CONTRACTS ARE SIGNED ASSURING PAVED ROADS FOR DONLEY COUNTY

State Agrees To Construct Roadbed, Bridges And
Culverts Ready For Paving Without Cost To County

The greatest stride taken in public improvement in Donley County was taken Monday of this week when the Commissioner's Court voted to accept the offer of the State to construct a roadbed complete with bridges and culverts ready for paving across the county from east to west without cost to the county.

This offer was made this county in the early spring but was turned down because the Commissioners felt that the majority of the people of the county were not ready for paved roads.

The county will provide a roadbed right-of-way one hundred feet in width for the construction of the roadbed. The only exceptions in width will be at Hedley, Lelia Lake and Clarendon where the roadbed width will be made to conform to the width of the streets.

Commissioner W. H. Youngblood made the motion to accept the State's offer which was promptly seconded by Nay Stiles of the Hedley district. The matter had been discussed previously by the commissioners, Judge Alexander and highway representatives. A thorough understanding was arrived at before the vote was taken, the minor details worked out and the contracts read and provisions carefully noted.

Odos Caraway furnished the pen with which the contracts were signed. This will evidently be kept as a memento of the occasion of Donley's first step in modern road construction.

Division engineer P. S. Bailey stated that this would close the only gap between Armstrong county and Ft. Worth. He even intimated that Armstrong county would likely become interested in road construction on the same basis.

The Commissioners are sure that the right-of-way can be obtained without cost to the county and there will be no bond floating necessary as has been done in all the other counties. They are sure that the gasoline tax will pave the road when it is ready for paving.

Mr. Bailey stated to the Court that a surveying crew would be put into the field as soon as possible and when their labors are finished, road building will immediately begin.

The roadbed will be constructed on the south side of the Denver railroad clear across the county using some of the present roadbed of Highway No. 5 where practicable. There will be no dangerous rail crossings. In view of this fact, the Denver road has volunteered to move their stock pens at Lelia and otherwise co-operate to save the county all the expense possible.

While in a reminiscent mood Monday evening, one of the commissioners stated that "the folks who fought the road bond issue were right because we will now get the road without bonds." Yes, they were right. With the completion of this road, a great public necessity will have been met and the friendships of the people all over the county cemented.

School Board Invites Patrons To Special Program

Clarendon High School has one of the best, if not the best, Home Economics Department in the Panhandle of Texas. It is a source of pride to the School Board and the patrons who have seen it as well. The School Board is very anxious that every patron of the public schools visit this department and see what we have.

The School Board is, also, very desirous that the patrons meet the faculty of the public schools.

With this two-fold purpose in mind, the School Board has decided to have an open house in the Home Economics Department, in the Girls Dormitory, from 6 to 9 o'clock p. m., Monday Oct. 21, at which time they very cordially invite every patron of the schools to visit the Home Economics Department and at the same time meet the entire faculty of the school system.

Box Supper At Ashtola

A box supper will be held at the school house at Ashtola next Saturday night. The proceeds will be used to help pay for the lighting system of the school.

The public is cordially invited to be present and help a good cause. Those in charge vouch for the fact that there will be plenty to eat and a general good time.

Met The Enemy

"We have met the enemy and they are ours" paraphrasing the famous declaration of Oliver Hazard Perry following the battle of Lake Erie, is the message sent by District Attorney Clem Calhoun to Governor Moody Thursday when he won his first battle in court at Borger where nine are said to be held for disposal by the Grand Jury meeting there this week.

Some local officers acquiesced, others resigned, some were kicked out and a few jailed during military occupation with only two shots fired—both accidental.

Women and children attend church and Sunday school instead of capping bottles on the Sabbath, and "all is quiet along the Canadian."

BRONCHOS DOWN SKYROCKETS ON MUDDY FIELD

Clarendon Wallops Wellington
15 to 6, For First Time
In Three Years

The Bronchos invaded the territory of the Wellington Skyrockets Friday for their conference game with an air of superiority that almost spelled disaster for Clarendon. All of the boys seemed to think that the game would be a "set up" and would not require any real fighting to be victorious, but they were soon to learn after the first whistle had blown that the coaches and older football boys knew what they were talking about when they said that there would not be any "set up" for the Bronchos. The field was covered with slippery mud which hindered Clarendon backs from scoring. The boys did not play as a team but as eleven men. When one man would get some fight and start playing real football, another man would loaf on the job. The lack of co-ordination is probably due to the fact that no one trained last week, thinking all of the time that they had a "set up". Neither team was gaining much in the first half on line plays. Behrens was tackling with deadly accuracy the Skyrockets' backs. He was in every play doing his part. He seemed to be the only man who carried the Broncho's fighting spirit on the field.

Clarendon gained her safety when Estlack and Behrens rushed Rouland, the Wellington quarter on a punt and nailed him behind their goal. Wellington put the ball into play a punt which was returned for 15 yards by Easterling, the husky Clarendon tackle. Wellington has one of the best passing machines in this district, but they completed only one over Estlack out of about twelve trials. He broke up passes like a veteran.

Clarendon's chance for a touchdown came in the third quarter when Estlack covered a overthrow from Wellington's center on the ten yard line. The bronchos woke up for a few minutes and opened up holes for the backs to go thru. Nichols put the ball over on the third down. Baird failed to kick for the extra point. Wellington opened up an aerial attack in the last quarter which looked like a certain thing for a touchdown until Estlack intercepted a pass and ran for eighteen yards only to slip and fall as he was about to sidestep the last man which Behrens had cut to the ground. Baird's quarter backing ability and his running ability made the touchdown. Dillard hit the right side for good gains and Noble and Nichols hit the left side for gains. Baird hit both sides and carried the ball eight yards for the second and last touchdown. Baird kicked a pretty goal for the extra point. The second team was sent in at this time to take the places of all but Dillard and Nichols.

Dillard kicked-off to Watkins, the left end of the Skyrocket. He received the kick off and ran 70 yards for a touchdown. Wellington failed to complete a pass for the extra point. Clarendon made 12 first downs and Wellington made 8.

The line up:
Wellington Position Clarendon
H. Watkins Center Estlack
Boverie Left Guard Helton
Gladney Right Guard Morris
Wellerby Left Tackle Easterling
Stout Right End Watson
Williams Right Tackle Behrens
Rouland Quarter Baird
Breedlove Left Half Dillard
Johnson Right Half Nichols
Bilbreath Full Back Noble
L. Watkins Left End McCrary
Substitutes for Clarendon:
Bourland for Baird; Fitzgerald for Noble; Dever for McCrary; Benson for Watson; Ziegler for Helton; Cottingham for Morris; McMahon for Easterling; Clemons for Behrens; Cornelius for Estlack.

Donald Ballew is visiting down east with his parents, having been pressed into service as family "shofer". He with his father and mother will attend the family reunion at Pilot Point next Sunday when the 94th birthday of the mother of Mr. L. Ballew will be celebrated.

DISTRICT COURT OPENS SESSION HERE MONDAY

Light Docket Faces Court If
Not Augmented By Grand
Jury Investigations

Just how much contiguous territory may be affected by the exodus of criminals from the Borger district will come to light soon with the investigations of the present Grand Jury of Donley County.

Judge A. J. Fires, generally accredited by both laymen and legal practitioners as being the fairest judge to occupy the bench in this district, outlined the duties of the Grand Jury in a plain, impressive manner when that body took the oath Monday Morning.

The Grand Jury is composed of W. P. Cagle, J. H. Hurn, O. C. Watson, Bill Bromley, J. M. Acord, O. L. Smith, W. T. Hayter, I. M. Noble, A. E. Ranson, Claude Nash, R. L. Duckworth and T. N. Naylor who was elected foreman.

