H. TYREE BURIED BY ODD FELLOWS THIS AFTERNOON

Lifeless Body is Discovered By Granddaughter Tuesday Afternoon

The many friends of the deceased and his family were shocked and grieved to learn that Harvey J. Tyree had passed away at his home Tuesday afternoon some time between three and four o'clock.

His death was due to the accidental discharge of a 38 calibre pistol which he had been cleaning. Four of the five shells were lying on the table and one empty shell remained in the pistol. The bullet fired from the pistol struck its victim squarely in the right eye, and death was probably instantaneous from the evidence left to tell the sad story.

The unfortunate man was at home by himself at the time, Mrs. Tyree having gone to the home of Mrs. M. E. Thornton where the Friendship Club, of which she is a member, was in session.

A granddaughter, Ruby Dell Scoggins, made the gruesome discovery, and hastened to the home of her uncle, Carl Tyree, to carry the sad news of her grandfather's passing.

News quickly spread and Mrs. Tyree was accompanied home by Mrs. C. R. Skinner who made a hasty examination that determined the cause of death.

Judge Leon O. Lewis, justice of the peace, conducted an inquest, the results of which pronounced the death of Mr. Tyree being due to an accident.

Rev. Robert S. McKee, pastor of the Presbyterian church, is conducting the burial services at the home this (Thursday) afternoon at 2:30. The Odd Fellows will have charge of the services at the grave and interment will be made in the Odd Fellow cemetery.

Those attending the casket are D. W. and Roy Clappitt, W. D. Van Eaton, C. R. Skinner, J. W. Morrison and Lee Holland.

Mr. Tyree was of a quiet unassuming disposition, kind and courteous to all with whom he came in contact. During his residence of 28 years in Clarendon, naught was said against his good name. His honesty was unquestioned and his word was as good as bond.

Harvey J. Tyree was born on April 24, 1867 at Vienna, Missouri. He was reared in a Methodist home having received infant baptism in a service of that church.

His family moved to Carthage Missouri where he grew to manhood, and it was there that he married Miss Mattie Coffee on April 16, 1883.

To this union three daughters and four sons were born. The daughters are: Mrs. J. C. Lewellen Brownfield; Miss Neva Tyree of Clarendon; Mrs. O. A. Scoggins of Clarendon. The sons: Walter Tyree Oatsville, Kans.; Will Tyree, Phoenix, Arizona; Murle Tyree, Rosewood, Texas; Carl Tyree, Clarendon. He is also survived by Mrs. Tyree.

Mr. Tyree's father was a lawyer, and he himself was educated for a legal profession and practiced in Carthage for seventeen years. He also served his people as justice of the peace there four years.

He moved to Clarendon in 1904 where the family home has been for the past twenty-eight years.

Three sisters survive, and these are Mrs. Tom Felker, Vienna, Mo.; Mrs. Clay Felker, Joplin, Mo.; Miss Maude Tyree, Vienna, Mo. His only brother is Dr. Fred Tyree of Wayne, Kansas.

R. E. Mann Home Consumed By Fire Sunday

Fire of undetermined origin destroyed the home of the R. E. Mann family southwest of Hedley about 5 p. m. Sunday.

This home was among the best in that section located on a prominence giving one a view of the surrounding country. The family has resided in that section for a long number of years and are numbered among the leading families of the county.

District Court Sessions Are Dismal Affair

So little crime has been committed in Donley county during the winter, that the present term of District Court has been a slow, tiresome affair so far as the court attaches are concerned.

Judge Fires took a recess Wednesday until next Monday and the Grand Jury recessed Wednesday until the 13th of April.

The case of the Realty Trust Co. vs Mrs. Sally Haley came up for trial Monday A personal judgment on the paving notes was given to the plaintiff. She claimed her home as her homestead which she has occupied to the exclusion of all others for several years, according to the evidence introduced at the trial. No lien was obtained against her home.

ANNUAL SENIOR PLAY OF SCHOOL THIS EVENING

Senior High School Class To Present "Oh Susan" At Auditorium

It's all set. Love and thrills a plenty. The young folks are going to stage their annual play beginning at 7:45 this evening at the College auditorium. This is the annual play of the senior class of the high school.

"Oh Susan" is the drama to be presented. The cast is as follows: Danvers Meredith, a wealthy young bachelor, Charles Walker, Janet Dalton, a society girl, Lois Wallace.

Mrs. Weatherby, Meredith's aunt, Lola Barnes.

Edith and Rose, two society girls, Loma Ayers and Isla Smith. Mame, a thief, Ruth Cauthen.

Lefty, her brother, also a thief, Lu McClellan.

"The old Soak" her father, Harold Hams.

Jason, the butler, Kenneth Brown.

Mrs. Hawkes, the housekeeper, Afton Lusk.

