## Easter Program At Methodist Church Sunday Evening

### Cantata Closed Pre-Easter Services Extending Over The Week

One of the most pleasing programs to be presented at the Methodist church in recent years was presented by the choir of that church Sunday evening when it gave its annual Easter musical program and Cantata. L. O. Lewis presided in the absence of the Rev. Allison the pastor and started the program with a reading of a scripture lesson and prayer.

The choir under the direction of Sam M. Braswell gave as its number the Anthem "Let Mount Zion Rejoice" by Herbert which was presented by request and was first given here fourteen years ago by this choir under the Direction of Dean Shuere of Clarendon College. Mrs. J. L. McMurry was especially pleasing in solo in this number.

The cantata presented was possibly the most tuneful ever presented here. It was written by Fred Holton and was named the "Life Eternal". Numbers of solos, duets, and choruses were interspersed in the number in a most pleasing style. Mrs. O. T. Smith in alto solo was among the best of the program. Other numbers especially well received were duets by Mesdames McMurry and Kerbow and Smith and Wilkerson, and Messrs. Boykin and Braswell. Mrs. J. L. McMurry took the heavy part in soprano solos and was exceptionally well received. The program as a whole was one of the best balanced seen here in several years and one in which several singers from other churches of the city took parts.

Mr. and Mrs. Jiggs Mosley of Panhandle visited relatives here over Sunday.

### Eggs in Variety Being Hatched Here

The local hatchery has successfully gotten away with the job of hatching hen, turkey, duck and goose eggs and now they are trying some entirely new to this section.

Frank White, Jr. announces that they are incubating a number of eggs of the ring neck pheasant having secured the eggs from a Pennsylvania breeder.

The ring neck is a native of China and few of them are to be found outside of the inclosures of national breeders or in national forest or game preserves. Mr. White will sell them for breeding purposes at the proper time.

## Dies Instantly Crushed By Auto Sunday Evening

### Accident is Unavoidable as Tot Runs in Front of Passing Car

Another sad accident that was unavoidable was added to the list in Clarendon about dusk Sunday evening when little Wanda aged three, daughter of Mr. and Mrs. Elmer Jones ran in front of a car driven by Mrs. G. A. Ryan in an attempt to escape another car it is said.

The child was playing in the street in front of the family home when her brother warned her of an approaching car. In an effort to escape that car she ran in front of the other car both wheels passing over her body crushing it resulting in instant death.

Funeral services were conducted by Rev. B. N. Shepherd at 4:30 at the Baptist church Monday afternoon. This is said to be one of the largest funerals held here, sorrowing friends in great numbers escorting the little body to its last resting place at the Citizens cemetery.

Though without blame, Mrs. Ryan has been prostrated with grief since the deplorable accident occurred.

## Census Enumeration Looks Disappointing

City census taker Curry C. Powell completed his labors Saturday but was unable to give out any information under penalty. However, it is known that Clarendon will hardly be able to muster 2800 from the count earlier in the week from other sources.

Clarendon had a population of 2456 according to the census of 1920. Following the discontinuance of the old college, it is estimated that a thousand inhabitants moved away. The effect of the Junior College will begin to be felt in late summer when the population will gradually regain its former standing according to prophecies of men who have watched these matters for some time.

Jay Harvey of Plemmons visited his mother, Mrs. Monica Harvey Monday of this week.

## American Legion Post At Hedley is Growing

Organizing some time ago with a membership of 23, the Hedley Post shows a continued growth in membership with a number of eligibles becoming interested.

B. G. Clifton is Post Commander and W. W. Holland vice. Chas. Lowery is adjutant, Rev. E. D. Landreth is chaplain. F. O. Doherty is service officer and C. L. Johnson finance officer. W. J. Barrow fills the post of sergeant at arms.

## Gins of Clarendon Help With Better Seed

Seven cars of planting cotton seed have been distributed by local gins already this season. Many farmers are planting half their crop to the longer staple while others will use the improved seed entirely.

As the season advances, more interest is being taken in improved seed of all kinds and the demand for certified row crop seed is increasing each week.

## High School Band Concert Sunday Afternoon

The High School band under the direction of Gus B. Stevenson, gave the first of a series of free semi-monthly outdoor concerts at the old grammar school building at 4 o'clock Sunday afternoon.

Some two hundred cars were counted at the curbs attesting the popularity of the efforts of the organization. Twenty boys and young men played in the band on this occasion.

## Banks Close Observing Independence Day

All of the banks of this city were closed Monday following a custom observed all over the state on Independence Day. This date is also celebrated as San Jacinto Day in commemoration of the battle on April 21st ninety-four years ago which decided the fate of the new state.

Thousands gathered on the historic battlefield near Houston Monday placing wreaths upon monuments erected to the memory of leaders who won a victory over the forces of Santa Anna on April 21, 1836.

## Scoutmaster Training Course Here Next Month

A scoutmaster's training course based on the Columbia University Course, will be held in Clarendon May 5th to the 9th inclusive.

The class will be taught by scout executive I. E. Jolly and will be held at night. The place of meeting will be announced next week. Those desiring further information should see Denis R. Davis at the Gas office or Rev. R. S. McKee.

This course presents an unusual opportunity for fathers, Sunday and public school teachers or anyone desiring to equip himself to work with boys.

A fee of \$1.00 will be charged to defray the expenses of the course.

Miss Mildred Stewart, teacher in the Pampa public schools, visited home folks over Sunday.

## Phone Companies Condemned by Editors At Memphis Meet

### Worse Than Chain Stores in Tactics of Sending Money Out of Town

A storm of protest that has been brewing among newspaper men and civic leaders in the Panhandle for several years broke loose in all its fury at the meeting of the Panhandle Press Association at Memphis Saturday morning.

"Worse than any foreign owned chain store" is the expression used by some of the newspaper men in describing tactics of the telephone company serving his home town. Very few exchanges were exempt from condemnation for charging too high rates, rendering poor service and in many instances underpaying girl employees.

The telephone companies were also condemned for failure to assist in local civic enterprises like the West Texas Utilities and other companies who are recognized leaders in West Texas development today.

The phone companies were taken to task for sending out of town for all their printing, and more especially the directories, it being pointed out that home merchants bought the space but a home man was denied the privilege of bidding on the printed job.

Directories for Clarendon are presumably printed in Dallas. Rubber stamps are used on stationery instead of having envelopes and letterheads printed as other firms.

