A Common Paper For Common People

Local Hatchery Boosts Poultry Idea Over Panhandle

Thousands Of Custom Hatched Eggs Are Brought From Many Sections

Thousands of eggs were brought to the local hatchery during the past week for custom hatching. I. W. Coles, who has one of the prettiest poultry farms in the Panhandle, brought down 6200 eggs in one batch. These eggs were from trapped hens of the best grade from the White Leghorn and Barred Rock varieties.

A Mr. Blackburn of near White Deer came over with 2000 eggs. Like the other folks, he finds it cheaper to have the local hatchery produce his chicks because they are strong and healthy and the percentage of egg loss is less.

Farmers from Conway, Claude, Goodnight, Alanreed and McLean have brought in several thousand eggs and will return for the chicks when hatched.

Frank White, Jr., owner of the Clarendon Hatcheries, stated this week that "he had five times as many orders now as he had this time last year." This is due to the fact that the patrons get a square deal and healthy chicks.

The big incubators are almost filled to their capacity of 104,000 eggs at this time and will be full before the end of the week. Entering the busy season, these profit making machines will no doubt be filled from this time forward until the end of the season.

Oriental Play At College Auditorium Friday Evening

Pupils Of Two Departments Unite Their Efforts To Make Play Success

"China Silk", an Opreta in two acts, will be presented at the College Auditorium, Friday night, March 7, at 7:45, directed by Altha Evers, Supervisor of Public School Music, and Lorena Stegall of the Art Department, with a cast of approximately seventy-five children from the Clarendon Public Schools. Admission of 35 and 50 cents will be charged and the proceeds will go to Music and Art Departments. The Music Department has added fifty new records to their library, twenty-five of which were in preparation for the Interscholastic Meet, and has also bought a forty-piece Rhythm Band which is being used at present in the Ward School. A team from the Art Department is entering the Picture Memory Contest for which a large number of new pictures have been secured.

At the Opreta Friday Night, the audience will be transported to China where they will be greeted by jolly Chinese maidens and will have an opportunity to see the Magical Silk Moths at work. The Cast of China Silk is:

Rosemary, An American Girl—La Verne McMurtry.
The Artist, Father of Rosemary—Willard Hudson.
The princess—La Verne Lott.
Wee Long—A. J. Smith.
Ow Ling—Mary Ella Barnard.
Ka Ki—Paul Greene.
Lu Li, Who "no can do much English"—Lee Christine Cousins.
In addition there will be a chorus of Lilies and Poppies; a Chorus of Silk Moths with Dorothy Jo Ryan, Dortha Watson, and Mary Travis Dyer as soloists; a Chorus of Chinese Maidens with Rosalyn Bass singing the solo part; and a Chorus of Chinese Scroll Bearers in which Arthur Chase takes the solo lead.
The Prologue will be given by Wilma Dee Smith.

Mrs. A. W. Seaver and sons Archer, Joe and Charles of Phoenix, Arizona are visiting in the home of the lady's parents, Mr. and Mrs. Ed Carlson.

Mr. and Mrs. Everett Clark and Miss Lottie Lane visited Mrs. Matthew Lane at Memphis Saturday night.

Hedley Commercial Club Backs Clean-Up Drive

At a meeting of the Commercial Club at Hedley Tuesday night of last week, the first effort towards civic improvement took definite form in backing up the clean-up program.

Prizes of five, three and two dollars will be paid for the three best cleaned blocks of the city, judges to be selected from out of town and a decision rendered Monday.

The membership was swelled to thirty-six when six new members were accepted at this semi-monthly meeting which was held in the Auditorium of the High school.

Lunch was served by the ladies of the 1919 Senior Study Club to the entire satisfaction of all the membership.

Minute Men Organized Here Monday of This Week

J. F. Riggs of Wichita Falls was here Monday perfecting an organization of the Minute Men of America which has as its object curtailment of the efforts of foreign owned chain stores.

More than twenty business men had signed up at last accounts. Thirty-four members were obtained at Memphis and forty-seven at Childress according to a statement of Mr. Riggs.

This movement has its headquarters at Shreveport, Louisiana, sponsored by the "Hello World" broadcasting radio station KWKH, of which W. K. Henderson is president.

Jimmy Allred, candidate for Attorney General of Texas, who has been making speeches in behalf of the Minute Men, will make an address to them at Childress next Wednesday on his way to Michigan to fill a series of speaking dates.

Baptist Association Will Meet At Hedley Tuesday

Baptist Associational workers of the Panhandle will hold a conference next Tuesday at the Baptist church in Hedley of which church Rev. Geo. Hutto is pastor.

A full day's program of intense interest to Baptists has been arranged and delegates from Memphis, Plaska, Lockney, Turkey, Estelline, Lelia Lake, Clarendon, and other towns will be present and take a part in the program.

Five Clubs Are Represented In Meet Here Saturday

Mrs. J. A. Thompson Delegate To District Federation Meet At Pampa

Mrs. J. A. Thompson of Lelia Lake, president of the county federation of clubs of Donley county, was elected to represent the Federation at the meeting of the District Meet at Pampa to be held April 23, 24 and 25th, at a meeting of the County Federation in the Club Room here Saturday afternoon. Mrs. L. L. Swan was elected alternate.

Upon roll call by Miss Harvey Thompson acting in the stead of the secretary, Mrs. L. L. Swan, the following clubs were found to have representation at this meeting: Pathfinder Club, Clarendon Home Demonstration Club, Mothers Club, McDowell Club, Lelia Lake Study Club.

A petition of the Lelia Lake H. D. Club for membership in the Federation accompanied by the required sponsors, Mrs. M. T. Crabtree of Clarendon H. D. Club and Miss Harvey Thompson representing the McDowell Club, was granted.

Mrs. M. E. Cottingham of Lelia Lake was selected delegate to all meetings of the Palo Duro Park Association by the actions of the members at this meeting.

Miss Harvey Thompson, as a member of a committee asking special ordinance on milk sale requirements in Clarendon, reported that the request had been refused by the City because of the fact that Clarendon cannot enforce large city regulations in a town of this size under present economic conditions.

Walter McAdams Died In Car Sunday On McLean Highway

Was Prominent Realty Man Well Known Over This Section of Panhandle

About five o'clock Sunday afternoon, the lifeless body of J. Walter McAdams, aged about 48 and single, was found in his car some four miles west of McLean, on the highway. Death is said to have been due to apoplexy.

The deceased was a barber here at one time being associated with Lloyd Blackwell's shop. At the time of his death, he was a member of the realty firm of Amesley, Stokley & McAdams of McLean and had a wide acquaintance over the Panhandle where he spent the last twenty-three years of his life.

It has been said of him that "he shook hands with more men, women and children than any other man in the Panhandle." Y. E. J. D. and E. D. McAdams of this city are cousins of the deceased man.

The body was brought here Monday and shipped to Hunt county, his old home, where it was buried today.

Marine Test Gets Backing For Greater Depth

At a meeting of leading business men of Clarendon held here Monday night of this week, it was definitely determined to see that the test north of town be completed if necessary to extend to a depth of 4500 feet.

The hole has reached a depth of near 4000 feet at present. The formation changes frequently but is confined to shale, granite wash and sandy lime. Experienced men take this to mean that something worth while is likely to be found if the hole is extended to a sufficient depth.

Mr. and Mrs. T. M. Pyle and sons Barnett and Horace of Sierra Blanca visited here in the home of his brother, City Marshall T. M. Pyle and family the past few days.

