Chamber of Commerce Agriculture Committee to Sponsor Stock Show And Expanded Farm Program

At a meeting of Chamber of Commerce and stock show officials Saturday, January 28th, the group voted to merge the present stock show organization with the agricultural committee of the Clarendon Chamber of Commerce and to undertake a much more extensive agricultural program than the one which has featured only the club boys' shows.

Carroll Lewis was selected as chairman of the committee and County Agent C. O. Reed was named secretary. Other members of the agricultural committee selected by the group are E. S. Ballew, W. B. Mayfield, O. D. Lowry, Oscar Thomas, G. W. Estlack, Ray Noblitt, W. C. Thornberry, Joe McMurtry, Frank Hardin, J. W. Sullivan, Floyd Crofford, J. B. Masterson, Quinn Aten, Charles Rains, and Frank Hermesmeyer.

County Agent C. O. Reed outlined a program for the county which would include sponsoring of demonstrations in re-seeding grass land, raising of grass seed for commercial sale, the expansion of the present dairy industry, demonstrations of storm-proof and other varieties of cotton, adapted to combine type of harvesting, the expansion of present orchards, especially cherry trees, and a number of other features that would make a full-rounded agricultural program for the county. Tentative plans would include a fall fair which would combine the fall swine show, a fall dairy show, and agricultural products exhibits into an annual county fair.

LT. RAYMOND G. JOHNSON SCORES FOR AVIATION IN MEDICAL RESEARCH

AN EIGHTH AIR FORCE FIGHTER STATION, England—In addition to his successful combat operations, it recently was officially revealed that 2nd Lt. Raymond G. Johnson, 20, of Clarendon, Texas, an Eighth Air Force P51 Mustang pilot, has scored for aviation medical research.

Lt. Johnson is among the pioneering pilots of the 339th Fighter Group commanded by Colonel John B. Henry Jr., of San Antonio, Texas, who for several months tested the new flying suit which has defeated "blackout" or temporary loss of vision by preventing blood from rushing from the brain of a fighter pilot during high speed maneuvers.

Wearing the suit even before it was approved fully by higher headquarters, Col. Henry's group destroyed more than 185 enemy planes in the air and more than 120 on the ground in less than 250 missions. The record has been so excellent that Lt. Johnson and his fellow pilots declare "we wouldn't fly without the suit, now that we know what it will do."

Lt. Johnson's wife, Mrs. Mary N. Johnson, lives in Clarendon.

To Speak On Leprosy

Miss Dora Jane Armstrong

Miss Dora Jane Armstrong

Will Speak At Presbyterian Church

On Tuesday, Feb. 6th at the Presbyterian Church at 3 p. m. Miss Dora Jane Armstrong of Dallas will speak in behalf of the "Leprosy World Work."

Miss Armstrong has done missionary work for seventeen years in the Belgian Congo; graduated with honors from the John Hopkins School of Nursing. Donley County Red Cross Quota Set at \$6,100

R. E. Drennan, Chapter Chairman, Lee Bell, 1945 War Fund Chairman, J. D. Swift, Chapter Treasurer and Mrs. C. A. Burton, Home Service Chairman, attended the American Red Cross District meeting in Amarillo Monday, at which time plans for the 1945 War Fund Drive and Home Service problems were discussed.

On returning from the meeting Lee Bell, Chairman of the War Fund Drive in Donley County said that the National Quota has been raised above the first figures that were announced, which will mean a raise of our county Quota to \$6,100.00. The reason for the raise was because the budget and quota was set up last October when everyone was just a little too optimistic about the early end of the War in Europe.

Plans for the 1945 War Fund Drive which is to begin March 1st are well underway and details will be announced soon.

