CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, JULY 25, 1929

Established in 1878.

New Series Vol. 40.

No. 30

Dates Set For Donley's Free County Fair

Operation-Transfusion Fails---Wounded Boy Succumbs

DONLEY COUNTY POULTRY AND CLUB SHOW DATES SET SEPTEMBER 17-18

ALL DEPARTMENTS TO BE IDENTICAL WITH FAIR. EXCEPTIONS FOUND STATE THAT POULTRY AND THE WORK OF HOME DEMONSTRATION & CLUBS WILL BE GIVEN PREFERENCE. HEADS OF DEPARTMENTS ARE NAMED. PREMIUM LISTS BEING PREPARED.

The Donley County Poultry and Club Show will open its doors to the public on September 17th and will be one of the biggest showings of the sort that has ever been attempted in this county. The same score cards will be used as were used in the last Fair, but they will be more complete and special emphasis will not be placed on them, but on the poultry and club work of the county.

Miss Harvey Thompson will have direct charge of the Club work and the attendant exhibits and will name such other assistants as she may deem necessary from other parts of the county. Miss Thompson has worked up her list and has it ready for the printing of the catalog which will be out in the very immediate future.

W. H. Youngblood has again been named head of the poultry division of the show. This part is to receive more than the usual recognition and a complete new set of pens will be prepared for use by the exhibitors at the show. There will be a plentiful supply of the coop since the Poultry Association is buying them for their own use and will have them for use in future years. The assistants to Mr. Youngblood have not yet been named.

H. J. Edington has been named Superintendent of the agricultural exhibits and will have charge of the entries in this group. Other assistants will be named to help Mr. Edington in this work. It is here that the individual exhibits will have full sway, there being no prizes offered to the communities of the county for their part in this work. Emphasis will be again placed on getting as many individual entries as possible to hold this part of the show up to standard.

The general work of the Show is in the hands of a committee composed of Messrs J. T. Patman, W. W. Taylor, Henry Youngblood, and Frank White, Jr. They state that the Show will be held on the Grammar School Grounds as in past years and that full arrangements are to be made to care for all exhibits that are brought to the place for showing.

ALLISON FAMILY ENJOY VACATION IN N. M.

Word was received Saturday from Rev. S. E. Allison, pastor of the First Methodist Church here, stating that he and his family were enjoying their vacation to the fullest extent. The Allison family was, at the time of writing, at Hot Springs, New Mexico, partaking of the mineral waters of the springs. Rev. Allison states they have secured a cottage at the Elephant Butte Dam and are having the time of their lives fishing in this beautiful body of water.

The Allison will spend a few days in El Paso, then from there they will motor to Fort Davis for a day or two and back via Carlsbad Caverns and Roswell, from which place they will make their return to this city.

LELIA CLUB BOYS ACTIVE IN JUDGING

The 4-H Boys Club of Donley County from Lake Fork, Texas, Mr. Knight's Dairy on July 21, 1929, for the purpose of gaining from his herd knowledge to be used at the Short Course at Collee Station, the last of July and the first of August. Mr. Holder showed the boys the best cow in the herd, and she will mark nearly every mark of a real fine dairy cow. Mr. Knight has a real fine herd of dairy cattle.

The Club thanks Mr. Knight for letting the boys use his herd for this purpose. It also thanks Mr. Holder for his help during the evening of the 21st.

Elmer Hill and family of Southeastern New Mexico visited in this city with J. C. Estlack and Houston Miller Tuesday and Wednesday enroute to a family reunion near Childress.

NO ACTION YET ON JR. COLLEGE

STATE BOARD OF EDUCATION
HAD NO MEETING THIS
WEEK SAYS BURTON.

On account of the press of business in the governor's office at Austin since the close of the legislature there has been no meeting of the state board of education so far this week, according to a letter from Supt. H. T. Burton, who is in Austin representing the County-Wide Junior College proposal.

At a meeting some ten days ago the state board filed the Donley County petition until further information on the matter could be procured. This information was forwarded and later Supt. Burton went to Austin to present, personally, the situation as it exists here. Mr. Burton hopes to get a hearing in the next day or two and the trustees here have wired him to stay in Austin until he is heard.

In a letter received from Supt. Burton today, he speaks of the tediousness of the job of going up to the capitol morning at eight o'clock, having a meeting promised at eleven, postponed from that hour until four-thirty, and then to find that there will be no meeting until next day—maybe. Supt. Burton isn't of a nervous temperament—yet.

Miss Adaline Atteberry and Messrs Clyde and Loran Naylor were Sunday visitors here with relatives and friends.

LIONS HEAR OF CITY PLANNING

DALLAS CITY PLAN SECRETARY
GUEST OF CLUB
TUESDAY.

Clarendon Lions were told briefly of city planning and city zoning at the Tuesday luncheon, when John G. Surratt, secretary of the Kessler City Plan Association of Dallas, was guest of the club and made the principal address of the day. Mr. Surratt was in the Panhandle the first of the week giving demonstration lectures and offering advice to the cities of Pampa, Clarendon and Memphis, and was here all day Tuesday. He was complimentary to the city officials on the water works system, and was ready with helpful criticism on some conditions in Clarendon.

Another feature of the luncheon was the presence of Rev. Perry of Vernon, and a leading Lion of that city. He was introduced at the beginning of the hour by Song-Leader Boykin, as a visiting song leader, and Lion Perry led the club in a short sing-song. He later expressed his pleasure at being present and made a short inspirational talk on the benefits of Lionism to the community and to the individual.

Visitors for the day included Joe Helton of Clifton, Texas, and the two named above.

Report was made on the Zone meeting last Wednesday at Matador, and the club was officially apprised of the election of Lion Mulkey as Group Chairman of Zone 11. Report was also made on the M. J. Bonham case, who is being treated for the restoration of his eyesight through the good-offices of the club. Lion Douglas, president of the club was in the chair, and Lion Rathjen officiated as Lion Tamer in the absence of Lion Murrell.

Oliver Hill Buried Here Tuesday

Death came Sunday night to Oliver Hill in an Amarillo hospital from injuries sustained in an affray at the Tri-State Rodeo grounds in that city on July 4th, with a hitherto unknown assailant. Briefly the details were that a stranger stepped on Mr. Hill's toes whose jocular remarks was then met with a curse, words followed and Mr. Hill slapped the stranger aside and went on into the rodeo grandstand. As he came out the man attacked him without warning with a knife and cut him to the hollow in several places before he was knocked down. In the excitement the assailant escaped and as yet the officers have not located him.

Oliver Hill was the son of Mr. and Mrs. O. C. Hill and one of an old and respected family in this county. He leaves a wife and daughter to mourn his loss. He was a good citizen and a good farmer, having recently built a commodious and modern new home at Ashtola where he and his family lived among scores of friends.

Funeral services were held at Clarendon in the First Baptist Church Tuesday afternoon at two o'clock, with Rev. Miller, pastor of the Baptist Church at Memphis in charge. One of the largest crowds ever to attend a funeral in Clarendon taxed even the standing room of the church, and flowers in abundance brought testimony of the love and respect in which the deceased was held.

Mr. Hill was a member of the Clarendon Masonic Lodge and the white-aproned brotherhood was present and added to the impress of the service at the church and at the grave, interment being made in the Citizens Cemetery.

SMALL BOY ROBBED AND GAGGED NEAR JERICHO

One of the meanest crimes we know of was committed near Jericho Friday night of last week. Joe Besset, a young traveler 12 years old, was making his way over Highway 66 to Roswell, New Mexico. At a point something like three miles west of Jericho the lad met two other men heading their way through the country. Details are lacking, but it is supposed that the men questioned him until they found that he had a little money and then robbed the boy. A sum of \$5.00 was taken from his person and he was left only ten cents. After robbing the lad his hands and feet were bound, a gag placed in his mouth and then he was placed in a plum thicket, some piece from the road.

The boy's cries for help were answered the next morning by Clay Inman, who notified Sheriff Moseley and together with Roy Darnell and deputies from Jericho and Hedley made an unsuccessful attempt to capture the hi-jackers. No clue has been found as yet, but the boy says he can identify the men if they are caught.

HON. HARWOOD BEVILLE IN NEW LAW PARTNERSHIP

Consummating an arrangement contemplated for some months, Hon. Harwood Beville of this city last week announced his immediate removal to Amarillo and his formation of a new law partnership with Hon. Lee Pierson, noted Dallas attorney who is also moving to Amarillo.

Judge Beville is a Clarendon product, being the son of M. M. Beville one of the pioneer business, civic and religious leaders in this community. He was educated in the public schools of this city and was one of the early graduates of Clarendon College. Later, Mr. Beville studied law at the University of Texas and has been active in his profession since his college days. When the present 101st judicial district was created, Governor Neff appointed him district attorney and in that office Judge Beville made a splendid record of service. Since his incumbency as district attorney he has practiced law here in Clarendon.

Judge Beville's family will move to Amarillo shortly before school opens in September. Few families here would be missed as will the Bevilles, as they have a large circle of friends in social, church and civic activities, but they go to the larger field with the best wishes of all.

DALLAS CITY PLANNER HERE

CLARENDON GETS BRIEF
SURVEY FROM JOHN SURRATT,
PLAN SECRETARY.

Following up the announcement some weeks ago, Secretary John G. Surratt of the Kessler City Plan Association of Dallas, visited Clarendon Tuesday of this week and in company with Water Commissioner Chase, Secretary Boykin of the Chamber of Commerce, and others, made a brief survey of the city from the standpoint of city-planning and zoning.

After appearing at the Lions Club luncheon at noon, Mr. Surratt met a group of city officials, chamber of Commerce directors and a few other citizens in a meeting at the American Legion rooms of the city hall at three-thirty. Mr. Surratt illustrated his lecture with lantern slide views of Dallas and other Texas cities, where unsightly and unsanitary living conditions had been removed under the city plan promoted by the Kessler association.

Mr. Surratt's talk stressed the idea that Clarendon was just as good and just as attractive as the citizens of the city would like it to be. He further urged that to build a clean, attractive, high type town the citizenry must be brought up to the stage of thinking, planning and working for "our city" and gotten out of the habit of passing the buck to the city commission, and the other fellow.

At the close of Mr. Surratt's address, there was a round table discussion, and a motion was made and carried declaring the meeting in favor of an effort toward city-planning in Clarendon, authorizing a committee to appear before the city commission at its next meeting to petition that body to appoint a City Plan Commission for the citizenry whose duties it will be to arrange for a general mass meeting at which Mr. Surratt kindly consented to appear for an explanation of the city-plan methods of organization and to show the splendid results that are being obtained in other Texas cities through the planning and zoning method.

Mr. Surratt declared that the creeks and draws of Clarendon and other cities were the natural and ideal places for parks and park-ways, and he urged the local ministers, teachers, newspapers and all civic workers to begin an aggressive campaign to build a public sentiment here which would demand a city park or parks for the recreation of the people of this community.

