

## ASHTOLA FARMER IS BADLY KNIFED AT AMARILLO

### Oliver Hill Fights Assailant Armed with Knife And Is Badly Wounded

When entering the rodeo grounds at Amarillo the night of the 4th, a stranger stepped upon the foot of Oliver Hill, a farmer who resides near Ashtola. Hill made the remark that if it was an accident, it was alright, but if not, he did not appreciate the act. The stranger then cursed Hill and was in turn knocked down. The men were then separated by an officer and Hill went into the show grounds.

When Hill emerged from the grounds some time later, the party was waiting for him and asked Hill if he "was ready to settle it." Hill replied that he was according to our information, and when the party made a strike at him, Hill knocked him back and then they clinched.

Mr. Hill received a number of serious knife wounds on the head, face and neck, and was slashed across the breast cutting the breast bone in two and a gash just below the breast bone permitted the entrails to protrude. Even thus wounded, Hill held his assailant in a death grip to prevent him doing further injury.

The men were separated, the wielder of the knife making his escape and Hill being taken to a hospital where an examination showed him to be in a critical condition. No clew has been found as to the whereabouts of the knifer.

Reports appearing in the columns of the News-Globe that either or both were drunk is in error according to bystanders who state that Hill was entirely sober and made every effort to avoid any altercation and maintain his self respect.

Reports from the Amarillo hospital during the night (Monday) state that Mr. Hill has a bare chance to survive.

## JUNIOR COLLEGE PETITION GOES TO STATE BOARD

### Petition Representing Wishes Of Six Hundred and Sev- enty-Six Citizens

A member of the local school board left Monday for Austin where he will present to the State Board of Education petitions bearing the request of six hundred and seventy-six taxpayers of Donley county asking for the establishment of a county-wide junior college.

If this matter meets with the approval of the State Board, an election will no doubt be called by the County Commissioners the first week in next month in order to comply with the requirements of the new college law and the establishment of the college before the beginning of the next term of school.

Many communities report that one hundred percent signed the petitions and to date there is very little opposition to the college move. After the election is ordered over the entire county, various citizens of each district will take the matter in charge and explain, where necessary, all the advantages to be gained by a vote for this movement.

The State Superintendent made the statement recently that if this county did not already have the buildings, a bond issue would be necessary and that for a half million dollars or more. He further stated that this situation was a very unique one, and especially so since the county would owe no bonds in getting the college started as is the case in every section of the state where such schools have been established.

Mr. and Mrs. Sayers returned home Thursday after spending some time at Mineral Wells. Both received beneficial results from their stay at the resort city.

## Carroll McMurtry Funeral Is Held Here Thursday

The funeral of Carroll McMurtry, son of Mr. and Mrs. C. T. McMurtry, was held in the J. L. McMurtry home at 10 o'clock Thursday morning. Funeral services were conducted by Rev. Robt. S. McKee, pastor of the Presbyterian church.

Carroll had grown to manhood here and had a wide circle of friends both old and young who mourn his passing. The casket was completely covered and more flowers banked about it attesting the high esteem in which he was held by a multitude of friends who wished to pay their last tribute to one who was called from this life just as he entered the responsibilities of manhood.

Carroll united with the Presbyterian church at Amarillo and was baptized on Easter Sunday. He had gone to Amarillo from the ranch near here the day before for an over night visit just a few hours before the fatal auto accident that took the lives of himself and two companions.

Pall bearers for this estimable young man were his best friends—boys who had known him practically all his life. They were: Alfred Woods of Romero, Texas, Jess Kemp of McLean and Cleo Ray, Clyde Easterling, Harold Bugbee, Bill Carroll, Rex Reeves and Kelly Chamberlain. The Leader family joins with the many sad relatives and friends in this dark hour in expressing to those nearest and dearest, sincerest sympathy.

## Greene Dry Goods Company Is Taking Advantage of Our Increased Circulation

In this issue appears the first page advertisement of the Greene drygoods company. The "Big Daylight Store" recognizes the value of the hundreds of new subscribers of the Leader and our ability to reach the entire trade territory.

This firm is calling your attention to a nice lot of seasonable bargains and will continue with their efforts along this line for some time, or practically through the summer months. The Leader's ability to bring buyer and seller together cannot be equaled by any two papers covering the trade territory.

When you patronize an advertiser, kindly tell them you read it in the Leader. We will do as much for you any time.

## Country Store Comes Back To Pastime Better Than Ever

Our folks will all recall the many, many hearty laughs enjoyed at Billy Jacobs' Hickville Country Store put on at the Pastime theatre April 10th and 11th. Billy is back again at this popular theatre Thursday and Friday night with a fresh supply of side splitting jokes that are clean enough for any one to enjoy. Billy Jacobs has a national reputation for having cured more cases of blues than Billy Sunday ever thought about.

## GIRLS HAVE SLUMBER PARTY

Miss Maurine Wood gave a slumber party Monday night honoring Miss Annette Houser. Guests were Misses Edna May LaFon, Rea Etta Thomas, Thelma Youngblood, Cleo Brown, Sallie Smith, Nell Butler and Pauline Lane.

After an auto ride dainty refreshments were served and as the small hours passed all too hurriedly, much merriment occupied their attention. Mrs. A. N. Wood served a delicious breakfast to the joy-makers at seven o'clock.

Our good friend, Mr. G. M. Richards, was in town the last of the week. Mr. Richards' most active days are over and his principal occupation now is in looking after his property interests and visiting his children.

## Will Take Religious Census Of Clarendon This Week

The Christian church began a religious survey or census of Clarendon Tuesday of this week preparatory to the beginning of the protracted meeting which will be held for that church by Dr. John W. Tyndall beginning the 22nd of this month.

## DONLEY FINANCES IN GOOD SHAPE REPORTS SHOW

### Poultry and Dairying Lessens The Usual Borrowing Re- quirements This Year

In most sections at this time of the year, and especially in a cotton district, farmers are taking out their biggest loans. There is a big difference noted here this season. This difference is no doubt due to the fact that more dairy products bring in a weekly and larger pay check. Poultry products reach the local market daily and the citizens of this trade territory are going to depend more on the cow, sow and hen as advocated by west Texas banks for the past several years.

Locally, banks of Donley county have always encouraged the purchase of good hogs, cows and the keeping of a reasonable amount of poultry commensurate with the facilities to be found on the farm. Loans have been made for the above purchases when they could not be had for other purposes. When the farmer of small means displaced his smokehouse with a garage, it was high time for the sensible banker to sit up and take notice. It is well enough for a fellow to own a car, but he must also have sufficient income to support the pace set, according to the standards of safety as outlined by the financial backers of this or any other section.

The four banks of Donley county reporting to the banking commissioner as of June 29th, had at that time deposits totaling \$1,623,486.23. One of the most surprising facts in connection with the call at this time was the statement of the Security state bank of Hedley with deposits totaling \$326,156.15 which places them next to the Donley county state bank, the largest in this part of the Panhandle from a deposit standpoint.

According to the statements of the banking fraternity of our county, there is ample means to take care of all the needs of the producers. Banks of Clarendon are receiving for deposit daily sums resulting from grain sales. This is a good omen for the peace and prosperity of our section as the grain crop is the largest in history in point of both acreage and production, and the price is going up every day.