Four extra men were added to the official family as Grand Jury bailiffs and are W. H. Smith, G. A. Anderson, L. L. Cornelius and C. L. Kinsey.

District Attorney James C. Mahan fresh from many victories won in court at Memphis last week, will be with the Grand Jury this week while the court is trying civil cases. The criminal docket will not be taken up until the second week of court.

The criminal docket is very light this term. The case of Oscar Brown, charged with complicity in the Richey murder at Hedley, will likely come to trial this term.

The case of F. A. Nave, on charge of venue from Childress county, may not come to trial here at this time due to the fact that Nave is said to be doing a long stretch in Oklahoma for bank robbery. Nave is charged with the murder of a man by the name of Morgan, whose body was found under a culvert in Childress county several months ago.

Nave was picked up by Oklahoma officials in New York state where it is said he had joined the Whitey Walker gang. He was returned to Oklahoma and convicted of bank robbery. Walker is now in jail at Borger where he is charged with several murders, two of them being former officials of that town.

Thirty-five civil cases are on file, among them being a civil suit styled Donley County vs J. R. Porter. This case is being brought to the attention of the court to determine if a county judge who is ex-officio superintendent of schools, may accept payment for his services as school superintendent in addition to his regular salary as county judge. In either instance, the case will likely be carried to the higher courts and be made a test case as there is said to be no parallel case on record of this kind in the state.

Due to the mass of evidence to be gone over, no indictments will likely be returned by the present Grand Jury before the last of the week.

Mules Will Be Auctioned Here
Next Saturday Week

Sheriff M. W. Mosley announces an auction sale of first-class work mules here Saturday the 26th at the Nat Woods feed lot near the tracks.

There will be twenty-four head in the lot ranging in age from three to six years. All look good and are being fed and well cared for so that they will look their best on the day of sale.

Seventeen head broken gentle ready to work. This is the kind of work stuff that is profitable on any farm or where draft stuff is required. "Not a knotty one in the bunch" states the owner.

The stock will be auctioned by B. E. Bohanan, a local auctioneer of note well known over the Panhandle as a square shooter. A large crowd is expected to attend the sale due to the fact that the offerings are above the average. Liberal terms are also announced as well as a liberal discount for cash.

CROPS DAMAGED BY HAIL STORM FRIDAY EVE.

Cotton And Row Crops Suffer
Damage In Streak From
Goodnight To Quail

One of the most disastrous hail storms to occur in this section fell Friday afternoon late. The first serious damage is noted on the Jack Hudson place near Goodnight. The Scarborough place was hard hit much of the entire crops of both of these places being lost. Ab Harrison also suffered the loss of his crop.

The cloud swung toward the river from Ashtola practically destroying the crops of Walter Morrow, W. G. Pittman, Buck Roberts and W. E. Hodges. Coming on down the river the storm had gathered full force and swiped the crop of Sid Harris out to a total loss.

As the storm traveled on east the crops of Marvin Warren, R. O. Thomas and W. O. Butler suffered a loss of about half their cotton. After passing this point some four miles northeast of town, the cloud seemed to rise and did not strike again until near McKnight, the same hail damage was done in the storm streak from Goodnight to Quail.

Several farmers had gathered some of their cotton and the loss will not be so heavy where pickers could be had. From a point north of town east, the cotton knocked to the ground can be saved if the weather clears.

Cotton pickers are in big demand and the crop will be "snapped" in most instances to hurry the gathering process. Donley's cotton crop is running over estimates made even late in the season. The big thing now is to save it.

BRONCHOS WILL MEET MEMPHIS HERE FRIDAY

Undefeated In Four Games Of
The Season Gives Local
Boys Plenty Of Pep

Enthusiasm is running high at this time over the fact that the Bronchos are to meet the Memphis boys in a football game at College Park here Friday afternoon at 2:30. This is the fifth game for Hutton's squad, four having been won to date.

It is expected that most of the town will turn out for the game and no one will be asked to close their place of business.

The new band master, Mr. Gus B. Stevenson, will be out with the band in full force and there will be no lack of music. The Pep Squad, composed of the best looking girls of the Panhandle, will be right there to back the team with all the encouragement at their command.

Some of the older heads who never before saw a football game, have become so interested that they could not be kept away with a shotgun. Yes, all the folks will be out to back the boys who are making a record for the old home town.

Local Banker Gives Views In Regard To Diversification

"Get away from the one crop idea" is the sage advice of J. D. Swift, cashier and manager of the loan department of the Farmers State Bank of Clarendon. Mr. Swift says that he finds the farmers who practice diversification to be the best loan customers, and by far the thriftiest customers.

Mr. Swift is also strong for the cow and the hen. He has done more to bring good jersey cows into this section than probably any other man. When you begin talking about cream checks, Mr. Swift gets interested right now, and talks chickens and turkeys at the same time.

Miss Mary Stocking, member of the teaching faculty of the Panhandle public schools, spent the week end with her mother, Mrs. J. D. Stocking and brothers.

CAR LICENSE IS CUT ONE-HALF FOR NEW YEAR

New Fees Will Be Based On
Weight Except For Trucks
Which Are Increased

Car owners will be pleased to learn that a license plate for the new year will be cut about half according to an announcement from Austin Saturday. On the lightest cars, the fees will be cut more than one-half. On medium weight cars, the fees will be cut exactly one-half.

Passenger cars and trucks will carry a heavier penalty than last year. In most cases, the license for this class of machines has been raised.

The reduction is made possible by raising the gas tax from two to four cents. Due to the larger proportion of light car registrations, the license fees will be cut about ten million dollars.

While the old fees were based both on weight and horsepower, the new schedule is based wholly on weight alone.

The fee for the model "T" Ford last year was \$11.20 and this year it will be \$5.04. The new model "A" last season was \$11.20 and has been reduced to \$9.36. The Chevrolet coach that cost \$16.50 last season will take a plate at only \$9.00 this time. A light Buick for instance last season cost \$27.70 and now the price is cut to \$18.24 which seems a plenty. The Cadillac sedan that cost \$40.67 last season may now be fitted out with a new plate for "only" \$23.50.

CLAUDE EDITOR IN CAR WRECK SAT. NIGHT

Child Is Injured And New Car
Badly Damaged When Hit
By Reckless Driver

While coming down from Claude Saturday night, an imperial Chevrolet landau car driven by Thos. T. Waggoner accompanied by Mrs. Waggoner and the children, Marguerite, Marinella and Thos. T., Jr., was struck by a car driven at rapid speed driven by J. A. White who resides at 307 N. Pierce street, Amarillo.

Mr. Waggoner was near the bar pit on the right side of the highway when struck and his car was thrown in the bar pit with great force tearing off a fender, running board and bending the axle.

Mariella, one of the smaller girls, received a serious injury to the face and chin loosening the front teeth. Other occupants were badly shaken but escaped serious injury. The family was brought to the local Sanitarium where they received medical attention.

The other car was not damaged to any extent. The wreck occurred about four miles west of town. Mr. White claimed that he was blinded by the lights of Mr. Waggoner's car which accounted for the fact that he was on the wrong side of the road.

Mr. Waggoner returned to Claude with his family Monday after spending the night here with Mrs. Waggoner's parents, Mr. and Mrs. F. L. Behrens.

Gins Feel Effects Of Rain In Cotton Receipts

Little cotton has been gathered the past week due to the heavy rains and continued foggy mornings. Most of the cotton is now being "snapped" rather than picked as before the rains of the past week.

The gins of Clarendon report a total of 1893 bales ginned up to ten o'clock today (Tuesday) and the gins at Hedley and McKnight report a total of 2874. No reports could be had from the rural gins.

