## THIEVES BUSY OVER WEEK END; TWO ARE JAILED

### Ashtola Store Breakers Are Picked Up Tuesday At Amarillo

Sheriff Pierce was accompanied to Amarillo Wednesday by J. L. Tims, whose grocery at Ashtola was robbed Saturday night, for the purpose of identifying goods being held by Amarillo officers found in the possession of two parties who are alleged to have broken into the grocery about 10 o'clock Saturday night.

When notified of the robbery, Pierce called Amarillo officers who had since been on the watch. Tuesday night, two young men were taken off a blind baggage there and one had a quantity of cigarettes. Both of them were jailed on suspicion and Pierce notified.

Wednesday when sent at the jail, Mr. Tims recognized both men as having been around Ashtola. Soon afterwards they told officers where to find the loot which they had disposed of locally.

The pants, cigarettes in cartons, chewing gum, shirts and other goods were recovered, but the money was missing and is said by the accused to have been spent.

H. J. Secrist, aged 23, signed a statement detailing the method of the theft and implicated Crump Parks, aged 21 of Amarillo, and both men were brought to Clarendon and jailed pending a preliminary hearing.

About 2 p. m. Sunday during the absence of the family, the Bob Ferris home between Hedley and Giles was pilfered of bed clothing and other articles. When a small son returned home "to get something to eat", two men and two women were preparing to leave in a model A Ford sedan, beating a hasty retreat as the lad arrived.

The same couples are suspected of plundering the Green home east of Lelia about an hour later as they were said by the lad to have been traveling west. Bed clothing appeared to be the choice of articles in the Green home.

The Sheriff was not notified until several hours later, and no clew has been discovered as to the identity of the marauders.

About a ton of coal was taken from the Chamberlain schoolhouse some time during Saturday night. No clews have been discovered in this instance.

The weekend was a busy one for those disposed to impose on others, and everything possible will be done to apprehend the guilty parties in each case as officers and citizens of Donley are not accustomed to putting up with such procedure and wish to put a quick stop to such tactics.

Dan Miller of Wellington had business here Wednesday.

## LEGION MAKES SHOE DRIVE FOR NEEDY CHILDREN

### School Attendance Curtailed On Account of Scarcity Of Foot Leather

The Legion Boys have begun a drive this week to get all the needy children 'shod' in a comfortable manner. Conditions that are not only depriving children of school privileges, but are pathetic in the homes have come to light following an investigation the past few days.

One spunky little lad was seen wearing his mother's shoes to school, one of which was tied to his foot with a piece of rope. Other cases just as pathetic could be recounted here, but it will not be necessary.

The call goes out to those who have ever done a noble deed. The box for taking care of the collection of shoes is located at the Kerbow store. If you have shoes that are wearable, of any sizes, please leave them at the store of H. C. Kerbow & Sons, and the needy will be cared for by a special committee.

Please remember that shoes that were cast off two years ago, will look good to some one now. Bring them on. If you care to add socks or stockings, so much the better. If you want to contribute new shoes in the absence of other shoe material in your home, good and well.

This is a chance for every one to make some one more comfortable protect health, and enable some unfortunate boy or girl to attend school without embarrassment. If we have five hundred people of the quality of that little boy who would not be cheated out of the opportunity to attend school even the forced to wear mother's shoes and tie them on with a rope, it will take several boxes to hold the contributions before Saturday.

Those who prefer to contribute

## ROTARIANS ARE THANKED BY THE HOSPITAL BOARD

### Musical Program is Featured By Chairman of Program Committee

The Rotary Club was favored with an excellent reading by Miss Eunice Johnson as an 'opener' on a nicely arranged program at their Friday noon luncheon hour.

Rotarians Arch Dyer, R. S. Cope, R. E. Drennon and Oscar L. Jenkins favored with two quartet numbers, the last of which was said to be very good and the first endured according to a version of opinion at the close of the singing.

Odos Caraway, guest of the Club by special invitation, expressed the appreciation of the governing board of Adair hospital to the Rotarians for having furnished one of the rooms of the new annex to the hospital.

A special music number that received more than passing comment was a piano number by Rotary Ann Rhoda Wiedman with Everett Johnson accompanist on the drum. They responded to an encore request and received an unusual amount of applause.

Rotarian Dave Warren of Pampa made an interesting talk on his experience of six years as a Rotarian having served much of that time on the International Committee.

Rotarian R. E. Drennon reported that 964 books had been contributed to the Junior High library during the week in a special drive sponsored by the school folks.

President J. C. Estlack of the Club was given a few "rah's" and considerable razzing for having fallen heir to the position of being the latest grandfather of the Club membership.

