Rodeo Officials Are Named

Approximately twenty Donley County cattlemen and cowboys named the officials for the annual Third and Fourth of July Rodeo at a meeting of the officials at the County Agent's office Wednesday night. Lu McClellan was named as judge for the calf roping and team tying events. Ronnie Ray, Joe McMurtry, and Murray Dodson were selected as judges for the bronc and bull riding events. Tom Blasingame, Jake Chamberlain, and another man from the RO were named as pickup men for the bronc riding event. Joe Ritter was named as barrier judge. Murray Dodson and Loyd Shelton were named to be arena directors and directors of the grand entry at the beginning of each program. Jim Littlefield, W. J. Lewis, Jr., Edwin Favors, W. C. Thornberry, and Shi Johnson were other officials named for the annual event. A cutting horse and kids roping contest were added to the rodeo events previously announced. The kids roping contest will be for boys under 14 years of age. Other events are bull and bronc riding, calf and ribbon roping, and junior bull riding.

Federal Auto Stamp Goes On Sale 9th

That windshield tax is due again, Postmaster J. C. Estlack announced Monday. The new \$5 vehicle stamp will go on sale Saturday, the 9th. Beginning July 1, the stamps must be exhibited on all motor vehicles which are used on the highways. Purchasers are cautioned to make a record of the serial number on the stamp purchased because that serial number must be given when application is made to the Collector of Internal Revenue for a replacement in case of loss. Otherwise, the purchaser will have to dig up another five dollars for a stamp.

Miss Charlotte Molesworth and her father John Molesworth have returned from Ft. Worth where Mr. Molesworth underwent an operation at the Harris Hospital.

Bill Hermesmeier Dies This Morning

Bill Hermesmeier, long time resident of Donley County, passed away at the hospital here this morning at 8:30 after suffering a heart attack late last evening. Mr. Hermesmeier came to Donley County from Missouri in 1907 and has been living on his place east of Jericho since that time. He enjoyed a wide acquaintance of friends and was held in the highest esteem by all those who knew him. Funeral services will be held Saturday morning at 9:30 at the Catholic Church in Groom. He is survived by two brothers, Frank and John Hermesmeier of Jericho; six sisters, Clara Hermesmeier of Missouri, Mrs. John Regan of Dallas and Sisters Raymond, Fernanda and Bernadette Hermesmeier of Dubuque, Iowa. His body is in state at the Blackburn-Shaw-Buntin Funeral Home.

7th War Loan Drive Half Over With \$162,954.50 Needed

TWO REED BROTHERS VISITING RELATIVES HERE NOW

Fred and Vernon Reed arrived here at different times last week to visit with homefolks after spending 32 months in the South Pacific. They are both in the Navy Seabees and have been together since they left the states 32 months ago with the exception that Fred spent a few days in California before coming home. It is unusual that two brothers have the opportunity to stay together that long. They were with construction crews and moved in to several of the captured islands right along with the Marines. Their parents are Mr. and Mrs. H. M. Reed of Chamberlain and Mrs. Vernon Reed lives here in town. Fred's wife came with him from California.

LOCAL BARBER TAKES FIRST VACATION

Yes, it was Bob McGowan's first vacation, though he prefers to refer to the incident merely as a visit. He was accompanied by his daughter, Miss Fannie McGowan. They spent some time in the Abilene country. He visited his sister and other relatives near Henderson, way down in east Texas' piney woods section. He says crops are good from Ft. Worth east and around Abilene. When asked if he intended moving to the piney woods, Mr. McGowan promptly spoked what might have spread as a rumor by replying "not much and I intend to stay here as long as I live."

