Mental Anomalies. ...During the deer season in Min- ...nesota men paid a three dollar ...license for the privilege of wad- ...ing forth into the forest armed with ...a Winchester. Eleven people were ...killed in fifteen days. Now the ...question is, should the license fee ...be returned to a so-called hunter if ...he fails to kill a deer, and merely ...kills a man instead?

Down here in Texas, Gov. Ster- ...ling refused to sign a law twice ...passed by the Legislature this ...year exempting farmers from pay- ...ing a three dollar truckers license ...merely because the Governor was ...bumped into by a truck driver. ...Since no test, mental or otherwise ...is required in securing the truck- ...er's license, we merely suppose ...that the Governor is of the opinion ...that it is worth three dollars to ...any man to bump a governor.

Intelligent Heathens. ...We hear much now and then ...about the ignorant heathens of ...Russia. We are led to believe that ...the nation is inhabited by a race ...of woolly monsters. On the other ...hand, right at this time the Rus- ...sian Cossack Chorus, natives of ...southern Russia, are touring the ...United States.

Fourteen men are included in ...this chorus that sings from clas- ...sics written by such masters as ...Tchaikowsky, Rubenstein, Mendel- ...ssohn and Foster. They are mak- ...ing a big hit in our educational ...centers where people are said to ...be trained to appreciate the clas- ...sics. They visited Austin last week ...appearing in Gregory Gym where ...the students of the State University ...pronounced them first class. Some- ...how all these stories that we hear ...so much about heathenism in Rus- ...sia do not appear to be real.

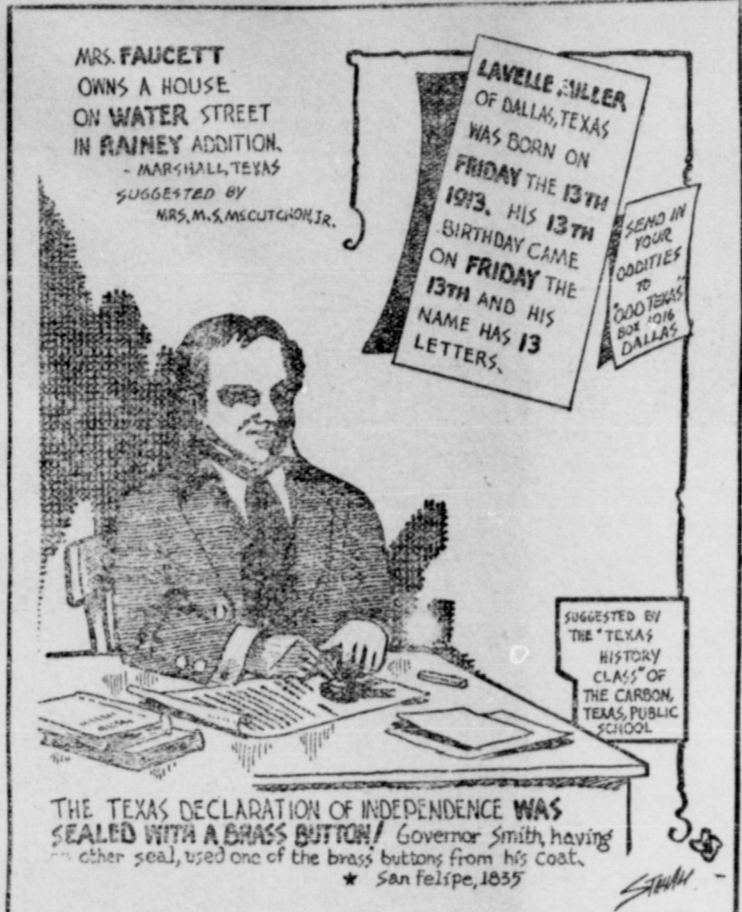

Ole Pide And Roddy. ...A hark from the tomb is being ...sounded down in old Upshur coun- ...ty by one C. E. Zerbie. He is pos- ...sibly of Irish ancestry if we may ...properly judge from his name. ...Anyway, he has abandoned his ...tractor for oxen.

TIME COUNTS when you're in PAIN!

Insist on genuine Bayer Aspirin; not only for its safety, but its speed. Take a tablet of Bayer Aspirin and some other tablet, and drop them in water. Then watch the Bayer tablet dissolve—rapidly and completely. See how long it takes to melt down the other. That's an easy way to test the value of "bargain" preparations. It's a far better way than testing them in your stomach! Bayer Aspirin offers safe and speedy relief of headaches, colds, a sore throat, neuralgia, neuritis, lumbago, rheumatism, or periodic pain. It contains no coarse, irritating particles or impurities.

