

## OUR COUNTY FAIR WILL BE BIGGER AND BETTER TOO

FALL FAIR PLANS ARE TAKING MORE DEFINITE SHAPE WILL BE BIGGEST THING YET AND COVER GREATER SCOPE

The county fair dates have been definitely agreed upon—September 22, 23 and 24th. This all important event county wide in its scope, will be under the direct supervision of the county demonstration agent and county agricultural agent this year. They will have the assistance of the local chamber of commerce whenever needed. All enterprising citizens of the county, men, women and children, will lend a helping hand and feel that they have a direct personal interest in the success of the enterprise. It is this fact that made the county exhibit a great success last season. It is that fact that means a bigger county-wide show this season.

After looking over the fine exhibits last season during fair days, many were encouraged to offer specimens should the opportunity again present itself. That time is coming. Get ready for it. Plant and cultivate toward that end. Some were heard to remark that they had better specimens at home than those shown, but did not think it worth while to bring them in. That's just what is wanted and needed. Competition is the life of the fair. Friendly rivalry at the fair has led many to greater effort. New ideas were taken home and put into execution. The exhibit is a great school. That idea is not confined to the agricultural exhibit alone—the live stock department offers something worth while. The poultry department is well worth the time spent in looking over the exhibits offered by your neighbors. Lots and lots of stuff—all produced right here at home.

### Canning Clubs

The reader will possibly remember what a record was made by the canning clubs last season under the direction of Mrs. Chitwood. Everything that was good to eat was put up in glass—even to a "jaybird." No joke about it—he was there. Just as an oddity, of course, but he got "canned" just the same just to show the other folks what could be done. Donley county offers a field of raw products for canning such as no other section offers in the temperate zone. Big statement—yes it is, reserve your opinion of the truthfulness of that statement until you see what the folks bring in next September.

### Poultry Club

For a long time Donley county folks had the idea that poultry raising was not worth while. Lots of folks got their first inspiration at the fair here last fall. This season's showings will eclipse anything yet attempted in the Panhandle. All this winter hen houses and chicken coops have been in the making. Incubators have been purchased. Old "domineer" has been groomed and the weaklings culled out. The breed stock is better. The poultry exhibit last season represented thirteen distinct varieties. This year a few more varieties will be added and far better specimens offered.

### Community Exhibits

No one thing produced more real friendly rivalry last fall than the various exhibits of the communities. Martin won first, with Giles and Goldston close seconds. Ashton came out in third place but have set their heads to win first this time or make the winner break the record.

### FEED CLUBS

A great deal more care in the selection of seed this season will result in a much better showing in the feed club exhibits. The county agent, Roy W. Hendrix, is taking special pains to assist in the selection of seeds, methods of planting and preparation of the seed bed. Here is something that will give the young folks a chance to gain fame and you may bet on their landing with the goods.

### Pig and Baby Beef Clubs

Donley county is all stirred up over the hog proposition and we may look for some mighty fine stuff in the stalls this fall. The older heads will have to get busy if they are to share the honors with the club members. There will not be a great many in the baby beef club class, but they will be good.

With Mrs. Chitwood looking after canning and poultry clubs, and Mr. Hendrix whooping it up for the other clubs mentioned above, Donley county is right in line for some real effective advertising this fall. And another thing. Those free trips to the state fair and other prizes that will be announced soon, is going to make some one happy as well as the honor of winning over the other fellows.

## TELEPHONE CO. MOVES INTO ITS NEW BUILDING

AFTER MANY MONTHS BUILDING CLARENDON TELEPHONE CO. MOVED INTO NEW QUARTERS FRIDAY.

After several months building the new home of the local telephone exchange is now completed. Then came the task of installing the large switchboard and accompanying accessories. This work was begun the first Tuesday in November. This and a thousand and one things has kept the force outside and in, busy and occasionally no end of worry until they finally saw their efforts crowned with victory Friday night.

Manager T. L. Benedict had been bedridden for several days but insisted that his physical accompany him to the "opening" when the new board was to be "cut in." He was there. No man who had worried and fretted under so many difficulties and for so long, of his type could be kept away. At a given signal two girls seated themselves at the new board in the new building, the wires leading to the old board were severed and the "hello girls" walked in to the new board. After the girls were seated, each vied with the other for the few, short seconds to see who would be the first to answer a call over the new board. There was no long wait—not at a switchboard. A few seconds after the young ladies were seated, Lee Holland called for the first number. Miss Mary Cox had the honor of using the first plug on the new board. No sooner had she raised her hand than Chidress called and Miss Fannie Love pushed the plug in her section of the board almost simultaneously with the other girl. From that time on the girls were all busy and the usual interesting music rang in the room. Expert wire men continued to remedy any little defects and by noon next day all was working in fine shape. Mr. Benedict returned home that night satisfied that a fellow could do most anything if he only tried.

## LOCAL MEN ATTEND EDUCATIONAL CONFERENCE AT ABILENE

A conference of vast importance to the church educational interests is in session at Abilene this week. Rev. Geo. S. Slover, W. T. Hays and Rev. John R. Hanson are among the men of the Panhandle, this section began Tuesday and will bring together men from all sections of the territory embraced in the Northwest Texas conference.

This conference is for the purpose of compiling financial plans to secure \$710,400 within the bounds of the Northwest Texas conference for educational purposes and connectional interests. The entire sum to be raised by Southern Methodist is \$33,900,000. This meeting will bring together the leading officials, ministers, editors, college presidents, and lay workers within the bounds of the Northwest Texas conference. Bishop W. F. McMurray, of Louisville, Ky., will be the ranking church official present. Dr. Stone-wall Anderson, representing the Christian Education Movement, with headquarters at Nashville, Tenn., will be present and assist in organizing the conference to raise its pro rata of the big fund.

J. P. Slayton, of Hereford, is conference financial director. Associated with him are district directors who will supervise the every member canvass in the territory covered by the Northwest Texas conference. The financial end of the Christian Education Movement is in the hands of the ablest business men of the Church. They have made a careful survey of the situation and are optimistic as to the result. In some annual conferences the situation prevails that the sum asked for will be over subscribed. May 29 to June 5 is the time set for the campaign to secure this amount throughout the Church.

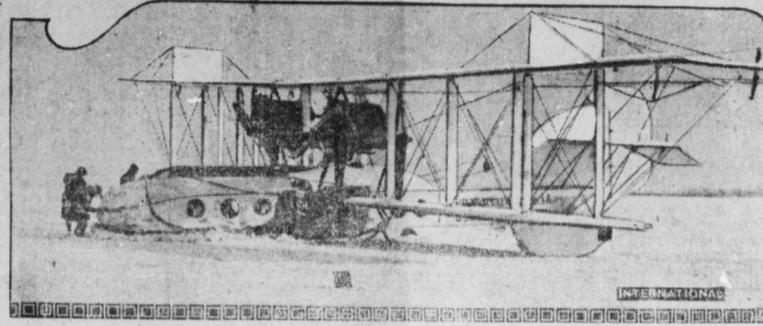

Rev. B. D. Donk, of Abilene, is educational secretary for the Northwest Texas conference.

The success of the Christian Education Movement in this section will mean the strengthening of the eleven Methodist educational plants located in Texas.

H. C. Kerbow has been on the puny list most of the week being able to get out after Wednesday.

Mrs. Genry and daughters, Miss Ethel and Mrs. George Ryan and little Miss Berkeley, are in Dallas this week visiting friends.

## Flying Boat Is Trapped in Ice Off New Jersey

After spending the night in the cabin of the ice-trapped flying boat Ponce De Leon, the crew of seven made their way ashore on the ice in Raritan bay, Keyport, N. J. The Ponce De Leon, one of the Aeroneurine fleet, was on a trial flight preparatory to a long trip South. Descending off Keyport, the plane was unable to rise because of the ice which had frozen to the pontoons. A few hours later it was frozen in solid.

## LOYAL BOOSTERS ENTERTAINED AT ED MARTIN HOME

The Loyal Boosters were entertained by Ed Martin Tuesday night. Twenty two members were present with three visitors. The business of the class was disposed of first. Committees reported on sick visits and flower gifts where needed and other assistance rendered. It is the purpose of the class to assist all worthy cases of distress and much good is being done in his name.

The devotional service was led by Lloyd Blackwell assisted by Rev. White. The usual enthusiasm prevailed throughout the meeting. Delicious refreshments were served by Mrs. Ed Martin assisted by Miss Lorine Scott. Committees were appointed to see after the sale of tickets for the lecture to be delivered at the Pastime Theatre Friday night by Rev. Sam J. White. The next meeting will be held at the Lloyd Blackwell home next Tuesday night at which time all those interested are cordially invited to attend.

## LADIES AUXILIARY OF LEGION ORGANIZED HERE TUESDAY P. M.

On Tuesday afternoon of this week, at the Club Rooms of the Aubrey E. Clark Post No. 126 of the American Legion, a Ladies' Auxiliary to the local Post of the Legion was organized. Twenty-seven members were enrolled and many of the preliminary matters pertaining to the perfecting of the organization were transacted on that date. The following officers were elected for the ensuing year: Vice President—Miss Maud Clark Secretary—Miss Moena Lane Treasurer—Mrs. James Trent. Executive Committee:

Mrs. Tombs, Mrs. Clyde Douglas, Mrs. Olin Walker, of which committee the president and secretary were voted to be members. The Ladies' Auxiliary is organized for the better carrying out of the purposes of the Legion and the mutual benefit of both the Legion and the Auxiliary, and the local organization is beginning its activities with much vim and enthusiasm.

Through courtesy of the local Post, the meetings of the Auxiliary will be held in the Club Rooms of the Post until such time as we establish our own quarters. The next meeting will be held at 3:30 p. m. Monday, March 28th.

The mothers, grandmothers, wives, sisters and daughters, either by birth or in-law, of members of the Legion or relatives of men who died in service, are eligible for membership, and all such are cordially invited to be present at the next meeting and join the local organization.

## MANY ATTEND FARM LOAN CONVENTION AT AMARILLO

The meeting of the Federal Farm loan bank association at Amarillo Tuesday was well attended by men from all over the Panhandle and much enthusiasm prevailed. County clerk W. E. Bray was present from Donley county.

It is understood that several million dollars will be available for Texas loans and that loans now pending will be considered first and new loans considered in the order that they are received. Loans will be available within the next sixty days. Judge H. M. Gossett, chairman of the House Land bank was present and made an address explaining the matter in detail. His address as a whole was very optimistic lending much encouragement to Panhandle people even though our section is rapidly recovering from the recent slump.

Turkey Lane sold out his tailoring shop this week to Ernest Lovall. Ernest wandered away from here for a time after attaining his majority, but has returned to stay.

## COUNTY AGENT MAKES TIMELY SUGGESTION

SUGGESTIONS HELPING FARMERS TO OVERCOME PERPLEXING PROBLEMS SHOULD BE KEPT FOR FUTURE USE.