Hedley Clean-Up Days Will Be Observed Next Week

Next Monday and Tuesday have been selected as clean-up days for Donley county's enterprising little city. The city promises to furnish the hauling and the gathering invitation has been extended to people of all ages.

Mayor Kinsey will have all the help he needs, some already having begun parking trash at convenient places according to citizens visiting the county capitol Monday of this week.

Boy Scout Program Will Be Broadcast March 10th

A dinner party program with speakers of national reputation including President Hoover will be heard over the network of the two largest broadcast systems in America beginning here at 10 p. m., March the 10th featuring the Boy Scouts of America.

D. K. Davis, local Scoutmaster, plans to have a meeting of the Boy Scouts on that night together with as many others as may care to assemble for the special program.

The "party" will be held at Washington where the Boy Scout movement had its inception in February of 1910. This special program is being sponsored by representatives of the Federal Government and the U. S. Marine Band will furnish music for this twentieth anniversary dinner.

Hedley Store Is Moving to Ashtola This Week

The firm of Tims & Tidrow will close their Hedley store according to announcement received here Monday, and J. L. Tims will move the stock to Ashtola and combine it with that of his son there.

This arrangement means that Ashtola will have a large store carrying a general line of merchandise.

Community Rally Program At Ashtola Is Big Success

Pupils, Patrons And Visitors Combine To Make Day Long To Be Remembered

The school and community rally held at Ashtola Friday was largely attended with not a hitch in a well-arranged program from 10 in the forenoon until the close of the play "Mother Mine", as the last act that night.

Rev. W. M. Murrell spoke in the forenoon choosing as his subject "habit forming." In the course of his remarks, stories of his own boyhood days were related to add spice and interest. His appeal to all parents to give the teachers their hearty cooperation, concluded his remarks.

Mrs. John T. Sims, who has been signally honored by the Parent-Teacher movement on many occasions and probably more than any other woman of the Panhandle, and for whom the Clarendon Sims Parent-Teacher Association is named, was the second speaker on the program.

Mrs. Sims gave an interesting historical sketch of Parent-Teacher progress from its inception in this section of the state down to the present. Her suggestions as to how best to cooperate for beneficial results through this association were highly appreciated by the people of that enterprising community.

W. A. Poovey, for many years a resident of that section and numbered among the leaders in school work, gave a history of the trials and triumphs of the Ashtola school from the two by four school house to the time of the completion of the beautiful brick structure now serving them.

Following a real old-fashioned dinner where all the folks may eat all they want and feel at home, the pupils put on a playlet, piano solo and readings that clearly showed the results of correct training.

Superintendent H. T. Burton of the Clarendon schools next addressed the assembly outlining the needs, aims and objects of Clarendon's Junior College, acquainting a number with facts not hitherto known. During the course of his remarks, Mr. Burton stated that "the boys and girls of Donley county are as much entitled to a college education as any in the state."

W. E. Gattis of the Department of Education spoke on school classification and requirements for proper affiliation.

Homer Mulkey confined his remarks principally to the Clarendon band, eighteen members of which furnished music Friday evening just before the play was begun. The crowd was loud in its praise of the band boys, their director and Mr. Mulkey for having made it possible for band music to become a part of a fine program.

Tom C. Connally, president of the Clarendon Chamber of Commerce was the last speaker of the afternoon in which he emphasized the necessity of closer cooperation between the organization he represented, the County Agent, County Demonstrator and the folks of Donley county.

The play, "Mother Mine", put on by twelve of the pupils, proved to be all that was desired in a school play. This effort will lend encouragement and other plays will be attempted in the near future. The treasury is \$42.80 richer because of this play and the public was well pleased.

Second Assistant Added To Boykin's Office Force

The second dictator to assume a responsible position with the local Chamber of Commerce secretary bears the name of Benjamin Matthews Boykin and arrived Monday tipping the scales at seven and a half pounds.

This is the second son—no daughters—and Secretary and Mrs. Boykin are receiving the congratulations of their many friends over the fact that the Panhandle of Texas may not suffer for the need of first-class athletic material.

Weekly Luncheon Is Observed Friday By Rotary Club

Committees Are Named And Work Outlined For Term By President Jenkins

Rotarians of Clarendon held weekly luncheon at Caraway's cafe Friday noon, Dr. B. L. Jenkins, the president, presided and named his committees and outlined the work for their accomplishment.

Homer Mulkey, district president of the Lions, was present by special invitation and kindly offered a number of suggestions from personal experience that will be of much assistance to the new organization.

His suggestion that civic clubs of Clarendon unite in their efforts to be of greater service to the "boy movement" was timely and well received. Having taken a personal interest in boy development for a number of years, giving freely both of his time and means, no better advisor could have been found on this one important topic.

The problem of finding a suitable permanent place continues with a committee, and the meeting place for next Friday's luncheon will be announced later.

Yard Contests to Be Held Again This Season

At a meeting held last Friday afternoon by the Yard Beautiful Committee of the Chamber of Commerce it was decided to conduct another contest this year. Several new and original features will be included in the contest rules this year which members of the committee think will make the contest interesting to the entire residency of the city.

Two divisions will constitute the contest. One consisting of those winners in other years, and the other these who have never entered the contest before together with non-prize winning contestants of other years. Attractive prizes will be offered in both divisions, the contest entry date closing June 1st, and the yards will be judged August 25th. Members of this committee are Rev. R. S. McKee, Joe Goldston, and J. C. Estlack. More details of the contest will be announced at a later date.

Fiddling Contest Attracts Many Contestants

Fiddlers from all over the Panhandle have entered the old fiddlers contest which takes place at Amarillo tonight (Tuesday), Donley county being represented by J. E. Ware and W. E. Reeves.

Mr. Ware lives in the Goldston community and is a newcomer having at Amarillo before coming to Donley county. Mr. Reeves is an old fiddling standby of Lelia Lake.

Christian Church Employs Full Time Pastor

Rev. W. E. Ferrell, the new pastor of the First Christian church, arrived with his family from Salisbury, Maryland during the week and filled the pulpit at the church Sunday.

Rev. Ferrell is of a pleasing personality, a student of Dr. Tyndall, a bible student and forceful speaker. His membership is delighted with the new arrangement and much added interest is being shown in church work.

The family consists of Rev. and Mrs. Ferrell and little daughter "Mickey" and Miss Fields, who makes her home with them. They are occupying the parsonage on east third street, the building having recently been repainted and rooms papered that it might be in readiness for their coming.

C. R. Mitchell Seriously Ill At Home Here

C. R. Mitchell, proprietor of the Mitchell Barber and Beauty Shop of this city was taken suddenly ill Wednesday morning with a chill and has been in a serious condition since that time. He is reported to be suffering from diabetes.

A trained nurse is with him constantly and relatives were called to his bedside early in the week.

Bain Brothers Open Cafe Near Postoffice

One of the newest acquisitions to the Postoffice block is the O K Cafe opened the past week by Joe and Reagan Bain, experienced cafe men and well known to local people having resided here for a number of years.

New equipment has been installed and the place presents an air of cheerfulness conducive to a good appetite. The space occupied by the O K Cafe was formerly the location of the Mitchell barber shop in the Home Bakery building.

Messrs. Bain are well pleased with the patronage given the new firm and propose to give the public the best service possible serving all that is good to eat that may be had at any modern cafe.

Petit Jury List For Second Week District Court

No jury will be used the first week of the District Court which convenes here the 24th of this month though the Grand Jury will be in session during that time.

