CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 12, 1944

A Common Paper for Common People

Canning Centers To Remain Open Throughout Winter

The canning center at Clarendon which operates on Tuesdays and Thursdays under the direction of Mrs. Myrtle Lindsey and the center at Lelia Lake which operates Mondays, Tuesdays, Wednesdays, and Fridays of each week will continue to operate throughout the winter according to J. R. Gillham, local vocational agriculture instructor who is supervisor of this program.

Over 25,000 pints of food have been processed at the centers this summer and fall, and the total is expected to reach over 35,000 by January 1, 1945.

A new electric grinder with all necessary attachments has been ordered for the Clarendon center. The Lelia Center has had a new electric grinder for some time.

Clarendon Host For Agent's Meeting

Charles Reed, Donley County Agent, has received notice that Clarendon has been selected as city to conduct two day training school for County Agents and Home Demonstration Agents in District One. Approximately 40 agents and their assistants are expected to attend meat preservation training school here on October 17th and 18th.

Mr. Knox Parr, District Agent will demonstrate the approved methods of killing and preparing beef and pork for frozen lockers, home canning and storage for home use.

Miss Martha Buttrill, State War Food Assistant, Miss Doris Leggett, District Home Agent, and Mrs. Mary Zeman, War Food Assistant will demonstrate the proper methods of meat preservation, making lard and soap, and use of preserved meats.

The training school will be held at Clarendon's Canning Center which is equipped with stoves, pressure cookers and retorts, sealers, meat grinders and equipment adapted to preparing or canning food for home use.

CORRECTION ON CLUB PIG SHOW SALE

Through an error on the part of the sales committee in preparing a list of purchasers of Club Pigs at the recent Club Boys Fall Pig Show, the name of Thompson Bros. as a purchaser of one of the pigs was omitted. Thompson Bros. purchased Junior Bulman's 250 pound Berkshire barrow at 16.8 cents per pound.

Extensive Project Feeding Program By FFA and 4-H Club Members

Donley County 4-H Club boys under the direction of County Agent Charles Reed, and Clarendon F. F. A. members under the direction of J. R. Gillham, Vocational Agriculture instructor, are entering one of the most extensive feeding programs they have ever undertaken. Lumber and pigs form the major portion of the boys' projects.

Boys planning to start lambs on feed this week end and most of lambs each boy plans to feed are Gene Adams 3, Bob Brown 40, Bob Clifford 1, James Owens 1, Tom Sullivan 1, Tommy Leek 1, Delvert Robinson 2, Sam and Jimmie Owens 5. These boys will receive their lambs Saturday and Sunday. They will receive their southdown-rambouillet crosses from Gus Laquay of Dalhart, and their rambouillets from Luther Lowry of Claude.

WAR DADS TO HOLD SPECIAL MEETING OCTOBER 16

S. C. Bell, president of the local War Dad organization, announced this week that they would have a special meeting on the night of October 16th in the form of a social, beginning at 8 p. m.

All War Dad members and their wives are urged to be present for the occasion. There will be plenty of entertainment and refreshments for a regular old get-together.

In their regular monthly meeting October 9th, S. C. Bell was elected president and Rayburn Smith, secretary.

Week end guests in the home of Mr. and Mrs. R. H. Elkins were Dr. and Mrs. J. H. Kelley of Pampa, Texas; Mr. and Mrs. LuMcClellan of Ashtola; Mr. and Mrs. Gene Nolan of Clarendon.

Mrs. Helen Watson and children Hope and Jack, left Thursday for Long Beach, Calif. to be with her husband, O. C. Watson Jr.

Bronchos Lose To Rockets

The Clarendon Bronchos lost their second conference game of the season to the Wellington Skyrockets here last Friday night with the final score of 21-0, this being approximately half of what was expected by most sport fans.

The entire Bronco team showed up mighty well against a superior Rocket team that was far more experienced including a decided weight advantage. The Rockets wheeled up a total of 16 first downs to the Bronchos three. They gained 222 yards by ground plays to the Bronchos 47. These statistics show that the Bronchos had to do some hard playing and holding in order to hold the score down to 21-0. The Rockets received their first score after the Bronchos had received a bad break and fumbled near their own goal early in the first quarter. They received another 2 points when they gained a safety when a Bronco punt was blocked, flying better than 30 yards in the air back over the goal line.

The game was enjoyed by most everyone even though the score was in the visitor's favor. It was a clean, hard fought game all the way through and the officials in charge were among the best that Coach Naylor could hire to call the game.

Joe and Ralph Ayers, and D. Mays will feed a total of seven spotted Poland China barrows. Ray Morris, Joe Shadle, Earle Hay, Gene White, Patterson, B. J. Jordan, Joe Smith, J. W. Williams, Rex Bradford, Lynn Leathers, and Joe C. Smith will each feed one chester white barrow, and Jr. and Gene Bulman and B. J. Marshall will feed three each. Gene White, Buddy Barker, Jack Fowlkes, Joe Shadle, Frankie Holton and Bobby Wilson, will each feed one duroc barrow. J. B. Knight will feed four and Sam Owens three durocs. Ray Morris, Joe Smith, Kenneth Wilkerson, Jim Lovell, B. J. Jordan, B. G. Spier, Dwayne Hearn, Tommy Hodgnett, Wayne Neel, Melvin Fowlkes will each feed one or more Polands.

Other boys desiring to feed lambs or pigs for the spring show this year should contact Reed or Gillham within the next week.

Broncs To Play Blackhawks Friday Nite

The Clarendon Bronchos will journey to Phillips this week end to play their first non-conference game against the Blackhawks, a team that has always stood high in Class A football.

Coach Naylor has been putting the Bronchos through tough drills this week, emphasizing on blocking, tackling and pass defense.