To eradicate San Jose scale and other scale insects of deciduous fruit trees, spray with a lime sulphur solution any time the leaves are off, except during freezing weather. The solution is prepared as follows: Lime 20 lbs., Sulphur 16 lbs., to 50 gal water. To get Apple Aphids, too, this treatment may be delayed until the bud tips show green. 3-8 pint of 40 percent Nicotine Sulphate being added to the spray. For the Codlin Moth, which is our chief problem in this county, use 3 to 4 pounds Lead Arsenate to 50 gallons water. If this is to be used effectively, it is extremely important that it be applied at the time when some of the petals begin to drop from the blooms. As it is at this time that the eggs are deposited, inside the calyx of the flower, and the larvae is hatched where it can grow up in the young fruit, and it is only at this stage that the poison can gain contact with the pest. Repeat this spray about two weeks later.

For the live stock on the farm, give horses, that have been idle most of the winter, enough light work to prepare them for spring operations, this will help prevent sore shoulders.

Brood sows should be accustomed to the presence of an attendance about the pen; then help may be given at farrowing time, without causing undue excitement and possible injury to the young pig. Feed the sow plenty of meat meal or tankage, and this will lessen your need to fear her eating her pigs, for in young sows such a craving is abnormal and usually caused from a lack of certain constituents in her feed ration.

In extreme cold weather a box or basket padded with soft clean rags of cloths and warmed with a hot water bottle or heated brick should be used for new born pigs.

Give barns, hog pens, poultry houses, and yards a thorough cleaning. Disinfect them. Remove harboring places, and you will have fewer pests to contend with later or in hot weather.

Dust setting fens thoroughly with good lice powder several times during the hatch. Too punch the chicks as they hatch with a mark distinctive of the year, so that their age can be told in the following year. Do not feed chicks for at least 36 hours after they hatch.

With the last week or so I have had a number of inquiries as to the best methods for treating seed potatoes for the Black Rot.

For the benefit of those farmers who intend to bed out potatoes, I am giving what has been proven to be a very satisfactory method of controlling the Black Rot.

After carefully selecting the seed potatoes for shape and discarding all the "shoe strings," they should be disinfected with Corrosive sublimate solution. This treatment aim at killing the spores of the various disease producing bacteria. As it is seen, the treatment is intended as a protection for the healthy seed sweet potatoes. Where a disease has already penetrated the interior of the potato tissue, no amount of exterior treatment will be of any value. Diseased sweet potatoes should, therefore, never be used for seed.

The treatment is as follows: One ounce of corrosive sublimate (also known as mercuric chloride) is dissolved in eight gallons of water. As the chemical is not quickly soluble, it is best to dissolve it in lukewarm water or in

## POTATO CONVENTION HELD AT COURTHOUSE TUESDAY

A meeting of those interested in the building of a sweet potato curing plant at this point met at the courthouse Tuesday afternoon. C. R. Taylor, representing the company back of the building of the plant and answered the questions propounded by those interested. Mr. Hendrix, county agent, stated that farmers in the various parts of the county where his labors had called him the past two weeks, were in favor of the curing plant.

Roy B. Mefferd, secretary of the local Chamber of Commerce reported that the business men of the town subscribed their quota within about forty minutes.

Meetings are to be held in the various communities the coming week to interest the required number of farmers in taking stock and in securing pledges for the required acreage.

The meeting represented farmers from a number of places over the county, several coming all the way from Hedley for the occasion.

cold water over night. No metal ware should be used, as it will corrode but instead, use should be made of porcelain, or wooden vessels such as half or whole wooden barrels. Usually when large quantities of seed are to be treated it is desirable to prepare enough of the solution to make five or ten barrels. The same solution will be used over and over again until it is exhausted. One bushel of seed potatoes may be placed at one time in an ordinary sack or hamper and dipped in the corrosive sublimate solution for ten minutes. The sack or hamper should be carefully moved about so that every potato within is immersed and wetted by the liquid. As soon as this process is finished the potatoes should be planted in the hot bed. Do not rinse the treated potatoes with water, as this will remove the corrosive sublimate and defeat the purpose of the treatment.

Corrosive Sublimate may be bought at any drug store.

Never plant sweet potatoes on the same plot of ground two years in succession. It should not be forgotten that the above mixture is a poison, and should be prominently labeled as such. No injury will result to the operator, however, from dipping the hands into it, or spilling it on the clothes.

There are some farm operations which should not be neglected this month. Clean out the field ditches and tile the outlets. Build terraces on land which is inclined to erode, examine and repair old terraces.

## LOCAL MAN PERFORMS PART OF GOOD SAMARITAN

A real philanthropist does much and says very little about it. In fact he cares little what the world at large says or does preferring to follow the dictates of his own conscience without pomp and ceremony. Their good deeds always lead out and rightly so that others may be encouraged to aid those less fortunate. The past week some strangers became stranded in the local wagon yard. The lady fell ill and these strangers were without money in a strange land. John Lott, who seldom talks at all but who has a heart as big as a "ham" came to the rescue of these unfortunates by purchasing tickets that they might reach home. He gave them money sufficient to supply their needs while on the journey and knew what had happened. A representative of the News happened to hear about the matter and this kind act is given publicity with out John's knowledge or consent. We have local organizations for the purpose of caring for such cases, but John simply felt that he wanted to handle this case all by himself—and he did right. May his tribe increase.

J. W. Bond of Hedley spent a few days in our city during the week visiting his daughter, Miss Ethel, and her aunt and uncle, Mr. and Mrs. C. S. Marshall.

## LUNCHEONITES HEAR SPECIAL PROGRAMME

COMMITTEE ON ROAD MATTER APPOINTED. OTHER IMPORTANT MATTERS DISCUSSED. SPECIAL PROGRAMME

The usual "good fellowship" prevailed at Tuesday's luncheon in the basement of the Christian church as loyal citizens gathered to exchange ideas and discuss matters that concern the well-being of the "City Beautiful." Rev. White of the Christian church had charge of the program for the hour and offered a change in the form of a musical program which at once met with the hearty approval of those who were present. The Christian Ladies' Aid served the members with what was pronounced one of the very best dinners—it was more than a lunch—that they have ever placed before this loyal body. In fact these ladies are just as loyal to their cause as we men folks could possibly be. The menu for Tuesday consisted of:

- Baked Chicken
- Dressing
- Gravy
- Creamed Turnips
- Green Beans
- Fresh Onions
- Celery Pickles
- Hot Buns
- Corn Muffins
- Cocoanut Pie
- Cigars
- Coffee

The committee referred to above was appointed for the purpose of looking into the matter of securing a share of the federal appropriations for road building in this state. This road building matter must be disposed of this month if we are to get any portion of the federal fund set aside for that purpose. Homer Mulkey will have charge of the program for next Tuesday and this meeting is looked forward to with happy anticipation by those who can make it convenient to be present on such a festive occasion.

## ODD FELLOWS PLAN BUILDING HOME IN EARLY SPRING

The local lodge of Odd Fellows is planning the erection of a home this spring, on their lots on the corner just west of Allen's garage. The present hall capacity is taxed to the limit each meeting night due to the increased membership.

Funds are available for the erection of a two-story structure of faced brick. According to present plans, the ground floor will be rented to some mercantile firm and the second story fitted up for a lodge hall complete with assembly hall, reading room, kitchen and other accessories that may be found necessary to meet the demands for a modern structure of this kind. The present membership is far past the one hundred mark. Refreshments were served at the meeting Monday night.

## SUNDAY SCHOOL TEACHERS ARE ENTERTAINED AT CROCKETT TAYLOR HOME

The Sunday school teachers of the Baptist church were delightfully entertained at the Crockett Taylor home Tuesday night with games and other amusement. Delicious refreshments were served before departure. Plans for a greater work were discussed and the twenty guests feel that they have been greatly benefited by getting together arranging programs and plans and becoming more intimately acquainted in the work for which they were selected by the various classes. The next meeting will be held on the night of the first Tuesday in next month at the L. C. Love home.

## LOCAL MAN PERFORMS PART OF GOOD SAMARITAN

A real philanthropist does much and says very little about it. In fact he cares little what the world at large says or does preferring to follow the dictates of his own conscience without pomp and ceremony. Their good deeds always lead out and rightly so that others may be encouraged to aid those less fortunate. The past week some strangers became stranded in the local wagon yard. The lady fell ill and these strangers were without money in a strange land. John Lott, who seldom talks at all but who has a heart as big as a "ham" came to the rescue of these unfortunates by purchasing tickets that they might reach home. He gave them money sufficient to supply their needs while on the journey and knew what had happened. A representative of the News happened to hear about the matter and this kind act is given publicity with out John's knowledge or consent. We have local organizations for the purpose of caring for such cases, but John simply felt that he wanted to handle this case all by himself—and he did right. May his tribe increase.

J. W. Bond of Hedley spent a few days in our city during the week visiting his daughter, Miss Ethel, and her aunt and uncle, Mr. and Mrs. C. S. Marshall.

## CLEANUP PERIOD WILL LAST ALL OF NEXT WEEK

CITIZENS INTERESTED IN THE HEALTH WELFARE AND GENERAL APPEARANCE OF OUR CITY WILL DEVOTE WEEK

According to a proclamation issued by the governor covering the state, and the mayor covering our own little city, all of next week has been designated as "health week." This program will begin with a mass meeting to be held at the Pastime Theatre Monday next at one p. m. This meeting will be held to get the folks together for a definite understanding of the work to be done and to organize and appoint the necessary committees. It is the duty of every resident of Clarendon to be present whether a taxpayer or not. If you live here, come out and take a part in this campaign that vitally affects the welfare of your family and your well-being as an individual.

According to the proclamation of the mayor published in another column, Tuesday will be set aside as a time for cleanup day. That means a clean up in the yard, back alleys and the streets. It also means that the general depository of filth, the creek passing through town, will come in for a share of attention. After it is once cleaned, it is to be hoped that some form of punishment will be meted out to those who again use this creek bed for a depository of all manner of disease spreading abomination of which the human mind can conceive such as was done through the hot season of the past summer. Many times the town marshal cleaned up the creek only to be rewarded with a fresh supply of filth the next day. This is not a pleasant thing to talk about, but if it were cleaned up, there would be nothing left to talk about.

Let's clean it up Tuesday and keep it that way. Many of the alleys back of business houses have become depositories of filth during the winter months. This will have attention Tuesday and then should be kept clean the remainder of the year. One of the many reasons why our back alleys emit a stench that is a disgrace to any town, is because of a scarcity of toilets in the business section. We understand that we have an ordinance requiring a toilet in every business house in town. Whether this be true or not, it should be and it will be next to impossible to keep the alleys anything like clean until a change is made.

Wednesday will be known as "Pure Food Day" and will not likely affect us much except to afford time for a continuance of the general cleanup campaign begun the day before.

Thursday is designated as "Rat Eradication" day. Thousands of rats in Clarendon have cost us hundreds of dollars the past winter. Some business houses are rat infested and were this fact to become known, the business of that individual would fall off very materially. A prize will no doubt be offered to the party bringing in the greatest number of "rat tails" on this day.

Friday will be known as "Child Welfare" day. The program for this day may take a special form. At any rate it is in the interest of the children more than any one else that cleanup campaigns are held at all.

Saturday is known as "Home Sanitation" day possibly leaving the inference that there is an unsanitary home in our beautiful town. Inference or not, we have 'em. This work will be under the direction of the city health officer and the Red Cross nurse. Better take a look this week and be ready for inspection.