The petit jury for the second week is as follows: L. P. White, J. T. Sims, B. L. Jenkins, Jr., D. W. Tomlinson, R. T. Darnell, J. S. Dale, J. H. Keonegar, J. A. Pool, V. E. Allen, Frank Howlett, C. F. Weaver, W. H. Morrow, E. R. Andis, J. A. Lemmons, P. O. Naylor, R. F. Weidman, J. G. Blanks, S. G. Adamson, E. O. Hutton, J. W. Gatewood, Lester Schull, Dallas Milner, W. S. Bagby, M. M. Noble, H. H. Rape, C. H. Groom, W. Z. Borron, G. G. Henson, W. J. Green, A. T. Stephenson, W. M. Parker, L. H. Johnson, Will Chamberlain, T. D. Greenwood, W. W. Wiggins, J. T. Mace.

Local Men To Make Effort To Secure Radio Station

After operating on five watts for some time during the daylight period by grace of the radio laws, Messrs. Clarence Whitlock and Marvin Land were circulating petitions the past week which are to be presented to the Radio Commission asking for a license and an increase in wattage to a fifty watt station.

Citizens were glad to attach their signatures to the petitions and will assist these enterprising fellows in securing a station if at all possible.

Club Girls Are Recipients Of Gifts From C. Of C.

Chamber Of Commerce Will Distribute Fruit Trees, Grape and Berry Vines

Through the courtesy of the Clarendon Chamber of Commerce some twenty Donley county club girls this week will share in the distribution of gifts in the form of fruit trees of many varieties, grape and berry vines of the best grade obtainable and suitable to this climate produced by one of Texas' leading north Texas nurseries.

The experiment will cost the local organization better than forty-five dollars and will be watched with interest. The girls receiving plants will be asked to sign an agreement to deliver to the County Hospital fruit within the first two year period to the value of \$2.50, such fruit to be taken from the plants and trees of this distribution.

The requirement will be easily met so far as vines and plants are concerned, and if the trees do not produce within two years, due allowance will be made.

Miss Harvey Thompson, Donley county's H. D. agent, will instruct the girls how best to plant out the gifts at each of the club meetings. The girls will receive all the cooperation necessary to make a success of the venture.

Although a successful fruit growing district, Donley county has few orchards, vineyards or berry patches, and this effort is being made to encourage the younger generation to add to the assets of the county an item that is sadly lacking.

Legion Minstrel Show Tonight Assures Plenty Of Comedy

Thirty People Will Strut Their Stuff In A Grand Variety Entertainment

As the gent of dusky hue would say, "you'll miss it if you miss it." That's the big minstrel show that will be staged tonight at the College Auditorium under the auspices of Aubyn E. Clark Post of the American Legion.

Some thirty characters are mixed up in the big show in a wonderful representation of natural talent backed up by intensive training. Rehearsals have been frequent and workouts brought down to detail.

Aside from the minstrel crammed with comedy, there will be a number of specialty numbers including dancing by both men and women. Singing of old plantation numbers by Clarendon's best talent will prove especially pleasing. The comic makeup and dress will be a knockout. The special scenes will carry you back to old "Alabama" despite any thing you can do. The novel lighting affects is new to this section and well worth the price of admission.

This is no charity proposition. You get two dollars in value for every nickel you spend. Unless you are physically able to laugh long and loud, stay away from it. As a killer of blues and mulligrubs, it will have no equal. Honestly folks, no foolin', it will be a great show, something out of the ordinary and every one should see it.

The parents, Mr. and Mrs. Virgil Robinson, were returned here on a forgery charge after being traced to Los Angeles, California. Upon arriving at Los Angeles, the officers were confronted with a problem in that to return the parents here, four youngsters would be left to the mercy of the world.

Officers Meet With Former Texans On California Trip

Parents Returned Here On A Forgery Charge Bring Their Five Children

Deputies C. M. Peabody and Doss Palmer returning here Friday from Los Angeles with a family of seven in charge had added new experiences to their list as law enforcement officers seldom met with by the average officer.

The parents, Mr. and Mrs. Virgil Robinson, were returned here on a forgery charge after being traced to Los Angeles, California. Upon arriving at Los Angeles, the officers were confronted with a problem in that to return the parents here, four youngsters would be left to the mercy of the world.

The Welfare Ladies of the coast city got busy upon learning of the plight of the innocent youngsters, provided them with clothing and tickets that they might not be separated from their parents.

Donley county's officers were agreeably surprised to find a former Texas ranger serving Los Angeles as sheriff. Two deputies were at once delegated to show our officers a good time with a full program of sightseeing that kept them awake most of the twenty-four hours of each day.

Many ex-Texans were found as members of the Pacific coast law enforcement squad which included a U. S. Marshall, Texas having contributed more men to this profession on the coast than any other one state.

Mr. Peabody states that over three thousand prisoners were being held in the Los Angeles jail more than seven hundred of whom were women. When asked the reason for such conditions, Mr. Peabody said: "the people are out of jobs, hungry and desperate with financial conditions the worst I ever saw."

Mr. Palmer was pleased to meet up with his boxing idol in the person of Jack Dempsey, who was on the train on the return trip. It was some relief to look at a real man after looking over former movie stars at Hollywood who are doomed to pay no to two thousand a month alimony and out of job because the "talkie" doomed many a movie star jellybean.

MECHANICAL LOGIC

If every auto wreck made an impression on the head, there would be fewer accidents.

ANCIENT SCANDAL

In speaking in the interests of prohibition, Cyclone Davis used to say that the ants were willing for dogtown to have all the fleas they wanted so long as the fleas promised not to bite the pups.

FORD'S SCHOOL

Now comes the announcement that Henry Ford is to spend something like a hundred million to better school conditions. Perhaps he is going to attempt to train his local agents in the art of how to make money.

DOG SCANDAL

The latest national scandal came to light in Missouri last week when it became known that just common ordinary "pooch" hounds were being sold at trained hunting dog prices. Who ever saw a hound dog that was not a good 'possum dog?

HUMAN SCANDAL

The State Democratic Executive Committee is said to have announced that Hoovercrats may run for county office, but not for state office. The leaders of the so-called "Hoovercrats" claim that it is up to them to rescue the old Democratic party from peanut politicians since they are in the majority.

COMMUNITY BUILDING

The Ashtola community set a pace Friday that other communities will do well to follow. The home folks invited the folks from the neighboring communities to come in with them and enjoy an old-fashioned school holiday with a dandy good program, big lots of eats at noon, more program in the afternoon and a play that night.

The Clarendon band contributed their services. In fact it takes a lot of contributions of skill to put over a big thing just like Ashtola's community put over that big day's celebration. They are proud of their school and should be. They are proud of the citizenship of their community and there is a reason. They wanted other folks to come in and help them enjoy their good fortune, and they came.

because there is no better way to get acquainted with the public than by publishing a newspaper.

It has been and will continue to be the policy of this paper to play no favorites. We have done our best to treat each individual as we would want them to treat us under reversed circumstances.

This venture would have been a failure without the assistance of others. Many of our regular advertisers have been with us for the entire period. Others have patronized us liberally. These business men have made it possible for us to give you what many believe to be a weekly equal to any in the state from a standpoint of interesting reading matter—both ads and news. For that reason, we especially request the many friends of the Donley County Leader to patronize our supporters. Buy their goods, patronize their places of business and tell them you read their ads in this paper. We will do as much for you any time.

We deeply appreciate the corps of news gatherers. They have been more than loyal. In all of our newspaper experience, never have we met with more loyal, united support than in Donley county.

