WEANING TIME

Now comes the announcement that Governor Moody has designated a "milk week" extending from March 30th to April 6th.

NOTHING REQUIRED.

There is nothing required in establishing a fault-finding business. No character, reputation, brains, energy or effort is involved in the deal.

SCATTERED.

On Thursday five good men sat in the sanctum of this writer and howled about hard times and dry weather.

COVERING THINGS.

We often read phrases in our exchanges such as "our paper covers the county like the dew."

EXPANSION.

It is reported on good authority that the Memphis Democrat has grown to such dimensions that Robbins and Clark are utilizing newspaper plants at Wellington and Childress in addition to the Memphis plant in getting out the paper.

TAXATION.

The average fellow does not kick so much about his taxes if he knows how and where the money is spent.

CROP PROSPECTS.

Most all Donley county farmers had prepared their land for planting previous to the ground soaker that fell Friday and again that night.

After asking fourteen farmers Saturday as to their cotton acreage, eleven of them are to plant half of their crops in cotton and diversify on the remainder of the acreage.

FREE SPACE

Exchanges received this week giving away ad space and paying for the privilege to the great detriment of the cause of the country weekly.

These papers are easily outstanding weeklies of west Texas. The men behind them are men of intelligence and bear reputations of unquestioned honesty.

As a matter of fact your readers do NOT read the ads in the so-called comic or "goat hide" section as they do in your home print section.

CONDITIONS IMPROVING.

The financial outlook in Donley county is getting better every day. Those who make it their business to keep a close watch on matter of this nature, a month ago predicted that we might expect some improvement by fall.

Building homes, buying machinery, some farms changing hands, other property selling, money easy and the folks going right ahead refusing to let outside influences interfere with our business in the

best county in the Panhandle. Farmers are busy putting in one of the most diversified crops in the history of the county.

The season is perfect and the ground ready to plant. The sow, sow and hen is coming into her own. The women folks are planning their gardens so as to get busy with the pressure cooker and can up a lot of the best foods when the season rolls around.

The state is surveying a highway through the county and road building to begin soon will enable the folks to get to market quicker and better.

The man who bought a silk shirt costing twenty dollars a few years ago is now buying a sow or a flock of hens. The same boys who bought an expensive auto back in those days, is now buying a tractor with which to earn more on the farm.

Temple of Truth

The fellows who howled about dry weather a few days ago are now kicking about the mud.

Owing to the fact that the Apostle had to plant in the moon, Curry Powell planted in the ground and his peas are up while mine have just sprouted.

March inventory—Plenty of fresh air, one lion, one lamb, five paydays, five Sundays, five washdays, no holidays and the garden to plant.

While H. L. Brady, the Farmall man was in Dallas last week, it is said that he handed Cal Coolidge a chew of gum just to see if he would talk. Call refused to chew, but stuck it in his pocket.

Gosh but don't these long dresses make the women folks look old. That style won't last long. The latest fad is primrose and blue

bathing suits for men. Good Lord Maggie, hold our head while we vomit.

A dairy journal is authority for the statement that there are five hundred varieties of cheese. He is mistaken, there is 501. The H. D. club met out our way last fall and built a "cream" (?) (?) cheese.

The fellows opposing the school tax proposition are largely men who no longer have children to send to school. They forget that some fellow helped to school their kids in years gone by.

A cosmetic journal announces that a strawberry-cream complexion will be worn by the women this season. The change in flavor is some improvement.

In crossing the street here Saturday traffic was so thick that you had to C sharp or B flat.

Don't forget that it takes two to make a dress immodest—one to wear it and one to look at it.

Jesse Lowe, salesman for the Clarendon Motor Company, walked up to a man standing by a car Saturday and said, "where did you get that wreck?"

Robert S. Cope says that after watching some folks drive cars and get by with it, his faith in a wonderful providence is materially strengthened.

Next to gossip, the airplane is said to be the fastest traveling thing put out.

Mother: What's making that awful racket? Son: Grandma ain't use to her new teeth yet, and she's busting up all the saucers trying to drink her tea.

Lots of poor devils think they

are marrying American Beauties, but most of them turn out to be Snap Dragons.

Bobbie: Papa why doesn't the hair grow on your head?

U. J.: Well, you never see grass growing on the street do you?

Bobbie: No nothing can come through concrete.