Past president B. L. Jenkins was in charge of the excellent program of this 5th weekly meeting of the month, and by a queer quirk of fate will have charge of the program Friday of this week by virtue of his being chairman of the Club Service Committee.

## TAX PAYMENTS EXCEED ESTIMATE OF OFFICIALS

### Poll Tax Payments Almost Reach Normal Basis Due To Election Year

Approximately eighty three percent of the eligible paid a poll tax in Donley county before February 1st. The total amounts to exactly 2008. The normal total is estimated to be around 2400. Adding to the 2008, all overs and unders who will be entitled to a vote, will bring the polling strength of the county up to her normal according to estimates of politicians who keep an eye on the political weather vane.

Reports from the county Tax Collector shows a total car registration of 1238 which is 165 less than last year.

Truck registrations show an increase of 13 with a total this season of 168.

Reports from the office of W. Cecil Alexander, district school tax collector for the Clarendon district, show a 64% tax collected or accounted for.

Taxes for 1931 due totaled \$37,865.18. Of this amount \$22,258.37 has been collected with \$1,918.74 deferred to June 30th under the new law permitting "split" payments. The unpaid school tax balance at this time is \$13,688.07.

The total school tax assessment for Lelia Lake is \$7,856.69. Of this amount, \$4,476.23 had been collected by the county Tax Collector up to Feb. 3.

Hedley's independent district had a total of \$14,447.21 in school tax assessments. Of this amount, \$7,512.85 had been collected by the county Tax Collector up to Wednesday evening of this week.

## Gas Users Are Warned That Gas will be Off Sunday

Users of gas in the city are warned to be prepared to take care of hot water heaters and other places of danger when the gas is cut off from 2 to 3 o'clock Sunday afternoon to make a change in the main line east of town.

Mr. Davis states that an effort will be made to 'back up' enough pressure to tide over, but should the pressure become low or discontinue, there is danger of an explosion if the gas is not cut off in the building. If weather is cold Sunday, no attempt will be made to change the main line.

## Seven Thousand Chicks Hop Out For Inspection

That's it. Seven thousand chicks came from the big incubator of the Clarendon Hatchery Monday, the first hatch of the season.

This hatch represented the leading varieties and were practically all sold before being hatched. Earl Holley of Ashtola took a thousand. Earl is one of the leading poultry producers of the county and gets in to an early start.

Three thousand went to a poultry farm at Pampa, this same firm having purchased several thousand during last season. Shipments over the month will go into three states and cover the Panhandle with prospects of the biggest run ever to be made by the local hatchery.

Mrs. C. D. McDowell and daughter, Mrs. Ruth Frazier, returned Friday after a visit with relatives at Lubbock.

512.85 had been collected by the county Tax Collector up to Wednesday evening of this week.

## CONVENTION FOR HOG CALLERS HERE FEBRUARY 26TH

### Barnyard Vodelers to Select Delegate to Amarillo Fat Stock Show in March

Want a free trip to the Fat Stock Show in Amarillo next month? Well sir, begin right now to exercise your 'goozle' for the hog calling convention that is staged to take place in Clarendon Friday, February 26th.

The winner in this barnyard contest will be entitled to a leather medal and in addition to that honor will actually get a free trip to the Amarillo show as stated above, and will represent this county in a tri-state contest up there.

Not even Jack countyites will be barred from this razor-back 'untette' that may be an entering wedge into broadcasting fame or Hollywood's famous matrimonial practice colony. Who knows?

Know anybody from Arkansas? Bring them around. Any man who could control a native razor-back with his voice is doubly eligible to this event. There won't be a coyote within forty miles after this galaxy of melodious voices takes to the air.

If you are interested, register your name with G. L. Boykin, secretary of the local Chamber of Commerce.

There is a strong possibility that the ladies will be asked to stage a "husband calling" contest. Can you feature that? Some day, some day! Oh Jawn! Hey Bi-l-l! And perhaps he will be there and we hear--S-k-eeee-t tuh!!!!

## PAMPA FIRM IS GIVEN FREE REIN TREE PLANTING

### Five Assistants Are Chosen At Meeting of Committee Friday Afternoon

Five assistant chairmen were chosen to assist in the observance of the Washington Bi-Centennial tree planting Friday at a meeting held at Legion hall at which eleven organizations of the town and county were represented.

These assistant chairmen are Mrs. O. L. Fink, R. S. Cope, Odos Caraway, G. L. Boykin, T. R. Broun.

The landscaping firm of Stark & McMillen of Pampa was represented at this meeting by W. Krause who has been superintending landscape work on private yards here during the month.

Mr. Krause explained the methods of his firm in planting, the guarantee backing up the sale of trees insuring the purchaser against loss, etc.

