

REPORT OF COMMITTEE TO PANHANDLE SWINE BREEDERS ASSOCIATION AT LUBBOCK

MANY INTERESTING THINGS FOUND ON THE SOUTH PLAINS BY COUNTRY IN GOOD SHAPE, HEREFORD WON 1922 CONVENTION. COMMITTEE SENT BY THE CHAMBER OF COMMERCE.

Some four or five years ago the Panhandle Swine Breeders Association met in regular session in the city of Clarendon. At that time there was no interest in pure-bred hogs in the county and as a result no entertainment was prepared for this Association. This lack of interest was keenly felt by all of the different delegates from all over the Panhandle. Since that time the association has met with Amarillo, Childress, Canyon, and this year it met with Lubbock. These different cities treated the association with the respect that it deserved and all of the delegates were well satisfied with the different conventions.

It is not much of a city that will not progress any in five years. The old order of things in Clarendon has long ago changed and now this is really a modern and progressive little city, the Metropolis of the Historic Green Belt. Since this meeting hereabout a decade ago several pure-bred herds of hogs have been established and are now thriving and will soon make Donley county the real Hog Heaven in the Alfalfa patch.

We left Clarendon at noon on the 11th of January and went to Amarillo thru the snow that was falling and from there we went to Tulla, Swisher county, where we spent the night. Early on the morning of the 12th we found Mr. Ware, the Swisher county Farm Agent and started to Lubbock, arriving there about 12:30 a. m. After registering at the Merrill Hotel we were greeted by the entertaining committee of the Lubbock Chamber of Commerce and carried over to the Luncheon that was being given by the Rotary Club. Here we found representatives from the other cities of the Panhandle. Of course all of these representatives were asked to make some remarks and it developed that there were five towns that were going to contend for the convention of the association for another year, Clarendon, Floydada, Childress, Plainview, and Hereford.

After the luncheon was over the delegates retired to the County Court room in the court house and the session of the 12th Convention of the Panhandle Swine Breeders Association was officially opened and in the course of the evening many inspiring addresses and reports were made. The discussion on the every day problems of the Pure-bred swine breeders was very interesting and would have been a great deal of help to every man who is growing hogs regardless of whether they are pure-bred or not. This session was adjourned at four o'clock, at which time each delegate and member was presented with a little card advertising Clarendon and Donley county and asking for their support in helping us to get the convention for another year.

At four thirty the delegates were entertained with a free picture show that showed some of the greatest herds in the United States, including the Paland China and Duroc breeds. This picture was very important in that it actually showed the method of feeding and caring for the richly bred animals of these herds. Of course each breeder was free to express his opinion in favor of his particular breed and the consensus of opinion was that there are some real good individual animals in each breed.

From the time of the show until six thirty, was spent in lobbying in the Merrill Hotel. Here each contending town had a chance to work on all of the delegates and try to get them to promise their support in the selection of their particular city for the next convention. We are of the opinion that every honorable method was used in trying to get the desired amount of vote. It was hard to tell who was in the majority, for truly there was a hard fight on and no one could tell how it was eventually coming out.

The Chamber of Commerce had all of the breeders and delegates to a banquet at six thirty which lasted until eight o'clock and was really a wonderful occasion in the history of pure-bred swine in the Panhandle. Plans for the future were discussed at this banquet and all of the sixty or seventy delegates present enjoyed the elaborate "feet" that was put before them. To the surprise of many of the delegates they found a little card accompanying their desert that invited them to bring their next convention to Clarendon. This was one put over and there was no doubt about it.

The business meeting was called at nine o'clock on the morning of the thirteenth at which meeting the reports of the past year were made and the election of officers for another year and the selection of a meeting place for another year

MANY GUESTS AT THE TUESDAY LUNCHEON

LARGE ATTENDANCE ENJOYS LUNCHEON AT HIGH NOON TUESDAY. MR. FOSTER RENDERS SOLO AND WINS APPLAUSE.

As predicted in these columns last week the weekly luncheon drew a large attendance when hungry gentlemen were called to table at the Christian Church Tuesday of this week.

The menu printed in last issue must have appealed mightily to the business men of Clarendon and he it said to the credit of the Christian ladies that the menu of this week surpassed even that of last week, incredible as that may seem. One is almost forced to conclude that the ladies are more jealous of their reputation as culinary artists than they are of making money for the good cause in which they labor, for as the prices of foods decline they add the difference to the menu rather than to their treasury. But far be it from the members of the luncheon club to register a kick about that. Read the menu for Tuesday and live in expectation until next Tuesday:

Menu
Baked Chicken with Dressing
Potato Chops Pickles
Boston Baked Beans
Apple Sauce Hot Biscuit
Stuffed Onions Tomato Aspic
Pies with Whipped Cream
Chicken Gravy Lettuce
Coffee

After full justice had been done at table and the cigars of good fellowship had been lighted the attendance gathered in the main auditorium of the church where several interesting addresses from the guests were heard. Secretary Frank Jamison of the Panhandle-Plains Chamber of Commerce with headquarters at Amarillo was first called to the floor and in his usual scintillating style did his bit to chase gloom forever from the minds of any in whom said gloom chanced to linger, in his inimitable and translatable defense of the great Panhandle country against the traders who live in other sections of Texas and who do not dream of the wonderful resources of this section and her delightful climate. He took time to stress the need of more home owners of the pure caustic blood for which this section is now unsurpassed. He outlined the work and aims of a Panhandle-wide organization which loans money to men of small financial ability who desire a home, and those who need assistance in procuring farm-steads. Mess. Nash and Stinson of Amarillo and officers in this concern were called on and enlightened the membership on the workings of the organization and how local money put into it steps in our own community.

These gentlemen spent the afternoon in the city interesting many in their good propensities which should prove a great benefit to the town.

Following these gentlemen Judge Henry S. Bishop, who is here conducting district court was called on and who expressed himself as heartily glad to have been present. He was followed by District Attorney Childers who gave some very pertinent thoughts on citizenship and the need for better personnel in the juries of our courts and a stronger public sentiment for the enforcement of law.

From the standpoint of entertainment no luncheon since their inception has ever been favored with so pleasing a treat as a tenor solo rendered by Rev. Mr. W. H. Foster, pastor of the local Presbyterian Church accompanied by Miss Myrtle Houk. Mr. Foster sang "Some-where a Voice is Calling" and The News is not the least boastful when it says that Mr. Foster is without a peer in the Texas Panhandle as a tenor soloist. More entertainment of this sort will be furnished from time to time and all in all the luncheon attendance is certain to increase.

Just the will and a dollar next Tuesday at high noon will give you the best luncheon menu in the Panhandle and entertainment par excellence, thrown in.

WEST TEXAS INTERESTED IN SWINE INDUSTRY

W. K. Whipple, field man for the West Texas chamber of commerce arrived Tuesday to remain over a few days on his return trip from an inspection of the work in the Panhandle country. He expects to return next week to assist in the organization of a swine breeder's association for Donley county.

Mr. Whipple states that great interest is being aroused in the hog industry all over west Texas and that Childress county seems to be in the lead. While we would not in the least detract from the merited reputation of a sister county, we do think that we can establish a reputation for Donley county equal to any other in the state.

RECENT BANK ELECTION SHOW FEW CHANGES

STOCKHOLDERS ARE SATISFIED WITH DUTIES PERFORMED. CONDITIONS IN GENERAL ARE OPTIMISTIC. BRIGHT FUTURE AHEAD.

Elections were held at the Farmers State and First National banks this week and a few changes are noted. The election of the new official family at the First National Bank was deferred somewhat due to the illness of H. W. Taylor, the election being held Tuesday afternoon. No changes were noted at the First National. This bank is the oldest institution of its kind in town and has weathered many a storm only to come through in good shape. The present condition did not cause a change in policy and the same courtesy is being extended the public as of yore. Mr. Patrick continues in the capacity of president and no better banker is to be found in the Panhandle due to the fact that he has been here for more than thirty years and understands the needs and limitations of the country as well as the individual. Walter W. Taylor continues as cashier of the popular institution.

Some slight changes were made in the official family of the Farmers State Bank due to the resignation of Mr. Homer Glascoe as president. J. W. Morrison, old time resident of the Panhandle and large stockman was elected to succeed Mr. Glascoe. J. D. Swift was re-elected cashier having performed that duty to the satisfaction of the stockholders for some time, or since the reorganization of the bank last year. The financial report indicates a steady growth under the guidance of Mr. Glascoe with its affairs in good shape and the crest of the financial wave over the country passed. The institution is rapidly coming to be considered as one of its leading banks of the Panhandle.

Due to the absence of some of the stockholders, no election will be held at the Donley County State bank until in early February.

ANNIVERSARY IS CELEBRATED BY EASTERN STARS

LODGE CELEBRATES ANNIVERSARY WITH LARGEST ENROLLMENT IN ITS HISTORY ORGANIZATION IS ALIVE AND PROGRESSIVE. BIGGER PLANS FOR THE FUTURE.

Plans for a great meeting commemorating the twenty-second anniversary of the local Eastern Star were carefully made in plenty of time that there be no hitch in the arrangements. This meeting took place at an early hour on the evening of the 13th, the crowd gathering early including several out of town visitors.

The program included vocal and piano solos, guitar and violin solo and choice readings under the direction of Miss Myrtle Houk. After the rendition of the musical program, those present were treated to a "feast royal" in the dining room adjoining and a part of the Masonic hall where these meetings are held. While some hundred and seventy-five were present, there was food and cheer a plenty to go round. This auxiliary of the Masonic lodge is one of the leading organizations of Clarendon and includes women of much talent. Great interest is taken in the work and much good accomplished.

LEGIONISTS PREPARE HALL AND CLUB ROOM IN STYLE

A commodious hall and club room is being fitted up by local members of the American Legion in the old Odd Fellows hall above the Palace barber shop. Suitable furniture will be installed and plenty of lounge material and reading matter will be accessible. The Auxiliary will also hold meetings in the same hall. This idea fits a need felt for some time and is receiving the encouragement it rightly deserves. As further equipment is added from time to time the local Legion will soon be possessed of one of the best meeting places to be found in the city.

DELPHIAN CLUB ELECTS NEW SET OF OFFICERS.

A meeting of the Delphian club was held at the home of Mrs. Geo. A. Ryan Monday for the purpose of electing officers for the ensuing year. Mr. Geo. A. Ryan was elected president; Mrs. W. B. Sims, vice-president; Mrs. W. D. Van Eaton, secretary and treasurer. The course of study selected for the coming year will be "Modern Nations." The next meeting will be held with Mrs. J. T. Patman January 31st.

ANNUAL RED CROSS MEETING HELD THURSDAY LAST

MEETING AT PRESBYTERIAN CHURCH IS WELL ATTENDED AND MUCH INTEREST SHOWN. MISS YEAGER MAKES GOOD REPORT.

And they said we wouldn't fight! But we did. We fought from the remotest recesses of this grand old nation clean-bang up to the front line trenches and did a good job of it at that. That means that there were two lines of defense and offense, by which we "survived on." Surely we haven't forgotten what a valiant first line we had; some at least, hadn't forgotten. And the second line was all the folks at home, earnestly praying, promising and fighting.

The annual meeting of the Donley County Chapter of Red Cross was held at the Presbyterian Church last Thursday afternoon at three o'clock to transact business necessary to its work this year, to hear reports of the various phases of its work, to elect an Executive Committee for the ensuing year. The meeting was called to order and opened with song, and a prayer was made by Rev. W. H. Foster. It was an interesting meeting. The reports for the most part were instructive to the hearer and a glimpse was given in them of what has been done and what can be done by this organization for this year.

Especially, was Miss Yeager's report of her work as Public Health nurse in Donley County interesting and inspiring and certainly it was instructive, calling attention—which would not be thought of by the average citizen, just the kind of work and instruction needed in the average home. There are not many of us familiar enough with diseases and their diagnosis to ward them off, as in many cases could be done with just a little simple first aid knowledge. Miss Yeager's work as Public Health Nurse, therefore, and naturally, is preventative rather than curative, as she expressed it.