Many instances were cited by Editors of where the phone company of his town had failed to improve the service or reduce the rates as promised, but on the other hand had assumed an independent attitude towards doing their part in contributing toward any civic development in the town where the company was doing business.

The newspaper men voted unanimously to begin a war on defaulting phone companies that West Texas might get a square deal on tax renditions, service, equitable rates, and more community cooperation.

## Memphis Host To Press Convention Two Full Days

### Record Breaking Attendance From All Sections of Texas Panhandle

The twenty-third annual convention of the Panhandle Press Association met at Memphis Friday and Saturday. Elder Lester W. Fisher of the Church of Christ delivered the invocation. Rev. H. A. Shaw of the First Christian church led in a sing-song. The welcome address was made by D. L. C. Kinard who complimented the newspapers upon being the most important factors in the development and progress of the country.

Olin Hinkle of Pampa responded to the welcome address. The president, Homer E. Steen of Floydada, read the president's annual address. Alger Jones of the Childress Index led in a discussion of the chain store subject followed by a round table discussion. Deskin Wells discussed "free publicity" in a free manner replying to questions.

C. A. Price of the Dallas office of the Associated Press was the principal speaker of the morning. A luncheon was tendered the visitors at the Masonic Temple by the Lions and Rotary clubs. A theatre party in the afternoon and a reception at the Country club kept the ladies busy.

The male members met on the golf course largely while a few remained at the hotel for an exchange of ideas on the newspaper profession. The Chamber of Commerce honored the visitors with a banquet in the basement of the Methodist church which was followed by a dance at the Country Club.

## Goldston Grocery Robbed Monday Morning

The Hill-Mixon grocery at Goldston was robbed between one and two o'clock Monday morning. Messrs. Ben Hill and C. E. Nixon were in the store shortly after midnight and when they left noticed a truck nearby where someone was apparently fixing a flat.

Unable to get in at the door, the window was broken open and the safe taken out through the window and transported a mile north and some two hundred yards down the Dill lane where it was found broken open after daylight Monday.

The loss is estimated at between forty and fifty dollars. Mr. Nixon having taken out most of the money the evening before the robbery. The truck tracks were traced back towards Clarendon but no definite clew has been found up to this time.

## Census Shows Hedley Nice Gain in Population

Back in 1920 Hedley boasted of a population of 594. The census completed the past week shows the present population to be exactly 800 if no one was overlooked. This shows a gain of 25.75 percent in ten years, most of which has been accomplished in the past two years.

Hedley enumerators were the third to complete their work in the north Panhandle. Claude was first and McLean second, both showing big gains. McLean with her oil boom effects shows a population of 1,518 over a population of 741 ten years ago.

## Pathfinder Club Sponsors Milk Week For Clarendon

### Prizes to be Given Pupils For Best Essays Using Suggested Subjects

The local Pathfinder club is sponsoring a Milk-for-Health week in Clarendon dating from April 20th to April 27th which includes all of this week.

All federated clubs of the state are sponsoring the Milk-for-Health week in response to a request proclamation of Governor Moody.

Prizes will be given pupils for essays written on kindred subjects. Boys of any age who are students of either of the Clarendon schools are eligible. The subject for the essay is "Why Drink Milk."

Girls of the Clarendon public schools are to use the subject "How I can increase the use of milk in my diet."

Prizes of one dollar each will be given for the two best essays handed in to the secretary of the Pathfinder club.

Miss Helen Beck of the Home Economics department of the public schools will be glad to render any assistance to girls in suggesting recipes and otherwise helping them to profit most from their efforts.

The Mayor's proclamation follows:

Clarendon, Texas,  
April 20, 1930.

"WHEREAS, It is now uniformly recognized that, in order to enjoy life, liberty, and the pursuit of happiness, each individual must build upon the foundation of physical, and mental health, and that the health of the children is the underlying ground-work upon which must rest the well being and prosperity of the State, and since SAFE MILK is the best health builder, and

WHEREAS, It is desirable that the citizens of the commonwealth of Texas, on a specified week, be aroused to a sense of their responsibility for the furtherance of the health to the children.

THEREFORE, I, H. W. Taylor, Mayor of Clarendon do recommend that April 20 to April 27, 1930 be set aside for City Milk-for-Health Week.

I invite the people of the City to cooperate in every way with all agencies that are working for the health and happiness of our children.

H. W. Taylor, Mayor."

## Style Show Is Success At Pastime Thursday Night

### Living Models Display Latest Styles of Clothing And Appropriate Jewelry

Living models displayed dresses for morning, afternoon and evening wear for Hanna-Pope, Greene Dry Goods and Little Mercantile company. Jewelry worn by the models was furnished from the stock of Goldston Brothers.

Miss Eunice Johnson acted as announcer for each of the models. Ladies displaying models for Hanna-Pope were Misses Lynn Lafon, Julia Taylor and Miss Altha Evers. Greene Dry Goods company was represented in a display of clothing by Mrs. Ira Merchant, Mrs. Lillian Brady and Miss Lorene Patrick.

Mrs. Paul Reeves, Mrs. Sam Darden, Miss Edna Riley and little Miss Violet Baker displayed the dresses for Little Mercantile company.

One of the most interesting features of the evening's entertainment was a performance by "Houdini the Second", as announced by Homer Mulkey, dressed in typical Hindu attire, and who proved to be a real performer in Hindu magic and was none other than Rev. Ferrell, pastor of the First Christian Church.

Sixteen members of the McDowell Club rendered two vocal solos with Miss Christine Stroder at the piano and Gus B. Stevenson playing the violin. Those to sing were: Mmes. A. L. Chase, J. L. McMurry, Ralph Kerbow, Manly Ozler, B. L. Jenkins, M. M. Noble, W. A. Clark, Richard Will-erson, Clark Hemminger, Homer Gorman, Frank Heath and Misses Fern Cauten, Lotta Bourland, Helen Beck, Lorena Stegall, Anna Weidman.

Two reels of style show pictures and the usual comic series was contributed by the Pastime.

The style show is an annual event sponsored by the Lions Club in the interest of the crippled children of the Panhandle and is purely a charitable affair.

## Visitors Help Rotarians Celebrate Tuesday Night

### District Governor Bernard Bryant of Stamford Club Presents Charter

Sixty-one Rotarians, their ladies and especially invited guests gathered in the basement of the Presbyterian church Tuesday evening to celebrate the receipt of a charter by the local Rotary club.

The gathering was presided over by President B. L. Jenkins who received the charter from the hands of District Governor Bernard Bryant of Stamford, each in turn making addresses in keeping with the solemnity of the occasion.