This coming week may not be the "biggest" week of the year, but it promises to be the "busiest" week of the year. It was noticed last year on cleanup day that after the business houses had closed for the occasion, some few (?) business men snaked away to the country. Nothing doing in that line this season, boys—we've got your number. Let's all hit the job at the appointed hour, work with a vim, get done and then do our resting. Be on hand at the meeting at the Pastime theatre, Monday afternoon at one o'clock.

## PANHANDLERS GET A CHANGE BACK TO OLD TIME

Some of the Panhandle folks never did like the idea of moultain time and ninety percent wanted to change back to the old time after the war was over. The Interstate Commerce commission acceded to the request urgently repeated time after time through the Panhandle Plains C. of C. and granted the change Tuesday of this week back to central time.

THE AMERICAN PRESS ASSOCIATION

Hope Nicely, was arrested for burglary of a Vernon hardware store. The News refers this matter to Luke McLuke.

It is pretty certain that the bill passed by this legislature against betting on elections will become the law of the land. There has never been any reason why one sort of betting shouldn't be as much against the law as any other sort and the new law will fill a long felt need. The boys will have to ride each other in wheel-barrows in place of making money bets. Our paved streets will be a great place to "pay 'em off."

President Harding is following a wonderfully popular administration in the eyes of the people, and ought to have the sympathy of the people in the stubborn problems which he faces. Democrats always reserve the right to criticize, even

their own party, therefore Mr. Harding mustn't get peeved if folks don't swallow every thing he hands out. The News wishes however the best of success for the new president and his helpers. May the old republic thrive and prosper in the years intervening before a good old Democratic administration comes into power again.

Editor Lynn W. Landrum has accepted a position with the Dallas News, and will move there the latter part of the month. He is a capable newspaper man and hard worker, and during the six months he has been managing the Quannah Observer has issued a very readable sheet. We shall always remember him as a very fair competitor and good chess player.—Quannah Tribune Chief.

That's what we call a fine tribute to a competitor. To be a "fair competitor and a good chess player" is a real recommendation. The elements are those of a high-minded gentleman who knows how to live honorably and tolerantly with his fellows—a good scout.

The program of the Panhandle Press Association which meets in Amarillo, Friday and Saturday, April 15th-16th, will soon be given full publicity. The News believes the program is one of the most interesting and instructive that has been promulgated in recent years and therefore should draw a heavy attendance. Besides the Panhandle "celebrities" who will appear on the program there will be a number of state-wide notables to give color to the convention. As usual, Amarillo promises top-notch entertainment, and as usual, she will make good. Don't even conjecture on the loss of missing this convention, boys—you can't afford it. Secretary Jamison is on the job to provide the best time of your life, and every editor knows, Frank—he's there with the grapes.

No sooner had the supreme court of Texas handed down a unanimous decision that the laws of the

state bar the operation of moving picture shows on Sunday than a bill was introduced in the legislature to legalize this form of Sunday commercialized amusement. The News doesn't believe that the bill will ever pass the legislature. There are too many men there who regard the Sabbath and who are not willing to allow a band of money grabbers in this state to bring on a wide-open condition so far as Sunday is concerned. The masses of this state do not endorse the legalized profanation of the Sabbath day and even if the improbable should happen and the lid was taken off, there are not many communities in the state where the moral standard is low enough to permit the Sunday shows. The people of Texas will never submit to a European Sabbath.

Some weeks ago the Parent-Teachers Association had some discussion on the matter of silk-stockings and other kindred finery worn by some high school pupils. Some good, hard common sense views were expressed and it is thought that some good has been accomplished by the discussion of the problem. The past week the pupils of a certain school in a western city took the matter into their own hands and set a standard of common sense dress that backed by the sentiment of the school and community will solve the matter in that city. If the girls and young ladies of the Clarendon high school will consider the splendid advice given by the organization, and out of the soundness of their own judgment formulate a schedule of plain, neat, healthful common-sense dress, it will be a great step in economy, health and social equilibrium. Constructive actions taken on their initiative are worth untold values to the young people of any country.

One of our thoughtful citizens suggested to the editor this week that some publicity be given to the need of the Citizen's Cemetery of a thorough clean-up and beautifying. There is nothing that reflects so much credit upon the high grade of citizenship of any community, as to have a cemetery in perfect order and in the best state of cultivation. In many of the older centers of population the cemeteries are as well kept and as beautiful as the most expensive public parks. We may not have progressed that far here in the west, but it is high time that we were making some progress along those lines and this very spring ought to mark the beginning of more pride in our cemeteries. Let us not neglect the city of the dead and if competent labor cannot be secured to do the work, then an old-fashioned "grave-yard working" wouldn't be the worst step by any means. The News suspects that the ladies of the city would be happy to furnish a good dinner to those who would give a day's labor to the cleaning and beautifying of our cemetery. Think it over, then talk it over, and maybe a plan of action will be forthcoming.

Dr. Manton M. Carrick, State Health Officer for Texas, is a good looking bachelor. How the doctor has managed to remain in this stage of single lonesomeness, one cannot figure out. The place of State Health Commissioner is one that carries with it many cares. One of them, as a matter of course is that of trying to have the ladies keep their skin soft, like the advertisement which reads, "a skin you would like to touch." After the doctor associated in Austin a few weeks ago with fashions vogue, in various disguises all around him, he decided to ban that spoiler of complexion, rouge and lip stick. The doctor is right. The girls of today should use neither. What if, directly after the free application of lip-stick, in the corridors of the State House, some passing one should purloin an osculation and that red should be transferred. Wouldn't that be rather embarrassing all around? We are with you, doctor, they taste better with it off.—Richardson Echo.

The editor of the Echo is a great old boy and is recognized as a good judge of hunting, fishing, African golf and other sports, but this is the first intimation we ever had that he aspired to the Beau Brummel class. "They taste better with it off," indeed? This will make a fine subject for discussion at the McAllen meeting in June.

Well, anyway, we presume that President Wilson, is tired of his job and is not sorry to resign in favor of the new administration. He is sick and needs a complete change of climate as well as rest. It is pitiful to think of his condition, which is known now to be far from what folks would call good. But he had honor that no other president ever enjoyed and to him the old world doffed its crowns and he was an idol as well as an ideal. It is to be hoped, however, that a law will be passed forever barring a president of the United States from following the precedent established by President Wilson's absence from the country in peace or in war. And there should be some law to fit the case of the serious illness of the nation's chief. These points have arisen and have puzzled the people of the United States because there is now no way of settling the question save by the resignation of the president or his death. As no president has ever resigned, death is the only

Do you know why it's toasted

To seal in the delicious Burley tobacco flavor.

**LUCKY STRIKE CIGARETTE**

alternative and no one is anxious for the death of the president. Therefore, some definite rules should be established. We may not have another war, and we never again be called upon to send troops to a foreign shore to fight to protect our own land, as well as to protect our own lands, but times have changed since the days of the framing of the constitution and nobody knows what is going to take place in the future. All the more reason, then, that we should fix matters so they will be safe and secure for those who are to come after us and upon whose shoulders will rest the burdens of the government.—Higgins News.

The News never thought that Mr. Wilson's going to Europe made any special difference to this government insofar as the legality of the matter was concerned. But there arose so much discussion over the matter we believe the Higgins brother is correct in suggesting that the matter should be given definite and legal status for the future. The other matter of the condition of the president's health is one much more delicate to handle than the first. It is going to be a hard question to determine just when a president is too sick to attend to the affairs of the nation, and is a matter over which serious complications might arise. There has never been a period in the history of the republic when such knotty problems confronted the people and officials of our government. Every solution to the perplexing questions that have arisen will be problematic in their effectiveness.

### MODERN GIRL

Little Girl you are so small.  
Don't you wear no clothes at all?  
Don't you wear no shimmy shirt.  
Don't you wear no "petti" skirt?  
Just your corset and your hose—  
Are those all your underclothes?  
Little girl, you look so slight  
When I see you in the light.  
With your skirts cut rather high  
Won't you catch a cold and die?  
Aren't you afraid to show your calf?  
It must make the fellows laugh.  
Little girl, what is the cause?  
Why your clothes made of gauze?  
Don't you wear no undervest  
When you go out fully dressed?  
Do you like those peek-a-boos  
Stead of normal underclothes?  
Little girl, your spenders show  
When the sunshine plays just so.  
I can see your tinted flesh  
Thru your thinnest gown of mesh?  
Is it modest, do you s'pose.  
Not to wear no underclothes?  
I can see way past your throat  
To a region most remote;  
Taint my fault, now, don't suppose,  
Why not wear some underclothes?  
Little girl, your socks have shoals  
Of those tiny little holes;  
Why you want to show your limb  
I do not know; is it a whim?  
Do you want to catch the eye  
Of the fellow passing by?  
Little girl, where is the charm  
In your long, uncovered arm?  
And the "V" behind your neck—  
Is it for the birds to peck?  
Little girl, I tell you those  
Are not as nice as underclothes.  
Little girl, now listen here:  
You would be just twice as dear  
If you'd cover up your charms—  
I neck, back, legs and both arms.  
I would take you to some shows  
If you'd wear some underclothes;  
But no lover—goodness knows—  
Wants a girl "sans" underclothes  
Little girl, your mystery,  
Loving charm and modesty  
Are what make us fellows keen  
To possess a little queen.  
S'pose I wore some barem pants,  
Or no shirt like all my aunts,  
Or a ringlet through my nose—  
They'd arrest me don't you s'pose?  
I must wear a coat of mail,  
Clothes from head to big toe nail;  
I must cover up my form  
Even when the weather's warm.  
—Cheraw County News.

The article that is going the rounds, taken from State Press of the Dallas News, about flour-sack lingerie reminds us of one that is told on Claude Wells of the Wellington Leader. It happened several years ago, while Claude was working for a small town newspaper out in New Mexico. He was out in the country one Sunday, and happened to run into a camp meeting under a brush arbor, by the side of a cross-roads school house. The seats were made of rough pine boards, with numerous splinters protruding. Claude took a seat behind one of the prettiest girls there, being at that time what one might call "young and foolish."

Everything was lovely until the preacher asked the congregation to kneel while a good brother prayed. The young lady merely slid off the bench on to her knees, and her skirts hung on a splinter, exposing to view some of her "dainty" flour-sack undergarments, and Claude was horrified to see this glaring inscription, which one laundering had failed to obliterate, "Pride of the West."—McLean News.

GOV. PROCLAMS DATE FOR CLEAN-UP WEEK

Governor Pat M. Neff has proclaimed the week beginning Sunday, March 13th, as health week for Texas, which was made at the request of the State Health Officer Dr. Manton Carrick. The different days for health week have been designated as follows:  
March 31, Health Sunday; March 14, Home Sanitation Day; March 15, Rat Eradication Day; March 16, Pure Food Day; March 17, Fly and Mosquito Extermination Day; March 18 Child Welfare Day; March 19, General Clean-up Day.  
Dr. Carrick says that "Texas must be the cleanest state in the Union."  
Schools, civics clubs and all organizations are asked to co-operate with the city council and health officers in the campaign.  
Dr. W. K. McCordell, county

health officer, and Dr. Williams, city health officer, request everyone to lend their efforts in making Health Week a general clean-up week. An inspection will be made of all towns by the State Health department after the general clean-up and a report will be made on them.

