## Fourth Of July Celebration Will Be Record Breaker

### Free Amusements Will Draw Big Crowd to Celebrate Independence Day

About everything has been included in the free list for Clarendon's big celebration the 4th except pink lemonade, and that may be added. Ice water, ice tea, coffee and most anything else to add to the comfort will no doubt be added as enthusiasm waxes stronger. Baseball? Sure! That's the first thing on the big program. The game will be called at 10 a. m. The east side of the county will play against the west side, and take it from the Master of Ceremonies and his Special Committee, it won't look like a bunch of pall bearers going to a funeral either after the first ball is swatted. Will Johnson of Giles will have charge of the east squad and Jim Grundy and Roy Blackman the west squad.

Hoss races? It looks like it would be a fact. Frank Whitlock and Clyde Douglas were appointed to look after the races because both men are expert judges of fast horses. All those who expect to enter the races should see either of these men right now.

Other races of a novelty nature is to be added and will include sack, hobble and other forms of good clean sport of a comic nature.

The bands will be on the job from start to finish with a massed concert and banquet.

The club members working with Miss Nora Smith and Mr. Brown, band boys and ball players will be admitted to the picture show free during the day.

Turtle races will be a new feature here. Phifer Estlack will have charge of this fancy brand of fast steeds. If you want to win some easy prize money, list your name with him now. If you find turtles scarce, grab a terrapin and come on. They are about the same except that one is a prohi and the other an anti.

G. G. Kemp, he who looks after everything, promises to whip all committees into line and add all the extra amusement features possible. All who can, are asked to bring a basket of chuck. All the rest will be free. The eats will be spread under the trees near the Grammar School building about noon. There will be plenty—the women folks never do fall down on the job.

There will be plenty of band music for the day as Clarendon has invited bands from Estelline, Shamrock and McLean to help with the concerts during the day's celebration. Musicians from Memphis have also consented to come and lend their talent to the day's program.

### Hugh Small for Governor

The Farmersville Times of last week editorializes thusly: "In order to quiet all Texas parties, we suggest that instead of dividing Texas into five states we select five governors and allow them to sit as a board of governors without pay. Therefore we nominate Jim Young from East Texas, Jim Ferguson from Central Texas, Hugh Small from West Texas, and Tom Love from North Texas. There's variety for you." Just who is Hugh Small anyhow?

Miss Lois Marie Wilkins of Lubbock and Miss Maydell Stanley of Shamrock spent the week end with Mr. and Mrs. F. J. Hommel.

### Turtle Race Aho!

Boys, the girls are taking more interest in this Fourth of July turtle race than you are taking. Send in your turtle's name with your name to Phifer Estlack in care of the Leader. Turtles of the water or terrapins of the land may be entered. Remember six dollars in three prizes are offered. Train those turtles, terrapins or tortoises.

## Chamberlain Host To Good Will Tour Friday Evening

### Candidates Will Open Speaking Campaign With Rare Treat of Oratory

Another great community get-together will resound from the Chamberlain School house next Friday evening at eight o'clock. Laughter and genuine fellowship will shake hands and blend in harmony as a fiery group of candidates file to the stage to begin their first speaking campaign. Business men, laymen, clubs and the public in general have been invited to attend and share in all the evening's program.

The occasion is a good will and get-together meeting, inviting the public with a hearty hand of welcome to come and participate in the general hand-shaking "jam-boree."

Every one is asked to come prepared with hearty appetites as the Ladies Club will be selling delicious refreshments. Proceeds from the refreshments will go into the Club treasury and help send Miss Marnie Dingler, one of Chamberlain's efficient club members to A & M college for the annual Short Course in extension work beginning the last of July.

The evening's program will be filled with music, mirth and several outbursts of candidate oratory. It will be filled with action from start to finish. The idea is to have a good time and the public is invited to come bearing that in mind.

The entertainment will be of genuine originality, so clean out your ears and wipe away your tears, for you are going to hear and see things that will set your eyes dancing and your ears vibrating to the tune of "Go Away Blues." Come on, lets all go!

### Leader Editor Attending Rotary Convention

J. C. Estlack, editor of the Donley County Leader, is representing the Clarendon Rotary club at the convention of Rotary International in Chicago this week. Delegates will be present from all nations at this convention which will be in session four days.

### Spectacle Peddlers Wanted by Dallas Sheriff

Itinerant spectacle vendors working the town Thursday were alarmed when asked by local officers as to their license qualifications and left town soon afterwards. Friday word came from the Sheriff at Dallas stating that both parties were wanted and that the desire was backed up by a substantial reward.

Mr. Hugh Castleberry of Alabaster and Miss Payne of Wichita Falls visited with Mr. and Mrs. F. J. Hommel.

## Lion Delegates Named for Convention At Denver Col.

### Rathjen Nominated President Is Delegate—Braswell Named Alternate

The Board of Directors of the Clarendon Lions Club met immediately following luncheon Tuesday of last week and named the delegates and alternate to the International Convention at Denver. Fred W. Rathjen who was nominated president, was named delegate to the convention and Lion Sam M. Braswell was named alternate, he having been recently elected to the office of District Governor of District "T" of Lions International.

It has been stated that some ten or twelve members of the Lions plan to make the trip. It is their intention to take their wives along with them and to make the journey by car. Those who plan to make the trip will leave approximately around the 13th of July.

### Champion Plum Exhibit Shown Here

Speaking of plum production, H. Beach residing northeast of town, brought to the Donley County State Bank Thursday a branch off a plum tree that bore 78 plums on a limb measuring 14 inches. The plums are of the Compass-Cherry variety which is a cross between the South Dakota wild sand cherry and the Miner plum produced by the A & M college of that state some years back. Plums are a natural growth in Donley and all varieties bear well except the Japanese which blossom too early, being killed by late frosts.

### Birth Rate of May Fails to Show Increase over Year ago

Information received from the County Clerk's office concerning May births of Donley County shows the total number of births to be eleven for that month. Data for May one year ago, discloses the fact that there were 17 births, or in other words a decrease of 6 births.

## Board Passes New System of Grading For Coming Term

### Stricter Rules Adopted By School Trustees For Coming Session

The adoption of new resolutions at the regular meeting of the Board of Trustees of the Clarendon Schools Saturday night, forecast a stricter system of grading for the coming school session. The rules will be much more rigid than they have been during the past years. Scholastic achievements will be rated higher as the new rules will not permit a student to receive credit for work unless that individual has an average of 75 in that particular subject.

The resolutions passed and adopted by the School Board will be put into practice with the coming of the long session of school, and will embody the following rules:

1. Only work done by authorized teachers will be accepted during the regular session of school.
2. Beginning with the fall session of 1930-31, students in the grades must make an average of 75 in the fundamental subjects before they will be granted a promotion card. Art and music will be excluded from the general average and in case a student fails in three fundamental subjects he shall not be promoted, even though other subjects bring the total average to 75.
3. Students coming in from unclassified schools will be placed in a grade above their last promotion, and providing they make the required average they will be permitted to remain in that grade. Should they fail to make the required grade, they will be placed back one grade.
4. To be classified as a senior, all students must have eleven credits at the beginning of the school term, and must have thirteen and one-half credits at the beginning of the second term to be further classed as a senior. Students who participate in the graduating exercises must have sixteen full credits.
5. Pay pupils are required to pay tuition every month or drop from the roll after the first week of the following month.

