Treasure Hunt Creates Excitement At Giles Wednesday

Many Stories Are Told Of Rich Find Of Gold Coins In Jars

According to a story that appears to have gained credence in Hedley and Giles, Ljye Beckwith noticed some days ago that some prospecting for hidden treasure had been done with a rod on the lot where the home of Mrs. Mevis burned in the fall.

Beckwith is an adopted son of Mrs. Mevis who was postmistress at Giles for more than twenty years. Knowing something of the eccentricities of the elderly woman who died last year, Beckwith secured help and a bit of plowing and digging was done on the old lot where the house had burned Wednesday of the past week.

A box was located containing a half gallon and a pint fruit jar in which were found a number of gold coins variously estimated from a few hundred to thirty thousand dollars. The money was said to have been taken to a Memphis bank for safe keeping.

Mrs. Mevis was known to have buried money. When nearing death she tried to tell of the hiding place but had waited too long. Since she had not accumulated so large a sum at Giles, it is believed that she brought most of the money with her when she came to make Giles her home.

One party Monday in a conversation with the Leader man at Hedley made the statement that Mrs. Mevis had promised to make a loan of thirty thousand on some Hall county land and that this loan was in process at the time of her death. It was also recalled that in making purchases often into the hundreds, the old lady would pay cash without having access to a bank which would lead the neighbors to believe that she had large sums buried near her home.

Simpson Mill Equipment Insures A Better Stand

Farmers Cleaning Seed To Cut Down Waste Land Area This Season

As another forward step in the development of agricultural requirements in this section, A. W. Simpson, owner of the Simpson mill, announces the installation of a cleaner that will clean and grade seeds of all kinds from the finest up to corn.

This addition to the regular mill service was added upon the request of a number of farmers who each year found they had a large amount of waste land in their fields due to poor germination where defective seed was planted.

This cleaner will separate wheat from barley and remove seed or weed seed from practically any kind of farm seed. In grinding corn, the grader is used to make three grades of chick feed.

When asked what kind of feed most farmers were using now, Mr. Simpson replied that "whole ear corn with shuck ground into bran was a popular feed as well as bundle stuff ground up with the head."

Farmers are bringing in their corn and bundle feeds and having it ground and placed in sacks which avoids waste and enables the animal to get all the nutriment out of the grain.

The county received another tractor and grader the past week.

Smith Drug Store Moved To Spearman Monday

The stock of the Smith drug store of which J. Fred Smith was manager, was loaded on trucks early Monday morning and moved to Spearman.

Mr. Smith spent the most of the preceding week looking over the plains towns and finally decided that Spearman was the best bet on the list.

W. O. Homel Is Dallas "Durant Day" Visitor Thursday

Local Durant Dealer Is One Of Hundreds To Hear Haynes

W. O. Hommel, of the firm of Hommel Brothers and local Durant auto dealers, returned from Dallas Friday evening where he was in attendance on a district convention of Durant dealers.

Mr. Hommel is very enthusiastic over the prospects for Durant sales in his territory after looking over the new models and meeting salesmen from other districts. He is also confident that the Panhandle is in much better condition at this time than any section of the country reported by Durant dealers which also adds to the enthusiasm of the popular local dealers.

The address of Frederick J. Haynes made a deeper impression on our fellow townsman that the banquet and sightseeing trips if one may judge by his quotations from the speech of the president of the Durant motors company.

"Mr. Haynes, with years of service behind him as director of the National Automobile Chamber of Commerce and the Chamber of Commerce of the United States in which he is a charter member of the National Defense Committee, upon reaching the city found himself captured by the military affairs committee of the Dallas Chamber of Commerce and made an honor guest at a luncheon at the Adolphus Hotel.

The afternoon was spent in conferences at the Jefferson Hotel with about sixty dealers from Texas, New Mexico and Louisiana. Two of the 1930 Durant models were on display in the lobby.

Introduced by J. S. Oliver, Durant Dallas district manager, at a banquet at the Jefferson at 7 p. m. for dealers, he delivered an inspirational message on the company's past and future, winding up the night with another dealer conference. After several days' stay, Mr. Haynes will proceed on his mission of contracting dealers in the district.

"You're in the soundest business in the United States," Mr. Haynes told his audience at the banquet. "Transportation is the first essential, bowing not even to food or shelter. Transportation in fundamental to prosperity. People have to buy it. They can't exist otherwise. America's prosperity rests largely upon the flexibility of her transportation represented in the automobile, there being 37,000,000 in operation in the world, nearly 80 per cent in the United States, traveling world's 600,000 miles of traffic ways."

Emphasizing "Durant's ideal of an honest product of unmatched value giving the acme of service," Mr. Haynes addressed his hearers as partners, pointing out that the amount invested in auto manufacturing is balanced by the amount invested by dealers.

Mr. Haynes, who with A. I. Philp, John A. Nichols Jr., and R. A. Vail of the former Dodge interests took over the Durant interests Jan. 16, 1929, traced the steps in this move. The good will of 800,000 Durant owners was a large factor in their making their decision, he said.

"You've got the product at the right price, with nothing wrong," he said. "There is established a line of fair dealing. Here you come in. You must win the confidence of the buyer and the people of your community. You have an attractive place. You must be successful and happy, and so will we."

Mr. Hommel has made many trips down to the metropolis but none so profitable as this where he gathered new ideas, made notes of important features and rubbed elbows with other fellows who are also doing big things in the line of selling cars.

Mrs. E. S. Blackburn is visiting Miss Gwendolyn Allison at Ft. Worth this week.

Mrs. Joe Cluck is ill in an Amarillo hospital, last reports stating that she would likely be compelled to undergo an operation.

Postal Clerk's Examinations Include Clarendon Office

Position Pays 65c Per Hour With Excellent Chance For Advancement

Postmaster Chas. H. Bugbee announces that an examination is to be held soon for the purpose of selection of extra help for the local postoffice. Blanks must be secured and proper applications filed before February 28th to qualify applicant.

These positions are open to both sexes with certain physical requirements. The age limit is from 18 to 45.

Yearly salaries range from \$1700 per year up with a chance for advancement. Extra pay is provided for night work. Full particulars may be obtained of the postmaster. It is necessary to act at once if one is to seek a position with the postal service at this time.

Former Hedley Citizen Moves Near McLean

After several years of successful farming experience near Hedley, S. C. Bell has made arrangements to farm a large acreage about two miles northeast of McLean. He expects to employ the tractor method in cultivating the increased acreage on a mass production basis. Cotton, corn and headed stuff will be the principal crops.