The chairman of the meeting appointed as the committee to present the matter to the city commission T. D. Nored, S. M. Braswell and Rev. Robt. McKee. From Clarendon Mr. Surratt went to Memphis, where he spent Wednesday in like survey and work in that city.

Important News On The Calendar

One of the important items of the next few days will be the showing of the 1930 Model Buick automobiles. They will be here Saturday and Sunday, unannounced in all the cities as well. This is a big annual event in the motor world.

Spot news of large interest is the unloading of a shipment of brick at the corner of Third and Kearney—the old Presbyterian Church corner—where O. W. Latson is soon to erect a 50-foot modern store building. Construction will begin as soon as the Presbyterians occupy their new church now under construction, at least by Sept. 1st.

JUDGE J. R. PORTER ATTENDS TRAINING CAMP

Clarendon is represented at the Reserve Officers Training Camp which is being held in San Antonio, Fort Sam Houston, July 21 to August 4. Judge J. R. Porter left here Saturday night for two weeks camp to take charge of one of the companies. The camp is one of the best managed and attended training camps in the U. S. One of the features of the camp is the fine equipment and parade ground offered by Fort Sam Houston to the reserve officers. Judge Porter will remain in the camp the full time, returning here around the 5th of August.

Miss Mary Cooke is visiting in Roswell, N. M., this week.

Tyndall Meeting Gaining Interest

Despite an upset in the plans for open air services under a tent, caused by an unwarranted delay in the arrival of the tent, the Tyndall revival at the First Christian Church is evidencing a growth in interest at every service.

Rev. J. M. Perry, pastor of the Vernon Christian Church, arrived here Monday and is in charge of the song service and the laymen's work of the meeting. Bro. Perry is a lovable, magnetic sort of personality and has the gift of getting his congregation to sing and the membership is following his leadership. Bro. Perry is a soloist and composer and tonight will sing "When The Ring The Golden Bells" and will also feature his own composition, the "Smile Song."

Dr. John Tyndall arrived here Tuesday from a revival at Crockett and is doing the sort of preaching that has made him popular with Clarendon audiences. Dr. Tyndall is a strong Bible student and is recognized as one of the best theologians in his denomination.

Dr. Tyndall has inaugurated another most interesting feature in a nightly lecture at the close of the regular service on "Revelation" that is a book of the Bible so mysterious to the average person. These lectures are short, inspiring and instructive. As soon as the tent arrives it will be stretched on the southeast corner of the Grammar School grounds at the head of Kearney street, but until that time the services will be held in the church, where a cordial greeting will be extended all the community to come and take part in this effort for God and salvation.

LOCAL OFFICERS SHOOT TO HALT STOLEN TRUCK

Sheriff Moseley was awakened Monday morning about 4:00 o'clock and asked to be on the look-out for two automobile thieves who had headed this way. Some time later a large Red Speed Wagon drove into town loaded with vegetables and 1300 pounds of produce. The truck fitted all the description given local officers, and Sheriff Moseley, with Deputy Sheriff Mays of Goodnight, commanded the drivers to stop, whereupon they continued to drive on the gas. A chase followed, and it took two bullets fired into the front tires of the truck to bring them to a stop. The loaded truck was stolen from the Fraser Produce Company of Amarillo, by Harry Buck and accomplice, McCarty. They have been charged with robbery and assault, as the result of beating the proprietor of a filling station at Washburn, after filling the tank with gas.

CONGRESSMAN JONES IN CLARENDON TUESDAY EVE

Congressman Marvin Jones was in Clarendon late Tuesday afternoon enroute home to Amarillo from Memphis where he had been during the day. While here Mr. Jones called at the News office and complimented Donley County on her splendid crop prospects and her evident development.

Mr. Jones is home from Washington after adjournment of congress and will not return to his post there until after the middle of September. It is very probable that Mr. Jones will visit Clarendon specifically before he returns to Washington and will probably deliver an address here if arrangements in the making by his friends here are brought to completion.

JUDGE J. R. PORTER ATTENDS TRAINING CAMP

Clarendon is represented at the Reserve Officers Training Camp which is being held in San Antonio, Fort Sam Houston, July 21 to August 4. Judge J. R. Porter left here Saturday night for two weeks camp to take charge of one of the companies. The camp is one of the best managed and attended training camps in the U. S. One of the features of the camp is the fine equipment and parade ground offered by Fort Sam Houston to the reserve officers. Judge Porter will remain in the camp the full time, returning here around the 5th of August.

Miss Mary Cooke is visiting in Roswell, N. M., this week.

UNION MEETING GREATLY ENJOYED HERE SUNDAY

The joint service of the Presbyterian and Methodist Churches held Sunday morning in the Methodist Church was a most enjoyable and well attended affair. Rev. Robt. S. McKee preached the sermon for the day, taking his text from the 17th chapter of the Gospel as recorded by Saint John. An added feature of this morning service was the solo that was sung by R. S. Cope a baritone of the Presbyterian congregation. The service was held jointly in the absence of Rev. S. E. Allison, pastor of the First Methodist Church.

MARINE TEST TO FINISH SOON

DRILLERS INDICATE THAT
CONTRACT DEPTH WILL
BE REACHED SATURDAY.

The Marine Oil Test four miles north of Clarendon is expected to reach its contract depth the latter part of this week according to reports made public by the drillers the fore part of this week. Two items hindered further work on the well, one of them being the lack of fuel oil for their boilers and the other was the delay occasioned by their purchase and installation of a string of six inch casing.

Rumors afloat on the streets the early part of this week pointing to a possible shot of oil at the contract depth were blasted when the backers of the project were approached with the question of the possibility of such a move.

The well has been shut down for the past week due to the lack of the casing although the hole was in good condition when the liner was removed from below the eight inch casing. A hard formation was encountered and little depth was being made at the time the drilling operations ceased.

Little effort is being made to secure a deeper hole than the contract calls for although there are some of the men of the city who are working on a proposal to extend the depth to 4,500 feet or more. No definite information is available from this source.

CAMP FIRE GIRLS AT COUNTRY CLUB

SWIMMING SCHOOL PROVING
FEATURE OF THIS
YEAR'S CAMP.

The Sacajawea Camp Fire girls are at this time enjoying their annual camp at the grounds of the Clarendon Country Club. Ten of the members are taking advantage of this outing and along with the chaperones are deriving much good and pleasure from the days spent there. The girls began their camp Wednesday and will return to the city Friday July 26. This troop of Camp Fire Girls has done a great deal of constructive work in the past few weeks and have more than earned the rest and recreation provided them in the camp. Reports from the club indicate the girls are having the time of their lives camping out and swimming in the club lake. The Country Club is proving to be a popular camp site and affords the participants of the camp much diversion in the way of amusement.

A swimming school is being conducted for the girls each afternoon of the camp. Charles Trent is giving instruction to any of the girls who are not able to swim. Mr. Trent is one of the most capable swimmers in this section of the state and the lessons given by him are proving to be a feature of the three day camp.

Those attending the Sacajawea Camp are: Janet Parks, Frankie Ziegler, Frances Choate, Ruth Dunn, Ruth Donnell, Helen Goldston, Hazel Gilbert, Lodi Green, Willie Vineyard, and Viola Jones, members and Miss Allene Parks, Mistress. Chaperones are Mesdames John Goldston and Mrs. J. H. Harris.

LADS GUN PLAY ENDS FATALLY

BOY SHOT TUESDAY—DIED
EARLY WEDNESDAY
AFTER OPERATION.

Clarendon's tragedies seem to come thick and fast.

Mimic gun play of three Clarendon boys came to an abrupt end Tuesday morning at the home of Dr. J. G. Sherman, when Louis Wilder fell victim from an accidental shot while playing with his guns and companions, Johnny Beville and Kenneth Sherman. The lads had been playing for some time with cap pistols and the play continued after a .38-automatic had been brought into the game. Then, a sharp report—a writhing body—and horror in the faces of two boys as they saw their loved playmate stricken before their eyes.

When help had been secured the stricken boy was removed hastily to the Wilder Sanitarium, owned and operated by his father, Dr. H. L. Wilder, and every effort was made to allay the pain and take precaution against infection. Dr. Harris of Fort Worth happened to be in Pampa and a hurry call brought him here in middle of afternoon and an examination and operation followed immediately. Shot through the body in the lower left abdomen the intestines had been perforated in a number of places and the bladder had been pierced.

The operation was a long and tedious one and when the work was finished the doctors pronounced the chances hardly even for the recovery of the boy, but the reaction and strain on the system had been too much and at 1:15 Wednesday morning cherry, lovable, laughing Louis Wilder passed out into the Great Beyond.

The funeral was held this morning at ten o'clock from the Methodist Church, the services being conducted by Dr. G. S. Slover of Amarillo, assisted by Rev. Robt. S. McKee, pastor of the local Presbyterian Church.

Louis was the sixth child of Dr. and Mrs. H. L. Wilder and the third living son, twins having preceded him in death in infancy. He is survived by his parents, two brothers: William and Henry Lawler, Jr.; two sisters, Mrs. Loyd Stallings, and little Ethel, all of whom live here in Clarendon.

In the reading of the service it was disclosed that Louis Hill Wilder was born in Fort Worth, Texas, January 19th, 1916, while the family lived at Glen Rose, being thirteen years six months and five days old at the time of his death. Within a year the family moved to Clarendon and Louis had woven himself into the hearts of his playmates and neighbors as he has grown and developed during these years. He was baptized in infancy and united with the Methodist Church here on Sept. 16th, 1923. As a Boy Scout and Sunday School worker, he was active and faithful and the pall bearers for the occasion were from the local troops of Scouts viz: Phifer Estlack, Benton Smith, James Smith and Wilford Andis.

Honorary pall bearers were: Johnny Beville, Jack Latson, Homer Estlack, George Wayne Estlack, all members of the Scout patrol of the deceased, also J. O. Vineyard, J. R. Cox and Leroy Vinson.

Amid a bower of flowers and surrounded by mourning relatives, comrades and friends the earthly remains of the lad were laid to rest in the Citizen's Cemetery there to await the final Trumpet and the glad Gathering at the River.

Relatives attending the funeral from out of town were Mr. and Mrs. Morgan Jones of Abilene, the latter a sister of Dr. Wilder; and Mr. and Mrs. L. H. Hill of Albany, Mr. Hill being a stepfather of Mrs. Wilder.

Mr. and Mrs. W. L. Crane and family returned to their home here late last Thursday evening after a ten days vacation trip through the western half of Colorado. Mr. Crane reports catching a rainbow trout fourteen inches in length as the most interesting and exciting part of the entire trip.

Mrs. A. W. Otto and daughter Miss Ozie, of Hamlin, are visiting in the home of their son and brother, A. L. Otto of Martin.

PANHANDLE PRESS ASSOCIATION

No section of the Southwest has better crops at the present time than has Donley County. Favored of the Lord as we are, all of us should be more grateful for our fruitful surroundings.

