The Donley County Leader

A County-Wide
JUNIOR COLLEGE
For Donley County

Volume 1 Number 33 *** PA Service *** CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 22, 1929 ***A Common Paper For Common People***

WORK IS BEGUN ON FOUNDATION MON. MORNING

Clarendon To Have Apartment House on East First

The building of a large apartment house on East First became an assured fact Monday with the announcement of the letting of the contract to Joe Humphrey, Jr. local contractor.

The building will be the property of Mr. and Mrs. H. J. Edington of this city, numbered among our oldest and wealthiest residents. This move also attests the faith of those who know the country best, and these good people who are among our most progressive, also are accredited with excellent business judgment from the success achieved in making other investments.

The building will accommodate four families. Each apartment will include four rooms and bath. The kitchens will be fitted with breakfast nooks and built in features of the best and most convenient known to the modern day builder. Work is to begin without delay and the contract calls for a completion of the work by the first of the year.

RECESS IS TAKEN BY GRAND JURY ON MONDAY

Investigations Are Halted Awaiting Gathering Of Further Evidence

After being in session the past week, the Grand Jury took an indefinite recess Monday of this week to give officers time to produce additional evidence in cases under consideration.

Twelve indictments had been returned up to Monday night, nine of them felonies and three misdemeanors. Of that number, five charged with infractions of the law were in custody or out on bond.

Among those charged by indictment is Leon O. Wilks who is charged with forgery. Ray Mangum and Bud Randall are charged with cattle theft. John Henry Williams, car theft.

Body Wells will be tried here on a charge of venue from Hall county. His is a whiskey charge.

E. H. Royal is charged with negligent homicide and the case transferred to the County Court. The charge grew out of the accident near McKnight some months back when a boy was killed in a car collision, Royal being arrested at Wellington some days later and charged with the crime.

H. J. Chick, charged with rape in Hall county, will be tried here on a charge of venue.

The civil docket was cleared of nine divorce cases the past week. Plaintiffs also won in the cases of W. G. Brinson vs Zane Graves and Alvin Brison and J. W. Cauthen vs G. W. Cauthen.

In his suit against the Mutual Benefit, Health and Accident Association, J. R. Bain was awarded five thousand dollars on the policy held by Lester B. Muncy, who accidentally shot himself several months ago. Mr. Bain was appointed administrator for the heirs and brought this suit with the above result.

The Howard-Smith case that has been dragging along in the courts for many months was settled by compromise. Smith was awarded a thousand dollars and Howard paid the costs in the case.

SCHOOL FACULTY IS ELATED OVER SHOWING MADE

Many Attend Open House And Faculty Reception Monday Night

Many patrons and school officials attended the "open house" given by the Home Economics Department and teacher's reception held in the College building Monday night from six to nine o'clock.

Pupils of the H. E. Department acted as escorts directing the visitors that they might not overlook any of the many interesting features of their department.

The purpose of this gathering was to show the taxpayers how the money was being spent, and to give the teachers an opportunity of meeting the parents of the pupils.

Upon entering the building, the visitor was taken in charge by two of the second year H. E. girls and labeled with his name written on paper and pinned on his person as a means of quick identification.

The visitor was directed up the stairway where a group of teachers greeted the visitor and directed him to the H. E. Department, escorted by two H. E. girls.

The sewing room was first to be inspected, and upon entering this room the visitor was greeted by several teachers. A radio in this room also added to the entertainment. The bedroom next was inspected and then the cooking laboratory. Another group of teachers stationed at this point extended a greeting to the visitor and he was escorted to the dining room where he was again greeted by a group of teachers and served punch by H. E. girls.

The living room next where another group of teachers extended a welcome and then on to the cloak room to meet more teachers. Observations were concluded with inspections of the bath and laundry rooms each.

The Home Economics Department was gaily decorated with extremely beautiful cut flowers, yard flowers and pot plants giving it a "homey" aspect and a most pleasing appearance. Miss Helen Beck has charge of this department and during the years that she has been a member of the faculty, has steadily extended the scope of practical usefulness of this department and is classed with the best instructors of the state. Her work here has been most satisfactory indeed.

Mrs. H. Lott and children of Amarillo visited her sister, Mrs. C. J. Talley near Martin and Mrs. Will Lott of this city over the week end.

BRONCHOS HOLD CYCLONES TO A TIE FRIDAY

Largest Crowd of Season Sees Game Filled With Thrills and Stellar Plays

Old rivalry fell short of a climax here last Friday when the Memphis Cyclones and the Clarendon Bronchos battled to a 6-6 tie. Keen competition of former days failed to materialize in the actions of the two teams. Each recalling the power of the two teams of yesteryears, witted and lagged under the power of their own consternation of defeat. Expectations rated high before the game fell slowly as the game went on. Neither team held the fighting spirit throughout the game.

The largest crowd in many years witnessed the battle between these two rival teams. Both sides supported a "pep squad" of worthy credit, and the Clarendon band lent its harmonious support. Although neither team won laurels for their school, they had the satisfaction of knowing that they had not been defeated.

The game started with each team eager to tear and rip their way to victory. Clarendon kicked off and Memphis received on their own 20 yard line. Memphis failed to gain ground and punted to Dillard who carried the ball down the field for 25 yards. The Bronchos showed up fine at the start but failed to cross the Cyclone goal line. The first quarter ended in a scoreless tie with the Cyclone losing ground.

Dillard started the second quarter off with a 50 yard punt. Memphis failed to gain ground and punted. Clarendon now began to show the old fighting spirit and started a forward march toward the Cyclone goal line. A series of line plunges by Clarendon backs brought the ball within the Cyclone 20 yard line. A 15 yard run by Baird and two short line plunges by Dillard brought the ball over the goal line. Baird failed to kick goal. Quarter ended with a 6-0 score in Clarendon's favor.

The second half started off with a bang! The Cyclones hand undoubtedly heard a few words from their coach, from the way they got underway as the whistle blew—they meant business. Clarendon kicked off and Phillips returned for 5 yards. Then by line bucks and plunges Phillips, Stargel and Walker brought the ball almost to the goal line. Then Hammons who had dropped out during the second quarter on account of injuries was recalled to the backfield, and as the pig skin touched his fingers he darted through the Broncho line for a touchdown. Hammons tried for the extra point but failed. The third quarter ended in a 6-6 tie. Both teams were lacking in fighting spirit, especially Clarendon.

The last quarter was sluggish. The crowd yelled for action and more pep. Clarendon started a spurt of action toward the close of the game when Estlack, a Clarendon center, intercepted a Cyclone pass and ran 25 yards before he was brought down. Two fumbles by Clarendon backs in succession weakened the chances for another Clarendon touchdown. Both teams were struggling meekly when the whistle blew. The game ended in a 6-6 tie.

Line up:
Clarendon Position Memphis
Nichols Fullback Hammons
Baird Quarterback Martindale
Dillard Righthalf Walker
Noble Lefthalf Phillips
Fitzgerald Righthand Sittion
Behrens Leftend J. D. Jackson
Watson Rightguard Kunkler
Morris Leftguard Sanders
Helton Righttackle Massey
Easterling Lefttackle Jackson
Estlack Center Smith

Substitutes for Clarendon:
Tucker for Nichols; Nichols for Easterling.
Substitutes for Memphis:
Stargel for Hammons; Hammons for Stargel, George Perdue for Smith.

Mrs. C. E. Griggs is visiting Mr. and Mrs. A. A. Griggs of Quanah this week.

FARMERS WANT A LOT MORE BULL CIRCLES HERE

Interest In Dairy Products Evidenced By Inquiries Of Many Farmers

There is a growing need of a weekly pay check as compared with a one crop plan in Donley county if one may judge the statements of many farmers at the present time.

During the summer months, many saw fit to purchase good cows. With the coming of fall, even more cows were purchased with an idea of getting away from the fall crop idea a plan that has been followed in this section for many years.

The problem was not solved with the purchase of cows alone. Bulls of the proper grade must be added to the scheme. Only one bull circle has been formed in Donley county so far as is known at present. The farmers of the Chamberlain community have had a bull circle for some time.

There has been a great deal said about bull circles as a means of helping our farmers to get started in the dairy business with the least capital possible. This is what is known as the "growing into the dairy business" plan, and it is the only practical plan for the average family. So if the bull circle is this important in any dairy move, let's find out more about what we mean when we speak of a bull circle. Briefly stated, here it is:

Four communities each need a good bull. Farmers in each of those communities need the services of a good bull. They are not able to buy one each, so some eight or ten men go in together and pay for one extra good bull. Each member then helps take care of the feed bill, and gets his services for two years. At the end of this two years these four communities merely swap bulls in order to put new blood into their herds. At the end of two more years' service from each of four extra fine blooded bulls for a one eighth or one tenth of the cost of one bull. Of course it is true that it takes more feed and care for a high bred bull, but the cost is very small when split up among ten men.

Now what about the benefits? Experience has shown that you can take a common cow and in two generations, or about three years, breed up some good butter-fat producers by using bulls of extra high butter-fat production. This being true, it seems that every community should be quick to try to get hold of one or more good bulls.

CHEVROLET CO. ADDS ANOTHER STOCKHOLDER

Johnson Becomes Stockholder In Chevrolet Company

Announcement is made this week of the acquisition of a new stockholder in the Allmond Chevrolet Company in the person of L. H. (Hick) Johnson, well known auto dealer of this city.

Since their advent into the local field, the Allmond Chevrolet Company of which Messrs. C. H. and R. W. Allmond were the owners, has enjoyed a lucrative business and made many friends. These enterprising young men retain their original holdings and this means that the company is merely branching out with increased capital.

The company has a branch at Hedley where the sales this fall are also reported as being satisfactory. The management at Hedley will continue.

Mr. Johnson will have charge of the new car sales department of the firm due to his wide acquaintance and exceptional ability as a salesman. During the many years that Mr. Johnson has been active here in the car sales field, he has built up a clientele that is unsurpassed.

In speaking of the new addition to the company Monday, Carl H. Allmond said, "we feel fortunate in having Mr. Johnson as a member of our firm and with his ability and large number of friends, we feel that business will be exceptionally good from here out."

In addition to the large stock of parts kept by the local firm in their spacious show rooms, the local firm will have access to six hour service supplied by Chevrolet zone headquarters in Amarillo which was established July 1st, and where one of the largest stock of parts is kept in the southwest.

Dr. and Mrs. J. W. Evans returned Sunday from a four weeks trip through the east. The Doctor spent one week attending the clinics of the American Dental Association at Washington, D. C. They were accompanied on the trip by Mrs. Katherine Ross, a sister of Mrs. Evans.

BRONCHOS MEET ESTELLINE IN NEXT GAME

A Large Crowd Will Make The Trip To Back Local Boys Friday

Having won four straight games and tied the fifth, the Bronchos have gained many admirers who will journey to Estelline to root for them in next Friday's game.

The Estelline High School football squad has cleaned up on everything that they have tackled so far this season and for that reason, this promises to be the biggest game of the season for our local boys.

The Bronchos are putting in extra time training under the direction of Coach Hutton who is well pleased with the showing made this season by his squad and while he believes that his boys will win alright, there will be nothing left undone to make it a cinch.

Those who like good clean sport are invited to get in line with their cars and accompany the bunch Friday. The Pep Squad promises plenty of enthusiastic noise and Clarendon's crack band with their new bandmaster will be on the job with the music.

Donley County Poultryman Wins Many Prizes

E. V. Quattlebaum exhibited three birds at the Poultry Show at Lubbock or Panhandle South Plains Fair recently and won 1st and 4th on hen, best hen of any variety, receiving \$7.50 in prize money.

Mr. Quattlebaum has furnished foundation stock for some of the best prize winners of this section, many of them winning at Memphis, Amarillo and Lubbock this season.

He further states that Donley county must have a poultry association in the near future. This means that the poultry business will be far more interesting for the next season.

Hedley May Have Wildcat Test In Near Future

Several prominent men of the Hedley country have pooled their and in an effort to induce a drilling test the past week. It is expected that the required amount will be gotten together this week.

Efforts are being made to interest the business men of the town, some of whom are already lining up for the project that may mean much to the land owners of that section.

Four Compose Faculty That Will Close Sessions On Thursday Night

Some thirty pupils have enrolled for the Standard Training School that has been holding daily sessions at the Methodist church beginning Sunday afternoon. These sessions are held from seven to nine each evening and a certificate will be given those who complete the course.

Rev. W. M. Pearce, presiding of the Amarillo district has charge of instruction in "Stewardship." Mrs. R. H. Lewelling of Walters, Oklahoma is teaching "Training Juniors in Worship."

Rev. J. W. Watson of Quanah is teaching "Organization and Administration." Mrs. W. E. Lyons of Abilene is teaching "Primary Pupil Study."

