## Petitions Out For County Junior College Ground Broken Today For New Presbyterian Church

### GRADUATION WEEK OPENED SUNDAY WITH GATHERING OF ENTIRE CLASS

CONCLUSION OF WEEK'S ACTIVITIES IS TO BE HAD FRIDAY EVENING OF THIS WEEK WHEN GRADUATES OF HIGH SCHOOL RECEIVE DIPLOMAS. COLLEGE GRADUATES ELEVEN IN FINAL PROGRAM WEDNESDAY EVENING.

And what doth the Lord require of thee, O Graduate, but to do justly, and to love mercy, and to walk humbly with God? Thus paraphrased Rev. R. S. McKee, in his address to the graduating classes of the Clarendon schools last Sunday morning in the First Methodist Church. The text of the occasion was chosen from Micah 6: 8 and proved to be the basis of one of the best graduating sermons that has ever been delivered to a group of classes as they finished their work in the local schools.

The auditorium of the church was filled to capacity when this address was delivered to the graduates and not one of them missed any of the strong points that were presented to them by the speaker of the day. This program was the one that opened the graduation week of the Clarendon school system, passing forward eleven graduates from the Clarendon Junior College; thirty-one from the Clarendon High School and thirty from the Junior High School.

Monday evening saw the final program of the fine arts department of the Clarendon schools, a detailed report and program of this event is found in another part of the News.

Tuesday evening saw the presentation of the Senior play, "The Whole Town's Talking." This proved to be one of the biggest comedy hits of the year and provided a source of enjoyment for the entire evening. A packed audience greeted this showing and marked the high point in interest for this sort of entertainment for the season.

Wednesday evening found the graduates of the Clarendon Junior College presented in their final program for the year with W. A. Jackson of the faculty of Texas Technological College presenting the address.

This evening at 8 o'clock, the Seniors of the Clarendon High School will have Senior Night, this being the time for the appearance of the honor graduates of this class, the class prophecy, the class will and the presentation of the senior key and its attendant honors to the Juniors who will be the graduates in another year.

Friday morning at ten o'clock, the Junior High School presents their graduates in their last program in the College Auditorium. Diplomas will be presented and the class honor graduates heard in their addresses.

### FIVE MONTHS LOW WATER RATE ON

REDUCTION TO BE THE SAME AS LAST YEAR AND WILL CLOSE ON OCT. 1ST.

Announcement is made of the reduction of the water rates for the city of Clarendon for the months of May, June, July, August and September. This policy of the reduction of the rates was first attempted last year and resulted in more beautiful yards than ever before in the history of the town.

The rates this year will be the same as were in effect during the summer of 1928. The minimum amount of water to be used will amount to 3,000 gallons at the former rate of \$1.50. The next step will amount to 40c per thousand gallons and all above this amount will be charged out at the rate of 30c per thousand gallons of water consumed.

The water used during the month of May will be charged out at the new rate. The completion of the new well and the consequent tying of it into the water system of the city will give plenty of water for any use. This new well is expected to be ready for use near the 20th and will give Clarendon a water supply that will near 300 gallons of water per minute.

### COUNTY WILL VOTE ON JUNIOR COLLEGE

PETITIONS OUT ASKING AN ELECTION FOR COUNTY-WIDE JUNIOR COLLEGE.

At a meeting of the Clarendon school board Saturday evening of last week, it was decided to put out petitions over Donley County asking for an election to be held in the near future for the purpose of making the present Clarendon Junior College a County Junior College, under the new state law.

The board appointed a committee composed of Odos Caraway and J. R. Porter to draw and circulate the petitions over the county to secure the necessary ten per cent of the voters' signatures to present to the county board of education, praying for the election. This election must also be authorized by the state department of education, and will be ordered and held as any other election with a majority necessary to levy the tax and order the setting up of the county-wide college.

Under the new law a twenty-cent tax may be levied on the state and county valuations, NOT on the school district valuations. In Donley County this will provide about \$14,000 per year, there being a little over 7,000,000 county valuations. Thus if a tax payer owns 100 acres at the average county valuation of \$8.00 per acre the twenty-cent tax will cost the small sum of \$2.56 additional tax per year.

The great advantage to be offered under the county-wide junior college is that with the small tax the tuition of \$100 per year will be eliminated and it is pointed out that the tuition for one child one year is equal to the twenty-cent tax on fifty thousand dollars' valuation.

Under the proposed plan the Clarendon school board proposes to contract with the county-wide junior college board, which will have to be elected, to provide the present junior college building, library, dormitory and grounds in conjunction with the needs of the local high school, at a sum equal to the pro rata operating cost each year, which means simply that the people of Donley County are offered the equipment of near \$500,000 for a school, at no other cost to them than the operating cost, which they could not escape if they actually owned the building.

Citizens from all sections of Donley County have expressed themselves as greatly in favor of the county Junior College, and say frankly that they appreciate the generous offer of the Clarendon Independent School District to provide the facilities for the school. Local people also see a saving in the proposal for they now carry the cost of the school and have to pay a tuition of \$100 per year per student, under the new plan they will continue to pay their share of the operation of the school, but will enjoy the free tuition. Local tax payers, of course, are also paying off of the bonded indebtedness of \$42,000 for the purchase of the old Clarendon College property, which burden will continue on the local district whether the county-wide election carries or not.

The City again offers to haul off all loads that are placed where the trucks or wagons may have access to them if the office is notified of the location of the load or loads of trash. The boys of the city will have their due share in this location of the trash and will help much by having the loads located when the trucks start their rounds to collect the trash.

The boys have elected J. O. Vineyard as captain of the west side and Bobbie Bledsoe as captain of the east side of the city. These boys were elected in the last year and the enthusiasm of the other members of the schools was at its height when they were chosen. These in turn have named lieutenants and companies will be formed to assist in giving the city a thorough going over. A parade is planned for Friday afternoon with the boys showing their strength by entering and taking a full part in this feature. They will possibly have little opportunity to do much work Friday afternoon but will not in Saturday to good advantage.

### LOCAL REPUBLICANS ATTEND AMARILLO MEET

Messrs. H. J. Eddington, O. L. Fink, C. R. Skinner and Chas. H. Burbee motored to Amarillo Wednesday to attend a sectional meeting of the Republicans of the Panhandle held at the Amarillo Hotel. Many Hoover-Democrats were in attendance, and R. B. Creager, national committeeman, sounded the opening gun of a campaign for a Republican governor of Texas in the next election. The Clarendon men expressed themselves as happy over the interest manifested.

Mrs. A. R. Letts left last week for Louisville, Ky., where she will spend some time with her daughter, Mrs. Baldwin.

### CLARENDON BUSINESS MEN VISIT HEDLEY MONDAY EVE

A group of eight business men of this city were the invited guests of the Hedley business men Monday evening of this week. The occasion of the meeting was a Father and Son banquet and was served in the basement of the Baptist Church of that city. Following their regular program, these men from Clarendon presented the Lions Club to the gathering with the result that the men appointed a committee on membership for the purpose of organizing a Lions Club in Hedley. Messrs. H. T. Burton, U. J. Boston, A. L. Chase, J. R. Porter, W. H. Patrick, O. C. Watson, Fred W. Rathjen and Sam M. Braswell are those who made the trip to Hedley.

### HEDLEY DADS AND LADS AT BANQUET

MONDAY NIGHT AFFAIR AT HEDLEY FOSTERS SCOUT TROOPS THERE.

Over fifty fathers and sons of Hedley met in the basement of the Baptist Church in that city Monday evening of this week for a get-together banquet and to discuss plans for the organization of scout troops in that community.

E. B. Mace was toastmaster, and Rev. C. B. Brooks, pastor of the Baptist Church, delivered the welcome address, which was responded to by Judge J. R. Porter of Clarendon. Clifford Johnson responded for the fathers.

I. E. Jolly led the attendance in a round of singing at the opening of the program and delivered a detailed address on the origin and merits of the scout program and its relation to Hedley. On request all boys in scout age were asked to signify their intention of joining the proposed troop or troops, and near a score boys stood as prospective members. Monday evening, May 20th, was set for the organization meeting.

At the conclusion of the local program, the toastmaster turned the meeting over to A. L. Chase, president of the Clarendon Lions Club, who explained the workings of the service club and introduced Messrs. W. H. Patrick, O. C. Watson and Sam M. Braswell who explained the rounded programs of Lionism and the details incident to organization. On motion of Louie Thompson it was voted to name a committee for the purpose of securing the necessary twenty charter members for a Lions Club at Hedley, and having carried, the toastmaster appointed Messrs. Wesberry, Thompson and Johnson as the membership committee.

Mr. and Mrs. Roy Kutch of Childress visited in the home of Mr. Kutch's parents last week.

### LELIA LAKE SCHOOL HAS EIGHT SENIORS

GRADUATING PROGRAM TO BE PRESENTED IN THE SCHOOL MAY 17TH.

Eight seniors will receive their diplomas from the Lelia Lake High School Friday evening of this week when the graduation exercises of that body will be held. Under the capable management of E. R. Reeves, Jr., Superintendent, and Miss Hattie Holland, principal, the school has shown a remarkable increase in attendance and graduates in the past few years. Misses Nan Potter and Lucy Stogner are the remaining teachers for the High School.

The program will be held in the auditorium of the Lelia Lake High School at eight o'clock Friday evening, May 17th. Judge A. T. Cole has been chosen to deliver the address for the occasion and other suitable and appropriate numbers have been placed on the program.

The following is the graduation class of the Lelia Lake High School: Dolly Watson, G. L. Lewis, Hugh Knox, Orbie Mayo, Orville Davis, Hugh Blaylock, Margarette Christal and Billie Christal.

### ELEVEN FINISH JUNIOR COLLEGE

W. A. JACKSON DELIVERS ADDRESS GIVING RULES OF SUCCESS.

The rules for achieving success in the world were given Wednesday evening of this week in the address delivered before the Clarendon Junior College graduates in their final program. W. A. Jackson of the Texas Technological College was the speaker of the evening, bringing a message that was much enjoyed and that will remain with the graduates as they make their way through life in years to come.

A few of the outstanding rules that will be found to apply to business men where ever they may be are given here: Use the brain that is given you, think things out and they will be found to work easily. Preserve your reputation, this is one thing that is made and once lost, can never be regained. Be a dreamer, not one of the visionary sort, but dream of things that may be accomplished. Work and work hard, this one item will be found to be worth a great deal. Be neighborly, courteous and complimentary.

Diplomas were presented to the graduates by J. R. Porter. The following received their certificates at this time: Eula Allen, Maude Bledsoe, Sam Cauthen, John Crain, Newt Helton, Maude Crawford, Richard Morris, Lorain Naylor, Jewel Davis Stidham and Willie Mae Stewart.

### FINE RAINFALL BENEFITS COUNTY

AVERAGE OF THREE INCHES FALLS IN ALL PARTS OF DONLEY COUNTY.

Beginning with a rainfall of eighth-tenths of an inch on last Wednesday evening, Donley County and surrounding territory received rainfall that will mean a great deal to the crops that have been planted and that needed the moisture. The wheat farmers have much to rejoice over since they were practically saved by the rain as it fell at this time. A total of 3.13 inches of rain was reported from the local weather observer, with practically the same amounts in all parts of the county.

Farmers who had fedstuff in the ground were pleased with the rainfall as it insures their seed coming up. In some sections there will be some need for replanting cotton that was washed but there is very little of this that will need doing as little cotton was planted except in the southern and eastern parts of the county. Reports from the Brice county indicate that the rain was much appreciated and that it fell in such a manner as to all soak into a ground.

Mr. and Mrs. P. A. Buntin have as their guests, Mr. and Mrs. A. D. Bishop of Louisville, Ky.

### Baptist Church Renewing Inside

The auditorium of the First Baptist Church of this city is receiving complete attention at the hands of the renovators and carpenters this week. The furniture is all misplaced in this part of the church and for this reason, the church services have been called off for Sunday.

Sunday school services will be held as usual, the auditorium and its condition not interfering with this part of the Sunday services. Rev. McClung, pastor of the church, asked that this announcement be as widely spread as possible that the folk planning to attend these services should not be disappointed.

### NEW TRAFFIC SIGNALS PLACED HERE WEDNESDAY

TWO NEW TRAFFIC SIGNS WERE PLACED IN THE CENTER OF KEARNEY STREET WEDNESDAY AFTERNOON BY CITY MARSHAL PYLE AND HIS CORPS OF WORKERS.

The new signs are of the same general construction as those that have been in use for the past several years as stop and slow signals. These signs indicate that no "U" turns will be allowed at the intersection of First and Second Streets with Kearney Street. This matter of circling the block has almost caused some serious accidents in the past few months and this means has been adopted to put a stop to this evil.

### GOLF CLUB WILL ELECT NEW HEAD

MEETING CALLED MONDAY EVENING AT QUEEN THEATRE OF NEW MEMBERS.

Having finally secured the membership necessary to go ahead with the expansion plans of the Hillcroft Golf Club, a meeting is called of all old and new members next Monday evening at the Queen Theatre at eight o'clock.

Deeds are in preparation for the transfer of the present golf grounds to the expanded club and when the membership committee has made its report, the selection of the new officials for the coming year will be entered into. A. J. Lattin, vice-president, secretary-treasurer, and board of governors will be elected.

### HOLLAND FAMILY AND FRIENDS ENTERTAINED

Sunday was celebrated with a fitting dinner and celebration in the home of Mr. and Mrs. Joe Holland, Sr., with a big dinner in which friends and relatives took a big hand. Mr. and Mrs. M. W. Beaty of Memphis, Mrs. Marvin Whitfield and son of Hedley, Mr. and Mrs. B. J. Leathers and son of Lelia Lake, Mr. and Mrs. Clarence Piercy and daughters of Paloduro, and O. C. Hawk of this city were the guests in the home in addition to Messrs. Joe and Lee Holland who make their home with their parents.

Mr. and Mrs. Meade Haile are here from Wichita, Kansas, where they have been for the past few months. They are visiting in the homes of their parents, Mr. and Mrs. W. B. Hall. Mr. and Mrs. W. H. Youngblood.

### CLARENDON BANKER AT TENDS STATE MEETING

Holman Kennedy, Cashier of the Donley County State Bank, is in Galveston this week attending the sessions of the Texas Bankers Association that are being held in that city. Mr. Kennedy was recently elected as the chairman of the western section of the State Association and is representing this section of the state in addition to being the representative of the Clarendon banks in the convention city. He will return here the latter part of this week.

### PATMAN IS WINNER IN GOLF TOURNAMENT

Winning over a field of fifty entrants on a course where he had only played nine holes was the feat handled last Saturday by J. T. Patman of this city when he met insurance men from Texas and Oklahoma in an eighteen hole tournament in the city of the convention. Mr. Patman's score was 82 for the sixteen holes and was made with one of the worst sand storms blowing that had been seen in that city this year.

Mr. Patman was one of the men who went from here last week to the Lions District Convention at San Angelo and had traveled all the preceding night on a bus to be at Mineral Wells for the convention of the insurance men on Saturday. The course was strange to him and was almost completely covered with hazards of trees and water. He played nine holes in the morning but had not seen the remaining holes of the course before they were played in the afternoon. The winner of the trophy is well pleased with the showing he made and is proudly showing the matched set of wooden clubs that was presented as the trophy to the winning golfer.