The Seventh War Loan Drive started four weeks ago and was designated to run through a period of seven weeks. There are only three weeks of this time left for the citizens of Donley County to raise \$162,954.50 in order to meet our quota of \$320,000. Out of the total amount still needed, \$84,385 will have to be in "E" Bond purchases in order to meet our "E" Bond quota of \$145,000. This is a job for every individual in the county, for it is the Series "E" Bond that is most important at this time. Below is a telegram received yesterday by the county chairman from the state headquarters and you may see how the situation here looks to the man down state who is held responsible for the work of his county chairman—and then in turn see the load that J. R. Porter is carrying right here at home.

Dallas, Texas June 5, 1945

J. R. Porter, Chairman Donley County War Finance Committee

Seventh War Loan Sales officially tabulated by Federal Reserve Bank for your county thru June 4 were \$60,615.00 Series E Bonds and \$187,045.50 over-all results of this drive to date. Somewhat behind previous ones. Would appreciate your reviewing your plans particularly for personal solicitations of individual buyers to assure success. Texas has always backed its fighting men with its dollars and we must not fall this time. Our responsibility on the home front cannot end until Japan is defeated.

Nathan Adams, State Chairman War Finance Committee of Texas.

J. R. Porter has called a meeting of the county board today in order to figure out some way the drive may be put over the top. If you haven't bought a bond yet or that extra one, don't wait for someone to have to call on you and remind you that it is your duty. If our boys on the battlefronts waited for someone to tell them to go ahead and fight and get their job done—just how long would this war last.

An unusual bond purchase was reported here this week by the Federal Reserve. Mr. H. Kirby of Walnut Grove, Mo. purchased a \$5,000 bond at his home there but had it credited to this county through the Federal Reserve. He is a land owner in this county and is a brother of Mrs. J. E. Hunt of this city.

Figure out what you can do and go buy that bond tomorrow. It is not a sacrifice on your part, for you will be drawing interest on the money you loan and you may need this money much more after the war than you do right now.

LOCAL BAND MEMBERS TO COLLECT WASTE PAPER JUNE 16

J. G. Stanley, local band director, announced today that the band members would canvass the town in another paper collection Saturday, June 16th. The money derived from the waste paper when sold, will go toward the purchase of new band uniforms which have already been ordered and due to arrive within the next few weeks. If you have any old paper, tie it up and place it on your porch in plain sight so they will not miss it.

MEMPHIS GETS FIRST NEW WHEAT

The first load of new wheat was marketed in Memphis Wednesday by A. S. Bevers of the Deep Lake country. The price paid was \$1.37 and the grain tested 57 pounds and made 12 bushels to the acre.

DR. LELAND S. LARIMORE TO BE AT CLINICAL ADAR HOSPITAL JUNE 12

Dr. Leland S. Larimore, who is connected with the Kansas City College, and is now teaching a Post Graduate course in Amarillo on eyes, ears, nose and throat, will be at the Clarendon Clinical Adar Hospital, at 8 a. m., June 12th. Anyone wanting to consult him on unusual ear, eye, nose, and throat problems please make appointments at the office of Dr. Keith S. Lowell as early as possible.

SGT. CORDELL BUCHANAN TO WEAR BRONZE OAK LEAF CLUSTER

Master Sgt. Cordell Buchanan, 1915 Orange street, communications inspector with the Four Hundred Fifty-fifth Bombardment Group, was recently authorized to wear the first Bronze Oak Leaf Cluster to the Distinguished Unit Badge when his group was cited "for outstanding performance of duty in armed conflict with the enemy."

Sgt. Buchanan is a son of Mrs. M. D. Buchanan of Clarendon. The Sergeant's wife, Jerry Buchanan of the WAC's at Ft. Meade, Va. was chosen as a member of a parade to honor the late President Roosevelt at the time of his death.

REMEMBER THIS SCENE—It was the home of Mr. and Mrs. J. L. McMurtry following the cyclone that struck here four years ago this coming Saturday. The writer happened on to this picture while checking through the old Leader files in quest of weather information, and in checking up the moisture of May and June during the past four years, finds that we are experiencing the driest period of that time right now. A general rain is needed now so that most farmers can go ahead with their planting.

