Tyler was given the death penalty in a trial at Memphis and the case came to Clarendon on a change of venue following a reversal.

## ED TEER BECOMES SECRETARY LIONS CLUB ON TUESDAY

### Past Presidents Compliment Retiring Secretary For Years Faithful Service

In their meeting during luncheon hour Tuesday noon Past Presidents J. R. Porter, O. C. Watson, H. Mulkey, A. L. Chase, C. J. Douglas, F. W. Rathjen, G. L. Boykin paid glowing tributes to the retiring secretary, Loyd Stallings, who has served the Club over a number of years.

Following the talks made by ex-presidents, Boss Lion G. L. Boykin presented the retiring secretary with an appropriate gift. J. Eddie Teer, manager of the Cameron lumber interests here, was elected secretary to succeed Mr. Stallings who is moving his place of residence to Pampa.

The principal speaker of the hour was Robert S. Cope who spoke on the menace of Communism. Mr. Cope has been highly complimented by Lion members for the message brought to the Club, and the able manner in which the subject was presented.

The Club completed its 8th week with a 100 per cent attendance record in a contest being sponsored by Lions International. Six clubs of this district were left in the contest to be staged over an 8 weeks period in the spring.

The prize to the winning club means a round trip to the national convention at Los Angeles next year with all expenses paid.

## Highway Commission Anxious To Grade in Donley

County Judge J. J. Alexander, who attended a hearing at Austin the last of the week relative to highway work in this county, states that the Highway Commission is anxious to close the gap on No. 5 and informed him that the grading and drainage could begin any time after January 1st if the county would provide the right-of-way.

He also states that he attended a hearing in San Antonio to which judges of a number of counties had been called relative to auto license money in which some of the more densely populated counties were alleged to be seeking to secure more of their share of auto license funds than they thought they were entitled. Had they succeeded, it is the opinion of the Judge that this county would have lost at least thirty thousand dollars.

## Clarendon to be Represented At Lubbock Club Meet

## Still is Captured Tuesday By Donley Officers

A still of ingenious home spun manufacture was located about a quarter of a mile inside the Donley county line south of McLean Tuesday by Sheriff Guy Pierce, constable C. M. Peabody and I. B. Pierce.

The still was located in the brush country away from any house. Two 30 gallon barrels of so-called whiskey was found. Some smaller vessels of the same liquid were also taken that had evidently been made by means of the milk can affair.

No one was near the still and the officers state that there was every appearance that it had been gotten in readiness to move to another location, the piping being disconnected and other articles packed, and no mash for operation on hand.

## BOND IS MADE BY JUDGE ALEXANDER ON THREE COUNTS

### Indictments Allege Official Collected Extorsive Fees In Several Cases

Upon his return from an official trip to Austin Monday, county Judge J. J. Alexander was arrested on charges of extortion, the recent Grand Jury having returned three indictments against him.

The Judge immediately made bond in sums of one thousand dollars in each of the three cases. Each of the bonds were signed by W. E. Reeves, M. J. Smith, W. I. Rains of Hedley and E. R. Andis, G. J. Teel, T. M. Little, Jerome Stocking and E. L. Jenkins of Clarendon.

The first indictment alleges that Judge Alexander "extorsively and willfully collected and received for himself from Donley county, Texas fees not allowed by law in criminal cases because said cases were not in fact tried and finally disposed of before the said J. J. Alexander as county judge, but were criminal cases which were dismissed in said court without any trial whatever." Two specific cases are cited in the first indictment.

The second indictment alleges that unlawful fees were collected in some seventeen cases and that "several of these cases were dismissed and that the Judge was not entitled to any fees." The indictment further alleges that fees were collected in five cases while pending and before they reached final adjudication.

The third indictment is based on fees alleged to have been collected in a case which it is alleged in the indictment as having been dismissed without trial.

Judge Alexander volunteered the statement to a representative of the Leader Tuesday that "he did not make out the claims for fees received in the above cases, and that when apprized of the illegality of such fees, he refunded the money to the county without any intention of wrongdoing."

This case has been docketed for trial next Thursday, November 12th. Judge Alexander has held various elective county official positions over a period of more than thirty years.