With over four hundred thousand dollars more on deposit in Donley County banks than at the same period a year ago, there can be little doubt of the opportunity for the greatest business this fall, crop disasters considered, that Donley County business men have ever known. Right now at the turning point of the summer months business men who are advertising and hustling report splendid results and an increase over the business of a year ago. Every business has an opportunity at that four hundred thousand dollars—but every business man gets his share or less according to his own generalship. Fortune favors the hustler—always.

A headline in a newspaper published in a Floyd County town says "Towns of Floyd County Co-Operating." We congratulate Floyd County and its citizenship on such a happy situation. Floyd County is growing and will grow at a faster clip with that spirit pervading the atmosphere. When the larger towns and the middle sized towns and the little villages can work together for a better county the result of progress and advancement is inevitable. Some of the neighboring counties here in the Panhandle will do well to consider the example set by Floyd County and get their local differences and prejudices buried once and for all, so that the real progress of the Panhandle can really begin. Hats off to Floyd County and her citizenship.

As Mr. Surratt, secretary of the Kessler Plan Association at Dallas pointed out in an address here the first of the week, nobody has any idea of making Clarendon into a great city, but every patriotic citizen ought to be interested in making it the very best and most attractive city in the country. Like anything else, a city to be what you would have it, must be planned for and worked for, and it is hoped that Mr. Surratt's visit here will be instrumental in setting in motion the machinery which will arouse the public sentiment and secure some action in remedying and removing those few unsightly and unsanitary conditions that mar Clarendon, even as other cities are marred where no special plan has been worked out and followed. Clarendon can be remade to the profit and pleasure of us all, with a little planning and co-operative effort.

THE JOY OF CLIMBING

I am sorry for the young man who does not have to begin at the bottom. He will never know the joy there is in climbing, and he will not be well grounded in the bed-rock principles of business which are necessary to success. For this reason, it is better to start out on a small salary than to have a business of your own. In the former case, you learn at the other fellow's expense; in the latter, you learn at your own expense and oftentimes it is very expensive tuition, resulting in business failure and permanent discouragement.

Regardless of salary, always do your best. If you get a dollar a day, earn a dollar and a half. Well has some one said, "The man who earns no more than he gets, never gets more than he earns."—H. Z. Duke.

THE ART OF BEING KIND

"That is all this old world needs," said Ella Wheeler Wilcox in one of her celebrated quatrains—"Just the art of being kind."

Because it is an art may be the reason why more people are not kind and more thoughtful. Like all great art, kindness seems simple, easy, natural. And like all great art, it takes practice.

Kindness is also something of a science. That is to say, its results can be predicted. It is the organized knowledge of human nature. At the surrender of General Lee, General Grant would not accept the proffered sword, ancient gesture of defeat. Grant would not permit guns of rejoicing to be sounded in the conquered city of Richmond. Grant permitted the Southerners to keep their horses and mules for farm work.

There is statesmanship and diplomacy in kindness. Friendliness is a defense. These things sound soft but they are always tremendously successful. They are successful in the daily intercourse of business and domestic life.

The art of being kind has been defined by some poetic spirit thus: "I shall pass thru this world but once. Any good thing, therefore, that I can do, any kindness I can show any living creature, let me do it now. Let me not defer nor neglect it. For I shall not pass this way again."—American Newspaper Publishers Institute, Ithaca, New York.

Showers are falling in Donley County and in our neighboring counties. J. Pluvius has his face turned this way and will likely spend the next two or three weeks enjoying the climate and altitude of this section. Crops are fine and Donley citizens are happy.

oOo

Donley County's Poultry and Club Show will be staged in Clarendon, two days, September, 17th-18th. The 1929 show is a variance of the County Fair idea here and will paramount the poultry industry in the county and will give special emphasis to the work of the Home Demonstration Clubs of the county. Donley County has profited handsomely from the poultry industry in the past two years and it now has such a place in the economic scheme of things that a large place in the annual show is the natural and logical placement. Better breeding and production of poultry will augment the county wealth as the years come and go. On the other hand the home demonstration work in the county has become one of Donley's greatest assets, not alone in the actual wealth it produces and the money it saves, but in the contentment and happiness of our people. The News believes that the Chamber of Commerce through its committee has done wisely to change the general tone of the annual fair or show. Poultry and Club advancement in the confines of Donley County will do much for us and deserves the best thought and attention of our people.

The Town Doctor (The Doctor of Towns)

"THANK YOU'S" ARE A MEANS OF MUCH BUSINESS.

There is a cigar store I know where they will give you back the amount of your purchase if the clerk fails to say, "Thank you."

There was a string of drug stores in Chicago that appeared to make it a habit of not saying, "Thank you"—they were forced to sell out at a loss.

There is nothing that grates on my nerves quite as much as to pay a check, a bill, or present legal tender in payment of purchase, and have the recipient of my money fail to express any appreciation for the patronage extended. And there are millions of others just like me.

One of the most successful mercantile business concerns in the country has built its business on the motto, "It is only natural to trade where you are served best." Some cash register company might do good if they put a "Thank You" on their register, like cuckoos on clocks.

Why shouldn't the customer be thanked? If one man gave another a dollar and the receiver didn't even grunt to show appreciation, you'd call him an ungrateful cuss and a poor specimen of humanity; yet, many a sale at a profit equivalent to much more, is accepted with the air of "Well, it's coming to me." That is mighty poor business, or else inexcusable ignorance.

The cheery "Thank you," "Call again," or some other such card on the inside of the door, or over the cash register, shows the right spirit and helps, but isn't enough. The American public are fickle buyers, and for that reason "business goes where it is invited, and stays and comes back to the place where it is well treated and served best." There is many a business house, many a community, failing to make an expression of appreciation for patronage extended, that is thereby driving customers to its competitor, for it isn't always what is done, but what is left undone that counts.

"Thank You's" never drove business from any store or community, but lack of them has cost thousands upon thousands of dollars.

New Law Does Not Affect Licenses

Marriage licenses have not been affected in the least in Donley County by the new law which recently went into effect the early part of June. The usual run of licenses does not start here until the opening of the fall months, and the slump experienced during June and July has not been made by the new law. A great many of the boys who have been away to the harvest fields will return and then the license business is expected to take an upward trend.

Numbers of counties in the state, particularly those who are bordering on states near Texas, have indicated that their business in this respect has dropped to almost nothing when it would have been fairly good under other conditions.

There are no applications pending in the Clerk's office of Donley County.

GOING AWAY?

When in the next few weeks you yield to the call of the road remember that touring plans should include a Tourist Baggage Policy. A complete protection Automobile Policy and an Accident Policy. This office makes a specialty of the insurance needs of Tourists.

The fire of last Sunday morning further illustrates that property will still burn in Clarendon. The only safe way is to have us fully insure you. Never in the history of Clarendon, has insurance been as cheap as now, yet there are people without any insurance and a good many only half insured. Look over your Policies now and have us write you additional coverage.

J. T. Patman & Son AGENTS

We insure Anything Insurable.

this new "low priced" electric range will cook for you

... while you enjoy life's pleasures

The New All-White Hotpoint Electric Range .. \$132.50

LIFE holds too much to be tied down to an old-fashioned cook-stove... this new "low-priced" Hotpoint Electric Range will do perfect cooking for you, while you are out of the kitchen and enjoying the many pleasures you have so long desired.

—This wonderful range is more beautiful than you can imagine... it is all white and will tend to beautify its surroundings.

—Don't let this opportunity pass... for a limited time only we are including a wonderful steam pressure cooker with each Hotpoint (priced at \$132.50 and up), the electric range that will cook your foods in a more delicious and palatable manner.

—REMEMBER... there's not a speck of soot nor a bit of dirt in the kitchen where a Hotpoint is used. Stop in our display room and see the new Hotpoint today.

West Texas Utilities Company

J. A. Ranch Records Loaned To Panhandle Historical Society

ONLY COMPLETE FILE OF RECORDS IN EXISTENCE LOANED PANHANDLE BODY THROUGH COURTESY OF EXECUTORS OF ADAIR ESTATE IN AMERICA. THIRTY VOLUMES IN MOST INTERESTING HISTORY OF RANCHING IN PANHANDLE SECTION OF STATE. OTHERS ARE IN COLLECTION.

The records of the J. A. Ranch, the immense pastoral enterprise that has become known throughout American and Britain for its gigantic scope and the personnel of its management, have been deposited with the Panhandle-Plains Historical Society.

These records came as a loan through the executors of the Correll Adair estate in America. Henry C. Coke of Dallas, and T. D. Hobart of Pampa, and the manager of the ranch, Clinton Henry. All the old records extant, some thirty volumes, go to make up this collection of J. A. files.

In 1876 Charles Goodnight laid the basis for the J. A. Ranch of Texas by pioneering the way into the Panhandle-Plains country. In 1877 with John George Adair of Ireland, he formed at Denver, the Goodnight-Adair partnership whereby Adair was to furnish the money for the development of the great partnership enterprise.

From Adair's initials the J. A. brand was conceived and under the genius of economic management and efficient development of Charles Goodnight, became known throughout the new and in the old country.

Besides the original herd of Goodnight, the original purchases of cattle of 1878 amounted to \$121,000. Land purchases in spite of the fact that such were not necessary at that early day in the Panhandle, amounted to \$16,000 the first year.

In 1885 Goodnight gave Mrs. Adair, who then held the ranch after Adair's death, notice of dissolution of the ranch as provided by contract. By that time, during the nine years since the beginning of the partnership, over half a million dollars had been expended for cattle, nearly a quarter of a million for land, and over a quarter of a million had been spent upon the operation of the ranch, or a total investment of over \$1,071,000.00. Besides ten per cent interest on all this money, Goodnight had made the ranch pay in profits practically one and a half million dollars.

These facts and more, pertaining to the administrations not only of Goodnight, but of Richard Walsh, Senator James Wadsworth, and other managers, and something of the careers of many other capable and high-class men, are to be found in these records. Made up of letter files, tally books, ranch statements, "time" books, and ledgers detailing the range business. To the students of the history not only of Northwest Texas, but of the entire cattle frontier, these records constitute an invaluable source. With the records of the T-Anchor, the XIT, the Rocking Chair, and the Two Buckle Ranches, they place the history of the Panhandle-Plains Historical Society among the foremost libraries upon the cattle industry—Canyon News.

Those who may not have settled upon a complete and satisfactory feeding schedule might find a good guide in the feeding data recommended by the State College of Washington and widely used in the Pacific Northwest.

The recommended summer feeding schedule for laying leghorn pullets is as follows:

7 a. m.—feed 2 1-2 quarts scratch grain, and 6 quarts of

WANTS ANYONE TO CALL ON HIM

AMARILLO MEMORIAL PARK SUPT. RELIEVED BY ORGATONE.

