H. D. MEMBERS HEAR OUTSIDERS IN NEW PROGRAM

Clarendon H. D. Club Has Interesting Session Friday Afternoon

At a meeting of the Clarendon Home Demonstration club held at the home of Mr. and Mrs. G. A. Anderson, some deviation was made from the regular program arrangement when a number of individual non-members were asked to speak on different phases of the program.

Mrs. C. A. Burton spoke on "contact" illustrating the points she wished to make in a most interesting manner.

Mrs. H. T. Burton was asked to speak on "parliamentary usage" and brought out a number of interesting phases in the discussion of the subject. She also replied to a number of questions in which the club members received much benefit.

Homer Mulkey spoke on the subject of "membership" emphasizing the importance of what the term means, and by reason of his personal experience as a member of civic and other organizations, was enabled to cover the subject in a very able manner.

R. H. Carver of the Department of Commerce of the public schools spoke on the subject of finance suggesting a budget plan and the importance of keeping records and making collections promptly.

J. C. Estlack was allotted the subject of "membership" and spoke of the importance of selective membership, the duties such membership entailed and the advantages to be gained by a membership in a demonstration club.

The hostess served cake, pie, sandwiches and coffee following the program period, and of a quality that emphasizes the results of practice and study in a club of this kind.

In addition to the speakers named above, ladies present were Mesdames J. H. Clark, M. T. Crabtree, J. A. Toomb, O. L. Fink, W. D. Van Eaton, L. A. Reavis, J. C. Estlack, J. D. Stocking, Ed Speed, A. H. Baker, H. J. Eddington, O. D. McDowell, Major Hudson, W. M. Spitzer, T. R. Brown, G. A. Anderson.

Luther Lawson, nephew of Mrs. J. J. Goldston, died at Lubbock suddenly from heart failure Sunday night. Mr. Lawson had visited here a number of times and is well and favorably known to a number of Donley county folks.

CHILDREN MUST ATTEND SCHOOL TO COMPLY WITH LAW

State Compulsory Attendance Law Specifies Term And Ages of Children

During the earlier part of the season, children are often kept out of school to help gather the crop. The Legislature in passing the compulsory attendance law took this into consideration and placed the minimum days of attendance at one hundred.

This permits the children of eight to fourteen, or those coming within the scope of the law, to attend the last one hundred days of the school term, but those between the ages of eight to fourteen, must attend school for a period of one hundred days during the school year.

The period of attendance is left up to the county school board, and it has been the custom in Donley county that parents may choose the last one hundred days of the session.

This compulsory law does not apply to children living more than two and a half miles from the nearest school by direct air line. Neither does it include deaf, dumb, blind or crippled children.

In other words, the law does not exact the impossible, but it is necessary that children attend school even for a short time to get as much value out of the tax dollar as possible.

BURIAL RITES

J. H. RUTHERFORD HELD TUESDAY

Former Sheriff Meets Death Almost Instantly in Auto Accident Sunday Night

About seven o'clock Sunday evening the almost lifeless body of Mr. Rutherford was found by Oscar Hill some five miles west of Claude on the highway. Mr. Hill living nearby, heard a crash and upon investigation found Mr. Rutherford badly injured and unconscious and his coupe a total wreck.

The injured man was taken to the Hill home and a physician called. He expired within a short time having received a broken back, broken ribs and a head injury and never regained consciousness after the wreck.

Indications showed that the coupe edged the bar pit for some distance, dropped into the pit and is then said to have turned over at least twice throwing Mr. Rutherford some twenty-five feet. His purse was thrown another direction and his watch still another.

The body was conveyed to Clarendon and funeral services held at the Baptist church here Tuesday with Rev. B. N. Shepherd in charge. The Masons had charge of the services at the grave. All business houses were closed and business men and individuals contributed a large wreath as a token of the esteem in which he was held.

Mr. Rutherford came to Clarendon more than thirty years ago engaging in the harness and saddle business until a few years ago. At the time of his death he was conducting a rooming house in the Connally building.

Since the death of W. J. Parsons several years ago, Mr. Rutherford had been secretary and treasurer of the Donley County Mutual insurance association.

Throughout his residence here, he was held in high esteem and his honesty was unquestioned. Of a sunny disposition, he readily made friends and no man in the county will be missed with more genuine regret than Jim Rutherford.

All of his children were present at the funeral service, and are Mrs. Jewel Hicks and Mrs. Rena Williams of El Paso, Mrs. Ruth Van Trease of Amarillo, Mrs. Minnie Butler of San Angelo, Nancy Rutherford of Dallas. His sons are Jack Rutherford of Amarillo and Bill Rutherford, a student in the College of Mines at El Paso.

Brothers who came were Will Rutherford of Tulia, Lib Rutherford of Plainview and Wayne Rutherford of Crosbyton.

Chamber of Commerce Elects Officers Wednesday

The Board of Directors of the Chamber of Commerce met in executive session at the City Hall Wednesday afternoon for the purpose of electing officers for the Board and to outline a plan for a membership drive to begin at once.

E. R. Andis was elected president, D. R. Davis vice president and G. L. Boykin was re-elected as secretary-manager.

A membership committee composed of Clyde J. Douglas, Bill Ray T. D. Nored and D. R. Davis will begin an active campaign for new members this week according to information given the Leader Wednesday.

High School Students Plan Practical Program

Pupils of the Home Economics department in charge of Miss Jimmie Morgan will prepare food furnished by the Agriculture class of G. L. Boykin in presenting the practical side of public school work and banquet at the College at 7 p.m. this Thursday evening.

The Aggie boys will have on display samples of their work for the inspection of the visitors and guests in addition to other interesting items on a mixed program.

Those who are expected to attend this exhibition of student skill are the School Board, Superintendent of Schools, representatives of both newspapers, students of both classes and their teachers.

PAY YOUR POLL TAX NOW

The writer has no intention whatever in this article to even remotely suggest how you shall vote on any measure or for whom you shall vote for any office. The purpose of this article is to insist that you pay your poll tax and vote with your class in the interest of your class to your own interests as you see it.

Any newspaper that does not have the interests of its readers at heart has no excuse for its existence. To refuse to use my publication in the interests of the citizens of Donley county, or to warn them of selfish interests seeking to impose upon them unjust burdens and further misery, is the basest ingratitude.

When you fail to pay your poll tax, you surrender your citizenship. If we do not qualify ourselves to protect our interests from corporate greed and scheming politicians that are gradually gaining control of our great state, we will have surrendered the gifts of our forefathers to a bunch of crooks who would deny you and your family and me and mine the right to own homes and live as respectable citizens.

We will be confronted with tax problems and bond issues galore this year. The state-wide bond issue will be one of the big issues. The homestead exemption amendment will be up for consideration. Officers from constable to president will be elected this year.

Neighbor, you owe it to the sacred memory of the heroes of the Alamo, Goliad and San Jacinto to use your ballot in a fight for the independence of the good citizens of Texas. You owe it to your nation to be a voter. You owe it to your wives and babies and you owe it to yourself to be a full-fledged citizen by making yourself a voter. Pay your poll tax now—today. The good citizens of Texas need your help now as never before. Money is scarce and times are hard but no harder than when men gave their lives upon the altar of Texas' sacred battle shrines. Can we afford to let a dollar and six bits separate us from the right that was given us blessed by the blood of such men as Crockett, Bonham, Bowie and Travis?

MacDowell Club to Present Program Tuesday Night

Members of the MacDowell club have arranged an interesting program for presentation at the College Auditorium Tuesday evening. The program is as follows: Junior High School chorus—Skating—Stultz.

Comrades of the Road—Tillotson. Italian Group—Eunice Johnson. (a) Dage at bas abell (b) Miscar lotta (c) Dabest afrand—T. A. Dally.

Chinese character dance—Veronine Vestoff—June McMurtry. Sheep and Goat—David Guilon—Miss Stroder.

Double Quartette—Neapolitan Nights—J. S. Zanecneh—Miss Anna Moores, Director.

Vasbender—Henschtecked—Von Boyle—Mrs. Stocking. Spanish Character Dance—L. Espana—Jo Ellen Kennedy.

Duo, Salut a' Pesth. March Honroise—H. Kowalski—Mrs. John M. Bass and Miss Fray Stallings. A colorful operetta in two acts—From old Japan—by W. Berwald. MacDowell Choral CClub.

Mrs. Geo. A. Reed of Stratford is visiting her mother, Mrs. L. Caraway who still is confined to her bed from illness. Her many friends will be glad to know that she is slowly improving.

CITIZEN VOTE SHOWS OPINIONS OF MANY VARY

Look For Ballot on Second Page And Bring or Send To Leader Office

Since announcing the "citizen vote" idea last week asking the folks to vote for the most useful citizen of Donley county during 1931, quite a number have voted and the selection covers a wide field.

However, the choices made to date include only men folks. This voting idea applies to the women as well as the men, and is not necessary to write on the ballot "why" you are making such selection.

Merely turn to page two of this issue of the Leader, fill out the blank and bring or mail it to the Leader. The winner will be announced next week. Make your own selection. Those already in, cover a number of trades and professions and even one county officer is getting quite a number of votes. Any citizen in the county is eligible to vote or receive the honors of being a candidate

Goldston Literary Society Met Monday Night

Monday night the Goldston Literary Society met in a regular business meeting. Due to the bad weather most of the program that had been planned had to be postponed to a later date. In the business meeting the Society voted to help on the expense of wiring the school house so the community would have lights at their public meetings. The Society instructed Mr. Gordon Gatewood to investigate the Traveling Library put out by the State Historical and Library Commission.

At the next meeting night which will be February 1st, the Society will present a Negro Minstrel as a part of the program. Also there will be readings and musical numbers.

The Society is working on a play entitled "Let Toby Do It" which they will put on some time in the near future.

This is a community organization with no dues or attachments of any kind. The whole community is invited to come and take part in the good times being had by the ones already in the society.