The Bronchos are rated as the underdogs in this game, but you can never tell just what will happen in the end. At any rate, they are going up against a strong opposition that will help season them for their conference games that lie ahead. They will also be out trying to avenge the defeat suffered by the hands of the Wellington Skyrockets last week.

The Clarendon lineup will probably remain as it stood in last week's game, that is, if certain boys worked hard enough this week to hold their positions.

If you can make the trip, go along and back the Bronchos. They appreciate it a lot and it gives them more fighting spirit.

CLP EARNEST EUDY REPORTS FOR TRAINING AT BOMBER BASE

Cpl. John Earnest Eudy, son of Mrs. John Watters of Clarendon, has reported at the Gulfport, Miss. Third Air Force bomber base for an intensive training course as an armorer gunner on a B-17 Flying Fortress.

Selected for this important assignment after stringent examinations, Cpl. Eudy will be a member of a ten-man crew who will live and work together under simulated battle conditions. Upon completion of training, the crew will be ready for duty on the fighting fronts.

School Farm Shop Popular With Farmers

The farm repair shop sponsored by the Clarendon Schools through the Vocational Agriculture Department of the school is proving to be one of the most popular programs ever sponsored by the local school. The shop located in the south college building has been in operation for three weeks, and a large number of farmers have taken advantage of the additional facilities for farm repair.

With all commercial shops being worked past the capacity, the school shop has provided and is providing many farmers facilities to get farm shop work done that otherwise would have to be delayed. Some farmers have misunderstood the purpose of the shop. It is not a school or course of any kind; it is a fully equipped modern farm shop with an experienced welder and shop man in charge, where farmers may take their welding and repair work and secure the help of the supervisor in doing their particular job. A well equipped forge, electric and acetylene welding machines, drill press, electric grinders, electric saws, and several hundred dollars worth of wrenches, pipe and tap and die sets, are available for the use of those wanting to make use of the service.

A. P. Thomason, a welder and shop man of over 20 years experience is in charge of the shop. One farmer was so well pleased with his work there this week that he is donating the use on an air compressor to be used in painting machinery and repair work performed at the shop.

Flower Show To Be Held Saturday

The Les Beaux Art Club is sponsoring a flower show this Saturday, Oct. 14th. The show will be in the West Texas Utilities building, open to the public from 12 to 6 p. m. The committee will be there at 9:30 to receive the flowers. The show is free for all.

Everybody is invited and asked to send some flowers.

If you have a plant or just one blossom, bring it. If you do not have a container put your blossom in a milk bottle or coca-cola bottle and bring it on.

"There will be no judging this year," one of the committee explained; "only a display to see what we grow in the way of flowers."

Those who wish to display canned fruits or vegetables are asked to bring them in.

Millions of Pounds of Clothing Needed For People of Liberated Countries

Recent Allied military successes bring renewed hope for the rapid liberation of countries now overrun by the Axis. But following the liberation, the United Nations face the great task of relief. With the approach of winter, the need for clothing for victims of war becomes one of the most pressing problems confronting U.N.R.R.A. (The United Nations Relief and Rehabilitation Administration). While some collections of clothing have already been made by private organizations for particular countries, U.N.R.R.A. must have a supply of clothing which can be sent to any country where the need is great.

The religious communities of America, representing all faiths and creeds, will co-operate in an effort to collect from members and friends through churches, parishes and synagogues, millions of pounds of clothing for distribution in liberated areas.

What is needed is good substantial clothing, new or used for both winter and summer wear. Although clothing need not be in perfect repair, it must be useful to the people who will receive it.

The Victory Program

When the time comes and Germany capitulates, it will be time for celebration. This is what the Committee has mapped out:

What ever time of day when such news comes, let everyone gather at the corner at the Antro Hotel. There the parade will start and the Marshall will direct the way. The Band will be in evidence and every one join the happy throng. At the close of the march we will stop at the Pastime Theatre where the band will give us inspiring music. Short speeches will be delivered. Don't need your Sunday clothes on; come as you are from where ever you are. That will be glory.

The Committee reporting.

Clarendon Clinic Moved To Adair Hospital

Dr. Keith S. Lowell has announced that the Clarendon Clinic has been completely moved and consolidated with the Adair Hospital and that everything was running as per schedule at the new location.

The hospital will be known now as the Clarendon Clinic-Adair Hospital, and Drs. Keith S. and Laura A. Lowell feel that by making this change, they will be able to offer their patients a much better equipped hospital and sufficient room for most any emergency that might arise.

Miss Margaret Kidd, R. N., is Supervisor of Nurses. She is a graduate of St. Paul's Training school for nurses of Dallas, and her specialty was Operating Room procedure.

Mrs. Russel A. Barton, R. N., is a graduate of St. Luke's Training school for nurses, Philadelphia, Pa., Hospital Administration course at Temple University, Philadelphia, Pa., and Pierce's Business College, Philadelphia, Pa.

Dr. Lowell wishes to commend the Buntin and Womack ambulances and the men helping with the moving for their fine cooperation in the moving of hospital equipment and patients.

Rev. W. E. Ferrell Succumbs From Heart Attack

Word has been received here of the death of Rev. W. E. Ferrell, age 47, former pastor of the First Christian Church here.

Rev. Ferrell died Monday, Sept. 18th as a result of a sudden heart attack while he was on a fishing trip.

He was pastor of the Luray Church of Christ, Luray, Virginia at the time of his death, and was pastor of the First Christian Church here for several years in the late 20's and early 30's. He was one of the most popular ministers ever called to this section, and was held in the highest esteem and regard by all who knew him.