"I have been trying for over five years to find a medicine that would overcome my trouble, but I never had any success until I got hold of this Orgatone," said R. R. Murray of 238 Naches, Amarillo, Texas. Mr. Murray is a well known superintendent of the Memorial Park cemetery.

"When I commenced taking Orgatone," continued Mr. Murray, "my stomach was in such a bad condition that I was actually afraid to eat anything at all. My food would sour and this would cause gas to form and I would be perfectly miserable for hours afterward. I would have severe pains in my back and sides and would have dizzy spells and frequent headaches. I was very nervous and didn't know what a good night's rest was. I was troubled so bad with gas crowding my heart that at times I would just get right out of bed my heart would palpitate so fast and I was afraid something serious would result."

"Orgatone was advertised so highly, I began taking it and I feel that I am a lucky man that I found it for it has worked wonders for me. I have honestly gained ten pounds in weight and I eat anything I please with no ill effects. My bilious and dizzy spells are a thing of the past and I don't suffer from headaches as I did, and in fact, my entire system is built up and I feel like a different person. Orgatone is one of the most wonderful medicines and I have already told dozens of my friends about it and invite anyone to call upon and see me and hear for themselves all the good Orgatone has done for me."

Genuine Orgatone is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

Planned by T. E. Jackson, president, and Roy Rupard, secretary of the State Fair for the 1929 Exposition, Free hand concerts, mardi gras parades, star vaudeville attractions and other free amusements will be offered visitors to the State Fair.

United States government authorities show that under favorable conditions with a beginning of one male and one female fly, they may increase in one season to over 50,500,000,000,000 flies. This shows the need of FLY-TOX. FLY-TOX is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Research Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX with the perfume-like fragrance. It is safe, stainless, sure.—Adv.

sour milk or buttermilk, or in place of this milk ration at 11:30 a. m. feed 3-4 quart condensed buttermilk.

Noon—feed what they will clean up in an hour, of alfalfa leaves and blossoms, green cut alfalfa, kale, lettuce, green sprouted oats, cabbage, fresh or cured lawn clippings, or yellow carrots.

Noon—Remove milk utensils and replace with fresh, cool water.

3:30 p. m.—feed 4 quarts scratch grain.

5:30 p. m.—feed 5 quarts (dry weight) milk moistened laying mash.

For the heavier breeds, the same schedule is good, except that 1 quart of scratch grain should be added to the 3:30 feed. It is advisable, when the birds start to fall off in production, to increase the amount of buttermilk fed to help keep them in better condition during the summer and fall molt.

Don't forget that exactitude in meeting feeding schedules is extremely important. Most folks think it doesn't make so very much difference. I would try to make my schedules to the very minute. Birds have an uncanny way of spotting the exact time the feed is due, and if they are disappointed their digestive systems are upset and of course their production and health will suffer.

Another don't. Don't tinker with a bird's feeding. As long as a schedule is working out satisfactorily, don't change it unless you are positive the change is going to be permanent and for some real good reason. A bird is much more sensitive to a change in diet than a human being. And also remember the old rules of sanitation in feeding if you would avoid disease and parasites.

Poultry Tips column conducted by Leonard L. Brown, internationally known authority and founder of the Brown and Mann strain of S. C. W. Leghorns. Inquiries addressed care of this paper gladly answered by Mr. Brown.

Brady's historic town bell will ring again, but no more from the old court house steeple. It has been donated to the Richards Park and placed into the athletic stadium to toll out the time of the horse races and other races at various celebrations.

CARSON COUNTY'S DAIRY PROGRAM

Carson County through their Vocational Agricultural man has arranged with the largest breeders of Guernseys in the United States to put on an A. R. bull sale. From twenty to twenty-two of the finest bred Guernsey bulls from the great Brant Rancho, Owensmouth, California herd will be shipped by fast freight to Panhandle to be sold without reserve to the highest bidder. While the exact date has not yet been set the sale will likely be about September 23rd to 28th. Arrangements have been made to bring these good bulls to Texas to be sold at the buyers own price. The bulls will be good individuals of serviceable age, by A. R. sires, and out of tested dams, or cows on test.

WHEN A MAN IS POOR

A man is poor when he has lost the confidence of his friends, when people who are nearest to him do not believe in him; when his character is honey-combed by deceit and punctured by dishonesty. He is poor when he makes money at the expense of his character, when he does not stand clear out, supreme in his idea. When this is clouded he is in danger of the worst kind of poverty. To be in the poorhouse is not necessarily to be poor. If you have maintained your integrity, if your character stands forth square to the world, if you have never bent the knee of principle to avarice, you are not poor, though you may be compelled to beg bread.—Queensland Freemason.

Albany is seeing over \$100,000 put into homes by its citizens. Most of the residences are of brick or other permanent construction and range in value from \$10,000 to \$35,000.

Photoelectric Cell Makes Talking Pictures Possible

Demonstrator points to sound mechanism on regular motion picture projector. Insert shows photoelectric cell reduced about one-half.

An electric bulb, only slightly larger than an ordinary electric light, is the element which makes possible the reproduction of sound directly from a moving picture film. The comparison between the electric light and the photo-electric cell, as it is technically called, can go no further. For the photo-electric cell is the direct opposite in every other way.

The ordinary electric lamp is fed with current and in exchange gives off light. A photo-electric cell, developed by Bell Telephone Laboratories for use in Western Electric sound picture equipment, is fed with light and in turn causes variations in an electric current passing through it—variations the strength of which bear a direct ratio to the amount of light which enters the cell. By permitting the intensity of this light to vary in proportion to the amplitude of a sound wave, the current from the cell becomes an electric replica of the sound.

The actual sound record is visible on the film in the form of bars of varying density and spacing which appear on a narrow strip beside the pictures and pass between an electric lamp and the photo-electric cell. When the strip is of uniform darkness, a uniform amount of light passes through the film and consequently there is no sound. But as this sound record strip allows light from the lamp to pass through it in varying intensities and enter the transparent aperture in the photo-electric cell, electric currents of varying strength and frequency are generated. To bring these most minute of impulses up to sufficient strength for reproduction, they pass through amplifiers which magnify them several billion times. From the amplifiers the current passes through control panels and thence to the loud speakers whence it is broadcast to the audience in words or music perfectly synchronized with the picture it accompanies.

Panhandle Displays To Show In Eighteen Midwest States

MANY CANDIDATES ANGLING FOR SUPPORT OF VARIOUS BLOCS AN DWINGS OF TEXAS DEMOCRACY WITH STILL OTHERS REGARDED AS POSSIBILITIES.

Three trucks have been purchased by the Panhandle-Plains of Texas, Inc., from the International Harvester company for use in conveying exhibits of the Panhandle country between the fairs at which they will be shown this summer and fall.

The transportation committee has discovered that the trucks will be cheaper than express, and they will be sold when their purpose is fulfilled.

H. M. Luna, Chairman of the Committee in charge of gathering the exhibits was in the field today working on wheat exhibits.

The exhibits this year will be larger and more comprehensive and will be shown at more fairs than last year, according to O. V. Vernon, Secretary-Treasurer of the Panhandle-Plains.

All of the state fairs at which exhibits from the Panhandle will be shown have been telegraphed and space reserved. Wheat will flow from the base for the exhibitions, with the other products of this area taking a secondary place. Large pictures, views of Panhandle wheat fields, combines in operation and the stored grain, will be arranged for the booths. Miniature combines will illustrate the modernized methods of harvesting in the Panhandle. Over 300,000 pieces of advertising literature have been published by the railroads in this section, and will be sent along with the exhibits. The Chamber of Commerce has arranged for the printing of maps of the Panhandle-Plains.

Fairs on the itinerary of the exhibits, include South Dakota state fair, Pierre, S. D.; Kansas state fair, Hutchinson; Topeka Free fair, Topeka, Kansas; Waterloo fair, Waterloo, Iowa; Oklahoma state fair, Oklahoma City; Minnesota state fair, St. Paul; Ohio state fair, Columbus; Dallas state fair; Houston exposition, Louisiana state fair, Shreveport; and Iowa state fair, Des Moines.

Exhibitors who have agreed to serve in the booths at various fairs are Dr. O. H. Lloyd, Vega; J. E. Hill, Hereford; Howard Ferguson, Amarillo; P. S. Bennett, Amarillo; W. R. Arnold, Hereford and Maury Hopkins, Plainview. Several others have been

asked, but their replies have not yet been received. The Panhandle-Plains of Texas Inc., closely kin to the Chamber of Commerce proper in its aims, organization and officers, is directly sponsoring the project of securing more population in this territory whose resources vastly exceed the population necessary to obtain the greatest possible benefit from them.

One of the steps in this direction which is in full swing at the present time is the gathering, arranging and showing exhibits from the farm lands of the Panhandle at state fairs and expositions all over the country. Motion pictures of the wheat harvest, being completed, will be shown at the Panhandle-Plains booths. Three exhibits will show simultaneously at three different expositions. Trucks have been leased to transport the exhibits from fair to fair.

The project is being financed by Panhandle counties, Potter County contributing \$1.00 for every \$1.00 that comes in from outside the county. Over \$6,000 already has been obtained for this purpose. H. M. Luna is in charge of gathering the exhibits and has been at this work for weeks. Large pictures of agricultural operations in the Panhandle are being made. They will be placed in the booths along with the exhibits, the central one of which this year will consist of wheat, broadcasting to the world the source of the Panhandle's prosperity.

Space has been reserved at about 20 state fairs and other large expositions over the land. Some of them are: South Dakota state fair, Pierre, S. D.; Kansas State fair Hutchinson, Topeka Free fair, Topeka, Kansas; Waterloo fair, Waterloo, Iowa; Oklahoma state fair, Oklahoma City; Minnesota state fair, St. Paul; Ohio state fair, Columbus; Dallas state fair; Houston exposition; Louisiana state fair, Shreveport; and Iowa state fair, Des Moines.

The arrangements for this and other efforts on the part of the Panhandle-Plains, Inc., are under the direction of E. B. Black, President and O. V. Vernon, Secretary-Treasurer of the organization.

The Panhandle-Plains, naturally is participating in the nationwide advertising campaign which the Chamber of Commerce is sponsoring since the interests of the greater and smaller organiza-

SHIPPING BY TRUCK GREATER THAN REALIZED

OVER-NIGHT TRUCKING GROWS: FARMER AND PUBLIC BOTH BENEFIT.

By E. E. Duffy

Motor trucks leave western North Carolina in the early evening. The next morning fresh strawberries are served on Washington, D. C. tables.

About midnight huge motor trucks leave Kalamazoo. The following morning, housewives in Chicago receive the incomparable crisp Michigan celery.

From one fifth to one third of all fruit sold in New York City has made the journey from farm to market by motor truck.

During 1928 more than 12,000,000 cattle, calves, hogs, and sheep were shipped by motor truck and to 17 leading American markets. This was an increase of 46 per cent over 1927 shipping. Much of this stock was trucked in from points as far away as 200 miles while some shipments came from a distance of 300 miles.