We suggest that the local ministers make mention of Health Week next Sunday as well as the following Sunday which is the beginning of the campaign.

### A RED CROSS INCIDENT

In making her trips over the county the Red Cross nurse runs across many cases of interest. Sometimes as she is allowed to enter into the conditions and circumstances of the case at hand, there is demonstrated a little thing here and a little thing there to show the value of the Public Health Nurse's work.

Recently as your nurse, Miss Yeager, was on her work in the county, she found, as she often does a case that needed the attention of a specialist. She did here Tuesday.

what she could at the time. But because she had a heart-interest in all those who come under her care, she did not let the case go. It was quite a task as you might admit for Miss Yeager to go to Memphis to obtain the service of a specialist and that service offered free of charge to get a place for the children—for there were two in the home needing this service—to stay; to get cots for them to sleep on while there under that physician's care; but all this was done and then the consent of the parent was to be obtained. Because this heart-interest was shown, the consent was given and the children were taken to Memphis for treatment.

The treatment was given, the children stood the operation splendidly and are back home again doing well.

Say, You have a part in that kind of work, don't you? Publicity Donley County Chapter.

Jess Pool and Orville Dougherty were among the Hedley farmers of a specialist.

### FACTS ABOUT COTTON

World production of cotton outside of the United States, for factory consumption, has averaged 7,138,900 bales a year for the past 10 years, according to U. S. Census figures.

Pink boll worm, the most deadly of all enemies of the cotton plant first made its appearance at Hearne, Texas, in 1917. Like boll weevil it came from Mexico.

Foreign grown cotton to the number of 682,911 bales was imported into the United States last year. It consisted mostly of Egyptians, and was the largest quantity ever imported.

The number of ginneries in the United States in 1919 was 22,418 of which 18,815 were active, and ginned an average of 692 bales each.

Of the total of 18,815 gins in the United States during 1919 all but 93 were saw-gins.

Roller gins are used principally in ginning sea-island cotton, and the long-staple cottons of Arizona and California.

There is now enough cotton in the world, unspun, to last nearly two years. The total capacity of gins in the United States indicates that a 12,000,000 bale crop could be ginned in a single month. The total engine horse power employed in ginneries of the United States in 1919 was 973,717.

Bolivar Co., Miss., was the only county which ginned more than 100,000 bales in 1919; seven reported more than 75,000, 25 more than 50,000 and 128 more than 25,000 bales.

Phone 18  
S. W. Lowe, Prop.  
Member Clarendon Chamber of Commerce

The cotton crop of 1919 was ginned in 887 counties, of which 308 ginned less than 5,000 bales each. From the year 1900 to the outbreak of the Great War in 1914 the number of cotton spindles has increased at the rate of about 3,000,000 every year.

Since 1914 the number of cotton spindles fit for use has been reduced from a total of 154,000,000 to a total of 138,000,000, a decrease of 16,000,000 during the six years. In the United States there are 68 counties which have more than 100,000 cotton spindles each.

Bristol County, Mass., with 7,632,003 cotton spindles, leads all other counties in the total number. Rough Peruvian cotton is used to some extent for mixing with wool in the making of wool textiles, especially imitation woolsens. Chinese and Indian cotton are used to a very limited extent for mixing with American upland cotton in the manufacture of the cheaper grades of goods.

Nearly all of the cotton consumed in the United States is domestic upland cotton. The term "upland" is applied to all cotton produced in this country except sea-island cotton, and includes the long staple upland varieties.

### DIVERSIFIED FARMING GAVE BEST CASH RETURNS IN 1920

In the price decline of their products during the latter half of 1920 farmers in most of the upper Mississippi Valley States and in some of the States east of Texas suffered more severely than elsewhere. The value of all crops of 1920, as determined by the Bureau of Crop Estimates, United States Department of Agriculture, is below the average of 1914-1918 by 25 per cent in South Dakota, by 23 per cent in Illinois, by 20 per cent in Nevada, by 19 per cent in Georgia, by 18 per cent in Minnesota, Iowa and Montana, by 17 per cent in North Dakota, by 15 per cent in Indiana, by 14 per cent in Nebraska, by 12 per cent in Louisiana, by 9 per cent in Mississippi, by 3 per cent in Ohio, and by 2 per cent in Missouri. Generally speaking, wheat, corn and cotton, where predominating crops, caused the decline in the total value of all crops.

On the other hand, the highest crop value for 1920 in relation to the five-year average are found in California and Oregon, some of the Mountain States, all New England, New York, New Jersey, Pennsylvania, North Carolina and Wisconsin. Diversification of production avoids having "all the eggs in one basket."

### THINGS THE FARMER NEEDS TO DO TO MAKE THE WINTER PIGS PAY

In most sections the winter pig crop has been farrowed. This has been a great winter for the young pigs and they should be off to a good start by this time. Fox farmers realize the importance of giving the pigs a good start in life and as a result they are stunted at this critical age. Years ago the practice was to grow the pigs along slowly and with as little cost as possible until they were 12 to 15 months old before they began feeding them. This practice is decidedly out of date now and the farmers who are making money on their hogs are the ones who are growing them rapidly and getting them off to market at from six to nine months old. If given the proper treatment they will reach the most desirable size at this age and will bring more money per pound.

The two and three-year-old hogs finishing out at 500 to 600 pounds are no longer desired. The market conditions have changed. Another reason for getting them off at an early age is that it keeps money coming in to the farmer more often and his money is not invested in them so long. Finished hogs weighing from 180 pounds to 225 pounds are the sizes liked best by the packers. Farmers who are producing hogs might just as well produce the ones in demand as they will be more profitable than the other kind.

The approved lard-type hogs will reach these weights at the above ages if given an opportunity. Scrub and mongrel hogs will not do it, as it requires much more time for them to get ready for the butcher than the high-grade and purebred hogs. The scrub hog is not an efficient animal and there is no place for him on the farm today.

Do you know you can roll 50 good cigarettes for 10 cts from one bag of

GENUINE **BULL DURHAM** TOBACCO

This is the **YOU** Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

### Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers. All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—same quality.

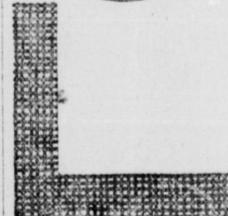

Black Silk Stove Polish Works Sterling, Illinois  
The Black Silk Stove Polish is named on labels, registers, stove-tops—prevents rusting. The Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles. "A Shine in Every Drop"

Purebreds may be purchased very cheap now and it is a good time for sending the scrubs to the butcher and buying a few purebred hogs. When a manufacturer learns about a machine that is more efficient than the one he is using he immediately buys it, even though he may be forced to sacrifice his old one. The farmer needs efficient machinery just the same as other manufacturers and must have it if he expects to make profits.

### Milk-Producing Feed Important

After the pigs are a few days old, the sow should have a liberal ration. At this time she needs milk-producing feed, the same as a dairy cow. She cannot produce large amounts of milk for the pigs if she is given only corn, as is often the case. She must have a balanced ration and one that is suited for milk production rather than fat production. The best way to feed the pigs is through their mother. This gives them a good start and will put them in good condition to grow off well when the feeding period begins. Lack of milk causes uneven litters of unthrifty pigs. It also gives them a set-back that they never get over and the feed that is given them in an effort to grow them out is expensive.

The pigs will begin to eat a little at an early age if given the opportunity. Every effort should be taken to see that they have a

### Willard Batteries Win

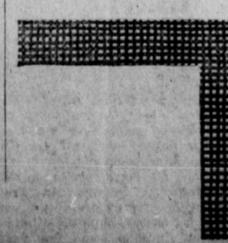

They win on reputation—when you think of batteries you naturally think first of Willard. They win on quality. The most important battery improvements, including Threaded Rubber Insulation, originated with Willard.

They win in dollars-and-cents saving. No outlay for replacement of insulation if you buy the Willard Threaded Rubber Battery because Threaded Rubber Insulation outlasts the battery plates.

The Willard Threaded Rubber Battery is standard on 172 makes of cars—used for export on 2 others. Ask us about it. We're headquarters for Willard Batteries and Willard Service.

CLARENDON BATTERY & ELECTRIC CO.  
Phone No. 63.

### Willard Batteries

chance to get some swill and a little shelled corn. Where ear corn is fed to their mothers they will pick up the grains she shells off. As soon as they are eating good they should be fed all they will take. This feed, in addition to the milk they get, will grow them fast. It also enables the farmer to wean them early and give the sow an opportunity to rest before she is bred again.

The male pigs should be castrated at from 3 to 5 weeks old. If done at this age it does not hurt them and there is no shrink. By all means they should be castrated while nursing. They will grow much faster and fatten more easily at an early age. Lice and worms are the worst pests of the pigs. It is difficult to keep the winter pigs from becoming infested. They should be sprayed frequently with a strong dip or greased with crude oil. Some good mineral mixture containing copperas, sulphur, lye, and charcoal or wood ashes.

### Best Results From Balanced Ration

A balanced ration is necessary if the pigs are to grow and make money for their owner. The old-time corn diet will not do. For the growing pig, a slop or swill made from gray middlings or shipstuf, with a little tankage added, is an excellent feed. This will balance the ration and give the pigs liberal amount of protein which is needed for the development of muscles and bone. They will grow faster and carry more meat when given a balanced ration. Skim milk or buttermilk is the best pig feed on the farm. On most farms there is enough milk wasted to balance the ration of several pigs.

When it comes time to fatten the hogs it also is important that they should have a balanced ration. This is usually done with tankage. Nine parts corn to one part tankage will furnish an excellent ration and produce the gain as cheaply as any other combination. The self-feeder is a handy way to feed the tankage. The hogs will eat just enough to balance their ration and it saves a good deal of labor, which is an item of importance.

The hog always has been a good revenue maker and at the present time he is just as much so as any farm animal. The ratio of corn to the price per hundred pounds of pork is more in favor of the hog now than it has been for the past two years. The hog is an economical meat producer and is ready for the market at an early age. Now is a good time for farmers to produce hogs and pass up some of the other things because they are after the thing which will make a good profit over cost of production. Start early with the pigs and carry them with good feed and care and they will make a good profit.—W. J. Harris.

### MILK MUST BE RICH IN ASH

The best returns from hogs will always be obtained through feeding them a balanced ration. Since young hogs have a greater rate of growth than any other class of farm animals they need a greater supply of ash material. A little pig will multiply its birth weight by 10 in from 6 to 8 weeks. It takes from a year to a year and a half for coits and calves to multiply their birth weight by 10, and it takes a man from 10 to 12 years to multiply his birth weight by 10. The milk of the brood sow must necessarily be very rich in ash in order to meet the demands of Nature in supplying ash material to the young suckling pigs. Nature compels the sow to keep up a standard product of food for the young pigs. Therefore if ash is not supplied in the ration of the sow, with which she may supply ash in the milk that she secretes, she must supply the ash from the least used parts of her own body. Is it any wonder, then, when the sow is asked to supply milk rich in ash from a food low in ash, like corn, that she finally so weakens some of those parts that they break and we have on hand a "broken-down" sow? A straight corn ration is the most unbalanced ration imaginable for the sow that is suckling a large litter of pigs.

