Clarendon Happy Over Small Bill Victory

SMALL RIVER BED BILL IS NOW LAW

MOODY'S VETO OVERRIDDEN BY SENATE AND HOUSE AMID APPLAUSE

Senator Clint C. Small's bill validating land titles crossing water courses became a law Wednesday when the house overrode Governor Moody's signature by a vote of 112 to 18.

The senate Tuesday passed the bill, 24 to 6. Thunderous applause rolled up from the crowded gallery of West Texas land owners when acting Speaker Fred Minor announced the final vote, the first move of the session to pass a message over objection of the state's chief executive.

The ballot came after more than an hour and a half of debate on the floor, consumed largely by proponents of the bill which affects river beds in 33 counties of the state.

Representatives Dewey Young of this district and Warwick of Canyon gave unstintingly of their time and efforts for the bill.

Action on the measure was marked by unexpectedly feeble opposition, Representative A. P. C. Petch of Fredericksburg, administration floor leader, waging a fight almost single-handed against what he declared was a steam roller, opposition to which "gained neither credit nor glory."

"The legislature never was intended to have the power to give away that which belongs to public schools of Texas, and by my vote I am going to act with the attorney general and governor," Petch declared.

The Fredericksburg lawmaker defended Governor Moody's action in disapproving the bill by asserting that the state's chief executive might have taken the easy path and signed it, but that he followed his convictions.

Rep. H. N. Graves of Georgetown, strong administration follower, fired the first gun in defense of the land-validating act. Confining himself almost entirely to the moral necessity of granting relief to Texas pioneers whose properties were endangered by vacancy suits, Graves declared no issue had been raised until the discovery of oil had transformed barren properties into valuable holdings.

"It is not the land they are seeking," Graves said in reference to persons who had instituted suit against certain surveys, "but the oil that is under it, and it is manifestly unfair to sit here in the legislature and see men cheated of that which is rightfully theirs."

Reading from a supreme court opinion, Rep. Coke R. Stevenson of Junction, maintained that the legislature did not have to charge the attorney general with incompetency in ignoring his report on the bill.

"The legislature clearly has the power to validate the void sale," Stevenson said. "That opinion has been rendered by one of Texas' greatest statesmen, Charles A. Culberson."

D. A. Kelly was a visitor to the convention at Amarillo Monday.

STOCK SHOW EXHIBIT COMPLETE

SCORE CARD IS FILLED AND WILL BE PLACED FOR SHOW VISITORS.

Carrying out plans laid the latter part of 1928, the Donley County exhibit will have its place at the Stock Show and Exposition held in Fort Worth March 9th to 16th inclusive. The exhibit was gathered from the fairs entered last year and was shipped Wednesday evening and will be in its place for the opening of the show on Saturday of this week.

Due to the fact that this is not a growing season for many parts of the state, the showing is made up of those samples that stand the gaff of time better than fresh fruits and vegetables. Grain sorghums will be presented entirely by Hegira and White and Red Maize. The second group on the card will be represented entirely by wheat, alfalfa, oats and peanuts fill their places on the remainder of the card. Any other eight products will be represented by barley, clover, peas, rye, broomcorn, cotton and sweet potatoes.

The canned fruits and vegetables that will be used in lieu of the fresh varieties were furnished through co-operation with Miss Harvey Thompson, County Home Demonstration Agent.

TERRACING PLANS ALL COMPLETE

J. W. L. SCHULL FARM TO BE SITE OF DEMONSTRATION TUESDAY.

A. K. "Dad" Short and his workers will be here in full force Tuesday of next week for the terracing school that will be held on the J. W. L. Schull farm west of the city of Clarendon. The school will be held under the auspices of the N. F. L. A., this being one of the means they employ to show the advantage to be gained by keeping their lands in first class condition.

The terrace lines will be laid out the afternoon before the school that the men may see how the line should look. The actual work of making the terrace will be attended on the day of the school, prominent models of terracing machines being used to show their practicability for use in this connection.

Letters have been mailed to the men in the county who have loans with this organization urging their attendance on the school. These, with many others who are interested in the work that will be done are expected to attend the affair and hear what is being done in other counties in the state in this connection.

The Clarendon Chamber of Commerce is in conjunction with the N. F. L. A. in this work. A free lunch will be served at noon that there might be no hitch caused by those in attendance leaving for their homes for the noon meal.

NEW CONTEST IS STARTED TUESDAY

EDUCATIONAL COMMITTEE OFFERS PRIZE FOR BEST DEFINITION OF LION.

Getting started into their swing for the year, the Educational Committee of the Lions started a contest Tuesday of this week on a definition of a Lion. The contest is to be of four weeks' duration and the final matters in this connection will be announced at the luncheon on Tuesday of next week. The reward for the Lion offering the best definition will be one month's dues. Judges will probably be chosen and announced later.

The attendance contest is also working in full blast, four Lions being absent from their places at the Luncheon Tuesday. Two of these were unaccounted for, one of these was suddenly called away on an urgent business matter and the other was out of the city on matters pertaining to the rural schools of the county. An attempt will be made to have all these Lions make up their attendance this week that the contest may be started with 100 per cent.

Lion Braswell announced a joint meeting of Zones 10 and 11 at Pampa on Friday of this week with Gov. Erhard of Dallas in attendance. Lion Erhard will arrive in Clarendon early Friday and will be carried to the meeting and brought back here in order that he may return to Childress for the Older Boys' Conference on the same evening. A committee composed of Lions Watson, Patman and Rathjen was named to secure a group to attend this meeting Friday.

The Older Boys' Conference at Childress was also brought up for discussion and a committee composed of Lions Mulkey, Cooper and Riddle was named to make arrangements for the transportation of the boys there and their return to this city. This committee is to have charge of all the details of the entire matter.

A letter from W. A. Warner of Claude, with reference to a road south of that city across the Palo Duro Canyon was read and action was deferred to next Tuesday. More information was to be secured on the matter in the meantime.

Introduction of guests found Lion Garrison of Childress, Jack B. Jones of Clarendon and Wilbur Jackson of Amarillo as the guests of the day. Miss Dorothy White was also introduced as the new pianist.

Basketball games of the week were announced by Lion Cooper, who asked that the Lions use their free tickets.

Friends of Mayor H. W. Taylor will be glad to learn of his recovery to a sufficient extent that he was in his office the fore part of this week. Mr. Taylor has been confined to his home for the past six weeks.

Men's Banquet Held Thursday

BURTON ASKS CO-OPERATION OF EVERYONE IN MAKING IT COMPLETE.

The men of the First Christian Church enjoyed a big feed last Thursday evening in the basement of the Church. Turkey and all the necessary trimmings filled the tables from one end to another. W. L. Butler acted in the capacity of Toastmaster and kept the ball rolling all during the evening. The welfare of the church took the center of attraction for the evening with Rev. Henry Taylor, Homer Mulkey, Will Dubbs, T. M. Little and G. A. Anderson giving the greatest part of the speaking for the entertainment of the evening. Short talks were also given by Y. O. McAdams, C. R. Skinner, C. A. Wright, D. W. Clappitt and others.

The list of those present will include: H. Mulkey, W. L. Butler, Roy Clappitt, Cleo Wood, Nat Wood, John Beverly, Bob Shaw, C. A. Wright, G. A. Anderson, J. D. McAdams, J. H. Casey, W. S. Bailey, Rev. Henry Taylor, D. S. Shaw, Ed Carlson, T. M. Shaver, Lonnie Hahn, J. R. Tucker, C. R. Skinner, Y. O. McAdams, D. W. Clappitt, O. G. Butler, Chas. T. Carlson, Joe Batten, John Crawford, T. M. Little, W. F. Dubbs, O. D. Liesberg, L. B. Cooper, J. A. Thomsson and Buell Shaw.

GRAND JURY LIST NAMED FOR MARCH TERM COURT

The Grand Jury list for the March term of the District Court for Donley County were opened recently and the members of the jury have all been notified of their places on this list. The following have been named: J. H. Nanny, W. H. Patrick, W. M. Montgomery, G. J. Teel, E. L. Kennedy, E. H. Watt, W. I. Rains, S. G. Adamson, J. H. Hermesmeyer, Marria Hall, G. P. Tally, P. Wood, R. S. Thompson, B. F. Jackson, N. L. Jones and J. G. McDougall.

R. S. COPE IS SALESMAN FOR W. T. U. COMPANY

Mr. and Mrs. R. S. Cope arrived in the city the latter part of last week from Matador, where they have been located for the past few months in the services of the West Texas Utilities Company as Specialty Salesman of the organization. Mr. Cope has been with the company for almost five years and has been located at Vernon, Quanah and Matador before coming here. He will occupy the house of Mrs. Rhode in the south part of the city.

LELIA LAKE MAN FIDDLE WINNER

W. C. REEVES PLEASURES JUDGES AND AUDIENCE AND IS ACCORDED PRIZE.

Donley County will again be represented in the Panhandle-wide fiddling contest this evening in the City Auditorium at Amarillo. W. C. Reeves was given the first place last Thursday evening in the second annual Old Fiddler's contest staged in the Pastime Theater by the American Legion.

Due to the fact that rules were in effect calling for fiddlers above a certain age limit, there were only three entered in the contest here. These were W. E. Walling, Lelia Lake, Homer Rathliff of Clarendon and W. C. Reeves of Lelia Lake. Each was accompanied by a second of his own choice.

The first report from the judging came with W. C. Reeves as winner of the fiddler's prize. W. E. Walling, second and Homer Rathliff, third. Clayton Morrison of Lelia Lake was awarded the prize offered for the best second.

An interesting fact in connection with the fiddle used by Mr. Reeves is seen when it was learned that he had owned and played on the instrument for more than twenty-five years. The man from whom he secured the instrument had owned it for more than that length of time, which accounts in a measure for the tone and appearance of the prize winner's fiddle.

Mr. Reeves was in the News office the fore part of this week, stating that he was going to enter the contest and that the Clarendon representatives there should be certain to hear him. The American Legion is backing him to win high place for Donley County in the contest.

Messrs. and Mmes. J. L. and C. T. McMurtry attended the Cattleman's Buyers and Sellers Convention in Amarillo the first of this week.