After hearing the proposition of Mr. Krause, he retired from the meeting and the matter was voted upon. This vote resulted in the unanimous opinion that this landscape firm be permitted to handle the tree planting and that assistance be given them by the members of the committee.

Those desiring trees, are requested to leave their address with either of the committeemen named above, or telephone their names to J. C. Estlack at the Leader office. Merely call 336 and the matter will be explained fully.

Trees recommended for planting here in the main are elm, ash, hackberry, soft and hard maple, sycamore and honey locust. Catalpas and Volga and Lombardy poplars are also said to grow successfully in the Panhandle.

Citizens of the county will be

## RURAL COMEDY DRAMA IN FOUR ACTS ANNOUNCED

### No Admission Charge Will Bring Out Big Crowd Saturday Night

After a number of successful program presentations, the Goldston Literary Society have announced a rural comedy drama for Saturday night of this week that is said to be one of the top-notchers "Let Toby Do It" furnishes plenty of thrills, plenty of laughs, and is a play with a strong moral lesson at the closing.

There will be no admission charged. Just one of those old-fashioned neighborly treats that we used to enjoy in the long ago when life was worth living and we could leave home without locking all the doors and tying the bull dog in the smokehouse.

Mrs. L. H. Earthman is directing the play. Mr. Earthman takes the part of "Uncle Josh Simpson" in posing as everybody's friend. The cast has been rehearsing right along with every expectation of springing a surprise on the big crowd that is sure to be out for the biggest thing yet at the Goldston school this season in the matter of entertainment.

The cast:

Uncle Josh Simpson, everybody's friend, L. H. Earthman.

Henry Simpson, his son, Nelson Seago.

Frank Dalton, from the city, Howard Stewart.

Toby Perkins, a boy of all work, Howard Rhodes.

Mary Sanders, uncle Josh's ward, Gladys Noble.

Roxy, a great help, Jewell Rhodes.

Lizzie Evans, somewhat crooked, Lola Maness.

Remember the time, Saturday evening, at the Goldston school, ten miles north of Clarendon on the Jericho highway.

Mrs. E. H. Chaplin of Wichita Falls is visiting her daughter, Mr. and Mrs. D. H. Herndon.

## THREE BOYS ARE GIVEN SENTENCES IN THEFT CASES

### Juvenile Delinquents Have Become Problem With No Regard For Law

Both parents and peace officers had reached their "row's end" in dealing with a number of lads from ten to fifteen years of age who, according to testimony of their parents and local officers, have lost all respect for law and order or property rights in a hearing held by Judge Alexander Saturday.

Quite a bunch of youngsters were rounded in by the Sheriff's office following a complaint made by Mrs. L. H. Mullins when she returned to Clarendon during the week and found a number of articles missing from her garage which had been used for a storage room during the family's absence at Booker.

Some of the goods stolen from the garage were located at the Lutz second hand store. Mr. Lutz informed the officers as to the parties from whom he made the purchases and the arrest of several boys followed.

It developed at the hearing Saturday that these boys have apparently been trying to break into some penal institution for the past three years. One youngster is said to have committed three felonies before he had reached the age of ten.

Parents stated that they had exhausted their means and patience without results, but asked that the boys accused of the theft of the Mullins property be given a suspended sentence as a last resort to assist them in controlling their boys. Judge Alexander agreed to this truce in a miniature warfare between a number of citizens and the marauding band of youngsters who have been despoiling property without apparent reason.

Park and Clifford Taylor were released to the custody of their parents after being adjudged delinquents. Mr. Taylor promised a faithful performance of parental duty if given charge of his boys once more in a final effort to save them from becoming charges of the state. Frank (Red) Anderson, Paul and Lonnie Tozier were each given a two year sentence to the State Training School at Gatesville. Upon the plea of their relatives, the sentences were suspended by Judge Alexander pending the good behavior of the lads.

Miss Pauline Lane of Paducah and Grady Blocker, medical student of Galveston, spent the week end here in the Cap Lane home.

Beatrice Zula Bain, Pauline and Misses Munsey and Jo Veta Jackson visited friends in Pampa Sun.

Cave Man Stuff.

The most fortunate man in this age of high (?) civilization is the fellow out in the foothills with his family, a cow, hog, and chickens and so blamed far away from this so-called civilization that the tax assessor can't find him.

Rotten Ideas.

Congress spends a lot of time working on some scheme to lend the farmer money. The farmer owes too much already. They need a market for what they produce and then they won't need to borrow.

Moss Backs And Taxes.

There was a time, and not so very long ago, that it was very unpopular for any newspaper to oppose any form of bond issue or any other movement that would increase taxes.