Zerbie has modernized the yoke to the extent of using auto casings for steer collars. Trace chains are being made from mud chains. He proposes to manipulate this form of farm power until cotton goes back to twenty cents a pound.

Instead of the soft purr of the motor, the resonant sounds of "gee and haw" will be wafted by gentle zephyrs through the stately pines that kiss the stars and tickle the angels' feet. Upshur used to be hard on women and mules before the days of cheap crude and high-priced gas. What it will do to Zerbie and his oxen remains theory alone, but let us hope that he piles up sweet 'aters and goobers where once was piled gas and auto bills.

Buying County Tractors. Now that most taxpayers are looking about for visible means of lowering the tax burden, it might be well to discuss the recent action of our county commissioners in proposing the purchase of a \$3,000.00 tractor equipment for road work.

In the beginning let it be known that all of the commissioners do not favor the idea at this time.

This proposed purchase is said to apply to machinery for Precincts 1 and 2. In addition to the \$3,000.00, the old machines would be thrown in for good measure to square the deal.

Warrants would have to be issued for the \$3,000.00 since the

county is said to be without funds for this purchase. Road machinery costing \$6,000.00 including the old machines was purchased in August of 1929. Warrants were given and a part of them are said to be unpaid.

In April of 1930, old machinery may have been traded in on a deal for new machinery that cost the county \$2468. Outstanding warrants are yet unpaid on this transaction. There is no criticism or suggestions to offer with reference to either of the transactions in 1929 or 1930.

If warrants are issued to pay \$3,000.00 for machinery for use in Precincts 1 and 2, the whole county is bound to foot the bill. Warrants cannot be issued against one or two particular precincts.

It appears to the writer that it would be better for the taxpayers to refrain from any further purchase at this time, and if necessity becomes urgent, to hire men and teams to do the extra work. We have plenty of taxpayers ready and willing to take a job at fair wages and do honest labor. This action of the commissioners is meeting with quite a bit of criticism, and it is to be hoped that they will change their minds on the matter.

Charley Walker of the Conway country was down Saturday trading with the boys, or at least trying to, and placed an ad with the Leader. He also had the Leader sent to him at Conway.

W. E. Davis, a leading stock farmer of the Brice country was in town Saturday. While here he paid up for the Leader to be sent him two years longer.

Elmore Lane left Saturday to attend the funeral of his father, J. M. Lane at Jacksboro.

YOUR EYES and YOUR HEALTH Everyone realizes today the direct relationship between good vision and good health. Eyestrain causes headaches, nervousness, general physical and mental exhaustion. Often this eyestrain is going on while we are all unconscious of it - - - and serious damage has been done before we take the necessary precautionary steps. To be safe, have your eyes examined at least every eighteen months, oftener after forty. DR. T. M. MONTGOMERY OPTOMETRIST and OPTICIAN 626 Folk St. Amarillo, Texas. TEMPLE OF TRUTH
By the Apostle

The Apostle is getting down to a deep study. He is forced once more to make use of what little brains he has in an effort to solve a problem for one of his best friends. An old boy comes in and talks about his wife. He told how she had made a living for the whole family for the past three years by canning, cooking and sewing for the public. He's mighty proud of her and knows she is worth a lot to him, but he can't figure out just how much. He wants to get her life insured, put a spider in her coffee, and collect enough life insurance to pay off the mortgage on his place.

The College Hill widow says the saddest thing in life is the overproduction of husbands who are simply misunderstood at home, and she has had five of 'em.

Jim Heckman, local inventor, dreamed the other night that he had invented a new-fangled breakfast food. When he woke up, he had chewed a corner off the mattress.

For the benefit of the women folks who are building fruit cakes, and a lot of them are right now, I want to pass on a good suggestion. Mrs. J. B. Turnbow says that if a ripe apple is wrapped up with the cake inside a paraffin paper, it will have a much better flavor. This is a fact—no foolin'.

When the Arkansawyers had no market for their peaches this spring, they scraped the fuzz off the peaches, made it into hospital pillows and got more out of the fuzz than they ordinarily do out of the fruit crop. (P. S. That won't work anywhere except in Arkansas, unless it would be Jack county.)