Mrs. Weatherby has schemed to have her nephew marry the popular society girl, Janet Dalton, and Mr. Meredith refuses to be coerced.

Miss Dalton, in resentment at his scorn, vows to capture him, by hook or crook. In a very laughable series of situations, she carries out her purpose.

Mrs. J. R. Dale is Buried Here Saturday

Mrs. Mattie A. Dale, wife of J. R. Dale of the Goldston community passed away at the family home Friday afternoon. Services were conducted by Rev. Morgan, pastor of the Christian church at Memphis, at the local Christian church Saturday afternoon, and interment made in Citizens cemetery.

Those attending the casket were H. M. Stewart, Dick Eichelberger, Sid Harris, J. J. Seago, Hamp Morgan.

Mrs. Dale had been ill since the second day of the month following an acute attack of influenza and attendant complications.

She was born Mattie A. Brown near Salina, Tenn. on April 13, 1871 residing in the same community until after her marriage to J. R. Dale on March 13, 1891, the family moving to Collin County, Texas near Garland in 1901, and to near Brice in Hall county in 1907 which was the family home until the purchase of the present farm home near Goldston in 1919.

She united with the Christian church at the age of twelve and remained a faithful christian until death. Daily prayer and Bible reading were daily devotions.

Besides her husband, she leaves to mourn her death, three daughters and one son. The daughters are Mrs. Major Hudson of Clarendon, Mrs. Nina Cross and Mrs. Lizzie Aduddle of near Brice, and a son, Sam Dale of the Goldston community.

Nail Picking Machine Gets Results on Streets

Surprising results were obtained Saturday when the highway nail picker was operated over the principal streets of Clarendon on the designated highway route.

Something more than a hundred pounds of tire destroying nails, bolts and other evils were collected off five blocks of streets.

On Highway 88 from town north to the S. A. Pierce farm, the picker collected 415 pounds of damaging evidence that plays havoc with auto tires. On Highway 5 from the end of the pavement to Goodnight, 2325 pounds of metal in various forms was picked up.

The machine was being operated under the direction of N. M. Lawler, highway foreman of this district.

Mrs. R. H. Carver returned home Sunday after a visit of two weeks with relatives at Buffalo, Okla.

Mr. and Mrs. L. D. Perry of Amarillo visited his mother and sister here Sunday.

COMMISSIONERS HEAR CITIZENS ON HIGHWAY MON.

County Board Puts Matter Up to Citizens Regarding Highway Expense

In a highway meeting held at the courthouse Monday afternoon in which the Board of County Commissioners sought to find out the wishes of the taxpayers relative to buying rightofway, several interesting facts were brought out.

It had been generally understood that the Highway Commission would supply the means for grade and drainage on their approved survey south of the Denver track across the county if this county would give them a deed to the land for such right-of-way.

This idea was exploded by a frank statement by District Engineer W. J. Van London who, in a business-like manner, frankly told the citizen body and Commissioners that the county would have to pay for a third of the expense of the cost of constructing the grade and drainage on the new highway work.

Mr. Van London further stated that bonds might be voted, or warrants issued, for the county's share of the expense, and such payments made when funds accumulated. He further stated that the County Commissioners would be required to sign a contract to this effect before work would begin on any part of the highway work.

Talks were made by Sam Braswell Sr., Homer Mulkey, Odos Caraway, J. A. Ringwall and others of Clarendon favoring the acceptance of the state's offer. D. M. Cook and A. B. Bynum of Lelia Lake also spoke as favoring the acceptance of the offer of the Highway Department.

O. H. Brewer spoke against involving the county interests in any form of bond or warrant issue thus adding further to the burdens of the tax payers. J. C. Estlack also protested against any action that would increase taxes at this time. Both men favored better highways, but stated that our citizens at this time are not in a financial condition to meet the added expense.

The right-of-way is estimated to cost upwards of \$30,000. Mr. Van London estimates the cost of the grade and drainage system to cost upwards of \$150,000. Donley county will thus be asked to expend \$50,000 on the third portion of the grade and drainage and approximately \$30,000 on the right-of-way or a total of \$80,000.

The opinion of the Board of County Commissioners is couched in the following terms as appearing on the minutes of the meeting:

"The court having discussed the matter fully, and having been advised in many ways of the advantages of taking up this matter at this time, to-wit: The Highway Commission of Texas, through its engineer, W. J. Van London, submitted to the court, that if Donley county would buy the right-of-way through the county on the survey as approved by the Highway Commission, that said State Highway Commission, would proceed to do what they call first unit work, same being grade and drainage at the State's expense."

"Therefore, the Court believes that the best interest of the county and those interested can be best served by leaving further action in this matter up to the people of the county."