TREE PLANTING PROGRAM BEGINS HERE TUESDAY

All Donley County is Being Asked to Share in Memorial To First President

Nine different organizations were represented in a meeting held by the Conservation committee of the Washington Bi-Centennial committee in Mayor Cagle's office Tuesday afternoon late.

Several of the representatives from out of town which would indicate that all Donley county will be interested in the tree planting and general beautification plans that are to begin actively on February 22nd.

From all reports, Donley county at this time is taking the lead in the Panhandle. This is said to be due to the fact that Donley has greater possibilities and greater needs for the results that may be obtained from a careful and intensive campaign such as mapped out by this movement.

The Committee meeting Tuesday discussed trees and shrubbery as that particular portion of the program has been allotted that committee. Each one present was invited to present views and suggestions as to varieties and methods.

It also became known that citizens of this county may have a landscape artist for a short period without cost, and this plan was given due consideration, the exact date of his coming to be determined later.

The regular committee having supervision over the Washington Bi-Centennial plans met Monday afternoon and practically completed plans for the big day on February 22nd.

It is planned to have moving pictures, tree planting, music and military maneuvers on the streets in which the Legion members will head a parade led by the band.

Schools of the county are to be invited to share a part in the program and a prize of books will be given the school showing the greatest percent of attendance on this day, and the greatest distance traveled to get here.

The next regular meeting of the committee having general supervision will be held on Monday, February 1st. It is hoped that plans for the big celebration of Washington's birthdate will be completed on that date as a great deal of detail is being worked out at this time.

Domino Players to Break Loose Again

The stage is all set for another domino tournament in pairs, quintets and all other kind of 'tets' at the City Hall next Monday night.

This is the first time that the bone shovers have dared come out of their shell since George C. Jones cleaned up on the bunch several months back.

A silver loving cup will be given the winner, or winners, if a team wins Monday night if they don't conclude to have several sessions. This club has a high sounding English name taken from a history of a Lordship of some description that is calculated to add no little dignity to what some folks would regard as little consequence, and which some of the wives regard as a positive nuisance.

W. T. Youree Dies Suddenly Monday Morning

Although in bad health for several months, the sudden death of Mr. Youree of Hedley came as a shock Monday morning. He had gone to see about some working being done on one of his farms, and it was there that he was suddenly stricken and died before relief could be had.

Mr. Youree came to Donley county over thirty years ago and has been a prominent stock-farmer all these years near Hedley where he looked after his large farming interests until his death.

He was a member of the Baptist church and of the Masonic order, the last rites being in charge of the Masons at Hedley Wednesday.

FIRST FARMER TO ANNOUNCE FOR DISTRICT OFFICE

John E. Puryear Announces For Representative From This District

John Puryear of Collingsworth county authorizes the Leader to announce his candidacy for the office of representative of the 122nd district of which Donley county is a part.

He has been stock-farming in his home county for the past 28 years, coming to that section in 1903 following his graduation from the East Texas Normal College at Commerce, Texas.

He is a successful farmer owning one of the best farms on the Mangum highway east of Wellington where he plies his profession of general stock farming. He keeps up with governmental affairs and in discussing present day topics Wednesday, showed himself to be thoroughly conversant with the needs of the people, and especially the producer.

He favors tax reduction wherever possible and mentioned a number of laws recently passed that were discriminatory as against the farming class of people. Being a farmer himself, he naturally keeps up with that phase of government. In discussing other topics, he said:

"I am a firm believer in education and will not lend any hand toward lowering school standards in any respect—in fact I believe school standards should be raised when and where possible. However, I do not believe this will have to be done at the expense of the tax payers because taxes are plenty high as they are. I believe economies can be effected in most schools thereby raising the standards at no increase in cost and in many instances I believe costs to the taxpayer can be lowered.

"I will certainly appreciate the vote and influence of all my friends and neighbors in this district. If you see fit to put me in this office I give you my word that I will work faithfully to your best interests at all times, and if at any time you have a legislative move of any kind you are interested in, I will be glad to go into the matter with you."

Friends of Mr. Puryear state that since the farmers and stockmen have been wanting one of their number to look after their interests down at Austin, they have a good chance of getting the right man in the person of Mr. Puryear. He expects to make a thorough canvass of the district and present his claims.

TOM CONNALLY IS GIVEN CREDIT FOR BANQUET SUCCESS

Had The Cooperation of Many In Making Community Party Best in History

When plans for the Community Banquet were in the making, Mr. Tom F. Connally was delegated sole authority and responsibility for the success of the affair. He planned to have something "different" start to finish. He wished to push the younger men to the front—and did.

Just how well he succeeded is attested to by the praises of his friends, neighbors and visitors Thursday night.

Holman Kennedy as toastmaster was a "knockout" exceeding even the fondest wishes and expectations.

Phifer Estlack as the first speaker using the subject "my home town and my obligations to it" went over big. The young man left nothing untold that might interest, though in a limited time was forced to briefly mention many important matters that he stated he would have brought out under more favorable circumstances.

Preference.

I'd rather have a peanut stand and it paid for than a department store and owe for it.

Foolish Fancies.

Anyway, the men quit talking about the foolish fads of women after peeve golf was invented.

Holy Horrors!

The mayor of Greenup, Kentucky has reduced his yearly salary of \$75 fifty percent.

Delay.

The Denver road was built through this country in 1888 and is just now learning how to give the public service they expected 44 years ago.

Investment.

A scientist says that dynamite at 350 degrees will explode if a dime is dropped upon it. If we had a dime, we could think of more sensible things to do with it.

Entertainment.

How many of your neighbors drop in to borrow the weekly collection of circular letters, handbills, etc. that the user thinks is as effective advertising as the Leader?

Peevish.

A Boston man threw his landlady from a second story window the third time when she called for the rent. The last time she got peeved and had him arrested.

Garden Time.

And nothing else! Now is the time to spread the fertilizer and plow the wife's garden. Our affection for the garden and desire to dig in the ground is ingrained into our system like bootleg likker and nicotine in the hill-billy.

False Alarm.

Red Devils appearing in a 'scare' headline of a Russell, Kentucky paper has no reference to Communists whatever. That is merely the name of their football team, and they appear to be about as aggressive as the reddest red.

Too Much Trust.

The biggest trust on earth is the country weekly newspaper, says a Georgia editor. It trusts everybody, gets cussed for trusting, mistrusted for cussing, and if it bursts from trusting gets cussed for bursting. There is but one way to burst this trust—pay your subscription.

Thanks, Gentlemen.

Citizens of Clarendon the past week were pleased to note that street dragging had been resumed to some extent. Folks who live in town appreciate smooth streets, and besides we get tired of the country folks kicking about our rough streets when they come in off the smooth country roads.

Fossilized.

Some are so narrow that when they find a person of a different viewpoint, they proceed to hate them the balance of their days. On the other hand, the narrowest fellow is the first to shout "intolerance." In fact, broad-minded people are tolerant of the ideas of others regardless of the subject under consideration.

Legal Tender.

Well, well. Here's the Van Buren county, Arkansas Democrat publisher complaining that his folks are bringing in too much lasses to apply on subscription. Now down here in Texas, that Arkansas sorghum would find plenty of demand. And to cap it all, this publisher's name is C. B. Oldham, and old hams are also in demand down

here. It may require both to get out a good paper such as we find the Democrat to be.

Paupers.

Paupers are of many kinds, but the intellectual pauper appears to be the worst of the lot. Some months back we rode a train across six states and returned with the same crowd on a special.

We saw the same crowd play cards and "42" over the entire trip without admiring any of God's scenery. We actually felt sorry for those fellows as that crack train sped through the Ozarks, and wondered if God was disgusted at being unable to interest them with some of his most wonderful creations.

In Ft. Worth.

J. E. Williams of Ft. Worth will close his place of business at night to avoid another robbery after being held up five times in as many weeks. He operates an auto accessory shop at 1315 Commerce St.

There you have it! We up here in Donley county don't know how to appreciate the fact that we are practically exempt from such lawlessness. This is due to law enforcement officers who know how and are willing to do their duty. Citizens backing up these same peace officers have played an important part too.

Prohibition Ills.

A Wisconsin man of wide reputation has been making the rounds of his state telling the folks that prohibition was causing their depression. All went well until it became known last week that Milwaukee was the only town in the Nation of its size with a surplus of tax money, the schools having over four million dollars to its credit at this time.

It was also recalled that before the war, the city was hard put to operate her schools on account of a shortage of funds due to low assessments, low tax rates and non-payment of taxes in the main. England and other nations have saloons and depressions. Nope we've got to find some other excuse if we make it stand up.

Banks Did It.

Last year when spring opened, the government loaned farmers in the Dakotas money for "pitching" their crops. Today they are losing their farms because they can't repay the loans with crops eaten by grasshoppers.

In Donley county, the banks chose to help the farmers to help themselves, working with them through the season. Our people were encouraged to do something rather than look to the government for help that never comes.

This arrangement got the job done. Farmers have plenty of feed. Cellars and pantries have a generous supply of canned products. Our folks have more chickens, hogs and cows. Some needed no suggestion, but some did and have profited because the banks refused loans where the individual did not see fit to get on a more sensible basis of operations.

The same plan will be followed this season except on a more extensive scale. County agents will again cooperate and merchants and business men will enter into the spirit with more zest because they have seen the plan work out successfully.

Teacher Salaries.

School teachers of Houston have accepted a salary cut of 10 percent. The public is gradually working in to a frenzy about the high salaries of school teachers without considering anything except the salary

question. School teachers of today must belong to an association, subscribe to reading courses, attend teacher meetings, dress well, pay debts promptly, be able to supply all talent that is lacking in the community and a lot of other things outside of school hours.

Rural teachers have a harder time than those in town. In addition to the above requirements of a town or city teacher, the male rural teacher is supposed to do carpenter work, doctor live stock and fill the position of a county agent when called upon. If he can't get away with these side issues, he's too blamed dumb in the estimation of his patrons, to hold a teacher's job and is forced to take a back seat.

Rural female teachers outside of school hours are expected to entertain the women folks, direct basketball, sing on occasion, take a lead in church work in the strongest denomination of that community whether it is her choice of church or not, impart the latest fashion styles, sew, nurse, and some even have to make lye soap.