## COUNTY AGENTS BEGIN 2ND WEEK DEMONSTRATIONS

### Everyone Interested in Any Meat Canning, Butchering Asked to be Present

Each of the canning demonstrations will be under the direct supervision of Miss Martha Buttrill, county H. D. agent. On the day preceding each of these all-day demonstrations, T. R. Broun, county agent, will demonstrate the best methods of butchering at each of the places named in this schedule.

On November 12th, an all-day canning will be held at the home of Mrs. W. D. Jordan of the Martin community. Mr. Broun will supervise the butchering the day before.

November 13, Mrs. James W. Ware of Goldston will entertain the all-day canning. Mr. Broun will butcher the day before, or offer advice as to the best methods.

Third Week: November 16th an all-day canning demonstration will be held at the home of Mrs. A. D. Arnold of the Naylor community. As at the other homes, Miss Buttrill will supervise the canning, and Mr. Broun will render any advice necessary with the butchering the day before.

November 19th, Mrs. Herbert Hunt of near Jericho will entertain the canning demonstration. As at the other homes, the same all-day schedule will be followed.

November 20th the canning demonstration over the day will be held near Whitefish at the home of Mrs. Marvin Hall. As at the other places, Mr. Broun will supervise the butchering the day before.

Fourth Week: November 24th Mrs. John Aull of Hedley will be hostess to the canners and the butchering will be done the day before under the direction of Mr. Broun.

November 25th the canning demonstration will be held at the home of Mrs. B. B. Smith who resides in the Smith community.

T. R. Broun, county agent, will be at each of the above named places at 4 p. m. on the preceding day to look after the butchering. All the men of each of the respective communities are requested to be present.

Miss Buttrill states that bleeding of the animal and chilling of the meat has as much to do toward a good home canned product as does the canning. The carving demonstrations will be given the first thing in the morning, to be followed by the canning.

The men and women of each of the communities are requested to be present, if at all interested, at both the butchering and the canning. This invitation is being extended by each of the county agents.

Clifford Allison of McLean, visited homefolks over Sunday.

## BRONC-CYCLONE FOOTBALL GAME HERE WEDNESDAY

### Armistice Day Game Decides District Championship; Will Attract Many in District

Wednesday, November 11th, will be the big day that the football fans of Clarendon have been waiting for. The Clarendon Bronchos will play the Memphis Cyclones for the district championship. Memphis won her half of the district by handing the Shamrock Irishmen a big defeat last week at Memphis.

Contrary to early season dope the Cyclones will come to Clarendon with a fast, hard fighting team. Coach Nolan Walters has developed a fast tricky backfield with Flannery, Leslie and Stargel. May will do most of the line plunging. Clarendon's chance of winning the game depends upon Watson and Benson's ability to stop the end runs that the Cyclones have perfected. In Memphis' line there is a tower of strength in the tackling of West, end; Saunders, tackle and Shepherd, guard.

One of the main features of the game will be the fighting spirit of the two captains. Both Captain Nichols and Captain Bourland back up the line on the defense. This is Nichols' fourth year and Bourland's third year on the regular squads. They are two real football players who are always in the fight with everything that they have.

Coaches Stocking and Hutton will send the best eleven on the field that the Clarendon School has offered in several years. The Bronchos will be in there fighting to avenge the stinging defeats that the Cyclones have handed them for the past few years.

She was married to B. L. Hays some two years ago and much of their time was spent in travel for the benefit of her health. A more extensive account will be given next week.

## Robert S. Cope Tells Rotarians About Communism

Discussing a timely topic of general interest at this period in the world's history, Robert S. Cope of Abilene spoke for half an hour before the Rotary club in the banquet parlor of Hotel Clarendon Friday noon.

## Speaker Produces Information Gathered From This And Foreign Countries

The speaker first took up the cause or reason for communism's existence in Russia where the idea was first put into practice, and traced the effects in business and social life of that nation.

His pathetic picture of the loss of individuality in the lives of the producing class, and the rude capitalistic nation that had forced upon its citizens burdens greater than when under the Czarist regime, was interesting to those who had given the matter little thought.

Speaking further, he explained how communistic ideas were gaining ground in this nation by governmental encroachment upon the rights of individuals. "Too much government in business will drag our nation down to a parity with Russia" is the way Mr. Cope expressed himself at the conclusion of his remarks.

Patriotic.

Arizona will have copper auto license tags for 1932. Isn't there some way for Texas to make hers out of cotton?

Well, Well.