Farmers whose crops were badly beaten by the hail Friday, are arranging for plenty of pickers to gather the cotton off the ground. It is thought that most of that on the ground can be saved if the weather clears for a few days.

Sam Weaver of Quail was a business visitor here Saturday.

HEDLEY OWLS ARE BEATEN 33 TO 6 AT MCLEAN FRI.

Beset By Bad Luck From The
Beginning Compels Owls
To Lose Third Game

Losing their first time this season in a fast game at McLean Friday afternoon in the fastest football game of their experience may be charged up simply to bad luck say those who saw the game from start to finish.

Armstrong, one of the best men on the team, suffered a sprained ankle in the second down which greatly handicapped the players. When the Hedley boys stepped in to the field for the second half, they were somewhat warmed up for the occasion and Watkins made a touchdown.

That McLean bunch did some fine playing ending the game with a score of 33 to 6 in their favor.

The Hedley boys were accompanied on the trip by over fifty boosters and altho losing this game, are keen to try the squad in a return game that is to be played in the near future.

HEDLEY GIN HAS INSTALLED NEW BUYER IDEA

Latest Convenience Installed
This Week Means Much To
Visiting Cotton Buyers

With the building of a sample room of ample dimensions at the Farmers Equity Union cotton gin at Hedley the past week, another idea is put to work to induce more buyers to visit the territory based on a safe convenience.

Buyers may now visit the sample room where a sample of each bale will be on display making his purchase from the sample direct without seeing the bale. This will avoid a great waste of time as it has been a practice in the past to send the samples away and accept the grading of the man at a distance.

Cotton owners now may have their cotton graded at home and know what they are to get. This convenience means much to the gin as the Union buys much of the cotton direct from the producers.

Another Link Added To Chain Of Boston Brothers Piggly Wiggly Stores

Another addition to the Piggly Wiggly store chain operated by Boston Brothers was added Saturday with the opening of a store at Canadian in charge of Houston R. Miller, for many years connected with the grocery trade of Clarendon, a part of the time in the employ of the local Piggly Wiggly store managed by U. J. Boston.

The Canadian store will make the seventh in the rapidly growing chain. The company also operates a wholesale house at Pampa which was opened last week. Other stores are planned for the near future.

Much of their success is credited to a liberal use of newspaper space backed up by goods of first quality and a fair price.

The Printed Word

It has been his business to build greater papers by a greater circulation giving the merchants a better advertising medium and the public more reader value for more than a quarter of a century. The following telegram received from Mr. Frank Kane will no doubt be of interest: "Snyder, Texas, October 10th. From week to week as your Donley County Leader comes to my desk since closing your greater circulation campaign, it can be seen that Clarendon merchants appreciate greater circulation as is evidenced with their volume of advertising through the columns of the Leader. The printed word always gets results." "Frank Kane Circulation Co."

RELIGION.

Religion is a creed or a cult. Christianity is a practice.

INFIDELS.

Some preachers become infidels because their members lie to them and betray their confidence. Also vice versa.

OLD AGE? NEVER!

After reading the lamentations of Col. Dick McCarty in his Albany News of last week wherein he complains that he was double crossed out of a moment of blissful osculation, we younger fellows may take a new hitch resting assured that life will not be all gall up to our seventy-second year.

"GOD'S WHO'S WHO"

Emanuel Meyer, well known over east Texas for many years as a prosperous merchant where he amassed quite a bit of wealth, is today just "Uncle Buddy" to the crippled children of a Masonic hospital of Dallas, to which town he moved some time ago when he retired from business activity.

"Uncle Buddy" finds his greatest pleasure in taking toys, candy and flowers to the inmates of the Masonic Hospital for Crippled Children. The eager little faces pinched with pain look forward to his coming. They often accompany him on car rides in a large car which he purchased for that express purpose.

To be just simple "Uncle Buddy" to a helpless bunch of waifs is a greater honor than that showered upon other celebrated men of his race whose pictures often appear in print and are hailed as America's greatest financiers.

BORGER'S PREDICAMENT.

While the assassination of the District Attorney at Borger met with wholesale condemnation, it is also true that two officials of Donley county were also assassinated. We think we have a pretty good bunch of folks in this county, and have, beyond question.

Matril law was not declared in Donley county, was not asked for or expected, and was not needed. Neither was it necessary in Borger according to some good citizens who live there and who believe that a few Rangers could

have remedied the trouble. No fair-minded citizen believes that the entire official family of that county is a bunch of outlaws.

Unjust accusations have been made against Borger officials. If they are guilty, they should be prosecuted just the same as an individual. As a result of the bad name given that town, property valuations have been damaged thousands of dollars. There will likely be a lot of damage suits at the final windup of the present regime.

NEW MEXICAN POLITICS.

Just now the governor of our sister state is attempting to bolster up respect for the judiciary which is a frequent practice. A grand jury has condemned the state highway engineer and others.

Some of the political newspapers defending the governor and his highway department, refer to the grand jury as "human buzzards."

This editor fired the first gun in exposing rotten politics in that state in 1918 which resulted in his being sentenced by a rotten judiciary. Three more newspaper men took up the fight ending with the alleged expulsion of Carl Magee. These three were likewise sentenced to the penitentiary. Neither of us served a day. Gov. Larrazole, an honest man, would not permit an editor to enter the pen for having told the truth.

Following that exposure covering a period of about five years, the state remained quiet. The war is breaking again but they will not clean out the rotten politicians. New Mexico, like Texas, has an infamous dibel law that does not permit the truth to be printed. Such laws are made by crooks to protect crooks. The common people are not permitted to know the truth about the actions of crooked politicians.

HOSPITALITY

Somehow I have always had a little deeper reverence for the old trail drivers. Woman has been lauded to the skies—and she should be—but the pioneer men come in for a big share of the honors.

Speaking of hospitality, those who have never been privileged to

ride up to a camp fire where a bunch of old-time "punchers" (the modern cow rider is termed "waddie") were preparing a meal, does not know the first meaning of hospitality. "Light and join us" was the simple welcome to the stranger who was guided to the camp by the light of a "cow chip" fire giving off a peculiar tang mingled with that of coffee, onions, bacon or beef that would enthruse even a dyspeptic.

What a sweet relief to the rider of the open range to sit on the ground forming a table by crossing the legs and dip from a pie tin filled with food of a quality and flavor that has never been equalled. The smoke wisps curling toward the star-lit heavens and the sincere welcome of the boys whose handclaps were a little warmer and whose hearts were as big as a ham, possibly had something to do with it. Yes, a whole lot.

The cowboy has passed on and there is no one to tend his altar fires upon the old campground. The few who gather each year at Canyon is but the remnant of the old boys who gave to the southwest her richest heritage—hospitality.

A New Standard In Art

A young man from Kansas City was paying a visit to a cousin in New York, who is very "strong" for the new movement in art, and who took him to visit a Futurist art exhibition.

The Kansas City youth remained quiet during the view.

"Well," said the cousin at last, "you don't seem to be particularly interested or enthusiastic about the pictures. What do you think?"

"Think!" exclaimed the youth from Kansas City. "Why, man, I've got two aunts out West that can knit better pictures than these."

Saws And Screwdrivers Are Found In Cell Occupied By Two Men Charged With Hedley Killing

Following an attack on the assistant jailer at Amarillo Wednesday, the cell occupied by the attacker was searched and two screwdrivers and four saws were found. Joe Dunwoody, sentenced for 99 years in the Hedley night-watchman murder case, and Bert Hall, given 30 years in the same case, were among those to occupy the cell at the time.

The prisoner making the attack threw a milk bottle at the jailer cutting a gash on his head. Articles which might become weapons were found in other cells later when a general search was made.

