

Many pretty yards in the "City Beautiful" are noted for their pretty homes, but yards as well. Flowers grow in great profusion here and in great variety. Just at this time many yards are beautifully bedecked with ornamental plants, chrysanthemums, scarlet asters and many other plants. To this list may be added a number of beautiful climbers such as madonia, clematis, trumpet, wisteria and lastly, the ever welcome morning glory and moon flowers and jack beans.

There is a long list of plants added for beauty of foliage alone. Blue grass and bermuda give the general restful appearance. Shade trees in great number including locusts of both varieties, maples of three varieties, elms—the tree that lives five hundred years—sycamore, cottonwood, Judas and other varieties are numerous to mention. It is the duty of every property owner to add more to the beauty of the property. Nothing adds to the scenery so much as trees and flowers.

CLARENDON SHRINE CLUB SELECTS PATROL MEMBERS

Clarendon Shrine Club had a called meeting Tuesday evening at Noble R. H. Beville's office for the purpose of selecting two of its members to take places on the Khiva Temple Patrol, which is the official degree team of the Khiva Shrine at Amarillo. Clarendon is one of the five Panhandle cities eligible for Amarillo to have a patrol. The members favor coming as the result of the unremitted labor of the Nobles of Clarendon Shrine Club in behalf of the new Temple—Khiva. Nobles Allen Beville, Jr., and T. Eastace Allen were elected to the positions of Grand Master and Noble of the Temple. The members of the patrol, which they will take part in the fancy drill now in course of perfection.

On motion it was decided to have a Shrine Club luncheon at some early date and a committee composed of Nobles John Blotwick, Sam Eraser and Harry Sitter were named to make arrangements and set the date.

Clarendon Shrine Club will be very active between now and Khiva Temple's second ceremony which is set for Nov. 24th, and it is expected that quite a large number of nobles from this place will cross the border sands.

THE COMMUNITY SPIRIT DWELLS IN OLD DONLEY

A well kept school building as the gathering place of a community, minus weeds and other trash, is an indication of the community spirit of any particular community. Many are the compliments paid the Martin community. Friday of this week the folks out there are to give the crop of Edwin Baley a "working." It is not often that a sordid world lays aside the cares of the mighty dollar just to help some worthy mortal over a rough place. How much better to give a fellow a lift when he needs it than to wait until after he is gone and then set up a walling about his wonderful virtues. Ed got mixed up in a puny way last week having three ribs broken and a lot of damage done to his shoulder. It is bad stuff to be laid up when you know you have some real friends and neighbors who are glad to have a chance to show their real Christian spirit. Here's luck to you, Ed, and may you soon be in a position to return the favor should some fortune force it upon you.

M. W. Eastum, old time resident of Donley county, but who is making his home in Amarillo at present, was here this week meeting old time friends and looking the city over.

COUNTY EXHIBITS GET FAVORABLE MENTION

ARTISTIC ARRANGEMENT SPECIAL FEATURE OF ATTRACTION.

A writup was given the Donley county exhibit at the Dallas fair in Tuesday's issue of the Star-Telegram by Silliman Evans. The article was as follows:

"Roy Mefferd, secretary of the Clarendon Chamber of Commerce, and Mrs. Ida Chitwood, county home demonstration agent of Donley county, have collaborated on making the Donley county booth one of the most artistic. Every sort of Donley County agricultural product is in the stall. The specimens on exhibit were garnered from the products shown by the farmers of the county in the Donley County Free Fair which was held at Clarendon several weeks ago. Donley County is important, however, as a hog and cattle country, and although the score card does not call for exhibits representing the hog and cattle industry, they are not absent from the booth. Mrs. Chitwood has constructed a hog and a Hereford from the agricultural products of the county, and they stand in splendid relief against the background of the booth. The hog is a replica of 'The Jayhawker,' the herd boar of the Silver Crest Hog Farm of Hedley, advertised by Frank Clark as the greatest boar in the Nation. The Hereford is likened after some of the aristocrats of the Adair ranch, one of the largest ranches in the world. The Hereford's brand, 'J. A. N.' the logical brand of the ranch, is conspicuous.

In the figments, if they may be so termed, which Mrs. Chitwood and Mefferd have used in painting the Hereford and the hog, can be found the prime agricultural products of the county. The hog is made from kaffir corn and milo maize, and the Hereford from cotton, kaffir corn, milo maize, and millet. The nose is of a sweet potato, the eyes of cotton bolls.

Donley County is after the fall score. Every line nearly is represented. There is a pumpkin which weighs ninety-three pounds. A sweet potato vine is on exhibit which has forty-eight potatoes on it. There are stacks of okra, and other vegetables. Many canned goods, the result of Mrs. Chitwood's work among the farm women and girls of the county, are exhibited.

A nest of eggs, represents the poultry population of Donley County.

CROP PROSPECTS WERE NEVER SO GOOD IN DONLEY

Day after day as the crops are gathered does it become better known that the biggest crop ever raised in Donley is now being stored away. Cotton on the Horace Reed farm made ten bales on twenty acres the first picking. He is sure that he will easily make three-fourths of a bale to the acre. Reports from the southeast of Heley reliably report that cotton will make a bale and in some instances over a bale in the famous McKnight cotton growing district. Trucks that haul two bales of seed cotton at a time to the gin are seen as often as the single bales were years ago stacking up around the gins awaiting their turn. King cotton is doing his best in the matter of production in old Donley.

Feed stuff was never so good. It will make more to the acre this year than was ever dreamed of before. Headers, a new-fangled apparatus that fastens on the front end of a wagon, is doing great work in the kaffir fields. The machine will not work except where the heads are comparatively even. The crop is so big that every modern method of handling is being brought into play to gather the stuff before a possible fall rainy season shows up.

U. S. JURY RETURNS FIVE INDICTMENTS

Five indictments, two of them on two counts, were returned Tuesday morning in Federal Court by the Grand Jury. Judge Wilson dismissed the Grand Jury for this term of court. Trial of the cases will begin next Monday.

An indictment against H. C. Carter, charging him with altering a \$1 bill by adding a naught so as to make it read as a \$10 bill. Carter is in jail waiting a hearing. The case was carried over from the last term of court.

Vivian Graves and Harry McVers were indicted on two counts for alleged conspiracy to steal and transport an automobile in interstate commerce. The automobile referred to is alleged to have been stolen on or about October 6 from J. E. Rogers and taken to Gollit, N. M. These two alleged automobile thieves are said to have boasted they would not be "sent up," and so far they have made good their boast. They escaped from the county jail several weeks ago.

J. R. Hulen and Clyde Kidd were indicted on charges of conspiracy to steal and transport interstate commerce on an automobile.

C. J. Wilson and E. G. Placey were indicted on charges of stealing from an interstate shipment. The men are alleged to have stolen a case of cigarettes and four bolts of gingham from a railway car in Wheeler county—Amarillo Tribune.

TUESDAY LUNCHEON CROWD DISCUSSES STREET AUCTIONEERS

There being no special order of business Tuesday luncheon membership turned their attention to the prevalence of street peddlers of all sorts and discussed ways and means of putting a stop to it.

The attendance was a few below normal Tuesday, there being only twenty-six present, but the affair proved very interesting and the excellent menu served by the ladies of the Christian church received special attention and comment.

In the absence of Secretary Mefferd, who is with the Donley County exhibit at the State Fair at Dallas, Press Fred Storey of the Chamber of Commerce presided in his general manner and in opening the discussion of the street peddling matter let it be known that he viewed the matter from the standpoint of all business men and with special reference to no one particular line of business.

Major C. C. Watson made a short statement that the city commission had the checking of the recognized ed under consideration and were trying to arrive at some properly worded ordinance which would stand the test of the most technical legal scrutiny. Sentiment of the attendance proved that the general sentiment was in favor of such an ordinance. Special mention was made, however, that this movement was not directed against farmers and other home people who sold their own products in and about town.

Mr. Patman called attention to the Trades Trip which has been scheduled to take place Thursday and Friday of this week, and said that the committee was receiving fine encouragement in the matter of securing cars and representatives of the several firms of the city to make the trip.