## A P R I L PLANTING PRODUCES A FINE COTTON GROWTH

### Local Man Demonstrates That Early Planting Is Pos- sible Some Springs

Saturday, Jim Morris, local cotton buyer, brought to the office of the Leader a thirteen inch cotton stalk that carried four bolls and eight additional forms. This is said to be the best showing made at this time of the year.

The cotton stalk exhibited is a fair sample of the entire field of W. H. Strawn on his farm west of town. The cotton was planted in April and is a good stand. The hot weather of the past two weeks has been the means of causing the cotton to put on an excellent root system and the crop in general over the county is in fine shape. There is plenty of moisture for cotton growth at this time.

## HOW DID IT HAPPEN?

For some unknown reason practically all of our country correspondence reached us Monday night and Tuesday morning which is too late for publication.

This is unusual, and we regret very much the disappointment this will occasion all-round.

Mr. and Mrs. C. L. Benson and family left Sunday to make a complete tour of the southern states, including Arkansas and Tennessee and other states and will visit the national capitol and other important places before returning a month hence.

## MINISTERS HOLD CONFERENCE AT LOCAL CHURCH

### Presbyterian Conference Has Large Attendance From Many Churches

Ministers of the Presbyterian churches from Wichita Falls west to Clayton New Mexico were in attendance here Thursday and Friday for a general conference.

Business sessions were held beginning Thursday morning, an evening session of the same day concluding their labors Friday at noon. Dr. H. S. Springall of Dallas presided over the sessions.

Dr. Johnston of Lubbock, and representing the El Paso Presbytery contributed to the interesting talks and words of encouragement of evangelism of the work being carried on in west Texas.

A banquet at the H Tel Clarendon Thursday evening afforded an excellent opportunity for round table discussion and an outburst of good fellowship among the various ministers.

## AN EDITORIAL

A number of the business men of Clarendon are showing the proper spirit in this issue by extending a welcome and best wishes to the hundreds of new readers of the Donley County Leader in a cooperative page advertisement on another page.

The advertisers in this paper make it possible for us to give you a good county-wide publication. They merit your business. In giving them your business you help them to help us to help you.

These business men have signified their desire to be of assistance to you in every manner possible. They wish to cooperate with you in every cause that will enable you to get more out of life.

It is the cooperation of ALL the people that makes for the betterment of this and the oncoming generation.

The business man cannot help you without helping himself. You cannot help the business man without helping yourself. Both are just as necessary in any community as good soil, climate, water, etc.

With the advent of parcels post, it was freely predicted that the small business would soon be a thing of the past. Small business survived right on.

When the chain store systems began to spring up over the country, alarmists freely predicted ruin for the local business man, and especially the small business man. He flourishes right on. The public at large cannot be fooled today. This is a new age of merchandising. People are familiar with both quality and price. People find that big business carries an overhead expense that compels them to charge as much for their wares as the small man who is at a disadvantage in not being able to purchase in quantity. All prices, with the exception of special sales, are practically the same.

The local business man who drives his business and uses newspaper space intelligently to acquaint the public with what he has to offer, has little to worry about. He is just as necessary a part of the community today as ever and is here to stay.

## Donley County Man Produces Choice Breed of Hogs

A litter of eight poland china pigs raised on the E. V. Quattlebaum farm were sold at the age of six months weighing 1340 pounds or an average of 167 pounds. They brought \$9.95 at the local market. Mr. Quattlebaum has sold four bunches of hogs since last May a year ago principally from this one sow. These hogs are of the better breed and every litter came up to the requirements of the market.

## SLAUGHTER CASE AGAIN GETS IN THE LIMELIGHT

### After A Lapse of Over Two Years, The Nightwatchman Murder Draws Attention

One morning in March of 1927, the body of John Slaughter, nightwatchman, was found just north of the municipal building. There was evidence that the body had been placed on the spot after death as no blood stains were found on the brick pavement. He had been shot with a shotgun, and his outside coat bore no evidence of the shot, while the inner clothing was badly torn. The coat was placed on the body after life became extinct.

Suspects were held and investigations made. A large reward was made up by local citizens for the arrest and conviction of the murderer or murderers. The matter was soon dropped as no clews beyond suspicion could be found.

The past week Bert Smith of Lelia Lake and Frank Burky of this city, made a trip to Wichita Falls, had a negro arrested who was a dishwasher here at the time of the murder, and it is claimed that they, with the assistance of officers of Wichita Falls and the district attorney there, secured a confession from the negro implicating others. The negro, Walter Scott by name, was brought back and is now lodged in the local jail.

On the strength of the alleged confession, sheriff M. W. Mosley asked sheriff Sam Banks of Altus to arrest S. B. Scroggins, formerly in the cafe business here at the time of the murder. Later the local sheriff asked that Raymond Wright of Ardmore be arrested and held.

Extradition papers are now pending asking for the removal of Scroggins and Wright back to the jurisdiction of Donley county courts. A hearing will be given the accused as soon as they are brought here.

Little interest is being taken in the case locally because of the fact that so many false alarms have been given in the past. The local citizens say little about the case and only wonder if the case ever will be ferreted out.

## SECURITY STATE BANK OF HEDLEY IS NOW SECOND

### Deposits of the Security State Bank Place Them Second In Donley County List

Citizens of the Hedley country consider themselves fortunate in the consolidation of the two banks of their town. Such expressions are heard from the citizens frequently. This consolidation took place June 22nd of this year.

The Security state bank in their report to the state department on a call of June 29th, showed deposits of \$326,156.15 which easily placed them second in the list of all the banks of the county. The loans amounted to \$252,387.93 which is a very conservative amount for this time of the year and speaks well for the thrift of the citizens of that section.

A meeting has been called for the purpose of increasing the capital stock from twenty-five to thirty-five thousand. This increase in capital has already been paid in. Stock in this bank finds a ready sale when obtainable at all and with this productive section back of it, and people whose thrift and judgment is beyond question, the bank has a very bright future indeed.

## FINUCANE-PARKER

Coming as a surprise to her many friends here, is the announcement of the marriage of Miss Abbye Parker, daughter of Mr. and Mrs. L. C. Parker, to James Finucane of Oklahoma City. The marriage took place at Tulsa, Monday night.

Dr. Springall and Rev. Robt. S. McKee assisted in the installation of the new pastor of the Presbyterian church at Happy Sunday.

## Marine Test North Of Town Has Hectic Career

The drillers on the test near the river north of town lost the bailer in the hole Saturday. This was regained Sunday and drilling has proceeded by slow stages since that time.

While no information is being given out, from the appearance of the slush pit, men of experience state that the present formation in which they are drilling is what is known as "granite wash", a very hard substance.

This test logged with the test made some ten miles north down to the bottom of the big lime. Gas was found in the former test at this formation, but none was found in the present test. Salt water formation logged the same and then the granite wash tallied with the other log. Just what will be found under the present formation is a matter of guess. It is claimed that the contract depth will have been reached within less than a hundred feet. Just what steps will be taken to provide funds for further exploration has not been given out at this time.

## School Transfers Must Be Made This Month

Clarendon, Texas, July 8, 1929.

This is to remind those who are interested that July is the last month in which children may be transferred from one district to another for school purposes except for High School purposes only.