A mighty fine woman has lost her false teeth. She lost them on

her way home from Clarendon to near Ashtola. The teeth are wrapped in a box. She needs them badly. Please return them to the Leader office and get a small reward.

The Apostolic poor farm is deeply indebted to our near neighbors. Mr. and Mrs. W. D. Martin for a fine mess of spare ribs and back bones. The backbones were cooked with turnips Sunday. If you have never experienced that in your family, try to do some borrowing among your neighbors and try it.

Reading in a Florida exchange this week we found the brother summing up the tourist season thusly: "It was a great summer for sightseers, wild women and bootleggers." It is not worth while to stampede down that way before June.

After trying all the shaving creams, flat mouth and otherwise, we finally got our senses back this week and went on the soap and mug diet. Any man who is forced to shave with a cross-cut saw ought to have plenty of good foam that won't dry before he can make the first scrape, and after drying, take all the hide off.

Speaking of shaving, nature has some great ideas. About the time a fellow gets around fifty, nature jerks the hair off the top of his head and sticks it into his nose and ears.

A big crop of nuts is reported from Brown county. We have some here but they travel at 50 miles per and better.

A lady of this town brought in an article "written on men." She starts off by saying that "the way to a man's heart is through his stomach, etc." and further suggests that he be "fed devil's food cake." It is a good article, but if we printed it, over half of the men in town would think we were taking a personal dig at him, because it fits the average man. It's worse than poetry, and that's saying a whole lot.

Speaking of poetry, we get an average of two articles each week. Some of them would take up a whole column. The rate for printing "poetry" is given beneath the masthead on page two of every issue. It may make the writer sore when we refuse to print it, but we have to protect the feelings of several hundred others who don't write this form of "poetry."

An old man once told us never to knock on a gossip because God made them the same as He made fleas, lice, blister bugs, wasps and yellow jackets. Why He made these pests, no one seems to know, and darned if I do either.

In the old days it was the ambition of a lot of farmers to retire and open a livery stable. He did not get around to it until the filling station day got here, so he tried that with the same results.

SUNNYVIEW

Everyone out this way are about thru gathering their crops, the weather being ideal most all fall. Mrs. S. T. Clayton spent Wednesday in Clarendon where she helped the ladies of the Methodist church quilt a quilt. When sold the proceeds will go to help the church work. Mr. and Mrs. Sam Dale and daughter Lucile of Goldston were callers in the R. A. Brame home Sunday afternoon. Neal Bogard is hauling his bundle feed to his new horse in the

Hudgins community this week. Rev. and Mrs. Melton Evans and daughter, Mary Louise of Brice were dinner guests of her sister, Mr. and Mrs. Jack Bailey Saturday.

Speaking of the many good things to eat, Mr. J. O. Thompson who lives down the road has the finest turnip patch in Donley Co. They were planted where an old lake had once been. The turnips are the purple top, large sweet and juicy, some weighing 7 and 8 lbs. and have guessed at 100 bu. in the patch now, he having sold a big amount of them and they still have nice greens on them that will make good pot licker when a nice size piece of hog jowl is mixed in the cooking.

Mr. and Mrs. Lee Wood have moved to the farm home of L. L.

Wood and helping gather the crop. At a regular meeting of the Rebekeh Lodge No. 149, the following officers were elected for the new term:

- Mrs. Allie Mosley, Noble G.
- Miss Emma Ayers, vice G.
- Mrs. A. M. Lanham, Sec.
- Mrs. Nora Morgan, Treas.
- Mrs. Pearl Bailey, representative to Assembly I. O. O. F.
- Mrs. Edith Williams, Alternate
- Mrs. Lena Russell, Lodge deputy

PLEASANT VALLEY

Mr. Ward and Mr. Jessy Beach of Wichita Falls spent Saturday and Sunday in the home of his sister, Mr. and Mrs. Nelse Robinson.

Miss Lopez Whitt, who is teaching at Hudgins, moved to the teacherage there Saturday. Her school began Monday after being out for cotton picking.

Mr. Dewey White of Amarillo and U. Z. Patterson of Clarendon and Alton Dorsett of Lubbock were Sunday visitors in the P. H. Longan home.

Mrs. W. D. Higgins and Miss Ruth Corbin of Clarendon shopped in Amarillo Wednesday.

Mr. and Mrs. J. T. Wilson and Mr. Gene Chamberlain were dinner guests in the John Goldston home Sunday.

