10 Lions Receive Rewards For Perfect Attendance Dues

Pianist and Ten Members Are Credited With Attendance Over Thirty-Three Weeks

Gus B. Stephenson is the latest member to enter the Lion's den, he having been initiated into the mysteries at the Tuesday luncheon hour of the club held at the Antro hotel. In delivering the required Cub oration, the victim was required to spend his opinion on "Einstein's theory of relativity as applied to the 18th Amendment."

His effort resulted in a fine of \$1.25 as measured with the approval of his fellow tormentors. He paid the account in saxophone solos which appeased the wrath of what appeared to otherwise be an enraged and disgusted membership.

The ten members having a perfect attendance record, and the pianist, were each presented with a beautiful lapel pin.

Lions Guy Hill and Bob Sandusky of Shamrock, and Rotarian Oscar L. Jenkins of Clarendon each responded to a request for a speech.

Lions Kemp and Nored called attention to the motorcade trip to the Ashtola community that evening and were assured of an enthusiastic attendance. Adjournment was had in regular order.

Poppy Sale Meets Approval Ladies Auxiliary

The poppy sale conducted under the auspices of the Auxiliary of the American Legion netted \$69.00. This amount will be forwarded to headquarters to aid disabled veterans of the World War.

These poppies are made by disabled veterans in the hospitals for which they are paid a sum of one cent each direct. Any profit made from the sale is then used in behalf of the same men where most needed.

Those superintending the local poppy sale were Miss Florence Fink, Mrs. Ralph C. Kerbow and Mrs. C. G. Stricklin up until 12 o'clock. In the afternoon, Mrs. J. J. Robinson, Mrs. Barcus C. Antrobus, Mrs. V. A. Kent, Mrs. L. L. Swan and Miss Roma Ellison had charge of the sales.

Lelia Lake Will Entertain Community Visitors Thursday

Club Members Will Serve Lunch to All Visitors At 7:30

All community visitors expecting to make the program affair at Lelia Thursday evening are asked to arrive hungry and enjoy at a very nominal cost of thirty-five cents, one of the best lunches the Club ladies and girls can arrange. That means it will be just right.

Local talent of Lelia will be asked to take part in the program supplying numbers of their own choosing.

The folks going from Clarendon will take the High School Band to provide plenty of band music. Gus B. Stephenson, band leader, will favor the crowd with one of his saxophone solos.

There will be dancing of the colored comedy type by Loyd Stallings and Bill Wilder that made such a hit at Ashtola last week.

An entirely new feature in community entertainment will be the stunts by one of Donley county's public men and a magician of note. If you like magic, you will see it on this occasion in all forms.

Billy Chamberlain will deliver one of his famous addresses on the subject of medicine history, its possibilities and relation to evolution, mutation and convolutions.

There will be no admittance charge to see the big show from 7 to 11. Every one is welcome according to the Lelia Ladies who are putting out the invitation to visit their thriving community and get better acquainted.

Ashtola Folks Entertain Clarendon Visitors Tuesday

Funds From Cream and Cake Sales Amount to \$42.80 For Two Funds

The ladies of the Ashtola community realized a total of \$42.80 from ice cream and cake sales on the occasion of the community get-together held at their school house Tuesday evening when 165 Clarendon folks visited them by special invitation.

One-half of the fund will be used in helping to pay for the lightning system at the schoolhouse and the other half will be used to help defray expenses of a delegate representing the H. D. Club to the Short Course at A & M this summer.

The band struck up an energetic air as the first number on the program which was followed by Loyd Stallings and Bill Wilder doing a black face dancing act. A number of specialty numbers were put on by members of the band, Gus B. Stephenson leading in compliments with a saxophone solo.

T. R. Broun, County Agent explained the object of the advisory board and asked that a representative of the community be selected in the near future to act with the Chamber of Commerce of Clarendon that rural conditions may receive more direct attention.

T. D. Nored, Vice President of the Clarendon Chamber of Commerce was master of ceremonies for the occasion and acquitted himself in an able manner despite the heat and the fact that he was playing on his own.

The next similar meeting will be held at Lelia Lake Thursday evening of this week. The Club ladies on this occasion will serve lunches instead of cream and cake.

Donley County Crop Conditions Are Generally Fair

Effects of Heavy Early Rains Compelled Some Re-planting

Crops in Donley county got off to a slow start due to heavy rains earlier in the spring followed by sand storms. Farmers in their eagerness to plant early, have in the most part replanted the second and even the third time on tight land since the beating rains.

Cotton, corn and feed stuff planted since the last rains is coming up to a good stand with plenty of moisture to keep it growing for some time. Only those who failed to stir the soil early are lacking in moisture according to reports from several sections of the county Saturday.

The feed acreage will be somewhat larger this season due to the fact that the county did not produce enough feed last season to supply the demand for planting the present crop resulting in several thousand dollars being spent outside the county which should have been spent with home growers.

Wheat production is cut at least half due to insect ravages. Up until a month ago, prospects for a bumper crop were in evidence. At the present time, large spots of yellowed grain stalks probably caused by the wheat straw worm are to be seen in most of the fields greatly reducing the yield.

Truck patches are more numerous this season, most of the melon growers preferring the jumbo variety due to the haul to market. Tomatoes, the second truck crop in importance, has just started except where transplanted plants were set out.

Black eye peas bring several hundred dollars to Donley county farmers every season at a time when it is most needed, and this crop is being enlarged over last season.

Poultry products and cream prices are at a low ebb and farmers are somewhat discouraged. Eggs are selling at twelve and a half cents and cream twenty cents

Chamberlain Community Has Singing Sunday Night

In talking over community affairs, A. N. Wood, formerly of Jack county, says that he met up with a lot of good singers at Chamberlain Sunday night where he led in the singing a part of the time.

Oscar Barham and Randolph Wingo and Messrs. Bennett and Smith, all of Leslie, came over to sing with the folks. The audience filled the house and enjoyed the program of all kinds of singing from sacred music down to comedy stuff that got a laugh out of every one. A. L. Millisp thanked the folks and asked them back again.