It is reported that members of the Clarendon Chamber of Commerce will at once begin the circulation of petitions asking the County Commissioners to order an election for the purpose of determining if the citizens approve of the plans for the necessary expenditure of funds to secure the highway grade and drainage as outlined in this article.

Mrs. O. L. Fink returned Sunday from a visit with her daughter, Mrs. Edgar Brittain and husband at Ironton, Texas. She states that the freeze killed the tomato crop.

GAS RATE CASE OF HEDLEY COMES UP FOR HEARING

Chief of Gas Division May Preside at Hearing That Is Scheduled Here

The Hedley gas rate controversy awaiting a hearing before the gas division of the Railroad Commission will come up for a hearing at the courthouse Monday, April 4th. It is understood that Ex-Governor Neff will preside at the hearing.

Some months ago, the City Dads of Hedley last September passed an ordinance reducing the gas rate from 72 cents to 50 cents. The gas company filed a bond and protest with the Railroad Commission.

Judge W. T. Link of Clarendon is representing the citizens of Hedley in the hearing, and has had charge of the legal phases of the case since its inception.

At a hearing before the Commission at Austin Tuesday, Mayor E. O. Thompson of Amarillo representing the city of McLean, won the Commissions' approval for a gas rate reduction of their rate from 50 cents to 30 cents per thousand.

Should the citizens of Hedley win this case, they will be entitled to receive a refund on their gas bills for the excess charge from the date the ordinance was passed.

TWO CHAMPIONS SPEAKING CONTEST HEARD BY ROTARY

Young Ladies Speaking Are Winners in Declamation Contest Local School

In the elimination contest for declaimers at Junior High during the week, Eugenia Noland received first honors in a senior class of eleven. Her willingness to recite for the edification of Rotarians at their weekly luncheon Friday was a pleasant experience.

Mary Travis Dyer, winner in the junior class of seven of the Junior High school rehearsed her declamation at the same hour. Her subject of "Sam Houston" was both interesting and well delivered.

These young ladies were given much praise by the Rotarians for the excellent manner with which they acquitted themselves, for having received first honors of their respective classes, and were cordially invited to speak to the Club again.

Robert S. Cope as chairman of the program committee reported that the Pampa Rotarians would be down the night of April first to put on a program. Local Rotarians were instructed to bring their wives and sweethearts on this occasion as the meeting will be held in the evening instead of the noon hour to convenience the visitors.

R. E. Drennon called attention to the need for prizes for Washington essay winners of the public school pupils, and prizes for the winning school competing here on February 22nd. He was appointed to take charge of the matter and see that such prizes were given by the approval of his judgement.

Secretary W. C. Alexander announced that the road signs had been completed and asked for further instruction. President J. C. Estlack appointed a committee of C. C. Powell, R. E. Drennon and Dr. O. L. Enkins to complete the transaction.

The President also appointed R. S. Cope as a representative from the Rotary club to confer with other clubs and assist in arranging a program for the proper observance of Music Week, which is the first week in May. The entire nation will observe this special week and Donley county will share in the national program.

Adjournment was had in customary form.

Mrs. Marion Cox and daughter, Lola Pearl, of Panhandle spent the week in Clarendon with her parents, Mr. and Mrs. A. H. Baker.

Just Nonsense.

Since we must replace by the tax method all money that is being paid out by the government for bolstering business at this time, we expect to see some more financial puzzles a little later on. We could hardly expect to tax ourselves rich.

Candid Candidate.

Max Wallis, candidate for coroner in Walker county, Georgia as reported in the Dalton News, straddles no political fences when he publishes the following:

"As every man has a right to boost his business, I advocate narrow roads; sharp curves, deep ruts more speed and meaner whiskey; as I am running for the office of coroner and expect to be elected, I am in favor of these things to promote my business."

Russian Exhibit.

The Leader, and practically every other weekly in the state, has received a request from Tiflis, a town down in the Soviet republic of Georgia asking that we send them a lot of thunder for an exhibit.

We are not interested in Russia. We are willing to send anything within the bounds of reason to hospitals and schools in Texas when requested, but those fellows need razors and soap more than they do newspaper exhibits from Texas.

Boastful.

Down in Brownfield, Jack Stricklin of the Herald boldly asserts that his town has four excellent barbers in one shop, which he is pleased to enumerate along with the many other advantages which his town has to offer the outsider.

If his statements relative to the mechanics are true, and we believe him implicitly, he should refer to their place of mechanical operation as a tonsorial anomalousorium rather than a barber shop. There is too much skill and not enough variety of talent even if their names are Bigguns, Shag, Shorty and Narrow. Any of 'em bald-headed, Jack?

Salary Cut Bill.

Senator Tom Connally is willing that his salary be cut to help meet the staggering deficit of Three Billion dollars incurred by the government the past two years.

He also suggests salary reduction for all government employees of every nature where such salary is not provided for by law.