RATION FREE SHOE SALE COMING UP SOON

Limited quantities of men's and women's shoes may be sold to consumers ration-free at specified price reductions during the two weeks period of February 19 through March 3rd. OPA announces. Two-fold purpose of the temporary ration holiday, OPA states, is to give consumers the benefit of extra shoe mileage that otherwise might remain unused on dealers' shelves, and to help dealers clear their stocks of the normal accumulation of odds and ends and broken sizes. Before rationing, such shoes were customarily disposed of in seasonal clearance sales. OPA estimates that about 4,500,000 pairs of shoes will be sold in this special ration-free "sale."

PLANS BEING MADE TO REMODEL PASTIME THEATRE

Lee Bell, manager of the Pastime Theatre, announced this week that plans are underway for a remodeling job on the Pastime Theatre as soon as materials can be secured.

An architect has been engaged and is to begin work on the plans right away. The space occupied by the Pastime Drug and Candy Kitchen are to be taken into the show building, and the building is to be completely remodeled and decorated. The changes will greatly add to the comfort of the patrons by providing a more lobby and lounge space and will increase the seating capacity.

Just when the work can be done depends on the way the war goes and how soon it is over.

The Pastime Drug has moved its location to the first building south of the Donley County State Bank.

BAND PARENTS CLUB ORGANIZED

The Clarendon Band Parents Club held its first meeting January 25th in the band room. There were approximately thirty parents present for this meeting. The purpose of the meeting was to organize and discuss plans for the year.

The following officers were elected:

Mrs. Rolle Brumley, President; Mrs. J. L. Naylor, Vice President; Mr. O. D. Lowry, Sec.-Treas.

The Club will hold regular meetings on the third Monday of each month and all parents of band members are urged to attend.

A definite shake-up in the committees and a new ambitious program of work for the chamber of Commerce for 1945 has been announced by President Lee Bell. Elimination of a number of obsolete committees and re-organization of the entire program of work of the chamber of commerce under seven standing committees has been completed. The Vocational Agricultural Department and band will continue to be major projects of the organization. The four major program of work committees, the Band committee, the highway committee, the air port and special projects committee, and the agricultural committee have already met and outlined their work for the year. The membership committee, special occasions and entertainment committee, and the legislative committees will meet at an early date and outline their respective programs of work.

The band committee is headed by R. E. Drennan. Other members of the committee are Bandmaster Stanley, C. B. Morris, Rayburn Smith, Tom Roberts, and Van Kennedy. The committee met and have outlined an ambitious program which will continue the sponsorship of the band by the chamber of commerce, the securing of additional instruments, and cooperating with the bandmaster to provide trips, special programs and other features that will add to the interest and development of the band.

The highway committee composed of Clyde Wilson, chairman, Dale Hill, Joe Goldston, J. D. Swift, and Oliver Elliott have outlined the completion of the county-right of way on Highway 18 to the south and north, the completion of securing the right of way from Hedley to the Collingsworth County line, the widening and improved grading and drainage of the road to the airport, and further efforts to secure construction on Highway 18 south to Turkey as the major objectives for the committees program of work. The state has already included in their future program the paving of "18" to the pavement on "256" west of Memphis from the present stretch of paving south of Clarendon, but the right-of-way has been changed on the south portion of the now unpaved road in Donley County and that in Hall County to the paving running west of Memphis. The new right-of-way will run east of the present road and through the present community of Brice.

Approximately three months ago, the county commissioners' court agreed to improve the present road to the airport and to widen the road ten feet on both the north and south in order to build sufficient grade to provide proper drainage for the road. The committee has been working with county officials in securing right-of-way for this road, which will add much to the chances of holding the present Municipal airport and its C.A.A. equipment.

