

# The Donley County Leader

A County-Wide Publication of the "Green Belt" of the Panhandle of Texas

Volume 3 Number 32

CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 15, 1931

A Common Paper For Common People

## HELPING THE YELLOW RACE.

About all the business Uncle Sam has in butting into the Manchurian row is to show them what he has in the way of Farm Relief. They'll be so blamed poor after they try it a year that they can't fight.

## LADIES' NIGHT TO BE OBSERVED TUESDAY EVENING

### International President Will Be Present With Several Other Dignitaries

Next Tuesday evening will be a big event when the Lions observe Ladies' night with an appropriate program in length on which some of the leading Lions of the state will appear.

Julien C. Hyer, International president of the organization will be present. It is also planned to have Sam Braswell, Sr. and other district governors present with a place on the program.

A group meeting of the Lions clubs of the Panhandle is to be held at Amarillo Tuesday, the 20th. Members of the local club plan to attend in a body if plans of the leaders in the club are carried out according to announcement.

The meeting Tuesday of this week was what one member termed an "open air" meeting at which every member was privileged to air anything he wished. This came about through failure of the regular program committee to provide a program for the luncheon hour through an oversight.

R. S. Cope, director of public relations for the West Texas Utilities company with headquarters at Abilene, visited his family here over the week end.

### Clubs Sponsor Benefit Games Friday Evening

Changing customs brings new ideas and the latest idea to meet with success was that sponsored by several clubs in the nature of a progressive "42" party at the Club Room Friday evening.

A large crowd turned out for the affair and the twenty-five cent admission charge netted a total of \$14.10.

Clubs taking part were the McDowell, 1926 Book, Clarendon Home Demonstration, and the County Council. Refreshments of sandwiches, coffee and tea were served.

Other clubs will sponsor similar entertainments from time to time to secure needed funds to further develop the Club Room idea.

Geo. H. McCleskey visited his mother at Weatherford over the week returning home Sunday.

## WOMAN'S DEATH IS DUE TO SLEEP PRODUCING DRUG

### Lifeless Body Found in Bed Saturday Afternoon When Investigation is Made

A strange woman registering as Mrs. J. W. Walton, is said to have died from an overdose of chloroform in a room of the Rutherford Apartments some time after midnight Friday night.

She arrived in Clarendon Friday afternoon and claimed to be penniless. A number of kindly disposed citizens contributed of their means and she was enabled to secure a room and pay other necessary expenses.

Her actions aroused the suspicions of City Marshall T. M. Pyle late that evening and he and Mr. Rutherford investigated and found that she had retired. It was decided that she would not be disturbed again during the evening.

Hearing nothing from her Saturday morning, Mr. Rutherford again called attention to the matter and he and Mr. Pyle agreed to investigate at 2 p. m. should she not emerge from her room by that time.

At the appointed hour, they were unable to arouse her by knocking at the door, and finding it locked, the hinges were removed and the room entered. Her lifeless body was found where she had expired while holding a glass under her nose said to have contained chloroform.

Coroner Leon O. Lewis was notified and an inquest held. The body was taken in charge by the Buntin mortuary and embalmed pending her identification. Relatives were located at Muskogee, Oklahoma through the efforts of the Sheriff's office.

Her brother and a daughter arrived Wednesday to take charge of the body which was taken to Jericho and shipped over the Rock Island to Muskogee for burial. It was learned through them that the dead woman's right name was Mrs. Minnie Louise Stevens. They could suggest no cause for her self destruction, if such was the case.

Editor and Mrs. J. C. Estlack left Thursday morning for Ft. Worth where they will visit relatives and attend the Dallas Fair.

Mr. and Mrs. C. J. Douglas and children left Friday to attend the Dallas fair and will visit relatives at Wichita before returning home.

## State School Apportionment Received This Week

According to an announcement of Mrs. Nora McMurtry, the last apportionment for the 1930-1931 school term has been received. The amount is one dollar per pupil. The state apportionment for the present school term will be the same as last, \$17.50 per pupil. Of the \$17.50 state apportionment per pupil, five dollars of that amount is derived from the gasoline tax. The remainder comes out of the cigarette and sulfur tax payments and occupation tax payments.

State apportionments for the independent districts received this week were as follows: Clarendon District, \$750.25; Lelia Lake District, \$319.25; Hedley District, \$135.00.

## Taxes Are \$3.95 per Hundred in Clarendon District

For the special information of those who have been making inquiry, a statement of the taxes assessed in this district are here given.

The state and county tax is \$1.69 in the college district which adds a special twenty cent rate on the hundred. The city tax rate is \$1.26, this rate being maintained over a period of three years without a change. The school tax in this district remains at the old rate of a \$1.00 a hundred.

The total tax rate in this district is \$3.95. It is slightly above five dollars in Hall and Childress counties due to paved highways.

Mr. and Mrs. J. H. Hurn were business visitors in Mobeetle Sat.

## Quarterly Conference Session At Ashtola Saturday

Rev. W. M. Murrell will conduct a Quarterly Conference at Ashtola preaching at the eleven o'clock hour.

A community dinner will be served at the noon hour. Rev. Gattis, the pastor, urges all Methodists to be present for the Conference, the principal session to be held in the afternoon.

## P-T. A. MEMBERS IN INTERESTING SESSION TUESDAY

### Goal is Set For a Hundred Members Making Ten To Each School Room

"A child's home training and a mother's influence have everything to do with a man's career." The above quotation was conspicuously displayed on the blackboard where the session was held Tuesday afternoon.

This quotation was the basis of discussion for the meeting as presided over by Mrs. E. P. Shelton in her talk on "Parenthood." As one lady expressed it, "those who did not hear this talk, missed something truly worth while for the many helpful suggestions given parents in her talk."

The program was opened with the P-T. A. prayer and song. This being fire prevention week, a program on this subject was given by the pupils of the fifth grades.

Miss Fray Stallings pleased her listeners with a rendition of "Air de Ballet."

During the business session, a membership campaign was launched with Mrs. F. E. Chamberlain as chairman of the Committee in charge. As an extra inducement to interest the pupils, Mrs. Chamberlain will present the boy and girl of each room securing the most members, a matinee ticket each.

A prize will also be given the room enrolling the largest number of members.

A goal of one hundred members has been set, making an average of ten members per room. The membership enters upon this period of activity with a determination to exceed the goal set.

The Association voted to give a picture to the room having the largest number of mothers present at each meeting, provided the number is ten or more. Mrs. Lane's room received the picture for this month.

## VISITORS FILL WELCOME PLACES FRIDAY LUNCHEON

### Greenville And Childress Are Represented by Rotarians On Dandy Program

The committee in charge of the program for Friday's Rotary luncheon hour graciously turned the time to visiting Rotarians from other clubs with profit and pleasure.

Rotarian Whit Carhart of the Greenville club spoke at length on the many warm friendships formed during his long residence here and spoke of the work of his club in his home town.

No former Clarendonite ever enjoyed a wider circle of friends than he, and his presence on this occasion was a delight and his pointed remarks an appreciated summing up of years of service of an individual who merits and enjoys the product of the most worthy.

Rotarian Frank Houston of the Childress club, also a resident of many years in the Panhandle, spoke of his early triumphs and humorously mentioned the fact that he had bought shoes from one dealer here for more than twenty years.

He stressed the importance of duty and how and where to find a place to apply latent talent in developing a community interest. His remarks were lengthy, pointed and plainly expressed to an appreciative audience.

Chas. Lowery, a visitor and special guest, expressed his pleasure at again meeting with the club. He called attention to the fact that he expressed his pleasure by his actions and that he was a frequent visitor with Clarendon Rotarians.

Rotarian E. L. Jenkins brought up the matter of finishing rooms at the hospital and was enthusiastic in announcing that something like a hundred dollars was already in sight for furnishing one of the rooms by the Rotarians. The matter was referred over for the week with members being instructed to place their contributions with Dr. Jenkins who will act as a special committee to receive funds for this purpose.

## Little Theatre Play Goes Over With a Bang

Despite all previous efforts at satisfying the theatre-going public, the Little Theatre movement got off to a good start Tuesday evening in presenting "A Full House."

This first play of the season has gone a long way toward attracting favorable public attention, to choice productions in which local talent is used exclusively.

Much of the credit for the success of the play is due to the skill and untiring energy of the director, Miss Anna Moores, whose skill as a dramatic artist was already known as among the best in the Panhandle.

Her skill in the selection of a cast, and the part each was to play has further complimented her skill. It would be a difficult matter to point out any particular effort of merit on the part of any one player—they were all good.

The Auditorium was filled to capacity and the audience continued an uproar of laughter throughout the presentation of this three act drama.

## City Council of Hedley Has Gas Rate Ordinance

The City Council of Hedley in passing an ordinance the past week set the domestic rate at 50 cents per 1000 cubic feet. The school rate is specified to be not more than 25 cents per 1000 cubic feet. A commercial rate where as much as 500,000 cubic feet of gas is used in one month, the rate is 15 cents per 1000 cubic feet.