Mr. and Mrs. P. H. Longan and family, Mr. and Mrs. Snooks Andis enjoyed a quail supper in the Ben Andis home of Clarendon Friday night.

Friends of Mrs. Bill Gaitler,

formerly Miss Henerieta Longan of this community will be interested to know that she held the lucky ticket at a Memphis theatre last week which entitled her to the prize of a \$125.00 bedroom suite. Laverne Goldston got his right hand severely cut Friday morning when his pony and a car collided.

Guy Smith was forced to abandon his mining operations in the Colorado mountains due to heavy snow, and has returned to Clarendon.

Hi Harred of Conway was down on a matter of business Saturday. He used to live in these parts and has a lot of friends down here who would like for him to show up a little oftener.

How One Woman Lost 10 lbs. in a Week

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."
To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go lighter on fatty meats, potatoes, butter, cream and pastries—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any drugstore in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.
But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

MOTHERS CLUB
At a meeting of this Club held at the Club Room Friday evening, plans were made for a Christmas tree and program for the children in the Club Room December 13, in the afternoon.

All club mothers and their children are invited. Each child will be given a present.
Mrs. U. J. Boston was leader in the program presented, reading two chapters on child psychology. The subject was also discussed by the members.

Mrs. Robert G. Dillard discussed the amount of sleep required for children.

An interesting child program was presented by nine pupils from the school rooms of Mrs. J. H. Headrick and Miss Vada Waldron in which each child represented an animal imitation. At the close of the program, the children were served cookies.

1930 NEEDLE CLUB
Mrs. Turner Kirby entertained the members at the home of Mrs. Rhea Couch Tuesday afternoon,

quitting being the principal diversion.
Lovely refreshments were served by the hostess to Mesdames Rhea Couch, Carl Peabody, Vada Carpenter, Ben Buck, Clarence Whitlock, Ralph Andis.

1912 NEEDLE CLUB
The members of the 1912 Needle Club were entertained by Mrs. Sella Gentry at her home Thursday afternoon. Fancy needle work and visiting were the main features of the afternoon after which dainty refreshments were served by the hostess.

Members attending this meeting were Mesdames H. C. Kerbow, L. S. Bagby, J. B. Baird, Hall, A. R. Letts, Mollie Gray, B. L. Jenkins.

WIN ONE S. S. CLASS
The Win One Sunday school class of the Methodist church met Monday in the T. M. Pyle home with Mrs. Pyle, Mrs. J. H. Clark and Mrs. V. A. Kent as joint hostesses.

During the business session plans were made to have a food sale market Saturday. They will also begin their "hope chest" efforts.

The social hour was enjoyed and a lovely chicken salad course was served to afternoon guests, Mesdames L. Ballew, Fred Story, Gussie Stricklin, Miss Kate Pracher. And members, Mesdames R. C. Weatherly, Eva Rhodes, E. B. Bowen, R. Y. King, John Blocker, Bill Meaders, Fred Russell, Will Johnson, T. R. Brown, F. J. Hommel, J. T. Patman, W. D. Van Eaton, Sam Braswell Sr., R. Wilkerson, Rich Holder, Misses Katie Meaders, Katherine Ross, Mabel Johnson.

1926 BOOK CLUB
The 1926 Book Club held its annual "Book Tea" Tuesday December 6th at the Club Room. The room was beautifully decorated reminding everyone that Christmas is just around the corner, even to a Christmas tree, and a snow scene on the mantle.
Beautiful books for children were on sale at tables with their covers of red and green.
The tea table was very attractive covered with a lace cloth; a center piece of poinsettias with tall red tapers on either side in Holly Holders.

Mrs. W. A. Clark, Mrs. Roy Ingram, Mrs. G. L. Boykin, Mrs. Clifford Davis, Mrs. Lalar Wilkerson and Katherine Stark, presided at the tea table during the afternoon.

OLD, BUT STILL TRUE

Methuseiah ate what he found on his plate
And never as people do now,
Did he note the amount of calories count;
He ate because it was chow.
He wasn't disturbed as at dinner he sat
Destroying a roast or a pie,
To think it was lacking in granular fat,
Or a couple of vitamins shy.
He cheerfully chewed every species of food,
Untroubled by worries or fears
Lest his health might be hurt by a fancy dessert,
And he lived over nine hundred years!

