

State Park To Be Opened Soon For Public Use

Fishing Season At Lake Brownwood To Be Opened May 29 Instead of June 1

With the coming of spring and the approach of the fishing and boating season, interest in Lake Brownwood and the Brownwood State Park has been heightened, and plans are taking shape for the opening of the State Park at an early date.

Members of Pecan Valley Chapter of the Izak Walton League will meet at 7:30 o'clock Friday night to discuss the formation of a corporation to handle concessions at the State Park. The League underwrote the purchase of the land for the park, and holds a concession contract from the Texas State Parks Board, owners of the property.

Every effort will be made to complete final details and open the park and cabins to the public prior to May 29, when the fishing season at the lake will open.

Decision to open the park immediately was reached following announcement by the Parks Board that it would be impossible to further improve the property this summer. Efforts had been made to secure assignment of another CCC camp at the Brownwood park during the summer months, and for a time it was thought that a camp could possibly be moved into the area on July 1.

Announcement was made this week, however, that the National Park Service, under whose direction improvement work is done in the State Parks, had decided to retain CCC camps at their present locations until October 1. At that date it is hoped that another camp will be moved to Brownwood.

With no improvement for the summer months contemplated, the park will be opened for the benefit of the public this summer. During the past week purchase of cabin stoves for the 14 cabins at the lake; a stove for the concession building; mattresses and springs for the bunks which are already on hand; and other necessary supplies for the park were authorized by the Parks Board. These articles should be in Brownwood by the latter part of next week.

Announcement was made by the Texas Game, Fish and Oyster Commission that the fishing season would open Friday, May 29, at Lake Brownwood, rather than Monday, June 1, as originally planned. Will J. Tucker, executive secretary of the Commission, telephoned David Henley Tuesday of this week announcing the change of dates. The change had been requested by Mr. Henley and other local sportsmen in order to allow Brownwood people to fish at the lake on the weekend prior to June 1, rather than to wait until the following weekend. The announcement was received with enthusiasm by local sportsmen.

Pecan Growers Will Meet In Ballinger On Tuesday, May 12

Members of the West Texas Pecan Growers Association will hold their spring meeting in Ballinger May 12, according to an announcement made here last week by C. A. Doose, Runnels county pecan grower, who was in Brownwood to attend a meeting of the Southwestern Pecan Growers Association Friday. Ballinger was selected as the spring meeting place for the association at their last meeting, held at Abilene, and the date was set by Runnels county growers.

J. C. Dodds of Menard is president of the association and Wendell Mayes of Brownwood is secretary. The summer meeting is held annually in Brownwood, giving the growers an opportunity to inspect work being done by the United States Department of Agriculture pecan experiment stations here.

PECAN GROWERS WILL HOLD 1935 CROP FOR BETTER PRICE OFFER

Pecans being held in storage by the Southwestern Pecan Growers Association, cooperative marketing organization, will be held until October 1 when the growers will decide on their disposal, members of the organization decided in a meeting in Brownwood Friday. The pooled 1935 crop is expected to bring better prices next fall than were available the past year due to an anticipated shortage in the 1936 crop.

Members of the Association also voted to apply for a government commodity loan on the pecans in storage, reducing the interest rate on the advance from 3 to 2 per cent. The growers received 3 cents per pound advance on the pecans through a loan from the Bank for Cooperatives at Houston at the time they were stored. A total of 217,277 pounds of the 1935 crop were placed in cold storage at Dallas.

1936 Crop Damaged
Late cold weather which damaged the crop in many sections, extensive damage being done by the case-bearer, pecan insect, and the appearance of a new pecan insect which is making heavy inroads in pecan orchards in the state will probably result in a shortage of pecans this year, the directors stated. C. B. Nickels, head of the U. S. Department of Agriculture entomology station here, is now studying the new insect, seeking some means to combat it, according to a report at the meeting.

The business session of the Association was held in the morning at Hotel Brownwood. In the afternoon an inspection tour of the U. S. Department of Agriculture Bureau of Plant Industry station here was made and later the visitors were taken on a trip to Lake Brownwood.

H. G. Lucas, Brownwood, president of the association, presided at the morning session. Other officers are: T. O. Hurst, Winchell, vice-president; Wendell Mayes, Brownwood, secretary-treasurer; C. L. McCartney, Brownwood; Chas. G. Sivealls, Brownwood, directors. A sales committee named to assist the directors in disposing of the stored pecans when sale is started, includes P. K. Delaney, of Seguin, M. H. Sims of Burkholder, and C. A. Doose of Ballinger.

Annual Confederate Memorial Services To Be Held Sunday

Memorial services for the Confederate veterans will be held Sunday, April 26, at 11 o'clock at the Austin Avenue Presbyterian church, it was announced this week by officials of the United Daughters of the Confederacy. The services are held annually on April 26, the date having been established years ago by Southern women at Charleston, South Carolina.

Rev. Ben H. Moore, pastor of the Austin Avenue church, will preach the annual memorial sermon. In the afternoon, memorial services will be held at the cemetery, with officials of the Winnie Davis Chapter, U. D. C., in charge. The graves of the Confederates will be decorated, and all former members of the local chapter, and friends of the veterans, are invited to be present at the memorial services, both at the church in the morning and the cemetery in the afternoon. Those coming to the cemetery are requested to bring flowers, if possible, to be placed on the graves.

MINSTREL FRIDAY NIGHT

A Negro minstrel and ice cream supper will be given at the Indian Creek school Friday night, under the auspices of the Missionary Society of the Indian Creek Methodist Church. Title of the play to be presented is "School Closing at Hickery Holler." There are 17 characters in the cast.

BROWNWOOD MEN ARE GUESTS AT BLANKET

More than 60 Brownwood businessmen attended a supper and program given them through the courtesy of the citizens of Blanket at the Blanket school Wednesday night. The program was given honoring the local men who have been making the good will trips sponsored by the local Lions club. The group met at Hotel Brownwood at 7 p. m. and went together to the supper, which started at 8:30 p. m.

M. A. Richmond of Blanket was toastmaster, and J. Edward Johnson of Brownwood delivered the principal address. Mr. Johnson made a patriotic address, reviewing the history of Texas and pointing out that the day preceding the banquet was the 100th anniversary of the decisive battle of San Jacinto.

The invocation was delivered by L. F. Byrd, and the address of welcome by Rev. C. A. Wilkerson, to which O. E. Winebrenner of Brownwood responded.

Interspersed in the program were musical numbers by a selected group from the Blanket High School band. Mrs. R. B. Swart gave a vocal solo, and a number was given by a duet composed of Messrs. Levisay and Gleeton of Blanket. Judge E. J. Miller delivered the benediction.

Dinner was served by a group of women from Blanket at the school gymnasium, on tables beautifully decorated with blue bonnets. About 150 men were present. Credit for the idea was given Dan Goodwin.

The monthly good will trip of the Brownwood men will be to Byrds Tuesday night. Officials of the Lions club are arranging the program.

FOSTER TO RESIGN AS LOCAL PASTOR

At a called congregational meeting of the First Presbyterian church Sunday morning the resignation of Rev. Wm. H. Foster, pastor, will be considered, according to an announcement made this week. Call for the meeting was ordered by the Session following conference with the pastor.

Dr. Foster, and James C. White, representative from the church, and Rev. Robert Guy Davis and Rev. S. E. Chandler, also members of the Presbytery attended the spring meeting of the Presbytery which convened at Talpa Tuesday night.

These New Licenses Are Hard to Keep

Many Brown county citizens are reporting that they have already lost the first drivers licenses issued to them and are applying for duplicate licenses, according to Tax Collector-Assessor Winston Palmer. The duplicate licenses may be obtained from the Department of Public Safety, Austin, through application at the local tax collectors office, and all duplicates cost 25 cents. The application is sent by local officials to Austin, and the duplicate licenses are mailed directly from the Austin office to the driver.

The first licenses were issued free of charge from the county tax collector's office prior to April 1 when they became effective under the new state driver's license law.

Kincaid Arrives To Head NYA Work

Raymond C. Kincaid, recently named National Youth Administrator for districts 14 and 19, arrived in Brownwood last week to establish his headquarters at Hotel Brownwood.

Mr. Kincaid, who was formerly director of the NYA in district 13, succeeds Ben Jackson of Coleman, transferred to Beaumont.

Superintendent Of Hospital Is Named

Miss Florence Albime, new superintendent of Medical Arts Hospital, assumed her duties here the first part of this week. Miss Albime, whose home is in Chicago, came here from the Methodist Hospital of Houston where she had been employed for the past eight months.

She is a graduate of Washington University Training School of St. Louis, Mo., and was on duty for eight years with Illinois Central Hospital of Chicago and for two years with the Pan-American hospital at Aruba Island in the Netherlands West Indies.

A Whole Infield of Quadruplets

Taken out to the ball game, 8-year-old A. B. A. and "D" Perricon, of Beaumont, Tex., apparently don't care if they never get back. Thrills aplenty awaited the world's only living male quadruplets at the Texas League baseball park, where they were introduced to Gov. James Allred and a huge throng of fans as the Beaumont Exporters' "1948 watch charm infield." Here Bernard, Donald, Carl, and Anthony, left to right, pose proudly with Governor Allred.

NEW TEXAS FARM PROGRAM IS EXPLAINED IN DIGEST DRAWN BY A. & M. COLLEGE OFFICIALS

The new Texas farm program, designed to replace the AAA, is thoroughly explained in a digest received by County Agent C. W. Lehmburg this week from the extension service of A. & M. College. Mr. Lehmburg urges all farmers to read the digest carefully, as it gives complete instructions regarding procedure. The digest follows:

To protect and rebuild the Nation's soil resources is the object of the new soil conservation program of the Agricultural Adjustment Administration. This point must be kept in mind to understand the Texas soil-conservation program which is a part of the national one.

The new program is not hard to grasp if one will remember that the central feature is a shifting of land from the production of crops that mine the soil, to crops and uses that save or build the soil.

Difference Between New and Old Programs

The old AAA programs aimed to control production; the new program aims to control erosion and rebuild the soil. Each of the old programs dealt with one particular crop; the new program is concerned with the entire farm cropping system. The old programs were more concerned with getting land out of production of a specific crop than in what was done with the land rented or withdrawn; the new program is primarily concerned with the use made of land shifted from depleting crops.

To understand the new program it is well, for the moment to forget the old. The new program is designed to develop better balanced farming, better cropping systems, in the interest of soil conservation. If such improved cropping systems put a brake on over-production of cash crops like cotton and wheat, such a result is secondary, a side issue.

The first question to ask in applying the new plan is NOT: "How much money can I get out of the program?" BUT, "How can I improve my farm cropping system?" Looked at in this way it is surprising how closely the new plan fits good farming plans. It is also remarkable how much cash benefit the plan provides the man who cooperates in this spirit.

Why the Government Helps

The government makes payments in this program because it is in the public interest that the Nation's soil is saved, and restored for future generations. At the rate the soil has been mined in the past, another 100 years will see the top seven inches of soil completely gone. Soil depletion means scarcer and dearer food and fiber for the cities. Unless arrested, soil depletion may pave the way for utter ruin of America.

There may be dozens of other reasons why farmers should receive assistance, but the constitutional reason is that of national self-protection against the famine that will surely come from impoverished soils.

Competition forces the farmer to mine his soil to survive. If society wants the soil saved society must pay part of the cost. When a farmer foregoes the income from cash soil depleting crops by shifting to soil conserving crops, he is entitled in the new program to a payment from the government. When he seeds the land thus shifted to crops that build soil or engages in operations that build the soil, he is again entitled to help from the people of the United States.

Farmer Assumes No Obligation

For his cooperation the farmer may receive four payments: two cash grants which he may earn from the government in 1936; a probably higher price for his chief cash products than he would likely receive with no program; and a larger income in the years to follow.

COUNTY WINNERS TO ENTER AT ABILENE

Listed in the group of students who were winners in literary contests of the district Interscholastic League meet held in Brownwood last week are a number of Brown county and Brownwood students who will go to the regional meet at Abilene Friday and Saturday to compete for honors.

Winners of first places are: Mary Jane Pugh, Bangs, first place district winner in Class A Ready Writers contest; Betty Jo Sanderson and Iris Scales, Brownwood, first place debate winners; Charlie Mae Scott, Brownwood, first in typing; Margaret Denman, Brownwood, second in typing; Mildred Page, Winchell, first in senior rural girls declamation; Creel Grady, Brownwood, first in high school junior boys declamation; and Charles Day, Stella Margaret Prude, Esther Bohlin and Dorthie Dougan, shorthand.

Those who win the regional contests will go to the state meet in Austin, May 1 and 2.

Mildred Page of Winchell, representative of the district in senior rural girls declamation, won second place in the state declamation contests last year.

PRESS GROUP HOLDS ANNUAL MEETING AT BRADY ON SATURDAY

Several local newspaper men and other citizens attended the Heart of Texas Press Association spring convention held at Brady Saturday.