If you have moved from the district you were in when the school census was taken, or, if you plan to send your children to school in another district outside of where you live, then you should make your transfers this month, because the district where your children attend school should have the free school money for teaching your children. Furthermore, if you should send your children to a school outside your home district and do not transfer them, then they would be pay pupils for the whole school term, but if you transfer them, then the free school money would take care of the first three months of school.

In case you live in the district now where your children would attend school, they would go free the remainder of the school term, otherwise they would be pay pupils.

In case your home school does not teach the grade your child is prepared to take, say for example, your school only teaches thru the eighth grade and your child is ready for the ninth grade, then you may transfer to a school which does teach the ninth grade work and the free school money would take care of the first three months work, then your home district, according to the new rural high school law, must pay for the remainder of the school term. provided your child gets a rural high school certificate and has the home trustees to sign it, and further, provided the home district has the money. In case the said home district does not have the money then the State Department of Education must pay it when papers are properly filled out and presented. In this latter case of High school students, transfers may be made any time during the year up to two weeks before school is out but in order to get the records straight and to save confusion these transfers should be made this month along with other transfers.

H. T. Burton, Chairman,  
County Board of Education.

## Farmer is Badly Injured By Frightened Horse

While doctoring a sick horse at his farm west of town Saturday, Mr. W. P. Holly suffered severe injuries when the horse became frightened dragging him some distance.

Mr. Holly is unable to account for the reason that his arm became entangled in the rope it all happening so suddenly. The arm was broken and ligaments torn loose. He was immediately brot to town for medical attention.

Miss Florence Fink left Sunday for Denton where she will study in C. I. A. the remainder of the summer. Kenneth accompanied her as "shofer" and will visit friends on the way home.

## AMERICAN MUSEUM SPECIMENS FROM DONLEY COUNTY

### Donley County Known To Scientists as Prehis- toric Treasure

During the past twenty years field men representing the various museums have worked Donley county and contiguous territory with excellent results in securing specimens of prehistoric animal remains. Some of these are said to date back from fifty to five hundred thousand years.

For the past month Mr. A. F. Johnson has been working this section in the interests of the American Museum of New York City. He has secured some fairly good specimens but states that trophy hunters have destroyed some rare specimens of camel, elephant and three-toed horse. He finds plenty of turtles and has a fine specimen ready to ship.

This section, Baylor county and a small area in Utah are said to be the only sections where the three-toed horse skeletons are to be found in America. Several years ago the Field Museum secured some excellent specimens of camel and horse thru the efforts of H. A. Miller who spent most of the winter of 1919 here.

Mr. Johnson was with the Andrews exploration party to find the dinosaur eggs in the Gobi desert of China some two years ago. They broke some of the eggs and found an unhatched youngster dispelling all doubt of the authenticity of the valuable scientific treasure. Our readers will recall the series of articles on the Andrews expedition run in the Saturday Evening Post.

One would hardly think this a tropical region in the ages past but the peat underneath in the creek bed west of Goldston offers proof conclusive that such is the case. Camels, elephants, lizards, turtles, horse and mastodon have each been found in that section.

## SCOUT EXECUTIVE JOLLY RECEIVES SIGNAL HONOR

### Scout Executive For Panhandle Area Asked To Take Charge of A. & M. Boys

A signal honor was conferred upon I. E. Jolly, Scout Executive for the Southeast Panhandle Area, Boys Scouts of America, this past week. Mr. Jolly is in receipt of a letter from Robert R. Lancaster, rural organizer, of the Extension Service, A. & M. College of Texas, asking him if he would take charge of the 800 farm boys who will attend the A. & M. College Farmers' Short Course, which will be held at College Station from July 29 to August 3.

Mr. Lancaster stated that Mr. Jolly had been highly recommended for this position, due to his long experience in working with boys. In his letter, the rural organizer stated that the farm boys are separated into four groups, and certain of the boys are scheduled to appear on the program of the short course from 10 a. m. until 4 p. m. in the afternoon. The groups are each marshalled by an A. & M. College junior student employed for the purpose of conducting the groups to their classes and in maintaining order. There is a period from 9 to 10 a. m. when the groups assemble prior to attending their classes that need a general leader, and also after 4 p. m., when various games are scheduled. It is in the matter of recreation that the A. & M. College is looking to Mr. Jolly for leadership.

Mr. Jolly has been very busy with the past several days with a squad of Scouts building a dam at Camp Warner south of Claude. He is receiving the kindly cooperation of a number of men and women who hope to see him break the record in Scout attendance at Camp Warner this season. A number of improvements are now in the making in addition to the dam, all of which means more comfort for the boys who are fortunate enough to have the privilege of attendance.

**THE DONLEY COUNTY LEADER**

J. C. ESTLACK, Editor and Owner

Published on Tuesday of each week.

Subscription \$2.00 a year 1st zone. Other zones \$2.50

Entered as second-class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's first duty is to print all the news that fits to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

**CHURCH ADVERTISING**

In their issue of July 5th, the Memphis Democrat carries an ad for the First Christian Church three columns in width and six and a half inches in length.

A general announcement of the program for the following Sunday was the copy contained in this ad. Hundreds of people read the ad and knew what to expect. An overflow congregation was in attendance at the church.

Some few oppose church advertising and yet the church structure itself is made an inviting advertisement. The name on the church building advertises the fact that a certain denomination owns and meets there. Just where is the "dead line" on church advertising drawn?

Thousands of churches of many different denominations use newspaper space to advantage and profit thereby. In this age of advertising most all of the public is trained to read newspaper advertising and the church should use this legitimate means to reach the public.

**Old-Fashioned Christianity**

That particular brand of christianity known to old timers causing them to have neighborly feeling some times crops out in unexpected places even yet. Just the past week, or Wednesday to be exact, some of the good women of the Ashtola community gathered at the home of Mrs. H. W. Lovell and canned up a large quantity of fruit for Mrs. J. M. Jordan who is sick at this time.

A good deed of this kind is worth more to the cause than bushels of sermons, hundreds of long faces, thousands of assents from the amen corner and can only be classed as practical christianity—nothing else. A scarce commodity we'll admit, but "the still small voice" calls just the same today as it has throughout the ages.

**CHARITY?**

Various organizations over the country have turned their attention to assisting crippled children to again permit them to walk in God's great sunlight free and unhampered from pain.

This is not charity. This is a debt being paid to common humanity. A noble deed and a fellow may have other failings, but most liberal in contributing to a fund that means health and happiness to the distressed. His name may not be mentioned prominently on the records of the godly as measured by men, but after all that fellow leaves behind him a heritage acquired by the very few and one cannot picture such a man as being a bad fellow by any means—and few so good.

**MISTAKEN IDENTITY**

The writer heard a local man make the statement this week that a certain citizen was a disgrace to civilization. After berating his victim who of course was not present and therefore denied an attempt at defense, this fellow proceeded to identify himself as a follower of the lowly Nazarene basing such assumption on the fact that he contributed the pitiful sum of two dollars each month to his half-starved pastor.

The same fellow when further questioned had never contributed to an orphanage, had never given

a penny to a fund for helping worthy cripples or widows, had never spent a cent to give a poor boy an outing with the Boy Scouts, had never voted for a bond issue however good it might have been for the community, had never done anything worth while except to get his name on the church book—the denomination of his father and grandfather.