The street in front of my home got too bad for the tractor man since the rain. He traveled it successfully every day last week but I knew he would meet his Waterloo if it rained—and it did.

OUR WEEKLY CHURCH CHAT

The Church is God's great life-saving institution here on earth. All Christians are co-workers with God in the business of saving souls. What America needs today is more Christian homes.

right way. "For the lambs will follow the sheep you know, Wherever the sheep may stray; If the sheep go wrong, it will not be long, Till the lambs are as wrong as they. And so with the sheep, we earnestly plead, For the sake of the lambs today: If the lambs are lost, what a terrible cost, Some sheep will have to pay." Next Sunday morning our subject will be "Religion in the Home." Religious instruction is not to be given by proxy, it is an imperative duty of parents to instruct their children in religious things. Every organization that is liv-

ing and vial stands for things that are fundamental. The officials of fraternal societies, lodges, etc. are ready to make definite statements about their organizations without any hesitation. Today the religious world is deploring the results of divisions in the ranks of professing Christians. Our message on, "The Things Which The Church of Jesus Christ Stands", Sunday evening, we hope to place in the hands of every Christian the facts and answers to some important questions of age. We are expecting two services Sunday, and we are depending upon you to be present. W. E. Ferrell, Minister, Christian Church, Clarendon, Texas.

GRINDING

Yes sir, we are grinding feed stuff every day making a sack feed out of bundle stuff and ear corn for the farmer folks who want to save on their feed bill during the present high prices.

You will be surprised how much farther you feed will go when the stock eat ALL of it, and besides you can feed it in a box and stop the waste of throwing it on the ground. The cost is a mere trifle and we grind it while you wait.

Electrical Servants for Your Home

"The application of Electricity to household appliances has done more to raise the standard of home-life than any other single factor," is the opinion of a well known home economics authority.

Just contrast the difference between the Modern, Electrically-equipped home of today, and homes of similar means a few years ago.

No longer does the housewife grow old before her time... no longer does she slave and toil about her kitchen and household tasks... no longer is she shut off from the rest of the world because of lack of time to enjoy and appreciate the better things of life.

Does your home reflect the spirit of this New Day? Are you receiving all the economical benefits possible through the intelligent application of electricity to your home?

One of our Household Engineers will be glad to show you how cheaply you can secure the enormous advantages of "Complete Electrical Service."

new proposed hike in taxes. If we will do this by voting against the further increase of taxes there will be better demand for our real estate that has been dormant during the so-called Hoover prosperity.

**THE RUBBERNET
Of Homer Cayenne
Isn't This Orful**

When a boy there was a jingle
'Bout the patter of the shingle
On the panties of boyes that
were bad;
Now the boys that are yet single
With the shingle seldom mingle
With the seats of trousers—
ain't it sad?
Now the sweet and growing girls—

The kind that wore the curls—
Have their hair much shorter,
for it's bobbed;
And their sisters and their moth-
ers
You can hardly tell from brothers
And the world of Romance has
been robbed.
And when upon the streetlet
You would make a merry greetlet
And you go and slap a fellow
on the back;
Don't it rather jar your nervelets
From your mouth it takes the
curvelets—
When you see it's "sister" got
the whack?

This world is topsy turvy;
And I think it rather nervy
For our sisters and our cousins
and our aunts
To wear our shirts and collars
Grab the most of all our dollars—
But now they've carried off our
pants.

A TESTED RECIPE
Enchiladas (Spanish)
Enchiladas are made of tortillas
filled with chicken, boiled eggs,
onions, olives, etc., and served with
chile sauce poured over.

Two cupfuls of cold cooked chicken
cut into small bits; pour over
this the juice of a lemon and sprinkle
with chopped parsley. Chop
fine two onions and three hard-
boiled eggs; grate a pound of

While we are in this drunken
lavish spending mood, why not
move the Capital from Washing-
ton to St. Louis or Kansas City,
that would put it near the center
of population and get us away a
little farther from Wall Street,
and New England, and bring the
East in closer touch with the
great West.

Now we are asked to vote an
additional school tax. I for one
am strictly opposed to any ad-
vance in taxes for any purpose,
for the reason we are now paying
more than we are able to pay.

I think it high time for our
school board to use more economy.
Let the teachers and professors
bear part of the burden.