The ordinance fixing the above rates is scheduled to become effective on and after November 1st this year.

Sam Braswell Sr., editor of the Clarendon News, attended a meeting of the District Governors of Lions clubs of Texas at Dallas Saturday.

## Hedley Owls Defeat Estelline 13 to 0 At Hedley

Wednesday the Estelline Cubs were downed by the Hedley Owls on the Hedley field 13 to 0.

Being held to a scoreless tie the first half, the Hedley Owls broke loose in the last half to score two touchdowns and an extra point. The first touchdown was made in the third quarter when Doherty, Owl quarterback, slipped through the Cubs' line for 20 yards. The second counter was the thriller of the game. Duggins, Owl tackle, intercepted a low pass and ran 50 yards to cross the goal line. The extra point was made on a pass from Armstrong to Wheeler.

Outstanding players for Hedley were Armstrong, Doherty, Honey-suckle and Higgins and for Estelline, Berry and Davidson.

## Petit Jury List For Third Week District Court

The following named men compose the petit jury list for the third week of District Court to report for duty on Monday morning of November 2, 1931:

Homer McElvany, J. H. Howard, C. F. Weaver, C. T. McMurtry, J. D. Swift, W. O. Hommel, W. T. Burr, W. A. Wilson, C. M. Johnson, Henry Williams, C. C. Phelps, P. L. Dishman, W. B. Mayfield, B. J. Leathers, J. A. Johnson, W. W. Wiggins, S. M. Braswell, Jr., G. G. Henson, L. E. Holloway, Ed Teer, Lu McClellan, Glen Williams, Marvin Hall, R. E. Duncan, E. V. Quattlebaum, Henry Stogner, E. M. Ozier, S. T. Clayton, C. L. Johnson, G. E. Kinslow, Art Pierce, U. J. Boston, B. E. Gardner, Nolie Simmons, Irvin Alderson, Austin Rhoades.

## Young People's Conference Will Be Held At Lakeview

A conference of the young people of the Northwest Texas Conference Clarendon District of the Methodist church, will convene at Lakeview on October 17 and 18th.

An extensive program has been arranged for the two-day session and quite a number of local young people are planning to attend both Saturday and Sunday of this week.

## MORE EXPENSES ARE CUT MONDAY BY COM. COURT

### Rumored That Salaries May Be Reduced If Payments On Taxes Are Slow

The County Commissioners in a meeting here Monday reduced expenses by trimming down the number of phones in use in the courthouse. All phones will be dispensed with after the first of the month except those in the office of the County Clerk, that of the Sheriff and the jail.

It has been rumored for some time that salary reductions will be made later if tax payments are lax. These rumors have not been traced to their source but friends close to the commissioners and the judge intimate that it is possible that they will set an example of expense retrenchment by reducing their own salaries first, should occasion demand it in their estimation.

Transfers to the General Fund were made from the Road and Bridge Funds and Permanent Improvement fund. The amounts are as follows: Prec. 1, R&B, \$250; Prec. 2, R&B, \$250; Prec. 4, R&B, \$100.00; Permanent Improvement Fund, \$500, making a total of \$1100.00.

The tax roll for 1931 of County Assessor W. A. Armstrong was approved. Quarterly reports of County Treasurer Mrs. Linnie Cauthern, and County Clerk Mrs. B. G. Smith were also approved at this meeting.

The report of the County Demonstrator, Miss Martha Buttrill, was approved. She was also authorized to purchase a sealer for county use.

Very little business came up for consideration and the session lasted over Monday only. The change in the highway known as No. 88 north of town did not come up for a hearing at this meeting.

## YANNIGANS GET GOOSE EGG IN BRONCHO BATTLE

### Game Failed to Develop Much Interest Due to Drowsy Players All-Round

The Amarillo Yannigans failed to make a showing against the Bronchos Saturday on the local gridiron. Clarendon won by a score of 13 to 0. The game was ragged from start to finish. The Broncho squad was made up mostly of irregular players. Nichols and Andis saw very little action and Benson went out in the early period with an injured back.

Coaches Stocking and Hutton seemed to be doing some experimenting. They used several combinations which should prove valuable in the future. Reid and Mc Mahan were the regulars in the backfield with Mann and E. Watson.

Nichols made the first touchdown in the second period after being in the game a few minutes. Reid kicked the goal from place for the extra point. The second counter came in this period with a pass from Reid to Behrens. Behrens ran 50 yards to cross the goal line. Reid failed to kick for the extra point.

The Amarillo Yannigans threatened in the last minute of play by advancing the ball into the ten yard zone.

Starting line up for Clarendon: Watters, c; Benson and J. T. Easterling, g; Martin and Behrens, e; Morris and Greene, t; McMahan, Mann, E. Watson and Reid, backfield.

Substitutions: Nichols, T. Watson, O'Neil, Jackson, Andis, P. Easterling Brown and Cooke.

Starting line up for Amarillo: Bird, Lane, Forister, Simpson, backfield; McLeary and Watson, ends; McBraer and McKinney, tackles; Quest and Ferringger, guards; Copeland, center.

Officials: Boykin, referee; Bowen, umpire; White, headlinesman.

Mrs. A. H. Baker returned from Long Beach, California Sunday where she was called when her son, Robert Patton was seriously injured in an explosion at a refinery where he was employed. He is improving as well as could be expected.

Miss Mary Stocking, teacher in the Panhandle schools, spent the weekend with home folks.

## MIAMI WARRIORS TO PLAY BRONCHOS HERE FRIDAY

### Bronchos Have Stiff Workout This Week For Friday's Game With Miami

Friday the Miami Warriors will bring to Clarendon the strongest team they have had in several years. It looks like a victory for Miami if the Bronchos continue to drag and play football like they did against the Amarillo Yannigans last Saturday. All the Bronchos have is a fighting chance. With a squad of great potentialities, Coach Stocking and Hutton have been trying to wake up the dormant energy with a hard week of training. The squad has been put through the stiffest workouts of the season this week. Too many of the players are getting hurt. "There must be a reason," said Coach Stocking, "so we reverted back to exercises and road work."

Miami has beaten three fairly strong teams. They beat Spearman 6 to 0, Mobeetie 30 to 0 and Schattuck, Oklahoma 6 to 2. They are reported as having a strong team and the Bronchos will have to play football and real football at that to win the game.

O'Neil or Cooke will receive the call this week to fill the place of Benson, who is nursing a cracked rib from last week's scrimmage with Amarillo. O'Neil has been showing up fine for his first year and will probably be the starter.

Starting line up for Clarendon: Watters, c; Benson and J. T. Easterling, g; Martin and Behrens, e; Morris and Greene, t; McMahan, Mann, E. Watson and Reid, backfield.

## Friendship Club in Active Year's Work

Very few organizations of a similar nature can show the accomplishments such as that attained by the Friendship Club over the year.

In checking up on the Clubs activities, it is found that the members canned two thousand containers of foods over the season. Seventy four garments were made. Fifty-nine quilts were completed. Seven rugs were added to the home furnishings.

The Club did not stop at this point, but extended their efforts to helping others. One hundred and two people were rendered assistance during the year.

Mrs. C. R. Skinner is president of this Club. Mrs. J. D. Stocking vice president and reporter, and Mrs. M. E. Thornton is secretary and treasurer.

\* Brotherhood of Man Best Fraternal Order \*

(An Editorial)

The best fraternal order is the brotherhood of man. The ritual in the order is one of thoughtful acts and kindly deeds; an honest will to be of aid is the only requirement for membership and a crying need exists for more members.

God never made a human life sufficient unto itself. Man has for centuries searched for the perfect life that has its goal only in the lives of others. "No man liveth unto himself."

We must adopt a give-and-take policy as men and profit by our relationships with others. Our minds must correspond with our environments. Man can't put it over single-handed.

Life is not a matter of dollars and cents and there are so many worth-while things that money cannot buy.

A policy of short-sighted selfishness running riot, or a disregard for the general interests of others has no place in the present-day scheme of affairs. If we were to adopt a policy of "every fellow for himself and the devil take the hindmost," and that policy should become universal only in our own community, it would mean destruction—financial suicide. We must have sense enough to bring to the fore every bit of courtesy, all the stamina of manhood and a feeling of a keener sense of justice to our fellow-man to tide us through a trying period.

There are men in every community at this time who are facing a crisis in their lives. They need more than financial assistance; moral assistance is their greatest need. There never was a time when personal service was needed more than now. There never was a time when a "live and let live" policy should find more exponents than right now.

Constant changes in our method of living are necessary in these changing times of prosperity and depression, but the Biblical injunction that "No man liveth unto himself" rings true today as it has through the ages—there is no better plan.

\* Shall it be a Public School Moratorium? \*

(An Editorial)

Do the people of Clarendon Independent School District want a school tax holiday? If they do, it will be necessary to close the Public Schools.