The instructors have had the kindly co-operation of the various committees, members of the church, pastor and presiding elder and are enjoying the class work here very much.

The class instruction will come to a close Thursday night of this week. In speaking of the matter Monday, Rev. Allison said: "You may tell the folks that the class work is great and every one satisfied."

Among those to attend the evangelist services at the Christian church at Borger Sunday from here were Messrs. and Mmes. S. B. Arnold, H. Mulkey, O. D. Liesberg, W. L. Butler, Luther Butler, Mrs. J. D. McAdams and Mrs. Bryant. Miss Maurine Vinson and Prof. Batten also accompanied the Clarendonites to the services.

Marine Oil Test Continues To Remain Dormant

Despite the rumors some time ago that drilling would be resumed on the Marine Test north of town, nothing has been done up to this time. The latest rumor is that Mr. Downey is now in Tulsa and that drilling will be resumed upon his return. This is merely street talk and may be just a rumor.

It is a difficult matter to get the "low down" on this matter, but readers of the Leader may rest assured that they will be kept informed of any developments in the matter worth while.

Donley County Citizens Buy Good Milk Stock

While in Pampa the past week, Mr. and Mrs. H. J. Edington had occasion to look at some extra good milk Jerseys that had just been shipped there from Wichita Falls.

After seeing them tested out, it occurred to these enterprising citizens that such stock would be a good investment on their ranch property near Le Fors and which is being managed by Frank and Ralph, sons of Mrs. Edington.

Four of the cows were purchased at \$150.00 each and left with the sons on the ranch. Mr. Edington formerly managed a creamery in Colorado and is an excellent judge of dairy stock.

MULKEY PLANS FIRST TALKIE MONDAY NITE

After A Long Wait Popular Show Man Announces His First Talkie Date

On every hand one may hear the familiar expression, "it won't be long now." Carpenters and mechanics have spent a busy time the past ten days with the installation of the "talkie" features of the Pastime Theatre. Mr. Mulkey has been heckled by an impatient public ever since the fact became known that the change was to be made.

The first talkie show is announced for Monday night. That the theatre will be packed there will be no question. The "Cocoanuts" is one of the best talkie pictures that has ever been thrown on the screen according to a reputation gained by that picture wherever shown.

It is the plan of the management to give the folks the best to be had in pictures just as they have in priceless equipment. There will also be an all-talking two reel comedy that is said to be a knockout. The program all thru the week has been carefully selected by Mr. Mulkey with the aid of friends and members of the picture show association.

To see the first talkie to come to town will be a big day in your history. After you have seen this one, there will be plenty to call you back for more. The big city stuff has been brought to your door and the Pastime management is to be congratulated for making this possible.

Mrs. A. N. Wood and Mrs. E. C. Weatherly visited friends at Memphis Sunday.

Leadership Training School Will Be Held At Presbyterian Church

Rev. Robt. S. McKee, pastor of the Presbyterian church, announces the beginning of a Leadership Training School at the church Sunday afternoon at 3 o'clock.

The classes will be directed by Miss Elizabeth Harnsberger, director of religious education of the Dallas Presbytery. The instruction will be based on the subject of "Training the Devotional Life," and is a standard teacher's training course. These classes will be held each evening and will conclude Friday night of this week.

Members of other churches are invited to take advantage of this opportunity as credits gained from a study of this course are interchangeable.

TRAINING COURSE WELL ATTENDED BY METHODISTS

Four compose faculty that will close sessions on Thursday night

Some thirty pupils have enrolled for the Standard Training School that has been holding daily sessions at the Methodist church beginning Sunday afternoon. These sessions are held from seven to nine each evening and a certificate will be given those who complete the course.

Rev. W. M. Pearce, presiding of the Amarillo district has charge of instruction in "Stewardship." Mrs. R. H. Lewelling of Walters, Oklahoma is teaching "Training Juniors in Worship."

Rev. J. W. Watson of Quanah is teaching "Organization and Administration." Mrs. W. E. Lyons of Abilene is teaching "Primary Pupil Study."

The instructors have had the kindly co-operation of the various committees, members of the church, pastor and presiding elder and are enjoying the class work here very much.

The class instruction will come to a close Thursday night of this week. In speaking of the matter Monday, Rev. Allison said: "You may tell the folks that the class work is great and every one satisfied."

Among those to attend the evangelist services at the Christian church at Borger Sunday from here were Messrs. and Mmes. S. B. Arnold, H. Mulkey, O. D. Liesberg, W. L. Butler, Luther Butler, Mrs. J. D. McAdams and Mrs. Bryant. Miss Maurine Vinson and Prof. Batten also accompanied the Clarendonites to the services.

Slim Pickin'

Bandits have robbed the Amarillo filling stations so often the past month they now complain that they are unable to make a living at it. Two men were forced to divide \$4.80 taken off the son of a deputy sheriff there Thursday night.

Unfortunate minded citizens of the "Argonne of the Plains" are being asked to submit to frequent highjacking in order that there will be no suffering from lack of funds through the winter.

More Citizens Favor Payment Of Honest Debts

Quite a number of citizens in town and out, are favoring the idea of forming an organization to list those who will not pay their honest debts that the public may be protected against any further imposition.

In speaking of the matter recently, M. T. (Doc) Howard stated that "he wanted to make the first speech." Evidently Mr. Howard had been stung a plenty recently. All those favoring the plan should address a letter to Box 334 or leave their address at the Leader office and it will be handed to the proper parties who are backing the movement with a view of refusing employment to those who will not pay honest debts.

Donley County Has Attractive Fair Booths

While a visitor at the Dallas fair over the week end, Miss Harvey Thompson, county H. D. agent took occasion to look over the county exhibits and noted that Ashtola had won 3rd place on jelly exhibit. Other winnings will likely be made, but Miss Thompson was unable to learn just what they were at the time.

She also noted the fact that Donley's exhibit compared favorably with that of the other counties in both variety and quality.

Mr. and Mrs. Geo. H. McCleskey were in Amarillo Monday.

High-Headed

Borger again faces a serious dilemma since it develops that her official family cannot use the sidewalks due to their heads striking the signs and awnings. The only runt in the bunch is said to measure 6 feet 2 in his sock feet.

It is alleged that when Gen. Walters called for the resignation of all crooked officials, thirteen were cut back when it was found they had come from other counties.

RESTITUTION.

It may be possible that Senator Sheppard's new ideas regarding the proposed bill to make the purchaser equally as guilty as the seller in a hooch deal, is merely an effort to again intrude himself in the good graces of the W. C. T. U. people whom he threw down in the last presidential campaign. At least many of them think so.

PUBLICITY.

Texas has at least one representative at Washington who is making good by reason of having employed or induced in some manner, his wife to act as his private secretary. This man is John Garner. In order to prove it, pictures have been widely published thus assuring the people of Texas that he has not been mixed up in any wild parties or flask episodes. It takes a brainy man in public office to get out with a whole hide these days.

RETALIATION.

Just a few years ago, Albert B. Fall and a few other fellows took Dr. Ruffin with them that they might size up what was left of Woodrow Wilson to better determine if he might continue to hold office as a sick man, or be declared disqualified by reason of such sickness.

As they entered the room, this physical investigating body saw Wilson lying on his back on a sick bed fighting valiantly to the last ditch. His mind had not failed him and he was permitted to continue in office over the protest of Fall.

Just last week when this same Fall was haled before the court a sick man, the court appointed a learned physician to pass upon the body of Fall to determine if the trial for bribery should proceed.

As the physician entered the room where Fall lay, one look of the sick man caused him to turn his face to the wall for that same Dr. Ruffin appointed by the court, had come to pass judgment on him. Fall refused to talk or even to look. No doubt Fall realized that the fates had measured it back to him.

Every man's "chickens come home to roost", as the homely expression goes. The lord of the big

Three Rivers ranch in New Mexico is reaping as he has sown. The "cocky aristocrat" of fifteen years ago who had no mercy on a poor homesteader in the wide open country, is today being paid back a thousand fold.

PUBLIC OPINION.

Citizens of Borger are reaping as they have sown. Despite the fact that martial law and Rangers were sent there to subdue the lawless element, public opinion is a far greater force toward social security than either.

Murderous criminals always select a town where an indifferent citizenship exists. Anarchy is born of that indifference, laws break down and those who suffer are responsible to a great extent for their own calamity.

Bad neighborhoods are a direct result of indifferent public opinion. The lowest scum immigrating from Italy to this country know more about Chicago than you and I before they leave home. Like attracts like and the indifferent citizens of Chicago pay the penalty.

The best examples of American life are to be found in Texas. Some few spots in Texas also furnish the best evidence of anarchy. Both are a direct result of the desires of the people at large. Indifference breeds contempt for law and order.

Oil fields attract those who would obtain money at any cost and by any method. Donley county is on the edge of the greatest oil and gas field known to the world. Criminals by the dozen have come in and trampled upon the rights of a law abiding citizenry. If these conditions extend to within the bounds of our county, whose is the fault? It is up to the people of this county to back the law enforcement body to the limit that life and property may remain safe in grand old Texas despite the efforts of murderers to tear down that which has taken ages to build—homes and happiness.

GOOD GUMPTION.

Since time immemorial, it has been the custom of the average Chamber of Commerce to cater to the "high collars" who have nothing to do but parade over the country seeking notoriety. These boys have been fed and

pampered and no good came of it except what he might say about the ability of a few individuals to entertain him.

The recent gathering of a regional element of the West Texas Chamber of Commerce at Shamrock was a joke so far as the builders of the country are concerned. Just what was the objective of that meeting anyway? Money and time has been wasted in West Texas that should have been used in inducing more people of the home building type to locate here.

Money and time has been wasted that should have been used in finding and creating a market for products from the farms. The sensible business man needs little encouragement to locate. He banks his judgment on the surrounding country. If the country is developed, the town will grow regardless of what any one may do or say.

The average C. of C. goes after chain stores when we have all we need right now. The mercantile line is full up. We need more farms, better farms, better markets, better farm conditions. The farmer in this section is the backbone of the country. He is not interested in high sounding phrases of high finance such as we could supply in this column through a syndicate, and which is being used by some weekly papers. He gets that over the radio and finds no use for it.

The average chamber of commerce is a joke because of poor management. The West Texas Chamber of Commerce has cost the people of West Texas far more than it has ever been worth.

The exhibits made by the Panhandle Plains, Inc. through the central and southern states the past summer and fall has been worth more to West Texas than anything accomplished by the other body within the past five years.

A chamber of commerce that does not have the co-operation of the public is a failure because it cannot reach the very people it is created to help if it is to be worth while.

The Sayre, Oklahoma Chamber of Commerce has invited all other Chambers of Commerce, civic organizations, newspapers, progressive farmers and other organizations and individuals in Beckham county to join them in forming a county Chamber of Commerce with a view to inaugurating a progressive five-year, county-wide program to encourage better farming, dairying, poultry raising, terracing and industrial development.

SCOTCH STORY No. 7837

Two Scotchmen took dinner together in a restaurant. After dinner, the waiter brought the check. The two sat and talked for a couple of hours, after which conversation failed, and they merely smoked in silence. At one a. m. one of them got up and telephoned to his wife.

"Dinna wait up any longer for me, lass," he said, "it looks like a deadlock."

New Legion Head

Major O. L. Bodenhamer of El Dorado, Arkansas, who was elected at Louisville, Ky., as National Commander of the American Legion, succeeding Paul V. McNutt.

"It's Sure Been A Surprise To Me" Says Amarillo Farmer

"It's the honest truth before I had taken this Orgatone a week, I was feeling so well and strong that I hardly knew myself," says John Doyle, a well known farmer residing at 904 N. Arthur Street, Amarillo, Texas.

"I had a very bad case of stomach trouble and liver disorders that knocked me out so I hardly felt like working at times. My stomach was in such an awful fix everything I would eat disagreed with me and made me miserable all the time. I would have heart burn so I could hardly stand it and in fact, for a whole month before taking Orgatone I just felt completely worn out.

"I commenced to read in the papers about several Amarillo people who have been taking Orgatone and getting along in fine shape ever since like nothing ever had been the trouble. I never saw anything in my life before to give such quick relief as this Orgatone and I haven't had a single symptom of my trouble since I started it."

Genuine Orgatone may be obtained in Clarendon at the Stockings Drug Store.

HIGH FINANCE

Mother: "Sammy, when you divided those seven pieces of candy with your sister did you give her four?"

Sammy: "No, mom. I knew they wouldn't come out even so I ate one before I began to divide."

Holding and Developing Business

calls for service of the friendliest and most appreciative type—in banking, just as in other lines of enterprise.

The Farmers State Bank owes much of its success to the fact that its patrons are building up their accounts, making ever greater use of its complete facilities and recommending its service to their friends.

Farmers State Bank

PAINT your Home NOW!