Some teachers put in their hardest days on Sunday functioning at church or in church society. He or she may have had a hard week at school with the night ball game coaching and umpiring that is often required of them in addition to their regular school duties of eight hours.

Teachers are entitled to take a discount in salary based on eight hours of work five days in the week, if the frills and foolishness is excluded. Teachers, least of all, are in a position to remedy matters without losing their jobs. When the public gets back on a school basis of practical common sense, perhaps the teachers will be redeemed from a peonage condition and own their own souls, and will be more than willing to work for far less than what they are now getting in vouchers—cash went the way of the teacher's liberty.

Federal Commission Warns

In its effort to protect the public against the fraudulent and objectionable, the Federal Trade Commission has issued a bulletin warning newspapers against the following classes of advertising:

- Patent medicines for incurable diseases.
- Appliances for the correction and cure of bodily deformities.
- Anti-fat remedies.
- Hair restorers.
- Obscene advertisements that are based on so-called "sex-appeal."
- Medicines and appliances relating to various sexual subjects.
- Lotions, creams and various toilet preparations, promising impossible improvement in personal appearance.
- So-called puzzle advertisements that offer as "bait" automobiles and other valuable inducements.
- Advertisements soliciting manuscripts and articles on which a patent may be obtained.
- Various schools that hold out false and fraudulent promises as to their courses and employment upon completion.
- Lottery schemes disguised in almost countless ways.
- Matrimonial advertisements.

Wake Up Your Liver Bile
—Without Calomel
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. See at all stores. ©1931, C. M. Co.

Del Rio Man is Southwest's Cactus King For Sure

Fending pleasure and expecting to encounter profit from the adventure, H. C. Crawford has become the cactus king of Del Rio and soon expects to become the cactus king of the entire Southwest.

Crawford has 2000 cactus plants in all their weird shapes and colors for adornment on his place, and expects to have around 20,000 plants on display within a very short time. He hoped to leave Del Rio Thursday or Friday for El Paso to bring back 4,000 plants to be added to his rapidly growing cactus beds.

Flaming Colors

"They are a beautiful formation although people are just beginning to realize it," Crawford said. "For ages they have been the ruling color of the desert. Their flaming colors, violent reds, sharp violets soft pinks, tender yellows, tiny whites and mellow goldens, are as pretty as one could hope to see. And when one has a variety of cactus in one's garden, colors of rainbow are present during the season in which they bloom. So one cactus bloom at night and close up at dawn; others at dawn and close when the sun hits them; others bloom through the day and still others open and bloom only during twilight, then close as soon as the moon arises."

Crawford has species of cactus from south Mexico, Argentine, the West Indies, Arizona, Cuba, New Mexico, all over Texas and has one type of cactus out of Mexico he has been unable to identify. "Nor has anyone else classified it," he added.

Tries Grafting
Although many cactus plants he

has in his garden "look the same" at first glance, a closer scrutiny shows the difference between the waves of the thorn and the shade of varying colors or tints which sets them apart.

As he builds up his garden, Crawford is experimenting with grafting. He has started the tiny, round pencil cactus growing out of the prickly pear pad leaf and has other tests underway which are, he asserts, showing splendid indication of developing a brand new series of cactus.

There are over 200 different varieties of cactus and Crawford hopes to have them all represented in his garden.

At present he has hundreds of Texas silver tips, many of which are in rich bloom. He has one cactus weighing over 150 pounds. It was crated and hauled in from the Alpine country. He has another cactus weighing over 100 pounds and in one rock he has around 15 different species of cactus growing.

Guy Smith is again at home after an extended trip of several months over the northwestern states.

THE PROGRESSIVE ACTIONARY

One Luke recites a very interesting story to the effect that there was a certain man who had two sons. Now the elder of these sons was a reactionary and did not amount to anything. We care nothing for him. He simply stayed at home and attended to his business and that of his daddy. The younger son was a progressive and an actionary, and a hero. He walked right up to his dad and said: "Father, give me the portion of goods that falleth to me." The old man whacked up with the boys. The younger one, our hero, went on a journey and did business with his substance, and became a self-made man.

With an empty belly he landed up against hog hushks with a keen appetite; but he did not get any.

Now the old man was reactionary likewise, else our hero would have been born unto hog hushks instead of finding them for himself. Give us progressive, actionaries, debt makers and wasters. They put money in circulation. Down with reactionaries.

ELECTRIC COOKERY

frees you from your kitchen!

FROM 1,500 to 2,000 hours annually, approximately one-fourth of the average Home-manager's time, are spent in the kitchen—cooking, preparing meals, washing dishes and tidying up.

An amazing figure? Yes, but there's an easy and modern way to transform many of these working hours into leisure hours!

Electric Cookery is the magic wand with which to effect this transformation, for with Electric Cookery you can prepare your meals at any convenient time, place them in the oven, set the automatic Time and Temperature Controls, and forget them! The cooking is done automatically, far better than by old-fashioned methods, and your meals are ready to serve, perfectly and deliciously cooked, at just the proper time! And because electric heat is clean, time spent in washing and scouring blackened pots and pans is eliminated. Save a large number of those wasted hours—install a modern Electric Range!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

TEMPLE OF TRUTH
By the Apostle

Tad burnt! Folks we are all het up. Texas is full of poor devils who can't pay poll tax and buy bread at the same time. And they know that if they don't pay poll tax, the enemy will saddle a state-wide bond issue off on us this year that will keep us paying the balance of our days, and even our children will be paying and the grandchildren will pay on 'em and cuss grandpa for being a fool.

These poor devils have been squeezed, high-jacked, swindled, mooched, crooked, humbugged, flimflammed, buccooed, railroaded, bamboozled, hornsawgagged and now they are hoodooed.

We've heard a lot about near East relief and some about west relief, but what we need right now is home relief and that can't be brought about until the people go to the polls and raise the dickens with the bunch of crooked cut-throats who have been robbing us. Pay your poll tax, and pay it now.

Frank White Jr. of the Clarendon Hatchery gets the free wash, grease and polish job at the Clarendon Motor company this week. Mighty few things are free, but this is one thing that is, and the jobs are turned out second to none.

Do some cars stall simply because an installment is past due?

One of Donley county's best farmers was in to see me today and spoke of having taken particular pains to produce a choice meat hog under 200 pounds. He knows hogs, or at least he convinced us of that fact after he explained his method. The best part of his story was that he came in to advertise his hogs. Kill 'em and deliver them all dressed up for 7 1/2 cents a pound. His phone number is 931-K. If you want a fresh hog ready to cook, call him about it.

Speaking of hogs, the Apostle recently came into possession of a country-bred ham that weighed around 30 pounds. The first thing we did was to call a council of war and warn the goodwoman and the kids that cooked ham eating could be overdone. This was to save the ham. The Apostle put it over because they still claim it smells good and we have been using it in a mixture with eggs every morning about five pounds at a whack. Sure they will get a chance at it later after we test out any possible bad after effects, but we are taking no chances with the family health.

Besides ham, we are also strong for lower taxes and cheaper half soles.

We got a new fangled "thing-magig" that makes the radio bring in all the stations through the day and when a woman started out on Mekowski's arrangement of Opus 8, we switched to Hopkinsville down in old Kentucky and listened to a man sing "ridin' a hump-backed mule."

Most women's handkerchiefs are made for show instead of blow.

If the people of Texas want a law exempting homesteads and homes (up to a \$3,000 valuation) from taxation, they had better pay their poll taxes now. We get a vote on that amendment in November. This is the greatest year in all history for the working class of folks to stage a comeback with their ballots. On the other hand, there never was before such a crowd of scalawags and crooks all set to run for office as this year, and we will need these poll taxes paid so that we can romp on that class. Pay your poll tax now if you have to go on a diet of one meal a day. It means that we must escape being on a par with a Mexican peon. They've just about got us as it is, and this is the last chance.

