## ARRANGEMENTS BEING PERFECTED FOR CLARENDON'S AUTOMOTIVE STYLE SHOW, MONDAY, JULY 5TH

BASEBALL, AUTO PARADE, POLITICAL SPEECHES, HORSE RACING, AIRPLANES STUNTS, AND NUMBERS OF OTHER ATTRACTIONS HAVE BEEN SECURED FOR THE BIG DAY—THOUSANDS OF PANHANDLE PEOPLE WILL ATTEND

The detailed plans of the 5th of July Celebration are about in shape for definite announcements. Of course there are a number of minor details to be worked out as to the size of awards, route of parade and such minor things—but the Big Features are:

**Horse-races**—Under management of John Ryan and open to all men and horses of Donley and adjoining counties. These are to consist of a quarter mile race, one or two short races and a novelty race. If interested write or talk with Secretary of Chamber of Commerce or John Ryan.

**Baseball**—At least one good game is definitely promised and arrangements are under way for a possible second game. The American Legion assisted by one or two outside men are whipping a strong line up into shape and will bring in a team that will mix things with them for the final score. It will be worth seeing.

**Aeroplanes**—Arrangements are under way for two planes to carry passengers thru the day and the Sunday preceding. It is possible that we will be able to feature stunt flying with possibly a fake battle in the air but are unable to announce this feature definitely as yet. The planes will be here at least and you had better save those nickles. It is funny the hold flying gets on folks once they have tried it. Last First Monday when we thought we had arranged for a plane to carry passengers for the day, a number of the folks who had taken their first ride in April were back ready to go again. Mr. Catlett, the old gentleman 83 years old, was back bright and early with a sparkle of anticipation in his eye that little bespoke his age.

**Political Speakers**—A number of prominent candidates are being invited for the day and it is expected to be able to announce some definite speakers of note by next week.

**Truck, Tractor and Automobile Show**—All makes of trucks, tractors and cars will be on exhibit thruout the day with representatives to explain their several points, of superiority. It will be more in the nature of an Automotive School and a close attention will be given to the motor machinery exhibited, questions asked the representatives to cover your particular problems will be of untold value to prospective motorized farmers in this section of the state. The increasing high cost and scarcity of farm labor in the Panhandle is further emphasizing the necessity and profit to be realized from the intelligent use of power machinery for cultivating and harvesting farm crops and hauling them to market. Donley County already is taking a strong lead in this phase of farm work and the possibilities for the future are unlimited. This exhibition will be held in a special building to be announced next week.

**Automobile Races**—Featuring a number of novelty races that will be interesting, funny and instructive, such as: A Reverse Race—did you ever try to follow a line in reverse as fast as you could go? Try it a time or two—it will prove interesting. Also a fifty yard dash in low, intermediate or high! Try a slow race—fifty yards in high gear without touching the clutch and the last man out wins—it takes driving. The exact details of these races will be announced next week and will include a Ladies Fancy Driving Contest.

**Grand Parade**—The whole day will center around the Grand Automotive Parade in the morning—either at 10:30 or 11:00—the exact time is not definitely decided upon. Everything that runs by its own power will be included in this parade and rewards will be made for the best looking car, the oldest car and for the Girl's Canning Clubs—for the best decorated car. Award to be made in the last named upon a basis of General Appearance, Originality of Decoration and per cent of members from that Club in the parade. Judges to be announced later.

In this Parade each make of car will be in a division by its self and a brass button given to the make that makes the greatest proportionate showing: Jim Patman is advertising "A Mile of Tin Lizzies"—of course he does not call them that—but that is what we expect to see in parade. The Fords will be altogether—everyone that can run—one long string of fluttering, sputtering, spitting Lizzies, and they will get there too, don't you worry. Also Overlands, Maxwells, Caddies, Dodges—and the rest of the coughing, kicking, rattling delegation of new, new,

new, kinder worn and plain OLD gas wagons, carts, cars or vehicles, trucks motorcycles and the rest. If you have a sewing machine that will run and you think you can drive it—bring it along.

Definite details for the Canning Club Girls are announced in another place in this week's paper and will have such additions and changes in details as may come up in the meantime—announced next week.

**Ladies Rest Room**—The Y building will be open with chairs, ice water, attendant, fans and everything possible for the comfort and convenience of the visiting ladies. Feel free to make yourself at home at any part of the day, rock the little ones to sleep—if the rest will stop howling long enough, and take a long rest yourself. It being maintained for your convenience—make use of it.

**Dinner, Lunch or Eats**—With cows at \$96.98 and going higher, bread at goodness knows what and the twelve to fifteen thousand folks that will be here it is absolutely impractical to consider feeding them. Bring your own lunches, invite your friends and such poor hungry strangers like myself, as you see hanging around looking wistfully at your spread, to eat with you and make the noon hour a series of little luncheon parties all over the city under whatever shade you find anywhere. There will be ice water at a number of the prominent places—and you will feel free to spread your cloth under any of the trees in the city—both on the Court House Lawn, the Camping Park near the High School building, in front of private residences wherever you see the sign WELCOME—they will furnish you water to wash up, afterwards. Make yourself at home—and don't forget us hungry birds on the corners.

**Dance**—The usual Fourth of July Dance will follow in the evening and a real party is expected in this connection. The music will be good and the crowd all there.

Your part in this July Fifth Celebration consists in getting behind, under and with the Chamber of Commerce and do your part well in putting this matter over. Every Automobile Dealer should see that his sake of cars are represented, every business man should see that his customers are invited to be in town that day. This is not an affair staged for the benefit of any small group of men or an organization of men—it is a city and county affair. Its success or failure does not depend upon any one or half dozen men but upon the entire citizenship of Clarendon and Donley County. Its failure would not be a reflection upon any one or half dozen men but upon the progressives, the co-operative integrity of the entire county.

It is our visiting day in which we invite the world to spend a few hours with us and see what we are like, how we get along together and what we have done and are going to do in the coming years. Any community that cannot stage a REAL co-operative and successful party three or four times a year, is not fit to be called a community and any citizen that does not assist in putting over an affair of this kind is not worthy of the name. By our showing we are known and Clarendon and Donley County has a reputation to live up to, laid by the generations in the past, as a gathering place for fun and frolic on the 4th of July, that must be maintained and added to.

Let us think and then follow it up with action and make this party the biggest thing ever staged in Clarendon and Donley County. It is not enough to do AS WELL—Let's do it BETTER.

### CHARGED WITH COTTON THEFT SENTENCE SUSPENDED

The cases of Dillard Lane and H. W. Johnson of Brice over the line in Hall county, came to trial at Memphis last week. Both were charged with the theft of cotton from Hervey Lott late last fall. Both men drew five year sentences, sentences being suspended in each case. Charges against a number of others in the same or similar cases were dismissed. The case of State of Texas vs. R. H. Templeton of Wellington in which he is charged with bribing a witness to leave the state, was continued.

J. E. Keahy and family of Roaring Springs are visiting the lady's parents, Rev. and Mrs. J. H. Watts and other relatives in this city this week.

### FORTUNE SEEKERS IN DONLEY ADOPT UNIQUE METHOD

Several fortunes have been made in Donley County in the past in various ways, some found a snug sum in the production of the soil. Two prominent citizens of this section the past week were seized with a sudden attack of fortune seeking in a new form. The disease from all accounts appears to be chronic in the case of each since there is a recurrence of same after a lapse of some two years. Scientists have pronounced the disease as "Captain Kid-itis," a disease said to exist in every specimen of the genus-homo in a latent form ready to break out at the first intimation of any unusual stories of buried riches or weird tales of robberies in the dim and shadowy past.