Miss Yeager's report as Red Cross public health nurse since the beginning of her work on the 15th of last September shows her devotion to her post of duty and one of the many reasons why Donley county cannot understand now how they got along without this assistance in the past. A report of her work includes 20 visits to different schools making a total of 52 school visits. Eleven hundred and sixty-seven pupils have been examined. Of this number 678 were found defective, 70 cases were corrected, 30 class talks were made and eight tooth brushings given. Nineteen drills on sanitation. Seventy-seven nursing visits were made during this time. Infant welfare visits include five cases and prenatal visits seven. Friendly visits 25 and other visits total twenty-six.

The program was varied. And in the decorations on the walls and emblems of Red Cross worn by the officers, there was something of that atmosphere that pervaded Red Cross work rooms in trying times gone by. With the songs, The Star Spangled Banner, America, and Keep the Home Fires Burning, thoughts were turned back to days when any such song brought a thrill to the most unpatriotic. Red Cross ought to have more of your time and consideration; it ought to have more of your cooperation, for certainly its war task isn't yet finished, and is now carrying on its peace task.

In the election of the Executive Committee, the results in balloting showed the names of the following ten men and women: W. H. Patrick, Tom F. Connally, W. D. Van Eaton, J. T. Patman, J. D. Swift, W. H. Foster, Mrs. J. B. McClellan, Mrs. C. A. Burton, Miss Mamie McLean, Mrs. C. M. Lane.

The meeting adjourned with the singing of America.

SCOTTISH RITE MASONS MEET AT AMARILLO

Local members of the Scottish Rite branch of the Masonic order have received invitations the past week to gather at Amarillo on the 22nd of February. A Banquet at the Harvey House is included on the program. The meeting is being held at the time of the Automobile and Style Show that members may take advantage of both, while in the city. A number of local men have signified their intention to be present for the celebration.

NOTED GILBERT MURDER CASE OCCUPIES COURT'S ATTENTION ALL OF THIS WEEK

LONG JURY LIST IS EXHAUSTED BEFORE FINAL SELECTION OF TWELVE MEN FOR SERVICE IN NOTED POTTER COUNTY MURDER CASE. TRIAL NEAR A CLOSE. TRIAL CONSUMES FOUR DAYS.

The trial of J. G. Gilbert charged with the murder of L. J. Pierce in the Amarillo courthouse September 17th, 1920, came to trial beginning at nine o'clock Monday morning. The defendant was brought from Amarillo Sunday evening, having been in jail since the homicide. A part of the time in the jail at Channing.

L. J. Pierce, who was charged with a statutory offense, in which Geneva Gilbert, said to be the 12-year-old daughter of Gilbert was on his way to the district court room in Amarillo to attend habeas corpus proceedings when he was shot five times with a Colt's automatic. Gilbert was immediately jailed on a charge of murder. A special venire of one hundred men afforded plenty of good jury material. Court attaches were surprised to find so few local men familiar with the case. Attorneys on both sides sparred for every advantage accepting the twelfth juror from the sixty-fifth man examined for jury service.

Most of the witnesses were from Amarillo and near-by points. After the examination of a large number of witnesses, the state rested Tuesday. The remainder of Tuesday and a part of Wednesday was consumed with rebuttal evidence on the part of the defense.

The case came to a close ready for arguments upon the part of the attorneys Wednesday evening. Judge Bishop held a night session Wednesday night in order to expedite matters and save time. A. M. Wood led in the argument for the state followed by Judge W. T. Link for the defense. District attorney W. H. Childers spoke for the state Thursday morning followed by Bob Putney for the defense. E. A. Simpson consumed the greater part of this (Thursday) morning addressing the jury in behalf of the defense and will be followed by E. T. Miller.

Judge Bishop charged the jury on first degree murder, man-slaughter and the grounds upon which they might acquit the defendant. The charge was plain, fair and impartial furnishing every information necessary for the jury upon which to base a decision.

This case has drawn a larger crowd than any other ever tried here, the court room being jammed at each session with all standing room taken. Many who did not care to hear the testimony, came in to hear the oratory when the attorneys addressed the jury. The six attorneys interested in this case represent the cream of the legal talent of the Panhandle among the younger generation and no one was disappointed in the speech of either of them. E. T. Miller, former district attorney, will address the jury this afternoon after which the case will go to the jury. Should a decision be reached before the paper comes off the press, the news will be given the public.

WELL KNOWN COUPLE RETURN FROM HUNTING TRIP

The best way to convince a doubting public that you actually did a thing, is to deliver the goods. That is just what Mr. and Mrs. T. Jones did this week upon their return from their regular annual hunting trip over in the Magdalena country. Mr. Jones bagged deer, turkey, and panther, he he did not admit it all owing to the fact that the season closed long before his time to return and he could not bring home the evidence of the deer story. It is common for men to do these things in the right kind of location, but when it was learned that Mrs. Jones too had proved her unerring aim by bringing down a panther in addition to other big game, we sat up and took notice. While we do not doubt the truthfulness of our old friend in the least—still we are mighty glad that couple brought back two panther hides as mute evidence of their success. A woman kill a panther? Sure! Why shouldn't she if she wants to and has the nerve to stand pat long enough to pull the trigger? Well she did and the two hides were exhibited at a local grocery this week that the public might see at first hand just what they look like.

Not only did they find plenty of game, but they also found that priceless treasure—good health. Camped as they were far removed from the den and trials of civilization, they had but to enjoy the great handiwork of a Creator undamaged by the pet ideas of mere man. They welcome them back and may they live to take many other such annual vacations.

Miss Jewell Colwell of Hedley visited in the Ed Morrow home this first of the week.

BISHOP M'MURRY OF LOUISVILLE IS VISITING FRIENDS IN AMARILLO

Reverend William Fletcher McMurry, bishop of the Methodist Episcopal Church, South, a resident of Louisville, Kentucky, spent Monday and a portion of Tuesday in Amarillo the guest of Dr. J. W. Story, presiding elder of the Amarillo District. Dr. Henry Brooks, pastor of the Polk Street Methodist Church and other prominent Methodist churches. The chief object of the distinguished minister's visit was a conference in the Christian Educational movement of the church contemplating the assembling of \$35,000,000, with prominent ministers and laymen in the northern sections of the state.

Attending the conference were Dr. J. W. Story of the Amarillo District; Dr. George S. Slover, Clarendon; Dr. T. J. Griswold, Lubbock; Rev. J. W. Hunt, Abilene; Rev. A. L. Moore, Memphis; Rev. A. B. Doak, Abilene; Dr. Henry F. Brooks, Amarillo; Mr. Fullweiler, Abilene and Thos. F. Turner, Amarillo.

Bishop McMurry preached the sermon in connection with the dedicatory services incident to the formal opening of the recently completed \$80,000 Methodist church in Roswell, Sunday. There was an enormous attendance and the statement was made that the building dedicated to the service of the Great Builder of the universe, is the largest and finest church structure in New Mexico. The visitor states that the completion and occupancy of the Roswell church is a long stride towards maximum religious progress in New Mexico. He is greatly pleased with the outlook for all this section of the southwest, religiously. Bishop McMurry said a number of pretty things about the Plains of Texas and eastern New Mexico. He presided at the annual conference of the Northwest Texas District in Clarendon last year and is widely known and quite popular with the ministers and laymen of the church.

Leaving Amarillo Tuesday evening, Bishop McMurry goes to Dallas, Shreveport, New Orleans, Jackson and Grenada, Mississippi, for other conferences.—Amarillo News.

EPWORTH LEAGUE NOTES.

The local chapter of the Epworth League observed the Epworth Era Rally Day with a very pleasing and appropriate program last Sunday afternoon in the main auditorium of the Methodist Church led by Orion Carter. The Debate, "Resolved that the printed page yields more powerful influence than the pulpit or platform" featured the program. Cecil Peoples represented the affirmative while Cleo Norcross spoke negatively. No decision was awarded, however each speaker spoke very interestingly and intelligently upon the subject.

Jack English defined in detail a staff. He made special emphases of the "Epworth Era" as the staff that sustains the Epworth League. Other talks and illustrations of "The Staff That Sustains" were made interestingly by Mattie Ruth Dean, Andy Smally, Wesley Upton, Grace Kendall, and Bransford Bulls. Miss Ora McDaniels also pleased her hearers with a vocal selection. At the close of the program, the president resumed the chair and authorized the election of a vice-president. Cecil Peoples was elected to succeed R. W. Harvey, Jr. as vice-president and Miss Irma Lewis was appointed to succeed Miss Fray Stallings as Supt. of the Second department. Each of the retiring officers resigned to devote more time to other work.

Next Sunday afternoon, Jan. 23, the League will render an especially interesting program led by Miss Alice Mulkey. This will be a membership program and the songs, Scripture references, and talks will be made without the aid of any books or literature. Special music selections, consisting of a violin solo, male quartette, and a double quartette, promises to be very interesting features.

The committee in charge of this program felt assured that it will prove very interesting and inspiring to all present, and they solicit your attendance and also your membership. Join the Epworth League. Programs every Sunday afternoon at five. U B There.

—Reporter.

Elder Thos. E. Milholland, pastor of the Church of Christ, was called to Denison by wire Sunday to officiate at the funeral of a friend who had passed away suddenly.

Our Soda Dispensers are Painstaking

They are anxious to please the Trade.
They Never Get Careless.
They Want Each Customer to Return.

Our Fountain is Up-to-Date

We have only the purest syrups and nothing but the best goes into drinks served from our fountain.

This issue of The News is printed on a bundle of newspaper awarded the News editor by the Houston Chronicle for the second prize article on the Houston ship channel, for which the Houston Chamber of Commerce some weeks since presented us with a check for \$50. Free newspaper through the press and folder wonderfully smooth—as to the fifty bucks, bill collectors need not call around—it's already spent.

The News editor is under obligations to two progressive citizens of Memphis for tickets to their annual chamber of commerce banquet staged in that city Thursday night of last week. Circumstances prevented our attendance but we are pleased to voice a very fraternal feeling for our neighboring city to the east, and wish it much prosperity in the year 1921. We do not feel offended at the veiled reference to the voracity of the editorial appetite and we should have been glad to have done justice to both tickets if we could have been present. Thanks to both of you, Messrs. Bond and Arnold.

Reduce The Prices On Your Grocery Bill

You can do it very easily by having your food requirements met at our store. Our great volume of business enables us to charge less without reducing the quality.

We do a cash business thus insuring you against any extra charge for bad accounts. You simply pay for what you get at cost with one small percent of profit added.

Member Clarendon Chamber of Commerce

Despite the heroic efforts of Secretary Mefford of the Clarendon Chamber of Commerce, assisted by W. L. Butler of Lella Lake and sundry telegrams of invitation, the Panhandle Swinebreeders Association in session at Lubbock last week turned down Clarendon's invitation and voted to meet at Hereford. The News is sorry that we did not win the 1922 convention, but we are also ready to congratulate Hereford. The swinebreeders didn't get a very gracious reception in Clarendon two years ago, but we had no regular organized chamber of commerce then and if they will come to us in 1923 we will redeem ourselves in a manner that will impress them of the generous hospitality for which our city and people are so justly proud. Clarendon in 1923.

Several towns in the Panhandle are organizing municipal bands during the winter months and the young men are reported to be enthusiastic in the band work. During the year most every small city lost whatever band organization it might have had, and since the war the young men have been too busy or intent on other matters to consider perfecting the time necessary to the perfection of a creditable musical organization. But "the party is over" and band work is coming into its own again and will be just as popular as it ever was. Clarendon has quite a bit of musical talent among her young men and the News believes that this winter would be a proper and opportune time for the securing of a director and the building up of an organization worthy of this city. Besides there is no better way for our young men to employ their time and their minds than in the practice and study of an instrument and ensemble playing. Music ensembles and elevates and band concerts cannot be surpassed for the furthering of a community spirit. Why not a band?

