MAC To Continue 'Muleshoe In Action'

Muleshoe High School Coach Tom Duncan said March 18 is the date for a three-division track meet scheduled for Muleshoe.

The meet will be for varsity boys and girls, and junior varsity boys, said the coach.

Students of the Week for Watson Junior High School are Dink Pitcock, sixth grade; Donna Puckett, seventh grade and Joe Alonzo, eighth grade.

Sixth grade Social Studies teacher Twila Albertson, was named Teacher of the Week.

The annual meeting of Five Area Telephone Cooperative, Inc., will be held Saturday, February 4, at the Bailey County Civic Center in Muleshoe.

Registration will begin at 9 a.m. and the meeting begins at 10 a.m. Lunch will be served around 12 noon.

Prior to the Mule-Dimmitt Bobcat basketball in Dimmitt on Friday, January 20, a lasagne supper will be served at the Expo Building, 403 S.E. Fourth (the street south of the Dairy Queen).

Dinner will be served from 5:30-7 p.m. and tickets cost \$3.50 for adults and \$2.50 for children.

Kathryn Haddeland, an English teacher at Three Way School in Maple, is one of 300 teachers from across the state nominated for a Texas Excellence Award for Outstanding High School Teachers. Ten representatives, who will be announced in March, will receive \$1,000 checks.

The awards, sponsored by the University of Texas Ex-Students' Association and UT Austin College of Education, recognize creative teachers who make a special effort to prepare their students for higher education.

Kathryn Haddeland, a teacher for 19 years, was nominated by the school's principal.

Teacher Will Talk About 'Learning'

Monday night will be a very special night when the Muleshoe PTA meets.

At 7 p.m. Monday, the PTA will meet in DeShazo Cafeteria and will be hosting a very special speaker, Susan Nunn Roberts, of Lubbock.

She is married and the mother of two children, and will be speaking on "Learning Disabilities."

Her 15 years teaching at Heritage Hall Private School in Lubbock leaves her eminently qualified to speak on such a subject. She has also spent two years in administration, and as assistant director of the school.

Mrs. Roberts has a B.S. in Special Education from Texas Tech University, Lubbock.

Nita Arwine founded Heritage Hall, a non-profit school, 20 years ago when she was teaching special education in the Lubbock public schools.

LD (Learning Disability) students were, at that time, all in the same classes with the retarded and emotionally disturbed youth.

Mrs. Arwine's motivation for establishing the school came from her son, Bobby, who had a reading disability. She was told that he could never learn, that there was no place for him.

Arwine, 29, is now working for

Mules, Mullettes In District Competition Action In Friona

In a 'turn-around' from the first district basketball game on Tuesday night, the Muleshoe Mullettes won their game at Friona Friday night against the Squaws, 45-33. And the Mules, who had defeated the Tulia Hornets earlier in the week, dropped their second game to Friona's Chieftains, 61-81.

The Mullettes took an early and slim 9-7 lead at the end of the first quarter, but had widened that to 29-15 at the half.

Coming back in the third, the Mullettes ended that quarter, still hanging onto their lead, which had become 35-22.

In the fourth, the Mullettes scored 10 points to 11 for the Squaws, but the Mullettes won the game.

Fine Arts Group Plans Festival Meeting Monday

It's time to get down to some serious work in order to make the annual Sweetheart Festival a success.

Monday night, at 7:30 p.m., the Fine Arts Booster Club will be discussing plans for the 1989 Sweetheart Festival, scheduled for Saturday, February 18.

The 'word' of the day is 'HELP!'-'HELP!!!'

If the annual Festival is to be successful, it will take a lot of planning, and people ready to help in many ways.

All parents with youngsters in junior high or high school in art, speech or band, are especially urged to attend this important meeting.

Wendy Green and Debbie Brown each had 11 points; it was nine for Jennifer Hayes; seven for Heather Hutton; Michelle Cox, 3; Brenna Matthews, 2 and one each for Amy Harrison and Krystal Angeley. Mary Lou Bastardo injured her wrist early in the game and did not score.

Despite having early troubles hitting the basket, the Mullettes out-shot, out-played and out-defended the Friona Squaws.

It was excitement all the way when the Mules varsity team took to the court against the Friona Chieftains.

Starting out fast-paced, the Chieftains maintained ball control, keeping the Mules away from the goal. Kevin King finally got the Mules on the board when it was a 0-9 game. About five minutes were left to play in the first quarter.

By the half, the Mules were trailing by 22 points, with the scoreboard showing 32-54.

With 5:42 left to play in the game, the Mules pulled to within 10 points of the Chieftains and the Chieftains were in foul trouble with a technical. Kevin King pulled the game to within 10 points, 56-66 on a two pointer.

With less than three minutes to play, Frank Precure went out of the game on fouls and the score widened to 56-71.