The temptation is to say, "Well, I can put off painting the house until next season. But then, somehow or other, that time never comes and so an important work is neglected, year after year. Winter comes with sleet and snow and driving rain and eats the life of timber which might otherwise last for generations."

"DO IT NOW" should apply specifically to painting your home!

TYREE & DECKER

NAMES IS NAMES

Buron Fitts is the name of the prosecuting attorney in the Pantages case of Los Angeles. Yep, and he's giving him fitts, too.

C. S. Papa publishes an Italian paper in Dallas. G. F. Fathers is a farmer of De Leon, Texas. C. H. Husband lives at Henrietta.

Speaking of Mugg and Toddy last week, we forgot C. H. Alewine of Carlsbad, N. M.

While we have Brown, Blue, Gray, Green Black and Vermilion in many places, Sherwood Spotts is a publisher at Richardson, Texas.

Crowdus is a well known druggist of Dallas.

Blocker lives here, Tinker in Altus, Bonar in Pampa, Scaffer in Borger, Ticer and Hayter of Clarendon.

Harry Graves and Howard Coffin both live in Houston.

Guy Hill lives at Shamrock and Guy Hill lives at Crockett, Texas. Both are nuts.

D. L. Coffee lives in Miami, Wm. Tea in Lovington, N. M., H. Loudermilk in Aransas Pass and B. Beer in New Orleans.

Obe Galsgow and Ed Whippo both live in Perryton. Potts lives here, Tubbs in Texline and T. D. Raineywether in Big Springs.

Henry Carr lives at Bellevue and Andy Bus is a resident of Ft. Worth.

Uz is a small town below Bowie named for Ezra Uz.

Adam and Cornelius live here. Paul in Turkey, Cross at Lakeview and Churchman of Clarendon.

THE DEAR BOY

"Did the children behave when you bathed them?" asked the mistress of the new French nurse. "All but ze biggest boy—and, mirabile!—how he fight and kick an nearly tear ze face off me before I could get him in."

one boy, and he's only two years old?" "Eet is no him at all, I mean. 'Tis a boy who wears glasses an, has ze curly hair." "Boy! Boy! That's not a boy! That's my husband!"—The Ink Spot.

216 DISTINCT RELIGIOUS BODIES IN THIS COUNTRY

One Hundred Minor Sects Have 2,000,000 Adherents, According to Recent Survey.

New York.—If asked to name the churches and creeds existing in America the average man could enumerate probably 15 or 20, by thinking hard—a list beginning alphabetically with Adventists and ranging through the well-established sects to Universalists.

He would miss his mark by approximately 200, for by the most authoritative figures obtainable there are at least 216 distinct religious bodies now active in the United States, according to Charles W. Ferguson, who surveys this variegated religious growth in World's Work.

There are 19 divisions of Methodism now functioning, Ferguson shows. Baptist bodies number 18. Presbyterianism has 9 different bodies of adherents, and there are 22 kinds of Lutheran churches, 17 major bodies of Mennonites, and 7 divisions of Eastern Orthodox churches.

But aside from these divisions of long-established churches, and apart from the great bodies of Roman Catholics and Jews, there are more than 100 minor sects, whose names, creeds and purposes are unknown to the vast mass of Americans—and most of them are flourishing. Altogether they number more than 2,000,000 adherents.

"Far from being an age of unbelief, this is an age of incredible faith," declares Ferguson. "Certainly we cannot be said to be an irreligious nation; we are so religious that we have become perverse about it. It should be borne in mind that each sect I mention represents an entirely serious and emphatic departure from accepted religions; each is, to all intents and purposes, a new religion."

Some of the recent Protestant organizations noted by Ferguson are: The Apostolic Over-Coming Holy Church of God, the Church of God, the (Original) Church of God, the Church of God, as Organized by Christ, the North American Old Roman Catholic church, the Pillar of Fire church, the Church of Daniel's band, the Churches of God, Holiness and the Pentecostal Holiness church.

28 Months a Mute, She Coughs and Talks

Salisbury, Md.—After being mute for 28 months, during which time specialists were able to give no assurance, according to her mother, that her power of speech would ever be regained, Martha Wells, nineteen, today speaks fluently after coughing up a small piece of tube about three-quarters of an inch in length.

In March, 1926, she underwent a tonsil operation. Afterward, according to the family, she became unable to speak except in a bare whisper and with difficulty. While working at a local shirt factory recently Miss Wells was seized with a spell of coughing and emitted the tube but still there was no apparent change in the functioning of her vocal cords.

The next morning, however, she was taken suddenly ill with pains in her throat and a spell of cough which, she said, seemed to approach strangulation. The coughing brought her an unexpected relief and her older sister, Niece, was startled to hear a voice over her shoulder which, though unfamiliar for over two years, she recognized as that of her sister, exclaiming: "Niece, I can talk."

Now Here Is a Fish: Feet, Wings and Ears

Beach Haven, N. J.—This fish story cannot be told with gestures, because no one has an arm spread of 12 feet. Anyhow, its length—12 feet from head to tip of tail—is not the most remarkable feature of the strange creature hauled in out of the deep here recently by fishermen.

It has a mouth 12 inches long on the top of its head, with no teeth and very hard gums. Its ears are like a pig's, except that in each ear is an eye, and the ears are at either end of the mouth. The gills, in a semi-circle, are four inches long, and near the front of the body are two feet, each seven feet long and each having two toes. Two wings like those of a bat have a spread of 9 feet. The creature is purple on the back and cream colored on the front. Fishermen believe it belongs to the ray family.

Traffic Officer Nabs Eel for Jaywalking

Stockholm.—To arrest an eel for jaywalking must be regarded as an unusual duty for a traffic policeman. Still, this happened in Stockholm recently near the royal palace when an eel was found wriggling across the street. A crowd speedily gathered, blocking traffic, and then a policeman hovered in view. After many vain attempts to get hold of the slithering fish the officer finally managed with the aid of some newspapers to secure a firm grip on it, after which he trotted it off to the police station. There it was found that it had slipped from a truckload of eels, which had passed down the street from the fish market.

Prince Gustav Adolf Rides in Steeplechase

Stockholm.—Prince Gustav Adolf, son of the crown prince, bought a mount of his own to ride in the opening spring steeplechases at Malmoe.

The prince rode in the 3,500-meter event and intends to be a regular competitor.

THE LEGION AND "THE IOWA IDEA"

When the American Legion was organized in 1919, its first aim was to assist the disabled veterans. As local posts multiplied over the United States, it became increasingly evident that the American Legion could and should assume responsibility for the welfare of the local communities. The story of how this purpose was developed and promoted is told by Jacob Swisher in his volume "The American Legion in Iowa, 1919-1929", recently published by the State Historical society of Iowa.

The suggestion that each legion post should adopt some program for community service was made by Hanford Mac Nider in 1923 and was advocated by the Iowa delegation at the national convention that year. Hence it came to be known as "The Iowa Idea". In 1928 some three hundred Legion posts in Iowa reported community service activities. As might be expected these took various forms. Some posts had erected buildings which served more or less as community centers. It is estimated that more than two hundred Legion buildings have been erected in Iowa. Community Christmas trees, community dances, bands, skating rinks, golf courses, swimming pools and other forms of

recreation are among the activities promoted by Legion posts in Iowa. The posts at Sigourney and Lansing, for example, have taken the initiative in providing a public park for the community. The Legion post at Mason City agreed to equip and operate an air port for two years.

Another activity which has received the attention of some posts in Iowa is the registration and marking of graves of soldiers buried in Iowa. Collecting and binding files of papers published by the Legion, such as "The American Legion Monthly" and "The Iowa Legionaire", and the preservation of reports, clippings, and pictures is another form of service undertaken by local posts.

The spirit of "The Iowa Idea" was expressed by Berry F. Halden, vice-commander of the Iowa department of the Legion, at the dedication of the new Legion building at Iowa City in 1928: "The getting days for the American Legion have gone, and the giving days have come. Service must be our slogan—not only service to our disabled comrades, for that must always be our chief objective—but service to our community in which we live."

—Traer, Iowa Clipper.

New Childress Paper Comes Out As Semi-Weekly

The first issue of the Childress News is received this week. The paper has eight pages with eight columns to the page and carries a liberal amount of advertising patronage.

This paper no doubt meets with the popular approval since something like a thousand have voluntarily spent their good money that they might learn what is going on in their home town.

L. E. Haskett is editor and J. A. Hilburn is business manager according to the masthead, with Mrs. A. A. Sparkman as secretary and treasurer of the company which is composed of thirty-three representative business and professional men of that city.

Messrs. Haskett and Hilburn are veteran newspaper men who have made a success of every venture and with the fine showing at the outset, we predict unbounded success in this new venture and extend our fraternal greetings.

Donley County Leader \$2 a Year

Pep Squad Expresses Their Appreciation Of Support

In behalf of the Bronchos, we wish to thank the business men who helped us to raise funds for the football boys this week. That page ad means a lot to the boys who are placing Clarendon on the map this season.

We wish also to express our appreciation to the Donley County Leader for the consideration shown us in getting up the advertising and the proceeds of the advertising space.

The Bronchos hope to merit the approval of ALL the business men of the town before the season closes. The boys are doing their very best and so is the Pep Squad. Get out to the game at Estelline Friday and back your home town team.

—The Pep Squad.

David, youngest son of Mr. and Mrs. Sill S. Dubbs, is again able to be up after being confined to the house for several weeks suffering from leg infection.

Mrs. M. T. Crabtree and Mrs. J. A. Toomb visited Alanreed Friday afternoon, Miss Obie Crabtree returning home with them to spend the week end.

Mrs. J. A. Toomb, Mrs. M. T. Crabtree and Miss Obie Crabtree were shopping in Amarillo Saturday.

John McClellan had business in Amarillo Saturday.

Mr. and Mrs. M. E. Cox and daughters Anna Sue and Lela Pearl of Panhandle spent Sunday with the lady's parents, Mr. and Mrs. A. H. Baker.

Mr. and Mrs. Henry Tice of Wellington visited her parents, Mr. and Mrs. A. H. Baker Sunday.

Mrs. A. H. Baker is spending the week in Wellington a guest of her daughter, Mrs. Henry Tice.

Miss Ione Read, who is teaching in the schools of Amarillo, spent the week end with Mr. and Mrs. Fred W. Rathjen.

Miss Lucille Warren, daughter of Mr. and Mrs. Joe M. Warren of Ft. Worth, spent Sunday here with her aunt, Mrs. J. T. Warren, and other relatives.

Mr. and Mrs. W. A. Massie were Fair visitors over the week end.

Miss Clifflie McDowell of White-deer spent the week end with her parents, Mr. and Mrs. C. D. McDowell.

Mary Youston Walters and Chloe Johnson visited Ada Mae Owens Friday returning to Memphis that evening.

Mr. and Mrs. Dan Grimsley of Hedley were Clarendon shoppers Saturday.

Big Spring Has Earthquake Thursday Night

Several earthquake shocks were felt at Big Spring, Forsan, Stanton and other towns within a radius of thirty miles at intervals Thursday night. No property damage resulted.

The Panhandle earthquake of July 30th, 1925 was the first Texas quake on record. This shock was felt from Post north to Canadian and from Oklahoma City west to Estancia valley, N. M.

No property damage resulted though a large number of cracks opened in the earth at various places. A large crack at the Cap Rock west of Goodnight averaging three feet in width and some two miles long was noted. Cracks near the Cap Rock near Tucumcari and in the Estancia Valley were the largest.

Dr. Sellards of the geological department of the State University has often predicted quakes for the Cap Rock country and along the Balkanes fault near Lampasas due to the granite formation slipping hundreds of feet under the top earth.

Mr. and Mrs. Roy Kutch of Childress, spent the week end here with his parents, Mr. and Mrs. S. B. Kutch, and other relatives.

Mr. and Mrs. D. T. Heath and Mr. and Mrs. Frank Simmons were Fair visitors over the week end.

Mrs. Geo. A. Reed and little Gertrude, spent the week end in Ft. Worth visiting with their husband and father.

Mrs. J. B. Baird and daughter, Mrs. A. M. Beville, Jr. of Amarillo, will spend the next two months in San Antonio.

Mrs. Mollie Gray, and daughter Mrs. C. G. Stricklin and Miss Mildred Martin are attending the Grand Chapter of the Eastern Star convention at San Antonio. They left here Friday.

John Rumons, one of the pioneer of the Panhandle country and the father of Mrs. Joe Humphrey, Sr., will spend the winter here with his daughter and family.

Mr. and Mrs. Grant Neece of Los Angeles spent the week end here with his nephew, Gene Noland and family.

Mr. and Mrs. T. E. Trostle and sons Esker and Bonner left Friday to see the Dallas fair. They will go via Abilene and Miss Marue will accompany them on the trip.