### Crazy Negro is Jailed Here Thursday Night

After some of the neighbors in the south end of town had received scares Friday night by a negro peeping through the window, he finally wandered to the home of T. E. Trostle about one a. m. Friday morning. Mr. Trostle called the Sheriff who placed him in jail. Saturday morning a hurried trial was given the colored man who was pronounced to be in a demerative state of mind and sentenced to the asylum. The negro was treated very kindly by Mr. Mosley until the final disposition was made, as he had known the victim for some time and states that the negro was a kind, industrious fellow when in his prime.

## Donley County Bank Robbed of \$8,500 Monday Noon

### Bold Daylight Robbers Leave No Clue or Identity Behind

Striking during the hush hours of noon Monday, two youthful unmasked bandits held up officials in the Donley County State Bank and made way with approximately \$8,500. No clue or identity has yet been made, despite a wide search made by officials and officers. An alarm was given immediately following the robbery, but the robbers had faded as mysteriously as they had appeared.

The robbers suddenly appeared in the bank, bold and unmasked demanded only currency, gold and silver. The officials in the bank were then ordered into the vault and the robbers left by way of the door in the back of the bank.

Holman Kennedy, cashier of the bank, J. L. McMurtry, one of the bank directors, M. L. Mantie Graves and Mrs. Holloway, bookkeepers were in the bank at the time of the robbery. There was no customer at the time of the hold-up occurred, and the bank officials thought at first that some kind of joke was being carried out. But stern commands and rough jabs of the guns quickly convinced them that the holdup was real. The bandits not only made a poor job of locking the vault, but they also in their hurry to get away failed to notice one large sack of gold.

The robbers made it clear that they wished to hurt no one and wanted only money and that they wanted it quick. One of the bandits held a sack while his companion gave orders at the point of his gun. It is said that a woman accomplice waited outside in a car.

No definite description of the car was observed by the passers-by, but they believe it to be a new Oakland sedan. It is thought that the car sped toward the east, immediately following the holdup.

Members of sheriff's forces in neighboring counties and state patrolmen have joined Sheriff Mosley and his deputies in the hunt for the bandits. A report from officers states that the bandits are still at large, but the hunt is still in full blast.

## Cotton Market Reaches Lowest Level Over The Week

### Price of 12 1-2c Predicted This Fall if Full Crop Reaches Maturity

The cotton price of the past few days reached a new level on a parity with that of 1927. Cotton estimators freely predict that the price will go as low as 12 1-2c this fall if the solid South produces as much as it did in 1926.

Cotton conditions over the South at this time are far below the average being affected by dry weather earlier in the season which necessitated a late planting, this to be followed by floods.

Replanting even for the third time has been resorted to over 80 percent of the cotton area and the general crop over Texas is from two weeks to two months late according to late government reports.

Late planted cotton as is the case over Central and South Texas has a poor chance to escape leaf worms and weevils. Government agents advocate the poison method, and this is already being practiced where cotton has blossomed.

It is impossible to make any crop estimate at this time though it is thought that production will be greatly curtailed by the late planted crop. Secretary Hester estimates that 4,316,000 bales were carried over from last year's crop. He estimates that there will not be any demand for a crop this season in excess of 13,500,000 bales.

Mr. Frank Herrington was in Clarendon Monday attending to business and visiting his niece, Miss Lee Patton.

### Candidate is Campaigning Via Horseback

A method probably without a parallel in the state, is being used by Frank Kendall of Hedley in making his campaign over Donley county—the interests of his candidate for the office of county judge. Kendall is using the old-time method in order to reach voters in the fields and more remote districts where roads are inadequate for auto travel. He is opposing Judge J. J. Alexander present incumbent of the office.

### Officers Elected for Local Masonic Lodge

Officers for the local Masonic Lodge were elected the past week. Homer Parsons was elected worshipful master; Elmer Palmer, senior warden; Clifford Allison, junior warden; E. A. Thompson, re-elected secretary; W. H. Patrick, re-elected treasurer with Lonnie Dahn elected tiler.

## Second Semester Of Summer Session Begins Monday

### Visual Instruction Offered For Last Three Weeks Of Summer School

W. A. Clark, Jr., dean of Clarendon Junior College, reports the summer session of school going strong, with a standing enrollment of 48 students for the first semester's work. Students from Wellington, Hedley, McLean, and Tulla are enrolled besides several from Clarendon.

With the second semester starting Monday, June 30, Dean Clark expresses the fact that there will be more students enrolled in both college and high school work as students are fast realizing the opportunities offered by a summer session of school.

By attending the last semester, students may continue their course in a new subject completing a full credit of work, or may earn credit in some subject which they failed in during previous school work. This opportunity offers to the students a chance to increase his credits as well as to gain a step on time.

Interesting as well as educational is the fact that visual instruction will be offered miscellaneous during the last semester. This unusual bit of instruction will give the student a taste of what the large schools are practicing along with their regular courses. Mr. Clark states that there will be 15 reels used, each picture illustrating or portraying some educational point. Visual instruction has gained recognition wonderfully during the past few years and it is a method of teaching which gains its point and at the same time holds the student under a spell of gratification and delight. Mr. Clark is well qualified to teach visual instruction as well as to give interesting explanations along with each picture.

### Vernon Editor Receives High Honors

Ray Nichols, who was elected to the office of District Governor of Rotarians International recently, again had honors heaped upon him at Corpus Christi the past week when he was elected president of the State Press Association.

Mr. Nichols is editor and manager of the Vernon Record, a chain daily that measures up to the standard of small town dailies of the state and is identified with many other enterprises of his home town where he has lived for many years.

## Brice People Welcome Merrymakers Thursday Night

### Joy Makers Are Thanked And Invited Back to Famous Valley

The fourth program to be put on by the Fourth of July picnic advertisers was presented at Brice Thursday night. The visitors were greeted by a large enthusiastic crowd that apparently appreciated the slight evidences of skill at entertainment. At any rate, there were many hearty laughs and a "good time was had by all."

Rev. Robert S. McKee, pastor of the local Presbyterian church performed the services as master of ceremonies, stage director and bouncer. His ready wit kept the crowd in an uproar of laughter between acts.

Gus B. Stephenson was on hand with his high school band rendering several numbers of up to date band music throughout the program. This band is meeting with popular favor and the director and his players are complimented very highly.

Lloyd Stallings and Henry Wilder put on their celebrated comedy and dancing acts and Gus B. Stephenson further enlivened the crowd with three saxophone solos during the entertainment. Henry Wilder also rendered a saxophone comic "solow" that was inaudible and yet comical.

The program closed with the singing of America, in which each took a part. Ice cream was served by the ladies of the H. D. club all during the program of what is said to be one of the best programs yet.

According to present plans, the next program will be put on at the Naylor school next Thursday night.

### Baxters Buy Meat Market Wood Grocery

The meat market in the Hello World grocery owned by A. N. Wood changed hands the past week, J. M. Baxter of Wichita Falls and his son Jimmie Baxter of Lubbock being the new owners.

These men have spent more than twenty years in the meat cutting trade having operated meat markets at Wichita Falls, Vernon and Lubbock over this period and come to Clarendon well recommended. They are making their homes here and expect to assist in all civic development that could be expected of an enterprising citizen.