The Joe Dunwoody case is now on appeal and is scheduled to be reviewed by the Court of Criminal Appeals which will convene this month at Austin.

Bert Hall was sentenced finally at Memphis Wednesday morning, at which time he took the trouble to pay his respects to the court, prosecuting attorney and the public in general exhausting his vocabulary of profanity. He was returned to Amarillo at once and the officers warned to keep a close watch on him.

The Charred Remains

of this rural schoolhouse are a pathetic plea for safer buildings for all communities. Gathered for an evening's entertainment, 150 people crowded into the small schoolhouse. Fire broke out! Windows heavily screened defeated escape! Doors opening inward were jammed tight shut by a frenzied crowd. Lives were lost and serious injuries occurred—all because of improper construction in the first place.

A Donley county citizen in taking a vacation in southern Arkansas saw the past summer picked up a bit of malaria and had a few fits. He handed the Leader the poem printed below stating that the article described his feelings exactly.

MALARIA

When the top of your head seems as if it would crack,
And you think there's a weight of a ton on your back;

When you chatter with cold, tho your skin's burning hot,
When it seems as though your bones were going to rot;

When you feel like hell, then it's certain you've got—
A rousing good dose of "Malaria."

There's a taste in your mouth like an egg at its worst,
And the stock of a brewery couldn't quench your thirst;

When your joints all a-cracking you fall into bed,
While ten thousand demons are pounding your head,
Till you rave 'neath the torture and wish you were dead—
You're sure in the grip of Malaria.

You pile upon the blankets and try to get warm,
Yet shiver and shake like a leaf in storm;

Your head like a furnace, your throat like a drain,
While burning hot needles are piercing your brain,
And your body is cracking all over with pain—
You are having a touch of Malaria.

You swallow quinine till you're as blind as a bat,
As deaf as a post and weak as a cat.

At last you break out in a cold, clammy sweat;
Till your bed clothes cling to your back wringing wet,
Then you know for a moment that you've settled your debt—
With the blood-sucking demon, Malaria.

Turkish Beauty

Miss Feriha Tewfik, winner of first prize in beauty contest at Angora, Turkey, in which beauties from all parts of Turkey competed.

If by chance you should see a poor wreck passing by,
Yellow of skin and watery of eye;
Bones all a-rattle, with lips turning blue,
Who gobbles and blinks like an ape in the zoo—

Don't shoot the poor devil, it's only he's due—
For another attack of Malaria.

It's said when you die and arrive at the gates
Of heaven above, where Saint Peter awaits,
It counts not at all if you've squandered your time,
What sins you have done or the depth of your crime,

You've got a box seat reserved with the martyrs sublime—
If you've suffered on earth with Malaria.

Fanatic On Exercise and Diet

He read the health column daily, brushed his teeth after each meal, kept his feet dry, counted his calories, took exercises in three forms—electric, sporadic and spasmodic. Had two complete medical examinations each year, was a carnivorous animal one week and herbivorous the next, never chewed smoked or drank "hootch." Slept with windows open for seven hours each day.

The funeral was held Sunday. He is survived by 18 specialist, three health institutes, forty volumes on dietetics, 2 gymnasiums and five forms of electrical massage machines and vibrators besides a large stock of health foods, disinfectants and antiseptics.

He tried to beat a train to the crossing while rushing madly home to take exercise "B" which he had accidentally overlooked in his daily routine.

Was Called A Liar

When a fellow came in and told us that we sold better stuff for less money than the other fellow, we told him that we did not. That we merely wanted to keep in line. He called us a liar.

As for just me, I don't care, but knowing Mollie like I do, I swelled up like a poisoned pup until he handed me an order for over thirty-five dollars, when I told him to call us most anything.

A fact worth thinking about—

WITHOUT

Hicks great buying power at the factories and the big sales volume of more

PAINT your Home NOW!

The temptation is to say, "Well, I can put off painting the house until next season." But then, somehow or other, that time never comes and so an important work is neglected, year after year. Winter comes with sleet and snow and driving rain and eats the life of timber which might otherwise last for generations.

"DO IT NOW" should apply specifically to painting your home!

SCHOOLMATES OF 1889 RESPOND C. E. BLOSS ACKNOWLEDGES AID DISTINGUISHED ROSTER CALLED

Schoolmates of 40 years ago are scattered to many parts of the United States were heard recently by C. E. Bloss of Granbury through an article published recently in The Star-gram, in which Bloss requested them to get in touch with him. A letter in which Bloss expresses his appreciation for the aid of him in locating members of a class of '89 from the old Normal University at Lebanon, Ohio, has been received. Bloss has heard from now live from Paso to Marietta, Ga., and in San Antonio to Chicago, he said.

Bloss is the proprietor of the Dowdawn Farm, near Weatherford. In his letter he also reviewed some of the "old days" during which he shared the struggles of schoolmates in Texas to establish schools. A number of Fort Worth schools were pupils of Bloss in the early schools established in Tarrant and adjoining counties.

Some of the pioneers in educational affairs of Texas take a pride, and I hope a pardonable one, in the part we played at a time when there was not as much laboratory equipment in the University of Texas as one will find today in any of our rural high schools," Bloss related. "Those were the days of the high-wheeled bicycle, the sidesaddle, the covered wagon, the camp and the brush arbor for meetings.

I recall the time when there were no telephones, no electric lights, no trolley cars and no overhead wire (the invention of which I consider one of the most notable of the Nineteenth Century), and a time when one had to well 'try to fly' as to do other preposterous and utterly impossible things.

I also remember when Dr. J. D. Miller, at Abilene, and Dr. C. S. Dean of the Law School at Central Methodist University, working in the cotton fields, were hit, in Parker County, to their books and clothing whiffing the little academy at place.

I remember when Martin Littleton was 'pumping' a car on the Texas and Pacific road at Aledo, possibly dreaming the great speech he was to make at Baltimore, Md., years in nominating a successful candidate for President of the United States.

I recall when Samuel Palmer, now president of Baylor University at Waco, was 'sniping' (acting as a section hand) on the Santa Fe Railway at Joshua. His consecrated father was going to little Baptist church that section.

I feel honored to have had my intimate friends the members of the great Texas Christian University at Fort Worth, Adair and Randolph Clark. Adair is dead, but Randolph Clark is living at Ranger with his law, Bob Holloway, superintendent of the Ranger schools. Mr. Holloway is superintendent of the Ft. Public Schools, H. M. succeeded me as teacher in

the little school as Cresson in the Fall of 1892 when I moved on to Granbury. Walter Morris, now assistant district attorney, was once a pupil of mine."

Bloss expressed the hope that none of his old friends would be displeased with his reminiscence of their humble beginnings, and to play safe and make them feel good about it, he quoted from the second act of Shakespeare's "Caesar" in the first scene of which Brutus says of Caesar:

"'Tis common proof that lowliness is young ambition's ladder, whereto the climber upward turns his face; But when he once attains the utmost round, He then unto the ladder turns back, Looks in the clouds, scornful of the base degrees By which he did ascent. So Caesar may."

Bloss mentioned a number of other Fort Worthians of less note who once studied under him. One Fort Worth physician, he said, was a student of his for two years, and "has owed me \$35 tuition for exactly 39 years, but he probably would be like Peter was by his Lord, deny that he ever heard of me."

The Employee: "I came to ask if you could raise my salary."
The Boss: "This isn't pay day."
The Employee: "I know that, but I thought I would speak about it today."
The Boss: "Go back to work and don't worry. I've managed to raise it every week so far, haven't I?"