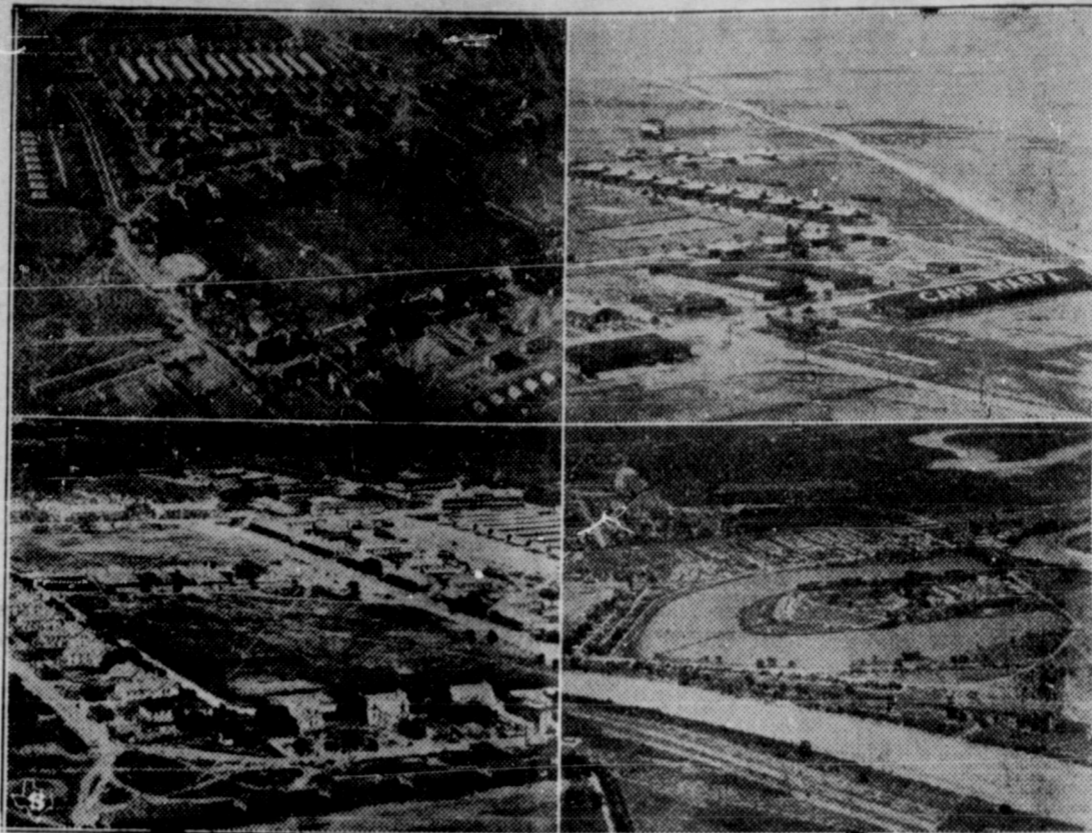

It requires three million dollars a day at present to pay the salaries of the municipal federal employees. According to statistics, one out of every ten inhabitants of the nation draws pay from the government, the total of Uncle Sam's payroll being Four Billion annually, more than he is taking in at this time.

Golly-Whopper.

Here is a story reported by a Dakota paper which does not vouch for the accuracy, but finds it an interesting story:

A Dakota farmer made a deal for an adjoining farm for which he was to pay \$19,000 in cash. The deal was to be closed at the bank in a nearby town next day. At the appointed time, the old man and his wife came into the bank wagging a cream can which was carried to the rear. The can was opened and the currency counted out totaling only \$17,000. Again the count totaled the same amount which was two thousand short of

Four Texas Army Posts May Not Be Closed

Here are the four Texas Army posts which the Federal War department ordered closed this spring, but which through the efforts of Texas Senator Tom Connally and Texas Representative R. E. Thomson will remain in use at least until January 1, 1933. Upper left shows Fort McIntosh at Laredo; upper right is Fort D. A. Russell at Marfa; lower left is Fort Clark at Bracketville; lower right is Fort Brown at Brownsville. Protest from these cities that protection was needed along the Mexican border and that the towns would lose revenue of the posts were the reasons for not abandoning the forts. The cities hope to succeed in having the abandonment order permanently set aside.

a part of our existence. Until now when the Linberg baby has been stolen, we were indifferent to the fact that several such crimes have happened right here in Texas the past year, and over two thousand in the United States during the same time.

The Lindberg case should convince us that the boasted "Yankee ingenuity" is but another of our famous national jokes. We are confronted with the fact that the whole nation is helplessly at the mercy of gangs and gangsters, and that police protection in the more densely populated sections is but another joke.

Suicidal Satisfaction.