The Mail order houses have seized upon this time as a capital time in which to send out thousands of catalogs all over the country, especially the farming sections of the South. They figure when cash is a little short that it is a splendid opportunity to flood the country with their propaganda and with that old fallacy that money can be saved by buying away from home. The News believes that their great campaign this year will net them less than usual for two reasons. First, that many of our local stores are selling for cash and are offering very close prices which are not undersold by the mail order houses when the delay and cost of transportation is considered. Secondly, the merchants are doing a more effective brand of advertising now than at any other period. They are quoting prices and by comparison are showing the values they are offering. The News is carrying some very bitter advertising from the standpoint of the mail order house and again and again is the fact being demonstrated that advertising makes for lower living costs and actually saves money for the masses. Mail order houses are getting very little business in Donley county and with a continued campaign from the home merchants their business is due for a still greater slump.

In the near future those who endeavor to sense the future of the great Panhandle country and who give their attention to ways and means for the bettering of this section, must give increasing attention to the prevention of a widespread tenantry of our farm lands. One of the blighting conditions of east and south Texas is the condition which has come about in which three-fourths of the farm lands are owned by a few land lords and farmed by tenants. If such a condition ever comes about in the Panhandle, then we will be no better off than those sections of the state over whom we now hold so large a supremacy. Bankers and forward-looking business men must see to it that every advantage is offered to the man of small means who has an ambition to own his own farm and home. Without home owners in the majority there can be no sincere community, county and sectional pride, which in the last analysis is patriotic love and undelfed. It is a big problem for the regional chambers of commerce to wrestle with and they have no chance to do much at it unless the local citizenship and local chamber of commerce in the various localities are ready and willing to cooperate.

Let us put our minds and energies to the task and see well to it that every man of meager means has a chance to know the joys of ownership and feel the pride of home and country. This Panhandle will become great and maintain her greatness in the exact proportion in which we increase the majority of home owners, and conversely decrease the number of tenants.

J. R. Bartlett spent the first of the week in Amarillo conferring with other members of the Panhandle Photographers association. They will hold their next meeting in Plainview on February 22nd.

GIVE CRIMINALS LIMIT OF THE LAW; MAKE PUNISHMENT "FIT THE CRIME"

There appears to be a wave of crime everywhere. Daring bank robbers ply their calling and take desperate chances from ocean to ocean. Auto bandits are in evidence everywhere between the two oceans and Canada and Mexico. Murderous footpads or stickups are found in every city and every state.

There has been a carnival of crime for more than a year. Now why should desperate convicts with long records be given the benefit of the suspended sentence law? Why should hardened cutlaws be given liberty by pardon boards? Why should chronic criminals be given their liberty by judges on bail bonds furnished by professional bondsmen who are in the business for the money that there is in it?

Why should maudlin sentiment play a large part and why sentimental gush for men who are caught red-handed in acts of violence with robbery the motive? Punishment is a detriment. Those who violate the law, those who have selected a career of crime as their vocation should be given the limit of the law. It is all right to temper justice with mercy but the public should be shown some mercy, the law abiding victims of ruffians should be shown some consideration and life and property should be protected at all hazards.

When criminals forfeit their bonds not only should the bonds be collected but the fugitive should be returned to earth. There is a responsibility somewhere and those who have the authority should be held accountable for the ease with which criminals escape their just deserts. Officials should be held responsible. Courts should be held responsible. Bondsmen should be held responsible. There is a wave of crime. It should be broken. There are criminals who are brazen in defiance of the law. These should be broken on the wheel of justice.

There are maudlin sympathizers of criminals who should be shedding some of their tears or making some of their piteous appeals for the victims of murderers and highwaymen or the widows and orphans of those who have fallen before the guns of cracksmen and former convicts.

Some day patience will cease to be a virtue. Some day indignation will reach its fever heat. Some day in the name of outraged law and blind justice the people will take these malefactors and hang them by the neck until they are dead.

Two men were shot down without mercy by Dallas bandits. Bandits elsewhere have shown no mercy. They shoot when cornered and murder with impunity. Now why should these criminals be shown consideration? Why should they be given the limit of the law, regardless of soft-hearted judges everywhere, shrewd criminal lawyers everywhere and professional bond makers everywhere?—Fort Worth Record.

District Judge Harvey of the Houston district has achieved a more than local reputation for speed in divorce actions. Only the other day he granted 103 divorces in about as many minutes; but from the fact that he has prepared a strong bill for introduction at the next Legislature looking to the curbing of the divorce evil, we take it that he grants divorces in a hurry because he had to grant them under the Texas laws and hurry is just about as good a way as any other to get them off the docket. Judge Harvey's bill proceeds on the theory that the first step towards reducing the number of divorces is to prohibit hasty and ill advised marriages. His child-support section is intended to strengthen and sanctify the marriage tie by making it impossible for a marriage to be contracted without due consideration, time and publicity. The children, the chief sufferers from unhappy marriages and divorces, are those for whose benefit his bill is primarily intended, but also makes more stringent the divorce laws and seeks to make it harder for couples to avoid the responsibilities of marriage through easy divorces. He would compel fathers who have the means to do it with or the ability to work to support their children or go to jail. The Harvey bill proposes:

To require ten days notice of application before license to marry can be issued, with five days' publication of it in a newspaper in the county of which one of the contracting parties is resident. The application giving names, ages, residences of both parties and license to be issued to divorces within six months of this divorce.

To require personal service in all divorce citations, except where the parties have lived apart for a year or more and the whereabouts of one is unknown.

To permit appointment of an attorney for the absent party to the suit, the plaintiff paying a reasonable fee.

To permit the court to require reasonable allowances from the husband for the support of minor children.

Recognition of the existence of an evil is the first prerequisite to a correction. The existence of divorce evil certainly has been recognized; it remains, then, for the legislatures of the different states to begin on corrective measures, and the next session of the

Many Farmers Lose Heavily On Their Crops

—Because they have no adequate protection for the harvested feed. This Year with the price as low as it is, makes it more imperative than ever to give the feed crop full protection from the winter rains and snows.

Texas Legislature will have several bills to select from. Inclusion of some of the ideas put forward by Judge Harvey, whose advocacy of a better divorce law is obviously founded on the divorce tragedies that have come under his personal knowledge probably would help to improve any of these that are offered.—Denton Record Chronicle.

RETURN TO OLD TIME RELIGION OF FATHERS IS WHAT SCHOOLS OF NATION NEEDS MOST.

"Some who have looked deepest into the educational needs of the children of this country are of the opinion that the greatest need is not better school houses, more modern equipment or better courses of study, although they should have these things, so much as that parents and teachers get back to the old time religion of the fathers" declared Mr. H. Duncan, superintendent of public schools, in a statement issued Thursday.

"What we need today in the education of the boys and girls of the country is more family altars, more reading of the Bible and prayer in the homes and fewer automobiles, picture shows and other social distractions. What we need is to get back to the old time home life where children are really educated. Some people think children are educated in the schools, but this is not true. They gain in the schools a little book knowledge and learn a few things that will make them a little wiser perhaps, but we all know that we get from home, if we get them at all, those things that go to make up genuine character. What I am and what you are as to honesty and integrity of purpose, nobleness of character and general worth, we got from our fathers and mothers at home and not from the schools and colleges we attended, and what I appreciate more than anything in this world is that I had a father and mother who believed in God and prayer. I am glad above all else that my father and mother had that same faith in God that instilled in me a respect for His Word that will stay with me as long as I live. I have not always lived up to the ideals they set for me, but these ideals have been with me in such a way that I have not been able to get away from them. They have given me a philosophy of life that I could have gotten from no other source. The colleges I attended did much for me, but my character was formed before I went to college; and so it is with others."

"God's word is as true today as it ever was. Its promises of reward and punishment will be kept today as ever, and we cannot expect anything but disaster when the homes of the country are being broken up; when fathers absorbed in business are losing sight of the children and when so many mothers have left their homes and children for business and social pleasures. It is true we have thousands of clubs and organizations that are trying to do the work of the homes are failing to do; but they can not do it. The only solution is for each father and mother to rebuild and reconsecrate their own children. The trouble today is that we have too many people who are trying to see after other people's children and too few who are willing to see after their own. We have too many people seeking after pleasure and fame and too few are seeking after God and trying to obey His commandments. When such is the case, how could we expect anything else but that our boys and girls would follow in their footsteps?"

"The first step in the solution of our educational problem is for parents to get back to the old time religion of the fathers, re-establish the old time altar and take into their confidence Him who alone knows the solution to the questions that may arise in the proper training of their children. Unless they are willing to do this, the finest schoolhouses, the most up-to-date equipment, the latest model course study, and the most highly educated teachers will be very largely worthless and helpless when it comes to developing real character and making the boys and girls the men and women we would have them be."—Amarillo Tribune.

MARKETING GRAIN SORGHUM ON MOOP

It would seem that the regular channels of distribution are in such a state as to stifle the demand to an extent that the producer must cease to look further for a direct market, and follow the lead of the corn belt farmer, who found many years ago, that he must market his corn on "four feet."

West Texas has plenty of high grade cattle to consume the surplus grain sorghum crop to advantage, if general feeding were practiced. The feeding value of grain sorghum has been determined by the Texas Experiment Station by digestion experiments and by feeding experiments, to be 92 per cent of the value of corn. The experiment Station is now feeding out 45 head of steers at Substation No. 7 near Spur, one of the objects of which is to determine the profitableness of marketing grain sorghum on the hoof. The utilization of grain sorghum in this manner, also enables the cattlemen to market his cattle with high finish. Accordingly, both cattlemen and crop farmers are watching this experiment with unusual interest, making regular visits to the feed lot.

ADVERTISING IN THE COUNTRY WEEKLY.

Advertising in the country weekly is the most valuable advertising in the world. Expert advertisers say it is not only the most valuable but the most scientific advertising in the world. Advertising in the magazines has to be general, for the reason that the average magazine that you receive today was set in type several weeks ago, and the advertising copy was probably prepared several weeks before that. This means that advertisers in the magazines have to anticipate conditions several weeks in advance of the time the copy is prepared. This is not so with advertising in the country weekly, for the country weekly has the advantage over the magazine in that the weekly circulates in a comparatively small territory and the name of the merchant or the business man who is selling the goods can be placed in the advertisement. This is impossible in magazine advertising, which covers sometimes the whole nation. The weekly newspaper also is considered the best advertising medium in the world by expert advertisers for the reason that it has a more intimate association with the family than a magazine or a daily newspaper.

No local merchant can afford not to advertise in weekly newspapers of the better class. It is a sad commentary upon small town business men that they don't see the advantage to them of carrying an advertisement in the small town paper every single week. Such an advertisement is the cheapest salesman that the merchant can employ. The money spent in advertising in the better class of weekly newspapers is an investment and not an expense; and it is the best paying investment that the merchant can make; but not one in a thousand publishers of the weekly papers is compensated anywhere near what he is worth to the merchants and to the community in which he lives and to whose interests he dedicates his life. Every editor of a weekly newspaper is constantly working in behalf of every merchant in his community, whether that merchant patronizes the local paper or not; but every merchant of every community, unfortunately, does not have the business common sense and the business foresight to see that it is to his own personal advantage to help support the country editor by advertising—telling the people in the newspaper what he has, how it can be used and what it costs.—Newark (N. Y.) Union Gazette.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

FARMERS SHOULD AVAIL THEMSELVES OF THE CHANCE TO SECURE PURE BRED HOGS TO BE OFFERED

WITHIN A FEW DAYS THE BIG BREEDERS WILL BE HOLDING AUCTION SALES AND CHOICE ANIMALS MAY BE SECURED AT PRICES NO HIGHER THAN THOSE PAID SHORT TIME AGO FOR MEAT HOGS.

In a few days the auction sales of pure bred hogs begin. There never was a better time for farmers to secure purebred hogs at about what were meat prices four months ago.

It would be a great loss to the State for these fine animals to go to the market, where they will surely go if farmers do not avail themselves of this, their first opportunity of purchasing purebreds under such favorable circumstances.

Editor's Note:—This is the first time any agricultural college in the South has made the statement to the people that cotton is grown in the South at a loss. Following this admitted condition, must come a complete change in our system of education as taught in the rural schools of Texas.

Dr. Bizzell, president of A. & M. College and T. O. Walton, Director of Extension, A. & M. College, in their speeches recently at Arlington, during the Mid-Winter Farm Short Course, dwelt largely on subjects urging interest in matters of more purebred live stock on the cotton farms of Texas. This is in line with the same thought that has been expounded by C. C. French for many years. We are glad to see that it is now beginning to take hold through many such prominent agencies.