He is survived by his wife and one daughter, Mrs. Robert S. (Mique) Pinkerton and a granddaughter, Dyanna Ferrell Pinkerton of Luray, Va.

JOSEPH C. RAY PROMOTED

Col. J. M. Hutchinson, commanding officer of the Army Air Forces Navigation School at San Marcos (Texas) Army Air Field, has announced the promotion of Cpl. Joseph C. Ray, son of Mr. and Mrs. J. C. Ray of Clarendon, from the grade of private first class. His wife, Mrs. Joyce L. Ray, lives in Lubbock.

Club Boys To Receive Gilts From C-C And Lions Club Are Being Selected

Club boys to receive gilts in the program initiated last fall and jointly sponsored by the Chamber of Commerce and Clarendon Lions Clubs are being selected at this time by J. R. Gillham, local Vocational Agriculture Instructor, and C. O. Reed, County Agent. Twelve boys will be selected from the group applying for gilts and these boys will be given gilts that they will agree to feed properly throughout the winter and to exhibit next spring.

The winning boy will receive a war bond and the remainder of boys doing a creditable job will receive cash awards. Each boy agrees to exhibit his gilt in the spring gilt show, breed her in April or May for August or September piggies, and to return to the Lions Club and Chamber of Commerce next fall, a gilt pig out of the first litter to replace the gilt given to him by these organizations.

Boys already making application for the gilts are C. A. Ellis, Loyd D. Leeper, Jimmie D. Durham, Frank Jones, Harold McDonald, Keith Reed, Ronald Doherty, Drew Christie, S. J. Johnson, Dorsey Laeffel, and Risenhoover. Boys will have their choice of duroc, berks, chester white and spotted Polands in this contest. Any boys desiring to apply for one of the gilts should contact Gillham or Reed within the next week.

Wastepaper Collection Drive To Close Next Tuesday

Lee Bell, chairman of the Lions Waste Paper committee, announced this week that a final date had been set on the waste paper drive now in progress.

Tuesday, October 17th will be the last day, and everyone having paper is asked to bundle it up and place it on their front porch or put in plain sight from the street in front of the house no later than early Tuesday morning when it will be picked up by trucks. These trucks will make a complete canvass of the town, making all side streets as well as the streets going east and west.

We want this final drive to really bring in the paper, added Mr. Bell. He also stated that although this drive will end Tuesday, that everyone should keep on saving their paper as the government might possibly call for another drive at a later date and we would be one step ahead.

Several thousand pounds of paper has been collected to date, and there should be almost that much again in the drive next Tuesday if everyone will cooperate to the fullest extent. Don't forget to tie your paper in bundles as it is very hard to handle when it is loose.

WAC RECRUITING TEAM WILL BE IN CLARENDON MONDAY OCTOBER 23rd

A WAC Recruiting Team from Amarillo will be in Clarendon on Monday October 23, 1944 to interview women who are eligible for the Women's Army Corps. The team composed of Lt. Vivian E. Woody, and Sgt. Paula Edwards, will have its headquarters in the Post Office Building. Any one who wishes to contact the recruiters may do so by leaving his name with the local postmaster.

Before the end of the year the Women's Army Corps hopes to enlist thousands of young women as medical technicians. This is a splendid opportunity for serious-minded young women who wish to make a direct contribution to the war effort. Upon completion of the necessary training as medical technicians, WAC's will use that training for the care and rehabilitation of the war wounded and disabled who have already returned in large numbers.

Mrs. Minnie Norris and Geo. Norris of Allen, Texas are visiting her daughter and family, Mr. and Mrs. Spurgeon.

Mrs. Lena Antrobos and Mrs. O. C. Watson attended the flower show at Amarillo Monday.

"I'm in a Cold Sweat!"

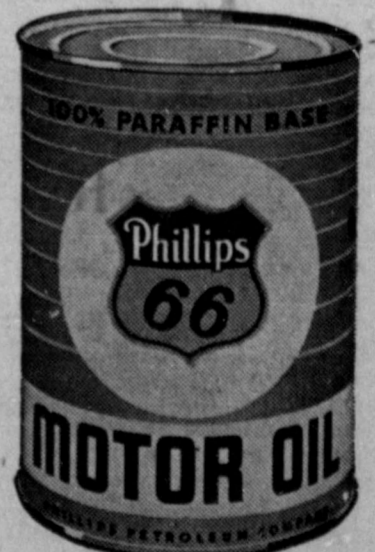

FEAR IS WHAT DOES IT, and many a car-owner has felt that freezing chill this summer, when a sudden, new noise from his motor has filled him with dread that his car was chugging its last.

There's nothing like that fear to make a stupid driver resolve to follow better driving practices. The intelligent motorist needs no such warning; and he always makes certain that the motor runs only with quality oil in the crankcase.

Obviously there are a number of such oils. And to help you select one of them, easily and with certainty, Phillips gives you these facts:

Phillips offers a number of oils because car-owners' preferences and pocketbooks vary. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It's good for your motor, under today's reduced driving conditions, to change oil every two months, say experts. For that change, and for seasonal draining and refilling, you make sure of getting a quality lubricant, when you simply say: Phillips 66 Motor Oil.

It's Phillips Finest Quality

GARDEN CLUB HOLDS FLOWER SHOW

The Garden Club held a flower show Monday afternoon in the lovely home of Mrs. H. T. Warner. The assisting hostesses were Mrs. John Blocker, Mrs. Rolle Brumley, Mrs. H. W. Hanks, Mrs. Will Johnson, Mrs. J. L. McMurtry, Mrs. Lon Rundell and Mrs. Ed Speed.

Mrs. Warner and Mrs. Frank Phelan, president of the club, received the guests at the door.

Mrs. Joe Goldston, chairman of the flower committee, showed each guest around the spacious living room.