The newspapers being moulders of public opinion to a large extent, it was only necessary for the cement trust or the machinery trust to "see" the editor in order for the paper to come out rampant for a road bond issue.

That same paper that "sold its birthright for a mess of pottage" at the expense of the taxpayers of the section it was supposed to serve, instantly branded as moss-backs, tight-wads, hicks, red-necks and nonprogressives, every other newspaper editor who opposed the proposed bond issue.

The Leader has never favored an increase in taxes. It has believed all along that if Donley county cannot benefit from its gasoline and other taxes to the extent that better roads are possible, we would not fare much better in the same form of skin game were we to burden ourselves with a bond issue.

We have far too many socialistic and communistic ideas mixed up with the principles of a democratic form of government already. We need more self-reliance and less begging for doles from a government of which we are a part.

We need to wean from the public treasury the most heartless bunch of political crooks that ever ran free on the American continent. The working class of citizens being the back bone of the nation, this class needs more freedom of market and fewer leeches in the form of speculators who set a price on their products.

"RECONSTRUCTION FINANCE CORPORATION"

Section 10 of the two thousand million "reconstruction finance corporation" is beautiful. It reads as follows:

"Any and all obligations issued by the corporation shall be exempt both as to principal and interest from all taxation nor or hereafter imposed by the United States, by any Territory, dependency, or possession thereof, or by any State, county, municipality, or local taxing authority. The corporation, including its franchise, its capital, reserves, and surplus, and its income shall be exempt from all taxation now or hereafter imposed by the United States, by any Territory, dependency, or possession thereof, or by any State, county, municipality, or local taxing authority; except that any real property of the corporation shall be subject to State, county, municipal, or local taxation to the same extent according to its value as other real property is taxed."

It will be observed from the above that the bonds issued by this

corporation (under another clause they are guaranteed by the United States both as to principal and interest) are free both as to principal and interest for any kind of taxation, whether National, State or municipal, income or otherwise. Of course, likewise, the frozen assets, whatever amount it buys, will be free from every kind of taxation. Through this process three per cent of all the property values in the United States will be relieved from every kind of taxation, thus increasing the taxes on all other property three per cent, whether the same be National State or municipal, in addition to the interest and sinking funds required for two thousand millions on the bonds and certificates.

Section 12 of said act is beautiful otherwise. It provides that this finance corporation shall be a public depository upon designation of the treasurer, for all moneys of the United States government, except receipts from customs. Of course it, as a depository and a banking concern, can lend such deposits upon frozen assets to corporations only at its discretion. Section 16 is further beautiful. It provides in substance that any person acting for a corporation who shall swindle the finance corporation shall be punished by a fine of not more than Five Thousand Dollars, or by imprisonment for not more than two years, or both.

Swindling is one form of theft, a little meaner than theft. The penalty for nearly all other forms or methods of swindling or stealing from the United States government is punishable by confinement in the penitentiary up to five years and more.

The next penal clause provides if one shall forge the bonds or obligations of this finance corporation, he shall be punished by a fine of not more than \$10,000.00 or by imprisonment for not more than five years, or both. If any of its officers or agents embezzle its money good frozen assets, if there be any, to whatever amount, may be punished by a fine of \$10,000.00 or imprisonment for not more than five years, or both.

The Congress is much more rigid on a Postoffice clerk or mail carrier who might steal a dollar bill. He must go to prison for more than a year and may be fined.

Section 11 of the act is very beautiful. It is as follows:

"The corporation is authorized and empowered to make loans, upon such terms and conditions not inconsistent with this Act as it may determine, to any bank, savings bank, trust company, building and loan association, insurance company, agricultural or livestock credit corporation, or other bona fide financial institution in the United States having substantial resources whose obligation, indorsement, or guaranty would add materially to the security of loans to it by the corporation (herein referred to as financial institutions) including any closed bank whose assets are adequate to permit of restoration to solvency. All such loans shall be fully and adequately secured in such manner as the corporation shall require."

It will be observed from the above that loans can be made by the finance corporation only to corporations and financial institutions; but none whatever to individuals, except an insignificant portion provided by amendments, and those loans are entirely to banks and through banks.

Weekly Poem

A REGULAR PRAYER

Lord, let me live like a Regular Man, With Regular friends and true, Let me play the game on a Regular plan And play that way all through; Let me win or lose with a Regular smile And never be known to whine, For that is a Regular Fellow's style And I want to make it mine! Oh, give me a Regular chance in life, The same as the rest, I pray, And give me a Regular girl for a wife To help me along the way, Let me know the lot of humanity Regular woes and joys, And raise a Regular family Of Regular girls and boys! Let me live to a Regular good old age, With Regular snow-white hair, Having done my labor and earned my wage, And played my game for fair; And so at last when the people scan My face on its peaceful bier, They'll say, "Well, he was a Regular man!" And drop a Regular tear!