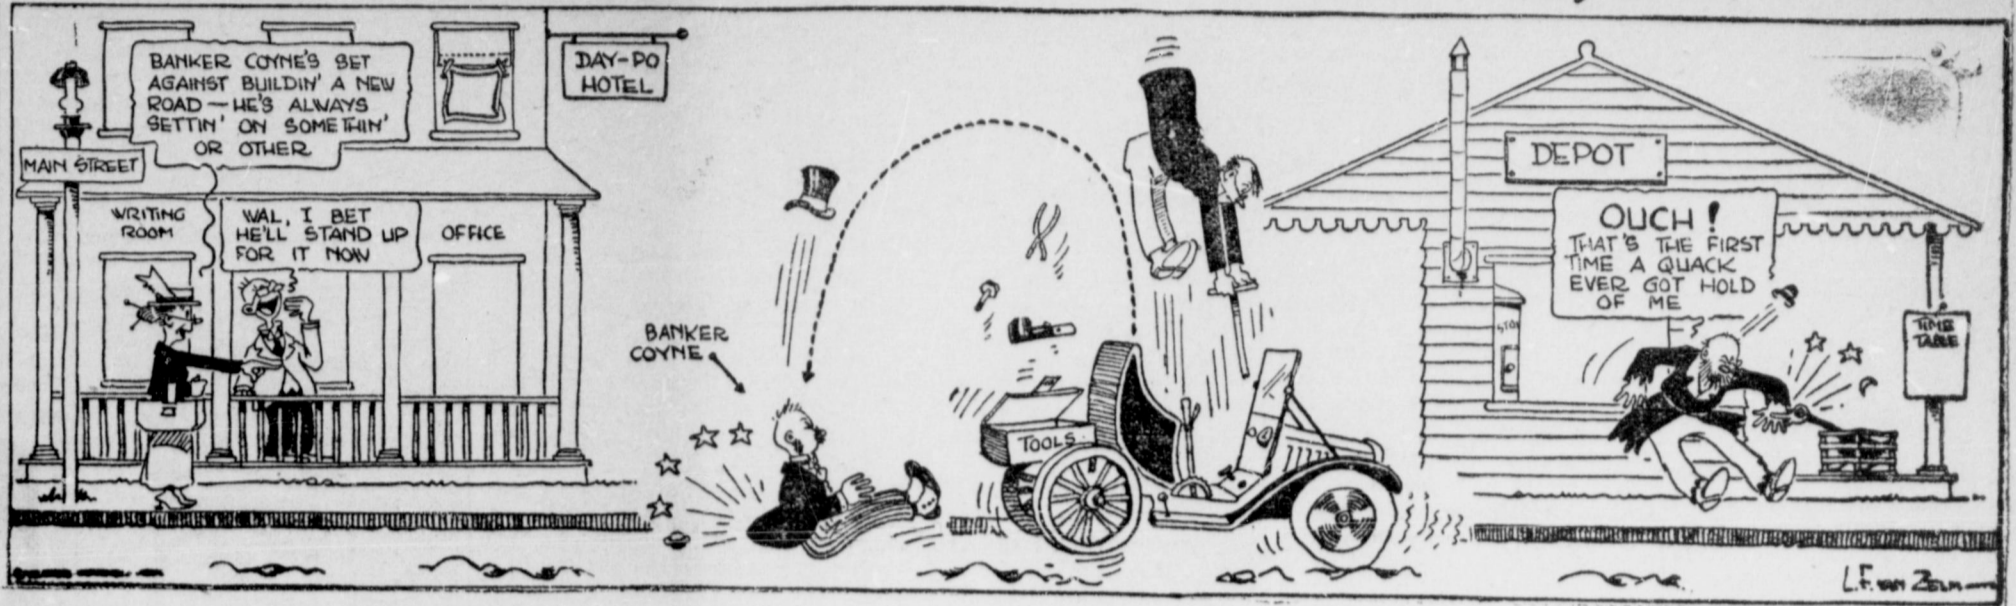

Mrs. A. M. Lanham is due all the thanks for the sweet pone cornbread recipe printed last week. She lives east of town in the Sunnyview community, and is a member of the lost tribe. We mean by that, she is one of those kindly old souls who wants to do all the good she can any way she can, and is a most loveable character. (If she sees this, the lady is scarce 40.) Look at the figures following your name on your paper this week. If it does not read '32', you are getting behind. If you are short on cash, bring in 5 dozen eggs and

pay up. We'll allow you 30 cents a dozen on the eggs because you ought to be getting that in cash for them. Alright, bring on the eggs. No foolin', we don't like 'em after they pip.

A young strut from this town stopped at a hot dog joint in the edge of Amarillo Saturday and asked for "ten hardboiled eggs to take out." You'll have to wait until after midnight" the waiter girl said "because Marnie and me get loose from 12 to 6.

A Jack county woman boasting about her man's fighting ability said that the doctor had to take ten stitches after his last battle. "Huh," said her neighbor. "After me old man was brought home Sunday, the doctor looked him over and asked if any one had a sewing machine."

A Morgan county, Missouri farmer lived within 17 miles of the county seat 73 years without seeing it. That may sound like a record, but its nothing as compared to the Jack county woman who lived within 3 miles of Chico for 84 years and always had a curiosity to know what a postoffice looked like. They stay at home and attend to their own business down in that peaceful climate.

The Nowata (Kla.) Star carries an ad for a man who says he has seven children ranging in age from 18 months to 19 years and wants a housekeeper. He ads further encouragement by saying that if the party is a hard worker, he may marry her. Perhaps he is looking for a mule to take the place of some poor over-worked soul who could only find relief in death.

The most misleading statement we ever read in a paper was in the Porter, Okla. News when they stated that the town staged a "hard times" supper at which they served pork ribs, lackbone, turnips cornbread, dried apple pie, greens, pig's feet, etc.

They don't know what hard times are! While living out a New Mexico homestead, we had nothing but rabbit to eat. We fed 'em to our bunch of helpless children three times a day. In fact they ate so much of it that ever time a stray dog showed up, the kids would run under the floor.

Let's be a little more fair with our women folks this year and start their garden a little earlier than last year. We expect them to can and work the garden, but we ought to show them how to haul the fertilizer and plow it, and it ought to be done right now.

The fact that a lot of divorced folks remarry as soon as possible convinces us that our tribe still likes a fight despite all this peace talk.

Down in Arkansas a man was tried for assault and battery before the local J. P. The state produced as evidence the weapons used—a rail, a gun, saw and rifle. The defendant's counsel exhibited as the other man's weapons a scythe blade, pitchfork, pistol, dog, razor and a hoe. After being out several hours, the jury returned a verdict: "we the jury would give a dollar any time to see a fight like this."

GOD'S NEARNESS

By Clarence E. Flynn
God speaks from the lily,
He blooms in the rose.
He shows His grace and beauty
In every wind that blows.
He dwells within the sunset,
He whispers on the sea,
He smiles in stars clear-shining,
He's very near to me.
I find Him in the glory
Of every rising dawn;
I meet Him in the twilight,
Where'er the day is gone.
The azure of the heavens,
The vastness of the sea,
Proclaim His power and glory,
He's very near to me.

Like Cabbage?

The fellow who said cabbages and kings should have made it would have if he had met this young lady, who is Miss Freeda Harding of McAllen, Texas. And the 30-pound cabbage was grown on a truck farm near McAllen, in the Lower Rio Grande Valley. It's the kind of a cabbage that helps make up a ton in a hurry.

"I've been CHASING YOU 12 miles...."

to tell You You've Lost Your Oil"

Two cars raced along the highway east of Abilene, Texas. The second driver finally overtook the leader and signaled to stop.

"I've been chasing you twelve miles to tell you you've lost your oil," he called to J. W. Bell. Mr. Bell found that a rock in the road had knocked a hole in the crankcase, allowing the Conoco Germ Processed Oil to drain out.

But examination of the motor showed no damage done. The "Hidden Quart" had protected the motor!

Only Conoco Germ Processed Oil offers the extra protection of the "Hidden Quart" that

stays up in your motor and never drains away.

Only Germ Processed Oil actually penetrates and combines with metal surfaces.

You need that extra protection during the starting period, when almost half your motor wear occurs. Oils not Germ Processed drain away, leaving parts unprotected. Germ Processed Oil stays on the job to cut down starting wear, giving your motor longer life, with fewer repair bills. It is the safest, surest lubrication you can buy.

Change to Germ Processed Oil now at the sign of the Conoco Red Triangle.

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

BALLEW-COLE

The marriage of Miss Anna B. Cole and Donald G. Ballew was consummated at Hillis Sunday afternoon with Rev. Webb, pastor of the Baptist church officiating.

The bride is a daughter of Mr. and Mrs. N. B. Cole of this city, is a graduate of our public schools, attended college here and at Canyon. She has been teaching school the past two years and is at present teaching at Hickman.

The bridegroom is a son of Mr. and Mrs. L. Ballew, has spent his life in this community and is one of Donley's most successful farmers. Their marriage unites two of the leading families of our section, as most worthy young people who have the happy faculty of depending upon themselves to make a success of their undertakings.

They will reside here and Mrs. Ballew will continue her school term at Hickman, after which they will reside on the Ballew farm south of town where their many friends wish them every success that may come to the deserving young couple held in highest esteem by all who know them.

OUR DUTY IN THE WORLD

Europe is a god deal like the fellow who can't pay his grocery bill because of the upkeep on his car. -American Lumberman

Pretty good simile. We loaned Europe billions of dollars, then sent our boys, two million of them, to help win the war-without which they'd have lost it. For thirteen years they've been spending all they could rake and scrape to keep themselves prepared for another war, and want us to cancel what they owe us. Instead, we should demand immediate payment, unless they will do away with three-fourths of their standing armies and armaments at once. Then, of course, we should do the same thing. If all nations will disarm, there'll be no more war. --Kyle News

Roy Beverly Announces For Re-Election as Com.

The Leader is authorized to announce the name of Roy Beverly for re-election to the office of Commissioner of Precinct No. 2

Mr. Beverly states that he has done his very best to serve the people and will appreciate a second term of office based on his record. He wants to thank the voters of this precinct for the support received in the past and if re-elected, pledges himself to a sane, economic administration.

A. H. Baker Making Race For Same Office

Few men holding any office in Donley county has continued to make friends as has A. H. Baker, district clerk. His eagerness to serve the public in an impartial and fair manner, and the efficient manner in which he has handled the affairs of his office, his courteous attention to duty at all times, has placed him in the front ranks as one of Donley's most faithful public servants.

He enters the race for re-election to the office of District Clerk asking the consideration of the voters based on past service records only. His is an office that requires skill, patience and technical detail. Those whom he has served in the past vouch for his ability in these respects most.

He wishes to express his appreciation of the many courtesies extended him, the confidence imposed in him, and asks the consideration of every voter in making out his 1932 ballot

NAYLOR

Rev. Charley Williams filled both appointments here Sunday, and just to show their appreciation, the folks gave him a pounding.

Miss Latrice Scott spent the week in Clarendon with her sister, Mrs. Ray Hefner.

T. E. Naylor, Mrs. Fanny Naylor and daughters, Mr. and Mrs. Rich Bowlin, W. M. Pickering and A. O. Hefner attended the funeral held for Mr. Rutherford Tuesday.

Mr. Pickering is trucking cotton to the gin for the Spade Flat farmers.

Mr. and Mrs. A. E. Tidrow visited in the Byron Alexander home at Memphis Sat.

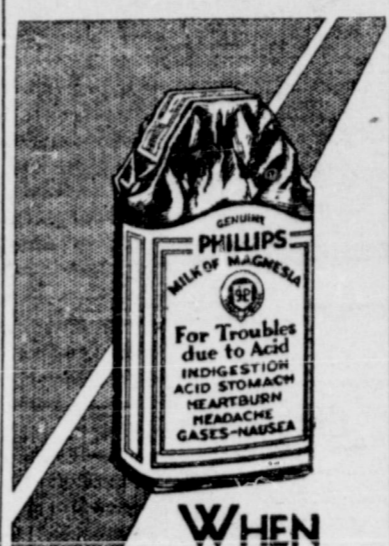

Mr. and Mrs. Rich Bowlin spent Sunday with Mr. and Mrs. H. L. Whitfield at Hedley.