Governor Bryant was the speaker of the evening and in his clear cut manner detailed the principles of the Rotary organization, its influence and results.

Greetings were brought from the Ralls Rotary club by its President, Ed McLaughlin, he and three other Rotarians making the long journey that they might add their enthusiasm to the baby club of the Panhandle.

Memphis Rotarians were present in number, their president, J. Claude Wells making an inspiring address in which he brought greetings from their Club congratulating Clarendon upon having fallen into line for more civic development.

Allen Early and Norris Ewing of the Amarillo Rotary club each felt that they had accomplished much because of having been the prime cause of Clarendon having a Rotary club at this time. Both men had visited here and in their enthusiastic efforts, met with a ready response on the part of local men in the organization of a Rotary club that has already taken.

## Six Bonds Are Forfeited Here Monday

Six men said to have been indicted by the recent Grand Jury, had their bonds forfeited Monday when their cases were called in the District Court.

These men are charged with offenses against the liquor laws of this state and most of them are said to have been arrested here on the street on Sunday when officers shot a casing stopping the car near the Municipal building.

Bond forfeitures according to the District Clerk records are as follows: E. D. Cooper, \$1500; Jno. T. Mahaffey, \$1000; I. M. Mahaffey, \$1500; Geo. Gindra, \$1500; Robt. Mahaffey, \$750; Robert Kin-cannon, \$750.

These parties have until the next term of court in which to show cause why the bonds should not be forfeited. All of the bondsmen with the exception of two men, live outside Donley county.

## Reavis Heads School Board At Turkey

In the school elections held at Turkey last week, Cecil Reavis, manager of the West Texas Utilities company there, was elected president of the Board. Mr. Reavis is a son of Rev. and Mrs. L. A. Reavis of this city and grew to manhood in Clarendon.

His many friends here will be pleased to know that his usefulness is appreciated by the good citizens of Turkey and wish for him a successful administration.

## E. E. Moore Dies Monday in Arizona

Mr. and Mrs. C. G. Speed left here early Monday morning in response to a message informing them of the death of Mrs. Speed's father, E. E. Moore.

Mr. Moore had been in failing health for some time and was recently advised by his physician to seek a lower altitude, and went to Ajo, Arizona where his death occurred as above stated. Interment will be made in the town where he died.

## Cleanup Campaign Best Ever Held Here

The cleanup campaign in Clarendon that has been in progress for the past two weeks is said to be the best yet in that trucks voluntarily called at the homes and promptly removed piles of rubbish.

The town in general presents a much cleaner appearance and the public is very appreciative of the manner in which the job was handled by those having it in charge.

## Plant Exchange Saturday Last Of Season

Announcement is made that the last plant exchange of the season by the club ladies will be held Saturday at the Club Room. Bring the plants in wet sand or a paper container so that they will not dry out.

Bring any form of plant of which you may have a surplus and exchange for something you may need or wish.

The last plant exchange day was well attended and many exchanges made. This should be an extra big day as it will be the last this season.

## Local Legion Members Are Pampa Visitors Sunday

Complying with a request from the Pampa Post that Legionaires over the Panhandle gather for a special celebration Sunday, Joe Holland, Cliff Decker, Loyd Stallings, Ralph Andis and Shorty Robinson represented the Clarendon Post.

The boys after going through the usual formalities of the Post ceremonies, were escorted through the new \$365,000 courthouse and jail opened to the public and dedicated there Saturday.

Some of the boys were of the opinion that it would be a distinct pleasure to break into the jail after they had given it a careful inspection.

Mrs. Fred Ballow of Amarillo was a week end guest of Mrs. W. C. Stewart.

## Cantata Is Heard Presbyterian Church On Friday Night

### Effort is Well Received By Large Appreciative Congregation

Friday night of the past week, the choir of the local Presbyterian Church, assisted by several of the singers from other local churches, under the direction of the choir leader, Robert S. Cope, presented Fred B. Holton's sacred Easter cantata "The Thorn-Crowned King".

The cantata was very creditably presented, and many expressions of appreciation were received by the choir from those in the congregation which comfortably filled the auditorium. The solo parts in the cantata, handled by Mrs. J. L. McMurry, Mrs. Frank Heath, Mrs. O. T. Smith and Mr. Cope had been made in mastering them.

Especially effective was a ladies duet sung by Mrs. McMurry and Mrs. O. T. Smith, while the ladies' trio sung by Mrs. Clark Hemminger, Mrs. McMurry and Miss Anna Weidman, also came in for considerable commendation.

The service was considered a musical treat by all those present and it is the intention of the church to present a similar cantata every Easter hereafter.

The platform and front of the church were beautifully decorated with flowers, furnished by the Ladies Auxiliary.

The choir for this occasion included the following: Mrs. R. S. Cope, Mrs. J. L. McMurry, Mrs. Roberta Ryan, Mrs. Frank Heath, Mrs. A. L. Chase, Mrs. Clark Hemminger, Mrs. R. F. Morris, Mrs. O. T. Smith and Miss Anna Weidman; Messrs. Irl Smith, T. D. Nored and W. H. Batten. Miss Mary H. Howren was at the organ, assisted by Arthur Chase; Director, Robert S. Cope.

## Brice Man Plans Monument of Real Worth

Claiming to have come to this country for his health, M. H. Salmon states that he has entirely recovered and then some. He met with the county school board at Memphis the past week with a view of securing the establishment of a high school in his neighborhood.

It is his purpose to leave behind an enduring monument in the form of a school to be built on his farm where the proposed highway from Memphis and one from Clarendon is likely to come together. The building may cost from fifty to a hundred thousand but will be built according to Mr. Salmon, one of the wealthiest land owners in the Brice valley.

## Odd Fellows Will Hear Special Sermon Sunday Evening

### Public Should Hear This Noted Sermon of Rev. Ferrell

Rev. W. E. Ferrell, pastor of the First Christian church of this city, will preach a special sermon Sunday evening for the members of the Odd Fellow order. His subject will be "The Universal Neighbor."

Rev. Ferrell has delivered this sermon on several occasions much to the enjoyment of Odd Fellows and of much interest to those who are not members of the Order.

A plan of practical application will be shown using Biblical history from which the lessons in Odd Fellowship are taken. The basic principles of friendship, love and truth will be explained from a Biblical standpoint.

Two vocal selections will be rendered by the McDowell club. Other musical numbers have been arranged for the occasion to which the entire public is especially invited. Members from nearby lodges are expected to be present, a large delegation already having announced this fact from the Memphis lodge.