The market was formerly conducted by Wright and Fisher for the past several months and is well and favorably known. These gentlemen have not announced their intentions for the future other than to say that they expect to remain in Clarendon.

Mr. and Mrs. E. J. Leathers and son Lee Roy, Mr. and Mrs. Joe Holland, Dorothy Fay and Ruby Dell Scrogins and Louise Smith spent Sunday with Mr. and Mrs. C. R. Piercy on the J A ranch.

## Christians Planning For Big Revival To Be Held July 14th

### Dr. Tyndall—One of World's Greatest Bible Teachers Will Again Hold Meeting

The committees appointed to arrange plans and programs for the Tyndall meeting at the First Christian church, are reporting that things are getting in fine shape. Dr. J. W. Tyndall is now holding a meeting at Crockett, Texas and will come from that meeting here.

A large roomy tent has been secured for the meeting, and new types of seats will be constructed so that all who attend the meeting may do so in comfort. Dr. Tyndall is an able speaker and one of the world's greatest Bible teachers. His many friends in this district will be glad to know that he is coming back again for a four weeks meeting, beginning July 14.

## Banker Makes Interesting Address At Rotary Club

### Rev. Ferrell Instructed in What Rotary Clubs Expect of Him

Business calling several Rotarians out of town, the attendance was very limited at the noon luncheon of the Club when called to order by President E. L. Jenkins at Hotel Clarendon Friday.

President Jenkins made announcement that each of the six newest clubs in many different parts of the world from Peru to Java, had been sent letters of congratulation. This announcement came as a surprise and met with the hearty approval of the members of the Club.

Rotary Ann Rhoda Wiedman favored the Club with two beautiful piano solos. Robert S. Cope, chairman of the program committee announced that those on the program were suddenly called out of town and Rotarian Fred E. Chamberlain was asked to address the members using his profession as a subject. His enumeration of the details of banking proved very interesting, and especially so when he explained the methods of determining the security that is required to secure a loan. His address in the main was both interesting and instructive and highly appreciated.

J. C. Estlack was asked to give an account of his attendance of the Rotary club at Corpus Christi the preceding week in making up his attendance.

Clyde J. Douglas, president of the Lions club was present as a guest of Rotarian Oscar L. Jenkins and expressed his pleasure at meeting with the Rotarians and assured the membership of the united support of the Lions club in working out problems for the betterment of the community.

Rotarian R. E. Drennon reported on Boys Club work stating that two ball games were played during the week and that four clubs of this nature would be formed when present plans are worked out.

Rotarian Ralph E. Paxson introduced the "baby" member of the Club in the person of Rev. W. E. Ferrell, pastor of the First Christian Church, who will henceforth be known as "Willie" in the Club and Rotarian Ferrell in general.

### Cooperative Cream Station May be Opened

Parties whose names we are not privileged to announce just at this time, have signified their intention of opening a cooperative cream station in Clarendon within a short time.

Only farmers will own stock in such a station according to present plans with the hope of boosting the price of cream direct from the producer to the creamery. A further announcement is expected within the next two weeks if plans are worked out to the satisfaction of the men who are advocating such a move.

### Courthouse Caretaker Has New Machine

Stepping around like a kid with his first pair of red top boots in days ago is A. O. Yates, caretaker of the courthouse and lawn. Yates has been presented by the commissioners with a power lawn mower that he declares transforms days of hard work into hours of play.

This machine was supplied him partly as a token of appreciation for the excellent service he has rendered the county the past several months. No similar property in West Texas receives better care than this of Donley county.

**HARBOILED JUDGE.**

The Texas couple honeymooning through Louisiana and driving through a red light set up the alibi that love is blind. But the judge wasn't in love.

**SPEAKING OF TREATIES.**

After all the treaty discussions, world courts and other measures that might be written on a "scrap of paper," it appears to us that we need less treaties and more babies.

**TRAVELING GRAFTERS.**

This town has been hit by every known grafter the past few months, both men and women. We are expecting some one to come along taking up a cash subscription for the mother of the unknown soldier next.

**OLD AGE PENSIONS.**

Fourteen states of the United States and all of the so-called civilized nations have made provisions for old age pensions. This all important matter has apparently been overlooked by all of our gubernatorial candidates to date.

**MORTICIANS O' FIRMTH.**

After traveling across the state last week, we came home all pepped up over the prospects of old Donley as compared with other sections. Then along comes a joy cracer who predicts a Republican governor and an epidemic of corn worms this fall.

**POLITICS.**

The Panhandle has been besieged with a flock of candidates the past ten days who have discussed all the ills of the human race from halitosis to ingrowing toe nails. There may not be a "cough in a carload" but there is many "barks in the bunch" after looking over the Small standpatters.

**DULL SEASONS.**

From time immemorial, the summer months have been regarded as the dull season by most business men. Not because it is true altogether, but simply from force of habit or custom. The mail order houses do not regard June and July as dull months as evidenced by the thousands of catalogs that have been received in this section the past two weeks.

Judging from the amount of postal money orders sent and parcels post packages received here, the summer advertising is getting results. Local merchants have better bargains and stand ready to make good any fault that may be found in their wares. He should tell the public about it in his advertising, and the local people who solicit his aid in putting over their projects will no doubt give him the preference since he offers a better buy and the money is kept at home.

**PROTECTING WOMANHOOD.**

The third black man in as many months was killed in Texas near Bryan Wednesday by a posse after he made an attempt to attack a white woman. Nature implanted deeply a revengeful resentment in the male of every species against attacks on the females of that species.

Say what we may, but as long as red blood courses through the veins of the Caucasian males, they will resent any attack made upon the female of the species. Womanhood of the South, and in some instances in the North, know this to be a fact and expect protection from that source.

Mo' law is wrong but with the means of ravished womanhood

ringing in their ears, where is the jury that will convict a man who has risked his all in revenging an attack on his neighbor's wife, sister or daughter? Mob Law is unlawful. It should not be resorted to, but what is to be done about it?

**THAT PRESS CONVENTION.**

It was pleasing to note the number of persons not connected with newspaper work in the convention hall during the state press meet at Corpus Christi. Pleasing because newspaper owners of today are quite unlike those of twenty, or even ten years ago.

Despite any change, these people are loyal to their community and give of their time, money and talent freely for the advancement of civic needs. No other profession contributes so much to the community as the weekly newspaper people. It is all the more pleasing to note that the public is getting to appreciate these facts.

The newspaper profession today is on a higher plane. No dividing line is recognized, all working together for a common good. The lambasting editor who qualified d-minus in the "god old days" as measured by terms of financial, mental and moral standards, today grades a-plus as one of the respected citizens of the town.

Recognizing these facts, the M. K. & T. and Missouri Pacific roads extended the newspaper folks every courtesy. Railroads developing new empires are aware of the valuable assistance rendered them by the country weekly press.

**TELEPHONE CORPORATIONS.**

During the press convention at Corpus Christi last week, telephone exchanges came in for a large share of discussion, special emphasis being placed on their method of doing business.

Aside from the Bell, exchanges were found to be inflicting the same methods of a limited number of operators, refusal to cooperate in any local civic enterprise, refusal to contribute to local needs as other business houses, charging

excessive advertising rates in their directories and poor equipment over practically all the state.

This would indicate beyond doubt that there has been an understanding that the communities and towns served are to be "short-potted" without mercy. In order to get away with their excessive advertising rates, it is learned that advertisers are paying on a monthly basis, the amount being added to the monthly phone bill in most instances.