### MILK IMPORTANT ITEM IN DIET HINTS FOR CHILDREN

A good breakfast to start them off—milk, corn-meal mush, apple sauce. It makes them fit for play, say home economics specialists of the United States Department of Agriculture.

Milk and plenty of it, makes them grow—a quart each day, if possible. Put it on their cereal and in their cups. Make it into soups, puddings, or custards for them.

Whole milk is best, of course, but skim milk is good if there is a little butter in their meals. Cottage cheese is good, too.

No coffee or tea—not even a taste. Leave them for the grown-ups. Milk, cocoa, not too strong, and fruit juices are the drinks for children, and plenty of water always.

Fruit they enjoy, and they need it, too—taked apples, apple sauce, thoroughly ripe bananas, prunes, oranges, etc. Give them vegetables fresh or canned. Plenty of fruits and vegetables tend to prevent constipation. Use proper food and do not depend upon laxative. The youngsters can't be well unless the bowels move regularly. Don't let them hurry off in the morning without attending to this duty.

Other foods a child needs: Good bread, whole-wheat bread, corn bread, well cooked oatmeal, corn

## Herbert Kaufman Says--

"ANYBODY CAN GET A STEADY LIVING OUT OF STEADY EFFORT"

The same clock that ticks off twenty-four hours for one man can't cheat his neighbor. The same laws of right and wrong—the same privilege to do and dare are open to both alike.

SUCCESS means effort, energy and persistent saving.

## First National Bank

Member Clarendon Chamber of Commerce

meal, and rice are all excellent for children. They help make strong boys and girls. Fat they must have, too. None is better than butter. Besides the butter on their bread, do not overlook the fat on meats, or in gravies and other food. An egg is good, too, or they may have a little meat or fish, but they do not need much.

Sweets are good for them—the right ones at the right time. Dates, stewed fruits, simple puddings and sugar cookies are especially good. Give sweets at meal times.

Between meals let them have bread and butter, a cracker, or fruit. They won't spoil the appetite, and sweets will.

1910 Eleven Years of Quality and Service 1921

# Announcement

Miss Chavett of Kansas City will open up a new millinery in the T. M. Little store, Saturday the 12th. All new millinery, new hats, Spring time fashionland. Springtime airness and daintiness, Springtime Easter-time. Prices like an echo from the past, these low prices. Your Spring hat must carry a distinction of style and individuality that will enhance your own good pains. It must be an expression of the mode of today without a sacrifice of its becomingness to you. Such a hat Miss Chavett will have in a score of designs and combination and among them is **YOUR HAT**. We are able to offer you now the choicest designs from the best of American millinery designers, also French and English, imported models. Miss Chavett will be waiting to serve you next Saturday. Our new price level of special importance. Best values in many years. Prices have touched lower levels.

## T. M. LITTLE

1910 Eleven Years of Quality and Service 1921

### LOCAL & PERSONAL

T. M. Little, Jr., was in Memphis Tuesday.

Albert Logue of Claude visited relatives in our city over Tuesday.

J. W. Browder of Memphis was here Friday a guest of the Odos Caraway home.

J. C. Hale of Claude was down Monday getting a lineup on local business conditions.

Mrs. Chas. Heisler and son, Wyatt, of Wayside, are guests this week of Mrs. Cleo Keys.

Rollie Brumley and Miss Imogene Moreman of Hedley, visited friends here Sunday.

Revs. B. J. Osborne and F. P. Wilson of McLean were over for the convention the last of the week.

Mr. and Mrs. W. C. Stewart and the two smaller children are visiting with Mrs. Stewart's mother in central Texas.

V. C. Kersey, who recently became a merchant of Hedley, came down from his old home at Claude Monday.

Mr. and Mrs. Lewis Igo have returned from Bisbee, Arizona and "Shorty" is again in the employ of Allen's garage.

Pat Longan and daughter, Miss Henrietta, were called to Loveland, Colorado Monday owing to the serious illness of Pat's father.

Jack Twyman, one of the old time reliable stockmen of this section, is spending the week in Ft. Worth taking in the fat stock show.

R. E. Williams came down from Amarillo Tuesday on a business matter. Mr. Williams will return to Montana when he gets his business shaped up just right.

Mrs. Jim Woodburn of Claude visited with Mrs. I. S. Mullins over Sunday. Mrs. Mullins and babe returning home with her Monday for a short visit.

Mrs. Wint Bairfield, who returned from McKinney, Texas recently where she was a patient in a sanitarium, is improving nicely at her home near town.

Pedestrians were attracted Friday morning by a sign on the restaurant window placed there by George Reed. It read, "There's no hard times coming—just the soft times going." You said it, George.

Irving Alderson asks that his paper address be changed so that he can enjoy the News on his farm near Hedley. The Aldersons made their home here for the past year or more.

Messdames John Andrews, Wm. Craven and W. Providence of Pampa, were guests of the J. B. Baird home in this city during the Sunday school convention the past week.

A Cadillac touring car owned and driven by Bob Muir, late Friday caught fire from an unknown cause destroying all the wood part and upholstery. Loss partially covered by insurance.

Thomas Willis, old resident of Clarendon and former public weigher here, arrived in town Tuesday to look after his property interests. Mr. Willis makes his headquarters in Amarillo most of the time.

A good illustration of what may be done toward beautifying home surroundings at small cost is to be found at the Harry S. Turner home. Brick-lined walks and proper placing of flowers and shrubs have

worked wonders in this yard and the cost was only a few dollars.

W. T. Hayter is attending the conference at Abilene this week.

Harry Davis of Claude is visiting friends and relatives here for a few days.

Mrs. J. A. Smith has recovered sufficiently to be removed from the hospital to her home.

Mrs. A. H. Baker and daughter, Miss Essie and Mrs. King, were Memphis visitors Tuesday.

The Presbyterian Ladies' aid will meet at the home of Mrs. R. F. Morris Wednesday next.

Mrs. John Beverly is in Houston this week as a delegate from the local Circle to the state convention.

Mrs. Frank Whitlock, who was taken to the hospital last week, is again convalescent having been taken home Tuesday.

The Gleaners of the Christian church will meet in the basement of the church Thursday evening at 6 o'clock.

Presiding elder John R. Henson left Monday morning for the educational conference of the Methodist church people to be held at Abilene this week.

Mrs. Bob Lynch, daughter of Mr. and Mrs. O. D. Liesberg, returned to her home at Claude after a visit of a week or more Friday.

G. S. Slover, president of Clarendon college, left Sunday night over the Denver to spend the week in Abilene to be present at the educational conference of the Methodist in that city this week.

T. L. Benedict, manager of the local telephone system, continues ill at his home a sufferer from rheumatism. He expects to leave for Hot Springs, Arkansas just as soon as he is able to travel.

J. G. McDougald, former county commissioner and a mighty good citizen even after dropping out of politics of his own volition, was here Tuesday meeting old friends and talking about diversification.

Shorty Sewell, one of the most popular young men of the town and recently in the employ of the Caraway restaurant, has decided to cast his fortune in California, leaving for that rosy state the first of the week.

Rev. Baker, evangelist of the Baptist church for this district with headquarters at Memphis, is in our town Monday meeting his friends. Rev. Baker is a sincere consecrated man and is doing a great work.

E. W. Miller, formerly a resident of the "City Beautiful" and possibly the largest land holder in more different places than any other man in the Panhandle, was in town Saturday looking after his interests locally.

J. E. Parker of Wichita Falls was here Wednesday visiting relatives and attending to business.

Fred Patching, who spends most of his time on his stock farm near Tulla, was in town the fore part of the week visiting his family.

Mr. and Mrs. Ernest Wright of Wichita Falls are expected to arrive this week to make their home in Clarendon. Mrs. Wright is a daughter of Mr. and Mrs. I. J. Taylor, recent purchasers of the Matt Bennett home on west second street.

Judge C. Coffee, a prominent attorney of Miami was here on legal business the latter part of last week. Judge Coffee started practicing law in Clarendon nearly thirty years ago, later moving to the North Plains.

Mrs. C. S. Marshall went to market the last of the week for the purpose of supplying her new millinery store in the building formerly occupied by Dubbs brothers. She will visit the fat stock show at Ft. Worth before her return.

W. Claude Bridges, he who boasts his section by giving the people bargains in dandy good plants of many kind, was up here Tuesday looking into the matter of a curing plant. He says the Hedley farmers are all sore on the cotton proposition and will diversify this season.

Next week is Clean-up Week. The week has been designated by the state department at Austin and a great effort is being made to get every city, town and community in the state to organize a Clean-up Week or Day. See Mayor Watson's proclamation in this issue and let us co-operate in this great civic and health work. A clean city means a happy city and a healthful city.

N. W. Pratt, who was here a short time ago to visit his daughters who are making their home with their grandparents, Mr. and Mrs. Attebery, has taken the Piggy Wigly rights for the state of New Mexico and will open up at once at Albuquerque. He will open up at other places in the near future. It was Mr. Pratt who, while representing the corporation, opened up the branch store at Amarillo some few years ago.

### AGED RESIDENT ANSWERS FINAL SUMMONS TUESDAY

Mrs. Catherine Rush, mother of Mrs. Joe Hurn of this city, passed away at the Hurn home Tuesday and was laid to rest in the local cemetery. Mrs. Rush had passed her eighty first milestone and her death was due to the infirmities of old age, she having been bed-ridden for about two months.

Those of her children attending the funeral from out of town were: Prof. Rush and Mrs. Rush of Childress, Frank Rush of Mobeetie, Harvey Rush of Musogee, Okla. The floral offerings were many and numerous friends followed the funeral cortege to the cemetery to pay their last tribute of respect to one who had endeared herself to them by her many sterling qualities and beautiful traits of character in her association. The pastor of the Baptist church, Rev. J. A. Smith, was assisted by Rev. C. N. Ferguson, pastor of the Methodist church in holding the last services for this sainted mother whose Christian life had been a shining beacon to fellow mortals for so many years.

### NOTICE BY PUBLICATION

No. 331  
THE STATE OF TEXAS COUNTY OF DONLEY:  
TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY—Greeting:  
You are hereby commanded that you publish this notice in a newspaper published in the County of Donley and State of Texas for one week prior to the return date hereof:  
**TO ALL WHOM THESE SUMMONS MAY COME:**  
You will take notice the Leonard C. Parker, Guardian of the Estate of Walter Henry Swain, a Minor, duly appointed by the County Court of Donley County, Texas, and qualified therein, has made application on the 10th day of March A. D. 1921, to Said Court for an order to execute an oil and gas lease on the following described lands belong to said Minor: A one-third interest in the West 340 acres of Sec. 13, Abst. 146, Ctf. 3-516, and 235 acres out of Block B, Tarrant County lands, both tracts in Wichita County, Texas.  
Applicant asks for an order of the court to allow him to execute leases for all of said lands or multiples of the whole, and attaches to his application a substantial copy of the form of lease to be made. That said application will be heard on Friday, March 18th, A. D. 1921, and any who desire to contest the same are commanded to be present and show cause why said application should not be granted.  
Given under my hand and seal of said court of Donley County, Texas, in the town of Clarendon, Texas, this 10th day of March A. D. 1921.  
W. E. BRAY, Clerk County Court Donley County, Texas.  
I certify this is a copy of the original which I have in my office.  
J. H. RUTHERFORD, Sheriff Donley Co. Texas.