**ADVICE.**

An ad in the Leader is worth two on the fence—and then some.

**WILD BEASTS.**

If England's crown prince really wants to hunt a wild beast, he might tackle a drunken road hog in America. They have anything in Africa skinned a mile.

**AT IT AGAIN, FOLKS.**

After reading the mud slinging statements of professional politicians already announcing for office in Texas this year, the pot is calling the kettle black again just as they have always done.

**MOVING TIME.**

When a fellow arrives at the conclusion that his town or community cannot get along without him, it is high time for him to move before the folks ask him to do so.

**SAME OLD STUFF.**

Sam B. Fryar in the Clarksville Times says, "Whether the Literary Digest poll goes wet or dry, the political conventions will all endorse prohibition again this year if the leaders can keep the delegates sober until the resolutions are presented."

**LONDON'S GABFEST.**

After three months with the representatives of five nations attending the London Naval Parley, little has been accomplished for their respective governments. Stimson can speak a little French, Reed has learned some Japanese, and the Italian and Japanese delegates have learned a little English.

This probably means that either of them can get a job as an interpreter when the present job plays out.

**MORE VARIETY.**

One fellow writes in requesting that announcement be made of "his" meeting and by way of further explanation states that "he permits only his church paper in his home." During the same week another fellow requested us to refrain from printing any more pictures of preachers if we expected to keep his name on our mailing list.

As a matter of fact if the brains of either of them was dynamite, there wouldn't be enough to blow his nose, and we will go right on doing as we please about it.

**MAIL ORDER STUFF.**

The Childress News states that

samples of "Jake" have been received by druggists there from a New York firm with price-lists enclosed. Liquid is said to contain a high percentage of creosote and other harmful ingredients. In other words, "sheep dip cocktails" are supposed to take the place of punch in our social affairs.

The biggest business resulting from a sale of this stuff naturally goes to the undertaker, most of whom do not want that kind of business anyway.

**WISDOM.**

The success of a certain new cafe in New York city is based on the fact that the menu includes pot liquor, pig jowel, either corn or salted bread and blackeye peas along with a number of homely dishes.

Curiosity brings in a Yankee run and those from the South seek out this place that they may eat a semblance of what mother used to put on the table in the land of their birth.

A Yankee may not know what to eat himself, but his ingenuity and business acumen stands him in good stead as a money-maker.

**TEXAS NEEDS A CHANGE.**

In this issue of the Leader appears a reprinted editorial taken from the Uvalde, Texas Leader-News. There is much food for thought in that article since it relates facts that are a disgrace to a so-called civilized citizenry.

In this connection it might be well to remember that one charged with a foul murder in this county was given ninety-nine years last term of court and the case was reversed because "malice aforethought" was not alleged, and without which, five years was the limit of punishment that could be meted out in such cases.

Texas has too many laws bearing too many technicalities favoring the rascal by which justice may be defeated despite that element of the public standing four-square for law and order.

**HISTORICAL.**

Funds are already being assembled with which to construct a real historical building at Canyon to house the priceless treasures of the Historical Society. The proposed building will be built at an estimated cost of fifty thousand dollars.

Rooms for housing the valuables of the Panhandle-Plains Historical Society have been generously contributed by the normal school up

to the present. Present proportions of the collections demands more space.

The next Legislature will be asked to pass a law safeguarding the prehistoric relics of the state that Texas people may enjoy them at home in their own museum. There is no movement in Texas dearer to the hearts of real Texans than the safekeeping of relics of a bygone day or age. The idea of a museum building commensurate with present needs and the years to come, should meet with a ready financial response, and doubtless will be constructed within the near future.

**HIDDEN MYSTERIES.**

A well known professional man here made the remark recently that Clarendon College was not known to some of the inhabitants within fifteen miles of Clarendon. The statement was and is a severe indictment of the intelligent people of this section, and more so because it is true.

Clarendon Junior college has had the attention of some of the best minds in the state. The work being done in this school is very creditable indeed because it is recognized by any reputable school in the state and within the Association of Colleges in any state.

While this is true, one of the most important factors in the building of any institution has been sadly neglected—public contact. The public has not been informed from time to time as to just what has been or is being accomplished by this school.

Whose is the fault? No one seems to know because teachers are not trained in the knack of making contact with the public. On the contrary, a teacher must be possessed of an exceptionally broad mind to overcome that moth-eaten hyperbole that a friendly, social attitude is contrary to the ethics of the profession and belittles the dignity of the teacher.

Clarendon's municipal junior college needs a press club if nothing else. Let the folks of old Donley know what they are doing to maintain educational standards in our section.

**THAT PRESS MEET**

In entertaining the Panhandle Press Association in a thorough manner Friday and Saturday, the good people of Memphis, through her civic organizations, the newspaper men and women of both papers there, and the personal contacts, have done more in two days to ingratiate themselves into the lives of the empire builders of the Panhandle, than they have during the past several years.

The proverbial latch string was not hanging out—the door stood wide open and we motored right in and found a hearty welcome. No matter how Memphis may have acquitted herself as an entertaining city in the past, she set a precedent upon this occasion.

We got a glimpse of her lodge and church life. We saw her civic organizations in action. The personal solicitations as to our comfort gave us an insight into the quality of her citizenship. We saw the various church ladies at the banquets doing team work without a hitch. They served us when we wanted it in just the manner

we liked to be served.

We got an insight to the musical talent both vocal and instrumental. It was all that one could wish. The thing that struck the writer most was the fact that talent, training and energy had been combined to give to the world the best that was in them garnished with a sincerity that provoked the keenest admiration.

You furnished cars during odd moments that we might see your beautiful city. The Country Club, avenues of beautiful trees along well kept streets past modern homes where "confidence smilingly awaits the home-coming of loyalty", and yards ornamented with sweet-scented flowers. A wonderful picture of contentment.

Large inviting churches, school buildings with every modern facility and proper environment for the moulding of character and the shaping of lives of useful men and women of tomorrow. Your "Hall of Justice" where juries did yeoman service the last term of court in removing from circulation counterfeit manhood that civilized beings might enjoy "life liberty and the pursuit of happiness" without molestation.

Memphis, located under the Cap Rock in the Panhandle of Texas. The "Queen City" of the "Dimple of the Universe." The standards by which you gauge your citizenship will continue to attract the better class. Memphis will continue to grow with a preference for quality rather than quantity.