LIBRARY NOTES

By Mrs. C. A. Burton

How our people are enjoying the library! And how we rejoice in that fact. Every time we get a new book we wonder where we will put it; but we must have new books, so we continue to get them and stack them, around anywhere.

It would rejoice your heart to see the tiny we people select their books; for their mothers to read to them. And our girls and boys are enjoying the release from study and so are reading just for pleasure.

It is interesting to hear a little tot of five ask, "Do you have any new books?" They are quoting their elders, of course. And not many people realize how many new books we do have; best sellers and popular books. No, we do not have them all, but we do have a good many of them.

Each year the reading public watches with interest for the Pulitzer Prize winners in all lines of literature. The trustees of Columbia University school of journalism have announced the 29th.

Used Fats Are Urgently Needed

Charles Reed, County Agent, has received request from War Food Administration stating that used fats are urgently needed. Save and turn in your used fats.

With collection of used fats on the upgrade in Texas, E. C. Munro, acting district representative, WFA's office of supply outlined today simple procedure for housewives turning in fats to meat dealers.

Through Office of Price Administration, meat dealers pay two red ration points and up to four cents in cash for every pound turned in. The red points supplement ration books and may be exchanged at any place selling meats, butter, fats and oils and other similarly rationed commodities.

Whenever possible, fats should be taken to dealers in tin cans, since they are more easily handled than glass jars. They also are less hazardous and require less labor and more simple process to empty.

The dealer weighs both the can and the fat, subtracting the weight of the can to determine the amount of used fats. Since housewives and dealers have requested it, Munro outlined standard weights of containers most commonly used in turning in used fats. Among them are: size 1 (soup can) which weighs 2.2 ounces; size 1 1/2 (can for dog food), 2.7 ounces while size 2, standard for vegetables, weighs 3.6 ounces.

Other standard sizes and wts. are as follows: size 2 1/2, large tomato or fruit can, 4.5 ounces; size 3, quart can for fruits and vegetables, 5.3 ounces and size 4 for vegetables or fruit juices, 7 ounces.

Bob McGowan and daughter Fannie left last week for a visit at Abilene to visit his sister. Fannie will go from there to Beaumont to visit her sister, Mrs. Dorothy Leggett and to New Orleans to visit her sister Mrs. Laverne Greene. She expects to visit about a month.

SENATE JOINT RESOLUTION NO. 7

Proposing an amendment to Article VI of the Constitution of Texas providing that any person in the armed forces of the United States, or of the Armed Forces Reserve of the United States, or of any branch or component part thereof, or any member of the regular establishment of the United States Army, Navy, or Marine Corps, or of any branch or component part thereof, or any member of the regular establishment of the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that other members of the armed forces shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

Section 1. There shall be submitted to the qualified voters of the State of Texas at a general election, to be held on the second Tuesday of August, 1945, at which election shall be submitted to the qualified voters of the State of Texas an amendment to the Constitution of Texas, providing that any person in the armed forces of the United States, or of the Armed Forces Reserve of the United States, or of any branch or component part thereof, or any member of the regular establishment of the United States Army, Navy, or Marine Corps, or of any branch or component part thereof, or any member of the regular establishment of the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that other members of the armed forces shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

Section 2. Nothing in this Constitution shall be construed to require any person who at the time of the holding of an election hereinafter referred to in, or who, within eighteen months immediately prior to the holding of such election, was a member of the armed forces of the United States or of the Armed Forces Reserve of the United States, or of any branch or component part of such armed forces, or of any member of the regular establishment of the United States Army, Navy, or Marine Corps, or of any branch or component part thereof, or any member of the regular establishment of the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter.