At 1:48 left in the game, someone pulled the plug on the clock and scoreboard, creating momentary mass confusion in the fast paced game, and Kevin King went out with an injury.

Kevin King had 21 points in the game; Frank Precure had 14; Colin Tanksley, 10; Brett Pylant, 7; Tim Shipman, 4; Doug

Chitwood and Daniel Olivas, each 2 and Brian Bush, 1 point.

Tuesday, January 17, the Mules and Mullettes will host Littlefield in Muleshoe. Action for the Mullettes is at 6:30 p.m., and the Mules will follow shortly after 8 p.m.

After two district games, the Mules and Mullettes are each 1-1 in district action.

Allsup's Robbery Victim

Details were sketchy at press-time, but the Muleshoe City Police Department and Bailey County Sheriff's office were checking an armed robbery reported shortly after 3 a.m. Saturday morning.

The clerk at Allsup's Convenience Store reported to the Muleshoe City Police Department that he had been robbed.

The only details available were that the robber was black and carried a hand gun when he entered the store shortly before 3 a.m. He took nearly \$100 in the robbery.

Officers were looking for a light colored car. Nearly \$100 was taken in the robbery, according to police sources. No arrest had been made at press-time. In two previous robberies of the store, the robbers were apprehended within two hours of the robbery.

MISD Superintendent Joins School, Business

Dr. Lawrence Ward, superintendent of the Muleshoe Independent School District, was the main speaker at the Thursday morning MAC meeting in the Muleshoe State Bank community room.

Dr. Ward focused his talk on "Schools and Economic Development." This was the main discussion during a November 1 meeting of the Texas Association of Community Schools.

Businesses are encouraged to look toward the schools to obtain good, trained and efficient employees.

Deputy Gives Crime Line Explanation

By: Steve Bearden
Bailey County Deputy Sheriff

A lot of people have asked questions about the recently organized Bailey County Crime Line and how it operates.

Listed below is basically how Crime Line is operated in this county:

We ask for you to report all types of crime, past, present, or future.

You can report this crime by calling Crime Line at 272-HELP.

To report a crime of any type, the caller will first of all be given a number. The number system completely protects the caller. The caller will not be known by name or by any other description, but only by the number issued by the Crime Line individual who receives the initial call.

The caller, whether he or she is a single time caller, or a regular caller to Crime Line, will always keep the same number issued to them in the beginning.

The caller will then be interviewed on the crime reported for detailed information.

When a caller gives some type of information on any crime, the information is then taken down and investigated. Certain types of criminal information or activities are logged down as criminal intelligence for future reference.

Cont. Page 6, Col. 1

He said he was asked "What can we do to help the school?" Dr. Ward emphatically turns that around to ask, "What can the school do to help the people?"

According to the superintendent, it is very important for the school to be perceived as providing a support of it's own.

"It is equally important," he added, "that schools will be doing more for business -- and doing it better."

"We won't be building a strong business community without career education," continued Dr. Ward.

"Career education should find a new home -- developing partnerships between the schools and businesses.

"The public school role in community development needs to be stressed and expanded," explained the superintendent. "You cannot create economic development by cutting each other's hair. Don't depend on agriculture, find new economic bases," he added.

Dr. Ward believes it is very important for the school to be involved in community development, and reminded "Most people perceive a school district as being a financial liability." However, he cited 1987-88 figures that showed \$1,478,392 was collected in taxes for the school district. More than \$4 million in salaries was paid in the community. This money was spent mostly locally, he said, and as each dollar circulates 6-7 times before it leaves a community, proves that the school is not a liability, but a direct asset to the community.

"The taxpayer gets a solid return for his tax dollar," he said, "thus keeping businesses in operation, and provides for new businesses to open. A community without a school is not an asset."

He posed the following question -- "Does the farmer consider the seed he buys an asset or a liability. Of course, he has to pay for the seed, but without it, he could not look for a product to harvest and sell.

The school needs to be in real partnership because as Dr. Ward termed it, "What's good for you is good for us."

Watson Gives Slide Show

On Russia Trip

By: R. A. Bradley

Fourteen Kiwanians and four guests braved the weather, early morning hour and superstition to meet this morning at the Old Corral on Friday 13th.

Guests were Chad Johnson, son of Reggie Johnson; Ryan Clapp, son of Don Clapp; Jon Keith Turner, son of Keith Turner and Delbert Watson.

J'Don Kube led the club in the pledge to the flag and Don Martin gave the invocation.

J'Don gave the friendship coin to Reggie Johnson. Everyone agreed that Reggie needed a friend, having to work with Keith.

Delbert Watson had our program. Delbert showed a slide presentation of his recent trip to Russia.

Delbert had the privilege of going on an agriculture trip with a group from Arizona, to Russia.