Quite a number of the Naylor folks attended the funeral of Mr. Youree at Hedley Wednesday.

Camp Fire Girls Receive Honors of Merit

A meeting of the troops of Camp Fire Girls was held at the College Wednesday afternoon and beads of honor were bestowed upon those meeting the requirements.

These honor beads have been merited since the camp period last summer. The Camp Fire Girls of Clarendon have an enviable record of industry, and own their own camp home near the country Club

WHEN FOOD SOURS

ABOUT two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia--just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle--any drug store. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth.

A. N. Wood Announces For Office Tax Collector

The Leader is authorized to announce Mr. Wood as being a candidate for the office of Tax Collector of Donley county subject to the action of the Democratic primary in July.

This is the only office he has asked for, having been in the race for the same office two years ago. Having resided in the county for 25 years, and having been in business at Hedley and Clarendon the greater part of the time, he feels that he is to well known to make any lengthy statement at this time but will appreciate the consideration of every voter in the county,

and if elected, will faithfully discharge the duties of the office to the very best of his ability.

Federated Clubs Announce Meeting Saturday

The Leader is requested by the Vice President to announce a meeting of the Federated Clubs for Saturday afternoon from 3 to 4, the meeting to be held in the Club Room.

Mrs. H. N. Van Trease of Amarillo and Mrs. George Butler of San Angelo, are visiting friends in Clarendon this week. Both ladies are daughters of the late Mr. Rutherford.

Large advertisement for English Assessment Associations Are Centuries Old. It is sometimes claimed that mutual assessment-as-needed companies are not old enough to have proven their stability and permanence. For the information of those interested, we show the following list of mutual aid associations still in active operation, with dates of their organization taken from the records of the Chief Registrar of Parliament in England, which was ordered by the House of Commons in 1928. Table with columns: Name of Company, Date, Age 1928. The above are only a few of the many similar associations reported as organized before the present century, and constituting a total membership of over 7,000,000; one alone having an enrollment of over 865,000; another 372,000 members; the oldest having existed more than 760 years without a defalcation. THE PEOPLES MUTUAL is now firmly established under this graded assessment as needed plan, with ALL of its members in the same Combined Class. We are ready to have you join us in carrying our life insurance protection at the actual death rate cost. Under this plan a member cannot finally have paid any more than what the death rate cost has proven to be, --as all excess surplus must be returned from time to time in the form of "skipped Assessments." In other words, if no assessment is needed for paying off death claims none will be made. THE PEOPLES MUTUAL is chartered by the state and is under the direct supervision of the State Department of Insurance. See us for reliable protection. The Peoples Mutual Clarendon, Texas

NEWS OF THE WEEK

few days with relatives in Clarendon. She and children has the sympathy of the entire community in their loss of a good companion and father.

Ashtola senior boys and the Chamberlain team played a good game of basketball on the home court Friday resulting in a score of 10 and 12 in favor of the visitors.

Here is one of Mark Twain's puzzles. Can you solve it? I married a widow with a grown daughter. My father fell in love with my step daughter and married her, thus becoming my son-in-law, and my step daughter became my mother, because she was my father's wife. My wife gave birth to a son, which was of course father's brother-in-law, and my uncle for he was the brother of my step-mother. My father's wife became the mother of a son, he was of course my brother and also my grandchild, for he was the son of my daughter. Accordingly my wife was my grandmother because she was my mother's mother. I was my wife's husband and grandchild at the same time, and as the husband of a person's grandmother is his grandfather, I am my own Grandfather.

H. B. Rhodes and family of Goldston were weekend visitors in the Millsap home.

Did you read Judge Cole's scathing denunciation of Hoover in last week's Leader? If you did not, better look up the paper and read it, for the argument is as full of truth as an egg is of meat. The people everywhere are wise to little Herb, and after the November election he will look like he had been run through an old fashioned thrashing machine.

W. A. Hughes says he has the fellow skinned a city block who tried to choke his dog to death on butter, for he had a three hundred pound porker that turned up his toes for trying to swallow an un-masticated sweet potato, well some animals will just be a hog. We would not have been greedy if that sweet 'mom had been pitched out our way.

Mr. R. P. Wilson of Weelesa, Okla. is attending to business here and visiting in the Hughes home.

Mrs. Hott of Clarendon is eating sausage and brown gravy this week in the home of her son Owen.

Mrs. S. L. Tidwell of Clarendon is spending a few days in the home of her parents, Mr. and Mrs. J. H. Duckett.

Mrs. Turner Kirby of Jericho is visiting her parents at Lubbock.

Longley Opens Tire Business At Wellington

After operating the mail line from Clarendon to Silverton for some time, Cecil A. Longley sought a more sedate life and protection from bog holes and other trouble by opening a tire store in Wellington this past week.

He started off with a full line of Federal tires and told the world about it through his local paper by using a page ad space. His many

friends here will be glad to learn that he is well pleased with his opening and expects to make Wellington the family home in the future.

Mrs. Bill Price and Mrs. James Patman returned to their home at Pleasanton, Kansas Wednesday after a visit with home folks since the Holidays.

Mrs. Tom Bevanney of Sayre Oklahoma is a guest of Miss Lorraine Patrick this week.

Press Club Meeting

At the last meeting of the Press club we decided that we would pass the job of editor around, that is, we would have a new editor each week.

The old officers will still retain their positions, but we are passing the editorship among the students so that each one will share the responsibility and at the same time learn how to handle the newspaper.

Le Roy Leathers will edit the paper next week.

Students in Jail ???

The Lelia Lake Civics class went to Clarendon Wednesday, January 13.

We arrived about 9:30 o'clock and were taken to jail. We saw the prisoners, how they had to live, and what a small place they had to live in. The women's quarters were about 6 1/2 feet high and 8x10 feet in size. When all the Civics class was in this part, they were locked up by Mr. Emerson. When the seniors were let out, they were taken to a still that had been captured, and were told how it worked. We went into the courthouse and Mrs. Smith showed us the records. We were shown the records of the marriages and of the deaths; also of the tax record that showed what each person had; how much taxes they paid, and how much they owed. The most interesting of the records was of the cattle brands. It showed the brand that each person owned. The brand records were from about 1870 to now.

When we left this department, we listened to the trial between Mr. Wells and Mr. Eynum. This was both interesting and funny. The civics class left after about five witnesses were questioned as it was noon.

Chapel Program

The Fourth grade directed by Miss Hill put on Chapel program Friday, a. m. 15, 1932. The program was enjoyed by all. The program was announced by Melba Bullard as follows:

Two songs by the class—
Johnny Jump-up
On the Woodlands

A reading—"The Turtle and Squirrel" by Jessi J. Tomlinson.

A play—"Grandma's Garden"

A nature story—At the Chickadee Cafeteria—Local radio artists

The most interesting thing on program was the little play. Johnnie Leathery played the bunny's part. He looked very cunning, dressed as a bunny. Mary A. Ne Cook played the part of Grandmother. She was dressed like a grandmother too. The flowers also had sweet voices which made it more interesting.

Miss Garland's class will put on Chapel next week.

Junior Tournament at McLean

The Junior basketball boys of Lelia Lake journeyed to McLean last Friday and Saturday to enter the tournament there.

The people there were kind enough to furnish us our beds Friday night and breakfast Saturday morning.

Saturday morning at 9:50 o'clock we played Skelletown. Although we were defeated, we enjoyed the trip very much. The score was 9 and 12.

The ones who went were coach Waldron, James Bullard, Harold McDaniel, D. W. Tomlinson, J. T. Floyd, Noble Eddins, Morris Finch, and Mr. and Mrs. W. V. Thomasson.

Synopated Ramblings

by the Supt.
On Saturday morning January 9, this scribe and his better three fourths motored to McLean to attend the Junior boys and girls basketball tournament at that place. We were entertained in the home of Superintendent G. C. Boswell and wife where we were served a splendid dinner.

We felt quite at home at McLean since Mr. Boswell might be called our "Pop" in so far as school teaching is concerned, since I spent my first two years teaching under his supervision at Byers, Texas. It was while at Byers that I took on my better three-fourths. Here she taught primary the second year I was there.

There were other familiar faces there; Mr. Garrison Rush who was the official referee for the tournament was an old pupil of mine, so was Miss Vera Cummings. Mr. Rush teaches in the McLean High school and has charge of the boy's athletics. Miss Cummings teaches in the Grammar school and coaches a junior girl basketball team, and she does an excellent job of it too. We very much enjoyed our stay at McLean and our boys and their coach say the same thing.

Just A Little Reminiscing

In reviewing the recent basketball games at McLean my mind wandered back to something less than fifty years ago when as a pupil in a two teacher school in the Rocky Mountains of the Abilene country, I decided to begin to play basketball. We had a young chap who had attended a famous academy in that part of the state. His ambition was great even though his salary was only \$65 a month for seven months as principal of that two teacher school.

The trustees learned that we were to organize a ball team; so early one morning they greeted us in a business session at which time they laid down the rules and regulations as to the kinds of suits we should wear. I very clearly remember that we were to have sweaters with long sleeves, and high necks. Our trousers were to be of knee length with "bell bottoms" turned under at the knees, and we were to wear long stockings to come up under our trousers.

We were not only required to meet these specifications but those who visited us and played were to meet the same. We played only about three or four games that year, since we traveled entirely by backs or by other drawn horse vehicles, our nearest competition was about eighteen miles away. The rules used were those of the girls since we knew nothing of boys rules.

I thought as I watched those folks play at McLean that they could have taken one leg of those trousers I wore in my first year of basketball and could have made a suit for the whole team and still had enough left for a handkerchief.

Lelia Lake vs. Ashtola

Oh, it was mud, mud, every where—but what do our boys care for mud—and I am sure you would agree if you had seen them play those Ashtola Antelopes last Friday.