A few cities refused to renew franchises until faults were remedied. Immediate results were reported from towns taking such action. This might not be a bad idea right here in Clarendon since the local exchange has no exclusive franchise.

The Senate of the United States including President Coolidge and the recently impeached Mr. Keogh removed because of horseback riding, many operators are at the very least disregarded and accompanied with a very bad case of Clarendon appear over. We of Clarendon appear content to put up with most anything. There is no objection to our local operators except that they are overworked and underpaid—that's enough.

**Temple of Truth**  
By the Apostle

The muskrats are getting thicker and bigger and bigger at the Cottingham camp ground at Lelia. There is too much money going to waste. Something must be done about this natural resource before another pelt season gets by us.

Rev. Ingram came in with a wonderful report Saturday. He said he had 53 converts in the LeFors oil field and rounded up dozens of jake hounds. He hastened to explain that the wobble in his walk was caused from a corn between his toes balanced by a barked shin on the other leg.

The same folks who used to go to the movies to hold hands with-

out being seen, now go to kiss without being heard.

Who can remember when "runs" in women's socks were invented? Twenty years ago girls did not have to worry about getting socks that would not fade.

Speaking of bus transportation, wouldn't Brigham Young have "some" honeymoon in this day taking new wives by the dozen all at one time.

When the head of the family reproved his young hopeful for kicking about the quality of the pie, he said: "When I was your age son, I was glad to get even bread." To which the 1930 model son of six replied: "You are a dang sight better off since you got to live with us, big boy."

Judge—Now, I don't expect to see you here again, Rastus.

Rastus—Not see me again, Judge? Why, you-all ain't going to resign yo' job, is you, Judge?

Why did you break your engagement with that school teacher?

I didn't show up one night and she wanted me to bring a written excuse signed by my mother.

An old negro preacher was explaining to his congregation the difference between faith and knowledge. "Now my brethren," he said, "hit's like dis, dar's Brudder Johnsing a-sitting on the front seat wid Sister Johnsing and the five little Johnsing. She knows dey's her children, dat's knowledge. He believes dey's his chillen, dat's faith."

**OUR SCOTCH FRIENDS**

Hear about the Scotchman who would only buy an auto after the dealer promised him free air and volunteered to throw in the clutch? And the first time he used free air he blew out four tires!

Then there was the Scotchman who gave up golf for football because he thought a quarterback was a rebate.

Not forgetting the Scotchman who sewed together his two-piece underwear before sending them to the laundry.

Also the canny Scot who cut off Shep's tail so that he wouldn't

have to build a larger dog house.

And the Scot who married the tattooed hula dancer so he could see the movies for nothing.

Thank you for your attention.

**TRUTHFUL ADVERTISING**

Usually the argument is made that every business concern should advertise. Generally speaking, this is true but there are exceptions. In fact, some concerns hardly dare to advertise, because they can not make good according to the requirements of modern business practices.

When advertising is untruthful or misleading it does more harm than good. Only an enterprise which fulfills the promises made in its advertising can stand the spotlight of publicity. Hence, when we find a store or other business establishment boldly advertising its wares or service, month after month and year after year, we may generally conclude that it can and does give real values.

Observing the advertised business of any community, large or small, will enable one to identify the most dependable concerns in that community. Only efficient and reputable establishments dare to advertise.—Bayport Herald.

Does advertising pay? No, says the man who sticks his ad in some time table or directory and expects people to walk around, look it up and by seeing his name break their necks to get to his store. The man who wants to get results out of advertising places his messages in the home paper that goes to the homes of his prospective customers, and the readers appreciate the paper enough to pay to get it. A real concrete example as to whether newspaper advertising pays or not was shown in

the strike of the printers in New York City when the newspaper came out without any advertisement. During that time business in the department stores fell off 50 per cent. A wedding announcement stuck up on a fence or a billboard might be read by a few,

but the same announcement in the local paper would be read by every subscriber. Don't put your light under a bushel, says the scriptures. Put your advertising in the newspapers that are printed for people who read.—Uvalde Leader-News.

A school teacher near here bought stock in an "investment company." It was arranged for her to pay for this stock on a monthly basis. The returns would be immense.

After two months she asked her local banker about the matter. He made an investigation and she stopped paying. The "Company" is now broke and she lost her \$100.00.

This bank does not pretend to suggest when and how you should invest your money—that is entirely your business. But we DO urge you to investigate. We will gladly lend you any assistance.

**BIG BLOW-OUT**

Members of the B. A. U. and friends received a "car's" spare tire and all an invitation to a "Big Blow-Out" at the Baptist Church Thursday night at 8:00 o'clock.

On arriving, the guests were assigned to different groups Ford, Pontiac, and Chevrolet. The various signs and decorations left no doubt as to the nature of the "blow-out."

After a preliminary drill as to the parts of a car, the groups pitted their skill in assembling a car. The points between the Pontiac and Chevrolet representatives was so close that a recheck was necessary to make sure that the score should go to the Pontiac group.

In the backing out contest, the margin between the Ford and Chevrolet was indeed close till a "wreck" on the part of S. W. Lowe, driver of the Chevrolet, gave the race to Ford, driven by B. N. Shepherd, L. T. Kimbriel in the Pontiac was a very close second.

Point by point the interest rose as first one group then the other won. Then the mechanical skill of every members of the group was required to reassemble some "wrecked cars." Some even declared that some of the parts were either lost or broken beyond recognition.

A check showed that the Ford group had won the most points during the evening.

All were ready to respond to the invitation to the "Courtesy Service Station" to "retire" and fill up with "gas", enjoying the ice cold lemonade and delicious doughnuts.

**S. S. And B. Y. P. U. Association Convention**

The Associational Sunday school and B. Y. P. U. convention will convene with Leslie Baptist church, Sunday afternoon June 29 at 2:30. Plans have been laid for a full representation from Clarendon. We have won the attendance Banner twice in succession once more and it will become our permanent possession. There is quite a bit of friendly rivalry. Several have said it was up to them to keep Clarendon from winning the banner permanently. But 200 people times more than 25 miles would be mighty hard to beat. Let's put the thing over.

Lola Pearl Cox who visited with her grandparents, Mr. and Mrs. A. H. Baker last week returned to her home at Panhandle Saturday.

**CHAMBERLAIN**

Seventy two were in attendance at Sunday school Sunday morning with all officers and teachers present.

Mrs. Robert Blackman of Amarillo is visiting in the B. L. Blackman home.

Mrs. L. E. Gammons and daughter Miss Julia of Fort Worth are visiting in the homes of N. and Richard Dingler.

Mr. Kent Perry an undertaker from McKinney visited his uncle, J. T. Macky while on his way to Pueblo, Col.

A fine little daughter is stopping in the home of Mr. and Mrs. Morris Millsap since June the nineteenth.

Mr. and Mrs. Tom Smith of Newlin visited in the Homer Newton Sunday.

Elmer A. Millsap of Delta county and traveling salesman for a Houston company is visiting his parents, Mr. and Mrs. A. L. Millsap.

Friday evening at eight o'clock all roads will lead to Chamberlain where the candidates will open their speaking campaign. The business men are invited to come out and share in this rare treat of oratory. The Lions club and public in general have an invitation to come and share in all the evenings program including refreshments to be sold by the ladies club.