The Style Show with the special attractions is the biggest thing of its kind ever shown in Clarendon—see it March 17th (10c)

**POSTED**  
The public is hereby warned that hunting and wood hauling is forbidden in the R. O. pasture. All trespassers will be vigorously prosecuted.  
W. J. Lewis. (14)

Old U. Tellem sez:

"The signs of spring are many. Some think budding trees and blossoming flowers are good evidences. Others think the balmy air and the active little brooks, bubbling their way to the great mother ocean. To some, the birds singing and winging their way merrily across the sky is the most positive sign of spring. That's all very good and pretty, but my first sign of spring is a sneeze, watery eyes, and a desire to buy a handkerchief factory.

"These signs disappear when I go to the R. A. LONG DRUG STORE and get one of their good remedies."

"U tell'em cotton; you got bail."

We have a full and complete line of artistic millinery. Call and see us.

New Location in the Dr. Jenkins' old office stand across the street from Strickland-Story's.

## Mrs. C. S. Marshall

#### DO YOU NEED THE CHURCH? AND DOES THE CHURCH NEED YOU?

Did you ever feel, my dear reader, that you do not need the church, that you are as good as the church members, and that you do not care for the ministers, the sermons, or the services?

But had it ever occurred to you that for two thousand years Christianity has been blazing the trail of civilization, and that the peace order and public safety of today is among its by-products?

Do you know that Christianity is the greatest single force in the world and the chief factor in making the world a fit place in which to live?

Have you ever stopped to think that but for the uplifting of influences of Christianity as espoused by the churches, we would still be living in an age of ignorance, superstition and physical moral degradation?

Has it ever dawned upon you that the churches have done more to promote education, opportunity, a square deal, civic righteousness and personal purity than all other forces combined?

And while you think you do not need the churches—though you do have it ever occurred that the churches in their work of serving the community and world at large, need you?

All that is good in the community and in the world came through the instrumentalities of the churches. You would not live in this community forty-eight hours if there were no churches or religious influences here.

Why not reciprocate by attending church next Sunday? God will speak to you there if you will give Him a chance.

J. A. Smith.

R. E. Newman was up from Hedley Tuesday to see what was being done towards building a potato plant.

#### RECORDS FOR FARMERS FIRE INSURANCE COMPANIES

For the convenience of those interested in systems of records for farmers' mutual fire insurance companies, the United States Department of Agriculture, through the Office of Farm Management and Farm Economics, will supply, free of charge, printer's copy of the various forms necessary. In so far as its facilities permit, the Office of Farm Management and Farm Economics will also render other assistance when requested in connection with the adoption and installation of the system recommended by the department.

Over 1,500 farmers' mutual fire insurance companies, or more than three-fourths of the total number of such organizations, are relatively small and local concerns. In these local companies the secretaries, who also act as general managers, almost invariably keep the records of their respective companies without the aid of trained bookkeepers or accountants. Where one man is at the same time secretary, general manager, and bookkeeper, the emphasis in his selection is very properly placed upon the character, good reputation, and practical knowledge of farm risks, rather than upon technical knowledge of bookkeeping.

It is not surprising, therefore, that the forms and plans for keeping records now in use by these companies are frequently deficient. A special need of a large percentage of these companies, therefore, is a system of records which furnishes the necessary information and is at the same time as simple and non-technical as the nature of the business permits.

The system suggested in Bulletin 840, published by the United States Department of Agriculture while adaptable to all assessment mutuality, has been prepared with a special view to meeting the needs of the numerous local farmers' mutual fire insurance companies.

#### FOLKS GET BUSY IN COLLINGSWORTH COUNTY

Under the leadership of county agent A. L. Newlin, the citizens of Collingsworth county are waking up to the fact that the future development of the agricultural interests of that country depends upon the future training of the younger generation. Not only that, conditions on the farm must be improved to the point that these young people will have no further inclination to leave the farm to seek the crowded cities.

Mr. Newlin has the work in hand and enjoys the hearty co-operation of his people. Fifteen clubs have been organized up to the first of the week. They hope to have twenty-five by the end of this week. Visits are made to the public schools and instruction given to the pupils. Wellington boasts of the largest club membership in the state—225. The membership is

divided into 96 in the pig club; 15 in the baby beef; 42 in the sorghum grains; 42 in corn; 23 in potatoes; 90 in poultry; 13 in miscellaneous. Mr. Newlin hopes to have 600 enrolled by the opening of the planting season.

The business men of Wellington are offering seven prizes consisting of free trips to the Dallas Fair the successful contestants in the various clubs.

Hog breeders of the county are furnishing pigs to the pig club members, the animals to be paid for this fall. Tree planting is being stressed—an unusual matter for encouragement—and yet a very important one. Tree planting on school yards is being advocated and a prize of \$25 is offered for the school making the best showing. Seven thousand trees have been ordered for the planting to be done in the county.

Tom Cobb of Claude was a guest of Miss Aileen Evans Sunday.

#### NEAR EAST RELIEF

Arrangements have been made by the Near East Relief to assume entire charge of the millions and a half dollar orphanage in Jerusalem founded by German missionaries until such time as the Germans are able to resume its support.

Since the Red Cross turned over its activities in the Near East to the relief organization in the Spring of 1919 the Near East Relief has operated the orphanage under temporary agreements with the British Government of Palestine.

The Syrians or Schnelle orphanage as it is known in honor of its founder, Pastor J. L. Schnelle, is one of the most thoroughly equipped of its kind in the world. It was founded in 1854 and now about twenty five buildings, all completely equipped with modern sanitary plumbing and lighting systems.

Schools are maintained at the orphanage for the instruction of its inmates in shoemaking, printing, pottery making, baking, tailoring, farming and sewing and embroidery. Special training is also provided for the blind. It provides for the care of more than five hundred children.

Dr. Reynolds of Hedley was in town Tuesday on business.

T. M. Little spent the front end of the week in Dallas on a business errand.

#### Little Life By W. H. F.

Your Civic Pride Could be Judged By the Condition Of Your Alley.

#### GOOD TIME FOR ALL

The lecture to be given Friday evening at The Pastime Theater promises to be one of interest. Every man woman and child will enjoy every minute of the time.

Pictures will be shown before the lecture also a musical program will be rendered. You can see and hear it all for fifty cents and children will be admitted for 25 cents. All the proceeds will be given to the church and used in paying for the basement. Be on hand Friday evening at 6:30 and get all the program. (10c)

#### POTATO SLIPS

I am now booking orders for the famous Nancy Hall and Porto Rican yam potato slips and cabbages and tomato plants. Potato slips 40c per hundred or \$3.00 per thousand. Cabbage and tomato plants at 40c per hundred. All orders must be accompanied by cash or check. W. C. (Clyde) Bridges, Hedley, Texas. (10p)

J. E. Parker of Wichita Falls was a business visitor in Clarendon over Wednesday.

#### PROCLAMATION

BY THE MAYOR OF THE CITY OF CLARENDON

WHEREAS, the greatest instrument of liberty that has ever been written enunciated the truth that every man is born with certain inalienable rights, among which are life, liberty and the pursuit of happiness, and,

WHEREAS, without perfect health man can neither enjoy his life, liberty, nor be happy, and,

WHEREAS, every true American subscribes to and believes in the truths set forth by Thomas Jefferson in the Declaration of Independence, and,

WHEREAS, physical and mental efficiency contributes in every way to the well being of the people and constitutes the most valuable asset of any Town or City, and,

WHEREAS, every child has the right to be well born, in order to enjoy his inalienable rights, and,

WHEREAS, medical science has demonstrated beyond question that diseased minds contribute to delinquency and crime, and,

WHEREAS, preventable diseases are responsible for more than seventy-five per cent of all cases of sickness, and,

WHEREAS, filth, ignorance, negligence and indifference are the prime factors in the dissemination of diseases, and,

WHEREAS, the Governor of the State of Texas at the request of the State Health Officer has issued a proclamation designating March the 13th to 19th as Health Week throughout the State, and,

WHEREAS, the State health department has asked that we cooperate in the work at the time designated.

NOW, THEREFORE, I, O. C. Watson, Mayor of the City of Clarendon, Texas, at the request of the City Health Officer and our local Red Cross Chapter, do hereby proclaim the week beginning Sunday, March 13th, 1921 as HEALTH WEEK.

Designating: Monday March 14th, as Organization day. Mass meeting at 1 o'clock p. m. at the Pastime Theatre.

Tuesday, March 15th as General Clean-up Day.

Wednesday, March 16th as Pure Food Day.

Thursday, March 17th as Rat Eradication Day.

Friday, March 18th, as Child Welfare Day.

Saturday, March 19th, as Home Sanitation Day.

To be observed by every individual, singly and collectively through schools, churches, clubs and organizations.

IN TESTIMONY WHEREOF, I hereunto sign my name and cause the seal of the City of Clarendon, Texas, to be affixed this 8th day of March, A. D. 1921.

(SEAL)  
(Signed) O. C. WATSON,  
By the Mayor.  
(Signed) Claud McAllister, City Clerk.

#### NOTICE TO FARMERS

We have withdrawn our promise to take \$500 in stock for a dry house or act as manager. Are now busy booking orders for potato seed and plants. T. Jones & Company (10c)

—at the style show

Clarendon Opera House, March 17th

the merchants of Clarendon, allied for one purpose, will show you what is at the moment being worn by the American Lady in Fashion Centers. We can not all keep up with every changing fancy of Dame Fashion, but we do like to know as much as possible of them.

Attend the Style Show! Staged with worthy purpose, and with no direct personal gain, we are expecting it to be accorded capacity attendance. Held under the auspices of the Pathfinder Club; ticket sales will be shared with the Parent-Teachers Association. Help them and inform yourself as to correct styles.

The style show talk reminds us of something to which not enough importance is attached, and which is of important importance---the corset. In the fullest sense of the word.

**LELIA LAKE**

The home talent play that was given at Hedley Saturday night was well attended at that place.

Mrs. E. B. Mace carried her Sunday school class out to the home of Mr. and Mrs. W. B. Webbs Friday night. The class was entertained very royal and each report a good time and thanks to their teacher and those who helped in the entertainment.

Mrs. Cochran and Mrs. Rich were in Clarendon Thursday.

Mrs. Homer Ellis was in Lelia Friday.

Devortie Leathers and wife, also Grandmother Leathers of Clarendon spent Friday in the G. Leathers home.

Walter Creamer was in Hedley Saturday.

Miss Dewey Meachel of Clarendon spent Sunday with Miss May Palmer.

Mrs. J. J. Palmer and children also Mrs. McWaney were in Hedley Sunday afternoon.

C. H. Ellis had business in Hall

county last week, returning Saturday.

Mrs. R. E. Conner spent Friday night in Clarendon attending the Eastern Star at that place.