To the casual observer, there may seem to be but few trucks on the highway. But trucks, it must be remembered operate at fairly high speeds for the most part and even the slowest of them travel along at a much faster pace than the two or four horse team that did infinitesimal rural hauling a few years back. Quietly, motor trucking has assumed an exceedingly important place in modern transportation. Trucks operate day and night, and but very little of the night hauling has to do with a certain illicit business. It is entirely correct to state that most communities are unaware of the scope of motor trucking.

Everyone benefits from commercial usage of the hard surfaced highway. The farmer gets his produce to market quickly; to him this means increased profits, to the consumer it means food freshness at a lower cost. The farmer is anxious to get his produce to market at any time of the year—and everybody has to eat. Communities in planning and building highways should stress durability and smoothness.

Conditions are identical, except that one is working for the broadcast in of Amarillo and the other for letting the people know about the Panhandle as a whole.

PRICE OF CHEERFUL LIVING ROOM IS LOW, WOMEN FIND

College Station—Great ingenuity has been shown by the women who have remodeled their living rooms in the contest conducted in home demonstration clubs in 86 counties this year. Competing with each other to see how much improvement could be shown in making the farm living room more livable, many of the 1096 women contestants demonstrated that scraps of lumber, boxes and old furniture may become comfortable and slightly living room additions by application of inventiveness and labor. The latter was usually furnished by the husbands.

Cabinets of old fashioned organs became veritable furniture mines in the contest, yielding forth lovely writing desks, graceful Priscilla sewing cabinets, and substantial built-in-book cases. Mrs. W. H. Parker in Fisher county made a writing desk out of an old wash stand and a chair to match out of bits of old chairs rescued from the junk heap. An ancient rocker was laquered and upholstered to furnish a comfortable reading chair and was matched with a beautiful foot stool which started in life as a crotch box.

Springs fitted to the lower part of an old couch, padded with quilts, and covered with golden brown hemp from sacks became a modern day bed for Mrs. Hebo Hall of Jasper County. A sewing cabinet from an apple box, and end table and book trough from a 12-inch plank from the barn, and a fern stand from an old piano stool represent part of the new furniture carved out in the home of Mrs. Joe Jeter in Delta County.

Not only was furniture placed in these living rooms, but paint and paper and home-made rugs and new windows in dark corners, and pictures and draperies all played their parts in making once dreary and barren rooms into cheerful centers of the home. The cost was surprisingly low, in many cases being less than \$10.

City conveniences on the farm

Running water piped to farm kitchens and bathrooms means that the liquid wastes must be piped out to a place of safe disposal. Build a concrete septic tank to handle these dangerous wastes safely. Costs nothing to operate—requires no attention.

HOME AFTER WANDERING

A fellow in New York City hiked out into the country one day and came upon a little estate that bore the name "Dunwanderin'" over the gateway. As he studied the strange name, a man who was the owner of the estate happened along, and the curious hiker asked the meaning of the word. The owner explained that he had been a world wanderer for many years, and when he settled down he decided to give his place an appropriate name. So he hit upon "done wandering," but to make it fancy he spelled it "Dunwanderin'."

What a blessing it would be if we all could have a Dunwanderin' home for our souls! The ancient

There were two classes in the contest: improvements made for less than \$25 and those costing more than that sum. County and district winners have been decided and the state winners are to be announced at Texas A. & M. College August 31st.

Hebrew poet said that the Lord was man's dwelling place. After we have wearied of wandering from one insecure abode to another, we can find rest for our souls in God who has made us for Himself.—Forward.

Texas has 638 National and 734 State banks.

During May 439 producing oil and gas wells were brought in in Texas.

PRODUCT OF GENERAL MOTORS

You save in purchase price when you buy a Pontiac Big Six—because no other car offering comparable advantages can be bought for less than a thousand dollars. You save also in operating costs and in depreciation. In other words, you save in every way with the Pontiac Big Six—America's biggest motor car value!

And here is what you enjoy!

- More Speed
- More Power
- More Snap
- More Style
- More Safety
- More Comfort
- More Value

SIMS MOTOR COMPANY

at \$745

f. o. b. Pontiac, Mich. FIVE-PASSENGER TWO-DOOR SEDAN BODY BY FISHER No Increase in Prices! Even though sales of the Pontiac Big Six have shattered all earlier Pontiac records—and even though the value offered by this car is without parallel today—the Pontiac Big Six continues to sell for the prices which it was introduced. There has been no increase in Pontiac prices!

Prices, \$745 to \$995, f. o. b. Pontiac, Mich., plus delivery charges. Bumpers, spring covers and lower shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the Time Payment Plan is used.

County News

LELIA LAKE

The Monthly Workers Conference of the Panhandle Baptist Association met with the Lelia Lake Baptist Church July 16, 1929. In the morning session Evangelism was the main topic for discussion. Miss Irene Anderson of Hedley, made an interesting talk on the importance of prayer in Evangelism. Miss Mary Burks of Memphis, emphasized the importance of God's word in Evangelism. Bro. Barber made a splendid talk on The Holy Spirit in Evangelism. Bro. Debord of McKnight, made a splendid talk on personal work in Evangelism. After which Bro. Neely of Clarendon, made a helpful talk on Evangelism, after which Rev. E. T. Miller of Memphis, brought us a wonderful message. His text being the shortest verse in the Bible: "Jesus Wept." The ladies of the church served a delicious lunch at the noon hour.

The afternoon session was presided over by Miss Mary Burks of Memphis. The topics discussed were persistent prayer by Mrs. J. H. Smith. Bible reading, Mrs. Geo. Thompson. The relation of prayer to mission, Mrs. U. L. Oldham. How God answers prayers in home and foreign lands, Mrs. Tom Isom of Lakeview. Our responsibility, Mrs. J. H. McCleskey, Hedley. These instructive talks were enjoyed by all present and the Baptist people of Lelia Lake will be glad to have the Workers Conference meet with them again soon.

Marlee Stevenson was a guest of Madge Meyers Sunday.

Miss Vivian Mace of Rosville, New Mexico, has gone to Amarillo to visit relatives. She has been visiting her grandparents, Mr. and Mrs. J. B. Mace.

Lyle Beckwith was an Amarillo visitor a few days this week.

The East Texas Chamber of Commerce will continue its efforts to secure an adequate system of State highways, even though it is necessary to prolong the campaign over two years.

CLARENDON BOYS RELATE VACATION EXPERIENCES

Ernie Hardin and Roy Allmond, who have just recently returned from a vacation trip into New Mexico, enjoyed themselves to the fullest extent, if the tale related to a News reporter... can be taken as an index. Messers Hardin and Allmond left the city by automobile and motored to El Paso where they enjoyed a visit with friends for a few days. After leaving there they visited Alamagardo, the White Mountains, Las Cruces, and stopped awhile at Hot Springs, New Mexico, to enjoy the waters of the spring. Another stop was made at the Elephant Butte Dam, where they indulged in fishing and motor boating to the delight of the young men. From the Dam the trip was resumed to the Pecos Canyon via Albuquerque and Santa Fe, where interesting points of history were visited. The trip home was made with the route including Las Vegas and Amarillo.

An intended hold-up was one of the high lights of the trip and added much to the story told. The boys were driving through a lonely part of the New Mexico country a short distance from Reblitho a little after dark, when they approached what they thought was a concrete post. Upon coming closer to the object in question they saw that it was a man, waving for them to stop. The road was narrow and as they approached still closer the Mexican stepped directly in front of the car and produced a 45 caliber pistol and drew aim at the oncoming automobile. The driver Ernie Hardin, stepped on the gas, and to prevent the highwaymen from shooting, sidestepped him with the rear of the car as they passed. They didn't stop to see what damage was done, but when Ernie looked around for Roy, Roy was not to be seen. After a search was made Roy was found on the floor of the car waiting for the shooting to begin. The two state that they were afraid for awhile of running up in the barrel of the gun, as it seemed a great deal larger than the road they were on.

In 1928 Texas spent \$65,128,019 on its public schools.

Good flavors to serve together:
Fried chicken and corn fritters, with a spoonful of bright red jelly on each fritter; beefsteak, with fried fritters, browned mushrooms; lamb chops around a mound of green peas or buttered carrots or lightly piled mashed potatoes. Have the platter very hot. Pork chops look well served with apple rings or jellied apples colored red. A bit of green garnish—parsley, cress, celery tops, or lettuce—makes any meat or fish dish look well.

Farm in thirty-four East and Northeast Texas counties brought its owners \$6,192,000 in 1928, according to State Forester E. O. Siecke.

U.S. makes Dollars SMALLER
PLYMOUTH makes them LARGER

IN WASHINGTON, the government presses are turning out smaller dollar bills. In Detroit, the huge Plymouth plant, largest of its kind in the world, is turning out a motor car that makes the dollar bigger in purchasing power. Not in all automobile history has another such value appeared in the low-priced field. There has never been another low-priced car to compare with the improved Plymouth in full-size roominess—in Chrysler-designed stylishness—in Chrysler-like briskness and smoothness—in all-around quality, ability and stamina. In every respect, Plymouth is the biggest thing in its class. Compare—you'll be astonished how much bigger in value Plymouth has made the dollar. Six body styles, priced from \$655 to \$895. All prices f. o. b. factory. Plymouth dealers extend the convenience of time payments.

Bridge Club

Miss Manette Chase was hostess Thursday afternoon with a party in honor of members of the bridge club of which she is a member.

A variety of cut flowers were combined as a decorative motif. In the games of bridge Miss Obie Crabtree was given high score prize, Mrs. Sam Darden low. A dainty refreshment course was served to the following: Mmes. C. W. Bennett, Jr., Sam Darden, Barcus Antrobus, Kelly Chamberlain, Lillian Brady, W. L. Ball, Leonard Parker and Earl Alexander.

Misses Obie Crabtree, Leta Verne Martin, Mary L. Chamberlain, Claire Marie Braswell, Lelia Mae Kerbow, Mary Stocking, Lorraine Patrick, Betty Weatherly, Misses Lotta Bourland, Eva Lee Morrison and Athlyn Taylor joined the party in time for tea.

Edith Shelton Entertains With Birthday Party

Little Miss Edith Shelton, youngest daughter of Mr. and Mrs. Paul Shelton, celebrated her eighth birthday Tuesday afternoon from four to six o'clock with a lawn party, assisted by her mother and sister, Miss Pauline Shelton.

Outdoor games furnished entertainment for some time then the little guests were invited into the dining room where delicious ice cream and cake were served to the following: Nelda Sue Burton, Frances and Pauline Sanford, Anna Rea and Helen Frances Porter, Joan and Ruth McDonald, Ava Marie Griffin, Houston Alexander.

Story Hour

Twenty-nine children participated in the story hour Tuesday evening with Mrs. H. T. Burton as sponsor.

Miss Julia Taylor charmed the children with a number of stories, after which they enjoyed their outdoor games.