The meeting adjourned hurriedly in order to find out about the results of the Cleveland-Brooklyn ball game which by the way proved a decisive game and settled the championship on Speaker's American League team at Cleveland.

FACULTY RECITAL AT COLLEGE DRAWS FINE ATTENDANCE

The first section of a series of faculty recitals at Clarendon College on Monday night of this week drew a heavier attendance than is usually accorded recitals in this city and no one who attended came away with anything but praise for the musical ability and masterful execution of the members of the music department of the college who appeared on the program.

Curiosity must be reckoned with and certainly those who made up the large and attentive audience Monday night were curious as to just how the much touted new members of Clarendon College's fine arts department would perform in comparison with the splendid talent which has preceded during recent years. The News does not hesitate to say that Howard C. Taylor, new director of music for the local institution, has never been surpassed as a performer by any previous director. Indeed, he has few betters among the concert pianists who come to this way. He is perfectly at home at the keyboard and his interpretations and technique are masterful.

Mrs. Suzanne Shultz, the new voice teacher, rendered some especially pleasing numbers, which in the minds of her hearers securely established her reputation as a soloist and gives promise of a popular reception to her and her work during the months to come.

Miss Kountz, reader and now addition to the department of expression, captivated her audience with the grace and finesse of her manner and address. Clarendon College has not had a better reader than she, proved herself since her organization.

The co-laborers on the program were Miss Read Britan, piano; Miss Read, violinist, and Miss Butts, piano. The work of the first and last named, the introduction by Clarendon of a very favorable first impression with her work as accompanist and her appearance as violin soloist, will be anticipated with pleasure.

Every indication is that Clarendon College has a fine arts faculty superior to that of no junior college in the south, and in keeping with local traditions they will be duly appreciated here at home by home people.

EPWORTH LEAGUES WERE ENTERTAINED BY MISS BETTS

Members of the Epworth League society were entertained royally Saturday night by Miss Mable Betts at her home near the college. Some two hundred were present to indulge in games and other amusements. Delightful refreshments were served by the hostess when the time of leaving arrived. The League meets each Sunday at the Methodist church an hour before the regular services.

SINGERS CONVENTION AT LELIA LAKE 4TH SUNDAY

The next singing convention is scheduled to be held all day the fourth Sunday in this month at the Baptist church at Lelia. Every one is invited to come and bring a basket. If you can't bring something to eat, come anyhow.

Mrs. John T. Sims addressed the Parent-Teachers association at a special meeting in the Amarillo Wednesday of this week.

DONLEY EXHIBITS WIN HIGHEST HONORS AT DALLAS

SWINE BREEDERS ARE MAKING HISTORY FOR THE GREAT SOUTHWEST.

A telegram received from Roy B. Mefferd Wednesday morning, is the first information from Donley county exhibitors at the State Fair, Lola Kinley of Hedley won first prize in the club girls sewing contest. Further announcements of stock prizes are especially interesting, such awards being worth thousands of dollars to valuations of this county to say nothing of the gain that will accrue to the prize-winning owners. Clark's senior year boar won first; Clark's senior year sow won first in her class and grand champion in all classes. Butler's senior boar won 5th and Clark's junior boar won 5th.

This is the best showing ever made by Donley county. It means much when we take into consideration the fact that these hogs set up against hundreds of others bred from all parts of the country as well as this state. It means further that not only will the south-west come to Donley for breeding stuff, but the best hog breeders of the nation will look to the breeders of old Donley for their best stuff.

The agricultural exhibits will be judged Thursday of this week. If a message is received up to the time of going to press, we will give the results.

ELOPERS IN CAR WRECK ARE LATER MARRIED

Culminating an elopement, which began at Memphis at 8:30 o'clock yesterday morning, when the bridal party left that city in a Hudson Super-Six, was a wedding in the emergency ward of St. Anthony's Sanitarium at 6 o'clock last evening.

The bride, who is suffering from a dislocated hip and a low back, made her recovery from the bed on which she lay in the sanitarium, to which institution she had been rushed after having been rescued from the wreck of the touring car, with her companions, by members of the crew of a Denver passenger train, due here at 11:55, with which the party had been racing at the time of the accident occurred six miles west of Claude.

Frederick Siber, oil man of Memphis, who was driving the car, had one hand crushed under the car, and the groom-to-be received a painful, though not serious, wrench of one hip. Miss Florence Williams, sister of the groom, had one hand slightly sprained, while Morris Conally, employee of a Memphis oil mill, was bruised.

In spite of the "setback" given the wedding party on the road, no time was lost by Dan Cupid after they had reached Amarillo and a hospital. The men, after receiving treatment, promptly came into the city in search of the Methodist minister, who was taken, post haste to the sanitarium where the wedding ceremony was solemnized.

Passengers aboard the Denver train who were sitting on the left side of the coach coming out of Claude, declared that the high powered car on the roadway running parallel with the track, "walked past" the train as if the latter had been standing still. Necks were craned from the windows as the car sped on ahead, and an exchange of cheers passed from occupants of the automobile and those within the coaches.

Two minutes later the passengers hearing the grinding of brakes, and the train came to a stop, engineer and fireman having seen the accident just ahead and brought the train to a standstill to assist any who might be injured. Al from the wrecked car were quickly put aboard and, on arrival here, rushed to St. Anthony's.

When seen at the sanitarium yesterday afternoon, the bride was in the best of spirits, although suffering considerable pain. The representative of The News declared that he had a preacher with him in the person of Rev. C. T. Whaley, Baptist of Claude, whose services he volunteered to secure, but the groom was even then in the city in search of a Methodist preacher. If both officiated the question arose as to what sort of a knot a Methodist and a Baptist preacher together, would tie, and The News man fearing a tangle, withdrew.

Mrs. Williams will be in the hospital for several days.—Amarillo News.

DELINQUENT POLL TAXES MAY BE PAID NOW

All those desiring to vote in the November election, and who have not paid their poll tax, may do so at any time before the 22nd of this month. This also applies to women who expect to vote. Women must pay their 1919 poll tax before the 22nd of this month in order to vote in this election.

The many friends of the family will learn with regret that Dr. G. S. Jackson, who has been critically ill for the past week suffering from intestinal trouble, shows no prospect at this time.

NORTHWEST TEXAS CONFERENCE OPENS HERE WEDNESDAY, OCT. 20TH

The tenth annual session of the Northwest Texas Conference will convene in the Methodist Church in Clarendon, Texas, Oct. 20, 1920. The conference will be opened at 9 a. m. by Bishop W. F. McMurtry, D. D., of St. Louis, Mo., who will preside over the sessions. There will be a business session in the forenoon and preaching at three o'clock in the afternoon, and at night by some able man.

Connectional men will be present from Dallas, Texas, St. Louis, Mo., Louisville, Ky., Nashville, Tenn., and Richmond, Va. They will represent the great interests to the conference.

This conference covers all the territory west of Vernon and Abilene and north of the P. P. railroad to New Mexico and Oklahoma. There are eight districts and one hundred and thirty-three pastoral charges. There are one hundred and ninety-two traveling preachers. These are expected to be present if not providentially hindered. There are one hundred and fifteen local preachers and thirty-seven thousand members.

The public is invited to attend all the sessions and services of the conference.

LARGEST FARM GAINS MADE IN PANHANDLE

Washington, Oct. 9.—The number of farms increased more rapidly in the Panhandle-Plains section of Texas than in any part of the state, figures given out by the census bureau today showed. In forty-nine counties of this section there are now 28,275 farms, as compared with 21,313 in 1910 and 6,046 in 1900.

Counties making the largest gains on the Panhandle-Plains in ten years were Hale, which went from 731 in 1910 to 1,031 this year, Lubbock from 208 ten years ago to 1,008 now, and Lynn, which in ten years has increased from 201 to 671 this year. Donley, Wheeler, Floyd, Dickens, Carson, Collingsworth and Motley all made large gains.

Lamar with 6,831 farms leads the State in number, having passed Fannin, which held the lead ten years ago. Other counties having above 6,000 farms are Collin, Fannin, Navarro, Rusk, and Smith. Counties having above 5,000 are Cass, Cherokee, Dallas, Ellis, Falls, Grayson, Harrison, Hopkins, Houston,imestone, McLennan, Milam, Red River and Van Zandt.