Sudan News

By Evelyn Ritchie

Zetha Young of Amarillo visited during the holidays with her daughter, Mr. and Mrs. Julian Damron and family.

Mrs. Evah Doty joined the Wayne Doty family for Christmas dinner when their children and grandchildren were there. Attending the dinner were Billy Wayne Gore and children of Odessa, Mr. and Mrs. David Doty and children of Littlefield and Donald Doty of Lubbock.

Dennis Harvey joined his parents for the Christmas holidays as did his sister, Cheryl.

B.A. Narramore has been a patient in the Amherst hospital the past several days.

Mrs. Beth Salem has been a patient in the Methodist hospital in Lubbock for several days.

Bonnie Roberts was a medical patient in the Amherst hospital during the Christmas holidays.

Delbert stated that Russia is a pretty country, but was very primitive in their agricultural countryside. Most of their farms were state farms or collective farms.

The collective farms had a little voice in what they would grow and how they would farm as long as they met their quotas, but a state farm was controlled by the state.

Delbert stated that most of the farmland was a semi-desert and irrigated out of canals. They have about the same problems as we might have here. Same kind of insects, weeds and problems like us.

They had an exhibition in Moscow, kinda like a state fair where they had farm machinery of all kinds on display, along with products, which was impressive, but they seldom saw this machinery in the fields. The cotton there is picked mostly by women and hauled in and stored until they needed fiber and material, then it is ginned.

Delbert stated that the schools turned out so that the students might see the Americans. The children were very neat, clean and well-mannered. The children were taken from kindergarten by age and the state saw that they went to school and were instructed in all schooling, plus the communistic government.

Moscow was not as pretty or modern as Leningrad. Leningrad was very well destroyed during World War II and has been rebuilt, pretty modern and pretty.

When asked if he would like to go back to visit Russia, Delbert said "yes" to Leningrad and that part of the country, but not to Moscow.

Delbert stated that the living conditions there were very poor. Transportation was very poor, the average wage earner there earned around \$250 per month and the cost of living was higher than ours.

Delbert said that it was very hard to go anywhere in Russia except by mass transit. If you went to another state in Russia, you have to have a visa permit. We think nothing about going to New Mexico, Oklahoma, etc. But

in Russia, this would have been very hard.

There were very few automobiles in Russia. Military-wise, they were very modern, but civilian life was very primitive. Delbert stated that we take our freedom for granted.

Delbert said that every day since he has been home has been Thanksgiving Day. Thankful that he is an American. Thankful that he, as well as the rest of us, was born in America. We could just as easily have been born in Russia.

Delbert stated that each and everyone present would have been rich according to Russian standards.

We should not take freedoms for granted -- thanks, Delbert -- for a very good program.

HOMESTEAD EXEMPTIONS

CAN LOWER THE PROPERTY TAXES ON YOUR HOME

A homestead Exemption

lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify

for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

Exemptions are available

to all homeowners on their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 or over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

Apply to

your local appraisal district office at the address shown

below for all exemptions you may qualify for. Application forms are available at this office.

If you received a homestead exemption on your present home in 1988, you won't need to apply again for 1989 unless the chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you've moved to a new home, make a new application for 1989.

The deadline

for applications is April 30, 1989. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

Langfitt Named Jennyslipper

'Member Of The Year'

Pat Langfitt was named "Member of the Year" at the seventh annual Jennyslipper meeting and installation banquet Tuesday night at the Bailey County Coliseum. In making the presentation, Ruby Green stated that in addition to having two weddings and the prospect of being a grandmother, Mrs. Langfitt still had time to work on a number of Jennyslipper projects including being a co-chairman of the 1988 budget and finance committee, and will serve as president elect for the 1989 term of office. Mrs. Langfitt stated that when her husband first told her that they were moving to Muleshoe, she asked where in the world Muleshoe was and now she is very proud of Muleshoe and the friends she has made.

Lonnie Merriott gave the invocation before the evening meal, catered by Blue Goose Catering.

Entertainment was provided by members of the Anchor Brothers Band, Raydon Stanford, Kenneth Richards and Lanny Kenny. They played and sang a number of songs including one of their latest recordings.

The Pledge of Allegiance was led by Linda Tosh, followed by the welcome and recognition of guests by Donna Kirk, president. Husbands of the members as well as the Chamber of Commerce manager, John Smith and his wife, Billie JoAnn, and the chamber president, Robert and Sharon Montgomery, were special guests.

Girl Scouts Begin Cookie Sales

It's that time of a year again, the Girl Scouts annual cookie sale began Friday, Jan. 13 at 4 p.m. The scouts are selling seven different kinds of cookies—some for chocolate lovers, some for peanut butter freaks, even one for people who don't like or can't eat sweets.