In the election of officers, Wendell Mayes, editor of the Banner, was named president of the association to succeed Jack Scott, editor of the Cross Plains Review. Other officers named were vice-president, Frank Shearer of Menard, and secretary, Joe Pouns, editor of the Coleman Democrat-Voice. Kerrville was selected as the next meeting place.

Brownwood men who attended the convention were James C. White, editor of the Brownwood Bulletin; J. Hervey Mayes of the Bulletin staff, W. M. Hemphill, Ruel C. McDaniel and John Gorman.

VETS SEE PICTURE AND HEAR LEADERS

Ex-service men and Legionnaires from several nearby towns as well as from Brownwood attended an open meeting of the Isham A. Smith American Legion Post held at Memorial Hall Monday night when a film "The Legion Marches On" was shown as a part of the entertainment program. Other features of the program were an address on "Child Welfare Work" by Fred E. Young, Austin, department adjutant, and a talk on "Membership" by George Epple, Kerrville, 21st district committeeman.

Brief talks were also made by C. P. Kitchen, Brownwood, department commander of the United Spanish War Veterans; Gih Porter, commander of the Bangs Legion post and Bill Barnes, commander of the Kerrville post. Refreshments were served to more than 125 men at the close of the program.

Cooperative Group Will Seek Members

Membership drive for the 1936-37 season of the Brownwood Cooperative Concert Association will be launched Monday and will continue through the week following that date, according to officials of the association. The drive will open with a dinner given Monday evening for all local workers and a number of members and workers from Coleman, Brady, and Goldthwaite. Mrs. Amelia Sperry from New York will be principal speaker for the affair.

There were more than 300 members for the concert series of the past winter, and workers expect a membership far in excess of that number for the coming season.

TO ATTEND BANQUET

John Blake, vice president and Chester Harrison, secretary of the Brownwood Chamber of Commerce, J. Turner Garner and Clark Conroy will attend the annual banquet of the San Saba Chamber of Commerce at San Saba Thursday night.

Fossil bones, when found, are studied, photographed and prepared before removing.

WORK STARTED ON MUNICIPAL AIRPORT AS NEW WPA PROJECT

A group of twenty-one WPA workers started grubbing and clearing the 194-acre site of the new Brownwood airport, four miles northeast of Brownwood on the May-Cisco road. The airport will be located on the old "poor farm."

The number of workmen will be increased just as soon as the preliminary work of clearing the site will have been done. It will require an average of sixty two workers to finish this project, by June 30, according to Major Karl E. Wallace, District Director, Charles Davis is the WPA project superintendent.

In addition to the grubbing and clearing of this site, a great deal of work will have to be done to provide the proper drainage facilities to assure all-weather landing conditions on the new port. Three caliche runways, 100 feet wide and 3500 feet long also will be constructed in the direction of the prevailing winds in this section. The entire airport will be constructed according to federal government regulations so that upon its completion it will be a government licensed field.

The WPA is furnishing \$2,350 and the City of Brownwood \$2,454 for the construction of this project.

Brownwood is located in almost the exact geographical center of Texas and along some of the best air traffic lines in this state. Incidentally, it should develop into a new source of revenue for the city of Brownwood inasmuch as it will draw many "air tourists" to Brownwood.

FINAL REPORT MADE ON SIX YEARS WORK AS CHIEF OF POLICE

Final report on the work done by his department during the six years he served as Chief of Police for the City of Brownwood was filed by Bert Hise last week. Hise, who was not a candidate for reelection, reported a total of 3,817 arrests made during the six years he was in office, and estimates that stolen property valued at \$35,124.80, including 91 automobiles, was returned to the owners.

In turning the office over to J. L. Sandlin, newly elected Chief Hise thanked all city officials and all citizens of Brownwood who have cooperated with him in enforcing the law.

Of the 4,817 arrests reported, 105 persons were turned over to federal officials, according to the report. Five of these were arrested for possession of 4,600 grains of morphine, 81 on whiskey charges, 2 for theft of government property, 4 for car theft, 2 on warrants, 12 for counterfeiting and 3 as aliens to be deported.

A total of 586 cases were turned over to county officials during Hise's term of office. They included 6 for murder, 3 for assault to murder, 11 for highway robbery, 115 for burglary, 27 for forgery, 29 for auto theft, 4 for rape, 16 for felony theft, 8 for arson, 64 for liquor law violations.

During the six years the police department closed the red light district in Brownwood. Raids made during the period totaled 566 in which 3,660 plants of whiskey and 19,740 bottles of beer were confiscated. During Hise's term as Chief 4,263 cases were handled in city court.

A swamp near Salfillo, Pa., in which the bones of a mastodon were reported found, will be drained this summer to facilitate removal of the find.

(Continued on Page 4)

Meetings Next Week to Launch New Farm Plan

Actual Administration of Soil Conservation Work to Start Wednesday

Actual administration of the new government farm program will start with a series of meetings to be held next week in each of the five districts set up in Brown county for handling the work of the program. Farmers have been notified to meet with their committeemen at the meetings for the purpose of receiving final instructions on the program and signing the work sheets, according to County Agent C. W. Lehmburg.

The signing of work sheets will be launched in every county in district 7 the first part of next week. This announcement was made at a meeting of county agents, their assistants and chairmen of county farm committees from the 19 counties in Extension service district 7 held in Brownwood Wednesday, April 15. After that date they will be sent to College Station where they must be approved by the state committee working under the Extension Service.

The schedule of meetings announced by Mr. Lehmburg is as follows:

- May, April 29th 8 a. m. to 5 p. m. (1 day only).
- Williams, April 29th, 8 a. m. to 5 p. m. (1 day only).
- Cross Cut, April 30th, 8 a. m. to 5 p. m. (1 day only).
- Blanket, April 30th, 8 a. m. to 6 p. m. (1 day only).
- Early High, May 1st, 8 a. m. to 5 p. m. (1 day only).
- Brownwood, May 2nd, County Agent's Office all day.
- Zephyr, May 4th, 8 a. m. to 5 p. m. (1 day only).
- Owens, May 5th, 8 a. m. to 11:45 a. m. (half day only).
- Holder, May 5th, 1:15 p. m. to 5 p. m. (half day only).
- Woodland Heights, May 6th, 8 a. m. to 11:45 a. m. (half day only).
- Indian Creek, May 6th, 1:15 u. m. to 5 p. m. (half day only).
- Jordan Springs, May 7th, 8 a. m. to 11:45 a. m. (half day only).
- Winchell, May 7th, 1:15 p. m. to 5 p. m. (half day only).
- Brooksmith, May 8, 8 a. m. to 5 p. m. (1 day only).
- Bangs, May 8, 8 a. m. to 5 p. m. (1 day only).
- Brownwood, May 9 at County Agents office, all day.
- Clear Creek, May 11th, 8 a. m. to 11:45 a. m. (half day only).
- McDaniel, May 11th, 1:15 p. m. to 5 p. m. (half day only).
- Grosvenor, May 12th, 8 a. m. to 5 p. m. (1 day only).
- Byrds and Weedon, at Byrds, May 12th, 8 a. m. to 11:45 a. m. (half day only).
- Thrifty, May 12, 1:15 p. m. to 5 p. m. (half day only).

The county agent's office will be closed on the above dates and all business must be transacted at these places.

"May 15th has been set by the State Board as the last day on which work sheets will be accepted and those wishing to co-operate in the Soil Building and Soil Conservation program MUST have the work sheet made out for the farm by that time.

"This is wholly a voluntary program and even if you make out a work sheet on your farm you are under no obligations whatever to go ahead with the performance, but you cannot get in on the program unless you fill out a work sheet on your farm. Unless you see us at the time and places named above you will have to come to the

Political Announcements

The Brownwood Banner is authorized to announce the following as candidates for office in Brown County, subject to the action of the Democratic Primary held in July:

For Judge, 35th Judicial District:
R. L. McGAUGH
E. J. MILLER
(For Re-election)

For County Judge:
A. E. NABORS

For Sheriff:
ELLIS DAUGHTRY
J. J. (Jule) ALLCORN
W. E. (Jack) HALLMARK
(Re-Election)
BERT HISE

For Assessor-Collector of Taxes:
WINSTON (Wink) PALMER
(Re-election)

For County Treasurer:
J. G. (Grundy) GAINES

County Clerk:
MYRON EMBREY
VERNON GREEN
HENRY TAYLOR

County Commissioner, Precinct No. 4, Ward 2:
CHAS. B. PALMER
(Re-election)

For Commissioner, Precinct 1:
W. W. BOURN
LAWRENCE MOORE
E. S. THOMPSON
(Re-election)
J. H. (Jim) STATON

Commissioner, Precinct 3:
L. L. LANFORD

New Texas Farm—

(Continued from page 1.)

low because yields will increase as the soil is rebuilt.

No contracts are signed in the new program. The farmer assumes no obligation of any kind. He first fills out a work sheet which gives an accurate picture of his old farm plan. Filling out the work sheet does not obligate him. Later in the spring he may, or may not, make application for a grant. He is not obligated to fulfill its terms. In late summer and fall, if local committees find he has complied with the terms of the application he will receive a grant.

Soil Depleting Base Must Be Figured

For every farm making application for a grant in the new conservation program there will be established by local committees a soil depleting base acreage. For Texas as farms this will be slightly less than the cotton base that would have been used in the 1936 cotton program; and the 1935 acreage of all other soil depleting crops, except rice, peanuts, sugar cane and tobacco.

Rice and peanuts are of importance in Texas. How to figure the peanut base may be found in SRB-2. The rice base, broadly speaking, is the average acreage 1923-33.

To Be Eligible For Pay Must First Qualify

To qualify for a grant a farmer must have soil conserving or building crops on his farm in 1936 either (a) equal to at least 20 per cent of his total soil depleting base, or (b) equal to the greatest total acreage of all crops for which he might receive soil conserving payments, whichever is smaller. Farms having one fourth or more the acres in cotton will use the "a" part of the rule. On straight wheat or feed grain farms or truck farms the minimum to qualify for a grant will be 15 per cent of the soil depleting base in conserving or building crops.

A farmer with a soil depleting base of 100 acres, say in cotton and corn, would have to have on his farm in 1936 at least 20 acres in soil conserving or building crops. Such crops—like alfalfa or clover—might already be there, or part or all of them—like cowpeas or sudan grass, or might have been sown this year, that does not matter; such acreages of such crops must be there in 1936 if the farm is to be considered for a grant. It is possible, of course, that a farmer may qualify for a grant, and then not earn it, as will be seen.

Soil Conserving Payments for Positive Performance

There are two types of payments which a farmer may earn if he can qualify: Number 1, the larger, is called the "soil conserving payment." It may be granted for devoting to soil conserving or building crops and practices, up to 35% of the cotton base, up to 20% of the peanut base, at least 20% of the rice base, and up to 15% of the base of all other common Texas soil depleting crops. This payment is meant to help repay the farmer for the cash sacrifice involved in

giving up part of his cash soil depleting crops in favor of a soil conserving program. No payment will be made for diverting feed acreage unless feed is grown in excess of the farm needs.

The exact amount of this soil conserving payment will vary according to crop. For cotton the payment will be 5 cents per pound for the normal production on the shifted acres. For peanuts it will be 1 1/2 cents per pound for the normal production on the shifted acres. For rice the payment will be 20 cents per 100 pounds of the farmer's domestic allotment of rice, with deductions if the rice acreage shifted is more than 35% of the base, or less than 20% of the base. For all other soil depleting crops soil conserving payments will be on a straight per acre basis, varying by counties by farms and by crops. The average for the U. S. will be \$10 per acre. The Texas average will be less than this figure.

Every acre on which this payment will be made must be planted in 1936 to soil conserving or building crops, or be devoted to approved soil conserving or building practices. Soil depleting acres shifted to idle acres receive no pay.

Soil Building Payments May Be Earned

The second, or number 2 payment, is called the "soil building payment." It may be granted, if earned, to help defray the expense of planting soil building crops or of carrying out soil building practices. The rate of this payment will vary by crops and by practices. The top limit of this total payment is fixed by the number of acres of soil building and soil conserving crops on the farm, multiplied by \$1 per acre. The rate per acre will vary, but the total may never exceed the maximum set for the farm. To earn any part of this a farmer must plant soil building crops in 1936, or carry out some approved soil building practice in 1936.

How Payments Are Divided

These grants may not be assigned to creditors but will be made direct to the persons eligible to receive them, and to no others.

The soil conserving payment (the larger) is to be divided between landlord and tenant as follows: To the land goes 37 1/2 percent; to teams, tools and equipment goes 12 1/2 percent; and the remaining 50% is divided as the proceeds of the crop are normally divided. This means share tenants (third and fourth) will receive half the conserving payment; share croppers one quarter.

This division will be the same for all Texas crops unless special exceptions are made by the State committee.

The soil building payment will be made to the party incurring the expense of seed and work. If both landlord and tenant share in this expense the payment will be divided equally between them.