Mr. Bell is considered one of the best business farmers of this section of the Panhandle and has come to the conclusion that farming must be done on a large scale with the overhead cut to a minimum by the use of improved machinery.

In addition to a general crop plan, he expects to have the usual amount of productive live stock, poultry, etc. that usually enter into the general scheme of a successful agriculturalist.

Bynum Mullins will look after the Bell farm and filling station on the highway between Hedley and Lella Lake.

Miss Carrie Davis was a Memphis visitor the last of the week spending the week end at Quitaque

Mr. and Mrs. Henry Parker spent Sunday in Borger visiting their daughter, Mrs. Ruel Nichols.

McManus Returns To Jail After Week's Liberty

Deputy C. M. Peabody made a trip to Borger Monday of this week and returned Jim McManus to the Donley county jail from which he is said to have escaped by sawing out about a week ago, and for whom Sheriff M. W. Mosley had offered a \$25 reward.

Acting upon a tip from a party in Pampa, McManus was located in Borger the last of the week and jailed upon instructions from the local sheriff's office.

This man was arrested some weeks ago at Pampa following a hunt after he was charged with forging the name of Glenn Williams to a check.

Sheriff Mosley has a trace of the other party charged with theft of the Clifford car and who escaped at the same time as McManus, and is daily expecting word of his arrest.

Mr. and Mrs. Houston R. Miller and family were down Sunday visiting relatives and friends here. Mr. Miller is manager of the Boston Piggly Wiggly at Canadian.

Aged Resident Dies Sunday Morning At Hedley Home

Was Hill County Pioneer Following Civil War's Trying Period

With the passing of Mrs. T. B. Simmons early Sunday morning at the home of her son, John A. Simmons of Hedley, one of Donley county's most illustrious pioneers and church workers claimed the reward of the faithful. For more than sixty years Grandma Simmons had been a faithful member of the Missionary Baptist church and by both deed and word had sought to further the kingdom of her Master.

Sparty, Louisiana was the birthplace of this noble woman in 1855. Following the trying period of Civil War days, the family came to Texas and pioneered in Hill county beginning the residence there in 1869. She has made her home in Hedley since 1917 where the number of her friends was a limited only to the extent of her acquaintance.

She was married to T. B. Simmons of Hill county April 24, 1875. To this union three children were born, two of whom now living are: John A. Simmons of Hedley and A. L. Simmons of Melrose, N. M. She also helped to rear the following step children: Mrs. Bettie Bell of Hereford and Frank Simmons of Hedley, and Tom Simmons who died at Whitney, Texas several years ago.

A sister and brother, Mrs. H. O. Logan of La Luz, N. M. and Geo. Babers of Alamogordo, N. M. were at her bedside when death came. Another sister, Mrs. W. R. Stone of Walla Walla, Washington was unable to be present due to infirmities of age.

One of the most praiseworthy acts of Grandma Simmons occurred many years ago when she stood by the bedside of a dying friend and promised to take a wee babe of three hours and raise it. That promise was faithfully kept and that babe is today Mrs. Van Knox of Lella Lake.

The body of this noble woman will be laid to rest in the Rows cemetery at 3 p. m. Tuesday of this week after services at the Baptist church in charge of Rev. H. thus bringing to a close a life that has been a great influence for good.

Clarendon Will Have Rotary Club At Early Date

Local Citizens Are Aroused Following Visit Amarillo Men Tuesday

Following the visit of Messrs. Allen Early and Norris Ewing of Amarillo Tuesday, local citizens began to learn more of Rotarians—the first international Civic organization and unlike that of any other similar organization in existence.

A meeting of representatives business men met at the Caraway cafe for noon luncheon Friday where short talks were made by Dr. E. L. Jenkins, Judge A. T. Cole and J. C. Estlack. Tentative plans were outlined by Dr. Jenkins following an explanation of the objects and aims of the Rotarians.

Of the twenty-one representative business and professional men present at the luncheon, nineteen signified their intention of becoming members of the club should one be organized in Clarendon, plans for which are going forward assuring the establishment of a local Club at an early date.

Only one Rotary club ever surrendered its charter; Rotary was the first international Civic club; Rotary clubs exist in 50 nations of the world, there being 330 clubs circling the globe, 2400 of these being in the United States; Rotary is working to bring towns closer together and to maintain world peace; Rotary has no secrets, causing men to work together for the development of friendship and fellowship, and for the betterment of the community and world; does not get into politics, respects the politics and religion of every man.

The Objects of Rotary Are

To encourage and foster:

(1) The ideal of Service as the basis of all worthy enterprise.

(2) High ethical standards in business and professions.

(3) The applications of the ideal of Service by every Rotarian to his personal, business, and community life.

(4) The development of acquaintance as an opportunity for Service.

(5) The recognition of the worthiness of all useful occupations and the dignifying by each Rotarian of his occupation as an opportunity to serve society.

(6) The advancement of understanding, good-will, and international peace through a world fellowship of business and professional men united in the ideal of Service.

Origin And Growth of Rotary

The first Rotary club in the world was formed in Chicago, February 23, 1905, by Paul Harris, a lawyer, who suggested the form of organization to three friends and with them instituted the first club. Three years later a Chicago Rotarian told the story in San Francisco and the second club came into being. Since then the progress has been steady.

Rotary International, the organization of which all Rotary clubs are members, on September 1, 1929, consisted of 3,205 clubs with an approximate membership of 150,000 Rotarians. There were then 2,362 clubs in the United States, 100 clubs in Canada, 320 clubs in Britain and Ireland and 423 other clubs scattered all over the face of the globe.

Baptist Revival Continues All This Week

The revival at the Baptist church being conducted by the pastor, Rev. E. N. Shepherd, will continue all of this week with morning and evening services as before according to information given the Leader.

Mr. Lee A. Stulce, evangelistic singer, who was unable to be here at the beginning of the meeting due to illness, arrived Sunday morning and will be at each service in charge of the music.

The morning service is held from 10 to 11 and the evening service begins at 7:30. The public is cordially invited to attend the both services.

Brutal Shooting Arouses Hall County Citizen Body

Prominent Young Man Shot Down In Bold Holdup Tuesday Evening

Liberal contributions to a reward fund for the capture of the slayer or slayers of Bryan Nall, aged 22, manager of the Farmer's Union Supply store at Eli, has spurred the action of officials over the state and aroused an already incensed public to a high pitch of resentment.

Young Nall was alone in the store at closing time Tuesday evening when accosted by a lone man while others waited in a car on the outside. When commanded to throw up his hands, Nall made an attempt to overpower his assailant receiving a shot from which he died early Wednesday morning in a Memphis hospital.