It will be best for the whole
people of Clarendon to defeat this
day relatives from Commerce.

cheese; wash a cupful of raisins
and dry them. Have handy three
dozen ripe olives, and the chile
sauce hot. Dip tortilla in the hot
sauce, place on platter, and one
half of it put a little of the onion,
egg, chicken, cheese, two raisins,
an olive and spoonful of chile
sauce. Fold over and roll slightly.
When all are finished, sprinkle the
cheese over them and pour over
chile sauce.

BUTTER SUBSTITUTES

Butter dealers throughout South
Dakota report that sales of oleo-
margarine have fallen off one-half
since the agitation against the
substitute was started in the press.
Score one for newspaper publicity.
Now if the dealers in other com-
modities wanted to do themselves
an equal benefit, all they have to
do is call on the editor. He will do
the rest. Spend the \$12 you are
asked to send Henderson with the
home newspaper and the result will
be immediate and certain.—Bris-

Georgia Brown Dies Here
Sunday Night

Miss Georgia Brown, who came to Clarendon from Texline with the grandmother of Winks Adams before the railroad reached here, passed away Sunday night thus closing the last chapter in a life that was mysterious, useful and full of service.

She had been a servant in the homes of many of our older residents in her younger days. For many years she was a servant in the John T. Sims home. It was during this time that she began saving bit by bit depositing the fund with Mr. Sims. She continued this practice for many years.

This secret did not become known until her death. It was her wish that she accumulate funds to pay her funeral expenses at the time of her death. Many were surprised Monday when Mr. Sims announced that she had funds to pay her funeral expenses. A lot was purchased in the cemetery and she was given burial therein. Her age was unknown but is estimated to

have been between seventy and a hundred. She had no kinsman and was never married so far as can be learned.

Husband and Wife Both Notice Big Change in Health

WICHITA FALLS WOMAN GAINS IN STRENGTH AND HUSBAND NOW FEELS FINE SINCE TAKING ORGATONE (ARGOTANE) THINKS IT IS A GREAT MEDICINE

"We think Orgatone is a great medicine for it has helped us both and saved us years of suffering said Mrs. A. E. Humphrey wife of a refinery worker living on Rural Route 1 Wichita Falls, Texas.

"For about ten years I have suffered from kidney trouble and always felt tired and worn out. Did not have any energy. My husband suffered from a severe case of stomach and digestive troubles. He had to be very careful of what he ate, for the least thing would cause bilious and dizzy spells and gas would form on his stomach until he would suffer for hours. His appetite was poor and he was restless at night and didn't get the proper amount of sleep.

Orgatone (Argotane) was recommended to us by a friend and we both got better right along. My kidney trouble has disappeared and I'm feeling simply fine. My husband hasn't been bothered with indigestion since. He eats anything he wants now and doesn't have

those gas and bilious spells. We both have received great benefits and I am glad to give this statement so that others may be benefited."

Genuine Orgatone (Argotane) may be bought in Clarendon at the Stocking's Drug Store.

Keep them fresh right up to date. Ask them to help you collect the names and be SURE not to get any old items in the list.

We want to give our rural readers a good paper. We have to depend on our correspondents to see that their neighborhood is supplied. Tell about the folks who visit in or out of the community. The real news. Make your community items the best in the paper.

GOOD NEWS FOR THRIFTY SHOPPERS!

Seldom in this day and age does the economical buyer have an opportunity of getting even "pre-war" value for his dollar. And when we hear of such an event as "double value for your money" we certainly feel that it behooves us to call it to the attention of our readers.

The Nyal "2 for 1" Sale, a nation-wide event is, being featured Thursday, Friday and Saturday of this week by the Stocking's Drug Store. A proof reading of Stocking's advertisement (which appears in this issue) shows a wide assortment of home remedies, toilet articles, rubber goods, stationery, candy and general drug store sundries—all at "2 for 1" prices. In other words, you pay the regular every day price for an item and get one of the same items free. Look for the ad in this paper and buy your drugs and beauty aids at half price!

Grandma Shown, a patient at Adair hospital for near three months, has so far recovered that she will likely return to the home of her daughter, Mrs. W. C. Jones of this city this week. Her other daughter, Mrs. G. N. Wood, will return to her home this week.

Hoyt Jones, who is spending his vacation with homefolks, visited near Tucumcari the last of the week.