Counties having more than 4,000 farms are Anderson, Bell, Bowie, Denton, Gonzales, Guadalupe, Lavaca, Nacogdoches, Robertson, Shelby, Washington, Williamson and Wood.

The total number of farms in Texas is 435,696 as against 417,770 ten years ago, and 350,190 in 1900.

LELIA LAKE A HOG PARADISE

Recently the editor of the hog section of this journal had occasion to visit Lelia Lake, Texas, there we saw the herds of W. T. McBride, while Mr. McBride was away from home and he has some "mighty" good hogs. He is getting in better shape to care for his herd and he very justly deserves the good reputation he enjoys as a breeder in that community.

We must say that we never saw a better place for a hog farm than W. L. Butler's place at Lelia Lake. He has a good stand of alfalfa and is crossbreeding his pastures. His land is subirrigated and he is right next to Lelia Lake, one of the Panhandle's most beautiful sheets of water. His home is modern in every respect and is elegant.

For the first time we saw Franklin's Big Bob, the boar which he and Mr. W. B. Franklin of Hedley are pushing. In the June number of our journal we carried a picture of this boar. The pig was made firm what was up, they agreed to duplicate the mail order list for one dollar and a quarter while the catalog house wanted one dollar and ninety-eight cents for the lot. Well, we decided to let this bargain (?) go by since we can save seventy-three cents by buying at home. Most all out of town bargains have strings to them—this one has at least.

TRIS SPEAKER WILL BE INVITED TO PARTICIPATE AT SHRINE CEREMONIAL

Tris Speaker, manager of the World's Champion Cleveland Indian baseball club, will be invited as a special guest at the second ceremonial of Khiva Shrine Temple, November 24, according to arrangements being made in Amarillo. Khiva Patrol voted last night to ask Speaker to assist in holding out the notices across the hot desert sands. While it is expected Potentate George Stapleton, Recorder R. R. Swift and others of the divan will join in signing the message to be sent.

CUTS IN FOODSTUFFS ANNOUNCED AT DALLAS

Dallas, Texas, Oct. 9.—Price reductions on four foodstuff commodities including sugar and potatoes, were announced here by wholesalers today.

Sugar which sixty days ago was selling at 23 cents a pound was selling today at 14.25 cents a pound, the drop today being three cents. A further decline was predicted.

Potatoes were half a cent a pound cheaper than Saturday a week ago. Packing house butter dropped a cent a pound. Rice declined on an average to nine cents a pound.

Drops in commodities other than foodstuffs were also registered. Pumpkin crops in the west were giving as the reason for a break in the hay and feed market.

ANARCHY RUNS RIOT IN SOUTH --GINS BURNED

AGENTS OF DEPARTMENT OF JUSTICE TAKE CHARGE TO END DESTRUCTION.

San Antonio, Oct. 12.—The United States Government is taking a hand in the wholesale burning of cotton gins and compresses in Texas by so-called "night riders," it was learned here late yesterday.

Several Department of Justice agents have been sent to Cameron where a million dollar fire destroyed 5,000 bales of cotton late Saturday night to determine whether the fire was of incendiary origin, it was said.

Agents are also working on other cases in this section of Texas it was said. Justice agents believe the fires to be the work of a large organization extending over the entire cotton district. The fires usually follow warnings to farmers not to sell their cotton till prices are higher, it was said. Warnings sent have been similar in construction and wording, agents say.

"Facts gathered by agents, if they show the frequent fires are part of a program of intimidation by an organization will be laid before the Grand Jury and indictments sought," Louis A. De Nette, in charge of operations in Texas, Arizona and New Mexico, said.

Two additional fires were reported in Texas yesterday, according to dispatches. A small fire at Rockdale was extinguished before it did much damage and several bales of cotton were destroyed in a compress fire at Thorndale.

CITIZENS ORGANIZE AMNISTION, ALA., OCT. 12--A MASS MEETING OF CITIZENS HERE TOMORROW WILL ORGANIZE FOR THE PROTECTION OF COTTON GINS, THREATENED WITH DESTRUCTION UNLESS THEY ARE CLOSED TO RETARD PRODUCTION AND FORCE UP THE PRICE OF COTTON. NOTICES HAVE BEEN POSTED ON SEVERAL GINS IN CALHOUN COUNTY WARNING THEY MUST BE CLOSED BY TOMORROW OR DESTROYED.

Amnition, Ala., Oct. 12.—A mass meeting of citizens here tomorrow will organize for the protection of cotton gins, threatened with destruction unless they are closed to retard production and force up the price of cotton. Notices have been posted on several gins in Calhoun county warning they must be closed by tomorrow or destroyed.

THREE CENTS SUGAR IS SOLD BY CHICAGO FIRM

No doubt the reader's eyes caught the above heading with a casual glance, but when information finally leaked into headquarters, the mind refused to budge further. The muscles become rigid and the eyes riveted to the bit of space bearing the glad information that a Chicago firm is advertising the fact that they will sell sugar at only three cents per pound. It's a fact, folks. The firm is careful to inform us that the purchase is limited to one pound only. Then our hopes of pre-war prices and "buster" grocers and crafters instantly vanished and we settle down to find our just how they expect to gushwater us into buying. Along with the sugar quotation they very liberally announce that a can of baking powder weighing near a pound will be shipped to us for a small sum of thirty-eight cents.

While the same amount may be bought for a quarter at any of our local grocers, we feel sure that the bargain catalog house is offering us something special. Next we find we can buy from them a can of sardines for fifteen cents. They cost a whole dime right here in Clarendon. Our suspicions are becoming aroused at this point and we read farther on that company the list. A face powder is included in the list that we are forced to take in order to get the pound of sugar for three cents. The face powder is listed at forty-six cents. The same amount bought locally will cost a quarter.

We can't eat face powder anyhow so we read on down the list but we have about made up our mind that they mistook us for a lambasted fool. Well now what do you think? A catalog free. Think of it—FREE. Won't cost us a cent.

The News reporter took that list to two different grocers Tuesday and without letting them know what was up, they agreed to duplicate the mail order list for one dollar and a quarter while the catalog house wanted one dollar and ninety-eight cents for the lot. Well, we decided to let this bargain (?) go by since we can save seventy-three cents by buying at home. Most all out of town bargains have strings to them—this one has at least.

TRIS SPEAKER WILL BE INVITED TO PARTICIPATE AT SHRINE CEREMONIAL

Tris Speaker, manager of the World's Champion Cleveland Indian baseball club, will be invited as a special guest at the second ceremonial of Khiva Shrine Temple, November 24, according to arrangements being made in Amarillo. Khiva Patrol voted last night to ask Speaker to assist in holding out the notices across the hot desert sands. While it is expected Potentate George Stapleton, Recorder R. R. Swift and others of the divan will join in signing the message to be sent.

The patrol voted to hold meetings twice a week until the next Shrine ceremonial. Regular meetings are now held on Tuesday nights, while the second meetings will be called for Friday nights.—Amarillo News.

Miss Radie Brittain is enjoying a visit from her mother of Amarillo this week. Mrs. E. C. Brittain was long a resident here and is spending the time very pleasantly with her many friends.

Our Reputation To Please You Pleases Us

Our ability to serve you just like you want it makes the difference. Patrons of distinction like the service we render. We cater to every requirement known to the confectionery trade.

AFTER THE SHOW

something really appetizing. We serve all the latest as well as the old favorites.

THE AMERICAN PRESS ASSOCIATION

Sanctimoniousness is not always righteousness. What the world needs more today than ever before is pure unadulterated right-living—righteousness. Give us that and all other differences, man to man and nation to nation will be settled.

The Clarendon News will issue a "Conference Edition" next week, Oct. 21st, and many extra copies will be printed for complimentary distribution among the preachers and delegates in attendance here on the annual session of the Northwest Texas Conference. We want to make this number representative of the progress and ideals of Clarendon and her citizenship.

Prove your democracy by voting for the amendment to the constitution providing for self-government of every school district in the matter of levying the school tax rate. The present law which has been outgrown provides for a limit of fifty cents on the hundred dollars valuation. The proposed amendment allows each district to set by regular election its own tax rate. It's fair, it's just. It's democratic.

justice. There is no more reason in burning gins and other cotton process machinery than there would be in destroying the master clock at Greenwich to delay or speed up time. The nation must be purged of this destroying influence no matter what the price.