Two men were jailed in Memphis immediately and the search for the third man under suspicion came to an end Saturday with the arrest of Hess Tyler at Big Spring. All three of the accused men deny any complicity in the crime.

James Spivey, residing near Lakeview, reported to officers an attempt to bribe him and a threat of death if he testified in the case. Spivey has taken up his abode in the Memphis jail as a matter of protection fearing for his life if he remained at large.

It is the opinion of officials that this job is only one of several of an organized ring.

Due to the prominence of Bryan Nall in his home community, the people of that section are greatly incensed. Young Nall, though only 22 years of age, was given charge of property worth thousands of dollars, stood high in the councils of his lodge and enjoyed a position of highest respect and esteem that seldom comes to a young man of his age.

R. W. Scales Is Fatally Injured Near Lubbock Friday

Was Long A Resident Of Hedley Country Lately Moving To Terry Co.

Friends and neighbors of Donley county were shocked Monday when news was received informing them of the death of R. W. (Uncle Dick) Scales which occurred in a Lubbock hospital Sunday afternoon about four o'clock.

Only meager details are obtainable at this time. Reports state that Mr. Scales left Hedley the fore part of the week in charge of a bunch of mules which he was taking from his farm near Hedley to a farm which he had recently purchased near Brownfield. When nearing Lubbock, it appears that the mules and some cars got into a jam on the road and Mr. Scales was walking in the road in an effort to clear up traffic when he was struck by a passing motorist and knocked to the ground and run over.

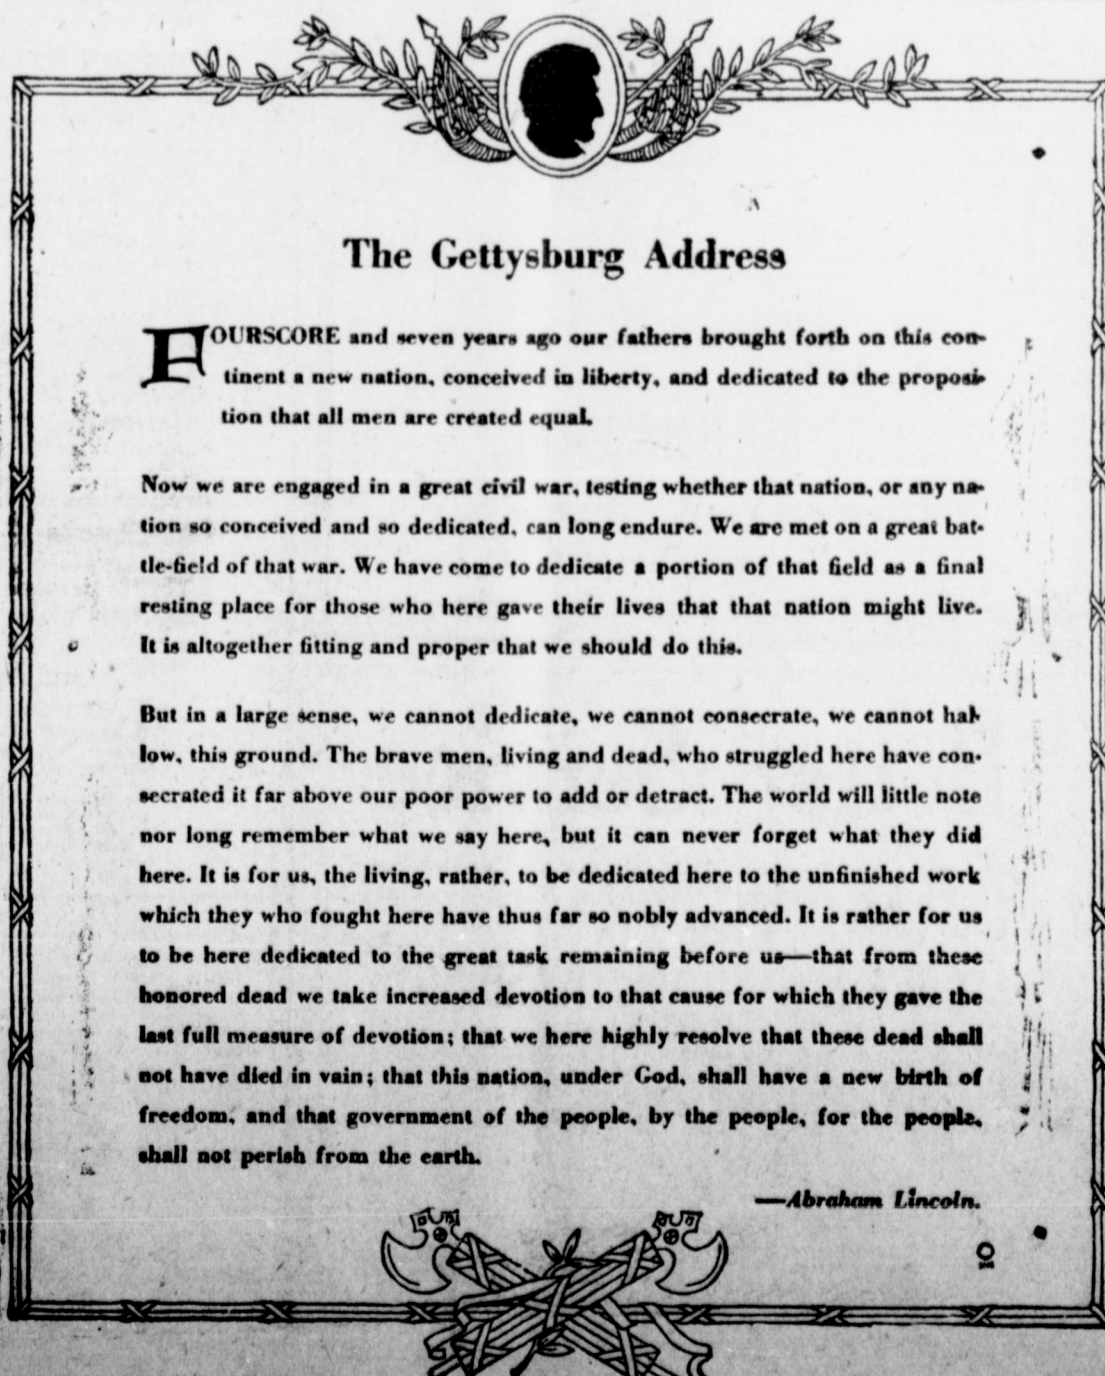

It was plainly seen that he had been severely injured and he was at once taken to a Lubbock hospital where he died as above stated.