Last week the financial world of Europe was rocked by the suicide of the multi-millionaire match manufacturer. A few days later his chief aid and co-partner went the same way--by suicide.

Coming back to America, the lamented Geo. Eastman of kodak fame tired of life and chose the pistol route rather than permit himself to 'e governed by nature's laws.

The rich and famous find life not worth the living sometimes. Money cannot always buy happiness, neither can it always cause the mind to become content.

A few days ago the scion of one of Texas' oldest families found that a sinful existence did not pay, and ended a checkered career by the pistol route.

Born of wealthy parents, he is said to have squandered over seven hundred thousand dollars and yet was unhappy. He served nearly six years in a federal prison paying society a debt for becoming mixed up in a bank failure. He is said to have robbed depositors and found it did not pay.

Many years ago standing beside the Seine river in France, another man wanted to die. He tried to cast himself into the river but an unseen hand prevented in two attempts. He placed a gun to his temple next day and the same unseen hand prevented. Three times he tried to work up courage to drink poison, and this same unseen hand held his actions in check. Seven times he made an effort at self-destruction--and failed.

That man was William Cowper. In later years he wrote the famous hymn that has brought solace to millions: "There is a fountain filled with blood

Drawn from Immanuel's veins And sinners plunge beneath the flood Lose all their guilty stains.

The dying thief rejoiced to see That fountain in his day, And there may I, tho vile as he, Wash all my sins away.

Cowper found the secret of happiness in serving humanity. This would-be-suicide gave to the christian world that neither philanthropy or money can save--a testimonial of the saving grace of God that will live for ages.

Joe Holland Announces For City Commissioner

The Leader is authorized to carry the announcement of Joe A. Holland as a candidate for a place on the Board of city commissioners.

Mr. Holland has been a resident of Donley county since 1912. Eighteen years of that time has been spent in Clarendon with the exception of time spent in army service, and some time spent in the employ of utility companies outside the county.

He has been interested in the Holland brothers filling station with his brother Lee Holland for the past five and a half years.

He enters the race upon the solicitation of a number of friends who believe that he can be of service to our citizens in the capacity of a commissioner. Since he has entered the race, he will appreciate the consideration of the voters April 11th.

Miss Mary Hazel Hurn, instructor in the Post City school, visited with home folks over the weekend.

Miss Eloise Norman of Memphis was a house guest of Mrs. J. E. Teer over the week end.

We take this method of expressing our sincere thanks to the friends and neighbors who assisted us in any way during the illness and death of our dear wife and mother. Especially do we thank the ladies of the Rebekah lodge for the special consideration shown our loved one.

Correct Lighting Will Save Your Eyes and Add to Your Enjoyment

THERE'S nothing quite so cozy—these long winter evenings—as a good book, a restful chair, comfortable slippers and the old briar pipe. The finishing touch, to make the evening at home a rare treat and to add to the enjoyment of your reading, is good light.

Good lighting, more than anything else, will make your reading a genuine pleasure. The print will stand out plainly and your eyes will follow the text untiringly. This absence of strain will double your enjoyment.

Lighting fixtures combining beauty and efficiency are so inexpensive—and the cost of adequate light so insignificant—that truly it's wise economy to use plenty of light. A courteous representative will be happy to inspect your home-lighting arrangements, and suggest beneficial changes if they're necessary. There's no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

Some men wear kewpie bunches of whiskers so they won't be mistaken for a woman.

The farmer arrested on Golly Hollow Saturday can't find out whether he planted too much cotton, or just planted it too blamed early.

The College Hill widow says that the reason some people think men are more modest than women, is because they don't know the difference between modesty and shame.

According to Col. Jess Pool, his neighbor was taken to a hospital where his adenoids, appendix, tonsils and teeth were removed. Failing to improve, he was brought home to die and accidentally discovered that a nail in his shoe was causing all the trouble.

Some of our east Texas farmers "grow nuts" while others "go nuts."

A young lady wants to know if a leidermatous lady will enjoy the hosiery style in vogue this season more than the ordinary woman. That long word don't mean a thing except that she has a skin like a Mexican hairless dog, only it may be a lighter color.

Some are choicy, while a lot of them are Piggly Wiggly kissers—the kind where you help yourself.

With all the clubs and other organizations in Clarendon, some one will be saying that we can't pay our taxes because we have to pay our dues.

Everybody in favor of moving the town down to Unit One just as soon as the paving is started, say "I."

What is the name of that bum who bummed the depot agent for the price of bus fare to Amarillo? He had his gall anyway.

Mr. and Mrs. M. C. Rampey were in to see us a few days ago. Of course we enjoyed their visit and want them to come back, but they brought Billie Laverne, their crippled daughter of 12 years along too that she might see something about how the paper is made each week.