With seven different flavors to choose from the choice may not be easy, you could buy a box of each and try them all or ask your Girl Scout to recommend which kind she likes best. Thin mints are reported to be the best sellers. Scot Teas, a Girl Scout-style shortbread are another favorite. There's also a cookie called Jubilee that's caramel with chocolate stripes.

and there's even a cheese cracker named Golden Yangles.

These cookies sell for \$2.00 a box and are made from top quality ingredients and without preservatives. "They're delicious and they help Girl Scouting in Muleshoe" said Debbie Tillman.

Rebekah Lodge News

Muleshoe Rebekah Lodge No. 114 met in regular session Tuesday night, Jan. 10 with Louise Allen, Noble Grand, in charge of the meeting. Opening prayer was given by Opal Talley. Eight members answered roll call and Adele Tompkins reported that they were happy to welcome visitors, Dorothy Maurice Browning. She is a member of Mary Rebekah Lodge No. 117 of Austin and a sister of Jackie Blalock of Muleshoe. "We understand that she has moved to our city from Austin and we welcome her" said Mrs. Tompkins.

Eleven members visited Friona Lodge on Monday night and installed their new officers. "A salad supper was served and everyone enjoyed the visit". Friona will install Muleshoe Lodge new officers on Jan. 17. Everyone is urged to be present and a salad supper will be served prior to opening, beginning at 7 p.m.

Happy birthday was sung for Ina Wilemon and Lori Tosh and lodge was dismissed after which refreshments were served.

Friendship Club News

The Friendship Club met Thursday, Jan. 12 in the home of Sammie Ethridge. Olene Watts, president, called the meeting to order. Maud Young gave the opening prayer.

Ms. Watts then turned the meeting over to the new president, Pauline Guinn. The roll was called to be answered by relating what the members did during the Christmas holidays.

The minutes of the previous meeting and a treasurer's report were read by Gladys Darsey.

The secretary and treasurer combined.

A short business session was held concerning the new books which will be ready in the near future.

Maud Young reported that a very interesting program was given by Roy Whitt, showing slides and narrating on the many interesting things found in and

around the Capitol in Washington D.C. He closed his program by giving a special poem.

Members present were: Jewell Griffith, Gladys Darsey, Ruth Shafer, Adelyn Swafford, Pauline Guinn, Olene Watts, Maud Young, and the hostess, Sammie Ethridge. "We were happy to have Mary B. Obenhaus as a guest" Ms. Young said.

Refreshments were served and the meeting was closed.

There are a few men in public life who retire at the right time voluntarily.

Creative Living

by Sheryl Borden

Information on self-blood glucose monitoring, decorating for children's rooms and using QRB stains and finishes will be featured on "Creative Living" on Tuesday, January 17 at 12 noon and repeated on Saturday, January 21 at 2 p.m. on KENW-TV. (All times are Mountain.)

Dr. Lois Jovanovic-Peterson, research scientist at the University of Southern California, Santa Barbara, CA. will show a blood glucose monitoring system by Boehringer Mannheim Diagnostics. This item enables individuals with diabetes to monitor blood sugar levels conveniently, accurately and economically.

Susan McWilliam is an interior decorator with Trans Designs in Albuquerque and she will show a color board designed specifically for a little girl's room and talk about color and explain the effect color has on us.

The flashback segment will feature Lynn Gerhart, an expert in furniture refinishing. Lynn will explain how to protect wood furniture and show how to obtain a professional looking finish—using a product called QRB, which stands for Quickly Restores Beauty. This unique product was developed by Lynn's father, Ron Hack. Lynn is from Boynton Beach, FL.

On Tuesday, January 17 at 9:30 p.m. and on Thursday, January 19 at 12 noon, "Creative Living" will feature segments on preparing a romantic dinner for two, making a Mississippi Mud Cake, and Critter Crafts.

Judith Olney, representing the Canned Food Information Council, will share several ideas for a sophisticated and elegant dinner for two using canned foods. Using canned foods saves time and is much more convenient and are surprisingly as nutritious as fresh foods. Judith will discuss how canned foods maintain quality as well as nutrition and provide a cost-effective way to prepare meals.

Child Abuse Prevention Program

To Reach 200 Texas Counties

The Texas Agricultural Extension Service and the Children's Trust Fund of Texas have launched a two-year effort to help parents and professionals in 200 Texas counties prevent child abuse in their communities.

The project, called "Partners for Parenting," involves training county teams composed of extension home economic agents, other professionals and volunteers to develop and implement parenting education programs.

To support the programs, a statewide lending library of parenting resources, ranging from model curricula to teaching videotapes, will be established at Extension headquarters on the Texas A&M University campus.

"Lack of parenting knowledge is one of the major contributors to child abuse," said Janie D. Fields, director of the Children's Trust Fund (CTF). "Through this program we will be able to reach over 100,000 parents and reduce the numbers of children at risk for abuse and neglect."

with more than 68,000 reported cases of child abuse and neglect and an estimated one to two

times as many unreported cases in 1987 alone, Texas has a significant child abuse problem.