Anyone who reads carefully the following from T. O. Walton, Director of Extension, A. & M. College, will see that the cotton produced in Texas for the past several years was grown at a loss, in dollars, soil fertility and by reducing the standard of living of many of those who grew it.

This remarkable statement means that the extension service, together with the demonstration agents, will from now on, do all in their power to bring about a new order of things on the cotton farm; by urging the building of hog and sheep fences, and by placing at least one good sow and two milk cows and some places a few sheep, on every cotton farm.

It also means that the boys and girls in the county schools will be made to realize the true situation, and the county schools will, sooner or later, educate the boys and girls to the farms and not away from it.

In his speech on the fallacy of the one-crop idea, which was made at Arlington last week, Mr. Walton said in part:

Cost Goes On.
"The man hours, horse hours, land rental and charges for seed are here regarded as fixed costs and show a total of \$32.10 an acre, regardless of acre yield, when the farmer uses the methods, tools and equipment in cultivating an acre of cotton on which this table is based. In other words, this amount will be the fixed charges whether the acre produces two bales, one-fourth of a bale or nothing."
"However, we cannot stop here, for there is a variable charge which must be given due consideration, and added to the fixed costs before we can determine as to whether the returns will yield a profit or a loss. This variable charge consists of cost of picking, ginning, wrapping, hauling to market and marketing and ranges from \$91.20 for the acre yielding two bales of cotton to \$11.40 for the acre yielding only one-fourth of a bale."
"Reliable authorities, after careful if requires a total of forty man hours and forty horse hours to prepare the seed bed, plant and cultivate an acre of land, and that it requires an additional sixteen hours to thin an acre."
"Consecutive estimates give the following fixed costs for producing one acre of cotton:
Forty man hours for planting and cultivating at 35¢ an hour.....\$ 14.00
Forty horse hours for planting and cultivating at 17 1/2¢ an hour.....7.00
Sixteen man hours for thinning and hoeing at 35¢ an hour.....5.60
Rent on one acre of land (estimated).....5.60
Seed to plant one acre, approximately......50
Total.....\$ 32.10
The variable costs of an acre producing two 500-pound bales of cotton are:
Ginning and wrapping two bales of cotton.....\$ 20.00
Picking, 3,000 pounds of seed cotton at \$2 per cwt.....60.00
Sixteen man hours, hauling cotton to gin an hour.....5.60
Cultivating at 35¢ an hour......50
Thirty-two horse hours hauling cotton to gin and marketing at 17 1/2¢.....5.60
Total.....\$ 91.20
Total fixed and variable costs on two 500-pound bales of cotton.....123.30
The returns of two 500-pound bales of cotton, middling basis, market as of Dec. 21, 1920, which was \$13.50.....135.00
1,800 pounds of cotton seed, market as of Dec. 21, 1920, which was \$16 a ton.....14.40
Total returns lint and seed.....\$149.40

Security

The proverbial "rainy day" holds no terrors for the family circle in which the bank book shows marks of constant handling.

There is an atmosphere of peace, preparedness, comfort, happiness and security about the home. The sad, pinched faces and haunted looks of dread and fear have no place there.

You will never experience the joyous pride of having this security and provision until you determine to save. The next step is an account here.

NEW GROCERY STORE WILL BE OPENED HERE SOON.

A. E. Nelson and J. C. Hassell were here Monday to close up a deal for the establishment of a grocery, one of a chain owned by the Industrial Transportation company, the nearest branch being one at Memphis. This firm's headquarters is in St. Louis, with district headquarters at Amarillo. A deal was made for the Hervey Lott building opposite the postoffice. The building is to be remodeled and put in readiness for business within the next thirty days. James H. Roberts, a merchant of Lelia Lake, will act in the capacity of local manager. It is the policy of the firm to do business on a cash basis only and that plan will be followed locally. This will make the seventh grocery store for Clarendon.

BAPTIST CHURCH

Pastor J. A. Smith chose as his subject Sunday morning "Setting up of the church." The attendance was extra good. A number of college pupils were present in addition to those who regularly attend these services. Services will be held at the usual hour next Sunday at 11 a. m. and at the evening hour beginning at 6:30. A cordial invitation is extended to the public to attend these services.

LELIA LAKE NEWS

Very good attendance at all the Sunday schools Sunday. Bro. Kennedy filled his regular appointment at the Baptist Church Sunday. Bro. Rich preached to a fairly good audience Sunday, his regular day at the Methodist church. The protracted meeting begins at the Methodist church the first Sunday in August. Remember the date and everyone try to make it a meeting long to be remembered. Lewis T. Busby, wife and baby, left for home Saturday morning after spending several weeks with relatives here. Dora, son of C. H. Ellis and wife, was operated on Saturday night for appendicitis. We are glad to report him doing fine. Several couples were entertained in the W. M. Mace home Friday night. Dainty refreshments were served by the hostess after which they departed declaring Misses Effie and Heta ideal hostesses. Mr. Smith was up from Childress Friday on business. Several of the older men are counting this week, but it is not like the "old days" as this is in the court house. E. D. Conner happened to a very painful accident the latter part of the week. As he was shearing a mule one of the smaller children had tied the mule unbeknowning to the father. He got it wound around him crushing his ribs. Last

report he was doing nicely. John Hesse from Abilene, was a visitor in Lelia Lake Sunday. Mr. and Mrs. Roy Guffy were Clarendon visitors Saturday. Monday night is the third series of the Lyceum Course. The Ladies' Missionary Society was to meet in the R. E. Conner home Friday at 2 p. m. A nice time was enjoyed by the hostess watching for the ladies who never came.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist: Apply a little Mentho-Sulphur and improvement shows next day. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up. Get a small jar from any good druggist and use it like cold cream.

MOBEETIE HAS CHECKERED CAREER BUT STILL SURVIVES

Mobeetie has had its ups and its downs, it gains and its losses, but because of its wonderful resources it still survives.

If was founded while the red man of the forest still roamed over its beautiful hills and fertile valleys. Ere the buffalo had succumbed to the unerring aim of the rifleman, who sought its life for the value of its hide and left its bones to bleach upon the prairie; or even the touch of civilization had marred the natural beauty of the great western plains, Mobeetie marked the point between the "wild west" and the farthest limit of civilization from the East.

In its earliest days there were still unmistakable evidences of the struggle between modern civilization and the "wild and woolly West" that was destined to become the mecca of the homeseeker and the greatest country upon the American continent.

In fact, Mobeetie had its origin in the effort of Uncle Sam to protect his loyal citizens against the savage while the star of empire moved westward. When Fort Elliot was established there sprang up about a little village which they called Mobeetie.

At that time John Barleycorn held sway and most of the business houses were saloons and gambling houses. But all of these have gone with the advance of civilization.

The soldiers left when they were no longer needed. A few heaps of stone, a few mounds of earth and debris are mute witnesses to the one time necessity for government protection. But neither the loss of the soldiers or the loss of the saloons, as some predicted it would, have killed the town.

Wheeler county was the first to secure court jurisdiction in the Panhandle section. Consequently Mobeetie was the first county site, and had the first jail and court house. The material for the court house was hauled on wagon from Fort Dodge, Kansas. The jail, which had to be both commodious and strong, was built out of native stones, and still stands as the one silent reminder that here is where justice was once dispensed as well as sometimes dispensed with.

When the country became more generally settled the citizens decided to move the county seat nearer the center of the county. So the visitor to the little town of Wheeler today may see in the public square the unpretentious temple of justice, and not know that he is gazing at a relic of pioneer days, when the citizens of Mobeetie freighted their supplies on wagon from Fort Dodge, Kansas.

Mobeetie has lost the Indians, the buffalo, the soldiers, the fort, the saloons, the gambling dens, the tough element that goes with them, the court house and many other things both good and bad. But the old town has survived, and no where can be found a more law abiding, peaceful and prosperous people than the citizens in and around Mobeetie. So far as they are concerned they need no court houses or jails.

They are contented to know that they live in the best part of the best county in the greatest state in the Union. That here the first town in the Panhandle country was built; that here the first dime that went into a Panhandle county treasury was paid; that here the first furrow that upturned the sod of the Panhandle was run, and became the harbinger of the golden harvests that have made this the greatest agricultural country in the world, and the "land of the free and the home of the brave."—Wheeler County Texan.

SHOWING THE "SILVER LINING."

A recent advertisement of the Harriman National Bank of New York suggested the following "offsets" to the gloom that seems to pervade some quarters:

"It is a sad and gloomy soul indeed that at this particular season cannot take some cheer. 'Will it ever stop?' asks the pessimist. 'It always has,' responds the optimist.

"The papers seem to take delight in proclaiming how many mills are closing and how many people are being thrown out of work. They enlarge upon 22 1/2 per cent wage reductions without reckoning that even that reduction is a mere curtailment of luxuries, and that the remaining wage still provides a substantial mode of living."

The recent election promises that we shall have repeal of the excess profits tax and reduction of heavy surtaxes on incomes; that a large reduction on our present floating debt shall be accomplished; that our Victory Loans shall be refunded; that our extravagant and many criminally incompetent public servants shall be dismissed; and that we shall have a protective tariff. "A hundred million dollar Foreign Trade Corporation has been organized and will soon be functioning to educate our farmers in foreign obligations—advocated by the Harriman National Bank some two years ago.

"The evidence presented carries conviction that we are now passing through the tail end of a hurricane. Presently will come the period of calm, with opportunity to make repairs, and later will blow the favoring trade winds."

Mr. and Mrs. J. D. Richey, prominent ranch people of near San Francis west of Amarillo, spent Sunday here with the lady's sister, Mrs. Homer Mulkey, and other relatives.

THE RED CROSS INVITES GIRLS AND YOUNG WOMEN TO BECOME NURSES

High school girls and other young women of Clarendon, who are interested in choosing a vocation will have the opportunity to be brought in direct contact with the attractions and opportunities offered in the profession of nursing, according to an announcement received here today by the chairman of the Donley County chapter, which states that a special speaker on this subject will be detailed here for an address on the opportunities of this vocation if desired by officials of the local chapter. The offer of a speaker is part of a campaign to assign speakers to talk at any school gathering of girls and young women where permission of the school authorities and cooperation of the chapter is secured. It is hoped by this means to recruit the badly undermanned ranks of the nursing profession and relieve the serious shortage caused in this country by the death of nurses. The Red Cross is cooperating in the effort with the three largest nursing organizations in the country.

In Texas the 58 public health nurses of the Red Cross will make the speeches when held in their respective territories. In other localities Mrs. Ethel Parsons, state supervisor of nursing, and the following advisory nurses will be assigned to talk: Minnie McBride, Mrs. Lida King, Miss Helen Donaldson and Miss Erna Kuhn. In some cases special speakers will be detailed from St. Louis.

Particular emphasis will be laid upon demonstrating the fact that the vocation of nursing is one of the most opportune and attractive occupations open to women, with greater chances for pay and advancement than most other vocations. The nurses training schools, to which recruits obtained by the Red Cross will be sent are the pick of the country and correspond in privileges and advantages to any other first class school for young women, upon graduation the nurse may choose from a variety of departments of nursing, including United States public hospitals, the army and the navy nurses corps, clinic and ward work in civilian hospitals, public health work along civilian lines, industrial, social service, Red Cross community, tuberculosis and general nursing.

Berkel Dawson, stockman of Potter county, was in town on business matters Tuesday.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestine all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Paramount Pictures

FRIDAY 21ST. OUR SERIAL NIGHT. 9th Episode of BRIDE 13 and it is a dandy too. Also LARRY SEAMON, the famous comedian. Be sure you see him. Also Pathe News.

SATURDAY 22ND. TRIANGLE AND FOX PICTURES Roy Stewart in THE BOND OF FEAR. We are trying to build up our Saturday matinees and we are showing some great pictures and you are losing by not being here. Also BRIDE 13. Night: BUCK JONES, the cow boy actor in JUST PALS and if you like a real Westerner, be out Saturday night. Also 1 reel comedy.