Hedley Theatre Installs Talkie Equipment

So far as is known, no other town the size of Hedley can boast of a 'talkie' equipment. H. W. Lee, owner of the picture show of that town has recently made this installation and is well pleased with the success he is having in increased patronage.

Mr. and Mrs. Earl Huffman of Whitedeer who have been visiting the lady's parents, Mr. and Mrs. C. D. McDowell, left Sunday for Illinois where Mr. Huffman will attend the university this summer.

MISSIONARY SOCIETY

The Missionary Society of the Methodist church will meet in the church parlors at 4 p. m. Wednesday, Mrs. J. G. Sherman will lead in the Bible lesson taken from the Book of Acts, 23rd and 26th verses inclusive.

at the present time.

Pressure cookers are being used and very few farm wives are overlooking the economy of canning a variety of fruits and early vegetables at this time. Several are canning for the home market which is being sponsored by the local banks.

Clarendon Motor Company Enjoys Good Month

While summing up conditions Saturday, a reporter of the Leader was surprised to learn of the sales record of the Clarendon Motor Company for the month of May. One hears so much these days about hard times and dull sales, that possibly there is a mistake in concluding that business is altogether dull.

This company sold 27 used cars during the month, and four trucks, four coupes, one coach, two club sedans, one panel delivery. Mr. Kemp is looking forward to a better business for June since the grain crop will be moving.

State Press Meeting Will be Held at Corpus

Corpus Christi, beautiful coast town of Texas, will entertain the State Press Association membership June 12-13-14. A special edition of the Caller-Times is said to be necessary in order to publish all the pictures of publicity seeking newspaper men who have already mailed their cuts to the publisher.

Local Boy is Educated in Odd Fellow Home

Upon the death of his father some six year ago, Jim Ben Williams was sent to the Odd Fellow orphanage at Corsicana by the local lodge of which his father had been a member up to the time of his death.

This week he returns a graduate of their high school department and will continue his studies in an engineering school this fall. Insurance money left him has been held by the company under direction of his guardian, Mr. E. L. Lewis of Lelia Lake, on whose farm the father and son lived.

The mother died from tuberculosis in New Mexico while this boy was an infant. His father died of typhoid fever at Corpus Christi while on a visit there six years ago. The young man has a promising future having made good in the school as a portege of the local Odd Fellow lodge, and also made many friends during the past six years.

Jake Victims Increasing in Numbers Daily

Analysis made in Amarillo verify the fact that jake contains a form of lead bearing the name of synthetic isopropyl alcohol which carries a high lead content. Physicians declare that fever, headache, limber neck and jake are caused from the lead poisoning.

No cure has as yet been found and many victims as a result are going to Mineral Wells and Hot Springs. A recent visitor to Hot Springs, New Mexico stated that he saw at least 200 men and boys affected by drinking the stuff, and who are practically all invalids.

Mr. and Mrs. J. O. Quattlebaum will leave Thursday for Modesto, California.

Five Bands In Musical Festival Here On July Fourth

At a meeting of the Board of Directors of the Chamber of Commerce here Monday, a band committee of twelve was selected to have charge of musical arrangements for the big celebration July 4th when Clarendon will entertain the folks of this trade territory.

Five bands—McLean, Wellington, Memphis, Esteline and Shamrock will be asked to take a part in the musical festival. The last two have already accepted the invitation to be present and help in the biggest musical event in the history of the town.

Band music will be furnished each attraction from 9 a. m. until the final closing late at night. A mass concert of all five bands will be held in the afternoon. A banquet will be served the members of the visiting bands in the evening followed by a parade on the streets.

Our local band will visit McLean on the occasion of their three day celebration the last of the month and invite the public over and otherwise advertise the picnic and musical festival to be held in Clarendon July 4th.

Piercy Grooming Fine Hogs For Fair Exhibit

With a herd boar measuring 46 inches in height and 64 inches in length, C. R. Piercy says "I propose to hang 1100 pounds of meat on that frame and take the prizes at Amarillo and Clarendon this season." He expects to exhibit about seven head in all.

He has on an average of fifteen to thirty head of good registered hogs that are of the kind that are classed as "mortgage lifters" back east. They work wonderfully well in old Donley too. He has some choice stock for sale now. Read his ad in the Classified Column in this issue.

Harold Bugbee Has Exhibit At Abilene

Harold Bugbee, cowboy artist and son of Mr. and Mrs. C. H. Bugbee of this city, has on exhibit in the Wooten hotel at Abilene his best collection of pictures. He is making this exhibit by special request of the hotel management for the week, or until after the dedication or opening of the new hostelry on June 7th.

Daily Vacation Bible School Begins Wednesday

The Daily Vacation Bible school at the Presbyterian church will open Monday, June 9. The school will run 5 mornings a week, for two weeks and will be open to children from the ages of 6 to 12, with a special class of in Bible Geography and the Life of Christ for 13-14 year old registrants.

The study course for the 6 to 12 pupils will be on the general themes of the Bible and Missions, supplemented by Story and Play periods.

The hours for the school (for 6 to 12 pupils) will begin at 8:30 a. m. and close at 10 a. m. The special class of 13 and 14 children will meet at 10 and close at 11:30.

Registration may be made this week to Mrs. J. E. Mongole, phone 241. Final opportunity for registration will be given in the basement of the Presbyterian church, Saturday, June 7, between the hours of 9 to 10 a. m. A registration fee of twenty-five cents will be made.

Business And Professional Women Meet Tuesday

Twenty-One Members Enroll At First Gathering of New Civic Club

The basement of the Presbyterian church gaily decorated hummed with enthusiastic voices of feminine representatives of the business world Tuesday evening upon the occasion of the first official gathering of the Business and Professional Women's Club.

Beginning with a membership of twenty-one bodes well for Clarendon's latest acquisition to her list of civic clubs, the official family of which was given in the Leader of last week.

By-Laws and Constitution were adopted and special committees appointed as auxiliaries to the best interests of the Club. The Program Committee is composed of Misses Fray Stallings, Lorena Stegall and Aileen Parks.