The victim of his ridicule had contributed to each of the worthy objects enumerated above to the limit of his means. He had given both time and money. He also has contributed to many church organizations and in fact is a good fellow all round except that he cannot find time to sit around and bemean his fellow man according to the standard of thought or ideas of this would-be character assassin.

Preachers are sorely handicapped by having such fellows in their churches as this "aginer" seems to be. Preachers are underpaid, under-fed and often disgusted with the fellow who assumes the privilege of depending on his pastor to transport him thru the portals of glory on a mere pittance. Preachers are human. They often crave the encouragement that should be theirs that they do not get. This is a hard task and his greatest problems are often from within rather than from the sinful world at large. Ask your own pastor—he knows.

**CIRCULATION CONTEST**

In speaking of a contest now running in the Panhandle Herald balliwick, our esteemed friend, Thos. T. Waggoner, publisher of the Claude News, speaks thusly:

"The Panhandle Herald has on a subscription contest, giving as their grand prize a Chevrolet Coach. If the Herald management believes they can get very much money on subscription, they should forget it. They will get the subscriptions and lots of them, but very little money. After we closed our subscription contest last December, we find that we had most every man, woman and child in this trade territory on our subscription list, but that only eight dollars out of every hundred coming in was ours, to pay for paper, ink, etc., after all expenses were paid."

If the writer remembers correctly, Mr. Waggoner advised us

to lay off the contest proposition. At the same time the writer was personally acquainted with a few contest wrecks—contests in which the prizes were too insignificant to spur the contestants on to top speed. Such contests amount to petit larceny—nothing else.

For the benefit of the profession, the writer will here give some of the inside dope on our own contest. This contest was conducted by the Frank Kane Circulation Company, Mr. Kane giving it his personal attention.

Five prizes were offered ranging from a late model Dodge sedan down to a diamond bar pin. The list of contestants was limited to women and girls, eight of whom started and six staying to the finish. The subscription money collected by the first prize winner almost covered the cost of the prizes.

From the fact that valuable prizes were offered, no trouble was experienced in getting good workers. In fact Mr. Kane stated that our workers here were the best he had ever had the pleasure of working with any place. While the majority of the contestants were of Clarendon, the trade territory was well represented with ladies from various sections enabling us to secure a large list from each of the towns in Donley county, and the adjoining counties. Our home list had grown considerably with little effort for a paper that began in March. At the present time about seventy percent of our subscribers live outside of Clarendon, a fact much desired in that we wished from the start to build up a list that would at once appeal to the advertisers.

There were no "casualties" during the campaign. There is the kindest of feeling since it closed. People of all classes treated the contestants with utmost courtesy and were just as considerate with Mr. Kane and the owner of the paper. Through the skill of Mr. Kane, a veteran contest man of some thirty years experience, not a "hitch" occurred, each driving home their appeals the full seven weeks.

Mr. H. Mulkey, owner of the Pastime Theatre, contributed the use of his show building for the closing. A large crowd taxing the capacity of the building was present to see the prizes awarded. Right here it may be stated, that the public interest never laxed up to the last minute.

The contest has been closed a week. Mr. Kane is still here following his usual custom of remaining "on the ground" to see that all is well. In checking over all the expenses of printing, phone calls, engraving, cost of all prizes, etc., the management finds that there is now in the banks fifty three dollars and eighty cents out of every hundred collected. This money will be spent for more equipment that we may publish a still better paper.

Not for a moment do we doubt the statement of Mr. Waggoner,

but we do think there is a big difference in the quality of man you have as your contest manager. All our subscribers are paid in advance. The contest manager is satisfied and so are we. Every one received a fair, square deal and that is all that Panhandle folks expect.

Mr. Kane has other clients waiting on him in Texas and will likely put on several contests before returning to headquarters at Ft. Morgan, Colo.

Mrs. R. R. Burnett of Oklahoma City is visiting with her mother, Mrs. E. W. Bromley, and other relatives and friends.

Mrs. N. T. Thompson and children visited Mr. Thompson at Skellytown the 4th.

Mrs. Allmond of Childress spent the week end with her sons of the Allmond Chevrolet company.

Mr. and Mrs. L. L. Taylor spent Sunday in Panhandle visiting George Taylor and family.

**Whitlock Buys Atteberry Station at End of Pavement**

Mr. and Mrs. Clarence F. Whitlock, for some months residents of Quitaque where Mr. Whitlock had charge of the Parsons Brothers cleaning plant, have returned to make their home in Clarendon. Mr. Whitlock has purchased the stock and good will of the P. P. Atteberry filling station at the east end of the pavement and will continue the business along the lines of other modern stations. Mr. Atteberry has not announced his plans for the future at this time.

The Senior B. Y. P. U. class of the Baptist church celebrated with a picnic on the river Friday evening taking a lunch and remaining until after supper time.

Those to avail themselves of this picnic party were: Mrs. Geo. A. McCleskey and sons, George, Jr. and Davis, Carrol Holtzclaw and Claude Warren and Misses Fern Cauthen, Ida Lee and Ruth Crabtree, Sarah and Ruth Thompson.

**a new independence**

— In July we celebrate the anniversary of the Declaration of Independence. And it is good that we set aside one day each year in which to rejoice over the freedom for which our forefathers fought and died.

— There is still another kind of freedom which we of this modern age enjoy—Freedom from the slavery of drudgery, disease and discontent. This new freedom is the result of years of experimenting with that great discovery—ELECTRICITY.

— By reason of its cheap and abundant supply, life has ceased to become a struggle merely to exist. The sweat shop has faded like a bad dream in the fog of time. Anemic, spindle-legged children have given way to a race of sturdy, red-blooded youngsters. Disease, to a great extent, has fled before the development of modern science.

— Through the extension of its facilities, industry is moving to the country. The vermin of the tenement has been eradicated by bright electric lights. The electric washing machine and iron, vacuum cleaner and similar labor-saving devices has swept drudgery to the forgotten past.

— We are proud of the fact that this company has a part in spreading this new freedom to 110 prosperous cities, towns and communities in West Texas. Fed by three major generating stations and fifteen auxiliary plants, more than 2,000 miles of transmission lines of this company carry an unlimited supply of electrical energy to the people of this "Land of Opportunity."

# **The Donley County Leader**

## **Supreme in The All-County Field**

### **Greater Circulation**

The subscription campaign just closed places the Donley County Leader in the lead among those papers covering Donley county.

### **Our Trade Territory**

Was covered by the contestants from one end of the Trade Territory to the other. This section responded with their subscriptions to the Donley County Leader most liberally.

### **Paid In Advance Circulation**

Our subscription campaign was instituted with the idea in mind to give our advertisers better coverage in circulation---The books in our circulation department will show that our efforts were highly successful.

### **Our Rural Circulation**

Was more than trebled with paid in advance new subscribers during the circulation campaign just closed---Hundred of dollars was spent in this direction. Needless to say we succeeded.

**SERVICE AND COOPERATION OUR WATCHWORD**

**Information of Interest to Ex-Service Men**

Is it possible for a veteran of the World War to receive free hospital attention from a Government Hospital, even if he had not suffered injuries or disabilities as a result of his World War service?