The latest victims to be seized with this aggravating malady were Dr. Shoffit and Pat Longan. When two break out at the same time combining skill with bull-dog tenacity of an Irishman, the face of old mother earth is bound to suffer from many a scar before the disease finally subsides. Both victims were busy Sunday exploring the sandhills near the Longan farm. The crude tracks of Captain Kid and Vasco de Gama were eagerly watched for. A hot trail was scented by the sleuths of fortune in the afternoon when in making an excavation a cave was encountered bearing unmistakable evidence of having once been inhabited. After removing several ton of rock and earth, the back end of the cave with its treasure of rabbits, snakes, lizzards, frogs, wall-eyed owls, etc., and other species that inhabit the utopian home of the lower strata of animal and reptile life resident of the Panhandle dog town regions was found.

The pair was forced to halt in their excessive explorations for the California disease breeding microbes by the deputy constable who had been keeping a close watch during the day last both parties become violent. If the "fortune bottle" happens to an accident, the victims will likely be seized with another attack next Sunday.

### CHANGES IN LIGHT SYSTEM ADS MUCH TO APPEARANCE

The light and phone poles on our principal street were removed this week to make way for the new iron post system which will convert Kearney street into a White Way. The entire wiring system of the local light plant is undergoing renovation at this time and with the addition of the new engine the first of next month, a foundation for which has already been laid, will give the City Beautiful one of the lightest cities in the Panhandle and a first class service.

### DEMOCRATIC COMMITTEE MET IN CLARENDON MONDAY

A meeting of the Donley County Democratic Committee was held in the office of County Attorney R. H. Beville Monday afternoon. Applications to get on the ballot were checked up and passed on. No assessment of candidates was made owing to the fact that very few committees were present. The next meeting is called for Friday the 25th at 2 p. m. to be held in the office of A. M. Beville.

### GOLDSTON CANNING CLUB

The Goldston Canning Club met at Mr. Scott's Tuesday afternoon with most all members present. Our Club is doing good work and we are about ready for 4th of July where we hope to carry off some of the prizes at least. Mrs. Chitwood was also present at our meeting Tuesday afternoon.

## LOONEY SPOKE HERE ON LAST SATURDAY NIGHT

GREENVILLE MAN GIVEN GOOD HEARING AND LIBERAL APPLAUSE—HON. R. H. BEVILLE INTRODUCED HIM

Hon. B. F. Looney, candidate for Governor of Texas, former Attorney General of the State, of Greenville, Hunt county, spoke in the interest of his candidacy at the courthouse last Saturday night, discussing the issues of the gubernatorial campaign, and defining what he stood for on the state issues involved, and in the course of his address telling some of the things he hoped to accomplish if elected governor of Texas.

After being introduced by R. H. Beville, General Looney gave an account of his work as a member of the Texas State Senate from Hunt county, being instrumental in securing the passage of such important measures as the anti-free pass law; the amendments to the gambling statutes making it a felony to run a gaming house, and the law permitting the state to have a commissioner appointed to take evidence outside the state, which permits the state to secure evidence in anti-trust cases. Mr. Looney then gave an account of his stewardship for three terms as Attorney General of Texas, telling of the famous Brewery suits and other anti-trust suits brought during his incumbency as attorney general. After this the general went into a discussion of his platform and his views upon the leading state issues. During the course of his address he took issue with candidate Pat M. Neff on the graduated land tax measure advocated by Neff, and also with Thomason on his proposal to do away with the poll tax law. Mr. Looney was very emphatic in advocating a plan for peopling with home owners the vacant lands of Texas, and the handling of the tenant problem. The address was well received by a good sized crowd. Much difficulty was had in securing lights, but finally some dependable gas lights were brought on the scene.

General Looney spent Sunday in Clarendon with friends and left that night for Amarillo where he spoke Monday night.

Mr. Looney has always had a good support from Donley County in his races for state offices and no doubt will pull a large vote this year. He has been a figure in Texas politics for many years, having served in the Texas State Senate and later three terms as Attorney General, and before his legislative experience was a noted District Attorney in East Texas. Two years ago he entered the race for Governor but withdrew in the interest of Gov. Hobby as against former Gov. Ferguson, and announces that he is in the race this year to the finish.

### BEAUTIFUL RECEPTION GIVEN

A very beautiful reception was given by Mrs. L. L. Taylor from four to six Friday evening honoring her daughter-in-law, Mrs. L. L. Taylor, Jr. Forty-two guests were present. The hostess was assisted by Mmes. O. D. Leisberg, Will Lott and Chas. McMurtrey. The rooms were decorated with pot plants and cut flowers of a color scheme of pink and white. The hostess served delicious cake and cream, both of which were in keeping with the same color scheme of pink and white. The guests were served with punch near the door as they entered. Each book registered in the "friendship" list and also a recipe book to which each was a contributor. The honoree was the recipient of many useful gifts.

### MAJOR DUNCAN OF DALLAS WAS HERE THURSDAY

Major Miles J. Duncan and William C. Murry of the Federal Board of Vocational Education spent Thursday in Clarendon clearing up a number of the claims of the ex-service men and getting them lined up for Vocational Training in the fall. They were brought here thru the efforts of the American Legion and examined and passed upon by a dozen or more of the disabled ex-service men.

Major Duncan who is a prominent doctor of Dallas, in speaking of this section of the state said, "You have a very beautiful country here and a wonderful little town. I like the hospital—it is a great thing for any town and I will be glad when we find one such as you have here in every town in the state. The men we have examined today have been a fine type of American manhood. This country seems to grow fine men—and I must add, beautiful women."

### MAN FATALLY INJURED NEAR BRICE THURSDAY

While driving casing from a well on the Hervey Lott farm near Brice today—Thursday—M. E. (Red) Loden was almost instantly killed by the casing breaking off and falling on him crushing his skull. Mr. Loden has been in the employ of Bill Miller as a well man for some time. The body was brought to town where it was taken in an ambulance to Amarillo for burial.

### MARTIN CANNING CLUB MEETS

Mrs. Chitwood met with our Club Monday and gave us a sewing lesson on the making of our caps. We have the largest Club in the county. Last year we had almost the smallest, but won a prize on almost all of our exhibits. Mrs. Chitwood is an excellent demonstrator and we are glad to say she is doing good work for our community. Let us, young and old, get together and back our demonstrator, and make our community the leading producing community in the county—no demonstrator can make a success without the co-operation of the people.

### AN EXPLANATION

While we are in no humor to apologize—there is no demand for such—we do wish to say at this juncture that we are a day late due to no power for the linotype for a period of about six days. We trust that all the folks will be as patient as possible until the new system of power wiring is all in after which we will be in good humor again. The paper was cut short last week. We are a day late this week. Next week we are promised power right along so The News will get to you on time and be up to the standard.

### BRICE NEWS

We were visited with a big rain Friday night. Sunday School was well attended. Brother Ingram filled his regular appointment Sunday. The young people enjoyed a singing at Mr. Nelec Elliott's Sunday night. Mr. Clyde Butler's baby, Ruth, has been very sick, but is improving. Mr. and Mrs. Fellers visited in the home of Mr. Jim Johnson Sunday. Mr. and Mrs. V. E. Waldrop visited Mr. and Mrs. Carter Sunday.

We appreciate very much the spirit of our country correspondents in sending in their news items. Fine lot this week, folks. This means a lot to our readers who are too busy to get around to see their neighbors just now. Read it all in The News.

## COUNTRY CLUB GET-TO-GETHER HAPPY EVENT

CLUB MEMBERS AND FAMILIES ENJOY FOR THE FIRST TIME THE PLEASURES OF THE CLUB GROUNDS AND LAKE

The first get-together of the members of the country club was held at their grounds Wednesday evening, some hundred and twenty-five being present to take part in the entertainment. The ladies had been asked to consider themselves solely as guests, the male members providing all the cats for the occasion. Wires had been strung to light up the waters, thus affording an excellent opportunity for bathing, boating, fishing, etc. Ropes were in place to render first aid to the uninitiated. Some of the more prudent armed themselves with tackle with which to ward off any attack made by the funny tribe, a stock of which had been supplied the lake by the state hatcheries several months ago.