The Airport and Special Projects committee headed by Dr. K. S. Lowell is composed of J. Fred Smith, Jr., Basil Hurst, J. R. Porter, Tom Connally, A. J. Bryan and C. M. Lowry. This group has sponsored and assisted in the work that has provided Clarendon with an excellent Municipal Airport without a large bond issue as has been true in the cases of almost all towns and counties in this region including Dalhart, Childress, Lamesa and Plainview, each of which voted bonds to the amount of \$60,000 to as much as \$185,000. Government officials have been contacted and official designation of the field has been promised within the next ten days. The committee has printed briefs and supplied necessary information. LIBRARY NOTES

By Mrs. C. A. Burton

Ernie Pyle returned to Indiana University, his Alma Mater, on Nov. 13, to receive the honorary degree of Doctor of Humane Letters, the first of its kind in the history of the institution. Pyle's years there were 1919 to 1923, and he not only edited the campus newspaper, but became the first student football manager.

Most of Newport turned out on the afternoon of November 9 to pay homage to Maud Howe Elliott on her ninetieth birthday. She is the daughter of two distinguished New Englanders, Dr. Samuel Gridley Howe and Julia Word Howe, and not long ago she published a book called "This Was My Newport."

The editorial board of the "American Scholar" has two new names; Paul Robeson and Sumner Welles.

P. G. Wodehouse is still having

trouble. He was arrested not long ago in Paris for collaboration with the Nazis, a charge which he denies.

The Florida Supreme Court has ruled that Marjorie Kennan Rawling's description in "Cross Creek" of a character who "cursed loudly" was an invasion of the privacy of Zelma Cason of Island Grove. Miss Rawlings had described a census enumerator named Zelma, as an "ageless spinster resembling an angry and efficient canary." A lower court had dismissed Miss Cason's suit for \$100,000. But the Supreme Court's decision sends the case back to the lower court. Though her "Cross Creek" has been popular, yet Marjorie Kennan Rawlings will continue to be known for "The Yearling."

The New York Public Library has announced a new gift of four prized manuscripts—one of Sir Walter Scott's, one of Shaw's, and two of Sir James Barrie's. Sir Walter's "The Siege of Malta" is significant because it was his last

novel and remains unfinished—ends in the middle of a sentence. The manuscript of "The Little Minister" is presumed to have been the printer's copy. Shaw's "Widowers' Houses" is the only manuscript of any play or important work of the author—he has always followed the practice of destroying all manuscripts.

Did you read "Tack's review" of "Forever Amber" in Tuesday's News? Rather interesting to say the least. "Forever Amber" is Kathleen Winsor's best-seller.

Mr. and Mrs. Dick Tomlinson of Ashola brought us a ten-volume of University Encyclopedia recently, saying their children, for whom they were purchased many years ago were grown and gone, and while they were old books, they might still be helpful; and they will be and we appreciate them.

LELIA LAKE WHIRLWIND

GOSSIP

Three Senior girls and two Sophmores (a boy and a girl) turned their books in last Friday, to enter another school. Four of them started to school at Clarendon, and the other one at Lakeview. We were very sorry to see them leave, after living down here so long. We want to wish them lots of good luck.

We are proud to announce that we have seven sets of twins going to school down here. Three sets are in high school and the other four sets are in grade school.

Wiley and Reba seem to be doing OK ech, kids? Tena hasn't heard from O'Neill in over two weeks, and while he was in the states, she never failed to hear from him at least four times a week.

Catherine McElrath was given a farewell party by a few of her friends Saturday night.

Williams has a pretty new wrist watch. Say, Williams, graduation is coming early for you, isn't it?

Sylvia, who did you stand up Saturday night? Now we wouldn't do that anymore, if we were you.

Lelia Lake played Goodnight

down here Thursday night. The Goodnight boys beat them 51-39. Our boys were really good, from some reason or the other, because they gave them plenty of competition. The girls beat the Goodnight girls 32-8. They were plenty good, too.

Lois Marie was really on the beam, Thursday night. Out of the thirty two points that were made, she made eighteen of them, and that was her first time to play forward. Good going Williams. You are really learning fast, eh, kids?

We wonder why Iva Dell was limping (over the week end). Could it have been because a cow stepped on her foot?

Veda Rae and Bill were seen together at the Midnight show Saturday night.