There was a splendid attendance at singing Sunday night. Mr. and Mrs. Lee Martin of Goldston blend their voices with ours in song service on that occasion.

Dan Brazille who has position at Claude visited home folks for the week end.

Chamberlain home demonstration club met June the nineteenth in the home of Mrs. M. C. Rumpy, twelve members were present and five visitors, including Mrs. Fink and Mrs. Crabtree from Clarendon, it was an inspiration to have these live club ladies with us and we trust they will visit us again real soon.

By a unanimous vote the Clarendon business men, candidates and others are invited to meet the general public at Chamberlain Friday evening, June the twenty seventh at eight o'clock for a good will and get-together meeting, proceeds from refreshments sold at the meeting to go in to the club treasury. It was the voice of this meeting that Miss Mamie Dingler our very efficient member who won second place in a recent living room contest should go to A & M college for the annual short course in extension work beginning the last of July, the club to pay all expenses of the trip.

The next meeting to be held with Mrs. H. M. Heed July 3.

**OUR WEEKLY CHURCH CHAT "Courage"**

Physical courage is largely constitutional. Bodily temperament often aids men in the hour of danger. Such courage in other cases, is the result of careful training. In but rare cases does one see moral and physical courage united in the same character. Men exhibit unflinching nerve in moments of great peril; they coolly face danger and even go down to their graves rather than show the white feather. Yet such brave souls will frequently cower before a sneer and deny their Lord in the presence of the enemy.

Followers of the Lord Jesus should cultivate this courage of a higher grade. Like their Master, they should set their face like a flint (Isa. 50:7), fearlessly uphold God's truth, resist the tides of fashionable wrong, and be dauntless in the hour of opposition, persecution, and even death.

To produce such courage, one needs great faith and confidence in Christ. As the presence of a general upon the battlefield puts new heart into fainting and despairing soldiers, so the presence of our Master is to His despondent followers a great incentive in the fighting zone. "Quit you like men, be strong" (I. Cor. 16:13).

This church desires to be a friendly household of faith, a school for Christian character, a center of helpful service, a force of civic righteousness, a power for God in the world, and an unflinching source of strength and inspiration to all who enter its doors. Lack of faith means half-heartedness spells failure in any undertaking, so Sunday we are preaching two sermons to help you to strengthen your courage and faith, so that you might be a success in the greatest degree. The Sunday morning subject is "ASHAMED OF CHRIST". The Sunday night subject, "THE FALL AND RESTORATION OF MAN." Everything that is worth while is up-grade, make up your mind to be with us regardless of weather conditions. W. E. Ferrell, Minister First Christian church.

Rev. and Mrs. B. N. Shepherd, Mr. and Mrs. W. A. Simpson, Mrs. T. M. Couch, Miss Ruth Thompson and Miss Francis Tatum motored to Memphis Friday to an Association meeting regarding the Greater Baylor Campaign. Dr. Finney brought a most encouraging report of the progress being made.

Billy Thomas is visiting his brother Gordon Thomas at Alameda this week.

Miss Geneviva Blackwood of Vernon, who has been visiting in the G. G. Kemp home during the past week, returned home Sunday.

**Realtor Finds Nut Lost Off Wheel of Progress**

While walking the street Friday, Henry Williams, local realtor, espied a nut lying on the pavement. Upon further investigation by this expert of "nutology", he quickly recognized the piece of metal as being a nut.

Hastening into the Farmers State bank where a hurried consultation was held with J. D. Swift, he was further advised that the nut was the total cause of the present "rest period", it having become loose during the installment age and let the wheel of progress drop off the axle that is attached to the "confidential."

The two men have given the matter careful thought and have come to the conclusion that it should be replaced immediately and a bountiful supply of "enermine" oil supplied to encourage all the energy possible. Such conditions will be made to the U. S. Senate for ratification.

Miss Lelia Brown, who is stenographer for Montgomery Ward of Pampa, spent the week end at home with her parents, Mr. and Mrs. R. T. Brown.

Mr. and Mrs. Lewie Thomas of Fort Worth are visiting relatives and friends in and near Clarendon.

Mrs. Ross Harwood Beville and little daughter Lafon of Dalhart are visiting her parents, Mr. and Mrs. J. R. Lafon.

Mrs. A. J. Morris and children Lois and A. J. Jr. of Amarillo are visiting with Mrs. R. M. Morris.

Roy Holtzclaw, Everett Sims, Elva Fyatte of Amarillo, Maud Brookshaw of Canyon and Wilma Patten of Sunnyview spent Sunday with Mr. and Mrs. W. B. Holtzclaw and family.

Mr. and Mrs. O. C. Watson and daughter, Dorothy drove to Dallas Wednesday after little George who returned home with them. They stopped at Ft. Worth and Wichita Falls and visited relatives. Dorothy remained in Wichita Falls for a visit and Mr. and Mrs. Watson and George returned home Friday, George is greatly improved.

Miss Reatta Thomas is spending the week at Alameda visiting her brother, Mr. Gordon Thomas.

Mr. and Mrs. Charles Grimsley and Miss Opal Lee, Miss Maxine, Mr. Floyd, Mr. Clarence Grimsley and Miss Opal Heath and Miss Louise Adamson motored to Newlin Sunday where Mr. and Mrs. Geo Hemphill and Miss Bernice Hemphill joined them for an all day affair. Dinner was spread under a large shade tree. Christal Cave was explored by all. It is about 18 miles northeast of Newlin. All returned to Salt Lake where all went in swimming. All returning with "I will never forget today."

Mr. J. A. Pirtle was a wellington visitor Wednesday.

Rev. Maud Busby and family returned Tuesday from Clovis N. M. where she conducted a revival for the Nazarene Church. She reports a good meeting.

The 1919 Study Club met May 28, in the home of Mrs. E. G. Dishman, with Mrs. Reast as hostess. The Club closed one of its most successful years work. In every activity its members have responded loyally and helped to launch a city park project and extend the library which in the future, we trust, will develop into objects of greater service to our community. We do not exist for selfish pleasure alone, but desire to help our town and community to grow into a more desirable place to live.

The program this year on Texas, its writers artists, legends, beauty spots etc., have made us proud to be citizens of this great Lone Star state.

The year books for 1930-31 were presented at this time and all look forward to a year of study, pleasure and service.

During the summer we will sponsor a study hour for the children of town and communities, ages 3 to 12 years.

We gave the retiring president, Mrs. Noel a rising vote of thanks for her untiring efforts and zeal throughout the year.

The hostess served delicious cream and cake to eleven members and the following guests, Mrs. Ed Dishman of Memphis, Mrs. Lake Dishman, Mrs. L. E. Thompson, Mrs. E. G. Dishman.

Miss Vera Brinson underwent an operation Tuesday in Northwest Texas hospital, Amarillo. We learned Wednesday that she was getting along nicely.

Mrs. A. A. Cooper left Wednesday for an extended visit with her

sister, Mrs. L. R. Smith at Chan-ning.  
C. P. Johnson, J. L. Holland and E. L. Howard went to Clarendon last Friday to see O. C. Hill who had suffered a paralytic stroke. They were glad to find him much improved.

L. W. Culwell and family of Altus, Okla., visited in the home of his brother, O. R. Culwell Sunday.

Another memorable day has passed into history, this day was enjoyed by a crowd of friends and neighbors who gathered at the home of Mr. and Mrs. E. E. Harris last Tuesday. Each one carrying something good to eat and gave them a surprise dinner.