It isn't often that a country editor happens to have a friend that leads a world's champion baseball team, but Tuesday's game between Cleveland and Brooklyn brought just that sort of pleasure to the editor of *The Clarendon News*. Back in the year of 1904-05 this editor played center field for the Polytechnic College team at Fort Worth and Tris Speaker was a pitcher and shortstop on the same team. He was a port-side pitcher and one who dealt lots of misery to the other college teams of the state and was a smooth performer at shortstop. Then as now, Tris played the game with his whole-hearted enthusiasm, and nobody in the country is happier over his triumph in the world series, than this writer. Luck to you, Tris, and may Dame Fortune smile upon you again next season.

THE SCHOOL AMENDMENT: SHALL THE PEOPLE RULE?

No more democratic measure was ever submitted to the people of Texas than the better schools amendment to be voted on November 2. The question in that amendment is, Shall the people rule? If the amendment fails to carry, it will mean that the enemies of education and democracy have triumphed over the will of the people. It will mean that certain interests in the state, who are unwilling to help educate the children of the people, have had their way. If we will but stop to think about it, we can readily see the absurdity of placing a maximum tax above which the people may not go in the support of their schools. If such a limit is to be placed, who is to place it? Who placed the present limit of 50 cents which has caused the wreck of the educational item of the state? Certainly such a limit was not placed by the friends of education. It was not placed by the people themselves. We all know that when the present provision in the State constitution was made, certain corporate interests in the state were in the ascendancy. These interests cared nothing for the education of the people, but were solely bent on saving their money. They did not want to be taxed to educate the children of the people, hence they misled our lawmakers and induced them to place a limit on the people's taxing powers.

Certainly no one who believes in democracy can object to the amendment. No one who believes in democracy can object to the rule of the people and this is just what the amendment provides for. If it carries, it will then be up to the people in any district to say how much they shall vote for their schools. If the people want to let the rate remain at 50 cents, they can do so and if they want to raise it to a dollar or above, they can do that. The rate will remain just what it is until the people change it by majority vote. What will very probably happen in a majority of the districts is that the school board of the district will ask the people to raise the rate to a dollar with the understanding that valuations be lowered to a parity with state and county valuations. Whether the people change the rate or not is a matter wholly up to them and no one who believes in democracy should object to the people's having their voice in the matter.

Then, if the people should vote to make the rate one dollar, it would still be up to the school board to say whether all the dollar should be used in any particular year and those who know anything about school boards know that they can be trusted to spend no more than is absolutely necessary. No one ever heard of a school board's expending more money than the schools needed. The writer has been serving as superintendent of schools for twenty years and, in all that time he has never known a school system to have anything like a dire necessity, to say nothing of the many things that were needed to meet recognized standards of efficiency. If school boards do not change radically from what they have been in the past, the people can, to say the least, absolutely trust them to prevent the funds from being wasted. The fact of the business is that many school boards are a good deal better at sitting on the lid of the treasury than they are at taking care of the schools.

Granting that it would have been better if the amendment had provided for a limit on the taxing power of the people, the mistake has been made and to try to correct it now would mean that the schools would have to suffer, perhaps, for six or eight years before the matter could be righted. If the amendment fails, the Legislature will not again submit another for a number of years, and for this reason, no friend of education will vote against it. Those who love the children will vote for the amendment, even though they do not like it, rather than destroy our educational system. They will take the lesser of the two evils and vote for the amendment rather than let the schools suffer until something better can be submitted.

We are of the opinion, however, that the amendment could not have been submitted in better form and there is absolutely no risk in letting the people rule in the matter of school taxation. When we get to the point where we are afraid of the rule of the majority, we had better adopt Prussian methods of government and stop talking about making the world safe for democracy, for our fears here would prove that we do not believe in democracy. Democracy means the rule of the majority and when we lose faith in such rule, we had as well cast our democracy aside.

M. H. Duncan, Superintendent
Amarillo Public Schools.

THE SALES OF YESTERDAY, AND NOW

How well I remember my first sale of pure bred swine in the Panhandle. It was the closing day of the Childress fair, and was a contribution sale of the Childress County Live Stock Breeders' Association.

I had met Mr. Herman Alexander the fall before at the Amarillo fair, where he was showing one of the best herds I had ever seen. Of course, they were not the improved big type he has now, but they were the best at the time. I ordered a gilt from him after he went home that year, he sent me a catalogue of the offering.

Mr. W. E. Armstrong and myself were in partnership at that time so we decided to buy some of them if they did not go very high. So I took the night train, the night before the sale and arrived at Childress late at night, and could not find a bed at any of the hotels so had to take a cot in what at the time seemed to me to be the hottest hall I ever slept in. I went to my room the next morning and at the grounds long before the crowd of the day arrived, and was looking over. They were all the little hot bloods as they are commonly called now, except one aged sow, which was a whooper for size in those days. The sale started late in the eve with Mr. E. Z. Russell on the block, and the bidding was spirited enough up to about \$50.00 which seemed to be the limit, while a nice lot of both reds and blacks sold for less than \$25.00. Then we saw early men in those days, and the bidding was done by signs at the auctioneer, and I being a stranger got a good place under the stand and bid by tapping Russell on the foot.

When the big sow came in she went to \$70.00 in a few minutes. The bidding lagged and was by dollars up to \$75.00, when I desired to plunge and shake the rest off, so bid \$80.00. This produced an uproar, and the crowd wanted to show the bidder, which he refused to do, and she was finally knocked off to us at \$85. Then I had to stand up so they could see the fool that would give \$85.00 for a sow, and I never will forget one fellow said, "Partner, what kind of booze you been drinking?"

This was in the fall of 1916, but the big sow is still lounging around the pasture at the good old age of seven years, having farrowed eight litters of eighty-seven pigs since she fell into my hands. Well the good old days when you could bid on a sow at fifty cents a bid, and bacon was ten cents a pound have passed, and are only pleasant reminiscences to be related to the growing generation.

I have attended a number of sales since and they have gradually boosted the prices until 1920 opened with the record breaking sale of Alexander Michie and Jones of Childress on their modern Duroc farm near town. We were taken out to the farm in cars, and soon the yards were crowded with men looking over the blue bloods that were lazily around with shiny coats waiting to be trotted thru the ring. All three of these men were contributors to the first sale I have written about, but combine their herds to better advance their favorite breed, and the plains country owes much to these men for the good work they have done.

Long before the time for the sale the barns and pens were crowded to their limit and it could be seen by a careful observer that there was going to be history made and records broken at this sale. Just before sale time a beautiful feast of barbecue was served, then the bunch lined up and had their nice meal of bacon. The auctioneer called time for the sale and soon the modern sale ring with raised seats filled until standing room was at a premium.

It is a curious fact that the first animal in the ring ever brings a very high price, and the first bred sow driven went to \$400.00 and was sold in less than five minutes, then things began to happen sure enough, for when the top of the offering came in, which was one of the national winners last year, she went to \$1,500.00 too quick to realize it and three men contended for her until she knocked off at \$1,750.00.

What a difference the years had made, the ring side thought the buyer was fortunate, instead of drunk, on bad whiskey!

The sale went on at a snappy rate until the last one was sold and the record for high priced individual, and also average broken.

But records have not stood long this season for Len Alexander's Poland China sold in the same barn just three weeks later, and hung up a new mark for \$3,000.00 for a gilt and broke the state record again for averages.

Lillard and Sons sold during the fat stock show, on their farm near Arlington in March, and broke the state average, and came back in July and hung up a new high mark for the boys to shoot at, of \$3,200.00, which was eclipsed by Lewis and Cunningham at their summer sale in Poland in August with \$3,300.00. Now we are looking forward to the next man to shoot.

Personally I think we have the high mark, high enough, but I look for new high averages the next season, for breeding stock of the right kind was never scarcer in the history of the swine industry, and the man who has the real good ones can look forward to good prices for some years to come yet. Texas is doing big things in the hog world and has only just started in the game, and those who breed them of the right type will always find ready sale for the good ones at top prices for years to come.