MONDAY 24TH. FOX SPECIALS TOM MIX in THE DARE DEVIL and he never made a better one; the man of stunts. We are making arrangements for you also MUTT AND JEFF Comedy.

TUESDAY 25TH. RED HOT DOLLARS Charles Ray in RED HOT DOLLARS. You can't afford to miss this small town hero, and this one especially, for you will get a good laugh out of it sure. Also Ford's Educational Weekly.

WEDNESDAY 26TH. FIRST NATIONAL ATTRACTION. Grace Davidson and Conway Terales in ATONEMENT—the women who suffered all can bear yet, never suffered at all. The man who drank of the dregs of life, yet, never drank at all.

THURSDAY 27TH. ART CRAFT PICTURES Thos. Meighan and Lila Lee in THE PRINCE CHAP, a story of love, a tender romance of tears and laughter. Portrayed in a picture of wonderful heart appeal. Another good one.

MEMPHIS COMANDERY HOLD SESSION MONDAY

One of the most interesting sessions in the history of the Memphis Commandery was held Monday afternoon and night. The regular inspection was made by Chris Harwell of Lubbock Commandery. Monday afternoon was given over largely to inspection and drills followed by a sumptuous banquet at the White Rose cafe at 6:30. About fifty knights took part in the feast. Excellent speeches were made by R. R. Swift, recorder of Khiva Shrine Temple of Amarillo and Chris Harwell of Lubbock Commandery No. 60.

FAMOUS OCESTRA WILL VISIT HERE THIS WEEK

Wallace Weatherly has gone to quite a bit of expense in securing the very best musical talent in their line in arranging for the "Texas Blue Devils" to visit here the last of the week for a hop at the opera house. This orchestra has only one competitor in the Southern field. The program of Wednesday night was dispensed with in order to secure the more attractive feature. Those who enjoy real jazz music will have a real treat.

U. S. GOVERNMENT CANNED MEATS

Delivered to your Railroad Station

Direct to the Consumer at less than Wholesale Cost.

In its drive at the high cost of living, the Government offered millions of dollars worth of War Department canned meats at prices that are less than those of seven years ago. Having procured the entire surplus of bacon stored at San Antonio together with considerable other canned meat, we are glad to co-operate with the Government and now offer the meat (all Government inspected and guaranteed) at about half value.

THE BEST BACON 21c LB.

U. S. Government Issue Bacon packed by Cudahy, Swift and Armour for less than 21c pound! This is the very best grade of "B" or "Bally" Bacon and should not be confused with Fat, Salt "C" or "E. S. C." Bacon. Case of six (6) cans each containing twelve (12) pounds of bacon...\$15 (Every Can Government Inspected and Guaranteed)

FINE ROAST BEEF 12c LB.

U. S. Government Roast Beef put up by America's best packers, in case of 24 cans, each can containing 2 pounds; or case of 48 cans each can containing one pound...\$5.75 (Every Can Government Inspected and Guaranteed)

BEST CORNED BEEF 15c

U. S. Government Corned Beef—the very best grade. Cases of 48 cans (No. 1 size—12 ounces in each can) \$7.20; case of 36 cans (No. 2 size—1 lb. 8 ounces in each can) \$9.70 (Every Can Government Inspected and Guaranteed)

CORNED BEEF HASH 15c

U. S. Government Corned Beef Hash put up in one-pound cans. Try a case and overcome your prejudice against hash. Case of 48 cans...\$7.20 (Every Can Government Inspected and Guaranteed)

ORDER as many cases as you want! Buy all you can afford. When this lot is gone there will be no more.

San Antonio Sales Co.

Wholesale Depot—Commerce & Bowie Sts

San Antonio Texas.

Freight Paid TO YOUR RAILROAD STATION

All orders amounting to twenty (\$20.00) dollars or more will be delivered to your railroad station freight paid.

Get your Friends and your Neighbors to order with you

REMEMBER!

You run no risk. Uncle Sam bought only the best. The Government guarantees every can to us; we guarantee every can to you.

Spring Toggery Is Here

We have made special arrangement with a New York dress house to open and display their complete line in our store for a period of 5 days. During this 5 days, we will sell and deliver any dress in the shipment to you at a price you are willing to pay. We had the pleasure of seeing and selecting these beautiful garments and will ask you to call and get one to suit you at the price you wish to pay.

Baldwin Bros.

T. M. LITTLE

Drygoods

Clarendon, Texas, January 20, 1921.

To the Buying Public:

On Saturday morning at 9:30 o'clock, the doors of my store will be opened on a Sale, which I intend to make the biggest selling event, ever attempted in Clarendon.

The purpose of this sale is two-fold. I MUST reduce my enormous stock of white goods, and I MUST raise \$15,000.00 cash in two weeks.

I have worked my entire stock of goods for this sale, at prices that conform with, and in some instances, are considerably below, today's wholesale market. The foregoing is a broad statement, but literally true, and people who have dealt with me know that I do not misrepresent facts.

My entire stock has been re-arranged for this sale with a view to easy selections and fast selling, and every article in the store is tagged with the sale price.

I have planned to make this sale a real bargain feast for the public, and its up to you to get yours.

Yours for lower priced merchandise,

T. M. LITTLE.

LOCAL & PERSONAL

Mrs. Dr. Ellis entertained informally at her home Saturday.

Frank Osborne of Hedley had business here Monday.

Mrs. Will Mace spent Monday in Clarendon with relatives.

Ed Dishman of Hedley had business here Monday.

Less Whitaker, tax assessor of Potter county, attended court here this week.

G. W. Antrobus is in Dallas this week in attendance at the implement dealer's convention.

Mrs. Fannie Hart of Memphis, was the guest of Mrs. Willie Goldston Monday.

E. T. Watkins, R. L. Duckworth and L. B. Munice were Hedleyites visiting the county capitol Monday.

Sheriff Bill Garrett of Channing was here on court business the middle of the week.

Mrs. J. C. Finley and babe and Mrs. I. S. Mullins, were Amarillo visitors Wednesday.

Mrs. Frank Whitlock and babe have been ill for the past few days but they are improving at this time.

Mr. and Mrs. Willie Martin of Amarillo visited friends and relatives here the first part of the week.

Lewis Smith, who makes his home at Quannah, is a guest of his uncle, Dad Harrington and family this week.

Burton Roach, the popular sheriff of Potter, spent some time here this week in connection with court matters.

The infant of Mr. and Mrs. J. T. Grimley passed away at the family home northeast of town Monday night.

Rev. J. R. Rieh, pastor of the Methodist church at Lelia Lake, announces that he will begin his protracted meeting this summer the first Sunday in August.

Mr. and Mrs. Monty Garrison are rejoicing over the arrival of Monty, Jr., who arrived recently. This being the first born to this popular young couple.

Joe Hardy of Wellington and leading druggist of that city, was in town Monday. John Beverly complains of the loss of a broom at the same time.

J. Frank Smith, realty man and one of the liveliest citizens of his town, was down from Claude Monday. Mr. Smith is now assisting in the collector's office.

J. J. Baldwin of Panola county spent a few days the first of the week with his brother, Chas. Baldwin and family here. He also visited a brother and other relatives at Memphis before returning home.

Mrs. J. D. Bailey of Marshall, Mo., sister of Mrs. Homer Mulkey, and her daughter, Mrs. Wiley Eberhart who makes her home at Parsons, Kansas, returned home Wednesday of this week after an extended visit here and at Amarillo.

Mrs. Maggie Krutchmire is a guest of Amarillo friends for the week.

The members of the Odd Fellows lodge report a big time at the hall Monday night. The special program consisted of speeches by local talent.

Dor Ellis, little son of T. H. Ellis of Lelia Lake was operated on for appendicitis at the local hospital Sunday evening and is doing nicely at this time.

Fire Tuesday night destroyed the barn of D. R. Head near the light plant. The barn was a total loss together with hay, feed and harness.

Mrs. J. L. Gray has been critically ill at the hospital the past week. The children were called home but she is improving at this time with good chances for recovery.

Lee Barber, popular sheriff of Dickens county for several years with a good record to his credit, came over Tuesday and will remain over as a witness in a case coming up this week in district court.

Markers were placed in the street intersections this week. City Marshall Pierce states that it is now possible to enforce the law relating to "cutting corners" and auto drivers had better take warning that a long suffering public will no longer have to tolerate a danger that has almost cost the lives of more than one good citizen.

B. Y. P. U. PROGRAM
JANUARY 23, 1921.

Doctrinal meeting song service. Prayer.

Business report of committees.

Leader, Eugene Smith.

Scripture reading: John 3:1-16.

Monday's key verse in concert by group I.

What is meant by conversion—Ernest Phelps.

God changes our minds about sin—Etta Mae Bryan.

Godly sorrow for sin—Claude Morgan.

Piano solo—Eugene Taylor.

Sorrow and remorse—Mary Lou Baldwin.

A change in attitude—Edward Ratcliff.

A change in our standing before God—Katie Butler.

Report of group standing.

Program Committee.

CHRISTIAN CHURCH.

Bible school at 9:45 a. m., J. R. Tucker, Supt. Preaching at 10:50 a. m. Subject: "Sending of the sword." Evening services at 6:30. Subject: "Why God Made the devil, if he made him." These lessons will be of interest to every one who will hear them for they will make him stronger. The sinner should hear them for he will understand his strength and weakness better. Strangers will be strangers only once. Everybody welcomed.

Sam J. White, Pastor.

TOO BUSY

A little boy was looking out of the window at the starlit heavens pondering, perhaps, on the great world beyond.

"Mamma," he said suddenly, "will I go to heaven some day?"

"Yes, dear, if you are good."

"And will you be there?"

"I hope so. And papa too," she admitted.

The boy shook his head positively. "No," he said, "papa won't be there. He couldn't leave the store."

There are thousands of men and women who are so engrossed with the one thing that they are doing that they think they are too busy for other things. They cannot "leave the store."

The business man wrapped up in the details of his schemes for acquiring money cannot afford time for anything else. He believes that the one goal to be reached is that of wealth, and while on the road to success he banishes all else from his mind. His family have all the money they need, a house, a car and the advantages of social position. Beyond a hurried dinner at night he rarely sees them, and his children are indeed strangers to him.

There is the woman who is too busy with her maze of social and club engagements to give much thought to her household. The care her children should receive she delegates to others, and the little ones grow up without the loving affection and solicitude of a mother who is too busy with other things to give them what is their right.

Thousands of men and women are so busy in their quest for pleasure and excitement as to exclude every other thought. That they could reach out a hand to help those who are less fortunate than they never enters their head. They have no time to take from the pursuit of pleasure "to look about and stretch a hand to a comrade quartered in no-luck land."

One of the great curses of present-day life is that everybody is "too busy," as Robert Burdette puts it, "to get away from the crowd for awhile, and think, to stand at one side and let the world run by, while you get acquainted with yourself."

If you want to know what actual happiness is, to possess real peace of mind, to feel that contentment which satisfies, do not be so busy with the things that you are doing that you cannot give a little bit of your time at least to those things which enable and enrich life.

Do not be too busy with the store.

SIMPLE RULES WILL INSURE SUCCESSFUL BREAD MAKING

Bread dough rises most rapidly at a temperature of about 86 degrees F., and if it can be watched carefully so there is no loss of time at any point, this is the best temperature. Under other circumstances a lower temperature, about 80 degrees F., is better. It is easy to keep the proper temperature if the dough is put into a bread-raiser or a fireless cooker and a thermometer used, say food specialists of the United States Department of Agriculture. Experienced housekeepers know the right temperature for rising and baking bread by the sense of feeling, but uniform results

are most easily obtained by the use of a thermometer.

Dough should be kept covered while it is rising; otherwise a crust will form and interfere with the expansion. Some housekeepers brush the dough with melted fat, but this is not necessary if the dough is well covered.

Beginners often have difficulty in determining when the dough is ready to be divided into loaves and put into pans. A good rule is to measure its volume. The dough for each loaf, if made out of hard wheat flour, should amount to 3 pints; if made from soft flour, to about 2 1/2 pints.