### NEW CHURCH FOR PRESBYTERIANS

CONSTRUCTION TO BE STARTED AT ONCE ON NEW CHURCH HOME.

The congregational meeting of the Presbyterians held last Sunday evening at the close of the evening's services put the final okeh of the membership of the church on the plans for the new home for this congregation. They also authorized the trustees of the church to close the contract and to have work started on the structure at once.

### CLARENDON BANKER AT TENDS STATE MEETING

The new church will occupy the site just south of the Episcopal Church. The old house, formerly stood there and was removed last week and the lot is ready for the work of the new building to be started. It is the plan of the building committee to have the new building ready for occupancy when the Dallas Presbytery meets here this fall. They are planning at the present to hold the dedicatory services during the sessions of the Presbytery.

## THE PROPOSED COUNTY JUNIOR COLLEGE AND A SUGGESTION

Petitions being circulated for the calling of a county-wide election to levy a twenty-cent tax and authorize a County Junior College under the new state law, it is time that our thoughts and interests should be directed on the merits of the project and that every citizen busy himself in working out the best plans to make the county school the most beneficial.

We are assuming in this article that we are all agreed on the merits of the County Junior College since we have all the facilities and equipment without a heavy bond issue, but one citizen of this community has raised a question worthy of consideration. The question is this—Since so many of our county schools teach only to the seventh and ninth grades, can it be arranged for pupils from such districts to be transferred to the Clarendon Independent School District for the completion of the high school work leading to entrance to the Junior College? This is a question that will have much bearing on the county vote, for some means must be worked out to bridge the gap between the seventh or ninth grades and the junior college course.

Members of the Clarendon school board think such a plan could be worked out, transferring pupils into the Clarendon school for their high school work with no tuition and for the state money, only. The board has not passed on the matter, but the indications are that it can be easily worked out.

We think this would be a splendid offer on the part of the local school and we believe the board will arrange such an offer, but we have a suggestion which we believe could be worked out which would give us a greater co-operative school system in Donley County and be much more economical for the citizenship. What we would suggest is that an effort be made to get the schools of Ashtola, Lelia Lake and Hedley to join with Clarendon in such an offer, which would make a free-tuition high school available to all rural schools of the county within easy daily range of all pupils not ready for entrance to the Junior College. The distribution of these pupils to their most accessible high schools would not place too great burden on any one school and would hardly necessitate the employment of an extra teacher at any one high school. This would give us real operative county unity in the matter of education.

Donley County is on the verge of a great forward step in education for all the pupils in her schools, and the more co-operative we make it the better system the county will have.

A pyramid of schools from the rural schools to the county-wide Junior College will provide the finest educational advantages in the Southwest and it is ours for a little planning and a little effort.

Judge James Wilson, federal judge of this district and one of the distinguished jurists in the Southwest, made some very pointed remarks and offered some splendid advice at the opening of the federal court in Amarillo this week. Judge Wilson called especial attention to the Jones law dealing with violations of the prohibition amendment, and pointed out that it was a penitentiary offense to have liquor in one's possession. From Washington to the most remote section of the nation comes evidence of a new and powerful determination to enforce all laws, and no exception is to be made in enforcing prohibition. Prohibition is founded on morals and economy and our people must see that it isn't regarded lightly. And they will.

Thomas Edison has a theory and a practice which would be well for us all to consider. He says that recreation is not merely idleness or cessation from labor, but recreation in its truest sense is change of work. Probably no man in America works longer hours, day by day, than Mr. Edison, but if he'd stayed on one job, he would have broken under the strain years ago. He works so many hours on one sort of work, then he changes his entire trend of mind by taking up a different work entirely, and the sum of the hours thus employed is the wonder of those who know him. Not many of us are willing to go that far, but it is well for us to recognize the wisdom and practicability of Mr. Edison's system.

Col. Ernest Thompson, mayor of Amarillo, is making good on his early statement and promise that bootleggers and gamblers would be routed out of that city. A strong, concerted drive was launched this week by the police department. The law must be obeyed.

Paved highways in Collingsworth County were defeated by a small vote last Saturday. Very probably another election will be held before fall and as is usually the case the roads and progress will likely win. Progress may be delayed, but not defeated.

## The Town Doctor

(The Doctor of Towns)

### AUTOMOBILE PARKING IS VITAL TO COMMUNITY BUSINESS

The parking situation is a serious problem to every city, town and village in the country.

It is not always the fault of the present generation that many communities have horse and buggy thoroughfares, and seldom can an increase of parking space in the business section be created fast enough to keep up with the ever-increasing number of automobiles. At the same time, the amount of retail business done in a community and the amount of business to be derived from motor traffic depends to no little degree upon the amount of available curb parking space.

A given block can accommodate only so many automobiles—an adjacent lot has a given capacity and no more. Therefore, it is a problem of two things—turn-over of space or getting more cars in and out of one space in a given length of time, and eliminating the deadhead or non-business productive cars that occupy the available space.

The first is a matter of a parking time limit, requiring a city ordinance taking into consideration that the specified time limit is equitable; such an ordinance is only as good as enforced. The second is a matter of common, every day business judgment and foresight and co-operative fairness by and among the business people and citizens in general, and in this way the parking space of most communities can be, figuratively speaking, increased all the way from ten to twenty per cent.

In a recent survey of parking conditions in a midwestern city, it was learned that of the parked cars in the downtown area, (the check being made in the morning, at noon and in the late afternoon) 23 per cent of the available parking space was occupied continuously from morning to night by the same cars, 81 per cent of which were cars owned by local business and professional people—two merchants having two cars each for the full day; also that the average parking time per car was two and one-half hours; therefore, each car parked continuously deprived three and one-fifth customers of a space to park. In other words, the merchants in this town, by their carelessness, thoughtlessness, or for their own convenience, were driving a fifth of their trade away. At the same time, this survey proved that in many cases local merchants had ample parking space at the rear of their stores, some of whom had available garage space, unoccupied.

The majority of the merchants in this town complained of lack of business or stated that they could "stand" more business—many "cried" about business when they could, by a little thinking plus a very small amount of effort and inconvenience, automatically make possible an increase in business of from 15 to 20 per cent for themselves and the community.

You cannot expect business from your trade zone, from other towns or from motor traffic if you do not provide a place for potential customers to park the cars they use as a means to get to your city.

And remember, if your community, your town, doesn't do it, some other town will and the town that does it will get the business.

This Town Doctor article, one of a series of fifty-two, is published by The Clarendon News in co-operation with the Clarendon Lions Club.

Panhandle citizens have cause for jubilation over the naming of O. V. Vernon, secretary-manager of the board of city development at Amarillo. While nearly all regretted very much the passing of Col. Haines in that capacity in Amarillo, yet the naming of his successor was fraught with many dangers insofar as Panhandle amity and co-operation was concerned. Mr. Vernon made an outstanding success in that position several years ago and those who know him and his policies of Panhandle-wide co-operation are happy in his selection. Greater co-operation and progress will result with Mr. Vernon on the job.

If we can't have a large city park in Clarendon, it may be that we can have several small parks. Many cities are solving the need for breathing spots by a series of smaller parks. We should make a beginning.

## Airport Authority to Visit Clarendon

According to a letter received here a few days ago from the director of aeronautics at Washington, Clarendon is included in the itinerary of a representative of the department, who is giving towns that ask the benefit of his knowledge and experience in the matter of establishment of local airports.

Wm. F. Centner is the airport engineer who will visit Clarendon in the course of the next few weeks, and according to Secretary-Manager Boykin of the Clarendon Chamber of Commerce, the definite date will be announced on later advice of the department at Washington.

Clarendon has been somewhat delayed in the matter of the local airport and the coming of Mr. Centner will be awaited here with much interest.

The News is in receipt of an announcement from Mr. Gus E. Swenson of Georgetown, Texas, stating that the marriage of his daughter, Anna Mae, to James Allan Greer, Jr., was performed on Thursday, May ninth, in that city. Mr. Greer will be remembered in Clarendon by many people as having been at one time an employe of The News some years ago.

Rev. S. E. Allison returned Saturday morning of last week from a trip to Nashville, Tennessee, where he attended a meeting of the Church Extension board. Rev. Allison returned by way of Americus, Georgia, where he visited with a brother.

## Fire! Fire!

Every minute during the twenty-four hours of each day your property is exposed to fire. The savings of a lifetime could be swept away from you in a very few moments. Why will some people continue to take such chances when for such a small amount they could be fully protected? The insurance rate is now the lowest ever had in Clarendon, yet there are scores of people without protection. If you are one of that class, see us at once and have us write you a "full coverage" policy, fire, lightning, tornado, hail and gas explosion. This explosion policy only costs 50 cents a thousand. A few days ago a dwelling was completely wrecked in Amarillo by a gas explosion.

As the American Nation has expanded and increased in wealth and population every class of business has been in a process of change or evolution. That the business of country banking has not been discarded along with the Stone Age and other fossils like to livery stable, the manufacturing of hair pins and player pianos is best explained by the fact that country banks regard their work as an interesting profession and are quick to apply themselves to changing methods of applying credit.

## SAFETY

is the first consideration at this bank and this calls for the study of credit conditions, which, due to diversification, have made a vast change in Donley County during the past 10 years.

You will find the officers and employees of this bank ready and willing to help you with the problems which confront you.

### How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1902. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

## LET A LITTLE SUNSHINE IN

Ordinary Sunlight a Vital Factor in the Development of Chickens—What the Ancients Worshipped Blindly as a Deity, Science Proves to Be Truly Deserving of Reverence.

The ancients of many races worshipped the sun as a god. For centuries it has been used as a symbol of purification, and even in Christian churches today we find our children singing, "Let a Little Sunshine In." Until comparatively recently, however, it was not suspected that there was a real basis, in fact, for all this symbolic reverence for the sun.

Now, science tells us that the ultra-violet rays of the sun, per se, form at least two very important services for humanity and for animal life generally. Certain harmful germ life cannot survive in the presence of these rays and certain chemical processes necessary for proper physical development cannot proceed without them. Perhaps the most important service rendered in this way is the aid given to the growth of bony structures inside the body. This is particularly important to poultry raisers.

We hear a lot about vitamins these days. No one seems to know just what they are, but quite a lot is known about what they do and that is the important thing. Of the four known vitamins, Vitamin D is the one needed to transform certain mineral elements of food into bone and eggshell. This important vitamin is manufactured right in the bodies of fowls by the direct action of the violet rays in sunshine.

This is one reason why I am always insisting on open front poultry houses and plenty of range space for fowls. Every possible means should be employed to expose their bodies to the helpful action of sunlight. Of course, this does not mean that they may not seek shade on extremely hot days. Too much of anything is not good. Even in the shade, in some cases, the ultra-violet rays can reach the fowls in sufficient measure to continue their good work. Chicks that get plenty of sunlight will not develop "leg disease" or rickets, and soft shell eggs will be rare among hens of whom the same thing is true.

Not the least of my reason for so ardently sponsoring the open front type of house previously mentioned in this article is the antagonism of sunlight to unwelcome bacteria. Here again we find the ultra-violet rays responsible. They can penetrate many substances which will not admit other light rays, but they cannot go through ordinary window glass, consequently, if it should become necessary to close up any part of the front wall space ordinarily intended to be left open, use a glass

substitute over a portion, and thin white muslin or cheesecloth over the balance. This will admit ultra-violet rays and considerable fresh air.

Before going very far with inclosing hen houses, however, it is well to remember that the less the hens are pampered, the better off they will be. Pity for fowls merely because they are cold is pity misplaced. Cold, fresh air that has been purified by sunlight is always preferable to the warm, stagnant air usually found in a closed house. Besides, it must never be forgotten that the closer a house comes to being inclosed on all sides, the more it is excluding the indispensable elements that only sunshine can provide in full measure. It should also be remembered that there is less sunshine in winter than at any other time, so all the more reason for taking the fullest possible advantage of what is available.

Finally, we must not overlook the fact that, without sunshine, all of the food products so necessary for bodily development and egg production would be valueless if not non-existent. It is quite plain, therefore, that the value of plain, everyday sunshine is something we cannot afford to take granted. It is a big, important subject and for that reason I shall be glad to go further into it with any poultry raiser sufficiently interested to write me in care of this newspaper.

## I'VE NEVER SEEN ANYTHING LIKE IT

AMARILLO WOMAN SUFFERED 5 YEARS—FEELS LIKE A DIFFERENT PERSON SINCE TAKING ORGATONE

"If I could speak with everyone personally who had stomach trouble and indigestion, I would tell them to take Orgatone, for I tried it myself and have never seen anything like it," was the statement made by Mrs. P. B. Goodwin of 313 N. E. Ninth, Amarillo, Texas. Mrs. Goodwin is employed at the Troy Laundry.

"About five years ago I began suffering from stomach trouble and indigestion and my condition kept getting worse in spite of all I could do. My appetite left me and when I did eat anything I would suffer terribly from indigestion and gas on my stomach after meals. I had terrible headaches and was very dizzy and bilious and finally developed a chronic case of constipation. I simply got to where I couldn't get a good night's rest, I was so nervous and restless. I had a drowsy, sluggish feeling all the time and always felt tired and worn out and couldn't seem to get the much needed strength.

"I saw Orgatone advertised so highly in the local papers and de-

### ICELESS REFRIGERATION FROM KEROSENE LATEST

A new kind of iceless refrigerator that gets its "power" from kerosene burners just like those on an oil stove is now being shown by H. C. Kerbow & Sons.

Actually it uses no power, for it has no moving parts. Refrigeration is generated by the heat. The only attention it requires is the lighting of the burners once a day. A bottle holding a little more than a pint of kerosene keeps the burners in operation about one hour and a quarter after which the burners automatically go out, but refrigeration goes on for 24 to 36 hours. It also freezes ice cubes.

For homes not served by central station power at reasonable cost, this refrigerator furnishes service that compares very favorably with that of electricity and gas refrigerators.

"And at the cost of two or three cents a day," says Bennett Kerbow of the Kerbow & Sons store, "it provides year-around refrigeration at less than it costs to operate other types of refrigerators for two or three months.

"When you consider the fact that year-around refrigeration is a necessity in the prevention of food spoilage and contamination, a refrigerator that can be operated for two or three cents a day cannot be regarded as an expense. In the prevention of food spoilage alone it will save this small sum many times over, to say nothing of the great convenience and safety of constant, safe refrigeration."

Statisticians predict the population of Texas in 1950 will be 7,015,000, and that of the 2,500,000 predicted increase only 140,000 will be in farm population.

ried to see if it would help me as others said it had them. I began improving right away and my stomach soon got in shape and I can eat anything I want without the slightest trouble afterward. I'm not nervous or restless anymore and do not have those dizzy, bilious spells. I sleep fine every night and my sleep is sound and restful. Before taking Orgatone I was very susceptible to colds but honestly since using Orgatone I have not had one symptom of a cold and I feel better and stronger than I have in the past five years. Orgatone is a most remarkable medicine I have ever taken and I surely do not mind speaking a good word for it for in my case it deserves all the credit that I can possibly get. No doubt there are lots of people today suffering like I did before I took Orgatone and if I can show them the road to health I think it is nothing but right that I should do so."

Genuine Orgatone may be obtained in Clarendon at the Stocking's Drug Store.