Mrs. Ida Chitwood was down Monday giving the club girls a lesson in Home Economy. The women met at the Baptist church, thinking they would have the privilege of this ladies instructions but they were very much disappointed, as we had waited too late. We seem to be just realizing what there is in the work this good lady is giving her life for so let's try to get in on the 1922 work and visit other clubs and see to learn what we can this year.

Mrs. Lawrence Stigler and baby spent last week in Windy Valley.

The Forty-two Club met at the W. M. Cochran home Friday night. Everyone had a good time, enjoying every game. At a late hour refreshments were served consisting of salad, coffee, cake and cream. These good times make us feel as if we were young again, especially in such a pleasant home.

Cotton pickers will soon be a thing of the past as the gin will close down about the last of the week.

Some are already preparing for another crop.

**MARTIN NEWS**

There was Sunday school Sunday evening at the regular hour, after Sunday school the pastor gave a good sermon to the people.

The Goodnight girl's basket ball team came down Thursday evening and played with the Martin girls. It was the first match game our girls ever played. We are hoping that they will do better next time. The score was 27 to 7 in favor of Goodnight.

Richard and Josie Cannon and Ocie May spent Sunday in the home of C. J. Talley.

There was a 42 party at the home of J. D. Wood Saturday night, which was enjoyed by a good crowd.

Mrs. Atchison and daughter Marcella spent Saturday night and Sunday with Mrs. Jones.

**Announcing the New Spring Styles**  
in Coats, Suits, Dresses  
and Blouses

**New Spring Suits**

The tailored Suit is always fashionable, but never with greater justification than it has this spring. Dashing new offerings fashioned of navy blue tricotine and bound or trimmed with silk braid suggest street wear or traveling. Every suit presented is notable for its hand-some tailoring.

**Silk Dresses**

The rivalry between the narrow and the full silhouette extends from modes of satin to frocks of Canton Crepe, Crepe Meteor, Tulle and Taffeta. Especially youthful and alluring are the Frocks enhanced with gay sashes, brilliant embroideries, beaded motifs, or original panel treatments. Interesting choice is also offered in Frocks which combine two fabrics effectively.

POPULAR PRICES

POPULAR PRICES

**Moderately Priced Coats Fill Every Springtime Requirement**

Prominent among the approved Coat fashions for spring are graceful cape-like modes. Three-quarter or full length, the majority of these authoritatively styled garments have sleeves in raglan effect. The trimming in all instances is tasteful rather than conspicuous, often consisting of a deep yoke or simple flossstitching. Colors vary and there is a gratifying array of choice fabrics to choose from.

See Our Models at The Style Show

**SITNER'S STYLE SHOP**

**Is Electric Light The Cheapest?**

An old kerosene lamp is only a two candle power lamp, the most of them are only one candle power.

The smallest electric made is a 8 c. p. lamp. An 8 c. p. lamp will burn 1200 hours and not use the minimum. The smallest size lamp that is in general use (the 25 watt Mazda Lamp) gives 20 Candle power of light. One of these lamps will burn 480 hours to use the minimum.

Big lamps use a greater amount of current according to the size of the lamp. Some times one of our customers will tell us that he only uses one light at a time while his neighbor uses three or four yet his bill is higher than his neighbors. It is easy to understand why this is true. A 100 watt lamp will consume as much current as four 25 watt lamps. The big lamp that you have in the room where you stay the greater part of the time may use more current than all the lights in your neighbors house.

Look at the lamps in your sockets. Near the top of each lamp you find a tag telling just how much current per hour the lamp will use. On this tag you will find the inscription 110 volts, and the number of watts per hour the lamp consume. For instance a lamp marked 110 or 112 volts—100 watts will consume 100 watts per hour. In other words, this lamp will consume 1000 watts or one killo watt hour (the unit of measurement for electricity) in 10 hours. A 50 watt lamp, one killo watt hour in 20 hours, a 25 watt in 40 hours etc. If your light bill is more than you care to pay for lighting don't cut out the lights but use smaller lamps, any kind of an electric light is better than a kerosene or gas lamp and not near so dangerous.

Let us go over your equipment with you. It may be that we can help you.

Our services are free.

**WE WANT YOU TO KNOW HOW TO READ YOUR OWN METER AND WE ALSO WANT YOU TO KNOW JUST HOW MUCH CURRENT EACH LIGHT AND EACH DEVICE CONSUMES.**

I am in Clarendon nearly every Tuesday and am often here during the latter days of each week. I will be glad to give my personal attention to any and all such matters. Try me and find out.

FRANK HOUSTON, Division Manager.

**Receiver Texas Gas And Electric Co.**  
FRANK HOUSTON, Division Manager

Miss Willie Hodges spent the night with Miss Ruby Mosley Saturday.

Mrs. Vaught is visiting her daughter Mrs. Ethel Monroe at Dalhart.

Mrs. Atchison and daughter spent Monday night in the Bain home. C. Jones's home Sunday night.

**MODERNIZED COMMANDMENTS**

Dr. Manton M. Carrick, State Health Officer, has devised a modern "Ten Commandments" for Health Week. They are as follows:

- I. Remember thy garbage can to keep it covered; every day shall thou fill it and then shall the scavenger empty it, lest thy garbage become a stench in the nostrils of thy neighbor.
- II. Thou shalt cut the weeds on thy vacant lot lest it become a hiding place for old tin cans, papers and divers sorts of trash.
- III. Thou shalt plant many trees, for the sun will smite thee if thou sittest not in the shade; thou shalt also plant flowers and shrubs that thy habitation may be lovely in the eyes of men.
- IV. Thou shalt clean out the habitation of thy horse and thy cow frequently, lest the stable fly flourish and spread infantile paralysis and other death-dealing diseases.
- V. Thou shalt starve the fly in the spring, that thy children unto the third and fourth generation shall not smite him later.
- VI. Thou shalt build a sidewalk upon the ground before thy house that thy man servant, the stranger and the book agent bog not in the mud thereof.
- VII. Thou shalt not harm thy neighbor's garden, thou, nor thy dog, nor thy cat, nor thy hen that is without thy gate.
- VIII. Look thou not upon the milk when it cometh from an unclean dairy, for the doctor will not hold thee guiltless if thy infant sickeneth therefrom.
- IX. Verily, verily, thou shalt clean thy house thoroughly, wisely and often that germ-breeding dust shall not accumulate to afflict thee and thy husband and thy child and the stranger that liveth in the next block.
- X. Verily thou shalt vote for men who have the health of thy city at heart and who will pass laws amply providing for thy city's sanitation to insure thy health and thy children's health and the health of the stranger thou knowest not; for verily if the stranger within thy city's boundaries is afflicted with grievous disease because of thy carelessness, the flies

and other vermin will visit thee and his affliction shall become thy children's and thine own. But if thou wilt do thy duty and clean thy premises and compel thy neighbor to clean his premises, then shalt thou live long and happily in thy city and thy children with thee.

**FROST PROOF CAB- BAGE PLANTS**

We have millions of the finest, open field grown plants ready now. Early Jersey, Charleston, Wakefields, Flat Dutch. Parcel post paid, 300—\$1.00; 500—\$1.50; 1000—\$2.50. Express, 2000—\$3.50; 5000—\$7.50; 10,000—\$12.50. Send for price list. Sweet potato and tomato plants. Parker Farms, Moultrie, Georgia. (13-c)

**Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water**

Says an inside bath, before breakfast fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervy wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

**WORK YOUR GARDEN AND ENJOY BETTER HEALTH**

To live in too dry an atmosphere is unhealthy and adds to the doctor's bill. Statistics show that about one-third of all deaths in this country have been due to diseases of the throat and lungs. Fresh, clean, pure, humid air as found out of doors is the treatment generally prescribed for such ailments; and until people understand the need for the proper kind of air in the home, especially during the seasons when the doors and windows are kept closed, the recurrence of such discomforts are to be expected, says Farmers' Bulletin 1194, recently published by the United States Department of Agriculture.

MEMBER CLARENDON CHAMBER OF COMMERCE

## Evangelistic Committee of the M. E. Church, South, Clarendon, Texas

A great forward evangelistic movement has been launched by the pastor and membership of the Methodist Church in Clarendon. Special efforts will be made for the conversion and training of the children and young people and the enlistment of the young men and women for life service in some inviting field white unto harvest. We expect this movement to go forward with increasing momentum unto the end of the year, and to result in the conversion and reclamation of a thousand souls. We had five hundred conversions and reclamations last year. We ought to double that number this year. We will have a meeting about the last of April and a great outdoor meeting about the first of September. Much will depend on the determination and aggressiveness of the group leaders. Each one should organize his forces and lead them to victory. Jesus Christ expects every one to do his or her duty.

L. Wentz, A. C. Donald, Mrs. Eva Rhodes, Will Lott, C. M. Blanton, John Lott, R. H. Beville, L. C. Parker, D. M. Garner, M. E. Bell.

The members of this committee should dedicate their cars to the service of God on Sunday, Wednesday night, and during the revival meetings. The auto should be made a great factor in evangelistic work. The cars that come to the Methodist church might bring scores of people to the service if we become more interested in saving souls and building the kingdom. Let us see to it that the poor and less fortunate and especially the old people get to and from the place of public worship.

There's a charm---an individuality---about every Fisk creation. Women of discrimination find their tastes in millinery best expressed in Fiskhats

**MORBUS SABATICUS IS CHURCH MEMBER DISEASE**  
Morbus Sabbaticus, or Sunday sickness, a disease peculiar to church members.  
The attack comes on suddenly every Sunday; no symptoms are felt on Saturday night, the patient sleeps well and wakes feeling well; eats a hearty breakfast, but about church time the attack comes on and continues till the services are over for the morning. Then the patient feels easy and eats a hearty dinner. In the afternoon he feels much better and is able to take a walk and read a Sunday paper. He eats a hearty supper, but about church time he has another attack and stays at home. He wakes up Monday morning refreshed and able to work, and does not have any symptoms of the disease until the following Sunday. Does this appeal to you.  
Symptoms  
1. The symptoms vary but it never interferes with appetite.  
2. It never lasts more than 24 hours.  
3. No physician is ever called.  
4. It always proves fatal in the end---to the soul.  
Prescription  
1. No remedy is known for it except prayer and generous doses of Bible reading.  
2. Religion is the only antidote.  
3. One exercise never fails---regular attendance at church every Sunday morning, repeated in the evening.

