## Local Members Accept Invitation Of Amarillo Club

### Members of Clarendon Rotary Club Will Furnish Program For Amarillo Club

When the matter was presented to the local Rotary club by President Jenkins at their luncheon hour Friday, there was a unanimous vote of acceptance of the invitation of Amarillo's Rotary club to sponsor the program at their luncheon hour Thursday, August 21st.

While the program has not been fully outlined, those who are now known to appear on this program are D. R. Davis, Jack B. Jones, R. E. Drennon, R. S. Cope, Rev. W. E. Ferrell and J. C. Estlack.

President Jenkins and a number of other members are planning on making up a crowd to attend the jollification of returning a visit to the Club whose members were most instrumental in the organization of the local club.

The program Friday was in charge of the Club Service Committee, J. C. Estlack as chairman of that committee, presiding.

Miss Wilma Sexton of Cooper, Texas, a guest of Jack B. Jones, contributed a beautiful piano solo and responded to an encore.

Robert S. Cope had charge of the song service pepping up the assemblage to the 'nth degree.

Rotarian Ralph E. Paxson spoke on the subject of "Ethics in the furniture business" and was warmly applauded. Few present were aware that "Pax" was a speaker and so well acquainted with his subject.

W. B. Armstrong and M. W. Mosley each attending as guests of Dr. B. L. Jenkins expressed their appreciation and added their sum of pertinent remarks to an interesting program.

Rotarian Cavaniss of the Utility company and member of Memphis Rotary dropped in to make up his attendance and to issue a special invitation to the membership to visit his club. He drove 45 miles to make up this attendance and was well pleased with the reception accorded him and the program.

Rotarian D. R. Davis reported that the East side baseball boys had definitely cleaned up on the West Side and that boys from each club were seeking new fields. He suggested that games be matched with boys in the rural sections to further arouse interest among the boys of the county. This will be done in the near future since the Club expressed their pleasure in furnishing balls and bats.

## Missionary Baptist Revival Begins at Lelia Lake

Mr. G. F. Leathers of Lelia Lake was in town Monday advertising a Missionary Baptist revival that begins at Lelia Lake tonight (Tuesday).

Rev. James F. Dew of Hope, Arkansas will conduct the revival and an urgent invitation is extended to the public to hear him. Rev. Dew comes to Lelia Lake highly recommended as a man of unusual ability and earnestness, being one of the leading evangelists of the state.

## Donley County Teachers' Institute Will Meet Here

### To Convene Monday Morning September 2nd at Junior College Building

Teachers of Donley county will attend an institute in Clarendon to be conducted by S. H. Condron, professor of history of the Teachers' College of Canyon, and widely known not only in the Panhandle but all over the state as one of our strongest instructors.

Registrations may be made in the College office from 9 to 9:30 with a deposit of a fee of a dollar and a half. Teachers will assemble in the Auditorium at 9:30 where Robert S. Cope will lead in the song service.

Rev. B. N. Shepherd, pastor of the First Baptist Church will deliver the invocation and County Judge J. J. Alexander will make the welcome address. Mr. Cavanaugh, principal of the Windy Valley school will respond.

A number of musical selections will be contributed at this time under the direction of Gus B. Stephenson, director of the Clarendon High School band.

The making of formal announcements pertaining to the work and other matters incident to the Institute, will be at 10:30 followed by a fifteen minute get-acquainted recess.

The remainder of the morning period will be consumed in the discussion of "Schools and the Demands of Citizenship" by S. H. Condron of the W. T. S. T. College of Canyon.

Assembling again at 1:30 following the noon hour recess period, Miss Grace Mae Sample will contribute a piano solo. Mr. Condron will discuss "The School and the Use of Leisure" until the 2:30 period.

Section meetings will be held from 2:30 to 3:30. Grades 1 to 4 will assemble in Room 13 in charge of Mrs. Mary Reast.

Grades 5, 6 and 7 will meet in room No. 10 where W. C. Maxwell of the Hedley schools will have charge.

Tuesday, Sept. 2nd  
Teachers will assemble at nine o'clock Tuesday morning in the Auditorium. Mr. Cope will again lead in the song service. Rev. W. E. Ferrell, pastor of the First Christian church will deliver the invocation.

Band leader Gus B. Stephenson will have charge of a number of musical selections to delight his audience. Mr. Condron will consume the remainder of the period up to 10:15 in the discussion of "Trends in Modern Education."

An intermission from 10:15 to 10:30 will be followed by a general assembly of the teachers for the purpose of working out a program for the Interscholastic League work of the county for the coming school term. This meeting will be presided over by R. E. Drennon, principal of Junior High school of Clarendon.

Section meetings will be held from 11:30 to 12 o'clock in the same rooms with the same instructors as on the previous day.

Assembling after the noon hour at 1:30, a number of musical selections will be rendered under the direction of Gus B. Stephenson.

Mr. Condron will consume the remainder of this period up to 2:30 in discussing the subject of "The Teacher as a Citizen."

At 2:30, teachers are requested to meet with their superintendents for conferences. Hedley teachers will meet in room 10. Lelia Lake teachers will meet in room No. 14. Clarendon teachers in room No. 13 and rural teachers in room No. 11.

Mr. and Mrs. F. A. Stocking  
Announce Birth of Son

In a telegram to relatives here Friday, information comes of the birth of a son to Mr. and Mrs. Frank A. Stocking at Cleburne, Texas August 7th. The weight is given as nine pounds, mother and babe doing well.

The many friends here will rejoice with this young couple over their first born, both having been popular members of the school faculty for a number of years.

## Revival Begins Baptist Church Here Sunday Morning

### Local Church Workers Are Expecting Large Crowds to Hear Evangelist

Members of the First Baptist church are diligent in making preparations for their annual summer revival which begins with the service Sunday morning. Evangelist J. H. Littleton, pastor of the Baptist church at Hamlin, Texas will conduct the revival.

The local pastor, Rev. B. N. Shepherd, has been in evangelistic work with Rev. Littleton and feels that the local church has been most fortunate in securing the services of this gifted man well known for his zeal and earnestness and whose labors result in much good.

The song service will be in charge of Rev. C. B. Stephenson, pastor of Houston, Texas and formerly pastor at Groom some years ago. He also did effective work in a revival here some years ago. Mrs. Stephenson is a daughter of Mr. and Mrs. Crockett W. Taylor of this city.

Prayer services incident to this revival will begin Wednesday night and continue throughout the week under the guidance of pastor B. N. Shepherd. The date of the meeting was set some time ago and members of the choir have been spending some time on song practice in preparation for the revival.

Rev. and Mrs. W. M. Murrell left Saturday for a vacation trip expecting to spend most of the time at Mt. Sequoyia Methodist camp in northern Arkansas.

## Church of Christ Revival Begins at Lelia Thurs.

## Large Audience Will Greet Fergusons Here Tonight

### Spoke in Dallas to Monster Crowd Monday Night-Will Speak at Floydada

Coming here from Dallas where he spoke to an overflow crowd Monday night, Hon. and Mrs. James E. Ferguson will no doubt be greeted by one of their largest crowds if one may judge from the number of phone calls from nearby towns.

Amarillo called early Monday morning saying that a large delegation from there headed by the chairman of the Ferguson-for-Governor club, Memphis, Hedley, Giles, Wellington, Shamrock, McLean, Pampa, Olancho and other smaller places should be a hundred miles have such notified Ferguson supporters here that they would be on hand.

The introduction of the speakers will be left to Judge A. T. Cole. The High School band will be on hand to help celebrate the occasion. The meeting place has been definitely determined and will be held near the Grammar School building as no auditorium in town is of sufficient capacity to hold the crowd.

Add to Ferguson article  
Broadcasting station WDAG of Amarillo will broadcast the speech arrangements of equipment being placed during the day.

Through the ignominy of Jack B. Jones of the Clarendon Drug store, dozens have stopped to gaze at wares displayed in the show window of that firm. During the Saturday crowd period, pedestrians seeing the crowd gathered at the drug store instantly ceased a fight or something equally attractive, and beat it at all speed to see what it was all about.

The display that attracted such wide-spread attention consisted of a small tank of water possible two by three feet and a few inches in depth. Two boats propelled by an ingenious power of burning incense hidden within were labeled "Sterling" and "Ma."

An outburst of cheers that could be heard a block was occasioned Saturday afternoon when the "Ma" boat became unmanageable and began running circles around its competitor for first honors in a race that was based only on a guess.

J. Eddie Teer, manager of the Cameron Lumber company in Clarendon was married in Memphis Sunday to Miss Nell Elliott.

Mr. Teer has been a citizen of this city for some two years, is a member of the local Lion's club and takes an interest in all movements for the betterment of this section.

Nineteen additions to the church is reported and a general improvement is noted in the general church spirit according to a statement of one of the leading members Monday.

The members of the Christian church express their sincere thanks to those who kindly cooperated with them and especially do they appreciate the assistance given them by members from nearby towns and rural districts.

## Government Cuts Cotton Report Below 1929 Production

### Drouth Over Cotton States Causing Rapid Reduction in Estimates

Government reports released Friday clearly indicate a reduction of cotton production for this season. The condition of the cotton crop August 1st was given as 62.2 percent of normal. Condition at the same time last season was 84.6 percent of normal.

The total production of the United States according to this estimate is given as 14,382,000. This calculation was based on area in cotton on July 1st. Parts of Mississippi and Alabama's most productive cotton area has received no rain since May 15th.

The fact that applications from much of the cotton section have been made asking for government help in buying food, clothing and feed for stock would not indicate a very heavy crop yield.

This same report stated that production in the south area of Louisiana was 25 percent below normal on July 1st. No rain has since fallen in that section other than a few local showers.

Moisture conditions in general causing the crop to reach maturity much earlier than usual, and reports from South Texas state that all of the crop will be gathered with the first picking.