Mr. Scales was numbered among Hedley's most substantial farmers and enjoyed a wide acquaintance because of his long residence in Donley county. The funeral will be held at Hedley today (Tuesday) at 3 p. m.

Tractor purchases in Donley have broken all records in 1930.

New Typcasting Machine For Donley County Leader

Rounding out its first year of existence with two more issues, the Donley County Leader has placed an order for a more improved typcasting machine that it may continue to give our readers and advertisers the very best service to be had. This is the policy adopted with the first issue and rigidly adhered to the past year.

The Gettysburg Address

HOURSORE and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle-field of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But in a large sense, we cannot dedicate, we cannot consecrate, we cannot hallow, this ground. The brave men, living and dead, who struggled here have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth.

—Abraham Lincoln.

INFORMATION.

The Secretary of Commerce states that the cost of living is under control. Now let's see—just under whose control is it, anyway?

EDITORIAL VISITORS.

The editor of the Claude News spent much of the week end hobnobbing with the editor of this paper. Thos. T. Waggoner is one of the very best editorial writers in Texas newspaperdom and is giving the people of Claude a newspaper equal to that of towns of five thousand inhabitants.

MARRIED!

The editor recently received an announcement of the marriage of our erstwhile friend, Mr. Wm. H. Parker and Miss Emily Maxwell which occurred in Oklahoma City the 25th ult. They are to make their home in Abilene after the first of May.

Mr. Parker represents the Olmsted-Kirk Company on the road and is one of the most popular salesmen dealing with the newspaper fraternity. Congratulations and best wishes to the newlyweds.

POLITICAL CONVICTS.

Under the recent ruling of the State Democratic Executive Committee, several good citizens will be denied the right of a place on the ballot. Thousands of Hoovers were pardoned as a bunch of convicts and will be permitted to vote for any scalawag that the professional politicians see fit to stick up.

The day of "yellow dog" politics in Texas has passed. If it was a disgrace to vote for Hoover in the last campaign, the majority of the voters of the state must be included in that indictment. The Smith voters were entitled to vote as they pleased and were then and are now numbered among our very best citizens.

Regardless of how you and I voted in the last campaign, we are going to vote for whom we please in this one, and it's nobody's business.

Donley County Leader \$2 a Year

A BUSINESS GOVERNOR.

One often hears the cry for a business man for Texas' next governor. Many have mentioned the name of Col. W. E. Easterwood, Jr. of Dallas, though he has never mentioned the matter himself.

Col. Easterwood is a financial success, being rated as a multi-millionaire, all of which he has made by his own efforts since the close of the war. His first big money was made when he put Orbit chewing gum on the market. He has since been successful in a number of other business ventures. So much for his ability to give Texas a business administration.

Col. Easterwood has also given away thousands and thousands of dollars to help needy ex-service men, orphans, widows and cripples. "His heart is as big as a ham", to use a Western expression. His reputation is without a blemish and his character is beyond question. Hundreds are now clamoring to see Col. Easterwood get into the race. Perhaps he will.

ROTTEN POLITICS.

Now that Harry Wurzbach has been declared winner over Judge McCloskey in a congressional investigation, the committee alleging that certain ballot boxes had been tampered with by those having them in charge.

According to the election laws of our state, those who tampered with these boxes are amenable to prosecution. Are the officials of the San Antonio district going to permit the matter to drop and permit the good name of our state to become an object of ridicule by the entire country?

That Congressional investigation cost the nation thousands of dollars. If the guilty parties are made to pay a penalty for their perfidy, there will be fewer cases of ballot box tampering.

Congressional Candidates.

While he has not announced so far as we know, there is much talk of State Senator Clint C. Small becoming a candidate in the race for the democratic congressional nomination in this district.

Should he do so, the Panhandle will be most unfortunate because one good man is bound to lose. We feel at this time that Texas needs Senator Small more than the nation needs his services with Marvin Jones on the job.

The good work of Senator Small

down Austin way is the only outstanding feature of legislative work for years. He is a good man and well qualified to serve the public in a manner that meets with popular approval. If elected Congressman from this district at this time, it would take him on an average of four years to get a "line up" with the boys up there before he would be permitted to be of any service to the people.

Congressman Jones is doing more for the agricultural interests of the nation now than possibly any other man. Senator Small is doing more for Texas than possibly any other man filling a similar position. It will be a sad day for the Panhandle should a change be made.

LAW AND ORDER.

Pampa has a brand new Law and Order club. McLean is expected to organize and likeby has by this time. The idea seems to be gaining favor in many places. Rev. Theodore Hansen of Denver, Colorado appears to be the organizer.

We are opposed to such a club in that it reflects discredit upon the community in general. If lawlessness gets the upper hand, whose is the fault? The people themselves. If the peace officers refuse to enforce the laws after the local people have given them their moral support and encouragement, dispense with the peace officers.

When the news goes out from the Panhandle that Law and Order clubs are being organized, other sections will naturally conclude that life and property is unsafe in the Panhandle and such a reputation will result in great damage to a section that is now as peaceable and law-abiding as the best sections of the country.

Law enforcement in Donley county is on a par with that of the best sections of the country anywhere. Officers from the District Judge down to constable stand for same law enforcement. The better element stands for law enforcement and that includes the big majority of the citizenship of our county.

SOME EGGS!

The Wellington Leader pays proper tribute to Hazel McClure, a 4-H club girl who made \$2,104.70 within three years. According to the article, Hazel paid six dollars for her first setting of eggs. Pretty good price you say, but

listen! You haven't heard the half of it. The article goes on to say that from 13 of those eggs "15 lovely chicks hatched."

How proud the young lady must have been when she called the multiplying parents to witness the her chances for success. Far be it from us to cast any reflection upon the young lady's reputation for veracity. She no doubt wonders why more newspaper men do not go into the chicken business with their ability to "hatch" up stories that sound too good to be true.

We here and now warn Deskin Wells to refrain from mixing the women folks into his prolific stories redolent of the county of Collingsworth. Some newspaper guy in Wellington is said to be authority for the statement that the summer's heat in 1929 had reached the stage where hens were laying hard boiled eggs. That happened about the time Brother Dobbs hired some fellow to pray for rain after he had made a bet of one chance in a hundred of winning and the praying party could only raise a sandstorm.

MORE IMITATION BUTTER.

Yes sir, the more the editor of this paper inquires around, the more imitation butter he finds. It was our misfortune to have to "board" for a long number of years and during that time we

never got much butter like "Mother used to make." It graded all the way from soap grease to a fairly good grade of harness oil. Since starting out on our own hook, we have always been a stickler for "raising" our own butter at home.