How to Classify Crops

As the name implies, soil depleting crops are those that take more from the soil than they return; soil conserving crops are those that do not build up, but which do not greatly exhaust the soil and which prevent erosion; soil building crops are those which actually improve the soil; and neutral classification, not to be counted in establishing bases, includes in part waste land, idle crop land, cultivated fallow land, vineyards, tree fruits, small fruits, nut trees, and woodlands.

Soil depleting crops for Texas: corn (including broom corn and sweet corn), cotton, tobacco, Irish and sweet potatoes, rice, sugar cane, peanuts, commercial truck and tanning crops including melons and strawberries, grain sorghums, millets, small grains harvested for grain or hay, soy beans if harvested for crushing.

Soil conserving crops for Texas: Annual winter legumes, including vetch, winter peas, bur and crimson clover; biennial legumes, including alfalfa, kudzu, and sericea, with or without such nurse crops as rye, oats, wheat, barley or grain mixtures, when such nurse crops are pastured or clipped green; summer legumes, including soy beans, except when produced for seed for crushing, velvet beans, crotalaria, cowpeas, and annual varieties of lespedeza.

Peanuts, when pastured. Perennial grasses, including dallis, redtop, orchard bermuda, carpet, or grass mixtures and sudan grass, with or without such nurse crops as rye, oats, wheat, barley, or sudan mixtures, when such nurse crops are pastured or clipped green.

Winter cover crops, including rye, barley, oats, and small grain mixtures; winter pastured or not, and turned as green manure, or if harvested and followed by summer legumes.

Crop acreage planted to forest trees since January 1, 1934. Soil building crops for Texas: Annual winter legumes, includ-

crimson clover, turned under as a green manure crop. Biennial legumes, including sweet and alsike clover; perennial legumes, including alfalfa, kudzu, sericea, and annual varieties of lespedeza.

Summer legumes, including soybeans, velvet beans, crotalaria, and cowpeas, if forage is left on the land.

Winter cover crops, including rye, barley, oats, and small grain mixture turned as green manure, and followed in the summer by an approved soil conserving crop.

Forest trees, when planted on crop land in 1936.

How Program Is Administered

The Texas program is being administered by elected community and county committees, and by a State Conservation and Domestic Allotment Committee of seven farmers, in cooperation with the Texas Extension Service. A temporary State Committee of four members is acting at present. These men were chosen from the four State Boards in the old AAA programs. They are George Slaughter, Wharton (corn-hogs), chairman; George Inez vetch, whiter peas, bur, and

Chance, Bryan (cotton); L. C. Trousdale, Houston (rice); and A. H. Montgomery, Darrousett (wheat).

There are three administrative steps in the program: (1) filling out work sheets for each farm to get a survey of farming conditions and practices, and to aid in planning farming operations which include desirable soil conservation practices, and the determination of bases from which the grants will be measured; (2) making applications for grants by operators who are either owners or share tenants, or by owners who do not operate but rent to others; and (3) checking compliance with the terms of the grant. In point of time these steps will be taken in April and May, late spring and early summer, and early fall respectively. Payments of grants cannot be made until after compliance is checked in the fall.

Or a Turnip!

Now some evolutionists say that man is of vegetable origin. That is easy for the man to understand whose wife is always calling him a "cabbage head."

As Easy as Flying for a Bird

Easy? That isn't the half of it. It's the softest kind of setup for the young Dorothy Barber, sitting nonchalantly without a hold on her sorrel mount as he clears a 5 1/2-foot jump. Just let some of these fancy society riders try to duplicate the feat. But then that's Dorothy's act, which she's demonstrating before gawping onlookers at circus winter headquarters in Sarasota, Fla.

Early High

A dance was given Saturday night at the home of Mr. and Mrs. Richard Taylor. A large crowd attended. Arthur Vernon and E. J. Carner furnished the music.

Miss Lucille George of May, who is attending Howard Payne College spent the week-end here with her grandmother, Mrs. C. H. Murphy.

Bernice Flowers visited her friend, Nell Page, near Zephyr Saturday night. Mr. and Mrs. Cull Earp visited Sunday with Mr. and Mrs. Jim Alexander.

O. B. Porter and wife of Brownwood were callers in this community Sunday afternoon.

Several from this place attended the Townsend speaking at Brownwood Sunday afternoon. John Anderson of Dallas spent several days here this week with home-folks.

Grandmother Vernon is confined to her bed this week with rheumatism. Her many friends will be sorry to hear this and hope she will soon be up and about again.

MAKING Smart CLOTHES

Of all the suits being introduced for late spring and early summer, there is none as smart as the bolero. Inspired by the opera "Carmen"—inspired by the colorful costumes of the Spanish matadors, the new bolero suit is both young and sophisticated. And—may we whisper it?—practical. Make the bolero and skirt of dark silk. Navy or black or dark green would be my favorites. Then make yourself a reckless assortment of blouses. For warmish days in town, a trilly lawn blouse will make you look cool and crisp. For traveling, a rust silk blouse, polka dotted in black or color, will look smart and not show train soil. Just before your train pulls into the station, put on a white embroidered organdie blouse which has been tenderly guarded in your suitcase and emerge from the pullman looking as if you had been sealed in cellophane during the entire trip!

The pattern for the bolero suit and blouses is available in sizes 12 to 29; 30 to 40. You may buy it at the pattern counter of your favorite department store.

Shop where you are assured of quality and economy. Nationally known goods are always on display in all our stores. No misleading or off brands.

Piggly Wiggly

Bring us your Eggs, Chickens, Butter and other Produce. We pay cash and top the market.

The Brownwood Piggly Wiggly Stores are owned and operated by Brownwood people. No outside capital.

We buy our merchandise as cheap as any concern in Brownwood. We pass the savings on to you. We do not have hot prices on Saturday and then raise the price on Monday for the rest of the week, but you can shop at our stores any day in the week and buy as cheap as other stores run specials on Saturday.

News of Brown County Communities

Cottonwood

Well, I guess spring is here to stay, and it seems like we might get our share of the spring rains. Had a good rain last Thursday and the clouds look like we might get another one right away.

There were not many at Sunday School Sunday, nor at singing that night. We might have pretty good crowds at singing if people could always be sure that singing would be at Cottonwood instead of Fairview. Not quite all the people here are ready to move the community down there.

Marvin Nations, W. G. Wadkins and Gay Coleman visited O. R. Windham Thursday.

Mrs. W. G. Wadkins visited Mrs. Mary Nations Tuesday afternoon.

Several from this community were transacting business in Coleman Saturday.

Mrs. Grady Ayres and little sons, Grady Lee, Bennie Ray and Ernest of Brownwood, visited Mr. and Mrs. W. G. Wadkins and Mrs. O. L. Price Sunday.

There is not much news this week as all the people are busy farming and not doing much visiting.

Mr. and Mrs. Chester Field visited in the home of his parents, Mr. and Mrs. H. C. Field Tuesday night.

Mr. and Mrs. J. H. Gowin made a business trip to Cross Plains Monday.

Bill Powers and mother and Elmer Powers and family and Calvin and Claud Field went fishing Saturday and caught a nice bunch of fish.

Velma and Claudie Field visited Francis and Lois McFarland Sunday afternoon.

Mrs. W. G. Watkins is on the sick list this week.

There was a singing at John McFarland's home Sunday night. There was a good crowd and had a wonderful singing.

Mr. and Mrs. Tommy Waters and family of Coleman visited in the home of her mother, Mrs. L. A. Powers Sunday.

Mr. and Mrs. H. C. Field and baby visited in the home of his parents, Mr. and Mrs. D. L. Field Monday afternoon.

There is only two more weeks of school and most of the children will be glad to get a vacation and I guess the teachers will, too.

Mr. and Mrs. Stone and family visited in Brownwood Sunday.

Mr. and Mrs. Karl England and mother were in Brownwood shopping Monday.

Marvin England and Velma Field and Francis McFarland were in Brownwood Saturday and attended the show while there.

For your next change in glasses see Dr. R. A. Ellis, Optometrist.

Blanket

Clayton Brown of Ennis was the week-end guest of his step-mother, Mrs. Nettie Brown.

Mrs. Jack Bettis of Graham is spending the week here, the guest of her parents, Mr. and Mrs. Joe W. Dabney.

Mr. and Mrs. R. Arch Boyd and Rev. Williams of Sylvester were guests last week in the home of Mr. and Mrs. Luke Reeves.

Mr. and Mrs. Abner Griffith and Mrs. Wilburn Henson of Sylvester were here last week to attend the funeral of their mother, Mrs. Henson.

Mrs. Lois Frazer and daughter of O'Donnell who has been here for several weeks, visiting her mother, Mrs. Dora Teague left Tuesday morning for Houston to attend relatives.

Mrs. Chester Wilkerson and Miss Lonzola Swartz were shopping in Brownwood Monday.

Mrs. Robert Baker left Monday morning for Hillsboro to attend the annual meeting of the Woman's Missionary Society of Central Texas Conference, which will last for three days. Mrs. Baker was sent as a delegate to represent the Woman's Missionary Society of the Methodist Church at this place.

Henry Taylor of Brownwood was transacting business here Tuesday.

Mr. and Mrs. Robert Ferguson and family of Rising Star, Mr. and Mrs. Nat Franklin and baby of Waco, Mr. and Mrs. Evans and son of Shreveport, La., Mr. and Mrs. Lawrence Sumner and family of Hamilton, Mr. and Mrs. Ray McCorkle and family of Comanche, Mr. Pinkard of Sidney were called here last week on account of the serious illness and death of J. W. Franklin.

Miss Wessel of Comanche spent last week here the guest of her cousin, Mrs. W. E. Brown.

Miss Alice Rupe spent last week visiting relatives in Comanche.

Jim McCoy of Brownwood was here Sunday visiting relatives and attended services at the Presbyterian church.

Rev. William Mitchell of Russell, Iowa, filled the pulpit at the Presbyterian church at both the morning and afternoon hours to a well filled house. At the noon hour a sumptuous dinner was served.

Alvin Richmond, Dan Goodwin, W. D. Hobson and L. F. Bird attended the singing convention at Dublin Sunday afternoon.

Mrs. Irene Trapp of Brownwood attended P. T. A. here last Friday night and made a talk on the Centennial which was enjoyed by all those who attended.

Mr. and Mrs. Pat Shipp were shopping in Brownwood Saturday.

Judge Newman of Brownwood delivered a very interesting lecture at the Methodist church Sunday morning.

Rev. L. A. Clark of Zephyr preached at the Methodist church Sunday night in the absence of the pastor.

Last Friday being the birthday anniversary of Mrs. Jim Ingram, a number of her friends and neighbors gathered at her home and gave her a "quitting party."

At the noon hour a delicious dinner was served by the guests. Mrs. Ingram was the recipient of many useful and beautiful gifts.

Mrs. Sol Baker and son Fred of Brownwood were here last Friday calling on old friends and attending the Ingram party.

A large number of the Presbyterians from Zephyr attended services here at the Presbyterian church Sunday morning.

Mesdames Reynolds and W. D. Hobson entertained a number of relatives and friends with a dinner at the home of the former, Monday, April 13. The happy occasion was the birthday anniversary of Master Bobbie Charles Hobson and Mrs. M. W. Vernon.

Mrs. Willie Carr and family of Brownwood were here Sunday visiting relatives and attended church services.

J. W. Franklin passed away Monday morning, April 13, 1936, at 10 o'clock in Central Texas Hospital, Brownwood. Funeral services were held Tuesday afternoon at 3 o'clock at the Blanket Methodist church.

Rev. Chester Wilkerson officiating. Interment followed in the Blanket Cemetery with White and London in charge. Mr. Franklin was born in Nov., 1889, and was a resident of this community since 1907. He was a prominent farmer of this section, living previously in Comanche and Corsell counties. He was a member of the I. O. O. F. lodge and a member of the Methodist church since childhood.

Survivors include his wife, Mrs. J. W. Franklin, and five children, Mrs. Ruby Ferguson, Rising Star, Mrs. Bonnie Sumner, Hamilton, Mrs. Yada Evans, Shreveport, La., Nat. Franklin, Waco and Iris W. Franklin of Blanket. Ten grandchildren survive. Pallbearers were selected among his friends here.

J. W. Franklin was as near a perfect father and Christian gentleman as one could ever hope to be so devoted to his family, so true to his church, and so solicitous of the welfare of his neighbors. His home going was so beautiful. The Lord called and he was ready to answer the summons. He left a clean record, a good example, and a rich heritage to his children, and a blessed memory of a beautiful and noble companionship to his devoted wife. May the God of all comfort keep them and bless them as they wait for the dawning of that eternal morning when separation will be no more. A good man has passed his mantle on to his family and community. May we as Elisha of old be faithful to this sacred trust. He numbered his friends by the score throughout this section of the state who sincerely sympathize with the loved ones in their great sorrow.

Glasses correctly made give service. Dr. R. A. Ellis, Optometrist.

Zephyr

Miss Mary Helen Little, a student of Sellers School of Beauty Culture spent the week-end with her mother, Mrs. Mae Williams.

Harry Skippings and daughter, were shopping in Brownwood Saturday.