Mmes. Cal Merchant and E. M. Ozier are visiting in Panhandle.

Presbyterian Auxiliary

The Presbyterian Auxiliary met in the home of Mrs. Holman Kennedy Wednesday afternoon with twelve members present.

Mrs. J. E. Mongole led the devotional. During the business session plans were made to hold a Saturday market this week.

After the close of the meeting dainty refreshments were served.

Junior B. Y. P. U. Program

July 25.
Subject—Understanding our church covenant.

1. What the word covenant means—James Headrick.
2. Love one another—Edith Parker.
3. Love our church—David McCleskey.
4. Give out money—Mildred Cautchen.
5. Read God's Word and pray—Edith Parker.
6. Live pure lives—Laverne Kimbriel.
7. Win the lost—Edna Parker.
8. Live temperate lives—Helen Rasley.

Mrs. W. H. Mathews, Mrs. G. L. Boykin and son, James Lester, Mrs. L. S. Bagby, and Miss Lela Clifford left Saturday morning for a vacation trip of some duration in Denver and surrounding country. They will probably be out of the city two weeks.

Mrs. T. W. Welch left this morning for Hastings, Okla., in response to a message apprising her of the sudden death of her father, James B. Loyd, which occurred there last night at the home of a daughter, Mrs. S. W. Camp. Mr. Loyd was seventy-six years old and was one of the pioneers of the Panhandle down in the Quannah, Chillicothe country, and will be buried at the latter place tomorrow at 3 p. m.

NOTICE OF TRUSTEE'S SALE

WHEREAS, On the 19th day of October, A. D. 1925 Nat S. Perrine and Gladys Perrine his wife, of Clarendon, Donley County, Texas, Deed of Trust to the record of which in Volume 14 Page 82, Deed of Trust Records of Donley County, Texas, reference is hereby made, conveying to Walter J. L. Ray, Trustee, the following described Real Estate, to-wit: All of Lots No. 7, No. 8 and No. 9, in Block No. 6, Grant's Addition to the town of Clarendon, Donley County, Texas.

IN TRUST to secure the payment of indebtedness therein described, and WHEREAS, default has been made in the payment of said indebtedness according to its terms and such default has continued for more than four months and the owner and holder of said indebtedness has declared the whole amount thereof due and payable in accordance with the terms of said Trust Deed, and WHEREAS, The said Walter J. L. Ray, Trustee, named in said Deed of Trust is unable to execute the powers thereof, and has refused to execute the powers thereof, and the undersigned W. C. Alexander has been appointed Substitute Trustee and has been directed by the owner and holder of said indebtedness to execute the power of sale conferred by said Trust Deed:

NOW THEREFORE, Notice is hereby given that on the sixth day of August, 1929, the same being the first Tuesday in said month, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon of said day, at the front door of the County Court House in Clarendon, Donley County, Texas, I, W. C. Alexander, Substitute Trustee, as aforesaid, will sell the land above described to the highest bidder for cash, to satisfy the indebtedness secured by said Deed of Trust and cost of executing this trust.

Witness my hand this 15th day of July, A. D. 1929.

W. C. Alexander,
Substitute Trustee.
(31c.)

CLUB NOTES

Miss Harvey Thompson visited the home of Misses Ima Poovey and Flora Durrett Monday and inspected their individual work. The home reports were good and much improvement was evident.

Monday afternoon Miss Thompson visited in the home of Mrs. June Taylor, where she acted in the capacity of "Turkey Doctor." The following is the remedy for roo and sore-head: Lance the fowl between the eyes and nostrils, and press out all corruption. Disinfect with Zionite or any good disinfectant. Feed half teaspoonful of Epsom Salts with bran mash. Wash with 15 per cent solution of Argylol each eye and nostril.

The Goldstone Home Demonstration Club met Tuesday morning in the home of Virginia Harris. Miss Harvey Thompson met with the group and gave a demonstration of escalloped and creamed vegetables.

Tuesday afternoon the Hedley Rural Demonstration Club met in the home of R. B. Masterson for their regular meeting. Miss Thompson gave a most interesting demonstration on Home Marketing. Twenty members were present and enjoyed the meeting very much.

The Giles Demonstration Club met with Maurine Hoggard, Friday, July 19. Miss Harvey Thompson presided over the demonstration of escalloped and buttered vegetables and showed the members the correct way to make graham muffins.

The Clarendon Home Demonstration Club met in an all day session Friday, July 19 in the home of Mrs. J. C. Estlack. 18 members were present to enjoy the meeting and receive the benefit of the demonstration given by Miss Thompson, County Home Demonstrator, on decorative stitches suitable for pillow cases, towels and dresser scarfs.

The new Hedley Demonstration Club met Friday, in the home of Mrs. Clark Latimore with 22 present. A demonstration was held on canned foods. The steam pressure cooker was used and chicken, plums, black eyed peas, beets, corn, tomatoeh, cabbage and okra were canned. Miss Harvey Thompson oversaw the demonstration.

The Women's Home Demonstration Club Council of Donley County met in the club room in Clarendon Saturday, July 20. A discussion of the possibility of arranging a Woman's Exchange, to help Home Marketing, was held. Each delegate was instructed to present the question to their own club and report the action to the council at the next meeting. Mrs. O. L. Fink was chosen by the Council to represent Donley County clubs at the Short Course held at College Station, July 29 to August 3. Other Donley County delegates will include Ed Morton, Greer Cottingham, Lowell Davis, and Misses Margurite MeElya and Velma Shaw of Lelia Lake, Miss Ina Hoover of Ash-tola, Nova Cooke of Martin and Mesdames N. L. Jones, J. B. Turnbow and O. L. Fink. There will probably be others who at the present time have not made their reservations for the trip.

The delegates will leave Clarendon 7:38, Saturday, July 27. They will meet other Short Course Delegates at Memphis, at which place they will take a pullman for the remainder of the trip.

Bob Donnell of Odessa is visiting old friends in the city this week. He is working for the Magnolia Oil Company and is on his vacation and will be here a few days.

Mrs. Jim Barnett of Long Beach California, and daughter, Mrs. Charley Thornton of Chickasha visited old friends here for a few hours Wednesday and left a much appreciated donation to the local Cemetery fund.

Mrs. Bessie Miller and daughter, Mary, of Forest Hill, Mr. and Mrs. Gathen Miller of Ft. Worth, and Mr. Amos Miller of Goodnight, were guests in the home of Mrs. E. W. Bromley last week end. Mr. Gathen Miller is a valued employee of the Star Telegram.

PERSONALS

Miss Mary Jo Chamberlain made a trip to Amarillo Tuesday.

Mr. Conrad Otto of Hamlin is visiting his brother, A. L. Otto.

Miss Thekla Jones of Childress, is the house guest of Miss Mary Stocking.

Allen Beville of Amarillo, was a Clarendon visitor the first of the week.

Mr. and Mrs. Ed Duncan visited relatives and friends in Memphis Sunday.

Miss Louise Lewis of Lelia Lake spent the week end with Miss Nova Cook.

Mr. and Mrs. W. A. Watkins are visiting in the home of Mr. and Mrs. R. H. Cline.

Mr. and Mrs. S. J. Phelps went to Wellington Saturday to spend a few days with relatives.

Miss Mildred Stewart has gone to Dallas where she will spend about a month visiting relatives.

Mr. and Mrs. C. R. McClenny and children of Memphis, are visiting in the C. R. McClenny home.

Mr. and Mrs. J. K. McClenny of Shamrock, spent the week-end with friends and relatives, in Clarendon.

Mr. A. L. Otto of Martin and brother, Conrad Otto of Hamlin are visiting points of interest in New Mexico.

Mr. and Mrs. Joe Helton of Clifton, Texas, are the guests of Mrs. Helton's aunt, Mrs. L. W. Chase, this week.

Misses Geraldine and Willie Maude Pratt are spending this week in Panna, visiting Miss Claudia Atteberry.

Mr. and Mrs. G. H. Noland and children, Vera and Eugenia, visited Mr. and Mrs. Johnie Rex McClelland Sunday.

Mr. and Mrs. H. C. Kerbow and Mr. and Mrs. H. B. Kerbow and daughter Miss Lelia Mae spent Wednesday in Amarillo.

Mrs. J. W. McAdams, daughter, Miss Sula, sons, Clyde and Webb, were guests of the lady's sister, Mrs. Kate Geddis.

Mr. and Mrs. R. J. Caron of Houston, arrived the first of the week for a visit in the home of their cousin, A. L. Chase.

Mrs. C. T. Gamble of Dallas, on her way home from California, spent Saturday with her grandmother, Mrs. R. H. Cline.

Mr. and Mrs. Glenn White of Menard, Texas, will leave Friday for their home, after spending several days in the home of Mr. and Mrs. Frank White and family.

Mr. and Mrs. Rufus R. Dawkins returned Monday from a trip to De Queen, Arkansas, and to Chickasha and Mountain View, Oklahoma.

The Castro County News, published at Dimmit, Texas, states that Mr. and Mrs. Charles Dean of Dimmit and his mother, Mrs. C. H. Dean, of this city left there last week for a two weeks vacation trip to Southern California and intermediate points.

Scoggins Free On Bail Sunday

S. B. Scoggins is out on bail awaiting the action of the grand jury this fall. Bail was arranged here Sunday in the sum of \$7,500 as set by Justice of the Peace L. O. Lewis, and Scoggins has returned to Oklahoma pending court in October.

H. Lott and Jim Kimbell signed the bond and the details of the bail was arranged by Judge Link of this city and Judge L. A. Pelley of Altus, Okla., counsel for the defense.

Miss Mary Hamilton of Wichita Falls, left Saturday night for Post City after a visit in the home of her sister, Mrs. J. L. Walker.

Mr. and Mrs. Harrison Simpson and baby of Cordell, Oklahoma, are here for a visit in the home of his parents, Mr. and Mrs. A. W. Simpson.

Jack Griswold spent Wednesday in Clarendon visiting old friends. Jack is salesman for a New York publishing house at present.

Mrs. R. R. Burnett and little daughter, Martin, returned to their home in Oklahoma City, Sunday after an extended visit in the home of Mrs. Burnett's mother, Mrs. E. W. Bromley.

Mr. and Mrs. Homer Duke of Wichita Falls, visited here Wednesday with Mr. and Mrs. Homer Mulkey enroute to the Carlisbad Cavern. Mr. Duke is a kinsman of Mrs. Mulkey.

Messrs Doack, Robinson, Betts, Baker and other friends from Claude were Sunday visitors of J. W. Martin and family. In the afternoon they all enjoyed an outing at the country club.

Mrs. R. L. Young and Mrs. D. O. Stallings left Saturday morning for Hereford, where they will visit for some time in the home of their mother, Mrs. F. H. Britain and with their sister Mrs. James Mauk.

Of the 700,000 members of the W. O. W., 165,000 are in Texas.