Many have subscribed for the paper and in some instances, have sent the paper to several others. More than a hundred subscriptions were given as Christmas presents. Every bit of encouragement means volumes to us. The telegrams, letters, phone calls and personal visits have made our work a pleasure. We in turn have tried to show our appreciation in many ways. Since the list of readers continues to grow, we feel that we have not wholly failed in our efforts to work with the good people of Donley and surrounding counties, and will continue to strive to give you the best paper possible as time goes on.

Mrs. J. D. McAdams entertained with a turkey dinner at her home in this city Sunday, the occasion being the natal day of Mr. McAdams and Mrs. G. A. Anderson. Others present included Mr. and Mrs. G. A. Anderson, Mrs. Mollie Gray, Mrs. Willie Goldston of Amarillo, Mrs. Gertrude Baker and daughter, little Bettie Blanche

Mr. and Mrs. W. H. Meador and daughter Miss Mary, of Amarillo, were guests of Mrs. L. S. Bagby and Mr. and Mrs. James Trent over the week end.

Donley County Leader \$2 a Year

Temple of Truth By the Apostle

Some wise bird has said that a girl shortens her life three minutes every time she kisses a man. Jack Jones says there is nothing to it because he knows a girl that has been dead twenty years if that theory be true.

Spring has come or is coming. That "pome" last week never got an "oncore" and this one may be worse. It is some consolation to know that the Apostle can write his own bum stuff without bothering the public to hand it in. Here is one that would make old man Longfellow have fits. It is a "parody" on his "Day Is Done."

The day is done and the darkness Comes softly stealing down; I turn away from the bright lights That gleam in the noisy town. Rain, through a white mist is falling,

Is hiding the flaming stars, But my poor eyes are blinking From the glare of the honking cars.

I have come home to hear you Read me a simple lay, While all the town is going To take in a picture play. The night shall be filled with rapture,

And all the cares I know Will beat it like the Arabs— Dang that infernal radio!

Now if you don't like that, here is one I swiped. Apologies are hereby offered Coach—I mean Superintendent—Burton. "I ask a simple question, This only truth I wish: Are all fisherman liars, Or do only liars fish?"

A hifalutin' woman writes that she has furniture that goes back to Louis Fourteenth. She anit got nothin' on my bunch because our bedstead goes back to Sears & Roebuck the fifteenth.

When a man owns one store, he stays on the job. When he owns several, he puts in all his time cussing Henderson.

"You say you were buried alive once?"

"That's what I said."

"You must have felt queer?"

"Oh, no, I was used to it."

"Used to it?"

"Yes, I was salesman for a year in a store that never advertised."

"Her eyes were black as jet, This charming girl I knew, I kissed her and her husband came, Now mine are jet black too."

"Do right and fear no man; write no letters and fear no woman."

We have all kinds of imitations, but they are stilling genuine water in artificial lakes.

A window card at the first home on the corner read: "Saxophone for sale." A card in the window of the next house read: "Hurrah!"

Speaking of patience and all that sort of thing, next to kicking his dog, a man resents a neighbor piling trash on his driveway more than any one thing.

Well the banks failed to observe the birthday of Henry W. Longfellow Thursday which indicates that they are in everything except a failing condition. When a bank skips a holiday, business is bound to be pretty good.

Speaking of American ingenuity, a lady residing near Tahoka who happens to have a bed ridden, paralyzed husband could see no reason why he should not continue to contribute to the family larder. She banked him with hen eggs and made an incubator out of him. Our own County Agent will please take notice.

During a spell of absent minded-

ness Sunday, Dave Johnson removed one of his shoes at church before he happened to think where he was. These east Texas folks never reach over the barefoot idea, some reaching the ripe old age of twenty before they wear shoes and even then sprinkle gravel in them before they can enjoy any satisfaction.

A. N. Wood claims to have known Jack county stone bruises to attain a size equal to a full grown homespun pancake. Lee Morrison, W. P. Cagle, J. M. Acord and other Jack countyites verified the statement.

Plant your peas, beans and other stuff producing above ground while the moon is full this year and note the difference. Plant the

stuff producing under the ground in the dark of the moon and see how much better they grow.

Cowmen all branded in the increase of the moon so that the brand would grow with the brute. Otherwise the brand would be too small when the animal reached maturity. Meat killed in the dark of the moon shrinks when fried. It also expands when killed in the increase of the moon. This especially applies to bacon.

VEGETABLE PLANTS

Will be at Lowe's Grocery on Saturday, March 8th, with plenty of Crystal Wax Bermuda onions and all winter frost proof Cabbage plants.

T. Jones & Company 52c

Donley County Leader \$2 a Year

GRINDING

Yes sir, we are grinding feed stuff every day making a sack feed out of bundle stuff and ear corn for the farmer folks who want to save on their feed bill during the present high prices.

You will be surprised how much farther you feed will go when the stock eat ALL of it, and besides you can feed it in a box and stop the waste of throwing it on the ground. The cost is a mere trifle and we grind it while you wait.

POWER

Age-Old Demand

For centuries the towns which attracted industry—and pay-rolls—were those located where there was water power or fuel, or where fuel was easily accessible. Only by so locating could power be obtained.

Now the electric transmission line moves the power over miles of countryside. It seeks out the small town and brings it a dependable power supply comparable in quality and cost to the power supply of the big city.

Where there is power, instantly available in any quantity, there follows industry and prosperity.

The West Texas Utilities Company, with its three major generating stations, 22 auxiliary plants and interconnected system of transmission lines, has available at all times more than 100,000 horsepower of electricity.

LELIA LAKE

Mr. and Mrs. D. E. Leathers entertained with a forty-two party in their home Friday night. Delicious refreshments was served to Messrs. and Meses. E. L. Lewis, Guy Taylor, Earl Myers, Roy Darnell, Elba Ballew, Carroll Lewes, B. J. Leathers, Loyd Shelton, R. H. King and daughter Wilma.

Mrs. Milo Dodson and little daughter Robbie Carolyn and Miss Ruth Greenwood of Memphis visited friends and relatives here Thursday.

Misses Moody Kennedy and Rena Aten visited friends in Amarillo Wednesday.

Mr. and Mrs. Paul E. Stringer of Hartley visited in the home of Mrs. Stringer's father, Mr. A. E. Loman several days last week.

Mr. and Mrs. John Gerner and Margaret and Laura May visited in the home of Mr. and Mrs. Howard Watson in Claude Sunday.

PLEASANT VALLEY

The Demonstration of the Farm All by the John Deer people was attended by an interested group of farmers Monday.

This is the third demonstration of the kind in our community, and several of our farmers are thinking of farming with a Farmall this year. It is the writers opinion that there will be no teams on the farm, they will be a thing of the past like the oxen's and the walking plows. This is a progressive age and so are our farmers.

Mr. and Mrs. J. T. Wilson of Clarendon and Mrs. Fanny DeGraffenreid of Chicago, who is visiting her sister, Mrs. J. T. Wilson called on Mrs. John Goldston Wednesday afternoon.

tone (Argotane). This time it is J. R. Terry, who resides at 1020 Band Street, that city.

"My wife actually improved so much since she started taking Orgatone (Argotane) that it is almost unbelievable," said Mr. Terry in an interview and has been benefitted so much in every way that I am glad to make this statement which I hope will be the cause of others who may be suffering as she did getting relief.

"She had been in such a run down condition for the past fifteen years that she felt like she should have been in bed most of the time. She was subject to frequent attacks of dizziness and sick headaches. She also suffered intense pain from the gas on her stomach and she was habitually constipated. She had a tired aching feeling, all the time which left her so weak she could hardly stand up.