A Recreational Committee to plan the amusement and other diversion being of utmost importance, Mrs. Louis Holloway and Misses Norma Rhode, Rhoda Wiedman and Katherine Patrick will see that interest does not lack in this respect.

Lest some might forget, an 'information committee' composed of Mrs. Mae Shaver, Miss Mantie Graves and Miss Gwendolyn Couch will use the telephone to advantage in acquainting the members with the day and hour of club meetings.

June the 10th is the next meeting date and the membership has the assurance of a full program of interest for that meeting which will be held in the spacious basement of the Presbyterian church.

Comedy Play Is Planned By Ladies Of Club Room

Two Hundred Will Compose Local Talent Play On June 19th and 20th

Ladies of the Club Room have made arrangements for the presentation of a screaming comedy, "Corporal Eagen" to be presented in the College Auditorium two nights of June, the 19th and 20th.

This famous war comedy is said to be entirely new in the field of community entertainments and with a careful selection of cast, will no doubt go over strong.

"Corporal Eagen" has a record of large and appreciative audiences and good press reports throughout the entire country. The production will be offered by 200 local people and promises to be an unusual success. The show is a story of Rookie life, and is filled with unusual group settings and costumed people in choruses, a short Minstrel and many other features. In addition to all these, there is a play proper which is exceptionally good. The short Minstrel is one of the high spots of the show.

The show is a screaming comedy from start to finish and will use a number of local business men in unusual comedy parts. Reports from all over the country show that it has been a tremendous success wherever staged.

Donley County Produces Big Variety of Berries

Merely to show the possibilities of fruit growing in variety in Donley county, the editor of the Leader grows a bigger variety of small fruits than possibly any other citizen of the county.

During the past week, Mrs. J. C. Estlack has put in glass containers a large quantity of jams, jellies and preserves made from gooseberries, blackberries, dewberries and raspberries. All of this fruit was grown in a back lot in Clarendon.

The size, flavor and quality is up to the standard and the productivity is on a par with anything grown in this class in the older settled sections of the middle states.

Rotarians Adopt Another Rotary-Ann Friday Luncheon

Local Club is One of Ten Having Highest Record of Attendance

Members of the local Rotary club were pleased to learn from their President Friday during luncheon hour, that this Club was one of ten having highest percentage of attendance last month. Another item of interest was the fact that Commander Byrd, a Rotarian, took a Rotary flag to the south pole on his recent expedition.

Due to the fact that the Club is without a Rotary-Ann since Miss Stroder left at the closing of school, the members are elated to know that Miss Rhoda Weidman is now a full-fledged Rotary-Ann by adoption, she having been received with the usual pomp and ceremony at this meeting. She is to be given the customary 'nickname' at the next meeting.

The subject of "West Texas Utilities Company" was discussed by J. C. Estlack as a part of the program presented each meeting under direction of Robert S. Cope, chairman of the entertainment committee.

T. D. Nored, local manager of the Utilities company was a special guest. F. A. DaMert of Chicago was also a special guest of the Club at this meeting. Each of the gentlemen expressed their appreciation of the opportunity of being present and each told the customary joke.

Mr. and Mrs. Matt Davis of Ralls spent the week end here in the home of Rev. and Mrs. L. A. Reavis.

Mrs. Fred L. Chamberlain and children are visiting in Colorado Springs. Mr. Chamberlain accompanied them there returning home Sunday.

Mrs. A. C. Hallmark and little daughter Nancy Beth, have returned after spending the week here with her parents, Mr. and Mrs. S. B. Kutch and Mr. and Mrs. Fred Buntin.

Seed Treatment Prevents Smut in Wheat

Seed wheat treated to dipping in formaldehyde as practiced by Mr. Leach on the Finch Brothers ranch south of Hedley this season shows remarkable results. Forty-four acres of treated seed shows no smut at all. Four acres planted with untreated seed shows six smut heads to the square yard. Observations were made this week by T. R. Broun, County Agent.

ANGELINE DUBBS

CLARENDON, June 2.—Miss Angeline Dubbs, daughter of Mr. and Mrs. W. F. Dubbs of Clarendon, will receive her A. B. degree from Texas Christian University, Fort Worth, June 2. She has majored in the field of English, with a minor in Spanish. At T. C. U. she is a member of the Y. M. C. A., Uppettes (Jarvis Hall society for upperclass girls), and Los Higaigos, Spanish club.

Miss Dubbs is a native of Donley county and grew to womanhood in Clarendon where she received her primary education. She has always taken an active interest in church and Sunday school work in the Christian church where her musical talents have also been in demand.

She taught in the public schools of Goodnight for two years before entering T. C. U. and will have charge of the Spanish classes of Vega's high school the coming term.

Mr. and Mrs. W. F. Dubbs are in Ft. Worth for the graduating exercises this week and will be accompanied home by Miss Angeline Wednesday.

SHADES OF HADES!

A Dallas nut breaks into print with the statement that of all Texas lawyers, Moody compares most favorably with ability of Senator William E. Borah.

JOKING BANKER

As a general rule, a banker does very little joking or playing pranks in his place of business. Last week Harry C. Dorweiler, cashier of the Farmers State Bank of Hamel, Minnesota shot a robber in the neck while being herded into the vault. The joke was certainly on the robber that time. Yes, he killed him.

BOTTINEAU COURANT

One of the very best exchanges that comes to our desk is the Bottineau Courant published in Bottineau, North Dakota. The Masthead carries the statement "owned and controlled by about 400 Bottineau county farmers" which accounts for the bold stand which the paper takes on issues affecting the farming folks of that section.

The Courant is an eight column, ten page weekly selling at \$1.50. Should any of our friends desire to read a real farm weekly, send them a dime and look it over.

RADIOS and ROUGHNECKS!

Just a few years ago the Hatfield family of the Blue Ridge mountains were being hunted down by peace officers because they had dispensed with courts and other legal procedure. In fact the family had been engaged in a feud for a half century according to reports.

Now our government is to make a noble experiment by placing a radio in the home of the leader of the family by that name that results, civilizing or otherwise, may be studied. The antics of a gun man when he differs with his radio message might prove a curiosity when he learns that bullets do not stop the voice.