There is every indication of a rapid deterioration of the crop in practically all the cotton area, and this condition is gradually extending to West Texas where production will be heaviest this season, according to co-operative cotton selling organizations.

## Texas' Expense Bill is Increased 300 Per Cent

### Government Cost is Increased From \$4.95 to \$12.85 Per Person Since 1917

With a per capita cost of government in Texas of \$4.95 in 1917, it has now reached the enormous sum of \$12.85 as shown by a survey prepared by the state comptroller of accounts at the request of the United States department of commerce.

Mr. and Mrs. E. Price had as dinner guest Sunday, Mrs. Friday and daughter, Mrs. French, and Mrs. Burks and son Basco of Wichita Falls.

## Epworth League Green Belt District Pic-Nics Friday

### Meeting is Held in Grove North of Jericho Friday Evening and Night

A crowd estimated at well over a hundred and fifty Epworth Leagues assembled at Jericho Friday afternoon going from there in a body to the grove some two miles north to where the Rock Island water tank is located.

The crowd was amused with stunts and singing until late in the evening when a feast was spread. After disposing of a bounteous supply of delicious food, games and other forms of amusement were indulged in until a late hour.

A large attendance was noted from Pampa, Claude, Alameda, Groom, as well as the large crowd attending from Clarendon. It is claimed that this meeting had a record-breaking attendance.

## Big Cotton Pool Is Planned To Hike Price To 20cts

### Cotton Association Members Formulate Plans at Dallas Meet Past Week

Meeting arouses interest of thousands of cotton growers over the South believing that in this movement, the price of cotton can be raised to a twenty cent level. The drouth has had a telling effect on production over the cotton belt the past month and it is believed that the curtailment of over a million bales as announced by the Department is not enough.

This meeting was attended by Judge L. Gough of Amarillo who succeeded in securing the adoption of a resolution as follows: Resolved, that 25 cents per bale shall be set aside out of the \$1.00 per bale permanent fund provided for in our regular Marketing Agreement and any available amount of any other funds not to exceed 25 cents per bale, may be set aside by the Board of Directors, the fund thus created shall be used for a defense of the farmers rights.

This fund will likely be used as outlined in an article appearing in the Leader of last week. This plan is being worked out by Judge Gough and will be put into execution just as soon as sufficient funds have accumulated.

Plans for getting into operation a campaign for 5,000,000 bales of cotton, to be held until the price should reach 20c a pound, were discussed Monday afternoon at the annual membership meeting of the Farmers' Marketing Association of America, Inc., 714 Cotton Exchange Building, Fred W. Davis and I. E. Alford of the Department of Agriculture of Texas, attended the meeting and assisted in working out details.

The association has planned this emergency contract for 5,000,000 bales to save the present situation. M. H. Wolfe, general manager, said: Cotton is selling at 11c a pound; it is hoped, through this contract, to raise it to 20c by Dec. 1, he said.

All officers and directors of the association were elected for another year, as follows: M. H. Wolfe, general manager; O. P. Norman, president; Kauman; Charles E. Metcalfe, vice president, San Angelo; W. E. Yeary, secretary-treasurer, Dallas; T. W. Davidson, general attorney and director, Marshall; Fred W. Davis, director, Austin; Schuyler Marshall, director, Dallas; Joe Bute, director, Hillboro; C. D. Peavey, director, Reinhardt; W. S. Kirby, director, Dallas.

## Clarendon Golfers Win Honors at Amarillo Meet

In an effort to win the amateur golf championship of the Panhandle at Amarillo Saturday, several men from Clarendon shot well toward the front making excellent records.

The records made were as follows: Ira Merchant, 78, 81-159; P. B. Gentry, 83, 83-166; J. T. Patman, 92, 99-191; Kenneth Kerbow, 87, 83-170; M. P. Gentry, 86, 92-178; Dick Cooke, 91, 86-177; Fred Buntin, 87, 85-172; Tom F. Conally, 92; 93-185; Bill Cooke, 83, 82-165; Al Cooke, 82 -79-161.

Clarendon won second place in the attendance cup contest 13 of the local club being present. Borgner won first with an attendance of 21. In the team contest, P. B. Gentry, Ira Merchant, Al and Bill Cooke represent the Hillcrofters.

Prizes ranging from a Chrysler Sedan down to golf sticks spurs the enthusiasm of all entrants. Some eighty valuable prizes will be awarded.

Several local players were awarded prizes. A. Wood claims to have won an "auto-bed" but does not know what it is. Al Cooke was awarded a complete outfit, cap, trousers, hose, sweater, etc. Bill Cooke was awarded a silver set. Ira Merchant was awarded 12 sherbert containers. P. B. Gentry won a prize but has not found out what it might be as yet.

## Clarendon Man Makes Home Poultry Industry Pay

### Possibilities of Back L. monstrated by Using Proper Care

One of the leaders of white Leghorn production in Donley county is W. Z. Borron who resides in the southwest suburb of Clarendon where he has been gradually enlarging his poultry facilities for the past three years.

Engaging in the industry in a small way to start because of little previous experience, Mr. Borron now has one of the most modern poultry farms on the limited acreage in the county.

He believes in securing the best blood and as proof of this fact, paid as high as a dollar each for chicks the past season. From these chicks he raised a large number of roosters which he will use for breeding purposes the coming season. It is his plan to sell eggs at a good price and sell quality worth every bit of the price paid him.

From October of 1929 to April of 1930 his pullets hatched the preceding April of 1929 netted him over two dollars each as egg producers. He now has about 600 pullets about four and a half months old or double the number of the preceding year.

His poultry house is built along modern lines following the best judgment to be had from those more experienced. The entire building measures 20x50 feet and is so constructed as to permit of plenty of ventilation.

There is plenty of room for his layers to remain inside during the coldest weather. Scratches and water electrically heated will insure no check to egg production during a cold snap.

A sprouter room will supply plenty of green stuff. Brooders of a modern type to care for chicks and automatic feeders to care for the entire flock is a part of his equipment.

The feed ration comes into for a large share of attention. In this respect Mr. Borron constructed a mixer according to his own ideas that has given excellent results. An orchard run permits of out door exercise. In speaking of disease, "there has been no sickness among my chickens for three years" is the reply he made to a question that keeps several out of the game.

## W. B. Haile Heavy Loser in Fire This Morning

Fire of undetermined origin about one o'clock this (Tuesday) morning destroyed the garage of W. B. Haile on College Heights.

In addition to losing the garage building, a truck and auto, were also consumed as well as other articles of value. The fire was not discovered until it had gained headway which prevented the fire department saving anything of value.

Mrs. Marvin Land and son returned Sunday from a visit with relatives at Horatio, Arkansas.

**THE COW AGAIN.**  
Now that cream has jumped back to thirty-four cents, cows will advance in price accordingly. Those who sold their milk stock at a sacrifice, are just blown up.

**THAT FARM BOARD.**  
Following their broadcast of advice to reduce production, a man in Arkansas was to sue the Farm Board for bringing on a drouth as a last resort to carry their point. It could not be accomplished otherwise.

**SOME TAX BURDEN.**  
In round numbers, the American people earn around 80 billion dollars a year. One-sixth, or about 13 billion of this amount is paid back in the form of taxes. Out of every eleven persons working, one is a government employee whereas it was one in 22 in 1920.

**FEDERAL INCONSISTENCY.**  
While the Department of Crop Census is reporting a cotton crop almost equal to that of last year, the Federal Farm Board of the same agricultural bureau is making preparations to supply feed, food and other necessities because the people failed to make a crop because of the intense drouth.

**STANDARD OIL TIRES.**  
Now comes the announcement that the Standard Oil company is to enter the auto tire business selling standard brands. The announcement further states that these tires will be placed on sale at all filling stations controlled by the old line companies and a national advertising program followed.

**MORE CONGRESSMEN.**  
According to the last census, West Texas is entitled to three congressmen instead of one. If we had two more men like Marvin Jones, there would be something doing in West Texas and the nation as a whole.  
There is no bombast about Congressman Jones. He talks business, means business and looks after the business of his clients—rich and poor alike. The recent election is evidence sufficient to prove that he is appreciated.

**SHELLING THE PANHANDLE.**  
There is no little concern among the Ferguson supporters over the fact that the Panhandle will be shelled the coming week with the voices of several of the most noted orators and astute politicians of the state speaking in behalf of Sterling.

**LET'S BE THANKFUL.**  
The Panhandle of Texas has felt less the effects of the depression than any other section of the state.  
Our crops are better than any other section of the state being on a parity with the general crops of the Panhandle-Plains area.  
Cotton in Donley county is looking good. Feed stuff is holding its own. Trucks are hauling melons and peas and other produce to the Plains and paying the farmers of Donley county a good price.  
The price of cream has jumped up to 34 cents. Wheat is around a dollar a bushel and going higher all the time.  
We have a whole lot for which to be thankful. Our hard times exist mostly in our own minds. Let's take an inventory and be thankful.

**SCHOOLS AND DRESS.**  
From the public schools of the

state will begin another term. Some will be over fed and some under-nourished. That cannot be regulated very easily.

At the same time, some will take advantage of the opportunity to "show-off" fine clothing, some will dress within the bounds of reason and some will be scantily clad because of the dictates of poverty.

What a fine thing it would be if we could dress our children in uniforms—both boys and girls. That would level up matters and cut out a whole lot of embarrassment. It would be cheaper and more comfortable. Such rules are followed in the state colleges, why not in the public schools?

**STUDY BOTH SIDES.**  
Following our policy of fairness to both sides, there appears in this issue of the Leader articles from each gubernatorial candidate. Read them and weigh carefully the reasons as set forth asking for your support.

Some of the very best people of the state are lined up on each side. Each is entitled to an opinion. If this nation is to continue as "the land of the free", the right to think and vote as individuals must continue.

And remember this: The election will soon be over and you will have to continue to live with your neighbors indefinitely. Stay in a good humor. If you can't, put in your time praying for rain. We appear to be a little short of that commodity right now.