SCHOOL CENSUS BEING SECURED

H. T. BURTON, AS HEAD OF THE GROUP OF PEOPLE TAKING THE CENSUS FOR THE CLARENDON INDEPENDENT SCHOOL DISTRICT, IS MAKING A PLEA TO THE FOLK OF CLARENDON TO BE READY WHEN ONE OF THE CENSUS TAKERS REACHES THE HOMES AND MAKES INQUIRY OF THE NUMBER OF CHILDREN WITHIN THE SCHOOL AGES.

The local district lost a considerable sum last year in the census and it is the hope of those in charge that they may regain this loss in the number reported in the limits for this year.

Mr. Burton stated that the team had the month of March in which to complete the report, but that they had hoped to be able to complete it by the end of this week. A house-to-house canvass is being made this year and the takers are asking that they be notified of the moving of any new family into the district that a complete census may be taken and that the Clarendon Independent School District may be in a better condition next year to meet the current expenses of the year.

FASHION SHOW IS TO BE HERE FRIDAY

"The Fashion Show at Hickville" is the name of the play that will be presented in the College Auditorium on Friday of this week. The play is being staged by the Hedley Parent Teachers Association and will be sponsored in Clarendon by the Sims Parent Teachers. The play was presented to the folk of Hedley last week and proved to be one of the most outstanding successes that has ever been staged in that city.

The cast is a large one and includes many of those of the city of Hedley who have shown themselves to be especially adapted to the presentation of a work of this kind. The styles shown will be many of those that have been worn many years in the past and some of the others will be more modern than the latest Paris creations. Some members of the Parent-Teachers will make a call on everyone before the play and it is urged that all possible help be done to give the play a good hearing when it is opened to the public on Friday evening of this week.

PRESIDENT BOURLAND AND MANAGER WADE ARE HERE

President Andy Bourland and Manager Homer D. Wade of the West Texas Chamber of Commerce were here this morning en route home from a district meeting of the organization held Tuesday at Snyder. While here they visited The News and the local director of the organization, and were in evident high spirits over the action of the senate and house in overriding Governor Moody's veto of the Small land title bill, which the West Texas Chamber of Commerce has fought so hard for.

Manager Wade says plans are rapidly maturing for the annual meeting of the organization in El Paso in May or June.

PALO DUROS GO ON AIR SUNDAY

LITERARY SOCIETY OF COLLEGE TO PRESENT PROGRAM SUNDAY.

The Palo Duro Society of Clarendon College, headed by Miss Lois Alexander as president, will make another appearance over the radio on next Sunday afternoon between the hours of 4:00 and 5:00. This program is a follow-up event and will be in the order of like events that have been given by the organization since the beginning of the school year. Other programs presented by the organization have met with an excellent reception from the audience of the Panhandle and this one is hoped to follow the example set by others.

An address from the president will open the program and the remainder of the hour will be given to selections from the society orchestra, chorus and the P. D. Q., the club quartette. Piano solos and vocal selections will be featured and will have a prominent part in the time allotted the organization for their appearance.

Radio fans are urged to listen in on Station KGRS next Sunday afternoon and hear this society as they present their program.

February Shows A Gain in Cream

G. L. GREENE, AGENT FOR THE EXPRESS COMPANY IN CLARENDON, STATES THAT THE SHIPMENTS OF CREAM FOR THE MONTH OF FEBRUARY SHOW QUITE AN INCREASE EVEN THOUGH THE MONTH WAS SHORTER BY THREE DAYS THAN THE MONTH OF JANUARY, WITH WHICH THE RECEIPTS FOR THE MONTH WAS COMPARED. A TOTAL OF 214 TEN-GALLON CANS OF CREAM WERE SHIPPED DURING JANUARY. FOR THE WEEK OF FEBRUARY 1 TO 7, 45 TEN-GALLON CANS, 13 FIVE-GALLON CANS AND 2 EIGHT-GALLON CANS WERE SHIPPED. THE SECOND WEEK SAW 54 TEN-GALLON CANS, 12 FIVE-GALLON CANS AND 2 EIGHT-GALLON CANS SHIPPED TO CREAMERIES. THE THIRD WEEK SAW AN INCREASE TO 91 TEN-GALLON CANS AND 15 FIVE-GALLON CANS. THE FINAL FIVE DAYS OF THE MONTH SAW 11 TEN-GALLON CANS, EIGHT-GALLON CAN AND 4 FIVE-GALLON CANS SHIPPED. WHEN TOTALLED, THIS IS FOUND TO BE EQUAL TO 214 TEN- GALLON CANS OF CREAM WHICH MAY BE AVERAGED AT \$12.00 PER CAN OR AN AMOUNT IN EXCESS OF \$2,500 FOR THIS FORM OF PRODUCE DURING THE SHORTEST MONTH OF THE YEAR.

Mr. Greene stated that the latter part of this week, Friday and Saturday, would see the shipment of more than fifty ten-gallon cans of cream. The calculations are also taken to include the fact that February was the coldest month of the year, with production at possibly the lowest of any month during the year. The average for the two months of \$2,500 per month would mean an income of more than thirty thousand dollars yearly if this low average should be held.

Officers raid home capture 25 gallons

Twenty-five gallons of prime whiskey was taken and the supposed owner was lodged in the county jail late Tuesday night by County peace officers. The officers have been watching this particular man for some time and when they thought he was ready for a haul they sprung the trap and found the victim with the goods on his premises. The defendant was placed in the county jail Tuesday night and was released on bond Wednesday morning pending examination before the Grand Jury that will be called into session the latter part of this month.

Messrs. Walter Clifford and A. T. Miller returned Tuesday afternoon from a short business trip to Wichita Falls.

NEW GOLF PLANS WORKING SLOWLY

ONLY ABOUT HALF REQUIRED MEMBERSHIP SECURED—THREE WEEKS LEFT.

With just a little over three weeks left in which to complete the proposed expansion and reorganization of the Hillcroft Golf Club, the committee headed by J. T. Patman reports that only about half of the required number of members have been secured to insure the success of the project.

Under the proposed plan seventy-five members must be secured as a minimum to make a go of the purchase of the golf grounds and the building of a modern clubhouse and other recreational facilities. The cost of the individual membership is \$250, payable \$50 down and balance in small monthly payments. The closing date of this plan is March 28th.

If the necessary seventy-five members are signed at that time, the postponed annual election of officers will be held and all plans for the immediate purchase of the tract of land and the construction of the clubhouse will be entered into.

To date the following have signed up under the new plan: F. E. Chamberlain, C. W. Bennett, Fred A. Buntin, Al Cooke, J. T. Patman, W. H. Cooke, Jr., M. P. Gentry, Tom F. Connelly, W. A. Wilson, C. E. Miller, W. S. Bagby, G. G. Stricklin, M. D. Ira C. Merchant, P. B. Gentry, Holman Kennedy, Sam M. Braswell, H. Mulkey, George A. Ryan, Clyde J. Douglas, H. B. Kerbow, Sam Dyer, Bill J. Greene, E. T. Pope, J. G. Sherman, John S. Burbee, Jack Merchant, V. A. Kent, S. A. SoRelle, Ray Moreman, Chas. Bell, I. O. Noble, Dr. C. W. Galoway, Homer Parsons, West Texas Utilities Co., G. E. Allen, R. H. Muir, Jr., J. D. Swift.

There may be another name or two which have not been reported to the membership committee.

BENEFIT BARN DANCE NETS \$75

FRIDAY NIGHT DANCE FOR OLD TIMERS AIDS CLUB ROOM FUND.

Dances of the long ago were the vogue Friday evening of last week when a benefit Barn Dance was presented in the newly remodelled Chevrolet building by the committee in charge of the furnishing of the Donley County woman's club room in the city building. The Almond Chevrolet Co., very graciously offered their show room for the affair and the old time dance drew the ranch people and the city folks to a most enjoyable evening.

Music of the olden days, featuring such tunes as "Over the Waves," "New Shoes," "Three Step Schottische," "Billy in the Low Ground," "Shamus O'Brien" furnished the lifting measures for the old three-step, the heel and toe polka, the schottische, and the square dance, with such master callers as Bob Baird, Date Shelton and Flop Pyle on the job. Many who had not danced since the advent of the modern steps could not resist the whirl of the old-time dances and joined the couples on the floor.

Boley Mayo and the Walling Brothers furnished the music to the enjoyment of the dancers and on-lookers, and the ladies committee are very well satisfied with a net sum in their club room furnishings fund of \$75 for the evening, considering the fact that arrangements and announcement for the dance were perfected only two or three days before it was staged.

CATTELMEN IN AMARILLO MEET

FIRST SESSION RESOLVES STRONGLY TO OVERRIDE MOODY LAND BILL VETO.

Amarillo, Texas, Mar. 5.—(UP)—Hundreds of cattlemen and stock farmers from all over the Southwest were in attendance at the thirteenth annual convention of the Panhandle Livestock Association which opened here Monday for a three day session. The Twelfth Annual show and sale of the Panhandle Breeders Association and the Second Annual Show and sale of baby beef clubs attracted many visitors.

In addition to the regular features of the three meetings, the automobile show staged by the Amarillo Automobile Dealers Association attracted others who visited the show and saw for the first time many automobiles never before shown in the Southwest.

Forty head of registered Herefords were sold at auction Tuesday afternoon and more than a hundred baby beavers were shown Tuesday afternoon in front of the Amarillo Hotel. They were later judged and sold at auction.

Interest was high among the packer buyers and stock feed buyers throughout Texas in the baby beef sale and the Hereford breeding stock which last year brought the highest average of any sale in the state. Thirty-eight head were entered.

The convention opened at ten o'clock at the Mission Theater where all business sessions were held. Henry Harding, veteran cowman, presided in the absence of the president, Joe Sneed, who is in Austin in the interest of the Small bill validating titles to river beds.

At the very first session the cattlemen heard vigorous condemnation of Governor Moody's veto of the Small land title bill, and a resolution was passed urging that the senate and house override the veto by the necessary two-thirds vote.

Three bands were on hand to furnish music for the three day sessions. They were the Texas Technological College band, of Lubbock, the West Texas State Teachers College band, of Canyon and the Amarillo high school band.

Visiting ladies at the convention were entertained with an afternoon tea at the Federated Club rooms, Tuesday, and Wednesday with a drive over the city. Monday afternoon the ladies attended a matinee party at the Mission Theater.