Mr. and Mrs. Pete Carlisle were Brownwood visitors Friday.

Miss Lucile Crawford and brother of San Luba spent the week end with their sister, Mrs. T. H. Grimes.

Miss Mary Belle Timmins of A. C. C. at Abilene, spent the week end with her parents, Mr. and Mrs. W. F. Timmins.

Mr. and Mrs. G. T. Lawrence and son, Narvin, visited in the home of their son, Mr. and Mrs. Carroll Lawrence of Rising Star Sunday.

The young people of Zephyr, who attended services at the First Methodist Church at Mullin Sunday night were: Adeline and Madeline Coffey, Mary Belle Shelton, Dorothy Lawrence, Wilson Driskill, Harold Crutsinger, Narvin Lawrence and Lowell Coffey.

Allen Kesler, A. B. Dabney, Jr., and William Dabney spent Sunday in San Angelo.

Mark Greer, Price Hanks, and Alice and Louise Hammond, attended singing in Pompey Sunday night.

Narvin Lawrence and Miss Dava McCoy attended the Methodist revival in Mullin Tuesday night.

Mr. and Mrs. Burton Harper of Brownwood visited in the home of N. B. Gist Sunday afternoon.

Miss Bertha Mae Greer spent the week end in the home of Mr. and Mrs. Elmer Powers.

Miss Ernestine Crutsinger, James Kesler, Miss Dorothy Lawrence and Harold Crutsinger visited in Ebony Sunday in the home of Jim Lehons.

Misses Georgia, Mary and Hazel Hanks were in Brownwood Saturday.

Dick Woods of Brownwood spent the week-end with Mr. and Mrs. Bomer Thompson.

Modie Glass spent Monday with Mr. and Mrs. Ford Glass near Brownwood.

A few young people met at the home of Mr. and Mrs. Jean Couch Sunday night and greatly enjoyed refreshments of ice cream. Those present were: Misses Emogene Couch, Vivian McDaniel, Katherine Couch, Doris Mae Woods, and Anita Couch. Bud McKinney, Sonnie Pittman, Darwin Cornelius, Ilo Vincent, T. H. McArthur, also Mrs. Mollie Coffey and Ed Couch attended.

Misses Merle and Annie Lee Hallmark who spent the week-end in Brownwood, returned home Sunday afternoon. W. E. (Jack) Hallmark brought them home and visited friends in Zephyr.

The school chapel program Monday morning was conducted by Miss Alma McArthur and Mrs. Dorothy O'Brien. The program consisted of old cowboy songs, to represent the Texas Centennial; also two piano numbers were given by Miss Triplette and Garland Pittman. Several visitors attended.

Those attending the Firemen's Benefit Ball at the Memorial Hall Wednesday night were Miss Vivian McDaniel, Miss Louise Beckham, Miss Gladys Witten, Modie Glass, Luther Vanzandt and son, Arel, Solie Baker, Franklin Timmins, Delmer Keeler, Gerald and Melvin Brownwood, Herman Simpson, D. F. Petty, Horace Yates, and R. D. Woods.

Mrs. Roy Holley of Brownwood spent Monday with her mother, Mrs. S. E. Petty.

Luther Vanzandt, Mae Vanzandt, Dephne Lee Vanzandt, Mrs. Truhitt, and other children and Solie Baker attended the singing convention in Duwin Sunday.

Mrs. E. A. Terrell of De Leon is visiting her mother, Mrs. S. E. Petty this week.

Mrs. Jim McCurdy and son, Joe made a business trip to Brownwood Monday morning.

W. K. Cahler was transacting business in Brownwood, Wednesday night.

Jack Smith and Dowell Truett were in Brownwood Saturday.

Willie Petty of Brownwood was in Zephyr Monday.

Mr. and Mrs. H. E. Cobb spent Monday with Mr. and Mrs. Thelmer Cobb.

Clifford Swanson of Brownwood spent the week-end with Mr. and Mrs. Perry.

The Zephyr outside baseball team played Cross Cut Sunday afternoon at the Reasner Park. The score was 3-9 in Cross Cut's favor. That's all right, boys, stay in there and fight. They will have a game almost every Sunday afternoon. The public is cordially invited to attend.

Mr. and Mrs. Carl Reasner of Scholers spent Monday with Mr. and Mrs. Walter Reasner.

Miss Esther Underwood spent the week end with Miss Artie Mosier.

Mrs. N. L. Reasner is visiting relatives in Brownwood this week.

Mr. and Mrs. Claude Quirl of Coleman spent Sunday with Mr. and Mrs. J. N. Quirl.

Mr. and Mrs. A. B. Dabney Sr. spent Sunday in San Angelo with Mr. and Mrs. Everett Lea.

Mrs. Frank Shelton of Mullin spent Tuesday with Mrs. Mat McCutchen.

Mr. and Mrs. Burman Black spent Sunday with Mr. and Mrs. Chas. Hollingsworth.

Mrs. V. Kimmoms and daughter, Edith, were in Brownwood Saturday.

Mrs. Edwin Davis of Brownwood has been visiting her sister, Miss Merle Hallmark this week.

Miss June Baker is on the sick list this week. She has a bad case of flu.

Mrs. Good Graves of Big Springs spent the week-end with relatives.

Miss Lucile Reasner of Draughton's Business College, Abilene, arrived Tuesday afternoon to visit with her parents, Mr. and Mrs. Earl Reasner for a few days.

L. L. McCown made a business

Mukewater

We received a fine rain Thursday of last week that was appreciated very much as it was sure getting dry.

Little Miss Glenna Britton is reported to be improving nicely from illness of several days' duration.

Frank Owen is reported sufficiently recovered from a recent minor operation to return to school.

Marvin White and wife visited in Banas Saturday.

On Sunday afternoon, April 12th, Miss Estelle Sikes became the bride of Mr. Fred Covey of Banas. Miss Sikes is the talented daughter of E. B. Sikes and was reared in our community. Mr. Covey has resided in Banas for several years. The writer joins their many friends in wishing for them much happiness and success in their journey along life's road together. Mr. and Mrs. Covey will make their home in Banas.

Friends of Mrs. Langtry were grieved to hear of her passing away last week. Mrs. Langtry was buried at Brownwood last Thursday.

Messrs. Frank Brooks, Eddie Weems, I. H. Browder and John Payton were Banas visitors Saturday afternoon.

We have been requested to announce that on April 28th at 2:30 p. m. Rev. Johnnie Lovell of Dublin will preach at the home of Mr. and Mrs. Andy Hallford.

S. I. Cox and wife made a trip to Glen Rose Saturday.

There is quite a lot of sickness in our community at present, but we are hoping that since the rain and the days are getting warmer, they will all recover speedily.

Remember the singing at Mukewater school building Sunday afternoon at 2:30 o'clock.

Several from our community attended the singing at Methodist church Sunday afternoon.

Gap Creek

We had a nice shower last night which was greatly needed. We are hoping for a good rain.

Mrs. Maggie Heptinstall was taken suddenly ill Monday. A doctor was called at once, and she is resting this morning (Tuesday). We hope she will soon be up again.

Private Glen Hamblin of San Antonio and Miss Woodruff and Miss Floyd of Brownwood were visiting here recently.

Mrs. John Horton and Mrs. Amanda Hughes of Salt Creek was visiting Mrs. Sally Faulkner Sunday.

Ed Alexander of Brownwood was in this community on business Monday.

Freeman Woods was visiting here recently.

Andrew Stewart of Owens was visiting his brother, Tommie Stewart, Sunday.

Mrs. Mollie Faulkner, Mr. and Mrs. Bill Patterson of Blanket spent Sunday here with Mrs. Faulkner's son, Jim Faulkner.

Several from here attended the dance in the Mountain Saturday night. All report a nice time.

Mrs. Jennie Ellis of Cristoval visited her sister, Miss Ollie Miller a few days last week.

Mrs. Dora Powers spent Monday with her mother, Mrs. Mary Soucey.

trip to Comanche Monday.

Mr. and Mrs. Milford Cornelius and children of Brownwood were the guests of her sister, Mrs. Roy Locke Sunday.

Mrs. Tilda Sutton of Indian Gap visited her sister, Mrs. J. M. Williams last week.

Dr. Boy Martin attended church at Blanket Sunday night.

Mr. and Mrs. J. H. Underwood visited in Mullin Sunday with her mother, Mrs. Chesser.

Miss Esther Underwood spent the week end at Pompey visiting Miss Artie Mosier.

T. G. Beckham made a business trip to Comanche Tuesday.

The senior play entitled, "Auntie's Marriage Knot," will be presented in the High School auditorium Saturday night, April 25th, 8 o'clock. Admission 10c and 20c. Everyone is cordially invited to attend.

Miss Merle Childress of Brady is visiting Miss Ruth McBurney.

Glenn Roland Jenkins, age 17, son of Mr. and Mrs. Sam Jenkins, died late Monday in the Medical Arts hospital of burns received in an explosion last Friday. Roland was born October 29, 1919, in Mills county. He was a student in Zephyr high school for several years. He was well known in both Mills and Brown counties.

Funeral services were held at the Methodist Church Tuesday afternoon at two-thirty o'clock, with Rev. Chester Wilkerson officiating, and White and London Funeral Home making burial arrangements. He is survived by his parents, and the following brothers and sisters: Ivan, Dorothy, Beryle, and McKeneth (Sonnie) Jenkins; and by his grandparents, Mr. and Mrs. W. B. Nesmith and Mr. and Mrs. W. E. Jenkins, Mullin.

Pallbearers: Solie Baker, Alton Keeler, Jack McDaniel, Franklin Timmins, Gerald Bowden, and Will Dixon.

Also Roland's brother, Ivy, was burned at the same time. He remains in the hospital for treatment, and although he is improving slightly, attending physicians term his condition as serious. The two boys received extensive body burns when a barrel of coal oil exploded on their farm four miles east of here. Details of what occurred could not be learned but it is supposed that one of the youths struck a match as they were draining oil from the barrel.

We extend our sympathy to all the relatives and hope that Ivy will have a speedy recovery.

My eye examination is different. Try Dr. R. A. Ellis and see.

Salt Branch

Rev. Childers filled his regular appointment at the Methodist church Sunday.

Messrs. and Mesdames Albert Cole and sons and Stanley Storm and family visited relatives in Brownwood Sunday.

Mrs. Elva George of Ranzer spent Sunday with her mother, Mrs. S. S. Cole.

Mr. and Mrs. Malcolm Wilson and Joan, spent the week-end in San Angelo with their daughter, Mr. and Mrs. C. E. Sproul.

Mr. and Mrs. Leslie Byrd visited his parents at Banas Sunday.

Mr. and Mrs. Dewey Smith and family visited relatives here Sunday.

Mr. and Mrs. Jess Edwards and family of Brooksmith spent Sunday with Mr. and Mrs. S. S. Cole.

Mr. and Mrs. Ross Shield spent Sunday with relatives at Concord.

Mr. and Mrs. Jack Cole spent Sunday with relatives at Trichman. Little Bobby June Windham is ill with the mumps.

Mr. and Mrs. Guy McMurry spent Sunday with Mr. and Mrs. Odell Cole.

Lewis Medley is on the sick list.

Mr. and Mrs. J. K. McMurry visited in the home of Jake Walters Sunday afternoon.

Rev. and Mrs. Clovis Childers of Winchell invited friends in this community Monday night.

Miss Fannie Smith of Banas spent Sunday with Mr. and Mrs. E. D. Daniel and family.

The Missionary Society met at the church Monday afternoon. Those taking part were: Mesdames Carl Harris, Bill Harris, E. D. Daniel, Guy McMurry, W. M. Wilson, Lee Yarbrough, Stanley Storm, W. R. Means, S. S. Cole, and Miss Betty Jean Harris.

Mr. and Mrs. Sam Wallace of Zion and Miss Joyce Matthews of Brooksmith attended church here Sunday night.

Comfort and satisfaction in glasses fitted by Dr. R. A. Ellis.

Wanted: 500 lbs. of Big Yellow Pop Corn. Liberty Theatre, Rising Star, Texas.

Ebony

Friday night, April 24, a group of young people of this community will present a three-act play, "The Play's the Thing," at the school house. It is for the benefit of the ball team. Come, you will enjoy it.

Mr. and Mrs. Charlie Roberts spent Tuesday with Mr. and Mrs. J. W. Roberts.

Truman Crowder has the measles.

Mr. and Mrs. Ernest Hester, recently of Brooksmith, but now living on the Jim Campbell place between here and Brownwood, attended church here Sunday morning.

Miss Alttus Reese of Indian Creek and Miss Evelyn Mashburn and Miss Erma Egger visited the school Friday.

Mrs. J. R. Wilmeth is sick this week.

Mr. and Mrs. Jim Bean of Van Horn spent Sunday and Sunday night with Mrs. Bean's mother, Mrs. Nellie Malone.

John Franklin Crowder is working in Brownwood this week.

Mr. and Mrs. E. O. Dwyer took dinner at the Wilmeth home Sunday.