Clarendon has long been famed as a school town. It has been referred to as the "Athens of the Panhandle" because the first college in the Panhandle was established in Clarendon.

Our biggest assets over the past quarter of a century have been our schools and our churches. Clarendon is credited with being the best residence town in the Panhandle because of these valuable assets.

A failure to pay school taxes will advertise to the world that the good people of Clarendon have taken a long step backward. It means the loss of credits of affiliation with educational institutions of higher learning that it has taken years of toil and an expenditure of thousands of dollars to attain.

Donley county is one of the very richest sections of the Panhandle. Will our people after years of unbounded prosperity show the white feather at the first check-up of a money depression? Will our people lay down in a crisis and turn the pupils out for a twelve-month holiday because money is scarcer this year?

If we cannot maintain our schools through this year of depressed prices, what can we expect to happen to our property valuations? Can we afford to break faith with those who are to take our places within a few years? Can we afford to advertise to the world that we are whipped to a standstill before the battle gets more than started?

Times are hard. We must economize, but we cannot afford to economize at the expense of our most valuable consideration—our public schools. Tragedy stalks abroad in our fair land but we must keep faith with mankind. We must make the supreme effort if need be, and pay our school taxes, and pay them now.

Citizens of this town have always faced a duty with a resolute stand. They will meet this situation with the same determination, and our public schools shall not be closed.

**Member 1931**  
NATIONAL EDITORIAL ASSOCIATION

West Texas Press Association Panhandle Press Association

**The Trouble.**

A learned scientist now comes out with the information that the people of this nation are suffering from amnesia and aphasia—what ever that is. At any rate, it makes an opportunity for another Hoover Commission of investigation.

**That Turnip Patch.**

When sowing turnips, don't overlook rape. The rape will be affording you a fine grade of green food long after the turnips have frozen out. In fact rape went through the winter here last year and was supplying a green food until spring.

**A Great Age.**

It's great to live in this age. Something new every day. A firm in Amarillo buys refuse motor oil refines it again and sells a better product than the original at ten cents a quart less than the original price.

Rubber composition shoe soles are being sold here at thirty-five cents a pair. That includes more than enough glue to stick the processed soles on your shoes. These soles have lasted six months on trial and are still good. They look better and last longer than leather and cost far less. Besides, any one can glue them on without previous experience.

**Eggs And Cream.**

Eggs selling around twenty cents now means a chance to realize on some of that cheap feed on the farms of old Donley.

Cream selling to local buyers at upwards of thirty cents looks like another market for cheap feed. The recent rains make a winter green pasture possible and that means greater butter fat production at a low cost.

Both eggs and cream means a weekly pay check, and that is what counts. Farmers who pay cash for what they want and get it where they want to, say that they save at least a third on the monthly grocery account.

**Conditions in Donley.**

The people of this section have every reason to be proud that conditions are no worse. Donley folks have produced more feed than for many years. Her crops in general are better than for some years.

There has been more food stuff and feed stuff stored for winter use than ever before since the whites came to Donley county.

The local banks are in better condition than for several years. Loans are fewer, but the situation was handled over the season with a skill that begets admiration. The banks are in better condition for having made fewer loans and smaller loans. The people are in better condition for having borrowed less.

Loans are being repaid the banks at a rapid rate. Financial conditions in general are in better shape than for some years when one takes into consideration the amount of outstanding indebtedness as compared to other years.

Crop products are being sold at a lower price but purchases of necessities are also being made at a correspondingly lower price. Because of the preparations made to live more at home, fewer necessities are being purchased and this has made possible the purchase of some of the luxuries. Yes sir, old Donley is in better shape by far than last year, and with her diversified industries, will come out of the kinks among the very first.

**Oh Durn It!**

During the past 26 years, taxes in Texas have increased 2300 percent while the population has increased 40 percent.

County commissioners who have given little thought to the matter of cutting expenses, are likely to have some live competition in getting re-elected to his office next year. The city and town officials of the state are being measured by the same yard stick.

Thousands of Texans did not pay all their taxes last year. Some paid a part, but all are less able to pay their taxes this year. The man who formerly looked upon his home as a place of shelter for his family, now views the investment in a home as a calamity with delinquent taxes mounting and the loss of that home staring him in the face.

Never before should those in authority regard the interests of the taxpayer more than now. The present crisis is greater than that facing this nation during the World War.

That official who would continue to spend tax money uselessly under present conditions, is a traitor to those who imposed in him a sacred trust. To disregard the interests of his people at this time is brutal in the extreme.

Thousands of good honest citizens may lose their all because of their inability to pay a tax rate that is unreasonable, unjust and unnecessary. Other thousands will have delinquent tax clouds on the titles to their homes that will impose years of toil and sacrifice to remove.

If this statement appears to be overdrawn, consult the folks who are selling cotton below five cents. Talk with the day laborer who has been idle the greater part of the year with but an occasional odd job. Confer with the man who owns land with a farm loan hanging over it. Consult the merchant who has seen his stock drop in value every month.

Little can be done to help matters affecting the amount of tax rates for this year, but the next year is near at hand. The humanity and patriotism and loyalty to one's neighbors will be put to the test when the rates are established for 1932.

**Some Armament Manufacturers Against Peace, Says Cecil**

A warning to beware the "shameless form of commerce" of some armament firms that may try to block the 1932 Geneva disarmament conference because of its threat to their private profits is voiced by Viscount Cecil, English statesman, in the current issue of "The Rotarian" magazine. It is addressed especially to the 150,000 Rotarians of the world who, at their recent convention at Vienna, went on record as supporting the Geneva gathering.

"No one who has watched the struggle for disarmament for the past ten years," he writes, "can have failed to notice that in certain quarters there seems to be a determination to destroy any peaceful atmosphere among the nations especially when the prospects of disarmament are brightest. That some of that devilish purpose is prompted by armament interests may be very possible . . ."

"Be very assured that as the disarmament conference approaches

those men will become more and more active in their opposition. In each nation, nationalistic passions and prejudices will be excited. Under a thousand guises some of the best and some of the worst elements of human nature will be embattled against peace."

Nations of the world spent more than four billion dollars on arms last year, and all of this, according to Viscount Cecil, is an economic waste. "No form of human activity is," he asserts, "less productive than the provision of means for human slaughter. It is worse than thrown away, and every dollar so expended means a dollar taken from the wealth of the world or which the prosperity of each and everyone depends."

"What is true of some armament firms is not true of capitalists, financiers, merchants, and industrialists generally. These men have little to gain and very much to lose by war, for their business, whatever it may be, depends on confidence . . . without which all

modern human transactions are impossible. That is why a practical student of economic realities like President Hoover pointed out recently that the consequences of the Great War were largely responsible for the present world-wide depression."

R. E. Duncan and S. T. Nichols made a business trip to Lakeview Sunday and got caught in the rain. They report a heavy rain in the Price section.

**Team Work Counts**

In times like this when manhood is on trial, team work means more to us than at any other time. Our plans for the year's crops; the weekly pay check from dairy cows and poultry; the canning program, have met with a hearty cooperation.

From these sources it is possible to pay obligations. To preserve the credit standing of the individual that is so necessary by meeting obligations promptly according to promise.

THINK! **DONLEY COUNTY STATE BANK** THINK!  
HAVE MONEY "Home of the Thrifty" HAVE MONEY

**TAX DOLLARS . . .**

*Paid for You by the West Texas Utilities Company*

**YOUR business is not the only one which has been faced with the serious problem of ever-mounting tax expenses. Since 1923, the year of this company's organization, taxes paid by the West Texas Utilities Company have increased over 1,200 per cent! In making these tax payments, the West Texas Utilities Company is contributing substantially to the cost of government . . . and relieving you of a considerable burden which otherwise would fall on your shoulders.**

If the taxes paid annually by the West Texas Utilities Company could be applied by governmental agencies as efficiently as funds are handled by private enterprises, they would build for you each year: two large city high schools; three completely equipped ward schools; fifteen modern rural schools; a complete water system for a city of 12,000 population, or seven and one-half miles of standard concrete highway.

While this company has had to meet an ever-mounting tax bill and increased cost of equipment and materials . . . you, as a customer, have benefited by rate reductions which make this modern necessity available to you at an average cost sixty per cent lower than was charged before the organization of the West Texas Utilities Company!

Electric service will do your domestic, industrial or farm tasks more efficiently than they can be accomplished by any other method, and the entire cost of such splendid service can be figured in terms of pennies!

**Do You Know?**

. . . that the average cost of government per family in 1918 was six times the average family's electric bill—but that through increased political activities the cost of government to the average family is today fifteen times greater than the cost of household electricity?

. . . that a reduction of 10% in the average family's household electric bill would amount to but \$3.00 a year; whereas a reduction of the political racketeering activities alone connected with the cost of government should decrease taxes at least \$5—a reduction sufficient to pay all the nation's household electric bills? Let's work on the political racketeers. There is the easiest place to save.