This room was decorated with baskets of pure white dahlias and pink ones in handsome containers, placed at intervals to emphasize the white.

Mrs. John Goldston and Mrs. Walter Taylor were in charge of the morning room and the den. Such a mass of color greeted the guests in these two rooms, that it took several minutes for the eye to settle on any one kind or shade of blossom.

The gorgeous dahlias predominated, but there were a good many roses of various kinds, some chrysanthemums, hibiscus, asters, iris, purple and scarlet sage and even some jack beans.

The committee had so arranged the flowers that the colors blended into a satisfying harmonious scene of beauty.

There were several special dish arrangements that were quite attractive, and one unusual exhibit of ordinary moth balls, floating around in a deep container of saffron colored water.

After the ladies had spent quite a while looking at the flowers and asking questions, Mrs. Phelan called the house to order, and announced a book review by Mrs. U. J. Boston.

Mrs. Boston reviewed Bertha Parnon's "Sense of Humus" in such a charming way, that each listener thoroughly enjoyed the whimsical humor of the book, and really suffered with the author, in her struggles against poor soil and

masculine reluctance for all gardening foolishness.

At the close of the book review, the guests were invited into the dining room which was lovely with autumn color.

The lace covered table had a center piece of bronze, pom-pom dahlias and the buffet held a bouquet of larger bronze dahlias. On the serving table was an arrangement of orange, bronze Pyracantha berries which showed real artistry.

Mrs. McMurtry presided at the silver tea service and the other hostesses helped serve refreshments which carried out the bronze and white colors.

About forty members and guests enjoyed this final meeting of the year.

The Club gardeners feel that they received enough inspiration from this one show, to last through all the planning, working, and seed catalog study until April of 1945.

GAMBLE-BRADDOCK

Mrs. Della Smith announces the marriage of her brother, Oda Braddock, to Miss Bettie Gamble at the home of Rev. Banister in Clarendon at two o'clock Thursday eve. Mr. Braddock has lived in the Lesley community in Hall county since 1927. Mrs. Braddock lived in the Artolie community at the time of her marriage, but she has lived in Paris, Texas till the last two or three years.

The wedding was attended by a few of their close relatives. They will make their home at Artolie at the present where Mr. Braddock will be employed.

KAPPA KAPPA SORORITY

The Kappa Kappa Sorority members and pledges met Wednesday afternoon with Betty Rhodes as hostess, and Klyda Wilson as co-hostess. The meeting was called to order; a short business session was held. Plans were made for a "progressive" dinner as next week's social. The pledges were given an examination which proved to be very entertaining.

Members and pledges present were Ada Sue Smith, Marilyn Bartlett, Alma Jo Mosely, Dorothy Nell Kemp, Dorothy Jean Tatum, Marilyn Maher, Melba Ruth Grady, Johnnie Johnson, Helen Porter, Beverly Stricklin, Kathleen Grady, Ruth Patman, Edith McCrary, Betty Brown, Treva Nell Trussell, Edna Lou Lamberson, Mary Ann Bromley, Mary Nell Hanks, Jean Porter and sponsor, Mrs. Rufus White.

Delightful refreshments were served to all by the hostess and co-hostess, Betty Rhodes and Klyda Wilson.

BRIDAL SHOWER

Mrs. Raymond G. Johnson was honored with a bridal shower, given by Misses Jean and Helen Porter, last Wednesday afternoon at the home of the hostesses.

The house was decorated with lovely pink and white dahlias. The centerpiece for the table was a miniature doll bride and her soldier-husband standing on a large reflector with small pink and white chrysanthemums around the edge of the reflector.

Miss Jean Porter presided at the punch bowl both hours and was assisted by Miss Mary Nell Hanks. The color scheme for the shower was also carried out with pink and white mints. Cookies and punch were also served to about sixty persons.

Miss Johnnie Johnson gave a comical reading about a Negro wedding, and Miss Dorothy Anne Kennedy and Miss Beverly Stricklin furnished music on the piano for the two hours.

Mrs. Johnson is the former Miss Mary Nell Keys, daughter of Mr. and Mrs. Ralph Keys. She was married to Lt. Raymond G. Johnson of this city, May 25, 1944. Mrs. Johnson has just returned from Tallahassee, Florida, where she and her husband lived for three months before he was sent overseas.

MOTHER'S STUDY CLUB

Members of this Club met in the home of the president, Mrs. Geo. W. Estlack Tuesday afternoon, October 10. After the roll call and reading of the minutes, Lois Marie Hommel opened the program with a piano selection. Mrs. Walter Clifford led the discussion, "You and Your Children's Friends." The article, "Children Need Parents" was given by Mrs. G. W. Estlack.

Refreshments were served to Mrs. Frank Thomas, Mrs. Walter Clifford, Mrs. Frank Hommel, Mrs. Bill Riney, Mrs. Bill Weatherly and Misses Wileta Riney, Lois Marie Hommel, Jackie Estlack and the hostess, Mrs. Geo. W. Estlack.

D. M. FITZGERALD'S HOLD FAMILY REUNION

Rev. and Mrs. D. M. Fitzgerald had the pleasure of having eight of their ten children in their home for a reunion.

Those attending were Mr. and Mrs. Dale McLaugh and daughter of Richmond, Calif; Mrs. Edd McDaniel and son Harold, Philip Fitzgerald and son Kermit, all of Dallas; F. A. Fitzgerald and family of Tulla; W. H. Fitzgerald and family of Silverton; Mr. and Mrs. Arby Mulder and son of Floydada, Mr. and Mrs. Pete Land and Billy Jack, C. G. Cobbs and family of Clarendon; also a granddaughter-in-law Mrs. Wayne Fitzgerald and son of Dallas.