There is a story of a dusky lady, narrated by Mac in the Rock Island Argus, who went into a drug store and asked for one cent's worth of insect powder.
"But that isn't enough to wrap up," objected the drug clerk.
"Man," exclaimed the dark lady, "I ain't asked you to wrap it up. Jes' blow it down my back."

"What difference does it make?" retorted McPerson. "Mebbe none tae ye, but he has me pipe in his mouth."
"Why all the heavy thought, Ethel?"
"I'm trying to make up my mind whether to be popular or act like a lady."—Life.

"Is this the weather bureau?"
"Yes, sir."
"How about a shower tonight?"
"It's all right with me. Take it if you need it."

Local Folks Assist In Wedding

Mr. and Mrs. D. T. Heath were best man and bridesmaid in the wedding ceremony of Mr. and Mrs. Arthur Umberson at Amarillo Thursday evening.

These young people are friends of many years hence their selection of Mr. and Mrs. Heath to assist in the nuptials.

Henry Woods of Brice stocked up with supplies here Friday reporting a two inch rain down his way Thursday night.

E. W. Bryan has acquired the interest of J. D. Harvey in the Hokus-Pokus store at Turkey. E. W. and Reagan Bryan are the owners now. Mr. Harvey will move to his farm near Petersburg.

Ruth Elder and Walter Camp, Jr., Engaged

Walter Camp, Jr., former Yale football star and son of the late football expert, with Ruth Elder, noted aviatrix, with whom he is reported engaged. Ruth Elder, at present a member of the Lady Bird Air Derby from Santa Monica to Cleveland, confirmed the report.

"Paper..."

want a Paper Mister?"

HERE, there, everywhere, above the din of traffic is heard the shrill cries of the newsboy. . . "Paper, wanta paper, Mister?" . . . "Sure, Sonny," a shining nickel is dropped into the eager newsboy's hand . . . the transfer is made . . . one nickel for one paper.

—Costly? No, indeed . . . yet the cost of two papers daily is more than the average family spends for the greatest necessity of all . . . electric service.

—Approximately \$28.98 is spent each year by the average family for lighting.

HOUSING NEEDS GROW AS COLD WEATHER NEAR

Many Transients From East Will Remain For Many School Advantages

Houses of the better class are in popular demand at this time due to the fact that many who come to Donley county this fall have selected to remain. Vacant houses are scarcer at this time of the year than ever before.

Not only are houses scarce, but apartments and even rooms are hard to secure. As is usually the case, the property close in is in biggest demand. Quite a few new houses are to be constructed during the next two months owing to the fact that new houses are readily rented before their completion.

Not only does this condition effect this class of habitation, but suitable business quarters are at a premium. When work was begun on the new two story brick displacing the old Presbyterian church, Mr. Latson had more rental offers than he could accept. "It is no trouble to rent desirable business property at a good figure," stated Mr. Latson, Saturday.

More building of business houses is expected before spring. At least two are under contemplation at this time, though plans have not been perfected permitting of an announcement.

HEDLEY

1919 Study Club

The 1919 Study Club met Wednesday, Oct. 9, at the home of Mrs. J. A. Moreman, with Mrs. Rolfe Brumley as hostess, and Mrs. J. W. Noel as leader. The program was the lesson on the Bible. Roll Call, "Quotations"—Psalms, Hymn 'Abide With Me'—The Club. The subject matter of the Psalms—Mrs. Mary Dishman. Interpretation of 23rd Psalm—Mrs. Frank Kendall. Questions on the Psalms—Mrs. J. W. Noel.

The program was very much enjoyed by all present, and the hostess served a dainty course to the following club members and a guest:

Mmes. Beaty, Dishman, Hooker, C. L. Johnson, C. E. Johnson, Edd Kinslow, Kendall, Lowry, Moffitt, Noel, M a r y Reast, Simmons, Thompson, Vineyard, Westberry, and Mrs. R. E. Newman as guest. Mr. and Mrs. M. W. Mosley were in town Wednesday seeing after business and visiting old friends. Mr. Mosley says that they keep him pretty busy over in Clarendon.

Mr. Horrace Owens was down from Clarendon Wednesday afternoon to see his mother, who has been seriously ill at her home. At this writing she is reported very much improved.

Mr. Jim Everett and Chas. Lowry motored over to Clarendon Saturday morning to attend business there. The beautiful glass water set that has been on display in the Adams Dry Goods, was given Friday afternoon about 5 o'clock. The tickets were all put together and mixed up and then one taken out. There was a second drawing as no one hand the first number. After the second number was called it was only a minute until Miss Katey Pierce stepped forward and claimed the set.

Gladys Ewen the cashier of the West Texas Utilities Company, went Tuesday to a business meeting in Shamrock. The West Texas Utilities Company was represented by cashiers from the following towns in District J.: Childress, Memphis, Turkey, Estelline, Clarendon, Hedley and Shamrock. After every one had arrived about the noon hour, they were taken to the hotel dining room where there was a wonderful lunch awaiting. After the lunch hour the meeting was held. The meeting was a program given in honor of Thomas Alva Edison. The things Edison did were wonderful, and it was great to honor such a great genius of today. The next meeting will be held in Childress in the month of November.

Mrs. Alva Simmons spent the past week in the home of Mrs. John Adamson in Turkey.

Mrs. A. Vinyard made a business trip to Amarillo Monday, returning the same day.

Mr. and Mrs. E. R. Hooker and little Bettie Margaret and Homer Simmons made a trip to Wichita Falls and Burk Burnett Wednesday returning Friday afternoon.

Donley County Farmer Scores Despite Many Calamities

With the worst crop weather in her history chalked up against her this year, some farmers have prospered despite drouth, hot winds, hail and floods. Among those to make a correct guess on the weather conditions is Clay Inman, a prosperous farmer who resides two miles west of Jericho.

Mr. Inman has just completed the building of a dairy barn and double garage for he is a strong believer in diversification. When he left Windy Valley for the bleak plains country, his friends doubted the wisdom of the move. His marketing of some fifteen thousand bushels of wheat this season with a fine lot of row crop stuff being harvested now attests the wisdom of the man who tackled the job of wringing a fortune out of three hundred and twenty acres of black plains land.

The bunch of pure bred Jerseys and a large number of chickens have played a part in the general scheme. This farmer is adding and culling cows right along, getting his milkers into the best condition possible for he knows they pay and pay big by careful test.

He uses two autos, two trucks, two combines and two tractors in his business. It is his plan to make everything pay its way and then some. He is setting a safe pace for others to follow.

SUNNYVIEW

The past week has been excellent weather for gathering the cotton and farmers are finding their cotton really better than at first since the hail in September.

Mr. Archie McNeely who has resided here for two years took a sudden notion a short time back that he was a mighty "Home Sick Boy", to go back to his old home in Ellis County, but last week while gathering his cotton he found it so much better than he first thought and also finding so many farmers wanting his farm, stock, implements etc. He says he believes he is not near as home sick to leave Donley county as this is a good place to live after all. Stay with it Archie for Donley county may make a bumper next year.

Mrs. Sam Roberts sold a fine bunch of Game chickens to Mrs. Turnbow of Martin Monday morning.

The following spent a very pleasant afternoon in the home of Mr. and Mrs. Nelson Riley. Mr. and Mrs. John Hessey and son of Pampa, Mr. and Mrs. L. L. Wood and sons Arlie and Lewis, and Mr. and Mrs. Otis Barnes of Clarendon. Also Mr. and Mrs. Archie McNeely and children and Mrs. A. M. Lanham.

Mr. and Mrs. W. A. Bailey and children and their cousin, Charlie Jones called on Mr. and Mrs. A. M. Lanham Sunday night awhile.