In America some are crying that prohibition is the cause of the depression. In England another crowd is crying that prohibition would save the nation.

Inquisitive.

Missouri editor has been offering a reward for proof of the first autoist that stops to read a billboard. After six months, he's about to withdraw the offer.

Accusation.

Newspaper publishers are being accused of wishing for 47 more governors like Alfalfa Bill. Aside from filling up our columns, we are willing to try the experiment based on the accomplishments of what the governor of Oklahoma has already accomplished.

Irony of Fate.

One burglar was killed, another wounded and captured with his companion while attempting to truck away the safe from a Sinton, Texas filling station Thursday. The safe was not locked and was also empty when the burglars began their job.

Wages of Sin.

Two young couples and a drinking party over night at the room of one of the young men results in the alleged suicide of one of the young ladies from two stabs in the heart with a pocket knife at Dalhart. Officers located the weapon some two hundred yards from the room where the body lay and where it had been thrown among weeds.

The three remaining claim the girl suicided. The same intelligence that attempted to conceal the knife, did not sound an alarm say the officers who have charged them with murder. The widowed mother did not know her daughter, now dead, ever associated with

regation on the golf links since women as well as men are addicted to the fascinating method of wasting time as the Bishop would lead us to believe.

Does the saintly Bishop have an astute understanding of the language often used on the links as a basis on which to voice a protest, or does he have in mind the grotesque garb necessarily worn by the player before he or she may become a full-fledged golfer? We innocently admit that we do not know what has moved the Bishop to protest—there are so many things about golf that we do not know from leading a verdant existence.

We do recall that a Presiding Elder once upon a time while on his way to the golf course on a Sunday afternoon, soundly administered a verbal spanking to a lad of immature years for fishing on the Sabbath.

Judge Gough Sums up Present Farming Situation

Yesterday the writer was talking with a prominent business man of the Panhandle and he said, "I have begun to think that the 'big boys' have carried this condition too far. I don't know what is going to happen. I don't want us to be like Russia. Told to work in coal mines or any where else the rulers wish." To which the writer replied, "How much better are we? The agricultural workers of this country are told what they can get for their labor, if anything. They are told whether or not they can have a home or whether it will be taken from them. In thus controlling the wages of the agricultural producers

a "few men" say whether or not the merchant shall have a good volume of trade or a poor volume and so on to every business. These "few men" by controlling the wages of the farmer say whether or not taxes can be paid and county schools run nine months, two months, or none."

On the 10th day of July this year the President of the United States announced to the world that a "few certain men" whose names he could not make known, were depressing the price of wheat and depriving the wheat farmer of his rightful income and the "people" in the "LAND OF THE FREE—THE HOME OF THE BRAVE" quietly submitted to this confiscation of the great American wheat crop and are now making drives for chest funds to relieve the distress caused by this confiscation.

The same confiscation is now going on for the cotton and again the "people" are quietly submitting. Many a mother and her children will suffer this winter (and some will go to premature graves) because a "few certain men" destroyed the value of the American wheat and cotton crops and the great body "politie" without protest submitted to it.

Are the Russians any more docile? In "Satans Bushel" Stewart, a prominent broker, in the wheat pit is reputed to have said, "Farmers are all idiots. No one but an idiot will say, 'What will you gimme? and what will you take?'" The inquiring mind will natur-

ally ask: How can a "few certain men" control farm prices and the volume of business for the banker, merchant, lawyer, doctor, Railroad and so on?

The Federal Trade Commission, after a thorough investigation, said, they do this by deceiving the public, employing trickery and creating false impressions as to what is happening."

What is this deceit? Teaching the public to say, "Wheat goes up, wheat goes down. Cotton goes up, cotton goes down." As a matter of fact wheat and cotton do nothing of the kind. Some man, or a group of men, operating by secret combinations put the price up and puts the price down. Hence we should say the price was put up. The price was put down. The price of a commodity never moves of its self. Man moves it.

Tricks and false impressions will be discussed later.

Roswell's Bottomless Lakes Yield up Stolen Autos

Curious minded men became more curious when their sounding apparatus brought to the top of the water a small roadster when they sought to find the depths of one of the so-called bottomless lakes east of Roswell recently.

The hook having caught in the top of the roadster, the catch gave way and a better hook was fashioned and brought the auto to the

top after it was hooked beneath an axle.