Cliffie McDowell Huffman

Cliffie D. McDowell, daughter of Mr. and Mrs. C. D. McDowell, was born May 31, 1906 in Moore county, Texas moving to Clarendon in 1912 where she attended high school and Clarendon College. She later attended West Texas State Teachers College at Canyon and Southern Methodist University at Dallas.

She taught mathematics in the White deer school beginning in January of 1928, and it was there that she met George Berl Huffman to whom she was married in November of 1930. Mr. Huffman was then coach at Whitedeer. Lubbock became their home in 1931 where Mr. Huffman became assistant high school coach.

Mrs. Huffman became a member of the Methodist church at the age of fourteen, and was affiliated with the church at Lubbock at the time of her death. The pastor, Rev. J. O. Haymes, had charge of her funeral rites here Saturday in the home of her parents.
Mrs. Huffman's sudden death at Lubbock December 1st after giving birth to twin daughters who also died, came as a shock to her family who were at her bedside.

Besides her husband, she is survived by her parents, one brother, H. C. McDowell of Whitedeer, and one sister, Mrs. Walter Fraser of near Groom.

Out of town relatives attending the last rites here were Walter Campbell, wife and daughter, J. F. Johnson, D. D. McDowell and wife, Mrs. Minnie Durey of Wellington, J. C. McDowell and family, Bill McDowell, Mrs. John Cook, Dodd McDowell and wife of Goodnight, Mrs. Ez McDowell, Oscar McDowell and daughter Mrs. Berl Beck of Amarillo, and a large number of relatives of Mr. Huffman.

Former Residents Return To Make Home in Clarendon

Mr. and Mrs. Fred A. Story returned here the last of the week to again make their home in Clarendon where he will be associated with the News. They have been making their home in Falfurrias the past several months.

Mr. Story operated the News here some time ago after closing out his drygoods partnership with Bob Strickland. He was also employed in the Donley County State bank previous to becoming associated with the News.

He was associated with Sam Braswell in the purchase of the Childress Post and later became the editor of the Childress daily Index.

Daughter of Sam Houston Is Buried Tuesday

Mrs. Nettie Houston Bringhurst, last surviving daughter of Gen. Sam Houston, was buried from the old Alamo building in San Antonio at 10 a. m. Tuesday.

Her death came after an auto accident in which the car turned over when a tire blew out near Schulenburg Saturday. The car was being driven by her daughter, Mrs. Nettie Bush. The only surviving member today of the Houston family is A. J. Houston of La Porte, Texas.

Albert Johnson, son of Mr. and Mrs. Will Johnson returned from army service in Pacific waters the last of the week. He had been stationed in the Philippines for some time previous to discharge. He also spent some time in China during the uprising.

Several have expressed a desire to be present at the barn dance frolic and old-time fiddle contest to be held in the City Auditorium at Amarillo tomorrow night in which a number of Donley county artists are to enter for prize contenders.

C. L. Knight was accompanied on a business trip to Wichita Falls Saturday by his son J. D.

Mr. and Mrs. L. L. Taylor visited their son George and family at Panhandle Sunday.

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"FORGIVENESS"

Divine rules of forgiveness are laid down in the Scriptures. "Be ye kind one to another, tenderhearted, forgiving each other, even

as God also in Christ forgave you" (Eph. 4:32). "If thine enemy hunger feed him; if he thirst, give him to drink; for in so doing thou shalt heap coals of fire upon his head. Be not overcome of evil, but overcome evil with good." (Rom. 12:20, 21). "If ye forgive men their trespasses, your heavenly Father will also forgive you. But if ye forgive not men their trespasses, neither will your Father forgive your trespasses" (Matt. 6:14,15).

So forgiveness may be looked for only by those who observe these rules absolutely. Prayers for par-

don reach no higher than the roof unless the petitioner is willing to forgive those who have offended him. Such a prayer, offered by an unforgiving man, is tantamount to a request that the Almighty should take vengeance upon him, and be unrelenting in spite of pleadings for pardon.

To refuse to forgive others not only prevents God from forgiving us, but is a sure indication of the utter weakness and impotence of Christian character. To forgive is to be God-like. He who refuses to forgive shall sit lower than the level of the beast.

Alex. Maclaren says: "The true way to overcome evil is to melt it by fiery coals of gentleness." That is God's way. An iceberg may be crushed to powder, but every fragment is still ice. Only sunshine that melts it will turn it into sweet water. Love is conqueror and the only conqueror, and its conquest is to transform hate into love.