Out of every dollar you spend for service, approximately 10 cents is returned to the various governing bodies in the form of tax payments.

**West Texas Utilities Company**

**BARGAIN DAYS—10-15c**

**\* TEMPLE OF TRUTH \***  
By the Apostle

Well dog my cats! The old Apostle is wearing his first smile this week since it was wiped off his face in the fall of '29. How come? Well sir, Hoover, who is also my boss on the Pea Commission, has called in all the big boys—all who have made over a billion dollars since the depression started, and has toled them a few things.

First, he speaks right up and says you boys have run a lot of folks ragged with your dadgummed financial game, and it has got to stop. He knew what was the matter all the time, but he could not say a word because of the election next year. He's been in a tight place on account of so many Republicans being in for makin' money out of the poor folks, and then Raskob, that man who holds a mortgage on the Democratic party was in with them, and Hoover hasn't say a word to any of 'em.

A whole lot of poor Republicans are sore and he can't get along without a lot of Democrats, and he can't get the Democrats to vote for him until they get permission from Raskob. But now he has called a halt by having them lend fourteen million dollars to each other. Just where that will work out to help you and me, won't be decided until election time next year. That's what I call quick relief.

An old farmer was pulling a sack down the row and he had busted off buttons and all the commandments cussing the price and just about that time a dilapidated fellow in a flivver tied up with haling wire stopped at the fence. The old man who had lost the buttons looked up and said: "This is no place to turn around durn you, keep going for I voted for the same sonofagun too."

We used to push the little folks along the street in a little carriage some times referred to as a "matrimonial fruit basket", but we can't afford either of 'em now. Never see 'em any more and don't want any—the taxes would be about \$50 on the blame things.

Some people can't stand propriety and others can't stand notoriety. Ever since the good woman won first place at the Amarillo fair on her apple doins', she's been stuck up. She wants us to do the milking, feed her chickens and scour the floors just to show us that she is some punkins. The old Apostle is no peon. He's henpecked at times and has been worried many times in a home talent battle, but so long as we can own a

Hoover beegum hat, we refuse to bow to apple sauce makers or to become a milkmaid.

D. T. Goodman who lives on the Durrett farm three miles south-east of Ashtola has a lot of good feed and wants to milk some fellow's cow or cows through the winter. Mighty good idea to locate them where there is plenty of feed. If you have a cow that will give a reasonable amount of milk, see him about it.

F. L. Jones living out south of town brought in a sack of peas to exchange on his subscription. He has the "purple eye" variety and says the weevils won't work on them so much as they do other varieties.

Several of the women folks tried out the charcoal idea in their refrigerators and reported good results by phone over the week. The idea was suggested last week at the request of a lady here who had been using a charcoal bag in her refrigerator to keep odors from affecting other foods, and merely wanted to pass on the information.

And R. E. Duncan at the M System grocery here won't sell imitation butter because it interferes with the sale of good old home spun butter made in Donley county and which there is nothing better—especially the labeled variety that is guaranteed by the maker. Mighty good idea and every groceryman ought to fall in line.

Well the old man hollered for pinto beans in this column last week. He got the habit while a "commuter" on a homestead in New Mexico years ago. R. L. Brazil out in the Chamberlain community landed with the pinto, frijoles or Mexican speckled beans for the first man to show up with this brand of legal tender. Since then we have gotten several sacks more and still need more beans. Bring 'em on folks, bring 'em on.

We have great ideas in this age. Next to horseback riding, walking is the best exercise but we won't walk and we won't allow our kids to walk very much. We used to school, started early and fought and played on the way and got on the job at about 8:30. When recess came both boys and girls played together.

We lived in a heathenish age. Blackman, townball, tops and marbles were the height of our knowledge, and if some one had suggested a game where they kick in ribs and break legs and arms, we would have taken that bird up for a crazy. Now a bunch hangs around the side lines yelling like wild Commanches while a small portion that is left try to do each other all the damage possible. They call it playing but it looks like suicide to me and my boys have always taken a prominent part in these partial suicide games just like the other boys.

Some day some woman will start a fad of walking and we'll erect a monument to her memory as sure as God made little apples.

There is one thing to the credit of the present generation. We used to wear hats and go barefoot and have stonebruises on our feet and later had bald heads when we grew up. Now they wear shoes and go bareheaded in all kinds of weather. Bald heads will be a curiosity fifty years from now. Indians never

wore hats in their wild days and no one ever saw a bald-headed Indian.

Mi gosh! Here's a poetic urge coming on. Hot weather will do most anything, and often produces "pomes" that are not worth a darn. Mary had a little flax.

She held it very tightly, And filled the darn thing every day.

Because she drained it nightly, No son, you can't cool the car by stripping its gears.

Friday was the hottest day of the year. A lizard ran out of the shade, the hot sun turned his blood to steam and he exploded.

An old lady was in today to report that her husband was missing. She said that it took them twenty years to get married. She wouldn't have him when he was drunk, and she wouldn't have her when he was sober. Finally they married to win a bet. No, she didn't want any one to hunt him, she wanted some one to tell him to keep going.

The Apostle will soon startle the world and himself by inventing an airplane trailer to be used in hauling cotton to the gin. In fact no tin will be necessary according to present plans. It will propel, repel and expel and be guaranteed not to jam when hauling bollies.

And another thing! Since it has become fashionable to have babies born at the hospital, why not have the surgeon fix them up right from the start. Install "zipper" fasteners up the front and future operations would be made easier. An appendix operation, for instance, would be a small matter. Just "zip" down the "zipper" and clip it off and "zip" the "zipper" back up and collect five dollars and call it a job. People who enjoy ill health could work the "zipper" up and down for pastime and self-satisfaction and make personal inside explorations with lit-

tle trouble and no expense. Great idea!

T. Jones has been heard from folks! T. Jones has been heard from! The Apostle received two sacks this week. One contained a large quantity of "pinyon" nuts. That was great. The other sack contained a number of porcupine quills, two wild turkey feathers and some Juniper berries. That last sack was another brand of Hoover disappointment. It was started out from Hot Springs, New Mexico, so that must be the headquarters for the "Bard of Potatodom" for the present at least. Thanks a lot for the nuts, but we don't need the porcupine quills—we've been stuck for too many things already.

Well folks, am glad to know you got a lot of bargains at Greene's drygoods store Friday and Saturday. There's a lot of bargains advertised in the Leader every week, and the saving on groceries alone is worth more than the price of a year's subscription often on your purchases for one week.

It just had to rain to relieve the corns. Everybody that wears corns was complaining for a week before it thundered. But this thing of having rheumatics and chasing chickens out of our turnip patch has got our goat.

Flash—and double flash. One doctor has already ordered a carload of "zippers" to get ahead of his profession.

**\* ASHTOLA \***

A large number were out for Sunday School and for services, Rev. Gattis of Canyon preaching.

Rain and cold weather has interfered with cotton picking. The gin ran 44 hours over time the past week to keep up.

Mrs. Bertha Blackwell, who has been visiting her daughter, Mrs. W. A. Poovey, was called to her home at Dallas Tuesday due to the serious illness of a son who is reported improving at this time.

Mrs. Leo Wallace is spending the week with Mrs. Whit Cacote at Lelia.

A large number of the young folks enjoyed a party at the Albert Johnson home Saturday night.

The home of Mr. and Mrs. J. A. Johnson was destroyed by fire Thursday caused from an explosion of gasoline with which Mrs. Johnson was cleaning clothing. She was alone and nothing was saved except the clothing hanging on the clothes line.

Mr. Joe Lewis, who is in a Ft. Worth hospital, is not doing so well a mater of regret to his many friends here.

Mrs. Tyler canned a beef Saturday putting up chili, roast and steak. She is one of the thrifty

women of our community and has canned a large quantity this season.

Mrs. Adkins Mace of Lelia and little son visited her sister, Mrs. Melvin Caldwell Sunday.

Quarterly Conference will convene at the School Auditorium Saturday. Rev. Murrel will preach at 11 and all Methodists and members of other churches are invited to be present. Dinner will be served at 12. Conference will be held in the afternoon.

Donley County Leader, \$2.00 a year

**WATERMELON MARMALADE**

- 4 cups coarsely ground rind.
- 4 apples peeled & chopped.
- 2 oranges quartered & sliced thin; juice of 3 lemons.
- 4 cups sugar.
- 2 1/2 cups water.
- Remove all green and pink from the watermelon rind. Soak in salt water 2 hours. (S. T. to 1 qt. water)

From Headaches  
Colds and Sore Throat  
Neuritis, Neuralgia

Don't be a chronic sufferer from headaches, or any other pain. There is hardly an ache or pain Bayer Aspirin tablets can't relieve; they are great comfort to women who suffer periodically. They are always to be relied on for breaking up colds.