The day was enjoyed by all and especially by uncle Ben and wife.

Some pictures were taken of the crowd and pleasant conversation and singing of old time hymns was the order of the day to the following-whose ages are given. The oldest one present was uncle Charlie Dickson 85, Mrs. W. T. White 82, Mrs. Martha Keasler 77, R. H. Keasler 75, W. E. Reaves 73, Mrs. Josie Adamson 71, Mrs. R. J. Dickson 70, Mrs. Minnie Mendenhall 68, Mrs. W. E. Luttrell 66, Mrs. Jessie Hendrix 65, Mrs. W. E. Reeves 62, Mrs. J. M. Williams 55, Mrs. George Armstrong 54, Mrs. R. E. Newman 52, Mrs. R. R. Mobley 51, Mrs. Pearl Mobley 50, Mrs. E. B. Mace 46, E. B. Mace 56, Mrs. Lucy Jordan 40, Mrs. Pearl Adamson, Mrs. Mrs. Elsie Loman. Days like this are well spent and bring joy to the aged and shut-ins. It is blessed to remember the aged and sick of our town in such a manner.

J. P. Swafford former Hedley resident now living in Amarillo visited friends here Monday and Tuesday.

Joe Gandy came in from Stephenville the past week and will be with the Hedley Drug Co. again this summer.

Rev. Jno. M. Neal general evangelist arrives Wednesday morning and preaches his first sermon in the Methodist revival Wednesday night. The meeting will continue until June 29th.

Rev. Neal comes from Huntsville, Texas, and is one of the unique and forceful preachers of the Methodist church.

Chairman J. G. McDougal of the road committee of Hedley Commercial club reports some real progress being made in the matter of the Hedley-Lakeview road.

Lakeview citizens are circulating a petition asking the Hall county commissioners court to open and grade the road. The Hall county court has evidently held to the opinion that only Hedley people want this road.

Mrs. A. N. Wood visited with her brother C. N. Plaster of Canyon. She also visited with her uncle Noble Plaster of Amarillo whom they had never seen before.

**Snyder Man Candidate For State Treasurer**

**Charley R. Lockhart, Popular Snyder Man, Here On Visit**

Charley R. Lockhart of Austin, candidate for the office of state treasurer during the 1930 primary elections, was the over Sunday guest of his brother, Jim, and a host of old time friends who have known him ever since he landed in Scurry County back in 1898. If the total voting strength of Scurry County reaches 3,204 votes, Charley Lockhart will get 3,204 of them.

Sunday morning while attending services at the First Baptist Church, Pastor Ferguson demanded that Mr. Lockhart come to the pulpit where he made a few brief remarks. So filled with emotion was the speaker, when he thought of the many old pioneers that had answered the call, that it was hard for Charley to even tell what was in his heart.

Mr. Lockhart never fails to attract attention wherever he goes, being only 45 inches tall and weighing 120 pounds. He is 54 years of age, is married and the

father of two children, one of whom is a football player on the Presbyterian College team at Kerrville and is 6feet, 5 1-2 inches tall, weighing 180 pounds.

Mr. Lockhart is a native-born Texan, having been born in Dallas County. He is a Baptist, an Odd Fellow and Knight of Pythias. He held the office of county treasurer for Scurry County for 16 years before going to Austin where he now holds a position in the state treasurer's office, which post he has had for ten years, serving under six state treasurers, viz: C. V. Terrell, John W. Baker, S. L. Staples, G. N. Holton and W. Gregory Hatcher, the present incumbent.

In connection with his duties Mr. Lockhart is manager of the depository department which is composed of the state treasurer, attorney general and banking commissioner.

Mr. Lockhart while in the city spent most of his time with his brother, Jim, and the host of friends who have known him ever since he was elected county treasurer of Scurry County two years after his arrival in the county.

Charley Lockhart is a gentleman who is thoroughly capable and efficient to handle the duties of the office to which he aspires. He should receive one of the heaviest majorities ever given a state office, and West Texas as a section will rise as one body and cast its vote verbal or written for Charley Lockhart for state treasurer. The Times Signal, for one, can marshal six votes, and every one of them goes for this fine gentleman who is never too busy to tell the bystander that Snyder is his old home town.

Mr. J. E. Enochs and daughters, Mrs. O. T. Smith of Clarendon and Mrs. John Enochs of Amarillo who visited the past two weeks in Tyler returned home Friday.

Jimmy Millsap, who is attending school at Lubbock, writes home folks that he surely enjoys reading the Donley County Leader every week. He further states that the students who stay at the same boarding house, express the same sentiments.

Mr. and Mrs. Sirece and family of Pampa spent the week end with her mother, Mrs. M. C. Reed.

**Senator Small Pays Respects to Bond Issues**

Special sessions of the legislature will be unnecessary with the right kind of leadership at Austin, is the opinion of Senator Clint C. Small, Democratic candidate for governor. Dispensing with these called meetings, he pointed out, would effect a saving of millions of dollars to the state annually.

The senator is on a tour of North East Texas cities in the interest of his candidacy. He plans to visit the entire Eastern portion of the state within the next few weeks.

The calling of five special sessions of the legislature became necessary, Senator Small said, only because of the dilatory and procrastinating tactics of the governor. He recommended that the state have a lean statute book and said that the people should be able to work out many of their local problems without too much state interference.

While declaring himself against the issuance of state bonds with which to build roads, the candidate voiced himself as in favor of the state taking up county road bonds under some practical plan. He is against issuance of state bonds, he said, because he believing such an action would ultimately prove ruinous and because it would place in the hands of three men a sum of money too great for economical expenditure.

"With our gasoline and license tax, together with other special taxes and government aid the state will receive this year about \$37,500,000.00 and it is my opinion that any three men who spend this sum wisely during the year will have been kept very busy," he said.

The senator in his speeches over the state has been severely attacking certain candidates who say they will remove the ad valorem tax and place it on ginger ale and malt extracts. He accused these candidates of raising a smoke screen to grab votes and charged that candidates who would thus encourage breaking of the prohibition laws had no place in the Democratic party.

"Why, there ought not to be enough malt extracts sold in Texas to raise any size revenue," he said.

Regarding the penitentiary relocation Senator Small contends this removal would cost the state a huge sum of money without appreciable betterment. Convicts, he said, should be put to labor raising farm products and manufacturing such equipment as is necessary to the adequate maintenance of the penitentiary and other state institutions.

Dr. and Mrs. G. J. Sherman left Sunday for Lincoln, Nebraska. He was called on account of the death of his uncle who died suddenly Saturday night. They intend to return Saturday.

**Mrs. Sadie Hartman Passes Away June 19th**

Mrs. Sadie Hartman came into this world on Nov. 15th 1854, in the state of Kentucky. About the year 1888 she came to Clarendon from Kansas City, Mo. and opened a millinery shop which she kept several years. During this time she met Mr. Gus Hartman and the were joined in holy wedlock on the 23rd of Oct. 1899. They remained here until 1915 when they removed to Zion City, Ill. where Mr. Hartman died in 1920. Soon after his death she left Zion City and removed to Harrison, Ark. to be near her daughter who lived there until she passed out of this world on the 19th of June 1930 at the ripe age of 75 years.