JUSTICE and JURIES

It's just too bad if a fellow gets into trouble these days unless he has practiced law. A legally trained mind is supposed to be irresponsible. If he commits a cold blood murder it is sure to be in self defense or temporary insan-

ity.

There's poor old Monk Twitty over in Wheeler county awaiting the electric chair for having assaulted his niece of four years. Doesn't know any more about law than a tom cat. He is cross-eyed and acts and looks nutty, but his lawyers failed to prove where he had ever represented a client in court and the old boy was blown up and had to be given justice.

ENLIGHTENING HEATHENS

A bill is now before Congress advocating the purchase of a Gutenberg Bible while it may be had at a bargain. The book is the private property of one Otto H. F. Vollbehr and is one of three copies extant in the land of Christendom. The price, including about three thousand "incubula" is only \$1,500,000.

Incubula is not the name of a soap or a newly discovered hair tonic, it simply means an ancient document. If this rare old book will add dignity and a brighter lustre to Biblical truths, it is a good investment. At the same time it might be well to remember that the Society of Gideons have placed a Bible in each room of thousands of hotels for a few thousand dollars.

RESOURCEFUL EDITORS

Possibly the Dallas printing house thought Aubrey Dobbs of the Wellington Standard was about ready to play his 'last tune' because mail order programs were used at the dedication of the Methodist pipe organ in that city recently, and on which program appeared the name of friend Dobbs chalked up for a 'violin solo' of a classic type.

In order to prove his resourcefulness, Editor Dobbs played. He may never do it again on account of the reception given him on this occasion, but he did it just once to prove to the mail order house that he was equal to this and all other occasions.

As a matter of fact, the only previous connection that Editor Dobbs ever had with a musical program was when he played the devil in a country print shop.

WANTED: A GOVERNOR.

People down state have discussed and passed judgment upon practically every candidate for gubernatorial honors, with the exception of Senator Small. Mud slinging and hell-raising tactics have been discussed. Inefficiency has come in for a good share of attention for the past four years.

In this connection we would ask that Senator Small's record be carefully considered bearing in mind the fact that his home people have honored him with practically every office within their gift and that he has filled these offices with efficiency.

It should be further remembered that his home people, people of the Panhandle who know him and his record best, insisted that he make the race long before he made his announcement.

THE HANDWRITING.

Having seen the handwriting on the wall after the Literary Digest fizzle, and bearing in mind the result after citizens of Texas spoke at the last general election, Love and Moody are falling over each other in getting to the public with a prohibition cry.

Now comes Mrs. Miriam Ferguson going them several better by declaring that if elected, she will not only see that prohi laws are enforced, but will make an effort to secure the passage of a law that will prevent any officer, executive, legislative or judicial, from holding office until after he shall have made affidavit that he or she has

not tasted booze in any form for a period of six months next preceding his or her election.

Mrs. Ferguson reasons that a patron of a bootlegger will not attempt to catch a bootlegger, or that a judge who imbibes might be too lenient. That all sounds very well except that it will make liars out of a whole lot of fellows who are now getting by with it in a manner that commands reasonable respect.

THE CRIME INDUSTRY

Huntsville, Ala. News: Seventy per cent of the crime in this country is committed by an organized industry, and chances for the champion, told the committee on Frederick, former amateur pistol criminal member to escape are 85 per cent in his favor, Karl commerce of the American Bar Association.

Mr. Frederick asserted that most organizations seeking to prevent crime spend too much time considering the regulation of pistol sales when as a matter of fact only two per cent of pistols are owned by criminals. He urged the committee to consider the other 98 per cent of pistol owners who are law-abiding citizens.

"When you attempt to regulate the sale of fire arms," said Mr. Frederick, "you do not hit the criminal, because he can always make a pistol. It is a simple matter, and any high school youngster who knows anything about chemistry can manufacture gunpowder."

"You cannot attempt to check crime by regulating pistol sales, because pistols do not check crime. You must get to the root of the evil. End all political affiliation with crime and you are making good progress. Only the reformer believes that crime can be cured by legislation."

SHOCKING CONDITIONS

Lamentable conditions shattering delusions of Hoover prosperity in a county not far removed from Clarksville have recently come to light. People over the state have no idea of the actual conditions of that section.

Citizens whom neighbors have envied as wealthy, enjoying possession of much cash, have turned out to be paupers. They really are not sure where the next meal is coming from. Handsome residences viewed from the outside are bare within, very little furniture and

that of little value—not even a radio.

Gems and jewels, diamonds and ornaments have entirely disappeared—sold possibly to buy bread, pledged for debts or exchanged for badly needed clothing. Women sew by hand as the machine is too old to be of any service. Others toil weary hours over a wash tub not being able to own washing machines.

People tell time by the sun or not at all because they have neither clocks nor watches, and what few they do possess are on the blink and worthless. The expensive auto of last season is today but a battered wreck likely the result of the owner touring the country in search of a job.

The boasted prosperity of the town booster is a joke. The exterior appearances of material comfort and well being is a shallow pretense. The folks of that district are simply in a devil of a shape and the conditions existed before the last flood.

These horrible conditions were not disclosed by a commission appointed by Hoover. Neither did they become known as the result

Local Pupils Recipients of Degrees at Canyon

Among the large number of Texas pupils to have degrees conferred upon them by the West Texas State Teachers' College at Canyon last week were Lois Bairfield, of Clarendon who received the degree of Bachelor of Science and Hessie Jane Holland, also of Clarendon, who received the degree of Bachelor of Arts. Mary

Boston of Hedley received the degree of Bachelor of Arts in graduating at the same time.

Limestone County Texas Sets New Record

Aside from other wonderful claims, Limestone county has the longest wedded couple according to their claims in the persons of Barry Dees, aged 100, and Mrs. Dees aged 90. They are both natives of Alabama and have been married 74 years. Mr. Dees has used tobacco of the 'eating' kind for the past 84 years.