Those unable to attend were Dan Fitzgerald of San Diego, Calif., and Mrs. J. F. Minyard of Littlefield.

Mrs. Collins and daughter Suzanne of Houston are visiting her aunt, Mrs. A. A. Mayes.

LES BEAUX ART CLUB

Les Beaux Art Club met Friday afternoon, Oct. 6, in the home of Mrs. Frank Bourland. The business meeting was held with Mrs. M. R. Allensworth presiding. The Club decided to have its annual Flower Show on Saturday, October 14 at the West Texas Utilities office. The public is invited and are urged to send flowers to display.

After the business meeting, Mrs. J. D. Swift discussed baskets. She told about the methods of making various types of baskets and had a very good display of baskets from different localities.

Refreshments were served to one guest, Miss Katherine Ross; and members, Mrs. M. R. Allensworth, Mrs. John Blocker, Mrs. J. W. Evans, Miss Mary Howren, Mrs. Pete Kunz, Mrs. W. H. Patrick, Mrs. C. C. Powell, Mrs. J. D. Swift, Mrs. W. W. Taylor, Mrs. A. B. Turner, Mrs. Frank White Jr., Mrs. W. G. Word, and Mrs. Frank Bourland, the hostess.

BAPTIST W. M. S.

The Rex Ray Circle met in the home of Mrs. Louie Thompson. Mrs. Bob Hay taught a very interesting lesson. Refreshments were served to seven members.

The East Circle met in the home of Mrs. Edd Barns. The lesson was taught from the 14th Chapter of John by Mrs. W. A. Land. Refreshments were served during the social hour to eight members.

The Sarah Skinner Circle met with Mrs. Claude Darden. There were six members present.

The Vada Waldron Circle met in the home of Mrs. Dale Hill. Mrs. Crockett Taylor taught a very interesting lesson from the book "Things We Should Know."

During the social hour refreshments were served to fifteen members, two visitors and our W.M.U. president, Mrs. W. C. Gunter.

Mr. and Mrs. A. J. Hick and Mrs. Norris Spurgeon and daughter Pat of Stratford spent the week end with their parents, Mr. and Mrs. J. I. Spurgeon.

Mrs. Tommy Mandril spent Monday in Amarillo visiting her sisters.

LIBRARY NOTES
By Mrs. C. A. Burton

A few new books again: "America," by Stephen Vincent Benet; "West Point" by E. D. J. Waugh; "Papa Was a Preacher" by Alyne Porter; "The Christ of the American Road," E. Stanley Jones; "Kaiser Wakes the Doctors" Paul De Kriuf; "Dewey," Stanley Walker; "God Was There" Chaplain Elben Cobb Brink; "War Below Zero," Balchen Ford and La Forge; "Air Patrol," Henry B. Lent; "We Live in Alaska," Constance Helmrick; "Some of My Best Friends Are Soldiers," Margaret Hasley; "Too Many Women" Maysil Greig; "Sally Scott of the Waves," Roy J. Enell; "The Moon and Sixpence," W. Somerset Maugham; "Farewell, Toinette," Bertita Harding; "The Making of a Saint," W. Somerset Maugham. In addition to these, the Book Club gave us "USSR—The story of Soviet Russia" by Walter Duranty, and Mrs. Thompson brought us several books.

According to a report on Aug. 31, one hundred thousand copies of "Mein Kampf," found on the shelves of Paris bookshops, had been converted into paper for the liberated city.

Lt. Col. Vincent Sheean, after serving in Africa, Italy and China, and receiving the Purple Heart, is getting an honorable discharge. He will go to Europe as a Blue Network commentator and for the Saturday Evening Post.

Pearl Buck's "Dragon Seed" is getting more attention than any picture for some time. It is said that Pearl Buck was greatly pleased with Katherine Hepburn when she visited the set.

Commander Corydon Wassell arrived here for the American Health Assn. meeting. Hu Chain, author of the radio show, "Dr. Wassell," met the navy hero at the airport and they dined together. The radio writer asked Dr. Wassell to tell him of some of the harrowing experiences he had had. "Well, there was that long stretch in Java—and then those 21 months with Cecil B. de Mille."

The Herald-Tribune Forum—the "Books"—will have its speakers at the annual luncheon, Henry J. Kaiser, King, Nimitz, Eisenhower, Marshall, Dewey, Clare Boothe Luce, Bernard Berach, and the President if he will agree to speak.

Sgt. Mont Wolford Writes of Saipan

EDITORS NOTE—The following letter was written by Mont Wolford, who is in the Southwest Pacific, to his little son Monte Ray Wolford at Lelia Lake, concerning the Island of Saipan. The letter is of such an interesting nature that it is being published that others may know something of this island.

Saipan 9-3-44

Dear Folks:

Just a line to let you all know I am feeling fine and working hard. Will try to tell you a little about the Island. It is about 25 miles long and 12 miles wide I think. Lots of trees and shrubbery, sugar cane, and all types of tropical fruits and nuts.

I was surprised to see how backward the Japs are and how little they have developed the island in the 20 years they have had it. Their hangars and all the buildings around the air port look as though some child built them.

The natives are Korean or at least they claim to be; actually they are Chamorros, a result of the marriage between native women and Spaniards and Filipinos. There are some Chinese and lots of Japs.

The modern Chamorros are light brown in color, very round heads, flat noses and high cheek bones. Their hair is usually straight and black. Most of them are small. The men are about 5 ft. 4 inches tall.