The levels to which these masses of dough will reach in the mixing bowl can be determined in advance and marked. If one loaf of bread is to be made, before mixing, pour 3 pints of water into the bowl and mark the point to which the water comes. This will indicate the height to which the dough should rise.

When receipts direct that the dough be allowed to double or treble in volume, it is convenient to have a measuring glass to determine the expansion. An ordinary tumbler will do, but a glass of smaller diameter, like a jelly glass is better. Before the dough is set to rise, pack a small piece of it in the grass. Note the height to which it comes and mark the place it will reach when its volume has doubled or trebled, as the case may be. Put this besides the large loaves of bread and use it as an indicator.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Do not bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

CLASSIFIED COLUMN

For Sale

FOR SALE—Eggs from White Leghorns, Johnson and Ferris strains. 1st pen \$3 per setting; 2nd pen \$1.50 per setting. Phone 101. W. E. Bray. (21c)

It is our constant endeavor to secure better values, to make better offerings to you.

Our experience, our facilities are at your disposal freely to help solve your problems and ours.

PAY CASH AND PAY LESS

CLIFFORD & WILKERSON
CASH GROCERS
CLARENDON, TEXAS

A Grocery Store of Service

Your assurance of the quality of the food products you buy depends upon the grocery store where you buy them.

Every food product we sell must come up to the standard of excellence that the housewife of today demands for her table, you may rest assured that you will get nothing but high quality groceries when you trade with us.

You will find in our store a full line of high quality groceries of every description—fragrant coffees and teas; excellent hams and bacon, well cured and sweet flavored; extra high quality lard and shortening compounds; and a most complete assortment of canned meats, canned fruits and vegetables, pickles, olives, sauces and condiments that are so essential to the modern housewife in preparing her dinner.

Vegetables, butter, eggs, and country produce are bought fresh every day, which is your assurance of excellent flavor and high quality.

When you are needing flour again, buy a sack of GLADIOLA. The "unusual quality" of GLADIOLA flour is sure to please you, and means better baking results.

Every sack of GLADIOLA flour is guaranteed to give you perfect baking satisfaction or we will take it up and refund your money.

We are trying to make our store of REAL SERVICE to the community, and your cooperation and patronage will be sincerely appreciated.

Call around to see us. We are always glad to see our customers and friends.

Yours for good things to eat,

CITY GROCERY

Telephone No. 33

W. A. Gentry of south of Lelia Lake was up on business Monday, his wife coming along to do some shopping at the same time.

R. E. Blanton of Claude, was in town the last days of the week, looking after business and meeting old friends.

TEN TOWN TESTS.

Questions People Ask About Your Town Before Making it Their Town.

1. Attractiveness

Shall I like the town—its "atmosphere"? Does it have the beauty of shaded streets and other beautiful features? Is it a quiet, roomy, airy, well lighted town? Does it have attractive public buildings and homes? Is it well paved? Is it clean in every sense?

2. Healthfulness

Will my family and I have a reasonable chance to keep well in that town? How about its water supply? Its methods of milk inspection? Its health department? Its hospitals? Is it without any congested district?

3. Education

Can I educate my family and myself in that town? How about its public schools—present and future? Its institutions of higher education or of business training? Its libraries? Its lectures and concert courses? Its newspapers? Its postal facilities?

4. People

Shall I like the people of the town? Are they "home folks" without false exclusiveness? Are they neighborly and friendly? Is the town free from factionalism? Does it have strong religious, fraternal and social organizations?

5. Recreation

Can I have a good time in that town—I and my family? How about the theatres, museums, gymnasiums, parks, etc? Are there active agencies for providing good entertainments, athletic contests, etc? Are inviting opportunities for pleasure drives afforded by well paved streets?

6. Living

Can we live reasonably and well in that town? Are the best of modern conveniences available for its residents—electricity, gas, telephones, etc? Are the housing and shopping conditions favorable? Bents, taxes and prices fair? Hotels good? Home and truck gardens and dairy products plentiful?

7. Accessibility

Can we go and come easily? Does the town have adequate railroad connections and train service? Street car lines? Interurban lines? Well marked automobile routes and hard surface roads?

8. Business

Can I make a good use of capital in that town? Are there banking facilities? Manufacturing interests? Up to date stores? Good shopping facilities? Favorable labor conditions? A prosperous farming territory? Active co-operation among business interests?

9. Employment

Can I get a job in that town at fair pay and with good prospects for the future? Can I count on co-operation from organizations making it their business to help introduce and establish new commercial interests and to welcome new citizens?

10. Progressiveness

Shall I find that I am in a live town having a progressive city government, active civic organizations, modern fire protection, and a pull-together spirit in everything—a town with a future?—From "Selling Your Town," by L. N. Flint, Department of Journalism, University of Kansas, Lawrence.

GET FRESH MEAL

We have installed a corn mill at our plant and grind daily for either grain or money toll. Will keep a supply of meal on hand at all times. Open every day in week except Sunday. Phone 391. Clarendon Planing Mill. tfe.

FEEDING TEN-CENT HOGS ON FIFTY-CENT CORN SHOULD MAKE MONEY

By ROY E. FINNERTY, Oklahoma City, Okla.

From the writer's experience, I know of no time when the pure bred hog business should be so inviting as it is today.

There never has been a time in the last ten years when hogs could be fed at a profit on the pork market as well as they can today, even though market hogs go down to from 8 cents to 10 cents. The country is loaded with feed, and we have no cash market for such feed, and there is no question but that corn will settle to about 50 cents a bushel, with kafir in proportion, and with a poorer cash market for kafir than we will have for corn.

Now if there is a better business than feeding ten cent hogs on 50 cent corn it has never been discovered by the farmers in this country. The country is depopulated of hogs. The scrub hogs have been marketed, of course, the few pure bred hogs in the country alone remain. The propaganda of several years last past has established the relative value of pure bred hogs over grades, has educated such a large majority of farmers to the pure bred hog, that when such farmers do again buy foundation stock this stock will be pure bred.

There is not a farm in Texas or Oklahoma that shouldn't have at least one to five well bred sows, and three to five cows on it.

The people who make money out of hogs are the people that keep hogs every year, good years and bad years, and not the people who buy the hogs on a high market, get discouraged when hogs go down, sell out, and when the market comes again buy the second time into the business.

The breeders who make money out of hogs are those who first breed good hogs, of popular blood lines, who advertise their hogs by showing at the leading state fairs, and these breeders must refrain from speculating, and must breed the stuff they show, if they do that, and then stay in the business, and not be "ins" and "outers," they are bound to be successful.

LEGIONISTS ENTREAT LEGISLATURE FOR NEW MEASURE

Austin, Texas, Jan. 19th—The legislative program, which endorses seven bills, has been formulated by the Department of Texas, American Legion, and eight prominent members of the state organization have been named as a legislative committee.

Measures sponsored by the American Legion in Texas propose:

That Armistice Day, November 11, be made a legal holiday each year in Texas.

The \$2,000,000 be provided for the erection of a state building in Austin as a memorial to those who lost their lives while in the service of the United States during the World War.

The creation of an educational loan fund to enable ex-soldiers and their children to complete their education.

A provision that only fully naturalized or native born citizens of the United States may vote in Texas.

Laws to prevent Japanese or other non-assimilable races from buying or leasing land in Texas.

The legalizing of boxing exhibitions held under the auspices of local posts of the American Legion.

The creation of a state commission to supervise indoor games and other innocent sports and amusements.

Legionnaires selected to compose the committee are:

Legionnaires named on the committee are: Guy O. Shirey of Dallas, state commander, chairman; John W. Young of Austin, executive committeeman of the 10th district, vice-chairman; Charles W. Seruggs of Dallas, state adjutant, secretary; Lindsay Blayney, Houston; Rev. W. A. Hamlett, Austin; Frank Calver, Jr., Fort Worth; Manoe Hecker, Galveston; P. M. Fitzpatrick, Waco; G. Clarence Smith, Clarksville.

State Commander Shirey said that the above committee has been chosen after consultation with Legion leaders and members throughout Texas, and they are to serve for one year. Instructions have been issued from the state convention and the state executive committee of the American Legion that the bills outlined above be pushed during the Thirty-seventh Legislature.

OUCH! BACKACHE! RUB LUMBAGO OR PAIN FROM BACK

Relief Stiffness Away With Small Trial Bottle of Old "St. Jacobs Oil."

Ah! Pain is gone!

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica cure which never disappears and doesn't burn the skin.

Straighten up! Quit complaining! Stop those tortuous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

THE Home Town Newspaper

There are many progressive little cities in Texas—and in other states for that matter—where there is no newspaper.

In such places you will find the business men making every effort to induce a newspaper to come in.

These men realize that a home newspaper of the right sort is a community builder. They know that without a newspaper telling the world about Busyville, Busyville will excite little attention.

As a result, when an enterprising newspaper is induced to come in, the business men combine in an effort to show proper appreciation and encouragement to the newspaper. Every piece of available printing they award the newspaper. Of course, being progressive the business men know the value of advertising and the paper carries a good line.

A way back there in 1878, when THE NEWS was established in Clarendon, the few mercantile firms there were here at that time and the cowmen and business men were always overjoyed when they needed another batch of billheads, or letterheads, or envelopes, or what not. They were anxious to let the newspaper man—the man who had invested his all in a printing press and a few cases of type in order to preach the gospel of Clarendon and Donley county—know of their appreciation. So it has been ever since, THE NEWS has been favored by an appreciative clientele.

But, sometimes in the rush and strenuous routine, our business men forget for a minute and dispatch an order to some mail order house for printing that could be done at home.

The newspaper is the community's greatest advocate of the buy-at-home habit.

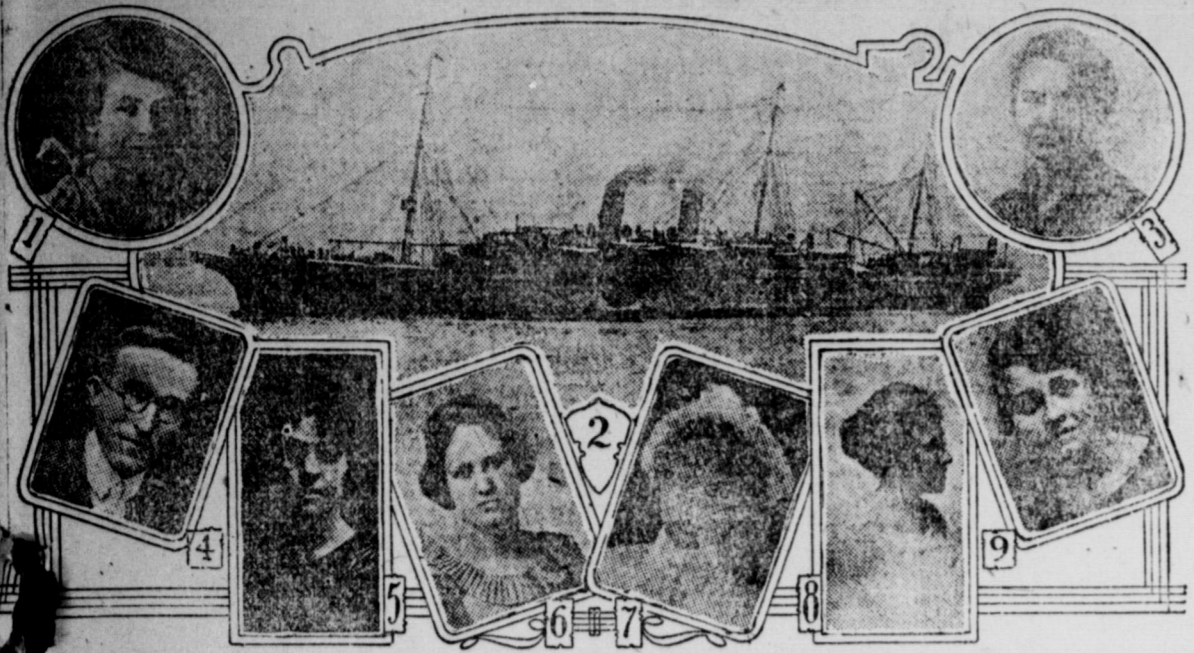

When buying printing the banker, merchant, lawyer, doctor, butcher, candlestick maker, et al, should remember that in his own home town there is maintained at a big investment, a modernly equipped printing plant where he can place his order to advantage.