Mr. and Mrs. J. R. Briley, J. R. Wilmeth, Clifford Crowder, and Otto Jones attended a Townsend speaking at the Memorial Hall in Brownwood Sunday afternoon.

Mrs. Charlie Roberts and Mrs. Burl Crowder spent Sunday afternoon with Mrs. P. R. Reid.

Sunday School and Communion Service will be at eleven o'clock Sunday morning. Bro. Wharton of Brownwood will preach at three o'clock.

The production of electric power has increased strikingly in Great Britain in the last five years, the annual output of the public supply enterprises expanding 50 per cent since 1931.

The wall that since 1705 has separated the Protestant nave from the Catholic choir in the Church of St. Esprit at Heidelberg, Germany, is to be torn down, and the edifice will revert to the form it had when built in 1400.

The value in glasses is service. Dr. R. A. Ellis, Optometrist.

Junior High Band Soloists Win At West Texas Meet

Medals were received this week by John Farris and Bobby Morris, members of the Brownwood Junior High School Band, who were solo contest winners in the West Texas band contest held at Abilene last week. The winners, who were judged by H. A. Vandercreek, head of the Vandercreek School of Music, Chicago, were not announced at the contest but were declared later. The Junior High band won second place in the band contest.

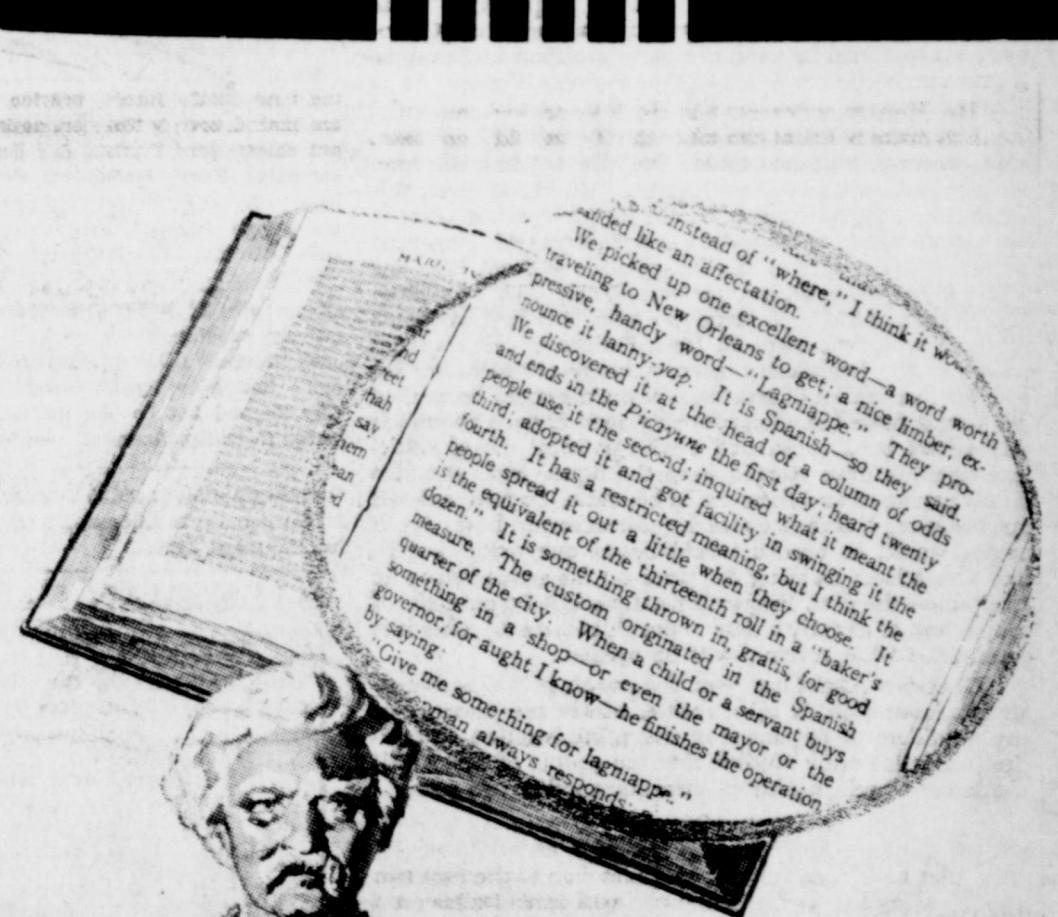

The band from Senior High School, entered in its first band contest at Big Spring Saturday. It did not place in the state band contest, western division, held at that time. However, it received good experience which will prove useful in future contests, it was said.

The new band uniforms, purchased recently with funds raised in a campaign conducted by the High School Band Parents Booster Club, were worn for the first time by the band members in the contest. An opportunity will be given Brownwood citizens to see the uniforms in a downtown concert to be given soon, school officials have announced.

The uniforms are maroon trimmed in white with double breasted coats and billed caps, and were purchased for 41 members of the band at a cost of \$520.44. The uniforms are the property of the school and will be used from year to year.

ATTENDANCE INCREASING

Sunday School attendance at Elkkins church is increasing weekly, according to a report made by the pastor, Rev. H. D. Tucker. Mr. Tucker will preach there Sunday afternoon following Sunday School, which meets at 3 o'clock. He will preach at Indian Creek Sunday at 11 a. m. and 8 p. m.

"SOMETHING EXTRA"

That "Something Extra" in CAKE FLOUR is the quality which distinguishes it from ordinary flour. Its airy light texture and perfect baking qualities mark it as superior among flours of any price range.

When you buy CAKE FLOUR you are getting a flour inexpensive enough for use in all your cooking and one with that "Something Extra" which makes it the perfect flour for your finest baking.

Not wholly unexpected, and yet of political significance enough to warrant interest, is the announcement of Tom F. Hunter of Wichita Falls that he is a candidate for governor against this year. Mr. Hunter previously had issued a statement that he had been unable to secure sufficient finances to make the race, and would not this year be a candidate. Apparently, that deficiency has been met.

The Hunter Candidacy

Mr. Hunter has been a candidate for governor in two consecutive campaign years, 1932 and 1934. He no doubt reached the height of his vote getting ability in 1934, when he surprised most people in the state by getting into the run-off with Governor Alfred, and waging a vigorous campaign until the final balloting in August. Most political observers had predicted he would fall in July and that C. C. McDonald, a fellow townsman, would be the Alfred running mate in the finals.

Although it hardly is to be expected that Hunter will be elected this year, his entry into the race means that Governor Alfred will have to spend a considerable part of the summer in vigorous campaigning, for Mr. Hunter is a forceful and aggressive vote seeker. And while his candidacy may not cause Mr. Alfred a great deal of worry, it must be disheartening to Roy Sanderford, Mr. Fisher, Mr. Brooks and other minor candidates. The most they could have hoped for from the campaign was a little publicity. With Hunter in the race, they will be hard pressed to get this.

No doubt Mr. Hunter will find many points to attack the administration of Governor Alfred. Any governor who has attempted to achieve anything for Texas is the target for attacks from the time he takes office until the day he retires. Governor Alfred could not hope to be an exception. But unless Mr. Hunter finds weaker points than the two which he stresses in his announcement, little can be expected from him.

Mr. Hunter criticizes Alfred chiefly for his traveling activities during the past year, particularly taking offense at his trip to California in behalf of the Texas Centennial. To our way of thinking, this was one of the finest things any governor could have done to advertise the state, at a time when all the world was thinking of Texas and her big birthday party. That Governor Alfred made the trip, at the request of Centennial officials, is to his credit; and certainly it is to the credit of the state that as 1936 opened, it had so worthy a Governor to present to the world. This year, when Texas itself is spending some \$3,000,000 to advertise its Centennial; when the Federal government is spending a like amount to boost Texas and when Dallas and other cities are doing their utmost to draw people into Texas for the Centennial, it naturally would fall upon the Governor to take a lead in some of this work. That he has done it ably should be a source of pride to every Texan.

Mr. Hunter endeavors also, in his opening announcement, to make political capital of the Texas Old Age Assistance program, launched under the Alfred Administration. He overlooks the fact that Governor Alfred has given this legislation every assistance, before its passage and since it has become a law, and has done everything possible to speed payments to the aged at the first possible moment. The law specifies July 1 as the proper date for the first payments; announcement has been made this week that first payments probably would be made in June. Failure to call a special session of the Legislature to enact heavy tax measures before the mechanism of assistance payments could be worked out would have been foolish extravagance, even though it might have been considered a wise political move. Sufficient revenues have accrued from the liquor taxes to make initial payments and these are to be made. To have enacted tax measures before it could be ascertained how much money would be needed would be, as one writer put it, like a merchant marking the price on his goods before he ascertained the cost. Proper legislation will be enacted, of course, and at as early a date as possible; but only after it is determined what revenue will be needed.

Governor Alfred has given the people of Texas a capable administration. It is, of course, within the province of any candidate or opponent of the administration to criticize it. But is hardly possible that the people of Texas will decide not to return him to office for another two years.

On Sunday, April 26, the last of a series of special trains that have been run out of Texas during the past two years boosting the Texas Centennial will leave Dallas on a tour to tell the rest of the United States about the Birthday Party Texas will give during the coming months, and invite all the world to attend. That the train, visiting important centers in Eastern United States, will do much good goes without saying. Earlier trains quickened interest in plans then being formed for the Centennial, and were responsible to a large extent for the great interest being evidenced by outsiders in the plans for the Texas celebrations.

The Centennial Train

The trip will bring another flood of inquiries into the Dallas Centennial offices for information regarding Texas; and these inquiries will be answered by sending out the Centennial literature which is being prepared by the Dallas offices. This is the same literature that overlooks the fact that there is much of value for the visitor to see in the Central part of the State.

Just this week we have reviewed again the advertising literature which is being distributed in great quantities at this time not only to outsiders but to Texans as well. Closer study of the pamphlet makes it more evident that Brownwood and the surrounding territory are suffering unjust discrimination through the advice given to visit other sections of the State, without favorable reference of the Heart of Texas.

Whether this was the fault of inactivity on the part of residents of this section as has been suggested; whether it was deliberate oversight as has been intimated; whether it was carelessness, as is probable; these things are unimportant. What really matters is that this section, paying its part of the expense, is getting no part of the returns.

Millions of people are to visit Texas during the coming months; other thousands will be seeking information about the land that is getting so much favorable publicity at this time. Certainly something should be done to see that some of this attention, some of these visitors, are directed this way.

It may be hard to teach an old dog new tricks, but he certainly keeps trying to pull all the old ones he knows.—Grapevine Sun.

Now we understand why those nasal radio ditties are called "cowboy" songs. They resemble the bawling of a cow's little boy.—Marshall News.

PEEP SHOW For Ladies Only

BY MIGNON

Page grandmaw with her sulphur and molasses... The old Spring fever is getting an iron hold on us these days. But better yet, let's go shopping. That's a tonic any gal can take and which revives her spirits a deal more than the first offered or even a lick from the old safoetida. A look in the shops will disclose a veritable spring garden. Flowers for the throat, on the pert suit or on the street and sports costumes. Every color and every flower from the crocus to the violets that look so natural and smell divinely, too. The new hair dress, the new makeup kits can change the whole day. After all happiness and content is only a state of mind. If you feel that you have done the best for yourself, then your eyes will look bright and shining and you can greet the May as shining as the mouth itself.

It is interesting to know that the Oklahoma Federation of Women's Clubs has taken the matter in hand of beautifying the highways through Oklahoma that the big crowd coming through to the birthday party of Texas may have beauty enough to rest their eyes before seeing all the wonders of that historic and hospitable state. It is a very worthwhile thing to do. It shows pride and a willingness to assist the neighbors, just like Mrs. Smith loaning her best bridge lamp to Mrs. Jones when she throws a party.

An interesting account of how the South came to be known as "Dixie" is given on the authority of Fred W. Thompson, a Richmond banker, who says the term was first issued by a New Orleans bank before the Civil War, principally in \$10 bills.

These bills, because of the large French-speaking population of Louisiana, were printed in French on one side and in English on the other. On the French side the word "dix" meaning ten, was quite prominent, and the Americans got to calling the bills "dixies."

From that Louisiana came to be known as the land of the dixies, or Dixie Land. Then Dan Emmett, a northern minstrel, got hold of the idea and composed the song "Dixie" for a show performing in New York. The term Dixie came to be applied to the entire South.

And there you are—if Mr. Thompson is right.

Local Optometrists Attend Convention

Dr. R. A. Ellis and Dr. Mollie Armstrong, local optometrists, attended the annual state convention of the Texas Optometric Association held at Waco the first part of this week. At the convention, which had an attendance of more than 150 optometrists from all parts of the state, Dr. Ellis served as chairman of the resolutions committee and the new business committee which outlines and generally directs the activities of the association.

Tuesday morning he spoke on "Proper Training and Reading Habits" before the student bodies of the two Waco junior high schools. Dr. Armstrong is chairman of the state publicity committee and editor of the official publication of the association, "The Texas Optometrist," a monthly magazine published in Brownwood.