Section 3. The Governor shall issue the necessary proclamation relating to the publication of the foregoing Resolution, in the various counties of the state, and shall cause the same to be published as required by the statutes and the Constitution in connection with the submission of proposed amendments to the Constitution to the people for their action at a statewide election. If it shall appear from the returns of the election at which the foregoing amendment to the Constitution is voted upon that a majority of the qualified voters have voted for said amendment, same shall then become a part of the Constitution of Texas.

Section 4. There is hereby appropriated out of the General Fund of the State of Texas, not otherwise appropriated, the sum of Fifteen Thousand Dollars (\$15,000.00) or so much thereof as may be necessary, to pay the expenses of advertising said Resolution in each county in the state and for such other purposes as may be necessary, or required by law, or by the Constitution.

It rates a great big hand!

Even a child can understand a story as simple as this:—Every day thousands of cars are wearing out. There are no new ones to replace them. That is why it is so important to give your automobile the best possible care.

One of the best ways to do that is to use a really fine-quality motor oil. If you are not quite sure how to select such an oil, why not ask the man whose business it is to help keep cars running smoothly?

Your Phillips 66 Dealer will tell you frankly that, of all the different oils Phillips makes . . . for different preferences and pocketbooks . . . Phillips 66 Motor Oil is our finest quality. It is the highest grade and greatest value that Phillips offers to car-owners like yourself.

Time to change! Drain winter-worn oil, and refill with fresh, summer-grade Phillips 66 Motor Oil.

SCIENTIFIC.
Nature has a peculiar way of compensating for her alleged mistakes. Take, for instance, the man with a rigor-mortis mind, is also wired for sound. He seldom stops talking.

HISTORY.
Most men recall a great event in his past life. Matrimony? No. It was when he got his first pair of red-top boots with brass toes.

AVOCATION.
When a man gets too old to set a bad example, he spends his time giving advice.

ENIGMA.
If politicians are representatives of the people, how the heck

does it come that the same people generally regard them as a bunch of crooks?

GREAT MONTH.
June is credited with being the month of weddings. June also rhymes with moon, spoon and croon, which probably accounts for the whole thing.

STATUS.
Many a man who stands on his dignity would be safer standing on a banana peel.

DOUBLE BLESSING.
In order to please both sexes, the WPB has lifted the ban on the manufacture of hair pins and pipe cleaners. After all, a pipe cleaner is little more than a hair pin in long underwear, in case you never saw one.

LAW OF GRAVITY

Sir Isaac Newton was unquestionably a great scientist, but he must have left something to be desired as an economist. He believed, as you remember, that everything—without exception—was subject to his law of gravitation. He'd be surprised and chagrined to see how prices are behaving today. They certainly are one notable exception to his theory. It's much easier to let prices go up than it is to hold 'em down.

Business-managed electric companies really qualify as experts in this line, however. Because they've not only kept the price of electricity down to pre-war levels, but have actually succeeded in reducing the price in the face of rising costs for almost every other commodity. In fact, the price of electricity is so low today that the average American gets twice as much for its money as it did fifteen years ago.

Obviously, that was no accident. It didn't just happen. It represents a remarkable achievement. And it was brought about, in large measure, through efficient management on the part of the experienced men and women who operate America's business-managed electric light and power companies.

MEETING OF CHURCH COUNCIL

As announced, the Church Council of Women met on May 30 at the S. J. Ranch with Mrs. Millard Word, president. When a count was made, it was found that forty-one women were present. A delightful social hour with an abundant lunch under the trees was first enjoyed. Then the women gathered in the house for the business session and program.

With Mary Charlotte Word at the piano, all joined in singing. A review of the year's work brought out the fact that the council's activities had been varied. There was the sponsoring of the World Day of Prayer, a most helpful gathering of the women of all the churches, with a collection of \$26.20. Another special activity had been the collecting and packing of the clothing for War Relief under the sponsorship of the Lions Club. This resulted in such a splendid collection of excellent clothing which was shipped to the needy peoples of the war torn countries.