### LIST OF NOTARIES PUBLIC FOR TERM PUBLISHED HERE

The News has been mailed a copy of the list of notaries public for Donley County for the coming two year period. These officials take their offices June first of this year and will serve until June, 1931. The list is of some value as there are times when a person with this authority is needed and the whereabouts of these folks may be easily determined if the list is kept handy. The list:

- Alexander, J. J. Clarendon
- Alexander, W. C. Clarendon
- Anderson, F. E. Hedley
- Allison, Clifford Hedley
- Allmond, C. H. Clarendon
- Bennett, C. W. Clarendon
- Beville, A. M., Sr. Clarendon
- Beville, R. H. Clarendon
- Boston, P. T. Hedley
- Bourland, Annie L. Clarendon
- Brown, O. C. Jericho
- Burrell, Herlois Clarendon
- Bynum, A. B. Lelia Lake
- Bownds, Joe Clarendon
- Brown, Annie Hedley
- Chamberlain, F. E. Clarendon
- Chase, A. L. Clarendon
- Clark, Ella A. Clarendon
- Clayton, Roy L. Clarendon
- Cole, A. T. Clarendon
- Cooper, Pearl Clarendon
- Crane, Mildred Clarendon
- Crane, W. L. Clarendon
- Cauthen, Frances Clarendon
- Cole, A. B. Clarendon
- Dubbs, Miss Ruella Clarendon
- Freeman, Opal Clarendon
- Fox, Iris Clarendon
- Gibbs, Miss Ottie Hedley
- Harvey, Ethel Clarendon
- James, Jessie Clarendon
- Johnson, C. L. Hedley
- Johnson, Ernest Hedley
- Kennedy, J. H. Clarendon
- Kennedy, Van Clarendon
- Kent, V. A. Clarendon
- Killough, C. E. Clarendon
- Killough, J. C. Clarendon
- King, R. Y. Clarendon

- Stroud, L. A. Hedley
- Tatum, Lucille Clarendon
- Warren, J. A. Clarendon
- Wiedman, Helen Clarendon
- White, Mrs. F. G. Clarendon

### MARVIN JONES IS PLEASED WITH FREIGHT REDUCTIONS

A recent address made by Marvin Jones, United States Representative from this section of Texas contained the following paragraphs. This is merely a small excerpt from the entire address, but is well received in this section of the state at this time. The paragraphs follow:

"I am glad to note that the administration has recommended and made effective a reduction of freight rates on grain from interior points to ports of exportation. This is strictly in line with the export premium or debenture policy of encouraging the exportation of surplus farm crops.

"I hope the policy will be enlarged to include a reduction on all farm products and on all lines throughout the country. It is also sincerely to be hoped that it will not be a temporary reduction, but will continue through the harvest season so that the farmer may receive the advantage of it. This would be in line with the Hoch-Smith resolution passed some time ago.

"The railroad rates on grain shipments in Canada are considerably lower than rates in this country on the same commodity. This gives the Canadian farmer a great advantage over the producers in the United States."

The strawberry season has been in full blast in East Texas with early prices ranging from \$1.75 to \$2 a crate, at Tyler, which also reports the blackberry bushes full of blooms and indications of a bumper crop expected to bring 90c to \$1.15 a crate.

ITEMS OF INTEREST IN DONLEY

JERICHO

Everyone is rejoicing over the nice rain that fell Friday night. Mr. J. E. Hunt made a business trip to Clarendon Thursday. Mr. and Mrs. V. J. Glazener dined in the Reams home Sunday at Alameed. Mr. I. E. Osborn is back down home from Amarillo spending a few days. Mrs. Juanita Henry is spending a few days with her mother, Mrs. Slay, at Alameed, who is very ill again. Mr. and Mrs. V. J. Glazener went to Groom Saturday. Mr. Elmer Ashmead made a business trip to Clarendon Thursday. The Goldston ball team came to Jericho to play the Hopkins ball team Friday. The score was 4 to 0. Mrs. Ruth Ashmead's little daughter, Cleta Grace, has been very ill this week. Mrs. W. J. Carroll visited Mrs. V. J. Glazener Wednesday afternoon. Mr. Herbert Hunt went to a ball game at McLean Sunday. Mr. Ferguson, who operates the cafe here, sold out to Mr. Howell from Alameed. They moved up last week. Mrs. V. J. Glazener, daughters, Thelma Glazener and Mrs. Ruth Ashmead, went to Clarendon Saturday. Miss Florence Arnold went to a party at Goldston Thursday night. Mr. J. F. Henry and wife motored to Groom Monday evening. Mr. Herbert Hunt and wife went to a party at Goldston Thursday night. Mr. V. J. Glazener and wife made a business trip to Alameed Friday evening. Mr. Williams and wife made a business trip to Clarendon Saturday. Mrs. Juanita Henry visited Mrs. Ruth Ashmead Monday. Mr. Alton Meredith from Alameed visited Mr. and Mrs. W. J. Carroll Thursday. Mrs. Carl Schaffer went to Clarendon Monday. Miss Florence Arnold went to a dance at Boydston Saturday night. Mrs. V. J. Glazener and daughter visited Mrs. Ruth Ashmead Friday evening.

WINDY VALLEY

The farmers are rejoicing over the nice rain that fell Saturday night and Sunday. We are looking forward to a bountiful crop. Miss Mayme Bowling entertained her friends Thursday night. Refreshments were served at a late hour and all present reported a most enjoyable evening. Mr. Wayne Prescott spent Wednesday night with Mr. Eugene Fletcher. Mr. and Mrs. Lloyd Rice called in the W. B. Morgan home Friday evening. Mr. and Mrs. Clyde Fletcher spent Saturday night in the home of the former's parents, Mr. and Mrs. B. F. Fletcher. Misses Juanita Simmons, Jewell Morgan and Ellen Munsey spent Thursday night with Miss Mayme Bowling. Mrs. Perdue and daughter, Miss Connie visited in the Fletcher home Monday afternoon. Mr. Hart called on Mr. J. S. Thompson Friday night. Mr. Dick Noble entertained his friends with a 42 party Wednesday night. Those attending were Eugene and Ben Henry Fletcher, Wayne and Clarence Prescott, Ira Paulk and Roy Mount. Mr. and Mrs. Prescott and family were Goldston visitors Friday afternoon. Miss Mattie Fletcher spent Saturday night with Miss Dollie Watson at Lelia Lake.

See its self-adjusting, smooth running features. Has Positive Brake, Timken Tapered Bearings. Let our competent windmill and pump man show you why it assures better service at lower cost. W. C. STEWART Clarendon, Texas Also carry a complete line of Dempster Water Supplies.'

CHAMBERLAIN NEWS

Willie Gray and Percilee Tims spent Saturday night with Buck Noble. Several from here attended the play at Chamberlain Friday night. Mr. J. S. Thompson called on Mr. V. D. Roy Friday night. Miss Oneta Thompson and brothers, Hershell and Virgil, called on their aunt, Mrs. Perdue, Tuesday afternoon. Miss Iva Hinkle visited her sister, Mrs. Reed, in the Chamberlain community Friday night. The young people enjoyed a party in the Ham home Saturday night. Mr. and Mrs. W. B. Morgan and family and Miss Hazel Cole motored to Memphis Monday. Buck Noble spent Thursday night with John Fletcher. We are sorry to report Mr. V. D. Roy as being on the sick list at this writing. Miss Mattie Fletcher spent Sunday afternoon with Miss Gladys Noble. The school boys went to Chamberlain to play ball Wednesday evening. The score was 5 to 12 in favor of our boys. We are proud of our boys; they have not been defeated in baseball this season. Mr. and Mrs. I. M. Noble and son, Lacy, attended church in Memphis Friday night. Miss Altha Knox from Lelia Lake, spent Saturday with Misses Hazel and Murie Cole. Mr. and Mrs. Lloyd Rice called in the Owen Wood home Friday evening. Lacy, Bo and Theo Noble and Eugene and Ben Henry Fletcher called in the Prescott home Sunday evening.

SUNNY VIEW

Everyone is rejoicing over the good rains that have been falling since Friday night. We now have a fine season for planting. Ray Roberts and Mike Corbin of Amarillo spent Saturday night and Sunday with Mr. and Mrs. Sam Roberts. Mrs. S. T. Clayton visited Mrs. Neal Bogard Friday afternoon. Born to Mr. and Mrs. Neal Bogard Friday, a boy weighing 8 3/4 pounds. He was named Charles Millard. Both mother and babe are doing nicely. Miss Orene Riley of Amarillo spent the week-end with her parents, Mr. and Mrs. Nelson Riley. Miss Wilma Patten of Amarillo spent the week-end with her mother, Mrs. Patten, and also visited with her sister, Mrs. Heckle Starks, Sunday, returning to Amarillo Sunday night. Mr. and Mrs. Archie McNeely called on Mr. and Mrs. Neal Bogard Saturday night till bed time. The school here, under the management of Mrs. Kim Day and Miss Mary Sue Watters, will close Friday night, May 17. There will be a program at night and all are invited to attend. Mr. and Mrs. A. M. Lanham and Miss Eula Haley attended Rebekah Lodge Friday night.

MAKING GOOD FARMERS BETTER. The community is full of good farmers, men who are conscientiously striving to get ahead. Through systematic study of "better farming" we hope to be useful in helping those who will work with us to produce more and market to better advantage. Better farming means merely more study—and we are here to help. Farmers State Bank. There is no Substitute for Safety'

Advertisement for Farmers State Bank. Text: 'Farmers State Bank. There is no Substitute for Safety'

Mr. and Mrs. S. S. Roberts called on Mr. and Mrs. Neal Bogard Friday night. Mrs. Martin of Shattuck, Okla., with her two children are now here visiting her sister, Mrs. Amos Smith. Mrs. Archie McNeely and little son, Billie, called on Mrs. A. M. Lanham Monday. Mrs. Bill Bromley and Mrs. Vestal Mosley called on Mrs. Neal Bogard Saturday afternoon.

PLEASANT VALLEY

There was no Sunday school or singing here Sunday night on account of rain. Mr. Olen Cook and Misses Lois Webb, Lola and Hazel Cook spent Sunday afternoon with Misses Mamie and Gertrude Dingler. The play that McKnight presented here Friday night was enjoyed by the small crowd that was out. Miss Maud Bledsoe spent Thursday night in the home of Mr. and Mrs. H. M. Reid. Howard Hughes, Ellis Bonham and Amos Yates spent Sunday with Chester Brogdon. Miss Elsie Roy spent Saturday night and Sunday with Lena Brogdon. There was a party at the home of Mr. and Mrs. Reeves Saturday night. Mr. and Mrs. Richard Dingler spent Sunday with his father, R. Dingler. Mrs. John Addudell is on the sick list this week. Miss Marie May spent Saturday night and Sunday with Miss Gertrude Dingler.

PLEASANT VALLEY

Everyone is rejoicing over the good rain. Farmers will be very busy with their planters now, as several were waiting on a rain to plant. Mr. and Mrs. Sam Robinson were called to Amarillo Sunday on account of the serious illness of a brother of Sam's. Mrs. Shelton and son, D. C., visited in Memphis Friday, little Richard Mooreman coming home with them for a few days' visit. Mrs. Russell and sons visited in the Dorsett home Sunday afternoon. Mrs. Lamberson is reported better and is expected to return home from the sanitarium this afternoon (Monday). Miss Alveda Dorsett spent Saturday night with Miss Lavern Lamberson. Mr. and Mrs. Longan, Mrs. Rowley and Dolly Corder visited Mr. and Mrs. W. T. Gaither at Memphis Friday afternoon. Mr. Howard Rowley came home from Dallas Friday morning. J. C. Longan spent Saturday night with Malie Dorsett. They attended the show in Clarendon. Pat Longan and family were callers in the Robinson home Wednesday night. Mr. and Mrs. Dorsett were callers in the Longan home Wednesday afternoon.

Mr. and Mrs. J. A. Meaders and Miss Katie were Amarillo visitors Thursday. Little C. J. Russell had the misfortune of falling off the barn and breaking an arm this last week. Mrs. Tom Wilson, Mrs. Dewey Wood and Mrs. Rector, mother and sister of Mrs. John Goldston, spent the day in the Goldston home Wednesday. Mr. and Mrs. Lonnie Morris and children, Mr. and Mrs. Lee Singletary spent Sunday with Mr. and Mrs. Zeb Morris. Mr. and Mrs. Potter and family visited in the Rowland home in Clarendon Sunday. Mr. and Mrs. Higgins and children attended the commencement sermon and were dinner guests of Mrs. E. Darnell Sunday.

treatments from the best specialists. They did me practically no good. "In just a few days after I started taking Sargon I felt better than in years. The neuritis and malaria have left me, my digestion is perfect. I have a wonderful appetite, my complexion is clear and healthy, and I feel like I have been made all over again. I am full of new strength and energy. I have regained my lost weight." The above statement was made recently by Mrs. Lucile Hayden, of 1200 Gulf St., Beaumont. Mrs. Hayden is a member of the Methodist Church, belongs to the Eastern Star and is highly esteemed by a wide circle of friends. Sargon may be obtained in Clarendon from Douglas-Goldston Drug Co.; and in Hedley from the Hedley Drug Co. Mr. and Mrs. Clarence Whitlock of Quitaque spent the last week-end here in the homes of their parents, Mr. and Mrs. Frank Whitlock and Mr. and Mrs. Otis Barnes.

HAMILTON INDICTMENT RECALLS PART IN BRANN CASE. Waco, Texas, May 15.—(UP)—The recent jailing of R. H. Hamilton for the alleged slaying of his son-in-law, Tom Walton, Jr., recalled to Alumni of Baylor University here how he once horse-whipped W. C. Brann, then editor of the Iconoclast. Brann had published an article said to reflect on the character of young women attending Baylor. Hamilton and a group of friends appointed themselves as a committee to "right the wrong." Capturing the editor, they forcibly took him to where a crowd of students were meeting and made him in the presence of the group, sign a retraction to the article. Soon afterward Hamilton and two other students encountered the editor on a street corner here where Hamilton delivered a horse-whipping to him. In April of the following year, Brann and one of Hamilton's friends shot each other to death on the post office steps. Hamilton was a professor of Economics and History at Bay-

lor from 1901 to 1919. It was after that he became an assistant attorney general of the state and a member of the supreme court commission of appeals. Immediately after leaving Baylor, he became president of Howard Payne College at Brownwood, serving there for one year before moving to Port Lavaca to practice law until called to the high state offices. Hamilton made an enviable record as a student at Baylor from where he took his A. B. degree in 1899. G. C. Culberson, traveling representative for the Raton, New Mexico, Chamber of Commerce, was in Clarendon the latter part of last week leaving some literature advertising Northern New Mexico as a vacation ground. Mr. Culberson was a very pleasant caller in the office of The News while in this city. Mr. and Mrs. Ralph Zachery of White Deer spent the week-end in the home of the M. Zachery's aunt, Mrs. J. E. Mongolie.

Large advertisement for Chevrolet automobiles. Features a large checkmark graphic and the text 'Check Value for Value Price for Price!'. All prices f. o. b. factory Flint, Mich. At the bottom, it says 'A SIX IN THE PRICE RANGE OF THE FOUR!' and 'Allmond Chevrolet Company'.

### UNDER THE DOME

By United Press

Austin, Texas, May 7.—(UP)—Although favorably reported by the house committee on revenue and taxation, the Mauritz bill levying a state income tax has little chance to pass, observers here believed today.