The breeding of pure bred swine will be one of the greatest sources of income in the Panhandle if we will all get behind the old sow and help root.—By R. E. Prewitt, President Panhandle Swine Breeders Association in Poland China Journal.

NO TRAPPING

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above J. W. Kent, Superintendent. tf

The Keystone of Foot Comfort

is the well-fitting shoe.

Many feet are ruined because of ill-fitting shoes. When we consider the fact, that of the approximately 200 bones in the human body, 1-4 or 52 of them are in the feet, then we will realize the importance of correctly fitted shoes, to protect the joints, ligaments and tendons of the feet.

We have made fitting the feet with correct shoes a study, we know how to fit feet, and we are here at your service. We want to sell you your fall and winter footwear. With a large stock of reasonable shoes to draw from, we are in a position to fill your shoe wants. We will appreciate a call from you.

SHERIFF'S NOTICE OF ELECTION FOR SPECIAL SCHOOL TAX

THE STATE OF TEXAS,
County of Donley.

Notice is hereby given that an election will be held on the 2nd day of November, 1920, at Skillet school house in Common School District No. 16, of this county, to determine whether a majority of the legally qualified property taxing voters of that district desire to tax themselves for the purpose of supplementing the State School Fund appropriated to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually, a tax of, and at the rate of 50 cents on the \$100 valuation of taxable property in said district, for said purpose.

All persons who are legally qualified voters of this state and county, and who are resident property taxpayers in said district, shall be en-

titled to vote at said election. Said election was ordered by the County Judge of this County, by order made on the 22nd day of Sept., 1920, and this notice is given in pursuance of said order.

Dated the 22nd day of Sept., 1920.
—J. H. Rutherford, Sheriff Donley County, Texas. 41c

offer this explanation that all may understand. Send us your material for covered buttons; all styles and sizes to suit your particular garment, at the old prices. Write for price list. Mrs. T. F. Benton, Memphis, Texas. 44c

LOCAL & PERSONAL

M. M. Mosley and family visited in Hedley Saturday afternoon.

R. T. Howard of Alvord was here this week looking for a location.

A boy was born to Mr. and Mrs. Sam W. Lowe Saturday evening.

There was singing at M. W. Mosley's. Everybody reported a nice time.

Rufus Curtis is spending the week at Altus and other Oklahoma towns on a visit.

Mrs. Catlet and Mrs. Sowell visited with Mrs. May last Tuesday afternoon.

Silas Clark, Jr., of McLean, had business in Clarendon Monday and Tuesday.

Carl Bain, one of the club boys, leaves tonight (Monday) for Dallas to attend the fair.

Frank Smith was down from Claude stirring up business the first of the week.

Mrs. Homer Mann visited the fore part of the week with Mrs. Pearl Conway at Canyon.

Mr. J. F. Cannon's sister, Mrs. Liza Lechner, returned to her home in Wheeler last Wednesday.

Miss Mantie Graves, a traveling saleslady, visited with her sister, Mrs. J. T. Patman, the first of the week.

Mr. and Mrs. Conda Jones and Tilden McKenzie spent Sunday with her daughter, Mrs. Claude Primrose and family.

Mr. J. F. Cannon and family and Gertrude Bain and Vestal Mosley and Jewel Sibley spent Sunday with C. J. Talley and family.

I. T. Owen of Tulsa, Oklahoma, returned home Tuesday. He spent several days here a guest of his brother, J. W. Owens.

W. F. Ellison of Waurika, Okla., was in Clarendon Monday on an inspection tour. He already owns some property here and wants more.

W. F. Fuller of Ardmore, Okla., spent the fore part of the week in Donley county looking over the farm prospect with a view of locating.

Mrs. Pearl Conway and daughters, Miss Lila and Mrs. Henry Campbell of Canyon, were here Sunday visiting at the home of Mr. and Mrs. Homer Mann.

C. B. Williams returned the last of the week from a visit with relatives at Crowell. His grandfather, Mr. A. T. Fowler of Cabot, Arkansas, returned with him. Also a sister, Mrs. W. C. McKowan.

Carl Bain and Arthur McElroy left on the Denver Monday night bound for the Dallas fair. Both boys were winners in pig club contests here at the local fair and go as the guests of Donley county.

Mr. and Mrs. M. C. Reed arrived home the first of the week from an extensive visit with relatives and friends at Waco, Corsicana and other places. They also saw the big fair at Dallas before returning.

J. M. Whittington and W. E. Reeves of Hedley were in town Monday on personal business.

F. J. Mahaffey traded his home in town to A. W. Nicklaus for a farm in the Ashtola settlement.

R. W. Harvey is taking in the Dallas fair this week and will incidentally visit relatives on the way.

Mrs. R. M. Seaton of Dallas, who has been visiting at the home of J. E. McElroy, left for home Monday night.

H. M. Stoneham of Gordon, Tex., was a prospector Monday on a tour of the plains seeking a farm location.

Arthur Cross and Harry Warren left Monday for the south plains country on business in connection with their firm.

Rud Luxa left over the Denver Tuesday bound for his home at Howells, Nebraska, after a month here visiting with his brother, A. L. Luxa of the auto service station garage.

John Crow, busy citizen of Hedley, took time to call at the county seat Monday. John lives in one of the best if not the best sections of Texas and, like a whole lot of others, knows it.

C. S. Johnson of near Glenrio, N. M., was here on business the first of the week. He reports good crops out his way and plenty for all those to do who care to work at good wages.

J. L. Kennedy acted as chaperon to a large bunch of Hedley men in piloting them to our city Monday. J. L. owns enough realty in the metropolis of Donley to really interest those who want to invest in something worth while.

A CORRECTION

In our write-up of building operations last week we erred in that we stated that W. B. Sims was the senior member of the firm of Bennett & Sims. John F. Sims is the senior member of that firm and not W. B. Sims as we stated. The W. B. Sims home is not of the brick veneer as stated, but is built throughout of brick except the floor, ceiling and roof which are of such material as most properly correspond to the other parts of the building.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color And Lustre at Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyleth's Sage and Sulphur Compound," thus avoiding a lot of

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyleth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

GOOD JACKS REQUIRED ON SOUTH PLAINS

The farmers of the south plains demand good breeding stock. They want the best and get them because they are not short on funds. Tuesday of this week a big jack was shipped by H. K. Leathers by express to Post City. The purchaser, J. P. Manly, knows jack value and is familiar with the kind of stuff grown in Donley county, hence made his purchase here.

POSTED NOTICE

All persons are hereby warned against hunting, wood hauling and trapping in the C. T. Word & Son pastures in Hall and Donley Counties. All violations will be prosecuted promptly.

—C. T. Word & Son. 44p

Messrs. Joe Hurn and Jim Bain were visitors to Memphis Monday night returning Tuesday. The Knight Templar ceremonies were the cause of their going.

Hemstitching and piecing done accurately and promptly at the old price. Address all orders to Mrs. T. F. Benton, Memphis, Texas. 44c

W. D. Van Eaton is vaccinating calves at the Frazier ranch this week. These are the calves recently bought from Frazier.

T. M. Little and little daughter, Miss Ruth, went down to the big fair at Dallas the first of the week.

You farmers control the price of cotton. You know that if the price stays down below the cost of production it is good-bye to prosperity to the producer. I believe that you can get back to the cost of production if you will hold on to your cotton. Keep this thought in mind always to hold on to your cotton until you get cost of production. You can control the price of cotton. Don't sell a bale of cotton if you can help it. If you can hold all your cotton, be sure to do so. If not in position to hold all, hold at least half. Lay aside every other bale. Keep the higher grades. I believe you will get 28 or 30 cents, possibly 35 cents, within 60 or 90 days if you will hold tight to your cotton. Pay no attention to market fluctuations. Don't sell a bale. You will win the fight. You will get the price. Hold your cotton.

Some Uses For Lard

A writer in a southern paper suggests that lard may be put to a variety of uses. Now that cooking compounds have usurped its place with the family cook, it may seem advisable to enter new fields. Some uses for lard are:

To cure a chronic sore, take a hard stump or heart of cabbage and let it simmer on the back of the stove with a tablespoonful of lard. This makes an excellent ointment. Melted lard thickened with flour to the consistency of a smooth salve, put on a wound or swelling, will aid greatly. Do not use too much flour, or it will crumble. It must be put on the afflicted part as warm as can be borne.