Explanation was made of the financial plan by which each church would contribute according to its membership; a small amount per member. Discussion of the need for help

in their community plans on the part of our colored population, and some plans made for same.

Mrs. Clyde Hudson had charge of a most helpful devotional. Mrs. C. E. Bairfield read a poem, "He is Not Dead—He is Just Away," in memory of those who will not return.

Mrs. Pete Kunz, Mrs. Allen Jeffries, Mrs. Otto Ralls, and Mrs. G. W. Green each presented helpful articles touching on the work of the Council and fitting in with the Memorial Day observance. Finally the cars were loaded and the groups of women turned their faces homeward after a good day.

1930 NEEDLE CLUB

Mrs. Nina Armstrong entertained the club Tuesday afternoon. The usual needle work and visiting were enjoyed. The club discussed plans for a club picnic for the husbands and children to be June 19th.

The hostess served a lovely salad course to Mozelle Wright, Mildred Larimer, Mary Wilma Naylor, Marguerite Carpenter, and the hostess, Mrs. Armstrong.

Sgt. Weldon Warren of Frederick, Okla. spent Sunday here with his parents.

BLOCKER—JONES

Miss Penelope Blocker was married to Mr. Rex J. Jones of Dallas, Wednesday, May 30th at 7 o'clock at First Baptist Church at Houston.

Mr. Jones is connected with Ely Walker Wholesale Dry Goods in St. Louis and Dallas. They will be in New Orleans, La., for a couple of weeks and will make their home in Dallas.

Mrs. Jones is the daughter of Mr. and Mrs. J. F. Blocker of this city.

New Meat Control Program

Charles Reed, County Agent, has received information from OPA concerning Livestock Slaughter and meat Distribution Control Order No. 1.

Many people do not realize that only meat killed or processed by Federally inspected packing companies is bought by Government for armed services, Lend Lease, etc.

Only Federally inspected meat can be shipped across state lines. This new meat order is designed to cause more livestock to be processed by Federally inspected plants, and increase number of Federal inspected plants.

Class I Slaughterers, Federal inspected—no limitation to number livestock slaughtered.

Class II Slaughterers, includes all slaughterers other than Class I or Class III.

Class III Resident operators of farms who slaughtered livestock or had livestock slaughtered for them from which they sold or transferred during 1944 not more than 6000 lbs. of dressed meat.

This is the information that farmers and ranchers need:

1. Sell more animals on hoof into legitimate commercial channels.

2. Farmers who expect to slaughter or have animals slaughtered for them after May 13, 1945, for sale as meat in their neighborhood or local community are requested to obtain a Class III permit from local OPA board. Application forms can be obtained by writing or contacting OPA office at Clarendon.

Farmers are urged to get permit before July 1st, even though you may not slaughter until fall or winter.

This permit limits the sale of dressed meat by farm slaughterers in any quarter of this year to same amount sold in corresponding quarter of 1944. If farmer sold more than 6000 lbs. dressed meat in 1944, he must apply to District OPA office for Class II permit.

3. Farmers who sold no meat, in 1944, may if they register with local OPA Board, market up to 400 pounds of dressed meat.

4. Farmers selling meat are requested to charge ceiling prices, collect proper number of red points for meat sold or given away, and to report their sales or points collected each month to local OPA. Simple forms containing this information will be issued farmers by OPA when permit is issued.

5. Farmers do not need slaughter permit to dress meat or have it dressed for them if they consume all of meat in home.

Pvt. Lewis Wood Writes Parents

The following letter was received last week by Mr. and Mrs. L. Wood from their son, Pvt. Lewis Wood who is now in the Philippine Islands.

Dear Mom and Dad:
How are you both? Well, I hope. How is the ribs you hurt coming along, mom? Well I am OK. They let me get a nights sleep last night. I don't know how they slipped up like that. I am very glad they did.