THE NEWS endeavors to keep abreast of the times and in doing so it must secure the cooperation of those who have the town's best interests at heart.

Do not send a single printing order out of town. Buy your printing from your home man. He will execute your order as efficiently as the Houston, San Antonio, Dallas, Fort Worth, Amarillo, or Kansas City printers.

THE CLARENDON NEWS

Eight Texans Sail For Foreign Fields On Southern Baptist Missionary Ship

The *Empress of Japan*, the Canadian Pacific liner (2), on which practically 166 Southern Baptist missionaries sailed from Vancouver, B. C., August 17, for China and Japan. Eight new missionaries from Texas were in the group, as follows: Miss Zemina Hare, of Orange (1), who will do educational work at Kaiteng, China; Miss Laura Helen Coupland, of Longview (3), who goes to Chengchow; Rev. Joseph T. Fielder, of Abilene (4), who will do educational work at Chengchow; Mrs. Joseph T. Fielder, of Abilene (5), who likewise goes to Chengchow; Miss Blanche Groves, of Bridgeport (6), who goes to Soochow; Miss Eva Sullivan, of Garner (7), who will do medical work at Yanzchow; Miss May Morton, of Dallas (8), who will do educational work at Wuchow, and Miss Cecile Lancaster, of Brownwood, who will teach in the Girls' School at Kumamoto, Japan.

A number of other young Texans are under appointment of the board to go to other fields. Mr. and Mrs. R. A. Clifton, New Boston, will do evangelistic work in Brazil; Miss Bertha Lee Hunt, of Hillsboro, and Miss Beate Fuller of Fort Worth, will do educational work in Pernambuco, Brazil; Miss Mildred Mills, of Austin, goes to the Girls' School at Rosario, Brazil; Miss Agnes Graham, of Vokam, goes to the Girls' School at Tenoco, Chile; Rev. and Mrs. B. W. Orrick, of Madisonville, will do evangelistic work in Argentina; Miss Alice Bagby, Fort Worth, goes to the Girls' School at Sao Paulo, Brazil; Rev. and Mrs. J. L. Cowser, of Milford, to Port Alegre, Brazil, and Rev. and Mrs. E. G. Wilcox, of Fort Worth, to North Brazil.

When approximately one hundred Southern Baptist missionaries sailed on the Canadian Pacific liner, the *Empress of Japan*, from Vancouver, British Columbia, Tuesday, August 17, for fields in the Orient, they formed the largest group of evangelists of the Christian religion that has ever been sent to foreign fields at a single time by a single denomination since the beginning of Christian missions.

The majority of the appointees of the Foreign Mission Board are new workers, recently come from the various educational institutions of the South where they have spent years in preparation for the duties they are about to assume in other lands.

Appointment and sending forward of so large a number of workers at a single time was made possible by the larger proceeds for missions from the Baptist 75 Million Campaign, from which \$20,000,000 will be realized for foreign missions during the five years covered by the campaign. Not all of this fund will be used in employing new workers, though approximately 500 additional men and women will be sent out during the five years. Other sums will go to providing more church buildings, schools and hospitals, homes for the missionaries and improvements of that character, including publishing houses for turning out the Bible and other religious literature. Many improvements will be made in missionary institutions already in operation on the foreign fields.

Missionary Operations Enlarged.
In the new appointees of the Foreign Mission Board—and a new record was established when sixty-six were named

by it this summer—a number of Christian doctors, nurses, teachers, scientists and women workers, and one expert in farming and stock raising. These will supplement the work of the evangelists in that they will seek to relieve bodily suffering, teach the boys and girls, pave the way for more efficient homes by interesting mothers in sanitary housekeeping, and by their good work create in the minds of the people a favorable attitude toward the Christian religion. The instructor in agriculture and stock raising will undertake to reach many Chinese farmers with better methods of production and thus prove that the Christian missionary is the farmer's friend. The majority of the missionaries were born on the farm.

While the majority of the new appointees are going to China and Japan, others will sail in September for work in Africa, Brazil, Argentina and Chile. World Program is Planned.

Ten foreign fields are occupied by Southern Baptists today in Africa, Asia, Europe, South America and Mexico. The work in all these fields will be strengthened and enlarged as a result of the larger funds made available for foreign missions through the Baptist 75 Million Campaign. New fields have been opened in Europe and the Near East and a million dollars has been appropriated for launching an intensive work in Russia the moment the doors of opportunity are opened there. The Board is greatly strengthening its work in Palestine and hopes ultimately to give the gospel to hundreds of thousands of people in the land which witnessed the earthly labors of Jesus Christ.

Dr. J. B. Gambrell, of Fort Worth, Texas, president of the Southern Baptist Convention, and Dr. E. Y. Mullins, of Louisville, Ky., president of the Southern Baptist Theological Seminary, are now on a visit to all the Baptist families of the world, conveying to them the greetings of good will from Southern Baptists and laying the foundation for a fuller Baptist program for the evangelization of the world.

Money Appropriated to Mission Fields.
In the distribution of funds to new work among the various mission fields occupied by Southern Baptists the following appropriations have been made by the Foreign Mission Board: Africa, \$233,925, calling for 31 new missionaries; Argentina, \$265,559, calling for 17 new missionaries; Brazil, \$1,333,139, calling for 54 new missionaries; Chile, \$58,909, calling for six new missionaries; China, \$2,279,125, calling for 331 new missionaries; Europe and the Near East, \$3,558,550, Japan, \$3,199,909, calling for 40 new missionaries, and Mexico, \$420,000, calling for eight new missionaries.

Work in Homeland Fostered.
While a large sum from the campaign is appropriated to foreign missions, home interests have not been overlooked. Appropriations to home objects include \$12,000,000 for home missions; \$11,000,000 to state missions; \$20,000,000 to Christian education, or the better equipment and partial endowment of the 114 educational institutions owned by Southern Baptists; \$4,800,000 for the thirteen Baptist hospitals in the South; \$4,052,638 for the sixteen orphanages, and \$2,500,000 for the relief of aged ministers and their dependent families.

ST. ANDREWS CONGREGATION IS TO ENTERTAIN.

Preparations for the reception and entertainment of the eleventh convention of the delegates of the missionary diocese of Northwest Texas, of the Episcopal Church, were made at a meeting Friday

the vestry and the Woman's Auxiliary of St. Andrews Church, Amarillo. The convocation is to be held in the church and the auxiliary in the parish house. It promises to be a notable occasion, according to local men, being first the tenth anniversary of the consecration of Bishop Temple, and, second, it is

expected that high dignitaries of the church will be present from outside the State.

The joint committee is composed of the Rev. R. N. MacCallum as ex-officio chairman, H. W. Galbraith, H. S. Gooch and Edward E. Talmage from the vestry and Mrs. J. A. Whittle, Mrs. Munday and

LEARN TO READ YOUR OWN ELECTRIC METER

We Want All Our Customers To Learn To Read Their Own Meters

Tack a card on the wall beside your meter and have our meter reader put your reading on the card. If you will do this you can tell at any time in the month just how much current you have used since your last reading. If he should ever look it, you can get the reading from the statements sent you the first of the month.

We put the readings on our statements so that you might read the meter your self and check up our statements. If you know how to read your meter it is a small matter for you to keep up with us, and in case we have made a mistake, it will be an easy matter for you to correct it. We are always glad to correct any error that we might make.

We have often noted that we have very few complaints from people who know how to read their own meters.

Reading electric meters is a very simple matter. ANY ONE CAN LEARN TO READ A METER.

Ask our meter reader to show you how to read your meter. Any of our employees will be glad to show you how to read an electric meter.

OUR CASHIER HAS A METER DIAL IN THE OFFICE. SHE WILL BE GLAD AT ANY TIME TO TEACH ANY ONE HOW TO READ A METER.

Receiver Texas Gas And Electric Co.

FRANK HOUSTON, Division Manager

ANTI-SALOON LEAGUE GIVES OUT INFORMATION

Of the reports from 153 counties over Texas reporting at this time, 115 show that not one man has been indicted under the Dean act. Most of the indictments are to be found in about half a dozen counties. Of the counties reporting, many are sparsely settled western counties where few violations have occurred. The major portions of such violations occur in and near the larger towns. Six indictments only have been returned in Dallas county, none in Comal, Caldwell, Cherokee, Erath, Galveston, Goliad or Wharton counties.

Of eight indictments returned in Harrison county three were convicted. Tarrant county has returned eight indictments without any convictions. These reports are based upon reports received from District clerks of the counties enumerated above. Reports show 244 indictments over the state since the law went into effect. Of that number, 59 were convicted. About half of that number have appealed their cases, many of the others received suspended sentences. The League informant states that from reports received, the majority of those out on bond, have continued to sell liquor.

Kaufman county returned 30 indictments and convicted 24 of that number thus easily becoming the banner county of the state. While this is true, the entire 24 cases have been appealed. Bowie county reports 24 indictments, Camp county 21 with 5 convictions, Collin show up with 14 cases, Brazoria 13 cases to date.

Prosecuting attorneys are awaiting a decision of the higher courts before going ahead with the cases on appeal.

Judging from the above, the forces of Texas need to wake up. The liquor issue is not dead by any means, but is, on the other hand, very much alive.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver troubles, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy or offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will thank you for it. Famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is expensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Mrs. Harmon Benton from the Woman's Auxiliary.

It was voted to send out a letter to the rectors, wardens or other leading churchmen and auxiliary officers in the several parishes, inviting them to attend the convocation, and enclosing self-addressed postal cards on which they are to indicate the time of arrival and train upon which they are to come. With the return of these cards a list of visitors will be made up and assigned to homes among the parishioners. To ascertain who has rooms and can entertain the guests, the parish organization, of which C. H. Hubell is chairman, will make a canvass of the flock of the week. Upon the arrival of the guests, as they indicate upon the cards, they will be met at the railroad station by a reception committee, composed in each instance of those who have agreed to the use of their cars for transporting the guests to the homes. Mrs. Stephen Trigg was appointed motor corps captain, which in this instance corresponds to the chairman of the reception committee. She will solicit the use of cars among parishioners and assign them to their places.

Mrs. Whittle and members of the auxiliary will receive the postal cards and attend to the assigning of guests.

C. J. E. Lowndes is chairman of the finance committee.

On the three days of the convocation the delegates and guests down town probably at the Hotel Amarillo on Sunday and at the First Christian church on Monday and Tuesday. The Woman's Auxiliary agreed to arrange for this reception to the visitors is to be held at the home of H. W. Galbraith on the Monday evening of the convocation and it was decided to arrange a program. Mrs. J. Leslie Williams will have charge of this. The Woman's Auxiliary will attend to the details of the reception.

Edward Talmage was appointed publicity agent for the convocation. H. S. Gooch was appointed to arrange for the furniture and stationery for the convocation.

A tentative program for the convocation was read by the Rev. Mr. MacCallum. It was stated that the diocesan can be arranged by the president.

E. E. TALMAGE, Publicity Man

\$262.50 Can Be Saved

ON THE PURCHASE PRICE OF YOUR TRACTOR IF YOU WILL ANSWER THIS ADVERTISEMENT IMMEDIATELY.

You know you are going to buy a tractor. Why wait until the last of the season to make your investigation? The good ones always go first. If you wait too long you will have to take one of the old style inferior kind.

STICK TO THE DAIRY COW

We have often heard that the cow, the sow and the hen are the animals to stick to in adversity. This is true because they are economic in their use of food, yet their product is the most staple and most in demand, bringing cash in the market and being needed by nearly everybody every day. What would an American meal be without the product of the cow, the sow and the hen? They make up the great bulk of our best foods, and it is a question whether bread, or milk and dairy products constitute the staff of life. In most homes more money is spent for milk and dairy products than for any other kind of food, either meat, bread or vegetables.

Prices are falling, and we are rapidly coming to a readjustment which will probably be not as low as pre-war times but somewhere between the extremes, a happy medium, as it were. We will go right on eating all the good things which can be obtained and will probably consume more of the products of the cow than we have in the past.