Mrs. Melvin Cook received a wire Wednesday of the death of her nephew, Vernon Ivel, of Mineral Wells. He will be remembered by many friends here who has often visited his aunt in Lelia Lake.

MACHINERY FOR NEW WELL HERE

NEW UNDERTAKING WILL MORE THAN DOUBLE CAPACITY OF SYSTEM.

Machinery and supplies were unloaded Monday of this week for a second air lift well for the City of Clarendon that will more than double the present output of water for the city with practically the same operating cost. A test well has been put down and water sands have been found that will allow for a great volume of water when they are developed.

W. M. Edwards will have charge of the work and will be assisted by O. O. Smith and Floyd Brown. Methods similar to those used in developing the first air lift will be used with the exception that a number of water sands will be developed instead of one as was the case with the present well. When completed, the new well is expected to produce almost double the capacity of the present single well that came near to furnishing the water for the entire city of Clarendon last summer.

NIGHT OFFICERS TO BE ARMED WITH SHOT GUNS

Effective at once, the officers who have the city of Clarendon under their control during the night will be armed with sawed-off shotguns. These weapons were received the fore part of this week and will be placed in the hands of the men on patrol this week. R. O. McFarling is the new Deputy City Marshal, and will have no regular beat to make as has the other watchman. He comes to Clarendon highly recommended as an officer, having seen service in Burger during the rush days when a man could barely call his life his own. McFarling was added to the force of the city only a short time past and will do the greater part of his work at night, assisting the present watchman in keeping order in the city during the hours when there is little doing in the town.

CLARENDON TEXAS EXES ENJOY MEMPHIS MEETING

The annual March 2nd banquet of Texas Ex-Students was held as scheduled on last Saturday evening in the Memphis Hotel. A fair attendance was present from Childress, Clarendon, Wellington and Memphis and greatly enjoyed the meeting. The program, handled by Dr. J. A. Odum as toastmaster, was short and to the point. The election of officers was attended and the next meeting was announced for Clarendon in 1930. Mr. Clower was elected Vice President from Memphis and will have charge of the meeting four years from last Saturday night. Dr. and Mrs. H. L. Wilder, Misses Mabel Mansell and Helen Beck, Eugene W. Letts and Mr. and Mrs. Loyd Stallings were the Clarendon visitors at the meeting.

Mr. and Mrs. J. R. Calhoun and daughter left this week for San Antonio where they will make their future home.

FEDERATION TO NAME PRESIDENT

MRS. ALVA SIMMONS RE- SIGNS AND NEW LEADER IS TO BE ELECTED.

At the regular meeting of the Donley County Federation held last Saturday in the Club Room in the City Hall, the resignation of Mrs. Alva Simmons of Hedley, President-elect for the year, was read and accepted. This action on the part of the organization has put them without a president and makes it imperative that this officer shall be elected at the meeting to be held on May 4th, the same being the first Saturday in that month.

No place has been set for the meeting, and this information will be given out as soon as the site has been selected.

In addition to attending to the matter mentioned above, the Federation voted to affiliate themselves with the District and State organizations, thus putting them in line for a much greater line of service than if they were to remain as an unaffiliated organization.

Mrs. James Trent, first president of the organization will reside at the meeting to be held on May 4th, at which time the other elected officers of the body will take their places under the constitution and by-laws.

PANHANDLE PRESS ASSOCIATION

Donley County people will very likely have the opportunity to pass on the county hospital proposal at an early date in a vote to levy a small additional county tax for maintenance. With this may also be an opportunity to express sentiment on the employment of a county agent with a small tax item attached for that purpose. Our county judge and commissioners are endeavoring to give Donley County a progressive administration with every facility that the tax money will afford—and more if the people wish to pay a little extra tax.

Clarendon cannot but congratulate Memphis, Childress, Quanah, Pampa and other Panhandle neighbors on their early prospects of new postoffice buildings as carried in the recent appropriations bill of the old congress. While we would have been very happy for our city to be included in the list this time, but our neighbors having won their post-office buildings, it is very likely that Clarendon, Wellington, Hereford, Paducah and others will be next in line for such appropriations. The federal government could save quite a bit of money by buying a location for a postoffice in Clarendon right now. Prices will double in another year or two.

According to the terms of a bill originating in the house of representatives, the highway commission of Texas may not change the routing of any designated highway away from any town in the county without the consent of the commissioners court. The News sincerely hopes this bill will become a law, as it will operate to give all our counties more jurisdiction over highways within their limits and will serve to renew the confidence of all the people in the goodwill and democracy of intention of the highway commission. Here in Donley County the law would be especially appropriate and would be a strong aid in the early solution of our road problems.

Governor Moody didn't ask The News' advice about vetoing the Small Land title bill, but we could have given him an idea or two that would have saved his political scalp—maybe. If he had signed the bill promptly with the statement that he was the chief executive of Texas and not a representative of the judiciary, that he chose to throw the weight of his signature and influence on the side of right and justice, leaving constitutional defects to the courts, he would have emerged from the battle with honor and thousands of stronger friends. As it is he has the thanks of the land-grabbers, the selfish, piratical interests of Texas, and the condemnation of citizens from all sections of the state. Referring the bill to the attorney-general's department, already prejudiced in the matter, was just as effective as Pilate washing his hands of the blood of the innocent Christ. And possibly as damning, politically speaking.

Herbert Hoover was sworn into office as president of these United States on Monday, March 4th, and has the best wishes of the citizenry of the nation without regard to political affiliation. Coming to the presidency with the trained mind of an engineer, and with none of the entangling professional viewpoints and precedents of a lawyer or politician, Mr. Hoover is expected to afford the most efficient and constructive administration in the history of this country. His lack of partisanship, his announced policy of the best man for the position regardless of party alignment, his strong purpose of law enforcement, bids fair for the future of the nation under his leadership, and honorable men in all parties will applaud his efforts in that direction. Mr. Hoover has accepted the challenge in respect to the enforcement of the eighteenth amendment and those who know his methods expect rapid crystallization of public sentiment behind his aggressive policies to rid the country of bootlegging and conniving at the integrity of the law. Mr. Hoover, we wish you success.

ADVERTISING

Oh, Advertising! How many crimes are committed in thy name!

Our exchanges bring three to light this week. Down at Goliad a carnival grafter held up the business men for cash-in-advance advertising banners to appear on the ferris wheel. Then the carnival "blew up" and the grafter had disappeared.

The Beeville paper tells of a church grafter who sold ads for a bulletin board for the Baptist Church, collected in advance and pulled out with the money.

A North Texas paper tells of a school grafter who collected money from the business men for their ads to appear on blotters to be given the school children. The school authorities knew nothing about it, and now nobody knows where the grafter went, and the blotters were never seen.

The Rosebud News tells of the printing of a church directory. A strange couple came to town, got the church to help them solicit ads to the tune of \$84.00. The church ladies got \$10.00 for the job, and the man and woman carried away \$64.00, leaving a few cheap cardboards which people were supposed to hang on their walls—the crudest kind of advertising, and the most expensive.

Talk about boobs, sometimes we think the average business man is the biggest boob in the world.—Rockdale Reporter.

The Town Doctor

(The Doctor of Towns)

Says

Is there anyone who thinks that it isn't a good idea to make the town in which he lives just a little more attractive, a little more interesting, a little bit larger, and a little bit better?

But, if a man came into your town a stranger and said to any twenty people on the street, or in the stores, "This looks like a pretty good town here," what percentage of the replies do you suppose would be for the town?

If he were to put the question to you, what would you say?

If you were working in a store and a customer said, "This looks like a pretty good store," and you answered, "Oh, yes, it's all right if you like it," or "Well, it used to be all right," the boss would no doubt fire you; if he didn't, he should! If you answered a customer's inquiry of, "What kind of a store is this," with, "slow, dead, terrible," or any of those unprintable descriptions that you and I and everyone have heard people say about their town, you would be classed as a blithering idiot, mutton-headed numskull, and a looney nincompoop—and who wants to be that?

Maybe you have never thought of it that way. Well, one can't think of everything, but here is something every resident of every city must think about sooner or later, and for your own personal betterment it had better be sooner:

Start thinking about your community as a business—look at it just as if it were a store business—a business of which you are a part. Put out of your head the old-fashioned idea of your town being something that just happened—something that you can't get hold of—an intangible thing so big that whatever you do as an individual won't make any difference one way or another.

You don't have to be mayor, president of a civic club, head of a bank or a store to be important; your vote counts just as much as that of any banker, doctor, lawyer, merchant, or city official, and it's the attitude you take toward your community—the things you do for or against it—that makes it alive or dead, good or bad, forging ahead or standing still.

When industry considers your town, it is the people they want to know about, not just the few shining lights—the big boys alone—and have their men study. It's you they "feel out," often without your knowing it, and you, your attitude, how you look at, act toward, and talk about your community, depends on whether their report is favorable for a new factory, distributing point, headquarters for representatives, or for whatever they are considering your town.

As a citizen you are a salesperson for your community the same as a clerk is a salesperson of a store; the merchants, bankers and professional people are the same as department heads of a store, and the policemen of your community are the floorwalkers.

It's always up to the sales force of any business. Your town is a business—your business—and just the same, it's up to you.

This Town Doctor article, one of a series of fifty-two, is published by The Clarendon News in co-operation with the Clarendon Lions Club.

Note: These articles are written by The Town Doctor, without prejudice or malice and are impersonal. They treat each subject as supplied in general—not to a particular town. Opinions favorable or otherwise on subjects covered are solicited and may be addressed to the paper in which these articles appear, or to The Town Doctor, Suite 350, McCormick Building, Chicago, Illinois.

IT PAYS TO KNOW

An analysis by Bradstreet of 20,000 business failures in 1927 laid the responsibility for 2,000 or 10 per cent of them, to unwise competition. Lack of Capital to meet established competition was responsible for 7,000, or 35 per cent, but there is still another interesting group. It is composed of 6,990 concerns, or 34 per cent of all the failures analyzed by Bradstreet's for 1927. These business executives were of the type that always loudly acclaim that they know their costs—and further claim that they can tell you exactly where they stand financially and in a business way all of the time—but always when you get right down to "brass tacks"—they guess at everything—estimates, expenses, revenues and costs. They have no cost system. In many instances not even a good bookkeeping system.