The world is now one great neighborhood, let's make it one great big brotherhood, by observing, "Golden Rule Week" and doing unto others as we would have them do unto us.

To help you start the "Golden Rule Week" off right we will preach a sermon on "The Blind Man's Prayer" next Sunday morning, and at the evening hour our subject will be, "Prisoners of Hope."

Hommel's One Stop Station Adopts New Methods

There has been a great deal of discussion among business firms here to adopt the strict cash basis of doing business, a more modern method that is being adopted all over the nation.

The Hommel Brothers One Stop station this week makes such announcement in a page advertisement in this issue. Along with the new policy of the firm, it will be noted that prices have been reduced to a very low level making it to the advantage of the purchaser to pay cash and thus affect a big saving.

A number of firms in various lines expect to make the change to a cash basis soon. It is said that people in general heartily approve the method because of the attractive saving. The buyers have the cash to pay for purchases and see no reason why they should pay a price that will make good the losses on those who never pay their bills according to an age old custom of credit business that is rapidly passing.

Blue Pierce has decided to abandon the Channing country long enough to make a crop on the home place north of town this year.

J. L. Williams of near Paint Rock, Texas came in the last of the week for a visit with his son Ted of the Norwood pharmacy.

Mr. and Mrs. Mike Baird announce the birth of a seven pound son December 7th who has been given the name of Bobbie Tom Baird.

HOG KILLING TIME

Scour out the big wash kettle. We're going to butcher hogs. Howdy, Henry, Bill. Thaw out yer Feet beside these blazing logs.

Hist up the spotted Berkshire. Now scrape him, Jim and Pete. I might know you fellers' innards Were a honing for fresh meat.

The women in the kitchen Are frying the brains and melt. Ain't the savor of those spare ribs Just the best you ever smelt?

I'm eating high this winter On hickory ham, hog-head, Souse and jowl, sage-seasoned sausage And a pone of crackling bread. —Joy Catherine Baker.

"IF" KIPLING HAD WRITTEN IT LIKE THIS

If you can see what some folks call "depression" As nothing but a spin of Fortune's wheel; If you can keep your poise and self-possession No matter what you think or how you feel; If you can view a stupid situation All cluttered up with "ifs" and "aws" and "buts" And take it at its proper valuation A challenge to your common sense and "guts"; If you can rise above the mess and muddle, If you can glimpse a rainbow through the clouds When Doubt and Dread and Fear are in a huddle And hope is being measured for a shroud; If you can keep a saving sense of humor For stories that are slightly inexact; If you can disregard Report and Rumor And not accept a statement as a fact; If you can spread the gospel of successes, If you can stir the spirit that instills The latent lift in lathes and looms and presses And lift the stream above a thousand mills; If, briefly you can spend an extra dollar, If you can pry the sacred Roll apart And buy another shirt or shoe or collar And act as if it didn't break your heart; If you have faith in those with whom you labor And trust in those with whom you make a trade; If you believe in friend and next door neighbor And heed examples pioneers have made; If you expect the sun to rise tomorrow; If you are sure that somewhere skies are blue— Wake up and pack away the futile sorrow For better days are largely up to YOU!!

EDUCATIONAL DIGEST

The famous historian, H. G. Wells, says that the "Smart Alec" is the chief enemy of mankind. —G. G.

As mere devices to keep children off the streets, school buildings are necessary. There could be no cities if there were no schools to supplement the narrow living quarters occupied by the majority of the people of this county. —Charles H. Judd.

Out of each 1,000,000 without schooling, only six attain distinction. Out of each 1,000,000 with elementary schooling, 24 attain distinction. Out of each 1,000,000 with high-school education, 622 attain distinction. Out of each 1,000,000 with college education, 5,768 attain distinction. So it seems that for all their faults, the schools are a good investment. —Glenn Frank.

One dollar out of every twenty of the national income is spent for education. —G. G.

At the present, it seems as if the chief enemy of the school children is the politician and the false economist. —G. G.

As a group of manufacturers, the consensus of opinion every since this association was organized in 1928 has been against wage cutting, and what adjustment of wages has been made has been very slight. Our country has never been prosperous during times of low wages and salaries, and we do not believe that the solution of reducing the tax budget is in cutting salaries beyond a reasonable adjustment. In looking over the salary list for the schools, we do not see where teachers are overpaid, measuring their compensation by our own yardstick of what would be necessary in industry for similar service and length of preparation. —J. F. Buss, Pres. Ann Arbor Manufacturers' Association.