Well I have seen a lot of beautiful country since I wrote to you last. I took a trip over the mountains night before last. I went over in the afternoon and came back after midnight. Boy is it pretty up there. Nice paved road winding around the mountains and on the level stretches big Mango trees on each side of the road, their spreading branches making a tunnel for you to drive under. They sure make a nice shady drive. Rice growing on each side of the road, farms every little ways, some of the houses torn up, some new homes and some of the old ones left. I got there at 10:30 at night. I had not eaten for several hours so I was invited into a private home for a late dinner. A Philippine home. I sat around in a nice wicker chair talking to my host, a nice well educated Filipino, until the meal was ready. When I looked at the table, oh boy! a linen table cloth trimmed with lace and nap-

kins; cut glasses, nice gold edged china, silverware. Fried fish, bacon, rice, canned meat, coffee, cream, graham crackers, crude refined brown sugar and butter. Boy did I enjoy that. I ate at the table with 2 Lieutenants of the Filipino Guerilla army. They were really nice fellows. I enjoy listening to the stories that they told about the warfare. Altogether I had a delightful time. I sure felt at home there. I had to watch myself to keep from eating too much. Honest mom, I had not forgotten my table manners. Well I think I will go eat dinner. We should have fried chicken today. Oh boy come on over and eat with me. Aw shucks, pork & beans, sliced tomatoes, ice cold coca-cola, chocolate cake; I enjoyed that OK. We will have fried chicken when it does get here. Well all I can do mother is to hope and pray that this war will soon come to an end. You and dad are going to have to take it easier. Well I'm gonna close for now. Keep those swell letters coming. I sure enjoy them.

Lots of love, your loving son,
Lewis

9th Air Force Service Command Base Completes 16th Month of Operations

A NINTH AIR FORCE SERVICE COMMAND BASE, France—The 4th Service Group's Air Service Squadron, commanded by Major William D. Barrell, Turner, Maine, completed recently its 16th month of operations in this theater. Since its European debut, one of its members has been Master Sergeant Marcus E. Putman, son of Mr. and Mrs. Marcus L. Putman, Clarendon, Texas.

The squadron landed in England from the Queen Mary transport liner on the last day of 1943 and began operations from an RAF airfield five days later. The first to service American-flown A-20 Havoc bombers in the islands, the unit breached successfully the problems of supply and maintenance and sent three maximum missions against the beaches on D-Day. In the hours

which followed, the supply points, engineering shops, and maintenance crews sent twin-engine attack bombers following the ground forces in a barrage of pinpoint smashes against tactical targets.

When the bombardment groups service switched to the newest and most deadly of all medium bombers, the A-26 Invader, the squadron made the transition quickly and held the status at top performance through the months of July and August. Moving to the continent late in September, the unit took over a battered Luftwaffe airfield and began operations in 12 hours. A part of the contact service element of Ninth Air Force Service Command, the squadron boasts an enviable record of commendations, the Meri-

torious Service Plaque and the award of the Bronze Star Medal to its commander.

Highlights of New Meat Control Plan

Highlights of War Mobilization Director Vinson's new meat control plan to encourage slaughter of cattle and hogs and to improve meat distribution are as follows:

To assure cattle feeders protection against price changes, there will be no downward revision in the over-riding ceiling prices or in the maximum of the stabilization ranges for beef cattle, except bulls, without at least six months advance notice to producers.

Effective May 19, 1945, the Commodity Credit Corporation will make a payment to the seller of 50 cents per hundred pounds on AA and A grade cattle sold for slaughter weighing 800 pounds or more, which have been owned by the seller thirty days or more.

The Defense Supplies Corporation will increase the pork subsidy payment 40 cents per live hundredweight, retroactive to April 1, 1945. This rate will be

continued in effect only until completion of a more thorough accounting study, following which the payment rate will be adjusted (not retroactive), and a provision will be included for reduction of the subsidy as hog prices decline. Effective as of April 1, 1945, the total pork subsidy will be \$1.70 per live hundredweight, as compared with the previous rate of \$1.30.