\$400,000 FOR TOMATOES

Over \$400,000 has been paid to tomato growers at Troup and at this writing the crop is still being marketed.

TEXAS DEATH RATE IS LOWER THAN AVERAGE

Dallas, Texas, July 22.—(UP)—Texas' death rate in 1928 was 9.51 per 1,000 population, the average for the United States for latest figures in 1926 was 12.1 per 1,000.

TEXAS NOT INCLUDED IN REGISTRATION AREA

Four States in the United States are not yet included in the Birth and Death Registration Bureau. The Bureau of the Census is very desirous that this matter be relieved at once and has given the state until September first to get the affairs straightened out and put Texas within the area. According to recent reports, the mortality among infants in the state is far above a normal death rate and it is believed that this condition is due in great part to the laxness shown on the part of doctors who attend the births of many in this state. The registration of births is required by law and is followed

out in Donley County although not in many parts of the state.

The necessity of having a birth certificate properly filled out is becoming more and more important at all times, especially since the World War, to prove claims by children of veterans of the war. Advice from the office of the Bureau of Vital Statistics state that many pathetic cases have been brought to light in this connection when claims have been refused when it was learned that the registrations had not been made at the time of the birth of the child in question.

The letter received here also stated that the funeral parlors were more interested in complying with the laws as regards deaths than were the doctors in the matter of births.

Crystal City in the Winter Garden district, is the largest shipping point of spinach in the world. In the 1928-29 season spinach shipments out of the Winter Garden area totaled 4,300 cars.

To protect Valley fruit against the Mediterranean fly, the menacing pest discovered in Florida, no citrus fruit of any kind can be shipped into the Texas Valley.

Texas shipped more than one-seventh of all the mixed vegetables shipped in the United States in the 1928-29 season. Totals: U. S. 35,000 cars, Texas 7,856 cars.

Try the Tachometer Test

See Why 50 Miles an Hour Seems Like 38— With the Graham-Paige Four Speed Transmission

Joseph B. Graham
Robert B. Graham
Ray A. Graham

A Graham-Paige specially equipped with a Tachometer is ready for you to drive. This instrument enables you to see why you enjoy such quiet smoothness in fourth (direct drive), why you are so relaxed at the end of a long, hard drive, why wear on moving parts is lessened and car life lengthened. Then try third for swift, silent acceleration in traffic and up steep hills—and for a new and safer control of your car. Only by driving a Graham-Paige with four speeds forward can you realize the new enjoyment that two quiet high speeds bring to motoring.

This Tachometer shows the engine of a Graham-Paige running at the rate of only 2080 revolutions per minute at 50 miles per hour.

This Tachometer shows the engine of an average three speed car running at the rate of 2775 revolutions per minute at 50 miles per hour.

HAVE YOU REGISTERED?

TO ALL CONCERNED: My attention has recently been called to a rumor, to the effect that a number of businesses in Donley County, are being conducted under an assumed name, without having first complied with the law. The law forbids any person to carry on a business under an assumed name or designation other than his own real name, until after he has filed, in the office of the County Clerk, a certificate setting forth the name under which he proposes to conduct his business, and the true name of all the parties interested therein.

A fine of from twenty-five to one hundred dollars, is the punishment for violation of this law, and each day's violation is a separate offense.

I am taking this opportunity to call the attention of all interested parties to the provisions of this statute, as I feel sure that if this law is being violated it is through mistake, and can and will be corrected at once.

R. Y. King
County Attorney, Donley County, Texas.
July 24th, 1929.

RULES ARE GIVEN FOR EXEMPTIONS

USERS MUST PAY GASOLINE TAX. REFUNDS WILL BE MADE IF EXEMPT.

The State Comptroller's Department is now prepared to receive reports of exemptions from the new four-cent occupation tax on the sale of gasoline, according to an announcement by State Comptroller of Public Accounts Sam Houston Terrell. Gasoline used for any other purpose than that of propelling vehicles on public roads, streets and highways of Texas is exempt from taxation.

Fuel used in farm tractors, stationary engines, air craft and motor boats, there fore, is exempt. However, the tax must be paid on all gasoline. Refunds will be made to those exempt. The tax is placed directly on wholesale distributors of gasoline at the rate of four cents per gallon, but the consumer eventually bears the burden of the tax. The new rate was in effect July 16th, having previously been two cents.

The new law does not make it easy for the consumer to secure refunds on exemptions. Comptroller Terrell has outlined the necessary procedure for the exempted consumer as follows:

1. The purchaser must fill out an invoice, at the time of the purchase, giving amount, price, purpose, etc. The regular price is paid for the gas. Forms will be supplied by dealers and filling stations.

2. Before the 25th of the month of purchase the buyer must report to the Comptroller the number of gallons bought and the amount of refunds expected. Claims reported later than the 25th of the following month will not be honored.

3. On receiving the report, the Comptroller's Department will mail the claimant an affidavit form, on which will be recorded information as to the amount and use of gasoline purchased. This information must be sworn to before a notary public, and filed with the Comptroller not later than two months from the date of purchase. This document must be accompanied with a filing fee of \$1.00, which must be paid each time that a claim is filed. These fees will be used to enforce the law.

4. The claim will be investigated, and if considered valid, a State warrant will be issued for the refund. This warrant must be cashed within 60 days.

5. No refund shall be made where gasoline is used later than six months from purchase.

Persons believing themselves to be entitled to exemptions should write to Comptroller Sam Houston Terrell, Austin, Texas.

DONLEY GRANTS ARE LARGE SUM

MORE THAN SIX SECTIONS CLEARED BY RECENT RULING OF GOVERNOR.

When the Governor put his final okeh on the Land Grant Bill recently passed, the titles on thirteen tracts of land in Donley County were cleared. The dates on the filings on these tracts of land extend from October 30th, 1895 to November 7th, 1899. With very few exceptions the original grantees retain the titles in the land in which they filed in the late part of the eighteenth century.

The acreage totals 3,976.5 acres and is scattered in all parts of the county, ranging from Giles on the east to a few parcels of ground on the northwest part of the county around Groom. The office of the County Clerk states that they received a few of the grants that had to be forwarded to Gray County for record in that county. The size of the tracts included in the group received here range from 647 acres as the smallest to 648 acres as the largest tract in the group.

W. J. Thaxton has a tract of 161.4 acres which was filed upon on November 7th, 1899. J. H. Roberts has a tract of 418.2 acres which was filed upon on October 30th, 1895. T. M. Owens has a tract of 102 acres which was filed upon on December 9th 1899.

N. W. Long has a tract of 120 acres which was granted to Pat Powell on July 31, 1899. P. E. Johnson has a tract of 648 acres granted to him on application on November 1, 1897. John A. Gerner has a tract of 640 acres that was granted to D. L. McClellan, November 8, 1897. John Fraser has two tracts, one for 647.5 acres and the other of 647 acres, both of which were filed on November 1, 1897. A tract of 128 acres is in the name of F. C. Baker was filed by G. W. Naylor on July 31, 1899. W. W. Wiggins has a plot of 100.6 acres originally granted to T. M. Owens on November 9, 1897. The final grant filed on the records of Donley County to this date is that tract of 161.9 acres now held in the name of F. C. Baker and originally granted to G. W. Taylor on the 5th of November 1896.

Thus has the Governor of the state of Texas cleared the title on a few more than six and one-half sections of land in Donley County. A great part of the land was originally school land and a part of it was originally given to the H. & G. N. Railroad. In case there are others of like nature in the county, they are expected to be cleared in the immediate future and will be filed in the records of Donley County as straightened by the recent law.

GOODFELLOWS AID SICK AND DESTITUTE YOUTH

Sunday morning a most pathetic case was brought to the attention of the officers of the local Goodfellows Association. Earl Ford, a poor and sick young man, came into Clarendon on the stage and was in such a state that his removal from the stage was necessary. He asked for no aid in the least and bore the marks of hard labor, so it was quite evident that he was no public parasite. He had been working in the harvest, but he became so ill that he went to Amarillo to be with his brother. Upon arriving in that city he was informed that his brother had moved supposedly to Clarendon so he came here still in search of his kinsman.

Harvey Sutherland, manager of the Antro Hotel, gave the man a room and provided him with all the courtesies of the hotel, ice water, electric fan, etc. Mr. Sutherland informed Homer Mulkey, Hubert Ziegler and John Watts of the plight of the stricken man, and on investigation it was found that the man was suffering from an open wound caused from an old appendicitis operation. The business men of the case ordered money taken from the Goodfellows fund to pay his ticket to Houston, the home of his mother, and some extra cash for incidentals.

Word received by the News was to the effect that the young fellow was in a hospital at Dallas, being taken from the train when that city was reached. This word came by letter from Mr. Ford and he also thanked the Goodfellows for the help, and stated that he expected to be out again within two or three weeks.

Mr. and Mrs. C. R. Mitchell and son, Marvin, were Amarillo visitors Thursday of last week.

Mr. and Mrs. Raymond Hart and her sisters, Misses Iona, Pearl and Ruth Hill, all of Sherman, left Tuesday for their home after they had been on a week-end visit in the home of Mr. Hart's uncle, A. Combest. Mr. Hart is a prominent insurance man of Sherman.

Homer Mulkey and A. L. Chase motored to Pampa Monday morning, where they picked up M. J. Benham then went on to Amarillo. The Benham lad was treated by the eye specialist there and left in the care of the doctor. Messrs Mulkey and Chase returned to the city Monday afternoon and reported the youngster doing nicely.

Rev. and Mrs. L. L. Swan returned Wednesday from a trip to Anadarko, Oklahoma. They were accompanied by their daughter, Mrs. J. L. Brown and son, Joe.

Mrs. W. Z. Borron and daughter visited in Amarillo the fore part of the week with her mother, who is recovering from an illness, in the home of a son.

GOLDSTON BROS.

Did You Ever Stop to Think?

By Edson R. Waite, Shawnee, Okla.

While in Oklahoma City I dropped down in the Chamber of Commerce to see the president, Ed Overholser. There is no use for me to tell you Ed Overholser is, as every Chamber of Commerce man in the United States knows him, and at some time or other some of his speeches or writings have been used by most of them in their own organizations.

Ed Overholser is one of the queerest Chamber of Commerce men in the United States. He never mentions his own town's name—he works for the state of Oklahoma. He even goes further than that works for what he calls the Southwest: that area lying west of the Mississippi River, south of the Missouri River, east of the Rocky Mountains and north of Old Mexico and the Gulf. Ed says that whenever the Southwest is prospering his town will not get its share.

Another queer thing about his preaching—he says the Southwest contains only one-fifth of the area of the United States but produces from 25 per cent to 50 per cent of nearly all the raw material produced in America. For instance, the southwest produces 53 per cent of all the cotton of the United States, 82 per cent of all the broom-corn, 68 per cent of all the oil, 40 per cent of

all the zinc, 41 per cent of all the lead, and almost half of the winter wheat.