Miss Dorothy Wright, daughter of C. A. Wright, who has been teaching at Rock Crossing near Vernon the past term, returned home Friday.

ENERGY

Man's command of energy has always had a great deal to do with his well-being.

The energy of his own muscles, the energy of animals—and finally the energy brought to him over the electric power lines—all these he has commanded in increasing the amount of work he may do.

Most flexible and efficient of these is electric power. It is versatile, it is inexpensive, and it is delivered wherever it is needed, whenever it is required, and in great or small quantities as the user may desire.

Serving 113 prosperous cities, towns and communities in West Texas, this company's transmission lines give an ample, economical and flexible supply of electric energy for farm, factory and home.

BRICE

Ben Hill and family of Clarendon moved back to the Flat Wednesday. As the old saying goes, "The old cat comes back", there's no place like Brice.

Mr. and Mrs. D. L. Russell and children were callers in Clarendon Saturday.

Messrs. Jack Perkins and Shorty Kennedy enjoyed fishing at the Crews lake Wednesday.

Mr. and Mrs. M. L. Pittman and little son, Luther Nyal, of Martin spent Monday night with her brother, Mr. Lafe Smallwood.

The young people enjoyed a party at the home of Mr. and Mrs. Marvin Aduddell Wednesday night.

Mr. Bill Lewis and Mr. and Mrs. Jack Perkins motored to Littlefield Sunday for an outing.

Mrs. Gillespie from near the coast visited her children here a day and night this week.

We had as callers in the Flat Sunday afternoon Mr. and Mrs. Ben Hill of Clarendon and Mr. and Mrs. Ernest Hill and children of Goodnight.

Mr. W. W. Crawford of Clarendon is painting the Ben Hill store here this week. Unfortunately we have had quite a bit of sand this week and the sand and paint are not mixing very well.

Mr. Swift, county Superintendent was a pleasant caller in the Flat Monday. He and the trustees of this place had a business meeting.

Messrs. Henry Youngblood and J. M. Dixon of Clarendon were callers in the Flat Monday.

Mr. and Mrs. Higgins had as guests Monday night her sister and children.

Mrs. Dale and children of Seagraves are visiting in the home of her aunt, Mrs. N. L. Murff this week.

Mr. Bill Lewis had Mr. and Mrs. G. A. Little of Chamberlain as guests in his home Friday night.

Mr. E. T. Pattillo of Lubbock was a guest of Mr. and Mrs. Jack Perkins.

CHEVROLETS PASS THE SEVENTH MILLION MARK

Detroit, Mich., May 30—The seven millionth car built by the Chevrolet Motor Company is on its way to its owner somewhere in America. The epochal car, which happened to be a coach, rolled off the

assembly line Wednesday morning, May 28, in the company's huge plant at Flint, Mich. The car was the 1,845,938 six-cylinder car produced by Chevrolet since this model was brought out in January 1929.

Chevrolet's newest record-maker arrived without benefit of ceremony except for the cheers of the workmen along the final assembly line who halted work long enough to give it welcome and watch it being driven to the loading docks for shipment. Then work was resumed and not many seconds later Car N. 7,000,001 went to join its historic companion.

Various dates in the life of the Chevrolet Motor Company on which the millionth car marks have been passed furnish a graphic picture of the rapid strides made by

the company to its position of 6-cylinder leadership in the industry.

Nearly 12 years elapsed after the company's organization before the one millionth car was built, on Feb. 27, 1923, but the second millionth car rolled off the assembly line less than two years and five months later, on July 20, 1925. A year and six months later, on Jan. 13, 1927, the three millionth car was produced. Thereafter less than a year was required to reach each of the succeeding million marks. The four millionth was produced, on Jan. 11, 1928, in 363 days; the five millionth, on Sept. 8, 1928, in eight months, three days; the sixth millionth on June 25, 1929, in 9 months, 17 days. The seven millionth mark, just passed, was reached in 10 months, 25 days.

Commenting on the production of the seven millionth Chevrolet, W. S. Knudsen, president and general manager of the company, declared that building a million 6-cylinder cars in less than a year is an outstanding indication of the enthusiasm with which the public

has received a 6-cylinder car in the lowest priced field. This class, he explained, offers to buyers to a greater extent than ever before the quality and performance formerly available only in cars of higher price.

SAGGING BARBED WIRE is an invitation to your neighbor's livestock to take dinner on your property and at your expense.

You can stop these free meals by using COLORADO Cinch Fence Stays—the patented wire stay that prevents sagging wires and makes barbed wire fences strong and tight.

Cinch Fence Stays cost but little and take only a few seconds to apply. They are fireproof and ratproof. In erecting new barbed wire, they will save you money because you can set your posts further apart and have just as strong a fence.

• YOU MERELY twist the stay down over each successive strand and then give the forked end a twist with the pliers. That's all there is to it.

BAPTIST CHURCH NOTES
 The past week was a busy one and a far reaching one, both in the local church and in the Association. The S. S. Enlargement Campaign brought a greatly enlarged vision, both as to the things to be attempted in the S. S. and as to the unenlisted possibilities in each community. The Campaign did not end with the "Graduation Exercises" at Memphis, Sunday afternoon, at 2:30; but plans have been made for that quiet, persistent follow-up work that brings permanent results.
 Sunday was another good day. We were glad to welcome into our membership, Mr. Claude Warren, manager of Chenault's local store, who transferred his membership from Electra.

Mr. and Mrs. Earl Humphrey visited relatives at Pampa returning home Sunday.

OUR WEEKLY CHURCH CHAT

Pentecost—The Birthday of the church.
 Nineteen hundred years ago, a great event happened in Jerusalem. It was the day of Pentecost, the first Pentecost after the resurrection of Christ. The apostles were waiting in Jerusalem. They were baptized with or in the Holy Spirit. Filled with this power, Peter preached the death, burial and resurrection of Christ, as facts for the first time in the history of the world. These facts constitute the gospel (1 Cor. 15:34). Peter also stated the terms of pardon, (Acts 2:38). Three thousand heard and believed the message, repented and were baptized. Thus church was established. Thus in Jerusalem, on Pentecost A. D. 30 was the church born. That Pentecost was a day of great beginnings.