Dorothy is always getting letters from a soldier. Dorothy, don't you know you are too young to

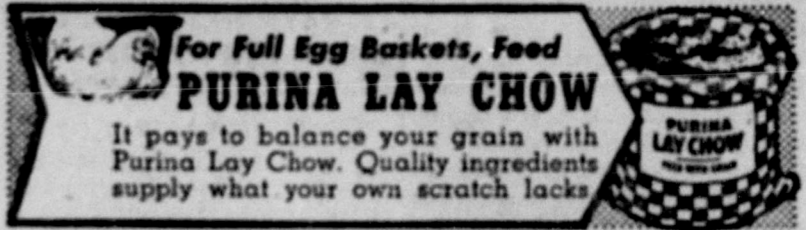

get so many letters.

Norman Henderson (ex-senior from Lelia Lake) visited his friends down here Wednesday afternoon.

The Navy and Marines were well represented at skating Friday night.

NEWSPAPER CLIPPING BRINGS WIDOW \$180
Because a friend handed her a newspaper clipping urging survivors of deceased workers to call at the nearest office of the Social Security Board, a certain woman in this community has \$180 which she would not otherwise have had. The story was related by James L. Farmer, Acting Manager of the Amarillo field office. Her husband died almost two years ago, and she had never inquired about social security benefit payments. Since there is a two-year time limit on applications for lump-sum payments, further delay would have made it impossible for her to receive the present payment. She called at the Board Field office in Amarillo, some weeks ago, bringing with her the story clipped from the local newspaper. She was overjoyed when she learned that she could receive \$180—because she was in need of immediate cash for some overdue bills. Moreover, in about three years or when she attains age 65, she will start receiving about \$22.50 per month as long as she lives, because her husband was "fully insured" under the Social Security Act. Miss Martha Riemer spent the week end in Lubbock. Dan Brazille of Amarillo was a visitor in Clarendon Monday. Mrs. Rayburn Smith and Ada Sue were Amarillo visitors Tuesday. Dr. Ellis is a patient in an Amarillo Hospital at this time, having been taken there last week. W. L. Landers is confined to his home with a case of the flu this week. Don Landers, who has been ill with pneumonia the past week, is some better at this time. Mrs. Joe Cluck of Dalhart visited in the home of Mr. and Mrs. Sam Lowe last week end. Mr. and Mrs. Frank Bourland were in Amarillo Friday. Mr. and Mrs. Ed Dishman were Amarillo visitors Monday.

Church News

FIRST CHRISTIAN CHURCH
L. Guy Ament, Pastor
Obedience the Test of Love. "If ye know these things, happy are ye if ye do them." John 14:15. Next Sunday preaching at 11 a.m. Evening services at 7:30. All are welcome. Sunday school at 10 a. m. There is a class for you. The missionary meeting Wednesday February 7, will be with Mrs. Herd at her home, as hostess and Mrs. Shelley the leader for the lesson. Everyone is invited to attend. It will be good to be there. Mrs. Ament, President.

THE METHODIST CHURCH
H. W. Hanks, Pastor
Sunday school at 9:45. Preaching at 10:50. Subject: "Have we learned enough to become Wise Builders, or will we continue to build as Fools, on the Sand?" The Intermediates meet at seven. Preaching at 7:45. I will preach at Ashtola at 12:00. We are making good progress in securing the money and pledges for our Crusade for Christ. We thank everyone who has already made his or her contribution. We also thank those who have spoken such encouraging words. We need a good deal more money and pledges to reach our goal. We feel that every one wants to have a part in this worthy cause. As stated before we wish to raise in our local congregation twenty-five hundred dollars. We wish to have all this pledged by the first Sunday in March. But you have till the 31st of January, 1946 to make the final payment. If you want to do so, some are paying all now. Others are paying half and wish to pay the balance within a few months. Of course the money is needed now. So if you can spare it pay all of it now. If not pay what you can now and pay the remainder by the last day of January, 1946. In this campaign, the church at Ashtola is asked for one hundred and twenty-five dollars (\$125.00). The church at Goldston is asked for eighty dollars. As stated before this is over and above all other askings. It is for War relief and reconstruction. In a word it is to help feed and clothe the millions who have lost all. So let each member, and the friends of our church think this over and make your contribution as liberal as possible. We do not plan to take any public offering. See me or J. R. Porter or J. T. Patman and make your contribution. Then a part of this campaign is to increase the attendance at all our services. There is someone you can reach. Do not fail them. Again we thank everybody. Pray for me. Pray for each other. Pray for a Christian world. Mrs. C. A. Burton, J. D. Swift, Lee Bell and Mr. Drennan attended a Red Cross meeting in Amarillo Monday. Jean Taylor Wilkinson left the latter part of last week for Canyon where she will complete work on her Masters Degree.