The bill was reported out of committee by a vote of 7 to 5. It developed in the executive session in which the vote was taken that one member admitted frankly he will vote against the bill although he voted a favorable report. Another committee member, after opposing the bill at its hearing, left before the vote was taken.

The member who is against the bill but who voted to report it favorably represents the feeling of the average legislator.

An income tax is a fair tax and it is coming in time, but I am not going to vote for any 60-page bill on such an important topic in the short time that remains for the special session," said Rep. Phil L. Sanders of Nacogoches.

Similar expressions were made by others. Lack of time to study the bill and find out how it will work practically was urged against it at the hearing.

How slight is the chance for the income tax bill to pass at this session was illustrated by the frantic way in which the house reversed itself last Friday to pass out a prison bill.

It had been agreed and voted that the bill would not be taken up until Wednesday of this week. In urging the house to change that action, Speaker Barron took the floor and announced that if the bill were not enacted upon last week, it had no chances.

Other contested legislation has as little chance. The mid week, under rules, is given up in each branch to consider bills that already have passed the other branch. Next week both houses go under still more stringent rules limiting consideration of fresh topics.

Other contested measures hanging in the house are: Reduced motor registration fees, gasoline tax, creation of a public utility commission, a new water power law, tax on natural gas, increased tax on sulphur, tax on insurance, tax on intangible values, and creation of a state board of education including power to select free school texts.

That the governor will immediately reconvene the session after its first 30-day period expires is possible. If he does and again fails to submit appropriations as he did in the first call of a special session there is likelihood of a general revolt.

The lack of accord between the governor and the legislature is the chief topic at the capital. With the large number of legislators here and their friends, capitol talk is on the side of the legislators.

Visitors have brought word that out in the state the public generally is siding with the governor. Observers point out that a break with the legislature is not harmful to Governor Dan Moody's political future. He has been successful in the past on "issue" campaigns. First it was the Ku Klux Klan, the Fergusonism that put him in office. A second term is conceded every governor except under unusual conditions. Already in his second term, there are only two further political paths for Moody. One is a third term. The other is a race for the U. S. Senatorship with Morris Sheppard with whom he has no issue.

A complete break with the legislature gives Governor Moody a chance of making a third term race. It is unprecedented but precedents have not bothered Moody in the past. It was unprecedented for an attorney general to jump into a governorship race in an off year and beat the governor with whom he had been elected in the previous race.

When this session adjourns next week, the legislature will have been in session 90 days this year. The regular session was 60 days. The first special session apparently is going to run the full 30 days, the maximum for a special session.

The second special session may not last so long. There is no minimum time limit. The only provision for special sessions is that they must not last more than 30 days.

If the governor submits only taxation revenue and appropriations, as many members desire, the second special gathering may be short. The finance committee of the senate has appropriation bills ready. The house will have its bills ready either at the opening of the session or a few days later. The only task will be to make the two agree.

The chief difference in the tentative bills is that the senate has made larger appropriations in some instances and has made lump sum appropriations for the educational institutions. Where the senate appropriates a lump sum for operation of a school, the house bills specify so much for a professor of economics, so much for another professor, and so on through the list.

The governor can eliminate any item in the house bills. In the senate bills this cannot be done. The house bills may be made still more explicit if a plan proposed by Rep. W. E. Pope, Corpus Christi, is adopted. This plan is to cancel the appropriation for a position that is not filled. In the past, institutions have been allowed to use all of the appropriations for several instructors in a department by paying higher salaries to a less number in the same department.

Rep. T. N. Mauritz of Ganado plans to re-introduce his income tax, gas tax, intangible tax, insurance tax, and increased sulphur tax bills at the next session. If defeated again, he will seek to get a popular expression on them.

Adjustment of highway funds promises one of the big fights of the second session. While imposed as a registration fee, which properly should be the amount only necessary to pay the cost of registration, number plates and keeping records of motor vehicles, the registration fee is in actuality a big part of the funds used for highway maintenance. How much of the highway funds should come from this and how they should be divided between the state highway commission and the county commissioners' courts have been fought over in recurring sessions of the legislature.

If the legislature is called back for the second special session within 24 hours of final adjournment of this session, it will save the state the mileage allowed members for returning home and coming back to Austin. If more than 24 hours elapse before the next session, they are entitled to the mileage costs.

A second special session is not

Strange as it may seem under the democratic doctrine of rotation in office, the third-term talk is quite general in Austin.

If the governor does seek a third term, the problem has to be faced of what to do with R. L. Bobbitt of Laredo. Bobbitt, without formal announcement, is being hailed generally as a strong potential gubernatorial candidate. He was former speaker of the house. He supported Al Smith.

A close friend of Moody (to name him would make it sound almost official) predicted that Bobbitt would not run. "I think he gave that idea up when he accepted appointment as district attorney at Laredo," this friend said. This significant statement also strengthens the third term possibility.

Acceptance of the district attorneyship would have an important bearing on the gubernatorial race only if Governor Moody is a candidate. Bobbitt, appointed by Moody, would be embarrassed to run against him. Moody frankly announced he never would run against Pat Neff for any office, Neff having given him his first appointment.

The grounds for ire against Moody? It is varied. Some members have opposed him for things other members endorsed. Criticism have arisen from:

Hidalgo County citizens who charge he did not name a neutral district attorney to fill the vacancy but chose a worker for the A. Y. Baker forces.

West Texas for the veto of the land bill.

Persons interested in numerous other vetoed bills.

Persons opposed to his not submitting appropriations for state schools and institutions as a topic of legislation.

Legislators for his repeated attempts to force them to adopt a state civil service bill.

Legislators who feel they have been put in the attitude of opposing prison concentration because they will not agree to the governor's plan which entails getting new lands.

Officials for delay in filling appointed places.

Alleged secrecy about appointments. The most resentment was occasioned when Mrs. H. J. O'hair of Coleman, member of the University Board of Regents, arrived to find her successor on the board. Moody denied the appointment had been made.

For the governor's side, his delay was occasioned by his unwillingness to announce an appointment before the appointee accepts. Otherwise, the second appointee would be known as a "second choice."

By leaving a place open on the state prison board, Moody always has an emergency hand to lay in directing prison affairs. Plans for consolidating the Industrial Accident Board with another department may justify holding that place unfilled.

Austin, Texas, May 15.—(UP)—Time for reconvening the state legislature which must end its second session of the year by next Tuesday will be left to the wishes of the members.

Governor Dan Moody is willing

to let them decide whether to come back at once or to take a rest between sessions. Members generally seem to want from one to two weeks between sessions to go home and look after private business.

When this session adjourns next week, the legislature will have been in session 90 days this year. The regular session was 60 days. The first special session apparently is going to run the full 30 days, the maximum for a special session.

The second special session may not last so long. There is no minimum time limit. The only provision for special sessions is that they must not last more than 30 days.

If the governor submits only taxation revenue and appropriations, as many members desire, the second special gathering may be short. The finance committee of the senate has appropriation bills ready. The house will have its bills ready either at the opening of the session or a few days later. The only task will be to make the two agree.

The chief difference in the tentative bills is that the senate has made larger appropriations in some instances and has made lump sum appropriations for the educational institutions. Where the senate appropriates a lump sum for operation of a school, the house bills specify so much for a professor of economics, so much for another professor, and so on through the list.

The governor can eliminate any item in the house bills. In the senate bills this cannot be done. The house bills may be made still more explicit if a plan proposed by Rep. W. E. Pope, Corpus Christi, is adopted. This plan is to cancel the appropriation for a position that is not filled. In the past, institutions have been allowed to use all of the appropriations for several instructors in a department by paying higher salaries to a less number in the same department.

Rep. T. N. Mauritz of Ganado plans to re-introduce his income tax, gas tax, intangible tax, insurance tax, and increased sulphur tax bills at the next session. If defeated again, he will seek to get a popular expression on them.

Adjustment of highway funds promises one of the big fights of the second session. While imposed as a registration fee, which properly should be the amount only necessary to pay the cost of registration, number plates and keeping records of motor vehicles, the registration fee is in actuality a big part of the funds used for highway maintenance. How much of the highway funds should come from this and how they should be divided between the state highway commission and the county commissioners' courts have been fought over in recurring sessions of the legislature.

If the legislature is called back for the second special session within 24 hours of final adjournment of this session, it will save the state the mileage allowed members for returning home and coming back to Austin. If more than 24 hours elapse before the next session, they are entitled to the mileage costs.

A second special session is not

### ALLMOND IS ATTENDING BIG MEETING AT DETROIT

C. H. Allmond of the Allmond Chevrolet Company, left Monday evening of this week for Oklahoma City, where he joined a special car that was taking Chevrolet dealers from Texas to Saint Louis and Detroit, Michigan, where they will visit the plants of the General Motors Company and see other interesting things in connection with their business. They will also visit the proving grounds of this company and see cars as they are tested in every conceivable means. Very elaborate entertainment features have been planned for the representatives and a good report is expected from the trip.

### CHEVROLET IS PROVEN ALMOST A STEAMBOAT

One of the News force was picked up Monday of this week by a representative of the Allmond Chevrolet Company with the request that we "go for a ride." The car was muddy and bespattered, but little was thought of the condition since it was mentioned that the trip from Childress to Clarendon had been made earlier in the day. The highway east of Clarendon was taken and mud holes large and small were run through at a considerable rate of speed for a car of any sort. At the turn just at the foot of the hill there was quite a puddle of water and we passed through the middle of this rather than go around it. The return trip was made in the same manner and when we stopped in town, the motor was running as though it had never had a water bath.

unusual. There were four in 1910, the 31st legislature, and four for the 35th and 36th legislatures. Three extra assemblies were called during the 33rd and 38th legislatures. The present body is the 41st.

### TO RELIEVE SEVERE STOMACH PAINS

A Safe and Instant Remedy

Stomach pains and discomfort after meals, such as heaviness, heartburn or flatulence, are nearly always due to excess acid in the stomach. To neutralize this harmful acid and put your stomach in good order take a little "Pape's Diapepsin" after meals or whenever pain is felt.

This fine remedy removes the cause of the trouble and promotes normal, healthy digestion. "Pape's Diapepsin" is sold by all druggists at 50 cents a package, and is the remedy which is recommended by millions because it gives immediate relief in all cases of difficult and painful digestion.

Be sure, therefore, to get "Pape's Diapepsin" to-day, so that stomach pain and digestive troubles need never worry you again.

### IN APPRECIATION

We would much rather thank each of you by a personal letter, but so many showed an interest in the comfort and feeling of the family we take this means of thanking one and all.

It is our desire to be able to show our gratitude to a community that was so concerned about our welfare.

(20c) H. L. Wilder and family.

Mr. and Mrs. L. P. Duncan and small son of Borger and Mr. and Mrs. W. M. Rodgers of Tucumcari, New Mexico, visited over the past week-end in the home of Mr. and Mrs. W. H. Rodgers of this city.

Mr. and Mrs. Phillips Gentry and son returned Friday of last week from Dallas, where they had been for medical attention to Mr. Gentry. He reports feeling much better.

## It costs very little to recondition a MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

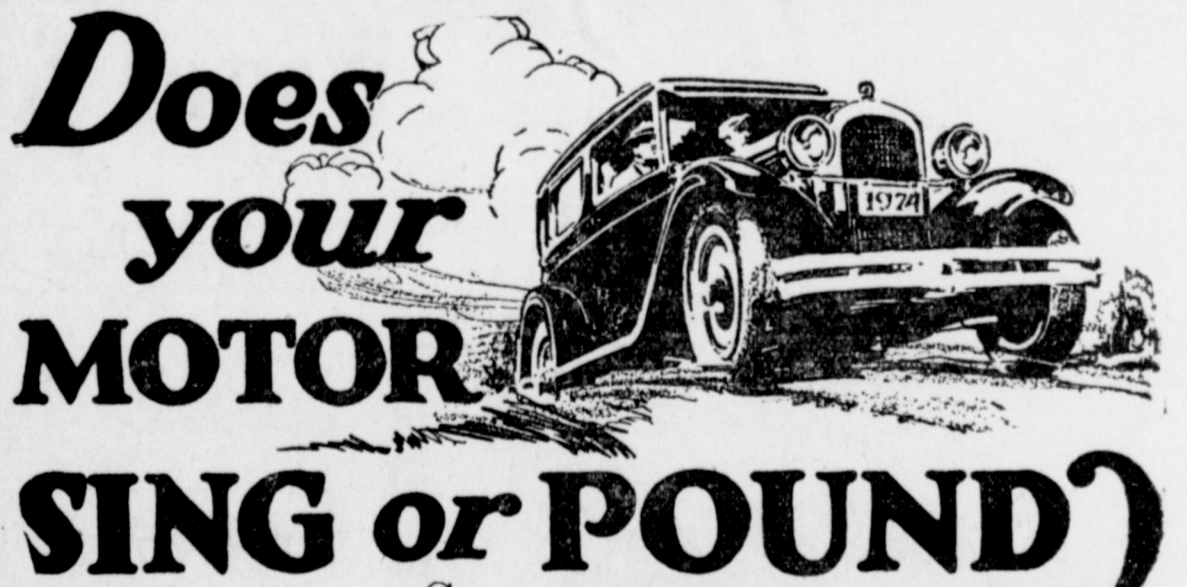

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.

### FORD MOTOR COMPANY

**OUR WANT ADS. GET RESULTS**

STOP in the middle of a good substantial hill and listen to the various sounds coming from motors which are climbing it. Some glide along like song birds—others bellow forth like jazz-crazed saxophones. Why the difference? Simply this—the fuel.

With Conoco Ethyl Gasoline in the tank, your motor literally sings along because Conoco Ethyl delivers a steady, even flow of power—up hill or on the level. It won't knock. Hence, it eliminates that pounding noise—so hard on the ears as well as on the motor.

Being a proper admixture of Conoco, the extra miles motor fuel and Ethyl Brand of Anti-Knock Compound, Conoco Ethyl is the acknowledged pace setter for summer driving. It keeps the engine cool at all speeds—delivers maximum power and assures smooth, quiet running.

And best of all, it more than saves its slight extra cost by reducing wear and tear and by giving you the greatest motoring satisfaction you have ever enjoyed. Try Conoco Ethyl today.

**Noble-Powell**

Mr. and Mrs. M. M. Noble are in receipt of the news of the marriage of their oldest son, James Noble, to Miss Lotta Mae Powell, which happy event occurred last Saturday at the home of the bride's parents in Wichita Falls.

The groom came to manhood in Clarendon, where he attended school and college, and is at present connected with a drilling concern with headquarters at Wichita Falls. He is a splendid young man and has scores of friends here who join in congratulations to him and his bride. They will be at home in Wichita Falls. A more detailed account of the wedding will be carried in a later issue.

**Farwell Party**

Miss Jean Bourland and Pauline Shelton entertained with a farwell party and miscellaneous shower last Friday evening at the home of the former's parents, Mr. and Mrs. Frank Bourland, honoring Miss Dorothy Headrick, who will leave as soon as school closes to make her home in Amarillo.

The home was brightened with roses and pot plants for the festivity.

Three tables of guests enjoyed rook for a time, in which the honoree won high score, also carrying off the prize in solving puzzles which followed the games.

A delicious ice course was served to the following: Misses Melba Del Warner, Dorothy Jo Taylor, Adeline Smith, Johnnie Dee Latson, Pauline Sanford, Lucille Andis, Edith Pierce, Carroll Holder, Glenn Curry, the honoree, Miss Dorothy Headrick, and the two hostesses.