1. The beginning of the preaching of the Gospel. The gospel facts could not be preached until they had occurred.
 2. The beginning of the rule of the Holy Spirit. He came on Pentecost to abide with us forever (John 14:16).
 3. The beginning of salvation through Christ. For the first time sinners asked what they must do to be saved, were told what to do, and did what they commanded to do, (Acts 2:37-47).
 4. The beginning of the Christian era. The old institution was completed with the death of Christ (Matt. 5:17, 18; Col. 2:14).
 5. The beginning of the church of Jesus Christ. It was on body (Eph. 4:4). It was the body of Christ, (Eph. 1:22, 23). Jesus Christ was the creed (Acts 8:37; 16:31). The rule of faith and practice was the apostles' doctrine, (Acts 2:42). The Head was Jesus Christ; His will, the absolute law

(Eph. 5:23). The mission of this body, or this church, is to evangelize the world.
 Pentecost a glorious day in the annals of religion. The culmination of the old and the ushering in of the new institution.
 Those who hear, believe and obey the gospel today; who continue steadfastly, as individual Christians, in the apostles' doctrine, in the breaking of bread, in fellowship, and in prayer; who have all things in common, and minister to each other's needs; and who withstand all opposition to the pure gospel, and go everywhere preaching the Word—constitute a church of Christ in the fullest sense of the term. Let us not neglect to stress any of these items in the restoration of the primitive church. What we need today is not a church for the twentieth century, but a reproduction, on every particular, of the church of Jerusalem, the church of the first century. If the world is to be evangelized, we must restore the original institution as it existed on Pentecost, as it was set up by the Spirit of the Living God.
 On Sunday June the 8th, we are going to celebrate the Birthday of the church, with appropriate services, songs, and sermons. We are planning for an all day service, see the program printed elsewhere in this paper.
 W. E. Ferrell, Minister, First Christian church, Clarendon.

A DAY OF SPECIALS AND SURPRISES

Sunday was a day of Specials and Surprises at the First Christian church. Little Miss Mamie Isabell Ferrell, sprung the first surprise during the Bible school session by singing a special solo. At the morning services the Men's Bible class, known as the Loyal Boosters, had charge of the singing. Their special number was led by Mr. A. N. Wood, accompanied at the piano by Mrs. W. E. Ferrell. The song was enjoyed by every one and already plans are being made to have the class to do more singing. For weeks the church had been looking forward to a great afternoon service. A world wide broadcast of the program of the New Testament church was being put on the air, over the Columbia chain stations and a Majestic received had been installed in the church by the local

dealer J. H. Redfern, but at the hour of the broadcast, interference was so great that the local pastor had to preach a special sermon to the great audience which had gathered at the church for radio program. Rev. Ferrell, preached a sermon, on the subject, "The Church of the New Testament." By using a black-board chart he was able to place before the people some important information about the church, and everybody enjoyed the service.

CHURCH OF THE NAZARENE

We believe in the name Nazarene because of its expressions, meaning a branch, a part of. We do not claim to be the only ones that are Christians in a bible sense, but we do claim to be a part of and living a part of the church of Jesus Christ, have received the commission go teach all nations, therefore to the extent of our ability we must carry the gospel news not with dimonstration (human) nor with inticing words of men's wisdom, but in the spirits power, that men may be warned against sin, and pointed to Christ, which taketh away the sins of the world for, not by works of righteous which we have done, but according to His mercy He saved us by the washing of regeneration, and the renewing of the Holy Ghost: Titus 3:5.
 Services each Sunday at 11 a. m. at the court house. Everyone invited.
 J. P. Fisher.

All the churches of Christendom will observe the nineteen hundredth anniversary of Pentecost next Sunday, June 8.
 In line with this, the Presbyterian church will not only hold special services next Sunday morning and evening, but will also have a special service of prayer and preparation Wednesday, 8 p. m.
 Mrs. King Stevens, society editor of the Memphis News and wife of editor King Stevens, was a visitor in the Leader office today while attending to business in Clarendon.
 Miss Daisy Pruett of Estelline spent the week end here as a guest of Miss Obie Crabtree.
 Mrs. J. W. Morrison is visiting relatives at Dallas.

ASHTOLA

Sunday school Sunday morning with a large attendance, after Sunday school, Bro. Lewis of Clarendon preached us a very interesting sermon.

There was no E. Y. P. U. service Sunday night, but will be next Sunday. So we urge all young people to come because we want to reorganize the union.

Misses Merle and Laura Mae Harp who have been visiting their sister, Mrs. Johnnie Rex McClellan the past two weeks returned to their home Thursday evening.

Mr. Joe Lewis has gone to Ft. Worth for a few weeks visit.

The proceeds from the ice cream supper here last Tuesday evening amounted to \$42.80, half of this money will go to help pay on the light plant, the other half to the ladies home Demonstration club treasury.

Miss Virgie Wallace spent the week end with her sister, Mrs. Melvin Caldwell of Clarendon.

Ruby Reed visited Geneva Collier Sunday.

Mr. and Mrs. Swaford and family of near Claude visited in the Carper home Sunday.

Miss Leona Mondrosky visited Miss Lela De Fries Sunday.

We are very sorry to report Mr. Cecil Allen very ill at this writing.

Mr. J. B. Scarborough and Joe Baley Johnson of Petersburg visited friends and relatives of this place the past week end.

Mr. Howard Jones visited in the Bellamy home Sunday.

Miss Myrtle Armstrong of Clarendon spent the week end with Miss Beatrice Randel.

Mr. and Mrs. Johnnie Rex McClellan of the J A ranch are visiting home folks here this week.

Mr. and Mrs. Leverett and family of Clarendon spent Saturday night and Sunday in the Buttrill home.

Mr. Lee Everett left Saturday for Plainview, he is going to visit with his sister there for several

days. Mr. and Mrs. Lewie Morris and family visited Sunday in the Roy McKee home.

Mr. Roce DeFries and family visited in the A. L. Allen home Sunday evening.