RICH BOWLIN IMPROVING

The many friends of Richmond Bowlin of the Naylor community, will be glad to know that he is showing quite a bit of improvement the past week. He is at present confined in a Ft. Worth hospital. Mrs. Bowlin has been with him and it is hoped that they will be enabled to return home in the near future.

J. D. Harvey and family, recently of Turkey where he disposed of his interest in the grocery business, have been visiting his son, Noel Harvey and family near Ashtola. Mr. Harvey will retire to the peaceful pursuit of farming on his place near Petersburg.

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nerveine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the days' duties or pleasures.

Dr. Miles' Nerveine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.

Price \$1.00

ALAN REED

Mr. and Mrs. Frank Crisp and daughters, Misses Willie Dee and Hall, attended the Epworth rally at Wellington.

G. E. Stapp is rebuilding his garage and otherwise getting ready for a big run this winter.

The Baptist church is soon to have electric lights.

A large crowd was in town Saturday for the auction and trades day sales.

The First State Bank of this place had deposits of \$64,804.07 at their call.

Miss Opal Gipson visited friends in McLean the past week.

Mr. and Mrs. Dennis Smith were Amarillo visitors Saturday.

P. R. Schneider of Stratford visited his son Everette here the past week.

Mr. and Mrs. W. D. Steger of Waco visited their cousin, Mrs. Arnold Stegar here the past week.

Sam Barker has been having trouble with his hand which was badly bitten by a dog several days ago.

L. P. Culp of the south plains country was here the past week looking for a farm.

Miss Lodi Green and brother Robert left Thursday to visit their grandmother in Dallas and look the Fair over. They returned Sunday night.

Miss Harvey Thompson was also a Fair visitor over the week end. Hence there is little club news in this issue.

Mr. and Mrs. Jesse Lowe of Claude came down and spent the week end with home folks. Mr. Lowe is agent for an oil company there and prosperous.

Misses Edna Mae and Mable Mongole and Miss Dell Slover were Fair visitors over the week end.

Bond Set In Auto Killing At Alanreed

The bond of Iva Miller, an Alanreed boy, was set at \$500 Thursday when a court of inquiry was held to investigate the death of G. W. Jones of that place who was struck by a Ford driven by the lad on the previous Friday.

Mr. Jones, in company with Eddie Gaskins and a man by the name of Holt, was walking on 66 Highway less than a mile east of Alanreed on his way to the town when struck.

The car struck him with such force that his head was imbedded in the radiator crushing his skull, causing his death before he could be taken to town. His arm was broken in several places and body badly bruised. Two of the trio managed to dodge the car that is said to have been recklessly driven at high speed.

VEGETABLES OFFERED TO GODS OF ANCIENT TIMES

Turnips, beets and radishes were a respected trio of ancient Greece, all three having been acceptable offerings at the temple of Apollo in Delphi. Their respective rank may be judged from the custom of dedicating turnips in dishes of lead, beets in silver and radishes in beaten gold.

Though radishes are thought to have come originally from China, their cultivation is of great antiquity in Europe. In earliest times they were generally boiled, but later Roman physicians recommended that they be eaten raw, with salt, before breakfast. A sirup made from them was used to cure whooping cough and maladies of the chest.

Turnips, too, were thought good for hoarseness and coughs, and also effective as a poultice for the feet. So important were turnips to the poor in the Middle ages that they appeared on armorial bearings to denote a person of good disposition who relieved the destitute.

Gambler Slashes Ball Players Following Their Defeat

Evidently maddened because he lost money on the Dublin players in a football game with Gorman last week, a man hit a Dublin youth with a club and slashed three others with a knife and escaped in the darkness.

In addition to losing the game, the team has lost the services of three of their best men for some time. When the return game is played, it is said that a guard will be placed over the losing team.

THE FOODS WE EAT.

A commission man, "shopping" in New York City found spinach from Mexico, honeydew melons from South Africa, fresh almonds from the Holy land, new potatoes from Florida, green peas and asparagus from California, butter from Denmark, eggs from China, meats from New Zealand and Argentina.

That's what modern transportation and cold storage refrigeration does for us.—Capper's Weekly.

Jack Sharkey in Top Form is Some Slugger!

The Jack Sharkey who finished Tommy Loughran after twenty-seven seconds of the third round could hardly have missed being champion of the world. He was victor in one of the strongest and most picturesque fights in ring history, the last punch paralyzing Loughran mentally and visually, but not altogether physically. Sharkey was in the best form he has ever shown.

... put an end to Drudgery— gain freedom on Washday

with the **Fedelco Speed-Washer**

YOU'LL forget that washday is a hard day, for your entire washing can be done silently, swiftly and efficiently with this new Fedelco "Speed Washer." You'll have time to do the things you like to do when you own this time and labor-saver.

The ironing, too, can be done while you are comfortably seated—just guide each piece through the Fedelco Electric Ironer and it is finished without a wrinkle!

This complete home laundry equipment—the Fedelco Washer, Ironer and Dixie Twin-Tubs—can be had for the mere sum of \$174.50. (Convenient terms if desired.) Won't you call for a Free Demonstration?

West Texas Utilities Company

Local Painters Were Given Preference On The Job

The writer who happens to be the editor of this paper, was advised to take his car to Amarillo for a paint job. Well knowing that it never pays to spend a dime out of town if the local folks can meet the need, the car painting job was turned over to Tyree & Decker, local young men who do a general painting business.

The hardest part of the whole affair was walking while the boys had the car tied up in their paint shop. After some ten days, the car was turned back to the family. Many who saw it thought that a new car had been purchased. Several have looked at it and say it is a good job. If you need a job of this kind, look at mine and decide for yourself.

Shamrock Legion Men Planning New Home

With a committee already appointed to look for suitable sites and arrange other details, members of Charles DeShazo post at Shamrock are definitely going forward with plans for an American Legion home. It was announced Wednesday by Flake George, chair man of the building committee.

While the sum to be expended in securing the site and building the type of home desired is yet to be determined, post members have expressed a desire to secure from eight to ten acres for the purpose. The site is to be fully landscaped and the portion not needed for buildings devoted to park and entertainment purposes.

The home is to be a replica of old French chateaus so familiar to ex-service men who spent many months in France, according to plans announced by Paul Brubaker, vice-commander of the post. Blueprints and estimates of cost of such a structure are to be secured at once though building may be deferred for several months.

Decorations for both the home and grounds will be along military lines and several pieces of artillery large shells and other such pieces are being secured from the adjutant general's office. Mounting of the pieces and landscaping of the grounds will be started as soon as a site is purchased.

Stocking's Colts Are Trimmed By Hedley Owls Wednesday

The second string, better known as "Stocking's Colts", matched a practice game with the Hedley Owls Wednesday afternoon coming out with a score of 13 to 20 in favor of the Owls.

These boys were all raw recruits at the beginning of the term and were taken in hand by Frank A. Stocking who hopes to make a real team out of his Colts before the season closes. It is a little early for shearing time and the trimming received Wednesday will no doubt have a tendency to make the team get down to real practice.

They play a good game for beginners and are a clean bunch of sports who report the Owls as being on the square but simply too much to take on at the present time. They may tackle them again later in the season if some of the wishes of these players are catered to by their Coach.

The friends of Richmond Bowlin of the Naylor community who has spent the last month in All Saint's hospital in Fort Worth are informed that he is at the present time has undergone a minor operation and that his physician expects to perform a major operation on Mr. Bowlin within the next few days.

Other Counties Offer State Right-Of-Ways For Roads

Since the State has offered Donley a graded road when the 100 foot right-of-way is provided, nine other Texas counties have already put in their request for the same consideration.

Two of these counties are West Texas counties—Cochran and Bailey—with others to follow suit. It is predicted by state officials, that the Panhandle will have more good road construction within the next two years than it has since its settlement began.

Mr. and Mrs. Vance Winslow and children returned to their home at Temple Sunday after a visit of several days with her parents, Mr. and Mrs. J. H. Clark. Her visit was prolonged due to the illness of Mrs. Clark who is improving at this time.

*** GOLDSTON ***

There was good size crowd at Sunday school. Rev. Van Pelt preached after Sunday school also Sunday night.

Mr. and Mrs. Everet Stearnson visited in the H. M. Stewart home Sunday also Mr. and Mrs. Neely Hudson of Chamberlain.

Mrs. J. R. Dale has been visiting with her daughter, Mrs. Jeff Aduddell of Brice who has been quite ill.

Mrs. Dillie and children visited relatives at Amarillo Sunday. Mrs. Major Hudson and son visited in this community Sunday afternoon.

Miss Iva Merrick and brother of Boydston attended church here Sunday night.

Mr. and Mrs. J. S. Dale visited at Brice Thursday afternoon.

Mr. Winfred Nanney of Amarillo visited his parents and brother, Mr. J. H. Nanney Sunday

Mr. and Mrs. Chas. Larry of Hedley visited friends here over Sunday.

W. E. Betts of Claude visited his sister, Mrs. C. A. Burton, Sunday.

H. M. Fritz of Amarillo visited relatives and transacted business here Saturday.

Thos. J. Allen of Childress and long a resident here, was in town Saturday.

Mrs. McFarling of Chico is visiting her son J. L. and family of this city.

R. S. Moss visited his parents at Willow, Oklahoma the last of the week to which place he was called due to the serious illness of his mother. She is improving nicely at this time.

Donley County Leader \$2 a Year

Miss Eula Curd and Mrs. Lloyd Bailey of Hedley were Clarendon shoppers Monday of this week.

Miss Louise Lewis of Lelia Lake spent the week end with Nova Cook of this city.

Roma McDowell and Novalee Posey of Goodnight were Clarendon shoppers Thursday.

Mrs. I. B. Green and little daughter, Melva, of Hedley, were shopping here Monday.

A. A. Walker of Canyon spent the week end with his daughter, Mrs. G. B. Redfearn and husband.

Ethel and Aleene Hutto visited friends in Chillicothe the past week.

Mrs. T. E. Trostle had her tonsils removed while in Dallas this week. She and Mr. Trostle expect to be home Friday.

Martin Markets Many Pies By Auction Method

The pie supper at Martin proved a success Friday night with Frank Whitlock manipulating the auction block. Over \$54 worth of pies were sold and Frank has the thanks of the community for his services.

The funds will be used to help pay for the lighting system of the school building.

Mrs. Melvin Cook Narrowly Escapes With Life

While rendering lard last Tuesday, she heard a commotion among her chickens. She went to see about them. On returning she found the grease on fire and the flames nearing the ceiling. She cut the gas off, made a dash for the yard with the burning grease. She was encountered at the back door by a south wind which fanned the flames toward her catching her clothing. She threw the vessel but fell at the same time. Realizing she was no nearer safety than before she tried to rise found she could not. Crawled off the porch dragging the burning vessel with her. Thus it was little Nell found her mother on returning home for the noon meal. Badly bruised and horribly burned. After 24 hours Mrs. Cook was thought to be doing nicely, when suddenly she took a turn for the worse Saturday afternoon. She is confined to her bed and suffering intensely.

—Contributed.

RESOLUTIONS

Whereas, the all wise Father has in His Divine mercy, removed from our midst the husband of our friend and co-worker, Mrs. Florence Fink. We, the members of the Home Economics Club tender to Mrs. Fink and her children, Kenneth and Florence Fink, our deepest sympathy in this their hour of bereavement and commend them to the care of Him who doeth all things well.

Mrs. J. D. Stocking, Mrs. J. C. Estlack.

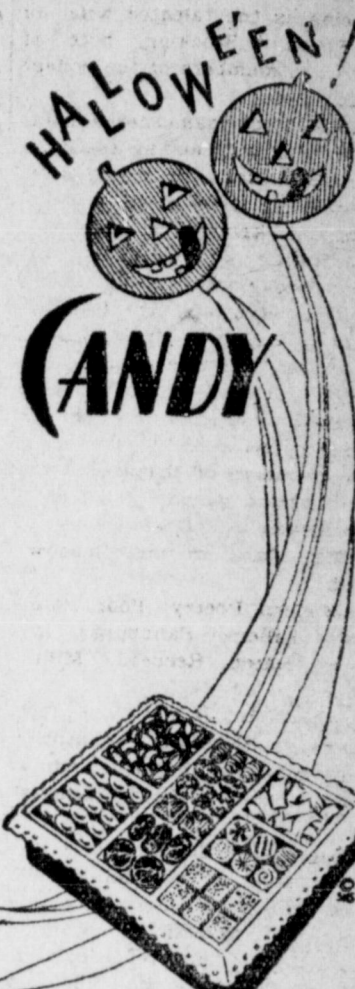

Mrs. G. H. Gattis returned home Friday after a delightful visit with her daughter, Miss Lorena at Wichita Falls.

Mr. and Mrs. R. A. Mitchell of Panhandle visited at C. E. Griggs home Sunday.

Miss Naomi Allison, who is teaching in Amarillo, spent the week end with her mother, Mrs. J. L. Allison here.