L. L. Wallace returned Monday from Llano, Austin and Curro, Texas where he transacted business.

CORRIDOR COMMENTS

Well, backward week finally rolled around and what a sigh the girls sighed when they realized that at last they might have a chance to go with that boy. Providing Dad dug in his pocket deep enough! Aren't boys expensive? My, my! Everyone thought surely that in a few weeks Bob and Kathleen would make up, but alas! we were mistaken. What is the matter with Don Cupid? Asleep?

Man alive! Doesn't Raymond have a shiner? He said he got it at the boxing tournament at Amarillo, but we wonder! We know Johnny is Irish.

Well, Harry! We didn't know you were such a lady's man. Boys, you might pick up a few pointers by watching Harry around 24 blondes, brunettes and redheads! Yes, those girls caused no end of trouble. Just ask Jack Ballew.

What is this we heard about Mary Christie getting stood up Thursday night? And after she went to all the trouble of getting a date! Robert, you should be ashamed.

Donald Bailey rated a millionaire's daughter for a date the other night. Rest at ease, girls! She was from McMurry College. Race horses, and bus lines! Not bad!

How was Naoma standing when she mentioned removing her

sweater for a Home Economics picture? We wonder.

Allie Mae, have you found out the latest about the affair of Edna Lou and Richard?

We hear we are about to lose Harry because of a certain girl out of twenty-four who sang here Wednesday. Some case, what?

Who was seen with Melba in assembly Wednesday? Is that case rocking again?

Easy Spanish work, eh Nita? The Sophomores seem to be trying to increase their vocabulary. Are they having success?

Dorothy Jean, we have seen you wearing a new pin. Is it from that certain sailor?

Is it because of the boys that "Chuck stays in the third period Algebra class?"

Boys, how did the dates come along with you?

Is it Jr. that all the girls think has the best physique of the boys in high school?

Phyllis, do you wish it would snow in order to get rid of yourself?

Why was Harless so anxious to get his coat buttoned up at the Methodist church Wednesday night?

Delene has a new boy friend. Who might he be?

Gregory, which of the three girls is going to be the lucky one? Juanelle, in home economics class have you no pep or is it just

laziness?

What was it Nelda Lee Harrison said when she was asked if she was going to date Jerrit David backward week? Could it have been, "Ah, he wouldn't go."

What was it Bert Barns was doing between six and eight o'clock Monday afternoon?

Did Douglas Lowe have a good time Monday night?

What four she-wolves were with "Esby" Barns in that tan Chevrolet Monday after school? Poor Bert!

Say, Phyllis, did you and Wynell have a good time last Monday night?

Did we see Bert and Harry in Memphis last Tuesday night? Oh! Oh!

What night was it that Ardith and Wanda were in Memphis? Carlie really got the service last week; how about that, Bennett?

Seen together Monday evening—Leroy Butler and Louise Underdown.

Has everyone seen the cute Navy pin that D.J.T. has been wearing? Could it be from Jack? We hope so.