The health of the natives when the army came in was very poor, lots of disease, with sores all over their bodies. However the medics are cleaning them up pretty fast. I went by the camp where they keep the natives, and you could see large bunches of them sitting on the ground picking lice off of each other. I asked the fellow I was with what they were doing and he said, "O that is where they trade 2 blacks ones for one red one." (lice of course)

About the only missionary activity they have ever had here was German and Spaniard. As a result Roman Catholicism is well established. They have no respect for Protestants, and the Americans and the U. S. is regarded as a Protestant country.

Their shacks or houses are almost all made of grass, no furniture of any kind, do their cooking on the ground out side what little they do.

The climate is warm, humid and wet. 80 degrees is the average temperature and hardly ever varies more than 1 to 2 degrees. Saipan has an average yearly rain fall of 83.5 inches. In contrast to Hawaii they have no irrigation system, however sugar cane is the principal industry. It takes about 16 to 18 months to grow a crop of it.

I must close now as we have to go out now.

Hope you are all well and happy. I love you all.

THE BRONCHO RANGE

C. J. C.

Section, published Weekly by The Donley County Leader for Clarendon High School and Clarendon Junior College

COLLEGE INITIATION

The College Freshman initiation took place Friday, October sixth. All the kids drew a sigh of relief after it was all over—if they were still alive. Here is a list of the freshmen and the costumes they wore:

Harry Blair—Wheel doll carriage with doll. Dress like four year old girl. Jack Ballew—Be typical Broncho dressed in full uniform. Marilyn Maher—Be the negro girl with Bartlett. Marilyn Bartlett—Paint up like a Negro; wear hair in pigtailed. Polish Sophomore's shoes all day. Helen Jo Bulman—Wear hair pinned up, housecoat, toothbrush, house shoes. Just like you get up, no head handkerchief nor make-up. Doyce Barker—dress sophisticated—lots of make up, hair on top of head, high heels and all the trimmings. Beth Davis—Santa Claus, bring plenty of food for the Sophomores. J. R. Morgan—dress like Frank Sinatra, learn to sing "Paper Doll", Peggy Wiedman—dress like Frankie's paper doll, be around with him when sings. Peggy Everett—old fashioned lady—hair powdered and up on top of head. Billy Jack Land—dress in sheet, wear night cap, bring baby bottle with milk, carry a candle. Billie Howerton—Levis, cowboy boots, mustache, big hat. Tula Mae Hoggard—First grade school girl. Johnnie Johnson—Old grandma, powder hair and carry a cane. Faye Kidd—Gravel Gertie, like in Dick Tracy, Kenneth Hunt—dress like a woman and be Blair's momma all day. Laverne Marshall—Indian squaw, carry papoose. Elizabeth Mauldin—Olive Oil. Mary Ellen Pipes—Mae West, lots of make up. Peggy Stotts—make up half of face, wear different shoes, pigtail half of hair. Imogene Wilson—Cass Daley. Cora Lee Muse—Verginia O'Brian. Tommy Saye—dress like a captain of a ship, we will furnish the ship. Shirley Smith—dress as all ways, we'll do the rest. Sammy Tankers-

ley—Joan Davis—James Lovell—W. C. Fields—artificial nose. Velma Tims—negro mammy. Jane Wright—Napoleon. Yvonne de Vlammig—sophisticated "somebody," lots of make up, real short dress, bring a poodle dog, and act real "snazy."

CORRIDOR COMMENTS

Marilyn Maher seems to have a new interest. Couldn't be the truck driver who took the band and pep squad to Lefors last Friday night?
Melba Ruth and Billy Roy seem to be doing fine again. Maybe!
The fleet seems to be in; however, there are still two missing, Buddy Ryan and G. G. Reeves.
There is one person who seems to be calling him "dear" all the time.
There seems to be three boys called I. M. L. II and III, and the three girls are called I, II, and III.
What was LaVerne Darden doing in the midnight show Saturday, Sept. 30, with all those strange men. We could know more!
There were a lot of people, under coats, jackets, etc. coming home in the truck from Lefors.
There was quite a little get together at Key's house last Monday afternoon, Oct. 2, 1944.
Kathleen Grady seems to have a new Junior College pin. Is everybody happy?
The Seniors have their senior rings now and they surely move around!
There is a senior boy whose new name seems to be "Uncle."
Marilyn Bartlett seems to feel pretty low now days. Eh, Bartlett?
We heard that Dot Kemp had quite an eventful afternoon Sunday. Goodbye, Goodnight!
Harry Blair said he enjoyed watching the Wellington girls dance Friday night. Wonder why?
We wonder why Pledge Trussel's pledge ribbons were lengthened Saturday night?

We wonder why two certain girls don't want to see a certain person who took them somewhere Sunday night??
Who was seen riding around with Donald Beard, Ruth Patman and W. S. the other evening?
Peggy seems to be sad since Billy Moreland left. Wonder why?
Hanks and Davis seem to have up a case. Be careful, kids.
Klyda's party seemed to be getting along nicely until the four-some came along.
The boys seem to be mighty bashful nowadays. They have to write letters for dates instead of asking or calling.
Why is it Louise Mann likes to play in the sixth period study hall?
Why won't Mrs. Hess wear her purse like Jimmie Howze wants her to?
Allie Mae sure seems to be happy this week. It couldn't be because her brother is home, could it?
Why is Melba Ruth going around in a cloud? It seems as though she has two new boy friends.
Why is it everyone is thinking Ruby Jo is trying to rate a date with Bert Smith?
Tuffy Ellis surely wants people to know that he can work Algebra II problems as well as he plays football.
Who is it that Ruth Roberts keeps staring at in history class?
Alma Jo was seen with Billy Ray Graham Saturday night.
What senior does Faye Phillips think is so cute?

CHAPEL
The student body sang songs as an opening number for the chapel program Friday at the fifth period. Mr. Drennan introduced Shy (Lloyd) Johnson, who gave a splendid talk on India. He exhibited some beautiful souvenirs that he had brought back from Africa and India. Another welcome visitor was Sgt. Jimmy Goodman, who has returned home after being a Nazi prisoner for four months.