Mr. and Mrs. Van Allan Kent came over from their home at Plainview to spend a few days with the lady's parents, Mr. and Mrs. J. H. Clark.

A. M. Posey and family of Goodnight visited in Clarendon Sunday.

SOCIETY

Miss Rita Foster Stocking Wins Plaudits of Amarillo P. S. A. A.

An announcement of the program rendered under the direction of Mrs. Stocking is given below as taken from Sunday's issue of the Amarillo daily News. Mrs. Stocking is the talented wife of Mr. Frank A. Stocking, both of whom are members of the college faculty here.

"Mid-October has ushered in one of the most outstanding events of the season— the Panhandle Speech Arts Association with the coming to Amarillo of Rita Foster Stocking of Clarendon, who entertained more than 50 guests Friday evening at the beautiful home of Mrs. R. B. Masterson, Jr., 1619 Tyler Street.

Mrs. Masterson's home was bright with autumn flowers and assisting the hostess in receiving were members of the association. The program which opened at 8 o'clock was as follows: "The Man in the Shadow," Child.

Modern Poetry: Poor, Sandburg; Killers, Sandburg; My Friend, Eaton; Recuerdo, Millay; Ashes of Life, Millay. "Seventeen", T. a r k i n g t o n; "Cherry Blossoms", Sutphen; "Miss Bishop's Silence", Andrew; "King Robert of Sicily, Longfellow.

Rita Foster Stocking is a dramatic reader of unusual professional ability. She has given a number of professional entertainments, having just returned from Fort Worth where she filled an engagement.

In competing for the Dallas Little Theater prize Mrs. Stocking matched her talents with some of Texas' best, for the Dallas Little Theater is known for its requirements of natural ability, and one of Clarendon's daughters winning gives that city pre-eminence over a number of towns.

She paid Amarillo a distinct compliment to give an entertainment of such a classic standard as presented Friday evening, and Rita Foster Stocking won the sincere gratitude of everyone present. Her warm dramatic ardor and colorful expression clothed her numbers with great beauty and those who heard Mrs. Stocking Friday evening will await with interest a second trip to Amarillo. After the program lovely evening refreshments were served by Mrs. Masterson, assisted by members of the Panhandle Speech Arts Association."

HOME DEMONSTRATION CLUB

The H. D. Club was entertained by Mrs. J. D. Stocking Friday afternoon. Mrs. W. L. Crane, the president, presiding. "Cheese Making" was the study subject. Miss Katie Meador demonstrated American cheese making and Mrs. C. B. Skinner cottage cheese.

A full plate refreshment was served to Mmes. G. A. Anderson, A. H. Baker, J. C. Estlack, O. L. Fink, W. L. Crane, Fred Ballew, C. E. Lindsey, J. H. Watts, O. D. Liesberg, W. H. Youngblood, J. A. Meador, C. R. Skinner, Miss Katie Meador, Mrs. J. L. Walker as guest, and the hostess, Mrs. J. D. Stocking.

The next meeting will be held November the 1st with Mrs. C. R. Skinner as hostess.

FRIDAY AFTERNOON BRIDGE

Mrs. Dorris Ellis was hostess to the Friday Afternoon Club, entertaining with three tables of bridge. The rooms were beautifully decorated with cut flowers carrying out a Halloween color scheme.

Mrs. Kelly Chamberlain won the high score prize; Mrs. Sam Dyer cut consolation. Dainty refreshments were served to Mmes. Irene Gentry, Sam Dyer, W. S. Bagby, P. L. Chamberlain, C. E. Miller, J. H. Morris, O. L. Jenkins, Holman Kennedy, Chas. Trent, Kelly Chamberlain, Carl Bennett, Jr. and Sam Darden.

METHODIST MISSIONARY WILL NOT MEET THIS WEEK

Due to the Teacher's Training Class now in session at the church, the Woman's Missionary Society will not meet Wednesday. A number of the members are taking the course and it is to enable these members to attend both meetings that one session of the Society will be omitted.

Olle and John Wardlow and families of Shamrock visited their parents, Mr. and Mrs. H. J. Wardlow of this city Sunday.

NEEDLE CLUB ENTERTAINING WITH OPEN HOUSE

The Needle Club held "open house" Thursday afternoon at the beautiful home of Mrs. L. S. Bagby to which members of many of the various clubs of the city were invited.

Mmes. A. L. Chase, L. S. Bagby, Swearingin and Mrs. Judge Barrett were in the receiving line to welcome the guests as they arrived.

Mrs. R. Chamberlain was usher to the cloak and quilt room where many beautiful quilts of superfine workmanship were on display. Mrs. R. F. Morris was usher to the baby room display where many beautiful embroidery and crochet articles were on display attesting expert skill of members of the Club.

Mrs. Sella Gentry was usher to the dining room where tables were decorated in a most artistic manner carrying out the beautiful autumn coolers. A large bowl of dahlias ranging in color from deep bronze to dark red including intervening colors, surrounded with yellow and brown candles, was used as a center table ornament scheme thus farther carrying out autumn colors.

Mrs. A. R. Letts and Mrs. Minnie Dyer were seated at each end of the long table where the food was served cafeteria style. Mrs. R. Chamberlain and Mrs. J. T. Patman served at the table during the second hour.

Mrs. Crockett Taylor was "official" photographer for the occasion, taking and finishing 118 pictures for the guests. These pictures had been cut from magazines and one was pinned on each guest immediately after their "photo" was taken which provided a very unique method of amusement.

As the guests filed out, each was presented with a spray of old-fashioned bachelor button flowers by little Miss Maxine Ellis.

Many were the compliments paid this Club by the visitors for the wonderful entertainment and the beautiful display of expert needle work which they were privileged to inspect.

FRIENDSHIP CLUB ORGANIZED

This Club was organized Tuesday afternoon with Mrs. C. E. Skinner as president, Mrs. J. W. Rowland, vice-president and Miss Katie Meador was elected secretary-treasurer. This is primarily a "helper" club, it having for its object that of neighborly helpfulness.

Mrs. C. R. Skinner was hostess to the new club. The rooms were decorated throughout with pot plants, roses and dahlias.

During the social hour, Mrs. Skinner showed the Club a chair which she had remodeled and painted which won for her much praise and many compliments.

A dainty and beautiful plate lunch was served by the hostess to the following members: Mmes. W. L. Crane, C. E. Lindsey, J. A. Meador, J. W. Rowland, G. J. Teel, H. Tyree, Carl Tyree, M. E. Thornton and Miss Katie Meador.

1926 BOOK CLUB MEETS

Mrs. E. L. Jenkins, Jr. and Miss Lotta Bourland entertained the Club Tuesday afternoon at the L. O. Lewis home where the rooms were beautifully decorated with seasonable yard flowers in variety.

Memorial services for their departed member, Mrs. Braswell were held. A contribution of Mrs. Joe Goldston in the form of a poem "Friendship" written by Edgar A. Guest was very appropriate.

"Veteran music masters" was the program subject and included Padarewski, Schuman-Heink and Damrosch. The discussion was led by Miss Helen Beck in which she assisted by Mrs. Elba Ballew and Mrs. U. J. Boston. Mrs. Rolla Brumley and Miss Temple Harris. Mrs. Allen Bryan contributed a piano number, "Minuet" by Padarewski.

Mrs. Frank A. Stocking and Miss Edna Mae Mongole were received into the membership of the Club at this meeting. Refreshments in the form of a salad course was served by the hostesses.

Mr. and Mrs. Carl Parsons and son Carl Eugene were up from Quitaque Sunday. Carl reports business good and the town growing.

Mrs. Willie Goldston came down from Amarillo spending the week end with her mother, Mrs. E. L. Caraway.

1912 NEEDLE CLUB ENTERTAINED WITH HOUSE PARTY

Mrs. C. W. Taylor was hostess Friday to the 1912 Needle Club honoring Mrs. Swearingin and Mrs. Judge Barret of Childress with a house party.

The Taylor home was beautifully decorated with cut flowers carrying out the autumn color scheme. The guests found their most intense enjoyment in viewing the yard, of Mrs. Taylor which is said to contain the most beautiful variety of yard flowers in the city.

A luncheon dinner was served at 1 p. m. to the following: Mmes. W. H. Martin, Jas. Trent, E. L. Jenkins, A. L. Chase, H. Glascoe, W. T. Hayter, Frank McCrary, R. Chamberlain, J. T. Patman, L. S. Bagby, C. W. Taylor and the honorees, Mmes. Barrett and Swearingin. Also the following guests: Mmes. Mayes, Letts, McMurry, Crawford, Morris, Price, Patman, Sims, Dyer, Hasty and Miss Agatha Taylor.

Classes Announce Halloween Parties For Members

The various classes of the Presbyterian Sunday school have arranged Halloween parties as a source of entertainment for their members during the week.

The Senior Young People's Society will have a party at the church Wednesday evening. The Young People's Class will have their party Thursday evening and the Junior Department of the Sunday school will have their entertainment Friday evening.

PEP RALLY

LaVerne Owenbey

On Thursday night, October 18, 7:30 p. m. a pep rally was held at the high school auditorium. Plans were discussed for entertaining the Memphis football boys and pep squad girls. Special efforts were made to boost the Memphis game and to see that it was well advertised over town.

After the adjournment of the Pep Rally the special Pep Squad of thirty-five girls dressed in their Maroon and White uniforms went to the tent show. The manager had seats roped off in maroon and white crepe paper reserved for them. Between the second and third acts of the show the girls gave some yells and sang songs for the Bronchos. The Pep Squad tries to make everyone as interested in the Bronchos as they are for they are certainly backing them.

PALO DURO SOCIETY

Lois Alexander

The Palo Duro Literary Society met Wednesday night with a very good attendance. One new member and two visitors attended this meeting and the society extends to them a cordial welcome.

After a short business meeting an enjoyable as well as beneficial program was given. Earl Wilson's talk on Social activities in college was exceedingly interesting and well prepared. A vocal solo, by Cecil Hukel was met with great applause by the members of the society. Maurine Vinson in her talk on "The Most Interesting Woman in Politics", gave us some very interesting information about the life of Mrs. Willebrandt.

A beautiful piano solo was played by our sponsor, Miss Headrick and after a number of clever jokes by Warren Lott, the society adjourned to meet next Wednesday night.

ALPHA DELTA PSI

Last Wednesday evening the Alpha Delta Psi met in the society room at seven o'clock. A goodly number enjoyed a very interesting program, Jessie Swinburn gave a humorous reading after which Lodi Green and Ruth Dunn set forth their reasons why girls should invite boys into the confectionery with the intention of paying the bill, and Mary Slater and Hazel Gilbert offered their reasons why this should not be done. The affirmative won.

Eugene Estlack gave us some interesting sidelights on current events. The question, "Has anyone ever been around the world?" was decided in the negative. After singing quite a number of songs, we adjourned to meet again October 23 when the following program will be rendered. Piano solo—Edna Gerlach. Byrd's Polar Expedition—Joseph Brazil. Vocal Solo—Archie Pool, accompanied by Mrs. Clark. Modern invention—Phifer Estlack. Short Story—Frankye Ziegler.

MOTHER'S CLASS OF BAPTIST CHURCH MET TUESDAY

The "Mother's Class" had an all day meeting at the home of Mrs. A. T. Cole Tuesday. Mrs. McMillan, mother of Mrs. Cole, acting hostess. The ladies occupied the time with an old-fashioned quilting, completing a quilt during the day.

Each lady brought a well filled dish and a bountiful dinner was served the membership at the noon hour.

This class, of which Mrs. W. T. Lowe is teacher, is quilting for the benefit of Buckner's Orphanage.

Those present included Mmes. W. T. Lowe, E. R. Tatum, F. A. Shoffitt, W. A. McMillan, T. R. Crabtree, C. Taylor, G. A. Reed, J. T. Warren, M. E. Thornton, O. N. Hedgpeth and A. T. Cole.

KONGENIAL KARD KLUB

Mr. and Mrs. Clarence E. Miller were hostess to the Club Tuesday evening. Mr. and Mrs. Clyde Price received high score, Mrs. Chas. Trent cut ladie's consolation and P. B. Gentry cut gentlemen's consolation.

The following members were present: Messrs. and Mmes. Chas. M. Bell, Clyde Price, Chas. Trent, Forrest Sawyer, P. L. Chamberlain, Dorris Ellis, Ira Merchant, Richard Bell. Guests were: Mr. and Mrs. Ralph Kerbow and P. B. Gentry.

1922 BRIDGE CLUB

Mrs. C. H. Bugbee was hostess to this Club at her beautiful home Tuesday afternoon. Mrs. Odos Caraway won high score prize and Mrs. T. H. Ellis cut consolation.