So nearly 7,000 firms in this country "went to the wall" in 1927 because of a lack of cost knowledge—incompetence in management—inadequate records. And in consequence of all these, they "guessed," instead of "estimated" all of their work. The result, in the end, was and is always disastrous. It pays to know.—N. E. A. Bulletin.

POLITICAL ANNOUNCEMENTS

The News is authorized to publish the following names as being candidates for the offices under which their names are listed. Election to be held on April 2nd.

For Mayor: H. W. TAYLOR (For re-election)

CONTINUED EVIDENCE OF EFFICIENCY OF NEWS ADS

Two more indications of the workings of the want ad section of the News were brought to our attention the fore part of this week. The first of these came from Mrs. J. S. Hayter, who had listed here home in the South part of the city for rent. We were told by Mrs. Hayter on Monday of this week that there was no further need to carry the advertisement since she had rented the home shortly after the first insertion of the ad had been made.

The second application of the want ads of the News came from J. O. Thompson, who lives between Clarendon and Lelia Lake. Mr. Thompson advertised an eighteen months old bull and a stalk cutter, both for sale. He came into the News office shortly before noon Monday and stated that both the advertised articles had been sold.

Many other examples of like nature could be quoted as the News Want Ad section is one of the first and most thoroughly read sections of the paper.

Mrs. Ida B. Greer is here from Los Angeles, Cal., visiting old friends. Mrs. Greer was formerly a resident of this city.

STORM TIME

March, the month of storms is here and we have all read about the terrible havoc wrought by storms in other parts of the country. Donley County may be the place they will hit next. By being careful you can some time prevent fires but there is no way to prevent storms. The only thing you can do is to be prepared by having us write you a Tornado and Hail policy on all your property. The cost is so small—only \$3.00 to \$4.00 per thousand.

Another coverage we urge you to buy is a gas explosion policy which costs only 50c per thousand. A dwelling was completely destroyed and an adjoining house damaged, last week in Dallas by a gas explosion.

Can you afford to go without this protection when it costs so little?

Come in and let's talk insurance. We have all kinds. We want you to feel free to consult us at any time about insurance.

Dairying Proves Successful in South

By M. B. OATES,
Agriculture Agent, Fort Worth & Denver City Ry. Co.

BANKERS AND BUSINESS MEN BUILD SUCCESSFUL DAIRY INDUSTRY

Dairying in Mississippi was started because of the boll weevil. Everybody was hurt. Something had to be done or the country would remain in a serious financial condition. In parts of Texas we have been hurt by the boll weevil just as bad as was Mississippi but we have continued trying to raise cotton and have not developed dairying or stock farming to much extent. In Mississippi dairying was started as a relief measure. The new regime gave relief and development continued. Now those sections have a dependable source of income which is building a permanent system of agriculture.

Some counties bought a lot of cows, some bought pure bred sires and improved their herds and this was followed by small creameries, cream stations, etc. The bankers and business men seeing their own plight got behind the dairy program in a united way and stayed behind it until some progress was made. The results were so encouraging to all concerned that they have continued to develop dairying.

Mississippi started with what she had, bought such cows as could be found and began dairying. Most of the dairy development there has been made by farmers who never before had handled cows. Financing was done by bankers who had never loaned money on dairy cows. Pasture and equipment for dairy cows was furnished by landlords who never before had permitted anyone to raise anything but cotton. Merchants who never before had sold goods except on time, basing their expectation of collection on a cotton crop, took a chance and backed up the dairy movement.

The success of dairying in Mississippi and Tennessee may be attributed almost entirely to the financial support given by the bankers and business men. It's continued development which has now reached large proportions and is still growing rapidly is due to the continued support of the business men and the unity of purpose and united co-operation of practically every business man with the farmer and dairymen. They have not only started this new enterprise but they are still developing it. At four of the eight places we visited the local people keep a full time dairy expert employed to further develop dairying and assist those farmers new engaged in dairying. Follow up work has continued from the beginning of this new undertaking.

Mississippi has only one advantage over Texas; that is on pastures. At present the native pastures are better than ours. Bermuda, Carpet Grass and Lespedeza (Japan Clover) grow naturally in the valleys and branch bottoms, however, the area is not usually sufficient and often times the stand is irregular, and now Mississippi has started a pasture improvement campaign. We could do the same in Texas and provide adequate pastures for our dairy cows and thus increase greatly the profits from them.

The cows in Mississippi are not as good as ours. The cows in Tennessee are better than ours.

after the business men got behind it.

Will we have over production? Our answer is, not very soon, perhaps not in our life time. First we are not going to get everybody to milk cows. Second milk consumption per capita is increasing much faster than total production. The same is true as to consumption of butter and cheese. Third our cow population is not increasing very rapidly because farmers soon learn that poor cows do not pay well and send them to the butcher. Fourth, our human population is growing much faster than our cow population.

Let's cease making excuses and alibis. Our section has sufficient advantages to justify general dairy development. Our climate and soil is alright and we can plant and develop good pastures. We can raise most of our feed and our prices for milk are equal to those paid in the north and in the south. We have fewer tenants than Mississippi and but few negroes. Every banker and business man knows that the few men who are regularly selling dairy products are their best and most dependable customers. Why not all unite in an effort to greatly increase this class of farmer customers.

This concludes our story of the dairy tour to Mississippi and Tennessee.

HALF OF HIS LIFE SPENT SUFFERING

"Money couldn't buy the good the Sargon treatment did me. It overcame troubles I have suffered practically half my life. Ever

MACK SPRINKLE

since I was a boy I have been weak and nervous and frail. I was a constant sufferer from indigestion and constipation and I was greatly underweight. Nervousness made my sleep fitful and broken and in the morning I was always tired and not fit for study.

"I had to live on cereals, milk and soups and even that would disagree with me and my life was miserable with gas bloating and pains. Sometimes I would go days without any appetite and then, at times, I would be ravenous with hunger. Nothing I took did me any good.

"I certainly wish I had been able to get the Sargon treatment long ago because I am just like a new man now. I noticed improvement the first week. Now, I eat three big meals a day. I've stopped that light diet and eat anything I want but it don't hurt me in the least. Nothing disagrees with me now and I am gaining strength every day. I sleep fine, get up in the morning feeling good and I've already gained six pounds and I have only taken two bottles of Sargon.

will be elected a Mayor for the City of Clarendon, said election to be conducted in accordance with the law relating to the election of said officers, and H. J. Edgington is named Presiding Judge and H. C. Brumley Judge and G. L. Boykin and A. A. Mayes as Clerks of said election, and they will conduct the said election in accordance with law.

Therefore witness my hand and the seal of the City of Clarendon this 14th day of February, A. D. 1929.

(Seal) H. W. Taylor,
City Mayor.
ATTEST:—Mae Shaver,
City Secretary. (12c)

The above statement was recently made by Mack Sprinkle, 827 East 8th St., Oklahoma City, a law student at the Capital City School of Law.

Sargon may be obtained in Clarendon from Douglas-Goldston Drug Co.; and in Hedley from Hedley Drug Co.

NOTICE OF MAYOR'S ELECTION FOR CLARENDON

STATE OF TEXAS
COUNTY OF DONLEY
CITY OF CLARENDON

Whereas on the 14th day of February, A. D. 1929, there was an order passed to hold an election on the first Tuesday in April, the same being the 2nd day of April, A. D. 1929, for the purpose of electing a Mayor for the City of Clarendon and said order provided that notice shall be given as provided by law.

Therefore, in accordance with said order and the statutes and by virtue of the authority vested in me by same, I hereby give notice that on the 2nd day of April, A. D. 1929, there will be held in the City of Clarendon at the City Hall, an election, whereat

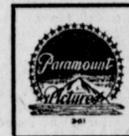

offers you a scientifically balanced feed for every need—and one that has been proven in this territory.

A trial will convince you.

UNDER THE DOME

By United Press

Austin, Texas, March 6.—Will the Alamo be the tie that holds Texas together? It did in 1915 when plans to create the State of Jefferson failed. It did in 1921 when a secession conference was called at Sweetwater and it is expected to stop any separation idea that may grow out of Governor Dan Moody's veto of the river beds title bill asked by West Texas.

Creation not only of an additional state but four additional states inside Texas boundaries is specifically authorized in the treaty by which Texas became a part of the Union.

When it was proposed to create one of these states in 1915, it went down before the challenge: "The people of Texas, so long as there is a drop of Alamo blood in their veins, will repent to the last breath the division of Texas."

Cool heads at Austin look for no serious move toward division. As in 1915 and 1921, it is likely the cry will be only by individuals and that it will be chiefly effective to bring a more liberal treatment toward West Texas.

The point at issue this time is a complicated one. The Attorney General's opinion holding the river bed bill invalid consists of 16 single spaced typewritten pages. Governor Moody's veto, based on the opinion, is almost as long.

River beds under the existing law belong to the state. A river bed, however, does not mean a real river with steamboats and all that. In the law, it means any stream bed thirty feet wide. Much of the time the stream beds that wide in parts of Texas are absolutely dry.

Before the oil era, the river beds were considered valueless. Surveyors ran their lines through or across them. People settled the country and occupied the land as marked by the surveyors.

Then oil was struck. River beds became prospective flowing gold mines. Claimants appeared offering to lease the river beds from the state. They apparently have right to it for the law says no survey line shall run through or across river beds but shall follow the natural banks.

When West Texas found that they could expend large amounts to test their lands for oil and then find some one pop up to take part of the territory after it was proven, they protested.

The river beds bill was offered to validate their titles.

It passed both Senate and House. The Governor sent it to the Attorney General for an opinion. He held it invalid. The Governor vetoed it.

It was a veto by Pat Neff that precipitated the secession movement of 1921. West Texas felt it was unjustly used when he vetoed a bill establishing an agricultural and mechanical college in West Texas.

Governor Neff hastened with assurances that his veto merely was carrying out the Democratic State Platform declaration against creation of additional schools at that time.

A meeting had been called to be held at Sweetwater. By the time it was held feeling had died down. There was no call for secession but resolutions calling attention to the growth of West Texas and its right to share in institutions was adopted.

Since that time Texas Techno-

logical College has been put at Lubbock and the School of Mines at El Paso has been enlarged to include other college courses.