Having mismanaged credit and

currency, they now tell us that education must be mismanaged, too. Having stupidly forced the liquidation of business, they are now even more stupidly forcing the liquidation of intelligence. In the last decade we have spent money liberally on buildings. These buildings now stand empty. Is that saving? Is that the proper use of income? If we had spent our money on education and health, we would at least have something that is of some good to us today. —W. T. Foster, Economist.

During times of adversity educated people suffer less than the untrained people, because a person who has a broad liberal education is able to adjust himself to the changing social order more readily than an untrained person. —G. G.

Warden Lawes says that the scope of our educational system is too narrow. Warden Lawes insists that appropriations for schools must be increased. Yet there will be a satisfactory balancing of budgets because there will be less need for juvenile correction institutions. —G. G.

Did you ever stop to think what the life of your child would be like without the common school? How would he spend the long days, where would he play, what friendships would he make, what influences would mould his young personality, how his faith in himself and human nature would be effected by a thoughtless world, how he would make that important transition from the simple life of the family to the more complicated life outside, where he would learn not only to read, to write, and to cypher but the thousand and one other matters that determine his ability to get along in the world? WOULD YOU BE WILLING TO UNDERTAKE THIS TASK BY YOURSELF? YOUR CHILD'S SCHOOL REPRESENTS YOU. IT SEEKS TO DO FOR ALL THE CHILDREN WHAT THE BEST AND WISEST PARENTS WOULD FOR THEIR CHILDREN HAD THEY THE TIME AND THE TALENT. —G. G.

DIED!
Amid much groaning, moaning and taking on, OLD MAN CREDIT died at 12 p. m., December 8, 1932. Mr. CREDIT had been in bad health since the Fall of 1929 and gradually became worse until the end came. No doubt Mr. CREDIT had many friends who will mourn his timely end but we believe many more will be better off with him out of the way. In his younger days Mr. CREDIT was considered a good and honest man and helpful to his many friends and neighbors, but in the last few years he has been accused of introducing Mr. DEPRESSION and together they have ruined the whole world. His age and nationality are not known even by the oldest citizens.

BORN!
To MR. CREDIT'S many friends and others we are pleased to announce the arrival of MASTER CASH, born December 9, 1932 at 6 a. m. He is a fine, strong, healthy, good looking youngster and we hope he prospers and lives to a ripe old age. MASTER CASH has come to our place of business to make his home and will save you money on all your auto necessities and give you good, prompt, courteous service. We invite you to come in and get acquainted with MASTER CASH.

WILL YOU Be PROMOTED?

The bright, aggressive young man or young woman who is willing to devote a few months of the coming new year to study will surely have no reasons to regret the investment in either time or money. Business is becoming more and more a science. This, of course, means that one must be highly trained to compete with his co-workers. The standard of ethics in business today is so high that large organizations select with a great deal of care those who are to become a part of their organization and to be charged with responsibilities.

Are you preparing to take the place of those who are now directing the large concerns of today? The turnover each year is enormous. Places of responsibility are constantly made by promotion, old age, or death; and it is the wide-awake young person who has sensed his opportunity and qualified himself, who is bound to be recognized with constant promotion.

To be chosen however, one must be trained, must have the positive qualities of character—initiative, industry, and a desire to get somewhere. Harry C. Knight, President of the Southern Telephone Company, says, "Out of the depression

will come new ideas, new methods, and new leaders. It is soon going to be possible to determine what men and what organizations have done the best job in preparing themselves to take advantage of the improved conditions ahead." Be alert and write for their large free catalog, "Achieving Success in Business," and learn what a few months' training will do for you.

Democrats to Honor Memory Mrs. Garner at Detroit

Official bodies and citizens in general of Detroit, Texas, birthplace of John Garner, vice president elect, ask that democrats

making the trip to the inaugural ceremonies at Washington March 4th, plan a stop over to celebrate at Detroit.

Garner's mother lived to see him nominated, but passed away before his election. A wreath will be placed on her tomb during the ceremonies. Hundreds are expected to visit the birthplace of John Garner

and pay tribute to the memory of his mother.