Among eminent authorities on optometry who attended the convention were Dr. Wm. B. Needles of Chicago, president of the Northern Illinois College of Optometry, and Dr. Walter J. Brown of New Bedford Mass., president of the American Optometric Association.

Meetings Next

(Continued from Page 1) office. Do not put this matter off. We cannot serve every person on the last day so see us at the meeting place nearest to you. We would rather see you at these places than to have you come to the office," Mr. Lehmborg said in announcing the schedule of meetings.

At the meeting of officials and county committeemen held Wednesday detailed information regarding the program was given in preparation for launching the signing of the work sheets. District Agent C. E. Dowles, who was in charge of the meeting, stressed the flexibility of the new program which is de-

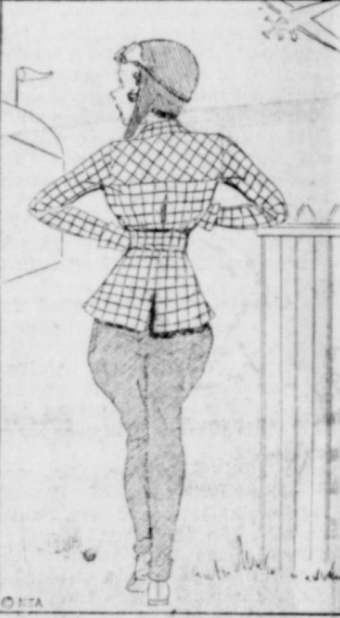

Police Force For City Is Selected

All vacancies on the Brownwood police force were filled this week when Chief of Police Jas. L. Sandlin appointed Barney Ashmore and T. R. Fields as policemen to complete his staff. Other members of the new Chief's force, previously announced, are Cy Thigpen, assistant chief; Hard Daniels, day desk sergeant; Henry McFadden, night desk sergeant; Homer Andrews, motorcycle officer; Alfred Griffin, Jess Love and J. D. Mannin.

Chief Sandlin announced that the appointment of J. A. Jackson, tentatively appointed last week, had been withdrawn. Jackson's appointment had been approved by the City Council but he had not been sworn in as a policeman.

Fines totaling \$1,089.80 were paid by 444 persons in Altoona, Pa., during February, 1936.

THIS CURIOUS WORLD

By William Ferguson

WATER IS TAKEN FROM THE AIR, BY THESE HUGE "AIR WELLS" WHICH ARE BEING BUILT IN DRY AREAS OF EUROPE. THE WARM OUTDOOR AIR ENTERS THE DOME THROUGH THE OPENINGS, AND IS ROBBED OF ITS MOISTURE BY CONTACT WITH THE COLD INTERIOR.

FOR MANY YEARS IT WAS A COMMON BELIEF THAT HORSE HAIRS, LEFT IN WATER, TURNED INTO WORMS.

The "BEAN POLE AND CORNSTALK" BRIDGE, BUILT OVER POTOMAC CREEK IN NINE DAYS, BY COMMON SOLDIERS, DURING THE CIVIL WAR. FROM TEN TO TWENTY HEAVY TRAINS PASSED OVER IT DAILY.

ON TEXAS FARMS

MOUNT VERNON—To date, all tillable land and all pasture land except 15 acres has been terraced on the farm of J. T. Gragg, Franklin county farmer, according to W. N. Williamson, county agricultural agent. Gragg began terracing his 140 acre farm 15 years ago, and is seeing the advantages of these terraces, he began to terrace his pastures.

These terraces, together with crop rotation practices, have contributed toward maintaining soil fertility to such an extent that Gragg considers his farm a good investment and has no trouble in securing good tenants, he says.

CANYON—Nine new farm levels have recently been bought in Randall county, and 15 farm crews are working every day possible. In one week's time, 17,500 acres were contoured by these crews at a cost of less than two cents per acre to the farmer, according to B. A. Zorn, county agricultural agent.

H. R. Gwyn of this county had one-half of an 80 acre wheat field contoured last year. On the 40 acres contoured, his records show an average yield of nine bushels per acre. Part of the other 40 acre field was abandoned, and the average yield on those acres harvested was three bushels.

BRADY—Twenty seven miles of level contours fifteen inches high were recently built in a 450 acre pasture by Charlie White, a rancher of McCulloch county. The contours were graded up with road machinery with a drop of one foot between contours. The fresh ridges were sown to a mixture of oats, sudan grass and Italian rye. This 450 acre pasture was a part of a total of 1,280 acres of farm and pasture land terraced or contoured in Me-

signed particularly to meet the needs of the small farmer. About 100 persons attended the meeting.

Among the speakers were Jack Shelton, vice-director and state agent of the Extension Service; H. G. Lucas, Brownwood, president of the Texas Agricultural Association, and T. C. Richardson, Dallas, representative of Farm and Ranch.

Counties represented were Jones, Shackelford, Stephens, Palo Pinto, Taylor, Callahan, Eastland, Erath, Runnels, Coleman, Brown, Comanche, McCulloch, San Saba, Mills, Mason, Llano, Gillespie and Blanco.

At the close of the session the county committeemen present met in a separate session to elect a district committeeman to represent the farmers of this district in an advisory capacity on the state board. J. H. Hammons, Abilene, was named as district committeemen and H. T. Kingsberry, Coleman, was elected alternate.

The three administrative steps in the program, given in full explanation of the set-up carried in this issue of the Banner are briefly: 1. filling out work sheets for each farm; (2) making application for grants; and (3) checking compliance with the terms of the grant. The work sheets will be sent to Extension Service headquarters in May, will be approved and grants will be applied for during the summer months, and the grants will be made to those who comply with the provisions of the program in the fall.

KIRK AND CARVER TO WRESTLE WEDNESDAY

"Popeye" Joe Kirk, the wild man from the Back Bay district, who scored high in popularity with his rough tactics last week, will stage a return engagement on "Pa" Sprinkle's wrestling card next week. The date of the match has been changed from the customary Tuesday to Wednesday night, next week. Kirk will meet Don Carver of New Mexico, who had better be pretty quick with his punches if he wants to hold his own against the Boston bone breaker. They are matched in the finals, with popular Eddie O'Shea and Speedy Franks of Stamford matched in the 45-minute finale.

Kirk was the whole show Tuesday night as the torio twisters performed for the boys and girls at Memorial Hall. In a rough and tumble fight he took the decision over Jack Gorman of San Angelo, two falls out of three. He is unpopular enough with the fans to be a delight to any matchmaker. Eddie O'Shea and Ned Taylor, in the special event, took one fall each and were still grunting away at it when time was called.

Burns Fatal To Youth At Zephyr

Burns received in a gas explosion Friday afternoon, at his parents' farm home near Zephyr, proved fatal to Glenn Robin Jenkins, 17, son of Mr. and Mrs. Sam Jenkins, who died late Monday in Medical Arts Hospital. His brother, Ivan Jenkins, 18, is in a critical condition at the same hospital from burns received in the explosion.

Funeral services for the youth were held at three o'clock Tuesday afternoon at the Methodist Church in Zephyr. Rev. Chester Wilkerson officiated and White and London Funeral Home made funeral arrangements. Interment was in the Zephyr cemetery.

An albino herring gull, said to be a rarity, has been reported found on Kent's island, Bay of Fundy.

Mrs. Refugio Yturria de Harris, 99, who watched Gen. Zachary Taylor raise the American flag at Matamoros, Mexico, died there recently.

A modern bungalow with all the atmosphere of a pleasant home is the laboratory for home-making courses taught at the Broad Ripple high school in Indianapolis.

If Fresh Roasted means as much to coffee as claimed by experts, J. R. L. must be the best, as you certainly get it fresh, as a rule the same day it is roasted. Looneys.

Mortuary

FLOYD—Mariah Louise Floyd, 83, resident of Comanche county since 1889, died Saturday. Funeral services were held Sunday afternoon at the First Methodist Church of May with Rev. Roy Crawford officiating. Mitcham Funeral Home was in charge of arrangements.

Mrs. Floyd was born October 23, 1853, in Morton county, Tennessee. She moved to Bosque county, Texas, in 1885 and to Comanche in 1887. She was married August 22, 1887.

Survivors include three children, Emma Floyd, Crockett Floyd and Seborn Floyd, all of Sidney; five grandchildren and two great-grandchildren: One brother, Ashley Moore, of Cooperton, Oklahoma, and one sister, Mrs. Etta Able, Hollis, Oklahoma, also survive.

SCHOTT—Carl David Schott, five-months old son of Mr. and Mrs. C. F. Schott, died Saturday morning at the residence, 2204 Main Avenue. Funeral services were held Sunday morning at 8 o'clock at the Schott's home with Rev. W. T. Whiteside officiating. Interment was in Greenleaf Cemetery with White & London Funeral Home in charge of funeral arrangements.

Carl David was born November 11, 1935. He was christened in the Methodist church. Survivors include his parents, one sister, Helen Jean and his grandparents, Mrs. Dollie Erikson, Brownwood, and Mr. and Mrs. F. V. Schott, Hallettsville, Texas.

BOND—Ruby Lee Bond, 26, wife of Benjamin Lee Bond, died early Saturday morning at her home here. Funeral services were held at the Pentecostal Church Saturday afternoon. Interment followed in Greenleaf Cemetery with Mitcham Funeral Home in charge.

Survivors include her husband, her parents, Mr. and Mrs. Dan Parton, and the following children: Jimmie Lee Bond, J. D. Bond, Jessie Ray Bond, Nelda Jean Bond, and Barbara June Bond; and three sisters, Mrs. Docia Gunn, Mrs. Maudie Weathermon and Dorothy Helen Parton.

CARROLL—Rev. C. V. Carroll, 77, pioneer Baptist missionary in Texas and for many years a resident of Brownwood, died in a local hos-

pital early Monday morning following a few days illness. Funeral services were held Tuesday morning at 10 o'clock at First Baptist Church with Rev. F. M. McConnell of Dallas, assisted by Rev. Karl H. Moore, officiating. Interment was in Greenleaf Cemetery with Austin-Morris in charge of funeral arrangements.

Mr. Carroll was born in Georgia February 5, 1859. He came to Texas when a boy, living in Anderson county for many years. He joined the Baptist church at an early age and devoted many years to active service as a missionary in this state. He served as pastor of Baptist churches at Belton, Brenham and Lampasas.

Moving to Brownwood he became an active member of First Baptist Church and devoted much time to its mission activities. He was a leader in the establishment of the missionary Sunday Schools which later became the Coggin Avenue Baptist, Belle Plain Baptist and Melwood Avenue Baptist Churches.

Survivors include the following children: Mrs. C. G. Sivells, Brownwood; Mrs. B. H. Cummins, Taft; Mrs. L. N. Anderson, Vernon; Vann Carroll, Teague; Harvey Carroll, Hollywood, California, and Mrs. Robert Basham, Wichita Falls.

REED—Herman Reed, 8, son of Mr. and Mrs. Robert Reed of Sidney, Comanche county, died at their home Thursday, April 16, after a month's illness. Funeral services were held Friday afternoon at the residence with interment in the Cox Cemetery. Austin-Morris Funeral Home was in charge of arrangements.

Survivors include his parents, one sister, Lucile, and his grandparents.

PANNISTER—Jackson Bannister, 21, son of Mr. and Mrs. H. S. Bannister, was found fatally injured Monday morning in the railroad yards of Marshall. Authorities were of the opinion that striking pipe in a gondola car struck him in the back of the head Sunday night, while the train was being switched.

Funeral services were held Wednesday morning at White & London Funeral Home followed by interment in Greenleaf Cemetery. Rev. C. F. Connelly officiated.

Jackson Bannister was born January 23, 1915, in Floyd, New Mexico, and was reared and educated

here. He is survived by his parents, two sisters, Crystal Lucile and Mildred, and one brother, E. R., all of Brownwood.

MORTON—Milo A. Morton, 90, resident of Brownwood for more than 30 years, died late Monday at his residence on West Lee Street. Funeral services were held Tuesday afternoon at Mitcham Funeral Chapel with Rev. Wm. H. Foster officiating. Interment followed in Greenleaf Cemetery.

Mr. Morton, who celebrated his 90th birthday Friday, was born April 17, 1846 in Cold Water, Michigan. He was a member of the Presbyterian church.

Survivors include his wife, Mrs. Amanda Carolyn Morton, and the following children: Mrs. A. Kosch, San Francisco; Chas. Stanley Morton, San Mateo, Calif.; Mrs. Minnie Crow, Mineral Wells; Mrs. W. A. Russell, Austin; Mrs. T. J. Godwin, Austin; and Miss Sallie Morton, Brownwood. Six grandchildren also survive.

HONOR ROLLS ZEPHYR

Soft neutral colors should be selected for the walls in improving bed rooms, according to Miss Mayeys Malone, county home demonstration agent, in her talk to the Zephyr 4-H girls club at Zephyr Wednesday.

Twenty-one members were present. Two new members, Opal Shipp and Aisie Irene Lacey, were received. Next meeting will be held May 6.—Gertrude Fay, reporter.