In 1915 the movement of secession went much further. It was precipitated by neglect of the state to reapportion districts after the 1910 census. Senator Johnson offered a resolution in the Senate to submit the necessary constitutional amendment to create a separate state to be known as "Jefferson."

The proposed dividing line began at the Red River a little east of the 100th meridian and ran generally south to the Rio Grande.

The proposal got a favorable committee report. Congressman Claude Hudspeth, of El Paso, then a state senator, deftly killed it. He put through a motion postponing its consideration until 11:59 p. m. the day of adjournment.

If it had been passed and voted for by the people, West Texas would have been given the school lands in its territory and reimbursement for the school land in that territory previously sold by the state and devoted to schools generally.

Failure of the secession movement was followed in this case also by more liberal treatment. Many believe neither the 1915 or 1921 separation movements ever were intended to be pushed to completion but were resorted to to draw attention to the conditions and alleged injustice being done.

That there eventually be a division is believed by some public men. Congressman John Garner, of Uvalde, has expressed that belief. But he also believes the tie of the Alamo will make the five states of each keep the name "Texas." The names suggested are East, West, North, South and Central Texas.

If the people ever vote for division the only further procedure will be for the then Governor to notify the State Department at Washington. The treaty already gives the state full power in the matter.

Sentiment is believed to be a stronger tie than any other for keeping Texas "The Largest State." "Secession" is no terrifying term in Texas. Rather, its memories are revered. Texas itself seceded from Mexico. It joined the South in the secession. "They died for State Rights" is the motto on the Confederate monument a visitor to the state capitol first sees. But the idea of withdrawing from Texas always runs up against the Alamo.

Chivalry, too, has its part in Texas lawmaking and official action.

Senator B. F. Berekley, of Alpine, frankly avowed that his recent vote for a state road bond issue was a "chivalry vote." Miss Margie Neal, of Carthage, broke down under the nervous strain of the session and had to return to her home. She favored the bonds so Senator Berekley cast an Aye vote for them.

In the House another chivalry bill comes up on Friday afternoon.

NOTE—It would be illegal to publish this if not true.

NEWS' WEEKLY COTTON LETTER

MARKET ADVANCES. DEMAND MORE ACTIVE

The cotton market during the week of Feb. 23 to March 1st witnessed more activity than for some time with quotations for March 1st about 7-16 to 1-2 cent higher than those of Feb. 21st. (Feb. 22nd holiday). Both foreign and domestic demand indicated improvement with inquiries in evidence for almost all grades and staples. According to weather Bureau, rains were again frequent in Southern States and plowing and other preparations for spring planting were hindered throughout practically the entire cotton belt although some work done in extreme western portion and conditions were more favorable in few of the more Southern Districts. The volume of sales, spot cotton in the ten designated markets was large and for the week amounted to 130,901 bales, compared with 77,043 the previous week and 58,385 for corresponding week last year. Exports continue full and to March 1st were about 6.3 million bales compared with about 5.3 the previous season to corresponding day. Quotations for middling, 7-8 inch, March 1st. Norfolk, 19.69; Augusta, 19.63; Savannah, 19.66; Montgomery, 19.05; New Orleans, 19.56; Memphis, 18.95; Little Rock, 18.90; Dallas, 18.90; Houston, 19.45; Galveston, 19.70. Average middling for these ten markets March 1st 19.35c per pound compared to 18.88c the previous week and 18.40c the previous season. March future contracts for the week at New York advanced 48 points to 20.45, at New Orleans 42 points to 19.62, and at Chicago 43 points to 19.70. Certified stock on March 1st New York, 75,629 bales, New Orleans, 22,307; Houston, 42,201, Galveston, 65,467. Total stocks New

York, 85,186 bales, New Orleans, 22,307; Houston, 42,201, Galveston, 479,012.

Grade differences remained unchanged for week with an average of ten markets for good middling at 40 points on middling, strict 27, strict low middling 78 points off middling, low middling 162, strict good ordinary 250, good ordinary 340. A year ago good middling stood at 40 points on middling, strict 25, low 34 points off middling, low 74, strict good ordinary 140, good ordinary 215.

GRAHAM-PAGE PRODUCTION BREAKS RECORDS

month of 1928 except August, at the height of the selling season.

The February total showed an increase of 76 per cent over the preceding month, and is 2 1-2 times the total for the same month last year.

The new line of cars is already well on its way to surpass the record of 1928, when Graham-Paige built 73,195 cars to the total value of more than \$80,000,000, a new record in the industry for sales volume attained by any new make of car in its first year. In the first two months of 1929, Graham-Paige production has reached a total that equals the record of last year up to April 17th.

A new all-time record for a single day's production was established February 25 when 578 cars were built, or 62 more than the previous high record that has stood since August 14, 1928.

Mr. and Mrs. Earl Alexander went to Memphis Saturday evening, staying over Sunday, in the home of Mr. and Mrs. O. M. Cosby.

Keep That Youthful Look

Mrs. J. H. Mongole received word last week that her brother-in-law, Mr. Beedy, of Floydada had a stroke of paralysis. He passed away the same day before Mrs. Mongole reached there.

Farm Machinery

A full carload of Avery and Massie-Harris one and two-row listers and planters. It won't be a very long time until these machines will be needed on every farm in the county and the best time to make plans is before the plans are needed. See these new machines today and let us explain their many good features.

WE CARRY SUPPLIES AND PARTS, TOO.

THE SHORT COURSE

News' First Prize Essay by Vera Johnson.

We were very enthusiastic over the prospect of being permitted to attend "The Short Course" to be held in the Junior College auditorium. The Junior Band and community singing were enjoyable features of each session. Every lecture was interesting and impressed upon the minds of the people the importance of everything discussed during the entire course. It would be impossible to enumerate all the good points in these lectures in a short essay, but we can touch upon some of the points that impressed us most forcibly.

"The Educational Use of Knowledge," by Mr. H. S. Mobley, brought to our minds some thoughts both new and wonderful. He proved that farming was not an occupation to be looked down upon but was the foundation of all other industries. To be a good farmer we must keep in mind the quotation Mr. Mobley used: "Education is that training which fits for the duties of life." If we do not use our education, why did we strive to acquire it? Education was not intended to keep a person from work, but to enable him to work to a better advantage.

Mr. Mobley's lecture on "Communities Are Made of Folks" was very inspiring. It proved to us, conclusively, that no man can live to himself and how important it is to us that we should know how to associate with our friends and neighbors. Without the help and co-operation of our fellow citizens we could do nothing, so why not do our best to help each other? Interest must be taken in educating the children of today and enabling them to do the work that their parents are doing. Many mistakes are made by ridiculing others, as we are all subject to making mistakes. When we try to bring ourselves into prominence by ridiculing someone else, we usually find ourselves lacking in the good opinion of others. We often find in real life that this quotation is only too true: "A child left to himself bringeth his mother shame."

Mr. G. L. Smith's lecture on "Beautifying Homes," appealed largely to the heart of every woman present, as most all women

admire beautiful homes, flowers and shrubs. As we sat and admired the beautiful pictures he showed to demonstrate the different arrangement of walks and flower beds about the house, almost every woman present determined in her heart that she would go home and prepare to raise more flowers to beautify her home.

Mr. Smith gave us the very impressive thought that we must study for our own value and not to impress someone else. Most of us have decided to do our best by using the things taught in school and to prove to our friends that we have been educated, then, will we have to tell them we have been to school?

We were also showed by Mr. Smith the need of nitrogen in the soil and of terracing it, also what erosion and a too large amount of rainfall will do. If we want fruit, why not do our best to raise it and make it the best fruit there is? We must select the kind of fruit desirable, then how to preserve the trees and build up the soil.

Miss Grace M. Smith's lecture on "Keeping Vigorously Alive" reminded many of us of the small facts of health that we have so often neglected. We were told that one billion dollars was spent in the United States a year because of sickness. Why not use that money to preserve our health? If proper care and training is given children, they will grow into strong and healthy adults. We must be careful that we eat proper foods at the correct time, as many diseases are caused by over eating and eating impure foods. When diseases are contracted, it is always best to consult a physician at the earliest moment, instead of waiting until the disease has fastened itself upon the system and is hard to cure.

How many husbands are piping water into the house, securing better lights and making home more comfortable for mother? We all realize the benefit of Miss Smith's lecture and many mothers are planning a new kitchen.

We feel that the Short Course has brought about a more friendly feeling between the citizens of our county. We give thanks to the City of Clarendon, The Chamber of Commerce and The Inter-

DECADE OF SERVICE TO VETERANS TO BE CELEBRATED HERE

"The American Legion of this city will celebrate the tenth anniversary of the Legion's birth in the Paris caucus by bringing home to every veteran of this community the fact that for a decade our organization has labored tirelessly, without thought of reward, for his welfare."

This announcement was made by C. J. Douglas, Post Commander of the Legion here today. "The Legion came into existence in Paris at conferences held March 15 and 16, 1919. The conferences were attended by representatives of all the armed forces of the United States. It was little more than an idea then. The idea grew. Substance was given to the movement when the returned soldiers, sailors and marines immediately began their unselfish service to God, country and their comrades in peace time.

"For ten years the Legion has continued this service. Every bit of legislation that has been on the statute books for the benefit of veterans came about through the Legion's tireless efforts. The Legion has never failed in any legislation it has attempted. Some of it has been delayed, but each delay has only added enthusiasm and determination to the veterans' efforts, because all of it is just and right.

"The Legion has worked for all veterans, not alone those who are members of our organization. In legion child welfare work, all children are benefited by the legislation that the Legion is sponsoring for the aid of widows and dependent children.

"The Legion has led in great civic movements throughout the country, and has ever been ready to serve the community in which a post is located. It has stood staunchly for law and order, for the protection of our nation, and for the advancement of good citizenship."

BUILDING IS REBUILT FOR OLNEY CHEVROLET

The work of remodeling and enlarging the showroom for the Morgan Chevrolet company at Olney has just about been completed, and the new arrangement will more than double the floor space. A hundred-foot frontage completely enclosed in plate glass is one of the features of the building.

National Harvester Company for their kindness in bringing the Short Course to Clarendon for our benefit.