Immediately before serving the refreshments, Mrs. Bourland delivered the box containing the many attractive farewell gifts to the honoree.

**Kill Kare Kneedle Klub**

Mrs. Y. E. McAdams entertained the Kill Kare Kneedle Klub and a few friends Thursday afternoon, May 9th. An abundance of roses made an attractive setting for the occasion. Rose buds were also placed on the refreshment plates as favors.

A delicious salad course was served to the following: Mmes. Earl Ryan, W. T. Clifford, R. H.

Beville, W. A. Massie, Eva Draffen, Geo. McCleskey, H. C. Brumley, Joe Chuck, G. G. Kemp, Floyd Keener, Walter Lowe, H. Mulkey.

**Les Beaux Arts Club Reception**

The aim of Les Beaux Arts Club is to create and stimulate appreciation in our community.

To appreciate art, one must see and know it. This opportunity was enjoyed by the guests of the club Saturday afternoon at the home of Dr. and Mrs. T. H. Ellis, when the members of the club held their annual reception.

The walls of the hall and reception room were hung with canvases of Mr. Harold D. Bugbee, whom we are proud to call our local artist, although he is national.

On entering the reception room, the first canvas to attract the eye was a portrait of Col. Goodnight. "Just like him" was invariably the comment.

Out of the Canyon is a picture full of action; there is a bigness and broadness of feeling; spiritual action in the horses, strong contrast in colors, light and shade are combined with expert dexterity. In opposition to the movement of the foreground is the soft colors and sweeping lines of canyons, melting into a distant sky. Tonality unifies and harmonizes the whole canvas.

The Chuck Wagon is a painting typical of the west. The wagon and horses are most effectively grouped and contrasted in the darkest parts with the brilliant blue of the sky. This painting is full of variety and movement. A line arrangement of big curves emphasizes this movement.

Another outstanding canvas is The Yucca Hillside, in which is shown an open sky. The big simple masses of blooming Yucca against a pale horizon, make a fine pattern and is handled with skill that denotes intimate acquaintance with nature.

There were many other canvases as interesting as these mentioned.

The West and its life is the theme of many of Mr. Bugbee's canvases. He is faithful to nature in his interpretations, but clothes a prosaic subject with beauty, bigness and breadth of feeling.

Informal in arrangement, he paints broadly and effectively, consequently his pictures convey a feeling of spontaneity and freshness.

The large inviting rooms were a bower of roses on this auspicious occasion, but in the breakfast nook refreshments were served from a daintily appointed table, the colors were confined to those chosen as club colors and white

and yellow were most artistically used. In the center of the table was a large block of ice banked with ferns, yellow California poppies and white carnations; from which the dainty ice course was served. Large bowls of white roses and yellow poppies also adorned other corners of this room.

On leaving the dining room each guest was presented with an old-fashioned nosegay by Maxine Ellis, Jean and Ruth McDonald.

Mmes. W. G. Word, A. L. Chase, E. O. McCanne attended the door. Mmes. T. H. Ellis, H. Glascoe and Chas. Bugbee received the guests.

Miss Howren, Mmes. Frank Bourland, J. H. Headrick and J. W. Evans assisted in the reception room.

Mmes. L. L. Swan, J. H. Morris and Miss Mae Lumpkin presided at the serving table.

Misses Harris, Ineva Headrick, Mmes. W. W. Taylor and W. C. McDonald assisted in other capacities.

Mr. Billy Word was of great assistance in parking the cars, so they could be easily gotten out again.

**Dinner-Bridge Club**

Among the many enjoyable affairs of the week was the party given Tuesday evening by Mr. and Mrs. F. E. Chamberlain when they entertained the members of the Dinner-Bridge Club and a few friends.

Tall roses and lovely bowls filled with roses and peonies adorned every available resting place. The tables, at which the guests were served, were arranged with taste and artistry.

High score were made by Dr. and Mrs. H. M. Rhoades, while Mrs. W. C. McDonald and Mrs. A. T. Jeffries cut consolation favors.

Those present to enjoy the evening were: Messrs. and Mmes. J. L. McMurtry, Chas. Bugbee, W. C.

McDonald, A. T. Jeffries, Louis Merrill, Dr. and Mrs. M. H. Rhoades, Miss Annie Bourland, Mrs. R. A. Chamberlain; Messrs. Chas. Lewis of Washington, D. C. Vere Finch of England; Wesley Knorpp.

**Sims P. T. A.**

The Sims P. T. A. met in regular session at the South Ward building Tuesday afternoon, at which time a most interesting program was given by the mothers. The first number was a vocal solo by Mrs. J. L. McMurtry, "The End of a Perfect Year," sung to the tune of The End of a Perfect Day.

Mrs. W. C. Stewart gave a reading, "The Inventor's Wife," with an encore, "Home," by Edgar A. Guest, both of which were greatly enjoyed.

Mrs. W. C. McDonald was next on the program, giving a general report of the accomplishments of the year with a few of the aims for next year.

The installation service, conducted by Mrs. J. T. Sims, was an unusual feature and very impressive. Mrs. Sims at this time presented the association with a gravel which was made of some of the same wood used in constructing the school building.

"A Parting Song" was sung by Mrs. Richard Wilkerson and the meeting was dismissed with prayer by Mrs. W. C. Stewart.

**Pathfinder Club Meets**

On Friday, May 10th, Mrs. W. B. Simms, as hostess, and Mrs. Tom Goldston, as assistant hostess, entertained the Pathfinder Club in the club room. The room was artistically decorated with roses and larkspur and the hostesses served refreshments of cream and cake.

Mrs. J. L. McMurtry, delegate to the district meeting of the Fed-

erated Clubs, which met at Snyder reported a very beneficial and inspiring session. The delegate insisted that more club members attend the next annual meeting which convenes in Pampa next spring.

Honor guests were Mesdames Eva Draffen and W. A. Massey.

The Pathfinders will give a story hour for the children during the summer months. These programs will be held on the campus of the girls' dormitory each Tuesday at 8:00 o'clock. The program will be found in another part of this paper.

**Episcopal Auxiliary**

The ladies of the Episcopal Auxiliary met in regular session Wednesday afternoon at the home of Mrs. L. S. Bagby.

A number of business matters were disposed of after which Mrs. J. B. McClelland led a most interesting Bible lesson.

Delicious refreshments were served during the social hour which followed.

Mr. and Mrs. Clarence Whitlock of Quitaque, Mr. and Mrs. Otis Barnes, Mr. and Mrs. Geo. Garrison spent the day in the home of Mr. and Mrs. Frank Whitlock Sunday.

Each one presented Mrs. Frank Whitlock with a lovely gift. Geo. Bugbee of California is here looking after his interests.

**LESLIE STEPHENS TOPS MARKET WITH NEW FRYERS**  
Leslie Stephens brought a small bunch of chickens to market Wednesday of this week, stating that these were the culls from a bunch of chickens that are a little more than eight weeks old. These chickens averaged three pounds each and topped the market at thirty-five cents per pound. Twenty chickens were brought into town and brought him in excess of twenty dollars for the lot. Leslie stated that these were the smallest of the bunch, saying that he had some in his flock that would weigh more than four pounds.

**HEDLEY MEN ARE GUESTS OF LIONS**

**FOUR MEN INTERESTED IN ORGANIZATION OF LIONS CLUBS HERE TUESDAY.**

Messrs. Rainy Westberry, Louie Thompson, Clifford Johnson and C. B. Brooks, all of Hedley, were the guests of the Clarendon Lions in their luncheon Tuesday of this week. These men were here for the purpose of learning of the operation of a Lions Club. The greatest compliment ever paid the Clarendon organization was paid by Mr. Westberry when he stated that the Clarendon Lions showed themselves more interested in their neighbors than in their own personal needs and affairs. Each of the other guests from Hedley expressed their pleasure at being present with the Lions and expressed a desire to be allowed to return at some later date.

Reports were heard on the condition of M. J. Bomham, it being stated that he would be in Clarendon for a short time and would later be returned to Amarillo for further treatment.

Boss Lion Chase and Lion O. C. Watson reported briefly on the district convention, stating that it was the best that had ever been held in the state. More detailed reports will be made as more time is given to the delegates from the Clarendon club.

Lion McKee reported for the Scout committee, stating that a clean-up program had been arranged in which the boys would have a part. The Scouts will assist in the work, J. O. Vineyard and Bobbie Bledsoe being named captains of the east and west sides of the city. These will in turn divide their sections into districts and make the matter more thorough.

Lion McKee voiced the hope that the parade the latter part of this week be a beginning for a county-wide boys week next year.

Lion Cooper stated that this would be his last week with the club and expressed his appreciation at being connected with the organization during that time. He stated that wherever he went he would always hold a warm place for the Clarendon Lions and what they had done for him. He also announced that another Tail Twister would be needed by the club since he would be leaving.

J. S. Mulkey brother to Homer Mulkey, was the other guest of the day, stating that he was pleased with the organization and voiced the hope that he might at some time become a member of the club.

Lion Wilder, lately injured, was back with the Lions and stated his appreciation at being privileged to return.

Adjournment was had in the usual manner.

**COLE AND PORTER FORM PARTNERSHIP**

A new law partnership effective June 1st, has been formed by Judge A. T. Cole and Judge J. R. Porter, who have been practicing on their own account here for many years. The new firm will occupy the suite now occupied by Judge Porter in the Goldston building, with some interior changes to suit the increased library and office demands. Judge Cole is one of the pioneer lawyers of this section and Judge Porter has made quite a success as a young practitioner having just retired from the county judge's office in January.

The style of the firm name will be Cole & Porter.

Mr. Bill Bentley of McLean was a guest over the week-end in the home of her parents, Mr. and Mrs. O. W. Latson.

**BAND TO GET NEW UNIFORMS**

**LOCAL BAND COMMITTEE PLANS TO RE-DRESS ORGANIZATION.**

Clarendon's Municipal Band is to get a new and snappier uniform in the early fall according to plans being worked out by the band committee of the local chamber of commerce. Secretary Boykin and the band committee have a number of plans for the improvement of the local band and are planning quite a series of concerts and other work for the band boys in the summer months.

Under the present plans the band will be operated by Secretary Boykin, T. D. Nored, for the committee and Ross Harwood Beville during the summer months, and the funds that ordinarily go for a director will be diverted into the channel of new uniforms and other necessary equipment and a resident director will be secured in the early fall.

Clarendon has a band with a reputation and the activities of the summer will add further to its popularity.

Miley Griffin of Hutchinson, Kansas, a cousin to S. W. Lowe of this city, was here Wednesday afternoon for a visit. This was the first time he had seen Mr. Lowe and they were both pleased with the meeting. Mr. Griffin al-

so visited Mr. and Mrs. W. T. Lowe.

Misses Eunice Griggs and Clif-fie D. McDowell, teachers in the Whitdear school, visited in the home of their parents last week.

**FAIRBANKS-MORSE Steel Eclipse Windmill**

Two windmills stood just across the road from each other. With the first sign of a breeze one started up smoothly and quietly. When the breeze became a wind, the other started with a groan and lumbered away only as long as the wind raised a dust in the road.

That is the difference between accurately machined gears and ordinary cast tooth gears; the difference between turned, ground and polished shafts and ordinary shafts; the difference between ordinary bearings and the difference between running in oil and running with dry bearings and gears.

In other words, it is the difference between the Fairbanks-Morse Self-Oiling Steel Eclipse Windmill and just an ordinary windmill.

Let us show you the self-oiling, all-metal Steel Eclipse.

ITEMS OF INTEREST IN DONLEY

NAYLOR

Mrs. Walter Scott and children were visitors in the A. O. Heffner home on Monday afternoon. Miss Louise Tidrow spent the week-end at Memphis with friends. Messrs. Moss and Caudley of Cooper are guests of Mr. and Mrs. A. E. Tidrow. Mr. and Mrs. A. O. Heffner had as house guest the past week, Mrs. W. Weatherley. Mrs. Carl Bain and son, Lewis, visited in the Bowlin home, guests of Mrs. S. K. Beach, Thursday afternoon. Mrs. Sidney Beach and son, Sidney Rhea, spent Wednesday with Mrs. Ray of Hedley. Ray Moorman of Hedley was visiting friends here Wednesday and while in the community he looked after his radio business. Naylor farmers are happy over the fine rains. Now the farm work will go right along. Mrs. Arthur Carnes spent Sunday with Mrs. A. E. Tidrow. Mr. and Mrs. Rhea Bowlin were guests Sunday of Mr. and Mrs. Wynne Bowlin at Hedley. In the afternoon all motored to Clarendon.

ASHTOLA

Mr. and Mrs. Raymond Swinburn of Wichita Falls visited with his parents, Mr. and Mrs. M. S. Swinburne, a few days last week. Misses Vera Johnson, Beatrice Randel and Ima Poovey spent Wednesday night with Onata Hayter. Miss Jessie Swinburne visited her brother, Mr. Vance Swinburn, of Memphis last Wednesday. A party was enjoyed in the home of Mr. and Mrs. Oscar Kempson Friday night. Mrs. D. F. Randel and daughter, Beatrice, accompanied Mrs. W. P. Holley and Mrs. Watts and daughter, Ola Mae, to Amarillo Wednesday. We are very glad to report Mrs. Lee Nowlin as improving sufficiently to be able to be up. Mr. and Mrs. J. C. Drennan and family are visiting their daughter in Oklahoma. A birthday dinner was given in the D. F. Randel home Sunday in honor of Beatrice Randel and Jessie Swinburn's eighteenth birthday. Those who were present at the dinner were: Mr. and Mrs. D. F. Randel, Mr. and Mrs. John Watts, Mr. and Mrs. W. P. Holley and Mr. and Mrs. M. S. Swinburne. Misses Beatrice Randel, Ola Mae Watts, Vera Johnson, Jessie and Margaret Swinburne, Myrtle Armstrong, of Clarendon; Isobell Bailey and Onata Hayter; Messrs. J. R. Brandon, Edd Lovell, Jerry Hayter, Carrial Parker, Earl Alderson, of Clarendon; Thell Drennan, Earl Holley and Keith Swinburne. Everyone enjoyed the dinner and the afternoon to the heart's content. Miss Vera Johnson spent Monday afternoon with Jessie Swinburne. Mr. and Mrs. R. L. Mason are the proud parents of a new baby boy who arrived Friday afternoon. Misses Ola Mae Watts and Myrtle Armstrong, both of Clarendon, spent Saturday night with Beatrice Randel. Mr. and Mrs. Dennis Reeves and Mrs. Self of Lelia Lake visited in the R. L. Mason home Sunday. Mr. Gene Payne was called to the bedside of his father in Oklahoma, where he was visiting.

SAVE WITH SAFETY AT THE REXALL STORE. FOUND—A sure, gentle laxative that works naturally and forms no habit. REXALL ORDERLIES Box of 60 50c. Take a Rexall Orderlie before retiring and you'll be pleased and surprised at the wonderful results. No griping or weakening of the system. Pleasant tasting—may be chewed before swallowing. Sold only at Douglas-Goldston Drug Co. The Rexall Store

ty refreshments were served to ten members, one visitor and the Home Demonstration Agent. The next meeting will be with Mrs. Chas. Hearn.