OUR ADVICE

We were walking around the square the other day when we met up with a party who addressed us this way: "Say, Wade, you are a newspaper man and are supposed to know everything. (Which we're not) tell me what is wrong with this old world." And we says, "Being a newspaper man and knowing everything, we will be delighted to tell you. To start with the radiator won't hold water. The timer is out of adjustment and the spark plugs are dirty. The battery is run down and the carburetor needs adjusting. The gas line has a hole in it and the

differential has been stripped. We are trying to burn bootleg whiskey in the gas tank and hair oil in the engine.

"The tires are all flat and the drivers are cross-eyed and drunk with self-conceit. The starter is hung and the pistons are flapping. The rods have been burned out and the wheels are out of line. The thing was bought on the installment plan and now it is stalled, and nothing will move it but faith and work and we have lost faith and are too darn lazy to work. Outside of these few troubles everything is all right."

"But since you know everything now tell me what to do about it." An we says, "Since we know, we will tell you. Don't do anything! Too many folks have tinkered with the old trap already, and everytime it is touched it groans louder and limps worse. Just try walking a while, and soon you will be able to own a wheel barrow, but when that time comes, don't be a fool again and buy a Cadillac on the EASY payment plan, for this thing of riding while you pay won't work out. The rider has no time to pay and the worker has no time to ride."

"Well," he says, "I'll talk to my sweet mamma about it and if she says alright we may do it." —Jayton Chronicle.

THE SWITCHMAN'S PRAYER

An old railroad employe was converted at a meeting and was asked to lead in prayer. He hesitated a moment, then with trembling clear-sounding voice said reverently:

"O, Lord, now that I have flagged Thee, lift up my feet from the rough road of life and plant them safely on the deck of the train of salvation. Let me use the safety lamp known as prudence and all the couplings in the train with the strong link of love; and let my hand lamp be the Bible. And heavenly Father, keep switches closed that lead off on sidings, especially with a blind end. O, Lord, if it be Thy pleasure, have every semaphore block along the line show the white light of hope that I may

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just ferries in the bowels. One bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. Best of all. © 1931, C. M. Co.

From Wedding Ceremony to Hospital

Clarence (Proacher) Thurman, Texas league baseball player, left the altar in an ambulance last week, after he was wedded to the former Miss Letha Douglas, of Waco. Stricken with appendicitis immediately before the ceremony, Thurman insisted that he be married before being operated upon. Ambulance attendants waited at the door, rushed him to the operating table in a Waco hospital, and he is shown rapidly convalescing in the picture above. Mrs. Thurman is pictured with him.

TEMPLE OF TRUTH  
By the Apostle

Well, folks. The I's have it. Some time ago when the boys began to bring in daughter-in-laws, we thought they should have had greater respect for the depression. Now one of them has gone and made a grandpa out of us.

Since that time, we have been busy as Mahatma Grandi in a high wind.

And it's a girl. And a boy's clothing won't fit.

At that we one time knew a girl who started out broke, and in two years time had indigestion, a gold tooth, and a boy friend with a second hand car and a mouth like a parade ground and two dentists drilling.

A girl baby born in Auburn, Nebraska last week was allowed to cry in the transmitter so that a rich uncle in San Francisco could fulfill a promise to reward with a snug sum, but our girl has no rich uncle. And we don't have to hold her up to the transmitter because she can be heard all over the block.

Several have been present since the event, and more were present at the naming. After a discussion lasting six hours, we poked our head in to suggest something romantic like Hiawatha or Minehaha, or Pocahontas.

It was a flat failure.

Then we thought of the first lady of the land and suggested Polly, Sue, Davilla, Safronia, Majorusia after a favorite aunt, Calista after our mother, Japonica, after an old colored mammy we used to know and nothing seemed to 'take'.

Cleopatra of ancient Egypt failed to ring the bell. It looked like a lost cause. Next we thought of Smidge, Snooky, Sister, and some more common stuff.

The matter was finally settled at 2 a. m.

Her name is officially given as Ira Jean. Named after one of her uncles and the GW's old sweetheart who narrowly escaped thirty years ago.

Yesterday afternoon we heard coming over the radio, the strains of the song "Mighty Lak a Rose" which tells of angels hovering about a drowsy head-of-a glimpse of heaven which may be seen in a baby's eyes.