"She had been wonderfully benefitted by Orgatone (Argotane) in fact, I consider it remarkable the way she has been built up, for she is almost like a different person. She has been relieved entirely of stomach trouble headaches, and that aky feeling. I am delighted more than I can be with what Orgatone has done for us and we would not be without it, not for anything. It is by far the best medicine she has ever taken."

may be bought in Clarendon at the Stocking's Drug Store.

Mr. and Mrs. J. T. Bullock had as their guests the past week, Mr. and Mrs. N. M. Kite and Mr. and Mrs. Frank Rudge of Pampa.

"WE MUST SAVE"
Said the Pharoah

WISE and wily were the old Egyptians. When the harvest was plentiful they stored way a vast reserve stock of corn to guard against the famine in leaner times. The lesson is good today. Store away your dollars in a Savings Account against the possibility of days of need.

Farmers State Bank

CAPITAL punishment for Arson in Athens

The law in early Athens made arson punishable by death. In America today, arson is severely dealt with by long prison terms. There is no escape from the long arm of the law. National cooperation of police, prosecuting officials and insurance companies, results in many convictions.

Arson may be caused by a crank seeking revenge, a pyromaniac, or a criminal.

Every effort will be made to prevent dishonest losses. In the meantime sound stock fire insurance is your only security against property loss.

All debts due to the said partnership are to be paid, and those due from the same discharged at the Cantelou Building, lot No. 12, Block No. 2, Clarendon, Texas. The business will be continued by the said Homer McElvany under the firm name, to-wit: McElvany Tire Co.

Wherefore witness our hands at Clarendon, Texas, this the 3rd day of January, 1930.

Vester Smith.
Porter Smith
Homer McElvany.

Grape Experiment Farm At Canyon

A portion of the West Texas Teachers College farm on the old T-Anchor ranch land is to be devoted to experimental grape culture according to the County Agent of Randall county.

The U. S. Experiment Station at Woodward, Oklahoma has contributed forty varieties for the test. Since grapes of several wild varieties are growing in Palo Duro Canyon, it is believed that the soil and climate at Canyon is especially suited to grape culture.

No large vineyards have been planted in that section, but a few vines of satisfactory production are to be found at many farm homes.

Mr. and Mrs. Everett Clark of Groom were guests of Mr. and Mrs. McHenry Lane over the week end.

Mr. W. B. Holtzclaw and sons Carroll, Frank and Truitt and Georgie Wayne Estlack visited in Amarillo over the week end.

Miss Bessie Lee Clayton spent the week end at Brice visiting friends.

Mrs. W. A. Bailey and children Darrell and Doris and mother Mrs. Jones spent Saturday in Clarendon with Mrs. Lot Kimbell.

Seventy-Two Years Growing Fruit In West Texas

Seventy-two years is a long time but the Ramsey family back of the Ramsey nursery of Austin, Texas began growing fruit in Burnett county in 1858. The nursery is now being managed by three generations, the original founder having passed to his reward in 1895.

It was the writers pleasure to visit the famous Hoover orchard in Andrews county north of Midland in 1918. This is the 60 acre orchard where F. T. Ramsey staked the reputation of the nursery against 160 acres of adjoining land that they could select trees that would grow and produce good fruit.

There was no mistake in the judgment of the selection of trees best suited to arid climate. The orchard grew, and in due time came into bearing and is the best known orchard in that section.

The Ramsey nursery is the only institution of that nature within our knowledge willing to exchange trees for land, and those wishing to plant out commercial orchards will do well to write them. They also have a grade of different varieties of paper shell pecans at a fair price that will prove to be money makers on our subirrigated land. Whether you want a large or small orchard, it will pay you to get their catalog. The writer has purchased stock from them in years past and found their stock true to name and most successful.

Rev. B. N. Shepherd and Mr. W. Z. Borron left Monday morning for Dallas and Fort Worth. They will attend a meeting in Dallas of the State Budget Committee with Secretary White and also the State Board Meeting. They will come home by way of Fort Worth for the Annual Evangelistic Conference at the Southwestern Baptist Seminary.

Mrs. B. L. Palmer returned home Sunday after a pleasant visit with relatives at Mamlin and Lubbock.

Mr. and Mrs. Burson went to Amarillo Tuesday to attend the convention.

Clarendon Residents Return Home From California

After spending little more than a month in Los Angeles and Long Beach and nearby places, Mr. and Mrs. D. W. Clampitt returned home Sunday, both having received health benefits from the trip.

Mr. Clampitt reports conditions as being extremely bad on the coast. Oil production has been cut from 1,095,361 to 61,100 barrels throwing thousands out of employment. Other industries have been closed or cut down to where both men and women by the thousands are looking for jobs.

They visited with former Clarendon residents and with a sister of Mrs. Clampitt, J. C. Guest is a realtor in Angeles. Mr. Barnett is oprating a cigar store.

After listening to all kinds of real estate agents of both sexes, Mr. Clampitt claims to have found the champion liar of the world. One agent, after pricing land at a prosperous figure gently reminded our Clarendonite that he had better grab the bargain at once lest the rising generation of California snap up the bargain, there being four hundred and twenty-eight thousand tons of babies born in Angeles daily.

If he were to believe this statement, Mr. Clampitt is of the opinion that it is but a matter of a short time until tourists will find homes scarce and high in the land of freaks.

Mr. and Mrs. W. E. Colley and daughter Nancy Bell of Amarillo visited Sunday with Dr. and Mrs. Sherman.

Born to Mr. and Mrs. Alfred Lankford, March 3 a girl.

Miss Bonnie Nell Gordan of Pampa visited in the home of Mr. and Mrs. Durwood Skelton last week end.

Mrs. Matt Bennett, who has spent some weeks visiting at Whitesboro and Quanah, returned home Monday.

Mr. and Mrs. Milton Price of Wichita Falls spent the week end here with his parents, Mr. and Mrs. E. Price.

MRS. L. S. BAGBY ENTERTAINS

Mrs. L. S. Bagby entertained with a dinner party Friday evening honoring her guest, Mrs. W. H. Meador of Amarillo. A beautiful color scheme of yellow and green was carried out in the table decorations, where a delicious three course dinner was served. In the bridge games, Mrs. Meador received the guest prize, Mrs. Chas. Trent was awarded the high score prize and Mrs. James Trent low. Guests of the evening were: Mmes. W. H. Meador, James Trent, A. R. Letts, W. H. Patrick, R. L. Bigger, W. H. Cooke, J. T. Sims, Chas. Trent.

B. Y. P. U. SOCIAL

The B. Y. P. U.'s celebrated their quarterly social Friday night February 28th, at the Baptist Church. From 7:30 till 9:30 Hilarity reigned supreme. The members of each B. Y. P. U. met in their regular rooms for an hour and a half of fun. It was difficult to tell who had the most fun; the Juniors with their animal party; the Intermediates, their heads adorned with gay paper caps, with games in keeping; the Seniors, as they were initiated into the organization of the Knights of the Whistle and other interesting things; or the adults with an hilarious "District School." At 9:00 o'clock, the group of about seventy assembled in the parlors and enjoyed ice cream together. After which all left looking forward to the next one.

MRS. TRENT ENTERTAINS WITH BRIDGE PARTY

Mrs. Chas Trent entertained with a bridge party Saturday afternoon in honor of Mrs. W. H. Meador and daughter, Miss Mary Meador of Amarillo. Mrs. Meador and Miss Mary Meador received guest prizes. Mrs. L. S. Bagby received high score prize and Mrs. L. L. Swan received low.