A. M. Lanham has a new hen house, the old one was blown down by the wind storm some time back.

Mr. and Mrs. Sam Roberts, Mr. and Mrs. Neal Bogard and family and Mr. and Mrs. Heckle Starks were pleasant callers in the home of A. D. McNeely Sunday night till bed time.

Mr. and Mrs. D. D. Lanham spent Wednesday night with his parents, Mr. and Mrs. A. M. Lanham.

Those who took dinner with Mr. and Mrs. Neal Bogard Sunday are, Mr. and Mrs. C. F. Bogard of Clarendon, Mr. and Mrs. Clate Peabody and baby of McLean and

The Senior class for the school year 1929-30 met and organized the second week. The following were elected:

Sponsor, Mrs. E. Davenport. President, Joe Everett. Vice-Pres., Pauline Pickett. Sec'y., Inez Jean Blankenship. Reporter, Edward Boliver.

Their old motto remains reminiscent of Freshman days, "Perseverance" is retained, also their colors, purple and gold. To date there are twenty seven Seniors, the largest class members in the history of the school.

At the second regular class meeting Mr. Charles Lowry and Mrs. Mable Bridges were elected class mother and father. The work of these two among the young people of our town has been duly noted, and the class is looking forward to an interesting and worth while year. The class members as a rule are younger than usual, but we feel that there is no reason why we may not maintain the high standard of excellence set by those who have preceded us.

Mr. Ernest Johnson made a business trip to Clarendon Saturday morning.

Mr. and Mrs. Harve Smith of Ashtola. Mrs. S. T. Clayton and Mr. and Mrs. Slaton Mahaffey of Clarendon spent a delightful afternoon in the home of Mr. and Mrs. P. H. Longdon.

Mrs. W. A. Bailey and children were in Brice Saturday to see her mother, Mrs. John Jones, also her sister, Mrs. Melton Evans.

Little Miss Dorothy Jean Bogard is visiting her aunt, Mrs. Harve Smith of Ashtola.

R C A Talkie Equipment Is Expected Every Day

C. H. Rush, engineer sent here by the New York firm that sold the "talkie" machinery to Mr. Mulkey for his Pastime show, will remain until a week after the installation of the equipment to see that it works perfectly.

The contract for the electrical equipment will be let to local contractors today. Hundreds of feet of wiring will be required in this work.

While talking to a reporter of the Leader Monday, Mr. Mulkey stated that his equipment was arriving at a bit at a time and was being installed as it arrived. The big machine weighing some three thousand pounds, was shipped by freight on the fifth of the month and is expected any day.

The interior of the building will be ready for the installation of the complete machinery immediately upon arrival.

Mr. and Mrs. Jesse Fisher and little daughter Bettie of North Carolina, and Lester Martin of Colorado, visited their uncle Mr. W. D. Martin and family here Thursday and Friday.

Amarillo Radio Station Will Become One of National Broadcasting System

It is announced that the radio station WDAG of Amarillo will increase the watage to one thousand and become one of the chain of stations hooked up with the National Broadcasting system.

The organization will contribute thirty minutes each Thursday night to the Amarillo Chamber of Commerce that they may exploit the advantages of the Panhandle in an effort to encourage immigration.

The Amarillo C. of C. in turn will invite towns of this territory to share with them on this period that the entire Panhandle may be benefitted by radio announcements that will reach all over the United States.

Mr. and Mrs. R. C. Kennedy of Alanreed visited her parents, Mr. and Mrs. H. J. Wardlow Sunday afternoon.

SOCIETY

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary will meet Wednesday afternoon of this week at 3 p. m. in the church parlors. Rev. Robt. S. McKee will continue with the lessons based on the Book of Acts.

A business session will be held preceding the Bible study period. Mmes. J. A. Potts and R. F. Morris will be joint hostesses.

TIDWELL-DUCKETT

Friends of Miss Ruby Duckett and Mr. Simpson L. Tidwell will be interested to learn of their marriage at Hollis, Oklahoma Sunday.

Both of these young people are well and favorably known locally. Mrs. Tidwell is the accomplished daughter of Mr. and Mrs. J. H. Duckett of Clarendon and is a valued employee of the Green dry-goods company here.

Mr. Tidwell is an enterprising young man, has resided here for several years and is employed at the R. L. Bigger service station.

Mr. and Mrs. Tidwell left immediately for the Dallas fair on a honeymoon trip and will make Clarendon their home upon their return.

WOMAN'S MISSIONARY SOCIETY

A meeting of the Society is called to meet in the church parlors Wednesday of this week. All members are urged to be present.

LES BEAU'S ART CLUB

The Club was entertained by Mrs. Brice Kennedy with Mrs. J. H. Morris assisting. The rooms were decorated with beautiful yard flowers, a large variety of which are at their best now in many Clarendon yards.

Subject: "Renaissance of Architecture" led by Miss Helen Beck assisted by Miss May Lumpkin. Dainty refreshments were served by the hostesses at the conclusion of the lesson period.

ENTERTAINS WITH BRIDGE

Mrs. R. A. Chamberlain and Mrs. Fred Chamberlain charmingly entertained with eleven tables of bridge at the beautiful Fred Chamberlain home Friday evening honoring Mrs. Kelly Chamberlain. Mrs. Roberta Ryan won first prize and Miss Lotta Bourland second prize. After the games, a two course refreshment course was served to the honoree, Mrs. Kelly Chamberlain and Mmes. Lillian Brady, Ida Parks, Stargel, B. L. Jenkins, Jr., W. S. Bagby, Clyde Price, Richard Bell, Roberta Ryan, Forest Sawyer, Frank Stocking, Bascom White, Earl Alexander, Carl Bennett, Jr., Lenham Ball, Roy Ingram, Clarence Miller, Sam Dyer, Barcus Antrobus, Thelma Darden, B. Mr. and Mrs. Watts visited with their daughter, Miss Ola May, at Wellington Sunday.

Baptist Ladies Entertain At Church Thursday Night

The ladies of the Baptist church entertained with an informal reception Thursday evening honoring the faculty of the public school and college and Rev. and Mrs. S. R. McClung.

The entertainment was in the form of a "bell" social. On arriving, the guests were requested to submit to being "belle'd", their name being written on a paper bell prominently displayed.

Then began the search for the "Belle of the Evening" as each guest shook hands with the other, calling their names at the same time. When the belle, Miss Elizabeth Stevens, was discovered, and incidentally all had been introduced to each other, the faculty members were requested to form a line behind Miss Stevens while the others formed a parallel line. The two groups were then seated alternately and progressive conversation ensued using the topics fire bell, church bell, school bell, society belle and wedding bell.

The following program was then rendered:

Welcome—Rev. S. R. McClung. Violin Solo—Mrs. G. L. Boykin, accompanied by Miss Fray Stallings.

Reading—Mrs. Frank Stocking. Piano Duet—Misses Evers and Stroder.

Reading—Mrs. Joe Goldston. Piano Solo—Miss Mildred Sparks. Vocal Solo—Miss Rolle Brumley accompanied by Mrs. G. L. Boykin and Miss Fray Stallings.

Piano Solo—Miss Stroder. The dinner bell was represented by the refreshments of ice cream and cakes. The sounding of curfew bell was the signal for the beginning of leave taking.

At the close of the social, Mrs. McClung was given a shower in expression of love and best wishes.

Hamilton Will Go To Trial At Weatherford This Month

The murder charge against former judge R. H. Hamilton will be called for trial before Judge J. E. Carter at Weatherford the 28th of this month. A special venire of 150 men has been ordered to report on that date for jury service.

Hamilton is charged with slaying his son-in-law, Tom Walton, Jr. at Amarillo on May 4th, after it is alleged he found that Walton had married his daughter secretly at Austin.