**INDIANA MOBS NEGROES.**  
Citizens of Marion, Indiana Thursday night took two negroes from the jail and beat them to death and afterwards hung the bodies up for public inspection.  
The victims had confessed to the murder of a youth of the town and to a criminal attack on his girl companion.  
Women joined with men in beating the bodies of the negroes according to press reports. As day-break came, the incensed crowd dispersed in an orderly manner.  
The only excuse offered for this act of defiance of law and order was that "court delays often freed criminals deserving of a punishment of death."

Not only are courts to blame, but juries are also to blame. In fact every criminal charged with brutal murders in Texas the past year were given their freedom or turned loose on the public by and through the consent of "twelve men good and true." Let's place the blame where it belongs.

**PENDULUM SWINGING BACK.**  
For the first time within 18 months, consumption now exceeds the supply in a number of industries. Over three hundred thousand workers are again placed on the payroll over the week.  
Auto industries of Detroit takes 116,700 men alone. Railroad and steel industries take up the remainder of that horde of idle men. Officials of railroad companies in the central and eastern states announce an era of expansion of lines and repairs to old lines.  
Alabama iron mines received more orders for their product during the past thirty days than for the preceding twelve months. Youngstown, Ohio steel supply steel supply mills announce an increase of 58 percent in business over the preceding twelve month average.  
Curtailed agriculture production due to drouth will create a demand for all food and feed pro-

duced in the more favored sections. According to plans of the Federal Farm Board, railroads will be permitted to transport these products at greatly reduced rates to avoid further disaster to people living near their lines in the stricken districts.  
Financiers in a position to know predict that within the next sixty days business in most all parts of the nation will be forging rapidly ahead in every branch of industry. Every indication at present points in that direction. It is freely predicted by these same men that the depression period has reached the bottom and the pendulum in swinging back to good times.

Those who hoped that the Apostle would be shot early Wednesday for dumping the batch of 'pomes' on his readers are to be disappointed. The only casualty noted was a drunk who imbibed too freely of that familiar household panacea better known as Lydia E. Drinkum's compound.  
He became imbroiled in a family racket in which his wife came out victor and took to the only remedy recommended for female trouble—for he surely has it.  
A few folks looked upon premature golf as a passing fancy. Now a New York corporation is to spend several millions on premature golf grounds in the larger cities of Texas. It is great sport for the man who is too lazy to play a man's game. (P. S. That is not original with the Apostle. Credit Red Kent.)

Here's some of that con-on-the-cob poetry stuff.  
The horse is a wonderful thing,  
No buttons to push or horns to ring.  
He starts himself—no clutch to slip,  
No plugs to miss, no gears to strip.  
No license buying every year,  
A plate in front and in the rear.  
No gas bills climbing every day,  
To steal the joy of life away.  
No punctures to bother the trusty steed,  
Nature caring for every need.  
His inner tubes work every day,  
And by gosh they stay that way.  
Another thing you never hear,  
Of bent fenders in his rear.  
No chassis breaks and garage bills,  
Nature takes care of these ills.  
Another thing that helps to cheer,  
The model's the same every year.

This column had no local affair. Weeklies as well as dailies all over the United States are afflicted with this pernicious stuff which seems to thrive on dry weather, appearing to both contagious and infectious.  
Love is not only blind but it is also freaky. Many a girl looks at a bald head and sees nothing but a pocketbook.  
Some folks are like a locoed mule. They shy more at what ain't than what is, especially in dealing with public questions.  
When asked if Lake Kemp was a good picnic place, a local lady replied: "Yes, ten million insects could not be mistaken."

It's funny how a woman will store her furs, put her money in the bank, will her property to an aunt, hire some one to look after her flowers and then turn her husband loose all summer while she visits relatives.  
A kicking mule cannot pull; a pulling mule cannot kick. Neither can you or I.  
The wife of this column is for Sterling because he accidentally rose from mdire poverty to immense riches. She thinks he will accidentally make a good governor. She further clinches the bargain by saying that Sterling voted for Hoover and that the only aint of insanity in our family is the Apostle's idea that he ought to vote for 'Ma' August 23rd. With Sterling and his minions, all the muck-racking, professional politicians and a red-headed wife weighing 229 pounds lined up against me, I can't see how I am to hold out till the primary brings relief. It looks like carbolic acid now, and you know that means "goodbye" in any language.

**THE EDITORIAL DIGEST.**  
By Geo. I. Seltz  
Editor, "Editorials of the Month"

**TWELVE MONTHS OF SCHOOL.**  
Opinion is pretty much divided upon the idea that Texas schools should operate through twelve months of the year.

Texas editors have opposed and supported the plan upon various grounds, and appear to be evenly divided upon the question. Members of the forty-second legislature align themselves against the suggestion in the proportion of about two to one.

The Texas Outlook, official organ of the Association of State Teachers, has given the twelve-months plan its hearty endorsement and is waging an editorial campaign in its behalf.

It appears highly improbable that the discussion will ever result in any unanimity of thought. Operation of the schools through the entire year would solve a perplexing problem for communities which have experienced exceptionally rapid growth and find their school plants inadequate for the demands made upon them. Indeed, necessity for large bond issues would thereby be avoided and a sizeable sum saved to the taxpayers.

Communities already provided with adequate school plants, or plants which have anticipated the demands which may be made upon them for several years to come, of course can see no such advantage in the plan.

Probably the way out of the dilemma is to enact legislation which will make the twelve-months operation of school optional with the boards of the various school districts. Certainly there seems to be no reason for making the plan compulsory, or for denying its advantages to those districts which really need it.

This seems to be one of those cases where sauce for the goose may be poison for the gander. So why not let the goose feed to its full, and the gander continue to forage in fields most to its liking?

**COTTON FIELD SOLVES UNEMPLOYMENT PROBLEM.**  
Texas, great cotton fields despite the fact that the staple is selling at low levels, are solving the unemployment problem of the state.

Cotton pickers' wages are by no means princely, but they are sizeable enough to keep the wolf from the door of anyone who doesn't enjoy the companionship of the grim beast.

This type of employment is, of course, temporary. On the other hand, when the cotton is picked, employment increases in other lines. Railroad crews will be expanded to carry the cotton to the markets; longshoremen will become busy storing it in ships; classifiers, buyers, ginners, compressmen—all of them roll up their sleeves and go to work.

King Cotton still possesses the magic touch which releases a stream of gold—a stream which inundates the whole South. And by the time this seasonal activity ceases, unless our economists are as far from the truth as they have sometimes been, the full tide of prosperity will have returned to the land.

**THE PREFERENTIAL BALLOT.**  
Several of Texas' cities have consistently used the preferential ballot through a number of years. Significantly enough, they have found that the will of the people is effectively expressed and the expense incident to run-off elections is saved to the people.

If the preferential ballot works satisfactorily in municipal elections, there is little reason to believe it would not operate as well in the state elections.

In one Texas county, some thirty-odd defeated candidates who have no further interest in the election, are contributing to the enormous expense of the run-off primary. It is not an equitable arrangement, and undoubtedly good men hesitate to announce for office when they compute the money-hazard involved.

There seems to be no good reason why the preferential ballot should not be used in state elections where three or more candidates announce for an office. Many Texas newspapers are advocating its use, and the electorate, in all probability, would not

object to relief from the burden of a second primary.

**PLAINVIEW CARPENTER'S WIFE GAINS 7 POUNDS ON ARGOTANE; NOW A WELL WOMAN.**

"I have gained seven pounds since taking Argotane and am feeling like a well woman for the first time in two years," said Mrs. H. G. Cole, wife of a well-known carpenter, and living at 217 Hillcrest street, Plainview, Texas, recently.

"I suffered from a severe case of indigestion nervousness and general rundown condition," she continued, "and in spite of everything I did, I just kept getting worse. I finally got to where I couldn't eat anything, and gas formed and caused those bloating spells. My nerves were all on edge and I could hardly sleep at all for worrying about my condition and by morning I would be so weak and fagged out I was hardly able to get up at all. I was fast going down hill and I actually got so weak and listless at last I just had to stay in bed part of the time. I was gradually losing weight, and I tried all kinds of medicines and treatments, but nothing seemed to bring my health and strength back."

"One day a friend came to me and told me so much about Argotane, and what it had done that I decided to try it. I am certainly getting wonderful results, and had only taken a few doses and I knew that I had found the medicine I needed. I have improved right along ever since and can now eat anything I want and it agrees with me. My kidneys and liver are back to normal, and I rest every night, and sleep like a child. I have honestly gained seven pounds on Argotane and it has helped me so much, my husband is now taking it. Argotane is the best medicine I have ever seen or heard of and a medicine that will do what Argotane did for me is certainly worth recommending."

Genuine Argotane may be bought in Clarendon at the Stocking's Drug Store.

**Your Radiator**

If it is cleaned— Your motor will not heat because of better circulation.

It lasts longer because scales are removed.

The cost is a mere trifle as compared to the saving.

Our liquid process cleans the metal removing all scales and rust leaving the interior smooth and clean. It does not injure but does prolong the lasting qualities avoiding rust.

Long drives this hot weather will heat your motor if the water circulation is not of the best.

**SOCIETY**  
BRASWELL-ATTEBERRY.

In a beautiful ring ceremony with the Rev. J. H. Braswell, grandfather of the groom officiating, Miss Cecelia Atteberry, daughter of Mr. and Mrs. C. G. Atteberry of Pampa became the bride of Sam Phillips Braswell of Clarendon at the home of the bride Sunday morning.

Following the ceremony attended only by near relatives, the young couple left for a honeymoon trip in Central Texas where they will visit relatives and spend some time at Mineral Wells before returning to make their home at Clarendon where the groom is interested in the newspaper business with his father.

The bride is well known in Clarendon where she made her home until a few years ago. Since making her home in Pampa, she graduated from the Central high school and is well known in professional circles being a member of the Business and Professional Women's club of that city.