Billie Laverne's first name is that of her grandfather, or her mother's father. She fell a victim to infantile paralysis at the age of five and was a hopeless cripple for several years. When other children played, she could only look on and wish, and she must have wished hard for a girl of her energy could not have done otherwise.

You should see her now! She's a very pretty little girl, beautiful brown eyes, brown hair and wears a smile on a beautiful face despite all her former handicaps. She's an intelligent girl, has been well-trained and is very polite. There is nothing more attractive than a courteous disposition.

The Shriner hospital at Dallas has been treating her for some time. The doctors at Dallas contribute their services to the patients at the Shriner hospital there and the railroads charge cripples and one attendant each no fare either way—going or coming. Human sympathy is not a lost are by any means.

A farmer friend in today wanted to know if the government would accept collar buttons and old shoes as security for a loan, as that was about all he had to offer.

Blind Phi Beta

Blindness, greatest of all handicaps, has not prevented Miss Tina Lou Wallace, Texas university student, from being elected recently to Phi Beta Kappa, highest ranking scholastic fraternity. She is just like any other girl—studies her lessons, has dates with boys, dances gracefully and enjoys talking pictures. She has refused the honor of beauty queen of her dormitory because of her blindness. Miss Wallace takes class notes in Braille and writes her examination papers on the typewriter, being a more proficient typist than the average stenographer.

We realize we have lost one among our best friends and neighbors in our community. It can be truly said that, in the training of her family, in the church and social circle, she always did her duty nobly. Ripened in years, and fully prepared for another state of ex-

istence, she passed on to enjoy the reward of a life well spent on earth. The people of this community extend their deepest sympathy to her bereaved.

Eggs! Eggs! Eggs!

Our egg campaign closes April 2nd. A large number have taken advantage of this offer, a still larger number have looked at the figures on their wrappers, or the figures following the name on the paper, and have come in or sent a check or the cold cash and paid up.

This egg campaign has been a loss to us. The egg producers have been forced to take a loss on a number of things, and we took our loss along with the friends of the Leader. We believe in helping our friends and neighbors. 8 dozen gets the Leader a full year.

YOU'LL NEED THE LEADER MORE THAN EVER

Every citizen who takes an interest in the affairs affecting the best interests of the people of Donley county will want to see what the Leader has to say about the various issues all through the campaign.

Then there will be the old and ever-present highway problem. The Leader will fearlessly tell the folks the truth about the situation fair alike to everyone. It is the Leader's policy to use every honest endeavor to see that the real facts reach the people that they may decide the matter for themselves.

Renew now. If you are one of the very few who do not read the Leader every week, use the egg campaign privilege if you like. If you prefer, the rate is only \$1.50 for the full year. We will be mighty glad to add you to the long list of readers. But do it now, please.

The Rebuilders Club

The Rebuilders Club held a regular meeting, March 17, 1932. The house was called to order by the president. The minutes of last meeting were read and approved, after corrections had been made. Every one answered the roll call with something about American history. Harold McDaniel told about the battle of Bunker Hill. Guy Moore told about the invention of the cotton gin. The Economic Revolution was given by Ruth Davis. Elbert Bain gave the American Revolution. The class sang "Columbia the Gem of the Ocean," as the closing number of the program. Everyone enjoyed the program. —Ruth Davis.

"A Good Little Sportsman"

We have been having the preliminaries in tennis this week, and as everyone knows in such an event there is some work to be done in chasing the balls. We have a boy in school who has done this work not grudgingly but gladly. This boy, Millard Cruze, is not one of the players, but he has been a real sport as a helper and an interested observer. Anyone who helps when there is nothing to be gained but a "thank you", and perhaps, not even that, is a helper in the true sense of the word. We certainly hope Millard may make good in the games we know he will play in the future. He is too interested and active to fail to take part in all games for which he is eligible. —O:—

Eighth Grade Party

Mr. James Reynolds entertained the Eighth grade with a class party Friday night, March 18. Many interesting games were enjoyed by all until a late hour. Those enjoying the affair were: Misses Aledamae Richardson, Geneva Robertson, Dova Mae Koen, Juanita and Rubye Jones, Margetta Cruze, and Anna Belle Creamer. Messrs. James Bullard, Harold McDaniel, Morris Finch, Noble Eddins, C. A. Thomasson, Guy and R. L. Moore, Delbert and Basil Richardson, Billie and J. T. Floyd, Lawrence Koen and the host, James Reynolds. All left reporting an enjoyable evening and hoping for another party soon. —Anna Belle Creamer.

The Interscholastic Meet

The interscholastic meet, for which the students of Lelia Lake school have been faithfully preparing, will be Friday and Saturday, March 25-26.