It may be only a simple headache, or it may be neuralgia or neuritis; rheumatism. Bayer Aspirin is still the sensible thing to take. Just be certain it's Bayer you're taking; it does not hurt the heart. Get the genuine tablets, in this familiar package for the pocket.

**Wake Up Your Liver Bile**  
—Without Calomel

**And You'll Jump Out of Bed in the Morning Rarin' to Go**

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't take liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. © 1931, C. M. Co.

**CONOCO GERM PROCESSED**  
PARAFFIN BASE  
**MOTOR OIL**

**ONLY CONOCO GERM PROCESSED OIL**  
Can Give You the Extra Benefits of the  
**"HIDDEN QUART"**

that Stays Up in Your Motor and Never Drains Away

Almost half of all motor wear takes place while you're starting your car! And it's in the starting period that oils not germ processed fail to protect your motor. They lubricate your motor after it starts... but they drain away when your car is idle, leaving vital working parts unlubricated while you're starting.

Germ Processed Oil gives you safe lubrication not only after your motor starts but during the starting period! For only Germ Processed Oil has penetrative lubricity... the ability to cling to, penetrate and combine with metal surfaces. A "hidden quart" of Germ Processed Oil stays up in your motor and never drains away. It cuts down starting wear and makes

starting easier and quicker. Save your motor from wear... Change now to Conoco Germ Processed Motor Oil, the only oil in North America made by the patented germ process. Fill up at any station that displays the Conoco Red Triangle.

**SLUMBER PARTY AND DINNER**

Loma and Gelemma Ayers entertained the following with a slumber party and dinner Saturday night and Sunday: Misses Cleo and Jack Foster, Toodle and Elsie May, Louise Hughes, Gertrude Dingler, and Lucille Yates. A mid-night feast of watermelon was eaten and enjoyed by all, including the small dog that furnished a great deal of amusement. In the wee hours of night a sleepy group of youngsters made their way out to the barn and made themselves a bed in a large crib full of cotton seed. The wind blew and the rain came but they were unaware of anything but themselves. A delicious breakfast was prepared by Mistress Ayers. It being over, the preparation for dinner was begun in which the same group with a few others participated.

Those extra for dinner were Mr. N. Dingler, Johnnie Beard and family, Messrs. Howard Hughes, Frank Behringer and Joe Brannon.

**WILLIE MAUDE PRATT COMPLIMENTED**

Mrs. R. L. Bigger complimented Willie Maude Pratt with a party at her home Wednesday evening, it being the honoree's 13th birthday.

The young ladies arrived at 6 o'clock and were entertained for a time with games and stunt contests. Joe Ellen Kennedy was awarded the prize in the game contest, and the best stunt was performed by La Verne McMurtry.

Miniature oaks lighted with candles served as place cards. The huge cake topped with 13 candles was soon cut and the souvenirs hidden in its depths, discovered and explained.

Following refreshments the happy revelers completed the evening at the Pastime Theatre.

Those to enjoy this occasion were: Vivian Taylor, Peggy Word, Frances Sanford, Mary Travis Dyer, Eugenia Noland, Anna Moores Swift, LaVerne McMurtry, Joe Ellen Kennedy, Dorothy Powell, Mary Travis Powell, Joy McCanne, Virginia Cluck, Mary Lois Hayter, Helen Louise Green and the honoree, Willie Maude Pratt.

**MCDOWELL CLUB MET SATURDAY**

Mrs. Tom Goldston presided at an open artist's meeting of the McDowell Club at the Club Room Saturday evening.

The theme for the program was "Folk Music". In answering roll call, each member names some folk song.

The opening number was a presentation of Merry Life and Volga Folk Song by the Junior McDowell club members of the Junior High School, being directed by Miss Helen Martin.

Other numbers were: Hungarian Dance—Mrs. A. J. Dryan.

Reading in negro dialect—Mrs. F. A. Stocking.

Paper on Folk Music—Mrs. Richard Wilkerson.

Vocal Duet, "By the Waters of Minnetonka" sung by Mrs. O. T.

**Relieve that Pain**

**DOES pain ruin your temper, spoil your looks, interfere with your business or pleasure? Millions of sufferers from Neuralgic Pains, Functional Pains, Ordinary Headache, Simple Neuralgia have found relief by using DR. MILES' Anti-Pain Pills**

Why don't you try them? At all drug stores. 25 for 25 cents. 125 for \$1.00.

Smith and Mrs. J. L. McMurtry, accompanied by Miss Helen Martin. Violin Solo—Miss Elizabeth Kemp. The duet was made more attractive by all being in costumes.

**LES BEAUX ART CLUB**

The Beaux Arts club was entertained Saturday afternoon by Mrs. L. S. Bagby and Miss Mary H. Howren at the home of the former. During the business session, Mrs. T. H. Ellis and Mrs. Charles Trent were chosen as delegates to the meeting of Federated clubs which will convene at Lubbock in November.

The club presented its first program on the history of French art, the subject selected for the year. Miss Katherine Ross led with an interesting description of French chateaux. Mrs. J. D. Swift gave a well organized paper on the influence of Italian art at the French court, and Mrs. Charlie Bell followed with a talk on Cluet, a French artist of the period. After the meeting adjourned, refreshments were served by the hostesses.

**MISS MILDRED MARTIN ENTERTAINS**

The members of the Friday Evening Bridge Club were entertained by Miss Mildred Martin Friday evening.

Miss Helen Martin and Mrs. F. A. Stocking were received as members at this meeting.

Refreshments were served preceding the games. Members present were Mesdames P. L. Chamberlain, Floyd Lumpkin, C. E. Miller, J. H. Morris, Forest Sawyer, Forrest Taylor, Ghas B. Trent, F. A. Stocking and Miss Helen Martin and the hostess, Miss Mildred Martin.

**FEDERATED CLUBS**

The County Federation of Women's Clubs met at the Club Room Saturday afternoon at 2 o'clock, eight clubs being represented.

During the business session, the resignation of Mrs. Fred W. Rathjen as president, was accepted. The vice president, Mrs. O. L. Fink will preside as president the remainder of the term.

The next meeting will be held on the first Saturday in December.

**FRIENDSHIP CLUB**

Mrs. J. S. Hayter was hostess to the Friendship Club at a meeting in her home Tuesday afternoon.

During a short business session, officers for the ensuing year were elected. Mrs. R. S. Skinner is the new president. Mrs. J. D. Stocking will serve the Club as vice president. Mrs. M. E. Thornton is secretary and treasurer. Mrs. Stocking is also reporter for the Club.

Accomplishments of the members over the year were as follows: 2000 containers of canned goods; 74 garments made; 59 quilts made complete. 7 rugs; four floors painted. Assistance rendered 102 people.

A delicious refreshment plate of salad, cake and coffee was served by the hostess. A beautiful quilt was presented Mrs. J. D. Stocking.

Those present were Mesdames H. Tyree, J. D. Stocking, J. A. Meaders, J. W. Rowland, Eva Womack, C. R. Skinner, J. L. Allison, M. T. Crabtree, G. J. Teel, J. A. Toomb, L. Ballew, J. E. Mongole, M. E. Thornton, Miss Katie Meaders. Mrs. T. E. Trostle was a guest of the Club for the afternoon.

**TUESDAY NIGHT BRIDGE CLUB MEETS**

Mrs. C. E. Miller was a delightful hostess in entertaining the members and guests of the Tuesday Night Bridge Club at her home Thursday night. Five tables being used.

Beautiful cut flowers furnished a delightful background for a merry number of games.

Mrs. Park L. Chamberlain received high score for ladies and B. F. Kirtley high for gentlemen.

Delightful refreshments were served to the following: Messrs. and Mesdames John Sims, Jr., B. F. Kirtley, J. E. Teer, Carl Bennett Jr. who were guests for the evening. And the following members: Messrs. and Mesdames Chas B. Trent, C. M. Bell, Forest Sawyer, Ira Merchant, C. I. Price, Mrs. Park L. Chamberlain and Miss Ineva Headrick.

**PATHFINDER CLUB**

Mrs. W. H. Patrick and Mrs. C. T. McMurtry were joint hostesses in entertaining the Pathfinder Club at the Club Room Friday afternoon.

A beautiful arrangement of cut flowers were used in decoration.

Mrs. U. J. Boston was leader in an interesting program on Indian Welfare bringing to the Club a fund of interesting information on American Indian tribes in the course of her remarks. "An American Legion" was the topic discussed by Mrs. G. F. Keener.

Mrs. Joe Cluck spoke on "Indian Arts and Craft."

Mrs. J. L. McMurtry explained the intricacies of "Indian music" so little known to the average American.

One of the most enjoyable numbers on the program was a duet as sung by Mrs. O. T. Smith and Mrs. J. L. McMurtry.

Following the rendition of the program, a lovely ice course was served by the hostesses.