That was the reason the 69th state legislature established the Children's Trust Fund of Texas in 1987 and designed a portion of marriage license fees to support it. In 1987, 44 community prevention programs were funded by CTF, which is headquartered in Austin.

According to Diane Welch, Extension family life specialist and project director, the \$100,000 in funding from CTF will enable Extension to facilitate development of prevention programs in communities where they might not otherwise exist.

"Parents involved in abuse and neglect frequently lack parenting skills and are lonely, isolated, inexperienced, overwhelmed or having to cope with periods of great personal or family stress," she said. "Local teams will learn how to initiate prevention programs targeted to these parents."

Community efforts may include education and supports for at-risk new parents both before and after the baby is born.

Texas A&M scientist addresses problem of chemical-related disease

COLLEGE STATION -- Exposure to toxic chemicals is replacing infection by bacteria and viruses as a major threat to human health, says a scientist at Texas A&M University.

But, says toxicologist Dr. Rick Irvin, chemical-related diseases could be controlled more quickly than diseases caused by bacteria or viruses if enough resources are dedicated to solving problems.

"The diseases we're beginning to see as the major causes of death in the latter part of this century and certainly into the 21st century are going to be diseases of chemical origin," Irvin predicted.

Irvin says that the biggest problem in controlling chemical-related diseases is that we don't yet know much about the toxic chemicals that cause them.

"While we suspect that 70 to 90 percent of cancers are caused by chemicals, we don't know what those chemicals are," he said. "We, as a nation, don't regulate chemicals as mixtures of chemicals. We regulate them one by one, so going out there and figuring out which are the bad ones and which are not bad and getting the bad actors off the market is a real task."

However, once the chemical villains have been tracked down and technologies developed to dispose of them, Irvin says, the diseases themselves should disappear much more quickly than earlier bacterial or viral threats.

Fire Department News

by: Alton Parker

Wednesday evening, the latest meeting of the Muleshoe Fire Department was brought to order by vice president Jack Rennels.

An announcement was made that J. O. Parker was to leave Friday, January 13, for Texas A&M for fire planning session for this year's fire school.

A motion was made by Alton Parker and seconded by J. O. Parker for the fire department to donate \$100 to the Bailey County Stock Show.

Training for this week was on self-contained breathing apparatus (Scott Packs).

REMEMBER!!

Fire Prevention helps you and the fire department save lives and property.

The Muleshoe Fire Department thanks all of the citizens, young and older people of Muleshoe, for the help and later assistance you gave us on the grass fire after Christmas.

It shows that Muleshoe can pull together in a time of need. We think Muleshoe and Bailey County Citizens are great -- that is one reason we are here!

Not Much

"Pa," said Willie, "a man's wife is his better half, isn't she?"

"Well, we are told so, my son," said father noncommittally.

"Well, then," continued Willie, "if a man marries twice, there isn't anything left of him, is there?"

Tax Tips To Help!

SHOULD YOU ITEMIZE YOUR DEDUCTIONS?

Because itemizing your deductions can lower your tax bill, you should itemize if you can. You can benefit from itemizing if the total of your itemized deductions is more than your standard deduction. Itemized deductions include expenses for:

- medical and dental care
- state and local real estate, income, and personal property taxes
- interest
- charitable contributions
- casualty losses
- job-related moves
- miscellaneous job and investment related costs.

Use our free TAXSAVER envelope or TAX RECORD BOOK, available at any H&R Block office, to record income, expenses, and other information needed for your return. Keep all of your receipts for deductible expenses! Do you have questions about how the tax laws affect your return? Call your local H&R Block office. Better yet, stop by the one nearest you. They are ready to help you.

Sudan News

By: Evelyn Ritchie

The Sudan Booster Club hosted their annual basketball tournament here last week when the Farwell Boys and the Girls from Nazareth were named champions. This was ironic because the Farwell Girls and the Nazareth Boys placed last in their divisions. The local teams were both in the play-offs with the Sudan Hornets winning second place and the Hornets lost out on their bid for third place.

Both local teams won in the first go-around with the girls defeating Portales and the boys beating Friona. The Hornets walked over Anton 79-50 in their second game but the Hornets came up short 61-60 against Muleshoe. The boys got a slow start but came back to tie the game and was one point ahead with seconds to go when Muleshoe hit 2 free shots to cinch the victory. The Sudan Girls met Naz in the finals and played a very close first half with Nazereth taking control in the second half to win the championship. The Hornets met Hale Center for third place with the Hale Center taking a quick lead and maintaining it until the final whistle to win 70-59.

In the Girls bracket, Wall won third place and Vega took home the consolation plaque. For the Boys, Muleshoe placed second, Hale Center third and Anton consolation.