Mr. and Mrs. A. L. Wallace and daughter Virgie and Mr. and Mrs. Adkins Mace and little son Wabern visited Mr. and Mrs. Whit Calcote and baby near Claude Sunday.

A party was enjoyed Saturday night in the Buttrill home. There was an unusual large crowd present, everybody seemed to have a nice time.

Mr. Welch Nix of Farwell is visiting his grandparents, Mr. and Mrs. Charlie Gregg this week.

Mr. and Mrs. A. L. Allen and family visited Mr. and Mrs. Sam Allen and baby of Hedley Friday. Charles and J. M. Jordan of Goodnight were Ashtola visitors Sunday.

Mr. and Mrs. J. L. Tims attended to business in Amarillo Friday.

Mr. and Mrs. Bill Storey and Mrs. Ola Storey and son from Electra visited their cousin, Mrs. W. A. Poovey and family Tuesday.

Mr. and Mrs. A. L. Wallace and family attended the funeral of their cousin, Mr. Tom Wallace's baby of the Windy Valley community last Tuesday. Mr. and Mrs. Tom Wallace and family formerly lived in this community. Friends of this place sympathize with them in their sadness.

Mrs. Maggie Tims and daughter

Carmalete visited Thursday in the J. A. Johnson home.

Miss Mary Wylie and brother Richard of the J A ranch called on Miss Ima Poovey last Saturday evening.

Mr. Cecil Allen has closed his cafe, he is not going to open it any more during the summer months.

Mrs. B. L. Collier and daughter Irene and Mrs. Richardson visited Friday in the H. W. Lovell home.

Misses Irene and Geneva Collier spent Monday night with Ruby Reed.

Farmers of this community are just about through with their planting and are waiting and hoping that they will get a rain soon.

Mrs. Ben Lovell and Ima Poovey visited Mrs. Adkins Mace last Monday.

Mrs. Mondrosky and children visited in the Gene Payne home Monday evening.

Mrs. Charlie Medows and children from Claude visited with her parents, Mr. and Mrs. A. L. Allen and family Tuesday.

Mr. and Mrs. Elmer Hunsucker were Hedley visitors Sunday.

Eight Clarendonites Attend W. T. C. C. Convention

Clarendon is pretty well represented at the convention of the West Texas Chamber of Commerce at Abilene. Gus B. Stephenson took Hubert Reavis, Bill Wilder, Homer Taylor and Carol

Hudson of his band boys along to help Shamrock win the band contest.

Mr. and Mrs. Sam Braswell, Sr. and G. L. Boydin went along to represent the local Chamber of Commerce. The Convention adjourned Saturday following a three day session.

In a contest between Lubbock, Sweetwater and Mineral Wells to secure the next convention, Lubbock easily came out victorious.

Mr. and Mrs. A. L. Chase left for Denton Monday where their daughter, Miss Manette will graduate this week.

Homer Newton, all-round stock farmer of the Chamberlain community passed through town Saturday on the way to Amarillo for repairs to some harvesting machinery. Homer does not claim to have a bumper grain crop this time, but she's above the average over the country and he is satisfied.

Lubbock Contractor Out With Facts

W. THOMPSON TELLS OF BENEFITS HE HAS DERIVED FROM ARGOTANE

"I can testify to the value of Argotane because it has done more to rid me of my trouble and build me up than anything I have ever taken," said J. W. Thompson, of 16614 Fifth street, in relating his experience with Argotane while talking with the Argotane representative recently. Mr. Thompson is a well-known contractor in Lubbock.

"For about a year" continued Mr. Thompson, "I suffered from stomach and liver trouble. I was in a general run-down condition, was nervous and restless all the time. It just seemed as if I were hungry all the time but what I would eat would bloat me up so badly I could hardly breathe. I had a chronic case of constipation and was forced to take strong laxatives most all the time. Many nights I just couldn't go to sleep, for I was so nervous and restless

and when I would get up in the morning I'd feel all tired and worn out.

"I was in this condition when I began reading about Argotane, and how it was helping others who were suffering as I was so I made up my mind to give it a trial and I have only taken one bottle and I certainly notice a big change. I have a splendid appetite, and I eat anything and everything that I want. Gas doesn't bother me any more and I am not nearly as nervous as I was. I feel better than I have in several months. Argotane is a wonderful medicine and I feel that it has saved me from a nervous break-down which might have proven serious. I am glad to recommend Argotane to my friends. Genuine Argotane may be bought in Clarendon at the Stocking's Drug Store.

Miss Gladys Wright returned home Saturday from Comyn, Texas where she has been teaching the past term.

BRADY'S TRIAL

N. P. Plainsman:—The Brady trial is over again—until the next one. The woman in the case long ago paid for her indiscretion with her life and the jury, after long hours of turbulent mental effort, came to the decision that the man who killed her should also pay—to the extent of three years in the penitentiary! But then, of course, he was "tempted by the woman"! The lawyers will probably ask for a new trial and by the time it comes off, we shall all be saying, "Brady? Who was Brady and what did he do?" Another venire facias juratores will be issued and the prospective jurors will be grilled for indications of intelligence and judgment. It would never do to have anything like that in a jury. The farce will be staged and the chances are the best in the world that the defendant will be acquitted. The fact of the matter is, the verdict just returned is entirely unwarranted. It is ridiculous to give a man three years in the penitentiary for killing somebody. Just look at all the people there are left that he might have killed and didn't! Why, each and every one of us knows at least half a dozen citizens that ought to be "bumped off" but nobody has yet taken the trouble to do it. Why don't we repeal the law against murder, anyhow? It isn't beak "enforced" and the lawyers seem to be able to prevent anybody's being made to serve a sentence even if a jury "of his peers" does find him guilty. We are getting "educated up" to the point where all laws look alike to us and it is just a matter of personal inclination which we shall respect. As a matter of fact, why not do away with the whole caboodle of them and let a generation or two of lawyers starve to death. Not that we wish our fellowmen any harm but just as an economic measure in the interests of the guys that are scheduled to be killed off in the next half-century. It has come to the point where there isn't any particular distinction in being a murderer's victim any more and something ought to be done about it. Since previous victims can't do much, it's up to us potential victims. We can't consult the lawyers as to the lawful procedure because they, naturally, would object to being starved to death but in view of all that the rest of us have put up with for many years past, it does look like they ought to be good sports and die game. The rest of us do.