W. T. C. DATES MAY BE CHANGED FOR HOOPER

El Paso, Texas, Feb. 25.—Following a conference with El Paso Chamber of Commerce officials, Homer D. Wade, manager of the West Texas Chamber of Commerce, announced that the dates of the chamber convention would be changed to suit the convenience of President Hoover, should the president accept an invitation to attend the convention and to meet President Gil of Mexico in El Paso. Dates first decided upon were May 13, 14 and 15.

The invitation to President Hoover will be extended during inauguration week. Plans are being made to have the West Texas delegation at the inauguration march in the inauguration parade. Wade said that Judge R. B. Creager, Brownsville national committeeman from Texas, has assured the West Texas Chamber of Commerce of his co-operation in Washington in getting an audience with the president to present the invitation. The dates for the convention will be announced after the conference with President Hoover.

Plans also are being made to take the Simmons Cowboy Band the official band of the West Texas Chamber of Commerce to Washington to march in the inaugural parade.

The invitation to President Gil already has been presented. Last November the El Paso Chamber of Commerce sent a delegation to Ford tri-motored plane to Mexico City to meet President Gil at the time of his inauguration and to present the invitation to him.

Plans for the entertainment and program of the convention are now being formulated by the El Paso Chamber of Commerce, H. L. Birney, president, said today.

POINTERS ARE GIVEN IN SELECTING POULTRY

In selecting breeding stocks of poultry there are a number of things that must be taken into consideration. These qualifications are now being given their full share of attention at the hands of the County Home Demonstration Agent, especially among the girls clubs of the county, where a project of this sort is attracting the greater part of their time and attention. If impossible to secure chickens from a well culled flock, keep them as nearly possible true to type and select those with the qualifications of good layers. These have bright and prominent eyes, broad head, a medium and well arched neck, a long and broad back, full breast, full abdomen and soft, pliable skins. The lay bones should be soft and pliable and the shanks should be sturdy and the knees well apart. Any disqualification should remove the fowl from the flock as a possible non-producer.

Breeding pens should be arranged so as to have one male to each twelve to fifteen hens in the leghorn and minorea types. All purpose breeds should be mated one male to ten to twelve hens

and the meat breeds should be mated one male to six to eight hens.

Keeping the flock comfortable is another item of considerable interest and should be attended as carefully as the original selection of the birds. Plenty of sunshine, water and fresh air, coupled with a great deal of exercise will keep any flock in good condition and keep them at work. The flock should be considered from a vitality standpoint as well as from these others and will be found to do much better if the workings are kept out of the breeding pens. In this manner vigorous chicks are assured and a profit from the farm flock is certain. Otherwise there is likely to be a loss instead of the wanted profit on the poultry on the farm.

W. A. Riddle made a trip to Amarillo Friday.

POSTED NOTICE

GOOD DIGESTION IS NOT LUCK

End Indigestion without Dieting

To be free from indigestion, dyspepsia, flatulence, acidity, water-brash, heartburn or other distressing stomach "upsets" is not a matter of luck but just a matter of care. But, mark you, not care in diet either, for even the greatest stomach sufferer can eat what they fancy without disagreeable after-effects if they will only take a little "Pape's Diapepsin" to make things right with their stomachs.

Nearly all digestive trouble is due to excess acid which accumulates in the stomach causing food to ferment and painful gases to form. By instantly neutralizing this harmful acid "Pape's Diapepsin" brings prompt relief and restores to normal the disturbed digestive processes, as well as soothing, healing and strengthening the acid-weakened stomach lining.

Get a 60-cent package of "Pape's Diapepsin" from your druggist today and be free from the miseries of indigestion for good and all.

Makes Life Sweeter

Next time a coated tongue, fetid breath, or acid skin gives evidence of sour stomach—try Phillips Milk of Magnesia!

Get acquainted with this perfect anti-acid that helps the system keep sound and sweet. That every stomach needs at times. Take it when ever a hearty meal brings any discomfort.

Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't have "indigestion." Don't die, and don't suffer—just remember Phillips. Pleasant to take, and always effective. "Milk of Magnesia" has been the U. S. registered trademark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the results of constipation for 47 years, and he believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly. Do not let a day go by without a bowel movement. Do not sit and hope, but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

A. L. Chase, local representative of the Continental Oil Company, Announces a demonstration.

Of interest to Motorists

YOU'VE heard of Ethyl Gasoline, the marvelous motor fuel that has revolutionized automobile motors. Perhaps you've used it—and liked it. Perhaps you have been waiting to have its efficiency proved to you before you tried it. In either event—

See this Modern Fuel Demonstrated

at ALLMOND CHEVROLET COMPANY
Monday, March 11, from 10 to 4

FREE A representative of the Ethyl Gasoline Corporation will give a practical demonstration of this remarkable motor fuel with a gasoline engine. You are invited to witness this demonstration and see for yourself just why it will pay you to use Ethyl Gasoline in your motor.

Society

Skelton-Gordon

A wedding of much interest was solemnized Tuesday evening when Miss Oeta Mae Gordon and Durwood Skelton were united in marriage by Rev. S. E. Allison at the home of the bride's parents, Mr. and Mrs. F. W. Gordon.

The bride wore a beautiful gown of flowered Georgette and carried a shower bouquet of roses and sweet peas.

The bride and groom were attended by the bride's sister, Bonnie Nell Gordon, and brother, Fred Gordon.

The couple left the next day for El Paso and points in New Mexico, where they will spend some time. Upon their return they will be at home on East First St.

Mrs. Skelton is the daughter of Mr. and Mrs. F. W. Gordon. She has grown to young womanhood here, receiving her education in the Clarendon schools and numbers her friends by her acquaintances.

Durwood Skelton is the oldest son of Mr. and Mrs. L. H. Skelton. He received his education in the local schools and is at present in business with his father in the Nook Confectionery and Drug Store, and is held in high esteem by all who know him.

Only the immediate relatives of the contracting parties were present.

Bride's Shower

Miss Gwendolyn Allison entertained with a unique shower, Saturday afternoon, honoring the bride-to-be, Retta Mae Gordon.

When the guests had all assembled in the reception room, a door was opened into an adjoining room where numerous and varied gifts were hung on a clothes line.

After the honoree had inspected the beautiful and useful gifts with many exclamations of delight and appreciation, a delicious two-course lunch was served to the following: Meses, L. H. Skelton, F. W. Gordon, S. E. Allison, Misses Helen Bailey, Josie Mae Davis, Edna Mae LaFon, Nell Butler, Pauline Lane, Lucille Pickering, Bonnie Nell Gordon, Thelma Youngblood, Virginia Speed, and Frankie Gordon of Pampa.

Episcopal Auxiliary

The Ladies Auxiliary of the Episcopal Church met at the Parish house Wednesday, as is their custom during Lent. There was a good attendance and a well prepared lesson.

Methodist Missionary Society

The Ladies of the Methodist Missionary Society met in regular session at the church parlors Wednesday afternoon. The 13th chapter of the study book, "Later Prophets," was discussed by Meses, S. E. Allison, Wiedman, R. Y. King and others, led by Mrs. D. P. Ross.

Junior Auxiliary

The Junior Auxiliary of the Episcopal Church met in the home of Miss Mildred Martin Wednesday afternoon.

Much interest was shown in the Lenten study, "Building the City of God." During the pleasant social hour dainty refreshments were served.

Women's Missionary Society of the Christian Church

The Missionary Society of the Christian Church met at the church with twelve members and guests present.

The lesson on "Living and Loving" was most ably discussed by Mrs. Frank Johnson and Mrs. J.

S. Hayter. During this meeting a pageant was planned to be given at the church Easter night, March 21st.

Baptist Missionary Society

The Baptist Missionary Society met in regular session Wednesday afternoon at the church.

The study on Home Missions occupied the afternoon. While there were only ten present, the interest was very good.

Next Wednesday at three o'clock the East Circle will meet with Mrs. W. C. Stewart and the West Circle with Mrs. J. H. Harris.

Win One Class Social

The Win One Class of the Methodist Sunday school was entertained by Mrs. Eva Rhode, assisted by Mrs. H. B. Kerbow, Monday afternoon. The devotional was led by Mrs. Richard Wilkerson. At the close of the business session a social hour was enjoyed, during which delicious refreshments were served. There were about sixteen members present.

Presbyterian Auxiliary

Mrs. Ann Hasty entertained the ladies of the Presbyterian Auxiliary at the home of her daughter, Mrs. H. Glascoe, Wednesday afternoon.

Business matters occupied the entire afternoon during which the new officers for the ensuing year were announced.

At the conclusion of the business session delicious refreshments were served.

Outing and Picnic is Enjoyed Sunday in Canyon

Dripping Springs was the scene of a very enjoyable picnic and outing Sunday with a very enjoyable time spent in hiking and picture making with a side trip to a show in Amarillo being given in the center of attraction in the afternoon. Those enjoying this short outing are Misses Edna Butler, Lillian Murphy and Betty Weatherly and Messrs. Jack B. Jones, E. A. Hardin and Roy Allmond.

Junior Party

Miss Fannie Perry, superintendent of the Junior Department of the Methodist Sunday school, entertained this department, assisted by others, on last Friday evening. The entertainment took the form of an "Every Land Party." The guests were asked to use their imagination and picture themselves first in China, where there was quite an interesting exhibit of souvenirs from the above country. The leaders gave an interesting talk on the customs and other interesting facts of China, after which tea and wafers were served. The class was then taken in a boat (in their imagination) to Mexico, where the same

procedure was carried out, and chili and crackers were served.

The next stop was Alaska, and the room was made very realistic by the use of cotton and artificial snow. This stop was made interesting by playing Alaskan games.

Then the travelers arrived in their native land, America, made beautiful by the use of the stars and stripes. The program closed with the singing of patriotic songs.

Legion Open House is Well Attended—Enjoyed

The second Open House staged by the American Legion for the year was possibly not so well attended as the first, but those who were in attendance reported an excellent evening's entertainment furnished by the committee with this work in hand. Games were played at the six tables, each having a different game. A progressive method was used, the winners passing from one to the other, and learning a different means of entertainment with each table passed. Music for the evening was furnished by a stringed trio, this being a feature that was much enjoyed by the members and their guests.

A committee has been named for the Open House meeting of the Legion on April 2nd, and this group is planning one of the big social events of the year. As the day is near the first day of April, the committee is planning an April Fool Party that is promised to be a knock-out.