**KILL KARE KNEEDLE CLUB MET THURSDAY**

Mrs. Sam Lowe entertained the members of the Kill Kare Kneedle Club at her home Thursday afternoon.

Dahlias and other cut flowers were used in an artistic arrangement of decoration, and a delightful afternoon was spent by members and guests alike.

A dainty salad course was served to guests, Mesdames G. G. Kemp, Walter Clifford, B. L. Jenkins, Miss Elnoi Aiken. And the following members: Mesdames Eu-

gene Noland, Joe Cluck, Eva Draf-fin, W. A. Massie, W. B. Sims, W. J. Greene, W. C. Stewart, G. H. McCleskey, F. O. Weed, O. C. Hill, Joe Goldston, H. C. Brumley, M. W. Mosley, Van Kennedy, and Dorothy Ann Kennedy and Billie Lowe.

**B & P WOMEN'S CLUB**

The Business and Professional Women's Club met in regular session at the Clarendon Hotel Tuesday evening at 6:30 P. M. with Miss Ida Harned and Mrs. Bessie Smith as hostesses. Halloween place cards and beautiful garden flowers made the tables very attractive.

In the absence of the president, Miss Norma Rhodes and both vice presidents, Mrs. Bessie Smith presided over the business session. A number of interesting reports were given, but the one by Mrs. Mae Womack, Chairman of the health committee, announcing that a physical culture class would be organized among the club girls at an early date was enthusiastically received.

The club voted to assist as hostesses to the Club Room "42" Tournament on the evening of Nov. 6th and Misses Carrie Davis and Lotta Bourland were to be hostesses.

After a lively discussion and much merriment, the club decided to give a Halloween Dance at the

opera house on Friday evening Oct 30, 1931. This created much enthusiasm among the members and this dance promises to be one of the most outstanding events during the Halloween season.

Club adjourned earlier than usual as nearly the entire membership was anxious to attend the play given by the Little Theatre, at the College.

Mr. and Mrs. Y. E. McAdams of Feneca, N. Mex. were in Clarendon Tuesday.

Mr. and Mrs. Fred Buntin were Shamrock visitors Tuesday.

**Children's Benefactor Dies At Home in Amarillo**

Mrs. Jennie George, wife of Wash George and to who she was married while a resident of Clarendon some forty years ago, died suddenly early Monday morning.

Mrs. George was an active worker in the Eastern Star and devoted more time to the cause of cripple children than any other women in the Panhandle. Her trips to accompany cripple children to the Shriner Hospitals were frequent. She was Grand Representative for the Eastern Star of Kentucky several years ago.

**Pastime Expands With New Sandwich Equipment**

To accomodate his increased business in making and serving sandwiches T. G. Stargel, proprietor of the Pastime Confectionery, has added to his equipment a steam table for making hot sandwiches and short orders.  
 The new equipment is placed near the front window where the tobacco counter was formerly situated. The tobacco counter was moved to the other side of the house. Stargel is optimistic over the possibilities of a good business increase and is telling the people about it in an ad in an other part of the paper.

**Shipping by Truck Becomes Big Factor This Fall**

Not until this fall did the large truck used on long hauls become a factor of any consequence. At the present time large freight shipments from Dallas, Ft. Worth and other towns by truck arrive almost daily. It is said that these shipments will continue until the new truck law goes into effect January 1st.

The largest loads are being carried by cotton trucks at this time. Many of these trucks are loaded up to thirty bales each, all bound for the Gulf coast.  
 John Sims Jr. made a trip to Houston the last of the week driving a truck carrying a load of thirty-six bales. He made the round trip in four days, which is average time for the larger trucks.

Mrs. W. R. Silvey who is making her home in Amarillo now is visiting in the W. B. Sims home for an extended time.

Mrs. M. D. Stevens and daughter Caroline of Amarillo are visiting her parents, Mr. and Mrs. E. M. Ozler.

**SEVERAL MOTOR SUGGESTIONS FOR WINTER WEATHER**

With the coming of the wide temperature ranges experienced at this season of the year, the motorist will find it to his advantage to have the motor retuned and adjusted, according to M. D. Douglas, General Parts and Service Manager of the Chevrolet Motor Company.  
 "One of the distinct advantages of the modern automobile over its early predecessors is found in the fact that the motor today can be adjusted to give maximum performance in all seasons. A motorist who drives through the winter with a car adjusted to summer weather conditions deprives himself of much of the car's capacity for performance and needlessly increases its operating expense," Douglas said.

The carburetor should be checked and the valves should be adjusted to prevent loss of compression. The ignition system, especially the timing, should be cleaned thoroughly and checked for proper adjustment; the proper functioning of the ignition system is essential to easy starting on cold mornings.  
 Other suggestions made by Mr. Douglas include a thorough flushing out and cleaning of the cooling system; draining and flushing the crankcase and refilling with a good grade of oil. And, perhaps most important of all, the brakes should be adjusted, or, if necessary, relined.

**Acord Dairy is Making Reduction in Prices**

According to an announcement of J. M. Acord, proprietor of the Acord Dairy Wednesday, prices of the dairy's products are to be reduced after the first of November.  
 Mr. Acord states that with cheaper feed and longer working hours per man, this reduction is possible, and that he is glad to pass the saving on to his customers.  
 The dairy has been in operation over a period of five years with a constant increase in business due to the quality of the product served, and the excellent service given the customers.

Mr. and Mrs. Buck Roberts and daughter spent Sunday in the W. E. Hodges home.

Mr. and Mrs. Oswell Jones visited in the Will Mace home at Lelia Sunday.

Mr. and Mrs. Dave Patterson visited their daughter, Mr. and Mrs. Horace Wood at Clarendon Sunday.  
 Mrs. T. J. Martin of Canyon is visiting with her sister, Mrs. Catlett.

Mr. and Mrs. Lee Wood and son spent Sunday at Wellington with Mr. and Mrs. Otis Wood.

Donley County Leader \$2 per year.

**REWARD OF SERVICE**

Who has planted a flower in the heart of despair,  
 And kissed it with the sunshine of hope,  
 Who has painted the rose on the cheek of care,  
 Revived the spirits that droop,  
 Has greater credit in eternity's bank  
 Than millionaire with all his gold  
 Than the titled and towering men of rank,  
 As the day of accounts shall unfold.  
 Plant then the flower in the heart that is low,  
 Paint the rose on the cheek that is pale,  
 Thy reward shall be great and a ceaseless flow  
 From the bank that never shall fail;  
 There the thief steals not, nor the rust e'er corrupts  
 The bright treasures thus stored with care,  
 Nor come wild disaster that ever disrupts  
 The white bank securing them there.  
 —Selected.

T. D. Nored, manager of the West Texas Utilities company properties here, and who has been a patient in a sanitarium at Lawton recently, returned home Friday with a noticeable improvement in health.

Mrs. J. M. Winston of Weatherford is visiting her daughter, Mrs. Geo. H. McCleskey of this city.

Mr. and Mrs. J. R. Bartlett and children of Childress visited relatives and friends here Monday.

Mrs. W. B. Sims has as a guest this week, her sister-in-law, Mrs. W. R. Silvey of Amarillo.

Rev. and Mrs. E. L. Landers and family of Mobeetie were guests of Rev. and Mrs. W. M. Murrell Tuesday.

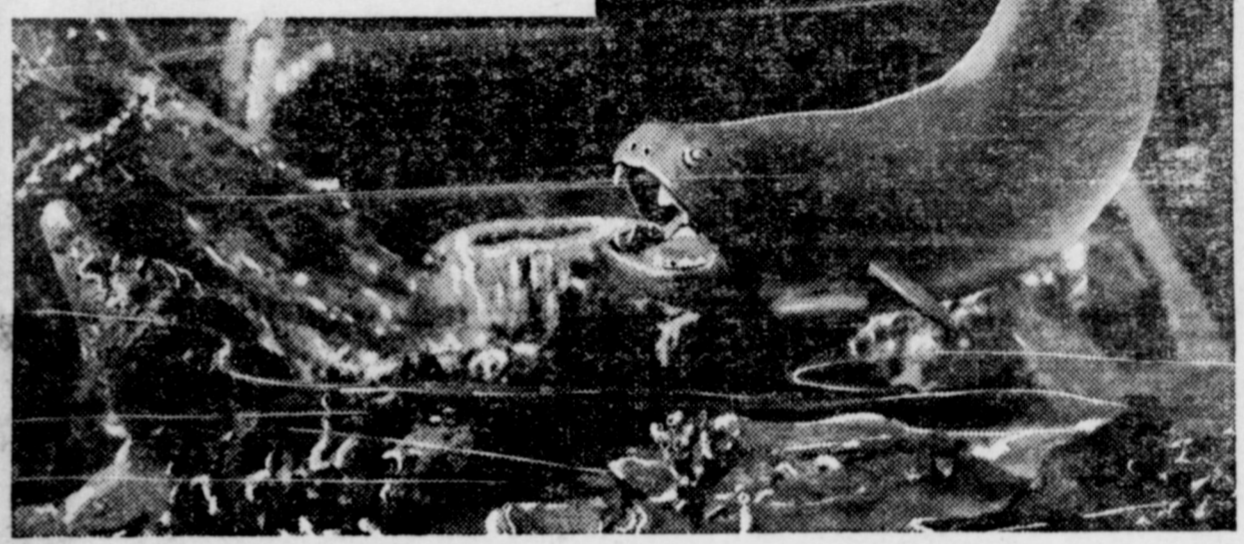

Miss Ruth Laney, who attended Clarendon college here some years ago, was married to Geo. Box, an employee of the Times at Oklahoma City where they will reside. Miss Laney is a daughter of Rev. J. A. Laney.