They slid, they slipped, they rolled, but it was always in the direction of their own goal and they didn't fail to put the ball through that goal either. However, it was a very tight and interesting game. The Antelopes are certainly good players and also good sports.

The score was 73 and 10 in favor of our Zebras.

Girls' Athletic Report

Hurrah! Hurrah! Another victory for Lelia Lake basketball girls. They played Clarendon Thursday night at Clarendon and won 28-22.

At the first of the season, they began with one old team member and 5 new girls—3 of them last year juniors. They have worked hard whenever weather has been suitable and we believe this work is bringing results. One of the best records of their progress may be found in the scores against Clarendon. At the first of the season,

they were beaten by Clarendon 46-12. Later, scores of 32-18, 24-18, and now a victory of 28-22 reveals a steady progress.

The girls are practicing every minute they can. Smith is going to bring their girls to the local girls court Monday afternoon. Everyone come and yell for the girls. We want to support the girls and they will play better games in the future.

Our girls will motor to Alanreed next Friday afternoon to play their girls. Everyone go and yell for our girls and they will show their appreciation by playing.

—C. A. Thomasson

Clash Between Lelia Lake & Smith

The Lelia Lake basketball team journeyed to Smith and played ball Monday afternoon January 11. The game was close from the start. First one team was ahead and then the other, but the local boys let Smith out strip them just at the last. The score was 17 and 16 in favor of Smith.

Smith plays here Monday, a. m. 18, and here's hoping we have better luck on our home court.

Seniors & Juniors Book Reports

Most everyone thinks that oral book reports are better than written ones. The way we gave our last book reports was very interesting. At the English period we all carried our books to class so that we could give our book reports. We pretended that we were salesmen and tried to sell our books. We told about the author of our books, when it was written, where the setting was, and a brief sketch of the story. Mrs. Thomasson asked the ones that did not tell enough, questions about their stories. We hope that when we try to sell books to others they will not ask so many questions. At the end of the period we voted on the best salesman and which book we would buy. We all enjoyed it very much.

Sophomore Party

The Ninth grade class was entertained in the home of E. J. Myers Saturday night. Games of bridge and forty-two were played after this dainty refreshments were served to the following: Marie Underwood, Merl Chenault, Amy Hinkle, Guy Moor, Maxine Tomlinson, Frances Johnston, and host E. J. Myers.

Request for Books

Some of the students of our school are reading the books that are required to obtain the reading certificate. We do not have all this list in our library. We would appreciate it very much if anyone has any of these books, if you will lend or donate these books to our library. The list appeared in last week's paper. If you have any of these books let us know and we will be glad to call for them.

Fifth Grade Makes Booklet

The fifth grade in their English and History work made a booklet on George Washington. The first page was a titled page. On the next a table of contents was to be found:

I. Life of Washington.

II. Poem of Washington.

III. Story of Washington.

IV. The Life of George Washington

Edward McDaniel

George Washington was the first

president of the United States. He was born at Bridge Creek, Virginia

At the age of sixteen he became a surveyor of Lord Fairfax estates, a relative. Later, he joined the army under colonel Fry and drove the French out of Pennsylvania. He was on the staff of General Braddock at the time of his disastrous defeat in 1753. On his marriage he resigned his commission and settled down in Mt. Vernon to manage his wife's large estates.

He was sent to first and second continued congress. He was chosen commander-in-chief of the forces in 1775, when war with Great Britain was declared. He planned the expedition against Canada and in 1776 drove the British out of Boston. He proved to be an able commander and trained his troops well. He was a great general.

His campaign of Yorktown, resulting in the surrender of Cornwallis ending the war, peace concluded. Washington returned to Mt. Vernon. He took no salary as commander in chief nor as president. He presided over the Federal convention held at Philadelphia, May 1788 where the constitution of the United States was formed. Washington was elected first president of the union of the original thirteen states, a few months later.

He made a good president and was re-elected. He served two terms, but refused to serve more. He died at Mt. Vernon, Va. He was a man of great strength of will and he had a strong personality.

—O—

Washington

George Gordon Byron

Where may the wearied eye repose,

When gazing on the great,

Where neither guilty glory glows,

Nor despicable state?

Yes, one, the first, the last, the best

The Cincinnati of the West,

Whom envy dared not hate,

Bequeathed the name of Washington,

To make man blush there was but one.

—H. R. King

George and The Cherry Tree

George's father had a cherry tree. He was very proud of it. It had been shipped across the ocean and his father had paid a lot for it.

One day Mr. Washington bought George a hatchet. He went out in

the yard hacking everything he came to. He hacked his father's tree not meaning to cut it down but it fell.

When Mr. Washington saw that his cherry tree was cut down he was very mad. He went to all the negro slave children and asked them who cut his cherry tree. No one knew. He didn't think to ask George.

He came in the house telling Mrs. Washington about his cherry tree. George heard him. He came up to his father and said, "I cut it. I cannot tell a lie."

Mr. Washington did not scold him. He said, "I had rather not have my cherry tree than to have my son tell a lie."

Seniors Take Play to Ashtola

Last Friday night the Seniors carried the play "Bound to Marry" to Ashtola. Although the roads were very muddy we got there in time to witness the ball game between our boys and the Ashtola boys.

After the game we went to the school house and began to make preparations for the play, but along with these preparations we didn't fail to take time out for eating and did we eat???

We wish to thank the pupils of the Ashtola school and also the patrons for their kindness, and for their loyal support. All we can do is hope for a chance to return their kindness.

Locals

Vernelle Leathers stayed all night with Beatrice Hardin, Saturday, and stayed all day Sunday.

What Does 1932 Hold for You?

1931 was an unusual year. Most of us are glad it is gone. Our minds are fixed on brighter days. But don't deceive yourself. A change in conditions will not necessarily mean a change for you. Prosperity is still an individual challenge.

In this period of economic transition success is not more difficult—it is more exacting. It doesn't come, you go after it through careful TRAINING.

You can blame the year, curse the luck, wonder what is wrong, you can sit and wish for success until your head aches, and you will not be one step nearer the power and influence you desire. But if you will clench your fist, grit your teeth, get out and go to work you can reach almost any goal you set for yourself.

1932 is still new. You can make it the most profitable year of your life. You can lay the ground work for a career that will place you in a position with untold opportunities for advancement. You can make it a year that you can look back to with a smile and ever remember gratefully as the beginning of your success into the business world.

How can you do this? It is easy, acquire more training. Prepare yourself for the next job. Learn one thing so well that your services will be in demand. Business men do not fire help like that, they promote it. This is the day of the trained man and woman. The untrained is left hopelessly in the background. Look back the past two years and see who held the positions—it was the trained boy or girl. So how will you, if not trained, compete with the trained boy or girl.

Your success and advancement in the business world depends entirely on how thoroughly you have been trained to meet the knotty problems of life. THE MEMPHIS BUSINESS COLLEGE, a school that has run successfully for the past five years and which has trained and placed hundreds of boys and girls in good positions who are making good in the business world, is going to teach a six months class in Clarendon, beginning Feb. 1st. This class will be taught in connection with a business office giving the students the practical experience as he advances. It will be taught on a strict guarantee that if you will attend regularly we will qualify you to hold any position you may be offered.

Our equipment is modern and up to the minute. We teach all the revised texts and our instructors are the best to be had.

For further information address T. N. Belew, or see him at the Goldston building, at Clarendon Texas.

THIS IS YOUR TOWN—YOUR SCHOOL and YOUR OPPORTUNITY

OUR FINANCE CORPORATION

The Congress has passed Hoover's two thousand million dollar reconstruction proposition providing for the lending of all that sum to banks and other money lending corporations. There are a few people who think that this finance corporation will put money in circulation. How can it do so?

It can't put money in circulation that is not in the United States treasury. It hasn't any. Mr. Mellon says it is in the hole over thirteen hundred million dollars. How can they get the five hundred million dollars cash? Through the sale of treasury interest bearing certificates of Mr. Mellon. To whom can he sell these certificates to get the cash to give to the directors of his finance corporation? He can sell them to the large banks and very wealthy individuals and corporations having deposits in the banks. Then what will this corporation do with that money? Will there be any more money in circulation? Not one penny. To what concerns will the finance corporation lend that money? Naturally, to the subscribers for the treasury certificates and bonds. The money will land right where it now is. The finance corporation will have the frozen assets of the banks, and the banks and subscribers will have the certificates and bonds. The American people will pay the interest and foot the bill. A pitifully small portion of that appropriation under the Senate Bill, about \$1.65 per head, is subject to loan to each person living on a farm; under the House Bill, nearly \$7.00. It will probably end by the farmers getting a loan of about \$3.00 per head. Meanwhile, the money lenders will get the interest on our bonds and have the United States government, through the finance corporation, taking over their worthless paper, for our tax money and interest bearing bonds.

Great indeed is Mr. Hoover's statecraft, and great is the statecraft of the by-parties in Congress that is authorizing these debts, which lays an average of \$175.00 mortgage on every family in America, in addition to the tax burdens that they are now unable to bear. Mr. Mellon notifies Congress that he will have to have more tax money, about fourteen hundred million dollars per year. This means an additional \$56.00 per family, that must be paid by reduced sale of products, and reduced wages, and a higher price for the things we buy with the smaller amount of money we shall get.

Senator Tom Connally voted against the two thousand million dollar steal, being one of six Democrats who so voted. Every one who has an interest in his country, and who is opposed to dealing out tax money to money lending corporations, while denying any relief to starving humanity, should drop a line of approval to Senator Tom Connally, Senate Office Bldg., Washington, D. C.

We have a great engineer president. He is ever a greater engineer than his most ardent admirer dreamed of in pre-election days. In less than two short years he has ditched, drained and damned (or jammed, I don't know how to spell it) the United States.