There has been quite a bit of talk here lately since the price of cream went smash. Several have suggested the idea of asking the local grocers to quit handling anything but pure butter in order to help the cream and honest-to-goodness butter market.

After interviewing some of the grocers, we have come to the conclusion that this missionary effort must begin in the country. The grocers sell more imitation butter to country folks than they do here in town. Some folks are said to bring in good rich Jersey butter and swap it for the imitation brand getting a dime "to-boot" on each pound in the deal.

That's news to Lottie as sure as the world! The grocers are willing to help and most of the folks who have butter to sell are for banning the imitation brand, but we will have to get a united front on this question before anything can be

done. Personally, the editor pledges his word of honor that he has not for twenty years felt, smelt or eaten any imitation butter or substitute and never expects to so long as he has his right mind. We won't even grease our windmill with it, feed it to the dog, cats, possum, coyote, billygoat or burro so help us hannah!!!

Seriously, folks, there should be something done for the cream market. Grocers are running large ads in many places stating that they refuse to handle any imitation butter in order to boost the cream and butter market. We can do it here, but it takes a lot of us to put it over. It must not be a one-sided affair. What do you say?

PRINTING MATERIAL TYPE

Large quantity of eight point Century Expanded American Type Founders hard type of which 95 percent has never been laid in the case. One 30 pound font 12 point Roman about as good as new. The Motor Industry Is A Large Business

Few people realize the gigantic importance of the automobile industry in the United States. Last year 5,651,000 cars and trucks were manufactured, having a wholesale value of \$3,483,900,000.

In relation to other industry it has been pointed that the automobile manufacturers use 85 per cent of our rubber, 67 per cent of our plate glass, 19 per cent of iron and steel, 15 per cent of our copper, 18 per cent of our hardwood lumber and 27 per cent of our lead. Any decrease in this industry would affect business generally.

In 1929 a little more than a million American motor vehicles were sold outside of the United States while parts and tires had a value of more than three quarters of a billion dollars. France, for one country, is threatening to erect a tariff wall against our automobile exports. If other countries did the same American business in general would suffer considerably.

AMARILLO WOMAN DECLARES ORGATONE (ARGOTANE) GAVE HER RELIEF AFTER SURGICAL OPERATION

"I noticed benefits before I had finished the first bottle of Orgatone (Argotane) and now I am in first class condition generally." Mrs. Rose A. Trunk, a well known Amarillo, woman residing at 302 Lincoln, Ave. said.

"In September I underwent a surgical operation and had my gall bladder removed," she continued. "I was instructed by my doctor to take something to stimulate the bile flow owing to my general condition which was naturally a run down one."

"The accounts in the newspapers of its good work led me to try Orgatone (Argotane). I gained strength almost at once and now I feel fine and much stronger in every way. I have a fine appetite and what I eat seems to agree with me. My bile flow has been regulated and my nervousness has entirely disappeared. Yes I gladly recommend Orgatone to all who are troubled as I was."

Genuine Orgatone (Argotane) may be bought in Clarendon at the Stocking's Drug Store.

LARGE CROWD ATTENDS HEDLEY P. T. A. SOCIAL

Friday evening February 7th the P. T. A. of Hedley held their regular monthly social hour. The English Room was changed into a reception room but few to the large crowd it proved to be to small so the auditorium was used. A brief program was rendered which was as follows:

Song—First grade, Mrs. Reast room teacher.

Drill—Second grade, Miss Holland teacher.

Song—Third grade, Miss Moreman's room.

Rythem Band—"Onward Christian Soldiers"—Fourth grade, directed by Miss Maxwell.

Educational talk—Rev. Landreth.

After the program games were played under the direction of the Social Committee. The "stunts" proved to be interesting. Many of our citizens have talents that the general public is not aware of. J. W. Noel proved his ability as a pianist, and Abe Vineyard demonstrated the advantages and disadvantages of the model T. Ford. Paul Merriman beyond a doubt should enter the ministry after the wonderful sermon he delivered at the social.

The crowd was the largest that we have had this year, and the officials of the Parent-Teacher Associations and faculty certainly appreciate the interest the people of the community are taking in the school.

Figure It Out for Yourself

STUDY the table below and then come in and see the new McCormick-Deering Farmall. See the economical, rugged, powerful 4-cylinder, valve-in-head engine; the dustproof, well-oiled transmission; the simple, semi-automatic steering mechanism; the properly designed drawbar, built-in power takeoff, belt-pulley, high-tension magneto ignition system, oil air cleaner, fuel-saving carburetor, and the high (30") clearance. The Farmall has 29 ball and roller bearings on the principal shafts to reduce friction and wear to a minimum. It has 3 speeds forward and 1 reverse, an 8-foot turning radius, a convenient brake, Alemite lubrication, and many other features.

And that's not all by any means. We carry a full line of Farmall tools that have been specially designed for use with the Farmall tractor. Two-row middle busters, 2-bottom plows, Farmall 4-row lister cultivators, 2 and 4-row planters, 2 and 4-row cultivators, power mowers, sweep rakes, and many others. These machines increase your effectiveness four or five times, and will do away with from 6 to 8 horses or mules on your farm. Study this table and see the difference yourself.

One Man with Horses Can:	One Man with FARMALL Can:
Plow 1 1/2 acres.	Plow 6 or 8 acres.
Middle break or list 6 to 8 acres.	Middle break or list 20 to 25 acres.
Plant corn or cotton 5 or 6 acres.	Plant corn or cotton (with a 2-row planter, 20 to 30 acres). (With a 4-row planter approximately double this acreage can be planted.)
Cultivate corn or cotton 4 to 6 acres.	Cultivate corn or cotton 20 to 30 acres. (With a 4-row cultivator approximately double this acreage can be cultivated.)
Mow hay 6 to 8 acres.	Mow hay 20 to 30 acres. (Double this amount may be cut by using a trailer mower in addition to the regular Farmall Mower.)
Cut grain 4 to 6 acres.	Cut grain—with tractor binder—30 acres.
Belt work cannot be done with mules or horses. For this an engine or tractor having a belt pulley must be purchased.	Belt work—the Farmall furnishes steady, economical and uniform power for many kinds of belt work. Eliminate 6 to 8 horses.

The Table Above Tells You Why You Ought to Own a McCormick-Deering **FARMALL**

And we know something even more convincing—we will demonstrate the Farmall right on your own farm, on your own special jobs, any time it is convenient for you to have us do so. Drop us a card, telephone, or call at our store and tell us when you want us to come.

PLEASANT VALLEY

There is quite a bit of sickness in this community. Mr. Potter who has been suffering with an attack of the flu is able to be up.

Dad Corder also had an attack of flu but is better.