Everyone wants to welcome Lovey Stanley as a new student in C.H.S. Hope you like us, Lovey.

Who were the five strange boys in town Sunday afternoon? Ask "Dot", "Chicken" and "Elise." They even know their license number.

La Verne, who were you with at the dance? We wonder?

Seen at the dance—Tuffy and Melba.

Seen at the dance—Bill Howerton and Calvin; it seems that Bill's mind was not on Calvin.

It seems that the "little gray bug" went on another excursion to Memphis Friday, with Faye, "Kat", and "Liz," as passengers. They had a wonderful time, especially on the way home.

BACKWARD DANCE SUCCESS IN CANTEEN

The backward dance last Friday night turned out to be a beautiful success in the "Corner Canteen". Its success must inevitably be attributed to the efforts of the College Sophomores who made it possible. The large crowd of boys and girls all witnessed a glorious time in enjoying the dancing, games, and conversation. The nickelodion was moved from the gymnasium to the Canteen for the occasion and is to remain there for the duration of the Canteen's existence; which, incidentally, is to be exceedingly short; and provided good music for dancing. The party culminated in proving just how advantageous the Canteen can be to the student body. Every person who attended had a good time; if he didn't, he can't blame the facilities of the Canteen; something else was wrong. Those who didn't care to dance played games or just sat around and "Shot the breeze." The gregarious nature of people forbids their not enjoying the presence of others.

About seventy membership cards have already been sold. The money from the sales will all go to the betterment of the Canteen. More cards will be printed before the first of the month so that everyone can have one before they become effective February 1st. After that date, each person must have one in order to gain admittance to the Canteen.

We wish to extend our appreciation as the student body to the members of the faculty who attended the dance as our guests, and particularly to Mr. Drennan for keeping the nickelodion going. We hope they enjoyed the dance as much as we did.

STUDENT BODY ENTERTAINED

Wednesday afternoon at 2:00 the students of Clarendon Schools were entertained by "The Chanters" from McMurry College, Abilene, Texas. The girls sang several songs as a chorus; interspersed throughout the program were a quartet, a trio, and a solo. The solo was sung especially to Harry Blair, and we hope he enjoyed it. The student body was very glad to have them visit us, and we are looking forward to seeing them again next year.

But it wasn't so extravagant as it seemed. Hats were bigger then—and also fewer. Mother's hand-made mauve velour was good for several seasons.

Today, Mother's hat bills may total as much or more than the price of that quaint old velour. But she gets many more hats for her money.

It's much the same with electric bills. If yours seem about the same as they did years ago, it's because you are enjoying so many more electric conveniences now. And you're getting far more electricity for your money than you ever did before—about twice as much today as you did 15 years ago.

Not only has the price of electricity come down steadily through the years, but it has stayed down while war sent other costs climbing.

Hard work and good business management by your friends in this company will continue to make electricity dependable, cheap—one of the big bargains of all time.

 formation to all airlines seeking regular scheduled feeder line passenger and transport service to and from Clarendon. They have sent wires and letters to the National Civil Aeronautics Authority and to our representatives and senators urging that regular

scheduled feeder line service for passengers and freight be established. This committee also has under consideration a number of other special projects.

The re-organization of the agriculture committee and its program of work is outlined in another article in this paper. The Membership committee is composed of Dale Hill, chairman, R.

E. Drennan, Wendell Smith and Carroll Knorpp. The entertainment and special occasions committee is composed of C. J. Douglas, Chairman, R. E. Drennan, L. E. Thompson, A. D. Estlack, and Frank Thomas. The legislative committee is composed of J. R. Porter, chairman, J. T. Patman, and W. H. Patrick. Each of these committees will be called together at an early date to outline their work for the year. The membership committee will hold the annual membership drive about the 15th of February.

misaid are also sent to the Effects Bureau.