HUDGINS

There was no Sunday school or church Sunday, it being too rainy. Everybody was glad to see the fine rain Saturday night and Sunday. Miss Irene Anderson spent Saturday night in the D. H. Perdue home. Born to Mr. and Mrs. Wharton Sunday the 12th, a girl. Mr. and Mrs. John Fowlkes spent Sunday in the O. L. Jacobs home. Mr. and Mrs. Howell Christie visited in the L. O. Christie home Sunday. We are sorry to report Mrs. D. H. Kimbriel as very sick. She was taken to the sanitarium at Amarillo Friday. At last report she was resting very well. We wish for her a speedy recovery. Mr. and Mrs. L. O. Christie and family and Miss Irene Anderson called in the O. L. Jacobs home Sunday evening. We are sorry to report Mrs. T. R. Gray on the sick list this week. Mrs. L. C. Tims visited with Mrs. D. H. Perdue Friday evening of last week. Mr. and Mrs. O. L. Jacobs and sons, Donnie and Alton, visited with Mr. and Mrs. S. W. Harp of Hale Center Monday and Tuesday. Mr. and Mrs. L. M. Putman visited with Mr. and Mrs. T. R. Gray Friday night. Mrs. Bernice Christie called on Mrs. D. H. Perdue Thursday evening. Mr. and Mrs. W. T. Jacobs have been visiting Mrs. Jacobs' parents at Clovis, New Mexico, the past week. Mr. D. H. Perdue and family and Mr. and Mrs. D. B. Perdue and Miss Connie attended church at Lelia Lake Sunday night. Several from Hudgins attended the singing at Chamberlain Sunday night and heard some real good singing. Quite a crowd met at the school house Saturday night to have a weiner roast but it was so threatening they ate them with out the roasting. Mr. and Mrs. T. R. Gray spent Friday night and Saturday in the W. V. O'Neal home. Miss Irene Anderson spent Sunday night with Mrs. D. H. Perdue. The program put on by the children of the school was well attended Monday night.

GOLDSTON

W. C. Veazy made a trip to Groom last Thursday. Mr. Jolly's nephew from Wellington visited with him and family last week. John and Winifred Nanny are home from Amarillo where they have been for some time. W. C. Hughes took a load of produce to Pampa last Saturday. Mrs. Dyer visited Mrs. W. L. Goldston Wednesday afternoon of last week. Mr. Jolly made a trip to Pampa Tuesday of last week.

The phone lineman was out this way working on the line Thursday of last week.

Mr. and Mrs. Ruel Smith of this place and Mr. and Mrs. Bert Smith of Lelia Lake left last week for Houston, where the Messrs. Smith will attend a ginners' school.

Tommy Ringnold was a visitor Saturday night and Sunday with his sister, Mrs. W. C. Hughes and family.

Howard Stewart of Clarendon visited homefolks Saturday night and Sunday.

There was a surprise party given for the teachers at the school house last Thursday night. All report a fine time.

Mr. Ringnold visited with her daughter, Mrs. Knowles and family Saturday night and Sunday.

Goldston ball team played two games at Jericho last Friday, winning both.

Mr. Holder of Clarendon was out seeing after his cattle Monday of this week.

Mr. and Mrs. Press Smith visited with Mr. and Mrs. J. A. Stewart Sunday.

Mr. and Mrs. Leonard Goldston and children visited with Mrs. Goldston's parents, Mr. and Mrs. B. B. Hudgins, of Clarendon, Monday of this week.

Mrs. Monty Garrison and children of Childress were visitors in the Elmore home Saturday night and Sunday, returning home Sunday afternoon.

Mr. and Mrs. Leck Goldston of Clarendon visited in the J. J. Goldston home last Sunday.

Mr. Culwell's daughter came down from Amarillo Saturday night for a visit at Allan Creek camp.

Everyone is rejoicing over the fine rains which have been falling since Friday night, the ground being thoroughly soaked. It will be fine on grass and gardens.

Mr. and Mrs. Fontayne Elmore motored to Clarendon Monday of this week.

POSTED NOTICE

W. T. S. T. C. COW WINS TWO MEDALS

Canyon, Texas, May 6th.—Gamboge's Fox's Little Agatha, purebred Jersey cow in the West Texas Teachers College herd, Canyon, Texas, has just been awarded a Gold and a Silver Medal by the American Jersey Cattle Club for her creditable production record in an official test. Started on this test at the age of 4 years and 10 months, this fine producer yielded 648.48 pounds of butterfat and 10,853 pounds of milk in 305 days. For nine months Little Agatha yielded more than 50 pounds of butterfat per month, and during her best month produced a total of 83.55 pounds of butterfat.

In two previous tests Little Agatha made excellent records, both in 365-day tests. Started on test at 2 years and 1 month of age she produced 602.80 pounds

Mr. and Mrs. Leonard Goldston went fishing Tuesday of this week. Messrs. J. J. Leck and Leonard Goldston motored to Jericho last Sunday.

During the wind and rainstorm last Friday night there was a hard gust of wind that struck the Ed Moorings house and moved it some fifteen feet. Otherwise no damage was done.

With a few fair days the farmers will be very busy planting. Some think they may have to plant their cotton over.

POSTED NOTICE

Word ranch against wood hauling and trespassing of any kind. Commerce Trust Company, Kansas City, Mo. Chamberlain, Knorrpp Wheatly. Agents. (tfc)

POSTED NOTICE

This is to notify the public that all of the J. A. Pastures are posted, and hunting, trapping or fishing is not permitted and all trespassers will be prosecuted. J. W. KENT, Supt.

of butterfat and 10,751 pounds of milk. In her next test, started as a senior three-year-old, she yielded 736.86 pounds of butterfat and 13,215 pounds of milk. This record gave her the Texas state Jersey championship for butterfat production in this age class, 365-day test. With her latest record, Little Agatha not only wins a Gold and a Silver Medal, but becomes the senior four-year-old Jersey butterfat production champion, 305-day tests, of the State of Texas. West Texas Teachers College has a splendid herd of purebred Jerseys and has carried on production testing for some time.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who need it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

- Camels are made of the choicest tobaccos grown. The Camel blend of Domestic and Turkish tobaccos has never been equaled. Camels are mild and mellow. They do not tire the taste. They leave no cigaretty after-taste. Camels have a delightful fragrance that is pleasing to everyone.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal. Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid. Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

PHILLIPS Milk of Magnesia

Are You Ready

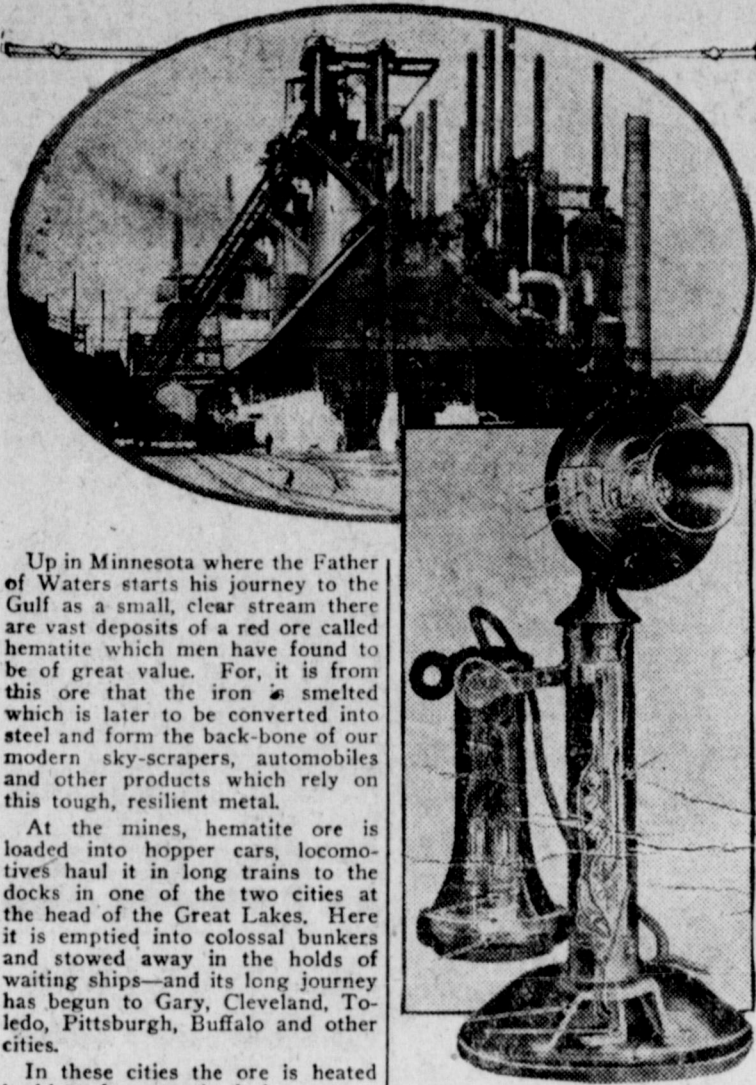

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot get away. And it's always ready for the cruelest pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

Fletcher's CASTORIA

**The Romance of Iron**

Up in Minnesota where the Father of Waters starts his journey to the Gulf as a small, clear stream there are vast deposits of a red ore called hematite which men have found to be of great value. For, it is from this ore that the iron is smelted which is later to be converted into steel and form the back-bone of our modern sky-scrapers, automobiles and other products which rely on this tough, resilient metal.

At the mines, hematite ore is loaded into hopper cars, locomotives haul it in long trains to the docks in one of the two cities at the head of the Great Lakes. Here it is emptied into colossal bunkers and stowed away in the holds of waiting ships—and its long journey has begun to Gary, Cleveland, Toledo, Pittsburgh, Buffalo and other cities.

In these cities the ore is heated in blast furnaces in intimate contact with coke, a product of coal from the Connelsville and West Virginia mines, and limestone. A melting temperature is maintained at the bottom by a strong blast of air. The iron ore as it travels down the furnace is decarbonized by the carbon monoxide gas produced by the incomplete combustion of the fuel. As it travels further, into the zone of higher temperature, it absorbs carbon and silicon. The pig iron drawn off at the bottom contains, in addition to these two impurities, phosphorus, sulphur and slag.

The reduction of these impurities to a negligible quantity by the "Open Hearth," "Bessemer" or "Electric" processes necessitates recarbonization by means of proper agents to obtain steel of the desired carbon content.

Ingot steel, for instance, is a true steel free from slag but containing a small percentage of carbon. There are also commercial steels which differ in the amount of alloyed metals they contain. Among these are manganese steel, chrome steel and nickel steel.

Another important use of iron from hematite ore is in the manufacture of electro-magnets which are a vital part of the telephone. Be-

Above: Modern blast furnace where iron ore is purified. Below: Telephone showing parts made of iron. They include magnets and diaphragm of receiver and frame of instrument.

fore the present method was developed manufacturers depended entirely on an ore called magnetite which had the peculiar natural faculty of attracting iron filings and other metal fragments. This peculiar ore is supposed to have been discovered originally in Magnesia, a part of Asia Minor. Formerly, all iron used for magnetic purposes was smelted from this ore. It was discovered, however, that iron which is not naturally magnetic becomes a magnet when a wire is wound around it and an electric current is passed through the wire. Iron, therefore, is used in all electrical equipment which makes use of the principle of magnetism in its operation. For instance, in a telephone call, an electric current actuates a number of electro-magnets which make and break contacts so that electric currents may flow or be stopped. In dial telephoning scores of relays control the circuits which light lamps and ring bells.

**THE THIRD WEEK**

The chicks we have been following are now beginning their third week and the big thing now to get them lots of exercise to get them off the real baby chick stage and into fast and sound development.

The temperature in the brooder house should be let down to 80 degrees during the third week, and the chicks be given access to an outside run for the sake of exercise and fresh air and sunshine. As mentioned a few weeks ago it is imperative that this yard be on fresh ground, ground that has never been used for poultry before, or at least not the previous year, or if it is absolutely impossible to arrange this; then bring in fresh ground from some uncontaminated place and cover the yard with about three inches of it, which will give the chicks reasonable protection from the diseases that old ground is sure to give them.

Starting gradually about the middle of the third week the chicks should be fed a developing mash as follows:

- 80 pounds of white bran.
- 25 pounds of low grade flour.
- 32 pounds of fine ground corn.
- 20 pounds of ground oat groats.
- 5 pounds of alfalfa leaves and blossoms.
- 10 pounds of best grade fish meal or meat meal.
- 17 pounds of ground bone-meal.
- 10 pounds of chick size charcoal.

This developing mash should be put before the chicks in separate hoppers, in addition to the chick starter mash used previously. Then after about the eighth week you will want to eliminate the starter mash and fill all the hoppers with the developing mash.

In addition to the mash ration, the chicks should now be getting lots of green and succulent feed, green lawn clippings, clover, alfalfa, lettuce, and cabbage, for the essential vitamins and minerals they contain. Also, by now (the third week) you should start developing the big capacities that the birds will later need when into big egg production. Husky, vigorous, big-boned birds are what you want for layers. Give the chicks all they can eat of the rations prescribed above and then in the evening give them a good grain feed until their crops are literally bulging. Then, at least as soon as they are getting pretty well feathered out, start them out on the roosts, and until they become well accustomed to roosting through the night, watch them all closely each evening to get them settled on the roosts. If broken in right, you will find that each bird will always occupy the identical spot on the roosts as long as it lives.

Rations and general care may continue now for a few weeks along the lines suggested in last week's Poultry Tips for the third week of the chicks.

At about this age comes most of the danger of "sweating" however, and it should be carefully guarded against. Even though the chicks are getting huskier every day now, they still need quite even and warm temperature in the brooder house. The hover of the

brooder will have been removed by now but if the brooder house gets too cool the chicks will still "pile" to keep warm. Then they quickly get into an unhealthy sweat, and just like human beings, upon cooling off they tend to contract colds, pneumonia, and tuberculosis.

Of course the preventative maintenance of temperatures in the brooder house. However, if a cure is needed, put one tablespoonful of epsom salts to a quart of water in the jar fountain during the forenoons, replacing in the afternoons with plain water. Feed scantily. Symptoms of the trouble are wheezing, droopy wings, loss of appetite.

If any of the contagious diseases appear, be sure to cremate the infected chicks and disinfect all quarters thoroughly. Domestic birds are very liable to contagion of many kinds, and the one safe bet at all times is sanitation and still more sanitation. It will do more than any other one thing to save your broods from disaster.

If leg weakness shows up at this time it likely has a connection with the feeding ration. Some say leg weakness, in addition to resulting from lack of sunshine, results also from over-feeding, and others blame lack of exercise, but it is really a relative matter—over-feeding for the amount of exercise enjoyed by the chicks. Get the chicks to take more exercise, or cut down on the feeding. During this period they should be getting as much as they can digest properly, however.

Regularity in feeding should be cultivated by this time. The grain feed may be given at 7 in the morning, 12 noon, and 6 in the evening, twice as much in the evening feed as at either of the other times. Birds are uneasy about looking for the proper feeding time, and if regularity right to the very minute is maintained always, you will profit from the results the birds will give you.

Poultry Tips Column conducted by Leonard I. Brown, internationally known authority and founder of the Brown and Mann strain of S. C. W. Leghorns. Enquiries addressed care of this paper gladly answered by Mr. Brown.

**PLYMOUTH ADVERTISING DIRECTOR APPOINTED**

Robert M. Parks has been appointed Director of Advertising of the Plymouth Motor Corporation, according to an announcement made this week by A. vanDerZee, Plymouth Sales Manager.