THE STATE OF TEXAS

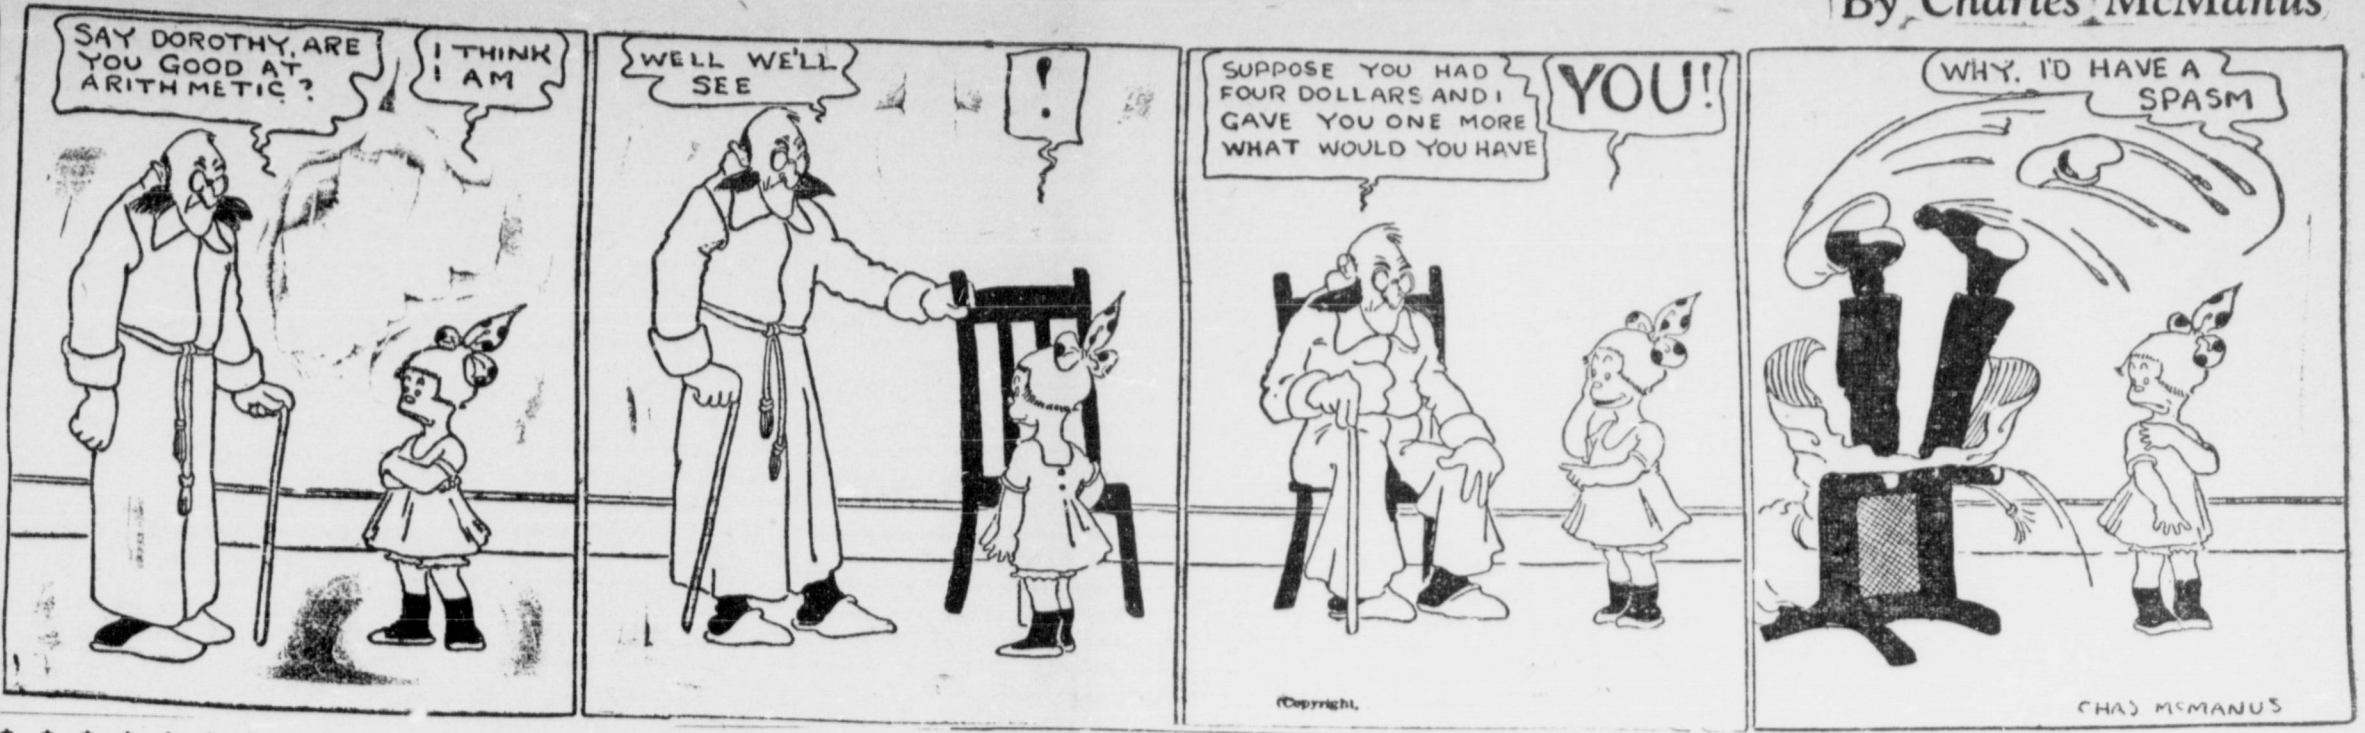

TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETING:

You are hereby commanded to summon C. T. Hunter, by causing a copy hereof to be published for the length of time and in the manner required by law, in some newspaper published in Donley County, as by law provided, to be and to appear before the Honorable District Court of Donley County, Texas, at the next regular term thereof, to be holden in the courthouse in Clarendon on the third Monday in March, 1932, being the 21st day of said month, then and there to answer plaintiff's petition herein filed on the 5th day of January, 1932, numbered 1749 on the docket of said court, wherein Georgia B. Hunter is plaintiff, and C. T. Hunter is the defendant. The nature of plaintiff's suit is for a divorce, upon alleged grounds of cruelty.

HEREIN FAIL NOT but have you this writ before said court, at the first day of the next term thereof, with your return therein in writing, showing how you have executed the same. Given under my hand and seal of said court at office in Clarendon, Texas, this 5th day of January, 1932.

A. H. BAKER
Clerk of the District Court, Donley County, Texas.

Weekly Poem THE WESTERNER

I waste no thought on my neighbor's birth Or the way he makes his prayer. I grant him a white man's room on earth If his game is only square. While he plays it straight I'll call him mate; If he cheats I'll drop him flat. Old class and rank are a wornout lie, For all clean men are good as I, And a king is only that. I dream no dreams of a nurse-maid state That will spoon me out my food. A stout heart sings in the fray with fate And the shock and the sweat are good. From noon to noon all the earthly boon That I ask my God to spare Is a little daily bread in store, With the room to fight the strong for more, And the weak shall get their share. The sunrise plains are tended haze And the sunset seas are gray, But I stand here, where the bright skies blaze Over me and the big to-day. What good to me is a vague "maybe" Or a mournful "might-have-been," For the sun wheels swift from morn to morn And the world began when I was born— And the world is mine to win. —Badger Clark.

Found Safe

Here is Dr. Herman James Muller, national renowned discoverer of the mutation of genes and a professor of science at the University of Texas, who was lost two days in the mountains around Austin last week. Showing severe strains of overwork and exposure, Dr. Muller, who had become lost on one of his frequent walks, was taken to a hospital where his condition was declared not critical. Numerous posers of students and civilians aided officers in the hunt.

GOLDSTON

Bro. King, the pastor of the Methodist, filled his appointment here Sunday morning and Sunday night. Mr. and Mrs. C. E. Mixon and family had as dinner guests Sunday, Mr. and Mrs. N. L. Murff of Brice, Mr. and Mrs. A. H. Rhodes and little son, Larry Neil of Woodward, Okla. and Wade Murff of Colorado. The many friends of Goldston were greatly grieved to know of Mr. D. N. Hudson's passing away. He having lived in our community some few years ago. We realize what his absence means to his loved ones and friends of the Chamberlain community. We extend our deepest sympathy to those left to mourn his going. Mr. and Mrs. Tommie Conner of

Claude visited in the Reese Conner home last week. Lenona and Vodie Clemmons entertained a few of their friends with a forty-two party Monday night. Cecil Dyer, a student of Canyon, visited relatives here over the week end. Mr. and Mrs. M. W. Hatley and son R. V. entertained the young people with a forty-two party Friday night. Miss Sada Gray of Sunnyview visited in the Wilson Gray home over the week end. The Goldston girls' basketball team practiced with the College girls of Clarendon last Tuesday night. The lineup for the team are: forwards, Dorothy Dilli and Irene Rhodes; centers, Louise Seago and Virginia Harris and the guards are Lenona Clemmons and Minnie Golihue. This being the first practice game this season our girls were defeated by three scores. Miss Gladys Noble is the coach and with this good coach we are expecting a good record from our girls this year. Miss Bertie Stewart is visiting her sister, Mrs. Neely Hudson and family of Chamberlain this week. Both the girls and boys basketball teams were defeated by Groom on the Groom court Thursday night. Mr. and Mrs. S. J. Dyer entertained the young people with a birthday party in honor of their son, Charles, Saturday night. Mr. and Mrs. H. B. Rhodes and sons visited in the A. L. Millsap home Saturday night. Literary society met Monday night. After the business meeting a very interesting program was enjoyed by a large crowd. While enroute to Brownsville, Mr. and Mrs. Wells and family of Amarillo visited with M. W. Hatley and family Friday night. The people of this community are taking advantage of this pretty weather by finishing up their 1931 crops so they can start tilling the soil for another crop.

were Mesdames Mabry, Smith, Grimes, Jackson, Roden, Brown, Scott Baker, Shipman and Misses Mary Lee Mabry and Mildred Brown. Visitors were Miss Celest Brown and Hattie Lou Mabry and Mrs. Robert Jackson. We were glad to have as a new member Mrs. Shamlin of Memphis. Miss Inez Crow spent the week end visiting in Memphis. Mr. and Mrs. Moore and Mr.

and Mrs. Tueton Davis spent Sunday with Mr. and Mrs. Knight. Mr. and Mrs. Berl Smith and Mr. and Mrs. Mabry and family spent Sunday with Mr. and Mrs. Henry Scott of Memphis. Mr. and Mrs. Clarence Jackson of Clarendon visited Mr. and Mrs. W. B. Baker over the week end. Mr. and Mrs. Minor of Lodge visited Mr. and Mrs. Jess Grimes Monday. Two ball teams from Smith motored to Lelia Lake Monday for a ball game. The boys school team played a fast and very interesting game, refereed by Gerald Knight. The game was a close match from start to finish but our boys came out victorious, score being 20-18. The Smith all-star girls team played Lelia Lake girls a very exciting game also. Our girls had never played together as a team, it having been several years since some of them had played ball but nevertheless they put up a stiff fight. Mr. Waldron of Lelia Lake was a very efficient referee and thus made the game very good. Lelia Lake won by 5 points however. Score was 20-15. We hope to play them again some time after we have had some practice.