The song will never rank in poetry, but there is something of the eternal in it. Ever since Mary gazed into the face of her Infant Child, and even long before, everyone has felt nearer to heaven and "in the presence of angels" as they looked upon the peaceful sleep of a little babe.

The man who wrote "Mighty Lak a Rose" is dead, and his little babe who inspired its lines has grown to manhood and married. Last week he died, with his head in the lap of his own five-year-old daughter, who washed the death dew from his forehead with her own childish tears as he lay dying by a Georgia roadside. His futile effort to rescue her mother from a burning auto had cost him his life. Although the little child was saved to live an orphan.

Some day she too may stand beside a crib and sing those lines written by her grandfather, to her own flesh and blood, and there will be a plaintive note and a tragic longing in her heart as she too looks upon one who is "Mighty Lak a Rose."

The simplest things in life are often the most mysterious and profound. The mystery of love; the emotions that throb with the heart as one meditates upon the child of one's own flesh and blood, so aptly expressed in this old song—those things which we term sentimental—are after all our greatest mysteries and are the things which in the long run mould our lives and give us our better impulses. They belong not to time but to eternity, therefore the song will never grow old, and every time it is sung, will find an echo in the hearts of those who although unable to express it, have felt the same emotion sweep their souls as they looked upon the one who to them is "Mighty Lak a Rose."

We are facing the candidates and the candid.

The meek shall inherit the mirth—perhaps.

After spending quite a bit of money with clodhopper radio repair fellows, and some more good money with extra attachments that we hear advertised over the radio at a dollar each, without getting any results, we got back home for hope and relief.

Edwin Eanes fixed the blamed thing in no time at all and now we are getting a whole lot of stations through the day time. They come in clear again like they did when the machine was new. Try this fellow and get all the joy out of the radio that you are entitled to get. His charges are reasonable and we ought to keep him here. He knows his stuff, is a home boy—and will give us all a square deal. You can get him by calling phone number 36, or call at Goldston brothers jewelry store.

There are two great kingdoms revealed in the Bible, the Kingdom of God and the kingdom of Satan. Everyone is working for one or the other of these two powers. We can not serve both or neither. Your ability and influence will be for or against Christ. Satan's reward is death, Christ's is life.

THE SLAVERY OF SIN. Matt. 24: 45-51; John 8:31-36.

This lesson teaches us that our Lord requires us to fulfill our obligations of life, soberly and seriously. The human family is bondage, the bondage of sin, and we should understand the meaning of liberty from sin. Christians are God's witnesses to the fact, that all may have this freedom only in Christ Jesus.

Christians should have confidence and faith in the Shepherd. The good shepherd is ever on the watch to protect his flock and to die for it if need be. Christ has promised to do as much for his sheep, and did die to save them.

Divine presence and protection is promised to every child of God. When Christ was about ready to return to the Father, he promised His disciples, that he would be with them always. When we come down to the banks of the river of death he promises to be there to assist us, to safety and life beyond.

One of the greatest desires of the human family is to see God. Christ tells us that the "pure in heart" "shall" see Him. The pure in heart are those who think and meditate upon God and his commands and are doing His will every day. The impure or disobedient will not see God. Be pure in heart.

Is Your Gasoline Tax Money BUILDING GOOD ROADS OR ENRICHING RACKETEERS?

You pay a tax on every gallon of gasoline you buy. Your state levies this tax to pay for building good roads.

But your state is not getting all the money paid as a gasoline tax. RACKETEERS ARE TAKING AN ALARMING AMOUNT OF IT! They are selling bootlegged gasoline on which they pay the state no tax—but they make motorists pay all or a part of the tax. The racketeer keeps this tax money himself!

You get your tax back in the form of good roads when the state collects the tax. You get nothing when racketeers get your money. And remember—if your state got all the money paid as tax, it could well afford to lower its gasoline tax!

If you want your money to go into road building instead of into the racketeers' pockets, make sure the gasoline you buy is not bootlegged. Buy gasoline made by a reliable, law-abiding company and sold under a dependable, well-known brand name, and be certain that your tax money goes to your state and not to the racketeers. That's the only way to beat the racketeers.

CONOCO Gasoline is a branded gasoline you can buy with safety at the sign of the CONOCO Red Triangle.

**HE DISCHARGED SOLDIER'S RESOLUTION**

This piece of poetry was handed in by Amos Rose of Hunt, who served thirteen months in the World War with the 30th Division, and was wounded in battle. Rose copied the poem on a Y. M. C. A. letter-head while at Newport News, Va., after his return to the United States in 1919.

I am going to the land of snow  
Where I cannot hear the bugle  
blow;  
No reveille and no retreat,  
No lining up when you go to eat.  
The weather up there is very cold;  
But there will be no calling roll;  
No more fines when you cannot work,  
No more mails opened by the company's clerk.