Lacille Goldston has been real sick with a severe cold the past week, but is improving at this writing.

Miss Dollie Corder has also been sick.

Mr. and Mrs. Tom Goldston visited in the John Goldston home Sunday afternoon.

Mrs. Lee Singletary who has been sick has been moved from the Adair hospital to the home of Rev. Sheppard, and we hope will be able to be moved home soon.

W. D. Higgins made a business trip to Tucumcari, New Mexico the first part of the week.

Miss Nan Potter spent Sunday in the Longon home.

Mr. and Mrs. Higgins visited in the W. C. Hubbard home of Lelia Lake Thursday.

Mr. and Mrs. L. L. Taylor called in the Goldston home Sunday evening.

Mr. and Mrs. John Blevins of Wellington visited the lady's parents, Mr. and Mrs. Roy Wilson Saturday night and Sunday.

Our farmers who are quite progressive are enthused over a demonstration to be given Monday and Tuesday by Bennett & Sims with a Farmall also one by the International people, at the farms of Roy Wilson and John Goldston.

Mr. and Mrs. Moreman of Memphis visited with Mr. and Mrs. Shelton Saturday night and Sunday.

Mrs. Shelton's sister and husband Mr. and Mrs. McKensee of Amarillo spent Thursday and Friday with her.

D. C. Shelton Junior who is staying with his brother Lloyd at Ash-tola and going to school happened to the painful accident of being hit in the eye which seemed to be serious for a while but we are glad to learn it is better.

Mrs. D. C. Shelton called on our new neighbor, Mrs. Thompson Thursday afternoon.

Mr. and Mrs. Bill Bromley called on Mr. and Mrs. Thompson Thursday evening.

Mr. and Mrs. J. T. Wilson of Clarendon visited in the Goldston home Thursday afternoon.

Mr. and Mrs. Youree of Hedley spent Thursday with their daughter, Mrs. Stock Lamberson. They were accompanied by their son Woodburn and daughter, Mrs. Stringer of Braid.

Mrs. Lamberson with Edna Lou and Willie Nell returned home with them to remain over the week end.

Mr. Russell, who moved from the Roy Wilson place to South of Lelia was in the community on business Friday.

Helen Goldston spent Wednesday night with Lodi Green of Clarendon.

Word has been received from J. T. Lamberson who drove thru in a car with Louis Youree of Hedley and two other boys to Arizona, that they had arrived at Coltonwood, Arizona.

Johnnie Campbell of Clarendon spent Wednesday on the John Goldston farm on business.

The young people enjoyed a party in the Dorsetts home Wednesday night.

Miss Ola Mae Allen entertained the young people with a party also the past week.

A case came before a police court involving the ownership of an eightday clock. After listening to both sides, the magistrate turned to the plaintiff.

"You get the clock," he said gravely.

"And what do I get?" complained the accused.

"You get the eight days," replied the magistrate.

FORCE OF HABIT

During a holdup in Chicago a young male stenographer was hit by a bullet. Thinking he was mortally wounded, he whispered to a friend:

"Write to Mamie. Give her my love, and tell her my last thoughts were of her. Carbon copies to Sadie, Peggy and Kathleen."

Mrs. C. W. Latson of McLean spent the week end with his son, O. W. Latson and family.

Miss Theima McCaskill and Miss Coy Latson who teach at McLean spent the week end in the O. W. Latson home.

Mr. and Mrs. Park Chamberlain spent the week end with Mr. and Mrs. Dick Hughes at Pampa.

Club Notes

Fourteen Ashtola Girls were given a demonstration in correct table service, which will help them in a banquet which they plan to serve soon.

Mrs. W. P. Holley has a new hot bed made during a demonstration Miss Thompson gave to 16 Ashtola H. D. club women, when they met last Wednesday evening.

Thursday the Chamberlain Home Demonstration club made a hot bed for Mrs. John Fowiks during Mrs. Thompson's demonstration. The demonstration included plans for a succession of plantings which will keep vegetables in the garden a greater portion of the year.

Asparagus and Carrots are the 2 vegetables that the club women of Donley county are going to add their regular vegetable list this year when they order garden seeds and plants.

Mrs. Fowiks had some grape vines which needed pruning so Miss Thompson pruned one to show the women how. Several women took cuttings to plant out in a box of dirt to keep down cellar this summer and put out for vineyard next November, 12 women participated in this demonstration.

The Windy Valley school Girls sent Miss Thompson an urgent request for a girl's club in their community. She answered the call Thursday morning and found 12 girls of club age who wanted to enroll in club work. Some of the girls wanted to wait until they asked their parents but the following were sure it would be O. K. with their parents and gave their names for membership Thursday morning: Misses Cecil Garner, Jewell Morgan, Mabel Garner, Mayme Bowling, Virgie Skinner, Juanita Simmons, Eva Poulk, and Gladys Josey. All the girls choose gardening for their productive work. Their next meeting will be held Feb. 19th.

The Clarendon Home Demonstration club met at the home of Mrs. W. H. Youngblood Friday evening with 18 members and 2 visitors present. They too had a garden and orchard program but did not make the hot bed nor prune any plants during the meeting. They discussed a succession of planting for year round supply of garden vegetables. Mrs. J. C. Estlack being the Pantry demonstrator for this club was most interested in this part of the program. The women were taught how to make hot beds and cold frames. Some of the women told of seed that they had to exchange with club members.

The leaflets "Spraying Program for Home Orchards and Gardens" were distributed and a beneficial discussion on pruning plants and trees in the home orchard was held. How to plant grape vines and how to prune them was also a part of the work of the meeting.

Miss Jaunita Harwell, Rachel Roberts and Monnie Durond, Miss Bernice Rowland, all teachers at Shamrock spent the week end in the home of Mr. and Mrs. J. W. Rowland.

Mr. and Mrs. Houston Miller and sons Elton and Fred of Canadian visited his daughter, Mrs. Jackson and family Sunday.

Mrs. Donal Linsey and Mrs. Oscar Alexander of Amarillo are visiting in the J. B. Masterson home this week.

Mr. and Mrs. Garvin McCaskill were called Thursday to Wellington to the bed side of Garvin's mother who is real sick, we hope her condition will be for the better real soon.

Rubye Moffitt went shopping in Memphis Thursday.

The Junior Study club met with their usual meeting at the home of Mrs. Mildred Aufill with Lorene Blankenship as hostess and Cloteal Moreman as Leader. The program was real interesting and enjoyed by all.

Roll call—Current Events. God and the Groceryman—Harold Bell Wright.

Characters—Allie Mae Caldwell. Setting—Vera Hickey.