Your spacious, well kept streets invite the admiration of the visitor. Your business houses in the main are models of neatness and no unsightly signs overhang your sidewalks. The writer has been attending conventions for many years, but nowhere has there been shown a more sincere hospitality. You did it out of the fullness of your hearts typical of the South-west and we appreciated the consideration to the utmost.

**TEXAS NEEDS A CHANGE**

There are fifty-five lawyers in the Texas Legislature, almost a working majority and sufficiently strong to carry through any measure they so desire or to defeat any measure they did not desire. The urgent need of certain law reforms becomes more and more apparent each day and every day. The City of Dallas with its sixty murders in a year is a comparison to consider with London's six actual murders, for which five were executed. How many of the Dallas murders were brought to justice? Young men without means are off-times "railroaded" to the penitentiary while others with plenty of money and powerful friends go free. Here comes the Court of Criminal Appeals reverses several murder cases, some under a thirty-five year sentence because the incident did not allege malice aforethought. A drunken driver runs down and kills a man. It was a "deplorable accident" but no malice, so the case is reversed. A state court turns loose an office holder and gives a clean bill of health and an election certificate. A Congressional committee finds all kinds of fraud and the man acknowledges the other fellow is elected and quits. In another case, a county "rings" throws out a whole box on account of an unsealed envelope, although it is shown the fellow seated did not get as many votes as did his opponent and the case is shuttlecocked from one court to another while the fellow

with the minority vote draws his poy and his term is running out. There are hundreds of senseless technicalities used for the defeat of justice and still our lawyer legislatures does little or nothing to remedy the situation. There are some few lawyers in the Legislature who see the need of a reform, but doubtless, professional ethics or something or another keep those reforms from ever incubating. The Judiciary Committees in the legislature are usually the real graveyards of any reform bills that get into that hopper. Lawyer-Governors appear impotent to give relief so why not try some competent and experienced business man and see what happens. It could not be worse. It is time that those who support the State Government should do their own selecting of a candidate and he should not come from the professional office-holding bunch or some loud-mouthed demagogue who, like a whale, comes up at regular periods, does his spouting and then sinks. Let's

have less of this spouting and more protection of society and economical and sensible management of our State institutions. Pay no attention to this shouting about prohibition, Hoover-Smith, Klan or Anti-Klan. Let us select men who are honorable and competent, then we will be getting somewhere.—Uvalde Leader-News.

**A Common Power Supply**

When a group of towns draw on a combined power supply they do more than improve their own power resources. The transmission network constructed to serve them provides a base from which to extend service to the surrounding farm territory.

Thus the trade territory of the towns is enabled to share in the same ample supply of power—and the advantages for the farm are turned into advantages for the towns which serve the farms.

This is one of the important consequences of the replacement of isolated plants by widespread transmission systems such as this Company maintains to serve a broad area.

**OUR WEEKLY CHURCH CHAT**

The great event of the first Easter morn is the Christian's source of joy. By the stupendous fact of the Resurrection God has given a divine character of man's faith and hopes. By this crowning miracle unmistakable evidence is given to the world that the words and works of Jesus Christ are not the mere wisdom of some human sage, nor the sayings of a great philosopher, nor the dreams of an inspired poet, but the words and works of God.

The man who manufactures, or attempts to foist upon others, counterfeit coins is a traitor; so he who circulates doctrine that comes not from heaven, however genuine he makes it appear, is a traitor. In the apostolic days, Christians received the teachings of the apostles, who were Christ's inspired representatives. We also should ground our faith upon their word as recorded in the New Testament and thus build. "Upon the foundation of the apostles and prophets, Jesus himself being the chief corner-stone" (Eph. 2:20). Speaking about the early Christians we read, "And they continued steadfastly in the apostles' doctrine an dfellowship, and in breaking of bread, and in prayers, (Acts 2:42). The inspired apostles knew that there would appear

false teachers who would pervert the gospel of Christ, so they warned us. "But though we or an angel from heaven, preach any other gospel unto you than that which we have preached unto you let him be accursed. As we said before, so say I now again, If any man, preach any other gospel unto you than that ye have received, let him be accursed, (Gal. 1:8,9). Whosoever transgresseth and abideth not in the doctrine of Christ, hath not God. He that abideth in the doctrine of Christ, he hath both the Father and the Son. If there come any unto you, and bring not this doctrine, receive him not in your house, neither bid him God speed:

For he that biddeth him God speed is partaker of his evil deeds (I. John 9-1-). Some people do not desire to hear the whole counsel of God. They have their favorite doctrines and would have all others put to silence. They forget that there is but one doctrine taught in God's Word, that reveals the plan of salvation, the rules for operating the church and the laws of righteous living.

In the sermon Sunday morning, we hope to show some very important facts about the New Testament and the church. Our subject is: "THE CHURCH THAT SUCCEEDS". On April the 26th. The Independent Order of Odd Fellows will be one hundred and eleven

years old. The local lodge and some invited friends will attend services Sunday evening to celebrate their anniversary. Special program has been arranged. Sermon subject will be: T H E UNIVERSAL NEIGHBOR. The McDowell Club will be present and furnish some special music. You are invited to be present. Remember the Bible Pictures Wednesday evening at eight o'clock.

W. E. Ferrell, minister, First Christian church, Clarendon Texas.

**THE BOARDING OF THE PILGRIMS**

The gnashing teeth bit hard  
On a firm and rib-bound roast,  
And the boarders' against a table scarred  
The leaden biscuit tossed,  
And they frowned with inward storm

As they scanned the dishes o'er,  
And recognized in a chowdered form

The things they'd seen before,  
Not as the conqueror comes,  
Stirred by the drum-deat's roll,  
They came at the yearn of empty tums

And the tea-bell's timely toll,  
There were men with hoary hair  
Amidst that hungry group,  
Why had they come to wither there

And mumble o'er their soup?

There was woman's hungry eye  
Seeking an extra roll;  
There was manhood's brow serenely high,  
Guarding the sugar bowl,  
What sought those reaching arms?  
Fat pickings 'mid the dearth?  
The wealth of seas—the spoil of farms?

They craved t h e i r money's worth.  
Save here a stain of broth,  
And there a gray trace,  
They left a barren, crumless cloth  
Within that boarding place.

R. O. Thomas Likes Donley County After 16 Years

"No, I'm not going back east except to get cotton pickers" stated R. O. Thomas in the Leader office Monday. Mr. Thomas came to Donley county sixteen years ago from Oklahoma. He owns his farm and studies farming like a business man should.