R. F. Morris Writes From Virginia Town

Editor Leader: In accordance with your request that I write you up some items of interest as seen by myself on my route line. I now comply. I left Clarendon, Texas, on the morning of the 16th of May. It was raining as I left and continued, scarcely without let up till I reached Atlanta, Ga. I found very little crops of any kind up along the road from Clarendon to Falls.

The Trinity river between Dallas and Fort Worth was in flood on an extensive scale. All over the low grounds, only a few fields of corn planted early seemed to be doing any good along the way. After running all day in Texas till ten o'clock at night I asked the negro porter as we out of Texas yet? No Sir, we ain't night out of Texas yet. I crossed Arkansas at night and could hear the thunder rolling amid the flashes of lightning and pouring rain. I just made it thru when I learned washout had closed the road. Reached Atlanta in due time and laid over there among my children for two or three days before going on to Charlottesville, Va.

Atlanta is a great and growing Southern City: when I began to trade in Atlanta, it was a city of thirty seven thousand people, and I have watched it grow into several hundred thousand. It is a wonderfully beautiful city. It was laid out in the woods largely and the original forests are there in all their beauty. It seems to me that there are more dogwood blossoms in Atlanta than any place I ever saw. They have entire parks covered with them. It seemed to me that the crop prospects everywhere were behind. The rain began in Texas in June crops and dry weather had held on too long and held back the stand in the East. I have not seen much yet of the Eastern crops. But I will leave here tonight and can write more of them.

This is one of the loveliest little cities it has ever been my good fortune to visit. But they are needing rain here. However, not much farming is done in this section as the city is nestled among the foot hills of the Blue Ridge Mountains. It is not only a lovely city, but I believe it is the best built city I ever saw. Nearly all of the dwellings are two story brick and built for all time it seems. Even the steps and many of the piazza floors are of stone. It has been said that you can judge people by their monuments. If that be true, then you have to rate them high, for it is full of fine monuments erected to the memory of their heroic dead. Both Lee and Jackson have fine exquisite made statues in different parts of the city besides some others, one erected to the volunteers of the city, who fought for Virginia in the Civil war. With fine inscriptions covered on the faces. I remember some portions. "Erected by the women of Charlottesville in commemoration of the heroes of her volunteers who fought and died in defense of state rights". "Love makes memory eternal", and the people what shall I say for them? They are just splendid, we have never been treated better.

The good people, Doctor Lyon of

Dallas and I are staying with could not do any nicely in if they made special efforts to be nice. Every day we have found a fresh bouquet of flowers in our room, and fine apples on our table for our enjoyment. They seemed to anticipate every wish of our hearts. It will be a long time before the memory of these good people will begin to grow dim. I could go on and on and write interestingly of many things but lest this grow too long, I will hold up and come again. You must remember this is the home of the immortal Thomas Jefferson, an active book could be written along this alone. The great Virginia University founded by Jefferson is alive. I visited it. But this will have to wait for next time.

Yours Respectfully,
R. T. Morris.

BELITTLING THE COLLEGE GRADUATE

Last week The Independent printed a story sent out by the Teachers college at Canyon telling about Sloan Miller of Henrietta, who is receiving his degree from that institution. Now, we have no personal acquaintance with Mr. Miller, but we presume he is an honest, trustworthy, industrious and altogether dependable young man who attended Teachers college at Canyon for the purpose of obtaining an education, and we suppose he did obtain an education. But about all we can get from the message sent out by the college is that he is a good football player. If Mr. Miller knows any reading, writing, arithmetic; geography; spelling; algebra, grammar, history; astronomy; botany; Latin; English, chemistry, physics; geology; biology; education, German, French; Spanish or anything a first class college is supposed to teach, the press agent of Teachers college failed to say so, and the natural impression given out is that he does not. That's a pretty hard job for Mr. Miller. Just what the college has against him we don't know. Maybe it is only the press agent of the college who has it in for him.

Football is all right in its place, we are sure, but the modern college should teach something besides athletics and when they send out press notices about their graduates they should have enough consideration for them to say they know something besides football. Athletics should not be permitted to go to seed or be run too far into the ground in our educational institutions, but it has gone a long way already. Another instance illustrating the tendency occurred the other day when a young student was killed in an accident, and the outstanding thing in his life history seemed to be that he was a good football player. Of course a fellow who braves broken legs, a crushed in face, dislocated joints, sightless eyes; ribs jammed through his lungs, in order to play football; must have in him a high degree of courage, but his courage needs some direction into more useful channels.—Henrietta Independent.

It is with pleasure that the editor of this paper comes to the defense of Sloan Miller, who was for some time a pupil of old Clarendon College. Sloan was and is a studious young man of most excellent habits. Leading in his classes here as he did his comrades on the athletic field, Sloan had many friends and admirers. The mere fact that the press agent of the Canyon school failed utterly in attempting to speak a good word for Sloan is but another evidence of the gross ignorance of college press agents. The mere fact that the Canyon school has no press agent should not in any wise reflect discredit upon the institution's ability to impart learning to her pupils. Do you know of an intelligent press agent in any college?

CHURCH BELLS TO RING IN MANY LANDS AT THE BEGINNING OF THE WORLD AROUND SERIVE OF JUNE 8TH

Local Church Will Follow Program of World Service

The world-round service of June 8th., commemorating the birthday of the Church on Pentecost, will begin at 11 a. m., June 8th., in the Churches of Christ and Christian Churches in New Zealand. This service will move westward hour by hour and encircle the globe. Church bells in many lands will ring at the beginning of service. One great aim is being stressed. All churches are working to have 100 per cent attendance of all members at the Lord's tabl.

The Local Church And Its Program

The First Christian Church will take part in this great celebration, and follow the program which thousands of other churches are following and they have some added attractions and hope to have agreat day.