The groom has spent the greater part of his life in Clarendon, except during the time spent in school attending the State University where he pursued the study of journalism and was sports editor of the Daily Texan. He was also a member of the Lambda Chi fraternity and took an active interest in the social side of college life.

The Leader joins with the many friends of this excellent couple in wishing them all the joys of wedded life.

**Baptist Revival**

The revival campaign under the auspices of the First Baptist Church will begin Sunday, August the seventeenth and continue two weeks or more. The evangelist will be Rev. J. H. Littleton, pastor at Hamlin, Texas. Rev. C. B. Stevenson, pastor at Houston, Texas, will lead in the singing and work with the young people.

Rev. Littleton comes well recommended. He is a personal friend of Rev. Shepherd. They have worked together in other revivals.

Rev. Stevenson is well known here, having been pastor at Groom before going to Houston, and having assisted in a revival here several years ago. He is the son-in-law of Mr. and Mrs. C. W. Taylor.

The date has been set for some time and the church has been looking forward to and praying for a real revival. Special prayer services will begin Wednesday night and continue the remainder of the week under the leadership of Pastor Shepherd.

The public is cordially invited to attend these services.

**EVANGELISTIC MEETING CLOSES.**

The Evangelistic Campaign conducted by Dr. John W. Tyndall came to a close Sunday night. The last week of the meeting was well attended and Dr. Tyndall gave some powerful sermons that the Fathers and Mothers, the Husbands and Wives of Clarendon will long remember. The week was dedicated to the remaking of the Home-Life in this community, the sermons dealing with the commandments that men and women must obey to be Bible Fathers and Mothers, Husbands and Wives. Dr. Tyndall closed his part of the meeting Friday night and the pastor of the First Christian church, Rev. W. E. Ferrill preached to a large crowd Saturday evening. His subject was "Move or Die." Rev. W. H. Marler, of Crockett, Texas conducted the services Sunday morning and evening. During the meeting there were 19 additions. The church feels that it has been blessed in many ways and the faith of its members strengthened, and the community enjoyed the program and will continue to be blessed by the sermons presented to its citizens.

**GOOD WILL CLUB MEETS.**

Mr. and Mrs. Fred Russell were hosts to the Good Will club at their home Monday afternoon.

Quilting and home decorations constituted the principal parts of a busy afternoon program.

Salad refreshments were served to the members and guests at the close of the session.

Those present: Mesdames I. O. Nobles, L. H. Johnson, A. Q. Yates, Don Martin, T. D. Nored, Elmer Jones, Melvin Cook, L. D. Carlile and to the following guests: Mrs. Vada Carpenter, Mrs. Will Johnson, Mrs. Fletcher and Mrs. Percival.

**Federal Farm Board Will Assist Drouth Victims**

**Plan to Supply Necessities at Cost Including Rail Transportation**

The Federal Farm Board is deeply concerned by the reports of serious drouth in a number of agricultural regions.

The United States Department of Agriculture and its allied agencies are now surveying the dry sections to determine the degree of damage to crops and its prospective effect on farmers and their livestock. In the meantime, the Federal Farm Board is studying its own power for financial aid.

Under the Agricultural Marketing Act the Federal Farm Board cannot give anything to anybody, but it has considerable discretion in the matter of terms on loans. There is also the Grain Stabilization Corporation through which the Board may work.

If existing feed distribution agencies or other business men and farmers in any stricken community, county, district, or state will form under the laws of their own state a responsible corporation which will guarantee the payment of notes to be given by individual farmers, a plan probably can be quickly developed whereby the Grain Stabilization Corporation can sell feed grains of any kind in car lots at market prices on easy payments of one or two years. The local organization would arrange for local distribution of the feed thus supplied and see to the collection of the farmers' notes when due. It would make no profit on its own services and would make proper local arrangements for the payment of freight.

The Federal Farm Board can in this way help every community that is willing to help itself. The Grain Stabilization Corporation has plenty of grain and can buy more to replace that sold for feed, thus keeping its own supplies intact.

The plan is believed to be practical and workable. It would relieve suffering, dispose of a part of the grain surplus, and put no man nor community under the necessity of asking for charity. If local communities will do their part, no substantial farmer need lack for feed for his livestock and no stock need be sacrificed on present markets.

**'OUR WEEKLY CHURCH CHAT'**

"Sin"

Sin in the transgression of God's law. "Every one that doeth sin doeth also lawlessness; and sin is lawlessness" (I. John 3:4). Through one man sin entered into the world and death through sin; and so death passed on all men, for that all sinned" (Rom. 5:12). "There is none that doeth good, no not so much as one" (Rom. 3:12). SIN is the only thing that God abhors. All sins, great or small, are to God objects of aversion. Nothing speaks louder concerning God's hatred of sin than Calvary. Surely he who asserts that sin is a trivial thing, a mere "ripple on the ocean of God's love" has never looked upon the cross. In view of what it cost to atone for it, sin is heinous, hellish, damnable, execrable and loathsome. It required nothing less than the humiliation of the Son of God, even to the death on the cross. "For what the law could not do, in that it was weak through the flesh, God sending His own Son, in the likeness of sinful flesh, and as an offering for sin, condemned sin in the flesh" (Rom. 8:3). "Him who who knew no sin, he made to be sin in our behalf; that we might become the righteousness of God in him" (2 Cor. 5:21). What words, what thought, shall be adequate to realize these facts? The righteous He made a sinner, that He might make the sinner righteous. Sin is universal, but there is an universal remedy within the reach of all. The Great Physician can cure the "Leprosy of the Soul," Sin sickness.

In our morning message we hope to present some lessons on the greatest things in the world. Our subject is "Some Great Things." In the evening message, "Remember Lot's Wife", we will give to you a Bible Picture of Sin and consequence, the gospel and its power. We invite you to be present at both services.—W. E. Ferrill, Minister, First Christian Church, Clarendon, Texas.

W. T. Hayter and O. T. Smith were Pampa business visitors Saturday.

**Nearly Froze to Death Here Saturday Night**

After bracing the storms of winter over the Panhandle for the past twenty-odd years; after toughing his way through Amarillo's coldest weather in mid-winter, a visitor from Shamrock and almost a stranger to the Leader man, stopped us on the street Sunday morning and kicked about our Pastime picture show.

He liked the picture and the seats were comfortable. The crowd was quiet and he had no objections to the visit except that "he nearly froze to death before he realized it being intensely interested in the show" as he expressed himself. Very few places can force a chilly sensation these days, and he really meant to pay the Pastime a compliment.

**Japanese Give Us Toys for Oil Cans**

The Japanese people are very much interested in making toys. They have factories from which they send playthings for boys and girls to America and many other countries.

In Japan, however, tin, iron and wood, out of which toys are mostly made, are not as plentiful as in our country. Now, what do you think the Japanese have done for material out of which to make toys for children away across the sea?

A number of years ago they began buying up the large tin cans in which oil had been shipped to China. They flattened out the tin and then shipped it to their factories in Japan. There wonderful toys were made out of the old oil-can tin. When they were shipped back to America again no one would ever have guessed that they had been here before in the form of oil cans.

Some of the toys you see in the shop windows, and perhaps some that you will get for Christmas, may have started life as an oil can. Don't you think it is interesting that oil cans should take such a long journey and then come back in the form of quaint toys?

**RED CROSS EMERGENCY AID SERVICES SHOW GAINS.**

Washington, D. C. August 2.—Statistics compiled by the Red Cross for the twelve months ending with June show marked gains in its life-saving and first aid services over previous years. There were 52,798 life-saving certificates issued in this period as against 46,898 in preceding year and 38,924 for the year before. First aid certificates issued in the last year were 74,437, while the year of 1928-29 showed 52,596, and 1927-28 only 43,445. Names on the life-saving rolls now total 273,202, and on the first aid rolls, 424,928.

These figures do not take into account the thousands of swimmers who are being taught water safety methods this summer at beaches and pools.

**GRAY COUNTY BOND ISSUE DEFEATED SATURDAY.**

Gray county, of which Pampa is the county seat, turned down a bond issue of \$2,000,000 Saturday when the measure failed to receive a two-thirds majority. The proposed bonds were for highway construction in District No. 5 which includes three precincts.

A county-wide issue was defeated the week before when the taxpayers were asked to endorse an issue of \$3,500,000 for highway construction.

J. H. Rutherford, Dave Johnson and 'Shorty' Wiedman returned Saturday from a fishing trip to New Mexico. They were accompanied by W. L. Crane of Amarillo who acted as 'chaperone' for the crowd.

Mr. and Mrs. L. C. Selden and niece, Miss Katherine Cloyd of Columbia, S. C. are visiting his sister, Mrs. L. S. Bagby and other relatives of this city.

Mr. and Mrs. O. T. Smith and son, A. J. returned home Thursday after a nine day vacation trip over parts of New Mexico and Colorado.

Mr. and Mrs. Allen Bryan and son, Mr. and Mrs. G. F. Keener and children, C. A. and Mrs. G. E. Hickman left Thursday for a vacation trip through Colorado. They were joined at Amarillo by Mr. and Mrs. E. F. Bryan and Mr. and Mrs. Glenn Casey.

**CHIEF ITEMS IN LONDON NAVAL PACT RESULT OF HOOVER-MACDONALD TALKS**

Important provisions of the London Naval Treaty include:

Limitation for the first time in history of all fighting ships of Great Britain, the United States, and Japan.

Fixation of absolute parity, as near as it can be computed, between Great Britain and the United States.

Establishment of a Japanese ratio at just less than 70 per cent of the English or American total.

A battleship holiday between these three nations and France and Italy, running until 1935.

Scrapping of battleships by Britain, America, and Japan to a 15-15-9 level.

Limitation of cruisers by Britain and the United States to about 50 vessels apiece.

The United States to have more 8-inch-gun cruisers, Britain more 6-inch-gun cruisers.