Many took their first plunge of the season in the beautiful lake, bathers including both sex. The scent of coffee, bacon and other good eats combined with the hilarious laughter of the younger set, gave the party a true picnic aspect causing every one to enter into the enjoyment in their heartiest manner.

Material is being placed on the ground for the construction of boat houses, club house and other necessary buildings. The keeper's home was completed several days ago. In fact the lake reminds one even now of the beach with all the disagreeableness of mosquitos and other pests left out. This place promises to become one of the noted sporting places of the Panhandle of Texas.

### "GOAT PARTY"

The "Goat Party" staged by Ed Martin of the Crane-New York Company drilling the Bugbee well on their location north of Ashtola was one of the biggest successes of the season in Chamber of Commerce circles. In spite of the wind and rain that came up just at the appointed hour the smell of that barbecued goat lead the hungry followers of this time honored creature of progressiveness to the scene of their enthusiasm. Evidently was not work on their shirt sleeves for there was no evidence of a dampening of spirits or enthusiasm in that bunch—and the appetite was evidently all there.

It is truly remarkable how much these slim folks can eat—not to mention some of the more corpulently constructed brethren. It is seldom that you find a pair so well adapted to prove such an assertion—working right side by side as Strickland and Story. Now believe the evidence presented but it makes no difference how much a fellow eats when it comes to figure how big he is. And it is not meant by that Story didn't eat plenty.

All told there was more fun and real old honest to goodness good feeling and pleasure on that trip than was Goat—and with approximately 80 present who were unable to eat more than 2-3 of the goat prepared for them—that is saying a lot. A number of short talks were indulged in although most of those present were literally "Too full for utterance."

Hats off to Ed—he knows how to do a big thing big and his genial grin is worth cultivating. We need more like it on the streets.

### HAIL STORMS VISIT PARTS OF THE PANHANDLE

The wheat acreage in the Panhandle escaped hail storms the past week, as if by a miracle. The cotton belt was not so fortunate. Hail in damaging quantities fell near Lakeview, Memphis, Alnreed, Jericho and Brice the past week doing no little damage to the growing cotton. Inspectors declare that some \$40,000 will be paid out for hail damage in the Clarendon district. It is now thought that the hail season has passed and some hail is expected each season.

### MERCANTILE COMPANY FORCED TO INCREASE ITS FLOOR SPACE

Carpenters have been busy the past week enlarging the balcony of the Mercantile store. When the job is complete about one thousand square feet of floor space will have been added. The balcony will be used for the office and ready-to-wear goods. Increased business made the change necessary.

Mrs. Elmo Shoffet returned home Wednesday from Durant, Oklahoma, where she spent several days visiting relatives and friends. Mrs. Shoffet was a close observer of the meteor which fell in Oklahoma, an account of which appeared in our last issue.

## LUNCHEON ON TUESDAY WAS A GREAT SUCCESS

WATER QUESTION DISCUSSED AND FLAT DENIAL MADE TO ANY CHARGE OF POLITICAL ACTIVITY

The Christian Ladies Aid served a delightful luncheon to the Business Men's Tuesday Luncheon Club Tuesday at the Y building. The full membership was in attendance with a number of visitors and a number of minor question were taken up—well as two of major interest.

Ed Martin reported that the Bugbee well struck an almost inexhaustible stream of water at 225 feet that he had not been able to case off as yet—and was having to drill with a hole full of water. This was in line with the proposition of sinking a test to around 450 feet in Clarendon to find the third strata of water believed from a number of wells in this section of the state to be under Clarendon and which will give us a limitless supply of water for all time.

Acting President Story and some of the directors of the Chamber of Commerce made formal statements that the Chamber of Commerce was in no way responsible or connected or otherwise interested as an organization in any form of politics more than any church, lodge or other institution in the city. That because two, three or four of the men connected with the city, and county politics desired to go into that activity did not mean that the Chamber of Commerce was in any way responsible—and that to so charge same to the Chamber of Commerce as a result would be just as unreasonable and unfounded as to charge it to the Methodist or the Baptist or any other church, or to the Woodmen, Odd Fellows or Masonic Lodges—for the politicians—so called—belonged to a variety of churches, lodges, etc., as well as to the Chamber of Commerce.

The Tuesday Luncheon is open for any citizen of the town that likes to meet with the bunch, have a good feed and discuss the interests and questions that come up in the town. There is nothing exclusive, compulsory or complicated about it. No invitations are given individually—except one member may ask a friend to lunch with him—it is open to all and this is an invitation to get in the habit of meeting with them. It costs every member present \$1—if he is an enrolled member it costs him \$1 for the first time he is absent—and drops him the second time he is absent. That is all there is to it. Come on in—the feed is fine.

### DENVER ROAD WILL MAKE MUCH NEEDED IMPROVEMENT

Among the many needed improvements to be made on the Denver road between Wichita Falls and Amarillo will be the displacing of the 75 pound steel with 90 pound steel. The change will take place this summer and will cost approximately \$325,000. The road is to be rock ballasted at the same time the new steel is laid. Extensive improvements in the shop facilities at Childress and Amarillo will also be made during the year. Rolling stock for taking care of the greatly increased hauling tonnage has been contracted for the year 1920.

### SMALL BOY PAINFULLY INJURED SUNDAY MORNING

A lad of about seven years, Marion Adkins, was run down by a jitney driven by F. W. Butler early Sunday morning at the south end of Kearney street. The accident was unavoidable and was due to middle street parking. The lad came from behind a car on his way to the sidewalk just as Mr. Butler came down the street. The little fellow suffered three fractured ribs and injuries on his head. He was taken to the hospital immediately after the accident. Mr. Butler regrets the accident very much as do many others.

### ELECTRIC STORM PLAYS HAVOC WITH COTTON YIELDS

T. S. Kemp returned from a business trip to Collinsworth county the first of the week and reports that the electric storm Thursday ruined many fields of cotton in that county. The plants appear to have been frost bitten, requiring a replanting, as the present stand is killed.

### MARRIED

At the Methodist church Thursday morning at seven o'clock Ryburn L. Smith of Wichita Falls was married to Miss Luma L. Noble of Lelia Lake. A few friends and relatives were present to witness the ceremony. The beautiful ring ceremony was used. Rev. C. N. N. Ferguson officiated. The happy couple left on the south-bound train for Wichita Falls their future home.

### TEXAS PRESS CONVENTION AT HOUSTON

TEXAS EDITORS GREETED WITH MOST ELABORATE ENTERTAINMENT AT HOUSTON. FINE ATTENDANCE.

Leaving Clarendon on May 31st, the News editor and family drove overland to Hico where we rested and visited with the former's parents until Tuesday night, June 8th, when the editor and wife took the train for Waco where on the morning of the 9th we met the special train provided for the Texas Press members enroute from North Texas to Houston.

The special train was made up of sleepers, observation cars and one chair car and was routed over the Katy, Waco to Houston. It was a merry party that filled the special and among the most enjoyable hours of the convention were the hours

from Waco to Houston, our destination being reached at 7:30 p. m. Going directly to the Rice Hotel which was designated headquarters for the convention the tired editors got their room assignments, had supper and if accompanied by their wives went to bed at a respectable hour. Being in this class the News editor don't know just how the single and unattended pen pushers spent their evening but it is rumored that a number were up to a much later hour than would be conventional in their home towns.