Mr. Parks is thoroughly familiar with Chrysler Motors advertising policies, having joined the Chrysler advertising staff two years ago. Prior to 1927 he had for ten years engaged in advertising agency and personal sales work which gave him a first-hand acquaintance with merchandising problems in all parts of the country. This appointment follows closely upon the heels of the establishment of the Plymouth Motor Corporation as a separate division of Chrysler Motors, and the transfer of Plymouth manufacturing operations and executive of-

nces to the mammoth new plant at Mt. Elliott Avenue and Lynch Road, Detroit.

The Plymouth advertising campaign has already taken rank as one of the largest in the automotive industry, and has played an important part in winning the greatest public acceptance that Chrysler has ever enjoyed in the low-price field. Plymouth orders for April shipment exceed all former records for a Chrysler-built car of comparative price.

Williamson County put on an unique kind of fair—"educational." All but two of the 98 schools in the county were represented in the parade of 8,000 pupils who took part in a pageant depicting the development of America from the time of the Indian down to the administration of President Harding.

With three commercial hatcheries of a combined capacity of 72,000 eggs running full time, Weatherford expects to set a new high record this year in poultry and egg production.

**Protect Your Purse 3c**

If you Lay Three Cents on the Dresser in the Morning and Tell the Folks—

"Leave That There! IT WILL—"

**NEW SUMMER COURSE IS OFFERED CITY PLANNERS**

Los Angeles, Cal., May 15.—Will education ultimately eliminate all trace of inefficiency, waste, confusion, provincialism and mismanagement in public affairs? This is the objective of the school of Citizenship and Public Administration of the University of Southern California, which is providing a special short course, from June 3rd to June 21st, for public officials, personnel in public service, and private persons and groups with public interests at heart.

The 3-weeks institute will cover sections on principles of government, planning and zoning, public buying, taxation, water supply, public engineering, housing, city clerkship administration, juvenile welfare, airport management, recreation and parks, sanitary engineering, municipal chemistry and testing, police administration, special assessments, school trustees problems, governmental accounting, budgets, and personnel in public service.

Men and women to attend include state, county, and city officers and employees in Pacific coast and Rocky Mountain states, who are active and interested in furthering the civic, sociological, cultural, and aesthetic welfare of their communities by a more scientific knowledge of their duties and responsibilities.

Over 150 public officials and personnel in public service have helped the university authorities to create the curriculum, select the lecturers, and develop the several sections, according to President R. B. von KleinSmid.

To provide a national viewpoint, experts from the Atlantic coast, Chicago, the middle west, and northern California, representing both the technical and academic attitudes, have been secured as special lecturers and discussion leaders.

"Most question arising in a municipality grow out of problems attending the laying out of streets, the erection of buildings, the construction of sewers, the making of sanitary arrangements, the supplying of water, light, and power, the assurance of safety and security of property, provision for public health and comfort in parks, libraries, museums, schools, and boulevards, the control of public funds, and the adequate protection of life and limb," states Emory E. Olson, Director of the School of Public Administration of the University of Southern California. "The summer short course is planned to supply an intensive, serious, and formal study of the specific conduct of public business."

Over 500,000 additional fruit trees have been planted in 52 East Texas counties within the past two years as the direct result of the home orchard campaign inaugurated by the East Texas Chamber of Commerce. In 1927-28 the total was 260,000 and in the second years' campaign just ending it was 2275,000. New home orchards have been added to 6,100 home in the 52 counties. Smith with 40,000 trees planted this year won first place among the counties included and Gregg was second.

**Here's Feed for Chicks!**

WALK in and let's talk over what to give your chicks to keep them alive and growing. Let us show you a way to raise your chicks to early maturity at a lower cost per chick.

Chicks need cod-liver oil to protect them against leg weakness. They need buttermilk, alfalfa leaf meal, granulated meat, bone meal, wheat germ and other ingredients to make bone, flesh and feathers.

We have all of these ingredients carefully chosen, tested, balanced, uniformly mixed and ready to feed. Purina Chick Startena is the name of the feed. You'll know it by the checkerboard on the bag. The new feeding discoveries that come to you in this year's Startena will give 15 to 20 per cent greater growth than ever before. More than 2,500 hatcheries say, "Feed Startena." So do we. How many bags do you need?

### Mrs. Lowe and Her Leghorn Flock

#### ONE OF DONLEY COUNTY'S BEST CHICKEN FARMS

Now to the people I will pen a tribute to the Leghorn hen. If you're a mind to take my word, I think she is the best all round bird.

When you're in need of ready cash, just give her plenty of laying mash.

With plenty of mash and nice, clean nests, the Leghorn hen will do the rest.

She has helped the man up who was down and given him something to take to town.

She buys his bread and buys his meat, she dresses his family nice and neat.

Her profit may seem to be right small, but that is better than none at all.

When eggs are a great high price, you will wish you had her number twice.

Give her plenty, oh yes, indeed, she will pay a profit on all her feed.

—MRS. W. T. LOWE.

## Society

### Fourth Grade Picnic

Miss Slover, assisted by Mr. and Mrs. Clyde Gilbert, Mrs. I. O. Noble, Mr. Buel Sanford and Cleo Woods, who furnished a truck and driver for the occasion, gave the pupils of her room a picnic at the river, which was greatly enjoyed by all.

A delightful time was had romping in the sand, after which the picnic supper was spread.

### Circle No. One

Circle No. 1 of the Methodist Missionary Society met at the home of Mrs. W. A. Davis Wednesday afternoon with seven members and one visitor present.

The lesson on "Broken Homes" was led by Mrs. R. H. Beville, assisted by Mrs. J. C. Estlack.

During the business session a number of matters were disposed of.

Dainty refreshments were served during the social hour.

### Circle No. Two

Mrs. Geo. Antrobus was hostess to Circle No. 2 of the Methodist Missionary Society at which time there were eleven present. Mrs. F. Buntin was leader of the lesson on "Broken Homes," and was assisted by Mrs. E. M. Ozier, Mrs. G. H. Gattis and Mrs. C. E. C. E. Griggs.

A short business session followed, at the conclusion of which a salad course was served by the hostess, assisted by her daughter, Mrs. O. C. Watson.

### Circle No. Three

Mrs. Frank Smith entertained Circle No. 3 in her home Wednesday afternoon with ten members and five visitors present.

Mrs. Willie Donald was leader of the lesson in which she was assisted by Mmes. W. A. SoRelle and J. P. Parks.

The business session was presided over by Mrs. L. A. Reavis. Dainty refreshments were served at the conclusion.

### Circle No. Four

Circle No. 4 of the Methodist Missionary Society met in the home of Mrs. W. R. Holder Wednesday afternoon with Mrs. W. A. Pierce leader of the lesson on "Broken Homes Rebuilt." She was ably assisted by Mrs. Wiedman, Mrs. Will Johnson and Mrs. E. Price.

A business session was held after the lesson, after which dainty refreshments were served to nine members and two visitors.

### Picnic

Picnics are the order of the day, and Miss Rita Foster's room, consisting of the High Third and Low Fourth grades, enjoyed such an occasion Tuesday afternoon, when several of the parents carried the children of these grades out to the river where they enjoyed

## DENVER WILL ASK NEW LINE PERMIT

### CHALLENGES ROCK ISLAND BY MOVE TO BUILD CHILDRESS TO PAMPA.

Announcement was made in Pampa and Childress Saturday that the Burlington railroad system had made known its intention of asking a permit to build a line from Childress northward through Wellington and Shamrock to Pampa.

Managers of the Chambers of Commerce in the cities of Pampa and Childress have received confirming telegrams from the office of W. E. Williamson of Chicago, president of the Burlington lines.

It had been expected for several weeks that the Fort Worth & Denver subsidiary would attempt to obtain a certificate of public necessity to build northward from Childress, and that Pampa would be a proposed terminus.

That the Rock Island lines wish also to build from Childress as far as Shamrock had already been indicated, and the Santa Fe naturally would seek to prevent other lines from penetrating this territory. A three-cornered fight, therefore, is indicated for the rich oil and agricultural territory through which much of the proposed lines would pass.

The Santa Fe's first move was to ask a permit to build a spur line into central Gray County. This line is being opposed by the Pampa Board of City Development on the grounds that it is inadequate and would tend to neutralize the benefits of Pampa of the new C. & O. W. railroad. Intervention proceedings have been taken with the Interstate Commerce Commission with request that the hearing to be set soon be held in Pampa.

For the last two weeks in March cattle shipments to Fort Worth were 18 per cent above those of the same period in 1928, hogs increased 25 per cent, hogs 27 per cent and sheep 47 per cent in the same time.

purpose of raising money for the church building fund.

During the social hour light refreshments were served.

Circle No. 2 met in the home of Mrs. F. E. Chamberlain Wednesday afternoon. There was no lesson as the leader was unavoidably absent. A number of matters were disposed of during the business session, after which refreshments were served.

Woman's Missionary Society

Following is the program for the Baptist Woman's Missionary Society which will be held in the church next Wednesday, May 15, at 3 p. m., with Mrs. W. C. Stewart as leader:

"The Changeless Christ"—Mrs. E. A. Thompson.

"The Light, Making All Things New"—Mrs. Geo. McKleskey.

"Speaking in Tongues, the Mighty Work of God"—Mrs. W. Z. Borron.

"Christ's Compassion; Man's Inhumanity to Man"—Mrs. T. M. Couch.

"Relaying the Gospel"—Mrs. J. T. Warren.

Ladies Aid Society

The Ladies Aid of the First Christian Church met in an all day session at the home of Mr. and Mrs. Sam Shaw Wednesday, May 15th.

The house was beautifully decorated throughout with red roses. There were thirty-four guests present who enjoyed the nice dinner.

At 2:30 p. m. Mrs. Shaw, the president, called the meeting to order, which was opened with prayer by Rev. H. Taylor, followed by the song, "Leaning on the Everlasting Arm." Mrs. O. D. Leisberg was leader of the devotional, which was the 6th chapter of Mark. The devotional hour closed by repeating the Lord's Prayer in concert.

The Aid will meet with Mrs. Ed Carlson next Wednesday.

Bell Bennett Circle

The Bell Bennett Circle was entertained by Mrs. Ben Andis Wednesday afternoon with ten members, including one new member, present.

Mrs. Bascom White was leader of the lesson and Mmes. Otis Naylor and Kirtley assisted in the discussion. At the conclusion of the business session delicious ice cream and cake were served.

Presbyterian Auxiliaries

Mrs. R. A. Chamberlain was hostess to Circle No. 1 of the Presbyterian Church Wednesday afternoon with eight members present.

Mrs. Robert McKee led the lesson on "Mexico," and was assisted by Mmes. G. L. Green and C. H. Wisdom.

During the business session it was decided to hold a tea at the home of Mrs. R. A. Chamberlain Thursday, May 23rd, for the purpose

## SPECIAL PLANS WELL UNDER WAY FOR AMARILLO RODEO

Amarillo, May 14.—Early days in the Panhandle will be recalled vividly here on July 4 when an old-time rodeo, of the kind now nearly extinct, will be staged here under the auspices of the Tri-State Fair association, it was announced last night by Wilbur C. Hawk, president of the Fair.

Under the management of Cliff King and Clyde Miller of Holly, Colorado, both among the Southwest's leading rodeo promoters, the event promises to be the greatest single pre-Fair attraction brought to the Panhandle this year, Mr. Hawk declared.

More than \$7,500 in premiums will be awarded winners in the different rodeo competitions. These contests, which include roping, bull-dozing and similar features, are open to anyone in the Panhandle. A milking contest will be among the attractions.

Two performances, afternoon and night, will be given on July 3, 4 and 5 at Texan ball park. Special giant flood-lights will illuminate the grandstand for the evening shows. Additional information on the rodeo and entry blanks for the contests may be obtained by writing to Clyde Miller, Holly, Colorado.

## JUDGE WILSON WARNS THAT JONES LAW MAKES LIQUOR OFFENSE SERIOUS.

Violations of the national prohibition act made up most of the 28 cases up for trial Monday in United States court at Amarillo, as Assistant United States District Attorney Alex Mood opened the criminal docket of the April term of the court.

Maximum fines were assessed in practically every case by Federal Judge James C. Wilson. In delivering his decisions, Judge Wilson impressed upon offenders the seriousness of the Jones law which makes even the possession of liquor a penitentiary offense instead of only a misdemeanor as formerly.

Miscellaneous offenses, other than liquor law violations, were heard during the afternoon session. Verdicts of guilty were returned in every case by the petit jury of which Henry Hastings, Hereford, is foreman.

## SATURDAY, MAY 18TH TO BE WAYLAND MECCA TREK

Plainview, Texas, May 8.—Alumni and ex-students of Wayland College, scattered in all parts of Texas and adjoining states will make their Alma Mater a "Mecca" Saturday evening, May 18, when the annual banquet and meeting of the Alumni and ex-students association will be held.

Every indication, at present, points to the largest attendance of any previous meeting. Z. T. Huff, registrar of the college is handling the reservations and officials of the association are urging that all Alumni and ex-students send in their check for \$1.50 for reservation immediately.

Charles Curry Pierce, of Dallas, graduate of 1924, will serve as toastmaster at the banquet.

The banquet is being held at the First Baptist Church basement here beginning at eight o'clock Saturday evening, May 18th, the night before the baccalaureate sermon is to be preached, the following Sunday morning.

## STATE DEPARTMENT WILL MARK HIGHWAYS THRU CITY

M. L. Blohm, maintenance superintendent of the state highway department, was in Clarendon Tuesday of this week conferring with the mayor and city commission in reference to the marking of the state highways through Clarendon.

For some months the department has been placing the new standard markers on the highways of Texas, and are just now getting into the Panhandle with the work. The new markers are very clear in legibility and are adopted from the recommendation of the best outdoor marking specialists in the nation.

Electric power output in 1928 showed an increase of 9.5 per cent in the United States over 1927. In the southwest (including Texas, Mississippi, Arkansas, Louisiana and Oklahoma) the increase was 21.3 per cent, Texas being responsible for a very large part of the gain.

## HIGHEST FINES METED OUT IN FEDERAL COURT

Austin, Texas, May 14.—Business conditions in Texas over the past year have been generally satisfactory if the small number of commercial failures may be taken as an indication of the business situation, according to Bernard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Texas.

"Not only have failures been unusually few so far this year but liabilities also have been running very small," Mr. Nichols said.

"During April, only 37 bankrupt companies, having liabilities of \$414,000, were reported in Texas, or the fewest in April since the deflation period of 1920. This compares with 52 bankruptcies with liabilities of \$7400,000 in March and 46 failures, having liabilities of \$974,000, in April, 1928. The decline in the number of defaults from March to April this year is greater than can be accounted for by the usual seasonal factors."

## COMMERCIAL FAILURES ARE CONTINUING LOW FOR 1929

Average rainfall over Texas as a whole is 31.08 inches. There is a difference of 35 inches between the annual rainfall in extreme East Texas and extreme West Texas—the Beaumont area showing 45 inches and El Paso 10 inches.

## STUDENTS' RECITAL IS OPENER FOR GRADUATION

The initial program for graduation week in the Clarendon schools was held Monday evening of this week in the college auditorium. The students of Miss Rita Foster, Speech Arts, and those of Miss Helen Martin, Piano, were presented in their final showing at that time. A good attendance marked the interest shown in the features presented. The following program was rendered:

Scotch Piper, Johnson—Aileen Ballow.