Mr. and Mrs. Ralph Andis and son Billie visited relatives in Dallas and saw the Fair over the weekend.

**MELLOWED A HUNDRED MILLION YEARS**

**When mighty, armored fishes swam over PENNSYLVANIA**

THE 100,000,000-year-old Devonian Age was the source of three wonders:—vast inland seas, the tremendous saw-toothed fishes whose fossils may be seen in famous museums—and the Bradford-Allegany District crude oil that is now being refined into Sinclair Pennsylvania Motor Oil.

Other and more extensive oil-bearing ages preceded and followed the Devonian. But in none of them were earth conditions sufficiently favorable to form crude of such sheer lubricating quality as that from the Bradford-Allegany District of the Pennsylvania field—witness the fact that Bradford-Allegany crude commands the highest price of all Pennsylvania grade crude oils!  
 Excellent as it is, the crude is not sufficient. Before

it becomes Sinclair Pennsylvania Motor Oil Bradford-Allegany crude goes through an exhaustive refining process in the big, new Sinclair refinery at Wellsville, N. Y. By improved processes it is triple-filtered, de-waxed at as low as 60° F. below zero and stripped almost entirely of carbon-forming compounds.

Have us change your oil to Sinclair Pennsylvania according to the Sinclair Law of Lubrication. Then examine this oil after long, hard driving. Note how it stands up—how it comes out of the crankcase almost as good as it went in. Note, especially, how little has been used up—positive, visible proof that this rich, Pennsylvania oil protects the last mile as well as the first!

**West Texas Utilities Company**

John L. McQuigg  
Ablene, Texas, October 7.—Featuring by electric service extensions in various parts of its widespread properties, the current construction program of the West Texas Utilities Company indicates a period of considerable activity for its construction and maintenance crews, according to information received from the company's offices here yesterday. Additions to water facilities in the Panhandle district, and improvements to existing electric facilities also are included in the report.

The projects, which will carry modern and dependable transmission line electric service to new customers, are scheduled for immediate completion.

Crews at San Angelo will construct a transformer rack, string a four-wire primary line and hang primary metering equipment to serve the Homer Byrd feed mill with electric power. The extension of a two-wire, single-phase line into the Hillcrest Addition, to serve new customers, is also scheduled at San Angelo.

At Mason, two secondary lines will be extended to supply electric service to new residential customers; at Robert Lee, Santa Anna and Junction, secondary extensions will serve new customers; the L. E. Whitman Paving Company, at Paducah, will be furnished with electric power through the extension of a three-phase primary line and installation of transformer equipment, and a new secondary line at Valera will serve the Santa Fe Railway depot.

Adding another cotton gin to the many now using clean, efficient electric power, the construction of a transformer rack and extension of a primary line at Quanah will furnish power to the Farmers Cooperative Gin.

New parkway cable will be installed and seven new lighting standards erected on Butternut Street, Abilene, to increase the effectiveness of the city's whiteway system.

Improvements to the company's facilities are planned at Stratford, where the street in front of the company's new office building will be paved; at Winters and Rising Star, where highway construction makes necessary the replacing of lines, and at Mason, where service will be improved through the extension of a new primary line.

Extensions and additions to water facilities will be made at Daltart. Six-inch mains will be extended 720 feet to install a new fire hydrant, improve service and serve new customers, and a two-inch main will be extended into a new and rapidly-growing residential section.

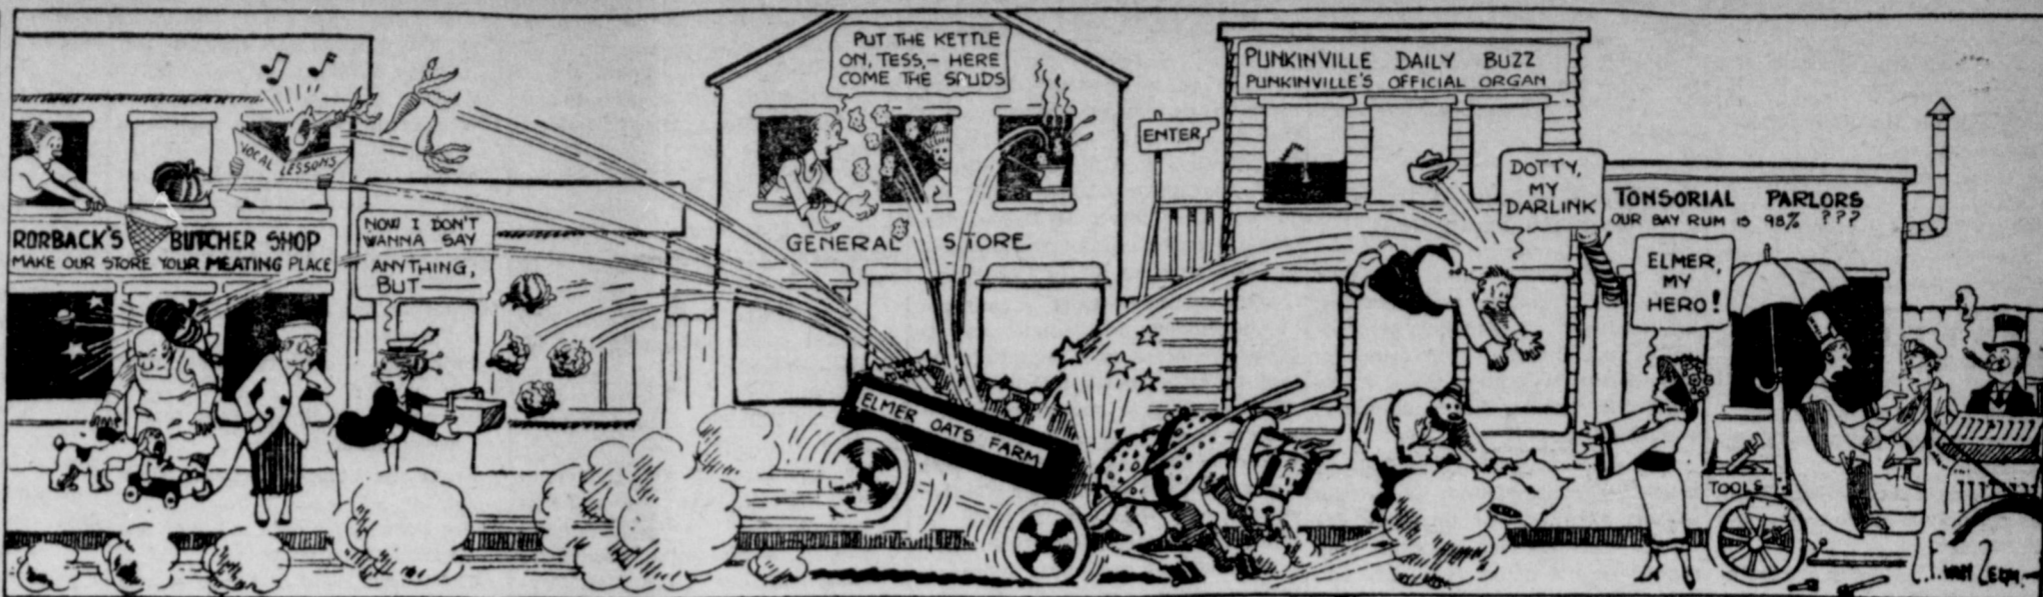

Regular construction and maintenance crews will be used on all of the work reported, according to the West Texas Utilities Company construction department.

Mr. and Mrs. Pete Weidman of Clarendon were visitors in the home of Miss Eula Haley and Mr. and Mrs. Paul Smith.

Mrs. Floyd Parker and babe spent the past week here with her parents, Mr. and Mrs. Sam Roberts and made the trip to Ft. Worth Thursday with Mr. Parker who is trucking for Smith Bros. Gins.

Frances and Maybelle Waggoner and brother, Thomas T. Jr. of Claud are visiting with their grandparents, Mr. and Mrs. F. L. Behrens, while Mr. and Mrs. Waggoner are at the Dallas Fair.

Mrs. J. O. Thompson is again at home after a visit of several days with her daughter, Mrs. Craft, at Arlington.