Thursday morning the 41st annual convention of The Texas Press Association was called to order in the ballroom of the Rice Hotel at 8:30, an early hour being necessitated by the excursion to Sylvan Beach which left via boat on the Houston Ship Channel promptly at nine o'clock. President Sam Fore, Jr., of the Flor-essville Chronicle called the meeting to order and the preliminary details of organization were hurriedly perfected, the president's annual address was heard and a rush was made for the special cars which were to carry the party to the Texas Company's pier where the pleasure boats were waiting. One boat had not the capacity to carry the large attendance therefore another was lashed alongside and the voyage down the channel was begun amid the music of the specially provided orchestra, laughter of the guests and barks of the official conductor of the jaunt who explained the sights of interest along the route of San Jacinto, every heart swelled with pride and most of us passed with bared heads. The trip was some twenty-six miles long and it was a hungry bunch that unloaded at the Sylvan Beach dock shortly after twelve o'clock.

Here Hon. Lynch Davidson, state senator from the Houston district was host to a sea-food dinner, the like of which seldom greet the eye and tickle the fancy of dry land epicureans. Following the line of the morning program O. C. Harrison responded to the Houston welcome and Hon. Tom Perkins of McKinney was called upon to express to Mr. Davidson the appreciation of the convention for the splendid dinner and other hospitality.

After a group picture had been taken of the party we were again herded to the boats and the journey

back to Houston begun. A near-panic took place on the return trip when the burner on a coffee urn dripped flame on some oily-waste in the engine room sending up clouds of smoke thru the hatchway. The engineer courageously ran for another extinguisher when the flames kept him from reaching the one in the engine room and you may be sure that the fumes from the fluid added to the smoke, in no way allayed the fear of those who had gotten panicky. As a matter of fact the channel is so narrow that there should have been no fear from anyone as it would have required only a moment to have beached the boats if the fire had become uncontrollable. The News man was on the upper deck, and as the engines maintained full speed ahead, never for a moment entertained any idea of getting his suit all wet in the waters of the Buffalo Bayou, although if the pilot had ever headed for the shore he believed that he could have done a very creditable running broad jump. Without further mishap the party arrived in Houston in time to accept the courtesy of reserved seats at the Majesty where a very entertaining program was staged.

A little more time for the business of the association was snatched Friday morning and we ground steadily ahead until eleven thirty when we adjourned to the Southern Pacific where a special train provided thru the courtesy of W. T. Eldridge, Pres. of the Sugarland Industries, conveyed us to Sugarland for a marvelous chicken dinner provided by the Sugarland Chamber of Commerce, sight-seeing in the Sealy mattress factories, sugar refineries, state prison farms, etc., filled up a most enjoyable afternoon. The chicken dinner was spread under the great trees in the hotel yard and no editor there ever was so much fried chicken. Very few of us believed that there was so much fried chicken in the world. In the hotel a special table had been provided for the officers of the Texas Press Association, the host and Gov. and Mrs. Hobby. Through the News editor's position as assistant secretary, Mrs. Braswell and myself were seated at this festive board, and in spite of the presence of the governor (who is a member of the Texas Press Association, being owner of the Beaumont Enterprise) enjoyed one of the best dinners we ever sat down to.

The special train made the run back to Houston in time for the party to doll-up for the banquet on the roof-garden of the Rice Hotel, given by Jesse Jones, millionaire capitalist-builder of Houston. This formal affair will stand in the annals of the T. P. A. as one of the greatest banquets ever tendered the membership, anytime, anywhere. Jud Mortimer Lewis of the Houston Chronicle and Poet for the Association was toastmaster, and true to form, never lacked for the proper word to express those heart sentiments for which he has long been famous. Dr. Edgar Odell Lovett, president of the Rice Institute delivered a most profound address, meaty in content and artistic in expression. Gov. Hobby responded in a short toast, declaring that he was glad to trade off a stubborn Texas Legislature for the Texas Press Association. Jesse Jones, the host, made a few remarks in which he said that he had never been host to those for whom he had a higher admiration than the editors of Texas. After the banquet dancing was engaged in by those who desired to do so, but of course your editor is old fashioned enough to do away from home as he does at home. In other words—

The last day of the convention was a busy one. All the committee reports had to be heard, what papers we had been forced to pass over had to be heard, the election of officers and other routine business had to be attended to and it was with some difficulty that the business of the convention was wound up in time to adjourn to the roof-garden of the Rice to be guests at a luncheon sponsored by the Houston printers. As an interurban trip to Galveston was scheduled for one o'clock the luncheon was hurriedly dispatched and the party filled three interurban cars with trailers. A fast run was made to the Island City where golf bath-

ing was indulged in hilariously by the old and young of the organization. In doing a high dive at the Crystal Palace pool after coming in from the Gulf the News editor failed to consider that he was not so spare and supple as he once was and that his weight gained some impetus in a few feet drop, with the result that the concrete bottom of the pool got a terrible jolt, without much injury to the concrete, although there is one mark on the editorial forehead. We congratulate the people of Galveston that this assault was not made on the sea wall. The city is still safe.

Coming from the dressing rooms the press gang again boarded their cars and were carried to "John's" road house near the causeway, where a sea-food luncheon had been ordered and arranged by S. E. J. Cox, a millionaire oil man and a regular-fellow of Houston. Mr. Cox has a flock of automobiles, three airplanes, private yacht and other accessories to make life a joy. Mrs. Cox gained fame last fall when she piloted a plane from Houston to New York to put her son in school. She and her son made the journey unattended. Mr. Cox is a fine fellow, justly proud of his family and is a royal host.

The News editor and wife, having made arrangements to stay over in Galveston, parted from the jolly crowd who were returning to Houston in time for the night trains out, and took the trolley back to the Galvez Hotel. We enjoyed a short stay in the city by the sea, attended church at the First Methodist Church one of the oldest churches in the state, and enjoyed to the fullest the cooling breezes from the gulf and other compelling attractions of Galveston.

Leaving Galveston Monday morning via Santa Fe we came happily to Hico to the children and the good cooking of mother's table.

Next week we will be in Clarendon again. Another beneficial and enjoyable vacation trip added to our span but with one of the greatest pleasures of all reserved for the last—the joy of being at home again.

What will be of interest to many Clarendon people will be to know that our good friend, Dr. Burkhead, was our guest at the convention and asked that we transmit his loving regards to the people of the best town in the Panhandle. He loves Clarendon, her people and the Panhandle and never ceases to think of the happy days spent here.

—The Editor.

THE STATE OF TEXAS:

TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETINGS:

You are hereby commanded to summon William Lester McCormick to be and appear before the Honorable District Court of Donley County, Texas, at the Courthouse hereof in Clarendon, on Monday, the 19th day of July, 1920, then and there to answer the petition of Bertie Lillian McCormick filed in said Court on the 20th day of July, 1920, wherein Bertie Lillian

McCormick is plaintiff and William Lester McCormick is defendant in Cause No. 1070 on the Civil Docket of said Court, by causing a true copy hereof to be published for four successive weeks in some newspaper published in Donley County, Texas, the first of which publications shall be at least twenty-eight days before the return day of said term of said Court.

The nature of plaintiff's cause of action is a suit for divorce upon the

ground of abandonment alleging a lawful marriage still existing on the second day of July, 1920. And alleging abandonment by defendant in the month of July, 1913, and further alleging the sole and only issue of said marriage to be one girl child, named Lois Adeline, 6 years of age, and praying for the possession and custody thereof exclusively.

Herein fail not but have this writ with your return thereon before said Court on the first day of the next

term thereof as the law provides showing how you have executed same.

Given under my hand and seal of said Court this 20th day of May, 1920.  
W. E. Bray Clerk District Court, Donley County, Texas.  
By S. Hightower, Deputy.

**To Keep American Ships on the Seas**

For the first time since the Civil War we have a real merchant marine. It cost us \$2,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the upbuilding of our merchant marine—

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress.

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."