No more drilling in the hobnail shoes,  
No more lining up in columns of two's  
No more Nou Coms yelling, fall in  
And march you around until you are all in.

Captains and lieutenants are all very good,  
But sometimes they put you to chopping wood,  
The Top Sergeant, he's the man  
Who put you in the guard house  
and don't give a damn,  
No more rice, prunes and beans,  
No more coffee minus sugar and cream,  
No more cooks that wont feed double.

I will eat all I want without any trouble.  
But don't mistake my meaning men,  
Because I am coming back again;  
In my next verse I will tell you when  
I will join the army again.

When the war is over, the world is free,  
The Kaiser dies and wills Germany to me,  
The Atlantic Ocean becomes dry as land,  
The fish and whales swim through  
No Man's Land,  
The Pacific ocean turns to Holland  
Gin,  
Then maybe I will join the army again.

When I am dead and in my grave,  
No military training will I crave,  
And on my tombstone I want wrote,  
"Military Training Sure Got My Goat."

**CHILDREN CRY FOR IT**

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads. When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging. Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

### My Idea of a True Sportsman

My idea of a true sportsman is anyone who can laugh at a failure and start over again, not on who fails and never tries again. A true sportsman will not say, "well they beat me, I'll quit." He will keep trying until he can say he won.

A real sport never brags if he wins. He should be glad he could win yet not be conceited over it. He should recognize the strength and power of his opponent. Probably his opponent is as strong and as skillful as he himself.

A true sportsman should never get angry if he loses. If defeated, he will acknowledge his defeat. If he allows his temper to get out of control he ruins his character.

A true sportsman can win without crowing over his opponent and lose without growling and fighting about it.

—Ruth Davis

### There are smiles that make us happy.

There are smiles that make us blue  
There are smiles that steal away the teardrops,  
As the sunbeams steal away the dew.  
There are smiles that have a tender meaning  
That the eyes of love alone may see,  
But the smiles that fill my life with sunshine,  
Are the smiles I got in Lelia School.

### The Rebuilders Club

The Rebuilders club met at their regular hour Thursday of last week. The house was called to order by the president and as there was no business, the program was rendered.

The program was about the works of Poe.

We learned many things about Poe that were not known before. His life told by Harrold McDaniel was enjoyed most of all.

The club adjourned to meet again Thursday, Feb. 11, 1932.

### Basketball Report

The Lelia Lake basketball girls went to Clarendon Thursday, Jan. 28th and played a game with the College girls. We enjoyed the game very much although they beat us "very much".

We have our goal fixed up, which had blown down and our forwards that were sick Thursday are now back in school. We can now practice before we play again. "Look out Clarendon!"

### Junior Basketball Tournament

The Junior basketball boys of Lelia Lake motored to Healey Fri. afternoon and entered the tournament there.

The absence of some of the teams caused Lelia Lake to play Giles in the semi-finals.

The boy of Lelia Lake started the game by slipping the ball through the goal. They were going well until about the end of the first half. The Giles team now began to take the lead. They kept the lead until the final whistle gave the victory to Giles.

The Lelia Lake boys were handicapped by the absence of their captain Morris Finch. Their passing was not up to standard. The game however, was very interesting with Floyd and Cruse making some good plays during the game.

The score was 8-16 a pronounced victory for Giles.

—James Reynolds

Some of the grades in school thought it would be nice for each class to have a class song. Last week Harold McDaniel wrote a

school song. This week Effie Dean Bullard is trying her hand at writing a song for the Senior class. Now can you beat this for a Senior class song?

### School Days

When we come to the end of our glad school days  
And we sit alone with our thoughts  
And we live again our youthful days  
With the joys that the days have brought;

Do we think what the end of our gay school days  
Can mean to each one as we part?  
For the last of our school days is gay

Yet we know that from friends we must part.

Well, this is the end of our high school days,  
Near the end of a journey too;  
But it leaves many thoughts of old Lelia Hi.

And thoughts that are kind and true.

For memories have painted our glad school days  
In colors that never fade,  
And we find at the end of our school days,  
The memories of friends we have made.

Rare Photo Shows Reunion of Civil War Generals in 1869

WHITE SULPHUR SPRINGS, W. VA.—This rare and remarkable old photo taken 62 years ago was recently brought to light by an aged confederate veteran, James Blair of Richmond, Va. It shows the famous Generals of the Union and the Confederate armies, bitter rivals in the American Civil War, grouped together in an amicable reunion at White Sulphur Springs, West Virginia, in August, 1869, only four years after the close of the war. Robert E. Lee, Commanding General of the Confederate armies, is seated second from the reader's left. Standing fourth from the left, behind Lee, is General Lew Wallace who commanded the Union army at Shiloh, the first big battle of the Civil War. At Gen-

Once Over

The great American Inclination is to look things over. Nothing is either good or bad to the open-minded, until it has received that quick, interested appraisal which we have deftly named the "once over."