Yes. The veteran should make application thru the nearest Regional Office of the Veterans Bureau for treatment. This free hospitalization is open to veterans of all wars of the United States. Veterans of other wars than the World War should use Veterans Bureau Form 2597 for this purpose. If the veteran reports in person to a hospital and had not made application by letter beforehand he should take with him copies of discharge papers, or his original discharge and all other evidence which he may have of service. Veterans drawing compensation are paid their transportation to hospitals, while the other class must pay their own transportation. Transportation is allowed those drawing compensation by applying to the Veterans Bureau which has jurisdiction over their cause or in which their claim papers are filed, and from which their compensation checks are sent them.

It is still possible for ex-service men to make application for adjusted compensation or for their dependents to do so?

Yes. The time to do this has been extended until January 2, 1930. Form WWC, Number 1 from the Adjutant General's Office, Washington, D. C., should be used for this purpose. This compensation is in the form of 20 year paid up insurance, and the amount is based on the time actually served by the Veteran. When the veteran makes application his policy reads from date application is made and is for a multiple of better than 2 and one fourth times the actual cash value for number of days. For instance, he served around 400 days, he would draw a policy for about \$1,000. In case he does not make application for this compensation and his dependents were to do so, they would draw the actual number of days, or around \$400. Thus it can be seen that this is a matter of much importance to ex-service men. The dependents draw the amount due in cash.

Does the United States Government pay any part of the burial expenses of deceased ex-service persons?

Yes. The Government will pay the next of kin or persons defraying the burial expenses the sum of \$100.00 plus \$7.00 for an American flag, or a total of \$107.00. To secure this, the claimant should execute Veterans Bureau Forms Numbers 531 and 536. These will be furnished direct by any office of the Veterans Bureau and when executed should be sent direct to the Central Office of this Bureau in Washington. In addition to these forms, certified copies of the death certificate, affidavits from others who knew deceased should also be sent. Note: This allowance is in addition to the proceeds from the adjusted service certificate which is immediately payable on notice of death sent the Veterans Bureau.

For blanks of the above mentioned see Clyde J. Douglas, Post Commander.

Does the Government furnish a headstone for the grave of ex-service persons?

Yes. To secure this, one should communicate with the Adjutant General's Office in Washington, who, in turn, will send the necessary application form.

Can a veteran of the World War still reinstate his War Risk Insurance?

Yes. Detailed information concerning the forms of insurance, rates, etc., can be secured by writing direct to the Insurance Division of the Veterans Bureau, Washington, D. C. Veterans will be agreeably surprised at the cost of this insurance, and every ex-service man should carry as much of this insurance as he is able to do. Convertible term (5 year) insurance can be secured for as low as 65 cents per thousand per month. Veterans should investigate this insurance before it is too late.

**Kennedy is Humanitarian Tho Badly Handicapped Physically**

For the past thirty years citizens of the Panhandle have been buying various articles from a man who literally "walked while sitting down." This man is Will N. Kennedy of Haskell, Texas, who now makes a specialty of pencils.

Some years ago Mr. Kennedy sold other commodities and had a more prosperous business. Born a cripple, he early learned the value of an education, later as he grew up, his services were in demand as an instructor in the public schools. He continued in this line of work until the law barring cripples from the school room was passed. Being an educated man of refined tastes, he states that it required a preponderance of nerve to face the world as a peddler.

Since he had a family of his own and had also taken in charge three orphan nephews, he was forced to resort to most any honorable means in order to earn a livelihood. He tried farming but found his handicap too irksome for the job. He then took to the road selling various articles and did well. The drought last year in the Haskell territory cut down his earnings but he is making up for lost time now.

Mr. Kennedy is an interesting man with whom to talk. He has viewed life from all angles and is an ardent student of applied psychology. Most all the folks with whom he comes in contact treat him with civility. He stated that Clarendon had some of the best folks in his entire field, there being only one business man who had failed to treat him with courtesy. It is a difficult matter to conceive of an able bodied man imposing on a cripple who asks only for a chance to apply his one source of business that his dependents may not come to want, but some do according to his statement Thursday while making the rounds of Clarendon. He never fails to visit the Leader man be-

**Herr Max Schmeling and Senor Paulino**

The German and the Basque are to fight at New York for the benefit of the Milk Fund for the dual purpose of supplying babies with milk and heavyweights with a champion. Schmeling is training at Lakewood, N. J., and Uzcudun at Hoosick Falls, N. Y.

cause of an old acquaintanceship covering more than thirty years. Will N. Kennedy is an honest, sincere christian gentleman. He stands ace high in his home town and asks nothing more of the public than a chance—the same chance that an able bodied man would expect. Thousands less handicapped than he are professional beggars, but Will Kennedy is a business man in a small way, does all the good possible according to his ability and wears the smile that wont come off.

**HAVE YOU REGISTERED?**

Clarendon Texas, July 3rd, 1929. To all concerned: My attention has recently been called to a rumor, to the effect that a number of businesses, in Donley County, are being conducted under an assumed name, without having first complied with

the law. The law forbids any person to carry on a business under an assumed name or designation other than his own real name, until after he has filed, in the office of the County Clerk, a certificate setting forth the name under which he proposes to conduct his business, and the true name of all of the parties interested therein.

A fine of from twenty-five to one hundred dollars, is the punishment for a violation of this law, and each days violation is a separate offense.

I am taking this opportunity to call the attention of all interested parties to the provisions of this statute, as I feel sure that if this law is being violated it is through mistake, and can and will be corrected at once.

R. Y. King,  
County Attorney Donley County.

**I KNOW SOMETHING GOOD ABOUT YOU**

Wouldn't this old world be better, If the folks we meet would say, "I know something good about you!"

And then treat us that way? Wouldn't it be fine and dandy, If each handclasp warm and true, Carried with it this assurance, "I know something good about you!"

Wouldn't life be lots more happy, If the good that's in us all, Were the only thing about us, That folks bothered to recall?

Wouldn't life be lots more happy, If we praised the good we see? For there's such a lot of goodness, In the worst of you and me.

Wouldn't it be nice to practice

That fine way of thinking too? You know something good about me! I know something good about you.

All Honors to the Unknown Author.

**NOTICE to good drivers**

WE'LL TAKE it for granted that you're a good driver. So, good, in fact, that the high speeds, sudden stops and starts, and quick turns that characterize modern driving cause you no worry whatever.

In other words, you are absolutely confident of your ability to avert danger simply by dint of your driving skill.

But remember this! There are disastrous forces which your driving skill cannot possibly control. There is a constant, ever-present risk that is beyond the jurisdiction of even the most expert driving. And that is the risk you run when you drive the modern way on weak, out-dated tires!

Put on Dayton's, King of De Luxe tires, the sturdiest and strongest tires ever made.

This is the remarkable tire that Hicks stores and associated stores sell, not through high sounding guarantees, but on the basis of proven performance on the hot roads of the Southwest, where hundreds of thousands of Dayton users will tell you about the many more miles they get out of Dayton's.

**Make It Safe To Be Hungry!**

Medical authorities are constantly advising better care of foods to avoid the many forms of sickness associated with warm weather. They have discovered that perishable foods must be kept at a temperature below 50 degrees always to avoid harmful germs that multiply at an alarming rate. We use the latest methods in refrigeration for the sake of your health, for the sake of your family's health. This relieves you of every worry concerning the meats and vegetables and other perishable foods which we deliver direct to your kitchen pure, sweet and clean.