To relieve rheumatism, melt several tablespoons of lard and stir in about fifteen drops of laudanum. Mix and rub well on parts affected. This acts like a charm in relieving pain and limbering the joints.

Lard will remove machine-oil stains, tar or wheel grease and grass stains from goods if they are rubbed with lard before getting wet.

When silver is to be put away and not used for some time, lard will prevent tarnishing, if used as follows: Rub the entire surface of the silver with lard, wrap each piece in old linen, then in paper and lay away carefully. When needed for use, plunge in very hot water with a little borax added, rinse in more hot water and dry. The silver will come out as bright as when put away.

When doing very dirty work, such as polishing off the stove or gardening, fill under the fingernails with lard and when through, wash the hands in hot suds with enough borax added to soften the water. The skin will be soft and clean.

It has been found in cleaning automobiles or other greasy work, that it is an excellent plan to fill under the nails with soap, and before washing the hands rub well with a little lard. Then wash hands in hot borax suds which will leave the hands clear without any injury to the skin.

The best way to make a mustard plaster is to spread lard over a cloth of the size needed and apply directly to the part affected without any intervening cloth. The lard prevents blistering and this will usually give quick relief from any internal pain.—The Swine World.

Attention Farmers

We have on hand some FORD TRUCKS and FORDSON TRACTORS. Can deliver you a Ford truck for \$643.00 or one with an oak body and cab, all complete for \$843.00. We want you to investigate the Fordson Tractor which has been termed the "farmer's friend" because it will lighten your work and increase your production. With it you can do the work formerly done by 6 horses and it only eats while at work. In addition to doing all kinds of plowing, you have at all times plenty of belt power for threshing, grinding, etc. We are selling a small grain thresher that will do a fine job of threshing on any kind of grain. See this little machine on exhibition at Ford Garage Saturday evening.

PATHFINDER CLUB

The Pathfinder Club will meet at the home of Mrs. A. Gentry at 3 p. m. October 15th.
The last meeting of the year met September 24th with Mrs. R. H. Alexander and Mrs. C. W. Bennett as hostesses.
An important business session was held at which time Mrs. Paul Shel-

ton was installed as president for the ensuing year. Mrs. Pounds, Mrs. R. C. East and Miss Cassandra Sims were elected to membership in the club. The president urged that members of the club notify the hostess when they could not be present at a meeting.
The program for the afternoon was the study of "A Woman for Mayor," by Helen M. Winslow.

Mrs. SoRelle was leader and conducted the discussion in a very interesting manner.
An interesting feature of the programs this year is the response to roll call with current events, each member being assigned a special topic for the entire year.
After the program delicious refreshments of sandwiches and coffee were served by the hostesses to twenty-five members and visitors.

IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of
Salts Before Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from headache, backache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

TROUBLESOME CANYON IS FAVORITE SUNDAY RESORT

One of the most attractive sight-seeing resorts for Sunday pastime in or near Clarendon, is the rugged canyon some twenty miles southwest of town which has long been dubbed as "Troublesome Canyon." It no doubt got its name because of the steep, clayey banks on a rainy day. A clear, sparkling stream winds its way down the canyon. The high, steep banks are beautifully decorated with cedars. In fact the whole thing is a natural setting for all the Lochinvars, Romcos and Julietts and Dan Cupids to find an outlet for an outpouring of the commodity that caused the ancients to crown a God of Love even the a myth, for are not most of the stories told under these circumstances a myth when boiled down until the imagination becomes evaporated. Be that as it may, there is a big bunch at the canyon trying their luck every Sunday just the same. It will ever be thus until disturbed by old Gabriel.

THE D. S. COLLEGE GIRLS ENTERTAIN

The girls of the Domestic Science department of the college were hostess to a second division of the Junior girls on Thursday afternoon in the D. S. library. The white furnished rooms were especially attractive with pot plants and flowers, and made more home like by the addition of floor pillows and cushions. This being the first form of entertaining by these classes, very simple refreshments were prepared and served by the students. The guests came as little girls wearing their hair in curls and their costumes in copy of their small sisters. They grew warm friends over the games "Fruit Basket" and "Dropping the Handkerchief." Their merriment grew as the games continued and they were a happy crowd of young ladies that expressed their pleasure of the evening to their hostesses.

Misses McLean and Reed were honor guests, and also acted as judges in the contest of who played the part of the little girl the most effectively. The prize went to Kathleen Martin.

HON. PAT M. NEFF STRONG FOR SCHOOL AMENDMENT

Waco, Texas, October 10.—Hon. Pat M. Neff, Democratic candidate for governor of Texas, on being asked for an expression concerning the educational amendment to be voted on November 2, 1920, in the general election, made the following statement:

"As a citizen of Texas I always have been, am now, and shall continue to be interested in the promotion of the cause of education. The education of the masses of the people, being, in my opinion, our best safeguard against socialism, bolshevism, and anarchy; and our best guarantee of sound, democratic government and industrial prosperity."

"I believe all our public schools, rural and urban, as well as institutions of higher learning, should be adequately financed, and wisely and economically administered. I am particularly interested in the country public schools of Texas, upon which the farm girls and boys are largely dependent for educational opportunity. I want to see rural high schools established at suitable points in the rural sections of the state, so that our farm girls and boys may attend good high schools in the country, organized and conducted under rural environment. This is one means of stopping the rapid movement of the people of the country to the city. Such rural high schools should, also, be made social centers for all the people, being common property of all the people of the community. I shall vote for the proposed amendment of the constitution in the general election, because the said amendment will give the right to the people of the rural communities of Texas to provide financially for better support of the public free schools for the education of their own girls and boys."

WEST TEXAS COTTON MAN REVIEWS SITUATION

One of the leading cotton factors of West Texas gives the following review for the amelioration of the cotton situation throughout West Texas. If followed, he says, farmers and all persons interested will make the best of the present cotton crop.

1. Do not pay exorbitant picking prices. At the present market price \$1.50 a hundred is fair compensation. Every county should organize its farmers so that a price reasonable enough may be fixed so that there shall be no variation under present conditions. Much of the cotton that will be picked will be low grade. High picking prices for it cannot bring the farmer profit.

2. Gin operators should be urged and required to clean their stands from two to three times a day so that the bad grade of cotton may not become mixed with the good. Importance of this is shown by the following figures: Strict low middling as compared with middling is now five cents a pound lower in price, or \$25 a bale. In previous years the difference in price was only one-fourth cent a pound. Low middling as against middling in former years was one cent a pound off, or \$5 a bale, whereas now it is quoted 12 cents a pound below middling, or \$60 a bale.

3. By all means, farmers are urged not to mix good cotton with bad cotton. On the market such a mixed bale brings the price paid for the lowest quality of cotton contained in the bale. Put the bad cotton in bales to itself and the good in bales to itself. In this way the best possible profit will be gained.

4. Farmers should not "pull" cotton so as to gather the bolls or parts of the bolls. Mills in Europe and America always classify the grade of such cotton as "bollies." Eliminate the bolls from your cotton.

THE STATE OF TEXAS

To the sheriff or any constable of Donley county, greeting—

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice, in the County of Donley, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof, and you will also post a copy of said notice in three public places in Donley County, one of which shall be at the court house door thereof for ten days exclusive of the day of posting and return, before the next regular term of the county court of Donley County, Texas, commencing on the 3rd Monday in October, 1920, said notice being as follows:

Notice of Application for Letters of Guardianship

THE STATE OF TEXAS,
To all persons interested in the welfare of Erroll Stephens, a minor:

Cora E. Stephens has filed in the County Court of Donley County an application for Letters of Guardianship of the person and estate of Erroll Stephens, a minor, which will be heard at the next term of said court, commencing the 3rd Monday in October, A. D. 1920, at the Court House thereof, at which time all persons interested in the welfare of such minor may appear and contest such application should they desire to do so.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said court, this 28th day of Sept., A. D. 1920.

—W. E. Bray, Clerk, County Court, Donley County, Texas.