Doctor Hero In Dionne Film

In the picture that is the entertainment scoop of the year, Darryl F. Zanuck makes movie stars of the first rank of the world's front-page darlings, as he presents the Dionne Quintuplets in their first full-length feature, "The Country Doctor," which comes to the Lyric Saturday midnight, Sunday and Monday.

Adapted from an original story by Charles E. Blake, Chicago newspaper man, "The Country Doctor," finds its drama in the life-and-death conflict that a physician eternally wages in the Canadian wilds in his unselfish work. It is warm with romance, brightly alive with delightful humorous touches, fresh with the antics, the crooning and the play of the world's most famous babies.

Jean Hersholt, beloved character star, is the doctor of the picture, a heroic, self-sacrificing physician who fights pain and ill in a Canadian fur-trading post with inadequate equipment.

Because his nephew, Michael Whalen, persists in his love for June Lang, daughter of the post's manager, and because Hersholt himself tactlessly attempts to get a hospital and needed supplies for his people, he incurs the displeasure of the company powers. Without regard for his record or heroism the post manager ousts him from his position.

NORTH TEXANS, GO SOUTH! SOUTH TEXANS, GO NORTH!

Travel Texas, Know Your State during

CENTENNIAL YEAR

Centennial year is travel year in Texas.

An opportunity for every Texan to know his own state; its scenic beauties, historical background and amazing resources!

The month of April is especially eventful. Houston, San Antonio, Kilgore, Taft-Sinton, Victoria and other communities invite you to interesting historical celebrations; observances that will be cherished and long remembered by patriotic Texans.

Make your plans to attend these celebrations and other observances to be held throughout the year. Pack the family into the car, go by train or bus—readily SEE Texas. You'll find Texas offers every vacation pleasure—and it's all right here in your own state.

See the calendar at the right. Write the Chamber of Commerce at the various cities for detailed information on events you are interested in.

Safety School To Be Conducted Monday

Brownwood Chamber of Commerce and the McKay Motor Parts company are cooperating to present the Johns-Manville Safety School, making a tour of the country as a part of the nation-wide campaign to cut down the number of automobile accidents. The school is to be held Monday. The safety school, which consists of a truck tractor and trailer containing equipment used for safety instruction, will come here from Fort Worth. It is sent out by the Johns-Manville Corporation of New York.

Delegates Named To Firemen's Convention

Members of the seven-man racing team which is to represent the Brownwood Volunteer Fire Department at the State Firemen's and Fire Marshal's convention in Fort Worth, June 9, 10 and 11, have organized and plan to start practicing for the races at once, according to officials of the local department. Delegates to the convention, named this week, and officials of the fire department will attend the meet with the team.

Doctors Endorse Health Unit Plan

Members of the Brown-Mills County Medical Society endorsed the proposed Health Unit for the city, county and school district at a meeting of the society Monday night. Speakers for the meeting were Dr. Royall Calder and Dr. Melbourne J. Cooper, both of San Antonio.

Doctors present were: O. N. Mayo, J. B. N. Walker, H. L. Lockner, C. W. Drake, B. A. Fowler, H. B. Allen, Earl Jones, J. M. Horn, Ben M. Shelton, Roy G. Hallam, W. H. Paige, J. W. Tottenham and Joe McFarlane, Brownwood, and Dr. Hedges of Bands. Visitors were: Dr. W. R. Sanderson, Dr. Edwards of Cross Plains, Dr. Powell of Cross Plains and Dr. Yantis of Blanket.

THE STATE OF TEXAS

To the Sheriff or any Constable of Brown County—Greeting: You are hereby commanded to summon Al Nabours by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Brown County, to be held at the Court House thereof, in Brownwood, Texas, on the fourth Monday in May, A. D. 1936, the same being the 25th day of May, A. D. 1936, then and there to answer a petition filed in said Court on the 6th day of January, A. D. 1936 in a suit, numbered on the docket of said Court No. 7049, wherein J. H. DeHay and Wife, Willie DeHay are Plaintiffs, and Al Nabours is Defendant, and a brief statement of plaintiffs' cause of action, being as follows:

That plaintiffs are the father and mother of Ethel Dale DeHay, who on the 4th day of January, 1935, was a minor 17 years of age. That on or about the 4th day of January, 1935, the defendant, without the knowledge and consent of plaintiffs, took plaintiffs' said minor daughter to Coleman County and induced her to enter an unlawful marriage contract with him. That afterward on or about April 24th, 1935, the defendant returned plaintiffs' said minor daughter back to them, the said plaintiffs, for her future care. Plaintiffs pray the court that the unlawful marriage relation made and existing between the defendant, Al Nabours and the Plaintiffs' minor daughter, Ethel Dale DeHay Nabours, be annulled and for the restoration of her maiden name, to-wit: Ethel Dale DeHay and that all cost of suit be adjudged against the defendant, Al Nabours.

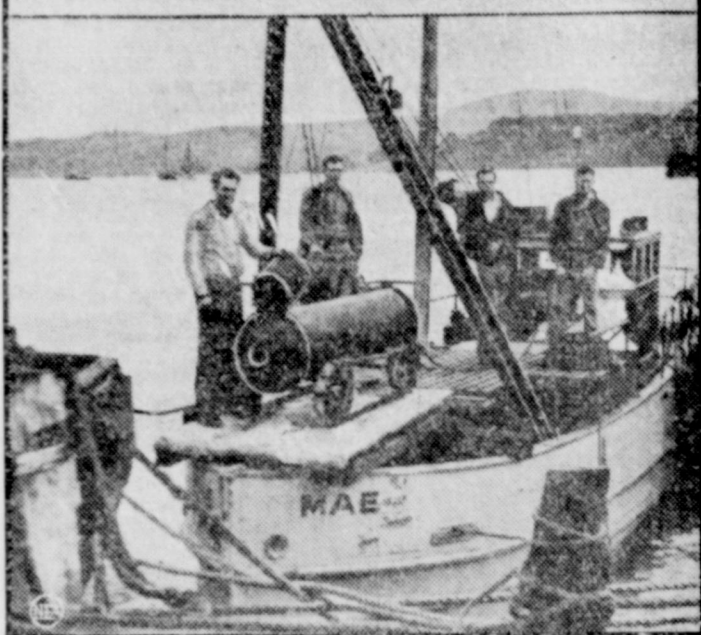

Herein Fall Not, but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

L. J. WILSON, Clerk, District Court Brown County, Texas.

In the newest device for treasure-hunting, a baby submarine tractor, shown upper photo, Halley Hamlin, young salvage expert, is crawling on the ocean floor off Angel Island, in San Francisco Bay, seeking the bulk of the steamer, H. J. Cochran, which sank in 1913 with more than \$100,000 in gold bullion and big lead aboard. Hamlin's own invention, the tiny "sub," 8 feet long by 20 inches in inside diameter, is shown below aboard the surface tender, Mae, which supplies power for its two motors. Equipped with powerful searchlight and telephone for contact with the tender above, the tractor will operate at a depth of 600 feet, Hamlin claims.

BRADY SCHOOL IS WINNER OF DISTRICT 8 INTERSCHOLASTIC TRACK AND FIELD MEET HERE

MORE than 1,000 students, coaches and spectators attended the district 8 interscholastic meet held in Brownwood Friday and Saturday, when the Brady High school field and track team took the 1936 championship and students from Comanche county schools scored the highest number of points of any county entered in the meet. The Comanche students also took the greatest number of first places won.

Countries included in district 8 are Mason, Comanche, McCulloch, Mills, San Saba, Hamilton, Coleman and Brown. Winners of the district meet will go to the region 1 meet at Abilene Saturday, and the regional winners will go to Austin May 1 and 2 to compete in the state interscholastic League meet.

Field and Track The Brady Bulldogs set two of the three new records made by athletes in the 1936 contests held at Howard Payne park Saturday afternoon. Co-captain John McLean smashed the 440 mark, clipping half a second off the record mark to set a new time of 52 seconds. The Brady relay team set a new record of 3:24.9, one tenth of a second less than the former low record.

Jack Price, the one man team from Santa Anna, made the third record of the day, tossing the shot 53 feet to better his own record by almost three feet. His toss Saturday lacked only five inches of equalling the state record. Individual scoring honors also went to Price. In addition to winning the shot and discus, he took second in the high jump and fourth place in the javelin and broad.

In the rural pentathlon E. Schrank, from Aleman school of Hamilton county, took first place, with a total of 21 points. He took first places in the 100 yard dash, the broad jump and hop, skip and jump. J. Smith of Long Mountain, Mason county, was second with 17 and W. Miller of Big Valley was third with 12 points.

Summary of events: 120 high hurdles—H. Byers (Melvin), first; Dillingham (Santa Anna), first; Gustine (Gustine); Watkins (San Saba), Time 17.1 seconds. 100 yard dash—Purvis (Gustine), first; Dye (Brady); Ward (Brownwood); Ward (Sidney), Time 10.3 seconds. 80 yard run—S. Grogan (Buffalo), first; J. Farmer (Mullin); O. Guarniero (Brownwood); A. Wilhelm (Comanche), Time 2.07.3. 220 low hurdles—J. McLean (Brady), first; J. McDaniel (May); J. Watkins, (San Saba); H. Byers, (Melvin), Time 27.1 seconds. 440 yard dash—J. McLean (Brady), first; J. McDaniel (May); C. Marshall (Comanche); C. Stump (Coleman), Time 52 seconds (new record).

220 yard dash—C. Dye (Brady), first; G. Purvis (Gustine), second; Calley (Brady); Ward (Brownwood). One mile run—C. William (Mullin), first; L. Oats (Melvin); J. Cawyer (Mercury); J. Vanderveer (May), Time 4:54.1. Mile relay—Brady High School (Barker, Sheffield, Dye, McLean),

Class B: First, Mollie Lou Sanders, Mullin, Mills county; second, Wanda Jean McCook, Novice, Coleman county. Rural: First, Neville Hamilton, Lamkin, Comanche county; second, Elsie Lee Polk, Liberty, Coleman county; third, Byron Eckert, Art, Mason county.

Class A: First, Mary Jane Pugh, Bangs, Brown county; second, Nannie Lee Gay, Coleman, Coleman county; third, Lucille Waldrip, DeLeon, Comanche county. Ward county: First, Marguerite Counts, Lohn, McCulloch county; second, Harriet Allen, Goldwaite, Mills county; third, Francis

Round, Comanche, Comanche county.

Girls Debates First place was won by the Brownwood Senior High School team, Betty Jo Sanderson and Iris Scales. In the first rounds San Saba beat Comanche, Coleman defeated Goldwaite, Hamilton beat Lohn and Brownwood drew a bye. In the second rounds San Saba beat Coleman, and Brownwood defeated Hamilton in the finals Brownwood defeated San Saba.

Boys Debate Coleman High School team, Wallace Dingus and Eugene Flewellen, won first. In the preliminaries San Saba drew a bye, Comanche beat San Saba and Coleman beat Brownwood. In the finals Coleman defeated Comanche.

Three R Contest First, Mary Lou McIver, Trickham, Coleman county; second, Joe Rae White, Lamkin, Comanche county; third, Neville Hamilton, Lamkin, Comanche county.

Typing Contest First, Charlie Mae Scott, Brownwood, Brown county; second, Margaret Denman, Brownwood; third, Vane Allsup, Gustine, Comanche county; fourth, Vera Mae Seamans, Coleman, Coleman county; fifth, Beryl Wallace, Coleman, Coleman county.

Senior high school girls: First, Elsie Coffman, Cherokee, San Saba county; second, Margaret Denman, Brownwood; third, Vernell Raditzky, Mason, Mason county.

Senior rural boys: First, Alvin Sigman, Lamkin, Comanche county; second, Clinch Chappell, Center Point, Mills county; third, Romulo Cervantes, Fair View.

Senior rural girls: First, Mildred Page, Winchell, Brown county; second, Josephine Parrish, Liberty, Coleman county; third, Wilda Spaggiaris, Pear Valley, McCulloch county.

High school junior girls: First, lights 25 square inches. All boats of this class shall carry an efficient fog horn and bell, the bell to be not less than eight inches diameter. All commercial boats shall carry approved life preservers, devices sufficient to sustain afloat every person on board and are to be supplied with life jackets for all children on board, over rowboat or canoe shall carry approved life preservers. Fire extinguishers shall be the same as in CLASS I.

CLASS IV. All row boats and canoes, regardless of their size, shall be required to show a white light at least 12 inches in diameter and of Fresnel lens of the same size as the white light on CLASS I motor boats, over rowboat or canoe shall carry approved life preservers, devices sufficient to sustain afloat every person on board.

SECTION III. No penalty will be incurred by boats, canoes or other crafts, for failure to carry lights as herein provided between sunrise and sunset, but no lights shall be operated between sunset and sunrise unless the lights provided for in SECTION II hereof shall be lighted.

SECTION IV. A license fee shall be paid as herein provided on all boats when a certificate shall be presented to the Water Improvement District at its office, or other designated places, showing that the boat has been inspected and has complied with the terms of this order, this certificate to be duly executed by an inspector appointed by the Board of Directors of The Water District.