Mrs. Hartman had two children by her first husband, a boy and a girl, Johnny, the son passed away on the 12th day of Jan. 1902 and lies buried in the Odd Fellows cemetery here and we are fulfilling wish of the deceased, to be buried at his side, today. Mrs. Lutz, the daughter surviving her mother lives in Ark. Thru certain circumstances she was prevented from being here today. Several brothers and grandchildren mourn her death.

In her early life, Mrs. Hartman joined the Christian church and was a charter member of the Christian church here in Clarendon.

**After the First Twenty-five Thousand Miles**

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

**B. F. Morris Writes Interesting Letter**

Washington, S. C. June 9th, 1930. Editor Leader:

The city of Charlottesville, Va., is situated in the foot hills of the Blue Ridge mountains and has a population of about seventeen thousand. It was founded about 1776 by the Hon. Thomas Jefferson, and named in honor of Queen Charlotte, wife of George third, King of England's Revolutionary father. The great university of Va. is situated here, also founded by Thomas Jefferson. The president of the university invited the general assembly out one evening to a reception and stood in line and shook hands with commissioners as we filed by. Beautiful ladies served cakes and punch to us and all pronounced it a most enjoyable evening.

The Jefferson home is about three miles out of the city named "Monticello" meaning, Little mountain. It is beautifully situated on top of a small mountain and visitors are allowed to the grounds at stated times. The meeting of the general assembly of the Southern Presbyterian church was well attended here and enjoyed by all of the commissioners. One of the most interesting pieces of business that came before the assembly was the question of organic union between the Southern Presbyterian church and Northern. This was debated pretty well for nearly two days. But no progress was made as there was too much opposition. I went home with one of the commissioners who lived about 40 miles away. He and his lovely wife invited me to go out for the evening with them which I accepted as I desired to see more of this part of Va. and visit some of our best citizens in their homes. I found these most lovely people and was most hospitably entertained in their magnificent country home, while they had everything to make the heart of man happy. They brought me back to Charlottesville, the next morning and made me promise if my fortunes called me that way again to be sure and make their home mine. They were "Smith Democrats". Birds of a feather "you know".

Doctor Morris and I went down to the battlefield of the The Villion Station, where our father was mortally wounded in the Cavalry battle there on June 12th, 1864. Wade Hampton with the South Carolina cavalry and Fitz Lee with Virginia cavalry met Sheridan and Custer sent out by Grant to cut the railroad communication of General Lee with the South and completely routed them off the battle field. We were lucky to find one of Fitz Lee's cavalymen who fought in the battle and he took pleasure in going over the battle field with us and pointed out to us the confederate line of battle. The field is suitably marked, giving information as to what occurred by the good women of the country. We also passed over the camp of the army of Northern Virginia when it spent the winter of early 1864. The house was pointed out to us

where General Lee had his headquarters. Also the tree where "Traveler", General Lee's great warhorse was hitched nearby. I was in sight of the battle field of Cedar Mountain, where Stonewall Jackson defeated a portion of Pope's northern army in his advance on the great battle of 2nd Manassas, when Pope was confederately defeated and his army driven back on Washington.

The assembly finished its work and we left Charlottesville, Wednesday night. I dropped down into North Carolina to visit my daughter. I arrived just as the sensation al contest was drawing to a finish between Bailey and Senator Simmons. The present Senator from N. C., senator Simmons concluded he could not support the nominee of the Democratic National ticket and bolted the party advising the people to support Hoover and caused N. C. to go Republican. The Smith Democrats brought out Mr. Bailey to contest senator Simmons right to further represent the N. C. Democrats in the U. S. Senate. Claiming that Simmons had betrayed the party, I arrived in the wind up of the campaign. The Democrats had the country buzzing like a hornets nest stuck with a stick. Bailey beat him "loose foot and dragon". Alabama says they have same doze fixed up for Heflin who did the same trick over there. Simmons had represented N. C. in the Senate for nearly 30 yrs., but they handed him a lemon June 7th. I figure the Democrats of Texas will prepare a similar dose for Tom Love. When a man does nothing to run on except the "wet Democrats, Raskob and Tammany Hall, stuff its about time to call a new doctor to prescribe for the people's troubles. Wishing all of my Clarendon friends health and happiness. I am Resp't. B. F. Morris.

**THE INSULT**

The traffic officer had raised his hand and the lady motorist stopped with a jerk. Said the officer, as he drew out his little book: "As soon as I saw you come around the bend I said to myself, "Forty-five at least."

"Officer," remonstrated the lady indignantly, "you are very much mistaken. It's this hat that makes me look so old."—Judge.

**SUCH IS FAME**

Several years ago Firestone, Ford, Edison and Burroughs were touring through West Virginia. A light on their car went bad and they stopped at a little crossroads store in the Buckhannon section. Mr. Ford went into the store to make the purchase.

"What kind of automobile lights do you have?" said Ford.

"I'll take one," said Ford, "and by the way, you may be interested to know that Mr. Edison is out in my car."

"So?" said the merchant.

When the light was put in it was found that a new tire was needed, so Ford went back into the store and asked what kind of tires the merchant had.

"Firestone," was the reply.

"By the way, you may be interested to know that Mr. Firestone is out there in my car, and that I am Mr. Ford—Henry Ford."

"So?" said the merchant, and let drive a long squirt of tobacco juice against the wall.

While the merchant was putting on the tire, Burroughs, who had white whiskers, leaned out of the car and said, "Good morning, sir." The merchant looked up at him with a grin full of sarcasm and said:

"If you try to tell me that you are Santa Claus I'll be damned if I don't crown you with this wrench."

**NOT GUILTY**

**Former Clarendon Man Sells McLean Business**

After having built up a good cafe business over a period of three years, J. A. Meador, formerly of this city, traded his cafe business at McLean for a section of land near Clovis, New Mexico the past week.

Mr. Meador will not locate on his holdings at this time, and is seeking a location for a cafe business which is more to his liking. In company with Haskell Meador,

**Passing up Hot Springs Health Resort**

Several local people who planned to spend their outing this summer in and near Hot Springs, New Mexico, have changed their minds and will go to Colorado. Gangster and "roughneck" conditions in the New Mexico town are said to be the reason for the change.

When men take their families for an outing, or are guests of a health resort, they expect them to be treated with the same courtesy as they would be at home. There is no doubt but what the hot springs

of that town are beneficial to health, and in some instances have worked wonders in restoring some of our local citizens to good health again, but a town that is dominated by hoodlums cannot expect the better element to spend money in that town.

he made an inspection of possible locations in Clarendon Thursday.

**Farmers Are Buying FARMALLS**

Because they are convinced they can raise their crops at about one-half the expense which it has been costing them with mules.

The last few years have proven that land which is broken early and deep makes better crops. FARMALL owners are taking advantage of this condition right now. With the ground hard like it is now, it is impossible to do a real first class job of breaking land if you use mules, but with a FARMALL the job is easy. You can work from daylight to dark if you want to, and you will not be "fagged out," neither will the FARMALL.

We have received a carload of FARMALLS. Let us show you how they work. Good terms.

### Satisfactory Condition For West Texas Crops Noted

#### Continuing Rains Insure Best Crops In Years. Trade and Collections Are Off

West Texas crops are in satisfactory condition, at present, according to a survey just made over the 45 counties which the West Texas Utilities Company serves. This is due to the good rains which have been received during the spring and early summer at all points over the section.