**WINDY VALLEY**

Very few were out for Sunday School in the afternoon Sunday on account of the rain.

Mr. and Mrs. M. A. Josey and daughters Hazel and Gladys are leaving this week to make their home in the Rio Grande valley. We regret to see them leave and wish them success in their new home.

Mr. and Mrs. Leslie Paulk and children returned to their home at Dallas after spending two months with his brother's family here.

Miss Gladys Noble visited Miss Lola Maness at Hedley Saturday night.

Several from here attended the party at the Luther Butler home at Lelia Saturday night.

Mr. and Mrs. Virgil Reeves of Lelia spent Sunday with the lady's grandparents, Mr. and Mrs. O. S. Lyons.

**BRICE**

Cotton picking will be delayed for several days due to rain.

Quit a number from here attended the Memphis fair this week.

Lois Dale and Jonnie Richardson entertained a number of their friends with a party Friday night.

The many friends of Mrs. Alfred Estlack of Clarendon regret to know that she has been seriously

ill, but is improving rapidly at this time.

Mattie and Jewell Rhodes of Goldston were guests of Claudine Smallwood over the week end.

The young people enjoyed a dance in the Shaffer home Saturday night.

Byron Todd and family of Ganage visited his parents, Mr. and Mrs. A. P. Todd over the week end. Mr. and Mrs. Delbert Russel have moved back to the Flat after trying Arkansas for the past year.

**LELIA LAKE**

Mrs. J. K. and Mrs. Claude Morton spent Tuesday in Amarillo. Keat Reynolds has accepted a position in Amarillo moving up there Wednesday.

B. J. Leathers had business in Amarillo Thursday.

Mr. and Mrs. Wilton Grounds were called to Amarillo Thursday due to the serious illness of his mother.

Miss Jessie Cook and Mrs. Loman were Amarillo shoppers Fri.

Mrs. Guy Taylor and Miss Layma were Amarillo shoppers Tuesday.

Mrs. Virgil Ragle of Oklahoma is visiting her parents, Mr. and Mrs. Godfrey.

Mrs. John Hesse and son Jack of Pampa visited in the B. L. Knowles home Friday.

Mr. and Mrs. W. V. Thomasson and sons Walter and Russel return-

ed from Dallas Friday where the tonsils and adenoids of the boys were removed.

Mrs. D. W. Tomlinson and Miss Jessie Cooke attended the Worker's Council in Memphis Tuesday. Miss Cooke had a part in the program.

Loy Bynum and Mr. Carter are in Skellytown where they are constructing a bridge.

Mrs. John Scott left Tuesday for her home in Colorado after a visit with her parents, Mr. and Mrs. Guy Taylor.

Mrs. E. L. Kennedy has been suffering quite a bit over the week, a spider having bitten her hand. John Gerner was an Amarillo visitor Sunday.

The Lelia Lake bridge club met with Mrs. H. R. King Thursday afternoon. Refreshments were served to Mesdames J. A. Thompson, Guy Taylor, Smith, Quin Aten, E. R. Meyers, S. R. Tomlinson, L. B. Chunn and Miss Wilma King.

**PLEASANT VALLEY**

The small son of Mr. and Mrs. Palmer Thompson has been ill the past week suffering from an abscess but is better since taking him to the hospital where it was lanced.

Mrs. Jiggs Misley and babe spent the first of the week with her parents, Mr. and Mrs. Hugh Riley.

Miss Thelma Robinson spent Sunday in the home of Mr. and

Mrs. Jesse Beach at Clarendon.

Mr. and Mrs. Ernest Davis of South Plains spent the weekend with his parents, Mr. and Mrs. W. K. Davis.

Our school was to have opened Monday but was put off another week due to the rush of crop gathering.

The rain of the past week was appreciated as it helped the potatoes and did no cotton damage.

Mrs. John Goldston attended the P-T meeting at the South Ward school in Clarendon Tuesday.

Misses Lopez Whitt and Lorene Hayes were guests of Miss Helen Goldston Tuesday.

Clinton Martin returned home Friday from Colorado where he has been employed the past few months.

**Restless CHILDREN**

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

**KING COTTON**

# HAS BEEN DETHRONED

Yes sir, King Cotton has been dethroned. Never before in the history of the cotton industry has the grower been ground beneath the iron heel of the speculator as he is now.

Thousands of cotton growers are "ragged" because they produced too much cotton. Hundreds of thousands of bales of unsaleable cotton carried over from one season to the next for no other purpose than to be used as a club to hammer down the price.

There is no such thing as overproduction so long as people are ragged. The same speculator who cries "overproduction" will also advise you to be "charitable" and donate to the poor of the community where you live. In other words, after you have been robbed, you are advised to help other poor devils who have been robbed just as you have been robbed of the profit of your labor.

**\$1**

**A Dollar A Year**

**\$1**

That's the price of a year's subscription to the Donley County Leader. We are taking our loss along with the farmer, merchant, banker and every one else because all are affected by the cut-throat gang that is stealing the product of honest toil.

This offer is for a limited time only. It applies to both new and renewals within the first zone of the Clarendon postoffice which extends for a radius of 50 miles from here in any direction. This offer is being made wholly in sympathy with the people who are affected by the low price of cotton, and is our contribution to the cause of law-abiding citizens who are being hi-jacked in broad-open daylight on the cotton question.

**Mail In Your Subscription Now Before It Is Too Late**

New Features will be added and the same high class weekly standard maintained. All the news that is fit to print will be yours for the dollar a year. The Leader is under no obligations to any faction, click, gang or creed. It is our purpose to give every section of the trade territory a square deal.

# The Donley County Leader

**"A COMMON PAPER FOR COMMON PEOPLE"**

## HEDLEY WOMAN HOLDS CANNING RECORD TO DATE

### Undaunted by Drouth Scare Canning Resorted To With Well Filled Pantry

So far as known, Mrs. J. Clark Latimer of Hedley holds the county canning record as to volume this season.

Early in the spring Mrs. Latimer's enthusiasm knew no bounds. The garden was planted—even the sidewalk and other spare places near her home. When the dry, hot winds dried her garden, there was but one thing left for this woman of wonderful energy and determination.

She made a survey of her community of activities and planned with other women to can on the shares. She refused to recognize defeat and no obstacle was too big to overcome.

Due to her faithful efforts, her pantry is filled with the choicest foods known to the canner's art. She has 73 quarts of green and leafy vegetables; 29 quarts of starchy vegetables; 182 quarts of other vegetables.

While the fruit crop was practically a failure this season, Mrs. Latimer's pantry shows her to have canned 24 quarts of tomatoes and 173 quarts of other fruits. She has 99 quarts of pickles and relishes, 51 quarts of preserves, jellies, etc. and 14 quarts of soup mixtures.

Mrs. Latimer's skill extends to all the branches of the homemaker's knowledge of home affairs for she has 180 pounds of a good grade of home made soap.

All of the above products were canned on the shares. Altogether she canned 1331 quarts of foods valued at \$445.90.

She will continue canning of tomatoes, okra, sweet potatoes, hominy, kraut, beef and other products. She will make peanut butter of her crop of peanuts. She is an active member of the Hedley Wifadacos club doing home demonstration work under the direction of the county agent, Miss Martha Buttrill.

In addition to the above work done through the season, she kept house for her husband and two children, and during spare moments, helped ten women to fill their pantries who are not members of any H. D. club.

### Ashtola Farmer Grows Lots of Peas And Beans

In preparing for winter, very few farmers have been more fortunate in growing a food supply this season than has D. T. Goodman, who resides on the Durrett farm about three miles southeast of Ashtola.

The threshing has barely started with 120 pounds of Mexican speckled beans sacked up for winter. Very few if any one here grows the white soup bean made famous by the Bostonites, but this farmer has threshed out some 200 pounds already.

He also has a large quantity of peas sacked from this year's crop. He grows four varieties for a change. His plan is to use "high life" in the containers to kill the weevils and he says his loss amounts to nothing by this process.

### Smith Brothers Trucking Cotton to Houston

The Smith Bros. gin company purchased ten large trucks at the beginning of the cotton season to truck their cotton to the water edge at Houston. It is said that the run is made in 48 hours straight through.

Each truck is loaded with thirty bales and the products of all the gins is handled over a regular schedule through Ft. Worth.

Drivers of the trucks on this end of the line turn the truck to other drivers at Ft. Worth. Drivers then return with trucks from the Ft. Worth-Houston end of the line. A filling station and repair shop is maintained at Ft. Worth for the special use of the large new trucks that require very little servicing in the way of repairs.

### Wade Roach Opens Famous Hot Dog Joint

Perhaps no other eating place of like capacity in the Panhandle has the reputation for choice hamburgers and chili as does that of Wade Roach opposite the Postoffice.

Wade is a living advertisement of what his products will do for a fellow who will faithfully follow directions. His opening every fall is the signal for the male population to return to a normal diet.