A dainty two course refreshment was served to the honorees, Mrs. W. H. Meador and Miss Mary Meador. Mrs. T. M. Pyle, Mrs. James Trent, Mrs. A. R. Letts, Mrs. L. S. Bagby, Mrs. J. T. Sims, Mrs. W. H. Patrick, Mrs. L. L. Swan, Mrs. W. S. Bagby, Misses Mary Cooke, Anna Moores.

MISS MARY MEADOR IS HONORED

Miss Mary Cooke entertained with a two table bridge Friday evening honoring Miss Mary Meador of Amarillo. In the games Miss Meador received guest prize, Mrs. Chas. Trent the prize for ladies and Mr. Ira Merchant the prize for gentlemen. A three course refreshment was served at midnight to: Miss Mary Meador, the honoree, Mr. and Mrs. Chas. Trent, Mr. and Mrs. Ira Merchant and Miss Kathryn Cole and the hostess, Miss Mary Cooke.

MRS. JEFFRIES HOSTESS TO BRIDGE CLUB

Mrs. Allen Jeffries was hostess to the Saturday Night Bridge Club at her home Saturday night. The guest rooms were beautifully decorated with cut flowers. In the games, Dr. M. H. Rhoads received high prize for gentlemen, Mrs. Rhoads high prize for ladies. Preceding the games, a delicious two course dinner was served to: Mr. and Mrs. Jim McMurtry, Mr. and Mrs. Fred E. Chamberlain, Dr. and Mrs. M. H. Rhoads, Mr. and Mrs. Louie Merrell, Mr. and Mrs. W. C. McDonald, Dr. and Mrs. T. H. Ellis.

SENIOR B. Y. P. U. PROGRAM

March 9, 1930
Subject: The Popularity of the Bible.
Introduction—Mildred Sparks.
Conquest over its Charge—Marjorie McKillop.
More Popular than other Sacred Books—Marie Cauthen.
Bible Supreme in Popularity—Ruth Dunn.
Increasing Popularity of the Bible—Dean Borrer.
Other Evidences of Popularity—J. D. Holtzclaw.
Basis of Bibles Popularity—Fern Cauthen.

CONTRACT BRIDGE CLUB

Mrs. Earl Alexander entertained the Contract Bridge Club with a two table bridge party Thursday afternoon. Miss Mary Cooke received high score prize. A dainty salad course was served to Mmes. T. H. Ellis, W. H. Cooke, Chas. Trent, Chas. M. Bell and Misses Mary Cooke, Beulah Baird, Anna Moores and the hostess, Mrs. Earl Alexander.

PALO DURO LITERARY SOCIETY

The Palo Duro Literary Society met Wednesday evening with an interesting program. Maurine Vinson contributed a piano solo, Bill Wilder displayed his skill as a clarinet artist. Ethel Crane gave a synopsis of current news events. W. D. Bryson enlivened the assembly with humorous jokes. The entire Society would still like to know what William Green enjoyed most in the banquet, and what constituted the short story Helen Riley would't tell. The Society adjourned to meet Wednesday evening, March 5th at seven o'clock.

METHODIST MISSIONARY SOCIETY

The Womans Missionary Society of the Methodist church will meet in the ladies' parlor of the church Mrs. J. G. Sherman as lead. The lesson will be taken from the Book of Acts.

1930 BRIDGE CLUB

Mrs. Bill Leverett entertained the 1930 Bridge Club Friday afternoon. In the games, Mrs. R. E. Paxson received high score for guests and Miss Thelma Youngblood received low. Mrs. Haile received high score of members and Mrs. Henry Tatum low. Lovely refreshments were served to the following members: Mmes. Henry Tatum, Meade Haile, Durwood Skelton, Frank Simmons, Dewey Heath, Bill Leverett, and the guests, Mmes. R. E. Paxson, Don Martin, Jim Redfern, Misses Jane Killough, Edna Montgomery, Lois Alexander and Thelma Youngblood.

Mr. and Mrs. Henry Tice of Wellington visited Mr. and Mrs. A. H. Baker Sunday.

Mr. and Mrs. Owen Butler of Amarillo visited her parents, Mr. and Mrs. S. E. Arnold of this city Sunday.

MASTER BILLIE EARL HAS PARTY

On Wednesday afternoon at 3:30, little Billie Earl Lynn celebrated his 5th birthday at the home of his grandparents, Mr. and Mrs. S. A. Pierce, at which time many beautiful gifts were received from his little friends.

Various games and contests were played throughout the evening. At a late hour the children were called into the dining room where the large white cake with five wee pink candles occupied the center of the table, and from which the guests were served with delicious ice cream.

Those present were: Gene Smith, Mabel Johnson, L. D. Lummis, Leonard Wilson, Roy and Raymond Harp, Edna and Billie Thomas, Muri Crabtree, Geneva and Genella Eldridge, Rosie Green, Jobs Pat Pierce and Florence Houndsshell.

George Wayne Estlack spent the week end in Amarillo a guest of Johnnie Russell Beville.

VEGETABLE PLANTS

Will be at Lowe's Grocery on Saturday, March the 8th, with plenty of Crystal Wax Bermuda onions and all winter frost proof Cabbage plants.

FEDERAL TIRES

"Spring Inducement Offer"

To you tourist and people who are planning vacation trips, and who's Tires are getting a little weak. I am offering for 7 days only the following prices on Federal Tires

Sale Beginning March 1st and Closing March 8th

The lowest-priced GAS REFRIGERATOR ever produced

\$225.00 Installed

FOR the first time in history an Electrolux Gas Refrigerator is yours at this astounding low price.

Just think of having all the clean sparkling ice cubes you want, delicious frozen desserts and perfect food preservation, for only an initial cost of 195 dollars.

Of course you've heard about this most modern refrigerator that freezes without the slightest noise, that has no moving parts, no machinery to ever wear out, that lasts indefinitely.

A tiny gas flame and a mere trickle of water do all the work. They circulate the refrigerant that makes the cold. The refrigerator is hermetically sealed forever in a rigid one-piece steel unit. It never needs renewal. Even the gas flame is safeguarded by an automatic shut-off. Should the flame, by any chance, go out, the gas shuts off and stays off until you light it again.

There is no starting and stopping with an Electrolux. The cold is constant and varies scarcely at all from the ideal point. The simple operation of this refrigerator goes on endlessly and without attention.

Lowest operating cost

Most important, when you buy this Electrolux you not only have perfect refrigeration, but you save money on your ice bill as long as you have it. This model costs less to operate than

any other automatic refrigerator, and much less than ice. A few pennies a day, that's all. Come in and see this marvel on display. Purchase terms are extremely liberal.

The Brooklyne Model Electrolux—built to conserve floor space—shelf area 4 1/2 sq. ft. A tiny gas flame takes the place of all moving parts.

QUICK FACTS!

1. Permanently noiseless.
2. Absolutely safe.
3. Only a few cents a day to operate.
4. Lasts indefinitely.
5. No mechanism to wear, to vibrate, to need oil.
6. Free from trouble.
7. Perpetual, steady cold.
8. Plenty of pure ice cubes.
9. Tested and endorsed by national authorities.

ELECTROLUX THE Gas REFRIGERATOR

A very liberal allowance made on your used Refrigerator

Club Notes

J 4 Gardens

Forty-eight club girls have planted their tomato seed and 15 of these girls have planted as many as 2 other vegetables in their hot beds. 73 club girls in Donley are doing gardening this year.