Subsidy payments on all grades of cattle will be increased by the Defense Supplies Corporation 25 cents per live hundredweight, effective June 4, 1945. Payments are subject to the withdrawal of 4 cents of the subsidy for each 5-cent decline in the average drove costs, from the maximum to the minimum of the stabilization range, with a minimum subsidy payment of 25 cents per hundredweight. The new subsidy rates are as follows:

- Grade AA—\$3.00 per cwt.
- Grade A—\$2.95 per cwt.
- Grade B—\$1.90 per cwt.
- All other grades \$1.25 per cwt.

The above rates are applicable to both processing and non-processing slaughterers. Effective June 4, 1945, the additional subsidy for non-processing slaughterers of cattle will be 40 cents per hundredweight.

Set-aside orders for Government purchases of meat will be adjusted by the War Food Administration so that a greater proportion of the Government requirements will be drawn from those federally inspected plants which are slaughtering more than their normal proportion of the total slaughter. In filling Government requirements, more meat will be taken from the plants with a heavy slaughter and less from the plants with light slaughter.

To make it possible to keep livestock in the hands of those operators who comply with OPA price ceiling regulations, and to eliminate black market operations, the Office of Price Administration and the War Food Administration will develop a plan by June 15 to show the movement of all livestock through public stockyards and public sales yards, so that information as to the destination of all such livestock will be available.

Mr. and Mrs. Lusgrades of Waurika, Okla. spent the week end with his sister, Mrs. F. A. Cooper and niece, Mrs. Elsie Johnson.

Mrs. L. E. Thompson is at home from a visit with relatives at Memphis.

E. E. Kersey of Dallas visited his uncle and family, Mr. and Mrs. D. F. Wadsworth Sunday night.

Mr. and Mrs. D. F. Wadsworth and sons Dean and Douglas visited his mother, Mrs. Annie Wadsworth at Amarillo Sunday.

Mr. and Mrs. W. C. Mooney and three small daughters have returned home from a visit at Gatesville, Texas.

CIVIL SERVICE ANNOUNCEMENT

"The 'Battle of Repairs' must be won, according to Admiral Horne, in Mare Island, Hunters' Point and Puget Sound Navy yards before the Battle of Japan can get well under way," said L. N. Cox, local secretary of the U. S. Civil Service Board of Examiners. "Electricians, sheet metal workers and machinists will win this battle," he continued.

"More people will be killed on the beaches, the Admiral said, unless workers volunteer and repair ships now jamming our west coast navy yards. These volunteers are put on the job, given transportation and assured of living quarters through the U. S. Civil Service Commission, with representatives in each first and second class post office.

"National headquarters of the Selective Service authorizes the postponed induction of any registrant employed in specific Pacific Coast repair yards, irrespective of age or state of registration. The War Manpower Commission has given these jobs number one priority. So there is no obstacle in the way of qualified men getting into this 'Battle of Repairs' without delay."

Jim Headrick who has been confined to his bed the past two weeks, is able to be back to work.

Mrs. J. C. McDowell of Claude spent the latter part of last week with her daughter, Mrs. Vada Carpenter and family.

Mrs. Ralph Grady and Phebe Ann Buntin, who are working at the Cactus Plant at Dumas visited homefolks the weekend.

HIGHLIGHTS OF MEAT SITUATION

Information furnished by War Food Administration, Washington:

1. Civilian consumption of meat per person has been above pre-war levels (126 lbs. per person) throughout the war.
2. Military requirements have increased through the war and this year will take 1/4 of total supply of meat.
3. Lend-Lease shipments of meat have been declining for two years. This year about one half as much meat is allocated as was sent in 1943.
4. Meat production increased 52 per cent above pre-war 1935-39 level, to all time high in 1944. This year it will be about 9% below last year record but 39% above pre-war level.