We are continually looking over new political leaders and ideas, new acquaintances, new faces, new actors and writers. And by the same token we are constantly called upon to pass judgment on a great variety of merchandise—from soap to sedans—which is presented to us through the advertisements in the newspapers.

People who follow the advertisements in the Leader know that through them they can find out more about articles, values, and the wise spending of their money than they could discover in any other way. New products, new improvements in merchandise, new uses for established articles, are constantly being brought before them.

Advertising makes it possible for you to get exactly what you want, to get full value for every penny, and to be sure of receiving the greatest possible satisfaction from everything you buy.

Read the advertisements in this paper regularly, and get the important news they bring you in every issue!

**Donley County Citizens:**

For your information, I will say that I am a candidate for COUNTY JUDGE, at this year's Election. My announcement will appear in the County Papers at a later date. The County is having a thorough Audit made covering the three year period, up to the 1st day of January this year. We will then be able to tell and show the people just how the affairs of the County have been conducted. And I for one will take pleasure in showing and explaining to any citizen, anything about the affairs that he may wish to know and I hope that every citizen so desiring will avail themselves of the opportunity which will be my pleasure. You have paid for service and I certainly want you to have it. We will have enough money to weather the county through this year on a cash basis, if the proper rigid economy is used through out all the departments. And to that end I certainly will use my utmost efforts in your behalf.

And for my part I am in favor of having our Audit published in all papers in Donley County, for the information of our citizens.

**Camp Fire Girls to Further Washington Drive**

Your local Washington Bi-Centennial Committee has been appointed to plan and arrange for the co-operation of Clarendon and Donley county in the nation-wide celebration commemorating the birth of George Washington. In these days of unrest, dissatisfaction and consequent radicalism, it is important that we remember and re-establish ourselves upon those principles that inspired Washington and our patriot forefathers.

Your Committee calls upon the citizenship of Clarendon and Donley county to join in our program with enthusiasm and patriotism and to give us your support.

George Washington Bi-Centennial Buttons will be on sale at ten cents each during Saturday, and on each succeeding Saturday until Feb. 22. These buttons bear the portrait of the Father of our country. By wearing it, you not only help in financing the program, but also you will show to the world that you subscribe to the lofty principles of true Americanism.

The Camp Fire Girls have consented to conduct the sale. The proceeds of the sale will be used in defraying the necessary expenses of the celebration, such as securing motion pictures, providing prizes for contests, etc.

When you are 'agg'd by a Camp Fire Girl, get out your ten cents, put on the button, and WEAR IT. BUY A LUTTON.

**Antelopes Best Mustangs Thursday Afternoon**

By Emma Sue Graham  
The Claude Mustangs met the Antelopes at Antelope Park Thursday afternoon at which time the Mustangs were downed by a score of 11-10.

The Mustangs went into the game with the pep and the fighting spirit which they demonstrated in the first half of the game by a score of 9-3. The third quarter, their luck began to change and at the end they were only three points in the lead. When the whistle blew for the fourth quarter the Antelopes were warmed up and in there fighting. When those foul goals were made it left the Mustangs only one point ahead. The team got hot quick and down came Poovey with one of those unusual plays, h-makes quite often to cheer and thrill the fan, but this one had a two-fold purpose because it spelled victory for our Antelopes as well.

The Antelopes and Roes, the junior team, played in the tournament held at Groom last Friday and Saturday.

The Roes were somewhat handicapped that only elementary students were allowed to play. This ruled out two of the main players, with these difficulties to start with they went into the game with that fighting spirit, however losing out to a better team, Conway in the first round.

Due to the fact that all of the teams who signed up to play in the tournament did not arrive some necessary changes were made, and reeds place and played Conway. The Antelopes did not get off right for some reason. They did not get anything in the first half, but let Conway pile up a score of 10-0. After the first half the Antelopes

got warmed up and did some hot playing, bringing in eight points in the third quarter. It seems that their pep was as easily lost as gained due to the fact that they did not make a single score the last quarter. The final score 10-8 in favor of Conway.

**Wrestling Bout to Bring Panhandle's Best**

During their career, Roy Welch, well known wrestler and Clarendon favorite, has won one match off Rob Roy, another Panhandle champion. Rob Roy has won one off Welch. As the matter now stands, these huskies will decide the championship here Friday evening, February 12th.