His idea of a row crop is to plant kaffir because it is a sure crop. He likes it better than hagar because he believes it makes on less rainfall. In addition to growing byproducts to sell all the year through, Mrs. Thomas sells her butter wrapped in a paraffine paper bearing her name and address so that the buying public may know that the product is first class.

There is no hard time cry on this farm. Everybody works and the farm is made to pay from many angles. The family is numbered among the leading citizens of Donley county and take an active interest in every cause for upbuilding the community.

**"I Feel like a New Man", Says Idalou Farmer**  
WAS TOLD OPERATION ONLY RELIEF BUT IS ELATED OVER RESULTS OBTAINED FROM ORGATONE (ARGOTANE)  
Mr. W. W. Smithée, a well known farmer residing on rural route 1, Idalou, Texas, in a conversation with the Orgatone (Argotane) representative, makes the following statement:  
"I am pleased to endorse Orgotone (Argotane) because it is one preparation that really does the work. Before I took Orgotone (Argotane) I was suffering from stomach trouble, I got to where I didn't have any appetite at all and when I did eat anything it soured on my stomach and I had a hot burning sensation from the gas that formed. I didn't get the right nourishment from my food and for the past six years my condition has gradually grown worse. I spent many a dollar for different kinds of medicines and treatments but nothing did me any good. Doctors told me I would never be well unless I would undergo an operation."  
"Orgatone (Argotane) was so highly advertised I got a bottle and the results have certainly surprised me. I had no idea it could do so much in so short a time. I have just taken one bottle and my stomach hasn't bothered me since I started on the treatment. The way dies also had an Easter hunt in the afternoon. Those present were Mr. and Mrs. J. W. Luttrell, Mr. and Mrs. Posey and little daughter Onetta Maye, Mrs. Maggie Deal, and daughters Ila and Glennie from Clarendon. Every one left with I had a very nice time.

my appetite has improved is remarkable. I eat anything I want and it agrees with me and I am not bothered with gas or bloating spells. I sleep well every night and feel better than I have in years. In fact, I feel like a new man and you can put me down as a friend of Orgatone (Argotane). It has certainly relieved me of my troubles and I know that it will do anyone good and I'm glad to tell everybody about it."  
Genuine Orgatone (Argotane) may be bought in Clarendon at the Stocking's Drug Store.

**ALL LESS**  
A coatless man at random stood Spending a worthless hour; He spat from his mouth a tasteless cud, And picked up an odorless flower. He pinned it to his collarless shirt, And made a heedless whirl— Tipping his hat to a senseless skirt In the person of a thoughtless girl. Near by a horseless wagon waited The coming of the worriless pair, And she with joyless tales related Of a merciless parent's care. And the man he puts a careless arm Round the waist of the hatless girl, Whose fearless stare and beauty charm, Doth add to the reckless whirl. Then down a dustless muddy lane,

These two like leadless bullets sped, Humming a tune of wordless refrain Of an endless joy waiting ahead. Fingering the edge of a coinless purse He utters a mirthless laugh, And he thinks of heartless papa's curse When he calls by wireless telegraph.

**SUNDAY SCHOOL PICNIC**

The Rex Ray Circle and Mrs. W. C. Stewart's Sunday school class entertained their husbands last Friday evening with a picnic out at the old river stumping grounds. A large crowd is reported as having gone on the excursion, and to have taken part in making the occasion and enjoyable one. Appetites were brought to a keen edge when the aroma of scrambled eggs mingled with that of roasted weenies and marshmallows began to float upon a late evening breeze. Edibles were spread out in abundance, and the picnickers enjoyed their fill—fully having the satisfaction that there was plenty for all. Immediately following the blasting of the hunger strike, the joy seekers were favored with readings by Mrs. W. C. Stewart, Mrs. B. C. Bromley, and Mrs. Harry Guynes. An enjoyable time was reported by all.

**RUTH REYNOLDS ENTERTAINS**

Miss Ruth Reynolds of Iowa Park entertained Thursday evening with games and other amusement at the home of her aunt and uncle, Mr. and Mrs. Lee Morrison. Following the games, dainty refreshments were served to: Misses Reatta Thomas, Lorene Hayes, Cecil Hukel, Wilma Hukel, Mae Deviers, Hazel and Clineil Gilbert, Joyce Link, Majorie Harland. Young men to help enjoy the hospitality were: John Zeigler, John Harland, Jack Hayes, U. Z. Patterson, Bill Thomas and Phifer and Eugene Estlack.

**ALPHA DELTA PSI**

Despite a fierce torrent of wind and sand from out of the northwest, members of the Alpha Delta Psi Literary Society motored to the river roughs last Wednesday evening on an Easter egg hunt. Although the strong blasts of sand caused some of the egg hunters to lose their equilibrium, they managed to keep up with the rest and to help seek out the hiding places of the little candy easter eggs. After dodging flying boulders and straying tree limbs, the members decided that it would be more pleasant to journey back to town and there spend the rest of the evening in a more quiet place. The remainder part of the evening was spent in the J. C. Estlack home where card games and dancing was enjoyed by all. As the minutes passed midway between ten and eleven o'clock the members departed for home, each verbally expressing his thanks for an evening's good time.

**LES BEAUX ART CLUB**

Saturday afternoon was a n eventful occasion for Les Beaux Arts club when they met in regular session in the club rooms in the City hall, for at that time a beautiful picture was dedicated to the memory of Miss Nora Headrick, the beloved founder of the club.

It was particularly gratifying to the charter members who had worked with Miss Headrick from the beginning and knew how dear to her this club and the high ideals it represents.

Mrs. Glascoe, president of the club, in a few well chosen words,

lovingly dedicated the picture to the memory of Miss Headrick who still lives in the hearts of those who knew her best and loved her the most. Miss Peebles gave a very fitting tribute to her beautiful life and character which is full of beautiful sentiment.

The picture is one of Burne Jones best and is called "The Golden Stairway." It is symbolic of the stairway of life and is thronged with maidens from the top to the bottom. Near the top they are looking hopefully and enthusiastically on life, finding inspiration on every side. Others nearer the bottom of the stairs are looking back regretfully, others are serene and some few are looking forward with anxiety and concern. A person studying it carefully can find in it a reflection of their own emotions and ideas of life.

The regular lesson was on the subject of Oriental rugs and was ably led by Mrs. Swan assisted by Mrs. Ellis, Miss Harris and Mrs. Bagby. Mrs. Merchant and Mrs. Kennedy were hostesses and served delightful refreshments to the club and a few guests.