Plot—Lorene Blankenship. Club Discussion—Cloteal Moreman.

The hostess served delicious cake and punch to the following members: Mimes, Opal Adamson, Dannie Battle, Gladys Ewen, Elsie Loman, Vera Hickey, Lola Dishman, Lorene Blankenship, Mildred Aufill, Jewell McCaskill, Janita Everett, Misses Otey Watkins, Mary Harris, Allie Mae Caldwell, Gladys Simpson, Cloteal Moreman, Melba Johnson.

Mr. and Mrs. R. E. Newman was a Memphis visitor Saturday.

Mrs. Garvin McCaskill and Mrs. Jeff Pertle were in Memphis shopping Saturday afternoon.

Mrs. John Aufill and Mrs. J. Hunt and little son were in Memphis Saturday afternoon shopping.

The women's cashier meeting of the West Texas Utilities was held in Memphis Saturday. Gladys Ewen attended and the day was much enjoyed.

The social and program by the P.-T. A. at the school house Friday was a wonderful success. The program was put on by the intermediate grades and a wonderful talk was made by Rev. Landreth, pastor of the Methodist church. The social and playing of games finished off the evening. Every one present enjoyed it very much and hope

PALO DURO LITERARY SOCIETY

The Palo Duro Literary Society and the Alpha Delta Psi Society met together Thursday and chairmen committees were appointed for the various activities necessary for putting over in a big way of the annual banquet of the two societies which is to be held in the near future. The chairmans appointed are:

Program committee, Bill Wilder. Decoration committee, Bill Dillard. Menu committee, Edna Gerlach. Ticket committee, Edna Crane.

There will be a joint meeting of the societies next Wednesday, February 12, at 7:00 p. m. in the auditorium. At that meeting the Chairmen of each committee will make a report on what his committee has done.

Mrs. V. A. Kent of Plainview is visiting this week with her parents Mr. and Mrs. John Clark.

that this will be repeated soon.

Grandmother Simmons who has been sick at the home of her son's John A. Simmons died Sunday Feb. 9 about one o'clock. Grandmother has been ill for some time and we regret very much to have her taken away as her friends were many and her children and relatives will miss her empty place. But it seems as though our dear Savior keeps watch over us and knows how best to accommodate our many wants and needs.

Mrs. Chilcoate is preparing to leave Tuesday and join her son Reid in Chillicothe, where he is now managing a drug store there. We regret to lose this good family, but hope them much success in their new home and business.

DISSATISFIED CUSTOMER?

J. F. Edmonds, local RCA and Crosley radio dealer, thought he had sold a Screen Grid Battery Set to a family living several miles west of Proctor. Consequently he was very much surprised when the set was brought back a few days later with the request that the purchaser's money be refunded. A few questions disclosed the fact that neighbors from miles around had crowded into their house to hear and see the new kind of radio. The unexpected visitors completely filled the dwelling, tracking mud all over the floor, and in many instances stayed all night. The next morning a fresh crowd came, bringing in more mud, sitting all over the beds and other furniture—again refusing to leave at nightfall. After a second day and night of this the farmer's wife insisted that the set be returned, as they had to have some rest and privacy.

Mr. Edmonds assured the customer that he would quickly put an end to this nuisance by selling many more of the new sets to the enthusiastic neighbors who had suddenly become so troublesome. The customer left mollified, but it is up to Edmonds to make good.—Dublin Progress.

The reporter wrote it "bell" but the compositor grabbed it as usual and when printed it read: "The bride and groom received congratulations standing in the shadow of a large wedding bill."

ONE THIMBLEFUL - A DAY'S FEED FOR ONE CHICK!

THINK OF IT! One tiny thimbleful . . . all the feed a chick can put in its little crop in one day. On this tiny bit it must live . . . grow . . . build bones . . . build muscles . . . start feathers. Think of the job feed has to do!

They must depend on feed for so many things! They get them all in Purina Chick Startena (mash) or Purina All-Mash Startena Chow . . . 12 different ingredients in every thimbleful. Cod-liver oil . . . dried buttermilk . . . alfalfa flour . . . granulated meat . . . these and eight others are there!

These 12 ingredients . . . think how carefully they must be mixed to make every thimbleful alike. Purina Startena and All-Mash Startena Chow are mixed over and over again . . . 960 times just to be thorough! HEDLEY 1919 JUNIOR STUDY CLUB

The outstanding social event of the year in Hedley society was that of the 1919 Junior Study Club in an all day meeting at the Mace home January 29th. Mrs. Elsie Loman acting as hostess and Miss Mary Harris leading.

The rooms were beautifully decorated with crepe employing the sabb colors while the tables were decorated with sweet peas—the Chub flower selection embodying the colors of orchid and pink.

A delicious luncheon was served by the hostess at the noon hour in cafeteria style to the strains of choice musical selections.

Place cards were used at the tables which occupied the time of the members and furnished amusement until four o'clock when a business session was held. The most interesting part of the program was that of three member groups giving "stunt" plays which proved to be both novel and most interesting.

Roll call—Original Rhyme.
Group 1—Glady's Ewen, Dannie Battle, Otey Watkins, Opal Adamson, Melba Johnson. This stunt was sermon given in full by using the A. B. C. as everything that was said.

Group 2—Mary Harris, Lola Dishman, Elsie Loman, Dannie Battle, Lorene Blankenship, Cleotear Moreman, Jewell McCaskill. These girls were a pretty good Ford, but had lots of flats and engine trouble.

Group 3—Katy Mae Moreman, Gladys Simpson, Vera Hickey, Loh Dishman, Allie Mae Caldwell. A wedding took place, with a ring ceremonial and just as the pastor had announced them as man and wife, there was a great knocking at the front door and the wash woman, Mildred Loman had brought a large basket of laundry to the bride Mrs. Elsie Loman, and upon opening of the basket, there were lots of lovely gifts for the new bride. The meeting came to a close with a vote of the ending of a perfect day, and all glad and thankful to be present.

OLD TIMES ARE PASSING AWAY

Which is best, the old or the new? The day of independence of the farmer is about over. The good old days when we were master of our farms and all we possessed, are no more. Now self-appointed guardians and overseers are trying to dictate to us just the kind of seed and the kind of produce we are to raise. That we must terrace our land, build stiles, and if we fail, we are threatened that we will have no market.

A fight now is on chain stores. The M. M. M. threatens to drive them out so the local merchants can get all the trade at prices made by them, thus depriving us of any competitive markets on merchandise which in my opinion would place us at the mercy of local Boards of Trade and Chambers of Commerce.