Aircraft carriers to be limited to a total of 135,000 tons apiece by Britain and the United States, and 100,000 for Japan.

Technical agreement including France and Italy on methods of computing tonnages, expected to be very useful at the next conference.

Rules to restrict the use of submarines against merchant ships.

An "escalator" clause permitting powers to increase their tonnage levels if forced to do so by competitive building of non-signatories.

Horses and cows live 30 years, they never touch licker, wine or beers.

Sheep and goats and dead at 20, they drink no licker but water plenty.

Mr. and Mrs. Everett Barnes of Amarillo are visiting relatives in Clarendon.

Rev. and Mrs. Bescom Watts and children of Austin visited Mr. and Mrs. J. H. Watts over the week leaving Thursday.

Mrs. C. M. Lane and Miss Lollie visited relatives in Amarillo Sunday and were accompanied home by Miss Mamie Sue Nunn who will visit with them for the week.

Mr. Fred Miller stopped off here Friday to visit with his daughter, Mrs. R. C. Bryan on his way home. Mr. Miller lives in Wichita Falls and had been visiting in Amarillo.

Mrs. Zazilla Lynn, who underwent a serious appendicitis operation in an Amarillo hospital early in the week, is reported as doing nicely. Her parents, Mr. and Mrs. S. A. Pierce were with her at the time.

Mr. and Mrs. S. J. Erskin of Hubbard City returned home Saturday after a visit here with her sister, Mr. and Mrs. B. F. Kirtley. Basil Kirtley, Jr. accompanied them home for a visit of a few weeks.

Mrs. A. H. Baker of this city and daughter, Mrs. Marion Cox and daughters, Anna Sue and Lola Pearl of Panhandle, spent the week end in Wellington as guests of their daughter and sister, Mrs. Henry Tice.

Rev. W. E. Ferrill, minister, First Christian Church will preach at the Chamberlain school house, Thursday night. He also plans to speak at the Antelope Flat school house Sunday afternoon at three thirty.

Marck Mullin, who has been visiting his mother, Mrs. R. C. Bryan, returned to Wichita Falls Monday and will attend school there the coming term.

Mr. and Mrs. E. A. Sloan had as guests Sunday, Mr. and Mrs. C. C. Sloan, Mrs. Mel Davis and children Dorris Ann and Billy, and Mr. Ed Dunningan and daughter Patricia of Pampa.

Dr. John W. Tyndall the evangelist who conducted the soul-saving campaign in Clarendon for four weeks, departed Friday night for other fields of labor. He will stop in Fort Worth, and Brenham, Texas for a few days then attend an International Ministerial Convention, in Chicago, Ill. His next meeting will be in Corinth, Mississippi.

Rev. W. H. Marler, wife, two children and Miss Wilmer Saxton, left Monday morning for Hickory Flats, Mississippi, where they will conduct an evangelistic campaign for the next few weeks. Mr. Marler is one of the outstanding evangelists in the state of Texas, and other states are beginning to seek his service.

**Oklahoma's Governor May Live In Garage**

"Alfalfa Bill" Murray in the runoff for the governorship of the state of Oklahoma has announced that he will, if elected, rent out the governor's mansion and turn the rent in to the state treasury and live in the handsome two-story garage which he declares is far better than anything he has ever had as a residence.

This reminds Texans of way back in 1917 when Jim Ferguson was elected governor. "Farmer Jim" was not much of a tennis enthusiast as he had the tennis court back of the governor's mansion converted into a cow lot. He believed in plenty of home grown milk products then and is now in the dairy business.

Mr. and Mrs. Marfey of Ratesville, Texas are visiting their daughter, Mrs. Leonard Wilson and family.

Mr. and Mrs. Berry Brady of Darhart and Mrs. Susie Keeter of Amarillo were visitors in the J. T. Bullock home Friday.

Mrs. J. E. Rice returned to her home on Perryton Saturday after a week end visit with her daughter, Mrs. J. T. Bullock of this city.

Dr. and Mrs. E. B. Claywater returned to their home at Tyler Tuesday after an extended visit with Mr. and Mrs. R. E. Darnell.

Miss Carol Holder spent the past week on the Morris ranch as the guest of Miss Elenor Morris where they greatly enjoyed helping the ranch hands work the cattle, kill rattle snakes and "juy-plutus" cats.

**Old Settlers Had Reunion at Wellington Wednesday**

Old settlers of Collingsworth county gathered "home" Wednesday to renew friendships of former years, many of them coming for hundreds of miles. It was a great affair. Nine beebes barbecued as only West Texans know how to do the job. A lot of bread, pickles, coffee and other good things to go along with the eats.

C. D. McDowell of Clarendon, who settled in Collingsworth county in '89 and M. F. Roy and Minnie Roberson, settlers of '94 and now residents of Clarendon, were in attendance. W. P. Cagle, who settled near the line "the year after the woods burned," as he expressed it, was there to greet old old timers.

Mr. and Mrs. W. H. Corbin residing near town, and who braved the hardships of pioneer days in old Collingsworth along about 1894 went over for the celebration. New timers as well as the old took a delight in seeing the folks enjoy themselves.

Mrs. O. D. Liesberg and Mrs. S. B. Arnold and daughter Francis visited friends in Pampa Monday.

Miss Myrtle Armstrong spent the week end in the Randal home near Ashtola.

Mr. and Mrs. Mullenix and family of Cisco, and Mr. and Mrs. McHam and children of Wichita Falls are visiting their brother, Mr. and Mrs. W. B. Mayfield near town.

Dr. W. W. Brewer of Granite, Oklahoma visited in the P. M. Cruse home at Lelia Lake Sunday and filled the pulpit at the Church of Christ.

**Texas Takes Fifth Place In Census Report**

According to the first complete preliminary report of the 1930 census, Texas takes fifth place in point of increased population over the past ten year period. The increase in round numbers is 1,147,455.

New York state is first with California a close second. Illinois and Ohio are in third and fourth places.

The total population of the United States exclusive of outlying possessions is given as 122,728,873. Outlying possessions ad 14,772,688 making a grand total of 137,501,561.

According to the new totals, 26 states will probably lose representatives in Congress, while ten states will gain them. Where the 1920 census shows 68 cities in the United States with a population of over a hundred thousand, there are now 94.

Miss Ruth and Sarah Thompson and Miss Carrie Owens visited with Miss Lillian Abbot at McLean Friday.

Mr. and Mrs. Ernest Hunt are vacationing over northern New Mexico expecting to be gone for a week or ten days.

M. L. Putman and Mr. Pace of Lelia Lake spent the greater part of the past week in northern New Mexico where they saw "real" alfalfa under irrigation and plenty of mud in the dry farming belt.

Rev. W. H. Marler and Mrs. Marler and the children were guests of friends here over the week end, he having come from Crockett, Texas to assist in the Christian revival.

**Who Is Right?**

Frankly, we are in no position to say just who is right in this discussion as to the mileage secured from Chevrolet Sixes. There has been a lot of talk going the rounds here lately and we have decided to set aside one whole day in an effort to find out for ourselves just who has been exaggerating the facts in the case and who has been telling the truth. On this day set aside, we will give away a number of prizes to operators of Chevrolet six cylinder cars and hold no strings whatever on the proposition.

**Saturday, August 16th**

Is the date set for the trials. All that is needed is for you to bring your car to our place of business, have the specially one quart measured gasoline placed direct to the carburetor and start out with the observer we place in your car. The man whose car shows the greatest amount of mileage from this measured amount of gasoline will receive a prize.

**Free Prizes**

**To owners of Chevrolet Sixes**

First prize, \$45.00 Kari-Keen Trunk. Second prize, \$15.00 Sport Light. Third prize, one Anchor Heavy Duty tire. Fourth prize one Firestone tube

It costs nothing to enter and you way win a prize.

Five Allred Brothers Are In Law Practice

Lawing just seems to come natural with the Allred family and their specialty is prosecuting. There are five boys in the family and every one is a practicing attorney and is now or has been a public prosecutor for his county or district. That is unusual, anyone will admit. But there's more to it. Their individual records, without exception, show unusual devotion to duty and are without blemish. Furthermore they are still climbing.

Two of the Allreds, Raymond and Jimmie, figured prominently in the Democratic primary July 26. Raymond was elected attorney for the 31st judicial district and Jimmie led the ticket for attorney general.

Raymond Allred won over his opponent, Curtis Douglass in all four of the counties comprising the 31st district. Wheeler county went for him 4 to 1. In Gray, home of his adversary, he gained a sweeping victory and also carried Lipscomb and Roberts counties by decisive majorities.

He was elected county attorney of Wheeler county in 1926 and made an enviable record in that position. He resigned just a few months ago to become court reporter in Judge W. R. Ewing's court, the district for which he has just been elected prosecutor.

James V. Allred, more frequently known as Jimmie, is 24,000 votes ahead of his nearest opponent, R. L. Bobbitt, in the race for attorney general, according to latest election returns. He was barely nosed out in the campaign four years ago, refusing to run in 1925 against the same opponent

for a second term. It is conceded that Jimmie has by far the best chance for election in the run-off primary August 23. If elected, he will be among the youngest attorney generals Texas has ever had, being only 31 years old.

Jimmie is self-educated. He started his career shining shoes in a barber shop in Montague county and sold papers while going to school in Bowie. While pursuing his education in Rice Institute he worked in a Houston filling station to pay his way.

At the age of 19 his schooling was interrupted when he entered the army during the world war. After the war the young man studied law at Cumberland and entered general practice at Wichita Falls. He was appointed district attorney by Governor Pat M. Neff and elected to succeed himself. For the past four years he has been in private practice at Wichita Falls.

Three other brothers, Ben of Pampa, O. H. of Breckenridge and Renne, Jr., of Barstow, all are practicing attorneys.

Renne, Sr., father of the tribe, came into nation wide prominence last December when he resigned

Worked Way Through School Laying Foundation For Present Day Success

Probably few persons know that once the United States Army employed camels as a means of transportation in the southwest.