## LOCAL & PERSONAL

J. L. Kennedy, realty man of Hedley, was in town Monday.

F. C. Quarles left Wednesday to spend a few days with his parents near Panhandle.

Cy Richardson was another Hedleyite to make connections with the county seat the first of the week.

Cap Weatherly returned from an outing at Galveston Monday. Cap reports great doings down that way.

Robert Holland and sister, Mrs. S. E. Holland of Eastland, are visiting their brother, Joe Holland in this city.

Mrs. C. H. Russell of Grand Prairie is visiting at the home of her parents in this city, Mr. and Mrs. S. H. Lovell.

Mrs. Marvin Whitfield and little son Ewell of Hedley visited at the Joe Holland home the first of the week.

Mrs. R. J. Kretzmar and daughter, Geraldine, of Norman, Oklahoma, are visiting at the Parsons home in this city.

Jim Adams, local representative of Texas company, spent Tuesday at Amarillo attending a meeting of the district salesmen.

Mr. and Mrs. Jess Rogers of Amarillo visited at the homes of Mrs. Sella Gentry and Mrs. S. E. Atteberry the first of the week.

Mr. and Mrs. H. G. Finley will leave next week for an extended vacation trip to the hot spring country of New Mexico near the Elephant Butte dam.

Misses Pauline and Louise Bell are visiting friends at Fort Worth this week. They expect to visit at Wichita Falls, Electra and other places before returning home.

W. M. Welch, local trick man for the Western Union company, left Monday with his family for Lubbock Texas, where they will spend a week or more with his wife's mother.

The patrons and others interested in our public schools will be interested in knowing that Mr. and Mrs. K. C. East have consented to return for next term to occupy their same positions.

Miss Eppie Long, daughter of Mr. and Mrs. R. A. Long, arrived home Sunday from Plainview. Miss Eppie completed the bookkeeping and stenographic courses at Wayland college the past term.

Mr. and Mrs. Jim Hickman are the proud parents of a boy born Tuesday afternoon. Jim informs us that judging from his lung capacity, he is bound to be an auctioneer or a cow puncher.

Paul Nunn of Claude was a business visitor here Saturday.

W. H. Childers, candidate for district attorney, was in town over Sunday.

Rev. J. H. Watts returned from Amarillo Monday where he spent Sunday with friends.

Fred Johnson returned from a business trip to Ardmore and other Oklahoma towns the first of the week.

Mr. and Mrs. W. A. Russell are leaving this week for West Plains, Missouri to make their home in the future.

Miss Winnie Weatherly arrived home from Galveston Monday at which place she spent a most delightful vacation.

Mrs. J. H. Watts and daughter, Miss Lula, are visiting Rev. H. Bascom Watts, pastor of the Methodist church at Lockney.

O. D. Leisberg, who was reported ill last week, was able to assume his regular duties at his place of business early in the week.

Carl J. Sayre of Amarillo spent a few days the latter end of the week in this city a guest of his friend Roy Kutch, leaving Monday for Electra to visit a brother.

C. N. Crandle of Monette, Missouri is in town the first of the week looking for a good home. He is a farmer and was well pleased with the looks of crops in our section.

T. S. Kemp is in receipt of a letter this week from headquarters at Fort Worth in which he is informed that he has won a watch as first prize in largest sales for the month and further, that his sales lead in Fort Worth territory.

Ed Bolivar and Jess Pool, leading promoters of good cheer around Hedley, put in appearance at the county seat Monday. Both looked their best, gave a good account of crops and other conditions in general and went their way rejoicing the same day.

George Dixon will leave with all of the effects of himself and father's family this week, California bound. He informs us that his father is there now and stood the trip well. The many friends of these estimable people wish them every enjoyment in their new home.

J. T. Warren returned from Denver and Loveland, Colorado, the first of the week. J. T. saw an immense lot of sugar beets and grain on the irrigated land that is being sold for one thousand dollars per acre, but the grain and other crops on the cheaper dry land farms is very poor on account of the dry weather.

A. M. Mood of Amarillo, candidate for district attorney, spent the latter part of the week here in the interests of his candidacy.

E. J. Woods and family of Perin, Jack county, are visiting at the J. T. Lane home this week. Mrs. Woods is a daughter of Mr. Lane.

V. V. Durham of Mobeetie, was in town Saturday. He is a live really dealer of his section and informed us that land was in big demand over his way.

H. M. Crawford and son Bob of near Hedley spent a few days the last of the week with W. W. Crawford of this city returning home Sunday.

Mr. and Mrs. Blanton, prominent citizens of Plainview, Texas, spent the fore part of the week here inspecting the town with a view of making their home here in the near future.

Mr. and Mrs. J. A. McKillop are taking their vacation at Mineral Wells, Texas. They expect to visit several other central Texas towns and numerous friends and relatives before returning.

Rev. J. A. Smith, pastor of the Baptist church was called to Panola county, leaving Wednesday. Some of his family were ill. He asked us to say that the pulpit of his church will be filled at the regular services Sunday.

A Sunday School picnic chaperoned by Rev. W. L. Wince, gave about twenty youngsters a royal good outing on Kelley creek Saturday. Rain changed the program making another effort necessary to satisfy both teacher and pupils.

While the wheat raisers could not agree upon a wage scale at a recent meeting at Amarillo, the harvest has opened at eighty cents an hour. We understand that there will be no objection to long hours so long as the wheat is being put in shape for market.

### NOTICE

We wish, through the columns of The News, to express our thanks to the neighbors and the friends of our beloved husband and father, for the many expressions of love and sympathy and neighborly kindnesses shown him during his late illness and death. We shall ever cherish the neighborly kindness, the loving words of sympathy and the many other manifestations of brotherly love. We also greatly appreciated the beautiful flowers.

May God's richest blessings abide with you all for the many expressions of His mercy unto us as was manifest in your actions.

"The reforms and regulations enforced by The Comptroller's office have not only increased the safety of the Banks and promoted their earnings and prosperity but they have remedied some very serious abuses from which the public, in some localities especially, have suffered grievously in times past. For example, the war which the Comptroller's office carried on against usury, especially in some of its most aggravated forms, have brought relief and happiness to thousands of borrowers who in former years had suffered seriously from the exactions of unscrupulous lenders and as a result, interest rates—which in hundreds of cases run as high as 10 per cent a month, or 120 per cent a year and often higher—have been brought down generally to the rates fixed by law. It is with pleasure that I record the fact that in the great majority of the banks of the country the laws regulating rates of interest which may be charged are now being closely observed."

Fred Connally sailed from Galveston Tuesday over the Mallory line bound for West Point military academy. He will spend a few days in New York City before going to his destination, at which place he reports for duty on the first of the month. Fred is an appointee of Hon. Marvin Jones from this district and will spend at least three years in the national army training school. He has not decided just what course he will take in addition to the regular work. Fred has the ability to make good and his many friends here are glad to know that he has decided to make

the effort since that means a successful career for him in the world's greatest training school.

Mrs. Blanche Davis has moved her stock of millinery to Sitzer's Style Shop.

J. R. Bartlett is wearing a happy smile this week due to the arrival of a new boy in his home. The youngster weighed ten and a quarter pounds and his father has already recommended that he be listed as a member of the Chamber of Commerce along with his illustrious father.

## LOCAL & PERSONAL

Joe M. Warren returned from a business trip to Dallas Thursday.

Billie Joe Terrill of Newcastle, is visiting his aunt, Mrs. Cleo Keys in this city.

Jack Wofford of Quitaque was in town Wednesday on matters of personal business.

Fred Chamberlain, cashier of the Donley County State Bank is on the sick list this week.

J. F. Oller is on the sick list this week thus cutting down the efficient force at the Auto Service Station.

Miss Laura Muir is expected home today after spending the past several months visiting in Lafayette, Ind.