The small roadster was identified as one stolen some months before. A further investigation revealed a Cadillac in a larger lake. The explorers have been requested to stop further investigation lest more stolen property be brought to light.

These lakes are a queer affair covering only a few acres, round in form and at the edge of the first caprock 16 miles east of Roswell, several being found in a limited area. One lake measured a depth of 45 feet, another 88, another 110 and one 187 feet in depth. The water is "gyp" abounding in carp fish only.

TEMPLE OF TRUTH  
By the Apostle

Beg'in' around today and what do we hear? A smartalec says that when you see a man walking around with a cane when he ain't crippled, he's goofy in the bean. Now what did he mean?  
J. M. Acord won the free washin' polishin' and greasin' job at the Clarendon Motor Company this week. He'd got it anyhow or somehow, so they just let him have it in the draw. Who ever heard of a dairymen not gettin' by?  
Good times are just ahead. Just a few more days and spare ribs, backbones and country sausage will be coming in. By golly, there is nothing better than sausage when it's made right.

The Apostle is indebted to two wonderful neighbors for a Sunday dinner. Mrs. Eva Humphrey donated some hominy and a batch of the best kraut that ever hit the old family table. Our good neighbor who lives across the street and has for some ten years and we are still on speakin' terms, donated a guinea about three-fourths grown. Guinea beats prairie chicken except for name and we sure do thank these good women for being good-natured and sympathetic where sympathy is needed.

Our good friend T. W. Smith who predicted 50 cent wheat by November 1st can now do some crowing around. She's above 60 and still climbing which proves that he knows his wheat as well as mustard, turnips and spuds.  
Well the secret is out. Been wondering what in thunder they stuck that par-K in that narrow street for that runs up to the College every day. They have planted turnips and mustard up there. That's the first sensible thing that has been planted, and the thing ought to be moved before somebody gets killed but not until after the greens are pulled out.

Whenever the Goodwoman fixes up an extra good dinner, we know blamed well that a c. o. d. package is going to show up at the post-office.  
Well sir, the Apostle expected to be all skinned up by this time for telling the women they aught not to marry until they can support a husband, but they took it in good humor and the supporters are "bearing their burden with christian fortitude" as the preacher says.

Team work is a great thing. Both working and both saving, but when the woman has to do about all the work, well her husband ought to be places, and we know one of them.

LELIA LAKE  
SCHOOL NEWS

Press Club Organized

On October 31, 1931, the Lelia Lake High School decided to organize a school news paper. The purpose of this news paper is to instruct pupils about news papers and to train them to write articles for publication.

We hope that each one in the community is interested in our school work. We think through this paper, every one will know what we are doing in our school. Each pupil should profit not only by writing articles himself, but also by comparing his product with that of others, he will learn better English.

The following Press Club officers were elected:  
Effie Dean Bullard—Editor-in-chief.  
Leroy Leathers—Assistant Editor.

C. A. Thomasson—Boy's Athletic Reporter.  
Cynthia Mae Ellor—Girl's Athletic Reporter.  
Virginia Williams—Personal Reporter.  
Glady's Humbred—Senior Reporter.  
Mildred Tunnell—Junior Reporter.  
Marie Underwood—Sophomore Reporter.  
Mrs. W. V. Thomasson—Faculty Advisor.

**Lelia Lake Carnival**  
The carnival at the Lelia Lake High School Friday evening, October 30 was a howling success. There was a good attendance from this community and the surrounding ones.

Every booth was crowded and in some cases there was not enough material to last out the evening. Fishing seemed to be a favorite sport with both old and young. The prize fight and wrestling was such a drawing card that the auditorium had to be used to seat the crowd.

Everyone wanted his fortune told and this booth was a real attraction.

Then who doesn't want to visit Paradise? It seemed that there were not many, by the way they came pouring into this booth.

King Tut's Tomb gave everyone a creepy feeling; yet it wouldn't seem like Hallowe'en without a shock or two. We hope none of the many visitors had horrid dreams that night.

The circus is a never failing attraction. It always draws the crowd and this case was no exception.

Of course the two short plays were the principal events and the charges a little more but this could not be told by the number that attended them.

We are glad to report that Lelia Lake is back of all entertainments for the support of our school and thus our carnival proved to be a success both financially and socially. There was twenty-eight dollars taken in which will go for playground equipment.