Why Meat is Short:

The main reasons why many people can not get meat:

1. Highest military requirements of war, more than offsetting lower lend-lease shipments.
2. Continuation of record war time incomes which boosts demand about 40% above civilian meat supply.
3. Distortion in distribution, hitting hardest those supplied from Federally inspected packers. These packers must set aside about one half of meat processed for government needs of military lend lease, etc. Only meat processed by Federal inspected packing companies can be shipped across state lines.

4. Black markets, which deprive some people of their fair share of meat because others get more by paying above ceiling prices or without red points.

5. The usual seasonal low in meat production during second and third quarters of the year.

Beef—

In 1944 there were 82,364,000 head of beef and veal in U. S. inventory as of January 1945, indicated \$1,760,000 head of cattle a record slaughter of 35,000,000 head of cows and calves is forecast for 1945.

Pork—

During the war pork production rose 82 per cent over 1935-39 levels to a record high in 1943. There was slight reduction of hogs in 1944 and sharp decrease in 1945.

This year pork production is forecast 45% above pre-war level of 1935 to 1939 and 23% less than 1945 record.

Poultry—

Increased production of baby chicks by everyone for home use and sell the surplus is one of the quickest means of increasing your meat supply.

DAIRY PRODUCTION PAYMENTS FOR APRIL, MAY AND JUNE PERIOD

The War Food Administration has announced the new dairy production payment rates as follows:

April—17 cents per pound on butterfat and 70 cents per hundredweight for whole milk.

May and June—10 cents per pound for butterfat and 35 cents per hundredweight for whole milk.

Payment for milk and butterfat produced and sold in April, May and June will be issued in one draft, even though the rates differ. Applications for this pay period will be filed during July and August.

Receives Presidential Citation

Mrs. Gar A. Gibson received word that her husband, Pfc. Gar A. Gibson had been awarded the President's citation medal for outstanding work in the invasion of France. Pfc. Gibson has been serving overseas 18 months with the Medical Corps and has a 15 month old daughter waiting which he has never seen.

"BOOMERANGS" FLY 500th MISSION

Serving with the First Tactical Air Force Marauder "Boomerang Group" in France, Technical Sergeant Pete Jefferson Morrow, son of Mr. and Mrs. Walter Morrow of Route 1, Clarendon, recently saw "The Boomerangs" fly their 500th mission in a series of six major campaigns which has seen the Marauders' targets move from Africa to Germany.

An engineer-gunner, Sergeant Morrow has 45 combat missions over Italy, France and Germany. Overseas since August, 1944, he was a store clerk before entering the army in August, 1942. A brother, Staff Sgt. Roy L. Morrow is in the army.

LIONS CLUB ELECTS OFFICERS FOR COMING YEAR

Members of the Clarendon Lions Club elected new officers for the coming year at their regular meeting this past Tuesday. The new officers will be installed at the first meeting in July.

The new president will be Dr. Keith S. Lowell who will take the place of Chas. M. Lowry as Boss Lion. 1st. vice-pres. Lee Bell; 2nd vice-pres. Walker Lane and 3rd vice-pres. Carl Almond. D. Lowry will remain as Sec.-Treas.; Rayburn Smith, Lion Tamer; Wendell Smith, Tail Twister and the holdover directors are Carl Bennett and Clyde Wilson and the new directors will be C. O. Reed and O. W. Elliott.

INCREASE IN PASSENGER TIRE QUOTA FOR LUBBOCK DISTRICT ONLY 60%

Increase in passenger tire quota for the Lubbock District was only 60 percent, compared with a nation-wide increase of 100 percent for the month of June, according to Walter P. Wilson, District OPA Tire Rationing Officer.

Wilson pointed out that the national office sets quotas for each district and that this 60 percent increase will probably not be enough to offset the increase of tire failures due to hot weather. Quotas of small truck tires, large truck tires, and small tractor tires will be practically the