Mothers' Study Club

The Mothers' Study Club met with Mrs. Eva Draffen Friday afternoon in the home of her mother, Mrs. W. B. Sims.

The program, which was led by Mrs. W. C. McDonald, covered the following subjects:

"Paper on 'Modern Civilization of Ceylon in Relation to the Past and Present of the Pacific Islands,'" Mrs. J. H. Headrick.

"Rock Temples of Ceylon"—Mrs. J. D. Swift.

"The Expedition of Baron de Bougainville"—Mrs. Sherman.

"Man, Ancient and Modern"—Mrs. Paul Shelton.

"Strange Peoples"—Mrs. W. W. Taylor.

"At home in Fiji"—Mrs. Bill Bromley.

At the conclusion of the program there was a business session after which dainty refreshments were served.

1926 Book Club

The 1926 Book Club met in regular session Tuesday afternoon at the home of Mrs. Loyd Stallings. The opera "Thais" was discussed, led by Mrs. Rolla Brumley, assisted by Misses Fray Stallings, Helen Martin and Mrs. Sam Braswell.

At the conclusion of the program refreshments were served to

about twenty-one members and guests. The guests of the club on this occasion were Miss Howren and Mrs. D. O. Stallings.

Mr. and Mrs. John Bevels attended the wedding of the latter's niece in Wichita Falls Feb. 28th. Following is an account of the wedding, which will be of interest to the friends of all parties concerned.

Announcement is made of the marriage of J. E. Duke and Miss Emma Heath which took place at the home of the parents of the bride, Mr. and Mrs. W. C. Heath, on Travis Street Monday evening.

The ring ceremony was read by Dr. F. A. Bash, pastor of the First Christian Church, at 10 o'clock before a beautifully improvised altar made of roses, ferns and sweetpeas with lighted cathedral tapers on either side.

Mrs. Robert Haley played for the pre-nuptial music, "Melody of Love," and Miss Zula Heath sang "I Love You Truly." The bridal party entered to the strains of Lohengrin's wedding march, and the bride was given in marriage by her father, Mr. Duke had for his best man, Fred C. Connally of Clarendon.

Following the ceremony, Mr. and Mrs. Duke left for a visit in Tulsa and Oklahoma City where they will spend a week. They will be at home upon their return at 2802 Holiday street.

Out of town guests attending the ceremony were Mr. and Mrs. John Beverley of Clarendon, Mr. and Mrs. Fred Connally of Clarendon, Mrs. T. R. Franks, Memphis, Mr. and Mrs. Earl Duke of Memphis and Mr. and Mrs. W. H. Morris of Fort Worth.

FIRST METHODIST CHURCH

MRS. C. R. MITCHELL IS COMPLIMENTED ON WORK

While Mrs. C. R. Mitchell was attending a school for permanent waving methods in Amarillo last week, she was highly complimented by the instructors as being able to put in the prettiest wave in a group of 35 who were in attendance. A new method is being tried, that of the Crokinolewine and has been found to be one of the most successful of all means of permanent work. Continuing the work, Mrs. Mitchell is in Dallas this week and will return with full means for setting the work in their place of business here.

Mr. and Mrs. L. C. Duncan are the proud parents an eleven pound boy. The mother and babe are resting nicely at the home of her parents, Mr. and Mrs. W. H. Rodgers.

New shipment books, including Zane Greys and Oliver Curwoods at Stocking's Drug Store.

Mr. and Mrs. J. B. McClelland

NOTICE FOR BIDS FOR COUNTY DEPOSITORY

Notice is hereby given, by publication in a newspaper and by posting a copy hereof at the door of the Court House in Donley County, Texas, that at the March Term of the Commissioners' Court, A. D. 1929, the same being March 11th, 1929, bids will be received from any and all Banking Corporations, associations, or Individual Banker, in Donley County, that may desire to be selected as the depository of the funds of Donley County, such bidder shall deliver to the County Judge, on or before the first day of the March Term of the Commissioners' Court, at which the selection of a depository is to be made, a sealed proposal stating the rate of interest offered on the funds of the County, for the term between the date of such bid and the next regular time for the selection of a depository. Said bid shall be accompanied by a certified check for not less than one-half of one per cent of the County revenue for the year 1928, as a guarantee of the good faith on the part of the bidder, and that if his bid is accepted he will enter into bond as required by law. Reserving, however, the right to reject any or all bids.

This 18th day of February, A. D. 1929.

J. J. Alexander,
County Judge, Donley Co., Texas.

EXPRESS COMPANIES NOW UNDER NEW MANAGEMENT

Effective midnight of February 28th, the active management of the American Railway Express company, operating on the Denver Railroad and all others in the United States, was taken over and will be operated by the Railway Express Agency, Inc. This has been a contemplated change for a number of months, notice being received by the agents of the company early in the month of February to be ready for the change in management. Mr. Greene, local agent, states that the new company retained its

Mrs. Boykin will undergo an operation and where Lester will have charge of the Donley County exhibit at the Fat Stock Show and Exposition.

Revs. W. M. Murrell and S. E. Allison visited in Childress, Quanah and attended a meeting of the Executive Committee of the Board of Church Extension at Chillicothe Tuesday. Mr. Murrell visited his son in Vernon. They returned Tuesday afternoon.

original force without a change, and that they retain their seniority rights as under the former management. For the present, the district offices will be held under the same heads as in the past.

DEMONSTRATION OF VALUE OF CONOCO GASOLINE HERE

A. L. Chase, local representative of the Continental Oil Company has announced that a demonstration of the anti-knock value of Conoco Ethyl Gasoline will be given on Monday from 10 to 4 in the showroom of the Allmond Motor Co. by a representative of the Ethyl Gasoline Corporation.

A single cylinder Delco light engine is used to show that Conoco Ethyl Gasoline eliminates the knock. It also shows that the knock is actually due to the fuel and not to carbon, spark or fire ignition and that the color used in gasoline is not, in itself, indicative of the knock value of the fuel because the anti-knock ingredient of Conoco Ethyl Gasoline, tetraethyl, is colorless.

College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

I CAN'T

Starting the Interscholastic League work in our schools has been one of the greatest tasks that the student body has entered into this school term. Everyone chose his sport, so that we could have the best of our material to represent our school in the contests that are to be held during the months of April and May. I would say that the sentence that has been uttered more than any one since the work began is "I can't." Some of our contestants who are trying out for tennis, try to serve the ball to their opponent, and they fail for the first few attempts and then the first thing that we hear from them is "I can't." You cannot expect to defeat the champion the first time that you report for practice. Not only is it true with the tennis players; but in the track, volley ball, and all of the other groups of contests.

How do you think that the world champions got where they are? Not by saying "I can't," but by harder work the next time. In the last fight that was staged in Florida, Jack Sharkey swung at his opponent and missed him, now suppose that he had said "I can't." His opponent probably would have beat an ear off. But he stayed with him doing better the next time and in the end won the decision.

Do not get discouraged and you will win the decision in the end. Not "I can't," but "I CAN."

Mr. and Mrs. Fred Buntin and little daughter, Phoebe Ann, went to Shamrock Friday for a visit with Mrs. Buntin's sister.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

Society

Young Matrons' and Maids' Bridge Club

Miss Lotta Bourland was the charming hostess to the above bridge club Saturday afternoon. Miss Eva Lee Morrison was the lucky one and received high score prize.

A lovely salad course was served to the following: Meses. H. B. White, B. C. Antrobus, W.L. Ball, Leonard Parker, Basil Kirtley, Sam Darden, Earl Alexander, Carl Williams, Lillian Brady and Miss Eva Lee Morrison.

Home Economics Club

Mrs. John Clark was hostess to the Home Economics Club Friday afternoon. There were about twenty members present and much interest was manifested in the talk which Miss Thompson, Home Demonstration Agent, gave on "Standardization of Country Butter and Cream," also "How to Select a Good Milk Cow," and instructions on how to use score card to standardize butter for commercial use. At the conclusion of the lesson a social hour was enjoyed during which dainty refreshments were served.

Kill Kare Needle Klub

Mrs. Homer Mulkey entertained the Kill Kare Needle Klub with a theater party Thursday afternoon.

At the close of the picture, which was a most enjoyable one, the party was invited to the Pastime Confectionery, where delicious refreshments were served to the following members: Meses. Eva Draffen, W. A. Massie, J. G. Sherman, U. J. Boston, Floyd Keener, Joe Cluck, J. D. Swift, R. H. Beville, Geo. McClesley, C. E. Herd and Buel Sanford.

Miss Martin Entertains Friday Afternoon Bridge

Members of the Friday afternoon Bridge Club were delighted to be entertained by Miss Mildred Martin Friday afternoon. High score prize was awarded Mrs. Chas. Trent and Mrs. Selden Bagby ent consolation. A dainty lunch was served to the following, at the conclusion of the games: Meses. Sam Dyer, Chas. Trent, Dorr Ellis, P. L. Chamberlain, L. Taylor, Selden Bagby, C. E. Miller, O. L. Jenkins, Meredith Gentry, Forest Sawyer, Floyd Lumpkin and Miss Helen Martin.

Evening Bridge Club

The Evening Bridge Club was entertained Saturday evening by Mr. and Mrs. J. L. McMurry. A three-course dinner was served at the small tables, after which a number of games were enjoyed, at the conclusion of which Mrs.

Louie B. Merrell was awarded ladies' high score and Dr. T. H. Ellis gentlemen's high score.

Those enjoying this delightful occasion were: Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. A. T. Jeffries, Mr. and Mrs. W. H. McDonald, Dr. and Mrs. T. H. Ellis, Mr. and Mrs. Louie B. Merrell, Dr. and Mrs. M. H. Rhodes.

Forty-Two Club

The Forty-two Club was very enjoyably entertained on the regular meeting night Thursday evening by Mrs. Eva Rhoades.

Beautiful pot plants lent an air of festivity to the rooms, where an appetizing two-course dinner was served before the games started.

Those enjoying this delightful occasion were: Mr. and Mrs. Sam Braswell, Mr. and Mrs. J. G. Kemp, Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. A. A. Mayes, Mr. and Mrs. M. M. Noble, Mr. and Mrs. J. T. Patman, Mr. and Mrs. U. J. Boston, Mr. and Mrs. J. R. Porter, Dr. J. S. Serman; Meses. G. M. Reed, B. G. Smith, Misses Opal Pyle, Norma Rhode and Dewey Mitcham.