With a view to overcoming the difficulties of traversing the great American desert before there was any transcontinental railroads or highways, 75 camels were brought from Egypt and Asia Minor in 1856 by the War Department, while Jefferson Davis was secretary of War.

The camels performed satisfactorily but the Army "mule-skinner" did not like the beasts besides they frightened the Army horses and mules into stampede on slight provocation. Before the experiment had progressed very far the Civil War broke out and the project was abandoned, some of the animals being sold to circuses while others were turned loose.

Some of these, grown wild, were seen in Arizona as late as 1909, and some believe that a herd still exists in the uninhabited wastes of that region.

Finding of their bones may give rise to erroneous conclusions on the part of paleontologists of future ages.

J. M. Crawford of Apache, Oklahoma visited his nephew, J. F. Jones Sunday.

P. W. Burleson of Merkel, Texas visited his brother, J. F. Jones of the Clarendon drug store the first of the week.

MISSOURI PACIFIC EMPLOYEES OPERATE BIG BUSINESS RAILROAD WORK naturally attracts the finest men and women in America, primarily, I believe, because it offers the greatest opportunity for service. And there is no happiness that can equal the soul-satisfaction that comes to an individual with the knowledge that some worth-while service has been achieved to make the world a better place in which to live. This is one of the reasons the Missouri Pacific Lines is a genuine "Service Institution." The wonderful morale of the Missouri Pacific organization has been remarked throughout the industrial world. Many have believed there is some mystery in it. Others suspect it is the result of lucky accident. It is neither. But it is worthy of note and comment. Because railroads generally and the Missouri Pacific particularly have drawn into their ranks the best of the citizenship and because once engaged in it few ever leave railroad work. As a result there has been built up over a long period of years a great industrial family. Missouri Pacific men and women are good citizens as well as good railroaders. They are valuable assets to every community in which they work and live. And their abilities are not limited to the field of transportation. Among other things, the employees of the Missouri Pacific, themselves, own and operate a hospital system that comes within the classification of "Big Business." This "business" with revenues of \$745,907.47 in 1929 and operating expenses of \$661,949.65 and with buildings and other assets valued at \$1,603,582.11 cared for 3,911 patients last year, with an average of 140 patients a day and an average of 13 days hospitalization per patient or a total of 50,932 hospital days. The entire institution is owned, governed and operated by the employees and their representatives and this is only one of many reasons for the magnificent morale and esprit de corps of the Missouri Pacific family of 60,000 workers. The management of the property maintains a liberal pension system for employes incapacitated through illness, injury or age and this, also, is another reason for the wonderful family feeling of loyalty that makes the Missouri Pacific organization an outstanding one. Both the management and the Missouri Pacific family have complete realization of their duties and responsibilities as citizens and human beings as well as railroaders and both are striving to live up to the highest ideals and traditions of our country as well as those of our railroad. These are only a few of the reasons the public gets "super service" from the Missouri Pacific, "A Service Institution." I solicit your co-operation and assistance.

**LEWIS WOOD HAS BIRTHDAY.**

Birthdays mean something to Lewis Wood, son of Mr. and Mrs. L. L. Wood who celebrated his eleventh birthday Tuesday by entertaining a number of his friends with games and refreshments.

Mrs. Wood tastefully prepared a table with flower decorations and the proverbial birthday cake bearing eleven candles, each of which were extinguished by a guest while making a wish.

Refreshments were served to James Welch, Wiston Wood, Lovell LaFon, Jessie Carnell and Bobbie Joe LaFon.

**FRIENDS HONOR W. L. BUTLER WITH BIRTHDAY PARTY**

The Butler home near Lelia Lake was the scene of much merriment and social jollifying Sunday afternoon when forty-five friends of W. L. Butler gathered to pay him tributes of appreciation upon the occasion of a birthday event.

Songs and other forms of music expressed the gladness of friends who wished to show their appreciation of a man whose many acts of kindness in times of distress has brought forth admiration from multitudes.

The host and his good wife sprang a surprise on the guests after the program had been completed by inviting the throng to feast on cold watermelon of the famous Lelia Lake quality. No second invitation to a second helping was necessary.

Those present were: Messrs and Mesdames J. R. Tucker, J. D. McAdams, Homer Mulkey, S. B. Arnold, G. A. Anderson, O. D. Liesberg, F. C. Johnson, J. A. Thompson, Rev. and Mrs. W. E. Ferrell, Mrs. Fannie Robison, Mrs. C. R. Skinner, Mrs. John Beverly, Mrs. J. L. Casey, Rev. and Mrs. W. H. Marler and sons D. W. and Charles of Crockett, Texas.

**THE EDITORIAL DIGEST**

By Geo. I. Seitz  
Editor, "Editorials of the Month"

**The Garner Proposal**

John Garner's proposal that Texas, for reasons of political expediency, be divided into five smaller states struck deeper than at first seemed apparent.

Two organizations, one in North and another in South Texas, have been formed for the express purpose of defeating the proposal—evidence that they, at least, took Mr. Garner seriously.

On the other hand 18 per cent of the candidates for positions in the 42nd legislature have acknowledged concurrence in Mr. Garner's line of thought.

By way of comparison, it is notable that newspaper comment was almost 100 per cent unfavorable to the veteran congressman's proposal.

The odds are all against materialization of the Garner plan within the lifetime of the present generation, but the fact that the proposal is feared upon the one hand, and welcomed upon the other, forecasts lively discussion upon the topic.

If nothing more ever comes of his plan, Mr. Garner will have the satisfaction of knowing he made people hink.

**Millionaire Politicians**

The year 1930 saw Texas submerged by a tidal wave of millionaire politicians, especially those who live in Houston.

Foremost among them, of course, was Ross Sterling, candi-

date for the gubernatorial nomination and the opponent designated to combat Fergusonism in the August run-off.

Especially prominent among Sterling supporters, was Jesse Jones of Houston, publisher of a newspaper, prominent democrat, famous builder, and likewise a millionaire.

Quite as active in the Sterling campaign, was the millionaire Houston lumberman, Lynch Davidson. He stumped against Sterling, wrote newspaper articles against his townsman's candidacy, and after a remarkable period of indecision, threw his support to Clint Small. Davidson's activities were of a nature which indicated he was so much for Small's election, as against Sterling's.

He has now accepted Sterling.

Mike Hogg, another Houston millionaire (oil), also opposed the Sterling candidacy. When Young proved a disappointment, this millionaire pledged his support to Sterling under circumstances which made him the object of derision by Houston newspapers.

Two other Houston millionaires figured in the July primaries. T. P. Lee (oil) millionaire sponsored the Republican gubernatorial aspirations of Houston millionaire Grant (lumber.)

Incidentally, rumor has it that the Waggoner millions (Ft Worth) will be pitted against the millions of Sterling and his supporters in the run-off campaign. If that be true, Ferguson has allies of a metal equipped to fight Sterling upon any sort of battleground.

When financial Titans clash, the battle is always interesting. Sideline spectators should greatly enjoy themselves in the next few weeks.

**FOR FERGUSON.**

The attitude of those who voted for candidates for Governor other than the ones in the final contest will determine who shall be Governor.

In the first primary I publicly supported Mr. Young of Kaufman and therefore he present situation is not a direct result of my vote. There is no alternative upon the part of those who participated in the election in good faith, but to make their choice. Personally, I am going to support Mrs. Ferguson.

Throughout the Ferguson's political career I have sometimes approved and sometimes disapproved of their official conduct. In our political battles we are prone to magnify the virtues of our friends and the vices of our enemies. Having had no personal contact with Mr. Sterling, I am measuring the candidates upon their declarations of principles.

Ferguson is opposed to the issuance of State road bonds and so am I. The proposal is without economic merit and can lead only to bankruptcy. The roads would wear out faster than we could economically spend a large borrowed sum of money and the cost of carrying the bonds would be so heavy that as soon as an issue was spent it would be imperative to borrow again. Mr. Sterling favors the road bonds. His alleged sympathy for the counties heavily in debt for roads is a condemnation of his acts as chairman of the Highway Commission, because the policy of the commission compelled the counties to borrow in order to get State-Federal aid.

If the counties face bankruptcy because of issuing road bonds at the demand of Mr. Sterling and his associates on the Highway Commission, it is axiomatic that if the State adopts a similar policy of issuing road bonds it will soon face a similar condition. The whole is only equal to the sum of all its parts. If it is right to pay back to the counties certain moneys it should be done with current funds.

Again, if the State should borrow any sum of money for road purposes, how do we know but what the Highway Commission will handle the money as they have in the past and demand that counties issue more bonds in order to participate in the fund? Can one conceive of a more vicious business circle and a surer road to ultimate economic ruin?

It has been asserted that the chairman of the Highway Commission has used the great power of his office to further his race for Governor. Whether he did or did not he has refused to resign and thereby remove all political obligation upon the part of 5,000 employees of that division of our State Government.

Ferguson favors electing the Highway Commission and so do I. He also favors decentralizing its political power by dividing the State into districts and I am in hearty accord with the proposal. Mr. Sterling on the other hand is opposed to electing the Highway Commission. As this division of our State Government handles a stag-

gering sum of money and employs an army of citizens it is not impertinent to assume that as Mr. Sterling is opposed to election of this commission he is, like Governor Moody, opposed to elections at all, except a comparative few to act as official dictators. Any party who is opposed to elections in all governmental matters, where practicable, should not seek the votes of the people and should not receive them if he did seek them. About all the average citizens has left now is his right to vote and if that is given up or taken away from him he will be a slave both politically and economically.

There are other points in the Ferguson program which meet with my approval, such as redemption in case of foreclosure, putting restrictions on motor buses, etc., but as Mr. Sterling has not

so far as I know, expressed himself upon these particular questions it would merely be giving my opinion of his views to make comparisons.