CLARENDON COLLEGE DEFEATS WAYLAND COLLEGE BY 6 TO 0

From The Clarco:
The Wayland boys of Plainview, came over last Thursday evening fully expecting to take home the scalps of Clarendon's bravest. But after the walloping which Clarendon's huskies in red gave them, they were glad to return with even a few of their own. When the whistle blew at 3:20 Friday both teams were eager to try out their strength and skill. The game was hard fought from whistle to whistle, the teams being old rivals.

The line-up was:
Wayland (0) Clarendon (6)
Right End Nobles
Cadershead
Right Tackle Holt
Jones
Right Guard McLaren
Gladson
Center Thompson
McWhorter
Left Guard Young
Brady
Left Tackle Green
McCasland
Left End Smalley
Ewing
Quarterback (Capt.) Maples
Blakemore
Full Back Meades
Roberson
Right Half Close
Lipscomb
Left Half Creighton
Rushing Average Weight
155 lbs. 160 lbs.
Coach
Ware
Substitutes
Brazil, Exum (not used)
Officials were: Braswell, referee; Lane, head linesman.

First Quarter
Wayland's quarter, Blakemore, kicked off to Nobles, who was downed on Clarendon's 30-yard line. A series of line plunges by Clarendon's hard-hitting back field carried the ball some 20 yards up the field. A left end run by Close gained 4 yards. Meades attempted a pass but was forced to run and gained 5 yards. A long pass to Nobles failed. Meades' line buck gained 7 yards. Maples followed for 2. Close covered 10 yds. on a fast left end run. Lipscomb intercepted a pass on Wayland's 12 yard line. Rushing plunged for a 6 yard gain. A left end run by Lipscomb netted only 3. A pass was attempted on the 4th down, but failed and the ball went over. A line buck by Close and a run around right end by Creighton put the ball 10 yards farther. Wayland tightened up and held for downs and the ball went over. A pass to Lipscomb gained near 25 yards.

Second Quarter
Roberson gained only one by a line buck. Then a pass to Lipscomb gained 8 yards. Lipscomb lost 4. A pass was blocked and the ball went over. Meades made 4 by line plunge followed by Maples gaining 5 yards in same manner. Pass is here attempted to Nobles, but is broken up. Creighton went around right end for 9 more. Close's short run to the left gained 10 yards. Meades and Maples carried the ball within 5 yards of the goal and George Close was called on to make the victorious touchdown which he did, with a line plunge through left tackle. Meades failed to put the "pill" between the bars. Blakemore then kicked to Smalley who was downed on C. C.'s 40 yard line. Close's left end run gained 5. Meades and Creighton plunged for 3 1-2 and 5 respectively. A pass to Nobles gained 15 yards. were given something far more. Another forward pass was attempted but was broken up. 2 successive losses justified a punt to Wayland. A pass to Ewing gained 15 yards. Another whirlwind pass to Lipscomb carried Wayland 20 yards farther down the field. More passing to McWhorter and Roberson given dangerously threatened Clarendon's goal. At this point the first half ended with C. C. 6 and Wayland still 0.

Second Half--Third Quarter
Close kicked off to Rushing, who was downed on Wayland's 32 yard line. Rushing fumbled for a 2 yard loss. A punt lost 15 yards. Wayland then punted to C. C.'s 40 yard line. Close's run around right end gained but 2. Time was here called for McWhorter. Maples and Meades gained 7 by line bucks. Ball went over to Wayland. After attempting a pass Blakemore punted to Close on C. C.'s 30 yard line. Meades made a thrilling long end run. A pass failed but was followed by a 25 yard gain straight thru by Close. Here Brazil was substituted for Jones in the Wayland line. Creighton made slight loss but Close regained on next play. C. C.'s fumble was regained without loss. Time was again called for the injured McWhorter, who insisted on playing despite his condition. Wayland held for downs and the ball went over. A pass failed and Blakemore punted to

Close on C. C.'s 40 yard line. Creighton gains but 3 yards. Quarter up. Score 6-0.

Fourth Quarter
Wayland held and the ball went over. A forward pass to Roberson gained 15 yards. Blakemore went through for 10 and Thompson intercepted a pass. Line plunges failed and Meades punted to Wayland's 20. Blakemore was then crowded back by Holt's sure tackle. Blakemore punted to C. C. A pass was fumbled by Smalley, who then gained 10 on another pass. Time was called and Exum substituted for McWhorter. A series of plunges failed and the ball went over. Blakemore punted to Close on Clarendon's 50 yard line. Three forward passes were broken up, one after another, and Meades punted to Lipscomb on Wayland's 5 yard line. The whistle blew and ended the game. The

score was 6 to 0 for Clarendon College.

The college squad had recently run through the Childress high team 35 to 7, but this was their first college game and was to be the real test of their strength. Wayland had recently played the Plainview town team to a 0-0 game, and were confident of their strength.

Wayland's back field must be given credit for rare speed and excellent defense work. It was only through hammering the line that Clarendon was able to make the most consistent gains. Meades and Close went thru a two or three different times and came near getting away into a clear field, being tackled by the safety. Maples used good headwork at quarter, Meades did himself credit at full back, while the two halves, Close and Creigh-

ton made gain after gain, while in the line McLaren and Holt showed up good, and Thompson at center did sure and accurate passing. The whole line held well, and is in fine shape. Not a single Clarendon sub was called into the game. For Wayland, Lipscomb did some good work receiving passes and good tackling, while Blakemore punted in admirable form, and worked fine at quarter.

C. C. rooters were present in good numbers, with many encouraging yells. With good backing, we begin again to dream of West Texas honors in football, come out and yell and see your team work out. The Wayland boys have revenge in their heads, and say that when Clarendon goes there for the return game, they intend to avenge themselves, and the odds will not be so one-sided either.

Why let your clothes stay in the tailor shops for a week or two? We call for and deliver the same day. Phone 27. Ed's Tailor Shop. 43p

Everybody wants lower prices on clothes we're giving them to you

WE'RE not overloaded. We don't need the money. We could sell this stock of fine clothing for the regular prices---they're great values at these figures.

But people expect lower prices and because people expect lower prices we're going to see that you get them in

Hayter Bros. clothes

It means that we'll sell a great deal of fine merchandise for less than we expected. We are not cutting the price, but are selling these fine clothes on closer margins,

But that doesn't make any difference—we want the public to feel that we were with them in this campaign for lower prices. Here we are; it's the greatest value-giving event that you ever saw. See our show windows.

\$37.50, \$48.50 and up

Good Will Triumphant Under Test

As this message is being written, Dodge Brothers' daily, weekly and monthly production, is at the highest point in its history. The most casual sort of inquiry will satisfy you that this production is being absorbed as it is delivered. Within sight and sound as we write, a great addition to Dodge Brothers' immense works, is being rushed to completion. The interesting thing about this situation is, that it is not likely that a half hundred people have ever bought Dodge Brothers Motor Car just because they wanted a motor car. Of the more than half a million who have bought it—the overwhelming majority did so because of the name it bore. It has always been treated, by the American people in particular, as an exception—always set apart, and singled out, and never judged by ordinary standards. It has always been thought of, and is still thought of, first, and foremost, and all the time, only in terms of its goodness, and the result it gives. All of this is wonderful, in one way, and quite natural and logical in another. It all dates back to the day when John and Horace Dodge conceived and designed and finally built the car—after warning each other, and their associates, not even to think of it in any other terms than the best obtainable value. They began with a few almost absurdly simple principles, bluntly expressed and rigidly executed, about decency and honor and integrity—such as most of us wrote in our copy books at school. They reduced these old copy book maxims to a splendid and scientific system, pouring more, and more, and still more value into the car, and then marshalling all the resources of modern massed manufacture to get their product into the hands of the people at an honorable and an honest cost. These policies and principles have never been changed, and never will be changed, by so much as a hair's breadth; and they have come to be recognized and accepted as Dodge Brothers principles wherever motor cars are driven. It has happened as John and Horace Dodge planned in—quite simply, naturally, and automatically, all over America, and all over the world. People DO discriminate, as Dodge Brothers contended they would; people WILL find out when a motor car is well built and gives good service and great good value. Dodge Brothers market today is where they planned to locate and establish it—in the mind and the heart of every man and woman who admires good work, well done. It will last, and it will keep on growing, as it has kept on growing for five years (faster than Dodge Brothers works could keep pace with it), as long as the number of those who believe that a manufacturer should build to serve and not merely to sell, continues to increase. All is well with Dodge Brothers today, because John and Horace Dodge build well in the beginning, and because their business will continue to build well until the end.