It was reported that good crowds attended the games and the Booster Club wishes to thank everyone for their help and cooperation.

The Sudan Hornets upped their season record to 6-10 by defeating Lazbuddie here Tuesday night, 71-62. Sudan took command of the game from the opening and put 21 points on the board during the first quarter to lead 21-6. Both teams scored 16 points during the second stanza with Sudan going to the dressing room with a 37-22 halftime lead. Kyle Maxfield had 18 points in the first half including 7 three-pointers. Lazbuddie came back strong in the third while holding Sudan to only 11 points and while Sudan only had 5 baskets in the final period but they hit 13 from the line, shooting 51 per cent and maintaining their lead.

Maxfield added 7 points in the second half for 25 game points with Elliot King getting 14 points including 4 of 5 from the line. Ronnie Freeman had 10 points while Donnie Freeman had 8 with Joe Gonzales hitting for 7, including a 3-pointer. Gorge

Salinas added a FG and 4 of 6 from the line for 6 points. Gary Boyles rounded-out the scoring with a free shot.

The Hornets had a one point lead, 12-11 at the end of eight minutes of play against Lazbuddie Tuesday night but extended that to a 10 point lead by the half, 30-20, and went on to win the game 63-33. Sudan had a big second half and held Lazbuddie to only 13 points. Nicole Maxfield took scoring honors with 18 points, all from the floor. Teena Newman hit for 12 including 5 from the floor and 2 of 2 from the line. Kristi Hargrove added 5 FG for 10 and Kendra Fisher came through with another 10 points. Star Tennyson and Tanya Fisher each hit a basket for 2 with Tracey Williams adding a free shot. Stacy Williams hit 4 FG for 8 points to give Sudan the win. The Hornets have a 16-4 season record as they go into district play.

The Junior Varsity Girls also defeated Lazbuddie 57-24, to give Sudan a clean sweep Tuesday night. Sudan put 13 points on the board during the first quarter while Lazbuddie could only manage one field goal. Sudan added 13 more points before the half for a 26-8 lead.

Sudan continued to pound the boards and added another 31 second half points while Lazbuddie hit for 16. Mandy Davis led the local scorers with 20 points. Also scoring in the double figure were Amy Adams with 15 points and Suzanne Reid with 14. Narramore added 4 points and Martin and Rasco each hit a FG for 2 points.

The Junior Varsity boys also defeated their rivals from Lazbuddie, 62-44. They took a lead early in the game and led 12-6 at the first buzzer and had pushed their lead to 30-18 by mid-game. Sudan maintained their lead and added 32 points during the final 16 minutes of play. Brian Baker scored a game high of 29 points with 12 baskets from the floor and 5 from the line. Quincy Lee had 8 points and Quinton hit 10, hitting 4 of 4 from the line. Gatewood and Smith each added 4 points. Collins had 3 baskets for 6 points and Johnson hit the first of a one and one situation in the final quarter to complete the scoring for Sudan.

IN HONOR OF FIREMEN

It was the day after Christmas
and all through the town

People were eating leftovers,
some taking decorations down:

Others still celebrating the holiday
with relatives and friends

Enjoying a special time...not wanting
their vacation to end.

Suddenly the sky became overcast,
at time almost seemed night.
What was wrong?
Things just were not right!

We rushed from our chair to see what was the matter
The cold wind caused our teeth to chatter.

There was a grass fire and the winds
fanned the flame;
Billows of smoke filled our home as closer
the fire came.

"Be prepared to evacuate," the officer said;
"start your yard hose on those roofs, too!"
Our efforts were small,
not much we could do.

When to our grateful eyes there appeared
The Muleshoe Fire Department Volunteers!

They answered the call to danger in full force
and with dedicated skill each gave his service.
On Chiefs Harrison and Dunham, On Parkers! On Smokey!
Now Clements! Now Reeder! Old Timers and Rookie
There's Rudd, and Ladd, and two or more Toch'es
Mills, McCutchen, Harris, and still more came;
Wausson, Rennels and others I can not name!

Then came the grader to plow up a fire border
And that ole 'Big A' from Western filled with water
After no small quest, but a BIG cooperative effort
We returned to our homes in safety and comfort.

So soon we relaxed and counted our blessings
Still the firemen were guarding...NOT resting.
They continued their vigil both night and day
To really "Thank" them, We can't find a way!

1989 PROGRAM SIGNUP
All producers who wish to participate in the 1989 farm program, MUST sign up their intentions by no later than April 14, 1989. Producers who intend to plant 10-25 percent of each program's crop permitted acreage to soybeans or sunflowers, MUST sign up their intentions by no later than February 3, 1989.

PAYMENT LIMITATION RULES
The County Committee MUST make an actively engaged in farming determination and a person determination on all operators and owners for the 1989 program year before any payments can be paid to that person.