There were several pupils who entered tennis. The girls entering were Effie Dean Bullard, Pauline Darnell, Oleta Camp and Isabell Knox. After the tryout it was decided that Effie Dean and Pauline would play doubles and Oleta would play singles. The boys who entered were C. A. Thomasson, James Reynolds, Leroy Leathers, Philip Patten, E. J. Myers and Noble Eddins. C. A. will play singles and Noble and James will play doubles at the meet. There are several taking part in track, but we have not had the tryout yet.

The tiny tot declaimers are Mildred Floyd, Margaret ean Leathers, Anita Cook, Mary Ella Williams, Bobbie Cruse, Glyn Bastick, and Walter V. Thomasson.

The sub-junior declaimers are Melba Bullard, Christine Knox, Betty Jo Webb, Mary Jo Johnston, Billie Ruth Grimsley, Anita Cook, Thava Camp, Margaret Jean Leathers and Harold Herndon.

The junior declaimers are Lanell Lewis, Maxine Tomlinson, Pat Moore, J. S. Reynolds and G. A.

Davis.

The Senior declaimers are Anna Bell Creamer, Marie Underwood, Pauline Darnell and James Reynolds. The extemporaneous speakers are Effie Dean Bullard, Oleta Camp, and Leroy Leathers. Effie Dean and Leroy will represent our school at the county meet.

The essay entrants are Gladys Humbert, Cynthia Mae Eller and Isabell Knox.

The sub-junior spellers are Jueretta Howard and Laura Mae Gerner.

The junior spellers are Marie Howard and Aledamae Richardson. The senior spellers are Gladys Humbert and Cynthia Mae Eller.

Chapel Program

Friday afternoon in chapel we had the preliminary tryout in the tiny tots story telling. All the little people told their stories well and did not seem to be scared in any way. The three that were selected as best were Glenn Bostick, Walter V. Thomasson, and Anita Cook. There will be another tryout in which the best story teller will be selected.

After the story telling, Mr. Weatherly and Mr. Thomasson debated with Edward Morton and William Hardin to give the boys practice in their talks. The debating has helped them and they did very well for their first appearance in such work.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your whole aches and you feel down and out. Your blood system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the same Carter's Little Liver Pills on the red label. Resist a substitute. 50c at all stores. ©1931, C. M. Co.

*** CHAMBERLAIN ***

Supt. Rampy was all smiles Sunday when 65 reported for Sunday school. There were thirty-six present in the young peoples class. Some six weeks ago a contest in this class was launched, on the basis of studied lessons, new members, chapters in bible read, attendance, etc.

The contestants were designated by willing workers and busy bees. The contest closed Sunday when the former won by a very close margin. They are to be entertained by the busy bees in a social to be given in the near future.

Mrs. Orvil Rampy is teacher of this class, and Miss Dixie May is their secretary.

As a result of these two young ladies leadership, some sixty thousand chapters have been read, and an attendance and intrust in class work that any teacher should be proud of.

N. Dingler and daughter, Miss Gertrude motored to Claude Friday to partake of a birthday dinner given in honor of grandmother Nealy in the home of her son Johnie.

The young folks enjoyed a party in the Brazillie home Saturday night.

O. D. Meadows says that if this Hoover prosperity lasts much longer he is either going to have to join the geese and migrate to a different climate, or plant cane around the house, for he avers his ward robe is getting desperately thin.

Quite a few from here attended the play at Hudgins Friday night. It was reported to have been a good one.

T. J. Rampy has about recovered from an old fashioned stone

bruise. Now if you never enjoyed the luxuries of a stone bruise you certainly do not hail from the old hills of north Alabama where T. J. and the writer grew up.

In that day a boy never wore a shoe until he was well up in 'teens and he was considered a sissie if he could not stamp chestnuts out of the bur with his bare heel, or knock fire from the flint rocks with bare feet as he would bound over the hills.

It's been most half a century since T. J. indulged in that old time sport, but with the coming of spring he said I am going to be a boy again, and in spite of the protests of his good wife cast his shoes aside, rolled up his pants, and spent a whole day in the vicinity of gunboat mountain, where a stone bruise and much wisdom was obtained.

He is now saying after all probability mother knew best.

With the many pleasures of the by-gone days we recall one very sad incident, now it will be remembered that at that time a boys wardrobe consisted of a one piece suit, or a slip-on which hung loosely from his shoulders.

Early one spring morning we were sent on an errand over the hill to our nearest neighbors. As the path led by the cowlot we noticed our best girl, a lassie about our own age, milking old pidge, while the calf was securely tied to a post. Naturally we sauntered by, and taking a lean on that post we engaged our girlie in a conversation that got so interested that time was cast to the wind, and we were ready to say good day when we realized that pesky calf had chewed off all the rear of our wardrobe. Now there was only one thing to do, and that was back away, this we did keeping up a conversation as best we could under such trying circumstances.

Those were the good old days

that we do not want to live over again.