Max O'Brien, Amarillo business man, believes that hunting should be a fair game, so he uses only a pack of dogs and a few clubs. In the last two months he has taken more than \$500 worth of furs. His catch includes 43 coons, 11 coyotes, 10 skunks, eight o'possums, two badgers, two mink, two bobcats, two foxes, and two ring-tailed cats. O'Brien is pictured second from left. With him are his hounds and some of his buddies.

"A COMMON PAPER FOR COMMON PEOPLE"

the processes employed in instruction. Her statements as to the accomplishments of women of Donley county, both in and out of club membership brought forth hearty applause.

County agent T. R. Brown spoke interestingly of the work of the men folks of Donley county and presented statistics to better prove his assertions. He placed particular stress upon the poultry industry as being the best producer of a weekly pay check.

Frank L. Bourland spoke on the cattle industry comparing the advantages of years ago when the country was new, with the trying periods of the present day. As one convinced of the value of beef production, he proclaimed the fact that he was so pleased that he expected to continue in that line after an experience of some forty years in Donley.

T. D. Nored, manager of the West Texas Utilities here, and a member of the Board of the West Texas Chamber of Commerce, interested his listeners in telling them something of the work of that body about which the general public knows so little. His talk was interesting and to the point though abbreviated due to a lack of time.

Sam W. Lowe covered the school subject in an able manner by reason of having been engaged in that line of work before entering the mercantile line in Clarendon. He pointed out defects, suggested remedies and warned his hearers about being too ready to accept new ideas before a thorough test is made.

Clyde J. Douglas made a lengthy report of the accomplishments of the local Chamber of Commerce and the manner in which it sought to cooperate with other endeavors of the county. He also suggested the many possibilities of the future and asked for loyalty of the citizens in making future plans a possibility.

Gene Howe (Old Tack) of the Amarillo Globe-News was overwhelmed with applause and begged for quiet before he could be heard. He had requested plenty of applause as encouragement to an inexperienced speaker, and got it. It was plainly evident that Mr. Howe has worked himself into the good grace of citizens of this county as he has over the remainder of the Panhandle. He made an excellent address covering world-wide subjects including Russia and the financial question. Being a born optimist, he could only point of a bright future for the industrious citizens of the Panhandle.

Henry Ansley, agricultural editor of the Amarillo News, spoke for almost an hour on every subject ever recorded in history and out. He convulsed his audience with laughter and his time on the floor was an uproar from start to finish. He wedged in well-meaning truths couched in comic wrapper as a disguise that they might be 'swallowed' by those for whom they were intended. His was the big event of the evening and his every appearance here meets with more popular favor.

In the election of four new members to the Board of Directors of the Chamber of Commerce to succeed those whose terms expire, Bill Ray, T. D. Nored, Dezel R. Davis and W. W. Taylor became the majority choice of the membership.

The presentation of the cup for the prize winning store in the Christmas decoration contest was made by W. H. Patrick and was accepted by Ernest Pope on behalf of the Hanna-Pope mercantile company. Mr. Pope asked that the credit be given Misses Winnie Weatherly, Opal Pyle and D. B. Pope as they were in charge of the decoration and were entitled to the credit for having won over a host of competitors.

The Junior Band covered itself with glory in presenting popular airs in a masterly fashion to the surprise and delight of the audience numbering some 250 citizens from a wide section. Gus B. Stevenson was complimented very highly as director of the band composed wholly of youngsters, for the excellent progress made under his instruction.

Short talks were made by Geo. Briggs of Pampa, Bob Brashears, Mason King and C. D. Crowe of Amarillo, especially invited visitors.

Voices selected from the best talent of the City and directed by Sam Braswell Sr., were repeatedly encoored and complimented as one of the most pleasant features of the program that was pronounced the best yet of any similar occasion.

The College quartette, directed by Miss Anna Moores, gave several pleasing numbers at different periods of the program.

The 'feed' was just a little better than any other with plenty of turkey and still plenty of trimmings. This banquet was another wonderful success on the part of the ladies of the First Christian church, a fact that had much to do with the success of the singing and speaking that was to follow.

Several Births Announced Over The Week

Mr. and Mrs. J. D. Moss of near Ashtola announce the birth of a son on the 13th to whom has been given the name of J. D. Junior. He weighed eight pounds.

Mr. and Mrs. Geo. C. Jones are introducing George Curtis Jr., weight eight pounds. George Curtis arrived the 16th.

Mr. and Mrs. Dewey Loftis announce the arrival of James Earl Loftis on the 18th. James Earl weighed in at ten pounds and has had several fights in the alley with a tough crowd already, and his papa is boasting that he whipped them all.

Mr. and Mrs. Sid Geddes are the proud parents of a girl born on the 18th. She has been given the name of "Ramona May" which is a romantic western name for any little lady and we just bet Sid had all the say about the naming. Sure, she weighed nine pounds and her papa has about recovered from the shock of his new station in life.

Lions Hear Committees In Reports Tuesday

At their Tuesday luncheon hour, members of the Lions club heard of the increased interest in student essay writing contest. This contest is open to pupils of the public school over the Nation. The subject is "What service clubs may do for my town that isn't being done now."

H. T. Burton reported that the \$13 necessary for the purchase of books for two young ladies attending Clarendon college had been contributed.

Lu McClellan of Ashtola, guest of the Club, gave a report of the activities on his stock farm that included stock feeding and other money-making ideas being put into practice. A banker was heard to remark that "these kind of folks make the world keep moving."

J. A. Pool, also a guest from Ashtola, expressed his pleasure at meeting with the club.

Credit Men's Association Met Tuesday Night

E. Ralph Andis presided at the meeting of the Credit Men held at Hotel Clarendon Tuesday night.

Aside from an excellent feed served them, reports from those attending state that little was done except to discuss the benefits of the organization if the members could be made to take advantage of the service such an organization has to offer.

Stress was placed upon the point of investigating the credit of new residents before they had time to use their credit as some merchants have learned only recently.

Merchant members were urged to confer with the secretary before extending the courtesy of credit as a means of preventing a further accumulation of bad accounts.

Long Egg Record is Broken Saturday by Leghorn

Hearing much about the size of eggs, a white leghorn on the J. D. Wood farm got busy the last of the week and delivered to her owner an egg measuring 8½ inches over ends and 6 inches around. The egg weighed 4½ ounces.

As to length, this egg beats the record so far, and J. D. states that he can bring in some more of the same size as he also swiped the Cobb recipe. This egg contained the customary double yolk and was right up to par in quality Sunday morning at 8 a. m.

Bud Russell Cuts Down Jail Number Monday

Bud Russell and his one way truck came by Monday and picked up Sleepy McDaniel who owes the state a few years on a car theft charge. Sleepy has been in the local jail for several months and was anxious to get to Huntsville for a change.

Russell has conveyed over 20,000 men and women to prison for Texas during the past 35 years and has never lost a prisoner. Before he adopted the truck method, his prisoners were hauled in by train chained to the seats.

Homer Gorman is Released From Hospital

After an absence of several weeks, Homer Gorman returned home Tuesday. He has been confined to a hospital at Hillsboro following a truck wreck.

At the time of the wreck, he was driving a large truck loaded with cotton and took a chance on a bridge to escape a collision with a car driven by a woman. He is said to have fallen some 15 feet with the truck receiving serious injuries from which he has just recovered sufficiently to return home.

Legion Members to Observe Open House And Program

Members of Aubyn E. Clark Post of the American Legion have planned an open house meeting to which guests have been invited. This meeting will be held in Legion Hall Friday night of this week.

In addition to showing the visitors the method of opening and closing a Post, additional features will interest those unacquainted with Legion work. Games of a varied nature will also be a part of the pastime of the evening.

Rotarians Discuss Favorite Subjects Friday

The program of the Rotary club at their luncheon hour Friday was one of those kind that start from a small beginning and just keep growing, the president having to "bell down" the last speaker for a lack of time.

The greater part of the hour was taken up in speaking and the time remaining was given over to singing a variety of favorite songs.

R. S. Cope again appeared as one of the faithful after an absence of some weeks at Abilene doing special work for his company.

The program for this week will be in charge of the International Service committee of which Judge A. T. Cole is chairman which means that the members will be given something to study over at the luncheon hour Friday of this week.

Greenbelt Union Will Meet Here Friday

Clarendon will be host to the Greenbelt Union of the Epworth League here Friday at 7:30.

A devotional and program has been arranged for the visitors. Leaguers from Pampa, Claude, Lakeview, Alanreed, Ashtola, and several other places are expected to be here.

An entertainment of some kind will follow the program. All of the Leaguers are invited to come and help entertain the visitors.

Mr. and Mrs. A. C. Hallmar of Shamrock attended the funeral of Mr. Rutherford here Tuesday.

Mrs. Luciel Pearson (nee Weatherly) died January 8th at Oakland, California. She was a niece of R. C. Weatherly of this city and resided here for many years.