**English Workers Club**

A Hallowe'en program was presented as follows:  
All members answered the roll call with a Hallowe'en custom.

**Hallowe'en Program in 8th Grade**  
The Eighth Grade English club met Oct. 29, 1931. The meeting began, James Bullard acting as president. After a short business session a Hallowe'en program was rendered as follows:

**The Better English Club**  
The Sixth grade organized an English club called The Better English Club. We have had several meetings but owing to cotton picking season most of the members have been absent. We hope to start in again soon and do better work. We also hope all the members will be back to join us.

The motto selected was "Mend your speech a little lest it mar your fortune." The club colors are blue and white. Each member has made a poster. The background was white with blue letters. In our next meeting we will select the best one for our club poster.

The purpose of this club is to speak better English. For president we elected Laird Reeves; vice-president and reporter, Laura Mae Gerner; secretary, Jane Williams.

There are 14 members in this club. Our sponsor is Miss Hill. The regular day for meetings is Friday. We meet every other week.

**Watch for Eighth Grade Play**

rection of Mr. Weatherly, is ready to begin practicing on their play "Diamonds" which will be presented sometime before Christmas. The proceeds of this play will go for playground equipment.

"A COMMON PAPER FOR COMMON PEOPLE"

**Legionist Will Stage Street Parade Before Ball Game**

All the business houses will be closed Wednesday in observance of Armistice Day according to Legion officials. This is the custom and this year will be no exception.

Gus B. Stevenson will have his band at the Band Stand at 1 p.m. and render some patriotic airs after which a parade will start on the street headed by the band, Legion men, Auxiliary ladies, ex-service men, and school children.

There will not be sufficient time for any speaking before the football game.

Several people are planning on going to Amarillo to her Josh Lee who is to speak Sunday night at the Municipal Auditorium. His subject will be "World Peace, or Taking the Profit Out of War."

Churches in Amarillo have agreed to dispense with services for this pre-Armistice Day program Sunday night. Mr. Lee is an outstanding orator of the Southwest and thousands are expected to hear him on this occasion.

**Son and Heir of McKnight School Principal**

Mr. and Mrs. R. F. Matthews announce the birth of a son, Jackie Ray, weight just 10½ pounds on Saturday, October 31st.

Mr. Matthews is the popular principal of the McKnight school. He and Mrs. Matthews have been making their home in Clarendon since the close of school for the cotton picking season. This is his second year as principal there.

Both of the youngster's parents are popular in that community where they have taken quite an interest in every movement for the benefit of the citizens with results that are pleasing to their many friends who will be glad to hear of the arrival of their first born. The Leader joins these good friends in wishing Jackie Ray all the pleasure to be had in life and a lot of usefulness thrown in for good measure.

**Fowler Home is Destroyed By Fire Friday Night**

The five room house owned and occupied by U. T. Fowler was practically destroyed by flames about midnight Friday night. This is the home long occupied by Mrs. Gatlin and children who disposed of it when she moved to Arizona some years ago.

Neighbors rushed in at the first sight of the fire and saved some of the furniture and household effects. The effects of Leslie Stevens stored in one room was saved from fire damage by the fire department. Though water soaked, Stevens' loss will not amount to a great sum. The Fowler family narrowly escaped suffocation when they were awakened by smoke to find the home in flames.

The fire is said to have originated from a gas stove in the bath room that was not installed according to regulations according to fire chief James Trent who inspected the wreck Saturday morning.

Miss Faye Freeman of Amarillo visited in the C. M. Lane home here Sunday.

**Father-Son Banquet Date November 16th**

While no definite plans for a program have been made to date, those in charge are expecting to secure Dr. Hill of Canyon as the principal speaker on banquet night. A number of other desirable features are under consideration which will be announced in the Leader next week.

O. C. Watson Jr., chairman of the arrangement committee and toastmaster was elected at the last banquet. Other members of the committee elected at that time to assist him are W. C. Stewart, Sam Braswell Sr., Elba Ballew, Clarence Whitlock.

Rev. L. O. Byles of Borger and Rev. and Mrs. Arlie Hunt of Eric, Okla. visited with Mr. and Mrs. R. H. Carver Sunday.

**Wake Up Your Liver Bile —Without Calomel**

**And You'll Jump Out of Bed in the Morning Rin' to Go**

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Rosent's substitute. 25c at all stores. © 1931, C. M. Co.