Duke Connally left Sunday in his Super bound for cool Colorado for a vacation period of a couple of weeks.

Mrs. Fred Swift of Memphis, Texas, is a guest in the home of her daughter, Mrs. J. R. Bartlett in this city.

J. M. Freeman of Boaz, Alabama, arrived here Sunday to spend a delightful visit with his daughter, Mrs. J. C. Harris.

A. M. Beville returned Tuesday morning from Galveston where he attended a state meeting of the fire insurance agents of Texas.

Mrs. W. E. Davis and daughters, Misses Sallie, Willie and Elizabeth, are at home from a very pleasant winter in Redlands, California.

Mrs. C. W. Hard, an operator on the phone exchange, is visiting her mother in Tahoka, Texas, this week. Mrs. Ralph Gatlin is supplying in her place.

J. L. Crane and family arrived from Fort Worth the first of the week to spend their vacation with a brother, city marshal W. L. Crane of this city.

Miss May Naylor, who has been connected with the phone exchange at McLean for some time, has accepted a position with the local telephone exchange.

Oscar Smith, live realty dealer with headquarters at Alanreed, was in town Wednesday on business. He also visited his parents, Mr. and Mrs. W. H. Smith of this city.

Holman Kennedy, one of the tellers of the Donley County State Bank, is attending the Panhandle Banker's convention at Clovis this week representing his firm of bankers.

Miss Meryl Benedict arrived home Tuesday to spend her vacation with home folks in the cool Panhandle. Miss Meryl is an instructor in the art department of Marvin College near St. Louis.

Mrs. J. B. Annis and little Miss Joe Kate returned home from Fort Worth Saturday night. Mrs. Annis was called there on account of the serious illness of her mother who passed away while she was there.

E. W. Adam, formerly with the local light plant for a long time, has severed his connection with that firm and will devote his attention in the future to electrical work. He will also put in a stock of electrical supplies.

The special bearing delegates to the democratic convention at Frisco passed thru here at eleven o'clock a. m. Wednesday. The train did not stop, neither did it bear any flags, pennants, nor was any noise heard—three frecks in a bunch. What are we comin' to, anyhow?

Rev. P. R. Huckleberry and son Harold, arrived home from a vacation trip to Breckinridge Saturday. Of course they visited many other places, too. The preacher reports a nice time except that he ran both front wheels off his jitney and was forced to leave it at Truscott, Knox county, on account of bad roads. They returned here by rail Saturday.

T. L. Benedict, manager of the local telephone exchange, informs us that the new switchboard will be in operation by September 1st. Many other improvements are under contemplation if material orders now in, are filled. Owing to the fact that the world's supply of platinum comes from interior Russia almost exclusively, telephone people are hard put to get material for their line of business.

J. E. Russell made a business trip to Claude Tuesday.

J. S. Ulm was a business visitor to Amarillo returning Tuesday.

J. A. Juden, representing a firm of stove dealers, was in our city over Wednesday. He found business good, placing a nice order with a local firm who will push the goods on the market upon the arrival of the goods this fall.

Mr. and Mrs. C. H. Dean and the girls, Mattie Ruth and Julia, returned home the last of the week after spending some weeks in New Mexico visiting relatives, hunting, fishing and sight seeing. Mr. Dean reports a grand trip with a journey over in the mountains where the lady could enjoy (?) the thrills of a mountain car road.

Miss Fannie Grogan left Thursday for Chicago where she will enter the Chicago Musical College for the summer and will study piano and repertoire work under R. Reuter and Percy Grainger. Miss Grogan finished the College Conservatory of this place under R. Deane Shure, taking a Post-Graduate course this past term with Mr. Marsh.

Mr. and Mrs. F. J. Mahaffey returned Monday from a trip to California. They visited relatives in Orange county as well as other places after which the return trip was made by way of Salt Lake City. F. J. states that he did not get enough salt out of the bath in the ocean so had to try the big salt lake which he found contained salt in ample quantities to satisfy anyone. Both enjoyed the trip immensely and declare it to be the most wonderful country from a scenic standpoint in existence.

Homer Mulkey returned Tuesday from a trip to Dallas where he made final arrangements for all material to complete his new show house, which, according to plans of the architect, will be one of the swellest showhouses in the Panhandle even after the plans of new show houses at Amarillo are carried to completion. Work on the new Pastime will begin immediately after the celebration of July 5th. Work will be rushed that our city will not lack for an innocent place of instructive amusement early in the fall or before.

### CHRISTIAN CHURCH

The Christian Bible School enjoyed one of the most pleasant outings in many moons, when on last Sunday after the morning worship hour, a number of autos and trucks gathered in front of the Pastime Theatre, and one of the most precious cargoes of human freight climbed aboard and at 11:30 a. m. started for the Bugbee ranch northwest of town, led by the genial hosts, Mr. and Mrs. E. D. Martin. We arrived at the drillers camp, near the river where we hope some day not so far away to see the golden stream of wealth spouting skyward in the stream of oil which we feel is certain to be waiting the successful operators.

Going down on the river's bank under the shade of the native cottonwoods, loving hands began to spread a very sumptuous feast of the most delicious eats, that only Dixie women know how to prepare. After full justice was done by everyone present, to this tempting spread, a few hours were spent in social conversation, wading the river, inspecting the oil prospects and the drillers camp, the trip home began. Everyone present pronounced this event one of the most pleasant of the year.

So far we have only heard of two cases of founder, and if this is all the results of the intemperance indulged on the part of all, we are indeed a happy bunch.

If you are not a member of some other school, the Christian Bible School extends a most cordial welcome to you to join our happy school.

# Our Drive For Low Prices Continues

—We know that many of you remember our very small beginning in Clarendon 10 years ago. Our's was the smallest Dry Goods Store in Donley County, but it was a busy little Store. At that time, we had for our motto, "The Same Goods For Less Money". Today, we have the largest Dry Goods Store in Donley County, and the fastest growing store. Our sales up to this time this year, are far greater than the same time last year.

—Our Drive For Low Prices Continues. We are glad to co-operate with you in a demand for lower prices. ### A RICH EDITOR

An exchange tells of an editor of a country town paper who started in business on credit, and retired twenty years later with a comfortable fortune of fifty thousand dollars acquired by thrift, honest effort, close application to business, faithful service to his town, and \$40,000.50 that a rich uncle left him.

### CANNING CLUB GIRLS' PROGRAM—SOME DETAILS

In the Grand Parade of the 5th of July Celebration the Donley County Canning Clubs will compete for the best decorated car and best general appearance of the Club. The same make of car will be assigned to each Club to decorate in order to make the contest fair to all concerned.

In order to facilitate the decoration of these cars on the morning of the 5th, these women have been designated to assist each Club. These women will discuss the proposition by phone or letter and decide upon the scheme or plan to be used, and two of them live in Clarendon to facilitate the gathering of such materials such as flowers, flags, colors, etc., as will be used on these cars. The Club members will note the three women who are to assist them in the preparation of their cars, learn where they live and make arrangements to be in Clarendon at a set hour to put these cars into the best shape and make the showing that is expected of them in order to win the prize to be offered.

As has been said there are to be three things to be considered in the grading of these cars. First, Best General Appearance; Second, Most Novel Idea shown in the decoration; and, Third, the proportionate number represented from that Club. Each number to count one third in the final decision. The Club members will be in Uniforms and will ride in cars immediately following their contesting decorated car.

The ladies as assigned to the different communities are:

Clarendon High School Club: Mrs. Geo. Ryan and Mrs. J. T. Sims; Grammar School Club, Mrs. F. E. Chamberlain and Mrs. Chas. McMurry; Martin School Club, Mrs. J. D. McAdams, Miss Roberta Morris and Miss Ruth Stocking; Hedley Club, Mr. U. J. Boston, Mrs. Swift and Mrs. W. H. Patrick; Giles Club, Mrs. M. C. M. S. T. P. Con...