Mr. Patric Cearrey of Hudgins and Miss Pauline Foster of this community were married last week.

Mr. Zora Hudson and Mrs. Lyon of Pampa were married Wednesday and will make their home in this community. These are all fine young people, and we wish for them all the joys and pleasures of a long and useful life.

A barn on the Chamberlain estate burned Sunday afternoon, and a quantity of cotton seed, some feed and harness was buried, and a kagon belonging to H. M. Reid was lost in the fire.

Mr. Hurn was away from home and the origin of the fire is unknown.

Olen Cook moved last week to a farm near Ashtola.

Owen Hott will be sitting jake for a full week, for he had a square meal Sunday when he and family visited in the Roy Robinson home.

The Chamberlain Dramatic Club is rehearsing on "Ghost Chaser", a side splitting comedy.

ASHTOLA SCHOOL NEWS

Miss Oma Wilson, the girls coach, gave the physical Education girls a slumber party Saturday night. Every body reported a nice time.

The P. T. A. gave a program last Friday night. They gave several numbers that were enjoyed very much.

Martin school accepted the invitation of the Ashtola school to a track meet at Ashtola last Friday. The contests were for the juniors broad jump, high jump, 50 yard dash, 100 yard dash, and 440 relay

For the Seniors: broad jump, high jump, and the 50, 100, 220, and 440 yard dashes.

Martin won the meet with a score of points of 61 to 44. Turnbow was high point man for Martin.

Mr. and Mrs. Sam Rorex of Panhandle visited her parents, Mr. and Mrs. T. W. Smith, here Sunday.

Miss Mary Stocking, teacher in the Panhandle school, spent the week end at home.

BABY ill and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?
For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. A. L. Chase Announces For Re-Election

Acceding to the requests of his friends, and his interest in serving the best interests of his home town, has again induced A. L. Chase to make the race for re-election for a place on the Board of City Commissioners.

Mr. Chase has resided in Clarendon for twenty years, seven years of that time he has served on the City Board since his appointment in April of 1925. The citizens of Clarendon have seen fit to re-elect him at each succeeding election since the expiration of his appointment.

The present water works system of the city is largely due to the efforts of Mr. Chase who regards it as his hobby, and his best accomplishment while in office. This fact, and his assistance in securing a first-class fire fighting equipment has done much to lower the insurance key rate.

Corn Pile is Saved When Sand is Poured On

Returning home from the Sibley home Thursday night, Sam Tankersly discovered the corn pile belonging to Otis Naylor on fire on the Chas. Speed farm where Sam has recently moved.

The phones got busy and soon after the arrival of Sam Tankersly and A. C. Hartzog at the fire, Otis Smith, Chas. Hearn, Wes Sullivan and others of the Martin community arrived to help save the remaining contents in the fire.

Mr. Hartzog suggested as they had nothing else with which to stop the fire, that they pile sand upon the corn pile. This was done and the fire was soon extinguished. This is the first time that a fire has been fought with sand other than an auto blaze, but since it worked, Tankersly is anxious that all the folks know about the experiment.

ASHTOLA PUPIL DESCRIBES VISIT TO LEADER PLANT

Entire Journalism Class Has Opportunity to See How Leader is Made

While on a visit to the Leader office recently, each member of the Journalism class of the Ashtola High school was asked to write a description of what they saw and learned while looking over the plant and watching the Leader being made up and printed.

Fourteen pupils wrote on the subject and be it said to their credit, it was a big job for the judges to decide just which one was the better of the fourteen. After a careful reading over the two weeks, Emma Sue Graham was selected as the pupil who submitted the best description of her visit.

Editor Estlack gave us a short but helpful talk on the methods and principles used by successful reporters. From this talk we calculate that paper, pencil, and the dictionary are the chief factors. These are some of the slogans he gave us to think about:

"It is no disgrace to be ignorant, but it is to stay that way." "No calamity like ignorance."

Mr. Estlack wanted to try our class out as reporters also to show his appreciation of our visit. There fore he is giving the student who writes the best article about our trip to the office one dollar.

We all enjoyed the trip very much and we are trying to show our appreciation in return by trying to write an article.

Hudgins And Brice Baseball Teams Battle 3 to 1 Score

Playing on Brice territory Sunday, the Hudgins boys managed to slip a 3 to 1 defeat over their worthy opponents of Brice Flats. Despite a fierce sandstorm that threatened to blind both players and spectators, the boys played extra well considering their handicap.

This game was the first of the season for both teams, each having had but little practice beforehand. With a little more practice, both teams say they will be ready in full earnest to slug it out with any team.

In the game Sunday some of the main players were absent and due to this fact, a fair estimate of each team could hardly be made. Plans have been made that they play a return match this coming Sunday afternoon in the E. Bryson pasture in the Chamberlain community.