The case has aroused more attention than probably any other in the Panhandle for many years due to the brutal methods employed in the slaying. Judge Bishop granted a change of venue that the trial might take place far from the scene of the murder due to a greatly incensed public.

Quite a few from here were Clarendon visitors Saturday afternoon and night.

Importance Of Scout Training As Outlined By I. E. Jolly

The constant stream of boys coming 12 years of age in your community amounts to 35. More than enough boys to form a Scout troop. Besides this there is the same amount of 13, 14 and 15 year old boys, all of whom are eligible for the scout program.

Where should the responsibility, for seeing that these boys become citizens, rest? Obviously the home should play the major part in the training, but sad to relate, very few boys get this training. So then they must get their training through the school, the church, the scouts and other auxiliary programs.

The most dangerous period of a boy's life is between 4 o'clock in the evening and 10 at night. The thing that he does when he has nothing to do has more bearing on his character than perhaps all of the rest combined. 7 o'clock in the evening is the zero hour in many a boy's life, and the decision that he makes at 7 o'clock either raises his standard of life or lowers it. There are 23 other hours in the day but this one hour marks a milestone in his pathway of life.

either downward or upward. The leisure time of the modern boy and girl who is born into our ready-made world is several times what it was ten years ago. The leisure time program is being studied very thoroughly by educators, many of whom declare the leisure time program of more importance than the three R's.

Scouting fills a boy's leisure time with a world of worth while programs, but scouting falls or rises upon the volunteer man who is willing to give a little of his time, therefore, the great thing in scouting is not the boys but the scoutmaster and assistant scoutmaster, the troop committeemen, and the merit badge counselor. In every community where men are active in scout work you will find the boys active, growing and on the road to good citizenship. This work cannot be done by a paid man, for he must have the support of a corp of volunteer workers to assist him. Which does your community prefer, a gang directed in the right channels, or a gang undirected?

Drive-In Grocery Store For Memphis

What is possibly the first drive-in grocery store is being established by M. C. Ward of Memphis, Texas. The store will have two driveways running the entire length of the store. Those who desire to do so may drive in the building with their cars and clerks will wait on them without it being necessary for the customer to leave the automobile.

O. T. Nicholson, cashier and manager of the Farmers and Merchants bank of Shamrock, was here Friday on business.

A Ford driven by W. J. Poplin and a Chevrolet driven by H. E. O'Neil came together at the intersection of First and Gorst streets Saturday morning. The Chevrolet was considerably damaged but the Ford got out with a bent fender ready to go as usual.

Cyrus C. Cope was in town Friday on business in connection with the Utilities company. Cy lives at Childress.

SOCIETY

EPISCOPAL AUXILIARY

Mrs. Geo. A. Ryan was hostess to the Auxiliary at her home Wednesday afternoon.

Mrs. E. W. Chamberlain led in discussing the lesson "Indian Missions in the United States", in which she was assisted by Mrs. A. R. Letts.

Following the lesson study period, a business session was held after which refreshments were served by the hostess.

PRESBYTERIAN AUXILIARY

Twenty-two members were present at the joint session of the Auxiliary held in the church parlors Wednesday afternoon, Mmes. G. L. Green and W. G. Word as hostesses.

Each Circle held a separate business session, then a joint devotional which was led by Mrs. R. F. Morris, assisted by Mmes. M. W. Cook, Holman Kennedy and J. E. Mongole.

A social hour followed the devotional at which time refreshments were served by the hostesses.

KONGENIAL KARD CLUB

Members of this club were entertained by Mr. and Mrs. Ira Merchant Tuesday evening. The playing suite was beautifully decorated with cut flowers.

Mr. and Mrs. Dorr Ellis received club prize, Mr. and Mrs. M. P. Gentry guest high and Mr. and Mrs. P. B. Gentry cut consolation.

Preceding the games, dinner was served to the following: Messrs. and Mmes. Clarence Miller, Park E. Chamberlain, Dorr Ellis, P. B. and M. P. Gentry, Sam Dyer, F. W. Taylor, Wm. S. Bagby, H. Kennedy, Miss Mary Cooke and W. H. Cooke.

T. E. L. CLASS

The business session of the T. E. L. Class of the Baptist church was held Tuesday afternoon at the home of Mrs. W. B. Sims. The meeting was opened by prayer led by Mrs. J. H. Harris.

Owing to the inability of Mrs. H. C. Brumley to serve further as vice-president, Mrs. Geo. Reed was elected in her stead.

The session was closed by prayer by Mrs. A. W. Simpson. A delicious iced course was served during the social hour to Mmes. M. C. Reed, J. H. Harris, Frank Whitlock, Major Hudson, W. A. Land, L. L. Wood, Fred Ballew, H. C. Brumley, Ed Speed, Geo. Reed, W. B. Sims, Joe Cluck, A. W. Simpson, Hugh Lusk, Eva Drafen.

METHODIST MISSIONARY SOCIETY

Circle No. 1 met with Mrs. M.

S. Parsons with five present. Mrs. Cal Merchant presided.

Circle No. 2 met with Mrs. A. T. Stephenson, seventeen being present. Mrs. G. W. Antrobus presided.

Circle No. 3 met with Mrs. L. F. Bones, with Mrs. C. B. Ingram presiding.

Circle No. 4 met with Mrs. Carrie Wiedman, nine being present and Mrs. E. Price presiding and Mrs. W. R. Holder led in the discussion of the lesson.

Bell Bennett Circle met with Mrs. Bascom White with Mrs. L. H. Johnson presiding.

"The Gospel and Oriental Homes" was the subject for each circle meeting Wednesday afternoon. Refreshments were served by each of the hostesses.

BAPTIST MISSIONARY SOCIETY

The East Circle was entertained Wednesday afternoon by Mrs. J. H. Reeves, assisted by her daughter, Mrs. Kellus Reeves. Twenty-two were present. Guests of the afternoon were Mmes. H. C. Brumley, U. G. Devers, W. B. Sims, R. H. Hare and Joe Goldston.

The lesson was selected from the 2nd Chapter of Philippians, Mrs. W. C. Stewart leading. Mrs. W. B. Sims led in prayer. Each of the three divisions were led by Mmes. A. T. Cole, Geo. H. McCleskey and W. C. Stewart.

Refreshments were served by the hostess at the close of the lesson.

The West Circle was entertained by Mrs. W. Z. Borron, ten members being present. The lesson subject "The Wandering Jew of Brazil" was led by Mrs. T. M. Couch. Refreshments were served by the hostess following the conclusion of the lesson.

The next meeting will be held at the church Wednesday afternoon at 2:30.

CHRISTIAN LADIES AID

The regular meeting of the Aid was dispensed with and a miscellaneous shower held at the home of Mrs. Ed Carlson with Mrs. Joe Humphries acting as hostess assisted by Mrs. Owen Butler. The shower was in honor of Mrs. Chas. Carlson, a new bride.

The rooms were quaintly decorated in Halloween colors of orange and black. Black cats, owls and witches were displayed frequently at vantage points.

Number, flower and puzzle contests furnished ready amusement in which Mrs. G. A. Anderson won in the first, Mrs. O. D. Liesberg in the flower and Mrs. Bryant in the puzzle contest.

A "bride's book" was furnished for registering guests and for the suggested recipes of each.

A "palmist" known as Madame Readit, read the future for those inquisitive. Miss Frances Arnold gave a reading "The Children's Hour". Mrs. F. C. Johnson also gave a reading "William's Water-

melon."

Sheltered by a parasol held by Mrs. Owen Butler to guard off impending showers, the bride was escorted to a nook where the presents were displayed. The bride thanked each donor in appropriate manner as she untied the packages and read the verses of cheer in each. The groom added his thanks to that of the bride.