**NOTES FROM THE CHURCH OF CHRIST**  
The longer we live in Clarendon the better we like it. The more we learn of the good people the better we like them. We invaded the Sanctum, Sanctorum of the Farmers State Bank this week and found the President---Mr. Morrison, a full-blooded Tarr-head! This reminds us, that we also discovered America in 1871 in that good old state? Went to school with some of Mr. Morrison's kinsfolks---knew nearly everybody in that old county. I like Clarendon now still better. And there's John---they call him? Mr. Potts, I would say. The Tonsorial Artist? Who amputates whiskers for pastime, and cuts hair for a living, he also hails from the same old state. And I like Clarendon some more. In fact gentlemen, this is a fine country to live in. And there are quite a number of peculiar religious people here. People who wish to be known as Christians---only. I am a humble representative of that people. I am very anxious to see all men doing good. We should help bear each others burdens. A good many people have lost their interest in God and in the Bible---if they ever had any. Some study about the Bible, instead of studying the Bible itself. We have a fine class every Wednesday night here. Come be with us. At Lelia Lake last Thursday night we had 85 in the class. The word of the Lord will prevail.  
I go to Lelia Lake next Lord's Day. I will be here again the 20th. At that time I shall appreciate the presence of all those who are willing to let a man tell what he believes, and why he believes it? You know some people are so smart, that they want to tell you what you believe! The Bible says No man knoweth the things of man save the spirit of man that is in him." Let me tell you what I believe, then you can tell me what you believe. That's fair isn't it? No faith cometh by hearing, and hearing by the word of God.  
Thos. E. Milholland, Minister of the Church of Christ.

**LAWYERS LEAD IN PERSONNEL OF STATE LEGISLATURE**  
The state legislature of Texas represents a number of professions with the legal profession in the lead, there being 54 at present. Twenty-nine are farmers, nine are merchants, two are ranchmen, four are publishers, five are real estate dealers, four are bankers, three are retired business men, three are students, two are physicians, two cotton ginners, two school teachers, two insurance agents, one professional collector, one humane officer, ten claim no profession at all. One vacancy exists due to the ousting of a member when the present session began due to the fact that he plead guilty to some form of disloyalty during the war. The body is made up of a total of 142 members.

**CATHOLIC CHURCH RESTRUCTURE INTO HANDSOME BUILDING**  
The local Catholic church was struck by lightning last year and so badly damaged that it became necessary to rebuild. The rebuilding of the new church has just been completed. The old frame structure has been displaced by a pebble dash building presenting a very neat appearance. Father Carey of Childress is the priest in charge, making monthly visits here. The next service will be held immediately following Easter.

**SCOTTISH RITE MASONS INVITED TO SHAMROCK**  
Scottish Rite Masons of the Panhandle have been invited to attend the Thursday celebration of the Shamrock Scottish Rite Masons. This celebration is held by all Scottish Rite Masons on the Thursday before Easter, and this year the date is March 24. The invitation from the Shamrock Masons was extended through O. T. Nicholson, Knight Commander of Honor.

**CREAM FOR CATARRH OPENS UP NOSTRILS**  
Tells How to Get Quick Relief From Head-Colds. It's Splendid!  
In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, snuffling, blowing, headache, dizziness. No struggling for breath at night, your cold or catarrh will be gone.  
Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.  
It's just fine. Don't stay stuffed-up with a cold or nasty catarrh---Relief comes so quickly.

## Edison does both!

YOU get two kinds of music,--when you buy a New Edison.

The New Edison literally RE-CREATES music,--so perfectly that you feel you are listening to the living artist.

The New Edison will also play all the needle talking-machine records.

## The NEW EDISON "The Phonograph with a Soul"

Always remember this! The New Edison does all that any talking-machine can do. And,--it also does all that any living artist can do.

You can pay cash for your New Edison, or you can spread out the payments. We will make a gentleman's agreement with any music-lover. Ask about our Budget Plan.

## FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist. The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.

# Paramount Pictures

### LITTLE TRESSIE GONE TO BE WITH JESUS.

Little Tressie Whitlock was a beautiful child. She had such a sweet disposition, she was not only a joy to her parents, but she drew every body who saw her to them. Her stay on earth was short, she was here long enough to carry with her to the glory world the love and affection of many people, her sweet little face will be long remembered by all who knew her. We cannot understand why we are called upon to suffer so many afflictions, but our Father in Heaven understands them all, all that is done by Him is for the best. We are asked to submit to His will and He assures us that all these things are working for our good. It is very comforting to know that she is not subjected to pain and suffering now. She is with our Savior where there is no sorrow, it gives our hearts great joy to know that by the Grace of God we can go some day to be with her. Our loss is her eternal gain, her parents will miss her of course, but what a comfort it is to know that she is with the Savior; as we, by faith, see her walking the golden streets of the City of God, watched over by His presence, we can realize, that hers is a state of happiness. Let God's will be yours loved ones, it will only make Heaven

more real to you. May God comfort your heart by His Holy Spirit. A Friend.

### NOTICE

Notice is hereby given that an election will be held in the Court House on the 5th day of April 1921 for the purpose of electing four Trustees for the Clarendon Independent School District to serve a term of two years. W. T. Clifford is appointed to preside over said election.

W. W. TAYLOR, Secretary.

### EXPRESSION OF THANKS

We wish to express our appreciation for the many kindnesses shown us during the recent illness of our little son, Vernon. He has fully recovered from this sickness, but we are ever mindful of those who expressed themselves in word or deed. It lifted the burdens from us to know that others thought of us.

Mr. and Mrs. J. H. Evans. (10c)

### WARNING

This is official notice that all trespassing upon the grounds of the Clarendon Country Club will be rigorous, prosecuted from and after May 6th, 1920.

Clarendon Country Club.  
Miss Ethel Rutherford visited friends near Brice Sunday.

### LEGAL PUBLICATION

#### THE STATE OF TEXAS

#### TO ALL WHOM THESE PRESENTS MAY COME, KNOW YE:

That, whereas, pursuant to a judgment in the District Court of Donley County, Texas, in Cause No. 1110 wherein Wm. Gray was plaintiff and L. F. Gregory, Ida L. Gregory, W. D. Johnson and Geo. W. Sitter were defendants, wherein the said Gray recovered a judgment of and from the defendant, L. F. Gregory, in the sum of Two Thousand Six Hundred Seventy Seven and 97-100 Dollars, together with the foreclosure of the vendor's lien on all of the W. 1-2 and the S. W. 1-4 of Section No. 14, in Donley County, Texas, said premises containing 480 acres of land, and lying about 7 miles northeast of the town of Clarendon and being known as Hootenpyle Place. The Clerk of said Court did, on the 9th day of January, 1921, issue an order of sale directed and delivered to me as Sheriff of Donley County, Texas, authorizing and requiring me to seize and sell said premises as under execution, as the law in such cases provides.

Now, therefore, Know that as directed and in pursuance of said writ after having seized said premises I shall on the First Tuesday in April, 1921, the same being the 5th day of said month at the court house door of Donley County, Texas, between the hours of 10 a. m. and 4 p. m., at public vendue, cry off and sell such premises to the highest and best bidder for cash pursuant to said writ in the following manner: First, I shall offer and tender for sale all of the S. E. 1-4 of said Section and all of the E. 1-2 of the N. W. 1-4 of said Section, and all of the N. W. 1-4 of the N. W. 1-4 of said Section, and all of the N. 1-2 of the S. W. 1-4 of the N. W. 1-4 of said Section, all containing 300 acres of land, and in the event the last above described premises shall procure a good bid for cash in sufficient sum to satisfy said judgment, together with 10 percent interest and costs of suit and the executive of this writ, then I shall strike off the same to such bidder, he being the highest and best bidder; but in the event the premises last above described shall not procure a bid sufficient to satisfy said writ and the cost of executing the same, then I shall offer for sale the whole of said premises in Block to the highest and best bidder for cash. These are, therefore, to notify you to be then and there present at the time of such sale that you may bid thereon if you may so desire to do.

Witness my hand at Clarendon, Texas, this the 10th day of March, A. D. 1921.

J. H. RUTHERFORD,  
Sheriff, Donley County, Texas. (12c)

### NOTICE

The following citizens will please act as a committee in the making of a ticket for the election of four Trustees for the Clarendon Independent School District on April 5th, 1921: Chas. Baldwin, Sam W. Lowe, Tom F. Connally, John T. Sims, President. W. W. Taylor, Secretary. (11c)

# Easter is Just Around The Corner

New Spring Apparel can make your season---or spoil it.

Why take chances?

Promise yourself this time that your clothes shall not dissappoint. It isn't difficult to dress well, even on a limited income. It is simply a matter of selecting one's shopping place with discrimination.

Don't fail to attend the style show at the Opera House, Thursday evening, March 17th, given for benefit Parent-Teachers Association. We wish to state that garments modeled for this Firm are taken from regular stock and nothing has been imported, specially for the occasion.

Neither are we modeling garments we have sold; all garments shown are for sale at our store.

Said Election to be held at the County Court House and J. T. Patman is appointed Judge of same.

By order of the City Commission this the 2nd day of March 1921.

CITY OF CLARENDON,  
By Claud McAllister, Clerk.

TO THE FARMERS OF DONLEY COUNTY

If you will come to our place, we will give you all information which will enable you to build a sweet potato dry house with little expense, wherein you can keep potatoes, and if you come soon, will show you proof. T. Jones & Co. (10c)

DAIRY EXPERT WILL VISIT HEDLEY NEXT WEDNESDAY

J. Lynn Thomas, state dairy specialist, will visit Hedley the 16th upon a special invitation of Mrs. Chitwood. Mr. Thomas will begin his lecture at one p. m., on that day. Farmers owning cows should avail themselves of this opportunity to hear dairy plans discussed that means dollars and cents to them before the next crop harvest. The entire dairy problem from the cow to marketing of the product will be given attention.

J. W. Morrison, president of the Farmers state bank, had business in Dallas the front end of the week.

### GLEANINGS FROM CHAMBERLAIN

A light snow fell Tuesday night, and with the season that we already had it will help to hold a good season for a good while.

A party was enjoyed, by all the young folks at Mr. and Mrs. J. N. Neely's Saturday night.

Mrs. N. Dingler is still on the sick list and isn't improving much at this writing.

N. Dingler left Wednesday morning on a business trip to Headrick, Oklahoma.

Mrs. B. E. Smith's sister, Mrs. Bobo from Wichita Falls is with them on a visit, she arriving Saturday night.

Alfred Huffstutler went to the Brice country Sunday to work for Ralph Grady for two or three weeks.

Harry Neely spent Saturday night with Maclin Butler returning home Sunday.

Miss Ethel Gammons spent Saturday night with her uncle and aunt, Mr. and Mrs. J. N. Neely, and returned home at Clarendon Sunday morning.

Miss Eunice Reid spent Sunday with Miss Lois Huffstutler. A Chamberlain Reporter.

### SERVICES AT BAPTIST CHURCH

Sunday was a great day with us, our pastor brought two sermons of unusual power which were accompanied to the hearts of men and women. Two came forward in the morning service and pronounced their acceptance of Christ as their Savior, and united with the church, one came by letter, at the evening service one young man surrendered his life to Christ and united with the church, and one came back by statement. This week is a week of prayer for the great work of Baptists. Let every Baptist feel his need of prayer that he may do greater work. Baptising Sunday evening at 7. Preaching following. Everybody invited. Come and get a blessing.

Reporter.

Mr. and Mrs. C. D. Ardery of near Claude, spent Wednesday here visiting their many friends.

### CARD OF THANKS

To the many friends and neighbors who were so kind to us during the sickness and death of our dear Mother we take this means of tendering our thanks for their many deeds of kindness shown to us during her illness and death, also for the many beautiful floral offerings. May God's richest blessings rest upon you all. Mr. and Mrs. J. H. Hurn and family, J. H. Rush, T. P. Rush, A. F. Rish, Rufus Rish and wife.