**EDITORS AND PREACHERS.**

In the beginning let it be understood that the average editor is the friend of the preacher and believes whole-heartedly in the importance and necessity of his profession.

The writer would not live in a land without churches, neither would the reader. While this is true, it is also true that many ministers continue their labors handicapped by poverty and strife within their flock that demands more than martyrdom. More ministers are handicapped from a lack of publicity of their work than from any other source. The "cornfield" preacher knows nothing of publicity and cares less. The graduate of the greatest theological seminaries in our land are not taught the value of publicity of the newspaper type, thus one of the most necessary elements of his training is neglected to seriously handicap him in his work through out his life.

Christ was the greatest advertiser of his age. With no newspapers through which to reach the public, He performed miracles, without which he would have no doubt been forgotten in one generation.

The preacher who restricts his field of endeavor to the sanctuary of his church, reaches only those who are interested, or who are already safe within the fold. This is all good and well, but the larger field remains untouched. His limited field will not permit him to sell the religious idea to the world because he has no carrier—no publicity. Those secure in the faith attend his sermons with appreciation. The larger number more in need of that information fail to be reached because no interest has been aroused through the only avenue open to them—the newspaper columns.

The average editor speaks to thousands where the preacher speaks to the few. The editor often wonders why the preacher does not modernize his practice, and may it be said to the credit of a few of our ministers in Clarendon, some of them use our columns to reach

the larger congregation made up of our readers in their homes.

It is plainly apparent that evangelization has reached the saturation point until business has been Christianized. There has been some attempt to commercialize religion, and the scheme is failing. The public looks upon the plan with disgust. They have not lost faith in the Cause, but have become disgusted with the practice.

The writer has often insisted that he be permitted to cooperate with the ministers of the several faiths. A few make a feeble effort, others make good while some even resent the idea because they have had no training on that point, do not realize the value of sane newspaper publicity. In fact some preachers are dumb in this particular, and in failing to reach him he editor can sympathize with him in his efforts to reach the masses. They are also dumb to the importance of the value of Christianity.

Conventional work holds the faithful in line with some gain, but it is not keeping up with the increase in population. Preachers prate over the fact that the Christian army has increased twenty or more percent the past year but fail to take consideration that the population has increased three times that amount.

The writer has for many years tried to prove to the average preacher that he wants to be his friend. This has been accomplished in a few instances. Perhaps this failure was because the writer did not measure up to the standard of the minister. On the other hand, it has failed because the preacher did not measure up to the standard required by the writer. The average minister is not a genius, therefore may be placed on a level with the average editor, though I do sincerely believe that the average editor has the best interests of his town at heart more as a whole than any of the preachers. If he is the right kind of a man, he can accomplish more real good because

he has a broader field and makes contact with more and a greater variety of people.

While this is or may be true, the services of the minister cannot be dispensed with because he has a particular niche to fill. This is the reason that he is accorded special privileges. No other profession has free access to our columns like the preacher. The writer instinctively appreciates the preacher who is interested in the affairs of men. That includes the whole population of the town where he is residing.

Since the editor is in a sense a preacher, the two working together can accomplish more. There is a greater demand for team work. The preacher is not entitled to any more consideration because he is a preacher. He should be allowed to function merely as a good citizen, taking an active part in lodges and civic organizations if he wishes.

The preacher who visits the business men of the town and inspires within them a welcome at his church has accomplished the feat of the few by giving them an opportunity to get acquainted with

the "man" rather than the preacher. The preacher known to the men of his town by his given name, may be expected to get results worth while. He at least shows symptoms of being human inspired with human ideals. The preacher who expects to go through life riding a vehicle of dignity alone, usually winds up under wreckage along the road to fame.

Yes, the "Still Small Voice" divinely implanted in all mankind is calling today as strongly as ever. The ministerial profession is also undergoing a complete revolution all over the world and it behooves the preacher (teacher) to modernize his ideas of presentation. People do not attend church today as formerly because the methods have become antiquated. The church must keep abreast of the times.

A nation-wide hookup of preachers and editors would give to our nation the strongest pulling power or force for good known in all history since the days of the Master on earth in human form.

If you do not think so, these columns are open to you. If you

agree with the statements herein, say so. At least DO something. Ministers may be preachers or parasites. To which class do you belong?

The Editor.

**Odd Fellowship and Its Work**

Every worthy institution and organization has been called into existence for the purpose of emphasizing some great truth and blessing to mankind.

The Church lays special emphasis on Faith in Jesus Christ, as the Son of God and the Savior of the world. The public school system stresses the thought of education, which is the basis of all progress, and makes it the dominant attainment.

The Independent Order of Odd Fellows, was born for a great purpose, and to meet the needs of mankind. This magnificent order appeared in this country one hundred and eleven years ago. Before that it existed in England, from there a charter was obtained for the organization of Washington Lodge No. 1 in the city of Baltimore, Maryland, on April 25th 1819.

Thomas Wilder was the great and moving spirit in the beginning of the organization in this country. He with four companions launched our noble order and from that beginning, the membership has grown and spread to almost every land. To-day we number over two and one half million, including the Rebekahs.

The Odd Fellows have seventy Grand Lodges, Fifty-eight Grand Encampments, seventeen thousand Subordinate Lodges, three thousand and over ten thousand Rebekah Lodges.

The order owns and operates fifty eight homes, for orphans, widows and needy. Today they are relieving the distress of about six thousand dependents. In one year the total relief paid reached the colossal sum of eight million dollars. That means twenty one thousand dollars an hour. The record of I. O. O. F. relief work can not be surpassed by any other fraternal organization.

As foundation principles of life, this order puts forth and emphasizes three essentials: Friendship, Love and Truth. These it endeavors to instill, cultivate, and develop in the lives of its members. These principles are fundamental to the happiness and success of every individual. By these principles the order seeks to improve and elevate the character of man, to imbue him with power and the proper conceptions of his capabilities for good, to enlighten his mind, to enlarge his sphere of affection, in a word it is their aim to lead a man to the cultivation of the true fraternal relation designed by the Great Author of his being. One can not be a True Odd Fellow in Spirit and truth, unless he is grateful to his Creator, faithful to his Country, and fraternal to his fellow-man.

The Order's great Commission is: "To visit the sick, relieve the distress, bury the dead and educate the orphan."