Questions of vital and perpetual importance are at stake and it is no time to be governed by personal likes and dislikes. Four more years of official effort to disfranchise the people and four years of wholesale borrowing, such as is proposed by Sterling, might prove to be almost disastrous to our Commonwealth.

**THE OFFICIAL RECORD OF GUY PIERCE**

The friends of law enforcements of Donley county are anxious that every Voter investigate the official record of Guy Pierce, candidate for the office of sheriff and who has been serving as a deputy sheriff under Sheriff M. W. Mosley the past eleven months.

We are firmly convinced that with the election of Mr. Pierce, we shall have a continuance of sane law enforcement during his term as we have been having under Mr. Mosley.

It is a well known fact that the Sheriff's force in Donley county has enforced the prohibition law as rigidly as the other laws. There has been no favoritism shown. We appreciate this fact to the end that we highly commend these peace officers for the good work done and are now striving to place again in that office a man who has been prominent in this work and whose official record is as an open book for your inspection.

In addition to the duties as a deputy sheriff, Mr. Pierce worked on part pay for the City in assisting the Night Marshall in maintaining order in the town through the night during the past eleven months.

As to how well this work has been done, we beg to say that no town the size of Clarendon in the Panhandle has had as little burglary, high-jacking, car stealing and other present day forms of crime as the town of Clarendon.

Citizens have felt free to walk the streets or alleys at any hour of the night. Ladies have had free access to the streets with every assurance that they would be respected from drunks or other repulsive forms of nuisance. It is our desire to maintain that standard commanding the respect of all right-thinking citizens.

Ferguson Speech Expected To Attract Large Audience

Citizens From Nearby Towns Announce Intention of Being Present

As the campaign nears the final date, more enthusiasm is being aroused on the part of supporters for each opposing side.

Clarendon was picked as the most central location as the time limit would not permit of a tour of each of the towns.

Several thousand supporters and voters on the fence and even others who merely want to hear "Fergusonism" explained, will be here tonight.

In behalf of her candidacy, Mrs. Ferguson issues the following statement to the Texas newspapers this week:

"We are now entering the last stage of this primary contest. I have endeavored to conduct this campaign in a manner befitting the dignity of the office to which I am again to be elected.

"If our friends will not allow themselves to be diverted from the main issues there is no power that can defeat us. Senator Love, Governor Moody and Mr. Sterling who constitute the leadership of my opposition have emphasized the fact that they are opposed to everything I stand for.

sire to decide all public questions on prejudice instead of reason.

"Taking them at their word as to being opposed to whatever I stand for, the people will understand that they oppose my desire to double the capacity of the tubercular colony and the hundreds of poor people that are afflicted with that awful disease must die for want of treatment in a Christian land.

"The people will also understand that they are opposed to my demand for an old age pension law for the benefit of the fathers and mothers who have stood by our state in peace and in war and blazed the way for our civilization.

"The people will understand that they oppose the Ferguson platform from beginning to end, and that they are in favor of (first) public officers being allowed to drink all the bootleg liquor unlawfully obtained that they want to, and at the same time prosecute the private citizen and send them to prison for doing the same thing.

"These are the issues and Mr. Sterling says that Moody is like a son to him. Therefore if the issues can be more quickly described as Fergusonism against Moodyism then so be it, and I welcome the contest.

"If the people want a continuation of the present conditions vote for Mr. Sterling. If they want a change, vote for me. I am profoundly grateful to the thousands of friends who have heard my call and will answer on election day.—Miriam A. Ferguson.

ing the public highways, built with tax money of the people, over to foreign corporations to be used for corporation profit and gain and at the same time make the roads unsafe for travel on account of the road hog busses and trucks which are dangerous to life and limb of those for whose benefit the roads were built.

"Mr. Sterling is committed to the plan advocated by Senator Love and Governor Moody to sell the valuable penitentiary lands of the state and move the prison system near Austin and enter upon a building program which they themselves admit will take five million dollars to begin and which will take 20 million to complete, and which the taxpayer must pay.

"These are the issues and Mr. Sterling says that Moody is like a son to him. Therefore if the issues can be more quickly described as Fergusonism against Moodyism then so be it, and I welcome the contest.

Miriam A. Ferguson.

The Sterling-for-Governor club of Amarillo announces that Mrs. Phoebe K. Warner will enter the field as a speaker before women's organizations in an effort to better Sterling's chances of election.

It is planned here to secure the united support of the W. M. U. societies of the Presbyterian, Methodist, Christian and Baptist churches of Amarillo and the county federation of clubs.

Mrs. Warner is the wife of Dr. Warner whose letter appeared in the Amarillo News recently condemning Sterling as chairman of the Highway Commission, for his attitude toward the Claude-Canyon highway and the insolent remarks made to the Claude committee while visiting him at Austin.

Hedley Straw Vote Shows Ferguson in Lead

A straw vote was taken of the voters in the stores and on the streets of Hedley about three o'clock Saturday afternoon to determine the approximate strength of each candidate in the gubernatorial race.

Business men as well as customers were included and the ladies were also given a chance. The final count showed Sterling 92 and "Ma" had 151.

Donley Folks Visit Decatur For Old-Time Reunion

O. C. Hill and son Ormal of Alanreed and Mr. and Mrs. Tom Bain of Hedley left Friday to attend an old settler's reunion of Wise county folks at Decatur Friday and Saturday.

The good citizens were formerly residents of Wise county and were numbered among the first to attempt to convert that raw section into a habitable place to live.

Revival Church of Christ Closes Wednesday Night

The revival being conducted at local Church of Christ by Bro. John M. Rice of Abilene has resulted in three additions and an ever increasing interest and attendance.

The gospel has been presented in a pleasing, forceful manner that has apparently pleased the large number that have made up the congregations with each meeting. The speaker won his way into the hearts of the interested and he is deeply appreciative of the attendance, good behavior and the many little courtesies shown him.

The subject for tonight will be: "Faith and extent of faith." Wednesday night he will discuss "The blood." The meeting closes with the service Wednesday night. Bro. Rice will begin a revival at Lelia Lake Thursday night and invites the reader to attend every service possible.

Miss Rhoda Wiedman is taking a vacation in Colorado this week.

Cotton Opening on Brice Flat is Unusual

In passing along the highway from Clarendon to Silvertown, travelers are surprised to note the cotton crop of J. H. Gillispie open ready for picking.

This cotton was planted before other cotton. It was forced open evidently by the recent extremely hot weather and a lack of proper moisture. The stalks have shed the leaves and picking will begin this week.

Other cotton on the Flat is below normal due to lack of moisture and will be far short of normal production say cotton farmers from that productive section where a bale to the acre is not uncommon in normal years.

W. S. West Answers Call at Santa Anna, Cali.

News was received here Wednesday of the death of W. S. West which occurred at Santa Anna, California August 1st where he had made his home since leaving Clarendon some six years ago.

Mr. West was one of the early settlers and highly respected residents of Clarendon and for many years conducted a livery barn on the site now occupied by the Shamburger lumber company. He was engaged in the realty business the last years of his residence here.

West of Wellington, a daughter, Mrs. McClung of Clovis, and Chas. West of Santa Anna.

Ross Sterling Will Speak at Memphis Tonight

Supporters of Ross Sterling will have an opportunity to hear him speak at Memphis at 8 o'clock tonight, and at Clarendon at 10 a. m. Wednesday. He speaks at Amarillo Wednesday night.

C. T. Matkin, head of the Sterling forces in Hall county, is making an effort to induce people from nearby towns to attend the meeting by spreading advertising literature.

C. Daugherty of Hedley was in town Monday and reports the sandy land getting sorrier and the dry land getting drier in his section.

Certificate Class is Held Here Two Days

A class meeting of Masonic brethren has been in session here Monday and Tuesday of this week at the Masonic Hall with W. S. Tate of Hamilton, Texas and a member of the Committee on Work in charge as instructor.

Twenty-one men are in attendance with a hope of making a passing grade in the study of the unwritten work of the Order that they may be granted certificates of proficiency.

Pampa has only one representative in the person of C. P. Buckler. Turkey is represented by five men, Cliff Hinson, I. R. Twilla, W. J. Adams, E. C. Sanders.

J. B. Melton represents Shamrock; H. Mulkey and M. T. Howard are the only ones of the local lodge taking the work. Jack Broyles is the only member from McLean.

Hedley lodge is well represented in the persons of W. C. Bridges, W. L. Roach, J. C. Cason, J. R. Cowan while Lakeview is represented by O. L. Dunn, P. B. Farley is here from the Groom lodge.

Memphis has the largest attendance, there being six taking the work in the persons of Bruno Hillebrand, O. N. Hamilton, Cecil Jones, A. J. Joyce, W. W. Durham and Herschel B. Melear.

Hudgins is First Rural School to Open

The first public school in Donley county for the new term opened at Hudgins Monday of this week with an enrollment of thirty eight pupils.

Frank Behringer is principal of the school and Mrs. Morris Millsap is assistant. It is the custom to begin the term early in the season and close during the cotton picking season, and complete the term after crops are gathered.

The patrons and friends of the school gathered Friday and repaired the water system insuring the pupils a sanitary drinking system. Other needed repairs were made to the building and the grounds cleaned evidencing a proper interest that insures a successful term of school.

Ferguson Invites Wellington Friends to Clarendon

When a large number of Wellington business men wired Hon. James E. Ferguson to speak at Wellington on his way to Clarendon Tuesday, he wired Dr. E. W. Jones as follows:

"Highly appreciate loyalty of Collingsworth county citizens and your invitation but regret will not be possible to make Wellington on speaking tour. Come to speaking at Clarendon Tuesday, August 12, at 8 p. m. Also think it a courtesy to Senator Small who made such a gallant race, to refrain from speaking in his home town.—James E. Ferguson.

Harry B. Allen of Childress was a business visitor here Monday.