We invite your inspection by personal visit. The hundreds of dollars spent by us for refrigeration is just one of the many forms of service rendered our customers without additional cost.

## GREENE DRY GOODS CO.

"THE BIG DAYLIGHT STORE"

CLARENDON,

TEXAS

**Temple of Truth**  
By the Apostle

The glorious 4th took all the folks out of town except the sheriff, J. Cobb Harris and King Edward Carlson.

True to his promise, E. A. (Gene) Thompson ate the bear grass on the 4th. In fact he ate so much that he is showing "bare" tendencies during this hot weather. His next feat will be to knock out Dempsey Xmas day.

Speaking of larup, it is properly classified among the prehistoric dishes of sillibub, potliker, clabber cheese, corn pone succo'ash and a bunch of other dishes of antiquity that have almost become a lost art much to the gastronomic detriment of the folks of this age.

O. C. Hill says that of all the liars God ever made, the newspaper men have them all skinned. He referred to the garbled account of the Oliver Hill affair in Amarillo when the paper stated that Oliver was drunk. The mere fact that the officer did not pinch him is proof positive that the paper reporter must have had a little himself—so says O. C. and we believe everything he says.

Not having direct access to a corn patch, the Apostle who attempts to fill this column each week without harm to any one, wishes to make a bonafide contract with some corn grower to furnish him several ears of corn each day. No foolin' folks, there is nothing better than corn on the cob even if the butter is hard to get off one's ears after the "holocaust."

And another thing! That corn contract is to extend clear thru the "gratin" stage. Most every one knows that when corn reaches the hard dough stage it may be grated off the cob and made into the best bread, batter cakes and such that anyone ever tasted. Then too, there is "larup" and of course all the old women who know how to cook as it is done in east Texas and Arkansas know what "larup" is and just how to make the palatable dish.

Mr. and Mrs. Wallace W. Weatherly and little Billie June of Eunice, N. M., are guests of the R. C. Weatherly home. Wallace is located in the Lea County oil field and has profited thereby as his holdings are near the proven territory and the wildcats are getting nearer him right along.

Mr. and Mrs. Ed Meek of Dallas were guests of the W. H. Patrick home the past week.

Mr. and Mrs. E. M. Ozier have had as their guests this week a niece of Mrs. Ozier, Mrs. R. P. Holt and husband of Wheeler, and their daughter, Mrs. M. D. Stephens of San Angelo.

The citizens of Quitaque are fortunate in having such good citizens added to their ever increasing population and the best wishes of numerous friends here go with them to their new home.

Mr. and Mrs. Carl Parsons and son left Sunday to take up their residence at Quitaque, at which place the Parson Bros. have operated a plant similar to the well known plant here for some time.

Mr. and Mrs. L. R. Scott and Miss Ella Crane and Ross Faulkner of Ft. Worth, and Miss Marguerate Crane of Smithfield were guests of the ladies' brother, W. L. Crane, and family over the week end. Accompanied by their hosts, the entire party left Monday for Yellowstone park and other western vacation scenes.

Jack Rolfe arrived from Little Rock the middle of the week. Mrs. Rolfe and Jack, Jr. have been here for some time visiting the lady's parents, Mr. and Mrs. E. A. Sloan.

Mr. and Mrs. J. R. Bailey of Waco arrived Sunday to visit with the lady's brother, Uncle Billie Smith, whom she had not seen for some forty years. Uncle Bill and Aunt Sallie, as they are affectionately termed by their host of friends, are enjoying every minute of this visit it is needless to say.

Prof. and Mrs. G. C. Boswell and three children of Byers, Texas were the guests of the lady's parents, Rev. and Mrs. W. M. Murrell the past week. Prof. Boswell is superintendent of the public schools of Byers.

**ASHTOLA**

Brother VanPelt preached a very interesting sermon after Sunday school Sunday morning to a large audience.

League was at eight o'clock Sunday night. We will not have League any more, but will have B. Y. P. U. at the League hour. We want to urge that all the young people of the community will be present at the B. Y. P. U. services every Sunday night.

Mr. and Mrs. C. B. Harp and family visited relatives at Goodnight Sunday.

Mrs. Minnie Winston and children of Newlin spent several days the past week with friends of Ashtola.

Mrs. W. P. Holley spent several days with her daughter, Mrs. Cluny Phillips, who lives near Olton.

Mr. and Mrs. Alva Vaughn of Clarendon and Mr. and Mrs. Dewell Goodman spent Sunday with Mr. J. F. Barker.

Mr. and Mrs. Elmer Hunsucker spent Saturday night and Sunday with Mr. and Mrs. Elzie Kid near Hedley.

Mr. and Mrs. Wallace and family visited friends at Lelia Lake Sunday.

This community was surprised Saturday when it was learned that Johnie Rex McClellan and Mildred Harp had been married two weeks. They are now at home to their friends on the J A ranch. We extend to them congratulations.

Mr. and Mrs. N. L. Jones made a business trip to Goodnight Saturday.

Mr. and Mrs. Henry Lovell of Clarendon, Mrs. Clark Russel and daughter of Honey Grove, Miss Lovera Poovey and Rev. VanPelt visited in the H. W. Lovell home Sunday.

Mr. and Mrs. John Humphrey and children visited her parents, Mr. and Mrs. N. L. Jones Sunday.

Mr. and Mrs. Richey left this week for Oklahoma, where they will make their home.

Mrs. Lee McClellan and Mr. and Mrs. Johnie Rex McClellan visited Mr. and Mrs. C. B. Harp and family Wednesday afternoon.

Mrs. Albert Reed went to Clarendon Tuesday on business.

Mr. and Mrs. Bennit of Newlin visited their daughter, Mrs. Goble

Barker and Mr. and Mrs. Goble Barker returned home with them Tuesday.

Mr. Hubert Lovell of Honey Grove came Thursday to work for his cousin, Mr. Ben Lovell at the garage.

R. S. Moss and children visited with his parents at Willow, Okla. over the 4th. Mr. Moss' father is eighty-five and mother seventy-five. Mr. Moss stated that his father liked the Leader so well that he made them let him read the paper first, and read it clear through before stopping. We appreciate this good will on the part of our reader friend at Willow and extend him an urgent invitation to call on us when he comes this way to visit his relatives.

Mr. and Mrs. Leon Foster are the proud parents of a son born July 6th. All doing well. Here's congratulations from their friends and the Leader too.

Mr. and Mrs. Tom Kyger and daughters, Julian and Bettie Sue, spent the week with the lady's sister, Mrs. Ralph Keyes.

E. V. Quattlebaum stated at the Leader office Saturday that his cotton is looking better this year than at this time any other year during his experience raising cotton. Mr. Quattlebaum is very optimistic about the cotton prospect this year.

Mrs. W. H. Tittle and daughter Mary Maud and son W. H., Jr., of Childress spent the week end with Mrs. Bessie Smith and family.

**CARD OF THANKS**

With hearts overflowing with gratitude, to our friends, we wish to take this means of expressing our thanks for the many beautiful floral offerings and kind expressions of sympathy, in the loss of our precious son, May God's richest blessings attend you.

Mr. and Mrs. C. T. McMurtry.

Claudine Horne and Willie Frank Jones spent the 4th in the W. O. Butler home.