SECTION V. Any person, persons, firm or corporation desiring to have, use or operate a boat other than a commercial boat on the waters of Lake Brownwood for any purpose shall first secure a permit and pay a fee as follows: Motor, power driven, sail boat, row boat or canoe a license fee of Twenty-five Cents per day, must be paid.

SECTION VI. Any person, persons, firm or corporation desiring to have, use, operate or maintain a boat dock or docks on the waters of Lake Brownwood for any purpose shall first secure a permit and pay a fee as hereinafter provided. A number corresponding to the number on the permit issued shall be placed on each dock and must be plainly readable at all times.

SECTION VII. A permit shall be secured by paying a fee of 61 1-2 Cents per square foot for spaces occupied by private docks, and shall include the properties owned and held in private ownership. For docks abutting district property, a fee of 61 1-2 Cents per square foot occupied by such docks, and that such fee shall be paid in advance to place a minimum charge to be paid for the privilege of floating private docks on the waters of Lake Brownwood, corresponding to the potential value of each dock space occupied at its designated location.

SECTION VIII. A permit shall be issued by the District granting the privilege to place such dock at points designated at a rate of Five Cents per square foot and the District reserves the right to place a minimum fee for the operation of floating Commercial Docks on the waters of Lake Brownwood corresponding to the potential value of the designated location.

SECTION IX. 1. Sailboats and rowboats of all sizes shall have at all times the right of way over all power-driven boats, and shall not be passed or met closer than fifty feet, and then the power-driven boat must, at all times, slow down to half speed. 2. Power-driven boats passing a sailboat shall slow down to half speed if it passes within 50 feet from said craft. This is to reduce backwash intentional or unintentional.

SECTION X. Any person who violates any one of the foregoing rules and regulations shall be subject to the aforesaid penalties as prescribed by the foregoing law relating to Water Improvement Districts. In addition thereto, the willful violation of any one of the aforesaid rules, regulations or provisions of this act shall be cause to subject the offender to a suspension of any boating privileges previously granted to him for a period of thirty days, and any subsequent violation shall subject such offender to a suspension of such privilege for a period of 90 days.

GENERAL. Licenses and permits issued for boats and boat docks for the period of one year shall terminate March 15th of each year thereafter.

SECTION XI. SHORE LINE RULES: (a) All owners or proprietors of dwellings, amusement places, camping or recreation places or public resorts located between the high water line of Lake Brownwood, being at sea level elevation 142.5 feet, and back for a distance of 500 feet, must provide for the care and disposal of all bodily excreta by means of suitable type of chemical toilets. The owner or proprietor of such places as dance halls, picnic grounds or other places of public amusement must provide separate toilets for each sex, with an allowance of one unit for each twenty persons of each sex frequenting such establishment. (b) All places mentioned in the foregoing subdivision (a) and lying in that zone area of 500 feet from high water line to 1500 feet from high water line, must use either chemical toilets or septic tanks with proper tile drainage lines, except in the case of establishments provided and designed for the congregation or attendance of more than ten persons; in such places where ten persons or more are expected to congregate, then the use of chemical toilets will not be permitted unless the ground drainage is not toward said lake. (c) Any violation of the foregoing shore line rules shall subject the person violating the same to the same penalties as have been set forth and stated in the foregoing law relating to water improvement districts. The Board of Directors have also adopted the following rules and regulations which had been previously adopted by the Health Department of the State of Texas, applicable to Lake Brownwood, to-wit: 1. Signs are to be erected at places of public gatherings to indicate the location of out-houses. 2. All dead animals on the watershed should be burned. (a) Animals must be burned without the aid of oil. (b) The burning of any carcasses must be done at a distance of not less than 500 feet from the high water line. 3. All boats operating on lake provided with a chemical toilet must contain not less than 10 per cent sodium hydrate or its equivalent. (a) All toilet openings on boats now operating on lake or to be operated on lake must be sealed and chemical toilet arrangements substituted. (b) Boats operating for public hire equipped with relief accommodations must not carry exceeding 20 persons per boat. (c) Notice must be posted on each boat warning against pollution of water by throwing or depositing any fecal discharge, oil or bodily waste or food scraps, etc. (d) Can contents from boat must be emptied into pits not nearer than 1000 feet of the high water line, covered with an adequate supply of quick lime, and well covered with soil. 4. All duck blinds shall be furnished with the same sanitary provisions as the boats. All chemical toilets shall be inspected regularly and tests made as to an adequate supply of chemicals and to see that the can is emptied as required. A warning notice shall be placed in each boat, duck blind and out-house, carrying the sanitary rules and regulations applied to Lake Brownwood. Notice, therefore, is hereby given to the public that the foregoing enumerated rules and regulations have been duly made and adopted and are here now promulgated and made known; and all persons are hereby advised that a breach of any one of said rules and regulations by any person will subject such violator to the infliction of the aforesaid penalties as provided for such violation. A full and official text of said rules and regulations is on file in the office of the Brown County Water Improvement District Number One, in the city of Brownwood, Texas, where the same may be seen and read by any interested person. The foregoing rules and regulations shall be in full force and effect upon the expiration of five days after the second publication of this notice has been made in the Brownwood Banner, a newspaper published in the city of Brownwood, Texas, of its being the first publication. The public is most cordially and earnestly requested to cooperate with the Board of Directors of said District in honoring and carrying out the aforesaid rules and regulations. MADE AND ORDERED TO BE PUBLISHED, this 17th day of April, 1936. BOARD OF DIRECTORS OF BROWN COUNTY WATER IMPROVEMENT DISTRICT NUMBER ONE. H. C. ECCAS, Secretary.

Oil Company Travel Booklet To Feature Data on Brownwood

Points of interest in Brownwood and Brown county will be listed in a bulletin to be issued soon by the Continental Oil Company's Conoco Travel Bureau. Information for the bulletin, "What's Worth Seeing in Texas," was sent to officials of the company last week by the Brownwood Chamber of Commerce following receipt of a request for the data.

The bulletin will be distributed through the 2,500 Conoco dealers throughout the state for the benefit of the estimated fifteen million tourists who will visit Texas during 1937.

Former President Of DBC Is Dead

Funeral services for Dr. Tinsley Penick Junkin, former president of Daniel Baker College, were conducted at Dallas Monday morning. Dr. Junkin died Saturday at Houston following a heart attack.

Dr. Junkin was president of the local college from 1908 to 1914. He left here to go to Dallas where he assisted in the organization of and was the first manager of the Morris Plan Bank. He lived in New York City for some time where he served as vice president of the Industrial Finance Corporation and supervised operation of 103 Morris Plan Banks, returning later to Dallas where he served as vice-president of the Republic National Bank for two years.

Survivors are a son, Eben D. Junkin, Houston; two brothers, Dick Junkin, Austin; Will Junkin, China; and two sisters, Miss Lila Junkin, Lexington, Va., and Mrs. Agnes Bradley, China. The brother and sister in China are missionaries.

NOTICE TO THE PUBLIC

The Forty-fourth Legislature of the State of Texas passed a law which portions thereof deemed relevant to this notice being as follows: "Sub-Section 1. The Board of Directors of such Districts shall have and, are hereby clothed with the power and authority to adopt and promulgate all such reasonable rules and regulations as are deemed necessary for preserving the sanitary condition of all waters controlled by the District, to prevent waste of water, or any unauthorized use thereof, to regulate residence, boating, and camping and all recreational and business privileges upon any body of water and any body of land owned or controlled by such Districts, including the sole and exclusive right to make contracts with responsible persons, corporations or associations for the construction and operation of toll bridges over such water or for ferry such waters to other means of transportation of passengers or over such waters in the case of a bridge, and not to exceed ten (10) years in the case of a ferry, or other means of passenger transportation, with authority to fix the compensation to be charged for service with any such facility or means of transportation, to the end that the same shall be reasonable, and to require adequate bond or bonds from any such contracting persons, corporations or associations, payable to the District to be of such amount not to exceed the sum of One Thousand (\$1,000.00) Dollars and conditioned as the Board of Directors of such District may reasonably require, and such contracts may provide for forfeiture of the particular franchise or rights granted by any such contracts in case of a failure of the licensee or other contracting parties to render adequate and safe public service; and such Districts are hereby empowered to prescribe the kind and character of boats used on said waters for the carrying of persons for hire or used for recreational purposes, and may require the owners thereof to submit such boat or boats to inspection at such reasonable times as the Board of Directors of such Districts may determine in order to test the serviceability thereof; and such Districts are hereby empowered to prescribe reasonable requirements for the use and the manner of use of such boat or boats over the life and lives of the occupants thereof, and to safeguard the life or lives of any person or persons making lawful use of such waters; and it shall be unlawful for any person, corporation or association to keep or operate any such ferry or other means of transportation on or over said water for hire without first procuring a license or franchise for such means of transportation from the Board of Directors of such District, provided that no fee or tax for the granting of such license or franchise shall exceed the sum of Two Hundred Fifty (\$250.00) Dollars per year; and the Board of Directors of any such District shall be authorized to fix the rates to be charged for such franchise or license, according to the kind and character of boats employed in such means of transportation, and to require the owners of any such boat or boats, shall keep same at all times in good, sufficient and safe condition for the use of such ferrage, and other means of transportation, and that such boat shall be subject to the landing of such boat or boats in good and safe condition. No liability shall rest on such District on account of any negligent act or failure of duty of the owner or operator of any such boat or boats, or of any person, corporation or association, in the exercise of their preservation and use, and, also, to safeguard the lives of persons who may desire to go on, over or across said waters, and to be paid for the use of such waters lawfully used as aforesaid. "Sub-Section 2. Any violation of the provisions of this Act, or such rules and regulations, after due promulgation thereof, shall be cause for the Board of Directors of such District to issue a citation, and shall be punishable by a fine not to exceed the sum of One Hundred (\$100.00) Dollars, or imprisonment in the county jail of the county where such offense was committed, for a term not to exceed thirty (30) days, or by both such fine and imprisonment. The penalties hereby authorized shall be in addition to, but not exclusive of any other penalties provided by the laws of the State of Texas, and may be enforced by complaints filed in the appropriate Court of jurisdiction, in the county in which the District's principal office is located. "By virtue of the aforesaid statute the Board of Directors of the Brown County Water Improvement District Number One have made and adopted and ordered published and promulgated the following: SECTION I. Any person, persons, firm or corporation desiring to have, use, operate or maintain a boat or boats on the waters of Lake Brownwood for any purpose shall first apply for a license and pay a license fee as hereinafter provided; and any such boat shall carry a number, plainly readable at all times, at least 3 inches high of port side of such boat. All Commercial boats shall also carry the following: 1. PRIVATE BOATS. (a) For each motor or power driven boat the person, persons, firm or corporation desiring to have, use, operate or maintain a boat or boats on the waters of Lake Brownwood for any purpose shall first apply for a license and pay a license fee based on the seating capacity of such boat, as follows: \$5.00 for every first passenger, and \$2.00 per annum for every additional passenger. The seating capacity shall include the driver. Minimum fee of \$7.50 per annum. (b) Any person or persons, firm or corporation, using a detachable outboard motor for row boats, or other small craft, shall pay a license fee of \$2.50 per annum for each boat up to 16 feet in length, over 16 feet to 18 feet \$9.00, and over 18 feet \$10.00. (c) Sail boats shall be governed by the same rules as motor driven boats. (d) Each driver of a commercial boat shall be licensed upon the payment of a fee of \$3.00 per year, year ending March 15th; or, a license can also be obtained quarterly at the rate of \$1.00 per quarter or fraction of quarter, the first quarter beginning January 1st of each year. The Board of Directors reserves the right to reject application for commercial driver license, or to revoke any such license at any time. (e) A license fee of \$1.00 per annum shall be paid for each row boat or canoe. SECTION II. Boats shall be divided into four classes for the purpose of determining the equipment it shall carry with respect to lights, fire extinguishers and life preservers. Motor, power driven or sail boats less than 26 feet in length shall have a white light aft to show all round the horizon, and shall also have a red light forward and a green light astern, and shall carry approved life preserving devices sufficient to sustain afloat every person on board and are to be supplied with life jackets for all children on board, over rowboat or canoe shall carry approved life preservers. Fire extinguishers shall be the same as in CLASS I. CLASS II. Motor, power driven or sail boats from 26 to 40 feet in length shall be equipped with a white light at low throwing an unbroken light over an arc of 180 degrees, and a red light to port, lens shall be not less than 19 square inches; white light aft to show around the horizon, green light to starboard, and red light to port; lens to be shall be fitted with inboard screens 19 inches long and of sufficient height as to prevent lights being seen across the bow. Every boat shall carry approved life preserving devices sufficient to sustain afloat every person on board and all commercial boats are to be supplied with life jackets for all children with plain signs to be posted stating where they are available. In CLASS I. CLASS III. Motor, power driven or sail boats from 40 feet to 150 feet in length, shall carry the same lights as provided in CLASS II, except the bow light must be 21 square inches, and the red and green