The guests were escorted to the dining room following the games, where a two course refreshment was served. Mrs. W. H. Martin drew the lucky ribbon from the center piece ornamented box from which ribbons were attached to each guest plate.

Those present included Mmes. A. R. Letts, R. A. Chamberlain, W. H. Cooke, Odos Caraway, G. A. Ryan, J. T. Sims, Sella Gentry, L. S. Bagby, W. H. Martin, W. H. Patrick, T. H. Ellis and Jas. Trent.

BAPTIST MISSIONARY SOCIETY

Meeting places of the Society are announced as follows: East Circle will meet with Mrs. D. L. McClellan with Mrs. W. C. Stewart as leader.

West Circle will meet with Mrs. H. C. Brumley with Mrs. E. A. Thompson as leader and Mrs. Joe Goldston as teacher.

THURSDAY AFTERNOON CLUB

Mrs. Park L. Chamberlain was hostess to the Club Thursday afternoon at the home of Mrs. B. W. Chamberlain.

The guest rooms were decorated with dahlias, roses and nasturtiums which lent charm and beauty to the beautiful setting of furniture.

Two tables of bridge furnished entertainment. Mrs. Forrest Taylor winning high score prize and Mrs. Clyde Price and Miss Mary Cooke each won cut.

A two course refreshment was served to Mmes. Earl Alexander, Chas. M. Bell, Clyde Price, Ira Merchant, Clarence Miller, Forrest Sawyer and Misses Beulah Baird and Mary Cooke. Mrs. B. W. Chamberlain and the hostess, Mrs. P. L. Chamberlain.

MOTHER'S CLUB

The Mother's Club was entertained by Mrs. C. J. Douglas Friday afternoon. The program opened by singing of the Club song led by Mrs. Richard Wilkerson.

"Self Control and Basis of Right Conduct", led by Mrs. Paul Shelton assisted by Mrs. Wilkerson and Mrs. T. H. Ellis, was the principal program subject discussed.

Miss Rosalind Bass gave two readings which were much appreciated. Two new members were added to the Club—Mrs. Sam Darden and Mrs. Carl Bennett, Jr.

Dainty refreshments were served to the following members: Mmes. E. P. Shelton, Wm. Patman, J. R. Porter, W. C. McDonald, T. H. Ellis, W. W. Taylor, Jno. Bass, J. H. Headrick, G. F. Keener, Fred Buntin, T. D. Nored, Eva Driffin, Richard Wilkerson, H. T. Burton and the guests, Mmes. Hayes, Joe Goldston, Allen Bryan and H. C. Brumley.

Just think! RCA Radiola 33 at \$86.25 (Complete). Here is today's greatest value in Radio. The tried, tested and approved RCA Radiola 33. A circuit that gives true tonal fidelity. Beautiful cabinet. Only the tremendous popularity and ever-increasing production of RCA could make such a low price possible. Come in and hear this marvelous RCA Radiola 33. Compare its performance and price with all others. Easy Terms.

Allmond Chevrolet Co.

POULTRY

CHICKEN HOUSES NEED IMPROVING

Lack of Light or Ventilation Discourages Hens.

Many old poultry houses are lacking in light or ventilation or both. When ample light is already provided through windows but ventilation is inadequate, it is often best to remove the upper sash of the windows. If there are not enough windows, additional openings should be cut in the upper part of the front wall.

"Under Kansas conditions it is desirable to make these openings equal to about one-tenth of the floor space. Hall screens over these openings will serve to keep the poultry in and rodents out," suggests Walter G. Ward, extension architect, Kansas State Agricultural college, in giving hints on improving the old poultry house. "Frames covered with a light weight of muslin may be provided in the front openings to protect the flock during very cold or stormy weather."

Many old chicken houses are unnecessarily high and are very cold during the winter months, continues the building specialist. He says a simple remedy is to construct a straw ceiling or loft. The straw is preferably carried on inch mesh poultry netting. For supports 2 by 4 inch cross ties placed every 4 feet will be practical. About 1 foot of loose straw is placed on the netting and small openings in each end above the straw serve to keep it dry. The straw is left in the poultry house throughout the year.

Find Sour Milk Good

Ingredient of Protein
Sour skim milk in unlimited quantities gives a higher total and average egg production, higher profit over feed cost, and produced eggs at a lower feed cost than semi-solid buttermilk, dried buttermilk, meat scrap or sour skim milk whey. The dried buttermilk and semi-solid buttermilk pens gave a smaller percentage of large eggs and a larger percentage of small eggs than did the sour skim milk pen. Some skim milk whey is inferior to the other feeds in every way. The dried buttermilk pen gives the highest hatchability.

A comparison of semi-solid and dried buttermilk shows the semi-solid pen gives higher per cent production and eggs per pullet. The dried pen, however, gives slightly higher yearly average profit over feed cost per pullet, cheaper feed cost per dozen eggs and higher hatchability.

The results of the experiments indicate that a vegetable protein supplement to sour skimmed milk, such as peameal, alfalfa meal, and beanmeal, is productive and profitable. In production and profit over feed cost, the supplements ranked: Peameal, alfalfa meal, beanmeal, then no supplement.

POULTRY HINTS

Shut up or sell male birds.

Cleanliness is the best preventive of poultry diseases.

Brooder houses should be placed where the drainage is good.

Store the eggs in a cool cellar if possible. Market them twice a week.

Feed poultry yellow corn, cod-liver oil, milk and leafy feeds for vitamins.

Round out the corners of the brooder house to keep the chicks from crowding.

Small eggs produce small chicks. The size of next year's eggs depends first upon breeding, second upon feeding.

Encourage chickens to roost while they are still young to prevent crooked breast bones and crowding and to aid ventilation.

Artificial brooding of chicks involves the problems of providing a suitable shelter for them on ground which is free from worm parasite infestation.

Be sure the old hens and young stock have plenty of ventilation during the hot summer months. Open the rear ventilator in the house and take out the windows.

Young chicks should be encouraged to roost at an early age. The chicks will become accustomed to roosting if a low roost which slopes from the floor back of the hover to the rear of the house is provided.

What kind of eggs are going to market this summer? Demand for them may be increased by proper care. Be sure the hens have plenty of clean, airy nests well filled with litter—one nest for every five or six hens.

Poor layers have the opposite characteristics of those given to be used in the selection of breeders. They have thick, rigid pelvic bones; but two or three finger width spans between these and the rear of the keel bone.

A simple outdoor shelter for chicks will relieve crowded conditions in the brooder house. It will also provide ample ventilation and good roosting quarters during the summer months. A sanitary range shelter should be provided.

KIDNAP RACKET WORRIES POLICE

New York Underworld Terrorizes Victims Into Silence.

New York.—New York's most recent underworld racket—it may or may not have been broken up by three recent arrests—has produced at least seven kidnappings, about which the police know something and probably has produced more. It is a merciless, cruel racket, but it is based, as so many underworld activities are based, on the tendency of "honest" business men to get rich quick by activities that are just outside the law.

At least seven brokers have been taken from their homes in the last year. They have been held for a day, two days, or sometimes three, until they paid a ransom demanded by their captors. Then, to bind the whole incident in security, the kidnapers have become blackmailers and have agreed to say nothing about the business indiscretions of the brokers if the brokers say nothing about the kidnappings.

No Complaints Made.
So carefully have the kidnapers worked in selecting victims that not one formal complaint has been made to the police. Detectives trying to find out exactly who is in the "racket" were balked before they started.

In two cases the kidnaped brokers were victims of torture, one so vicious that it recalls those old days of the Spanish inquisition. But the victim of this last case refused to make a complaint, even though Commissioner Whalen himself asked him to do so.

In that particular case, according to Commissioner Whalen, the men responsible for the violent torture are under arrest, and have been in jail nearly two months. In this connection, perhaps, it is interesting to note that the racket is entwined with all the outstanding events of the underworld, and that in the arrest of the men said to be responsible for the torture, there is a connection, easily traced to the murders of Arnold Rotstein, Frank Marlow and Frankie Yale of Brooklyn.

Detectives do not hesitate to say that they believe bootlegging, gambling, laundry racketeering, kidnaping racketeering, murder, and assault are all closely interwoven, and that the three murders already regarded as outstanding are in some way, however indirect, connected.

Three Under Arrest.

Dave Grosso, Mike, McDermott and Charlie Green have been arrested. It is curious to note that all three were arrested in murder cases and that no charge of kidnaping or racketeering of that sort will be made against them. Yet Whalen says that Green, who was picked up in Chicago, was one of the leaders in the kidnaping racket, and that both Grosso and McDermott were active assistants.

Green is charged, under indictment, with participation in the Hotsy Totsy murders. Grosso and McDermott are held as material witnesses in the Frank Marlow murder. It has been learned that Grosso and McDermott missed a charge of murder in that case only because one person could not remember one letter on a motor car license.

These are brokers in New York who make big money on semi-bucket shop deals. They take money from outsiders and invest on quick turnovers. If they win they keep the profits. If they lose they are not interested to the racketeers. There are other brokers who have dealt in undercover transactions and made killings. These are the men who become victims of the kidnapers.

The brokers couldn't afford to have the details of their business made public. So closely are they watched that when they make a killing it is known. They are kidnaped. And they pay the ransom demanded, usually half of the killing they have made.

Milk Bacteria Counted

Ithaca, N. Y.—If each bacterium were a dollar, a cubic centimeter of milk would be worth more than a million, according to James D. Braw of Cornell university. Direct count under microscopes reveals as high as an average of 1,500,000 bacteria in cubic centimeter samples.

Bars Snakes

Fort Worth, Texas.—A temporary injunction restraining his wife, whom he is suing for divorce, from taking possession of "Bosco," a wild snake, has been granted here to Charles Best. "Bosco" is a carnival attraction.

Boy Is Rewarded for Acting in Emergency

Concord, N. H.—A group of small boys, playing in a street, saw a power wire fall. One of them, Frederick Hamilton, nine years old, took command of the situation, sent one of his playmates into the house for "something red to wave," dispatched another to telephone to the electric company, and himself took a post by the fallen wire to warn traffic of the danger. Allen Hollis, president of the electric company, and Mayor Robert W. Brown, witnessed part of the incident and the former presented young Hamilton with \$5 in appreciation of his service.

Feeds Mesquite Bean Meal To His Livestock

J. Wesley Harris of Near Dermott Experiments With New Feed

J. Wesley Harris, who lives four miles this side of Dermott on Highway No. 7, brought in to the Times-Signal office Friday a small amount of mesquite bean meal which he is experimenting with. He had 300 pounds of mesquite beans ground at the Winston & Clements mill Friday and is feeding it to his stock.

Mr. Harris has been feeding these beans regularly this summer but noticed that the stock did not eat the small kernel inside the bean. This kernel has a very tough chaff covering it. The milling process removes this chaff, and the stock get full benefit of the whole bean.

Mr. Clements, veteran feed man of this county, said last week that this meal has the feed value of about \$2.00 per hundred pounds, being richer than cottonseed meal. A sample is being sent to a prominent feed manufacturer for analysis.

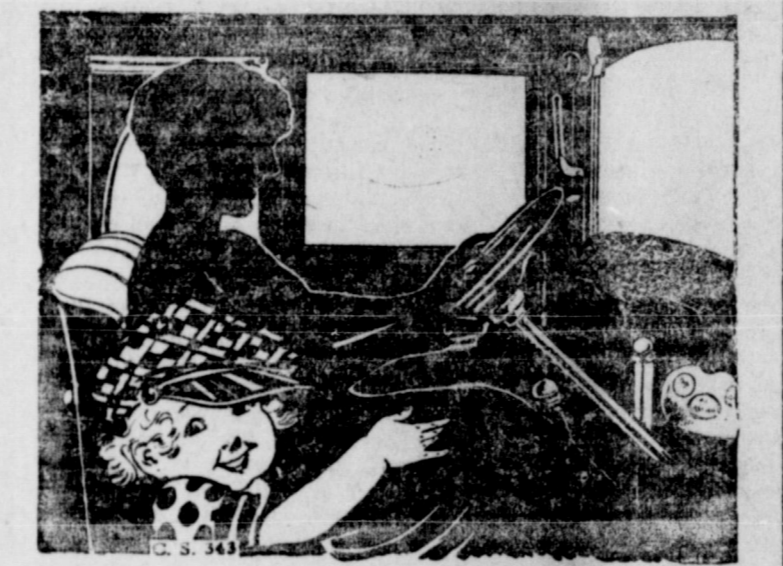

OH!—SO DUMB

Officer: "You can't turn around in this street, madam."
Fair Motorist: "Oh, but I'm a better driver than you think!"

Mr. Harris mixes the mesquite bean meal with an equal amount of wheat shorts, and he says the stock like it. He is planning to try other combinations, but says the stock like the meal straight. It has a fragrant smell and a sweet taste.