Mrs. Bob Zachary and Mrs. Louis Enoch of White Deer spent Friday in the W. O. Butler home.

**Demonstration Club Meets With Mrs. Fink**

The Home Demonstration Club of Clarendon met with Mrs. O. L. Fink Friday. Ten members were present. This meeting was given to attending to the more important business matters effecting the club.

Club work in general was discussed by the members and Miss Harvey Thompson gave some helpful advice on money making plans for club work.

The next meeting will be an all day meeting at the home of Mrs. J. C. Estlack, Friday, July 19th

with an urgent invitation to all the membership to attend.

Mr. and Mrs. Vestal Mosley of Lelia Lake are receiving the congratulations of their many friends due to the birth of a girl born to them Monday of this week. Grandpa Mosley (the sheriff) is said to be improving the jollification almost put him to the bad. In fact he is just as proud of his granddaughter as are the parents.

Mrs. Lightsey of Chillicothe is visiting her daughter, Mrs. G. G. Kemp, and family.

**RADIO AT A BARGAIN**

\$575 RCA Radiola brand new at a big bargain. Never been removed from the salesroom. No better machine in town. You can get information at the Leader office. Phone 386.

Mmes. Lee Wright of Pampa, M. M. Nobles and G. G. Kemp and the girls, Peggie Jean and Elizabeth, were shopping in Amarillo Saturday.

Mr. and Mrs. Guy Kerbow and the three children, Jane, Harry and Jerry, three swell looking youngsters, arrived from Dallas the first of the week and are now guests of grandpas and grandmas on both sides of the house. Miss "Cricket" Talley came with them and all are here for an extended visit.

Guy S. Pierce of Carlsbad visited his parents, Mr. and Mrs. S. A. Pierce over the week end.

The Place to Buy Your Eats

**Guilty!**

Colin Campbell, convicted of murder in the first degree, in New York, for shooting Mrs. Elizabeth Mowry, his bigamous bride, and setting her afire.

**CLUB NOTES**

**MARTIN GIRLS**

The Martin girls met July 1st at the home of Miss Mary Frances Dewey.

Attention was given the preparation of dresses for the contest to be held in Clarendon July 12th. The next meeting of the club will be July 15th.

**HEDLEY GIRLS**

The Hedley club girls met the afternoon of July 1st at the home of Miss Lometa Culwell.

Miss Thompson, county demonstrator, gave instructions in food preparation and serving. The subjects used were buttered beets and muffins. The next meeting will be held July 15th at the home of Miss Thelma Adamson. The subject for that meeting will be "the preparation of creamed vegetables."

**LELIA LAKE BOYS CLUB**

The boys of this club met at the school house at Lelia Lake Tuesday afternoon. Miss Harvey Thompson, county demonstrator, is supplying as best she can until such time as the arrival of the regular county agent, for which the county commissioners have made provision.

**Lelia Lake Demonstration Club**

This club met at the home of Mrs. Guy Taylor on the afternoon of July 2nd. The subject of "home markets and standardization of home products for market" as presented by Miss Thompson was very interesting to the members. Standard packs for canning garden vegetables was also discussed.

The members were urged to can in tins from a standpoint of economy, a saving of time and less spoilage.

**Ashtola Club Met Wednesday**

The Ashtola demonstration club met Wednesday at the home of Mrs. Cecil E. Merriman with a good attendance. This is one of the liveliest clubs of the county, ten members being in attendance at the county rally at Lelia Lake.

**Ashtola Girls' Club**

Instead of the regular meeting, Miss Thompson visited in the homes of the girls giving individual instruction in the preparation of dress exhibits for the contest to be held at Clarendon next Friday.

**Dress Contest Friday**

Those entered for the appropriate dress contest to be held at Clarendon next Friday beginning at 8:30 a. m., should also bring lunch for the outing at the noon hour. Most of the afternoon will be devoted to picnicing as the judging will all take place in the fore part of the day.

**MARTIN**

Mr. Albert Bruce and wife visited in the Sam Tankersley home last Sunday from Amarillo.

Several from this community have been attending the Baptist meeting in Clarendon this week.

Mrs. Verbon Ledbetter and children of McLean visited Mrs. Della Lafon last Sunday.

Mr. Guy and Horton Sibley have gone up near Claude to assist their brother in wheat harvest.

Mrs. J. M. Thomas and children of Wellington spent Monday with Mrs. O. D. Hearn.

Mr. U. G. Pittman and son Carl spent last week end at Duncan, Okla. Mr. Pittman reports crops are better here than there, being awful dry down there and

the boll weevil is busy at work. Miss Kate Talley spent last week end with home folks. She is attending school at Canyon.

Mr. and Mrs. Vester Mosley and children of Lelia Lake visited her parents, Mr. and Mrs. J. C. Talley Sunday.

Mr. and Mrs. Aubrey Talley and little daughter Audra Fay took dinner with Mr. and Mrs. J. B. Turnbow Sunday, then in the afternoon they all motored to Hedley to see Mrs. J. D. Acord who was over from Wellington visiting relatives.

We are glad to report Everette Waldrop is very much improved from the typhoid fever where he has been in the sanitarium at Amarillo for quite a while.

Mr. and Mrs. Cox from Floydada visited Mr. and Mrs. J. B. Turnbow Thursday afternoon.

Mr. and Mrs. M. L. Pittman and children visited relatives in Brice Flat Thursday, then attended a picnic at Lakeview also.

Mr. Spencer Sibley and children near Claude spent last Wednesday with his parents, A. J. Sibley.

Mrs. Theo Wood and children and Mr. and Mrs. Lee Wood of Clarendon visited in Alvin Pittman's home Sunday.

Mr. and Mrs. Dave Patterson and children visited friends at Lakeview last Sunday.

Misses Lois Lafon and Ina Fay Pittman visited Mrs. Oscar Jones of the Ashtola community last Sunday.

Mr. and Mrs. J. M. Acord and children went to Hedley Sunday to take Mrs. F. M. Acord home and to see Mrs. J. D. Acord while there.

Mr. Will Miller of Amarillo spent Tuesday night with his brother-in-law, Mr. J. B. Turnbow.

Mrs. Lee Wood is staying with her mother, Mrs. Alvin Pittman while Mr. Wood is off at work in harvest.

Mr. Oren Parsons who has been staying with his sister, Mrs. Aubrey Talley attending the summer school has returned to his home near Claude.

Mr. Lee Jones and wife of New Mexico are visiting his parents, Mr. and Mrs. Conda Jones.

Mr. and Mrs. O. J. Skinner and

children from Corsicana, Texas and his mother and grandson from Thurber visited in the Dave Patterson home this week.

Mr. and Mrs. Horace Wood have moved back in our midst from Big Springs, Texas.

**COLD STORAGE TESTS**

The cold room of General Motors Research Laboratories designed to put cars through tests in freezing temperatures is one of the chief reasons for the heralded ability of the Chevrolet six to start easily and quickly no matter how frigid the weather. The cold room was the first of its kind in the automobile industry

and was originated and developed six years ago by General Motors engineers, since which time it has been used as a pattern by other manufacturers.