Refreshments were served consisting of angel food cake, candy

TRIBUTE OF 1926 BOOK CLUB TO THE MEMORY OF MRS. BRASWELL

WHEREAS it has pleased our Almighty Father to still the beautiful voice that has comforted and cheered so many along life's way and take our beloved friend and faithful co-worker, Clair Phillips Braswell, to live with him. We, the members of the 1926 Book Club, extend to the grief-stricken family our heartfelt sympathy and a sincere hope that you may find comfort in the knowledge that she has gone to a home prepared for you—a home that cannot be marred by sorrow and separation. So brave she was, and good—In worth of womanhood—So like the snow—She, smiling, gave her life To blend the name of wife With mother.—So, God sees in her a worth Too great for this dull earth, And, beckoning, stands At Heaven's open gate Where all his angels wait With welcoming hands. Press Day At Dallas State Fair October 18th

The next big press celebration of Texas is booked for Friday, October 18, at the State Fair of Texas, when the Texas press moves in on the State Fair as honored guests for the day. A reception committee composed of all officers of the State and district press associations of Texas, is planning the biggest press day celebration ever staged in Texas.

The Press Day dinner will be served in the Hagenbeck-Wallace circus cookhouse. This will be the first time a Texas press has ever been entertained in a circus cookhouse. Among the attractions for the newspaper men will be "The Red Robe," in the auditorium; the rodeo in the new livestock coliseum; the Hagenbeck-Wallace circus and the Morris & Castle Shows.

ALPHA DELTA PSI

Last Wednesday evening the Alpha Delta Psi met in the society room with sixteen members present. Mr. and Mrs. Clark, our sponsors, were also present. A very interesting program was rendered, after which the roll call answered by a joke sent everyone into paroxysms of laughter. If anyone desires to know the origin of the latter of the "abodes of the dead". Mr. Clark can give voluminous information. We then adjourned at 7 o'clock when the following program will be given.

PEP RALLY

A group of high school boys and girls met in the college auditorium Thursday night for a pep rally preceding the football game with Wellington Friday. In spite of the stormy weather there were about thirty-five backers of the football team present. Is this not the way to show the football team whether or not it is receiving the backing of its fellow classmates? It surely is. The students certainly have a peppy and loyal spirit to come out on a stormy night to help cheer the football boys on to victory.

The pep squad aggregation was accompanied by Miss Evers, at the piano, on the football songs. Many peppy and cheerful songs and yells were given for the football team, led by their yell leaders, Bernice Andis, Willie Vineyard and Betty Walker. If everyone had as much pep and enthusiasm as Betty Walker, the football team could be assured of an "onward fight" from the side line.

The rally adjourned early, much to the disappointment of everyone, because of a supposedly approaching storm. Each individual made his way homeward assured

PALO DURO

The program committee must be complimented for the good program that had been arranged for the Palo Duro Literary Society, which met last Wednesday.

After a short meeting, Mr. Bill Wilder spoke on "The Society of 1929-30." Bill with his keen sense of humor made the talk very interesting. Following this was a review of the Current News given by Lois Alexander. Then Misses Julia Taylor and Maurine Wood sang and played on their ukeleles and received a great applause. Next was a short short-story given by Mr. Chester Williams. Chester always chooses a story that interests the whole society. After this, Misses Wood and Taylor played a few more numbers. Adjournment followed.

EVANGELIST T. W. PRESTON LECTURES IN CHAPEL

Lois Strawn

Thursday morning the student body was pleased to have Evangelist T. W. Preston, who is under the auspices of the Methodist church, lecture again. Two years ago he lectured on "The Things Worth While", but he says he has found there is only one thing worth while, Life! Without life there would be no education, no religion, no love. On Thursday morning, therefore, he chose as his subject, "Life in its making". Mr. Preston stated that the most important stage of life is in its growing. We should not wait to readjust our lives for "The bird with a broken pinion shall never soar again." He says that your life and soul are rich if you will find the rich and pure things there and apply them. America is in need not millionaires but of sturdy, upright gentlemen. The earmarks of a true gentleman are truth and virtue.

In conclusion, the speaker made an appeal to all students to live a more upright, noble, and pure life. The response was inspiring.

that the football team had the backing of the student body and pep squad, and that the backers on the sideline would do their part in cheering the boys on to victory.

Let's back the football boys for district championship! They want our support! Give it to them!

"Thunder" Chaney Film, Is Real Epic of Rails

Courageous Adventuring Portrayed in Vividly Realistic Drama

"Take thundering locomotives, great railroad yards—especially at night with their onrushing headlights and uncanny blinking signals—and you have drama even before you begin to think about your story at all."

So declares William Nigh, who directed "Thunder," Lon Chaney's new Metro-Goldwyn-Mayer railroad drama coming to the Pastime Theatre, as a sound synchronized production. Nigh is proud of the new play, a saga of the railroads, for he believes that in it has been told the real story of the railroad man, his sorrows and joys, perils and rewards. And, after all, Nigh says, there is something about the railroad that is always dramatic—something that is an inspiration to a director beyond almost anything else in the field of drama.

"Every boy," says Nigh, "at some time of his life longs to be a locomotive engineer. And that boyhood daydream always lingers on as a sort of perception of the drama of the road. It is big drama—the spirit of the men of the roads, their loyalty, stronger even than love of life, their courage at their posts in time of danger, and their constant care of safeguard the lives entrusted to them. These are things that make a big theme—too big for words. No one could get the whole bigness of it into a single story. All we could do was try our best to tell as much of it as we could."

Mr. and Mrs. Fred Buntin and little Phoebe Ann spent the week end with the Archie Hallmark family at Shamrock.

Melba Ruth is the name of the handsome little lady who came to make her home with Mr. and Mrs. Ralph Grady last Wednesday. Weight not given.

Mrs. Gertrude Baker, formerly with a beauty shop of Amarillo, has accepted a position with the Mitchell beauty shop here.

EPWORTH LEAGUE RALLY IS HELD AT WELLINGTON

Session Holds Over Two Days With Good Attendance From All Sections

The District Rally of the Epworth Leagues of the Clarendon District was held in Wellington Saturday and Sunday. Every League in the District was represented by two or more delegates. There was fourteen delegates from Clarendon and several visitors.

The program began at three o'clock Saturday afternoon with registration of delegates. At four o'clock the first session was held. Mrs. Green led the discussion in the Hi League group and Mr. Agee and Mr. Swinburn in the Senior League group.

Supper was served in the church at six thirty and the social began at seven thirty. Games and stunts were led by Mrs. Agee and at a late hour punch was served and the tired Leaguers went to their assigned places for the night.

The morning watch was held in the church at seven o'clock Sunday. At the Sunday school hour all Leaguers met in a room decorated in the colors of the rainbow. Talks by various ones were made on the different colors telling what the color stood for and applying these to the lives of the Leaguers. This was a very beautiful and significant service and the talks were very inspirational.

The Leaguers sat in a body for the church service. Bro. Smith preached a splendid sermon on "What shall I do with My disappointments?"

A business session was called for two in the afternoon. Rev. Murrell made a splendid address to the young people.

The next District Rally will be held in Clarendon next January.

In the Clarendon District, there are three Unions, the Greenbelt, The Co-ha-do, and The Wheeler County. The Greenbelt Union, composed of Clarendon, Lelia Lake, Groom, Alanreed, and Pampa, won the loving cup.

Those from Clarendon attending were, Mr. and Mrs. Clyde Hudson, Mr. and Mrs. Lester Schull, Aileen and Jeanette Parks, Adaline