Little Knight Errant—Violet Baker.

Voices of the Wood, Courtney—La Verne McMurtry.

Waltz of the Mannikins, Aaron—Anna Moores Swift.

Courting Under Difficulties—Jo Viola Wilson.

Mistress Wren, Blake—Jo Ellen Kennedy.

A New Lease on Life—Theresa Lowe.

Country Gardens, Granger—Wylfa Lee Alexander.

How to Manage a Husband—Wilma D. Smith.

Dance of the Fireflies, Pennington—Johnnie D. Latson.

Any Morning Before School—Roma Ellison.

Novellette, MacDowell—Eunice Johnson.

Better Than Fame—Marue Troste.

Fifth Nocturne, Leybach—Larice Benson.

Love Letters of Smith—Myra Worsham.

Forest Sounds, Denee—Pauline Shelton.

## PRODUCTION MANAGER PREDICTS RECORD YEAR'S RUN

Nationwide substantiation of the optimistic forecasts for a record in 1929 automobile sales is clearly borne out in a statement just released by W. R. Tracy, vice president in charge of sales for the Oakland Motor Car Company. Shipments of Oakland and Pontiac Sixes during the first four months of 1929 totaled 118,222 making a new high record for this manufacturer.

Mr. Tracy said: "April shipments, alone, totaled 36,384 cars, which is just 76 cars short of the 36,460 shipped in March—the high month in the company's records. But for the fact that there was one less working day than in March, April would have been the greatest month in our history."

"Our record shipment of 118,222 cars during the first four months of 1929, more than doubled the total of 53,877 cars sold in the same period of 1927 and bettered the 1928 period by 15,591 cars."

Mr. Tracy pointed to the March and April 1929 sales as the indication of the general market trend, stating that the total for these two months shows a gain close to 30 per cent over March and April of last year.

"The industry as a whole is

showing a decided increase in sales during the Spring months of 1929. One of the greatest factors in this increase is the replacement market. During 1925 and 1926 a total of 8,736,135 cars and trucks were sold in the United States and Canada. These three and four-year cars are now being replaced with new cars, and account in a large measure for the general sales increases throughout the country.

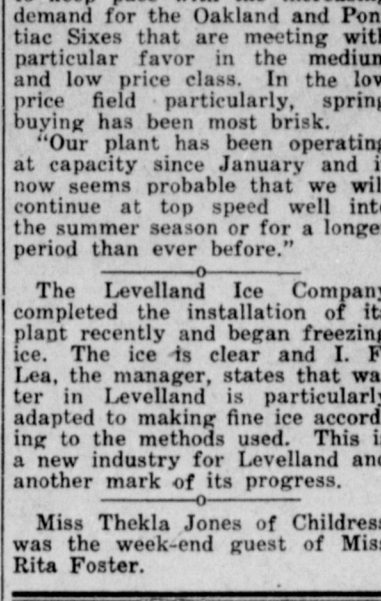

"Production schedules in the Oakland factories are keyed up to keep pace with the increasing demand for the Oakland and Pontiac Sixes that are meeting with particular favor in the medium and low price class. In the low price field particularly, spring buying has been most brisk.

"Our plant has been operating at capacity since January and it now seems probable that we will continue at top speed well into the summer season or for a longer period than ever before."

The Levelland Ice Company completed the installation of its plant recently and began freezing ice. The ice is clear and I. F. Lea, the manager, states that water in Levelland is particularly adapted to making fine ice according to the methods used. This is a new industry for Levelland and another mark of its progress.

Miss Thekla Jones of Childress was the week-end guest of Miss Rita Foster.

**PATHFINDERS TO HOLD STORY HOURS**

SCENE OF STORY HOURS CHANGED TO COLLEGE CAMPUS THIS YEAR.

The Pathfinder story hours will again be held this year, according to advices received here the fore part of this week, following the meeting of the Pathfinder Club last Friday afternoon. The same hour in the evening will be used as in the past, with the exception that the place of meeting has been changed to the College Campus in front of the Girls' dormitory. These hours have been held heretofore on the school ground in the business section of the city. The first hour will be held on June 4th and will continue through the summer months at eight o'clock each Tuesday afternoon. The final program will be given on the evening of August 20th, just before the opening of the school. Children of all ages are expected at these meetings and special care will be given them while they are at the scene of action. The following is a list of the sponsors and story tellers that have been appointed for the summer:

- June 14, sponsors, Mesdames H. T. Burton and Fred Chamberlain; story teller, Mrs. Joe Goldston.
- June 11, sponsors, Mesdames J. T. Patman and Will McDonald; story teller, Mrs. George Ryan.
- June 18, sponsors, Mesdames Paul Shelton and J. D. Swift; story teller, Miss Mae Lumpkin.
- June 25, sponsors, Mesdames J. T. Sims and Will Word; story teller, Mrs. Jim Headrick.
- July 2, sponsors, Mesdames A. T. Cole and Bill Green, story teller, Mrs. U. J. Boston.
- July 9, sponsors, Mesdames J. L. McMurtry and Robert Biggers; story teller, Mrs. J. G. Sherman.
- July 16, sponsors, Mesdames Floyd Keener and Joe Cluck; story teller, Miss Eunice Johnson.
- July 23, sponsors, Mesdames R. H. Beville and W. C. Stewart; story teller, Miss Mary Jo Chamberlain.
- July 30, sponsors, Mesdames Fred Rathjen and Rayburn Smith, story teller, Mrs. Forest Taylor.
- Aug. 6, sponsors, Mesdames Lester Boykin and Loyd Stallings; story teller, Miss Lorena Steagall.
- Aug. 13, sponsors, Mesdames Manley Ozier and R. H. Alexander; story teller, Mrs. Nathan Cox.
- Aug. 20, sponsors, Mesdames Ralph Porter and Hubert Zeigler; story teller, Mrs. Tom Goldston.

Smith County, in 1928, shipped over 100 carloads of rose cuttings, claiming the lead in the Southwest.

**WHAT'S DOING IN WEST TEXAS**

By West Texas Chamber of Commerce

Hamlin has completed plans for a cream route that makes a loop around the town, and then goes into Stamford, and collection will start upon the arrival of sufficient number of cream cans and will be under the direction of T. A. Carter. The producers will receive a premium of 10 cents per pound above the market price for sweet cream.

Canyon has started a campaign to raise \$50,000 for the erection of the first unit of a museum building to house the relics of the Panhandle-Plains Historical Society.

Archer City's chamber of commerce has made plans to establish a higher grade of cattle in the county with the purchase of 26 high bred registered animals to be shipped from Michigan, Ohio, and Indiana breeders.

Muleshoe continues to ship car after car of maize, kafir and corn to outside markets every day. The demand for these feeds is good because of the high quality. Much of it is used for planting.

Friona, in following up the work of Better Home Week, has inaugurated a Better Homes contest for Friona and vicinity during the coming summer to end August 15. Prizes will be awarded for the three best kept homes. Two classes of homes will be considered, those in the city limits and those within a six-mile radius.

Iowa Park will sponsor a Community Work Day on June 4, at the Fair grounds in order to get the grounds ready for the proposed erection of a grand stand for general use. Labor and the use of tractors, teams and other equipment will be donated so that the work may be completed in one day.

Crosbyton is experiencing a new residential building boom. On one block recently sold by B. W. Ellison there is to be built six brick veneer homes by its new owner, G. H. Johnson. Johnson has already built four homes in Crosbyton.

Ralls, in being chosen the place of meeting for the 1930 South Plains district convention of the West Texas Chamber of Commerce brings the meet to Crosbyton for the second time, as it was held in Crosbyton in 1927. Ralls had an enormous delegation at the recent convention at Tahoka.

**SCHOOL BONDS VOTED BY HEDLEY**

FINE NEW STRUCTURE PLANNED FOR ERECTION WITH FUND VOTED.

Citizens of Hedley and the Hedley Independent School District are jubilant over the success received when their school bonds were voted last Saturday with a seven to one majority. The blue prints for the school building are on display in one of the windows of Hedley and show that they plan to erect a six-room building, all on one floor. The building is to have a combination gymnasium and auditorium in addition to the six large class rooms.

The location of the building has not been chosen by the trustees of the district, but popular opinion has it in Hedley that the new structure will be placed on the present school grounds that the educational facilities for that school will be centrally located and available to everyone.

At the present time the enrollment totals 550 students, which puts a decided strain on the available seating capacity of the building. Some of the rooms are now holding 45 to 65 students when the state school regulations specify that thirty is the limit for students in a single room. The new building will take care of this problem and will leave sufficient room for further growth as it is needed.

The contract on the building is to be let in the very immediate future that the new accommodations may be available for use this fall.

Olney's proposed street lighting system is about to become a reality. The present plans provide 40' standard lights and 60 bracket lights to be placed where standards are not appropriate. This system is subject to change and the exact number of each to be installed will be determined by a committee appointed by the council.

Men's Furnishings

### CLUB NOTES

Miss Bess Edwards, the assistant State Home Demonstration Agent visited the Goldston and Hedley Girls' clubs Tuesday of this week in company with Miss Harvey Thompson, County Home Demonstration Agent. The work in both clubs was highly complimented by Miss Edwards.

Miss Edwards especially stressed the importance of a County Council for the Women's Home Demonstration Clubs of the county while she was here the fore part of the week.

Miss Edwards also visited the prize winning Living rooms while she was here with Miss Thompson. She said such evidence was present showing that a great deal of work and much wise planning had gone into the improvement of the rooms visited. The instruction of Miss Thompson was also complimented.

#### Girls' Club Organized at Bray May Tenth

An addition to the Girls' clubs of Donley County was brought into being May tenth when the girls of the Bray Community met and formed their first club. Miss Thompson brought a demonstration on the making of club caps and outlined the work of the clubs for the year. This club is to meet on the second and fourth Fridays at 9:30. The Bray school house has been set as the place of meeting. Misses Ruby Banister and Thelma Pierce were appointed as group captains and will serve until the officers can be elected at the next meeting. The personnel of this club is as follows: Lorene Griffin, Lillian Sharp, Ruby Griffin, Doshia Burge, Eilene Marshal, Ethel Bell, Floy Bell, Imogene Robison, Inez Paterson, Roma Banister, Thelma Pierce, Ruby Banister, Elva Dishman, Myrtle Griffin, Thelma Stiles, Velma Shields and Marie Wise.

#### CLARENDON CONTESTANTS SCORE HIGH IN AMARILLO

Eleven Clarendon entries in the piano and violin contests held in Amarillo last week during the Panhandle Music Festival scored high places, putting this city far ahead of any others in this section in the number of second places won. Students of Mrs. Lester Boykin, Miss Helen Martin and Miss Fray Stallings were presented on the two days of the contest and not one of these failed to score less than ninety points on their performances.

Three students were entered by Miss Helen Martin, two of them, Misses Pauline Shelton and Pauline Sanford, were tied for second place in the ensemble playing with a score of 95 points, winning a blue ribbon. Two other teams

## 22 ENTRANTS ARE IN YARD CONTEST

### FINAL DATE FOR ENTRANCE SHOWS MUCH INTEREST IN AFFAIRS.

The final date for entering the yard beautification contest for the City of Clarendon for the present year found twenty-two yards of the city entered in the event for 1929. The extension of the time of entry was decided upon when the committee held their meeting the latter part of April and two weeks were allowed in which the people of the city were allowed the privilege of placing their yards in competition.

Prize winners for the past two years will be barred from the competition in Clarendon, they being entered in the national contest along with the winners of the contest for this year. The date of closing the contest has been set forward this year and will be found in the middle of August instead of in September as has been the case in the past two contests.

The prizes to be awarded in the contest have not been chosen as yet, but will be secured and placed on display in the very near future. Two classes will be allowed to compete for prizes this year, the back yards and all those who have never won a prize in the contests before this year.

The prize winners in Clarendon will be entered in the National Contest and it is thought that a part of the fine prize list may be brought to this city as a result of the work done during the summer months. A certificate of merit will be awarded all entrants, no matter what place they take in the local contest.

#### FIRST METHODIST CHURCH

Sam E. Allison, pastor. Announcement of services for Sunday, May 19, 1929: Sunday school meets in all its departments at 9:45. J. Ralph Porter, General Superintendent. Preaching service at 10:50 and 8:00.

A cordial invitation is extended to all to come and worship with us. Devotional meeting of the Epworth League at 7:15.

#### PRESBYTERIAN CHURCH

Robert S. McKee, pastor. Sunday school, 9:45 a. m. Morning worship, 11. Evening worship, 8. Young People's Society, 7:15.

#### CLARENDON BANKERS IN BANKERS MEET THURSDAY

The regular meeting of the four county bankers' association was held last Thursday in Memphis with a record attendance from all parts of the four counties. Those in attendance from here indicate that a royal time was given the visitors. More than two hundred were registered for the occasion. Clarendon bankers in attendance are: W. H. Patrick, Miss Katharine Patrick, Howard Stewart, W. W. Taylor, Mr. and Mrs. Holman Kennedy, Mr. and Mrs. J. L. McMurtry, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. Roy L. Clayton, Jack Sorbelle, Wesley Knorr, J. D. Swift and Miss Anna Moores.

#### HAROLD BUGBEE SHOWS IN CLARENDON MOTOR CO.

One of the latest pictures painted by Harold Bugbee was placed the fore part of this week in the show room of the Clarendon Motor Company and will remain there all the remainder of this week and a part of next. The picture is of a group of horses and is named "Out of the Canyon." The action of the horses as they come up out of a canyon is vigorously portrayed in the picture. The colorings are those that are seen in many places in this section of the state and are rich and vivid. The animals pictured are shown in great detail and are portrayed as the work of an artist. It has been said of Harold Bugbee that he is one of the three men now living who can paint horses and give them the rich detail that is found in all of his pictures where horses are shown.

Mr. Kemp, manager of the Clarendon Motor Company, is very proud of the fact that his place of business has been chosen for a showing of this picture and he expressed the hope that still others of the paintings of this artist would be placed with this showing. Harold is well known to Clarendon folk, having made his home here for a number of years and having done a great part of his painting here.

#### BOOK SHOWER AND TEA TO BE HELD SATURDAY, 18TH

Through an error in the News office last week, the dates for the book shower and tea were mixed and the date was inserted incorrectly. The shower and tea will be held in the club room in the city hall on Saturday, May 18th, beginning at 2:00 o'clock and ending at 7:00 o'clock in the evening. The library is in need of books of all sorts and every lady of the city is asked to bring as many books as she can well spare for placement in the library. In addition to the shower, tea will be served during the entire afternoon. Everyone interested in the movement is cordially invited to attend the meeting.

#### BARCUS ANTROBUS FALLS AND BREAKS RIB TUESDAY

What might have been a very serious accident happened here Tuesday afternoon when Barcus Antrobus stepped from a counter in their place of business and slipped. He fell, sticking his arm through the top of a show case

and catching his side in such a manner that one rib was broken. In addition to this he was considerably scratched up and was sore all through from the effects of the fall. He was attempting to descend from the shelving when the

accident happened, having completed waiting on a customer when his foot slipped.

Clyde Naylor of Pampa spent the last week-end here with friends and relatives.

## SUPER SERVICE

That's our motto in washing and greasing your car. We do the job better and faster and leave nothing overlooked.