### Citizens From Nearby Towns Announce Intention of Being Present

As the campaign nears the final days, more enthusiasm is being expressed on the part of supporters for each opposing side. A large number from Memphis, Wellington, Brewster, McLean, Pampa and other rural districts have announced that they will be on hand to welcome "Farmer Jim" to the heart of the Panhandle.

Clarendon was picked as the most central location as the time limit would not permit of a tour of each of the towns. Invitations to leaders have been sent out advising them of the date.

Several thousand supporters and voters on the fence and even others who merely want to hear "Fergusonism" explained, will be here tonight. It is expected that the speaker will continue his custom of this campaign to refrain from personalities. Those who have heard him were pleased to know that the clear-cut issues alone were discussed.

In behalf of her candidacy, Mrs. Ferguson issues the following statement to the Texas newspapers this week:

"We are now entering the last stage of this primary contest. I have endeavored to conduct this campaign in a manner befitting the dignity of the office to which I am again to be elected. Neither my husband nor myself have referred to any of the other candidates only in connection with their relation to the public issues involved. I trust that the campaign will be continued on the same high plane.

"If our friends will not allow themselves to be diverted from the main issues there is no power that can defeat us. Senator Love, Governor Moody and Mr. Sterling who constitute the leadership of my opposition have emphasized the fact that they are opposed to everything I stand for. Under the cry of Fergusonism they seem to de-

sire to decide all public questions on prejudice instead of reason.

"Taking them at their word as to being opposed to whatever I stand for, the people will understand that they oppose my desire to double the capacity of the tubercular colony and the hundreds of poor people that are afflicted with that awful disease must die for want of treatment in a Christian land.

"The people will also understand that they are opposed to my demand for an old age pension law for the benefit of the fathers and mothers who have stood by our state in peace and in war and blazed the way for our civilization.

"The people will understand that they oppose the Ferguson platform from beginning to end, and that they are in favor of (first) public officers being allowed to drink all the bootleg liquor unlawfully obtained that they want to, and at the same time prosecute the private citizen and send them to prison for doing the same thing; (second) that big banks like Mr. Sterling owns in Houston be allowed to have the people's tax money deposited with them and they in turn loan the same outside of Texas to the stock gamblers of New York; (third) that the shylocks and money lenders be allowed to foreclose their liens on the small homes in the towns and country and turn their unfortunate debtors out in the streets and roads without a dog's chance to save their earnings perhaps of a lifetime which they have paid on the same.

"True to their public declarations Senator Love, Mr. Sterling and Governor Moody strenuously oppose my proposition to let the people elect their own highway commission from all sections of the state and ask the people to elect Mr. Sterling so he can now appoint Senator Love and Governor Moody to those places as he no doubt desires to do and will do if the people were to elect him.

"Mr. Sterling, backed by Governor Moody and Senator Love are wedded to the idea of issuing 350 million dollars in state bonds for highway constructions. I am opposed to the issuance of state bonds for any purpose. That issue is clean cut between us.

"These three gentlemen, with Mr. Sterling as their candidate, caused to be passed the law turn-

ing the public highways, built with tax money of the people, over to foreign corporations to be used for corporation profit and gain and at the same time make the roads unsafe for travel on account of the road hog busses and trucks which are dangerous to life and limb of those for whose benefit the roads were built. Mr. Sterling brags that he is in favor of the trucks and busses.

"Mr. Sterling is committed to the plan advocated by Senator Love and Governor Moody to sell the valuable penitentiary lands of the state and move the prison system near Austin and enter upon a building program which they themselves admit will take five million dollars to begin and which will take 20 million to complete, and which the taxpayer must pay. I am opposed to this scheme and in my opinion such a course is unsound and dangerous policy.

"These are the issues and Mr. Sterling says that Moody is like a son to him. Therefore if the issues can be more quickly described as Fergusonism against Moodyism then so be it, and I welcome the contest.

"If the people want a continuation of the present conditions vote for Mr. Sterling. If they want a change, vote for me. I am profoundly grateful to the thousands of friends who have heard my call and will answer on election day.—Miriam A. Ferguson.

### Mrs. Phoebe K. Warner Is Stumping for Sterling

The Sterling-for-Governor club of Amarillo announces that Mrs. Phoebe K. Warner will enter the field as a speaker before women's organizations in an effort to better Sterling's chances of election.

It is planned here to secure the united support of the W. M. U. societies of the Presbyterian, Methodist, Christian and Baptist churches of Amarillo and the county federation of clubs.

Mrs. Warner is the wife of Dr. Warner whose letter appeared in the Amarillo News recently condemning Sterling as chairman of the Highway Commission, for his attitude toward the Claude-Canyon highway and the insolent remarks made to the Claude committee while visiting him at Austin.

### Hedley Straw Vote Shows Ferguson In Lead

A straw vote was taken of the voters in the stores and on the streets of Hedley about three o'clock Saturday afternoon to determine the approximate strength of each candidate in the gubernatorial race.

Business men as well as customers were included and the ladies were also given a chance. The final count showed Sterling 92 and "Ma" had 151. "The election may result somewhat differently August 23rd since several were somewhat undecided," stated the party who turned in the results at the Leader office Monday.

### Donley Folks Visit Decatur For Old-Time Reunion

O. C. Hill and son Ormal of Alanreed and Mr. and Mrs. Tom Bain of Hedley left Friday to attend an old settler's reunion of Wise county folks at Decatur Friday and Saturday.

The good citizens were formerly residents of Wise county and were numbered among the first to attempt to convert that raw section into a habitable place to live.

### Revival Church of Christ Closes Wednesday Night

The revival being conducted at local Church of Christ by Bro. John M. Rice of Abilene has resulted in three additions and an ever increasing interest and attendance.

The gospel has been presented in a pleasing, forceful manner that has apparently pleased the large number that have made up the congregations with each meeting. The speaker won his way into the hearts of the interested and he is deeply appreciative of the attendance, good behavior and the many little courtesies shown him.

The subject for tonight will be: "Faith and extent of faith." Wednesday night he will discuss "The blood." The meeting closes with the service Wednesday night. Bro. Rice will begin a revival at Lelia Lake Thursday night and invites the reader to attend every service possible.

Miss Rhoda Wiedman is taking a vacation in Colorado this week.

### Cotton Opening on Brice Flat is Unusual

In passing along the highway from Clarendon to Silverton, travelers are surprised to note the cotton crop of J. H. Gillispie open ready for picking.

This cotton was planted before other cotton. It was forced open evidently by the recent extremely hot weather and a lack of proper moisture. The stalks have shed the leaves and picking will begin this week.

Other cotton on the Flat is below normal due to lack of moisture and will be far short of normal production say cotton farmers from that productive section where a bale to the acre is not uncommon in normal years.

### W. S. West Answers Call at Santa Anna, Cali.

News was received here Wednesday of the death of W. S. West which occurred at Santa Anna, California August 1st where he had made his home since leaving Clarendon some six years ago.

Mr. West was one of the early settlers and highly respected residents of Clarendon and for many years conducted a livery barn on the site now occupied by the Shamburger lumber company. He was engaged in the realty business the last years of his residence here.

Of his family he leaves: Joe West of Wellington, a daughter, Mrs. McClung of Clovis, and Chas. West of Santa Anna.

### Ross Sterling Will Speak at Memphis Tonight

Supporters of Ross Sterling will have an opportunity to hear him speak at Memphis at 8 o'clock tonight, and at Clarendon at 10 a. m. Wednesday. He speaks at Amarillo Wednesday night.

C. T. Matkin, head of the Sterling forces in Hall county, is making an effort to induce people from nearby towns to attend the meeting by spreading advertising literature.

C. Daugherty of Hedley was in town Monday and reports the sandy land getting sorrier and the dry land getting drier in his section.

### Certificate Class is Held Here Two Days

A class meeting of Masonic brethren has been in session here Monday and Tuesday of this week at the Masonic Hall with W. S. Tate of Hamilton, Texas and a member of the Committee on Work in charge as instructor.

Twenty-one men are in attendance with a hope of making a passing grade in the study of the unwritten work of the Order that they may be granted certificates of proficiency.

Pampa has only one representative in the person of C. P. Buckler. Turkey is represented by five men, Cliff Hinson, L. R. Twilla, W. J. Adams, E. C. Sanders.

J. B. Melton represents Shamrock; H. Mulkey and M. T. Howard are the only ones of the local lodge taking the work. Jack Broyles is the only member from McLean.

Hedley lodge is well represented in the persons of W. C. Bridges, W. L. Roach, J. C. Cason, J. R. Cowan while Lakeview is represented by O. L. Dunn, P. B. Farley is here from the Groom lodge.

Memphis has the largest attendance, there being six taking the work in the persons of Bruno Hillebrand, O. N. Hamilton, Cecil Jones, A. J. Joyce, W. W. Durham and Herschel B. Melear.

### Hudgins is First Rural School to Open

The first public school in Donley county for the new term opened at Hudgins Monday of this week with an enrollment of thirty eight pupils.

Frank Behringer is principal of the school and Mrs. Morris Mil-sap is assistant. It is the custom to begin the term early in the season and close during the cotton picking season, and complete the term after crops are gathered.

The patrons and friends of the school gathered Friday and repaired the water system insuring the pupils a sanitary drinking system. Other needed repairs were made to the building and the grounds cleaned evidencing a proper interest that insures a successful term of school.

### Ferguson Invites Wellington Friends to Clarendon

When a large number of Wellington business men wired Hon. James E. Ferguson to speak at Wellington on his way to Clarendon Tuesday, he wired Dr. E. W. Jones as follows:

"Highly appreciate loyalty of Collingsworth county citizens and your invitation but regret will not be possible to make Wellington on speaking tour. Come to speaking at Clarendon Tuesday, August 12, at 8 p. m. Also think it a courtesy to Senator Small who made such a gallant race, to refrain from speaking in his home town.—James E. Ferguson.

Harry B. Allen of Childress was a business visitor here Monday.