Well the M. M. M. has bumped up against a real job for the people will continue to buy where they can buy the cheapest.

They tell us our money goes to Wall street. Well, where does our money go if we confine our trade to the local stores. Don't they have to buy their stocks of merchandise from wholesale houses in St. Louis, Chicago and New York? They send our money away—we never see it again.

I predict that the M. M. M., after it enriches a few men who

Frank Kendall Of Hedley Enters Judge's Race

Frank Kendall, for many years a citizen of Clarendon and for the past sixteen year a merchant of Hedley, authorizes his announcement for the office of County Judge in this issue.

Old timers of Clarendon recall the fact that Mr. Kendall was a printer back in the saloon days when Rev. John R. Henson was printing the Agitator, and making his biggest fight on open saloons. In Frank Kendall he had a warm supporter both mentally and physically because Kendall set the type that put the matter up to the people.

Mr. Kendall has been Justice of the Peace for a number of years in his home town and has made lots of friends and a few enemies, as all peace officers do.

He has always put forth his best efforts in behalf of the churches and schools and believes now as he has in the past that they are the greatest asset to any community.

He has a son (J. N.) with the Santa Fe at Amarillo. Another son, Rex Kendall, is working his way through McMurray college at Abilene. Miss Frances Kendall, teaching her second term in the Alandreed schools is a daughter. Virginia, the youngest child of the family, is a junior in the high school of Hedley.

If elected to the office to which he aspires, Mr. Kendall promises to stand for the right regardless of what may come. He further asks that voters look up his past record as a citizen of Donley county covering a period of 36 years as he is making the race on a basis of past conduct rather than promises.

F. B. Thomas Announces For Public Weigher

The Leader is authorized to carry the announcement of Mr. F. B. Thomas as a candidate for the nomination of Public Weigher of this precinct, No. 2 of Donley county.

Mr. Thomas served the county as Commissioner for four years from the 4th Precinct, has been a resident of this county 16 years, 14 of them as a farmer and two years as operator of the feed mill in Clarendon now owned by A. W. Simpson.

He asks your support based on his past record in office and as private citizen and believes that his past experiences eminently qualifies him for the office to which he now aspires.

J. L. Storey of the Storey Art Studio returned here Friday after spending a week in Wichita Falls, his former home and where he conducted a studio for a number of years.

Mr. Storey is authority for the statement that Wichita is a very dead town and is of the opinion that if some of those who think Clarendon dead could spend some time down there, they would be much better satisfied here.

Mr. and Mrs. Frank Simmons and Mr. and Mrs. James Patman attended the funeral of the grandmother, Mrs. T. B. Simmons, at Hedley Monday.

started it, will cease to function. That it will go just like the K. K. K. and many other organizations. I remember that used to cut quite a figure in politics and business.

One thing sure, I aim to buy Sears-Roebuck, Montgomery Ward, or wherever my money will buy the most. I certainly have nothing against our home merchants but if they cannot meet the prices of the chain stores, I can not help it.

SENATOR BLACK ATTACKS CHAIN STORES

The dangers of great monopolies is being recognized over the nation and Hugo Black made a speech in the U. S. Senate on January 8, that is worthy of consideration. Here are some of the facts brought out and they are worthy of the serious consideration of the people of the country as well as the merchants. Here is an excerpt of his speech:

Mr. Black. Mr. President, I desire to take five minutes of the Senate's time to call attention to a matter which is of extreme importance at this juncture.

It is my understanding that the Attorney General of the United States has been requested to consent to a nullification of a decree rendered against the giant packers' association by consent in 1922. I desire to call the attention of the Senate to this matter in order that the individual members may, if they see fit, express themselves to the Attorney General in connection with this important matter.

The giant meat-packing industry of America has appeared in our Federal courts seeking action, the natural tendency of which would be a further concentrated and monopolistic control of the food supply of the Nation. They have asked the Attorney General of the United States to agree to an annulment of a consent decree which now stands as a barrier between the packers and such control.

These packers can not now open a general chain-grocery system, operate railroads and railroad terminals, nor operate newspapers in furtherance of their plan. If this decree is annulled, they will be at liberty to open chain stores of all kinds in every city, village, and hamlet in America for the sale of everything eaten and everything used; to operate railroads, railroad terminals and newspapers. If this court decree should be cancelled and set aside by governmental consent, a giant food trust would not only be permitted but encouraged to rear its stupendous and ominous form over North, South, East and West alike.

Such governmental action will tacitly invite a monopoly of such size and power that with one stroke of a pen in some large financial center of the Nation this trust could lift the price of bread and meat from Maine to California.

In the petition for annulment the packers predict that within a few years the entire food supply of the Nation will be dominated by four or five great corporate chain-store systems.

Already—The packers say—six companies have more than half the chain-grocery outlets. Smaller chains are being absorbed by larger groups.

The packers ask legal sanction to enter into the present wild scramble for concentrated control of the Nation's business, already menacing the peace, comfort and security of our people. The people must have food to live. Monopolistic control of this necessity of life must sooner or later bring hunger and despair, producing drastic action for relief.

This decree should stand. Monopoly should be discouraged, not encouraged and approved by governmental authorities. Chain groceries chain dry-goods stores, chain drug stores, chain clothing stores, here today and merged tomorrow—grow in size and power. Railroad mergers, giant power monopolies, bank mergers, steel mergers, all kinds of mergers, concentrated more and more power and wealth in the hands of a few. In the name of "efficiency," monopoly is the order of the day. The giant busi-

ness enterprises spread over our Nation, extend their tentacles into our schools, politics and business. We are rapidly becoming a Nation of a few business masters and many clerks and servants. The local business man and merchant is passing, and his community loses his contribution to local affairs as an independent thinker and executive. A few of these useful citizens, thus supplanted, become clerks of the great chain machines, at inadequate salaries, while many enter the growing ranks of the unemployed. A wild craze for efficiency in production, sale and distribution has swept over the land, increasing the number of unemployed, building up a caste system, dangerous to any government.

If this packers' decree is modified, the Sherman antitrust law is in reality dead. It will behoove the representatives of the people to find some other method of protecting the people from the rapacious greed of monopoly. If huge mergers and stupendous monopolies are to be granted the privilege of supplying the necessities of the people, it can not but lead to a nexted governmental supervision of business and general regulation and restriction of profits. Business profits must be controlled either by the method of enforcing competition or by strict governmental regulation of profits, which few desire. This would mean new bureaus, and would release swarms of Federal and State agents to hamper the ordinary processes of business. We are today at the crossroads, and the attorney General's action may send us definitely along a path of competition or strict business regulation of profits.—Huntsville, Ala. News.