The College Freshmen paraded across the state in their initiation costumes. Marilyn Bartlett and Marilyn Maher, the college negro bootblacks, acted out a minstrel joke. Jack Ballew showed how to call football signals. Harry Blair pushed his doll carriage across the stage, but he clung to the skirts of his mother, Kenneth Hunt. Santa Claus warned all the pupils to be good boys and girls, even this early in the fall. Peggy Wiedman, the paper doll, and her compan-

ion, J. R. Morgan, as Frank Sinatra, made a fascinating pair. Old Grandma Johnnie Johnson gave a cute reading, "Mandy's Wedding." Elizabeth Mauldin, Olive Oil, was diligently searching for Popeye. Jane Wright, as Napoleon, assumed a soldierly bearing. Each freshman conducted himself befitting the costume he wore.

BRONCHOS vs. SKYROCKETS
The Bronchos met the Wellington Skyrockets here Friday night, but were outplayed with a score of 21-0. Good clean football was played all around and no one was hurt seriously. The Wellington band and pep-squad were here and did a very good "stunt" on the field. The Clarendon band did some good playing and the pep-squad had some very good yells. We hope the Bronchos do a little better in the next game.
The boys and girls went to the gym after the game and had a good time dancing.

SOUTH WARD
Mrs. Mears' pupils are weaving paper mats from bright colored construction paper. They think it lots of fun.
Mrs. Thomson is substituting for Miss Mongole this week. Miss

U. S. O. DRIVE

The U. S. O. Drive began Monday morning when approximately all of the students of Clarendon High School and Clarendon Junior College canvassed the entire town.
The student body met in the auditorium at ten o'clock Monday morning. Mr. G. G. Reeves, the County Chairman of the drive, assigned sections of the city to numerous teams. Each student was given a Solicitor's Report Envelope in which the donations were carried and recorded. The teams then left and started on the campaign.
The total amount collected up to Monday noon, was approximately \$785.87.

They Look to the West

THEY LOOKED to the West for strength of arms ... for liberation from the yoke of the oppressor. cannot fail them ... we must not fail them ... now that a new day is so close at hand.

And still they look. But they look now for food to keep alive the spark of life. They look for food for their children ... their hope of the future ... the hope of their unhappy, war-racked lands.

The things they need ... food and clothing, medicines and vitamins ... and hope for the future ... are all made possible by your contribution this year to your Community War Fund, representing the National War Fund.

They look for clothing ... warm clothing to protect them against the dread, sickening chill of coal-less houses.

Now is the time to open your heart ... and open your checkbook. Now is the time to give, as you have never given before, that others may have the chance to life, and liberty, and the pursuit of happiness.

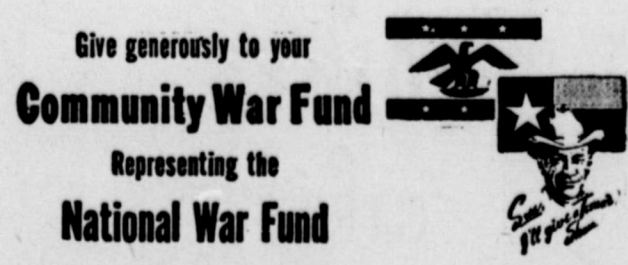

They look for medicines and vitamins ... to help them save their wounded, their ill, and their plague-stricken victims.

They look for seed ... to plant the fallow earth once more ... to eke out their famine rations of grass and weeds and ersatz, sawdust bread.

They look for hope.

Out of the cradle of liberty they pray that there will come the inspiration to build anew ... with new rights, new freedoms, new opportunities for themselves.

They have suffered long, and they are weary. We

SCHOOL NEWS

"Sad news", say the school children this week. Why? This is six weeks test week and oh, my goodness—just think of the "midnight oil" that will be burned! Tests will be given Wed. and Thurs. and report cards will be given out Friday.

Faydene Watkins began work at the Clarendon hospital Monday as her school has turned out for cotton picking.

Miss Wilma Watkins has moved home for six weeks to be with her parents as her school at Hedley turned out for cotton picking.

Sgt. Jimmie Goodman of Clarendon spent Sunday night with Mr. and Mrs. Goble Barker and family.

Don Carroll Springer was an Amarillo visitor Saturday.

Mr. Claude King and family of Childress spent the week end with his parents, Mr. and Mrs. B. H. King.

Allen Whisenant who has been stationed in England with the medical corps spent Sunday night with Mr. and Mrs. Henry Henderson and Glyndol.

Do you know what it is that you take more from it and the bigger it becomes? Think now! It's a hole in the ground!

His job will be ready...WHEN HE IS!

We remember when he first came to work for us...this smiling kid we now call G.I. Joe. He did a good job here, showing the initiative that was his American birthright. He made a place for himself with us, and we were regretfully proud when he answered the call to the colors....

Now he's back from the fighting...banged-up a little, but with the same gay smile on his lips that we used to like to see. He's looking forward to going back to the job he left when he went on leave to join our armed forces. You can bet his job with our Company will be waiting and ready when he is!

WHAT LANGUAGE IS THAT?

Prof. Tsk is a philologist. Words are his meat: Chinese, Sanskrit or Aztec. He can even understand his freshman daughter and soldier son!
But the talk he's hearing now has him baffled.
You, too?...Well, it's simply the everyday speech of the line crews who keep your home and community supplied with electricity—come what may.
A "shoo-fly," for example, is a temporary line built around a tree fall, washout or construction job.*
These men don't coin curious words just for the fun of it. They use them, as a kind of oral shorthand—to speed their work and help bring you better electric service.
Lots of folks take the linemen's work for granted. But they are an essential part of the industry which—under experienced business management—has met every war demand for electricity—without shortage or rationing—at low prewar prices.
That's an accomplishment in any man's language.