Lela Lake Club, Mrs. Guy Taylor, Mrs. J. T. Patman and Mrs. Rhodes; Windy Valley Club, Mrs. Bert Ayres, Mrs. M. M. Nobles and Mrs. J. N. Eddins; Naylor Club, Mrs. T. L. Naylor, Miss Lela Baird and Miss Anne Muir; Ashton Club, Mrs. Barry, Mrs. Claud McAllister and Mrs. Tom Goldston; Goldston Club, Mrs. T. S. Roberts, Mrs. O. Caraway and Miss Cassadine Sims.

These ladies, together with the Club Members from each named community will make the detailed arrangements as to meeting place, time and plans of decoration by phone or letter. There are no directors, chairmen or such like—each one and the combined three are responsible to the club girls they are to assist, that their car comes up to scratch on that Grand Parade and we unto the woman or young woman that lays down on her job, for the Club Girls will sure get you. Club Girls get after your Secretary your President, Mrs. Chitwood and the ladies named for your Club and see that they help you bring things to pass. It is your car and they are just to help you—and not do it for you. So get BUSY.

### CITY ORDINANCE

AN ORDINANCE declaring the keeping of pigs, hogs and swine within the city limits to be a nuisance, prohibiting the keeping thereof within the city and providing a penalty.

Be it ordained by the City Council of City of Clarendon:

Section 1. The keeping of pigs, hogs and swine within the limits of the City of Clarendon is hereby declared to be a nuisance.

Section 2. Any person owning or having the care, custody, possession or control of any pig, hog or swine, who shall hereafter keep such pig, hog or swine within the limits of the City of Clarendon, shall be fined in any sum not less than \$5.00 nor more than \$100.00 for each violation of this ordinance; and each day that any such person shall keep any pig, hog or swine within said city shall constitute a separate offense.

Section 3. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Section 4. This ordinance shall be in full force and effect from and after its passage and publication as provided by law.

Passed by the City Council of the City of Clarendon on the 22nd day of June, 1920.

Approved 22nd day of June, A. D. 1920. Passed under the suspension of rules.

### LITTLE LIFE LINES

W. H. F.

Here are three little links in the Little Life Lines of a Great Life:  
"A man must be excessively stupid as well as uncharitable, who believes there is no virtue but on his own side."—Addison.  
"Then deem it not an idle thing  
A pleasant word to speak;  
The face you wear, the thought you bring  
A heart may heal or break."  
—J. G. Whittier.  
"Though Christ a thousand times  
in Bethlehem born,  
If He's not born in thee, thy soul  
is still forlorn."  
—Sheffler.

And the last is the cause of the vision of virtue in others. The source of kindly character, a charitable disposition, of a kindly word, is found first in Him who taught meekness, which should latterly inherit the earth. He is the Great First Cause of the altruistic spirit in the world.  
What think you.  
How live you?

#### LAKESIDE FARM OWNERS MAKE BIG HOG PURCHASES

In a big hog deal at Hedley last week in which over ten thousand dollars changed hands, some of the most noted hogs in the state owned by the Silver Crest hog farm, are now owned by Butler & Son of the Lakeside farm near Lelia. Among the hogs included in the sale were Franklin's Big Bob, the hog that won first prize at Dallas last fall. Another one is Big Bob's Lady, winning first in each of eight shows last year and won first champion at the International hog show at Chicago in 1916. Others of the lot include "Queen Masderson" and "Boo Again" considered by hog men as among the best gilts in the state. W. E. Franklin, owner of the Silver Crest farm, has more like them and is constantly on the look out for good hogs to add to his famous herd. With this purchase added to their herd, Lakeside farm will soon become known to fame among the other hog farms of the great Panhandle.

#### LACKEY-MULLENS

On Wednesday evening June 16th, 1920, at the M. E. church in this city, Mr. Wm. T. Lackey and Miss Maurine Mullens were united in marriage by Rev. C. N. N. Ferguson, pastor of the church.

The bride is the only daughter of Mr. and Mrs. L. H. Mullens. She is a charming young woman with a large circle of friends.

Mr. Lackey is a young man of pleasing personality and is well and favorably known, having attended college here four years and graduated in the class of 1919.

The bride wore a handsome gown of white satin, and the groom conventional black.

Mr. and Mrs. Lackey left Thursday evening for Mangum, Oklahoma.

AN INTERESTING CLUB LESSON

On Wednesday afternoon of last week Mrs. Ida Chitwood gave a very interesting lesson in sewing to her junior class, at the home of Mrs. P. R. Huckleberry's. After the lesson, Mrs. Huckleberry served refreshments to the class which was greatly enjoyed and which Mrs. Chitwood declares is evidence of Mrs. Huckleberry's scientific and skillful knowledge of the composition and serving of foods.

Mrs. A. E. Harris and children of Weatherford, Oklahoma, arrived the first of the week for a visit with her parents at the A. C. Donnell home southeast of town.

The time of the year is at hand when we begin to "make ready" for fall goods and plan to move out of stock all goods which we do not want to carry on hand until next spring. And, rather than carry this kind of merchandise over, we are going to offer the people of Donley County

## A Genuine, Stock Moving Clearance Sale

This is not a "slaughter sale", in which everything in the stock is included. We cannot afford such a sale, for our own sake and for the sake of our customers. Were we to "put the knife" now to staples of all kind (and by staples, we mean merchandise for which there is a demand twelve months in the year) it would mean our going into a higher market for those same staples, and our loyal, month-in-and-month-out customers would have to pay us more than we are asking now for the same staples. And they might not feel like doing that just because they loved us, so where would we be? There are ALWAYS two sides to every question, and there surely are two sides to this hysterical price-slashing about which we have been reading in the newspapers, and which has been condemned by every wholesale house.

BUT, seasonal CLEARANCE SALES are recognized by wholesalers and merchandising experts as necessary to clean-cut, profitable retailing. Space is required for new fall goods coming in, sizes are broken, yardage gets low, and the money looks better than the goods, when new goods must be paid for. So now we are once more advertising a Clearance Sale and

## OUT GOES ALL SUMMER GOODS

—LONG WEEKS, AND WEEKS OF WEAR ARE YET AHEAD FOR THE THRIFTY BUYER OF THE SUMMER GOODS WE OFFER.

—Read Carefully!

—Read Closely!

—Read All Of It.

It means dollars saved to you, if you need another single thing in summer wear. We can't describe everything in this ad. There will be broken lots, odds and ends, remnants, etc., on tables down the center aisle. Come and look them over.

—THIS SALE IS A GENUINE, STOCK-MOVING CLEARANCE SALE.

## 25 Percent. Discount On All Low Shoes

—This Applies to Men's, Ladies' and Children's Pumps and Oxfords—  
ONE FOURTH OFF

—Prices DO NOT apply to any high top shoes)

We intend, if possible, for this sale to clear out from our stocks every pair of Oxfords and Pumps. And to do this we are willing to make this big reduction on shoes. For instance, in this sale you will be able to buy

\$9.50 Pumps for.....	\$7.13	\$13.50 Pumps for.....	\$10.13
8.50 Oxfords for.....	6.38	12.50 Oxfords for.....	9.38
7.50 Pumps for.....	5.63	11.50 Oxfords for.....	8.63
6.00 Pumps for.....	4.50	11.00 Oxfords for.....	8.25
5.75 Pumps for.....	4.32	10.00 Oxfords for.....	7.50

These price ranges include low shoes for men, women and children, and are not certain shoes, but are quoted only to serve as examples of the saving. The old, regular price, plainly marked on each box, will make it easy for you to figure the discount, one-fourth off, for yourself. If you remember a shoe that you liked but did not buy, come to the store now and buy it for one-fourth less. Remember, though—

—No Shoes Charged, And None Sent Out On Approval. This Is Going To Be A Big Shoe Sale. We Know It. Are You Going To Be Here For Your Pair? Come The First Day, If Possible, Because Sizes Are Not Complete Even Now.