Scientific investigation has shown us the great value of milk and its products. It has shown us that this food is practically indispensable, being required in order to obtain health, vigor and growth. This truth is finding its way to

the masses, and they are learning to use more of the various dairy products.

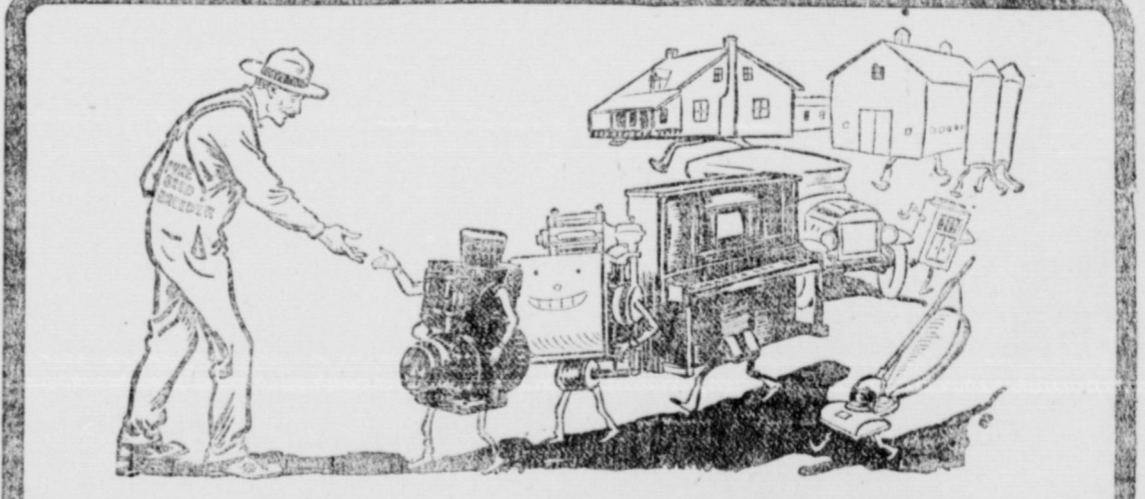

Recent bulletins, investigations and reports from both State and Government show that during the past two years the fattening of beef cattle has been largely a losing business; in other words, there was more money lost than made in this enterprise. It is indeed fortunate to report such a condition, for everyone knows the livestock industry needs encouragement. There has been a good deal of gamble in the feeding business during the past twenty-five years; that is, some years have been good and some bad, and both the buying and selling were hazardous. No doubt if a wider use of silage had been made the profit would have been much greater. According to all the feeding tests this is very evident.

The man who is raising a family and trying to pay off a debt on the farm does not like to gamble and to him the dairy cow will provide a sure and steady income. Every good dairy cow given good care during the past two years has made from twenty-five to two hundred dollars profit, the variation depending upon the kind of cow and her care, also on how well her product was marketed.

You say that dairying is more work. Certainly, and so is any business which is sure of profit. It means not only more work but

steady work. The work, however, is not hard. It can be done by old or young; the boy going to school can milk a few cows each night and morning; it won't hurt him. It will pay his way and then some. I know a lot of good men who started out by milking cows and going to school.

The future looks very bright for any farmer who wishes to carry on a little dairy business during the coming year. The market is good for milk and butterfat, and it will, without doubt, continue to be good, for this is a business which is not over-crowded or overdone. You can make your corn worth from two to three dollars per bushel by feeding it to good dairy cows. The same way you can send it to market and obtain a fancy price. You will be engaging in a business which requires the best qualities of a man that is, steadiness, careful figuring, humanity and good judgment. There is a reward for such work and it should be so. If you are engaged in something which anybody can do you must expect a lower price for that service for the competition is greater. The future looks very bright for the dairy industry, and especially for the man who is willing to take pains and get some good producing cows and give them good care.—A. L. Haacker in the Dairy Farmer.

Coming His Way!

Merchants and manufacturers endorse pure-bred cattle because they make business better. They buy electric-lighting plants; farm power; machinery; pianos; household conveniences—power washers, sweepers, churns; better buildings; better homes. They buy improved roads and more efficient schools.

Farmers raise pure-breds for the same reason. They like to be prosperous and pure-breds will make them so. Better cattle widen the margin between the producing cost and the selling price of beef; they make their own market as breeding stock.

Don't let a pure-bred bull go to waste in this community. Remember that the poorest pure-bred is better than the best scrub. He is easier to feed, he makes better beef, and he will pass his money-bringing qualities on to his get. Only the pure-bred can make the cattle industry stable and certain of steady return, year after year.

THE COUNTRY GENTLEMAN, whose cooperation enables us to present these advertisements, has long been an ardent supporter of the pure-breds, because they pay the farmer who raises them. This dominant weekly of farm service studies for you every aspect and every problem of your business and the conclusions at which its trained investigators arrive can be accepted as thoroughly reliable. These investigators say: "Buy Pure-Breds."

In the next 52 big issues (which will come to you for just \$1.00) the editors will tell you why.

PLIGHT OF EUROPE'S CHILDREN STAGGERS

3,500,000 Facing Starvation Can Only Be Saved by America's Response to Joint Appeal.

It is utterly impossible for one who has not actually seen the misery of the early Autumn in Europe to visualize what the children of the Eastern and Central portions of the continent face this winter. To say that 3,500,000 children have no alternative to starvation or death from disease except American aid, is startling, but independent observers by the score and careful scientific surveys of the economic and crop conditions overseas brand the figure as conservative.

In Poland, for instance, where 1,308,000 youngsters last year subsisted at most entirely on the one free American meal a day that they received, conditions as winter closes down, are worse than ever before. The Bolshevik invasion stripped large portions of the country of all grain. Professor E. D. Durand, Food Advisor to the Polish government, after an exhaustive survey, has reported that only forty per cent is available of the food necessary to carry the population through the winter.

In the city of Vienna tests conducted in the American Relief Administration food kitchens showed that 52 per cent of the children between the ages of 4 and 14 were "seriously under-nourished." Thirty-three per cent were markedly under-nourished, 11 per cent were slightly subnormal and only 4 per cent approached the state of a normal American child. The American Relief Administration is feeding 300,000 Austrian children every day now, and there is no chance of diminution of need before next harvest.

The spectacle of the medical needs of Europe's children is equally appalling. Estimates reaching the American Red Cross as to needs for medical service in the destitute areas this winter include: Old Austria-Hungary, 750,000; new Poland, 1,500,000; Czechoslovakia, 200,000; Serbia, 150,000, and Rumania, 100,000. In the last year of 1919-20 the Red Cross has dealt with the veritable gift of life 1,500,000 children in the affected areas. Tuberculosis is prevalent to a terrific degree. Five children out of seven in the city of Warsaw, for instance, have been found to be tubercular. Typhus is widespread; rickets, the right hand of under-nourishment is almost universal, and cholera lifts its grim head constantly in one place and another.

The European Relief Council, comprising the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A., seeks \$33,000,000 with which to meet the situation. It has estimated that at least \$23,000,000 must be had for food and \$10,000,000 for medical service to avert absolute disaster among the three-ened children. Checks may be sent to your local committee or to Franklin K. Lane, treasurer European Relief Council, 42 Broadway, New York, or to the Child Feeding Fund, Literary Digest, New York City.

Uncle Jim Blair of Amarillo and one of the best known men of the Panhandle, called on his friends here the fore part of the week.

Other land to trade for Clarendon property.

DUBBS-HAYTER LAND CO.

FAT CATTLE WEAK; FEEDERS STRONGER; HOGS LOWER; LAMBS FIRM.

Liberal receipts of fat cattle and lower prices in Chicago caused a slower demand here. Prices for some of the lower priced steers were steady, and 15 to 25 cents lower for others. Hog receipts exceeded the early estimate by about 3,000, and the market was steady to 10 cents lower, top \$9.65 for pigs, and \$9.50 for fat hogs. Sheep and lambs sold readily at firm prices. Ewes sold up to \$5.25 and lambs up to \$10.90.

Today's Receipts
Receipts today were 14,000 cattle, 13,000 hogs, and 7,000 sheep, compared with 14,500 cattle, 19,000 hogs, and 15,000 sheep a week ago and 17,000 cattle, 21,000 hogs, and 14,000 sheep a year ago.

Beef Cattle
Trade in beef cattle opened slowly at about steady prices.

Early demand was for the cheaper classes of steers and plain to medium cows and heifers. Bids on the better killing grades were 10 to 15 cents lower and later most of the offerings sold at that decline. Chicago's heavy receipts 29,000, practically all fat cattle, was a depressing influence in the trade. Veal calves and bulls were

quoted stronger. The best steers here sold at \$10.25, cows up to \$7.75, and heifers up to \$9.50. The top price for calves was \$12.25.

Stocks and Feeders
Though prices for fat cattle averaged lower demand for stock and feeding grades was active at steady to strong prices. A good many half fat steers sold to feeders, though choice quality 750 to 850 pound steers that had had no dry feed were the best sellers.

Hogs
The early estimate was for 10-500 hogs, but more than 13,000 arrived. Prices averaged steady to 10 cents lower, mostly 10 cents down. Trade was active after the decline was established and on the close most sales were steady. Pigs also sold up to \$9.65, and fat hogs up to \$9.50, with bulk of sales \$9.25 to \$9.45. All the offerings sold before noon.

Sheep and Lambs
Trade in the sheep division was active with prices not notably changed compared with late last week. All the offerings found a ready outlet. Lambs sold up to \$10.90 and ewes up to \$5.25. Only moderate receipts are in sight for the rest of this week.

Horses and Mules
About 500 horses and mules were in sight for the auctions this week. The opening auction started active a good many buyers at the ring side.
CHARLES M. PIPKIN,
Market Correspondent.

Mrs. Henry Parks of Amarillo visited here Tuesday.
E. P. Thompson, leading hardware man of Lockney, transacted business locally Tuesday of this week.

TEN YEARS SAY JURY TRYING J. G. GILBERT

JURY RETURNS VERDICT OF GUILT AFTER BEING OUT THREE HOURS ASSESSING PUNISHMENT AT TEN YEARS MAY BE APPEALED.

The jury in whose hands rested the fate of J. G. Gilbert went into session at 12:30 p. m. and at fifteen minutes before four o'clock had agreed upon a verdict. That verdict means that Gilbert must serve a term of ten years in the penitentiary. Attorneys for the defense could not be reached but rumor has it that the case will be appealed to the higher courts. Thus closes here one of the hardest fought legal battles in the annals of Donley county.

CARD OF THANKS

We thank our many friends for the many kindnesses shown us during our recent sorrow. The beautiful flowers and sympathetic words made the sorrow seem easier to bear.
Mr. and Mrs. C. B. Morris,
Mr. and Mrs. A. T. Miller.

Record Riggs, who makes his home at Amarillo, had business in the city Tuesday.

FOR FAMILY HEAD \$2,000 EXEMPT.

Single persons though required to file a return if their net income for 1920 was \$1,000 or more, are, if they are the heads of families, granted a special exemption under the revenue laws. Such a person is defined by the Treasury regulations as "a person who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage or by adoption, and whose right to exercise family control and provide for those dependent individuals is based upon some moral or legal obligation." Such persons are allowed the exemption of \$2,000 granted to a married person. In addition they are allowed a credit of \$200 for each dependent under 18 years of age or incapable of self-support because mentally or physically defective.

LADIES AID MEET

The Ladies Aid of the Presbyterian church will meet with Mrs. Potts next Wednesday afternoon at 2:30. All donations of men's vests for the Korean lepers should be sent to Mrs. Dr. B. L. Jenkins within the next ten days.

It's an Uphill Pull for Polish Boys

Bare feet, and tattered clothes, little to eat and less to wear, such is the fate of thousands of children in central and eastern Europe. These boys in Poland are only a sample of the 3,500,000 destitute youngsters that the European Relief Council plans to help through the cold days of the coming winter. To that end eight great organizations in America have merged to form the Council, the chairman of which is Herbert Hoover. Under his leadership the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A. have decided to co-operate jointly to raise \$33,000,000 to help the European children over the hill.