The garden demonstrations have been given to 8 girl's clubs during February. The agent was lucky enough to have enough tomato seed left from last year's garden contest among the women's clubs to give each first year club girls a small package. To get the seed the girls had to pledge to prepare a box, tub or other proper container of rich dirt and protect it from freezes and plant the seed the same week they were distributed. 48 girls did this and 15 of them planted other things too.

The size of the garden plot and the number of varieties of vegetables to be planted during each year of the club work, then the cultured methods needed in growing these vegetables were thoroughly discussed and explained.

In clubs where the most of the girls were 3rd year girls the garden work was undertaken from the standpoint of economy and nutrition. So club girls are also interested in Home Orchard plots and the March demonstrations will take care of orchard work among club girls.

The Health habits part of the girls individual score card would be impossible if it were not that girls can grow vegetables to supply the adequate diet.

A 4 Gardens and Orchards

The 10 4-H Pantry Demonstrators in Donley county are also garden and orchard Demonstrators, 239 women were present and took part in the garden and orchard Demonstrations during February. 14 Demonstrations have been given in which pruning of grape vines, starting grapes from cuttings.

The ten 4-H Pantry Demonstrators in Donley county are also garden and orchard Demonstrators.

27 women have put out grape cuttings as a direct result of attending garden and orchard demonstrations. The C. H. D. A. pruned grape vines at 6 meetings and also gave instructions about starting grapes from cuttings. Many of the women present had ill kept grape vines on their places, and altho they did not take cuttings from the vines pruned at the meeting they said they intended to go home and prune and train their vines correctly; and to put out cuttings in some cases, to replace old vines (which have never been what they should be, because of the way they had to grow) after this year.

The varieties of fruit recommended by Mr. Roseborough, for the Panhandle district were given at each club meeting. Mr. J. A. Thompson and Mrs. Frank Elmore ordered new nursery stock for their home orchards after this demonstration.

The starting of tomatoes, lettuce cabbage, pepper, egg plant, celery etc. in hot beds and then how to protect each plant by putting a

can with both ends out, down around it, instead of using the East Texas cold frame was enthusiastically received by all the 239 women who took part in the garden and orchard meetings for February.

Carrot and Asparagus beds for every garden in Donley county has begun to seem possible since starting the campaign in the Home Demonstration Clubs. These vegetables grow easily here and because they may be had fresh from the garden almost the year round the women are being urged to grow them as a means of having adequate diet economically without too great a canning burden to bare each year. Those women who grew asparagus and carrots in the garden contest last year are helping pass the word around that these vegetables are easily grown besides being nutritious, attractive and delicious when served.

The tile irrigation system was a part of the garden and orchard work given and women over the county who have gyp water say that they believe it will solve their irrigation difficulties. Some of them plan to use cypress both for building the tile, others have old pipes and scrap material to use instead. 200 copies of Spraying Programs for home orchards have been distributed at these meetings and women have exchanged ideas on ways of preventing or controlling garden insects.

A copy or two of F. B. 1001 "Growing Fruit for Home Use" has been left with each club Secretary for use of the members.

A and J 2 H. D. Council

The Womens Home Demonstration Council met at the county Club Room in Clarendon February 22nd with 23 present and 8 clubs represented.

The clubs payed for their Year Books and authorized the council secretary to pay the printer for them.

Five clubs asked for a reconsideration of a question which had been voted upon when the bare quorum of 5 clubs were represented. Their action to make the council responsible for sponsoring the winners of all the contests to Short course this summer was reconsidered by a vote of the majority of the clubs after discussion. It was then moved that each club sponsor the winners which might fall in her membership to Short Course next summer. The motion was seconded and carried by a vote of majority of the clubs of the county.

The consideration of the score card for the county Fair was tabled to give each club time to act individually before vote was taken in council.

The girls council which met 2nd Saturday in February at the C. H. D. A. office made further plans for their Rally and Team Demonstration Tryouts March 15th.

The Skirt Home Demonstration speaks for itself was worked up and presented by 20 members of the Hedley Home Demonstration club girls when more than 200 patrons of the school were present for a school rally Feb. 24th.

The last part of the program all

the girls who did not have special parts on the program marched in inearing club caps and aprons and sang a club song.

A 9 Food for the Convalescent

The Jericho - Boydston club wanted this program in Feb. so they have already learned when to use liquid diet menus for people who are ill. They have also learned to distinguish semi solids from solids and to know that this is a necessary intermediate step from liquids back to solid foods. The fact that some slight illness may be overcome almost entirely by a semi-solids diet was brought out. A comparison of the diet recommended for young children and that recommended for the convalescent revealed an interesting likeness.

Feeding the Family

Mary S. Rose was used as a reference for the Demonstration and a large wall chart giving the analysis of staple foods was used to show which foods contained elements for nourishment in such proportions that they were easily enough digested to be used in a convalescent's diet.

Different ways of preparing the tray to be attractive to the patient was demonstrated.

J 16 Clothing

Forty club girls have made club caps and aprons since the 1930 club year started. The demonstrations during February dealt largely with training the girls in button hole making and finishing the aprons neatly. Shoulder seams, the method of attaching the belt to the back and finishing the ends of the hems were special points in the work on aprons. Many caps had to be done over on account of poor busting and seaming and some placed button holes or emblems wrong. Six girls are working on night gowns, six slips are being made by the same number of 3rd year girls and 2 4th year girls are

Itinerant Preacher Travels Over Wide Section

Probably the Panhandle has never produced a more earnest, interesting character than is found in the person of Rev. C. B. Ingram, itinerant Methodist preacher who travels over Donley and adjoining counties preaching by the roadside, in cars, in homes and in the small school houses.

This minister reaches into the homes untouched by the influence of that of any minister of any denomination in many instances. For more than twenty years he has spent his life plodding along the highways of the Panhandle intensely interested in furthering the cause of christianity and doing personal deeds that redound to the credit of a follower of the lowly Nazarene.

It has fallen to his lot to visit the sick and distressed, bury the dead and contribute from his scant means to causes urgent and pathetic and his courage never fails neither is his faith shaken. More than forty conversions resulted from his efforts during the month of February. Many of these resulted from efforts expended in the field and on the roadside. His is a simple gospel simply told. His is a simple life spent in the interests of the common people—the salt of the earth.

Unable to drive a car because of age and failing eyesight, he has always chosen to drive a buggy. Making kimonos, one girl has already made a wool dress and others are working on wool and linen darns.

WHAT A DIFFERENCE 90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs aplenty in fall and winter when eggs are always worth good money.

Logical Reasons Why College Should Receive Support

Value of School Buildings Exceed Those of Towns of Larger Size

Clarendon has been a college town since 1898. The people of Clarendon and Donley County paid seventy eight per cent of the five hundred thousand dollars, (\$500,000) which went into the establishment of the Clarendon College plant. When the Northwest Texas Methodist Conference advertised this plant for sale, the Clarendon Independent School Board bought it for forty two thousand dollars, (\$42,000). If we did not already have this excellent school plant, and it paid for, we never could hope to build one like it because as J. R. Reid of the State Department of Education said, "It would take at least twenty million dollars (\$20,000,000) State and County valuation to build the buildings you already have and to maintain a faculty that you have now."