Odd Fellowship means putting the three principles, Friendship, Friendship, Love and Truth to work. First: By increasing the sum of Human happiness. God's greatest desire is that men might be happy. True Odd Fellows do not live for selves alone. They live to help and to love every one. One hundred and twenty five thousand Odd Fellows fought in the great world war, and thousands of them made the supreme sacrifice that mankind might enjoy freedom and be happy. From 1830 to the present time, Odd Fellows have assisted over five million members and widowed families and the total cost of relief has been over two hundred million dollars. Second: Not only do the principles of Friendship, but they help to make it easier to do right. Just as membership in the Church of Jesus Christ has a tendency to cause one to walk in the way of truth and right, so the principles of Odd Fellowship causes its membership to have greater respect for truth and right. Third: The principles of Odd Fellowship lived, will help persons to leave the world a little better than they found it. An Odd Fellow is ever seeking to brighten the lives of those about him.

Leaders of the organization do not claim perfection for the noble order, nor do they offer it as a plan of salvation. Jesus Christ was and is the only perfect one, and His Church only has the power to proclaim the way of salvation in His name. Odd-Fellowship offers to the world the highest things in world of fraternity, but it does not say, "Odd Fellowship is enough, and I have no need of the Church". It recognizes the and the dignity of the Church as supreme. Odd Fellowship is just temporary, for time only. The Church is permanent, it is for all eternity. The teachings of the order should inspire one to

plan to live for eternity. When the Lodge has said it's last kind word at your grave, and has provided for your widow and orphan, it has done all that it has promised to do. The doors of eternal life does not belong to the master of any lodge and they will not swing open at his commands. There is no hope of eternal glory outside of Jesus Christ. He is the only one who has the keys to eternal life.

Odd Fellowship's closing plea is that all of its members might become Odd Fellows indeed. Odd to those who are sinful and worldly. Odd to the stingy and mean, but thoroughly in harmony with God and Man. It is the business of Odd Fellows to learn the truth, the truth about God and the great hereafter. "Ye shall know the truth and the truth shall set you free." "I am the way the truth and the life, and no man cometh unto the Father but by me". To see the truth is to see Jesus, to see Him is know and love Him, to know and to love Him is to obey and to serve Him. **BE A REAL ODD FELLOW, BE A CHRISTIAN.**

Old Tack of Amarillo presided over the morning session largely with a question box program Saturday morning. John L. McCarty of Dalhart spoke to the subject of "How a Newspaper May Best Serve its Community." Carl Gallagher of Quanah and J. S. Engleman of Tulla discussed "Editorial Expressions in News Columns."

A banquet was served the membership at the Masonic Temple through the courtesy of the Amarillo News-Globe and Gene A. Howe.

In a contest to secure the Association meet for next year, Plainview beat Amarillo in a vote of 39 to 12. Olin Hinkle of Pampa was elected president and T. A. Landers of McLean vice president for the coming year. Lyman Robbins was re-elected secretary. John McCarty of Dalhart and H. B. Adams of Lockney were elected to the Board of Directors.

Mary Helen Hardin of Childress, adopted member of the Association, contributed vocal solos in great number as did the three talented daughters of Rev. H. A. Shaw.

The meeting came to a close in late afternoon. Over a hundred newspaper people and salesman attended breaking all records according to old timers.

**Home Demonstration Club Has Two Day Market**

The Clarendon Home Demonstration club staged the best market period in its history when foods were offered for sale at the West Texas Utilities building Friday and Saturday.

Dressed poultry, canned fruits and vegetables, preserves, jellies and relishes largely made up the offering. Pot and cut flowers were also offered. The financial returns will be used to defray the expense of a representative to the A & M Short Course this summer.

en its place in making civic history for this section of Texas.

Rev. Robert S. McKee, representative of the Lions Club by special invitation, brought to the Rotarians a message of good-fellowship and pledges of hearty cooperation from the sister organization. In his inimitable manner of sincerity, Rev. McKee presented to the new Rotary club a beautiful American flag, a gift from the Lions club, which was received most graciously by President Jenkins.

Visiting Rotarians from the Ralls club, under the leadership of Ed McLaughlin, contributed a comic quartet "Coming Round the Mountain".

Rotarians Robert S. Cope, Jack E. Jones, R. E. Drennon and Denis Davis sang "Kentucky Babe" and as an encore number sang the Rotary club song.

Rotarian Ann Christine Stroder contributed a piano solo and Rotarian Robert S. Cope a vocal solo.

Rotarian A. T. Cole addressed the assembly enumerating from a layman's viewpoint, the advantages of being a Rotarian. Judge Cole's address was the only individual speech made by a local Rotarian, his eloquence evidently convincing them that there was nothing more to be said on the subject.

The ladies of the Presbyterian church serving the luncheon did themselves proud in the variety of food, unbeatable quality and manner of serving. This service was replete with paper caps, horns, etc. that go into making a banquet a complete success.

**Man Charged With Filling Station Job Gets Off With 22 Years**

It will be recalled that during July of last summer, a load of produce was stolen in Amarillo and on the way down to Clarendon, the party stopped at Washburn and is said to have been in the act of robbing the filling station when the owner came on the scene just in time to be knocked in the head with a heavy instrument.

Officers here captured the truck east of town by shooting the casings. A man giving his name as Jack Green was in charge of the truck and was returned to Amarillo. Green was tried for the filling station charge at Claude Wednesday and given 22 years. He will also have to serve 2 years from Potter county for having taken the truck.

Bill McCarty, with Green at the time of the arrest, was liberated when he proved that he had nothing to do with the series of crime charged to Green.

**Chicago Has a Norfleet And Needs Many More**

Frank Norfleet of Plainview rounded up three men who swindled him out of his life's savings tho it took him two years to do the job. He saw them behind the bars or in their graves. Now it appears that similar talent has cropped out at the Nation's rottenest cess-pool of crime.

Like the tradition of the Northwest Mounted Police, that they always get their man, is the story of Arthur Cutten of Chicago, who for eight years has been on the trail of bandits who robbed him, tied up his wife and servants, locked him in a basement vault to smother, as they thought, and left with a small fortune in cash and jewelry. So effective was Cutten's pursuit that he has landed most of them in prison and recently caused the arrest of another, the leader of them all. He has accounted for all but one, whom he will run to earth and bring to justice, he declares, if it takes eight years more of effort. He is quoted as saying, "I will spend every dollar at my command, if necessary, to put them (all) where they belong—behind bars." Considering his performance thus far, the chance is that he will do it. His is a determined character, not to be diverted from the task in hand until it is finished.

There is a lesson here for police officers who have not generally the Cutten type of perseverance in running down criminals. There is room for believing that if more of the Cutten relentlessness in pursuit were employed by police there would not be quite so much crime. —Alabama Journal.