The object of the cold room, obviously, is to furnish Chevrolet engineers an opportunity to study at intimate range the reaction of the Chevrolet car to the temperatures an automobile must withstand in winter, whether left overnight in an unheated garage or parked for hours alongside the curbing of a street. It is, in short, an indoor "proving ground" where winter "weather" can be produced at will. Through the use of ammonia gas, much after the manner in which it is employes in

cold storage plants or in establishments devoted to the manufacture of ice, the thermometer readings can be raised or lowered by the engineers within a short space of time. For instance, with the mercury at zero, the temperature can be dropped to 45 degrees below zero in three hours.

The use of an electric dynamometer, which is both motor and dynamo, is a part of the program which follows when a Chevrolet car is lowered on an elevator and rolled into the cold room. By means of the dynamometer it is possible to furnish a road torque for the car, when its rear wheels are placed against a set of steel rollers set in the concrete floor of the room. The torque can be made

to parallel the resistance the car would encounter when driven outdoors on a highway in the same temperature. In other words, the car can be made to haul its load in the cold room. To add to the severity of the test, a blast of air

is directed against the radiator, to simulate the wind resistance which the car would have to conquer on traveling in the open.

Mr. and Mrs. G. E. Allen had business in Amarillo Saturday.

**PROMPT ROAD-SIDE REPAIR**

Should you get stuck two blocks from our garage or two miles, just call up and we will come right over. It won't take long for our expert "trouble shooter" to find out what is wrong.

**Navajo Rugs and Blankets**

Since ancient times the Navajo Indians have manufactured by hand blankets of exceptional quality. The genuine article has always sold for a high price and is constantly getting higher.

**NAVAJO BLANKETS AND RUGS**

We manufacture by hand rugs and blankets from virgin wool and mohair taken right from the range on our own ranch. In making them in quantity we are enabled to keep up the quality and at the same time sell them at reasonable price. They are made in a wide variety of bright color designs that are sure to please. The blankets are used on beds, under the saddle and in cars, the bright Indian colors always attracting attention.

**DRESSUP YOUR CAR WITH A NAVAJO PRODUCT**

In buying from us you get the genuine—no questionable product. They last a life time with ordinary care and may be washed or cleaned repeatedly.

**HOOK RUGS**

We have gone the Indian one better in the manufacture of a modern hook rug using the same high grade material. The beautiful designs and expert workmanship will instantly appeal to the ladies. An ornament to your home and one of the nicest presents that can be given. They last for years and with an occasional cleaning, always look bright.

**COW BOY'S REGALIA**

For years we have made a specialty of cowboy blankets, cinch cord, etc. We know just what you demand in quality and can supply you the best.

**PANHANDLE PEOPLE KNOW US**

For the past several years we have shipped our various products to Panhandle people who appreciate what we have to offer. Clarendon people have used them and you can see our work right at your home.

### Colleen Moore Brings Flaming Youth Up To Date

#### Returns To Type Of Role That Made Her Famous With "Why Be Good?"

America's carefree, unchaperoned youth, super-sophisticated and scornful of propriety, is colorfully pictured in the Pastime Theatre's next screen attraction, "Why Be Good?", in which Colleen Moore plays the stellar role.

The story of this comedy-drama is of the type that first carried Miss Moore to the heights of popularity, although the plot is decidedly original, and the characterizations of the most up-to-date variety. Miss Moore appears as a typical example of the modern girl, her costumes and personality being the last word, and her speech full of flippant wise-cracks.

#### BRICE

Mr. and Mrs. A. C. Hartzog and family, Mrs. Joe Woods and Mr. and Mrs. J. C. Johnson spent the Fourth celebrating in Turkey. Several members of the N. L. Murff family celebrated the fourth at Turkey.

Mr. and Mrs. W. M. Tedder spent Sunday with his parents of Wellington.

Mr. and Mrs. T. E. Tice and sister, and Mr. and Mrs. Decatur Tice, visited Mr. T. E. Tice's sister of Turkey the fourth.

Mr. and Mrs. John Rhodes and children of Goldston called on relatives and friends here the 4th.

Mr. and Mrs. Frank White spent several days with the lady's parents, Mr. and Mrs. Bob Cummins of Hulver, the fore part of the week.

Mr. Zack Aduddell happened to an accident one day this week when he overturned his truck on the highway between Brice and Clarendon. No serious injuries were sustained.

Mr. and Mrs. Odom had as guests, relatives from Lodge the fourth.

Mr. and Mrs. Cherry Nelson and daughter Leda of Amarillo spent the week end here with relatives.

Mr. and Mrs. M. L. Pittman and children of Martin spent the fourth with her brothers, D. T. and Lefe Smallwood and families. They all motored to Lakeview for the picnic and ball game.

The ladies of the Home Demonstration club entertained their husbands with an ice cream supper Friday night at the school auditorium. They report a wonderful time.

Lafe Smallwood and little son, Daniel Howitt went to Stephenville Sunday to visit his mother and father Mr. and Mrs. R. L. Smallwood. They expect to return here Friday.

Ben Hill of Memphis and a nephew were pleasant visitors in the Flat Sunday.

### Star Tires Performance Beyond Hope

"While we were optimistic as to Star Tires when the Hicks Rubber Company purchased the Star Rubber Company of Akron, O., for we knew that Hicks would build extra quality into a product already nationally known for its high quality, the actual performance of the Star has exceeded our own lofty expectations."

This is the remark, made yesterday by Joe Holland of Holland Brothers, local Star and Dayton dealers.

"And our gratification is nothing compared to the enthusiasm of those motorists who have 'hitched their gas buggies to a Star,'" said Mr. Holland.

"Many supremely satisfied purchasers of Star tires have voluntarily called at our place of business to show us how very little, if any, the deep tread of the Star tire has worn in thousands of miles of hard travel.

"We appreciate these voluntary expressions and definite demonstrations of complete satisfaction."

Bertie Mae Fitzgerald, Annelie Houser, Maurine Wood, Lela Bell and Rea Etta Thomas were guests at a dinner given by Nell Butler Wednesday evening honoring Jack and Wayland Houser, Raymond James and Pratt Sorrell.

F. F. Taylor of Hamlin visited in the W. H. Patrick home the past week.

Mr. and Mrs. Joe Cluck and daughter Virginia, are spending their vacation in the western states having left here Saturday.

### Amarillo Woman Suffering of Eight Yrs. Now Ended

Tried Lots Of Treatments But Got No Relief Until She Took Orgatone

"Orgatone has really worked wonders in my case," said Mr. James Gwyn, residing at 1907 Lincoln St. Amarillo, Texas.

"For almost eight years I have suffered with indigestion and dyspepsia, and during the past three years especially I have tried every thing imaginable with no results until I got Orgatone. I was advised to take this and that but after trying them I continued to suffer. My stomach would cramp and bloat something terrible after eating. I was nervous and was unable to get sufficient sleep and rest."

"I was induced to try Orgatone from the many statements I had been reading in the papers and now after taking two bottles, I can truthfully say I feel better than I have in at least eight years. My sleep is sound and restful and oh, it is such a relief to be able to eat anything you want and enjoy it. I feel very grateful and am only too glad to tell others about this wonderful medicine and how much it has done for me."

Genuine Orgatone may be obtained in Clarendon at the Stockings Drug Store.

### SAVE Your Hair

Don't court baldness by neglecting to care for your hair. Our hair tonics will stop your hair troubles. You will see immediate improvement in the looks of your hair and your scalp will tingle with a clean healthy feeling.