Since we already have all this, we can maintain it with our State and County valuation of something like two million dollars, (\$2,000,000). By voting a twenty cent tax on the one hundred dollars (\$100) which will bring in a revenue of four thousand to forty-five hundred dollars per year. This is sufficient to pay the tuition of about forty students and that is more than we have in the freshman class now from the Clarendon Independent School District. Is this because there are not forty students in Clarendon ready for the first year of College work? No, it is because there are a goodly number who cannot pay the one hundred dollars tuition.

What are the possibilities for Clarendon Junior College? If we vote this twenty cent tax, then the College will be on a sound financial foundation. Remember this tax is never to exceed twenty cents on the one hundred dollars state and county valuation. In other words, if all of this twenty cents is not needed for maintaining the school, then just that amount which is needed will be assessed. It is more than likely that it will all be needed the first few years. But let's suppose that the surrounding districts decide to come in on this proposition (and we believe they will) and we continue to expand until the whole county has taken advantage of this opportunity and even a part of the surrounding counties. At the same time, suppose all the farming land in Donley County and the larger farms are subdivided until the population of the county is doubled and Clarendon keeps pace with the population of the county, then it is quite possible and altogether probable that the entire twenty cents will not be needed to maintain it. But suppose it is all needed, will it not be worth it many times?

Clarendon is primarily a residence town, always has been and if some unforeseen good fortune does not happen, it always will be. We have no large factories, no machine shops, no large oil fields near by, nor is the town a railroad center. Hence our growth will likely be gradual but substantial. Clarendon has been known for over thirty years as a school town and it should continue to be a school town. Clarendon has a high class of citizenship due to the College and that is the class of people who are attracted to towns of this kind. That is the kind of citizenship we want and can rightly expect to come here. We are all aware of the fact, that when anyone is looking for a new location, the first question they ask is, "What kind of schools do you have?"

Think it over, Mr. Tax payer; this is your election because no one is qualified to vote who is not a qualified tax payer. This proposition is not a liability but an asset from more than one view point.

Those of you who were here when old Clarendon College was closed will remember that property valuations took a slump as a result of it. The same thing will be true again if Clarendon Junior College should close. Also remember that should it close the unique position under which we are operating now, namely, being exempt from the minimum requirements of five hundred high school students and ten million dollars of property valuation.

If we should lose these privileges we could never hope to qualify for a public Junior Col-

Death Penalty Is Given Hess Tyler By Jury At Memphis

Forty Hours Consumed In Deliberation Reaching Verdict Saturday

After deliberating from Thursday afternoon until Saturday morning, the jury trying Hess Tyler, charged with the fatal shooting of Bryan Nall, Eli storekeeper on the night of January 30th, returned a death verdict. Neither the defendant nor witnesses in his behalf went on the stand. The state is said to have used some twenty witnesses during the trial. Tyler was arrested near Big Spring several days after the shooting and is said to have made admissions to officers after arrest, but this testimony was not used at the trial.

Bryan Nall, though but twenty-two years of age, was in charge of the store cooperatively owned by a number of farmers in and near Eli of Hall county. Just as he was getting ready to close the store on the fatal night, a car drove up and Tyler asked to be allowed to warm by the fire according to statements made by Nall before his death.

After warming a few minutes, Nall was surprised when his visitor drew a gun on him and is said to have demanded the cash on hand. In the ensuing scuffle to get hold of the gun, Nall received a wound in the side. His attacker retreated to a waiting car and Nall fired two shots striking the car before it got beyond shooting distance.

Granville Ray, who is said to have accompanied Tyler to a party near Eli that night, and who remained in the waiting auto, turned state's evidence describing the shooting at the trial. The car was located next day and Ray taken in charge by officers. Ray's trial date has not been set so far as can be learned.

BOLTERS AND BOLTERS

If a bolter is to be denied a place on the Democratic party, how many of the faithful will be left? For example, there is Lieut. Gov. Barry Miller who is a candidate for Governor this year. It seems Mr. Miller bolted James S. Hogg and voted for George Clark away back yonder. And in 1922 he bolted Earle Mayfield and made speeches for George Peddy in the senatorial race.

Then there is Ex-Governor J. E. Ferguson who bolted the Democratic national ticket in 1924 and was himself a candidate for the presidency. William Jennings Bryan refused to support Alton Parker for the presidency and Woodrow Wilson refused to support Bryan. Some of the bitterest critics of those who bolted last year refused to vote for Earle Mayfield in 1922, while others bolted "Ma" Ferguson and voted for Dr. Butte. In fact, a voter who at some time has not acted independently and refused to vote for some party nominee, is a rather rare individual. There are comparatively few who have worn the party brass collar at all times.

The question therefore arises whether party disloyalty is only to apply in certain cases and not in others. The battle is raging around the candidacy of Col. Tom Love. No one questions Miller or Ferguson's right to have their names on the ticket. Why not let the Democratic party as a whole decide whether they want Love for governor and not leave it to a committee of something like thirty members? We don't believe Love could possibly receive the nomination, but if he is barred off the ticket and runs as an independent, and the Democrats nominee should be Mr. Ferguson, or Mr. Miller, or Mr. Mayfield, might not Love, with the help of the Republicans, be our next governor? And exactly this situation may confront us. It does there will be more bolting than a dog has fleas.—Marshall News.

lege again. It is, also an investment in the young life of this community, one that you cannot afford to turn down. You will always be proud that you had a part in making it possible for every boy and girl in this community to receive the benefits of two years' college work. Clarendon is proud of her young people and justly so. The writer has worked with the young student life of this town for the past eleven years and it is his opinion that there is not to be found anywhere a finer, cleaner, or more ambitious set of young folks. They deserve the best, let's give it to them."

Chairman Leggee Explains Financial Status Of Nation

Explanation Is Given As To How Problems May Work Out Under Board

In response to inquiries from representatives of the press, Chairman Leggee of the Federal Farm Board to-day issued the following statement:

"Some objection has developed in the grain trade against the action of the Farm Board in financing farm cooperation in the purchase of wheat and cotton in the present situation. These activities will continue in the interest of agriculture and business as an emergency measure in the present situation. I have no fear that the co-operators will not be able to eventually market these purchases satisfactorily.

"In connection with these objections I should like to make this statement as a conservative business man, addressed to the conservative business men of the country.

"The country as a whole was thrown into depression through the collapse of speculation on the New York Stock Exchange. The action of the President in securing of the business world absolutely prevented this collapse from developing into a panic and has enormously mitigated its effects upon employment and business, including agriculture.

"The cooperation of the great employers of the country in holding wages, and therefore the buying public, the action of the railways, the public utilities, the industries, the Federal Government, the states and municipalities in undertaking great programs of construction, are greatly mitigating unemployment and giving protection to the workman and stability to business. These agencies are performing a service of inestimable value which assures our tiding over to an unprecedented rapidity of recovery from what would otherwise have been a most serious crisis.

"The farmer also was the victim of this collapse. His products and his labor were jeopardized the same as the other workers through the currents started in considerable part from the same causes. His only direct support in this emergency is the Farm Board, through powers conferred upon it. The Board is endeavoring, through finance of the farmers' own organizations, to help to restore stability and expedite recovery from a crisis which the farmer did not create and for which he is not responsible.

"The measures taken are purely emergency measures in part with those taken by other business agencies of the country, and I am confident that the Board deserves and will receive the support of all

thinking business men in its endeavor to contribute its part toward the swift recovery of the country as a whole from this situation. The grain trade in particular is interested in the maintenance of stability and the Board earnestly hopes for their cooperation in the measures now being taken for restoration of the grain markets."

Born to Mr. and Mrs. J. W. Moffett, Feb. 23 a boy.