J. W. Adamson and family, formerly of Ashtola, are now living near Hedley having made the move the last of the week.

Wake Up Your Liver Bile Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in bluishness. Your head aches and you feel down and out. Your whole system is poisoned. ... LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. ... But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

Flu Strikes Clarendon Like Many Other Towns

The warm, dry weather makes for ideal flu conditions. That's why it is said to be so epidemic in the southwest at this time. Some towns have been forced to abandon school, but no such conditions exist here to date.

from the plague this week, and a few pneumonia cases are reported. Physicians are advising best known prevention measures as in times past. To this late day, little is known of the flu in a curative way and the best method is to avoid those afflicted as much as possible and keep the feet dry.

Purina Feeds led all feeds in the production of milk when fed to dairy cows; in the production of eggs when fed to hens.

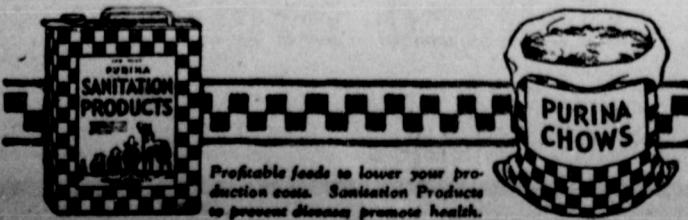

Don't think in terms of the cost of the feed but of the cost of your milk, eggs and pork.

There are cheaper feeds than PURINA FEEDS, but you get less milk and fewer eggs when you feed them.

Purina Feeds pay dividends to the farmer in increased yields of milk and eggs. Hogs thrive better and take on weight more rapidly when given Purina Feeds.

Carl Parsons is Burned On Face And Arm

While reaching into the extractor used in their cleaning plant about 3:30 this afternoon, the liquid caught fire in some unknown manner, burning Carl Parsons severely on the face and right arm. He received medical attention at once and it is believed that his injuries are only minor.

The blaze was extinguished with the plants own steam process of fighting fire before the regular fire department arrived. No property damage was done and work was resumed within a few minutes.

*** CHAMBERLAIN ***

Sunday school was held at the usual hour with a fair attendance.

Mr. and Mrs. Carl Adams returned home last week after a two weeks visit in the home of his parents at Nashville, Tenn. They report a very enjoyable trip.

Mr. and Mrs. Behrens of near Clarendon were ted time callers in the Hughes home Sunday evening.

Little Richard Reeves who was badly hurt when kicked by a mule last week was brought home from the sanitarium Wednesday of last week and is recovering nicely.

Mr. Brazile says just as soon as he gets to Congress he is going to have the government lights near Jericho discontinued because they so much have the appearance of lightning that he continues to believe there is a storm brewing.

Twenty two dollars was the net proceeds at the pie supper Friday night. It was a jolly crowd and every one seemed to have a good time. The community is under obligations to Misses Lucile Pope, Willie Anna Gorman, Miss Thomas and Mr. Bones for assisting in making the occasion a success.

Advertise Auction Sale On December 20th

Both men claim the Butler-Mosley auction sale scheduled for December 20th will surpass anything of its kind ever held in Donley county. That is saying a whole lot, but it is a fact that they are offering more stuff, and better stuff, than is found at most any kind of a public sale.

M. W. Mosley is putting in some of the finest Jersey cows in the county. His other stuff is good including some of the best work mules on any of our farms, but the cows are a choice lot and just the thing for the farmer who wants to realize a cream check every week.

W. L. Butler is also offering good stuff and among the lot you naturally admire those big Percheron mares and horses. The Butler farm is famous for its fine equipment, and the work stock is the best part of it. These well bred Percherons have sense like a human and there is no end to their strength if given half a chance.

Look over the list in their advertisement in this issue. They expect to give the folks a treat by having plenty of barbecue, coffee and other things that will make the crowd feel good. No, there will be nothing stronger than coffee offered in the line of drinks, but Mill Mosley knows how to make wash-pot coffee like nobody's business. The sale starts at 10 a. m. on Tuesday, December 20th.

Truck Driver Killed Near Giles Friday Night

The body of Bill Williams was found beneath a Miller & Miller truck which he had been driving between Hedley and Giles by two DeShong truck drivers early Saturday morning.

Williams passed through Clarendon about 9 p. m. Friday. The accident occurred at a sharp turn on Highway 5. It appeared that his truck turned over about three times.

Bill was known to many here and was a very courteous young man in dealing with the public. He

was employed on the Amarillo-Memphis run. Funeral services were conducted at the home of his parents, Mr. and Mrs. F. M. Williams at Childress, by Robert Price pastor of the Church of Christ, Sunday at 3 p. m.