Mrs. M. H. Rhoades is Hostess on Thursday

Mrs. M. H. Rhoades was hostess to the Thursday afternoon Bridge Club Feb. 28th at her country home west of Anstola.

At the conclusion of the games, club prize was awarded to Miss Mary Cooke and guest prize to Mrs. W. C. McDonald. Delicious refreshments were served to the following members:

Mmes. H. Glascoe, Pinkey Price, Earl Alexander, T. H. Ellis, Meses Beulah Baird, Mary Cooke and guests, Meses. Fred Connally and W. C. McDonald.

The turkey banquet served to the men and a few friends of the Christian Church by the ladies of the church Thursday night was a delightful success. There was no formal program but the impromptu speeches were very interesting and entertaining. There were thirty-two present.

PAVING TO BE STARTED IMMEDIATELY AT FABENS

Work is to start on road paving in Fabens according to County Judge E. B. McClinton and County Engineer Fred Wilson. The paving will extend from below the Fabens Compress through town, and to the Hansen road on the Island.

RHEUMATIC PAINS

Many rheumatic and sciatic pains are due to impurities and toxins in the blood because of poorly functioning kidneys. Sedatives, dopes and powerful drugs give only temporary relief and do not remove the cause. If you suffer stiffness, joint aches and rheumatic pains, get the new, quick-acting Cystex Test at The Rexall Drug Store. No sedatives or narcotics. If you don't soon feel free of pain and like new, you get your money back under our Iron-Clad, Money Back Guarantee. Cystex, special, only 60 cents.

Speed and Comfort with Safety!

New, faster schedules via Katy de luxe trains between Texas and St. Louis and Kansas City, making connections with the finest service to Chicago, New York and Washington, make the famous Katy service even more attractive.

But the same policy of safety before all other considerations—which has made the Katy famous among the travel-wise—remains unchanged. Speed and comfort to make your journey rapid and luxurious, with a background of safety that enables you to enjoy it to the utmost.

W. G. CRUSH

Ask your Local Agent to route you via "Katy"

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and sidewall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and the Houdaille shock absorbers.

Though the Ford tires are designated as 30 x 4.50, they have the resiliency and air space of much larger tires because of the drop center rim of the steel-spoke wheels.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the sidewalls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent premature wear.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

FORD MOTOR COMPANY

OUR WANT ADS. GET RESULTS

Firestone

SAFETY for EVERYBODY

When we talk about safety we talk from FACTS. Firestone traction protected the fastest trip ever made up Pikes Peak, 200 turns in 12 miles at record speed. Again on a rain-soaked wooden track, the Firestone tread protected the Studebakers which went 30,000 miles in 26,326 minutes. Why does all Firestone give more safety? Because that famous tread has more gripping edges than any tire on the road. That's why Firestone Gum-Dipped Tires hold world records for safety; You need this protection. Get rid of worn rubber and get new Firestone Gum-Dipped Tires—the strongest, toughest, most durable tires on the market.

Clarendon Motor Co.

ITEMS OF INTEREST IN DONLEY

NAYLOR

Naylor Home Demonstration Club met with Mrs. John Chamberlain Wednesday, Feb. 27th.

CLUB NOTES

Goldston Girls' Home Demonstration Club met at the Goldston school Feb. 26th for their demonstration in making patterns for various simple garments required of the girls in club work. A check was made on productive projects and poultry is in the lead. These girls report 245 baby chicks.

Plans were made for the organization of a Women's Home Demonstration Club and an announcement of their organization meeting to be held at Goldston school at 2 p. m. March 19th was carried to the various homes in the community by children in attendance at school.

Hedley H. D. Club

Eighteen women met at the home of Mrs. J. M. Everett at 2 p. m. Tuesday, Feb. 26. After the reading of the constitution and by-laws and regular business the Home Demonstration Agent gave them decorations for children's clothing, including the girl 2 to 5; the boy 2 to 5 and the girl 6 to 10. Mrs. D. Milner presided in the absence of Mrs. W. C. Bridges who was with her mother, Mrs. Rains, who was ill.

The Naylor Women's Home Demonstration Club met at the home of Mrs. J. Chamberlain at 2 p. m. Wednesday, Feb. 27th. The 17 women present enjoyed the demonstrations on Living Room Improvement, featured by the re-bottoming of a chair and the demonstration on Children's Clothing, featured by decorations which are simple, appreciative, beautiful and require a minimum amount of time.

Literature was distributed on gardening and the next demonstration, which will deal with that subject, was announced to be with Mrs. Bowlin.

Many an income taxes the nerves

THE EGG MACHINE

The egg machine practically doubles your money each year—100 per cent dividends on your investment.

It costs practically nothing in the start and is self operating—a little care is all it requires.

The egg machine is our old friend, the Hen.

Farmers State Bank

"There is no Substitute for Safety"

present and were making good progress with club work.

Lelia Lake Home Demonstration Club girls met at Lelia Lake school with fourteen members present March 5th. The girls planned a sale of popcorn, peanuts and candy for Thursday night, March 7th, when the school play will be held at Lelia. They will use the money to replenish their club treasury.

The girls had a very interesting demonstration on how to start their gardens. They reported good poultry work and plan to be strong at the council meeting Saturday, March 9th, too. They are making good on their club sewing and getting their Home Improvement work started.

The Lelia Lake Woman's Home Demonstration Club met at the home of Mrs. Will Kennedy March 5th with nineteen present. The dairy demonstration was given as listed for the Clarendon club except that Miss Thompson added to it the demonstration of churning, working, and washing butter correctly, which she did, preparing some for market, wrapping and packing correctly.

The Girls' Home Demonstration Council meets 2:30 p. m. Saturday in the Demonstrator's office at the City Hall building. After the check has been made on poultry and the regular business meeting, Mr. White has invited the girls to come in a body to see his hatchery. All Home Demonstration girls be present or you'll miss something.

Mr. and Mrs. Homer Mulkey, Lee Casey and J. H. Rutherford motored to Pampa Sunday where the Mulkeys and Mr. Casey inspected the new talkie machine in a Pampa theater.

Dr. and Mrs. Brokaw of Houston were visiting old friends in Clarendon last week. Mrs. Brokaw was formerly Miss Annie Clair Lee of this city.

O. H. BREWER MAKES INTERESTING TRIP TO HOME

O. H. Brewer returned the latter part of last week from a trip he had made to his old home at Gilmer, Texas, making the trip by automobile. They left here on Sunday, February 24th, and passed through Grand Prairie the morning after the storm had wrecked the town. He stated that the debris made it almost impossible for him to get through and if it had not been for the paved or hard surfaced roads that the trip would have been impossible. Streams in that part of the state are all out of their banks and the roads are all but impassable.

Mr. Brewer's home is near Gilmer and he reports some unusual oil activities in that immediate vicinity. Some means of blasting is used in determining the presence of oil or the structure and pictures are taken of the holes left after the blast is completed. The blasting is done in a Mormon colony that has been located there for twenty-five years and is about seven miles west of Gilmer.

HALF AND HALF

H. W. TAYLOR ASKS FOR REELECTION AS MAYOR

The News urges the consideration of the candidacy of H. W. Taylor, present mayor of the city, for re-election to that office. Mr. Taylor states that there are a number of projects under way that he should like to see finished during his term of office and asks for the place for that reason. His ability to give his entire time to the office was given as an added inducement for his re-election. The candidacy of Mayor Taylor will be voted on at the City Election that is to be held on April 2nd.

The News urges the consideration of all city voter of the claims and ability of Mr. Taylor.

BIRD HOUSE CONTEST IS GAINING GREAT INTEREST

The City Beautiful Committee of the Les Beaux Arts Club is meeting with an excellent response from Donley County boys between the ages of 10 to 15 in their Bird House and Feeder Contest. More than fifty entrants have been received from Clarendon alone and other entrants are expected from over the county. The age limit was changed when it was learned that some boys who were sixteen wanted to enter the contest but could not under the ruling made at the start of the contest. Prizes of \$5.00 for the best birdhouse and \$2.00 for the second best and \$3.00 for the best feeder are being offered by the club. They ask that the boxes be ready by the first of April and Mrs. W. G. Word, chairman of the committee, states that other announcements will be made as the plans are perfected.

OWEN MARTIN DIES IN AMARILLO; FUNERAL TODAY

Victor Owen Martin, son of Mr. and Mrs. J. R. Martin of this city, died in Amarillo Wednesday, March 6th after an attempt had been made to save his life by rushing him to that city for medical attention. Funeral services were held at the Methodist Church today, Revs. S. E. Allison and S. R. McClung having charge of the last rites. Interment was had in the Citizens Cemetery.

Victor Owen was born in Stone-wall County on July 20, 1914. He has made his home in Donley County for the past four or five years, his parents living on the J. P. Jones farm at the time of his death.

Beside his parents, Mr. and Mrs. J. R. Martin, there are many close relatives to mourn his passing. These are three brothers, Don, Loyd and one younger and four sisters, Mmes. Robert Allison, Robert Cook, Brit Melton and Ray Fletcher.

The young man had many friends in the city, especially among the boys of the town and will be missed by the Scouts and other of his friends and relatives.

INFANT SON OF MR. AND MRS. SPARKS BURIED HERE

Elmer Lee, Jr., infant son of Mr. and Mrs. Elmer Sparks, died in Amarillo Monday of this week and was returned to his home here for final interment. The last rites for the infant were held at 2:30 o'clock Tuesday afternoon from the home of the family here, Rev. S. R. McClung officiating in the last rites. Aside from the father and mother, the youngster leaves a brother to mourn his passing.

CLARENDON POSTOFFICE INSPECTION FIRST IN YEAR

The Clarendon postoffice received its first inspection in one year on Tuesday of this week when M. B. Johnson, inspector for the Amarillo division made a call in his official capacity. Mr. Bugbee states that the report received on the work of the office received no special comment from Mr. Johnson, and that he presumed that affairs here were running in their usual well defined channels. The inspection Tuesday is the first that has been given the Clarendon postoffice since Mr. Bugbee took charge of affairs.

PRESBYTERIAN CHURCH

Robert S. McKee, pastor. Services for Sunday, March 10: Sunday school at 9:45 a. m. The interest and attendance continues to grow.