If you received an ASCS-502, you need to complete this form and return it to the ASCS office as quickly as possible.

If you did not receive an ASCS-502, notify the ASCS or go by and pick one up.

Anyone who has a farming interest in a corporation, estate, trust, general partnership, or a joint venture, needs to go by the ASCS office and let them help you complete your ASCS-502 since more paper work is needed than on an individual. The final date is April 14, 1989, to file your ASCS-502.

Please don't wait until the last few days.

1988 DISASTER PROGRAM
The final date to sign up for a disaster payment for crop losses occurring in the 1988 calendar year as a result of drought, hail, or excessive moisture, is March 31, 1989.

Post Office Asks Help From Public

According to S. C. Prose, Postal Inspector, Lubbock, some postal customers in Muleshoe have reported incidents where mail has been torn, mutilated, or removed from private mail receptacles and/or private mail receptacles have been vandalized.

The inspector said, "The Postal Service is very zealous in its efforts to insure the security and confidentiality of an individual's mail, and any violations are subject to prompt investigation by the Postal Inspection Service. Penalties for these violations can be severe."

Prose added that it is believed incidents of this type are usually the result of those who do not realize the severity of their actions. The Postal Service is issuing this warning to hopefully, prevent similar occurrences, by informing the public of these incidents.

He asks that if you have any information which you feel will help in identifying the person(s) responsible for this violation to call the Lubbock office at 806-762-7821.

You are asked to report any persons, automobiles, or any activities near mailboxes which could be considered suspicious.

Also, if you have had a check or money order stolen, and it was later determined to have been cashed on a forged endorsement, the Inspector will need a copy of the front and back of the check or money order.

TFB Annual Convention Slated Soon

Texas Agriculture Commissioner Jim Hightower will keynote the opening session of the Texas Farmers Union convention at the Airport Hilton Hotel here January 26, 1989. More than 300 farmers and ranchers from across Texas will gather here to debate farm policy at the 85th annual meeting. Hightower will address the group beginning at 8:00 p.m.

The Friday morning session begins at 8:30 and will include State Treasurer Ann Richards and Lieutenant Governor Bill Hobby. A legislative luncheon at noon Friday schedules State Senator Steve Carriker as speaker. Friday evening, beginning at 8:00, Railroad Commissioner John Sharp will bring the keynote address. National Green Thumb President Andrea Wooten will follow Commissioner Sharp on the program.

Saturday morning at 8:30, January 28, the session will be highlighted by Attorney General Jim Mattox, and the National Farmers Union President Leland Swenson will address the banquet on Saturday evening at 7:00 o'clock.

Other members of the State Legislature and Judiciary will bring greetings to the delegates during the three-day convention.

Texas Farmers Union President Joe Rankin said, "Family farms are vital to the future economic stability of rural Texas and this convention will give grass roots farmers and ranchers a chance to make their voices heard on state and national policies."

Rankin also said, "This will be a working convention, where our delegates will debate farm policy issues and set our agenda for 1989." Rankin continued, "These same policies will also be debated by delegates to the National Farmers Union convention March 5 through 8, 1989 in Little Rock, Arkansas.

All convention sessions will be held at the Austin Airport Hilton Hotel in Austin and are open to the media.

Grain Storage Bins Can Be Very Hazardous

Grain storage bins are a common sight on farms and ranches that may appear to involve little risk. But there are potential hazards that should be recognized, said, Spencer Tanksley, county agent with the Texas Agricultural Extension Service.

One of these dangers is accidental suffocation. This often happens during the unloading of the bin when grain may form a "bridge" and the operator must break the bridge to get the grain flowing again. Bridged grain may look perfectly safe to walk on from the top, but it could hide a cavity that will collapse and hopelessly submerge an operator almost immediately.

Furthermore, an operator who enters a grain bin with the unloader running may sink in the flowing grain before he realizes what has happened. Once submerged, suffocation follows in seconds. It only takes a few inches of grain coverage to cause suffocation.

These mishaps can be prevented, said Tanksley. Ladders should be installed in all bins. This will provide an exit if you need to get out as well as a safe way of getting in. But remember, even if there is a ladder in the bin, you must be able to get to it. If you walk out of the center of the bin and get caught in flowing grain, you may not be able to reach the ladder.

If grain bridges, shut off the unloader and use a pipe or some other long object to break the bridge and get the grain flowing again.

Never enter a grain bin while the unloader is operating. If you must enter a bin, disconnect the power source and lock it out to make sure no one can turn it on while you are inside.

Always tie yourself off with a rope and harness before entering a bin so you will have a way to pull yourself out or to be pulled out by others. Have others stand by in case something happens. If the grain should start flowing for some reason, stay near the outer wall and keep walking until the grain flow stops or the bin is empty, Tanksley said.