Crops as a whole over the West Texas properties will average normal to 15 per cent increase in production if rains continue through the full growing season as they have this year to date. Though cotton and wheat crops have shown a near normal production, feed crops have been above the average this year. Trade and business are reported to be much better than 30 days ago but are still subnormal.

While crops are in a satisfactory condition at present and promise an average to above normal production, at least moderate rains must continue through the summer to insure their full success.

#### W. A. Clark, Jr. Returns From Visual Instruction Conference

W. A. Clark, Jr., Dean and Professor of Education, Clarendon Junior College, returned last week from the University of Texas where he took active part as one of the faculty members who taught at the Visual Instruction Conference held there June 16-21, inclusive.

Mr. Clark acted as one of the directors over the laboratory department and assisted in demonstrating and discussing experiments carried out from the laboratory schedule. He also gave an illustrated lecture on lenses.

It is reported that \$20,000 worth of equipment was used to carry out the problems and projects scheduled by the Bureau of Visual Instruction. This amount is not so stupendous, nor is it parallel when weighed with the educational value that such a conference offers.

Daniel C. Knowlton, Ph. D., Professor of Visual Instruction and History, Yale University states that Visual Instruction has a 19 per cent lead over that of plain classroom instruction. Or in other words, pictures help the student to grasp 19 per cent more educational value than he will get from verbal instruction alone.

#### Memphis Golf Team Loses To Amarillo Team

The Hillcrest Country Club Golf team of Amarillo won an inter-city match Sunday from Memphis 19 to 13. The Memphis team was strengthened by players from Clarendon, Estelline, Quanah, and Childress. One match was tied.

The Clarendon golfers as a whole played approximately a fifty-fifty game with their opponents, one match having been tied.

Those players who went from Clarendon were: Al Cooke, I. C. Merchant, H. B. Kerbow, A. N. Wood, K. W. Kerbow, H. Kennedy, H. C. Parsons, J. T. Patman, and J. L. Casey.

Mr. and Mrs. John Beverly of Pampa attended the funeral of Mrs. Guss Hartman here Sunday.

### Musical Program Big Hit Sunday Afternoon At Band Stand

#### Orchestra Gives Second Concert To Very Attentive Audience

The High School Band again made its appearance Sunday afternoon at 3:30 o'clock at the band stand in front of the old Grammar school building. A very pleasing and interesting program was rendered to the delight of those present.

The orchestra made its second appearance before the public when it took part in the Sunday concert, and presented several numbers of pleasing refrain which immediately met with hearty approval of the eager listeners. The program rendered is herewith given in full:

#### Three Day Cowboy Reunion at Stamford This Week

With arrangements completed for a group of 50 Comanche Indians from the government reservation in Oklahoma to put on a two hour show each evening during the Texas Cowboy Reunion in this city, June 26, 27, and 28, a well-balanced program has been provided for the thousands who will attend the affair.

During each afternoon, a western cowboy rodeo in which approximately 100 actual working ranch hands will compete for liberal cash prizes, will be staged, and after the Indian show in the evening, an old-fashioned ranch dance with real pioneer music will be held in the open air pavilion on the reunion grounds.

Special efforts are being made to have all men who were engaged in working cattle on the ranges prior to 1895 attend the reunion. However, everybody whether an old-timer or a newcomer to this area, is invited, and will find many things of interest and much to entertain and amuse during the three days.

The opening feature of the celebration will be a monster street parade at 10 a. m. on the morning of June 26. In the aggregation will be the 50 Indians, the cowboy rodeo contestants, the pioneer cattlemen and many other interesting divisions, along with about a dozen ranch, chuck wagons. These Wagons will be on display on the reunion grounds all during the affair and the ranch cooks will be with them. The Indian show each evening will be highly interesting. Tribal war dances

with the redskins in full native regalia and the gib booming drums that require four men to handle them, will be among the thrilling items offered on the program each night.

Rev. S. E. Allison and daughter Miss Gwendolyn left for El Paso Monday. Mrs. C. A. Burton accompanied them as far as Clovis, N. M., where she will visit a few days.

Miss Edna Montgomery who is at Dallas for medical treatment is reported as doing nicely.

Mr. and Mrs. Henry Tice of Wellington visited her parents, Mr. and Mrs. A. H. Baker Sunday.

Mrs. Dick Hughes who has been visiting her mother, Mrs. Matt Bennett, returned home Sunday, Mrs. Bennett accompanying her home for a short visit.

Miss Martha Thomas is visiting her brother, Lewis Thomas in Ft. Worth.

### Great Activity Shown In Sketch Of Small's Life

#### Has Held Many Offices Before Entering Governor's Campaign

That Senator Clinton C. Small has been an active and prominent figure in West Texas over a long period of years is revealed by a brief sketch of his life. Before entering the race for Governor of Texas, Senator Small had filled with efficiency almost every prominent office within the power of the people of his section to bestow upon him.

Small has been a resident of the Panhandle of Texas 39 years, or since he was three years old. He was born in Collinville, Alabama, on May 22, 1888. His parents moved to Collingsworth County in June 1891 and Senator Small has been a resident of this and Wheeler counties since that time.

He attended the rural schools of these counties and later the high school at Wellington. Later he attended the old Clarendon College at Clarendon and Trinity University at Waxahachie. He studied law at the University of Texas and was admitted to the bar in June 1911.

Senator Small has held a number of public offices in his home county and district. He was county attorney of Collingsworth from 1912 to 1914 and city attorney of Wellington from 1914 to 1917, when he was elected county judge and served in that capacity until

1923. He was elected mayor of Wellington in 1925 and served two years or until he was appointed district judge of the 100th Judicial District on March 15, 1927. Senator Small was a presidential elector in 1916 and a member of the state Democratic executive committee from 1924 to 1926. He also served as secretary of the County Judges Association of Texas in 1922. He was elected to the state senate two years ago.

In addition to his activities as a practicing attorney and public official, Senator Small has taken a prominent part in civic affairs not only in Wellington and Collingsworth County, but in West Texas. He served two years as president of the Wellington Chamber of Commerce; two years as president of the Collingsworth County Fair Association; two years as president of the Wellington Country Club; six years as director of the West Texas Chamber of Commerce and was offered the presidency of that organization which he was compelled to reject since it would conflict with his work in the senate; and is now a vice president of that regional organization. He also has been actively associated with a number of highway organizations and good roads promotion campaigns.

He is an active member of the Presbyterian Church, a member of the Masonic Lodge and Scottish Rite bodies. Senator Small was married in January, 1914, to Winifred O'Neill. They have two children, C. C. Jr., and Winifred Ann. Senator Small's clean record as a public official is being accorded approval in all sections of Texas and civic leaders in all parts of the state have endorsed his candidacy for Governor—Wellington Leader.

**Keep Your Clothes Fresh, New, YOUNG!**

YOUR clothing must look fresh, new, young, if you are to be a success in the business or social world. Employers do not give responsible positions to people who wear "old clothes"; hostesses do not often invite shabby guests.

Let us help you to keep your clothes young. The modern Valetor method of clothes pressing—the method we use—will bring back the original shape to worn garments; will raise the nap and restore lustre to the fabric. It will also kill disease germs and remove offensive perspiration odors.

You'll look better and feel better when your clothes are kept young the Valetor way.