Mr. Harris estimates that an average size mesquite tree will produce in a year enough beans to grind out about fifty pounds of meal. At the rate of 20 cents per hundred for grinding, and with mesquite trees growing wild and thick in all this section, making a fine crop rain or no rain, this wild bean promises to take a prominent part in the farming and livestock industry of this section.

Mr. Harris, having failed to make much cotton this year, is going to depend on his mesquite bean feed and winter pasturage for his livestock. He and Mrs. Harris are raising turkeys for the fall market and are planning to irrigate about three acres of fresh vegetables in the spring.—Scurry County Times.

London Has New Lord Mayor

Sir William Waterlow, the new lord mayor of London, with his wife and their son, James.

DEBT TO RURAL PRESS.

The Department of Agriculture has just published the results of a study of costs in getting farm information to the farmers of the country.

"The medium through which this news service is circulated is, of course, the rural press of America. As the purpose of the work is the enhancement of farm income, and the improvement of rural living conditions, it may be readily seen that agriculture owes to the country newspaper a heavy debt for this one service alone."

J. S. Johnson and family of Claude spent the week end with Fred Johnson and family.

Mrs. M. W. Andis is visiting with her daughter in Lawton, Oklahoma.

Miss Mary Stocking of Panhandle spent the week end with home folks.

Mr. and Mrs. Ralph Randall spent Sunday with her parents, Mr. and Mrs. Ferguson.

Miss Daisy Berchfield of Wellington spent Thursday in Clarendon.

Mr. and Mrs. J. L. McFarling are the proud parents of a son whose birth weight was nine pounds. The other children are girls.

Born to Mr. and Mrs. Walter Lowe an eight pound boy on the 15th. The young man bears the name of Douglas Richard.

Mr. and Mrs. Roy Broadway and son Jerry, left Monday on their return home at Port Arthur.

Mrs. T. R. Crabtree and children are visiting her brother at Quanaah.

Temple of Truth

Lee Morrison says he may have fits and eat ants, but Clarendon had better get busy and annex the suburban towns of Brice north to Gouge Eye, and from Ashtola east to Bugscuffle before the census begins in order to maintain our standing as a city.

Speaking of athletics, Coach Burton says he is the only man in the Panhandle who can handle his old model 19 pipe.

After looking at the tooth of the prehistoric monster in the show window of the Stocking's drug store, A. N. Wood remarked that if people were as large then accordingly, they certainly had some family rackets worth while.

When G. L. Boykin asked A. A. Mayes to accompany him to the El Paso convention this week as chaperon so that he might visit Jaurez with safety, Mays emitted an expression of supreme disgust and said, "any dang fool could make that trip alone even if it was his first time to get away from home."

County attorney R. Y. King has been as busy as a bedbug on a

Farmer Dies Following Dog Bite Of Last Summer

The Death of D. J. Johnson occurred at Wellington last week from rabies as the result of a dog bite in August. The examination disclosing rabies in the dog's head caused Mr. Johnson to take the Pasteur treatment without results usually expected.

hot lid since the grand jury took up session last week. R. Y. says he gets about as much free advice as any of the officials on the job, and that it is worth about as much.

After settling up that road matter, Judge Alexander was bordering on nervous prostration, hysterics, heebie-jeebies and what not, compelling him to go see the Dallas fair.

When they quit baling tobacco and put it up in present day plugs is the one big regrets of his life, states Ora D. Liesberg who cuts 'er thin when the game reaches its highest pitch.

Jim Rutherford is disporting himself in a coupe with an airplane propeller installed on the front of his radiator. He states that the propeller is only necessary in Donley county as he is able to travel on the roads of other counties.

PLAINS COUNTRY EXHIBITS FROM 44 COUNTIES

Panhandle-Plains, Inc. Is In Charge of Exhibits At Dallas Fair

Forty-four counties have contributed to the regional exhibit made at the State Fair this year by the Panhandle Plains of Texas, Incorporated. It is in charge of W. H. Upchurch of Canyon, county agent of Randall County. Counties represented in the display are: Randall, Deaf Smith, Swisher, Castro, Parmer, Bailey, Lamb, Hale, Floyd, Lubbock, Hockley, Cochran, Yoakum, Terry, Lynn, Garza, Crosby, Dickens, King, Cottle, Motley, Hall, Childress, Briscoe, Armstrong, Donley, Collingsworth, Wheeler, Gray, Carson, Potter, Idham, Hartley, Moore, Hutchinson, Roberts, Hemphill, Lipscomb, Ochiltree, Hansford, Sherman, Dallam, Kent and Stonewall.

The exhibit is one of three regional displays, to make known the resources of the Panhandle Plains, and it was moved to the fair from Tulsa, Ok. The other two regional exhibits have been shown at a number of fairs in Northern States. Space of forty-two feet has been assigned it.

Wheat is given a large place in the exhibit, since this is one of the major crops of the Panhandle Plains. Two shock rows of wheat went into the background. A miniature granary has been located in almost the exact center of the booth. Banking a large heap of wheat are small sacks of the product. Showing the ultimate destination of the wheat, a toy train is loaded with wheat, en route to Galveston, to be placed on ships for transportation to Northern mills.

Grain sorghums in the display include milo maize, kafir corn and hegira, both head and stalk specimens.

Four varieties of corn have been assembled, red white, yellow and strawberry. There is a plentiful assortment of forage crops, red top and sudan.

Millet, in stalk and seem sample, is shown, with alfalfa in bales and bundles. In the small grain collection two types of oats, Texas red rust-proof and Kanota, are used. There is a generous display of winter barley, rye, in sheaf and threshed samples, and speltz.

"We have an exhibit in our collection to prove that dairying can be carried on in the Panhandle Plains country more profitably than in any other section of the South," Mr. Upchurch said. "We grow and manufacture all things necessary for a complete, a perfectly balanced ration, for dairy cattle and all other live stock."

Mammoth pumpkins are displayed as one of the products of the Panhandle Plains. Some of the other fresh vegetables exhibited are Irish potatoes, onions, kershaws and different varieties of squash.

Canned vegetables show an assortment of beans, corn, peas, asparagus and beets.

The canned fruit display is made up of plums, cherries, peaches, apples, pears and apricots. Watermelons and honeydew melons are in the collection, with nine varieties of fresh apples and two kinds of pears.

Some of the forty-four counties in this exhibit also have individual county displays.

"A typical Hemphill County farm," is the way that county designates its exhibit. This county was given first place in class one. On the panel are sheaves of wheat and oats. Cotton, grain sorghums or corn are also used for ornament.

The Hemphill County display proves that this county produces a sufficient variety from its soil to satisfy the demands of the most exacting. Two of the fruits displayed are apples and pears. Large specimens of watermelons are exhibited.

In the vegetable collection there are tomatoes, different kinds of squashes, turnips, Irish potatoes, onions, peppers, carrots, beets, pumpkins and cushaws. Harvested wheat is displayed in five receptacles. There is an abundance of grain sorghums, oats, millet, peas, barley and broom corn.

Because it placed fruit first, the Hemphill County display naturally has attracted great attention.

Commanding "Eyes of Texas" Lubbock County, in her exhibit, tells Fair visitors that "the eyes of Texas are on the South Plains." On the paneled background of the booth a resume of that county's

Athletics Win First Game

The Philadelphia Athletics, champions of the American league, won the first game of the world series classic by defeating the Chicago Cubs, champions of the National league, by a score of 3 to 1. In the top picture Foxx is seen crossing the plate with the first run of the game after he had knocked the ball over the fence in the seventh inning. Cochrane and Simmons are crossing the plate, in the lower picture, in the ninth inning on a single by Bing Miller.

resources is given. The Texas Technological College is featured in pictures. These give a close-up view of the buildings on the campus.

Lubbock is portrayed as the hub of the South Plains, with lines radiating to all of the more important points in the South Plains country. The collection of canned and fresh fruits and vegetables shows what the Lubbock country produces.

Value of the South Plains in the matter of feed crops is proven by the display of milo maize, hegira and other grain sorghums, with hay, alfalfa, wheat, millet, barley and sudan grass.

Cotton is cultivated with large measure of success in the South Plains area, and to demonstrate this the Lubbock County exhibit shows specimens of cotton in opened bolls and miniature bales.

The display of Floyd County products has been arranged in the booth in attractive forms, including vegetables and grain.

Wheeler, another Panhandle county, stresses its feed crops in the decorative features of its booth. These are prominently displayed. Wheeler was one of the prize winners in class two.

Particularly attractive are the varieties of apples show in the Wheeler County fruit display. There is a liberal collection of pears and watermelons.

In this part of the Panhandle vegetables are cultivated in pro-

fusion, with a large variety. Some of these shown are sweet potatoes, onions, cabbages, pumpkins, cushaws, Irish potatoes and squashes.

Honeydew melons attain large proportions.

Wheeler County offers practically an unlimited assortment of feed crops. Rye, wheat, oats, barley and broom corn are shown, with an abundance of the different varieties of grain sorghums.

Many varieties of hay are produced in Wheeler County. In the exhibit is Johnson grass, alfalfa peanut and sudan grass and field pea hay.

Judge J. C. Killough is visiting his daughter, Mrs. J. M. O'Neal of Ft. Worth and will see the Dallas fair before returning.

Hays Robbins has been making trips out to the old favorite duck grounds southwest of town but reports them scarce this year. It must be a fact for Hays failed to bring any back with him.

Mrs. Monica Harvey and son Robert made a business trip to Panhandle Saturday.

G. W. Kemp and son Haskell were up from Spur Sunday where they have been making their home for the past several months.

Wm. Green was a Dallas visitor going down Friday night.

CLUB NOTES

ASHTOLA CLUB

The Ashtola Club met at the home of Mrs. R. S. Swinburne Wednesday afternoon with a good attendance. The subjects of "Cheese Making" and "Uses of Sea Foods" were combined for study subjects. Miss Thompson illustrated and explained the prevention of "goutre" by the proper uses of sea foods. A demonstration dish of salmon loaf and cheese was made, using the cheese made by the Club at the previous meeting.

This Club is preparing a "clipping" library from recommended farm magazines. The clippings are being classified according to the various subjects included in the Club Year Book.

Mrs. R. O. Thomas of the Martin community has entered the yard beautification contest and had Miss Thompson to help plan her yard on the morning of the 17th.

NEW HEDLEY CLUB

This Club met at the home of Mrs. Alexander on Friday afternoon. Nine members were present to benefit by the demonstration

Shamrock Irishmen Will Play Bronchos Here

According to announcement of Coach Hutton, the Shamrock Irishmen will play his Bronchos here November the 6th.

These teams have always been pretty evenly matched and this game promises to be interesting to all fans from start to finish.

on cheese making. Miss Thompson also gave a demonstration on "emergency pantry" and Mrs. Clark Latimer was chosen as special demonstrator for the Club in pantry work.

The Home Demonstration Clubs held their regular sale Saturday at the show room of the Utility building with Chamberlain and Naylor clubs in charge of the sales. The Market is now back to normalcy since the rain interruption of the previous sales day.

The sales will be a regular feature of the H. D. Clubs again this coming Saturday at the usual place.

The H. D. Club Council will meet at the Club Room Saturday afternoon at 2 p. m. next Saturday at which time the matter of holding these sales throughout the winter will come up for consideration.

Suggestions will also be accepted for a program to be outlined for next years Home Demonstration work.

West Texans Register Early For W. T. C. C. Meet Which Begins at El Paso Thurs.

Many have already signed up for reservations at El Paso in order to be sure of hotel accommodations when the West Texas Chamber of Commerce meets there this week beginning their three day session Thursday.

Among the prominent speakers on the program are Gov. Moody

of Texas, Gov. Dillon of N. Mex., Gov. Louis Leon of Chihuahua and others of national reputation.

Mrs. H. K. Edwards and two children of Crowell visited over the week end with Mrs. R. H. Alexander.

Miss Betty Baker of Memphis spent the week end here as a guest of Miss Mary Naylor.

With Our Exchanges

The state asylum at Austin has set aside a yo yo ward. It is located next to the ukulele department.—R. E. Kessie in Hereford Brand.

And the asylum at Wichita Falls is said to have started a saxophone department for the neighbors of the saxophone beginners.

The Old Booger Mind.

Ernest Parker of the Sherman Democrat has discovered that Old Man Adam was the first man in this country to fall for the only girl in the World.—Clarksville Times.

Yes, and you notice he started her nicely. Never complained, never criticised her-cooking and did just as she told him. He knew that if she got a divorce he would never have another chance.—McKinney Examiner.

At the same time, she didn't give A-dam for any more like him.

Watermelon season will soon be over, and winter work will begin. The happiest family is that which can gather around their own hearth stone and spend a quiet evening reading, listening to the radio, or talking over family problems. Get the full joy this winter, for ere spring come again, politics will begin to boil and the time will be taken up attending rallies, political speakings and caucuses. The off years should be the happiest years to all.—Portales Valley News.