Ed says the fastest growing section in the United States is his Southwest, and while modestly prevents him from saying anything about his own town, his building permits have run \$9,628,747.00 in the last six months and there are \$25,000,000.00 worth of projects financed for the coming year, which includes a 25 story hotel a \$10,000,000.00 railroad station and equipment, 200 miles of hard surfaced roads and other things in proportion.

Ed won't talk politics or religion in connection with his Chamber of Commerce work, as he says they have to play in a Chamber of Commerce, but he admitted to me before I left the office that he wasn't at all agitated about the political situation, because the best or worst president the United States ever had could not stop the development in the Southwest that is now on the program, and that the political and financial power was moving to the west so fast that neither Tammany nor Wall Street could much longer retain their power over things political or financial. So, to use his own expression, "WHAT DO WE CARE?"

FIRST HALF YEAR GOOD FOR TEXAS

FIRST SIX MONTHS OF YEAR FINDS CONDITIONS LITTLE UNCHANGED.

Austin, Texas, July 23—Business and industrial conditions in Texas at the end of the first six months of 1929 were on the high level which was characterized the situation for almost a year, according to the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"Possibly the improved outlook for agriculture was the most important development during the month," Mr. Nichols said. "Progress in most lines has been equal to and has even exceeded the optimistic forecasts made at the beginning of the year. Summer curtailment has been very moderate so far, but some further slackening is expected before fall. While there are some unfavorable influences present, business generally is on a sound basis and so far as can be seen at this time, definite signs of a serious depression are still lacking."

"Labor conditions in the State are unusually good. Considerable unskilled labor is finding employment in the cotton fields in southern counties, while large numbers are being used in harvesting the record wheat crop in the Panhandle. Road work and construction projects call for large numbers of employees. Moreover, industrial firms added to their forces during June, whereas a decline was expected. There was a gain of 5.2 per cent in the number of workers on the payrolls of 376 comparable firms located in 40 cities of the State on June 15, as compared to May 15. Houston, with a gain of 16.1 per cent, and Waco with an increase of 14.4 per cent, made the best showings. Gains were also reported in Austin, Beaumont, Fort Worth and Galveston. On the other hand, Dallas, El Paso, San Antonio and many of the smaller cities recorded losses. Average wages per worker for all reporting firms remained unchanged at \$26 weekly.

"A further easing in crop conditions and lower interest rates were the most important developments in the financial situation. Mid-year payments were met with little effect on the money market."

Dr. J. G. Sherman and son, Kenneth, returned Thursday night from Lincoln, Nebraska. Mrs. Sherman will remain in Lincoln some two weeks longer before returning to her home here.

Miss Dewey Mitcham returned last Friday noon from a vacation trip in Colorado and New Mexico.

HILLCROFT BOYS LOSE TO AMARILLO

LOCAL GOLFERS MINUS FULL STRENGTH PROVE EASY PREY.

The Hillcroft golf course was the scene of the inter-city match between the Hillcroft players and the Amarillo team from Amarillo Sunday afternoon. Twenty-four members of the Hillcrest team made the trip to Clarendon and they were warded with an easy 17-7 victory over the locals golfers. The match would have been much closer had the Clarendon team had their full force in action. Several of the team being out of the city at the time. So few were the Clarendon players at first there was a call sent out for some that had not played for over a year to supplement the card.

The Amarillo players were loud in their praise for the reception they were accorded while in the city and especially for the fine dinner served at the hotel.

Scores for the match are given below:

- Hatch beat Al Cooke 3 up.
- Hagen beat Penel 1 up.
- Wilson beat Woolsey 6 up and

- Bennett Kerbow beat Kidd 2 up.
- Young beat Weatherly 1 up.
- Wood beat Anderson 5 up and 4.
- Casey beat Smith 5 up and 4.
- Clark beat McCleske 3 up and

- Loden beat Kenneth Kerbow 2 up.

- Reed beat Patman 2 up.
- Mager beat Parson 2 up.
- Perrine beat Bagby 2 up.
- Westbrook beat Dick Cooke 5 up.

- Buntin beat Roquemar 2 up.
- Henson beat Alec Cooke 4 up.
- Workman beat Nobles 1 up (20 holes).

- Bill Cooke beat Griffis 3 up.
- Satterwhite beat Douglas 2 up.
- Kennedy beat Dillon 2 up.
- Foster beat Ralph Kerbow 2 up.
- Sapp beat Vaughn 6 up.
- Duck beat Boykin 3 up and 2.
- Scott beat Dyer 1 up.
- Clements beat Wilson 4 up.

First Presbyterian Church

Robert S. McKee, pastor. Sunday School, 9:45 a. m. The Pastor being away, there will be no preaching services this and the following Sundays. The members are urged to attend worship at other churches.

There will be no meeting of the Auxiliary next week, it being a fifth Wednesday.

Miss Decima Laten of Ardmore, Oklahoma, was a visitor in the home of Miss Beryl Moore last week. Miss Moore accompanied Miss Laten to her home at Ardmore Friday where she will spend a few days.

Legislature's Adjournment Marks Pre-Campaign Activity In Texas

MANY CANDIDATES ANGLING FOR SUPPORT OF VARIOUS BLOCS AND WINGS OF TEXAS DEMOCRACY WITH STILL OTHERS REGARDED AS POSSIBILITIES.

By Gordon K. Shearer United Press Staff Correspondent.

Austin, Texas, July 23—(UP)—Adjournment of the State legislature has set free a number of legislative candidates for office and a number of prospective candidates—both in and out of the legislature.

Definite announcements of candidacy for governor have been issued by Lieut. Gov. Barry Miller, Dallas; Tom Love, Dallas; Miss Katie Daffan, Ennis; Former Mayor Oscar Holcombe, Houston; T. N. Mauritz, Ganado; and E. G. Senter, Dallas.

Candidacies discussed at Austin as "likely" include: Former U. S. Senator Mayfield, Former Governor Neff, R. S. Sterling, Houston; L. R. Bobbit, Laredo; Lee Satterwhite, Odessa and Dr. S. P. Brooks, Waco. It was also considered possible that there may be a repetition of a campaign with two Davidsons running for the high state office—Lynch and T. W.

Mauritz is running frankly to urge the state income tax which he proposed to the recent session of the legislature.

Neff's candidacy is said to be dependent upon Mayfield's. If Mayfield runs, Neff is expected to do so. Mayfield's refusal to endorse Neff for reappointment on the Federal railway arbitration board and the \$12,000 a year plum went to Former Governor O. B. Colquitt. Neff was denied that he now is a candidate although R. B. Walthall, who was Governor Neff's confidential secretary, has said positively Neff will run. Neff appointed Walthall on the State Board of Control for a six year term which expires Jan. 1. Walthall is so sure that Neff will again be in the field that he said he would not be a candidate for reappointment, but will give his time to Neff's candidacy.

The candidacies of Sterling and Bobbit are also probably each dependent on the other, with the difference that if one runs the other likely will not.

Sterling, who has been chairman of the State Highway Commission, recently said Bobbit was his choice for next Governor. Since then Sterling has repeatedly been asked to run himself. The frowns with which he first met such suggestions are said not to be so deep now.

Candidacy of Former Mayor Oscar Holcombe of Houston, also may depend upon Sterling's decision. If Sterling runs, Holcombe would be opposed by his home town papers, probably. Sterling is part owner of the Post-Dispatch of Houston. The Houston Chronicle recently urged Sterling to be a candidate. The Houston Press fought Holcombe and it is believed to have been largely responsible for his defeat as a candidate for re-election of Houston.

Neff's candidacy would likely prevent the running of either Dr. S. P. Brooks of Waco or Cullen F. Thomas of Dallas. Thomas has not been announced but he spent some time in Austin recently and it is believed here, would like to run if the field clears up.

M. W. Headrick and wife, also Miss Ineva Headrick left Thursday for Stratford where they visited relatives until Saturday, when they all returned home. They report a heavy wheat harvest in section with several days remaining before conclusion of the present season.

Miss Mary Catherine Headrick of Amarillo, together with her sister, Miss Dorothy, visited with friends and relatives over the week end.

TABLES TURNED AFTER 15 YEARS

"Sargon turned the tables for me after I had tried for 15 years to get well of stomach trouble. Now I am gaining every day. I went from 119 to 130 pounds, a gain of 11 pounds in three weeks on just three weeks on just three bottles. That's pretty good for a man 62 years old."

"I suffered day and night for almost 15 years and spent many hard earned dollars for medicines, but none of them reached my case until I got Sargon. I felt weak and sick from morning until night. I would just drag myself around but now I feel years younger and can keep going all day. I eat anything I want and have no trace of stomach trouble, headaches or dizzy spells any more."

"The Sargon Soft Mass Pills strengthened out my liver and I no longer suffer from biliousness and constipation. It sure is great to be feeling like my old self again and I will always praise the Sargon treatment. There never was any medicine equal to it."

G. B. Beatty, 514 Page Street, Ft. Worth, Texas. Douglas & Goldston, Agents.

LEGION SEARCH FOR MOST DISTINGUISHED MAN IS ON

As announced in these columns last week, the American Legion is stinging a search for the most distinguished man in Clarendon. This man is to be chosen by vote from among a list of candidates prepared by various bodies of this city, each one of them submitting some one of the men of the city as their choice. Cards are to be mailed to the members of the Legion in the Aubyn E. Clark Post and they will vote for the man they consider to have done most for the county or city in the past year. The presentation of the certificate will be made at some public meeting in the near future and the name of the winner will be graven on the Roll of Honor and kept in the State headquarters of the organization at Austin for future generations to see and recognize.

It is the plan of the State organization to continue this work from year to year and keep the names as they are presented. The certificate of award is a beautifully engraved piece of work and will be found to be a memento worth the keeping. The name of the man winning this distinction will not be publicly announced until the time the presentation is made.

Robert Weatherly left last Thursday night for Temple where he will spend some time receiving medical treatment.

John G. Hutton, who has attended the summer session of A. & M. College at College Station, returned to this city Friday afternoon.

DRS. JENKINS Legally Licensed Physicians and Surgeons Office Phone 2

R. L. Jenkins, M. D. O. L. Jenkins, M. D. Res. Phone 153 Res. Phone 197

Dr. and Mrs. S. F. Hunycutt and family returned late Sunday from points east of Vernon, where they had been to secure the remainder of their household equipment. Dr. Hunycutt reports that he encountered splendid crops to as far as Vernon, and that he was held up there for two days due to the heavy condition of the roads. He was pulling a heavy trailer and could not make the roads as could cars loaded more lightly than was his.

HEDLEY BOY PREACHES FIRST TIME SUNDAY

Rev. Kendall of Hedley delivered his first sermon at the Methodist Church in that city on last Sunday evening. Rex was recently converted in the series of revival services held in that city and has dedicated himself to the work of preaching. He and a number of other Hedley young folk are planning to go to Abilene this Fall and will enter McMurry College at that city.