TAES Irrigation Conference For Center Pivots

The Texas Agriculture Extension Service (TAEX) is sponsoring a statewide Center Pivot Conference to be held January 18-19, 1989 at the Lubbock Plaza Hotel and Conference Center, 3201 South Loop 289, in Lubbock.

Anyone interested in learning more about center pivot irrigation is invited to attend. The Conference begins January 18th with a trade show at 5 p.m. and a shrimp boil/hospitality hour at 7 p.m. The trade show will feature 30 companies which are associated with center pivots and center pivot products. These exhibitors include manufacturers of chemigation equipment, center pivot nozzles and irrigation scheduling equipment.

The High Plains Underground Water Conservation District No. 1 is co-sponsoring the event, and several District Representatives will be among those discussing facets of center pivot use during seminars on January 19th.

Topics of discussion will include the economics of operating a center pivot, low energy precision application (LEPA) systems, how to choose a center pivot, chemigation and financing of the center pivot system.

Lunch will be provided, and the Conference will conclude that afternoon.

Pre-registration is requested. Registration fees for the Center Pivot Conference are \$15 at the door or \$10 for those who register in advance.

Additional information on the conference is available by contacting your local County Extension Office; the High Plains Underground Conservation District No. 1, 2930 Avenue Q, Lubbock, Texas 79405; or Joe Henggeler, Irrigation Engineer at the Texas Agriculture Extension Service, P.O. Box 1298, Fort Stockton, Texas 79735. His phone number is (915) 336-8585.

STATE CAPITAL

HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Attorneys said poor school districts seeking school finance reform will go to the Texas Supreme Court after a lower court refused to reconsider its decision that the current system is constitutional.

The refusal keeps the funding game in the legislative ballpark, at least for awhile, where lawmakers regard it the top issue for this session.

Some 12 poor school districts, represented by counsel from the Mexican-American Legal Defense and Educational Fund, filed the lawsuit, and even some in the attorney general's office think the chances are 50-50 the present system will be found illegal.

Legislators still have time to act before the Supreme Court hears the case, probably in the fall, but possibly this spring.

The top lawyers for the Texas Education Agency predicted the Supreme Court will let the Legislature try to resolve the issue before it hears the case.

Hightower Backs Out

After four years of posturing for the 1990 U.S. Senate race, Agriculture Commissioner Jim Hightower announced he'll opt instead for re-election, a decision which derails the plans of top deputy Mike Moeller to take over his spot.

Hightower's decision not to take on Republican Phil Gramm is thought by many to be influenced

by backlash from his endorsement of presidential candidate Jesse Jackson.

During the primary, Hightower was the first major white officeholder to back Jackson publicly, an act which has endeared Hightower to Texas black Democrats, but which may have hurt in other voting sectors.

Hightower said as early as four years ago he would take on Gramm next year and made himself the darling of liberal Democrats for blasting Gramm, Reagan and Bush with his ripping humor.

Meanwhile, Moeller, a former president of the Texas Farmers Union, has also quietly campaigned to replace his boss, with Hightower's support.

Moeller is well regarded by most legislators, and generally is given credit for straightening out budget and administrative problems that plagued Hightower's relationship with them.

Pro-Gambling Program

Several pro-gambling issues will

come before the Legislature this session in what anti-gambling leaders have called a watershed year.

Gambling activities proposed for legislation are:

- Gambling cruise ships which take you out into the Gulf and back for the evening.

- A state lottery whereby tickets can be bought at the local convenience store.

- Televised simulcasting of horse races from one track to another across the state.

- Lowering the state tax on parimutuel betting.

- Reforming legislation for bingo games.

Current law compels gambling ships to dock in a foreign port before returning to the Texas coast.

Probably before the session ends, pro-gamblers will take another run at legislating casino

gambling for some Texas cities, approved on a local ballot.

Hobby Assails Clements

Lt. Gov. Bill Hobby last week criticized Gov. Bill Clements for his pledge to veto any tax increase passed this year, saying the governor made a "big mistake" with his latest threat.

Although stopping short of predicting a tax increase will be necessary to fund state services over the next two years, he acknowledged "enormous pressure" will exist for a tax bill.

Last month, Clements resurrected his no-new-taxes stance, saying, "I will absolutely veto any new taxes. I don't want any misunderstanding about this. I am set in concrete."

SURE HANDS OF THE SURGEON

A child walks... an arm is straightened... a growth is removed... these and many other things are the result of the fine work of the surgeon. This is an occupation and a labor worthy of appreciation.

A star... a new born baby... the world itself... these and many other things reveal God to us. "The heavens declare the glory of God; and the firmament sheweth his handiwork."

Psalm 19, 1

God has wrought a great work. Let us show our love and appreciation by worshipping him in Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