I gathered these facts from addresses at an area Red Cross meeting this week: 800 million surgical dressings were made by

U. S. women of the Red Cross during the past year; 13,000 Prisoner of War packages packed and shipped; 15 million communications sent by Red Cross; 40,000 nurses have volunteered and are serving their country; 16,000 British women are serving in the Clubs which have been established as recreation centers for service men.

Families of servicemen are urged to use V-Mail or Air Mail letters instead of cables for emergency messages. When commercial cables are sent to Fleet Post Offices, they are sent from New York or San Francisco by Air Mail—therefore nothing in time is gained. And when cables are possible, families are reminded of the disturbing effect of such messages to the serviceman—and that a V-Mail or Air Mail letter is much better.

From the daily press comes the statement that one of the most serious problems facing the post war world is the rehabilitation of Neuro-psychiatric cases. The statement is made that 1,200,000 civilians were rejected for this reason and that 130,000 have been discharged on this ground. The government is trying to meet the situation by training psychiatrists—and also trying to educate the public to the realization of the need for cooperation in helping these men to readjust to normal civilian life.

Mr. and Mrs. L. L. Wood have had word that their son, Pvt. Lewis L. Wood has sailed for overseas duty. His wife and children arrived in Amarillo Tuesday from California. They will make their home here for the time being.

TERRACES, PASTURE
 The 1945 AAA program will provide substantial cash repayments for many beneficial soil improvement or conservation practices carried out by farmers or ranchers, according to specifications. Recently each producer was mailed a list of practices set up for 1945 that must have prior written approval of County AAA Committee before practice is carried out.

Terraces, contour lines, tanks, reseeding pastures with native grass seed, planting sweet clover are some of the practices that you should discuss with AAA office now.

Plans are being completed with several contractors to build terraces and tanks under the AAA program. Since there are several changes in the 1945 tank, terracing and contour farming program, you are urgently requested to discuss plans with AAA office.

Reseeding pastures or idle fields with native grass seeds is a beneficial program for this county. Planting of soil building crops, such as yellow blossom and white blossom sweet clovers and Hubam clover are recommended for Donley County. Since March is the best time to plant clovers and grass seed, arrangements should be completed now to carry out these practices.

You will need prior approval of your County AAA Committee before carrying out these practices.

For further information regarding specifications and rate of payment, contact AAA office at Clarendon.

CALL TO ARMS

Your Government needs and asks its citizens in this 165th week of the war to:

1. Answer the emergency call for 8,000 medical WACS. Women from 20 to 50 are needed immediately for non-professional medical work in U. S. Army Hospitals.
2. Help to relieve the Doctor and Nurse shortage by taking a Red Cross Nursing Course to learn how to care for your own family.
3. Remember—1944 income tax return forms do not provide for payment of the unforgiven portion of your 1942 tax due March 15. Separate statements are being mailed.
4. Write your serviceman cheerful, re-assuring and frequent letters. Use V-Mail when you write overseas.
5. Beware of complacency. When the war news is good, redouble your efforts on the home front. Set an example your boy can be proud of.

RED CROSS VOLUNTEER SERVICE

HOME SERVICE
 By Mrs. C. A. Burton

The Western Union Telegraph Company has recently inaugurated a "Homeward Bound" telegraph service for military personnel returning from overseas or receiving discharges. This will enable a returning serviceman to announce his arrival home thru one of 15 fixed-text telegrams at a special rate of 25c to any place in the U. S.

The Mustering-Out Payment Act has been amended to permit payment in cases of mentally disabled persons without the appointment of a legal representative.

Often there are requests for information about the personal effects of men who have died or are reported missing. These personal effects are sent to the Effects Quartermaster, Army Effects Bureau, Quartermaster Depot, Kansas City, Missouri. A list of the items and the name of the person designated by the serviceman accompanies the shipment, and they are sent to the beneficiary without application and at government expense unless there is some doubt as to the eligibility. Valuable papers and personal effects which the serviceman does not wish to carry overseas with him are accepted for safekeeping by the Bureau. Articles lost or