Off years? Is it possible that New Mexico has ceased to play politics continuously?

Hoover has been in office seven months and has not appointed a negro to office yet—complains Jas. E. Ferguson in his Forum this week.

Slick Naylor was down from Panhandle over the week end and reports that his second string of football boys beat Amarillo recently.

Mr. and Mrs. O. T. Smith and son left Friday to inspect the Dallas fair.

Judge Alexander is a Dallas fair visitor going down Friday evening.

Mr. and Mrs. R. L. Bigger were Fair visitors over the week end going down Friday night.

Miss Mable Mongole spent the past week as a guest of Mrs. H. C. Pirtle at Canyon.

QUEEN OF AK-SAR-BEN

Miss Jean Redick, beautiful daughter of a millionaire realtor, George Redick, in her costume as queen of Ak-Sar-Ben, the outstanding social honor of the season in Omaha. She is a graduate of Mt. Vernon Seminary of Washington, D. C., is active in the Junior league, and is one of the most popular girls in the younger social set of Omaha.

More Paving Expected Soon

The city authorities will likely be petitioned within the next week asking for paving or side streets where mudholes form as water runs off the present paving. Several unsightly places exist at this time causing great inconvenience.

These unsightly side streets are not altogether confined to the business section proper, many of them are to be found in the best residential section. Some affected by the paving cost are willing to do their share and others will likely see the necessity of the improvement when the matter is brought to their attention.

Mrs. G. L. Boykin and son, Lester Jr., are visiting relatives in Ft. Worth and will also visit the Dallas fair before returning.

Miss Mayme Price was a passenger on the Denver Friday night with a number of Clarendon folks who will visit the Dallas fair.

CAPITAL WEEKLY PRESS

Vann M. Kennedy

At last something is being done for convicts—without available political influence—who are deserving of pardons and paroles. No systematic effort has ever been made in this direction before, although several chief executives have felt its need and have taken haphazard stops for reform.

Judges Stanhope Henry and James R. Hamilton of the Board of Pardons and Paroles have been making a tour of the Texas prison farms to obtain records and to make parole investigations. The Board of Pardons and Paroles is a newly created body, incorporating the functions of the Board of Pardon Advisors and setting up a system for parole recommendations. Governor Moody has not yet appointed the third member of the Board, although the body has been in operation for several months.

A decrease in penitentiary population becomes tangible. It is believed that the Board will search out and recommend for parole many deserving prisoners, and that the Governor will issue paroles in most cases.

State departments were closed Friday afternoon and Saturday in respect for the late Clarence E. Gilmore, Chairman of the State Railroad Commission, dead from heart attack in San Antonio Thursday. The body lay in state on the Senate dias in the building where Gilmore had many years of service to the public.

A former newspaper man, general attorney for the Texas Press Association, Commissioner Gilmore was known as one of the

hardest working men in the Capitol.

Penn Survey

A survey of prospective sites for a relocation and concentration of the Texas prison system was well under way in Central Texas last week. A sub-committee of the Prison Concentration Commission has visited several tracts of land near Austin. The Commission is in favor of a Central Texas site for the location of a \$4,000,000 prison system.

An expert land appraiser was to visit the various tracts this week with W. A. Paddock of Houston, chairman of the committee. Two sites offered for sale to the committee are claimed to have marble and granite in large quantities.

Some of the Commission members favor a prison plant located within 10 miles of Austin, and the leasing or owning of a stone quarry near Burnet to be operated by convict labor, the products being used in state building enterprises and in highway construction.

W. F. Magee was appointed auditor of the State Penitentiary System last week. The appointment was made by an ex-officio board composed of Comptroller Sam Houston Terrell, Attorney General Robert Lee Bobbitt, and State Treasurer W. Gregory Hatcher. Magee will serve a term of two years.

Pensions In Court

H. G. Woodruff, Representative from Decatur, has announced that a test suit will be filed to contest the validity of amendments to Confederate pension laws made by the 41st Legislature. The new law leaves approximately 3000 Confederate widows pensionless, and many suggestions have been made for the ironing out of the situation.

Woodruff did not indicate who would file the test suit, but was certain that it would be filed before the January special session of the Legislature.

Marital Law Supreme

The Court of Criminal Appeals may have an opportunity to make a final decision on the issue of whether military law is superior to civil law. Seven criminal suspects held without bond by the National Guard martial law contingent at Borger were unable to secure release through habeas corpus proceedings brought in the district court at Stinnett. Judge Pickens upheld the military authorities as acting within the scope of the martial law proclamation. Attorneys for the defendants said that they would appeal the cases to the Court of Criminal Appeals.

The National Guard troops may become something like the Borger Army of Occupation. "We have ordered winter uniforms for the boys and are making preparations to stay there until the criminal ring complained of is completely broken", Governor Moody said in regard to the duration of martial law.

It has been estimated that martial law for Hutchinson County will cost the State approximately \$25,000 per month.

Mrs. J. M. Phillips, who has been visiting her daughter, Mrs. B. G. Smith and sons Benton and Phillip for several weeks, returned to her home at Hope, Arkansas the past week.

Mrs. Joe Terry and Miss May Wiley have returned home after a visit with friends at Spur.

MILLING MAN IS REDUCING FEED COST TO MANY

Simpson Operates A General Utility Mill Here

In this day when food fads are much talked about and dietetics a common topic of conversation, it may be a surprise to many to know that the Simpson mill of this city is milling an excellent grade of graham flour with a steady increase of customers.

Not only does the mill product appeal to man as a food, but stock foods are also made a specialty. Whole ear corn including the shuck is beaten into a bran by this mill of the hammer type of construction.

A good grade of cow feed is also made from cotton seed by reducing the whole seed to a mixed meal. This enables the cow to digest every particle of the food value of whole cotton seed.

Those who have been using these feeds claim that they can save at least 30 per cent on their bills by having their own feed milled.

* LELIA LAKE *

Mr. and Mrs. Rona Mace are in Lindreth, N. M., attending to property interests there.

Mr. and Mrs. H. D. Brown of Goodnight were guest of their daughter and son-in-law, Mr. and Mrs. Leathers Sunday.

Rice Batson of Memphis spent Sunday here visiting friends.

Local Firm Sponsors Radio Program

A new radio program, which will be heard over WBAP, Fort Worth, next Tuesday evening and each Tuesday evening thereafter. 6:30 to 7 o'clock is being sponsored by a group of Aladdin Lamp dealers in the Southwest, of which H. C. Kerbow & Sons, Clarendon, Texas, is one. This program will be known as the Aladdin Mantle Lamp Barn Dance Frolic and will feature those old tunes so popular a few years ago.

In addition to the music, there will be a very important feature for anyone at all interested in the raising or marketing of poultry.

On each Tuesday evening's evening's program, Uncle Ned will give a detailed, accurate, concise poultry market report. It will be possible to then determine exactly the price being paid at shipper's doors in the poultry centers, for the fowls. This feature alone will save members of this community many dollars by keeping accurately posted. Be sure your dial is on WBAP Tuesday night at 6:30.

Petit Jury List

Selected for the fifth week of the October term 1929:

Brinson, B. J. Leathers, P. C. Johnson, G. W. Kennedy, H. K. Leathers, W. R. McCauley, Will Kennedy, C. C. Carter, J. W. Mann, B. B. Leach, W. H. Moffitt, J. W. Watts, J. K. Blankeship, J. W. Bland, T. M. Cannon, L. L. Wood, W. L. Blaylock, C. O. Cooper, W. C. Bridges, W. C. Plunk, Roy C. Jewell, A. S. Johnson, J. B. Pickett.

Donley's First Frost Comes On Regular Date

The first signs of frost in this section occured in the low lands Sunday night. Little damage was done except to truck patches to-matoes being the principal sufferer.

Frost is expected here about the 25th of October this year. Farmers are hoping for cooler weather to ripen out the feed stuff. Late feed has shown a remarkable growth and small grain has been especially favored making an excellent growth toward winter pasture.

C. N. Plaster of Canyon was in town Saturday attending to business and paid a visit to his sister, Mrs. A. N. Wood.

Don't fail to read the ads in the Leader and profit thereby.

Ft. Worth Has New Radio Station KTAT

Tune in on 241.8 meters or 1240 kilocycles and hear the new station. They put on their first program Monday night of this week. This station was destroyed by fire last January. It was rebuilt on a larger scale with 1,000 watt power.

A. T. (Tiny) Stowe, ex-football and baseball star, weight 247 and a native Texan is the announcer. A fine bunch of programs have been announced for the winter.

WLV Radio Station of Cincinnati will radio Hoover's speech tonight.

* CHAMBERLAIN *

There was a large crowd out to singing Sunday night. We hope there will be more next Sunday.

Miss Mamie Dingler spent Sunday afternoon in the Johnston home.

Mr. and Mrs. W. H. White of Passton, Arkansas, and also Mrs. Verner White and daughter, Gwen dolyn of Wichita Falls spent the week end with Mr. and Mrs. S. J. May and family. Mrs. W. H. White being the sister of Mr. May. It was the first time they had seen each other in 27 years.

The Misses Gertrude Dingler, Lena Brogdon, Louise Hughes and Melba Johnston visited with Miss Geleema Ayres Sunday afternoon.

Mr. and Mrs. A. C. Yates of Clarendon attended singing here Sunday night.

Those that visited in the S. J. May home Sunday were Mr. and Mrs. John Wardlow and daughter Joyce of Shamrock, Mr. and Mrs. Buck May and son Dewey, Mr. and Mrs. Clarence May and family, Mr. and Mrs. Clarence Peabody and family, Mrs. John Heathington and son, Joe Franks and Mrs. Harold Edwards, all of Clarendon.

The Messrs. Smith and Tidwell of Clarendon attended singing here Sunday night.

National Guard Unit Visits Here Short Time Saturday

Twelve army trucks conveying National Guard units from Borger to Ft. Worth stopped here for a short rest Saturday. The boys expressed themselves as being well pleased with the treatment accorded them while in Borger and stated that they were given hearty cheers as they left.

The younger boys enjoyed the outing immensely, but the business men of the organization failed to find any fun. One of the older men stated "that Borger country is a quiet affair now and the hardboiled guys sadly missing."

Palo Duro Canyon Is Again In Limelight

With the visit of the superintendent of state parks to the Canyon Friday, the matter of making this scenic section at least a state park, is attracting much attention. Mr. Kolb was traveling "incognito" and very few knew of his presence since he was here to get some first hand information with his own eyes.

Just what this visit will amount to, no one knows. But we may rest assured t h a t something worth while is in the air. It has always been the contention of national officials that this was made a state park after which it would be much easier to get the National government to take the matter over and further develop it.

With the creation of the Cavern Trail from Oklahoma City to Carlsbad via Childress and Turkey, and Clovis, N. M., Donley county is most sure to be permanently sidetracked. A meeting to select a committee to work out the Cavern Trail idea as outlined above was held at Clovis Thursday.

E. V. Quattlebaum, one of Donley county's leading poultry men, has again contracted his eggs with the local hatchery for the coming year. These eggs are from prize winning strains and the Clarendon Hatchery is to be complimented for the excellent quality of eggs they use in their efforts to build up this important line of business for the farmers of this county.

Hick Johnson and Dorr Ellis had business in Panhandle Monday.

Mr. and Mrs. Archie Hallmark and little daughter, Nancy Beth, spent the week end here with her parents, Mr. and Mrs. S. B. Kutch

Miss Sheffield whom we spoke of in last issue reached Dallas one hour after her nephew was taken to the hospital. An incision was made and a tube inserted in his throat as is sometimes done in severe cases of diptheria. Miss Sheffield took charge of the case and is handling it nicely. Another child in the same family has diptheria at his home in Dallas.

Mr. and Mrs. G. A. Anderson were visited by old friends of their younger days Sunday when the Scott brothers and Ben Rayburn of Pauls Valley called to pay their respects on their way home from a New Mexico trip.

Mr. and Mrs. A. E. Benson were Fair visitors going down Sunday night.

BEAUTY SPECIALIST COMING TO CLARENDON DRUG STORE —OCTOBER 28th—

Miss Lillie Mae Smith, representing Dorothy Perkins Toiletries, will be at Clarendon Drug Store next week.

Miss Smith is a graduate beauty specialist, and has wide experience in beauty culture.

A private booth has been installed in the store where ladies may go for consultation with the specialist and for treatments if it is desired. She will gladly make telephone appointments with any one who desires to consult her.

No charge is made for these consultations, as we have made special arrangements whereby customers and users of the Dorothy Perkins toilet articles may be given expert advice without cost, and where others may be acquainted with the excellence and wide range of variety of the Dorothy Perkins line.

A cordial invitation is extended to all who wish to avail themselves of the opportunity to consult with a competent specialist as to their peculiar cosmetic and beauty culture needs.