CLARENDON, TEXAS

WHAT LARGE EASTERN CITIES THINK OF MILLER-VAN DER VEER

Recent Miller-Van Der Veer Successes

A recent success of Nevada Van der Veer and Reed Miller was in Schenectady, where the "Stabat Mater" was performed. The Schenectady Gazette referred to the work as being effectively sung by Mme. Van der Veer while Reed Miller's singing, said the same authority, was particularly affecting. The Schenectady Union-Star refers to Mme. Van der Veer's voice as "A fine contralto of rare and beautiful quality and ample force." The same critic in referring to Mr. Miller's voice said "The tenor has been praised before in these columns without stint for his singing with more feeling and tenderness. His voice is of the rare tenor quality which solo or ensemble is such as the composer would select were he living and directing his own composition." Thirty-five engagements involving travel of over 8000 miles in a three month record of these well known artists. So constant is the demand for these well known artists that they are engaged almost continuously by each season.

The elements of success declare the singers are, first, a fine artistic program—something to work for; second, one must be in good voice and be sympathetically accompanied; third, to have the audience with one every minute in appreciation and understanding. When these elements are supplied, a singer cannot help but enjoy her work. Gibson-Van Der Veer and Miller Delight

One of the most notable features in the performance of "The Messiah" given at the Brooklyn Academy of Music on Wednesday, April 10th, was the splendid singing of the soloists. These were Dona Gibson, soprano, Nevada Van Der Veer, contralto, and Reed Miller, tenor. For Mme. Van der Veer and Mr. Miller it is quite needless to seek for reasons why they are so popular because these two splendid artists have endeared themselves to music lovers by their wonderful finished art and interpretations. Miss Gibson is not so well known to the musical world of New York, which is New York's loss, for she is a singer who possesses a voice of remarkable range and beauty. Her singing of the familiar "I Know That My Redeemer Liveth" was an outstanding feature which her audience was quick to appreciate. It was sung with the beauty of tonal coloring which aroused the admiration of all present. The work was by Chorus, Harry Bernhard, conductor, assisted by the Senior Orchestra of the Music School Settlement, Arthur Farwell, conductor, and twelve wind players. The chorus also gave Gounod's "Send Out Thy Light" and the orchestra was heard to advantage in the andante cantabile of Tschaikeewsky.

Reed Miller and Nevada Van der Veer will appear at Friday, Oct. 26th, in the first recital of the Artists Course. Secure your season tickets now.

MARTIN NEWS

Thelma Bain spent Sunday with Vernis Pool. Mr. Edwin Bailey is mending slowly. The community is going to meet and pick cotton and gather feed for Edwin Bailey next Friday. Kate Talley spent Saturday night with Gertrude a Bin. Tilden McKenzie spent Saturday night and Sunday with home folks, Conda Jones and family. Willie Mae Moreland spent Saturday night with Clarice Hodge. M. M. Mosley and family visited in Hedley Saturday afternoon. Mr. J. F. Cannon and family and Gertrude Bain and Vestal Mosley and Jewel Sibley spent Sunday with C. J. Talley and family. Mr. J. F. Cannon's sister, Mrs. Liza Lechner, returned to her home in Wheeler last Wednesday. Mr. and Mrs. Conda Jones and Tilden McKenzie spent Sunday with her daughter, Mrs. Claude Primrose and family. Mrs. Catlett and Mrs. Sowell visited with Mrs. May last Tuesday afternoon. Gird Bain, one of the club boys, leaves tonight (Monday) for Dallas to attend the fair. There was singing at M. W. Mosley's. Everybody reported a nice time.

Artistry In Milady's Millinery For Fall

—The Vogue has been for years the synonym of all that is correct, chic and par excellence, in ladies' and misses' millinery. The fall of 1920 finds us more ready than ever to sustain that reputation.

DON'T TAKE A CHANCE

Clarendon People Should Act in time

If you suffer from backache; If you have headaches, dizzy spells; If the kidney secretions are irregular; Don't delay—likely your kidneys are sick. Clarendon people recommend Dona's Kidney Pills.

Here's a Clarendon woman's experience: Mrs. J. D. Brandon, First St., says: "Before I first began using Doan's Kidney Pills, my back was in awful shape. It ached and pained all the time, just over my kidneys and across my hips. It was a steady bearing down pain, and when I tried to stoop over, sharp twinges would catch me in the small of my back. I could hardly straighten up. I had dizzy spells and was bothered in other ways. I saw Doan's Kidney Pills advertised and tried them. Doan's cured me of every symptom of kidney complaint." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brandon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

KHIVA NOBLES, HOW DOES THIS SOUND

Fort Worth, Texas, Oct. 13—With only one month intervening until Moslah Temple's Big Fall Ceremonial, which will be held at Moslah's Mosque on Lake Worth, Saturday, November 13, all committees are hard at work to make this ceremonial one long to be remembered by the Nobles and Novices.

An entire new show has been provided from beginning to end and the Nobles are assured of more and varied tortures than ever before attempted at any Shrine ceremonial.

Special entertainment has been provided for the ladies who accompany the visiting Nobles and Novices, among which are the registration of the ladies at the Metropolitan Hotel from 9 until noon, Saturday, November 13, when they will be guests of Moslah Temple at a dinner at the Mosque after which they will also be guests at a theatre party in the afternoon. A special bill is being arranged especially for the occasion.

The ceremonial for the Nobles and ladies will open Friday evening, November 12, when the Dance and Reception at the Mosque will be held. All Novices and their ladies who register during that day will also be eligible to attend this dance. The ceremonial proper will commence with the registration of the Nobles from 8 until 11 a. m., Saturday, November 13, when the Dress Suit Parade will be held, heading south on Houston and returning north on Main Street. Immediately thereafter autos will leave from Second and Main Streets for the Mosque, where luncheon will be served all during the afternoon. The ceremonial board have requested his return to Plainview for a fifth year and the request of the board will be heard at the annual meeting of the Northwest Texas Conference which will be held in Clarendon, commencing October 20, Bishop W. F. Murray will preside.

Daring Dr. Robinson's pastorate the church has enjoyed a substantial growth. The membership was about nine hundred when Dr. Robinson came and today it is 1,160. There have been about seven hundred new members added to the rolls and a net gain of more than two hundred and fifty. \$14,000 indebtedness has been liquidated and except for the new improvements the congregation is out of debt.

A number of new members will be received Sunday the tenth and there will be infant baptism. Special music has been arranged for this service.—Plainview Herald.

Dr. Robinson was pastor of Polk Street Methodist Church for four years and was later presiding elder for the Amarillo district, with his home here.—Amarillo Tribune.

Every boy in Dunley county between the ages of 6 and 11 has the chance to make two dollars and ten cents a chance to make a free ticket to Mulkey's picture show. How? By writing me a letter telling me "What a Good Man Means" and naming one. I am asked this question by one of the leading men of Chicago. I will send him the best answer I receive. The boy writing me the best letter telling "What a Good Man Means" to him will receive \$2.00, the next best 10 letters will receive free ticket to the picture show. Note—Don't take suggestions from anyone. Your own honest to goodness opinion is what I want. Mail your letter by Oct. 20th, 1920, to Jim Sherman, Clarendon, Texas.

H. L. Alcorn of Brownwood has purchased the Geo. Stephens place and will move his family here as soon as possible. Mr. Alcorn is a brother-in-law of Joe M. Warren.

Reduced railroad rates on the certificate plan have been granted and all Nobles and Novices attending the ceremonial are urged to procure a certificate from their railroad agent when purchasing ticket that they may be able to get the benefit of the half fare for the return trip.

Never before has any Temple in Texas ever attempted to stage a ceremonial in such elaborate style and tried to furnish as much entertainment as is being furnished on this occasion by Moslah Temple.