### TENNIS SHOE REDUCTION SALE

Our entire tennis shoe stock is included in the reduced prices below. Some are pumps and some oxfords some high tops. All are bargains.

This means B. V. D.'s, light-weight knit-wear, two-piece balbriggan suits, boys' dimity underwear, and ladies' knit union suits and teddies, as well as muslin teddies.

This offering is a truly great one and we know you will want to avail yourself of it. The early comers get the pick. Look for the pin-ticket and figure one-fourth off the price shown. They all go in this sale at

25 Percent. Discount

### Here Is A Big Discount On All Our House Dresses and Aprons

—We are including in this sale all our House Dresses and Bungalow Aprons, practically all of them of "Gold Medal" or "Tex-Maid" make.  
—Prices range from \$2.50 up to \$13.50, and you are offered these dresses and aprons at a discount from regular prices of

20 Per Cent. Off

### Only A Very Few Silk Dresses Left, And They Go At Marked Cost.

—These dresses are mostly "Sperring" dresses, which is sufficient to say to the woman who has worn one. Every one of the dresses offered is worth every dollar asked for it at regular prices, and at the sale price of MARKED COST are indeed rare bargains. (Incidentally, these marked cost prices will prove to you our assertion in times past that we do not ask too much profit on our ladies' ready-to-wear.

—SILK DRESSES AT COST.

### The Scarcity of Bargains In Staple Dry Goods Makes These Few Offering Very Attractive.

—By reason of their being purchased on a much lower market than exists now, we are able to offer a very few splendid bargains in staple piece goods:

—Good quality Shirting Cheviot at.....	33c
Bleached Domestic per yard.....	19c
—(Candor compels us to say that this domestic, of course, is not even a medium grade BUT, it's a good cloth for the money.)	
—A good assortment of Percales, specially priced for this sale	

19c to 49c

EXTRA SPECIAL:—We have a few pieces Dress Gingham, which positively can not be bought today to sell for less than 33c to 35c per yard, which we offer during this 15 Day Sale at the very low price of

Gingham—21c Yard—Gingham

—Remember, these prices are good only as long as the merchandise lasts. If you want any of it, be sure to come the first day of the sale if possible.

### Boys' Wash Suit And Romper —SALE—

—They will leave the store in a hurry at the specially low price we are making on our "Tom Sawyer" and other brands of Wash Suits. (Blouses and Shirts are not included.)

\$1.29 Rompers.....	\$0.97
3.50 Wash Suits.....	2.63
3.75 Wash Suits.....	2.82
4.50 Wash Suits.....	3.38

### SILKS, SILKS, SILKS, SILKS!!

—A percentage reduction on any article is large or small depending solely on how much profit was added in to begin with. The more that's added, the more can be taken off without a loss. On silks we KNOW that a 20 percent or 25 percent reduction is all that any buyer could expect, even in the face of the fact that the silk market has experienced a decline. While delivered not so long ago, our silks were bought on a market lower than the present market, and were originally priced to you on the same basis. So we say that a 20 or 25 percent reduction from those prices is a REAL reduction. Keep on reading

THE STATE OF TEXAS

To the sheriff or any constable of Donley County, Greeting:

You are hereby commanded to summon the unknown heirs of J. B. Williams, deceased, to be and appear before the Honorable District Court of Donley County, Texas, at the July Term thereof, 1920 on the Third Monday, being the 19th day of said Month, then and there to answer the petition of Odos Caraway filed in said Court on the 16th day of June, 1920 where in the unknown heirs of J. B. Williams, deceased, are defendant. The said cause being numbered 1085 on the Civil Docket of said Court by causing a copy hereof to be published in some newspaper in Donley County, Texas, for 4 consecutive weeks, the first issue of which shall be twenty eight days or more before the return day hereof.

Plaintiff says that prior to 1905 J. B. Williams and Fay Erwin Williams were husband and wife; that thereafter J. B. Williams acquired all of Lot Nos. 9, 10, 11 and 12 in Block No. 89 in the original town of Clarendon, that about the year of 1909 J. B. Williams died in the last said County and State, intestate, and that no disposition of his interest in said premises has been made in the Probate Court of last said County and that none can now be made; that J. B. Williams left four or five heirs other than his wife; Fay surviving him; that after said date Fay intermarried with Henry G. Southgate; that the said Fay was the owner of and undivided one half interest in said premises; that by deed properly executed and delivered plaintiff has purchased and become owner of the said Fay's community interest in said premises; that no tax has been paid on said premises for about ten years; that are about to be foreclosed and to be sold for taxes; that the heirs of J. B. Williams are unknown to the plaintiff and their residents is unknown the heirs of J. B. Williams deceased and plaintiff own said premises in common, the plaintiff owning one half; that said premises are not partitionable in kind and praying that said premises be sold, the taxes paid, out of the proceeds of such sale and that the costs be equitably divided between the parties hereto as the law provides, and that one half of the remaining proceeds be delivered over to the plaintiff and that the other half of such proceeds be deposited in this court for the benefit of the defendant, and for general relief.

Herein fail not but have you this writ before said court on the third of the next term thereof with your return thereon in writing showing how you have executed the same.

Given under my hand and seal of said court at office in Clarendon this 16th day of June 1920

W. E. Bray, Clerk of the District Court of Donley County, Texas.

By S. Hightower, Deputy.

THE STATE OF TEXAS

To the Sheriff or any Constable of Donley County, Greeting:

You are hereby commanded to summon A. L. Gibson to be and appear before the Honorable District Court of Donley County, Texas, on the third Monday in July, the same being the 19th day of said month, in the year 1920, then and there to answer a petition of Rosa Rodriguez filed in said court on the 12th day of June, 1920, by causing a true copy hereof to be published for four (4) successive weeks in some newspaper published in Donley County, Texas, the first of which publications shall be not less than twenty-eight (28) days before the return day hereof, exclusive of the day of publication. The file number of said cause being No. 1083 on the civil docket of said court.

The nature of plaintiff's demand is to cancel a certain warranty deed which appears of record in Volume 35, at page 178, deed records of Donley County, Texas, wherein it is purported that the plaintiff, for a consideration of \$2,000, did on or about the 3rd day of January, 1917, convey to the defendant Gibson all of Lot No. Four (4) in block No. Ninety (90) in the original town of Clarendon in Donley County, Texas, alleging no consideration and undue influence upon the part of the defendant; that the plaintiff cannot read or write the English language, and cannot well understand same when spoken to her; that such instrument so executed by plaintiff she believed to be a temporary mortgage and was so led to believe by the defendant, and was not apprised of the fact that it was a warranty deed until about the date of the filing hereof; that said premises is her home and Clara, the wife of the defendant, are the sole owners of said premises, with a life's estate therein accruing to the plaintiff; that said instrument so recorded constitutes a cloud upon her title so that she may not hypothecate the same for necessary improvements thereon.

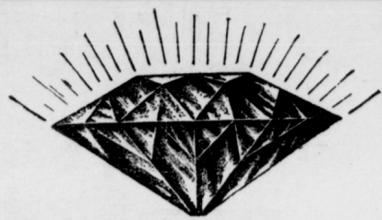

Herein fail not, but have you this writ before said court, with your return thereon in writing, on the first day of the next term hereof, showing how you have executed the same.

Given under my hand and seal of office in the court house, in Clarendon, Texas, this 12th day of June, A. D., 1920.

W. E. Bray, Clerk of said Court.

### IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat! says a well-known authority. Says a well-known authority which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

### TURN HAIR DARK WITH SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