*A "clumbsome" is an apprentice lineman. A "gandidancer" is a laborer. A "how eye" is a dead-end tye. "Snoble goble" is anything you can't remember by its name.

CATTLE GRUBS

Heel flies that chased your cattle to brush last spring were laying eggs on heels of cattle. These maggots have worked their way through the tissues from heels to gullet. About this time of year they have worked to backs of cattle. When in the back of cattle they bore air holes in hide to breathe.

The most effective time to control heel flies and kill cattle grubs is to destroy or kill grubs while located in backs of cattle. Make first treatment when grubs are dark brown color.

Packing companies in Texas state that an average 2 pounds of meat is trimmed off each grubby carcass, after trimming, the loins and ribs are docked 2 cents per pound. This trimming causes an annual loss of 1,680,000 pounds of Texas beef. Cattle grubs cut holes through the thickest and best part of hide and is docked one cent per pound. Grubs alone cause an average loss of \$3.84 per grubby animal in the packing plant. Thereafter grubby cattle are docked from 1/2c to 1 1/2c per pound. The producer pays the bill.

With 840,000 grubby cattle slaughtered in Texas each year, sufficient leather is lost to provide shoes for 1,000,000 soldiers a year. 1,680,000 pounds of beef would feed 4,600 soldiers for one year. Milk production of dairy cattle can be reduced as much as 25%. The total loss to cattle producers in Texas is estimated at \$5,000,000 every year.

The control of cattle grubs is simple, safe, inexpensive and safe. Mix equal parts of sulfur and derris or cube containing 5% rotenone. Apply to backs of cattle with quart fruit jar having about 25 holes of 1/4 inch punched from inside of lid. One pound of mixture will treat 15 head of cattle. Make first treatment when first grubs are mature and turning brown in color. Repeat application every 30 days as long as grubs are present. Usually three applications are required. Practical for any size herd.

Where dipping vats or power spraying machines are available, five pounds of 5% rotenone and 10 pounds of wettable sulfur to 100 gallons of water can be used. Repeat application every 30 days.

Mrs. Letha Crafton of Amarillo spent Sunday here with her parents, Mr. and Mrs. J. A. Warren and family.

Weekly Labor And Crop Report

Charles Reed, Donley County Agent, has received the following letter from D. A. Adam, Farm Labor Field Assistant, with Extension Service at Plainview, Tex. This condition was reported as of week ending October 7, 1944 and is sent to each county agent in Texas. This aids in locating farm labor and possible market for grain sorghum.

Cotton Pulling Situation
Cotton is open in like amounts throughout the entire central, north and northwest Texas area including the Black land, low rolling plains, and South Plains. The Blackland has 100 acres of cotton open for every available picker. Yield is 1/2 bale to acre. West Texas will have to depend on migratory labor of less numbers as compared to previous years.

Everything possible is being done through the migratory labor set up to get an equitable distribution of labor as soon as possible. Migratory labor seeks out good cotton first. There is not sufficient migratory labor to harvest both good and bad crops at same time. All counties in this area report need of cotton pullers.

Grain Sorghum
Grain sorghum harvest is about 25% complete in area. There will not be any great increase in rate of harvesting until after frost. Area office has applications on file requesting 418 farm hands and 100 tractor drivers. Feed shockers are urgently needed in many Plains counties.

Feed Distribution Program
Prices of grain sorghums are

somewhat stronger with most elevators having rail cars to make quick movement of grain to counties in deficient feed areas. Prices paid farmers range from \$1.35 to \$1.45. Elevators are quoting car load lots delivered to Texas common points at \$1.87 to \$1.90 per cwt. The quality is good and moisture content is 14% or less. Purchasers should contact elevators for confirmation of prices.

If you need farm or ranch hands or looking for farm or ranch work please call at County Agents' office at Clarendon to fill out application of needs. There is no charge for this service and you make your own trade.

Sgt. Mont Wolford Downs Jap Zero

A 7th AAF HEAVY BOMBER BASE IN THE MARIANAS—Official credit for shooting down a Japanese fighter plane during a 7th AAF bombing mission against Iwo Jima, Jap island less than 650 miles from Tokyo, has been received by Staff Sergeant Mont B. Wolford of Lelia Lake, ball turret gunner of the Liberator bomber, "That She Blows It."

Sgt. Wolford, son of Mr. and Mrs. B. F. Wolford of Lelia Lake, shot down the enemy fighter, a "Zeke" type Zero, September 10. It was his second confirmed "kill," as he shot down another Zeke in a mission over Truk last June 28. "We were hopped by eight Zeros over the target," the 37-year-old gunner related. "One dived down behind our plane and I picked him up just as he passed the tail. I fired a long burst as he went down and suddenly he burst apart."

"The flaming fuselage crashed into the ocean." Sgt. Wolford, who joined the 7th AAF in the Central Pacific area last October, was formerly employed as production superintendent of the Troy Laundry Co., of Amarillo.

First Frost Here Wednesday night

The first frost reported for this fall came last night when the temperature dropped to a low of 35 degrees. The official weather sta-

tion at the Airport announced that the temperature dropped from 48 degrees Tuesday night to the low reported last night.

The frost was easily seen on car tops and other places a few feet off the ground. No crop damage was expected as the frost was considered light and probably lasted for only a short time. Frost coming at this time indicates a probable cold winter as the average frost date for this section is around Oct. 20th, eight days later.

Stanley Carille was down from Amarillo Sunday visiting his family here.
